NUMBER 46

## BIG BRIDGE CELEBRATION OPENS TONIGHT JAX'VILLE CITY IN GALA ATTIRE

Million and a Half Dollar Bridge Across St. Johns River

### BIG PARADE TODAY

THOUSANDS OF VISITORS FROM ALL PARTS OF THE STATE ARE IN THE CITY

(By The Associated Press)  
JACKSONVILLE, June 30.—All is readiness today for the opening tonight of Jacksonville's three days celebration to mark the opening of traffic of the million and half dollar bridge across the St. Johns river here. The initial feature scheduled is a mammoth parade tonight which will be reviewed by Governor Hardee and staff. Rain fell through the night and this morning but the clouds are breaking at noon. Thousands of visitors from all parts of the state are here and nearly fifty cities represented by sponsors officially appointed by the mayors. The bridge will be dedicated tomorrow afternoon. Feature during the celebration is a series of three games between St. Augustine amateur club and picked teams from local amateurs for the state amateur base ball championship.

### Permanent Tariff Bill Introduced in House Will Range 8 and 20

As Compared With 18.65 in The Payne Aldrich Bill.

(By The Associated Press)  
WASHINGTON, June 30.—The average rate of duty on administration's permanent tariff bill was introduced in the house yesterday will range between eight and twenty per cent according to unofficial estimates, as compared with 18.65 in Payne-Aldrich bill, Chairman Fordney, of the Ways and Means committee declared today. The Underwood average rate he added was 6 per cent and Dingley average 26 1/2 per cent.

### Irish Republicans Will Retaliate For Reprisals

(By The Associated Press)  
DUBLIN, June 30.—The Irish republican parliament has authorized retaliatory measures against reprisals by members of the Crown forces. Whenever a house or other property are destroyed a similar number of houses belonging to the most active enemies of Ireland may be destroyed in the same area.

### New Shipping Board Decides to Dispose of Government Fleet

(By The Associated Press)  
WASHINGTON, June 30.—The new Shipping Board decided finally to dispose of the government fleet of 237 wooden vessels it was stated today. Bids will be opened July 30.

### DEMPSEY IS THE FAVORITE

(By The Associated Press)  
NEW YORK, June 30.—Dempsey is ruled the favorite among 165 sports men out of 225 interviewed as to the probable outcome of his match with Carpentier, Saturday. Fifty-eight predicted the Frenchman would win the championship while a scattering few said they expected the bout to be even. Men declaring for Carpentier generally declined to state out and out that the Frenchman is their favorite. Their general opinion was if the bout goes five rounds Carpentier will outbox Dempsey the remainder of the contest. The great majority professed to believe Dempsey's hitting power will bring the battle to a sudden close if he lands a blow on Georges. Only a few are willing to predict that Carpentier will knock out Dempsey and these demand long odds.

### HERALD WILL HAVE THE CARPENTIER-DEMPSEY FIGHT

Remember, the Sanford Daily Herald will give the Carpentier-Dempsey fight by rounds Saturday afternoon. Watch for it.

### PROSECUTOR WANTS MORE FACTS BEFORE HE STOPS THE BIG FIGHT JULY 2

(By The Associated Press)  
JERSEY CITY, June 30.—Prosecutor Garvan told the Associated Press today unless more facts were reported to him by the International Reform Bureau he would not recommend to the grand jury tomorrow that it return an indictment sought to block the fight Saturday.

### British Cabinet Decides Upon Renewal Anglo-Japanese Treaty

(By The Associated Press)  
LONDON, June 30.—The Pall Mall Gazette and Globe says the British cabinet today decided upon a renewal of the Anglo-Japanese treaty but there was a discussion proceeding on certain modifications suggested. These have special relation to the American attitude toward the treaty and the position of Indian, the newspaper adds.

### Several Killed in Clash in Mexico, Farmers, Radicals

(By The Associated Press)  
MEXICO CITY, June 30.—Two men killed and several wounded in a clash yesterday between farmers and radicals in the state of Queretaro following alleged violation by radicals of the village church at Pueblito.

### DEVALERA SAYS IRELAND MUST GET TOGETHER

USELESS TO CONFER WITH PREMIER LLOYD GEORGE IF CRAIG IS BALKY

(By The Associated Press)  
DUBLIN, June 30.—The proposal of Premier Lloyd George for a conference in London on the Irish question between representatives of the South and North Ireland factions and the British government is impossible of acceptance in its present form. This declaration is made by Eamonn de Valera, the Irish republican leader, to Sir James Craig, the Ulster premier, in reply to Sir James' notification that he cannot meet Mr. de Valera in a preliminary conference in Dublin.

Mr. de Valera's letter is quoted by the Irish Bulletin, organ of the Daily Eireann, as follows: "I greatly regret that you cannot come to a conference in Dublin Monday. Mr. Lloyd George's proposal, because of its implications, is impossible of acceptance in its present form. Our political differences ought to be adjusted, and can, I believe, be adjusted on Irish soil. But it is obvious that in the negotiation of peace with Great Britain the Irish delegation ought not to be divided, but should act as a unit on some common principle."

All four Southern Unionists, Earl Middleton, Sir Maurice Dockrell, Sir Robert H. Woods and Andrew Jameson, have accepted Mr. de Valera's invitation for a conference at the Mansion house, Dublin, Monday, which presumably will form a prelude to a further reply by de Valera to the British prime minister.

### Virginia Youth Killed By a Ball Pitched in Game

(By The Associated Press)  
RICHMOND, Va., June 30.—William Elmore Smith, 17, was killed by a pitched ball, thrown by Roland Galvin in a game here yesterday. Smith, at bat, was struck on the head. The injury was not believed serious until after he arrived home when he became unconscious and died thirty minutes later.

A sect in western Canada thinks it wicked to learn English. In the United States it is no longer even a temptation.

### HARDING SIGNS ARMY BILL REDUCES FORCE

ONE HUNDRED AND FIFTY THOUSAND MEN BY OCTOBER 1st

(By The Associated Press)  
WASHINGTON, June 30.—President Harding signed today the annual army appropriation bill directing the reduction of the regular army to 150,000 men by October 1st, but advised congress further legislation might be required to relieve government embarrassment of violating its obligation to enlist men whose discharge reduction make it necessary. On account of provision in the bill forbidding the war department to exceed the actual amount appropriated the president said if the letter of the act is followed a grave injustice might be done in dismissal of men who had enlisted under a definite contract.

### Tropical Disturbance Moxed Inland in Mex.

(By The Associated Press)  
WASHINGTON, June 30.—The tropical disturbance apparently moved inland over Mexico in the vicinity of Vera Cruz the weather bureau announced.

### SPECIAL TERM CIRCUIT COURT FOR SEMINOLE COUNTY

The first case to come before Judge Wilson and the special term of court yesterday was that of J. A. Saucer, charged with a violation of the prohibition laws, being the second offense and the case having been remanded from the county court to the Circuit Court.

On account of a recent judgment of the Supreme Court construing the judgment entered in lower courts of Florida the Court held that the judgment of the lower court on the first offense was defective and therefore directed a verdict for defendant. This is the same form of judgment used in this and other courts in various counties of the state and the records were considered good until the recent decision of the Supreme Court proved them defective.

Shorn of all legal verbiage the case is simply this: The regular record book of the County Judge's court was used in this case as in all cases. The Saucer case was tried in the county court, he was bound over for action in the Circuit Court being the second offense. In the past few weeks the Supreme Court finds that the record books used by county judges in some of the counties are defective and threw out one or two cases for this cause. The Saucer case comes up to the circuit court, the record is defective and there is nothing for Judge Wilson to do but render a verdict for the defendant when this was called to his attention by the attorney for the defense.

The action of the circuit court has the effect of remanding the defendant back to the County Court for the same offense and will be called up again at a later date. Attorney Ackerman, of the firm of Ackerman & Cheney, of Orlando, represented the defendant and State's Attorney George A. DeCottes, the state. The court is busy today on the Oglesby case and will probably be busy several days. Landis, Fish & Hull, of DeLand, are representing the defendant and George DeCottes, state's attorney, the state.

The Saucer case and the Oglesby case have excited considerable comment and are attracting many people to the court. The case of the State of Florida vs. J. M. Oglesby, charged with murder has occupied the attention of the court for the past three days and was heard fought on the side of the state and by the attorneys for the defense. In fact it has been a legal battle such as Seminole County has not witnessed for many years. The defendant was represented by Landis, Fish and Hull of DeLand, and the state by State's Attorney George A. DeCottes and went to the jury yesterday afternoon. They brought in a verdict of manslaughter at seven o'clock last night. At this paper goes to press early this morning the judge has not sentenced the defendant. Attorneys for defense will probably argue for a new trial and if motion is not granted sentence will be passed.

### THE BRIDGE CONTROVERSY FROM VOLUSIA COUNTY COMES TO SEMINOLE

Two Warranto Proceedings Filed Here By Judge Stewart

Judge Isaac A. Stewart, chairman of the Volusia Board of County Commissioners, pulled a good one on the county attorneys today. He filed a petition for writ of quo warranto before Judge Wilson, of Marianna, who is holding court in Seminole county, in the name of the attorney general, with reference to the Halifax River Bridge and Railway Company, the south bridge at Daytona. Judge Stewart was not in town this morning when the reporter sought him out, but was informed by his son, Thomas B. Stewart, that the judge had gone to Sanford to file the petition before Judge Wilson. Tom Stewart stated that his father had received a letter from the attorney general this morning, stating that both petitions from Volusia county, one from Judge Stewart and the other from the county attorneys, had been presented to the supreme court by the attorney general, but that the supreme court had refused to entertain original jurisdiction on the ground that the matter was not of general state interest, and suggested that the petition go to Judge Wilson.

Arthur G. Hamlin, one of the county attorneys, came into the Stewart office while the reporter was there, to enquire as to the matter. Mr. Hamlin stated that he understood that the supreme court had granted the writ of quo warranto asked by the attorneys of the board through the attorney general. Mr. Hamlin stated that the attorneys had filed petition for writ against the south and central bridges over the Halifax at Daytona. He evidently knew nothing of the letter from the attorney general to Judge Stewart, and was in the dark so far as recent occurrences in Tallahassee are concerned.

It will be remembered that a special session of the Board of County Commissioners was held a couple of weeks ago, and the matter taken out of the hands of Judge Stewart, so far as the board was able to take it out, and placed in the hands of the regular county attorneys.

Some fireworks may be expected when the members of the board learn the latest. Judge I. A. Stewart returned this afternoon from Sanford where he received a writ of quo warranto proceeding from Judge Wilson which is returnable on July 11th.—DeLand News.

### "GAS" TAX LAW NOT LIKELY TO PRODUCE MUCH

AT LEAST SUCH IS THE BELIEF OF THE ATTORNEY-GENERAL

(By The Associated Press)  
TALLAHASSEE, June 30.—In the opinion of Attorney-General Rivers H. Buford, the gasoline tax law, placing a cent a gallon tax on all gasoline sold in the state—at least that was the intent of the framers of the bill which was passed at the recent session of the legislature—will yield little revenue after all for the state road fund, which it was hoped would be benefited to the extent of about a million dollars a year. It is the attorney-general's opinion that the tax can be collected only on gasoline which has been divorced from the interstate condition—that is, which is sold first by the producer to the wholesaler; and that if a retailer should buy his "gas" in another state then the tax could not apply against it after it is brought in, as the tax is applied only against the wholesale dealer; also because it would conflict with the federal law governing interstate traffic.

## SATURDAY WILL BE GREAT DAY IN CITY OF SANFORD SPECIAL SALES ALL DAY

### ROGERS HURT YESTERDAY IN AUTOMOBILE ACCIDENT, FOOT WAS AMPUTATED

(By The Associated Press)  
DELAND, June 30.—E. Rogers, oil salesman, was hurt yesterday when his automobile turned over near here, he resting easy today. His foot was badly smashed, making an operation necessary.

### Favorable Report On Norris Bill Big Corporation

To Promote Exportation of Agricultural Products  
(By The Associated Press)  
WASHINGTON, June 30.—A favorable report on the Norris bill to create a \$100,000,000 government corporation to promote exportation of agricultural products was ordered today by the senate agriculture committee.

### Congressman's Daughter Will Run for Office Made Vacant by Death

(By The Associated Press)  
CHICAGO, June 30.—Mrs. Winifred Mason Buck, the youngest daughter of the late Congressman William Mason, today announced her candidacy to succeed her father, who was congressman-at-large from Illinois. Mrs. Buck is the mother of four children.

### CONTRACTS LET FOR NEW BRIDGES

TALLAHASSEE, June 30.—The State Road Department met here yesterday afternoon with all members present. It was announced last night that contracts totaling about \$381,000 for the construction of the bridges for which bids were recently opened had been awarded as follows:

Hillsborough county bridges—One over Little Manatee river to Ludea Bridge Company of York, Pa., approximate cost, \$50,574.95. Two bridges across Bullfrog creek to Hyde & Baxter, of Washington, D. C., approximate cost, \$33,120.60.

Swift creek bridge in Hamilton county, to Praytor, Howton & Wood of Albany, Ga., approximate cost, \$6,107.90.

Alapaha river bridge to Pensacola Shipbuilding Company, approximate cost, \$71,500.50.

Suwannee river bridge at White Springs to Pensacola Shipbuilding Company, approximate cost, \$44,476.18.

Little St. Mary's river bridge to Pensacola Shipbuilding Company, approximate cost, \$29,023.

Choctawhatchee river bridge to Pensacola Shipbuilding Company, approximate cost, \$136,740.

### SANFORD IS FILLED WITH SALES GREAT TRADING WEEK FOR PEOPLE

Have you noted in The Daily Herald the many sales that are being put on in Sanford. One can buy goods cheaper here now than any other part of the state. It is simply a determined effort on the part of our merchants to keep the trade at home, make Sanford the trading center and sell summer goods before the summer is over in order to take their inventory and not be obliged to carry any goods over to another season. In yesterday's Daily was a page advertisement of A. Raffield who is putting on a mammoth clearance sale. James M. Dawson is putting on the sale at Raffield's and they are sparing nothing in this big stock of goods. Dry goods, clothing, shoes, notions, hats and furnishings of all kinds. When Mr. Raffield says it is a sale he means just what he says. Attend the Raffield sale and read the ads in The Daily Herald and save money.

In the weekly appears the page advertisement of J. M. Dressner the store that treats you right and that always has the bargains. This is the annual ten days Clearance Sale that you remember is put on every year.

### Returns from Dempsey-Carpentier Fight in The Afternoon

### EVERYBODY COME

SANFORD WILL SHOW YOU WHAT SANFORD BUSINESS MEN CAN GIVE YOU

Saturday will be a big day in Sanford. No special arrangements have been made for a big day but it will just naturally be a big trading day just as all Saturdays are big days in Sanford.

But Saturday of this week will be a better trading day than usual because there will be so many special sales for that day. Almost every business in the city will put on special bargains for that day and for Tuesday of next week. Monday being the Fourth of July the stores will close and this will make it necessary for the people to buy more groceries on Saturday than they usually would buy. Then all the stores are running sales and this will bring the crowds to the city.

And then the Dempsey-Carpentier fight will be handled by the Daily Herald and with a special big paper will give the fight by rounds—something that only the biggest daily papers of the country are doing. Not everybody is interested in the fight but most of the people are and the Daily Herald caters to the readers and tries to give them the daily happenings of the world. The fight is a daily happening. It will cost us quite a sum to get the returns but we are willing to do our part toward keeping the crowds in Sanford. Many of our people had made arrangements to go to other cities just to get the returns on the big fight. We believe in giving them what they want right here in Sanford. Therefore whether some people are interested in the fight or not the Daily Herald will give them the details and the Daily Herald is doing this for the benefit of the subscribers, for the benefit of the merchants and for the benefit of the paper—in this one respect only, we want you to understand first, last and always that the Daily Herald is a real daily paper and will come as near giving you the news of the world as any other daily paper in the state, bar none.

Therefore, come to Sanford on Saturday. You will get the greatest feast of bargaining you ever saw. The ladies can shop and the men can get the fight returns and go to the movies and enjoy an afternoon and night in the best town in Florida.

### OFFICER ARRESTED AS MOONSHINER

(By The Associated Press)  
Monticello, Fla., June 29.—A. E. Stevens, 60, for many years justice of the peace at Lamont, near here, was arrested late yesterday by Sheriff Allman and several deputies, who claim they caught the justice operating a moonshine still on his farm. The sheriff took charge of a quantity of liquor, destroyed several barrels of mash and after allowing the still to become cool enough to handle, loaded it on a wagon and brought it to Monticello. The justice is at liberty under \$300 bond.

by Dressner and that always brings the crowds. All millinery at half price. Skirts, overblouses, silk hose, underwear, corsets and a wonderful array of dresses of all kinds and the price is so low that you will buy after you have seen them. Remember that the Dressner Sale will only last ten days. Read the advertisement in the Weekly Herald.

Thrasher & Garner are putting on a big July Sale in which ladies pumps, ladies silk hose, men's suits, etc., are all going very cheap for the sale. Also a few army coats and blankets left that are being sold at the old price of \$2.48 and \$3.48. Read their advertisement in this issue.

Many other sales are being staged and many more will be staged for Friday and Saturday. Watch this paper.

**EAST SANFORD**

Mr. and Mrs. Stanley Walker are in Antwerp, N. Y., for a two month's visit with Mrs. Walker's people. Miss Helen Chorpensing and sister, Alys, are going to Jacksonville Sunday for a few week's visit with their sister, Mrs. B. H. Squires and family. Mr. and Mrs. Britt and family of Melonville are moving to the West Side, having bought the Shimmion's farm.

We hear that Mr. and Mrs. Morris Spencer have moved from Cameron City to the Pinehurst Dairy, Mr. Spencer to take charge of the dairy work. Walter Dresser was the lucky fisherman Sunday evening as he found an 8-pound trout on a set-line right at the dock at his place on Lake Golden.

Mahoney & Walker have drilled for flowing wells here recently for Walter Raulerson, J. F. McClelland, A. Company, B. Steele and Thrasher Bros., the last named having a regular gusher.

W. L. Henley, J. C. Ellsworth and John Petrs have been doing considerable clearing of land and are using dynamite for the deep-rooted pines.

Mr. and Mrs. Walter Raulerson are moving into their new home this week. Mr. Raulerson has charge of the H. C. Stevens farm for the past several years. Mr. Anthony of Cameron City, will now have charge of the Stevens farm.

Mr. Bell from Monroe, who is the local agent for the Colt Gas Light Co., of New York, has recently placed lights in several Cameron City homes, among them are Louis Kinard, Mr. Singletary, R. L. Grier and Ashley Parvice. B. Steele's home on Beardall avenue, also has a new Colt lighting plant.

Some wonderfully fine hay has been gathered by the growers and there is much more to gather.

There was a colored child died of typhoid fever Monday night. The family live in what is known as the Crimm house. That makes seven children to have typhoid fever about here within the past few weeks in four different families. There has been one other death—also a colored child. Looks as if it was about time for some one to learn the reason why and do something about it.

We noticed in a recent Herald that some one wondered why no care was taken of some of the pavements the county has been to the expense of having built. The people out here wonder also. The brick pavement from Geneva avenue to the Moore's station road corner is some rough. Just ride over it and see—it is rough enough to loosen one's teeth.

Mr. and Mrs. J. W. Corley and son, Joe, are leaving in their car this week for a trip to their former home in Englewood, Ga., near Atlanta. They will camp en route and visit friends at several points on the way and expect to be absent several weeks.

The county road gang has been at work on South Cameron avenue the past few days, and a colored convict jumped the fence and tried to get away through Mr. Stevens' corn field. Mr. Raulerson caught him and hung on until the guard arrived. The convict was shot through the hips and quite badly injured.

FOR SALE—50 bales seed bed cloth, bought on the lowest market. See us before you buy.—Yowell Co. 77-2tc-w

Miss Ada May Adams, of Miami, is the attractive guest of her aunt, Mrs. H. L. Gibson and Mrs. C. P. Herndon.

AS THE EDITORS SAW US.

I. M. Marshal, editor of the Manchester Cricket, of Manchester, Mass., was here on the editorial excursion and had the following to say about Sanford:

"From Winter Park our way took us through Maitland and Altamonte to Sanford, quite an important center and in the midst of a truck growing section, chiefly celery. This is at the head of navigation of the St. Johns river and for miles along the banks of the river are the truck farms, growing peppers, celery, tomatoes, corn, etc., taking off three crops a year. The celery farms were the most attractive to me and a great field level as a floor almost, as far as one could see, with the rich foliage of the celery tops, was indeed an attractive sight. Men and women were at work in the fields, cutting and boxing the stalks and it certainly did look good enough to eat, and we were urged to eat, being supplied with magnificent bunches and a little bag of salt to go with it, for these Florida people were bound no one should go away with only the say so of the growers for any of their products. The bleaching I noted was not done by earthing up but instead, narrow strips of tarred paper were used, made we were told, in Neponset, this state, and held in place by wire after the style of a croquet wicket. More celery is shipped from here than any town in the world.

These farms stretch in an unbroken line for thirteen miles and are irrigated by water from artesian wells, which flows out of the ground in unending streams from a depth of 150 feet. This is one of the wonderful resources of the state; its underground water supply which seems unlimited and beautifully clear and cold. This we remarked of the lakes which, unlike those in other sections of the country that are muddy and most unattractive, are here clear and sparkling just like our New England lakes. My driver this afternoon is a prosperous farmer coming here from Manchester, N. H., 17 years ago and informed me he would not consider returning to his former home on any conditions.

"As may well be imagined, our visit here was most interesting, but we had to hurry on, entraining again for DeLand."

**LONGWOOD**

A. Y. Fuller was transacting business in Orlando Wednesday.

Miss Olive Dinkel spent a couple of days in Orlando the guest of Mrs. E. C. Maury.

Miss Eva McQuarters and sister of Orlando, were the guests of Mr. and Mrs. J. A. Bistline.

Mrs. A. Y. Fuller was shopping in Orlando Thursday.

Mr. and Mrs. Roy McCracken, of Orlando, were the guests of Mr. and Mrs. T. J. Williamson.

J. E. Phipps left Monday for Live Oak where he will be all the week.

Miss Etta Hartley, of Groveland is the guest of her parents Mr. and Mrs. Jack Hartley.

Mrs. David New, of Orlando, was here Sunday to see her parents and sister who has been very ill.

L. T. Hunt and Claude Hench Cliff left early Monday morning in Mr. Hunt's new Lexington for Mississippi.

Mr. and Mrs. A. R. Sandlin, of Leesburg, were in town on Monday.

Mr. Newell's mother, arrived from Georgia Sunday afternoon to spend some time with him.

Give us your order for "Seed Bed" cloth. We can save you 2 to 3 cents a yard. Best grade lowest prices.—Yowell Co. 77-2tc-w

**LAKE MONROE**

The building boom is on in Florida. As one tours the state, here, there and everywhere, buildings are going up, houses being painted, garages built as progress marks the way. 'Tis well, and a great boost for the state. Why not step forward in another direction also and beautify the state by planting trees, shrubs and flowers, have Florida deserving of the same she bears. Some one has said, "Nature's adornment of shrubs and flowers are more beautiful than the most costly paintings," then why shouldn't every city, town or hamlet in this state be a picture of gorgeous flowers, riotous vines, ornamental and useful trees. Only a cutting of slip, is often necessary to propagate a flower in a warm, moist climate and soon beautiful blossoms smilingly greet you. We may not all be able to live in mansions, but we can all plant a flower and even the humblest abode with a setting of beautiful flowers, will possess a charm and an atmosphere of refinement, as flowers, like nothing else, add a note of culture and give tone and effect.

When we study the way nature plants her trees and vines, the principles of good arrangement becomes a simple matter. Always, leave open glades for sunshine and air. Plant in masses in natural groups so as to form a pleasing picture. Leave open beautiful views and cover unsightly features with vines and shrubs. For the best effect the lawn should be left open and sown with some Southern grass. By sowing in the fall a carpet of green will delight the eye before spring. Plant a mass of deciduous trees to shield the house from the noon-day sun but leave open vistas towards the sunrise and sunset. Leave evergreens on the north where they break the force of storms. One that can look ahead from twenty to one hundred years knows best how to plant a tree. Failing to do this people often plant too close to the house and the trees grow up and bury the house in the shade so dense that they invite dampness, and decay and are obliged to be cut down in their prime. Tall shrubs and plants should be grouped against the walls of the house where they will be a pleasing background for smaller bright-blooming flowers which are much more effective when thus placed than when planted in open spaces. Shrubbery should also be planted upon each side of the fence line and in the corners of steps.

The many magnificent vines found in the south should be given space near porches, over pagolas, by outer houses and other available places where they may ramble in their riotous luxuriance and beauty. Avoid straight rows when possible. Nature never scatters that way.

Mr. and Mrs. Charles Bell entertained a few friends Wednesday evening with a chicken pillau and a watermelon feast. Quite an enjoyable time was experienced by the following guests: Mr. and Mrs. R. T. Wynne, jr., and daughter Josephine; Misses Alice Bolly, Linda Miles, Florence Price Rugh and Brown Stafford, Hugh Wynn and William Miles.

Palm Springs, the popular resort, attracts crowds. The following from this section spent a pleasant day there Sunday and enjoyed a fine picnic dinner and a refreshing swim: Mr. and Mrs. Ben Lake and family, Mr. and Mrs. Chas. Bell and son Ernest, Mr. and Mrs. Samuel H. Buchanan, Mrs. George McCrumb, Misses Alice Bolly, Linda Miles, Mr. and Mrs. Carl Rabun. The same party have rented a cottage there for Saturday night and will stay over Sunday.

The Baptist church at Monroe will entertain with a social and ice cream supper Friday evening in order to make up funds for the remainder of the payment on the new organ. The public is cordially invited.

An operation was performed upon Floyd Coward who is sick at Mrs. Maggie Bell's residence, but who is recovering after being wounded. The surgeon probed for the bullet.

Mr. and Mrs. J. B. Johnson, Mr. and Mrs. John Townsend and daughter, Miss Melzema, Mr. and Mrs. Geo. Cain and son, Elden, have all left for their old homes in Tennessee to spend the summer.

Miss Josephine Wynne has returned home after a pleasant visit to Mrs. Baum Gardner's at Mt. Dora.

Mrs. John Bolly is visiting relatives at Hendersonville, N. C.

George McCrumb and Henry Witte, left Friday for a stay in New York and other eastern points.

Mr. and Mrs. Bartow Mann spent the week end with Rev. and Mrs. E. I. Smith, of Orlando.

Miss Roberta Wynne is visiting friends at Jacksonville.

C. H. McKinney has bought the new house lately erected by Bartow Mann.

Mr. and Mrs. J. T. Jacobs have returned to their home at Chuluota.

Born to Mr. and Mrs. Jacob Imboden, a fine girl.

Mrs. J. F. Mann and family, Ed. Oglesby, jr., and family, Drew Warren and family, composed a pleasant

LOBEZ

# NEW BUSINESS BLOCKS SPRINGING UP EVERYWHERE LARGE AND SMALL ONES

### But They Are Making a Big City of San- ford

## SOME FOUR STORIES

### TWO OF SANFORD'S PRINCIPAL CONCERNS-WILL HAVE 4-STORY BUILDINGS.

(From Saturday's Daily)

New business blocks are the order of the day in Sanford.

Every day sees new contracts signed for business blocks and they extend out First street, are in the heart of the city, are on Sanford avenue and Palmetto avenue. They are not confined to the business center of the city. In fact, Sanford has no business center any more. The city is growing so rapidly that business is being transacted everywhere.

This week the DeForest buildings on Second street were started. There will be six nice store-rooms erected there. The Herald yesterday recorded the new business block and apartments of Lee Brothers on First street and Elm avenue. Today we learn that T. J. Miller & Son (who are building everywhere) have decided to make their new building on Park avenue a two-story brick, and will have store rooms on the first floor and nice apartments on the second floor. These new apartments that are being built this summer will mean the housing of hundreds of new families this winter and Sanford will have many new citizens added to the census roll.

It is also rumored that Mr. Washburn, who is the owner of the Miller corner, will erect a four-story building on this property as soon as it is vacated by the First National Bank, who will occupy the Miller store building temporarily while the new First National Bank building of four stories is being built. As The Herald predicted last week, these two principal corners of the city will be graced by four-story buildings. Mr. Washburn can be depended upon to do the right thing at the right time and he has faith in Sanford even though he does not reside here.

There are many other new buildings contemplated in the business section of Sanford, among them being the Melsch Realty building that is being planned now and that will be finished by the first of January if possible. This building will be on the former Sanford Hotel site on First street, some of the most valuable property in Sanford.

How Sanford does grow.

## BRITISH STRIKE IN COAL MINES IS SETTLED

### HAS BEEN IN PROGRESS SINCE THE FIRST OF APRIL.

(By The Associated Press)

LONDON, June 28.—The British coal mine strike which has been in progress since April first has been settled, it was announced official this afternoon.

## THOROUGH WORK

### HOW A SANFORD CITIZEN FOUND FREEDOM FROM KIDNEY TROUBLES

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys Use a tested kidney remedy. Doan's Kidney Pills have been tested by thousands.

Sanford people testify. Can you ask more convincing proof of merit?

Mrs. Geo. Smith, Route A, Sanford, says: "It was several years ago that I used Doan's Kidney Pills for backache and other symptoms of kidney trouble. They gave me great relief and help me in every way. Other members of my family have taken Doan's Kidney Pills with wonderful results, too. I am glad to give this endorsement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

666 cures Biliousness.

## Legion Minstrels Were Great Success

(From Saturday's Daily)

The Legion Minstrels played to a fair house again last night and realized a neat sum from the two performances. The show was pronounced by those who attended as all that could be desired in the amusement line. Manager Ed. Lane did not attempt the impossible things in the amusement line. He gave the people a short, bright, snappy show with plenty of music and songs and local hits and to have pulled off such a successful stunt in the middle of the summer is a big thing.

After the show last night the entire company was invited to the Holly home, where they danced and sang and had a good time until a late hour. Delicious punch was served and the "troupe" separated with the hope that they would all get together at some future date. Many of them are leaving and it is possible that they will not meet again in a long time but they all enjoyed the rehearsals and the work and the whole show.

## THE "LARK" IS A NEW MINUTE MAN SIX SPORT MODEL

### Lexington Motor Co., of Connersville, Ind., Introduces New Car with the Ansted Engine.

The "Lark"—that's the name of a new model announced today by the Lexington Motor Company of Connersville, Ind.

The "Lark" is a highly specialized sport car. The new car is equipped with the Ansted Engine with which the two Lexington specials that won the Pike's Peak hill-climbing championship were powered.

And it carries other refinements and improvements which stamp it as a sport car without a peer in performance, appointments, or quality.

California's fastest and most luxurious train, running from Los Angeles to San Francisco, is known as the "Lark." Frank B. Ansted, president of Lexington, liked this train so well that he decided upon the name "Lark" for his newest model.

The new "Lark" is symbolic in every way of the spirit of youth—the thoroughbred youth—that sweeps on irresistibly, unconscious of fatigue, responding eagerly to each call upon reserves of strength and power, knowing no restraint, ready to cast caution to the winds if emergencies require it.

The "Lark" has speed in plenty when speed is needed, and power for steepest hills and heaviest roads. It is a car so responsive and so easily handled that it answers in every particular the demands of a woman as well as a man.

It is mounted on Lexington's epoch-making chassis which engineers have pronounced a great advance, in that light weight has been made possible with an actual gain in strength.

The new model is lower than the conventional touring car and has those rakish lines which bespeak the true sport car. The body, too, is narrower than the conventional touring car, but it provides ample room in the rear seat, seating four passengers with a maximum of comfort.

The big feature of the "Lark" is, of course, the Ansted engine which gives 50 per cent more power than conventional engines of the same size and yet decreases the fuel consumption of the motor. The power increase is made possible through the adaptation of the large valve opening of racing cars. Heretofore, noise had barred this principle from passenger car motors; but through what is termed a "rocking chair" rocker arm, Lexington, in the Ansted Engine, has secured the great power possible only with this principle but eliminating the noise.

Wire wheels, cord tires, windshield wipers, bumpers, cow lamps, and a trunk are a few of the many features of the new car included as regular equipment.

Of course, the exclusive Lexington features, such as 2-way head lamps, the Moore multiple exhaust system, the Lex-gasifier, and many more, are features of the new "Lark" model.

This new car can be seen at the B. & O. Motor Company, this city, the local distributors.

Rub-My-Tism kills pain.

## GETS \$5,450 IN MIAMI HOLDUP AT CITY HALL

MIAMI, June 28.—Two "gentlemen highwaymen," one in evening dress, the other wearing a tuxedo, entered the city hall, just around the corner from the police station here, shortly before midnight and held up J. C. Turner, assistant city clerk, and escaped with \$4,850 in cash and \$600 in city checks.

Turner, with City Clerk Moore and another clerk, had remained at the city hall late checking up, preparatory to depositing the money in the bank today.

The holdup apparently was carefully planned, for shortly after Moore and one assistant left the building, the two bandits entered from the rear of the building and covered Turner with revolvers. Scooping up the money, the pair fled, jumped into a car awaiting by the curb about sixty-five feet from the police station and sped away.

Neighboring towns have been notified to watch for the bandit car.

## SCHOOL LUNCHESES

(From Saturday's Daily)

The importance of serving wholesome lunches to our school children has long been on the minds and hearts of many of the members of the Woman's Club.

A definite step in this direction was taken today at a meeting of the Educational Committee of the Woman's Club, called by Mrs. Henry Wight, chairman of Welfare department and Mrs. Blackman, chairman of the Educational Committee.

Mr. DuBose, of the school board, reported that Mr. Lawton, and the board are heartily in favor of this step and will show their interest by practical co-operation. They will build a shack with covered porches on the grounds of the grammar school for the cooking and serving of the lunches.

There will be a superintendent appointed to take charge of this work and to be responsible for all buying of supplies and for the menu.

The committee will on Monday, make a tour of inspection of other towns in our vicinity who are operating this serving of lunches successfully. This tour will include Orlando, Winter Garden and Apopka. They will inspect and compare the equipment and methods of these schools and adopt those which seem best suited to our needs.

The committee also decided to ask representatives from the D. A. R. and the Mother's Club to co-operate with them in this work.

This will fill a long felt need especially when we remember that there are over 500 children who attend our grammar school and that a large percentage of them come from the country. These lunches will be wholesome and yet served at so small a cost that any child can afford to take advantage of them.

The marked improvement of the children in health and school work, which has resulted in other places where this has been tried, is argument enough for its adoption.

The committee has only begun its work and hopes to extend its activities to the Primary and High Schools also. In this work the committee feels that it will have the hearty co-operation of every good citizen of Sanford.

## NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To  
Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

The world news the day it happens, delivered at your door each evening, 15c the week.

## PATTISHALL-SMITH.

(From Monday's Daily)

The home of Mr. and Mrs. E. E. Smith, north of Fort Pierce, on Thursday evening, June 23, was the scene of a pretty wedding when their daughter, Irene, became the bride of Mr. William A. Pettishall of Orlando.

Rev. W. L. Leisher, assisted by Rev. E. C. Calhoun, of the Methodist church, performed the ceremony, in the presence of a large circle of relatives and friends.

The spacious county home was beautifully decorated with potted plants and cut flowers, the color scheme being pink and white.

Mrs. R. E. Tolar of Sanford, aunt of the groom, presided at the piano. Just before the entrance of the bride party Mrs. H. W. McCombs rendered a contralto solo, "At Dawning," by Cadman, Mendelssohn's Spring Song being softly played throughout the ceremony. At the appointed hour the bridal party entered to the strains of the Bridal Chorus from Lohengrin.

The matron of honor, Mrs. J. M. Huffman of Miami, sister of the bride, entered, daintily gowned in orchard organdie, wearing a picture hat.

The maid of honor, Miss Mildred Smith, wore a beautiful shade of blue organdie and a black picture hat. Both carried arm bouquets of pink carnations.

Little Miss Bettie Smith, as flower girl, carried an old-fashioned nosegay, and Master John Gifford, as page, carried a basket of flowers, which were strewn in the pathway of the bride.

The bride was given in marriage by her father. Mr. Pettishall had as his best man and intimate friend, Mr. Curtis Gardner of Daytona.

The bride was lovely in a gown of white georgette, wearing a white hat to match. Her only ornament was a string of pearls, the gift of the groom. Her flowers were white bride's roses.

Following the ceremony an informal reception was held during which an ice course was served, refreshing fruit punch being served throughout the evening.

Mrs. Pettishall's going-away gown was a dark blue Canton crepe, richly embroidered in rust and self color, with hat and accessories to match.

Mr. and Mrs. Pettishall left during the evening for Daytona Beach. They expect to visit the groom's parents at Geneva, Fla., before going to Orlando, where they later will be at home to their many friends.

Among the guests from out of the county were the parents of the groom, Mr. and Mrs. H. H. Pettishall of Geneva; Mrs. R. E. Tolar of Sanford; Mrs. J. H. Huffman of Miami; Mrs. C. E. Lester, Mrs. Geo. Coleman, Mr. Louis Lester of West Palm Beach; Miss Virginia Marrow and Mr. Curtis Gardner of Daytona.

Miss Smith is the daughter of Mr. and Mrs. E. E. Smith and has a large circle of friends in the state. She is charming and accomplished and it is with much regret that her many friends see her leave for her new home in Orlando. She was a student at Stetson University and a member of the Pi Beta Phi fraternity.

Mr. Pettishall is a graduate of both the college and law departments of Stetson university and a member of the Phi Kappa Delta and Phi Alpha Delta fraternities. During the war Mr. Pettishall served 18 months in France with the U. S. Air service, where he received his flying training as a "chasse" pilot and was commissioned a first lieutenant. He has been in the practice of law in Orlando for the past year.

## HOT WATER FOR SICK HEADACHES

### Tells why everyone should drink hot water with phosphate in it before breakfast.

### TELLS WHY EVERYONE SHOULD DRINK HOT WATER WITH PHOSPHATE IN IT BEFORE BREAKFAST

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

## SUGAR CUT AGAIN BLEEDING BADLY NOW

NEW YORK, June 28.—Two local refineries today cut current quotation 10 points to 5.20 per pound for granulated sugar.

## Rub-My-Tism cures sores.

CLEARWATER, June 28.—Pinellas county has agreed to join the city of Clearwater in paving Jeffords street, the south boundary line of the city running from South Fort Harrison avenue to connect with the brick road leading from Harbor Oaks to the Bellevue Hotel. Each will pay half of the cost of the paving.

## 666 cures Dengue Fever.

TALLAHASSEE, June 28.—Governor Hardee has suspended from office, J. F. Poore, chairman of the board of county commissioners of Santa Rosa county as a result of Poore's indictment by the Santa Rosa grand jury on a charge of malfeasance in office. Poore is a resident of Milton.

**PERSONAL NOTES**

(From Monday's Daily)

Mr. and Mrs. Geo. C. Chamberlain who are spending the summer at Daytona Beach are in town today, the guests of Mrs. Raymond Key.

Miss Esther Miller returned last night from Daytona Beach where she has been the guest of Miss Merris Frances Ball.

Among Sanford folks enjoying delightful surf bathing and ocean breezes at Daytona Beach yesterday were: Misses Mammie and Virginia Mero, Lucy Byrd Smythe; Messrs. Tom Martin, John Brown, Bob Dodson, Harry Wimbish, Bill Moye, Morris Wimbish, W. A. Adams, Merrill Bryan and John Meisch.

Mr. and Mrs. R. T. Christenberry, who have recently moved here from Lakeland, have rented the Scoggins home for the summer. Mr. Christenberry is with the A. C. L. Railway.

C. E. McKee and E. R. Kelly, of DeLand, were visitors here Saturday and were registered at the Montezuma.

Misses Louise Smith and Bertie Jones, of Jacksonville, were visitors here Saturday.

J. N. Heidt of Atlanta, who is touring the state, spent the week end very pleasantly here registering at the Montezuma.

E. C. Smith, Jr., and C. R. Jordan, furniture men from Ocala, were here today transacting business.

H. B. Noble, of West Palm Beach, was here on a business mission today, stopping at the Montezuma.

Reginald Baker, of Jacksonville, was a business visitor here Saturday.

W. V. Wheeler and Porter E. Pitts spent the week end very delightfully at Daytona Beach, with friends from Titusville.

J. G. Ball spent the week end at Daytona Beach with his family, and reports that Billy Ball is not so well.

Miss Mildred Dickson has been the guest of her aunt, Mrs. S. A. Huston on Sanford Heights for the past week.

Sinclair White, purchaser of the Jewett Place, on West First street, owned by T. J. Miller, arrived and has taken possession of same. Mrs. White who is in Suwanee, Tenn., is expected to arrive in a few days.

Mr. Ward, expert electrician, who is in charge of the government electrical experiment station, being installed on the farm of C. M. Berry, county agent, has arrived and is registered at the Seminole Hotel.

Mrs. Tom Moore, who has been the guest of her brother and his wife, Judge and Mrs. Schelle Maines, for the past two weeks, left Friday for her home in Pensacola.

Mr. and Mrs. Leslie Bryan and three children, Mrs. Porter Pitts and Miss Sallie Howard, left Friday in the Bryan car for Barnesville, Ga. Mr. Bryan will return home in ten days. Mrs. Bryan and Mrs. Pitts will spend the summer with their parents, Mr. and Mrs. Howard.

Billy Pitts had the misfortune of breaking his arm while cranking a Ford at the home of his grandmother, Mrs. Sheldon at New Smyrna last week. Billy has returned home and expects to leave July 1st for camp at Hendersonville, N. C.

Mrs. Howard Tibbals and baby, of Haines City, are the guests of her aunt, Mrs. Fannie S. Munson for several days.

George McLaughlin, Percy Mero, Hassel and Dixie Brown and James Schaal were among Sanford young folks at Daytona Beach yesterday.

Misses Mary and Kate McBride of Marshville, N. C., are the guests of their uncle and aunt, Mr. and Mrs. W. J. McBride at their home on Palmetto avenue.

Mr. and Mrs. Sam Baumel and their guests, Mrs. Zelmanovitz and daughter, of Brunswick and Mr. A. Raffield formed a congenial party motoring to Orlando yesterday.

Miss Dorothy Rumph was the guest of Miss Ethel Henry yesterday at Daytona Beach.

Mr. and Mrs. E. M. Galloway and Mr. and Mrs. A. R. Key were a congenial party motoring to Orlando yesterday afternoon.

A. E. Moffitt killed a rattle snake on Beardall avenue yesterday that had ten rattles and was quite a large one.

John G. Leonardi motored to Plant City Saturday and spent the week end with his wife, who was called to Plant City by the serious illness of her sister.

Mrs. R. L. Griffin and daughter, Emily and R. E., left today for their old home in Allendale, S. C., where they will spend several weeks. They will also visit in Columbia, S. C., and Augusta, Ga., before returning home.

Mr. and Mrs. Hal Wight, Miss Adelaide Higgins and Mr. Potter were among the Sanford people motoring to Daytona Beach yesterday.

Mr. and Mrs. Fred Walms, John Russell and Miss Bain motored over to Daytona Beach yesterday.

Mr. and Mrs. W. T. Berry, of Apopka, were in the city yesterday the guests of Mrs. Berry's sister, Mrs. H. C. Waters.

Mr. and Mrs. John C. Smith and Mr. and Mrs. S. M. Lloyd motored to Daytona Beach Sunday where they spent the day very delightfully. They

were joined by Pop Wilson, Mr. and Mrs. Ed. Lane and Mr. and Mrs. Archie Betts at dinner at Cataneo's.

Mr. and Mrs. Wideman-Caldwell arrived yesterday from San Diego, Calif., where they have spent the past year, stopping over enroute home at Dallas, Tex., where they were the guests of their sister, Mrs. Dick Fox.

The numerous friends of this popular couple will be delighted to learn that they will now make Sanford their home.

Mrs. K. C. Rowen, of St. Augustine, arrived yesterday and is the guest of her daughter, Miss Ruth Phelps.

(From Tuesday's Daily)

Miss Florrie Turner of Ft. Pierce is the attractive house guest of Miss Lillian Shinholser at her home on Oak avenue.

Miss Rhoda Vaughan left for New Smyrna for an extended visit with her sister, Mrs. Stackhouse.

Miss A. Gallagher of Orlando is spending this week at the Gables.

Prof. Harold Bache, Albert Connally and Pat Miller are camping out at Crystal Lake for a week.

Mr. and Mrs. Harry Frazier and bright little son were visitors here last evening from Winter Park.

Mrs. Fred Rines will assist Mrs. W. D. Holden in the Sanford library during the absence of other librarians.

Mrs. E. M. Howard has returned from where she was called by the illness of her daughter, Mrs. M. M. Evans. The latter has greatly improved and accompanied her mother home.

Mrs. A. D. Key leaves tomorrow for Hendersonville, N. C., where she will spend the summer, stopping at the same hotel with Mrs. C. R. Walker.

Mrs. M. H. Mabry and son, Horton, leave tomorrow for an extended stay at Chautauque, N. Y.

Mrs. C. L. Milliter and two sons are spending this week in Orlando, as the guest of her parents, Mr. and Mrs. J. S. Sorrell.

Mrs. D. C. Marlowe, Mrs. John C. Smith, Mrs. Henry Purdon and Mrs. Howard Overlin are spending the day very delightfully in Orlando.

H. B. McGregor—"Mack, the Tuner," who has been here for some time, left this morning for other points in Southern Florida.

E. G. Pearson of Orlando, representing the Standard Oil company, was here yesterday transacting business.

S. L. Schemer of Jacksonville was here yesterday on business.

C. C. Carlston of Miami was here yesterday transacting business.

Mr. T. M. Zuber is a new resident of Sanford. He is connected with Haight & Magee in the capacity of car salesman. Mrs. Zuber brings with

**Prince Albert's a new note in the joys of rolling 'em!**

Talking about rolling your own cigarettes, we'll tell you right here that Prince Albert tobacco has 'em all lashed to the mast!

You've got a handful-of-happiness coming your direction when you pal it with P. A. and the makin's papers! For Prince Albert is not only delightful to your taste and pleasing in its refreshing aroma, but our exclusive patented process frees it from bite and parch!

And, for a fact, rolling up Prince Albert is mighty easy! P. A. is crimp cut and stays put and you whisk it into shape before you can count three! And, the next instant you're puffing away to beat the band!

Prince Albert is so good that it has led four men to smoke jimmy pipes where one was smoked before! It's the greatest old buddy-smoke that ever found its way into a pipe or cigarette!

Prince Albert is sold in tippy red boxes, tippy red tins, handsome pouches and hand-poured tin humidoros and in the pound crystal glass humidor with sponge moistener top.

**GLASS OF SALTS 'CLEANS KIDNEYS'**

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

**ONE BILLION INTEREST OWED TO AMERICA BY EUROPEAN PEOPLE**

(By The Associated Press)  
WASHINGTON, June 29.—Approximately one billion dollars interest is owed the United States by European debtor nations up to about May 16th, treasury officials told the senate finance committee today, explaining a bill to give the secretary of the treasury broad authority in funding Allied debts.

**IF there were only Speculative Marketing?**

- How would you regard your chances for profit from the production of grapefruit and oranges—  
If there were only speculative marketing?
- Would not the growers of Florida have suffered as much as have farmers in other sections during the financial and industrial depression—  
If there were only speculative marketing?
- Would not the admitted failure of speculative marketing in time of stress make the outlook an exceedingly gloomy one for the citrus industry—  
If there were only speculative marketing?
- Would there be efficient effort to reduce production costs, to lower freight rates and otherwise to stabilize grapefruit and orange growing—  
If there were only speculative marketing?
- Would there be worth-while endeavor to increase the consumption of citrus fruits and to educate the public as to their health and food values—  
If there were only speculative marketing?
- Would there be under way necessary work to open new markets and to provide wider channels of distribution for Florida grapefruit and oranges—  
If there were only speculative marketing?
- Would you have your present confidence in the stability of the citrus industry of Florida and your faith in the maintenance of existing grove values—  
If there were only speculative marketing?

Is not your support the just due of the Florida Citrus Exchange because of what it had accomplished to protect fruit growers from speculative marketing? For information about membership consult the manager of the nearest association or sub-exchange, or write to the business manager at Tampa.

JULY 11TH TO CONSIDER  
THE RAISE

The railroads are evidently making plans to raise the water rates of Florida in order that the railroads will have no competition and it behooves all the trade bodies in the state to be up and doing and head it off or the cities that now enjoy a good water rate will suffer and those who do not enjoy the water rate will more than suffer. The Palatka News sounds a warning in the following article:

Continuing their fight to bring the water and rail rates near together, the Fourth section of the Southern Carriers, with headquarters in Atlanta have sent out notices to trade bodies throughout the territory of a series of conferences to begin in Atlanta on July 11 on a proposed revision of rates for this territory. A schedule of the proposed changes accompanies the notification and bears evidence of the intent of the rail lines.

Secretary Murphy, of the Palatka Business Men's Association received a copy of the proposed changes yes-

terday. They represent AN ADVANCE OF PRACTICALLY FORTY PER CENT FOR EVERY PORT CITY IN FLORIDA with a reduction for some of the interior points, making obvious the rail control of the steamship lines, the elimination of water competition and a determination to give no preference to ports with available water transportation.

The proposal is concrete evidence that the insidious force which has been working constantly against competitive coastwise shipping facilities, has at last secured sufficient control of the water carriers to manipulate the rates so that the nation's splendid water facilities cannot be employed in the interest of the shippers and consumers.

Palatka, in common with Jacksonville, Tampa, Ocala, Key West, and other coast or port points, whether inland or coastal, will suffer enormously if the rates proposed go into effect. The increase in rates to these points will approximate 40 per cent, while many of the rates proposed will lower the present rates to inland towns, but not in proportion to the increases proposed for towns served by water carriers.

Here are some of the present rates from Alexandria, Va., and Washington, and the ones proposed, to points in Florida:

To Jacksonville, present rate on first class 1.32, proposed 1.88; from Baltimore, present rate 1.42, proposed 1.88; to Ocala from Washington and

## DEMAND FOR TANLAC BREAKS ALL RECORDS

Amazing Success Achieved by Celebrated Medicine Not Only Phenomenal, But Unprecedented—Over 20,000,000 Bottles Sold in Six Years—Foreign Countries Clamor for It.

Never before, perhaps, in the history of the drug trade has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada. As a matter of fact, the marvelous success achieved by this medicine is not only phenomenal, but unprecedented.

The first bottle of Tanlac to reach the public was sold just a little over six years ago. Its success was immediate and people everywhere were quick to recognize it as a medicine of extraordinary merit. Since that time there have been sold throughout this country and Canada something over Twenty Million (20,000,000) bottles, establishing a record which has probably never been equalled in the history of the drug trade in America.

Fame is International

The instant and phenomenal success which Tanlac won when it was first introduced has been extended to practically every large city, small town, village and hamlet in North America. Its fame has become international in its scope and England, Japan, Mexico, Cuba, Hawaii, Alaska, Porto Rico and many European countries are clamoring for it.

From coast to coast and from the Great Lakes, Tanlac is known and honored. Millions have taken it with

the most gratifying and astonishing results and have pronounced it the greatest medicine of all time.

Tens of thousands of men and women of all ages in all walks of life, afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified that they have been fully restored to their normal weight, health and strength by its use.

Restored to Health

Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and of terribly dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by the use of Tanlac.—Adv.

More Eggs or Money Back!

The Purina System of Feeding keeps the flock laying in the fall and the winter, because it supplies plenty of material for whites as well as for yolks. This enables the hen to make complete eggs of all the yolks that develop in her body.

When a grain ration is fed there is not enough protein for whites. Many yolks that form are not laid, but are eventually absorbed back into the system as fat.

#### More-Eggs Guarantee

Purina Chow, when fed according to directions, are guaranteed to make hens lay more eggs than any other feed, or the money paid for Purina Chows will be refunded.

Alexandria, present rate 2.29, proposed 2.52; from Baltimore present, 2.49, proposed 2.62 and other northern points at the same ratio. Palatka's present rate from the same points, and the proposed increase, is from Washington 1.66 1/2, proposed 2.24; from Baltimore, at present 1.86, proposed, 2.34, with equal increases from New York and other points.

In marked contrast is the increase to Perry, Fla., and all rail points, where the present rate is from Washington 2.47 1/2 with a proposed rate of 2.58 and a present rate from Baltimore of 2.67 1/2 from Baltimore to a new rate of 2.68, an increase of a half cent, as against the advance of 59 1/2 cents to Palatka, and all other points similar situated, while Perry, and other inland towns, either have one or half cent increase, or one cent reduction. It is noticeable all thru the new schedule that the rate of increases are more than double on port or waterway towns over those of inland towns.

\*\*\*\*\*

### EAST SANFORD

\*\*\*\*\*

The marriage of Miss Inez Wilson, eldest daughter of Mr. and Mrs. Wiley Wilson, of Cameron City, and Everett Metts, of Sanford, has been announced, the happy event taking place June 19th. Justice Stringfellow performed the ceremony. The bride and groom enjoyed a short honeymoon at Daytona Beach and are now at home to their friends in Sanford. Congratulations from East Sanford.

Mrs. Dillon Pickering has returned to her home in Cleveland, Ohio, after a six weeks visit with Mr. and Mrs. Charles F. Baker at their home, the Palms, on Richmond ave.

Mr. and Mrs. I. D. Hart and a party were visitors at Coronado Beach on Sunday.

Rev. W. T. Rancher, of Apopka, we regret to say, has been very ill in the Orlando hospital. Dr. Walker has filled Mr. Rancher's last two appointments at the Moore's Station church.

Mrs. C. E. Chorpene entertained a few friends at 6 o'clock dinner June 24th for Mr. Chorpene's birthday and such a delicious dinner as it was and the memory of it is a delightful recollection. Mrs. Chorpene received a number of nice gifts, one of which was a fine fishing pole.

Mr. and Mrs. C. E. Chorpene and their young people and Mr. and Mrs. A. Corpany spent Sunday at Coronado Beach. The girls, Helen and Alice, took the East Coast train at New Smyrna for South Jacksonville to visit their sister, Mrs. Squire for a month.

Mr. and Mrs. B. E. Squire have sold their attractive home and 15-acre highly improved farm on Cameron avenue to Randolph Merriweather. The deal was completed last Saturday. Mr. Squire has been a very successful grower and has made money in the business. He has been general manager for the East Sanford branch of the American Fruit Growers, Inc., and has been in the vegetable growing business for the past 2 years and ex-

pects to remain with the company. Mr. and Mrs. Squire have taken the bungalow on Lake Onoro recently vacated by Mr. and Mrs. C. D. Couch. The bungalow has been newly painted and put in fine order. They will give up possession of their farm July 1 and will leave shortly thereafter for Potsdam, N. Y., to visit relatives and will later go to points in Michigan, returning to Sanford in November.

Mr. and Mrs. W. A. Raynor, Sr., and Mr. and Mrs. Will Raynor, Jr., and Mr. Will, the 3rd are in Good Ground, L. I., for the summer. This is Mrs. Raynor's first visit north. Mr. and Mrs. Will Rowe and son from town, are spending the summer at the Raynor home on Celery avenue. The Rowe's are building a new home on West First street.

Mr. and Mrs. A. B. Cameron with their son and daughter, are going to Coronado Beach on Friday. The ladies will remain some time. Mr. Cameron and Angel will be week-end visitors.

Mr. and Mrs. J. F. McClelland and children have moved over from Geneva, into their home which has been moved from Railroad street down to Miller avenue, a very much better location.

Mr. and Mrs. Brown Miller, of Celery avenue, have as their guest, Robert Hoy, of Montrose, Scotland, who arrived last week and expects to become a resident of Sanford. Mr. Miller and Mrs. Hoy are old friends as she was Miss Jean Wall, also of Montrose. Mr. and Mrs. Miller have just recently returned from Charlotte, N. C., where they visited Mr. Miller's relatives and are now nicely settled in their new home, the former Angus L. Chappel place.

Mr. and Mrs. Charibott Dunn and three young sons, of Cameron avenue, are in North Carolina, enjoying the mountain scenery and climate.

Mr. and Mrs. I. D. Martin of Sanford, spent the day Sunday at the Ellsworth home on Beardall avenue.

We hear that the 20-acre of land known as the Harry Ward farm, 10 acres located north of it owned by Mr. Chatman and the 100 acre farm adjoining, owned by John Russell, all highly improved truck land, with many tenant houses, barns, wells and other improvements have all been bought by Mr. Potter, representing a commission firm in Philadelphia, Pa.

The Bond Lumber Co., of Lake Helen, have about a 100 mules in Kirby Osteen's pasture at Lemon Bluffs, their vacation due to the burning of the Bond Company's saw mills. J. C. Ellsworth, W. W. Miller, J. F. Hickson and others about here have been over buying mules for farm work.

Narrow Escape From Bolt of Lightning

A bolt of lightning which struck near the city hall in Winter Park yesterday afternoon came very near causing the death of Mr. Lyman, of Longwood. The gentleman was driving home and when the bolt struck in such close proximity to his car which caused him to lose control of

Phone 17 Oak Ave. and Third St.

his machine. The car plunged over the curve and crashed into a lamp post. Lehmnd Chubb, employed at the city hall, saw the accident and came to the aid of the injured man, who was rendered unconscious from the shock.

A phone message from Winter Park last night stated that the injured man after receiving medical attention was taken to his home in Longwood. But for a bad shock and painful cuts re-

ceived from flying glass when his car collided with the lamp post Mr. Lyman was none the worse for his close call.—Orlando Sentinel.

This was Howard Lyman, of Altamonte, and well known in Sanford. He was badly shocked by the lightning and had several teeth knocked out.

The pro-British Americans are convinced that there would be no trouble if the pro-Irish Americans would not take sides.

# STATE TAX LEVY REDUCED GOV. HARDEE'S PROMISE BEFORE ELECTION MADE GOOD

Ten and Three Quarter  
Mills Will Be Assessment  
for 1921 Below

## RECOMMENDATION

OF COMPTROLLER AND AMPLE  
PROVISION MADE FOR ALL  
APPROPRIATIONS

TALLAHASSEE, June 27.—Governor Hardee Saturday fixed the state tax levy for 1921 at 10 3-4 mills, divided as follows:

- General revenue, 5 mills.
  - Pensions, 3 1-8 mills.
  - One mill school tax.
  - State prison fund, 2-8 mill.
  - State board of health fund, 2-8 mill.
  - States road fund, 1 mill.
- Chapter 8437, Acts of 1921, provides for a levy of 6 mills for general revenue in 1921 and 1922, but gives the governor authority to reduce this amount, if satisfied that a smaller millage would suffice. Comptroller Amos recommended that the levy for general revenue be reduced from 6 mills to 5 1-4 mills, and that the pension tax authorized by the Fevised General Statutes, 3 1-2 mills, be reduced to 3 1-8 mills, making the total 11 mills, the same as in 1920. The governor, realizing that at this time the tax rate should be placed at the lowest possible amount, and believing that by rigid economy the general revenue fund could be further reduced, has exercised the power vested in him by law as above state, making the total tax levy for 1921, 10 3-4 mills.

In his campaign for the governorship, Mr. Hardee promised, if possible, a reduction of the state tax rate, and it is a source of great gratification to him that he has been enabled to fulfill this pledge in the very first year of his administration; especially so, as at one time it was estimated by a prominent member of the legislature that the demands before that body, if granted, would increase the state tax rate from 11 mills in 1920 to 17 in 1921. The governor's first great effort in the lines of economy in the matter of appropriations appeared in his opposition to the budget of the state board of control which called for appropriations for the ensuing two years of approximately \$3,000,000.00 for the state's institutions of higher learning and for the board's work as the state plant board. As a result of the opposition of the governor and of the state board of education, of which he is ex-officio president, this amount was reduced by practically \$1,800,000.00 and a standard of economy fixed which had a highly beneficial effect upon all appropriation measures. And yet there was sufficient appropriation for the institutions of higher learning that new buildings were authorized and the college faculty were raised to an amount equal with the general average for like educational institutions in the South.

Accompanying the comptroller's estimate of the necessary tax levy for 1921 is a statement of the appropriations payable from the general revenue fund during the two years ending June 30, 1923, aggregating \$6,361,063.90 with an estimated revenue of \$7,221,720.00 to meet them, based upon last year's assessment and revenue. Believing that the assessment for 1921 will show a very material increase over the assessment for 1920, partly as a result of normal growth of valuations and partly as a result of the conference of tax assessors which met in Jacksonville upon the call of the governor of normal growth of valuations and agreed upon plans for more equitable means of assessment, and that the receipts from licenses and other sources will also show an increase over last year, the governor felt justified in the redemption of his campaign pledge, to decrease the millage as before stated.

666 cures Chills and Fever.

CLEARWATER, June 28.—Petitions requesting the county commissioners to have a survey made of Pinellas county to establish plans for its beautification are being circulated. The plans would be prepared by a landscape architect of national reputation and would embody a road system that would bring the scenic features of the county to the notice of automobile travelers. The Federation of Women's Clubs of the county is taking an active part in the circulating of the petitions.

"Head-IT-OFF"—ENERGIZE—NOW.

## Chamber of Commerce Drive for Membership Was Successful Affair

(From Saturday's Daily)  
The Chamber of Commerce has just put on a successful drive for memberships. It was not a drive in the true sense of the word for the Chamber of Commerce does not believe in drives. The committee on membership simply met at the Seminole Bank with Forest Lake as the chairman, each man was given a few names and he was given plenty of time to see his men and they went quietly to work to get the money and they got it. A nice sum was raised. Not what they should have, of course, but enough to make the membership committee feel that the public spirited citizens of Sanford are standing back of the Chamber of Commerce. The members do not intend to hound anyone for a membership. They do not intend to worry anyone about joining the Chamber of Commerce. Every citizen of the county knows exactly what the Chamber of Commerce means to the community. Everyone knows or should know that the board of governors meets every Friday at noon for lunch (paid out of their own pockets) and go over every phase of the city and county life. The board of governors take up these subjects and go after everything for the benefit of the city without calling meetings of the body and delaying matters and the members would not worry with these matters anyway. So the governors are working all the time on matters of importance, are working to get more members, are working for those things that are of benefit to the entire community and working without any thought of reward other than the pleasure of working for Sanford.

It behooves everyone then, to come in and pay up for their membership for the year or for six months. It behooves everyone to take an interest in the Chamber of Commerce, to bring your problems to the Chamber of Commerce for solution, to stand by your Chamber of Commerce and make it your first love. It is the center around which everything revolves.

TAMPA, June 28.—Leading citizens here have launched a campaign to extend the city limits of Tampa to include a total area approximately that of Jacksonville, which would give Tampa an increase of 35,000 in population. The city limits now include an area of only 8.6 square miles with a population of 51,608 as against Jacksonville's area of 14 square miles with a population of 91,588, but numerous suburbs adjacent to the corporate limits are densely populated.

"Head-IT-OFF"—ENERGIZE—NOW.

ST. AUGUSTINE, June 28.—Dr. Edgar S. Eates has been appointed city health officer to fill the vacancy caused by the recent death of Dr. Murray W. Seagars.

## Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

## Theford's

# BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europe, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Theford's.

E. 22

## MINSTREL SHOW KNOCKED 'EM COLD PLEASED CROWD

FULL OF LIFE AND SPARKLE  
AND ON AGAIN TONIGHT  
AT THE PRINCESS

(From Friday's Daily)  
Edward F. Lane has pulled off many minstrel shows in Sanford and elsewhere but for the few rehearsals, for the hot weather and many other drawbacks, the Legion Minstrels of this year are as good as any and better than some and those who witnessed the show last night were well repaid for attending. In fact the entire show was a big surprise to the public for it was filled with snap and pep and sparkle all the way through. Short and sweet and no time lost between numbers is the order of the day in the Legion Minstrel and if you did not see it last night be sure and go tonight. The theatre is cool and has plenty of fans and you will enjoy the show and be helping the American Legion at the same time. The jokes are new and original, the songs are just right. You have paid twice as much to see a minstrel show that was not any better.

R. J. Holly is the interlocutor; L. C. Allison, E. F. Lane, John Musson, George McLaughlin, Billy Hoffman and Sherman Lloyd are the black face comedians and fun makers and they are all to the merry. The singers are Forest Gatchel, Virgil L. Smith, H. C. Clauss, James Huff, J. A. Allison, Percy Mero, Maurice Helston and Matt Tarbell.

It is hardly necessary to say that Helston and Clauss sing divinely they are too well known by all music lovers of Sanford to need an introduction or any praise. But when they render those beautiful ballads, "I Long for the Scenes of Yesterday" and "Lonesome, That's All" and "That Old Irish Mother of Mine" and are encored and respond with other songs, they just simply bring up the audience short with the thought that Sanford has some talent, and then when the Seminole Quartette gets on with Helston, Clauss, Forest Gatchel and L. C. Allison with their "Hills of Old Kentucky," the yodeling of Allison and other good stuff it is all to the good. Singing is more than half of any minstrel show and with the coon songs rendered by Bill Hoffman, Sherman Lloyd, George McLaughlin, L. C. Allison and the ballads of the sweet singers the Legion Minstrels give the audience an evening of music that is worth the price of admission. Again it is safe to assert that a minstrel show is not a minstrel show without an orchestra and the Legion Minstrels is fortunate in this respect having a first class orchestra, a home orchestra, composed of Miss Ruby Roy, Mr. Bradford, Clarence Mahoney, Dudley Roy, J. H. Stumon, Prof. Harvey and Mrs. Burdick. They give life and pep to the songs and make it the real thing and give it that old time minstrel setting in the stage effect.

Sam Baumel is new to Sanford audiences and it looked last night like he would not be able to go on with his specialty for he has been ill for two days but rather than disappoint the management and the public he put on his specialty last night and rendered several songs in a manner that brought down the house. Despite the fact that the stage was in bad shape and he broke through the floor once he gave the people a fine exhibition of dancing and he received the hand so many times he had to desist. He is a fine entertainer and his act gave the real touch to the show and it is hoped that he will be able to appear tonight for he has the real goods.

The catchy little skit called the "Dining Car Special," sent the audience home with a good taste in their mouth for it was good from start to finish. Clarence Mahoney as Miss Virginia Vandergould, was a perfect lady; H. C. Clauss as O. U. T. West, was good; Forest Gatchel as Will B. Dunn, was all right; Tom Meredith made a typical conductor and L. C. Allison as the negro porter simply brought them down and kept the audience in a gale of laughter throughout the skit. Allison is the life of the party all the time. The scenery for this piece was painted yesterday by Mr. Rumph and was a good picture of a dining car and the characters were about as funny and full of ideas as the usual crowd in a diner. The fact that this skit was decided upon at the last minute and had but one rehearsal shows the adaptability of the Sanford talent and their ability to meet all situations that arise in the difficult matter of arranging a minstrel show.

Manager Lane, who looked after all the details and has worked hard for several weeks and also took part in the show and every one who assisted him deserves a lot of credit.

It is strictly a home show in every sense of the word and is put on for the benefit of the folks who are staying at home. It is hoped that the

house will be filled again tonight and show the boys that you appreciate their work and it is a work of love in every respect. The curtain will rise promptly at 8:30 and the show lasts about one hour and a half. You will enjoy every minute of it so come out tonight and see a real minstrel show by home talent.

## CAR LOAD OF LEXINGTONS AND NEW LARK SPORT CAR

(From Saturday's Daily)  
The B. & O. Garage are happy today over the shipment of a car load of Lexington cars of the new model. This is not a specialty since the B. & O. have been receiving car loads of Lexingtons for many months. The thing that causes joy in the B. & O. camp is the fact that they are the first dealers in Florida to receive the new sport model of the Lexington car called the Lark. This is one of the newest models of sport cars that has ever been turned out, being equipped with the new Ansted motor, wire wheels, two spare wheels, finished on any one of six new colors and has everything on the car that anyone could wish for and then some. It even has a trunk on the rear and a nice place fixed for the trunk so you can carry it anywhere from here to California. Watch for the advertisement announcing this latest model of the sport Lexington in Monday's daily paper. Better still, go over to the B. & O. Garage and let Perry or Braxton show you the car. They are on the job night and day and one of them expects to sleep with the Lark for fear something will happen to it—and say, it can go better than 80 miles per hour.

## 100 Members in the Baptist Boys Club

(From Saturday's Daily)  
One of the best organizations for boys in this section of the state is the Baptist Boys Club. There are now one hundred members.

The monthly dinner was held on last evening in the banquet hall of the Temple and fifty-eight were present. The enthusiasm was very high and the boys are ready to tackle anything worth while. Chicken with rice, pickles with home cooked rolls, and watermelon were served.

Talks were made by several of the big brothers. Among them Hon. J. D. Jinks, Judge Schelle Maines, Col. J. G. Sharron, Col. Wilkinson and City Manager Ryan.

The following officers were elected: Faye Lossing, president; Robert Williams, vice-president; Fred Weeks, secretary. They serve for one month. The following committees were appointed; to re-organize the Scout work; to arrange for a club room; to re-organize the boys band; to take Scouts on three day hike; to take Juniors on one day hike; to arrange for the next meeting.

Several rally songs were learned. Among them the following to the tune of "Keep Sweet": "Boys Club, Boys Club, This is the only club, This is the way we win the day In life's hard rub."

The next meeting will be July 29th. The boys who are members of the Baptist Sunday School are members of the club. The ages are over 9 and not over 17.

## Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

FORT DADE, June 28.—Tarpon fishermen at this time are having the greatest sport ever known here, old timers declaring the silver kings in the waters about Egmont Pass, the principal entrance to Tampa Bay, more numerous than at any time in many years. More than 50 tarpon were caught in the pass last Tuesday afternoon. At one time fishermen in six boats were playing 12 tarpon which had been hooked.

# Goodrich Tire Price Reduction applies to all sizes— without reservation

The anti-skid safety tread  
Silvertown Cord

## 20% Lower Prices

The Goodrich price reduction which took effect May 2nd was without reservation. It included Silvertowns together with Goodrich fabric tires and Goodrich Red and Gray inner tubes.

The name of Goodrich on a tire means just one thing—quality. And that quality is always the highest that can be produced.

Each tire is specially designed for the service it must deliver. Goodrich Fabrics, in the popular sizes, have established themselves as unusual values from the standpoint of real economy. Silvertown Cords in their class have always held first place in the esteem of motorists, not only because of their symmetrical perfection of finish, but furthermore, by reason of their long life, complete dependability and satisfactory performance.

Your dealer will supply you at these fair prices:

### SILVERTOWN CORDS

THE AMERICAN PRESS ASSOCIATION

Every day you find out that Sanford is the best investment in the world.

The physicians of Daytona have subscribed \$25,000 for a local hospital and sanatorium.

No stock is good unless the local banks will take it as collateral or say that it is all right.

We intend to make Saturdays the big trading days and the merchants will offer something special for you every Saturday.

Man over in Marion county was shot while milking the cow. If we ever have to milk a cow again we hope somebody shoots us.

Looks like the Ku Klux Klan at Daytona was not the real Ku Klux Klan as laid down in the precepts governing that order. They do not stand for outlawry and disorder.

And Sanford keeps right along building, improving, growing into a big city, getting new ideas, gaining in progressive ideas, advertising more than ever, GETTING RIGHT.

You say it is hot and it is hot right then. If you are too busy to think about the weather it is cool. Christian Science regulates the weather somewhat. Believe it is hot and it is.

Common carriers are talking about reducing wages and raising freight rates at the same time. This is in line with their usual policy and only carries out the idea advanced in this paper many times. You cannot expect anything from them and you should not look for it.

There are many things better left unsaid in a newspaper. There are carping critics who want to know why this item and that item about the private affairs of different families were not published. We can only ask these people how they would like to have it happen to them?

A little trip from Sanford is good for you. Even to spend the week end at the beach refreshes one and you get a new vision by mingling with new people and you are so glad to get back on the old job again Monday morning and get back to a real town.

"Splash Me" parties are the order of the day. Well, there are plenty of places in and around Sanford where you can get splashed all right. And it is too bad the Rod and Gun Club is not built now so the folks could enjoy the swimming pool every day and night.

If some of the Sanford people would keep their parkways planted to good lawns that city would almost be as beautiful as Orlando, but there are always some who by their negligence or lack of civic pride ruin the good their neighbor has accomplished. We have some of them, too.—Reporter-Star.

New Smyrna is coming. They have just organized a new band over there and we will bet a hat that the city will start growing with the band. You cannot have a live city without plenty of band music. You may think you can live without music but honestly, folks, without music we would all revert back to heathenism again. Music is the life of a city just as much as any other public institution.

Orlando is up in the air because freight rates are to be boosted on some 400 articles and lowered on a few in a new freight tariff sheet just made public. Orlando could save many thousands of dollars annually by putting on its own freight boats between Jacksonville and Sanford and hauling the freight by truck from Sanford and dumping it down at store doors.—DeLand News.

Or better still, move Orlando to Sanford. It is only a question of time until we have all of the Orlando folks here anyhow.

The beach is nice, yes. The mountains are nice, yes. But old Sanford is good enough for most of us and we are staying right by the old town and we intend to stay right by it. It is THE city of Florida.

WHY TRY TO MOVE THE ST. JOHNS RIVER? WHY NOT MOVE TO THE RIVER?

Since the dear COMMON CARRIERS (accent on the common) have tried to raise our freight rates with the sinister motive of eliminating water rates in competition it has startled the natives of the back country and Orlando with her usual pep and spirit has taken up the subject of digging a canal to the St. Johns river. This is not such a far fetched idea as one would suppose and the editor of the Herald when a resident of Orlando went into the subject fully and learned many things of advantage to the project. However, he decided to move to the river instead of trying to move the river to Orlando and we would suggest the same idea to the manufacturers everywhere who are living in the interior. Why spend all that money trying to dig a canal and have water where none exists now when you can move your plants to Sanford and get on the deep water?

Everybody is doing it. Sanford Chamber of Commerce is working night and day on facts and figures, answering letters of inquiry about Sanford as a wholesale and distributing center. We have the location and are ready to grant concessions to the people who want to start something here in the wholesale line or the manufacturing line or any other line. Sanford has the rates. Sanford will get the people. It is only a question of time when the distributors of all the inland towns near here will move to Sanford. With all due respect to the tourists towns and other towns with advantages the old town of Sanford has advantages that few towns possess and we will get the business in the future.

Another man in Orlando advanced the idea of starting a truck line to Sanford and get advantage of the rates. Fine business if you use the right kind of trucks. If they are too heavy and tear up the Seminole county roads or the Orange county roads or any other roads—pouf, out goes the trucking line.

The river is here. The lower rates prevail at Sanford. We have the locations for factories. We are growing every day. We have everything you need here for fruit factories, jelly factories, canning factories, furniture factories, foundries, machine shops, any line of business or manufacture. Come to the river. The river will not come to you.

DIVIDING FLORIDA

The Tribune, after a careful study of the past and present history of Florida, and a look into what the future promises the peninsula part of the state, believes it should be divided, for the good of both north and south Florida. It bases its belief on the following facts: Florida, south of a line drawn across the state on the parallel of 29 degrees, and 40 minutes—just above Matanzas Inlet on the eastern coast and Dead Man's Bay on the western coast, pays 85 per cent of the state taxes. Florida north of that line receives 90 per cent of the political preferment and tax money.

South of the line the people believe in bonding themselves by county and district for their roads and bridges and schools; north of that line they want the state, as a state, to do it.

Representation in the legislature was fixed years ago, before the southern part of the state had a population to be worth anything. The growth of the southern part has been no incentive to the legislature controlled by north Florida to divide representation with us.

When the last legislature passed the reapportionment resolution it was only after the apportionment program had been so carefully prepared as to save to north Florida a working majority in both house and senate, so that if it is adopted by the people South Florida will still be at the mercy of the rest of the state in legislative determination.

When South Florida began to urge the matter of a fair representation or capital removal, the answer was the bill to add to the present capitol at Tallahassee, in the belief that if they could get that done the people would not move the capital after so large a sum had been spent on its improvement.

The Tribune is loath to take this step because it is proud of the old traditions and the past good name of Florida as a whole. But The Tribune feels it would be recreant to the trust imposed in it by the people of peninsula Florida to see that they get a square deal in the matters of state import, if it did not assist them in getting that square deal through the only means that appears to be left.

It is almost as far from Ocala to Tallahassee as from Ocala to Key West, and it is more than a full day's journey to either from Ocala. The distance to be traveled by the greater

number of Floridians to reach the state capital is so great as seriously to interfere with their going as often as business requires them. It is over five hundred miles from Fort Myers to Tallahassee by the common rail route. It is nearly seven hundred miles from Key West to Tallahassee. With the state divided at or about the parallel of 29 degrees 45 minutes, no part of north Florida would be more than 150 miles from its capital, and every south Florida point, save Key West, would be within 150 or 175 miles of a centrally located capital city.

From every standpoint, then, it appears to be wise for the state to be made into two. Then each could go ahead and develop along its own lines of widely separated ability. Each would legislate as needed for its peculiar needs, and each would be able to advance along the lines best suited to it.

The division idea has already spread to many sections of the state, and the leading papers in many parts are announcing their demand for division. The Miami Herald declares that "Loyal as we may be to the whole state of Florida, yet the history of the past twenty-five years indicates beyond the peradventure of a doubt, that political control lies in the northern counties of the state," and it says that it will continue to lie there. It points out that the bulk of the tax money is gathered from southern Florida and spent in northern Florida, and that "the two sections have entirely different interests and entirely different views as to progress." The Palm Beach Post says: "South Florida certainly will not quarrel with this statement of the case," and that "even a woolly lamb cannot what to expect after a while when it sees the sears so often coming to him," and that South Florida knows now it will never get anything "for its valuable fleece."

The Mami Metropolis declares that south Florida will continue to "pour its taxes into the big end of the horn and receive benefits from the little end until the southern portion of the state goes into business for itself and spends its own money." The Sanford Herald declares state division will be talked this summer, and this winter and until the legislature meets again, and "South Florida legislators will go

to Tallahassee pledged to have state division and nothing will stop them—not even the improvements to the old capitol."

Even the Pensacola Journal approves division, for it says: "The Journal believes that it might be well for South Florida to become a separate state. Florida—the Florida where all the history of the state has been made (?)—would not try to hold back the southern section of the state from any advancement, and if the people of South Florida feel they should have a separate government this section of the state will not oppose the move."

The Tribune, therefore, calls on the counties of Southern Florida to prepare for the necessary action to bring about division into North and South Florida. It will take some time, for it must be done along certain well defined lines, and has to have the consent of both Florida as a state and the federal congress. But with both sides agreed that division is for the best interests of state and federal advancement, there should be little difficulty in accomplishing the deed.—Tampa Tribune.

THE LONG DEFERRED VACATION

A New York man is taking his second vacation in fifty years. Forty-two years ago, when he was married, he and his wife took a honeymoon trip to Albany. Now they have gone to visit relatives in Rhode Island for two weeks.

It is a great adventure. It may be doubted, though, whether the vacationist is really enjoying it. He is probably restless and dissatisfied, and wishes he were back on the job. Every business day for forty-two years he has opened the shop at 6 a. m. and closed it at 5:30 p. m. On Sundays he would drop in to see that everything was all right. He might have had a vacation every year, his employer says, but he never cared about taking one. He is 72 years old now. It is hard to change one's habits at that age.

The man is still an employe, it will be observed. Very likely he would still be working for somebody else if he lived a hundred years longer. New ideas, ambition, the vigor and originality required to make a man start out for himself, seldom come to the man who plods along day after day and year after year in the same old routine, with never a break.

The best thing about vacations is not the mere physical rest or exercise or change they bring, but the way they shake up the mind and reveal to a man or woman different possibilities of life and achievement.

The man who waited forty-two years for his vacation is all right, in his way. But suppose everybody lived that way. America would soon be like China.—Pensacola News.

SOMETHING TO THINK OF

With the legislators telling how they have changed position on the no-fence question since they saw and felt the operation of the iniquitous lobby maintained by the range men during the last session, how about getting that information into concrete shape to lay before a few grand juries and break up this thing?

From county after county has come the statement that "Senator Soanso, or Representative Cleanman, states that having observed the power and corruption of the lobby maintained in Tallahassee during the session by the opponents of the no-fence movement, while they have been opposed to legislation along that line in the past they are now strongly for it and will assist in the passage of such laws as may be needed next term."

Now, these statements mean one of two things: either that the spokesmen are lying like gentlemen in the expectation of saving their hide in another election, or they are in real earnest and have seen something that they know is too bad for keeping up in Florida.

If they are lying, the people will find out between now and the next primary. No candidate can announce himself two or three years in advance of an election and track a straight path in the matter of pledges and promises. Sooner or later those glib talking politicians will tell some man on the opposite side that "confidentially, I am against this thing, and you can depend on me opposing it," and this man on the opposite side will pass it around among his set, and in every set there are one or more who are "lanky of tongue and pen, whose dam was a clucking Kutuck hen," and the voters will know all about it in time to put the gaff in the proper place.

If they are in real earnest, then it behooves them as men and sworn officials of the state of Florida, to give the information that will lean to the apprehension of the men who have fouled the name of the legislature and have sought to corrupt the personnel of the commonwealth's law making body.

We started an investigation to find out if the former governor of this state was as crooked as report said he was, and it was started on account of the rumors and the "they say" that would not be silenced. If we hesitated not to investigate the head of the state government, why should we hesitate to look into the many rumors and statements concerning a corrupt and powerful illegal lobby maintained by a class of the citizenry of this state?—Tampa Tribune.

In Circuit Court, Seventh Judicial Circuit in and for Seminole County, Florida, in Chancery

CITATION

Isaiah Corker, Complainant, vs. William C. Corker, Defendant. To William C. Corker, 517 North Main Street, Bridgeport, Connecticut.

It is further ordered that said notice be published in the Sanford Herald, a newspaper published in Seminole County, for four consecutive weeks.

Witness my hand and the seal of the above stated court on this 30th day of June, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court.

THOS. E. WILSON, Attorney for Complainant. 46-50c

In Circuit Court, Seventh Judicial Circuit in and for Seminole County, Florida, in Chancery

CITATION

James M. Trammell, Complainant, vs. Maggie Ansett, Trammell, Defendant. To Maggie Ansett, Trammell.

It appearing from an affidavit filed in this case that the residence of the defendant is unknown; that it is the belief of the plaintiff that the defendant is over twenty-one years of age, and that there is no person in the State of Florida the service of a subpoena upon would avail the plaintiff.

Therefore, you, Maggie Ansett, Trammell, are hereby required on the first day of August, A. D. 1921, to appear in the bill of complaint filed against you in this case, otherwise a default in your favor will be entered on said date and the said defendant shall be held to answer to the said bill of complaint.

Witness my hand and seal of the above stated court on this 30th day of June, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court.

JOHN G. LEONARDI, Attorney and Counsel for Complainant. 46-50c

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 37, GENERAL STATUTES, LAWS OF FLORIDA.

Notice is hereby given that V. T. Peters, purchaser of Tax Certificate No. 420, dated 10th day of July, A. D. 1915, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Four acres in square in NW corner Section 22, Twp. 28 N., Range 32 E., 4 acres. The said land being assessed at the date of the issuance of such certificate in the name of N. Rosenthal. Unless said certificate shall be redeemed according to law tax deed will be returned on the 6th day of August, A. D. 1921. Witness my official signature and seal this 1st day of July, A. D. 1921.

# SANFORD WILL FIGHT R. R. RATE INCREASE

CHAMBER OF COMMERCE WILL GET BUSY TO SAVE THE BUSINESS MEN AND THE FARMERS SOME MONEY

All Boards in Florida Will Fight the Increase to the Last Ditch—Woud Add Heavy Burden on Consumer and Shipper Alike

(From Wednesday's Daily)  
The Sanford Chamber of Commerce is in receipt of advice from the fourth section committee of southern carriers which comprises those railroads serving Florida points, to the effect that this committee, after a continuous session of several months, has substantially completed the revision of class rates and enclosed statements showing the present and proposed rates in which shippers of this state are interested. The proposed increases are from originating points at St. Louis, Mo., Norfolk, Va., Richmond, Va., Lynchburg, Va., Roanoke, Va., New Orleans, La., Mobile, Ala., Pensacola, Fla., Vicksburg, Miss., Natchez, Miss., Baton Rouge, La., Alexandria, La., Washington, D. C., Baltimore, Md., Philadelphia, Pa., New York, N. Y., Boston, Mass.

As an illustration of what these increases amount to, it may be interesting to note the rates as shown on the statement submitted by this committee, known as their committee report No. 13, section 4:

From St. Louis, Mo., to Sanford, Florida:  
Present. 1. .254 1-2. 2. 216 1-2. 3. 199. 4. 174. 5. 143 1-2. 6. 115. A. 95. B. 100 1-2. C. 85 D. 70 1-2.

Proposed. 1. 298. 2. 265. 3. 22. 4. 191. 5. 155. 6. 128. A. 104. B. 199. C. 80. D. 72.

Rates from other sections show a proportionate increase and virtually affect all portions of the state. A concerted action is now under way to fight these proposed increases and at the conference to be held in Atlanta during the week beginning July 11th Sanford will have a representative present. The traffic and transportation committee of the Sanford Chamber of Commerce has this matter under investigation and will be in a position to go before this conference in an aggressive manner. The secretary has been advised by other civic organizations in the state that similar action is being taken in their sections and from information at hand, Florida will have a strong representation at this conference to protest against these excessive rates. This is an inopportune time in view of the wage reductions made by the railway labor board to attempt rate increases for the fact that the California and western shippers have succeeded in securing reductions on all commodities. With the proper spirit of co-operation throughout the state, the shippers in Florida should be able to demand the same recognition as is accorded their contemporaries in the west.

### NEW BOOKLETS RECEIVED.

Secretary Pearman has received several completed copies of the new booklet and has been advised by the Record Company that the remainder will be shipped the latter part of this week, at which time those business men who desire a few copies to send out of town can secure them upon request. It is particularly urged that extreme care be taken in distributing these booklets and that only those who are likely to be interested in this section be given copies. These booklets were not printed for promiscuous distribution, but are intended to supply information for those who write for it. The publicity committee of the Sanford Chamber of Commerce has expended a great deal of time and effort in the compilation of these booklets and they are confident that the results as shown in the completed booklets will meet with the approval of all.

### HAVE YOU SECURED YOUR SIGN?

All Sanford cars should be tagged. Every automobile in Sanford should be a rolling advertisement of this city. Other cities in the state consider this a valuable medium of publicity and the citizen of a community who is chock full of civic pride neglects no opportunity to boost his home town. A good example can be taken from the baseball fan who roots for his home team and our citizens should be imbued with the same spirit and boost for his home town. Buy a "SANFORD" sign for your automobile, if you have not already done so. Sanford has never had the reputation for doing much advertising. The only

publicity we can hope to receive is that resulting from efforts we expend either individually or collectively. Already favorable comments have been heard at the Beach when a car with a Sanford sign has been seen there. One very favorable remark was to the effect that "they are sure getting the boosting spirit in Sanford." This remark was occasioned by the person noticing the Sanford sign on a car parked on the beach. The members of the Sanford Chamber of Commerce should be the first ones to buy these signs as this is a chamber of commerce movement.

### Orlando Will Have Million Dollar Hotel Chamber Com. Lot

A million dollar hotel, 10 stories in height, covering a plot of ground 140 feet on Orange avenue, by 100 feet deep, comprising the present site of the Orlando Chamber of Commerce, and 50 feet on the avenue, by 100 feet deep on the Hilpert property, lying to the north and adjacent to the Chamber of Commerce lot, with 240 rooms, equipped as one of the most modern hotels in the south, will be erected, work to be started within 60 days, was the startling information divulged at today's meeting of the Chamber of Commerce.

The information was given out by Paul T. Davis, representing Mr. J. F. Ange and associates which Mr. Davis explained included several multi-millionaires. The present site of the Orlando Chamber of Commerce was purchased by Braxton Beacham several months ago, when it was rumored Mr. Beacham would shortly begin the erection of a seven-story office building. The information given out by Mr. J. F. Ange to a Reporter-Star representative immediately after the Chamber of Commerce meeting, was that he and his associates had closed a deal with Mr. Beacham for the property at a price of approximately \$600,000. Mr. Ange also stated he had purchased from Mr. Charles Hilpert 50 feet on the avenue at a cost of \$600.00 per front foot. Mr. Ange said the hotel would be financed by the Orlando Mortgage & Loan corporation of which he is president. "Not one dollar's worth of stock will be put on the market in Orlando," said Mr. Ange. "This undertaking will be with outside capital."—Orlando Reporter-Star.

### HUTCHINSON-NOBLES.

(From Tuesday's Daily)  
A wedding that came as a surprise to the many friends of the young couple yesterday was that of Miss Miss Lela Estella Hutchinson to Mr. Harry B. Nobles which was solemnized at the Congressional parsonage at 1:00 o'clock, Rev. Durhans officiating.

The bride was a girlish figure in a pretty frock of midnight blue georgette, fashioned in simple lines over silk, with a touch of colored embroidery on the bodice. With this was worn a large black net hat finished with jet and a wreath of flowers in a French combination of colors. Black satin pumps and black silk hose completed the charming costume.

Mrs. Nobles is the youngest daughter of Mr. J. A. Hutchinson and has lived in Sanford from early childhood. She is a graduate of the Sanford high school, having made the annual honor roll from first primary to senior graduation, and is a prepossessing and lovely young girl.

The groom is the son of Mr. and Mrs. R. B. Nobles of West Palm Beach, who for many years has been the head of the composing room of the Tropical Sun, but is now the superintendent of the Florida Baptist Witness at Jacksonville, Fla.

Mr. and Mrs. Nobles left in the afternoon in their car for Jacksonville, making a leisurely trip, stopping over at Daytona and St. Augustine for a few days.

A large circle of friends in Sanford and West Palm Beach unite in cordial wishes for their happiness and prosperity.

The marriage of Mrs. Nobles makes the third wedding in the family of brothers and sisters within three months.

## PERSONAL NOTES

(From Wednesday's Daily)  
Roland Reed, of Geneva, was in the city yesterday.

George Levinge of Longwood is in the city attending court.

Hon. Forest Lake has returned from a business trip to Jacksonville.

W. C. Satcher and W. A. Entzinger of Longwood are among the visitors to the city to-day.

J. C. Spinks, S. W. Swope, W. J. Lawton and E. A. Farnelle, of Oviedo are attending court today serving as jurors.

Mrs. Roy Symes and Mrs. R. J. Holly were over from the beach to-day.

Mrs. Symes came over to attend a social affair and Mrs. Holly to bid her son, Robert, good bye as he is leaving for Hendersoville for two months. They returned to the beach this afternoon late.

F. B. Ballard, of Altamonte, is in the city today on court matters.

Enoch Partin, one of the prosperous truck growers of the Wagner section is in the city attending court.

Judge Wilson, of Marianna, is among the prominent visitors to the city. He is holding the special term of court for Seminole county and his Sanford friends are glad to have him here for the term. Judge Wilson is one of the prominent jurists of the state and is known far and wide throughout west Florida and adjoining states.

Harry Ward was over from Daytona Beach to-day on business and reports the fishing fine.

E. B. Brown, state sales manager of the Virginia Carolina Chemical Co., of Jacksonville, is in the city for a few days and his many Sanford friends are giving him a warm welcome.

Mr. and Mrs. Martin McDaniel of Bunnell, who have been the guests of their parents and friends here for several days have returned to their home. Martin is a former employee of the Herald Printing Co., and is now with the newspaper at Bunnell where he is making good. His many friends here are hoping he will return to Sanford some time in the future to stay. Mrs. McDaniel as Miss Susie Brown was one of Sanford's popular young girls.

Mr. and Mrs. Raymond Key leave this afternoon for Chicago, going from there to California and other places of interest in the West. They will be away about six weeks. Mrs. A. D. Key accompanies them to Jacksonville, going from there to Hendersonville, where she will spend some time with Mrs. C. R. Walker. Alton Gunter, of East Third street, has gone to New Smyrna, where he will be the guest of his uncle for two weeks.

Mr. and Mrs. R. L. Christenberry, who recently moved here from Lakeland, are spending several days in Lakeland.

W. V. Wheeler and Porter Pitts motored over to Daytona Beach where they spent the evening very pleasantly.

J. G. Ball motored to Kissimmee yesterday where he was the guest of his daughter, Mrs. W. J. Steed, returning home this morning.

Mr. Crenshaw, who is with the Volle Williams' Garage, has gone to Madison, Fla., where he will spend several weeks.

W. S. Stockton, of Palatka, was here yesterday calling on local customers.

Donald G. McKay, of Kissimmee, real estate dealer, was here yesterday on a business mission, stopping at the Montezuma.

S. F. Schemer, of Jacksonville, was a business visitor here, registering at the Montezuma.

W. S. Slocom, of Orlando, was in town yesterday transacting business. While here he made his headquarters at the Montezuma.

### SELECTION OF SITE FOR THE NATIONAL MOOSEHEART HOME UP FOR DISCUSSION

TOLEDO, June 29.—Selection of a site for the National Mooseheart home is up for discussion at today's session of the thirty-third annual convention of the Loyal Order of Moose in session here. The decision is not looked for, however, until after the convention adjourns Friday and reconvenes at Mooseheart, Ill., Saturday. Several Florida cities are in the contest for selection as a site for the home.

A Bigger and Better Aluminum Wear Sale on July 6th, 9 to 12 a. m. 4 new style pieces, and a bigger assortment to select from. Any piece, \$1.49.—Yowell Co. 82-e.o.d.-tfc-&w

"I Wouldn't Go Camping Without Rat-Snap," Says Ray White  
"Wife and I spent our vacation camping last summer, smell of cooking brought rats. We went to town, got some RAT-SNAP, broke up cakes, but it outside our tent. We got the rats alright—big fellows." Farmers, storekeepers, housewives, should use RAT-SNAP. Three sizes: 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

## CLASSIFIED WANT ADS

CARPETS AND RUGS WASHED AND CLEANED at your home or we will call for and deliver.—Hamilton-Beach Electric Carpet Washers used. Phone 560, 317 East First Street. 82-6tp 46-2tp

### TURCO-BOLSHEVIK PLOT LOOMS LARGE ON THE EASTERN HORIZON

(By The Associated Press)  
CONSTANTINOPLE, June 29.—Turco-Bolshevik plot of vast proportions discovered by Allied authorities here, it was announced today. Numerous arrests have been made including the alleged ring leader of the movement, a man named Augenblick.

### You Guard Against Burglars, But What About Rats?

Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

## Announcement of A New Sport Car

THE LARK is the finest interpretation of the sport motif ever presented. It introduces next year's style vogue many months in advance. It is a refreshing advance over unchanged, re-priced cars. It is offered in a variety of unusually clever color schemes, with upholstery to harmonize. For the first time the famous Ansted Engine, formerly offered only in Lexington models ranging up to \$4250, is now available in a car of moderate cost. The reasons that this is possible are the reasons why you can get greater value for your investment in a Lexington today!

# GRASSES OF SEMINOLE COUNTY

By W. F. BLACKMAN, The Wekiwa Ranch  
Former President of The Florida State Live  
Stock Association

The grass is the life of the world. Lying next to the earth it transforms the dead elements of soil and air into food for the beasts of the field and through them for man, "All flesh is grass."

The country that has nutritious and palatable grasses, and that grows an abundance of livestock—cattle, sheep, swine, horses, fowls—is always prosperous.

What about the grasses of Seminole county?

Two varieties are most in evidence, wire-grass on our uplands, and switch-grass on our moist prairies. Both these grasses have a certain, but not great value; when young and tender they are relished by livestock, when mature they are tough and unpalatable. It probably requires fifteen or twenty acres of these grasses to support a single cow or steer; it is entirely possible to replace them with grasses which would carry one head to the acre, more or less.

What are these other grasses, and how can they be introduced and propagated?

Happily, there is no lack of such grasses—I mention about a dozen species, and there are many more: Bermuda, joint-grass (otherwise known as Fort Thompson grass), carpet-grass, Maiden-cane, Para grass, lespedege or Japanese clover, sweet clover, bur clover, black medic, Napier grass, and Merker grass. All of these splendid grasses are well adapted to the vast areas of flatwoods and prairies of Seminole County, and a number of them, both native and introduced, are already here, in great abundance.

Bermuda grass and Maiden-cane are fervently detested by our truck-growers, but the wonderful vitality which makes them such a nuisance in the garden is the very quality which gives them value in the pasture. Like St. Paul, they "take pleasure in

adversities" and thrive best when occasionally vexed by plough or harrow.

Carpet-grass (to be distinguished from somewhat similar species by its flat stem and rounded blade) will run out Bermuda, comes earlier in the spring and stays green longer in the winter, and spreads rapidly wherever a fair chance is given it.

Joint-grass is like a bigger and perhaps better Bermuda; it is already abundant in places on the St. John's prairies; it is not injured by overflows, it seeds profusely and roots from the joints, and swiftly covers the ground with a thick mat of verdure wherever space is given it. Destroy the coarse and woody switch-grass on the prairie by persistent use of fire and mowing machine, and both joint-grass and Bermuda will take its place, making the finest pasture, I think, that can anywhere be found. I have myself grazed more than two head of cattle to the acre on a prairie pasture improved in this way.

And if nature is too slow, keep the cattle off from a fenced area of Bermuda and joint-grass until they are a foot high, cut them with a mower, and disc the stalks into the soil where the switch-grass has been destroyed. They will take root and spread with wonderful rapidity.

The same method may be employed in propagating Para grass. This noble grass, whose runners grow ten or twenty feet in length and root at every joint, may be seen in a number of places about Sanford; it makes the finest of pastures and the best of hay; its only weakness is its tropical tenderness when freezes come.

Napier and Merker are fine as a soiling crop, to be cut and fed in the stall to milk cows or other animals, or for the silo. I have grown Napier grass eighteen feet tall on

common flatwoods land without fertilizer, yielding a prodigious amount of forage.

I am also experimenting with four clovers—lespedega, sweet-clover, bur-clover and black Medic—and have good hopes concerning their adaptability to our conditions of soil and climate in this county. These clovers gather nitrogen from the air and build up the soil, as does that other fine legume, the Florida beggarweed which thrives in this region, and ought to be grown more generally.

For our pinelands, carpet-grass is probably the best of all the grasses for pasture. When the rainy season is on, burn a certain area of wire-grass, loosen the soil with a disc harrow, sow carpet grass seed sparingly, and then keep down the returning wire-grass either by close grazing or by the mower; and you will soon have a pasture fully equal to the finest blue-grass in Kentucky. Such pastures can be seen by anyone interested at the Wekiwa Ranch, near Lake Monroe.

This, then, as I view it, is our task in Seminole County—to replace the two grasses whose coarse, fibrous and innutritious blades now cover nearly all our area with grasses equally persistent and luxurious in growth, and infinitely more palatable to livestock and rich in feed value.

But this will take time, trouble, toil and money! Very well, what good thing doesn't?

Seminole County can have as fine pastures and meadows as there are in the whole world, if she wants them and is willing to pay for them, and superbs herds of pure-bred and high grade cattle and other livestock, raised here more cheaply and profitably than in the North, by reason of her long growing season, her genial and healthful climate, and her abundant pure water.

But the open range and the cattle-tick must go.

**FREE**

214 E. First Street

**J. M. DRESNER** SANFORD FLORIDA

## NO MORE OUTRAGES TO BE COMMITTED AT DAYTONA

OFFICIAL FROM KU KLUX KLAN HEAD-QUARTERS SAYS THAT MEMBERS NAMES WILL BE GIVEN.

They Have Acted in a Manner That Will Not Be Tolerated by The Official Klansmen, So Says Official From Headquarters

The following is from the Daytona Journal of yesterday:

"That there will be no more outrages in this community which can in any way be attributed to the Ku Klux Klan, and that that organization will aid the officials in apprehending guilty members and punishing them for past performances was the pledge made by an official of the Klan from Atlanta which the Journal is requested to publish.

A high official of the Klan has been in Daytona investigating and he has apparently arrived at the same conclusion reached by the general public—that the Ku Klux Klan in this community has fallen into the hands of a bunch of thugs who are committing outrages which neither the Klan nor any decent community will tolerate.

The pledge is made that at the conclusion of the investigation the names of the guilty Klans-

men will be published, the charter of the local Klan revoked and "the guilty properly punished under the laws of Florida."

The pledge is further made that there will positively be no "whitewash" of the guilty members—they will be driven from the Klan, exposed and punished.

With this pledge from headquarters and State Attorney George DeCotte's hot on the trail of the criminals, the band of cowardly thugs who have attempted to terrorize this community can read their finish in the not far distant future. Assuming that the Ku Klux Klan as an organization will live up to its pledge and not make a "whitewash" of the affairs here, there is every probability that the guilty gunmen will land in the chain-gang, and no amount of newspaper propaganda designed to obscure the issue—always a favorite resort of criminals—will avail to save them.

## Another Building For First Street Business Section

LEE BROS. WILL ERECT A TWO-STORY BRICK CORNER FIRST AND ELM.

(From Friday's Daily) Sanford is growing every day. This is apparent to those who have been away and come back to note the marvelous changes being made in the face of Sanford. This applies to the residence section as well as the business section.

Among the many business blocks contemplated in Sanford is that of the Lee Brothers that will be built at the corner of First street and Elm avenue. The building will be two-story and built of brick, making them a permanent home for their plumbing and hardware business. The second floor will be made into apartments and will be up to date in every respect.

Lee Brothers are among the new residents of Sanford, but are firmly located and believe in the future of the city. They have made good here and they intend to help build up the city of their choice.

## CONGENIAL CROWD AT CAMP HIGHLANDS

(From Saturday's Daily) One of the most delightful weeks was spent last week by a party of young people under the leadership of Mrs. W. D. DeCoursey and Mrs. A. C. Williams at Big Crystal lake.

The camp was the third given and was probably the most delightful one in the past three years. The party left on Monday and returned on Saturday, camping on the grounds lately bought by Mr. Fred Williams of this city. Bathing and boating were enjoyed, as well as numerous hikes about the country. Many visitors came out and had supper with the campers every night and everyone had a fine time.

Better chaperons than Mrs. De Coursey and Mrs. Williams will be hard to find and the week will not be forgotten soon by those who were members of the camp.

The regular campers, were: Mr. Ed Henderson, Arthur Gatchel, Koma Whittle, Charles Henderson, Neuton Stenstrom, Newton Lovell, Burke Steele, Brenton Crenshaw, Herman Steele, Master George Steele. Misses Ruby Roy, Carrie Stanley, Virginia DeCoursey, Mamie Steele, Mamie Kate Williams, Rose Gallegar, Mrs. Herman Steele and Alice DeCoursey. Chaperons: Mrs. W. C. DeCoursey and Mrs. A. C. Williams. C. T. H.

When the cashier informs his intimates that he can't get along, he probably means that he is short.

666 cures a Cold quickly.

## AMERICAN LEGION NOTES

(From Monday's Daily) There will be no more meetings of the Campbell-Lossing Post, American Legion, until the second Thursday in September. There are so many of the members taking their vacations

and Thursday afternoons are taking so many of them out of the city that it was thought best to cut the meetings altogether until early fall. Do not let the vacation dampen your ardor for the Legion, however. You are given the respite with the idea that you will return in the fall refreshed and ready to tackle the many big problems that confront the national body and the home camp. There are many big things that Campbell-Lossing Camp must put over this winter and we want you to be studying out ways and means this summer even though we are having no meetings. Talk about the Legion and think about the Legion every day.

## Thanks to the Minstrels

Upon behalf of the American Legion Campbell-Lossing Post, I wish to thank Manager Lane and all those who took part in the Minstrels last week. Despite the hot weather and the fact that so many were out of the city the Post made a nice sum out of the performance.

L. F. ROPER, Post Commander.

## CECILIAN CLUB

(From Monday's Daily) The Cecilian Club program opened with a general discussion of "Current Music Events," which was both enjoyable and instructive. The piano selections covered:

- Cradle Song ..... Pfferkorn
- Hazel Hand ..... Krug
- Walse of Forest Sprites ..... Krug
- Hazel Packard ..... Krug
- Old Clock ..... Newton Swift
- Eleanor Hawkins ..... Micheneux
- Caroling Bird ..... Micheneux
- Nizsie Stone ..... Rathburn
- Hungarian Dance ..... Rathburn
- Mrs. John Abrahms ..... Ryder
- Bagpipe ..... Louise Fields
- May Zephyrs ..... Low
- Louise Thrasher ..... Cadman
- In an Alabama Cabin ..... Cadman
- Elizabeth Whitner ..... Mathilde Bilbro
- Merry-Go-Round and Waltzing Elf ..... Margaret Giles
- Ding-dong-dell ..... Julia Higgins
- Character Dance ..... Bohm
- Ruby Hart ..... Newton Swift
- Japanese Doll ..... Newton Swift
- Carmen Guthrie ..... Godlier
- Gavotte ..... Pearl Robson
- Walse Chromatique ..... Madeline Malam

## TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

## LEGISLATION MIGHT BAR WOMEN FROM THEIR SMOKES

REP. JOHNSON FEELS HIS BILL FOR DISTRICT OF COLUMBIA WILL EVENTUALLY PASS

WASHINGTON, June 28.—"It will not become a law in the next few days, but it will be a law in the no distant future," was the confident prediction yesterday by Representative Johnson (Dem., Miss.) as to the fate of his bill to prevent women from smoking in public places in the District of Columbia, following a day during which he tried to read the flood of letters the postman poured into his office. The desks were covered by the mail which Mr. Johnson said, "amounted to something like two sacks full."

"I have some strong support behind this proposition," he continued. "I don't treat the matter lightly. I am very serious." Two organizations whose names he would not divulge, are ready to back him, and hearings will be held.

## VOLCANO OFF SICILY BURSTS OUT AGAIN INHABITANTS FLEEING

(By The Associated Press)

ROME, June 28.—The volcano of Stromboli, on Stromboli island, off the northern coast of Sicily, burst into active eruption today and the people are abandoning their homes and fleeing to Sicily.

## WESTMINSTER CLUB

(From Tuesday's Daily)

Mrs. John C. Smith and Mrs. D. C. Marlowe entertained the members of the Westminster Club very delightfully yesterday afternoon at the home of the latter on Seventh street. The afternoon was pleasantly spent sowing for the bazaar to be given this fall. Refreshments of orange ice, white cake with orange icing and orange crush was served by the hostesses. There were about fifteen members present at this meeting.

With every dollar's worth of groceries. You buy from us. You get one pound of best granulated sugar for 5c. Cates Crate Co. Phone 181. 40-1fr

"Head-IT-OFF"—ENERGIZE—NOW.

FROM THE bees, and see. WHAT HAPPENS." Bill admits. BEES HAVE their mean points. SO THEN I pull. THE GOOD old package. WITH THE fourply wrapper. INCLUDING GLASSINE paper. ALMOST LIKE beeswax. THAT SEALS in the flavor. OF THOSE wonderful tobaccos. AND BILL helps himself. FREELY AND says, "Quite so. NOBODY EVER gets stung. ON "SATISFY" cigarettes."

OPEN your Chesterfield package at the top only. Don't tear off that glassine wrapper. It's put there to keep those wonderful tobaccos always firm and fresh, in exactly the right condition for smoking. Another reason why Chesterfields always satisfy.

BILL PROBABLY read up. IN THE kid's school-book. ANYHOW HE gave me all THE LATEST news on bees. HOW THEY sit around. AVOIDING THE skunk cabbage. AND ONLY picking on. THE QUALITY flowers. WHERE THE nectar grows. BRING HOME the bacon. TURN IT into honey. AND SEAL it up with wax. TO PRESERVE it for. A LIGHT snack later on. AND BILL says. "AIN'T NATURE wonderful." AND I say, "Yeh. BUT JUST buzz in. TO GRAB some honey."

## Bill got the point too quickly
