WASHINGTON (UPI)—A major administration war council to plan the government's fight against the steel price increase was called into extraordinary session today at the White House.

Weather Front: Snow, Hail, Rain

By United Press International
A late spring storm covered the northern plains with up to nine inches of snow early today. Violent Dixie thunderstorms spawned king-size hail stones and a tornado.

A small tornado dipped down on a chicken farm near Canton, Ga., early today. Hail the size of baseballs was reported near Castor, La. Overton, Tex., measured hail three inches in diameter. Hail the size of hen eggs was reported at Stringer, Miss., and in northern and central Alabama. A blanket of hail 2 1/2 inches deep covered the ground at Longview, Tex.

Hatteras, N. C., had 3.12 inches of rain in six hours and Tupelo, Miss., had seven inches in 24 hours. The six-hour rainfall total at Jackson, Miss., was 3.36 inches, two inches of it in a single hour.

Hospital Fires 2 In Beating

ARCADIA (UPI)—Two attendants and probably a third will be dismissed from the State Mental Hospital staff in connection with the alleged beating of a critically-injured patient.

The announcement was made Wednesday by Dr. C. H. Adair, superintendent of the hospital. The two men accused of beating up 57-year-old Nathan Webster of Belle Glade, will be discharged, Adair said. Another attendant who may have witnessed the incident but did not report it, "will probably be discharged."

The two attendants, identified as L. D. Strickland, 28, and Wilson Whiddon, 21, both of Arcadia, were arrested Wednesday night and charged with assault and battery. They were jailed in lieu of \$500 bond each.

WASHINGTON (UPI)—Republicans who kept the House up half the night assailing what they called an administration "snow job" claimed today their effort was highly successful. Democrats shot back that GOP "spring thaw" looked to them more like a frost.

Rep. Roman C. Pucinski, D-Ill., one of about two score Democrats who swarmed out the GOP oratorical assault, contended the barrage of criticism showed that "the John Birchers" had made a "significant dent" in the leadership of the Republican party.

Okla., another season-ender, said he was glad the Republicans had their full say, and was happy they had out a fairly full gallery to sit through it. "After hearing what they did, a lot of those folks will probably see the light and turn Democrat," Edmondson said.

The awards, \$10 for first place and \$5 for each of the second place winners, were presented by Americanism Chairman Mrs. Bea Newsome, at ceremonies held in the Sanford Junior High School auditorium Tuesday as part of a program on Americanism.

The theme of the essays was "What I Believe" and the awards were given by the American Legion Auxiliary Unit 53. Mrs. T. A. Stiles, past president of the auxiliary, was also present.

Tampa Cigar Firm To Move

TAMPA (UPI)—The Tampa Cigar Company announced today it would move its plant to Evanville, Ind., May 1.

The move, a result of the shortage of Cuban tobacco, will leave 100 cigar industry workers unemployed.

Company president Charles Stieh said two or three top officials will move with the firm. The rest of the employees will be laid off.

At the same time, Gradiann and Co., announced it will begin production of a blend cigar in an effort to combat the shortage of Cuban leaf.

Final approval of the zoning board's ruling will come before the County Commission at its meeting Tuesday.

GOP Bloc Blasts Away At Administration In Set-to

WASHINGTON (UPI)—"We think we got the main message across," said Rep. Bob Wilson, R-Calif., chairman of the Republican House campaign committee. "The message was this: that the country has been brainwashed by the Kennedy administration."

By midnight everybody was tired and there was general agreement that the point, whatever it was, had been made. With only seven of their scheduled 16 main orations out of the way, the Republicans at 12:07 a. m. said they would leave the rest for another day.

combating the Reds and a "no budget" policy in not producing the B70 bomber. The President was assailed for debasing the dollar and accused of planning never to pay off the national debt. His foreign trade bill was called a low blow at domestic producers.

ers. His school aid plan was assailed as a bogus cure for an ailment that no longer exists. In the face of all that, the Republicans said, Kennedy has so bamboozled the public and intimidated the press that his errors at home and abroad have gone unrevealed.

New York School Teachers Ordered Back To Work

Court Says 'No Strike'

NEW YORK (UPI) — The city's public school teachers were ordered to return to their classrooms today by union leaders who reluctantly complied with a State Supreme Court injunction forbidding all strike activity.

The decision ended a bitter one-day walkout that led to outbreaks by students in under-supervised classrooms across the city.

The United Federation of Teachers (UFT), which called the strike when its demands for a \$33 million pay package were rejected, agreed early today to obey the injunction obtained by the Board of Education.

The strike, which affected nearly all of the city's 840 public schools, came to an end after a stormy, seven-hour meeting of the union's executive board.

UFT President Charles Cogen said the union agreed to the court order because it "entailed penalties of jail sentences and severe fines for the rank and file teachers."

The injunction that ended the walkout was granted by State Supreme Court Justice William C. Hecht who said that "teachers, as professionals dealing in a vital public service, are barred from striking on the same grounds as are doctors, nurses, policemen and firemen."

The walkout also was a violation of the Condon-Wadlin Act, a state law that prohibits strikes by public employees. If enforced, the striking teachers would be dismissed, but school Supt. John J. Theobald announced late Wednesday night that teachers who return to work immediately would be exempt from punitive action under the Condon-Wadlin Act.

More than half of the city's 39,581 teachers joined in the walkout and the resulting lack of supervision led to riots in several classrooms which were transformed into scenes resembling those from the film "Blackboard Jungle."

The worst trouble was at Seward Park High School on the Lower East Side, where 1,000 of the school's 3,000 pupils went on a rampage.

The 40 teachers who were inside the school stood by helplessly while students ran screaming through the corridors, throwing books, eggs, and cartons of water at one another.

Similar disturbances were reported at a number of other schools and extra police were called in to crush the brawls. Negotiations which failed to resolve the dispute were carried on in an atmosphere of mounting resentment, aggravated by a political hassle between Democratic Mayor Robert F. Wagner and Republican Gov. Nelson A. Rockefeller over state financial aid to education.

Former Commie Accuses AF Man

WEIRBADEN, Germany (UPI) — A heavily disguised former Communist espionage officer testified Wednesday that U. S. Air Force Capt. Joseph P. Kaufman passed military secrets to East Germany.

The witness, Guenther Maennel, a former East German secret service agent, wore a false mustache, wig and glasses when he took the stand. He defected to the West last year and is the star witness in the case against Kaufman.

Maennel has worn the disguise whenever moving about in public to prevent recognition generally and possible revenge for his flight by Communist agents.

Drink, Cigaret Tax \$66 Million

TALLAHASSEE (UPI) — The booming tourist season and phenomenal industrial expansion in Florida produced total alcoholic beverage and cigarette tax collections of nearly \$66 million in the first nine months of the current fiscal year.

Beverage Director Thomas Lee said Tuesday the collections set a record for the nine months.

Radios Prove Value In Fire Protection

A total of 20 calls for the month of March were reported at the April 4 business meeting of the Longwood Volunteer Fire Dept. Of the calls answered, 18 were for woods and grass fires and one was for a car fire.

Extended coverage offered by the department through its recently acquired two-way radio system was shown on two occasions during the month, Chief Claude Lays reported. The first occurred when a car at the Sanlando Kennel Club caught fire at the same time the department was answering another fire. The base station operator immediately alerted the firemen and the necessary equipment was dispatched at once to the Kennel Club.

Four Church Leaders Surprised At Progress Of Merger Talks

By Louis Cassels WASHINGTON (UPI) — In the high-vaulted library of Washington Cathedral, leaders of four Protestant denominations Wednesday sat, side by side, at the end of a huge oak table.

For the past two days they had been talking candidly behind closed doors about the possibility — some would say the distant dream — of merging the four denominations to form a single great church with 20 million members.

Now they faced a roomful of reporters who wanted to know how it had gone. Did these churchmen really think there was a chance of uniting the Episcopal Church, the Methodist Church, the United Church of Christ and the United Presbyterian Church?

The question brought a smile from the Rt. Rev. Robert F. Gibson Jr., the handsome, gray-haired Episcopal bishop of Virginia.

"I can tell you this," he said. "I'm a lot more hopeful about the prospects than I was when I walked in here."

A big, baldish man with shoulders like a fullback nodded in vigorous agreement. This was the Rev. Dr. Eugene Carson Blake, stated clerk of the United Presbyterian Church, who first proposed the merger.

Stock Offered By Development Co.

Sanford Seminole Development Company is now offering stock to the public at \$10 per share.

Money derived from this issue will be used to construct a new manufacturing building that will be occupied by Alix of Sanford.

The Development Company anticipates a yearly yield of 6 percent on invested capital.

Citizens of Seminole County are offered this opportunity to participate in the establishment of additional industries in this area, and at the same time are assured a very liberal return on this investment.

Additional information may be secured from President Clifford McKibbin, Secretary George Touhy, Treasurer Roy Mann, or Executive Vice President John Krider.

carried us much further than we had dared to hope," he said. How so? a reporter pressed.

New York attorney Charles C. Parlin, a member of the Methodist delegation, replied that the conferees had reached agreements "easily and enthusiastically" about several important questions of procedure.

They had decided to invite three more denominations (the Christian churches, Evangelical United Brethren, and Polish National Catholic Church) to join the talks. They had fixed March 19, 1963, for their next meeting.

They had also taken steps to initiate a large number of joint theological studies, to clarify the specific issues of

doctrine and church organization that will have to be settled before a plan of union can be drawn up.

The Rev. Dr. David G. Colwell of the United Church of Christ suggested that these agreements, while valuable, were not the real reason for the optimism which clearly radiated from the whole group.

What really counted, he said, was the "excellent atmosphere" and the fact that in two days of frank discussion "no road block was encountered which will make difficulties in the future."

How long will it take—if all goes well?

Ten years was the lowest estimate that any of the delegates was willing to offer.

Police Capture 25 Fugitives

JESUP, Ga. (UPI) — The last of 25 fugitives from a south Georgia prison camp was recaptured late Wednesday and two prison guards were suspended for negligence contributing to the mass escape.

Police said Donald King, 28, of Brunswick, surrendered meekly when found in woods between here and Mt. Pleasant on U. S. 341. King had been serving 3-10 years for burglary at the time of the jailbreak.

His capture ended a four-day manhunt for the heavily armed fugitive. Seven convicts were back behind bars within 30 hours of the bold escape Saturday night. Seven others were caught Tuesday.

Chief prison inspector Walter Lambert said one guard, Prentice Rolla, had violated prison rules by going inside the prison compound while wearing his pistol. This enabled the convicts to arm themselves, Lambert said. He indicated that one of the prisoners dressed himself in Rolla's uniform and lured the other guard, Preston Mitchell, into the compound.

Reservists Out By August

WASHINGTON (UPI) — President Kennedy has announced that the 145,000 Reservists and National Guardsmen called to duty for the Berlin crisis last year will be able to return home in August.

Kennedy told his news conference Wednesday that the decision was "Not the result of any marked change in the international situation, which continues to have many dangers and tensions.

"It is the result, rather, of our successful buildup of permanent instead of emergency strength," he said.

The Army announced immediately that it would release all Army National Guard and Reserve units and individuals "as expeditiously

as possible after Aug. 1" with all units to be released prior to midnight, Aug. 31.

"I know that I speak for all of our countrymen in expressing our appreciation to all those who served under the adverse conditions of living in camps and being taken away from their families and their service," Kennedy said.

"And the willingness of the great, great majority of them to do this uncomplainingly, I think, should be an inspiration to every American."

Kennedy said the units would remain available "in a new and heightened state of combat readiness, if a new crisis should arise requiring further service."

Other developments at the President's news conference:

—He announced he had ordered the Justice Department to seek a Taft-Hartley injunction halting the West Coast maritime strike for 80 days. He said the public interest and national health and safety made it necessary. The injunction was issued a few hours later by a federal court in San Francisco.

—He will ask Gen. Lucius B. Clay, his personal representative to Berlin who is returning to private business in this country, to continue as a consultant. He said he would ask Clay to remain available to go back to Berlin if necessary.

—He is concerned about American casualties in South Viet Nam, but this country must go on helping the Viet-

name to fight the Communist guerrillas.

—Cuban Premier Fidel Castro had, in effect, sentenced invasion prisoners to 30 years in jail by demanding a \$62 million ransom for them. He said Castro knew the U. S. government would never negotiate on such terms and families of the prisoners could not raise that much money.

—Gen. Lyman Lemnitzer, chairman of the Joint Chiefs of Staff, was justified in presenting the U. S. Legion of Merit to a Japanese air force officer who planned the Pearl Harbor attack, Kennedy said he was "a distinguished officer" who had been extremely cooperative with the American government since VJ Day. "I thought the days of the war are over," he added.

Galloway Speaks For Lions Club

By Jane Casselberry

Guest speaker at last Thursday's meeting of the Lions Club of Casselberry was Carl Galloway of the Winter Park Telephone Co. who also showed a movie depicting problems involved when an independent telephone company switches over to new automatic equipment.

Galloway announced that direct distance dialing will go into effect in November for the area served by Winter Park Telephone Co.

Guests, introduced by Vice President Joseph Murasko who presided in the absence of President Milton Freeman, were Dan Houtley, Jimmy Goodman, Walter Bomler, Mal Joseph Laird and Hylton B. Millet.

Representing the Casselberry Club at the Charter Night Banquet of the new Southwest Orlando Lions Club, also held last Thursday night at the SGO Club of McCoy AFB, were Mr. and Mrs. Freeman, Mr. and Mrs. Raymond Smith and Mr. and Mrs. Victor Viner. Many Lions dignitaries were present for this occasion and District Governor of 35-0, Myrl Kieckhefer, presented the charter.

Guest speaker was Dr. Walter Campbell, candidate for the office of third vice president of Lions International to be elected in June at Nice, France.

Study Urged

TALLAHASSEE (UPI)—An immediate study by the State Board of Control to determine Florida's future needs for technical education was recommended today by the Florida Engineering Society.

Bob Allgood, executive director of FES, said unless immediate plans are made to produce more engineers, Florida's scientific and technical development will be severely retarded by 1970.

Allgood said there presently are more than 11,000 degree-holding engineers working in the state, of which less than 2,000 are active registered engineers.

Battle Subsidy, Chamber Urges

JACKSONVILLE (UPI) — The State Chamber of Commerce today urged Florida congressmen to battle the controversial 6 per cent West Coast shipbuilding subsidy scheduled for House vote Thursday.

The chamber said Pacific Coast shipbuilding interests have rallied support against a bill proposed to eliminate the subsidy differential established in the 1936 Merchant Marine Act. The chamber charged in a telegram to Florida congressmen that the differential discriminates against East Coast, Gulf Coast and Great Lakes shipbuilders.

It said West Coast steel mills and facilities were fully competitive with the rest of the nation and the subsidy was no longer needed.

Novel Business Opens Its Gates At 9 On Saturday

This past spring, three young Central Florida men with a lot of initiative and imagination staged the Winter Park Sidewalk Art Show. It captured the public's fancy so completely and was such a complete success that it inspired them to start planning another original business venture—the Central Florida Country Fair.

The three young men are Don Sils, Darwin (Nicky) Nichols and Gus Weinstein, and their new brain child the Country Fair "Opens Its Gates" to the public on Saturday at 9 a. m.

The Country Fair is scheduled to be just about what its name implies—a collection of tents and booths, where a person can see and buy anything from a home-made cake and jar of pickle-lilies to the latest mechanical gadget. Booths are leased and operated by individuals and groups from this area. The management has a standing invitation to anyone to go into business for himself. All that is required is some stock and a small daily booth rental fee.

The Country Fair is located on Highway 17-92 just a few hundred yards south of the Big Tree entrance, approximately 6 miles from Sanford. Present hours are from 9 a. m. till dusk every Saturday and Sunday. Later, if the demand warrants, the Fair will also be open for business on weekdays.

Job Well Done

The efforts of the City of Sanford to make an attractive spot out of an old eyesore recently resulted in the formation of a "rock garden" at the triangle plot of ground right at one of the busiest corners in town, 25th St. and Park Ave.

Now the ladies of the Sanford Garden Clubs have further enhanced the attraction of the little park, with plantings of greenery, to soften the lines a little, and give a soft, cool

green touch of spring that delights the eye.

Both the city, who furnished work crews and equipment, and the ladies of the clubs, who furnished the plants, the design and the direction, as well as a lot of good old elbow grease and perspiration, are to be commended for the wonderful civic improvement they have made.

We hope the Sanford Garden Club gets the state civic improvement award.

Challenge Is Clear

A man who properly qualifies as one who "gets things done" has a suggestion that deserves to make a dent in the mind of every individual in this country. It's this:

"If every adult in this country would give one night a week in the service of others—whether it be for the Boy Scouts, politics, civic affairs or whatever—there would just be no stopping us. So much would be accomplished you wouldn't know this nation."

To achieve these things that lie

beyond the end of our noses, we need both leaders and followers. From those who do plunge in, you can get plenty of testimony that we are today in short supply on both counts.

All during 1961 we heard the query: "What can I do for my country?" With many this reflected sincere puzzlement. A large number of us nevertheless already know the answer.

If we were doing what we should be doing, we would have neither the time nor the need to ask that question.

Goldwater Joins Dixie In Fight

WASHINGTON (UPI)—Sen. Barry Goldwater, R-Ariz., a conservative Republican with a strong Southern following, has joined forces with the Dixie bloc for the post-Easter evil rights battle.

Goldwater, frequently mentioned as a possible presidential candidate, slipped into the Southern camp Tuesday when he voiced his strong opposition to any government meddling with state literacy tests.

In the process, Goldwater clashed once more with New York Gov. Nelson Rockefeller, the leader of the GOP liberals.

Rockefeller, in a letter to the Senate constitutional rights subcommittee, expressed his fervent endorsement of President Kennedy's proposal to exempt voters with a sixth-grade education from literacy tests.

CASE L-65. Marsha M., aged 29, is a mother of 3 live-wire youngsters.

"Dr. Crane," she began, "my life is hectic and when I go to bed at night I have so many things on my mind, I can't relax.

"I hate to think of taking sleeping pills, but what else can one do to get a sound night's slumber?"

First, keep a writing pad at the head of your bed, either on a table or suspended by a string.

Then, when you happen to think of a chore for tomorrow, write it down.

SIR ISAAC NEWTON TO THE CONTRARY

Letters

To The Editor

Dear Sir:

The Sanford Garden Club has planted the triangle at Park Avenue and 25th Street. We hope this to the satisfaction of most of our Sanford citizens.

During this project we have had the full cooperation of our City Manager, Mr. W. E. Knowles and his park crew headed by Mr. Jim Dunn. Mrs. Eric Vihlen, president of the Garden Club, the Beautification Committee and the general Garden Club membership have all worked un-

tingly to make this a success.

To Mr. Knowles, we wish to express our deep appreciation for his cooperation. To Mr. Dunn, we thank him and his crew for their labor when they are so busy trying to maintain many miles of park ways in Sanford. To Mr. Sid Richard, we wish to thank him for contacting us and getting us started on this controversial triangle.

To the people of Sanford, we wish to ask you to take pride in the beautification of your city and take interest in the many projects completed through the time and expense of various civic organizations, clubs, individuals, and the City itself. The City Hall palms and flowers, the new jail planting and the Zoo and the attractive shrubs there, are only a few. Be interested in Sanford. This is where we live and work. Don't let these plantings be destroyed by vandals or nature for the lack of attention from any of our citizens.

Mrs. A. K. Shoemaker, Jr. Beautification Committee Garden Club.

Dear Editor:

The Bear Lake Area, Precinct 16, has become the Norman's Land of Seminole County.

The pavement on the roads in this corner of the county have become a nightmare: they are no longer M.P.H. roads—they are travel at your-own-risk!

The right of ways have been neglected, weeds and grass are growing rampant, many corners are obscure and dangerous—and no county commissioner nor road superintendent is coming to our aid. In fact, those officials are ignoring the Bear Lake Area.

Taxes have recently been (within the past few years) growing excessively high—and the Bear Lake area is contributing, as usual, a lot more than they're getting back in services.

A deaf ear is turned to any appeal from the Bear Lake area. It is two years before we can get any relief at the polls—what are we supposed to do? Just sit and hear and take it?

Yours For Fair Play, Geo. W. Hunsell

P. S. Mr. Avery said the roads were in deplorable condition when he took office the first of last year; due to Hurricane Donna. What is the cause now, Mr. Avery? I!

Blackout On Missiles Set

WASHINGTON (UPI)—The administration has banned release of information about reconnaissance, warning and other military space craft put in orbit from now on.

A Defense Department spokesman confirming the blackout, said Wednesday it was imposed for "national security purposes."

Even the text of the order, made without announcement, is secret. Sources said Deputy Defense Secretary Roswell L. Gilpatrick issued it March 23. It bans advance announcement and press coverage of military space launches at Cape Canaveral and Point Arguello and Vandenberg Air Force Base, Calif.

It forbids further use of spacecraft names like Discoverer, Midas and Samos and says military payloads will not be identified in future launches although rocket booster names may be.

Only minimum data will be given United Nations agencies which collect information on vehicles in orbit.

Phil-Newsom Says . . .

Fronzizi To Blame

(UPI)—On Martin Garcia Island in the River Plate, ousted President Arturo Frondizi of Argentina was reported suffering an illness generally attributable to shock and strain.

Also suffering shock and strain but with the symptoms more clearly defined was Argentina itself.

What to do about them constituted a problem under study in capitals from Washington to Buenos Aires.

It was clear that democracy in Latin America, which the United States is pledged to support, suffered a blow when Argentina military leaders elected to interrupt democratic processes on March 29 and depose Frondizi by force.

Even the move which installed Senate President Jose Maria Guido in office as the man next constitutionally in line did not disguise the fact that military men were making the final decisions.

In only a little more than six months, military forces in South America's two largest countries, Argentina and Brazil had stepped in to effect drastically the course of constitutional government.

In Argentina, the military traditionally have expected to be consulted in government affairs, and since the fall of the Peron dictatorship in 1955 have been especially watchful

of the Peronistas to power. Almost from the start, Frondizi has been under their suspicion.

While denying any obligation to them, Frondizi was elected with the help of Peronistas acting upon the orders of Juan D. Peron in exile.

In June 1959, the Peronistas made public a document—denied by Frondizi—in which Frondizi allegedly promised to annul all anti-Peronist measures taken by the provisional government which replaced Peron.

Fronzizi was not alone in believing Peronistas should be returned to the national political scene. It was held that so long as they remained outlawed, they constituted a "corrupting" element without responsibility.

In October 1961, the ban on Peronistas in politics was lifted.

It and contributing factors proved Frondizi's undoing. In last month's elections Peronistas won sweeping victories in 10 out of 14 provinces. Contributing factors had been a new and unpopular austerity program, a mounting cost of living and Frondizi's own over-confidence in his ability to handle the military.

Mrs. H. I. Johnson
Well here it is Thursday already. Where, Oh where does the time go? And do you know it is almost Easter time too? I guess there is a lot of sewing being done these days. Did you know that a lot of ladies are covering their shoes to match their dresses? It can be done easily too. Seminole County H.D. ladies were taught this last year at the short course in Gainesville. . . . Talking about Home Demonstration, the County Council at their meeting last week decided to have the County Dress Revue and the installation of Club Officers on May 31 at the H.D. Center. Mrs. Joe Wright, county clothing chairman and I are working on a nice program. All you H.D. ladies get busy on an outfit to model in the revue. . . . Rose Poff fell in the kitchen of her home and hurt her back last week. She's much better now. . . . Well the Seminole High Glee Club certainly came home with high honors this year. Madragal group, boys quintet, girls-quartet, and several solos won superior ratings and this means that they get to go to state which will be held at Daytona Beach April 27. Mary DeWitt and I got so tickled at Mr. Stone, one of the High School teachers. He was one of the chaperones for the Glee Club when we took them to Orlando Friday evening. When it came time for the girls to sing, they handed all their purses to us, Mr. Stone, Mr. Hickson, another high school favorite teacher, also Mrs. Higginbotham and Pam Jones' mother, Joyce. One of the many purses Mr. Stone was holding decided it wouldn't stay closed. And did he have a time. . . . The W.L. Kendricks are here from Bainbridge, Ga., visiting daughter Sammye Lou Keel and family. Beanie is one of those avid fishing ladies and she can certainly show you how to catch the fish. I still can't understand why she and PaPa are taking so long to get that Florida sand in their shoes. . . . W. H. Almond has returned from Atlanta, Ga., where he was called by the death of his brother, he and Mrs. Almond took his sister to Jacksonville where she boarded a plane for Detroit, Mich. . . . Marilyn Krejcar will be very happy come Monday. Friend husband Bedrick returns from a two months sea duty with the Navy. . . . The young people of the Monroe Baptist Church motored to Deland last Saturday for a youth rally. After the meeting they rode to the Ministers home where they surprised Virginia Warfel with a birthday party. Happy Birthday Virginia. . . . Our high school baseball team is certainly making Coach McCoy proud. They won over Apopka last Friday and over Wildwood

Longwood Mayor Guest Speaker At Lyman
Longwood Mayor A. R. Lormann, guest speaker Wednesday for Lyman civics students, spoke on "Problems of Big Business," stressing the fact that today's business leaders are depending on the student to provide capable and responsible management in the future.

Pointing out that presently the number one problem in management is finding personnel with ability and desire to accept responsibility and make decisions, he cited this fact as a main contributor to heavy records of business failure this year. Other problems in classifications of labor, government and management were included in the factual lecture augmented by reports from the Wall Street Journal. Causes and reasons for strikes and methods of settlement were given and governmental powers to regulate and levy taxes on business were explained. Lormann formerly has served as a business analyst for the Dept. of Labor and the War Production Board and as a labor relations negotiator.

House Holds On To 'Junk Mail' Privileges

Lawmakers Can Send It To 'Occupant'

WASHINGTON (UPD) — The House Wednesday defeated by five votes 197-192, an attempt to end its right to send unaddressed or "junk mail" to voters at taxpayers' expense. It was the first time House members have been required to be counted on the mailing privileges Congress gave itself in the closing hours of the last session. The House held no roll call then because it added the mailing provision to the final money bill of the session. The chamber then immediately adjourned, forcing angry senators to accept the bill without change. Rep. Silvio O. Conte, R-Mass., forced the issue to a re-vote last Wednesday by offering an amendment to a \$113,733,890 appropriation bill carrying funds to operate Congress in the fiscal year starting July 1. The amendment would have barred the use of any of the funds to pay for postage-free congressional mail addressed to "occupant."

The Executive Board of the Auxiliary to the DelBary Volunteer Fire Dept. met at the home of the president, Mrs. Charles Ulrich of Lake Dr. with 12 members present recently. Under discussion was the Annual May luncheon and the installation of Officers for 1962-63.

SHS Thinclads Smash 2 Marks At Track Meet

Locals Romp Over Leesburg High Team

By Ronnie Broadway
Herald Sports Editor

Two school records were broken and one was equalled as the Seminole High School Thinclads romped to an 87 1/2-35 1/2 win over the Leesburg High School track team on the new Seminole track Wednesday.

The track was fast and the weather was perfect for Chip Crawford, Jim Terwilliger, the 850 relay team of Buddy Lawson, Terwilliger, Mike Champion, and Don Harvey.

Leesburg took an early 5-4 lead with Axford winning the 120 high hurdles in 16.4. Chip Crawford was second, and Hubert Grier of Sanford was third. Buddy Lawson just missed the school record in the 100 yd. dash as he flew through in 10.4, followed by Leesburg's Bradley taking second, and Sanford's Don Harvey finishing third. Sanford now led 10-8.

Leesburg took the mile run in 5:06.2 with Maki and M. Williams of Sanford taking second and third. The score was now 14-13 in favor of Sanford. A new school record was set in the 800 relay with Lawson, Terwilliger, Champion, and Harvey running the distance in the record time of 1:34, over the old time of 1:36.7.

Sanford took all three places in the 440 with Jim Jones, Vick Walsh, and Barry Barks finishing. Sanford now had a big lead at 28-13. Chip Crawford proceeded to break the record for the 180 low hurdles with a time of 21.6.

The Seminole once again took all three places as Terwilliger and Jim Westlund followed Crawford. David MacGillis ran the 800 in a good time with Eric Esteron of Sanford and Curry of Leesburg following. Sanford now led by the score of 48-14. They picked up five more points by winning the sprint medley relay in 5:06.5.

Lawson, Harvey, Champion, and Jones ran for Sanford. Jim Terwilliger led the school record for the 220 yd. dash as he ran the event in 25.4. Westlund and Clarence Johnson of Sanford tied for second. Sanford now led 60-14. Leesburg's Brown threw the shot put 40'6" to take first place in that event while his teammate Kimmons took second. Williams of Sanford was third.

David McLean threw the discus 117'11" to win the event with Brown of Leesburg second and Noel of Sanford third. In the mile relay, the team of Crawford, Barks, MacGillis, and Walsh took the win for Sanford in 8:47.8. Sanford was ahead 71-28. Bubba Davis and Don Harvey tied for first place in the broad jump with the Seminole making it a clean sweep as Johnson took third. The winning jump was 30'8". The pole vault was a thrilling match between Axford of Leesburg and Dave Melano of Sanford. Axford finally won with a vault of 11'. Melano was second with Orme of Leesburg and Burkard of Sanford tying for third. Axford also won the high jump with a jump of 5'7". Don Harvey was second with the four way tie for third between Grier, Fryman, Febel

of Sanford, and Williams of Leesburg. This was the fourth win in a row for the Seminole and this was regretfully their only home meet. Don Harvey was high point man with 10 1/2 points. Sanford had 10 first places compared to five for Leesburg.

Dream Come True

By Jane Casselberry

The dream of all golfers came true Sunday for Cecil Asher, member of the Country Club at Casselberry, when he made a hole-in-one on the 185 yard number seven hole with a two iron.

Pairing for the first round in the club's championship to be decided this month were W. H. Knauer, defending champion, over W. J. Knauer; Charles Dougherty over Livingston Saylor; David McCoy over Cliff Overman; Asher over C. D. Caldwell; Bob Harvey over Chester Miller; Don Gordon Hulbert over Donell Long and C. Hillechuk over R. Turnbow.

Winners in the blind boccy currently running, announced Saturday for the week ending April 6, were Harry Tart and Ben Higgs, tied for first place; H. E. Doyle and D. Grove, tied for second; C. Hillchik, T. Morris and Cecil Asher, three way winners for third; F. Hennig, fourth; Frank Rademacher and Charles Hoffman, tied for fifth; R. Stallins, sixth and A. Helms, seventh.

The Men's Golf Assn. of the Club met Monday night to form membership committees and set annual dues. The

Tempests Hold Kegler Lead

The Tempests took four points from the LeSabres this week to hold their lead. The LeSabres and Metro's are tied for second and in third only one half point behind, are the Invictas.

Spills converted were the Cleveland 1-1, 3-00; Nola Ferguson, the 5-7-9 by Shirley Conkey and Flo Buck; 4-5-7 and the 8-9-10 and the 3-6, Elaine Miller; the 2-7, the 5-7, and the 3-6 by Marge Farris and the 5-8-10 by Mary Meloit.

High game for the day was Marie Levi with a 203 (her first 200 plus game). Other high games rolled were Dolores Todd, 183; Marge Farris, 173; Shirley Conkey and Flo Buck 171; Shirley Conkey rolled a 414 for high series again this week.

League members are reminded of the business meeting which proceeds Tuesday's bowling.

Old Man Musial - - Keeps Rollin' On

United Press International Casey Stengel is 0-1 and the Houston Colt .45s are 2-0 but baseball purists viewing the National League needn't despair because Stan Musial is 3-for-3.

The Colt .45s, surprise team of the opening hours of the NL's first 105-game schedule, made it two victories in a row Wednesday night with a 2-0 decision over the Chicago Cubs. Houston thus shares first place for a second straight day—a tall tale even for Texas folk.

It was a disappointing night for 71-year old Stengel and his infant New York Mets, however, as the St. Louis Cardinals pounded out an 11-4 triumph featuring by Musial's perfect night and achievement of another league mark.

Stan the Man had two singles and a double in three tries and the run he scored enabled him to tie Mel Ott's record of 1,839 runs scored in the NL.

Stengel, managing his first game in the NL since 1943 when he piloted Boston, saw his Mets commit three errors and waste homers by Gil Hodges and Charlie Neal. Hodges' homer lifted his lifetime total to 352, edging him past Joe DiMaggio to No. 11 on the all-time list.

The San Francisco Giants defeated the Milwaukee Braves, 3-1, and the Los Angeles Dodgers beat the Cincinnati Reds, 6-2, in other NL games while the Minnesota Twins shut out the Kansas City A's, 8-0, and the

Boston Red Sox scored a 4-0 12-inning triumph over the Cleveland Indians in American League games.

Hal Smith's two-run single in the first inning produced all the Colt .45s' runs and Woodeshick limited the Cubs to eight hits until he tired in

the ninth. Then Dick Farrell came in to pitch out of a two-on, none-out jam and clinch the win. Glen Hobbie was the loser.

Larry Jackson yielded eight hits and four walks but the Mets' popgun hitters couldn't put over a crushing blow at the right time while the Cardinals flailed away at three New York pitchers for 16 hits. Julian Javier had four hits and Curt Flood, Bill White and Gene Oliver two each in support of Musial's three blows.

Musial, eager to make what may be his last season a memorable one, contributed run-producing hits to two Cardinal rallies. The great Cardinal star now ranks behind only Ty Cobb's 2,244 runs on the all-time list.

Willie Mays hit his second homer in as many games and Billy O'Dell pitched a four-hitter for the Giants, who won a "grand slam" home-run game. Jose Pagan also homered for the Giants and Ed

Mathews homered to produce a four-hitter and struck out seven behind a 10-hit Twin attack that included homers by Bob Allison, Earl Battey and Dick Rollins.

Sandy Koufax pitched a one-hitter for eight innings before yielding three hits and two Cincinnati runs in the ninth. A triple by Maury Wills, Jim Gilliam's homer and a double by Duke Snider were the big blows of a four-run third-inning rally that won the game for the Dodgers.

The brilliant pitching of Bill Monbouquette and Camilo Pascual featured the two games in the AL. Monbouquette allowed only four hits and three walks while striking out five Indians in a 12-inning duel with Cleveland rookie Ron Taylor. Carl Yastrzemski tripled to open the bottom of the 12th and the next two batters were purposely walked. Then Carroll Hardy broke it up with a "grand slam" home-run, his third hit of the game. Pascual, who pitched eight

that he played, and finished the season with second best total of career points in Stetson history with a total of over 1,500.

Appleby Paces Team Victory

Harold Appleby rolled high to keep his team, Mrs. Appleby's Restaurant, in first place position of the Thursday Night Mixed League, last week, while Ellen Betts was tops for second place Powell's Office Supply. This gives Appleby's 81 wins, and Powell's a total of 77 1/2 wins.

Dutch Siugarts was high man, holding Pryor's State Farm Insurance in the third slot, but Ed Michalek, bowl-

ture topped the entire league with a big 571 scratch series. Gloria Accardi sparked Steinmeyer Roofing, Dave Dearolph was high for Team Seven, Gerald Behrens had a big set for Stine's Machine Shop, Hal Gilstrap brought in a 532 scratch for Pietro's, Dwight Blackwelder was high for Sanford Properties, and Eleanor Anderson led her team, Team Two.

Kathy Bukur, Claudette Behrens, Helen Kaelin and Ruth Phillips all made the 3-10 split, Lil Oden, Eleanor Anderson, and Joy Thompson picked up the 2-7, Clyde Pierce, Shirley Martin, and Evelyn Fitzpatrick all made the 5-7, Doug Raika and Sue Jackson apared the 5-8-10, Gloria Accardi made the 4-5, and John Richardson topped them all as the 2-7-10 fell for them.

New Face At SHS 'Sporting Scene'

By Ronnie Broadway
Herald Sports Editor

There's been a new face at Seminole High School for the past few weeks. It's that of Joel Hancock, senior at Stetson University, who is doing some intern work in the Physical Education classes under Athletic Director Fred Ganax.

Joel, who is 22, calls Miami home and has spent his last four years at Stetson. He is majoring in Physical Education and plans to graduate in February, 1963. Joel has no definite plans after graduation, but hopes to return to his home town to take up a career in teaching.

Joel will be interning for ten weeks and has five weeks remaining. He says that he likes his work and has fun at the same time. He can be seen on the field participating with the boys in his four P. E. classes. Athletics comes natural for Joel, as he was a member of the Stetson "flatters" basketball team all four years at Stetson. He was co-captain of the team in his senior year and anyone who has watched him play can see why.

He had the best foul shooting percentage all four years

THE PHANTOM

Dear Abby: By Abigail Van Buren

DEAR ABBY: I am a college sophomore and have recently started dating (steady) a college senior. He is a little on the shy side, and when he kissed me for the first time I thought he was kidding. Abby, he doesn't know the first thing about how to kiss a girl. Do you think I should try to teach him, or should I just wait and let him learn by himself? EXPERIENCED

DEAR EXPERIENCED: Let him learn by himself, unless you are willing to tell him where you became an expert.

DEAR ABBY: I'd like to hire an "unattached" father to watch TV with, and to be a father to my three active children under 15. We have everything money can buy. My husband is his own boss and doesn't work more than two hours a day. He leaves the house at 9 a. m. and never gets home before midnight. He says he loves us, but the makeup on his shirts is not mine.

I've tried everything to bring us closer together. I've seen our minister, a marriage counselor, and even a psychiatrist. They have helped me to bear it, but the situation hasn't im-

proved. My husband just keeps telling me how "wonderful" I am to put up with him. I suppose I should be ashamed to complain because there are worse problems than mine, but I'm feeling blue tonight.

LAST HOPE
DEAR LAST HOPE: Maybe you're too "wonderful." Just "bearing" a situation does not improve it. Something vital is missing at home or your husband wouldn't behave as he does. You can get the facts from your husband. Go after them and try to rebuild your marriage instead of learning how to live with loneliness.

DEAR ABBY: At a party for a "guest of honor," who should go home first? My husband said that it is bad manners for a guest to leave a party before the guest of honor. I say that when a party is given in honor of someone, that person certainly should not leave a house full of guests who have come to honor him. I would like you to settle this, please. ARLINGTON

DEAR ARLINGTON: The guest of honor leaves first. That is the cue for the other guests to ask for their hats. And pronto!

We The Women: By Ruth Millet

In an article about what bosses expect of their secretaries one employer was quoted as saying that he expected his secretary to help him remember his wife's birthday.

Probably a lot of husbands have to depend on their secretaries to remind them of such important dates.

But why should they have to? What's wrong with a wife's being helpful enough to make sure her husband doesn't come up missing when she is due a present or a celebration? Why should a wife keep

dates that are important to her a secret—waiting quietly to see if her husband will or won't remember to send her flowers on a wedding anniversary, to bring her a gift on her birthday, to bring her that heart-shaped box of candy on Valentine's day?

All the wife has to do to make sure her husband doesn't overlook a date that is important to her is to bring the important date right out in the open several days before it arrives.

She can do it subtly—if she's the subtle type—or she can do it as frankly and openly as a child if she likes. Her husband won't mind how she prods his memory. He will just be grateful to her for not letting him forget.

The reason wives as often put their husbands to the test of remembering is instead of jogging their memories in kindly fashion, is because wives think it proves something if a husband remembers

or forgets an important date. It's a kind of "he loves me" — "he loves me not" game that women play.

But it's pretty childish—since a man can be so busy with earning a living for his wife and remembering such important dates as when his life insurance payment is due that he can easily forget a birthday. And why should he be shamed for that—when his wife could so easily have helped him remember?

Do they baffle you? Read Ruth Millet's booklet "Tips on Teenagers." Mail 25 cents to Ruth Millet Reader Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

9:50-10 p. m. (CBS) Zone Gray Theater. "Three Graves." The first episode in a rerun schedule stars Jack Lemmon, Lemmon plays a Western gunman who plans on taking over a town but runs into terrific opposition from a lovely lady who takes a shine to him and begins making plans to take him over.

10:10-10:30 p. m. (CBS) CBS Reports. "The Taxed American: Part I: Prelude To April 15." Three days before the deadline for filing income tax reports, CBS shows the workings of the vast network for collecting \$100,000,000 in American taxes. The program describes methods for collecting, means of handling fraud and evasion, and a huge new data processing system centered in Martinsburg, W. Va.

9:50-10 p. m. (NBC) The Donna Reed Show. Rather cute. This one pegs its plot on the rather impressionable Mary Stone (Shelley Fabares), whose guilty feeling at turning

cause he has large ears results in her dreaming her nose has grown larger than Jimmy Durant's.

8:00-9:30 p. m. (NBC) Dr. Kildare. "One For the Road." There are drinks all over the place in this episode. Lee Marvin plays a doctor, who fights his urge for liquor by giving special attention to other unfortunate victims of the habit. Kildare (Dick Chamberlain) helps Marvin, but finds one patient (Paul Carr) not only unintelligent, but strangely identified with Marvin's past.

9:30-10 p. m. (CBS) Tell It To Groucho. Thinking of Groucho's first series, most of today's show as a cake without the sugar and spice. It looks great but the tang is missing. Tonight's guests include a Minnesota model of 13 who wants Groucho to help her husband get a job in Hawaii, and choreographer Jon Gregory, who says he could transform a housewife into a confident social personality in a one-week course in the social graces.

Warning Issued By Rail Chief
MIAMI BEACH (UPI) — The government will have to take over the nation's railroads if the railroad industry isn't given wider scope to provide needed service under the free enterprise system, the chairman of the Pennsylvania Railroad said Wednesday.

James M. Symes spoke at a meeting of the Committee of One Hundred, an organization of industrialists, financiers and educators.

He said railroads need greater freedom to compete for business, to merge and modernize work rules.

Jacoby On Bridge By Oswald Jacoby

Today's hand from "Contract Bridge Made Simple" illustrates the important principles that a defender should always look around to see if he can find a play to beat the contract.

West makes a normal opening lead of the king of hearts and takes a good look at dummy. What he sees does not please him at all. Dummy has good trumps, no more hearts and a very good club suit.

West can count on his ace of clubs as a trick, but he needs two more if he is going to save the game. Where are those tricks coming from?

The only possible place is the diamond suit. West has surely heard that it is dangerous to lead from a king, but West should promptly forget it and lead his seven of diamonds. It is a desperate play, but justified by the desperate situation.

Once the diamond is led South's nice four spade contract will wind up in the ash can. East will play the jack of diamonds and another diamond in case South ducks and in any case the defense will add two diamond tricks to the king of hearts and ace of clubs.

DEAR ABBY: I'd like to hire an "unattached" father to watch TV with, and to be a father to my three active children under 15. We have everything money can buy. My husband is his own boss and doesn't work more than two hours a day. He leaves the house at 9 a. m. and never gets home before midnight. He says he loves us, but the makeup on his shirts is not mine.

I've tried everything to bring us closer together. I've seen our minister, a marriage counselor, and even a psychiatrist. They have helped me to bear it, but the situation hasn't im-

proved. My husband just keeps telling me how "wonderful" I am to put up with him. I suppose I should be ashamed to complain because there are worse problems than mine, but I'm feeling blue tonight.

DEAR LAST HOPE: Maybe you're too "wonderful." Just "bearing" a situation does not improve it. Something vital is missing at home or your husband wouldn't behave as he does. You can get the facts from your husband. Go after them and try to rebuild your marriage instead of learning how to live with loneliness.

DEAR ABBY: At a party for a "guest of honor," who should go home first? My husband said that it is bad manners for a guest to leave a party before the guest of honor. I say that when a party is given in honor of someone, that person certainly should not leave a house full of guests who have come to honor him. I would like you to settle this, please. ARLINGTON

DEAR ARLINGTON: The guest of honor leaves first. That is the cue for the other guests to ask for their hats. And pronto!

DEAR EXPERIENCED: Let him learn by himself, unless you are willing to tell him where you became an expert.

DOWNTOWN SANFORD

Many Activities Planned By Home Clubs

Harry Hervish, Seminole County Conservation Agent, was guest speaker at the monthly meeting Miss Ruth Mayhall of Rosa Valdez Settlement House in Tampa, were disappointed when she called to say that car trouble had delayed her so long, it would be impossible for her to get here.

Mrs. J. E. Ferrell, vice president, came forward and ably presented an impromptu program on the Deaconess work. She served on the board of directors of the Minnie Noy Settlement House in Benwood, W. Va., for a number of years and was intimately acquainted with several of the deaconesses there and the work done at the settlement houses.

While she spoke on the area that she was familiar with, the type of work done there is similar to that at the settlement houses in Florida and throughout the United States. She was able to answer a number of questions about the work and presented a very interesting program.

Mrs. Eva Harkey led the devotions and the main item of business was election of delegates to the annual conference of the society which will be held in St. Petersburg on April 24 to 26. Mrs. Ferrell and Mrs. C. J. Meriwether will represent the Sanford society.

For the first time, all societies have been asked to send a high school girl to the School of Missions in Lakeland this summer. Miss Linda LaGore will represent First Methodist Church.

A covered dish luncheon was served at noon from tables set with attractive place mats showing deaconess work. Mrs. Roy Tillis, chairman of Local Church activities, was in charge of the lunch, assisted by Mrs. W. T. Raynor.

Personals

Mr. and Mrs. Floyd McRae of Paris, Ill., will arrive today to spend the weekend with sisters, Mrs. Charles Hamil, 604 West 19th Street and Mrs. George Maffett, 2441 Lily Court. They plan to go to Miami next week. Mr. McRae is area vice president of the Illinois Cereal Co.

A lengthy discussion was held on the recent laundry workshop and many favorable comments were voiced. A covered dish luncheon was served at noon.

It was announced that many activities were on the agenda for the next few weeks. On May 31 the annual dress revue will be held at 2 p.m. Installation of club officers will be conducted the same day.

No prizes will be awarded at the dress revue this year, but all members are urged to take part. Miss Holstein, of the extension service, has been invited.

All club members are also asked to take part in the rags money making project of the council.

Hollywood

SHOPS

with ... **Dollie Higginbotham**

THE PARTY SEASON is getting into full swing around Sanford now and reports of gay times and get-togethers of all kinds come rolling in day by day.

A group of friends pulled a surprise housewarming on the Ben Howlands at their new Lake Gem home in Wynnewood recently, arriving with refreshments and a special gift to take a grand tour and enjoy each other's company.

A fancy pair of bellows for the Howland's fireplace was the gift which was presented by the "gang," Prie and Bud Talley, Carolyn and Chum Stanley, Art and Zola Beckwith, Henry and Jean Tamm, Dot and Bob Karns, Bill and Doris Hemphill and Jean and Jerry Warnke. Visiting with the Warnkes are Jean's sister Milly and her husband John Warren, who recently moved to DeBary.

A NIGHTMARISH EXPERIENCE which they laugh about now was "lived through" by Jean Warnke's new neighbors, Dorothy and James Chandler, who recently moved here from Atlanta.

With some friends from Orlando, they went up the river in their boat Saturday, carrying a picnic lunch. Cruising along they spotted a nice sandbar that looked inviting. Accordingly, the ladies were put ashore with the lunch, while the men put about in the boat to return for some other supplies, which was to take them only 15 or 20 minutes.

Shortly after the men and boat departed, the ladies found that their sandbar had also looked inviting to a cottonmouth moccasin who settled down to enjoy the sunshine, much to their chagrin and dismay.

Jean reports that Mrs. Chandler and her friend swore that they stared at that snake for hours and he stared right back at them!

The boat, as you might expect, developed some kind of trouble and caused the men to be delayed in their return for over three hours, while the ladies and the snake eyed each other in mutual hatred.

The returning heroes broke a boat paddle over the serpent's head and dispatched him, but it pretty well spoiled the day.

A BIRTHDAY PARTY for Mike Sulpizio and Roxie Euton was the order of the day at 311 Holly Ave., recently when Mike, who was 11 on April 3 and Roxie, who was 13 on March 31, had a joint celebration.

Hot dogs were roasted on the grill in the back yard, and eaten with gusto by the group (also with mustard, catsup, pickles, potato chips, soft drinks, jelly beans and candied Easter eggs.)

Later the two honorees cut a huge cake baked in the shape of a rabbit, (the Easter bunny, no doubt) danced and played various games.

Mr. and Mrs. Rocco Sulpizio were the hosts and guests included Beatrice Dawns, Linda Minor, Katherine Evans, Norman Baker, Tommy Vincent, Harold Wilson, Harold Duncan and Mrs. J. E. Evans.

TWO HIGH SCHOOL SENIORS, Carole Sue Higginbotham and Rose Kratzert, were guests of honor at one of the first of the senior parties slated for this year, at a luncheon Saturday at the home of Mrs. Harry B. Woodruff.

Jerolyn Rae Presley Weds Garland Marshall Davis

Miss Jerolyn Rae Presley, daughter of Mr. and Mrs. Norman M. Presley, Fern Park, and Garland Marshall Davis, son of Mr. and Mrs. Stanley Davis of Vinton, Ohio, were married March 23 at 7 p. m. at the Church of the Nazarene in Sanford.

Rev. Paul Bickes officiated at the double ring ceremony. Basket arrangements of white gladioli and pink geraniums were placed on each side of the altar. Mrs. Joe Morgan, organist, presented a program of nuptial music and accompanied Jarrett Smith, soloist, who sang "Because," "I Love You Truly" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of re-embroidered lace over tulle, featuring a fitted bodice, scalloped neckline and long sleeves, ending in points over the wrist.

The skirt had tiers of lace and tulle ending in a chapel train. Her finger-tip veil of nylon tulle was attached to a crown of pearls and she carried a cascade bouquet of white carnations and red rose buds.

Mrs. Jack Chapman, matron of honor, wore a baby blue silk dress and carried a bouquet of white carnations with matching ribbon.

Jack Chapman was best man and serving as ushers were Alex Szabo and Frank Hundley.

The bride's mother wore a beige knit suit with white accessories and a red rose bud corsage.

The bride and groom are members of the Sanford Nazarene Church. They are presently residing at 310 East Church Street in Orlando.

Falling Angels Set Practice At Bear Lake

By Shirley Wentworth

The Falling Angels of DeLand, a parachute jumping exhibition group, have announced another practice session over Big Bear Lake in South Seminole County for 3 p.m. Saturday.

Residents of the area who might be using the lake at this time for any form of water sport are requested to stay clear of the lake's center, designated by the Angels as the target landing and pickup spot.

Saturday's practice session is scheduled for approximately 30 minutes. Rescue boats will be marked with red and white flags and the Jean boat will be operated by Dave Hilder, rescue organizer.

The first jump, from a height of 4,000 feet with a ten minute delay, will be made by Hal Wright of Orlando, area safety officer. Jumping from the same heights will be Dick Bartlett of Bear Lake and Jim Godwin of Orlando. Pilot will be Bud Horne of the Plymouth Airport.

The Angels report that they will continue to practice in the area so long as cooperation is received from the residents in keeping it safe for the jumpers to use the lake as a target.
