Baseball Records Increase 25% In 1944 Over 1943

By CHIP ROYAL.
AP Newsfeatures Sports Editor
NEW YORK — Baseball in 1944 wasn't up to its usual standards but you can't prove it by the records.
Attendance increased 26 per cent over 1943, the highest since 1940 when an all-time mark was set. Fifteen major league records were broken in the two circuits while 14 others were tied.
Both the American and National Leagues had terrific battles for the "batting crowns." Dixie Walker copped the senior loop honors with a neat 357 average while Lou Houdeau, manager of the Cleveland Indians, was the best in the junior circuit, hitting .327.

A GERMAN SOLDIER sprains lifeless at a street corner in Stavelot, Belgium. He is one of hundreds who died battling for the town that stood in the way of the German breakthrough. Stavelot is now in American hands. U.S. Army Signal Corps photo. (International-Soundphoto)

The American League held most of the interest during the season because of the pennant fight between the St. Louis Browns and the Detroit Tigers. The issue was in doubt up to the last day when the Missouri won their fourth straight game from the Yankees, and the go-falou.

For the first time in the history of baseball the Mount City had the World Series all to itself with the Cardinals repeating in the National League by 14 1/2 games. The annual Fall classic went six games with the men of Billy Southworth on top—as was expected.

The season was full of surprises. In the first place, the Browns weren't given a tumble as pennant contenders in the American League while the Cardinals were rated about 30 games ahead of the field in their circuit.

Jim Tobin of the Boston Braves and Clyde Shoun of the Cincinnati Reds were supposed to be on the way out, yet Tobin pitched two no-hit, no-run games, one for five innings, and Shoun, hurled one. The strange part of it all was that Tobin lost the game Shoun won. Chuck Allen's homer won the game, 1-0.

While on the subject of pitching feats, Ed Heuser of the Reds, for the first time in his career, led the National League hurlers in earned runs with a 2.36 per centage.

In the American League, Dizzy Trout and Hal Newhouser of the

"Big Bill" Henry Likes To Play With Tall Ones

By HAROLD V. RATLIFF
AP Newsfeatures
HOUSTON, Tex. — Bill Henry has a basketball teammate almost as big as himself and he's happy about the whole thing.
The giant Henry, all time scoring leader of the Southwest Conference now in his third season with Rice, looked warmly at Dan Davenport, another fellow of massive proportions, and quipped:
"it does me a lot of good to play against him each day. It gets me in the habit of working against big fellows like they always throw against me in a game."

Henry measures 6 feet 8 1/2 inches in basketball shoes and is the tallest player in Rice history. Davenport is one-half inch shorter. But Dan, who is only 18, ought to make that up by the time he's a regular on the Owl squad. He's still growing.
Two More Years
Henry, picked for All-America by the Helms Foundation last season, has two more years of eligibility at Rice but he plans to graduate next spring.

Bill looks better than ever this season. He's already maintaining the scoring pace he set last campaign when he rolled up 348 points in 20 games, an average of 17.4 per game. Master of the pivot shot, Henry logged in 246 points in 12 Southwest Conference games to set the all-time record. He also set a single game mark, 41 points against Texas A and M.

Couch Joe Davis says Bill would have made the record even higher had he taken all the shots that came his way. "He'll pass to teammates many times when he could make the goals himself," Davis says.

There are several reasons why Henry should come out in basketball career in the pro ball.

baseball commissioner since 1920. Of the record breakers, Mel Ott of the New York Giants, Bill Nicholson of the Chicago Cubs, Ray Mueller of the Reds, Boudreau Rudy York of the Tigers and Frank Hayes of the Philadelphia Athletics stood out above all others.

But, the baseball player of the year, and the man who proved himself most valuable was the veteran Marty Marion of the Cards. State, as most of the fans know him, was unbeatable on all counts. He fielded sensationally, and won more than one game for the World's titleholders with his timely hits. In short—and at short—Marion is the champ of champs.

German Forces Begin Retreat From Ardennes

Americans Drive Thru Snowbanks To Within Three Miles Of St. Vith Highway

(By Associated Press)
On the western front German forces were reported retreating from the western tip of the Ardennes salient in what a staff officer said "appears to be the start of a measured step-by-step withdrawal."

On the northern flank Americans driving through five-foot snowdrifts pushed within three miles of the vital Houffalize-St. Vith highway.

Russian assaults within Budapest mounting hourly in fury, appeared to have cracked the core of German resistance there. British troops in Italy drove a German patrol back from the south bank of the Reno River, but elsewhere on that front severe weather restricted activity.

A field dispatch from Roger Greene of the Associated Press last night declared that the best 12 to 24 hours may provide the turning point in the great battle that began Dec. 16 when Von Rundstedt launched his surprise attack.

Rev. Daughtrey To Occupy Pulpit At Episcopal Church

The Rev. M. Colgate Daughtrey arrived Saturday from Newport News, Va. to assume temporary charge as rector of Holy Cross Episcopal Church, a post left vacant when the Rev. Frank E. Pulley left to become rector of Holy Comforter Episcopal Church of Richmond, Va.

Rev. Daughtrey, 44, at the present time pastor at the Valley Street Episcopal Church, Norfolk, Va., was in Paris when the war broke out. His journeys have taken him to the Holy Land, England, India, China and Japan and he has studied the comparative religions of different peoples of the world. He is a graduate of the University of Virginia, and attended Princeton University and Virginia Episcopal Theological Seminary at Alexandria.

At a vestry meeting in the Parish House Monday evening resolutions were passed by a Vestry Resolutions Committee which commended the Rev. Pulley for spiritual and physical development of the Parish, increased membership by young people and membership in the Young People's Service League, lifting of the church debt and mortgage, increased membership in all with-in the Parish from his sermons.

The resolutions went on to wish Rev. Pulley continuation of his good work in his new parish. His appreciation for his work in this parish, the committee was composed of Dr. R. W. Rupprecht, J. L. Ingle and R. L. Dean.

Tommy Mero Is At Monmouth College

It is quite a change of environment for Tommy Mero, who is now at Monmouth College, New Jersey, where he is attending college. Mero, who is a member of the U.S.N.R., has accomplished just that.

Due to his wish to receive pre-flight training, Mero, son of Mr. and Mrs. Jerry Mero, of Sanford, Fla., completed a year of service in the Pacific area, was sent for pre-flight training to Monmouth College, Monmouth, N.J. He recently wrote his parents that he was enjoying the college very much, especially the pretty coeds.

County Court Opens January Session

The January term of County Court was started at 10:00 o'clock Tuesday morning, with Judge H. C. Wade presiding, and a number of cases were set for trial.

Today, a jury was drawn, and the first case scheduled on the docket at 10:30 o'clock this morning was that of William E. Roth, charged with drunken driving, reckless driving and leaving the scene of an accident.

Scheduled for 1:30 P. M. today was the case of Jack Johnson, charged with "improper exhibition of a dangerous weapon." Thursday morning, the case is that of Henry McAllister, negro, charged with permitting an unauthorized person to operate his truck. In the afternoon, the case of Calvin Hagan, negro, charged with drunken driving, will come on for trial at 1:30 o'clock, according to O. E. Hardesty, county clerk.

CP Leader Killed

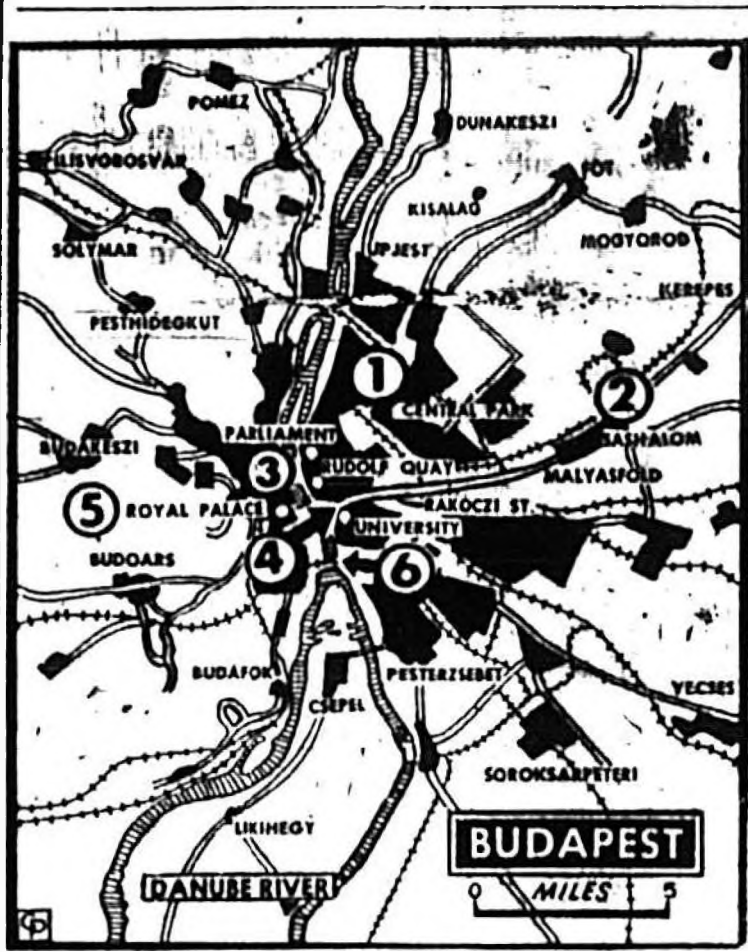

CPL. JOHNSON KILLED
Cpl. Gordon W. Johnson, Jr., of Orlando, was killed Dec. 15 in West Africa while serving as a flight engineer on a C-47 transport plane. It was Cpl. Johnson's first overseas trip with the Army Air Transport Command.

The son of Mr. and Mrs. Gordon W. Johnson of Orlando, Cpl. Johnson began his schooling in Orlando and attended schools in Georgia and Florida. Before enlisting in the service in May, 1942, he assisted his father in farm operations.

FLORIDA—Clear tonight with light temperatures ranging from 55 to 65 near the Georgia boundary to 50 to 55 near the Florida Keys, with frost in interior extending southward to the Ocala region. Tomorrow, light and variable winds.

Battle Midst Famed Landmarks

AS RUSSIAN AND NAZI PLANES tangle in combat over the flaming skies of Budapest, the Reds continue to make gains against German garrisons in battles fought around famed landmarks. Red Army units have won Central Park (1) in the heart of the city while Berlin admits that the suburb of Sasabom (2) has been lost. Russian units have fought their way to Rudolf Jozay (3) close to the Parliament buildings, one wing of which is reported to have collapsed. The fortified university (4) is surrounded and Rakoczi Street is in flames. Areas around the palace (5) have suffered from artillery fire while the Nazis have destroyed the railroad bridge (6) over the Danube in south Budapest. (International)

MacArthur's Forces Effect Landing On Luzon 100 Miles North Of Manila

Price Ceiling Is Placed On Cattle By Government

Draft Inductions For Next Six Months Will Be Doubled

WASHINGTON, Jan. 10, (AP)—The Government today slapped a flat price ceiling on live cattle. The action, widely opposed by stockmen, carried with it a move to double the draft inductions for the first six months of 1945.

Undersecretary of War Patterson told Congress today that inductions for the armed forces for the first six months of 1945 will total 900,000 men as a minimum.

On this basis the induction rate would be 150,000 men monthly, about twice the rate previously indicated for the early months of this year. Patterson urged quick enactment of national service legislation. He said it would shorten the war and minimize loss of life.

President Roosevelt nominated Adolf Berle Jr., former assistant secretary of state to be ambassador to Brazil.

CITY BRIEFS

L. E. Hauman, 1020 Fremont Avenue, today received word that his brother, Oscar Hauman, had died suddenly this morning at his home in Deland.

Lawrence Horton reported police last evening at 10 o'clock that his bicycle had been stolen from in front of the Rialto Theater. The bicycle was described as an Elgin, light blue with black trim, and having Sears Roebuck tires.

The Seminole County Board of Public Instruction will meet Thursday morning at 10:00 o'clock at the office of Supt. J. W. Lawton.

Report Of Seal Sale Given At Pilot Meet

Mrs. Mary Rawlins, chairman of the Seal Sale Drive for the Seminole County Tuberculosis Health Association, reported at a meeting of the Pilot Club held in the Hotel Mayfair last night, that a total of \$2,200 had been realized so far from the sale of the seals, with more to be accounted for.

During the business session, presided over by Mrs. W. L. Morgan, plans were made to turn the birthday fund into the Savings Stamp to be applied on a Bond for the club. Letters were read from the Elks Club for boys donated to the annual community Elks Christmas tree and from the Navy Dispensary for candles and cookies furnished during Christmas.

The resignation of Lieut. Janet McArdle, Superintendent of Nurses at the Sanford Naval Air Station, was accepted with regret.

Announcement was made of the Club's Fifth Birthday Anniversary which will be observed at the dinner meeting on Jan. 25, at which time secret Pilots will be revealed and new ones chosen.

Pvt. James E. Lee Is Safe In Belgium

Pvt. James E. Lee, son of Mrs. Annabelle Lee and Ernest M. Lee, Sanford motorcycle policeman, recently reported by the War Department as missing in action in Belgium since Dec. 17, has been reported safe, according to a letter just received by his father.

The letter, in Pvt. Lee's handwriting was dated Dec. 23, and stated that he was O.C. somewhere in Belgium, and for his father not to worry about him.

He added that he received a Christmas gift parcel from L.A. Desinger, owner of the Smoke Shop, but had not as yet found time to see the food stuff.

Today Mrs. Lee received a telegram from the War Department to the effect that Pvt. Lee, previously reported missing in action, had returned to duty.

Dr. Smith Is Elected Medical Society Head

Dr. J.A. Smith was elected president of the Seminole County Medical Society at a meeting held Tuesday at Fernand-Laughlin Memorial Hospital. Dr. Samuel Ferguson is the retiring president.

Other officers named were Dr. W.H. Garner as vice president and Dr. L.E. Dame, who was re-elected as secretary and treasurer.

Dr. Garner was elected as a delegate and Dr. Dame as alternate for the convention in April of the State Medical Society, which Dr. Dame said will probably be held in Jacksonville.

The Society adopted a resolution expressing sympathy to the family of the late Dr. E.D. Smith.

Navy Men Battle Flames On Bombed Carrier

The PHOENIX LAR STONE, an American carrier, was hit by the U.S. Navy from its fleet. The carrier was damaged by a Japanese plane which was shot down by the second battle of the Philippines, and the wreckage was part of a captured Japanese fleet. (Associated Press)

Serious Shortage Of Civilian Tires Reported By OPA

Warning Is Issued To Public To Preserve Present Auto Tires

A serious shortage of tires based on latest information from the OPA and from tire companies, was today predicted by Joseph P. Peterson, secretary of the Seminole County Tire and Rubber Board. Quotas on the sale of ready-made tires will be in effect by the end of the month, Mr. Peterson said.

I. M. Dyess, Jr. Had Nice Holiday

Even the boys on Oahu, Hawaii, had a nice Christmas. I. M. Dyess, Jr., a third-class carpenter, made in the Navy, to his home at 902 Maple Avenue.

Two Boys Arrested For Stealing Auto

Sgt. J.G. Gallup of the State Highway Patrol stationed in Orlando, yesterday intercepted two Orlando youths and is driving a stolen 1939 Ford Sedan on the road leading to the Big Tree at Longwood and brought them to the County Jail where they were held until Sheriff J.P. Hall of Green Cove Springs, Clay County could come to claim them.

The Ford was reported to have been stolen by the youths in Green Cove Springs. Suspicion of theft was directed toward the boys in Deland when they tried to obtain gasoline without gas coupons. State Road Patrol headquarters in Deland was notified and they radioed information about the youth which was received by Sgt. Gallup.

Proceeding north through "South Valley" on the Orlando Highway, Sgt. Gallup identified the Ford and the youths in it heading south from the radioed description. Just after he had passed the road leading to the Big Tree, he stated that when the boys saw him swing his car around, they turned in by the Big Tree road. After a short chase, he said, he cornered and arrested them.

Painter Is Trapped In Smoke-Filled Store

F.E. Ellsworth, a painter, found himself apparently trapped in the smoke-filled interior of the City Drug Store early Sunday morning, but was rescued by Dr. J.H. Teague, store owner, who arrived and unlocked the front door of the store, just as firemen were about to break it down.

Smoking insulation of a refrigeration motor was found to be causing the smudge. Dr. Teague promptly turned off the current leading to the motor and the smoking stopped.

A passing pedestrian, whose name has not been revealed, saw Mr. Ellsworth at the front door, frantically signaling for help, and called the fire department. Dr. Teague later pointed out the painter could easily have left the store by lifting a bar on the back door.

Lloyd Douglas' adult life was spent as a Lutheran minister until after he was 50 years old, when he wrote his first novel, "Magnificent Obsession."

Watt, called the inventor of the steam engine, did not invent it, any more than Gutenberg, and in the science of dead-reckoning navigation.

Watt, called the inventor of the steam engine, did not invent it, any more than Gutenberg, and in the science of dead-reckoning navigation.

Navy Knocks Out Jap Defense Guns And Safely Lands Huge Convoy Of 800 Ships

WASHINGTON, Jan. 10, (AP)—About 6,000 American civilians are still in the Philippines and officials here expect that they will be liberated when Luzon is freed.

The situation as to American prisoners of war is extremely unclear, however, and there is little hope that many of the men captured during the days of Bataan and Corregidor can be freed when General MacArthur's troops get back there.

The Japanese have been releasing many of the war prisoners in Japan, unofficial reports received by the State Department said.

(By Associated Press)
A powerful American invasion army pushed rapidly inland toward Manila today after an almost bloodless landing on Luzon Island Tuesday morning. Japanese soldiers deserted the meager beach defenses under a terrific three-day bombardment that knocked out all their coastal guns.

An 800-ship convoy, perhaps the greatest in the history of amphibious warfare, more than 1,000 landing craft, amphibious tanks, trucks and amphibious tractors, sailing toward the landing beaches, was seen as the (Continued on Page Two)

Mrs. G. A. Bailey Dies At Home Of Mrs. John Hodge

Mrs. Gertrude A. Bailey, wife of the late Freeman L. Bailey, died of a heart attack early Tuesday morning at the home of her daughter, Mrs. John F. Hodge, 112 Avenida Avenue.

Mrs. Bailey was born in St. Louis, Mo. Mar. 12, 1880. For the past 13 years she had resided in Daytona Beach until the death of her husband in September. She moved to Sanford.

She was a member of the Methodist Church and was a past president of the Eastern States League of Deland.

She is survived by her daughter, Mrs. J. F. Hodge, Sanford, and Mrs. J. W. White, Coffeyville, Okla., three grandchildren, Betty Hodge, Sanford, Lee Hodge, U.S.N. stationed in Indianapolis, Ind. and Artha Wolfe of Coffeyville.

Funeral services will be held Thursday at 10:30 A. M. at the Jackson Funeral Home with the Rev. J. A. Tull of the First Baptist Church officiating.

Order From Governor Is Read To Guard

The first general order from Florida's new Governor, Millard Thayer, was read to the members of the Florida State Guard, who were gathered at the Armory in Orlando today.

The order stated that the State Guard should be organized to insure national security.

The order further stated: "The State must look to a dependable armed force, representing power of the State's sovereignty, for assistance that civil authority will enforce protective laws in periods of unrest or disaster. It is reassuring to know that back of our laws and back of our courts there stands a loyal, trained, efficient militia ready, if necessary, to carry out the decisions of the duly constituted representatives of the people and to guarantee permanence and dignity to our government."

With the U.S. Armed Forces grabbing more of the local men since the new "work or fight" directive, the Florida State Guard now needs many new recruits to continue as an "efficient organization in this community," added Capt. Galloway.

Orlando Business Men Purchase Bank Stock

ORLANDO, Jan. 10, (AP)—A group of approximately 25 Orlando business men purchased all of the stock of the First National Bank, held by W. T. Hand, F. C. Langston, E. W. Yander and L. H. Morse Estate. It was announced yesterday by Linton E. Allen, the bank's president.

With this transaction every share of stock of the First National Bank becomes locally owned, at the preferred stock originally purchased by the Reconstruction Finance Corp., had been previously purchased by the directors of the bank, Mr. Allen said.

Among those purchasing the stock were Mr. Allen, W. J. Capehart, H. R. Cloud, Walter L. Hays, Wm. J. Mullin, H. M. Veeh, Herman Langford, Lt. Col. Wm. H. Dial, Akerman Dial and Akerman and approximately 25 others.

Mr. Allen also announced that the board of directors had recommended to shareholders, subject to approval by the Comptroller of the Currency, an increase in capital of the bank from \$200,000 to \$400,000, by the payment of a 100 per cent stock dividend. This will be effected by the transfer of \$200,000 from undivided profits and reserves to capital, Mr. Allen stated. The increase will be voted on by shareholders at a special meeting to be held Jan. 23. Shareholders of record as of the date of approval of the plan will receive without cost, one additional share of stock for each one share then owned.

At present the capital of the bank is \$200,000 and the surplus is \$400,000. After the increase the capital will be \$400,000 and the surplus \$400,000 with undivided profits and reserves of approximately \$150,000.

Girl's Shopping Dream Changes Into Nightmare

Passes Night Selecting Gowns, Furs In Store Then Police Arrive

NEWARK, N. J., Jan. 10. (Special)—A dream came true for Katie Greenley, 20-year-old Negro maid, of 91 Monmouth Street, when she shopped for nine hours in the ten-story Kresge department store, Raymond Boulevard and Second Street.

After a long stop in the beauty salon on the third floor, Katie wandered leisurely past the display showings, counters and racks on each floor to the roof and then decided to start back on the third, in the department.

There she passed an hour or more trying on the most expensive coats and, with difficulty narrowed her choice to two black Persian lambs priced at \$354 each. From furs she went to women's select, Stetson and repeated the process of posing before full-length mirrors in endless models until she could settle on there, a sequin gown, a sporty fur dress and a sports coat tagged at \$225.

"Pocketbook," said Katie next, and so sooner said than they were, she had selected her wardrobe. She picked a \$20 one for the sports outfit, a \$10 for the sequin gown, a \$10 for the sporty dress and a \$10 for the sports coat. As she passed counter on the first floor, Katie let herself be sprayed with many of the most exotic scents until, slightly dizzy, she settled for four \$25 bottles.

Katie's beautiful dress and outfit in the women's shoe department on the second floor, where an exhaustive search failed to turn up a pair small enough to fit her, but she seemed satisfied with a traveling case she picked up near by. Now, loaded with her selections, she returned to the beauty salon and sank into a chair to catch a breather.

When Katie awakened she was surrounded by six policemen who did not look so grim as they did when it was 3:15 a. m. today and Katie had been shopping all night. "We never had anything like this," she said. "I just wanted to see what it was like."

The prodigious and epilogue of Katie's beautiful dress and outfit in the women's shoe department on the second floor, where an exhaustive search failed to turn up a pair small enough to fit her, but she seemed satisfied with a traveling case she picked up near by. Now, loaded with her selections, she returned to the beauty salon and sank into a chair to catch a breather.

FRANK DIX, Deputy Regional Executive, Region No. 4, Boy Scouts.

FRANK Dix, deputy regional executive from Atlanta, in charge of negro scouting for four states will be in Sanford tonight to meet with members of the Seminole Divisional Committee meeting at Moody's Funeral Parlor at 7:30 P. M. Dix is spending the week in service to the Central Florida Council during which time he is traveling the central territory.

Dix is a member of the Boy Scouts of America, and is a member of the Central Florida Council during which time he is traveling the central territory.

MacArthur's Forces Effect Landing North Of Manila

(Continued From Page One) climatic dawn bombardment inflicted damage on the Japanese, including the destruction of a landing craft and a landing in the Lingayen sector, although this is the very spot 80,000 Japanese troops invaded three years ago.

Some observers said another great naval battle is inevitable, due to the importance of Luzon to the Japanese.

GENERAL MACARTHUR'S Headquarters, Philippines, Wednesday, Jan. 10. (AP)—Tens of thousands of U. S. Sixth Army forces, accompanied ashore by Gen. Douglas MacArthur, landed Tuesday about 15 miles of Lingayen Gulf coast on Luzon Island from an 800-ship convoy and pushed deep into inland landing operations.

The beachhead, cleared of Japanese by three warship shells and aerial bombings, the lightly-armed Americans surged inland over the same crescent of beach that the Japanese employed three years ago. The invasion scene now is dry and wheeling a war of movement.

Frozen Locker Plant Is Seen As Near Reality

(Continued From Page One) been only 800 frozen food locker plants in the country, mainly in the middle west, and there are now 1,000. The new plant at Long Lake at Westbury, of Country Life Frozen Foods Inc. is predicted that by 1945 there will be 10,000 locker plants in operation all over the country.

Such a plant permits quick freezing and storage of meats, sea products, vegetables, and fruits, which, it is claimed, is cheaper and safer than canning.

It preserves vitamins, color, texture and flavor of the products practically in their original freshness and food values that nature has given into them. These products are handled and preserved, are ready for instant cooking or serving as they are taken from their packages out of the locker. No cleaning or other preparation is required.

Civilian Output Of Aluminum Faces Sharp Cut

Alcoa Is Told To Close Books For 4 Months As Supply Tightens

WASHINGTON, Jan. 10. (Special)—Disclosing officially that an extremely tight situation exists in the supply of aluminum sheet, the War Production Board ordered the Aluminum Company of America this week to close its order books for the first four months of this year, and prepared other steps which may cancel a large volume of civilian production authorized under the War Production Administration plan.

The order, which is a temporary military order already in effect for sheet aluminum, will be subject to review and modification if necessary. No flat cancellation of civilian orders will be made during January, February and March, they indicated, but there will be no second-quarter allocations made for "spot" authorized civilian production if supplies continue tight.

A substantial part of the \$149,000,000 worth of recovery program for the next three months and the \$140,000,000 worth approved for April, May, and June, requires sheet aluminum which in many cases will not be forthcoming.

Officials estimated that past year as much as half of the "spot" program was for the manufacture of aluminum items, particularly household goods such as pots, pans and appliances. A total of 18,000,000 pounds had been allocated to new civilian production for the current quarter. Materials not already ordered and scheduled under this allocation, however, will not be delivered because of closing of the order books.

T. E. Corel, deputy director of the W.P.A.'s aluminum and magnesium division, in an address today before the Chamber of Commerce at Knoxville, Tenn., said the present situation was a consequence of allowing production to drop and man power to be dissipated when war needs were on the decline last summer and early fall and huge aluminum sheet surpluses were building up.

German Forces Begin Retreat From Ardennes

(Continued From Page One) The American forces threatening the enemy's only lateral highway out of the potential trap were the Washington, through midwinter four, and five feet high, south of captured villages of Provencourt and Hirtz. Their drive, if unchecked by Nazi reinforcements, would cut the vital road at a point about five miles northeast of Houffalize. The Germans' principal base inside the salient is Hirtz on Wharff.

City Commission Orders Street In Goldsboro Paved

(Continued From Page One) traffic arteries leading west from the Market, was a very heavily traveled street, said Mr. Sayer. A twelve-hour, all-day test showed that 2,500 trucks and cars used this road during the period. Now, of course, he added, "traffic on this road is much heavier."

To secure a new paved outlet from Thirteenth Street to First Street, running partially paved and graded during the boom years will be paved. This route will lead from Pecan Avenue and Sixth Street south to Tenth Street, west on Tenth Street to Olive Avenue, and south on Olive Avenue to Thirteenth Street.

St. Robert Wallace Is Awarded Air Medal

WITH THE SEVENTH ARMY IN FRANCE, Jan. 10. (AP)—Lieutenant St. Robert Wallace of Silver Lake, Sanford, Fla., was awarded the Air Medal for his gallant and meritorious service while participating in aerial flight while serving with the 72nd Reconnaissance Squadron during the last week of the year 1944 and during the first week of 1945.

Price Ceiling Is Placed On Cattle By Government

(Continued From Page One) President Roosevelt proposed, ahead yesterday into a fiscal year that won't even begin until six months from now and yesterday pulled out a "tentative" budget of \$3 billion dollars.

Board of Health Says Rats Destroy Considerable Food
JACKSONVILLE, Jan. 10. (Special)—The State Board of Health this week revealed the astounding estimate that rats were responsible for the destruction of as much as \$40,000,000 worth of property and food stuffs in Florida during 1944.
Unfortunately, a large amount of the destruction was a "hidden loss" and its gigantic proportions difficult, therefore, to impress upon the public, according to George S. Bote, Executive Assistant, Typhus Control Unit U.S. Public Health Service, currently on loan to the Bureau of Sanitary Engineering.
Nor did the rats' campaign of waste stop with food and property, but carried dangerously over to the health of Florida's citizens. For the rat is also responsible for the State's dangerous and steady increase in typhus fever during the past four years—the rate of which is known to be even more widespread than was officially reported to the State Board during the year just ended.
Thirty-eight counties reported typhus with the total incidence rising to more than 500 cases. This represents an increase of 185 cases over 1943. Yet, this does not tell the whole story, for various records available to the Board revealed that more than one county had outbreaks ranging as high as ten cases, with no cases reported officially to the bureau of epidemiology. Other counties reported specific numbers of cases, while information from local sources indicates that the number of persons stricken by the disease was considerably greater than reported. Private physicians are responsible for individual cases.
The rat flea is the carrier of both the typhus and the dreaded bubonic plague germs. (And bubonic plague can "happen" in Florida. In 1920 Pensacola reported 14 cases with 13 deaths.)
Typhus, contrary to some opinion, cannot be transmitted to a person through the bite of an infected rat. The flea, however, may cause the serious rat-bite fever.
Bote declared that the gross destruction of foods and property in Florida during this critical emergency, plus the danger to public health, can be curtailed only by greatly reducing in number the State's most expensive enemy—the rat.
But the rat cannot be controlled by any single measure. It requires the application of all known measures of rat destruction to do the trick, as rats multiply to rapidly to be hobbled by one mode of elimination.
For instance, the gestation period of a rat is 24 days—females begin raising their families at the age of three months, with each litter averaging from five to nine young. It has been calculated that a single pair of rats with plenty of food and shelter can produce as many as 1400 offspring in a single year.
It is easily seen, therefore, that a campaign of a single type of destruction will not solve the rat problem. All form of food supplies must be cut—garbage cans must be covered tightly—buildings rat-proofed from cellar to attic. Poisoning has an important place in the over-all, which must be continuous and directed with intelligent effort, Bote emphasized. Sporadic efforts can mean but temporary relief, with money and time poorly spent.
It is up to the individual community to determine the number of rats it chooses to maintain, he declared, primarily by the food it makes readily available to them through storage in non-rat proof places and garbage left in open cans.
Cheddar cheese was introduced into the United States by early British settlers.
Music broadcast in some industrial plants increases output 6.7 to 11.3 per cent.
The efficiency of electric light bulbs has been increased about sixfold since 1900.

Vegetable Group After 15 Months Getting Results

LAKELAND, Jan. 10. (Special)—Emerging from what might be termed the swaddling clothes of ineffectual individual struggling, the members of the 80,000,000 Florida vegetable industry, by organizing themselves into a united front under the name of the Florida Vegetable Committee, have in the first 15 months, unified effort perfected a highly specialized research institution qualified to cope not only with the complex problems of wartime regulations but to plan intelligently for postwar conditions.
LaMonte Graw, Committee manager with offices in Orlando, reported to committee directors on their accomplishments last week at the conclusion of the first calendar year of unified effort and pointed the way toward further advancement during the coming twelve months.
"With Florida Vegetable Committee membership now representing the majority of tonnage of all principal commodities and adjustments of price ceilings and elsewhere as the spokesman for the Florida vegetable industry, there is ample evidence of the wisdom of concerted effort," Graw stated.
"For the grower, ceilings have been held off on some commodities other than celery. Growers have been made easier to live under conditions of price ceilings. Growers have been secured after disasters.
The committee was the sponsor of the OPA law under which Congress provided for adjustments—an accomplishment made possible only by the fact that Congress could not fail to be impressed by the representation of the entire industry on the subject matter.
More containers were made available as well as more care to ship in together with more supplies and equipment.
Through the committee's constant watchfulness, growers, shippers and processors have been kept well informed as to price ceilings, conditions and other factors. Only through a presentation of the needs of the industry as a whole could last season's success in obtaining more domestic and foreign fuel labor and other items have been made possible.
For the shipper, the committee was able to secure from the War Relocation Authority a comprehensive program whereby the packing house wage scale was adjusted to rates under which they could work."
Graw outlined plans to cooperate with the research group of the University of Florida in setting up a scientific basis for cost formulas to be used in discussions with the Office of Price Administration in the fixing of local price ceilings, and to provide a starting point for postwar plans to lower cost of production and to market a better quality of product more cheaply and quickly.

Florida Sugar Crop To Alleviate Shortage

CLEWISTON, Jan. 10. (FNS)—Florida's sugar crop will contribute vitally toward meeting the growing sugar shortage, Jay W. Moran, executive vice president of the United States Sugar Corp., said today, in reporting that the current cane harvest is proceeding according to schedule.
"The state's sugar production has become increasingly important to the nation's sugar level with the decrease in off-shore supplies and the prospect of stricter rationing in the new year. Approximately 30,000 acres of cane will be ground at the company's sugar house, largest in the country, as the Everglades contribution toward the sugar shortage.
"It is not anticipated that there will be any loss of cane from the recent cold spells, and with labor conditions improved over the previous two seasons, the harvesting schedule is up to date," Moran reported.
Jamaicans imported by the War Food Administration have been satisfactory and have made it possible to maintain production

schedules. However, Moran said, the company can still secure additional permanent domestic workers.
More than 1,700 Dutch seamen have been lost on Dutch ships sunk by the Axis since 1940.
The head waters of the San Francisco river in Brazil are 1,700 miles from the sea.

War Work Pledges

It makes millions of Americans uneasy, and probably pleases some of our foreign enemies, when the United Automobile workers' committee talks of revoking its war-time no-strike pledge and "restoring the fighting strength of its great union."

It talks belligerently of its pledge as a "straitjacket" which puts the big U.A.W. and C.I.O. unions "at complete mercy of the War Labor Board and the profit-bloated corporations."

Most Americans have supposed that the aforesaid interests were not only guaranteed but definitely supported, by the government's War Labor Board.

But with two great wars threatening the life of this nation, it is no time for any groups in this country, especially in the war industries, to endanger the situation by threatening talk.

Good British Custom

A British custom which Americans might yet imitate is illustrated by making a peer of the premier in the first world war, David Lloyd George.

American congressman or senators of long service find no such honorary and useful post open. Were there such, the country need not have lost the services of Sen. George W. Norris when, after 30 years in the Senate, Nebraska saw fit to defeat him for re-election.

British elder statesman often end their days in the House of Lords. Herbert H. Asquith, premier for eight years, became Earl of Oxford and Asquith when he was defeated for re-election to the House of Commons.

Incidentally Lloyd George deserves praise for taking his title from the river Dwyfor which runs near his home. He might have selected the name of his village and become Earl of the Te Newydd Llanystumdwy.

Curbing Pedestrians

"Woman will be the last thing civilized by man." So wrote a cynic who does well to stay anonymous.

Motorists may think this applies particularly to women pedestrians, and then reflect that men are just as bad. Or they may rejoice at news from Toronto, Can. There a new traffic rule forbids footpassengers from running for a street car, which they like to do regardless of what is passing in the street.

Toronto has another refinement in the process of putting pedestrians in their place. They must now walk on the right side of the sidewalk, and give a hand signal before turning.

If this so-called safety device is really enforced, Toronto police are going to be very, very busy.

Too Late To Classify

By RUSSELL KAY

The Caldwell Administration rot off to a good start. Press and public alike applauded the Governor's inaugural address as sound, sensible and thoroughly in keeping with the campaign which won him the office.

The Governor's pledge of an economical and yet not a niggardly administration won public favor and because of the record and character of the man who made it was accepted as sincere and dependable.

Florida papers, both daily and weekly, found the Governor's address to their liking. Legislators, likewise, expressed themselves as in accord.

The only sour note came from the Fort Myers News-Press, long a doughty champion of the municipalities in their fight for state aid, which heaped up the cold water the Governor threw on the question of state aid for cities and hurried it back at him in a fiery blast.

The Governor said: "In our consideration of proposals for increased state aid to local units of government we must not lose sight of the fact that control always follows the dollar. History has shown that the smaller unit of government in seeking and accepting aid from a larger, inevitably surrenders a proportionate part of its freedom and independence. Thus we see control over state affairs moving to Washington as the federal government increases its contributions to the states and control over county and school affairs moving to Tallahassee as the state

increases its financial aid to its political subdivisions. Let those who advocate state aid to municipalities carefully read the record."

Reviewing the present plight of the municipalities the News-Press takes issue with the Governor and refuses to view with alarm the possible infringement on home rule that might follow state aid to communities impoverished by homestead exemption revenue loss.

Admitting that a measure of control has followed state aid to schools and counties the News-Press points out that there have been few complaints from school and county taxpayers and not many from local officials. Such aid is recorded local communities, it contends is offset by better and more efficient service, which in the end of the day is the thing the taxpayer is most concerned about.

"Tallahassee," the News-Press states, "can no longer be termed a 'remote place'—the officials up there are not strangers to us, and it assumes that should state aid be accorded local communities in the solution of their problems there would be no occasion to fear unfair or unjust demands from such officials as the Governor himself, or men of such calibre as Jim Lee, Nathan Mayo, Colin English and others who are held in as high esteem and as fully trusted as are any local officials."

Anyone familiar with the present plight of Florida municipalities realizes their dire need for relief. Loss of revenue occasioned by the passage of the Homestead Exemption Amendment has left no reserve for the replacement of worn out equipment. Municipal water plants, sewerage systems, fire-fighting and sanitary equipment are in need of replacement. Service to taxpayers has been steadily curtailed and there is no relief in sight.

Analyzing the Governor's statement, it appears to me more of a warning rather than a desire to ignore the needs of the cities. I am confident that the Governor is fully cognizant of the situation and I believe he is sympathetic and genuinely anxious to find a practical solution and will lend his every aid in that direction.

The question he has so pointedly advanced as to the danger that attends centralized control, be it in Washington or in the state capitol, is one worth of consideration. The Governor has plenty who concur with him on this score and it remains to be seen how the people who make up our cities feel on the question.

If, as the News-Press contends, they are willing to accept a certain degree of control and the loss of a certain amount of local independence in return for better and more efficient municipal service, better garbage collection, improved fire protection, and the like, then it is up to them to make that desire known and I am convinced the Governor will lend an attentive ear to their demands. State aid for schools and counties has not proved repulsive, perhaps it might really appeal to citizens and taxpayers alarmed and annoyed over the complete breakdown of their local municipal services.

ONE-SIDED FIGHTING MAN

The green apple aphid often lives on the apple throughout the year.

Carstrom Field Is Holder Of Record

ARCADIA, Jan. 10. (Special)—Embry-Riddle's Carstrom Field, holder of the world's safety record, has passed another milestone with the logging of its 500,000th hour of flight time.

The half-million mark, which is the equivalent of more than 57 years of continuous day and night flying by a single ship, was reached by (Cadet Fred W. Poole, son of Col. and Mrs. J.H. Poole, Kingston, Pa., piloting a primary trainer.

Since activation in March, 1941, thirty-nine classes of cadets have received their primary training at the field before going on to basic and advanced fields in the Army Air Forces Eastern Flying Training Command. These Carstrom cadets have flown more than 45,000,000 miles, equal at the equator. In that time there has been a single flying fatality.

Army personnel and the personnel of Embry-Riddle Co., civilian contract operator, are given major credit for running up the unique safety record through their efficiency and care in the training of cadets. Ideal climate and terrain in South Florida are also recognized as important factors.

Carstrom has trained 922 RAF cadets and 5,932 American cadets, all of whom are now playing important roles in Air Forces activities against the Axis nations throughout the world, as evidenced by the many citations and decorations which they have received.

The green apple aphid often lives on the apple throughout the year.

BIBLE VERSE FOR TODAY

OUR VERY BODIES FUNCTION THROUGH THE OPERATION OF MILLIONS OF PRECISE PROCESSES, VERY FEW OF WHICH WE UNDERSTAND. THERE IS NOTHING ACCIDENTAL ABOUT ANY PART OF OUR BEING: I will praise thee for I am fearfully and wonderfully made, marvelous are thy works; and that my soul knoweth, right well.—Psalm 139:14.

It's about this time of year that the brutal fact is brought home to Dad with all the force of the monthly bills that this Santa Claus business is no myth.

If Russia and Britain insist on telling the Poles and the Greeks who their government should be, it might be a good idea for the United States to let them feed them.

London hears that President Roosevelt is an expert poker player "who has invented several refinements of the game." Yes, he called for a new deal and drew four straight.—Fort Myers News Press.

And now they are telling us that the cigar shortage is caused by an insufficient amount of cigars. Deduction like that is truly marvelous.—Melbourne Times. Yeh, and they'll probably solve the problem by plowing under every third package.

The Tampa Tribune points out that the new Congress has nine women members, two negro members, a street sweeper, a night watchman, a banjo-dumping cowboy and concludes, "That's democracy in action." Yes, we expect great things from this Congress.

Yale chemists announce that they have managed to make certain woods fireproof. Now if they will only reverse the process and make some of our stove wood burn we'll appreciate it. Titusville Star Advocate. Yeh, that would be a big help all right on these cold days at \$18 a cord.

A so-called Taxpayers Association in Miami urges Governor Caldwell to use his influence toward legislating gambling in the state, declaring that illegal gambling has a bad influence upon the morals of the people. But we doubt if the Taxpayers Association is greatly concerned over the morals of anyone. What it really wants is another source of public revenues which gambling taxes would produce.

More young people read the Bible in 1944 than in 1943, says the Gallup poll. Of those between the ages of 11 and 29, the percentage was 59 as compared with 57 during 1943. The significant thing, however, is found in the fact that previous to this country's entrance in the war, only 45 per cent of the young people in that age group were reading the Bible.—Melbourne Times. There's no better way for a young person to start his habit of forming a habit of reading the Bible.

The State Budget Commission has recommended salary increases for various administrative departments of State government increasing the cost of the Board of Forestry and Parks, for example, from \$200,000 to \$400,000. Some salary increases for State officials are perhaps justifiable, as you cannot expect public officials to work for the same old salaries when the vast majority of the people are making several times what they were before the war. But it would have been wise to have raised the salaries of school teachers first.

One would gather the impression that the women are falling down a little bit on this war from all the talk about the need of drafting nurses to make up a deficiency of about 20,000 in the Army. What is apt to be overlooked is the large number who have already volunteered for the Nurse Corps, as well as for the WACS and WAVES. More nurses, of course, are needed, largely because of the unexpected German offensive, and they will have to be found, but it should be remembered that not enough men could be found for the Army until the Selective Service Act

Leon Lawson, who is with the United States Maritime Service, is visiting his mother, Mrs. H. H. Lawson.

Mr. and Mrs. Chalender H. Lecher of Huntingdon, Pa. are the guests of Mr. and Mrs. L.W. Lecher, 2004 Magnolia Avenue.

Mr. and Mrs. R.W. Turner were called to Gainesville yesterday by the serious illness of Mr. Turner's sister, Mrs. Whittier.

Mrs. Edward H. Potter and infant daughter Rita Jean, have been reassigned from Orange Memorial Hospital, Orlando, to their home, 1902 Maple Avenue.

Bruce Wester, violinist and orchestra leader of Lakeland and formerly of Lake Mary, is spending a short time here on business and visiting his mother, Mrs. S.E. Wester.

Word has been received that Pvt. Sam Watts, son of Mr. and Mrs. J.G. Watts, has arrived safely in Italy with the United States Army. His address is ASN 1488150, APO 1567, Postmaster, New York, N.Y.

18 Attend Meeting Of St. Monica Group
Eighteen members and guests attended the meeting of St. Monica Chapter of Holy Cross Episcopal Auxiliary Monday evening at the home of Mrs. J.W. Altman, Melbourne Avenue.

Mrs. Mayne Hodgkin, director, during the religious portion of the meeting, read an article on how to pray and the value, as well as peace of mind derived through prayer. She also led the devotional. The monthly publication of the chapter was distributed and news gathered for it.

Mrs. Altman, assisted by H.S. Owen and Miss Mary Louise Meriwether, served refreshments to the following: Mrs. Hodgkin, Mrs. Jack MacDonell, Mrs. Irving Feinberg, Mrs. Alton Duxbury, Mrs. John F. Bolt, Mrs. H.N. Aahby, Mrs. Ava Davis, Mrs. Mildred Halseck, Mrs. Walter Meriwether, Mrs. James Crappie, Mrs. P. H. Tesse, Miss Cecelia Trulock, Miss Elizabeth Dyon, Miss Carol Stone and Miss Barbara Ruppert.

RESOLUTION
WHEREAS, the Rev. Frank E. Pulley, during his nearly three years of service as rector of Holy Cross Episcopal Church of Sanford, Florida, has made an outstanding record in the spiritual and physical development of the Parish;

AND WHEREAS, largely through his efforts in behalf of the young people Church School attendance has increased several fold and membership in the Young People's Service League has grown, while the number of acolytes has similarly increased;

AND WHEREAS, the church debt and mortgage on the Rectory, for many years a burden upon the congregation, have been paid off during his tenure here;

AND WHEREAS, attendance at the Men's Club meetings has increased in spite of difficulties presented by the war, while the Rev. Pulley's leadership at these meetings, as well as his sermons in church, have been a source of inspiration, courage and hope to all within the Parish;

AND WHEREAS, the Rev. Pulley's departure to accept a call to a larger church in Richmond, Virginia, where his work and influence will be more widely felt;

AND WHEREAS, the Rev. Pulley's departure to accept a call to a larger church in Richmond, Virginia, where his work and influence will be more widely felt;

AND WHEREAS, the Rev. Pulley's departure to accept a call to a larger church in Richmond, Virginia, where his work and influence will be more widely felt;

AND WHEREAS, the Rev. Pulley's departure to accept a call to a larger church in Richmond, Virginia, where his work and influence will be more widely felt;

AND WHEREAS, the Rev. Pulley's departure to accept a call to a larger church in Richmond, Virginia, where his work and influence will be more widely felt;

William Home Seage Of Church Class Meets

Mrs. A. B. Lovejoy, Mrs. W. B. Brinson, Mrs. Annie Meriwether, Miss Jane Staudemire and Mrs. Valer Williams were hostesses to the Althean Sunday school class of the First Baptist church at a regular business and social meeting Tuesday evening at the home of Mrs. Williams.

The meeting was called to order by the president, Mrs. L. F. Bolt and was opened by sentence prayers from the group. Reports of various committees were submitted and during a social hour the guests enjoyed a motion picture.

Refreshments were then served by the hostesses to the following: Mrs. H. B. Odham, Mrs. F. B. Ricketts, Mrs. Bala, Mrs. Fannie Harlow, Mrs. G. M. Selman, Mrs. J. M. Wilson, Mrs. S. C. Dickerson, Mrs. N. U. Short, Mrs. Fred Myers, Mrs. J. P. Rizer and Mrs. A. C. Madden.

Miss Christine Giles Weds Edward L. Grow
Word has been received by Mrs. Hubert Johnson the marriage of her brother, Edward L. Grow, MM 1c, USNR, to Miss Christine Giles, daughter of Mr. and Mrs. C. R. Giles of Sanford, on Dec. 30, 1944 in Davisville, R. I.

The bridegroom resided in Sanford with his sister before joining the Navy in March, 1942. The couple resides at 279 Main Street, East Greenwich, R. I., where Mr. Grow is stationed.

FELLOWS - JENKINS
Of local interest is the marriage of Miss Evelyn Jenkins of Virginia to George C. Fellows, Jr., son of Mr. and Mrs. George C. Fellows, 1700 South Sanford Avenue, Dec. 16, 1944 in Washington, D.C.

The bridegroom resided in Sanford with his sister before joining the Navy in March, 1942. The couple resides at 279 Main Street, East Greenwich, R. I., where Mr. Grow is stationed.

Mrs. Lulu Miller Is Hostess To Circle
Mrs. Lulu Miller, new chairman, was hostess to Circle Two of the First Baptist Church at a meeting in the annex Monday afternoon.

Mrs. Miller gave a brief outline of the year's work and announced the officers who will serve with her in 1945 as follows: Mrs. W. L. Stouffer, first vice president; Mrs. W. C. Lynn, second vice president; Mrs. Julian Vain, secretary; Mrs. J. P. Brooks, Jr., publicist; Mrs. Lillian Vickery, mission studies; Mrs. C. A. Anderson, Jr., stewardship; Mrs. M. Cumming, community mission and outdoor homes; Mrs. O. C. Lewis, social chairman; Mrs. John Lee, publicity.

During a social hour, Mrs. Miller served refreshments to the following: Mrs. Stouffer, Mrs. Vickery, Mrs. Cumming, Mrs. J. W. Moore, Mrs. G. L. Lee, Mrs. Miller, Mrs. Anderson, Mrs. Lynn and Miss Maude Jenkins.

Crawley Installed As I. O. O. F. Head
T. S. Crawley, noble grand, and Ira V. Williams, vice grand, were installed as officers of the Sanford Lodge I. O. O. F. Monday evening by W. Lincoln, district deputy grand master, of St. Cloud and his staff.

Other officers installed, who had been previously elected, were W. B. Munson, secretary and A. B. Lovejoy, treasurer. These officers had been appointed and installed: Charles Stafford, H. M. Gleason, Jack Standifer, J. I. Hardy, J. Q. Galloway, P. E. John, J. B. Squires, D. S. E. Starr, W. C. Dekle, D. C. Howard and Dr. Milton Hurst.

Following the business meeting members and visitors retired to the dining room where coffee and pie were served by the social committee.

BIRTH ANNOUNCEMENT
Mr. and Mrs. M.W. Deariso announce the birth of a daughter, Marilyn Bea, Monday, Jan. 8 at Orange General Hospital in Orlando.

BAPTIST GROUP
Chapter No. 3 of the First Baptist Church met at the home of Mrs. H.E. Turner, 210 W. Seventeenth Street, Mrs. E.M. Croft presided and Mrs. J.A. Smith gave the devotional. The chairman called upon the various committees to give their reports.

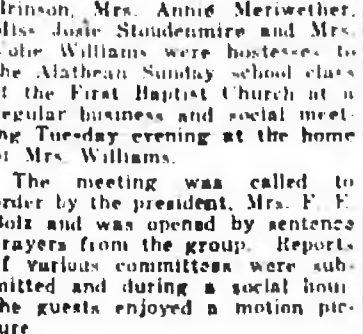

Refreshments were served by Mrs. Turner to the following: Mrs. Wilson, Mrs. J.A. Smith, Mrs. W.C. Deariso, Mrs. L.H. Harvey, Mrs. E.M. Croft, Mrs. A. O'Neil, Mrs. D.R. Beck, Mrs. S.L. Price, Mrs. V.G. Hasty, Miss Martha Fox, and visitor, Mrs. O.A. Newlin.

La Puerta, the old fort, is the oldest structure in Havana. It was built in 1530 under direction of DeSoto.

Ninety-two languages and dialects are spoken in India.

Foreign Policy Experts Urged for Peace Table

VERA M. DEAN, research director of the Foreign Policy Association, who speaks seven languages and holds honorary degrees from several American universities, is the woman best qualified to lead the U. S. delegation at the peace table, according to the Women's Action Committee for Victory and Lasting Peace.

Mrs. Dean polled first in a poll of members from forty-one states. Mrs. Anna C. Harbort, Mrs. Eleanor Roosevelt and Mrs. Clara Booth Luce were among the runners up.

Harris, Mrs. Florence Sunderlin, Mr. and Mrs. J. H. Menick, Trent, Walter Gehlhard, Mrs. Alice Dore, Mr. and Mrs. S. I. Luper, J. A. Wales and Mr. Dore.

Lyman school basketball teams played at Apopka Tuesday night when the girls won, the boys' team lost. At Mt. Dora Friday there were two chess games.

The Civic League and Wednesday when three new members were admitted, Mrs. E. C. Jackson, Mrs. Marie Dige and Mr. Sumner. Reports of all committees were accepted. It is planned to continue in the fall.

Mr. Robert and Mrs. Charles Van Dike returned to their home in Sanford Monday. They voted to soon give a dinner in honor of the local war effort.

Local officials indicated that this week's night work may include the following: Mrs. J. A. Clark, Mrs. Joanne Gray, Mrs. collector, H. R. Gray and collector, H. S. Arnold. Mr. H. Black, Philip, T. B. Dore, Les, and other local officials.

Mrs. Helma La Vigne and Mrs. Misses entertained a family Christmas party on Sunday for their guests, Mr. and Mrs. Francis Lustin, Mr. and Mrs. Charles Paulin of Sanford, Mr. and Mrs. H. H. Butler of Orlando and guest from Easton.

It is noted that Amy Lowell was the first to be devoted to that poetry was her natural mode of expression and it was before her first volume was published.

RESOLUTIONS OF RESPECT AND SYMPATHY
WHEREAS, He has pleased Our Heavenly Father to call our beloved Christian brother and fellow deacon, Brother Nix, to his eternal home; and the stars for following with him in a Sacred Jesus;

AND WHEREAS, Brother Nix was for many years and up until the time of his death a loyal and faithful member of the Board of Deacons of the First Baptist Church of Sanford, Florida, helping and serving his Saviour's Cause with wise and loving counsel and prayer;

THEREFORE, BE IT RESOLVED, By this Board of Deacons, assembled that the First Baptist Church and the entire community of Sanford have offered a distinct loss in the earthly passing of our beloved fellow deacon;

AND BE IT FURTHER RESOLVED, That we extend to the wife and children of Brother Nix our heartfelt sympathy in this their hour of great sorrow and we commend to them the "blesSED assurance" that "It cannot be placed that earth is man's only abiding place. It cannot be that our life is a mere bubble cast up by eternity to float for a moment upon its way and then sink into nothingness. Else why is it that all the glorious aspirations that leap like angels from the temples of our hearts are forever wandering unattained? Why is it that all the stars that hold their festival around the midnight throne are a net above the grasp of our limited faculties forever mocking us with their unapproachable glory? And finally why is it that the lovable and beautiful beings presented to our view are taken from us, leaving the thousand streams of our affections to flow back in Alpine torrents upon our hearts. No, there is a realm where the rainbow never fades and where the stars will be spread out before us, like islands that slumber in the sea and where the beautiful beings presented to our view will stay in our presence forever," which bright hope of Christian assurance ever beckons us on into the Glory Land of a Christian Re-Union in Our Father's House.

BE IT FURTHER RESOLVED, That a copy of these resolutions be sent to the family of Brother NIX, a copy placed in the Minutes Book of the Board, upon a page dedicated for that purpose and a copy given to the local newspapers for publication.

Respectfully submitted,

RATIONING CALENDAR

PROCESSED FOODS
Blue X5, Y5, Z5, A2, B2, C2, D2, E2, F2, and G2 now valid at 10 points each.

MEATS AND FATS
Red Q5, R5, S5, T5, U5, V5, W5 and X5 now valid at 10 points each for use with tokens.

SHOES
Airplane stamps 1, 2 and 3 valid.

CANNING SUGAR
All home canning sugar coupons and stamps invalid.

FUEL OIL
Period 4 and 5 coupons from

last year, and Period 1, 2 and 3 coupons, (except in Virginia where 3 becomes valid January 15, 1945) for current season now valid at 10 gallons each.

GASOLINE
A-14 coupons valid through March 31, 1945. Rationing rules now require that each car owner write his license number and state on each coupon in his possession as soon as it is issued him by his local rationing board.

CARS
The January quota of new passenger cars available for rationing will be unchanged from that of December, Chauncey Butler, district OPA director announced. The stockpile of new cars available for rationing is now below the 15,000 level. "Notter said: "In 1941, the last peacetime year, new passenger cars were sold at an average rate of 10,000 per day.

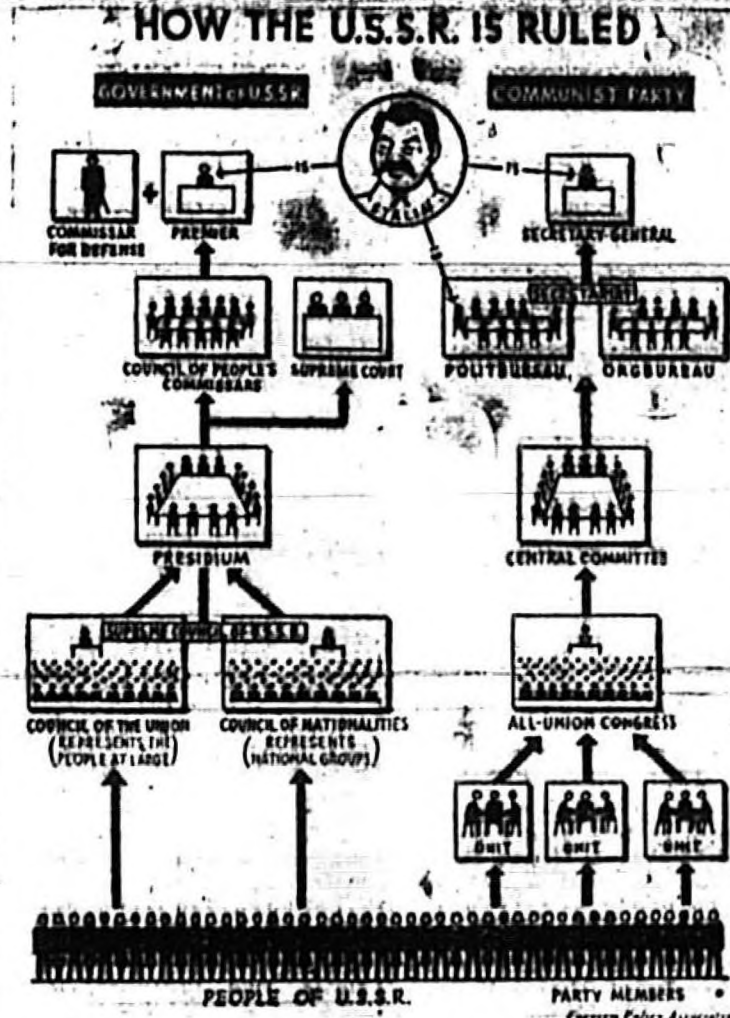

The present inventory is only one and a half times a former day's supply.

Wage Increases Not Allowed An Expense

ATLANTA, Jan. 10. (AP)—The Fourth Regional War Labor Board announced yesterday that a total of \$28,000 paid in violation of the Wage Stabilization Act by 18 firms in the Southeast may be withheld as an operating expense in computing income tax.

The findings represent only a portion of the total wages and salaries paid in violation of the wartime anti-inflation act.

The board said WLB authorized reductions in total liability after the firms had voluntarily disclosed past violation under mitigating circumstances and proved

Although Russia has an elaborate system of government as shown in the graph above, the real power is exercised by Premier Stalin and the Politbureau of the Communist party, according to the Foreign Policy Association. Members of the Politbureau are selected by Stalin, its meetings are secret, and it makes all of Russia's long range plans subject to his approval, the Association says.

that they are now in compliance with the law.

Stabilization Act
The Wage Stabilization Act provides that the total payroll paid in an illegal wage must be disregarded as an operating expense for income tax purposes unless WLB authorizes a reduction in the penalty.

Chm. M. J. Van Hecke announces the amounts of the findings and names of the firms included:

Florida: Rhodes Collins Furniture Co., Pensacola, \$2,500; Red Top Cab and Baggage Co., Miami, \$2,200; Norman Auto Supply Co., Ft. Myers, \$1,500; Blocker Transfer Co., Inc., St. Petersburg, \$1,500; Lenfestey Supply Co., Tampa, \$500; Southern Cafeteria, Inc., Jacksonville, \$500.

The United States had three presidents in one month, Martin Van Buren, William Henry Harrison and John Tyler.

Martha Scott, film actress, is a direct descendant of Sir Walter Scott on her father's side, and a second cousin of President William McKinley on her mother's side.

Plants grown in houses should be watered thoroughly and then not watered again until the surface of the soil is thoroughly dry.

The longest price fight on record was fought April 6, 1933, between Andy Bowen and Jack Burke. It went 110 rounds and lasted seven hours and 19 minutes.

BUY WAR BONDS... AN INVESTMENT IN VICTORY

GET COFFEE THAT'S 5 Ways Better ...IT'S CUSTOM GROUND!

1. TUNED TO YOUR COFFEEPOT
Custom grinding of fresh coffee really makes a difference! You see, one grind will not produce the best results in all coffee. That's why A&P Coffee is Custom Ground at the moment you buy... precisely right for YOUR coffeemaker. Just tell the clerk to grind your fifth A&P Coffee for Percolator, Drip Pot, Regular Pot, or Vacuum Pot—take it home and brew the best coffee you've had in ages.

2. SUPER QUALITY!
A&P Coffee buyers in South America search for pick of plantation coffee. You get superior quality in every pound.

3. "FLAVOR-SAVER" ROASTED!
There's an art to roasting coffee so that all the full rich flavor it develops. And A&P's exclusive "Flavor-Saver" roasting process is that art at its best! A&P Coffee is roasted to flavor peak.

4. FRESHER IN THE BEAN!
The secret of good coffee lies in freshness! Coffee that has been around days or weeks, before it's sold, can't possibly give you the full-bodied product of roaster-fresh coffee—freshly ground. That's why A&P Coffee is sold to you in the bean—just as it comes from the roaster!

5. YOUR BLEND-TASTES GREAT!
Because taste is coffee differ—as they do in fact—A&P Coffee comes to you in a blend to suit your taste. Choose select the blend that suits you—get real enjoyment—and more of it from every cup of coffee you drink!

Belgian Bulge Is Narrowed To Our the Line

Himmler Is Reported Leading Fresh Nazi Attack On Villages Near Strasbourg

(By Associated Press) Marshal Von Rundstedt's Germans in the Belgian Bulge fell back toward the Ourthe River line while the American Third Army hacked doggedly at the southern flank. However, in the south the Germans lashed out with fresh armor in the Strasbourg area in an assault perhaps led by Gestapo Chief Himmler.

British and Americans still are locked with Nazi rear guards west of the Ourthe River in delaying actions east of Bastogne. The Third Army reduced the German Bulge on the Alsace front, but the French lost Oberlin, 15 miles south of Strasbourg and the U. S. Seventh lost Hertzheim 12 miles northeast of the Alsatian capital.

The Germans in Budapest were squeezed by the Russians into an area about two miles long and a mile wide. Berlin reported the Nazi garrison under "increased pressure" has evacuated Budapest's eastern railway station.

Savage German attacks west of the Danube failed again, but the Garrison any hope of relief. Moscow reported 10,000 Germans killed in ten days. The Hungarians are said to be surrendering en masse in order to abort any attempt to give up.

Lieut. Gen. George S. Patton's troops cut in half powerful box positions southeast of Bastogne from which the German divisions had been hammering at his line from the east. The neck out of the box now was no more than two miles wide.

Resistance in the remainder of this area was reported collapsing rapidly as the Germans sought off guard by the unexpected blow.

Thundered into the gorge drifts and woods toward the uncertain haven of Witt, ten miles east of Bastogne, where other Third Army forces lie in wait.

The last part of the box was cut by capture of Doncel, near its center, and the Germans had no choice but to strike out through the woods to escape annihilation.

Hundreds of enemy slain lay in the snow.

In the first 11 hours of the assault, which jumped off at 1 P. M. in the snow, the Germans of near-zero weather, 400 prisoners were taken and a front dispatch from Associated Press correspondent Lewis Hawkins said the final count would be much more.

The German High Command admitted it was quitting all the (Continued On Page Two)

McNulty Is Re-elected Florida Bank Head

C. H. McNulty was re-elected president and E. D. Kilpatrick, Jr., vice president, of the Florida State Bank of Sanford at a meeting of stockholders held Tuesday at the bank.

Other officers named were: Gene Tucker, cashier; Miss Doris Hall, assistant cashier; Mrs. Helen P. Smith, secretary and clerk; and Miss Jewel Pittman and Miss Mary Diehl, bookkeepers.

The same group of directors of the bank was renominated. These were: C. R. Glavin, Orlando; Arthur Dunn, Jr., Orlando; Charles Drew, Forrest Gabel, C. H. McNulty, E. G. Kilpatrick, Jr., and W. A. Patrick of Sanford.

Mr. Kilpatrick said that the bank was going on the Federal Reserve par list and that all checks will be payable at par through the Federal Reserve Bank, the same as national and state banks in the Federal Reserve system. This measure had been adopted, he said, in accordance with the bank's policy of keeping up with modern progress in banking.

Discharged Sailor To Make Home Here

Charles L. Bridges, AM-2/c, USNR, formerly stationed at the Sanford Naval Air Station, returned to Sanford recently after receiving his medical discharge. He stated that he would like to have provided for him purchase a home.

Mr. Bridges was married last March to the former Dorothy Miskay, owner of Miskay's Pharmacy.

Snow Bogs Down Nazi Tank

ABANDONED BY the Germans when they were driven from the Grandmont, Belgium section, this snow-bound Panther tank is inspected by Yanks of the 2nd Armored Division who plough through heavy drifts for the "battle of the bulge." U.S. Signal Corps photo. (International)

Morrison Report Shows Many Jobs Awaiting Vets

More than a half million man hours of employment will await returning service men and women of Seminoles County in order to satisfy post-war needs of growers, business firms, store operators and home owners in Seminoles County, according to a report released by Edward Higgins, manager of the Seminoles County Chamber of Commerce.

The report was based on a survey made during a period of more than two months by Charles Morrison and covered approximately 75 percent of the county's farm, business and home needs, and according to Mr. Higgins, is very accurate.

At a recent meeting of the Chamber of Commerce Post War Employment Committee of which Ned Smith is chairman, the report was presented by Mr. Morrison and accepted as final. Members of the committee include: (Continued On Page Two)

WACs In France Regulating Traffic

WITH THE UNITED STATES ARMY IN FRANCE — The first Traffic Regulating Group to be composed entirely of WACs was recently activated and put on duty with Transportation Corps Headquarters in France. The company under command of Captain Jay E. Plummer, 446 (transportation), Santa Fe, New Mexico, is the first company of Transportation Corps WACs in the European Theater of Operations, included in its personnel was Pvt. Marie C. Washburn of Sanford, Fla.

The company of WACs, now known as the 50th Traffic Regulating Group, is assigned to the headquarters of the Chief of Transportation, Major General Frank S. Ross. Working in the various departments of the headquarters, they now serve as clerks, typists, couriers, statisticians, correspondents, drivers, switchboard operators, receptionists, interpreters, stenographers and secretaries.

The purpose of a traffic regulating group is to control or regulate transportation in Motor Transport, Military Railway Service, or Marine Operations and to coordinate the work of these divisions in the headquarters in an administrative capacity. Second Lieut. Bowen, Route 3, Syracuse, N. Y., since the activation of the unit has taken over the duties of adjutant.

The unit is the first group of women in the history of the army to be placed in a traffic regulating group.

WINE PURPLE HEART

(BONNAPART ON A WEST-EAST PACIFIC ISLAND) Jan. 11 (Special) — Marnie Mack, 5th S/c of Enterprise, was presented the Purple Heart by Vice Admiral J. H. Hoover, USN, Commander, Forward Area, Central Pacific, for wounds received during the invasion of this island. While on an inspection tour of the island Admiral Hoover presented the award to Mack and 41 enlisted men at a brief ceremony.

Prior to the war Mack was employed by the Oxford Budget Company. He has been in the Navy for the past ten months.

More Guns To Be Built In Coming Year

Civilian Production Will Be Cut As Need For War Materials Increases

WASHINGTON, Jan. 12. (AP)—Half of all war production programs will rise at a "tremendous rate" under the new speedup which includes a three-fold increase in critical aircraft in six months, WPA Chairman Krug announced today. About \$2,500,000,000 worth of new arms will be added to the 1945 schedule, partly to equip the French army. This boosts the 1945 total output to about \$64,500,000,000.

The War Production Board has ordered drastic new restrictions further curtailing civilian goods production, a government source said today. They will wipe off the books a large percentage of consumer projects already authorized under the spot production program, due to a sharp cut in the allocation of metals.

At the same time Selective Service revealed that some 330,000 men will be drafted from farm and factory by July 1 to meet increasing military requirements, and Secretary of War Stimson warned that "there seems to be no escape" from a program of virtually all physically qualified men under 30.

As Stimson was telling a press conference that full scale national service legislation was needed, the house military affairs committee heard Col. Francis V. Keessling of selective service disclose that the deferred classification of industry and agricultural workers must be tapped to help meet requirements for 202,000 men for the armed services during the first half of 1945.

Stimson said that the army was upping its monthly demands on selective service from 80,000 in January and February to 100,000 for March, and that the army wants young, physically able youths with aggressiveness and endurance.

Mrs. Emma Nelson, Pioneer Resident Dies At Age Of 90

Mrs. Emma Mattilda Nelson, a pioneer resident of Seminoles County and Sanford, died Tuesday morning at her home at 215 Elm Avenue after an illness of two weeks.

During the early settlement of this section, Gen. Henry F. Sibley brought over from Sweden a number of workers to the site of a grove of 100 acres, then regarded as one of the best in the state.

Mrs. Nelson and her husband, Hans Nelson, who died near age 80, came from Sweden to settle in this grove more than 60 years ago. Mrs. Nelson has lived in this section ever since that time. She was born in Sweden, July 7, 1854.

She is survived by three daughters, Miss Anna Nelson and Mrs. Alfred Van Ness of Sanford and Mrs. J. White of Jacksonville; three sons, Edward Nelson of Palatka, H. H. Nelson of Jacksonville and Ernest C. Nelson of Sanford; four grandsons, Walter Van Ness, USN, stationed in California and William J. White, USN, stationed in St. Petersburg; and three granddaughters, Margaret Louise and Katherine Emma Van Ness of Jacksonville and Katherine Marie Nelson of Palatka.

Funeral services will be conducted at 2 P. M. at the First Presbyterian Church of which she was the oldest member. The Rev. Dr. E. D. Brownlee will officiate. Burial will be in Lake View Cemetery.

Sale Of New Automobile License Tags Almost Doubled In One Day

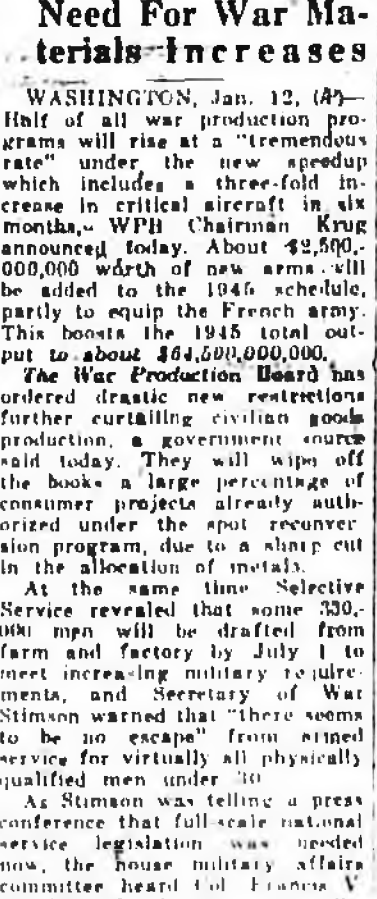

Motor vehicle tag sales took a big jump Thursday following announcement in The Herald Wednesday by Tax Collector Jno. D. Jenkins that there would be no extension of time for obtaining these after the deadline, Monday, Jan. 15, as ruled by Governor Millard Caldwell.

Thursday tag sales amounted to \$2,971.15, an increase of \$1,232.30 over Wednesday sales of \$1,738.85.

Much time is lost by registrants for tags, due to fumbling among pockets and handbags for license certificates and registration cards. Mr. Jenkins said, and he offered the following suggestions which he declared would save time of everyone concerned.

American Carrier Airplanes Attack Japs Off Indo-China

Airliner Wreckage In Which 24 Died

WRECKAGE of an American Airlines passenger airliner off New York that carried 24 passengers and crew members, was seen today by a patrol plane. The wreckage was scattered over a wide area. The plane was flying from New York to Manila when it was shot down by Japanese fighters. The wreckage was seen by a patrol plane on January 11, 1945.

Evans Tells Lions Of County Success On Sixth War Loan

Drive Went Over The Top By \$321,615 Officials Reveal

Over-subscription by the Seminoles County of the Sixth War Loan by the sum of \$321,615, which terminated on January 10, was announced today by Frank Evans, county chairman of the drive.

Mr. Evans pointed out that the drive came at a time when farmers had their crops in the ground for the most part and had not yet received much of the proceeds of the crop. The drive was a success.

Final Report Made On Sixth War Loan

Final report on the Seminoles County subscription to the Sixth War Loan was made today by Frank Evans, county chairman of the drive.

Mr. Evans stated that he was very much pleased with the results, and that he wished to thank those who assisted him and effort in putting the drive over.

Yanks On Luzon Advance 10 Miles Capturing Nearly One Hundred Towns

(By Associated Press)

American carrier planes are attacking a Japanese sea force off the Indo-China coast in a daring offensive thrust to insure the safety of supply lines to the Philippines invasion. Admiral Nimitz said they are merely bombarding the enemy between Saigon and Camranh Bay.

Tokyo reported 100 planes raided the Cochinchina sector centering around Saigon for nine and half hours and claimed 50 American carrier planes were shot down but offered no further details.

Admiral Nimitz failed to reveal whether the attack was made against a naval force or a reinforcement convoy headed for Luzon. It is the danger of a bold first penetration over of Japanese-controlled waters.

On Luzon 250 miles to the northeast, the Yanks advanced in a few days nearly ten miles toward Manila after capturing nearly 100 villages. Tokyo said the invasion forces consist of one tank and two infantry divisions and that heavy fighting is in progress. It claimed that American ships were sunk and 13 damaged.

Gen. Walter Krueger's Sixth Army units have been advancing for two days as far and as fast as reasonable caution and the movement of supplies has permitted.

The Americans have now taken nine towns and more than a score of villages.

The 48-hour advance has carried the Americans well south of the maze of swampy country at the mouth of the mandarin Agno River and across the river line along which the Japanese might have been able to make a delaying stand.

Only on the extreme left flank along the Pinaricun road have the Americans run into anything more than isolated and quickly-eliminated sniper resistance.

Gen. Douglas MacArthur's communique today made the first mention of "combat contact" near Pinaricun at the end of the 48-hour advance. The San Francisco Institute said it is a confirmation of the severity of the fighting there.

The original 10-mile beachheads were widened to at least 25 miles with the capture of the mouth of the Agno, which empties into the Lingayen Gulf west of captured Lingayen town.

Nine miles represented the deepest point of penetration in the capture of the mouth of the Agno. Since the communique always lags 24 hours behind operations, it was (Continued On Page Two)

New Deposit Peak In 1944 Reached By Atlantic Bank

Ingley Reports Satisfactory Progress During Past Year

Satisfactory progress of the Atlantic National Bank in 1944 was reported today by J. P. Ingley, president of the bank.

Mr. Ingley reported that 1944 was a very successful year for the bank, with deposits reaching a new peak of \$4,322,000.49.

Kiwanis Club Plans Young People's Work

Young people's work in Sanford will be the main objective for the year, the directors of the Kiwanis Club decided at a dinner meeting last evening at Palm and Pine.

The financial budget was arranged for 1945 and committees will concentrate on boys' and girls' work in general, Key Club, Boy Scouts and vocational guidance of young people. It was announced this morning by Dr. L. T. Doss, president of the club.

Those attending the meeting were: Dr. Doss, J. W. Hall, Lester Tharp, Ralph A. Smith, E. P. Lane, Joel Field, Fred R. Wilson, G. D. Workman, Roy Green, P. P. Campbell, G. P. Herndon, Oscar M. Harrison, Sanford P. Doudney and E. C. Harper.

Board Of Directors Of C Of C To Meet

There will be a meeting of the board of directors of the Seminoles County Chamber of Commerce next Tuesday at 7:00 P. M. at the Mayfair Hotel. It was announced today by Manager Ed Higgins.

At this time reports will be made on the progress of the frozen locker committee and the special committee for veterans employment and highway improvement.

Home On Leave

Editors Note:—The following names of boys in service "home on leave" have been submitted by the Pilot Club, for which Mrs. Z. B. Hall, telephone 881-J, and Miss Blanche Keady, telephone 923-W, have been selected as a committee to secure names of service men and women so that their friends may know when they are in Sanford.

Edwin Brannon, ART 1/c, who has been stationed at Melbourne for the past 10 months, is home for five days, visiting his parents, Mr. and Mrs. C. F. Brannon.

John Fink, secretary of the Florida Farm Bureau, all out of the farm bureau aims and accomplishments at a supper meeting to be held Monday evening, at 7:15 o'clock at the Hotel Mayfair, it was announced by Mr. Cullum, president of the Seminoles County Farm Bureau.

A two reel film secured from the Gainesville Extension Service will be shown which depicts methods and short cuts in seed bed plantings, also stump puller operations.

Mr. Chief Mack Cleveland will give a short talk on methods of fire protection for growers.

A report will be given on the housing project plan for farm workers, in which the Farm Bureau is cooperating with the Seminoles County Chamber of Commerce, Mr. Cullum said.

County Agent C. R. Dawson will report on progress in securing additional farm labor.

"This meeting is open to all growers, whether Farm Bureau members or not," said Mr. Cullum. Reservations may be secured for the supper by telephoning Secretary J. E. Wathen at 1100.
