Day Of Purpose

Observance of Veterans Day, on November In the year 1970, marks the ending of World War I more than 50 years ago.

History reveals that 50 years ago, just as 200 years ago, or even in the days of World War II, only a little more than a generation ago, there was an overwhelming dedication and belief in the United States. Patriotism was not something to be ashan-

ed of or submerged in cynicism - nor were liberty, the principles of self-government or the American economic and political system. Strong convictions commanded respect, and no on doubted our destiny as a nation. Now, as we approach another Armistice

Day - or Veterans Day - the in-thing, among many of the discontented, is to shun convictions or allegiance to any cause or principle. Pursuit of such a philosophy to its logical conclusion would be the abandonment of observation of all milestones in the history of the nation or in the history of mankind, for that mat-

County To Get Wekiva Survey

A letter has been received by the County Commission from the Department of Natural Resources indicating that a flood plane report concerning the Wekiva River has been completed by the U. S. Army Corps of Engineers. This report will be presented to the commission on Nov. 17. A study was requested by the commission in 1968. The board has been concerned wth retention of the natural environment of the Wekiva.

> Also relative to the Wekiva River, Commissioner Greg Drummond has reported that taken to ascertain the time element and to take photos of vegetation and forests to identify ecological aspects,

The county recently adopted a resolution support ing designation of the Wekiva as a canoe trail. Ten designation, and of these the Wekiva is one of the three selected this year for presentation to the State Cabinet for designation as a canoe trail. Action by the cabinet

Drummond and Commissioner Sid Vihlen Jr. were appointed as members of a committee upon study of the Wekiva, and have stated that if the river is designated as a canoe trail that it will bring advertising to the county on a nationwide scale, and that further the state will send brochures internationally. If the river is becoming designated eventually as a "wild river"
