## SHOLTZ SAYS STATE AGAINST SALOON OF OLD

Repeal Delegates Hear Governor Express Unfavorable Opposition To Past Era

TALLAHASSEE, Nov. 14.—(A.P.)—Unalterable opposition "To the return of the old-time, swinging-door saloon" was voiced by Governor Sholtz in addressing delegates of a convention assembled here today to cast the state's vote for repeal of national prohibition.

The Governor said "I believe our people want temperance, and that they themselves will bring about that desired goal; and I believe that the recent election result was an outburst against what people considered an invasion of their personal liberties and rights." Robert H. Anderson, Jacksonville, was unanimously elected president, and Mrs. Rebecca A. Camp Osala, as secretary of the convention.

The repeat convention of delegates, elected by state-wide vote on last Oct. 10, convened in the hall of the House of Representatives.

Secretary of State Robert A. Gray called the convention to order, acting in that capacity because a chairman must be elected by the convention itself.

Mr. Anderson, Jacksonville, attorney, who led the repeat fight through the election was the only candidate for chairman.

No other business except that of repeal was considered by the delegates. The state law specifically limits the convention to that topic.

## Scientist Develops New Ear Drum In Frog From Its Skin

NEW YORK, Nov. 14.—(A.P.)—A discovery in regeneration, by which a new ear drum was grown in a living frog out of skin from his own or another frog's back, was described in the New York Academy of Sciences last night.

The frog operation is of minor theoretical interest to plastic surgeons and medicine. For the skin which changed into an ear drum was already "adult" when taken from the back. It was described by Prof. Otto M. Haff of New York University as probably the first time the fully formed skin has been caused to change into another kind of structure.

Although there is not yet any parallel, the new ear drum is a long advance over previous similar scientific operations. Heretofore missing organs of small animals have been regrown out of tissues taken from some other portion, but this work has been done with embryo.

In frog experiments, embryonic skin has been changed into brain. But scientists believed that after the embryonic stage body structures become "fixed."

"This experiment indicates," Dr. Haff said, "that many fully-formed adult structures are probably not mechanically set but require a constant chemical, hormonal, or some other type of regulation to maintain their structure and tissue characteristics."

## Restaurant Owners To Organize At Orlando

The organization of a state restaurant association will be featuring at the San Juan Hotel, Orlando, today, as a meeting which is to start at 4:00 o'clock. Telegrams to telegram referred to the Chamber of Commerce yesterday from E. Wilson of Miami, chairman of the National Code Committee, representing Southern States and the National Restaurant Association.

Mr. Wilson urges all Florida restauranteurs and members of associations, if any, to attend this meeting. The organization he said, is to be perfected in accordance with the national code now under consideration in which the state association can afford the organization a place in giving representation to the state.

## Rapping State Relief System, Bristley Resigns As Member Of Volusia County Council

NEW Smyrna, Nov. 14.—(A.P.)—Frank B. Bristley of New Smyrna yesterday resigned as a member of the Volusia county relief council of which he was vice-chairman, and as chairman of the county and local work committees, at the same time voicing his disapproval of methods of the state relief administration, its "red tape," and "rate of extravagance."

Bristley, former president of the American Grocery Products Manufacturing Association of America, who retired six years ago to come to Florida, asked that the resignation take effect on or before Nov. 20.

"I have greatly enjoyed the association and co-operation of the splendid men who make up the Volusia county council and

greatly appreciate their confidence," said Bristley in a letter to Dr. C. Arthur Lincoln, chairman of the Volusia county emergency relief council, "but I regret that most of our deliberations and decisions were subject to approval of paid superintendents and directors and in most cases nullified."

"I find I am out of sympathy with extravagant and cumbersome methods of the present state relief administration, and believe if the present ratio is maintained, it will require the majority of funds the government is allocating for relief workers in this state, to cover expenses to us, supervisors, clerks, directors, etc. No business firm on God's green earth could stand up under such a barrage of red tape and such rate of extravagance."

## BRITAIN SEEKS LOUISIANA VOTE GERMAN RETURN PROBE PRODUCES STIRRING SCENE

MacDonald Tells Nazi Heads That Their Presence Is Vital

LONDON, Nov. 14.—In a desperate effort to save the tottering world arms conference, Prime Minister J. Ramsay MacDonald last night invited Germany to return to the parley.

The prime minister, in a stirring speech before the House of Commons, told the German delegation, "We are being yellow" and the whole committee with "over up for the rat" in his mind.

In making the "rat" reference, the investigator turned and placed (Continued On Page Two)

MANSFIELD, Ohio, Nov. 14.—(A.P.)—The plant of the Mansfield News-Journal was bombed early Sunday, eight hours after the editor of the newspaper received a racketeer warning to "lay off or you'll get yours."

The bomb exploded in the mailing room at 4:00 A. M. The floor was ripped up and windows in the plant and in nearby buildings were shattered.

G. J. Kochendorfer, editor of the News-Journal, has been a consistent crusader against racketeering of all kinds. In frequent editorials he has called for stricter law enforcement and for the eradication of bootlegging, slot machine and other rackets.

The plant of The Journal was bombed two years ago, and shortly thereafter a bomb bomb was exploded in the building occupied by The News. Since that time the papers were merged into The News-Journal.

Although there is not yet any parallel, the new ear drum is a long advance over previous similar scientific operations. Heretofore missing organs of small animals have been regrown out of tissues taken from some other portion, but this work has been done with embryo.

## Crop Production Loan Organization Will Be Created At City Hall

Every farmer and grower in Hillsborough county is invited to attend a mass meeting which is to be held at the City Hall tomorrow morning at 11:00 o'clock before which Kenneth G. Murphy, representing the Production Credit Corporation of Columbia, S. C., will appear to advise in the organization of a local Production Credit Association.

Mr. Murphy will explain the steps necessary in securing Production loans for crop production purposes. He also will explain how the Production Credit Corporation fits into the picture of farm relief as it is conceived by the Administration.

## Dollar Drops But RFC Gold Price Is Higher

WASHINGTON, Nov. 14.—(A.P.)—An announcement by President Roosevelt on Russian recognition yesterday appeared likely within the next four days.

President Hoover at Warm Springs, Ga., Friday, it was said at the White House yesterday that both he and Maxine Littvinoff, his first daughter, felt that negotiations toward the restoration of diplomatic relations should be entirely concluded before that time.

This was accompanied by another assurance of "goodwill" which added to the mounting evidence that the hour was close at hand when the two nations would finally be speaking terms for the first time in 10 years.

Administration Moves To Pump Money Into Hands Of Jobless As Rapidly As Possible

WASHINGTON, Nov. 14.—(A.P.)—While continuing to like the price of gold in accordance with a previously announced effort to raise commodity prices, the administration yesterday turned intensely to an endeavor to pump money into the hands of the unemployed.

In line with the President's avowed determination to place 2,000,000 men now on work relief on "regular work at regular wages" by Nov. 15, with another 2,000,000 unemployed to be absorbed as soon as possible, administration officials announced several new moves.

The bureau of public roads invited State highway commissions to bid immediately at least six projects for each of the 3,000 counties in the country on which minimum expenditures of not more than \$5,000 might be made immediately. The projects would be financed in the proportion of 60 percent relief funds and 35 percent Federal aid funds.

Senate Quizzer Points Finger Of Scorn At Long, Calls Him Rat

NEW ORLEANS, Nov. 14.—(A.P.)—Denunciation of the special United States Senate committee investigating the election of Senator John H. Overton, Democrat of Louisiana, was shouted in one hearing here yesterday by the committee's own investigator, John G. Holland, who charged Chairman Tom Connally, Democrat, Texas, as being "yellow" and the whole committee with "over up for the rat" in his mind.

**Circle No. 5 Meets With Mrs. H. Little**

Mrs. R. Z. Johnson, Miss Minnie Beck, and Miss Mary Gondale were taken in as new members at the monthly business meeting of Circle Number Five of the First Baptist Church held yesterday afternoon at the home of Mrs. Homer Little, 700 West First Street.

Mrs. R. L. Glenn presided over the meeting and Mrs. John D. Abrahams had charge of the refreshments. The Bible study lesson was conducted by Mrs. C. A. Anderson, Jr.

During the social period refreshments were served to the following: Mrs. John D. Abrahams, Mrs. C. A. Anderson, Jr., Mrs. Joe Barnes, Mrs. B. R. Beck, Mrs. W. P. Brooks, Jr., Mrs. J. C. Calhoun, Mrs. I. E. Estrada, Mrs. H. L. Glenn, Mrs. W. C. DeCoursey, Mrs. L. C. King, Mrs. W. D. Gardner, Mrs. V. McNevin, Mrs. V. G. Hasty, Mrs. B. C. Moore, Mrs. J. N. Standifer, Mrs. C. W. Speer, Mrs. R. A. Williams, Mrs. R. Z. Johnson, and the Misses Mann, Beck, Augusta Fletcher, and Mary Gondale. Miss Keeling was a visitor.

An urgent appeal was made today by members of the Girl Scouts for furniture for their new assembly hall, the old Atlantic Coast Line depot on Commercial Street. They wished to thank those who had already contributed and stated that they needed now especially a piano, a desk, tables, sets, daybeds, and chairs and are anxious to procure these articles before the "open house" party Friday afternoon and evening.

**Circle Number One Has Regular Meeting**

Mrs. H. B. Odham and Mrs. O. C. Gibbs were hostesses at the regular meeting of Circle Number One of the First Baptist Church held yesterday afternoon at the home of Mrs. Odham, 2424 Bay Avenue. The devotional service was conducted by Mrs. Gibbs and the Bible study by Mrs. S. A. Edenfield.

During the business session plans were discussed for raising money to help pay off the church debt. Refreshments were then served by the hostesses.

Those present were: Mrs. R. W. Lawton, Mrs. M. N. Cleveland, and Mrs. Margaret Fletcher.

## Mrs. J. E. Courier Entertains At Bridge

Honoring the members of her club, Mrs. J. E. Courier entertained with a bridge party on Friday evening at her home on Palmetto Avenue. Vases and bowls of marigolds were used to adorn the rooms where the guests were entertained.

After several progressions of bridge, high score prize, bronte bookends, was awarded to Mrs. Charles Butler. Refreshments were then served by the hostess, assisted by Mrs. Butler.

Those present were: Mrs. Pearl H. Babbit, Mrs. Charles Butler, Mrs. H. F. Kent, Mrs. B. C. Moore, Mrs. G. O. Danner, Mrs. Wurt W. Warner, and Mrs. O. M. Harrison.

The Reconstruction Corporation reduced the interest on loans to railroads from five percent to four percent for the year that began on Nov. 1, with the understanding that the railroads would use the saving "plus substantial additional funds" to employ new men during the winter. There was no official estimate of the saving by the reduction of interest, but unofficial estimates placed it at a little less than \$4,000,000.

"We want the Germans to come in not at the end, but now," MacDonald said earnestly. "We want to exchange views in conversations (in Geneva) that are not anti-German, but pro-European. These conversations are not to punish, but to establish peace."

The prime minister's announcement was the first overture by the former Allied powers to Chancellor Adolf Hitler, of Germany, since his withdrawal from Geneva, approved by the Reich in Sundays plebiscite.

"There is no use in getting two or three people to agree," MacDonald asserted, apparently referring to the present "observer status" of Japan, the United States and Italy. "If we are going to have an active move toward disarmament, there must be an international agreement, including Germany."

"I cannot admit, however, that because of Germany's withdrawal the work of disarmament ought not to continue. The British draft arms convention is not to be abandoned."

The prime minister said that under whatever auspices, the conversations to re-attack Germany should be pursued, apparently a reference to mediation efforts of Premier Benito Mussolini, of Italy. Hitler recently sent Mussolini a letter outlining Germany's present arms position.

Contract Bridge Is No

Pastime For Masses

NEW YORK, Nov. 14.—(UPI)

The game of contract bridge, whose mysteries were the secret

of a small circle of experts a few years ago, now has become the pastime of the masses.

Pointed proof of this is found in the current matches for the World Vanderbilt cup, most prized trophy of bridge, for the possession of which two teams will fight it out at 100 boards Monday and Tuesday.

Neither of the final teams in

cluded a single recognized "big name," though one of lead

is E. H. Watson, A. M. Barnes,

Richard Levy and Sam Frey, all

composers highly seasoned players

who have participated individual

ly in several major competitions.

The other final team Frank

Benton, Benno, Erwin, Sidney

Rosenow and Phil Abramson

composed entirely of tournament newcomers, a first water "dark horse" entry.

However, the Vanderbilt cup

has been adjunct by method con-

sistent the exclusive property of

the social élites. A dozen or

so teams have entered each year

but few of them really hoped to

win. It was a foreign conclu-

sion that some well known com-

petitors would walk off with the

handsome laurels.

But this year, there was a dif-

ferent feeling. Twenty-eight teams

were entered, the largest field in

history.

Years ago, the previous biggest

exposition from the attendance standpoint. Forty years ago, 21,

400,000 persons visited that exposition.

Oh! I Wish We Had Our Telephone Back

IT'S a lonesome, isolated kind of life, trying to get along

without a telephone. Out of touch with friends—seldom invited out, and unable to call friends to invite them over for an evening.

"It just doesn't pay," said a customer recently. "I want my telephone back. The happiness and comfort we've missed was worth far more than the small amount we saved by trying to do without it."

When you compare the numerous advantages that a telephone in your home affords with the small cost you will probably agree, too, that it really doesn't pay to try to do without it.

## NEW LOW MARK SCORING SET BY 1933 ELEVENS

**Home Teams To Have  
Gained Upper Hand  
Throughout Country**

**NEW YORK**, Nov. 14.—(AP)—Average football scoring, on the basis of performances thus far received by teams' representatives of the entire country, has set new low record, thereby adding weight to the arguments of those that the defense has gained the upper hand and, in effect, pretty well throttled the offense.

Despite the fact that most of the high scoring "breather" games are over, and only eight, the point battles he ahead, average score of 164 teams have dropped to 12.09 points per game. Over the entire season of 1932, 150 averages averaged 12.82 points per game, a mark that was 1.17 units under the lowest previous average in the 11 years the Associated Press has kept such records.

The downward trend is all the more interesting in view of last winter's major rule change, specifically devised to aid the defense, and eliminating the necessity for wasting a down to carry the ball outside after it had lodged near the sideline. Under this season's code the ball automatically comes in 10 yards whenever it is downed closer than that distance to the boundary.

Members of the major leagues scarcely can hope to average two touchdowns per victory, there seems, every likelihood, of a further drop in the averages over the full season, and a corresponding increase in agitation, this winter for more rule changes.

Already Lou Little of Columbia, chairman of the coaches' advisory committee that meets with the rules committee, has suggested that football eliminate the "dead ball" provision on fumbles and kicks. Columbia has averaged 16.85 points per game so far this season.

Little would return to the old regulations, where fumbles and blocked kicks were free balls and could be picked up and advanced.

Little believes that the "dead ball" rule, devised to aid the offense by increasing the use of the lateral pass through a decrease in the penalty for fumbling on this type of play, has not obtained its objective and has resulted only in complications for officials and players.

On the other hand, many coaches believe the "dead ball" rule not only is desirable, from the standpoint of fairness to the side losing possession, but that it has encouraged the offense to take more chances than it would under the old "recover and run" regulations.

Scoring averages have shown a steady downward trend from the high of an 18 point average set in 1922 when figures were kept on only 63 teams.

The outstanding scoring failure this year has been Notre Dame, with only 12 points in six games, all counted against Indiana. Last year at this time the South Bend machine had piled up 222 points. Michigan State, with a total of 220 in eight games last year, has made 72 in seven this season, while Texas Christian, with 283 for 11 contests, is down to 93 in eight so far this fall. Colgate with 255, both totals for nine games last year, have set a much slower pace. The former dropping to 151 points in six matches, Auburn to 98 in seven.

AMERICANS ARE CHIEF FANS

**MAYREUTH**, Germany, Nov. 14.—(AP)—Figures on the 2000 foreigners who attended this year's music festival here showed Americans in the lead as devotees of Wagnerian music. They numbered more than 300, while English, Swiss and Czech numbered more than 200 each and French about 150.

#### MERCHANTS ARE READY TO GREET COUNTY FRIENDS

Sales Events, Musical  
Program Planned To  
Draw Large Crowds

With every indication that NRA

Festival Day and its program

will draw an unusually large num-

ber of persons from around this

county to Sanford tomorrow, mer-

chants this afternoon were making

ready to extend a warm welcome

which will indicate that they ap-

preciate the value of this coun-

try town trade and are anxious to

straighten it.

Practically every merchant in

the city has arranged for some

sort of special sales event that is

aimed at attracting the old and

new customer. First Street and

Sanford Avenue stores late today

appeared crowded with bargains

that are mentioned in display

cards in windows and on counter-

tops, while merchants in stores

leading off these two principal

streets also have made prepara-

tions for extra business.

The entertainment program for

the day had been completed this

morning. It includes a day of

events that follow closely upon

each other, starting at 9:00

o'clock and continuing until late

in the evening.

Through the courtesy of Otto

Caldwell of the St. Johns River

Transportation Co., and the Hof-

Mac Battery Co., as well as

Mrs. Gladys Morris Williams,

long and interesting program of

amazing musical numbers, the

entertainment will be continuous

all day.

In addition, an antique auto-

mobile race will get under way

at the clock tower on First

Street at 10:00 o'clock, while at

4:00 o'clock, a greased pig will

turn loose at the same corner,

and it may be retained at

the person who catches it; a

proper race will be staged at

First Street and Magnolia Ave-

#### Repeal Delegates End Task In Only 3 Hours

TALLAHASSEE, Nov. 15.—(AP)—

Florida yesterday became the

thirty-first state to move by con-

vention to strike the 18th Amend-

ment from the national constitu-

tion, but the official recognition of

the electorate's choice was only an

empty gesture as far as the state

sale of liquor was concerned.

Stringent state liquor laws

passed long before national prohi-

bition, do not come before the

voters until the Nov. 12, 1934,

general election, when article 10,

"bone dry" amendments to the

constitution are voted on without

further vote.

With repeal of the state am-

endment, then, the state would revert

to the local option statute.
