Heavy Rains Cause Mexican Landslides

TAMAZUNCHALE, Mex., Aug. 18 (AP)—City officials reported today at least 10 known dead at Tamal, eight and one-half miles south here where a roaring landslide Friday night wiped out 43 houses at the foot of a mountain peak on the Pan American Highway.
Officials said another landslide on the heavily traveled highway at Villa Cerrita, 19 miles north, wiped out most of the houses in the tiny village and that two bodies had been recovered.

Truman Acts To Speed Up Entry Of DP's

Carusi Appointed Assistant In State Department In 3 Way Agency Shift

WASHINGTON, Aug. 19 (AP)—President Truman today announced a shift in three top level administration assignments designed to speed up federal action on the European displaced persons problem.

Ugo Carusi, now commissioner of immigration and naturalization, was appointed a special assistant in the State Department to take full charge of a survey of all phases of the displaced persons problem, including resettlement.

The shift involves the resignation of Watson B. Miller as federal security administrator and his appointment as commissioner of naturalization and immigration to succeed Carusi.

Mr. Truman named Oscar Ross Ewing, former assistant chairman of the Democratic National Committee, to replace Miller as federal security administrator.

The changes were announced by presidential secretary Charles G. Ross at a news conference.

Carusi will be special assistant to the new Assistant Secretary of State, Charles E. Salsman. Ross told reporters:

"One of the important aspects in Mr. Carusi's new position will be to make a complete survey of all phases of the displaced persons problem, including the resettlement of the displaced persons and the administration of President Truman's directive of Dec. 22, 1945."

He also will study the operations of the newly formed international refugee organization, spending considerable time in Europe and South America."

Mr. Truman, who has frequently advocated the admittance to this country of 100,000 displaced persons, will be in connection with his new assignment as naturalization commissioner that "the conscience of the nation has been moved by the tragic plight of these persons."

The appointment of Ewing and (Continued on Page Six)

Marshall Has Private Talks At Rio Meet

Conferences Are Held With Argentine, Chile Foreign Ministers On Treaty

QUITANDINHA, Brazil, Aug. 19 (AP)—Secretary of State Marshall and Argentina's Foreign Minister, Juan A. Bramuglia, discussed all main points of the Inter-American Defense Treaty at a hour private conference today which was held at his apartment.

"We discussed all the main points of the treaty and exchanged views," General Marshall as they emerged, Bramuglia told newsmen. "The general was giving a statement."

Marshall is to deliver a major policy address at the conference tomorrow and is expected to speak out U. S. views on questions facing the delegates in drafting a hemisphere defense treaty.

Norman Armour, assistant secretary of state, and Ambassador William Dawson accompanied Marshall to the conference with Bramuglia.

Later, the secretary talked privately for 40 minutes with Chilean Foreign Minister German Varga about the projected treaty and about Chile's economic problems.

Varga told a reporter his country and the United States were "in complete accord" about treaty points. He expressed the belief that Argentina would adhere to the U. S. and Chilean views.

However, he would refuse to discuss his views unless the United States was willing to discuss the U. S. (Continued on Page Six)

Food Rots As High Prices Glut London Market

TONS OF VEGETABLES AND FRUITS ARE CARTED from the Covent Garden Markets, London, largest in Britain, to the country for dumping and plowing under because of a glutted market. Wholesalers charge that retailers refuse to buy large quantities because they want to maintain "scarcity" prices for their customers. The retailers say that the wholesalers prefer to waste the produce rather than sell at low prices. Market workers are shown above piling up bags of cabbage at Covent Garden for shipment to the dumping grounds. AEA last report. (Cabbage was offered for sale at two shillings a sack.) (International)

Reds Hit U. S. On Indonesia Policy At UN

"Good Offices" Offer Called Dangerous Attempt To Bypass United Nations

LAKE SUCCESS, Aug. 19 (AP)—The Indonesian government charged today that the Dutch were determined to destroy the war-born East Indies republic.

LAKE SUCCESS, Aug. 19 (AP)—Russia demanded today that the Security Council set up a commission to investigate and arbitrate the Dutch-Indonesian conflict and sharply attacked the United States for a "dangerous" attempt to "bypass the United Nations."

Soviet Deputy Foreign Minister Andrei A. Gromyko, stated the Russian position for the first time in an emergency council meeting summoned at his specific request.

He charged that the United States was attempting to "force" the Dutch-Indonesian conflict and was "showing disregard for the Indonesian people and lack of respect for the Security Council."

"This persistent offering of good offices by the United States is understood after the Indonesian government had asked the council to create its own commission for arbitration and investigation," Gromyko declared.

He said the American attempts could be viewed only "as an attempt to bypass the United Nations" and that this was both "undesirable and dangerous."

Previously Gromyko had said the United States was putting "diplomatic pressure" on the Indonesian government.

U. S. Deputy Delegate Herschel V. Johnson denied that the American government was exercising any pressure on the Indonesians. "The Indonesian government has only to say our offer is not acceptable" (Continued on Page Six)

400 Feared Dead As Mine Factory In Spain Explodes

CADIZ, Spain, Aug. 19 (AP)—Newspapers estimated today that possibly more than 400 persons were killed and several thousand were injured in the explosion last night of a naval torpedo and ocean mine factory and warehouse on the Cadiz peninsula.

Official censorship kept secret the number of casualties and the extent of the ruins, but the Spanish Cabinet described the damage as grave and the Spanish news agency Cifra said it was of "disaster proportions," with "numerous victims."

In order to take care of fast growing areas of Remolinos County, the primary objective of the Board is to concentrate on road repairs and some new road construction, he declared. The budget for the road and bridge fund and engineering service is estimated at \$222,200 and accounts for more than half of all expenditures.

The next largest item of operating expense is \$98,749 for general expenses and salaries. The Fine and Forestry fund including salaries of prosecuting attorneys and law enforcement officers is estimated at \$35,150.

For county health work, including the Health Unit and the County nurse, \$17,906 is estimated. Expenses for furniture and fixtures etc. were put at \$10,410. The Hospital fund was set at \$9,740, the Mothers' Pension fund at \$3,610 and the Canning kitchen building fund at \$177. Agriculture. (Continued on Page Six)

County Board Adopts Economy Budget For Year

Estimated Outlay Totals \$416,023; Mill Rate Remains

The Board of County Commissioners met yesterday and adopted an "economy budget" with estimated general operations outlay of \$416,023 for the fiscal year beginning Oct. 1.

In accordance with its policy of rigid economy, and in spite of sharp advances in the cost of labor and material as well as increased demands for roads, drainage and ditches the Board decided to operate without any increase in the present 10 mill rate, reported O. P. Herndon, county clerk.

In order to take care of fast growing areas of Remolinos County, the primary objective of the Board is to concentrate on road repairs and some new road construction, he declared. The budget for the road and bridge fund and engineering service is estimated at \$222,200 and accounts for more than half of all expenditures.

Water In Sanford Is Found Pure By State Laboratory

Report Based On Analysis Of 10 Samples Taken Aug. 13

Purity of Sanford drinking water and its freedom from coliform or disease-forming bacteria was today reported to the City by the Bureau of Laboratories of the State Board of Health following tests. City Manager H. N. Sayer declared this morning.

Each month the City collects 16 samples of water from different locations and sends them to Jacksonville in special containers furnished by the State Board of Health. The City's water utility system, he revealed, is operated under the strict supervision of the board, with periodic inspections by its sanitary engineers.

Mr. Sayer stated that he would like the public to be correctly informed as to the condition of the City's water supply, since there have been rumors during the past week that it is contaminated resulting in illness.

The State report received today was based on analysis of 10 samples of water taken on Aug. 13 from the following locations:

1—Municipal Cemetery outside of the City limits on the south side.
2—At Park Avenue and Twelfth. (Continued on Page Six)

Tropical Storm Is Developing In Gulf South Of Key West

MIAMI, Aug. 19 (AP)—The Weather Bureau reported a tropical storm was developing today in the Gulf of Mexico about 150 miles west-southwest of Key West and was moving slowly westward about eight miles an hour and increasing in intensity.

The storm center developed out of a squall wave that struck the lower part of Florida during the night with winds up to 50 miles an hour in gusts. At Miami signs were knocked down in the business area, boats torn loose from moorings at the city yacht basin, and trees uprooted at a number of points.

Small craft warnings were ordered yesterday from south of Miami around the Florida Keys to Sarasota on the West Coast. No warnings were displayed in the city, however.

The Weather Bureau reported that winds of 38 miles an hour had been sustained over a period of five minutes beginning at 5:30 A. M. The indications are, Meteorologist Ernest Carson said, that the squally wave was the heaviest of a stormy area which passed over the city from the southwest yesterday, and moved on out into the Gulf of Mexico.

Indonesian Army Told To Prepare For Lengthy War

BAKATAVA, Java, Aug. 19 (AP)—Gen. Soediman, commander in chief of Indonesian Republican forces, ordered his army today to prepare for prolonged warfare in the Netherlands East Indies.

The order was broadcast by the Republican radio at the Indonesian capital of Jogjakarta, deep in Java's interior. It came after the Netherlands army announced that "drastic retaliatory measures" had been taken against Indonesian forces which, the Dutch said, tried to push forward in the Salawati sector 40 miles north of Jogjakarta.

The Dutch said they inflicted severe losses upon attacking Indonesian forces who fled leaving dead and wounded on the field. The Dutch themselves acknowledged seven Dutch killed and 13 wounded in yesterday's operations. Soediman ordered renewed scorched earth tactics.

He omitted reference to the cease-fire order of Aug. 5, and told his forces to fight on until sovereignty and territorial integrity were restored to the republic.

A dispatch of the Indonesian News Agency, Antares, from Jogjakarta, said the Republican had rejected a Chinese request that China's Nationalist army repatriate and be used as a security corps to protect their lives and properties.

A broadcast Indonesian army communiqué said "Dutch troops" (Continued on Page Six)

Church Convention Is Reported By Rev. W.P. Yesley

An increasing interest by the public in religious news, and emergence of the Church as a world power with an insistent message of social organization on an international scale was reported by the Rev. William Perry Yesley, pastor of the Christian Church who last week returned from Buffalo, N. Y., where he attended the International and World Conventions of the Disciples of Christ (Christian Church).

The press of the country gave more space to the activities of the Disciples than in previous years, and many large city dailies sent their crack reporters to cover the news of the convention, he stated.

He was accompanied on his 3,500 mile motor trip by Mrs. Yesley, Miss Sue Williams and Miss Maude Jinkins. They visited Canada, Mount Vernon, Gettysburg and old historic sites and shrines along the Atlantic Seaboard.

That Christ has the answers for the intricate problems and ills of the world for which the church is striving valiantly to find the answers was the dominant idea expressed at both the convention, he declared, and was expressed by such speakers as John Foster Dulles, Charles P. Taft, Congressman Walter Judd and Charles Clayton Morrison.

The most thrilling service in the convention, he said, was a procession of the natives of 42 nations carrying their countries' flags. These represented the nations of the world in which the Christian Church has churches operating at the present time.

"One was impressed," declared Rev. Yesley, "with the fact that the participating nationals represented but a small part of the universal Christian Church of 600,000,000 members, the largest, most influential and most rapidly growing religious body on earth."

10,000 Auto Workers Are Idle Due To Heat

DETROIT, Aug. 19 (AP)—Close to 10,000 Chrysler Corp. hourly-rated workers were "idled today as more mid-ninety temperatures caused employees in several key departments to leave their jobs."

A shortage of car bodies from the corporation's Karcheval Avenue plant, attributed to "heat walkouts" by its management, shutdown final assembly operations at the Chrysler division plant in Jefferson Avenue, DeBoto and Plymouth divisions.

Approximately 5,000 Plymouth division employees were sent home because of the body shortage.

At the Chrysler Lynch Road gear and axle plant 900 workers were released after they asked permission to go home.

Burmese Official Is Victim Of Attack

RANGOON, Burma, Aug. 19 (AP)—Five gunmen were reported officially today to have attempted to kill Finance Minister Tin Tut.

Heavy shooting also was reported during the night at scattered places in Rangoon, including the headquarters of the Burma armed police striking forces and the residence of Mrs. Abdul Basak, widow of the education minister who was assassinated with six other cabinet members last month.

The official statement said more than 150 persons were arrested early yesterday "for security reasons."

A Rangoon police spokesman said Tin Tut had telephoned police for help, saying he was under attack. Tin Tut said he personally had not been in the line of fire and that sentries around his house exchanged shots with the gunmen who approached through a wooded gully.

U.S. Exports Decline Despite 5 Per Cent Increase To Britain

WASHINGTON, Aug. 19 (AP)—British, now less than in "dollar crisis" discussions here, increased her buying from the United States by 5 percent to a total of nearly \$100,000,000 in June.

This was disclosed by the Census Bureau today as Anglo-American conferences continued on the question of easing terms of the \$3,750,000,000 loan agreement made last year. It was reported England likely would get revisions permitting her to increase purchases from the British dominions at the expense of trade with the United States.

American officials said privately this would not curtail England's distress but by cutting down her outlay in dollars, might give a measure of relief without going to Congress for revision of England's obligations under the loan agreement.

The Census Bureau report on American exports in June showed that almost every European country except England reduced its buying from the United States to levels "markedly lower" than in May.

This contributed a 13 percent decline in U. S. shipments overseas, the first sizable break in this country's rising exports: trend of exports. Exports totaled \$1,241,790,000.

Union Officers To Take Anti-Red Oath

WASHINGTON, Aug. 19 (AP)—A ruling came from Robert N. Denham, counsel of the National Labor Relations Board, today that all officers of labor unions must swear they are not Communists before their unions or affiliates may use the board's services.

His ruling was an interpretation of the Anti-Communist provisions of the new Taft-Hartley labor law, which goes into effect Friday and appeared certain to clash with the board's services.

At the capital, aides who helped Congress members draft the new law said the interpretation was broader than these members have indicated their own interpretation is.

Denham made his ruling when issuing forms which labor leaders are to use when disclaiming any Communist affiliation.

Thuransky Tells Of Flight From Hungary

NEW YORK, Aug. 19 (AP)—Stephen Thuransky, American citizen who was arrested by political police in Hungary but later escaped with the aid of an American official, arrived today with his wife and two daughters aboard the vessel Marina Jumper.

Thuransky, 34, and once a farmer near Columbus, O., was arrested in Budapest, Hungary, on Aug. 1 allegedly for criticizing that country's Communist-dominated government in a street corner conversation.

He broke away from three guards while being transferred from a jail in Budapest and was driven away with his wife in a car by an American official, Selden Chapin, U. S. Minister to Hungary, protested his arrest and the American government asked an apology.

Thuransky said today he was arrested because "I was defending America against the dirty remarks by Communist and social democratic leaders." He added that he was beaten with sandbags by police from whose custody he escaped as they were about to transfer him to "the so-called horror chamber."

Thuransky said 90 per cent of the Hungarian people were pro-American and anti-Communist and wanted America "to liberate them from their liberators."

In addition to his wife, Teresa, 45, he was accompanied by his daughters, Margaret, 25, and Mary, 21.

Embargo Lifted On Canadian Shipments

WASHINGTON, Aug. 19 (AP)—The Office of Defense Transportation today lifted the partial embargo on United States coal shipments to Canada.

The embargo was invoked last Wednesday midnight against shipments via the Canadian National Railway, government owned principal rail line in the Dominion. It was designed to speed the return to this country of badly-needed U. S. freight cars held in Canada.

Figures released by ODT at the time indicated Canadian National had been tardy on making returns. The embargo did not affect shipments via the privately-owned Canadian Pacific Railway, Canada's second largest line.

ODT officials in announcing the immediate lifting of the embargo today expressed belief the purpose had been served, in that the return of U. S. cars has been greatly speeded up.

BURKHALTER DIES

JACKSONVILLE, Fla., Aug. 19 (AP)—Rayton B. Burkhalter, prominent in sports circles here and four years a member of the city playground board, died suddenly of a heart attack here today.

He was president of the Gator Bowl Association and was a familiar figure at college football and basketball games as an official.

WARD ACCEPTED

Charles Edward Ward, Jr., son of Mrs. C. E. Ward of Daytona Beach and former resident of Sanford, was one of 25 out of 500 applicants who were recently accepted at apprentice school at the Newport News, Va. Shipping and Dock Co. He will learn to be a master mechanic. The selections were based on scholarship and character ratings.

KIWANIS GUEST

The Rev. C. A. Thompson, superintendent of the Florida Methodist Childrens Home at Enterprise, will be the guest speaker tomorrow at the Kiwanis luncheon at the Tourist Center, Lester Sharp, club president, announced this morning.

Rebels Surrender Ships In Paraguay

ASUNCION, Paraguay, Aug. 19 (AP)—The government announced today that a fleet of rebel ships which brought insurgents down the Paraguay River for their assault on this capital had surrendered unconditionally.

The announcement made no mention of two gunboats, the Paraguay and the Humaltes, which with the rebels have harassed government forces along the Parana River in the south. It was announced recently that the Paraguay had been interned by Argentina at the request of the rebels themselves.

The captured ships, the government announcement said, included the Ituzingero, the Toro, the Pollux and the Col. Martinez, and several barges.

Greek Naval Crews To Train In Norfolk

ATHENS, Aug. 19 (AP)—Dwight P. Griswold, head of the American aid mission in Greece, announced today that Greek naval crews would be sent to Norfolk, Va., for training and would return with six motor gunboats recently transferred to the Greek navy.

He also announced to a news conference that the American mission would open headquarters Thursday at Salonika, near the northern fighting area in the Greek guerrilla war. L. N. Norton, production and distribution specialist of the agricultural division, will head the Salonika office, to be located temporarily in the U. S. consulate.

Herbert P. Landsdale, director of the post-UNRRA section of the mission, said the first ships carrying supplies under the American relief program were due at Piraeus, the port of Athens, and Salonika Thursday or Friday. Their cargoes include 17,000 tons of flour.

U. S. IS SURD

HOUSTON, Tex., Aug. 19 (AP)—The Texas City Terminal Railway Company today filed an \$8,000,000 suit against the United States government for damages to the company's property during the Texas City disaster of last April.

BIBLE VERSE FOR TODAY

IT IS THE ONLY HOPE OF HUMANITY. THE ONE UNCHANGEABLE FACT OF LIFE. VALUE IT AND PRACTICE IT. LOVE VERE FAITH.—1 Cor. 13:3.

MISSISSIPPI BLUFFS

From The Christian Science Monitor
 The Indians loved this majestic hunting ground
 And so do I:
 Where streams run down the cooler floors
 And bluffs reach toward the sky.
 Where in the spring the trees begin to leaf
 And grass grows green;
 And the birds come back with cheerful song.
 And men dream
 Where in the fall the hills make a color symphony
 Of red and brown;
 And the coolness lies with their checkered fields
 As I look down,
 Where, in the winter, the buff, steep slopes
 Resound to skier's cry;
 And the white that covers the tall, tall bluffs
 Fades into the sky.
 The Indians loved the tall, tall bluffs,
 And so do I.
 ELIZABETH WILEY.

Even if it is hot, owners of vacant lots should not forget to cut the ragweed.
 King Corn seems to be shipping, but there will be another seed time and harvest, and bread shall not fail from the earth.
 The terms "nutty" and "squirrelly" can raise a laugh, but the squirrels keep right on laying up their winter supply.
 To see comfortably in the United States, says an Egyptian visitor, costs \$75 to \$80 a day. This does not allow for present prices.

The latest profound theory about rent raises is that they operate against inflation. They keep people from bidding up the prices of food by making sure that all their money goes for rent.

We may be wrong about it, but it does seem to us, in these hot summer days, that getting all "het up" to make records of one kind and another is not a rational justification for living.

Now somebody brings up the interesting fact of "accidental Presidents," of whom there have been more than you'd think, and in general they've done better than you'd think.

Two chemical elements that existed 2,000,000,000 years ago, and have never been found since have now been created by radioactive process. Perhaps radioactivity may yet solve the problem of our missing umbrellas.

Italian business men have bypassed the car shortage by using motor scooters. Over 60,000 are said to be in use. With ever-lengthening lists of orders for new cars in the United States, perhaps Americans should consider scooters. They might ease the delivery problem. The office possible asks: "Where will they get the motors?"

If people insist on getting what they want when they want it, regardless of expense and reason, and going no farther in a rational handling of the situation at home and around the country and in Washington than has been done lately, then unreasonably high price levels will occur and may remain for some time. But there are ways of straightening out such matters, either by public sentiment or by the government or both.

French Politics

Few of the world's leading statesmen have more complications on their hands than Premier Paul Ramadier of France. Very clearly he showed the tight rope he is attempting to walk between Communism and Fascism in a recent speech before the national assembly when he warned it "of the danger of a strong man who pretends to be the incarnation of the nation." This obviously was a reference to DeGaulle who has been urging Frenchmen "to unite, to turn toward a definite national aim and to be guided by worthy leaders."
 In the same talk Ramadier dubbed Communism, without using the word, "propaganda that attempts to change the meaning of democracy." With the leftist or Communist element strong, as well as the DeGaulleists, in the four-party coalition French cabinet, Ramadier has no easy task on his hands to maintain a balanced government.

Growth In The South

For the first time since 1880 the population of the southeastern states has increased more rapidly than that of the nation as a whole. From 1933 to 1947 the Tennessee Valley states grew in population by 10 per cent, while 11 per cent measures the growth of the whole United States.
 This is considered a very healthy augury by Gordon R. Clapp, chairman of the Tennessee Valley Authority. It is due, he says, to "the hard work and vision of many people, and the effective co-operation of many instrumentalities, both private and public, inside and outside of the Tennessee Valley." He says too that in the last 13 years, the area served by TVA electric power has made economic gains at a faster rate than the rest of the country.
 Such an increase of productivity in any one region is good for the country as a whole. A heretofore predominantly agricultural district, when the development of power resources makes it possible to process what has been grown there, becomes a healthy nucleus for future growth. This is part of a growing tendency toward the de-centralization of industry.

Unused Wealth

The list of the ten richest men in the world, which a press association published annually before the war, was always headed by the Nizam of Hyderabad. He would still head the list if one were made now, as his annual income is about \$60,000,000. His wealth consists of solid stuff like jewels and gold bars and bullock carts full of gold dust. It is about three times that of the late Henry Ford. Yet he lives in one room and spends \$20.00 a month.
 No finer example could be found of the futility of piling up that kind of wealth. It is the Scriptural buried talent. A prince with such an income, even if he lived in the most princely style, could hardly make a dent in his huge income, but he would at least employ servants and officials who would to some extent share in his prosperity.
 One of the great causes of India's poverty is that taxes have been enacted out of proportion to the small incomes of those who earned, and have been allowed to accumulate in such sterile heaps as those of the gold dust, jewels and other forms of unproductive wealth piled up by many of the Indian Princes, instead of going into better roads, bridges, houses and agricultural know-how to better the condition of the people.
 In this country, where most wealth is a dynamic force, giving rise to employment and production, those piles of gold and jewels seem like an Arabian Night's dream. Besides being fun to look at, and few ever see them, they do nobody any good.

AMONG THE MORE important subjects to be taken up, which were not acted on this session, are universal military training, the "Voice of America" information program, admission of displaced persons, higher minimum wage, statehood for Hawaii, federal aid to education, health insurance and other broadening phases of the social security program, a new housing program, Missouri valley authority and other flood control measures, new and tougher tests of loyalty of government employees, and the St. Lawrence waterway and power project. The Capitol Hill boys better get a good rest. There's plenty of unfinished business awaiting their return to Washington. — St. Petersburg Independent.

Executive Branch Of Government Studied For Streamlining

By VIRGINIA VAN DER VEER
 WASHINGTON, Aug. 19 (AP)—If each high official directly responsible to the President had a 30-minute talk with him, Harry Truman would be tied up for three months.
 By contrast, General Dwight Eisenhower, commanding the German invasion, took reports only from the three men who headed the invasion armies. The orders went down through the ranks.
 Members of Congress, pondering the two systems, decided maybe the general had something there.
 He recently streamlined himself. Congress then laid \$750,000 on the line for a new commission to give President Truman's branch of government, the executive, that 1949 silhouette.
 The commission will report to Congress in January 1949.
 It will be headed by the one man in the nation best fitted to understand President Truman's visitor problem.
 He is Herbert Hoover, the only living ex-president.
 Accepting the job reluctantly, the 73-year-old Hoover announced:
 "I do so with the distinct understanding that this is the last public service I will render my nation."
 Congressmen are not so concerned with Mr. Truman's possible callers as they are with the flock of organizations which they represent.
 Under "executive" in the new issue of the Congressional Directory are listed, by rough count:
 The 10 cabinet departments plus 23 commissions, 11 boards, 7 offices, 8 councils, 3 authorities, 4 committees, 4 agencies, 8 administrations and a miscellaneous number of corporations, institutions, societies, banks and societies.
 They fit together now like pieces in a jigsaw puzzle.
 Congress wants a neater working chart. It would, like to see the pieces for a perfect pyramid, with the White House at

the top.
 The new 12-man commission was adopted by President Truman, Senate President Arthur Vandenberg and House Speaker Joseph Martin.
 Besides Hoover the members are: Senator Aiken (R-Vt.); Rev. Clarence Brown (R-O.); Civil Service Commissioner Arthur Flemming; Dr. James K. Pollock, authority on government from the University of Michigan; George Meade, industrialist.
 Secretary of Defense James Forrestal; former Undersecretary of State Dean Acheson; former Ambassador to Great Britain Joseph Kennedy; Senator McClellan (D-Ark.); Rep. Mansueti (D-Ala.); and James Rowe, former advisor to President Roosevelt.
 These men will hold their first meeting in Washington on Sept. 29. The \$750,000 budget will be used to hire a staff, meet expenses and pay \$50 a working day to its members who are private citizens.
 History does not encourage the new commission. It was tried before, in 1910, 1920 and 1936, with no results.
 The 1936 joint House-Senate Committee did, however, turn the streamlining job over to the President and let Congress take or leave his plans.
 The Hoover commission has 18 months to do this whopping job: (A) cut expenses; (B) end unnecessary work and (C) abolish overlapping services.
 Congress was careful not to make an election issue out of this government agency to study other government agencies.
 Its first report will not be made until two months after the next president of the United States has been chosen.

NAXIS CONVICTED
 NURNBERG, Germany, Aug. 19 (AP)—An American war crimes court convicted Dr. Karl Brandt, personal physician to Adolf Hitler, and 14 other German doctors today of war crimes for fatal experiments on humans. The prosecution had charged that hundreds of thousands of concentration camp inmates were killed in "worthless" experiments.

"Cookie" comes from the Dutch word "koekje," a diminutive of "koek" meaning cake.

Glacier Has Unique Fire Fighting System

AP Newsfeatures
 BELTIN, Mont. — Glacier National Park officials claim to have one of the most unusual forest fire fighting organizations in America's national park system.
 Its backbone is 13 lookout points scattered along the rocky continental divide, manned by seven young married couples and five men and one pretty college girl from Missoula, Mont., none of whom mind solitude.
 They keep an eagle eye out for smoke, pin-point its location, judge the fire's size and notify headquarters at Beltin.
 Fourteen fire control aides— all

experienced mountaineers— are stationed at strategic points, ready to hike into a fire area. Four packers, with strings of mules always are ready to move supplies over any of the 1,100 miles of trails to a base camp when additional men are needed.
 To augment this setup, six U.S. Forest Service parachuting smoke jumpers are kept available at Missoula, to be flown into remote regions.
 Humidity, time of season, wind, fuel moisture, visibility and lightning occurrence control the fire danger. Park rangers have figured out a system of interpreting these factors so that they'll know when constant vigilance is required.

Trailers In Arabia Are Air-Conditioned

By CURTIS P. DONNELL
 AP Newsfeatures
 PHOENIX, Ariz.—Scientifically built air-conditioned motor caravans are rolling over the hot sands of Arabia in search of oil. They were constructed in the plant of the Arizona Iron Works where additional caravans are now being made.
 Each caravan consists of three trailers built to specifications drawn up by Bert Beverly, head geologist of the Arabian-American Oil Co., and designed by Alexander C. MacKenzie, designer of Co. of California.
 The trailers are equipped with synthetic rubber tires, four feet high and 14 inches across. Normal air pressure is 20 pounds, although the tires can be used with as little as 10 pounds.
 Each unit has sheet aluminum sides and roof. In the walls are two inches of insulation and on the roof, four inches to protect those inside from the 130 degree daytime temperatures.
 In addition to the trailers, 81-passenger personnel carriers—not air conditioned—have been built. Two of these carriers have been constructed in the to take native laborers into the past year.

ANNOUNCEMENT TO OWNERS OF ARMED FORCES LEAVE BONDS

"The Florida State Bank of Sanford is authorized by the United States Treasury Department to cash Armed Forces Leave Bonds for registered owners (any time after September 1, 1947).
 "There is no requirement that these bonds be cashed at this time in order to get your money. They can be cashed any time in the future, upon demand and without delay.
 "Unless you are in real need of the money now this institution and the United States Treasury Department strongly recommend that you permit your bond to earn interest at 2½ percent (to its maturity) until you actually need the cash. We will be glad to serve you at any time.
 "To facilitate identification, owners should bring their original separation papers with them when presenting bonds for payment.
 "Under no circumstances may registered owners cash their bonds before September 2, 1947".

We invite you to take advantage of our many other services. . . .
 Courteous and efficient personnel to assist you in all financial matters.
 All transactions are photographed and become a permanent record of this bank.

TUESDAY
The R. W. Ware Bible Class of the First Methodist Church will have a covered dish supper at the church at 7:00 P. M. with Mrs. J. H. Tindal, Mrs. P. H. Wyatt and Mrs. Alice Ashdown as hostesses.

WEDNESDAY
Seminole Chapter No. 2, O. E. S. will meet at 8:00 P. M. at the Masonic Hall.

The Lodge No. 27 of the I. O. O. F. and the Seminal Rebecca Lodge No. 43 will have a covered dish supper at the I. O. O. F. Hall at 6:30 P. M.

Circle Meets With Mrs. McAlexander

Circle No. 9 of the Women's Society of Christian Services of the First Methodist Church met on Monday afternoon at the home of Mrs. E. H. McAlexander. Mrs. Alvin Odham presided over the business meeting and commended the youth supper committee for its splendid work on the meal which was served to over a hundred guests during the Youth Week held recently at the church.

Mrs. C. R. Jones was appointed special project chairman with Mrs. George Williams, Jr., Mrs. C. O. Jones and Mrs. Ralph Thompson as co-workers. The retiring secretary, Mrs. Emma Campbell, was presented with a sterling silver pin and earrings. She expressed her thanks to the circle for the gift and said that she regretted leaving the circle and Sanford.

Before closing the meeting a food fund was conducted for the benefit of the building fund.

After adjournment of the meeting a salad course was served by the hostesses to the following: Mrs. Odham, Mrs. Campbell, Mrs. Thompson, Mrs. E. L. Lev, Jr., Mrs. C. O. Jones, Mrs. Williams, Mrs. C. R. Jones and Mrs. McAlexander.

Happy Birthday

Airport Marks First Year Of Operation

One year of Municipal operation of the Sanford Airport was celebrated on Friday night by the students of the Sanford School of Aviation and the private flyers of this area. Guests were the city officials of Sanford and representatives of the Junior and Senior Chambers of Commerce. The celebration was held on the lawn of "Quarters A" at the airport at 7:30 o'clock where barbecued pork and beef were served.

Ben Gunn, a flight instructor of the School of Aviation, acted as master of ceremonies for the after-dinner talks which described the trials and tribulations of the past and plans were made for the coming year. Walter Krohn, Jr., chief pilot of the school said that the school has established an enviable record of one year of operation without a single accident of any kind to the students or ships on the home field and that the record must continue.

Roy Browning, director of the School of Aviation, asserted that the students of the school were a part of the young men of Sanford who were appreciative of the fact that the city officials were "foresighted enough to obtain the superb airport for its citizens' use."

The school, he stated is rapidly becoming a national attraction with students registering from California, Maine, Chicago, Virginia, Ohio and Connecticut. He said that he expects a capacity enrollment for the Fall and winter courses.

Steve and Ginny Bennis, operators of Gliding and Soaring Service, Inc. explained their plans for the soaring school and J. Hattaway and W. W. Loudermilk, new managers of the Airport Lounge and Restaurant, announced that remodeling will begin soon but operation will continue during the remodeling period.

Among those present for the barbecue were Mr. and Mrs. H. J. Gut, Mr. and Mrs. H. N. Sayer, Mr. and Mrs. Andrew Caraway, Mr. and Mrs. J. P. Peabson, Mr. and Mrs. Hattaway, Mr. and Mrs. Loudermilk and daughter, Mr. and Mrs. H. A. Shryock, Mr. and Mrs. G. B. Storer, Mr. and Mrs. Frank Platt, Mr. and Mrs. W. F. Lazater and daughter, Mr. and Mrs. Bennis, Mr. and Mrs. Edson Gait, Mr. and Mrs. Robert Huff and daughter, Mr. and Mrs. Gunn, Mr. and Mrs. Lewis Alexander and son, Mr. and Mrs. Krohn, Jr. and son, Mr. and Mrs. Richard Varnay, Mr. and Mrs. Karl Yost, Mr. and Mrs. Richard Batchelor, Mr. and Mrs. Kenneth B. Seth, Dr. and Mrs. Henry McLaughlin, Mr. and Mrs. B. N. Fox, Mr. and Mrs. Mack Tindale, Mr. and Mrs. Clarence Collins, Mr. and Mrs. William Arenberg and Mr. and Mrs. Browning.

Also the Misses Bobbie Gene Caruthers, Bea Romero of Palm Springs, Calif., Hazel Norman, Peggy Lominack, LaNora Royden, Marie Simmons, Nancy Herndon and Bea Atwood. Also Fred Thornton, Jerry Craxton, William Stephens, Donald Knight, Austin Knight, Jerry Hasabee, Philip Gamberline, Adrian Stacy, John Lingerfelt, Robert Lominack, Oliver Sjoblom, Charles Baker, Robby Birnfield and Victor Blackwelder.

Personals

Mrs. Emmett Hunt is spending some time in Edenville, N. C.

Miss Frances Cobb has returned to Sanford after two months at Camp Joseph, S. C.

Waveross, Ga. are visiting friends and relatives in Sanford.

Mr. and Mrs. Arthur Beckwith, Sr. have returned from a two-month's vacation in the Carolinas.

Mr. and Mrs. O. C. Borsdorff and son have returned from a motor trip to Chicago, Ill. and Indianapolis, Ind.

Mr. and Mrs. Robert Reely and son have returned from a month's vacation spent in Georgia and North Carolina.

Miss Aline Anderson of Chattanooga, Tenn. is the guest of her sister, Mrs. Roy Wright, at her home on Oak Avenue.

Mr. and Mrs. Martin Stimpf and daughter, Grace Marie, have returned from a month's vacation at New Smyrna Beach.

Mr. and Mrs. W. H. Stemper and children, Martie and Billy, are spending this week at New Smyrna Beach.

Mrs. Susan B. Wirth is visiting in Chestnut Hill, Mass. She plans to return to Sanford about Sept. 15.

Mr. and Mrs. D. L. Thrasher have returned from New York State where they spent a two-week's vacation.

Friends of W. L. Stoudenmire will regret to learn that he is confined to the Orange Memorial Hospital in Orlando for further treatment.

Mrs. Konrad Bredding of Mt. Vernon, N. Y. is the guest of Mr. and Mrs. W. H. Meriwether at their home on West First Street.

Mrs. Gladys Cooper and son, Lamar, left today for their home in Camilla, Ga. after spending about three weeks with relatives here.

Mr. and Mrs. A. R. Lormann and daughter and Mr. and Mrs. R. Lormann plan to leave Thursday for Cleveland, O. where they will visit for about a week.

Douglas Stenstrom, who has been attending the Baptist Brotherhood Week at Ridgecrest, N. C., plans to return to Sanford on Thursday

Elizabeth Hope Brown, daughter of Mr. and Mrs. J. N. Brown of Beckley, W. Va., whose engagement and approaching marriage to Harold Allen Hall, son of Mr. and Mrs. J. W. Hall of this city is being announced today. The wedding will be an event of Sept. 19 at the First Baptist Church at Daytona Beach.

and Asheville, N. C. They will be gone about 10 days.

Mrs. J. O. Loney has returned to her home in Sanford after spending about two weeks in New Orleans. She was accompanied by Mrs. Ruth Scott who is remaining in Jacksonville to visit Mrs. Daisy M. Bagwell.

Mr. and Mrs. M. E. Baker have had as their guests Mrs. Baker's mother, Mrs. Iva T. Ringo of St. Augustine, Mrs. R. C. deArmp and son of New Orleans, La. and Mrs. Price Ringo of Elba, Ala.

Mr. and Mrs. Oliver Hall and children, Richard and Carolyn, have returned to Sanford after attending the annual Assembly of the Church of God at Cleveland, Tenn. They joined the motorcade to the Fields of the Wood in Cherokee County, N. C.

Mr. and Mrs. Julian Stenstrom plan to leave tomorrow to attend the Baptist conference which is being held in Ridgecrest, N. C. Before returning to Sanford they will visit relatives in Statesville

Miss Brown Will Wed Harold Allen Hall

Mr. and Mrs. J. N. Brown of Beckley, W. Va., announced today the engagement and approaching marriage of their daughter, Elizabeth Hope, to Harold Allen Hall, son of Mr. and Mrs. J. W. Hall of Sanford.

Miss Brown graduated from Seabreeze High School in Daytona Beach and attended Stetson University in DeLand where she was a member of the Zeta Tau Alpha sorority. Mr. Hall graduated from Seminole High School and served for three and a half years in the United States Navy as Gunnery Instructor following which he attended Stetson University in DeLand.

They recently purchased the Tot to Teen Shop in Daytona Beach which Miss Brown will manage and Mr. Hall will be associated with the Prudential Life Insurance Company.

The marriage will be performed on Sept. 19 at the First Baptist Church at Daytona Beach.

Elizabeth To Be Minus Trousseau

LONDON, Aug. 18, (AP)—Princess Elizabeth will do without a trousseau when she marries Lt. Philip Mountbatten Nov. 20 in Westminster. The princess' wedding of the century was made Palace announced today.

This austerity note to Britain's public along with the announcement that the princess had chosen one of Norman Hartnell's designs for her wedding dress.

The trousseau will be omitted "in accordance with her parents' wishes and owing to present-day conditions" the palace statement said.

"Present-day conditions" means that clothing is stringently rationed and highly expensive. The idea seemed to be that Elizabeth—although the cost need not worry her and extra "ractions" could be hoarded for the ailing wanted nothing that less fortunate brides couldn't have.

Besides, she has a fairly large wardrobe left over from the royal visit to South Africa earlier this year. A special award of clothing coupons was made to the royal family before they left, in the interest of popularizing British fashions in South Africa.

Details of the wedding gown will be kept secret until just before the wedding.

Elizabeth selected the Hartnell design from several submitted to her at Balmoral Castle in Scotland. Lt. Mountbatten, who has been staying there with the royal family, had a hand in the choosing.

The London Evening News said the princess "has probably chosen a traditional design made in fine slipper satin" adding that "this would consist of a very full skirt, a tight-fitting bodice with long sleeves and a heart-shaped or square neck."

VEL* cuts dishwashing time in half!

Save more work with this NEW Colgate-Palmolive-Peet SUDS than you ever can with soap!

China and glassware gleam without wiping!

No dish wiping! Just wash and rinse dishes! Even glassware will dry sparkling clear without a minute spent on wiping. This miracle-working new Colgate-Palmolive-Peet suds leaves no soap scum or streaky film to polish away.

Leaves no dishpan ring to scrub out!

Vel cleans dishes cleaner than soap... Saves up to half your dishwashing time!

Milder to Hands than Soap. Actual skin tests made by an independent laboratory (name furnished on request) prove that Vel is milder to hands than any other leading product made for washing dishes and fine fabrics.

Shiny-clean Pots and Pans with far less work!

Vel moves grease faster and more completely than soap! Just soak pots and pans in Vel suds a few minutes. When you pour out the suds, you'll find even the most food-encrusted pans well on the way to being clean. Usually a few wipes with the dishcloth will finish the job. Seeing's believing... Just try it!

Stockings stay sheerer-looking... lovelier!

Keep stockings sheerer-looking, lovelier longer — by washing with Vel. Vel leaves no soap scum to coarsen threads... It's easier than even finest soap flakes on delicate washables.

*VEL is the trade-mark of the Colgate-Palmolive-Peet Company.

Marvelous for DISHES - STOCKINGS LINGERIE - WOOLENS! Instant SUDS in hardest, coldest water!

DeLand Red Hats To Appear Here For Contest Tonight

G-Men Break 6 Game-Losing Streak By Nipping Feds 2-1; Lake Slated To Hurl

GAINESVILLE, Aug. 19. (Special)—The Gainesville G-Men broke a six game losing streak here last night as Manager Myri Hoag turned in his 17th victory of the season by defeating the rampaging Sanford Celery Feds in a 2-1 contest.

Stanton of the Celerymen.

The G's scored their game winning tally in the fourth frame on a lapse of control by Stanton.

Tonight the Feds entertain the DeLand Red Hats in a single tilt that is slated to get under way promptly at 8:00 o'clock. Game-time for the Sanford home games has been changed to 5:00 P. M.

Tomorrow the Feds play the DeLand Red Hats in a twin bill at Conrad Park in the University City.

The Feds are now resting two and one-half games behind the fourth place Orlando Senators, since the Senators edged the Leesburg Pirates in a 5-4 contest in Orlando last night.

It is likely that Manager John Krider will send Buddy Lake to the mound for the Feds in tonight's encounter.

Walker Continues To Enjoy Lead In NL Batting Contest

NEW YORK, Aug. 19. (AP)—Outfielder Harry Walker of the Philadelphia Phillies continued to enjoy a commanding margin in the National League batting derby today while Lou Boudreau of the Cleveland Indians paced the American League by a scant four points.

Walker collected 12 hits in 31 times at bat during the past week which includes games of Sunday to zoom his average from .344 to .347, 25 points more than veteran Augie Galan of Cincinnati has posted.

Galan, moving at a 322 clip, replaced New York's Walker Cooper in the runner-up slot. Cooper tumbled from .325 to third place with .316.

Although his mark dropped from .340 to .333, Boudreau remained at the top in the rival circuit's race.

The player-manager of the Indians enjoys a four-point margin over ageless Luke Appling of the Chicago White Sox. Appling, who has won the batting crown twice, tacked seven points to his average to move up to .329.

New York's Joe DiMaggio and Boston's Ted Williams are tied for third place at .328.

Saint Pitcher Tosses No Hit No Run Tilt

Hal Heiner, St. Augustine Saint right-hander, whitewashed the Daytona Beach Islanders in the seven inning opening tilt of a twin bill by a 2 to 0 margin to rack up a no hit no run contest last night, the first of the year for any St. Augustine hurler.

Johnny Theobald, recently acquired by the Saints from the Palatka Azaleas, turned the tables on the nightcap as the pennant bound Ancient City nine drubbed the Islanders, 14 to 2.

The Palatka Azaleas tipped the DeLand Red Hats, 7 to 1, and the Orlando Senators nipped the Leesburg Pirates, 5 to 4.

Line scores:

Daytona 000 000 0-0 0 1
St. Aug. 110 000 x-2 7 1
Samuel and West; Heiner and Granberg.

Second game:

Daytona 000 002 000-2 4 2
St. Aug. 132 150 02x-14 15 1
Bodine, Morton and Tetrault, Theobald and Stillwell.

SPORTS LAUGH

AP Newsfeatures

Many years ago one of the great point-a-minute Michigan teams, coached by Fielding Yost, was playing Buffalo University. The Wolverines were battering Buffalo and the score mounted.

Palatka 200 010 031-7 3 2
DeLand 110 200 000-1 9 2

ed steadily. The Buffalo players were also taking a beating physically. The rule book at that time said that once a player left the game he could not return, but Yost waived the rule and allowed the Buffalo boys to move in and out of play.

Finally a Buffalo player came off the field exhausted and sat down on the Michigan bench, alongside of Yost.

"The Michigan coach said: 'Young man, you belong on the other side.'"

Gasping for breath, the player replied:

"Please don't send me away, Mr. Yost. I want to stay here. I've been in that game four times already and I don't want to go back again."

Floridians Defeated In First Round Of Four-Bell Tourney

BIRMINGHAM, Ala., Aug. 19. (AP)—Georgia's Tommy Barnes and George Hamer meet Richard Smart and John Buzick of Arkansas in the second round of the Southern States Four-Ball Golf Tournament here today.

The Georgia pair won the opening 36-hole match yesterday 9 and 8 against their youthful Alabama opponents, Walter Wood and Tommy Nicol. Smart and Buzick defeated Stockton Rogers and Gordon Bullock of Florida, 8 and 6.

Junius Hebert and Raymond Salmen of Louisiana won a close match from the South Carolina combination of Harold Hill and P. J. Boatwright of South Carolina, 2 and 1.

In one of the day's top matches, Albert Stone and Wesley Brown of Tennessee trimmed Walter Claxton and Bud Scherer of Kentucky, one up. Stone and Brown were six under par to gain a three hole advantage in the first round. They will meet Hebert and Salmen today.

North Carolina's Every Beck and Tommy Carl had a 3 and 2 victory over Martin Tenney and Harold Wilkins of Arkansas.

The Florida entry of Charles Harper and Jimmie Lee beat Al Villegas and Frank Norman of Louisiana, 9 and 8, while Jim McNeil and Charles Daulton of South Carolina, defeated Arnold Arnold and Billie Smith of Georgia, 3 and 2.

The South Carolinians will meet Harper and Lee today. In the day's final match, the no. 1 Alabama team, Gordon Smith and Pressley Thornton, beat Lloyd Ramsey and Johnny Owens of Kentucky 3 and 2.

Georgia teams have won six of the previous tournaments, losing in 1939 to Bobby Dunkelberger and Skip Alexander of North Carolina. Tommy Barnes, one of the outstanding entries in this event, was a member of the 1941 and 1946 winning combinations for Georgia. The previous seven tournaments have been played in Atlanta.

All matches for the tournament will be 36 holes, with the final Thursday.

Two Great Names Join To Bring You Finer, Fresher Foods

TO BRING you fresher, tastier foods, S. A. Freel & Company, Inc., has merged with Foremost Dairies and formed the S. A. Freel Distributing Division of Foremost Foods.

FREEL is a name known well, and favorably, to every food merchant in the South.

FOREMOST is a name recognized for FOREMOST quality and service in 34 Southern cities.

TOGETHER they mean better, more reliable service to merchants and FRESHER, FINER TASTING foods for you.

Fresh KEEP this word in mind whenever you see any of the brands displayed on this page. FOREMOST FOODS has adopted a strict policy of distributing only the freshest, tastiest foods. Foremost has arranged with its manufacturers for factory-fresh shipments to be rushed to the stores while the food is at the height of flavor.

FOREMOST has developed a daily store-door delivery system that gets these finer foods to the stores quickly so when you buy these brands you can always be sure you're getting foods as fine and fresh and delicious as the milk and ice cream for which Foremost is famous.

AVOSET

Avolet light and whipping cream—the sensational real dairy cream that stays sweet.

FAMOUS SHEDD DRESSINGS

Unexcelled in quality and fine flavor, Shedd's dressings offer you a new adventure in good taste. Remember, they reach you factory-fresh.

FOREMOST FINE JAMS AND JELLIES

Another delightful taste-experience awaits you in Foremost's fine jams and jellies, made in Jacksonville and always shipped factory-fresh.

FOREMOST PLUM PRESERVES	FOREMOST APRICOT PRESERVES	FOREMOST STRAWBERRY PRESERVES	FOREMOST PINE-APPLE PRESERVES	FOREMOST INSTANT COFFEE
Satisfyingly flavorful and just right.	Universal flavor, quality, texture.	Rich with luscious goodness.	Rich, pleasing, sun-spiced pineapple.	Fine coffee ready to mix in the cup.
FOREMOST PEACH PRESERVES	FOREMOST RED RASPBERRY JAM	FOREMOST APPLE JELLY	FOREMOST BLACKBERRY JAM	FOREMOST PEANUT BUTTER
As full of goodness as a ripe peach.	A specially pleasing quality.	With exceptionally delicate flavor.	A thoroughly delightful treat.	Finer, smoother, tastier and FRESH.

NESTLE'S

Nestle's Easi-Ready Cocoa and Nestle's delightful Chocolate Morsels.

KEEBLER'S

Keebler's Solines, Chocolate Cookies, Buttercup Cookies, Butter-lines, Cream-Fresh Cheese Wafers, Town House Crackers and Club Crackers... Toppings among like crackers.

Spaghetti Dinner

HENRI the family favorite

Henri's famous spaghetti dinners, ready to heat and serve. Also Henri's zesty spaghetti sauce.

U-ALL-NO

Richardson's PRODUCTS

Richardson's After Dinner Mints Remove the nation over, renowned for quality and delicate flavor.

Herbix

Herb-Ox Bouillon Cubes for delicious bouillabaisse and flavoring.

RONCO

Ronco egg noodles, elbow and shell macaroni and spaghetti. Made of finest ingredients by a manufacturer who specializes in highest quality.

HANGERS AID OLYMPIANS

LAKE PLACID, N. Y. (AP)—The New York Rangers will stage a benefit hockey game with their two farm teams furnishing the opposition early in October at Lake Placid, with the proceeds to go to the U. S. Olympic bobsled squad.

Explosion

(Continued from Page One)
under control today. Army engineers and troops, who arrived during the night, succeeded in isolating several large munitions dumps from which more explosions had been expected.
The gravity of the disaster was pointed up by the dispatch of Adm. Regalado Rodriguez, navy minister, from Madrid to the scene.
So complete was the ruin of the naval arsenal, situated about two miles from central Cadix, that no clue was left to the cause of the disaster.
The force of the explosion cracked buildings in the heart of Cadix. Street cars were derailed. The cathedral and the Cadix Cathedral were torn from their hinges.
The explosion came at 10:00 P. M. last night. Spanish authorities announced no estimate of the casualties. Reporters said most of the injured they saw had been cut by flying glass or were bruised by falling debris.
The Jerez de la Frontera radio station, 15 miles to the north, broadcast appeals throughout the night for doctors, nurses and medicines.
Ambulances and rescue teams were arriving from as far east as Malaga, west from Huelva, and north from Sevilla.

Reds Hit U. S.

(Continued from Page One)
and that will end the matter," Johnson said.
He contended that Russia has "committed a series of crimes to the United States which we never thought of."
The United States then approved a Chinese move that the council accept a Dutch plan for a single "impartial state" to investigate conditions in Indonesia and supervise results of cease-fire orders.
The first step would be an on-the-spot report by "courageous" stationed in Batavia.
The American offer of good offices was made in the course of opening debate more than a fortnight ago when the council directed the two parties to institute a truce. The Netherlands immediately accepted the American offer but the Indonesians conditioned their approval on the outcome of pleas to the council for U. N. investigation and arbitration. Washington then sent a note to Jakarta last weekend declaring that if the Indonesians continued to insist on a specific method of settlement "our offer of good offices necessarily lapses."
Replying to contentions of the Netherlands government that the U. N. had no jurisdiction in the case, Gromyko declared:
"The Indonesian government relies on the Security Council and expects help from it. The Netherlands acts as this organization does not exist at all."
The council alone must decide this question and not the Netherlands. The government of the Netherlands certainly will submit to decisions of the council if we show no intention.
Complaining that the council had used too little of its power rather than overstepping authority as maintained by the Dutch, the Soviet delegate also renewed his demands that troops from both sides be withdrawn to positions held when the conflict broke out July 21 in Java as the result of what the Dutch called police action.
"The government of the Netherlands is not satisfied that they perpetrated a crude attack on the Indonesians," he said. "They demand that the Indonesians not interfere with Dutch troops."

Local Communists In Greece Aid Guerrillas

ATHENS, Aug. 19. (AP)—Press reports today said a heavy guerrilla assault on the town of Naoussa, 50 miles west of Salonika, was beaten back last night after several hours of hard fighting.
The reports said the guerrillas, designated as "peaceful" citizens, entered Naoussa an industrial town about 100 miles west of local Communists and burned 150 houses, the townhall, the police station and the civil administration office before being repelled.
Loyalist forces were said to have used artillery to counter the effects of heavy mortar fire by the rebels, who withdrew to Mount Vermion early this morning.
War Minister George Sotirou issued a statement saying the situation was improving. He said the army was considering the formation of independent mobile command units to fight the guerrillas.
An announcement from Kozani said 10 guerrillas captured in a battle at Grevena July 27 had been executed.

Wedemeyer Reports To Chiang-Kai-Shek

NANKING, Aug. 19. (AP)—General Albert C. Wedemeyer, in a five-hour conference today with Generalissimo Chiang Kai-Shek, gave the Chinese leader what officials described as a "very frank" report in conditions in Formosa, Canton and Shanghai.
The American presidential envoy conferred at Chiang's residence, with time out only for lunch, and the unexpected length of the session recalled Wedemeyer's previous critical reports of conditions as he had found them in north-China and Manchuria.
Wedemeyer is in China to report on his fact-finding trips to the north, he expressed criticism of inefficiency and corruption among Chinese military and civil officials.
On China's fighting fronts, meanwhile government troops based in Honan province were reported striking sharply against the communist raiding forces of General Ho-Cheng, which had cut the Taihang-Taipei rail line.
A dispatch to the independent newspaper Hsin Min Pao from its Sushow correspondent said national forces in northern Shantung province, moving from Tsinan, had joined a second column moving westward at Chouhshui, about 50 miles east of Tsinan.
The government's campaign to recapture the vital coal mines at Poshan, about 30 miles south of the railway, was reported progressing.

Cold Front To Hit Midwestern States

By THE ASSOCIATED PRESS
From high up the Rocky Mountain slope another cold front the sliding easily eastward toward the hot and parched Midwest today with possible crop-ruining general rains.
"It's too early yet to say just how much rain it will bring," the Chicago Weather Bureau said, adding that a decided relief from the high 90 and 100 degree temperatures appeared a certainty within 48 hours.
The sweeter said the cold air crossed into Montana and Idaho from Canada about midnight and that it was expected to spread into the Dakotas by tonight and into Minnesota and Nebraska by tomorrow.
Within 48 hours, he added, the temperatures at least 15 degrees under today's continued higher readings.
The accompanying rain, the Bureau said, might turn out to be only scattered showers but it might also, just possibly, be a general drought breaker for the central and northern plains states.
Meanwhile, no relief was in sight for virtually all the remainder of the nation, sweltering again from a recurring hot blast that has spared generally only the Atlantic and Pacific coast states.
Throughout most of the region from the Appalachians to the Rocky Mountains, temperatures in the 90s or above appeared certain to be repeated today and tomorrow, the Weather Bureau said.

County Meet

al, county agent and Home Demonstration outfit, \$3,722.
For publicity, the Board appropriated \$4,000 to the Seminole County Chamber of Commerce and \$1,250 to the Junior Chamber of Commerce. Total publicity outlay is set at \$3,972.
"Board made every effort to get \$2,000 for the Jaycees, but found that they could not give this without increasing the millage," said Mr. Herndon.
Benefits from the general operating fund is the \$199,550 bond interest and sinking fund which is handled by the State Board administration in Tallahassee and is financed by gas tax revenues.

Reporter Flies With Sanford Pilot During National Glider Meet

By GARTH JONES
AP Wirephotos
WICHITA, Pa., Aug. 19.—Up front, the glider pilot wiggled a few gadgets and seemed to be having a swell time. Personally, I wasn't convinced of the extent of my pleasure. It was my first ride in a glider.
It's not like riding in a regular airplane. It's more like someone tying a kite string to you and saying "How do you like it up there, Bub?"
"All we try to do is make a liar out of the guy who said 'Every-thing's a piece of cake,'" said Storer.
Glider Pilot Guy Storer of Sanford, Fla., romped over the left hand struts of his parachute.
I wasn't ready to call anyone names yet.
Down below the other sailplanes entered in the national meeting of the National Soaring Society looked like flypaper captives.
Just below a cloud up ahead a little biplane tugged at several hundred feet of tow rope. Yes sir, felt like a kite ride.
"Isn't wiggle your elbows or your wings like it?" Storer used about the same tone of voice any auto driver would use in telling the kids to keep quiet on the back seat.
"Practically no noise. Nothing but the sound of the wind rushing past the cockpit wind and wings."
Storer pulled a lever and the tow rope fell away.
"See. Nothing up here but us and the air currents." One wing tip lipped up with the flap pole at Sheppard Field. The other could have been hitting stars.
I never knew I had it so good on the ground.
"Those are spoilers," Storer barked a gadget. A couple of built-door-looking things popped up on the wings. The glider practically went in reverse. Like being the wrong way on a conveyor like.
Then we dropped down a couple hundred feet to pick up climbing speed again.
And I'm the lad who hates to ride elevators.
"That was a thermal." A thermal feels just like a kick in the pants.
"That's what keeps us up in the air," Storer explained. It was going to take a lot of explaining. Either the ground was coming up to say "Howdy" or we were going down faster than a greased pig on a fireman's pole.
"Guess we must have lost that thermal. We seem to be going down." There was an "Aye" vote from the backseat.
"Think I'll just land it on the apron close to the hangar." A glider pilot's idea of "close" is next to the wash room where he can reach the paper towels without stretching.
A used ear bargain pulled out on the taxi strip. Storer whistled and yelled and bounced. The FBI can pick up a copy of my fingerprints from those stretched on the ripcord of that parachute.
Somebody went over and somebody went under.
Storer cursed because the nose of the glider was barely inside the hangar doors.
And now—Has anyone seen a fellow about so high and about so wide? The one who said with such malicious sweetness: "Why don't you take a ride in a glider?"

Reports marked "satisfactory" no coliform organisms found, were given for each of the above samples of water, said Mr. Sawyer.
The standard bacteriological analysis of water is designed to determine whether or not coliform bacteria are present. These are the organisms commonly found in human and animal sewage. They do not cause waterborne disease but serve as danger signals. If they are present there is a possibility that intestinal pathogenic bacteria (typhoid, dysentery, etc.), may also be present. Routinely five tubes are used, each inoculated with 10 cc of the water sample.

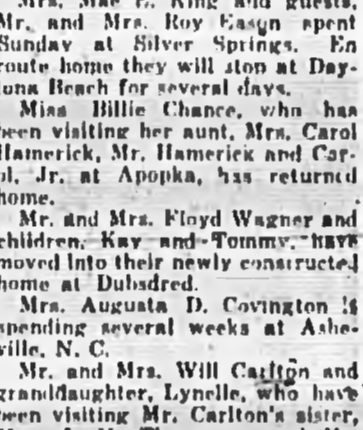

Marshall's Talks

(Continued from Page One)
sign a hemisphere defense treaty known as "economic aggression."
Guillermo Belt, Cuban ambassador to the United States, told reporters he would "demand" as a matter of principle that fundamental human rights and dignities be preserved in this treaty, "asserting that Cuba would never sign any international agreement not containing such rights and dignities."
Warm colored bronze and brass containers are perfect for fall and winter flower arrangements.

Oviedo

Special to the Sanford Herald
By MARIAN R. JONES
Mrs. Paul M. Campbell and Mrs. R. L. Ragsdale entertained (in a luncheon at Mrs. Campbell's home Friday at 3:30 in honor of Miss Lona Aulin, bride-elect. The rooms were attractively decorated with white asters and fern. The luncheon was served on individual trays to each of the guests, after which the bride-elect was presented with an assortment of gifts. The hostesses gifts to the bride were in her chosen pattern of Fostoria. Those enjoying this affair were: Mrs. Andrew Aulin, mother of the honoree, Miss Betty Aulin, and Mrs. L. L. Ragsdale.
Stately, Lt. Paul, Fred Pierson, J. N. Thompson, Lawson Hagley, Robert Lee Kemp, J. W. Coates, Joe Lohr, and J. H. Jones, Jr., Oviedo, and Mrs. Richard Dunch, Miss Billie Cretche, and Mrs. J. R. Augenblick, Orlando.
Mr. and Mrs. Reaves Gaston, who have been guests of C. T. Niblack, have returned to their home in Atlanta. While here they visited many points of interest in Florida with their hosts.
Mr. and Mrs. Ben H. Jones spent the week-end at Daytona Beach with Mrs. Jones' parents, Mr. and Mrs. Clifford Park, Mrs. Mary, Mrs. and Mrs. Tom Hollingsworth have arrived in Oviedo and will be located at the Covington garden house temporarily. Mr. Hollingsworth will be associated with Charles T. Niblack in business.
Mrs. and Mrs. William H. Clark and daughter, Joan, and son, Billy, who have been visiting for the past several weeks at Tulsa, Okla., Tennessee and Atlanta, have returned home.
Mrs. Leda Peters, of Tallahassee, was the recent guest of Mrs. Maudie Coates.
Mr. and Mrs. Roy Eason, of Savannah, Georgia, arrived Saturday to spend next week with Mr. Eason's sister, Mrs. Mae King and niece, Mrs. Geo. C. Moans and Mr. Means.
Mr. and Mrs. Leon Olliff left Sunday to spend a week at Daytona Beach.
Mr. and Mrs. G. S. Moon and daughters, Martha Anne and Valerie, who have been touring the West, are now in Atlanta.
Mr. and Mrs. Leon Olliff were recent dinner guests of Mr. and Mrs. I. D. Anderson, Orlando.
Mrs. Theodore Aulin, Sr., Mrs. E. T. Lee, and Mrs. E. F. Haulzer, spent Thursday at Winter Haven.
Mrs. Mae E. King and guests, Mr. and Mrs. Roy Eason spent Sunday at Silver Springs. En route home they will stop at Daytona Beach for several days.
Mrs. Billie Chance, who has been visiting her aunt, Mrs. Carol Hamerick, Mr. Hamerick and Carol, Jr. at Apopka, has returned home.
Mr. and Mrs. Floyd Wagner and children, Kay and Tommy, have moved into the newly constructed home at Dubsdred.
Mrs. Augusta D. Covington is spending several weeks at Asheville, N. C.
Mr. and Mrs. Will Carlton and granddaughter, Lynelle, who have been visiting Mr. Carlton's sister, Mrs. J. N. Thompson, and Mr. Thompson, have returned to their home at Trenton.
Mrs. Floyd Wagner and children, Kay and Tommy visited Mrs. Wagner's parents, Mr. and Mrs. Frank Talbot last week.
Mr. and Mrs. A. M. Jones left Sunday to visit Mr. Jones' mother, Mrs. G. Neal, at Webster. After several days they will return with their daughter, Shirley, who has been at Webster visiting for a couple of weeks.
Mr. and Mrs. B. F. Wheeler, Jr. left Saturday for a three week vacation. They will stop at Waynesville, N. C. first to visit Mr. Wheeler's parents Mr. and Mrs. B. F. Wheeler, Sr. and sister, Mrs. John Evans. Mr. Evans and children for a while before going on to other parts of the vacation.
Mrs. Fred Pierson and daughter, Anne, left Saturday for New Smyrna Beach where they will spend several days with Mr. and Mrs. Ben F. Ward.
Fred Pierson left Saturday for Georgia where he will visit his parents, his mother-in-law, who has been spending several weeks there with her daughter, Mrs. Bob Cox, of Moultrie, will return with Fred.

A CUB IN SIZE But A Bear for Work

WATCH FOR ME!

Florida's Best

English tweeds with dark or bright velvet or new "cotton velvet" blouses. Gray and white went with Nile green, a red-flecked black tweed suit had a black velvet shirt. He showed a good deal of copper pink, toffee-beige, sea-foam and orchid-gray color.
There were a few ankle length cocktail dresses in the collection, but British houses do not go for these as Americans do. Amies showed two ankle length evening dresses, one white with a purple tulle, entitled "Starlight" and "Moonlight." But the ballet length skirt for evening is unpopular here, and American women who expect to wear them to smart restaurants here run the risk of being asked to leave as they are not considered "evening dress."
CLEANING UP

Florida Fashions Are Not Drastically New

By BARBARA WACE
AP Wirephotos
LONDON—A new silhouette, not drastically different but clearly defined, is emerging from the "big ten" London fashion shows. Tentative attempts of the last two years have jelled into something different, though London houses still shy at extremes, out of sympathy for their coupon-circum-scribed customers.
Skirts and coats of suits are longer, with waists corset-tight, hips accentuated. Skirts are of two extremes—pencil slim or accented at waist.
Hardy styles, which have been called the "barrel effect" by stiffening his jackets with canvas and padding. Digby Morton does it with pockets.
Export clothes are often 13 1/2 inches from the floor, but for the home market most designers stick to 15 or 16 inches. Only Norman Hartnell has experimented with mid-calf lengths in his day clothes.
"I'm having pity on my home customers who have to wear last year's coats over this year's suit," said Amies.
Day dresses are fairly simple, with tiny waists and rounded hips. Some houses use drapery, mostly to the front, where the skirt fullness is usually concentrated. Hardy Amies uses much diagonal drapery. Many of his dresses show wrap-around lines with side fastenings, drapery is pulled up to one side, necklines often cross over. This house shows many suit dresses in gray colors, with the bodies cut in a "naked" style, bow at the neckline.
Most coats are tightly fitted at the waist and fully flared below it. But there are still a few loose, flowing, swing-back coats, with huge collars and lapels to match the lining. There are a few fingertip length coats worn over pencil skirt or suits. Many jackets, worn over dresses, are buttoned high.
This seems to be a year of greens. Almost all the houses featured lime and bottle green. Amies had a soft, light moss-green, a quince and many brownish-yellow greens. Hartnell showed many purples, electric blues and other hard colors. There is still a lot of dull orange, brick, scarlet and crimson.
Stibbel teamed up a lot of soft

D P Entry

(Continued from Page One)
Miller are subject to Senate confirmation later and were made as recess appointments.
In his statement of Dec. 32, 1945, to which Ross referred, Mr. Truman said that "the immensity of the problem of displaced persons and refugees is almost beyond comprehension.
At that time, the President said most of the persons were natives of Central and Eastern Europe and the Balkans. The immigration quotas for all these countries for one year total approximately 32,000, two-thirds of which are allotted to Germany. Under the law, the country's monthly visa quota is only 1 percent of the annual quota, or 3,900 monthly.
Congressional committees held hearings during the recent session of Congress but took no action on a proposal to admit 400,000 displaced persons, 100,000 yearly over a four-year period, to the United States. There were estimates at the hearings that there are approximately 850,000 to 900,000 displaced persons in Europe.
In connection with his 1945 directive, Mr. Truman continued:
"I consider that common decency and the fundamental comradeship of all human beings require us to do what lies within our power to see that our established immigration quotas are used in order to reduce human suffering."
The President then directed the secretary of state, the attorney general and other officials to proceed at once "to expedite the quota immigration of displaced persons and refugees from Europe to the United States."
GLIDER FEAT
BERN, Switzerland.—(AP)—A Swiss glider pilot, Max Schachenmann, has made the first west-to-east crossing of the Alps in a glider. Schachenmann took off at Belp, near Bern, and landed at Silvaplana, near St. Moritz, a distance of 192 kilometers.
Fish is one of the most perishable of foods.
Russians have obtained a nutritious oil from the seeds of snapdragons.

Congress Credited With \$1,520,000,000 Saving In Budget

Truman Predicts Biggest U. S. Surplus; Spending Outlook May Be Increased

By STERLING F. GREEN
WASHINGTON, Aug. 20 (AP)—President Truman said today federal spending this fiscal year will fall only \$500,000,000 short of his original estimate despite the Republican economy drive in Congress. But he forecast an historic \$4,700,000,000 budget surplus next June 30.

Progress Seen In British Economic Survival Battle

High July Exports, Increase In Coal Production Cited

LONDON, Aug. 20 (AP)—Deputy Prime Minister Herbert Morrison announced today signs of progress in the economic recovery of Britain.

Provisional export figures for July, Morrison told a news conference, totaled \$441,200,000, "the highest level since November, 1920, and, apart from that month, probably the highest ever recorded in peacetime."

"It begins to look as if we have stopped the rot in coal," he added, indicating British might be in a position to resume coal exports to the continent by next year.

But, Morrison warned, "The crisis is still getting graver. We shall have to face worse things before we are through."

While he spoke, the Board of Trade President, Sir Stafford Cripps, was conferring elsewhere in Whitehall with U. S. Undersecretary of State William L. Clayton.

Clayton arrived from Paris with arguments for further cuts in British tariffs and in some important imports.

State Okays Budget For County Schools

TALLAHASSEE, Aug. 20—The State Department of Education today approved the \$881,912 budget for the operation of Seminole County schools as submitted recently by the county board of public instruction.

Joseph Whitner McCaslin and Mrs. Rosa Gauding Eichelberger were among those who recently received graduate certificates from the State Department of Education which issued 377 teaching certificates during July, according to figures released this week by State School Supt. Colin English.

TOKYO, Aug. 20 (AP)—The Japanese navy version of the attack on Pearl Harbor and Japan's preparations for the Pacific War are slated to come before the International Military Tribunal tomorrow.

Milk Ban Proposed In Jacksonville

Dr. W. W. Rogers, city health officer, today asked city council to amend the city code to allow only pasteurized milk to be sold in Jacksonville, saying that though the city raw milk is "of exceptionally fine quality, it is not possible to be absolutely sure of the safety of raw milk."

U. S. Examines British Crisis In Loan Talks

Snyder Says Problem Approached With Great Sympathy; No New Loan Asked

WASHINGTON, Aug. 20 (AP)—Secretary of the Treasury Snyder today reported good progress in British-American financial talks and indicated he was probing England's internal affairs as a condition of easing the \$3,750,000,000 loan agreement.

Snyder, chief United States negotiator, told a news conference today that the British have "not requested any additional loans in the discussion that opened Monday."

Asked to comment on reports that he is interested in English domestic affairs, including production gaps and the nationalization of basic industry, Snyder replied: "We are going to want a full understanding of this problem, so naturally we will ask any pertinent question that has a bearing on the loan agreement."

But, in answer to a question whether he was being "very tough" about Britain's "Socialistic experiments," the secretary replied sharply: "I don't know of any such questions that have come up. As far as being tough is concerned, I have assured Sir Wilfrid (Sir Wilfrid Eady, second secretary of the British Treasury) that we are viewing the British problem with a great deal of sympathy."

Cool Front Moves Slowly Toward East

By THE ASSOCIATED PRESS
The time table of a narrow slow-moving cool wave into the northern midwestern states was the only cheering note from the Chicago Weather Bureau today as the current scorching blast headed for new records.

Legion Post Backs National Guard Unit

A resolution to support the reactivation of the National Guard and to render every possible aid to Capt. Roy Green in forming a new company was adopted at the Monday evening meeting of Campbell-Losing Post 63 of the American Legion.

Store Sells Watch Repair Department

Miss Margaret C. Gwaltney of Orlando has purchased from Charles Luke the watch repair and jewelry counter at the Malber Furniture Store and is operating the watch repair department.

Mrs. Yesley Injured In Auto Accident

Mrs. W. P. Yesley was taken to Sanford-Lighthouse Memorial Hospital shortly after 4:00 o'clock yesterday afternoon following a collision between the 38 Plymouth sedan that the Rev. Yesley was driving south on Magnolia Avenue, and a westbound taxicab driven by Lewis Charles Canaday at the Ninth Street crossing.

Gun Club Announces Practice Thursday

Members of the Seminole Gun Club and anyone interested in improving his shooting ability are invited to attend the practice to be held Thursday afternoon at 4:00 o'clock at the Skoot Range at the Municipal Airport. It was announced today by Police Chief Roy D. Williams.

MERCANTILE MEETING

The Sanford Merchants Association will hold a dinner meeting Friday evening at 7:00 o'clock at the Mayfair Inn. All Merchants who have not been contacted with regard to their reservations should call E. B. Pope, ticket chairman.

Disbanding Of Balkan Probe Group Denied

Lie Says UN Investigators In Greece To Remain, Even If Russia Withdraws

LAKE SUCCESS, Aug. 20 (AP)—Trygve Lie, secretary-general of the United Nations, took sharp issue today with a Russian contention that the Balkan Investigating Commission and its subsidiary group in Greece were "liquidated" now.

In reply to reports that Russia and Poland might withdraw from both the Balkan Commission and the subsidiary group, Lie told a news conference that he had no intention of disbanding these bodies unless the Security Council specifically orders such action.

Lie supported the position of the council majority, led by the United States and Britain, that both the commission and its representatives in the Balkans would continue to function indefinitely as a result of the council's failure to find a solution to the problem.

Child Welfare Is Stressed In Kiwanis Address

Need For Love Cited By New Head Of Methodist Home

Problems relating to child care and welfare were today explained to Kiwanians at the Tourist Center by the Rev. C. H. Thompson, superintendent for the past three months at the Florida Methodist Children's Home in Enterprise. He was introduced by Sanford Doubney.

President Lester Tharp and Vice-President Frank Lamson and W. A. Morrison were named as delegates and Oscar Harrison, Dr. T. D. Doss and Ed Lane as alternates to the Kiwanis convention starting Oct. 12 at West Palm Beach.

Need of care and affection by children were stressed by the Rev. Thompson and he added that in places all that institutions can do, these can only be fully given at home. "Youngsters do not need to be taken possession of," (Continued on Page Two)

Marshall Stresses Europe's Recovery At Rio Conference

Missed Death In Army Plane Crash

This photo was made on a rescue craft as badly injured Corporal Holland, one of three persons to survive the crash of a B-17 near Honolulu, Hawaii, was carried aboard. Ten persons died in the crash landing of the fuel-less bomber in the Pacific, 65 miles southwest of Honolulu. Among the missing was George C. Atcheson, Jr., chairman of the Allied Control Council for Japan. Photo transmitted by radio from San Francisco. (International Soundphoto)

Company Yields Court Privilege In CIO Agreement

Slowdown, Sitdown Strikes Outlawed At Murray Plant

DETROIT, Aug. 20 (AP)—A contract by-passing the right to court action for 7,000 CIO United Auto Workers of the Murray Corporation of America awaited today an official stamp of approval.

Company and union hailed the agreement, ending a strike that has reached 30 days, as "fair to both parties" and "completely satisfactory."

The company, in agreeing to give up its prerogative of court action for breach of contract, obtained from the union a clause placing restrictions on its members' rights to strikes. Slowdown and sitdown strikes were outlawed.

Legion Post Backs National Guard Unit

A resolution to support the reactivation of the National Guard and to render every possible aid to Capt. Roy Green in forming a new company was adopted at the Monday evening meeting of Campbell-Losing Post 63 of the American Legion.

Lloyds Receive Call From Son In Hawaii

Yesterday afternoon at 2:30 o'clock the telephone rang in the home of Mr. and Mrs. J. A. Lloyd on the Upsala Road, Mr. Lloyd answered:

"Hello, Ma," were the next words clearly heard over the receiver. It was her son, Kenneth, talking from Honolulu. She had not seen him in two years since he went to Guam. He is now a first class electrician in the Navy. He informed his mother that he expected to be home within 60 days.

Store Sells Watch Repair Department

Miss Margaret C. Gwaltney of Orlando has purchased from Charles Luke the watch repair and jewelry counter at the Malber Furniture Store and is operating the watch repair department.

MERCANTILE MEETING

The Sanford Merchants Association will hold a dinner meeting Friday evening at 7:00 o'clock at the Mayfair Inn. All Merchants who have not been contacted with regard to their reservations should call E. B. Pope, ticket chairman.

Dutch Governor Hits Indonesian Party Leaders

Republicans Plan To Move Capital As Outbreak Feared

BATAVIA, Java, Aug. 20 (AP)—Acting Governor General H. J. Van Mook declared today the Netherlands would retain authority over the rich regions of Sumatra and Madura occupied by Dutch troops since July 21.

"Areas that have been made safe will remain safe," Van Mook said in a radio address.

He said that the authority of the Indonesian Republican government over the Dutch-occupied regions of the two islands, which flank the island of Java, would not again be recognized.

Neutral quarters in Batavia interpreted the address as indicating that the Dutch might be considering a move on the Indonesian Republic's capital, Jogjakarta, unless Indonesian violations of the cease-fire order halted.

Netherlands headquarters said today Dutch forces had suffered 214 casualties from the Indonesian violations since the order, requested by the United Nations Security Council, went into effect at midnight Aug. 14.

The Indonesian cabinet met in emergency session at Jogjakarta to plan for removal of the assembly to Sumatra if necessary, a dispatch from that city said. The cabinet was represented as expecting full scale resumption of hostilities with the Dutch.

(The Dutch cabinet met at the Hague in emergency session yesterday in the United Nations Security Council.)

Paragoayan Rebels Fleeing To Argentina

BUENOS AIRES, Aug. 20 (AP)—A dispatch from Corrientes, in the Paraguayan border, said today Col. Rafael Franco, a leader in the Paraguayan rebellion, had arrived there along with thousands of other rebels taking refuge in Argentina.

The battle for Asuncion, capital of Paraguay, was in its last phase, the dispatch declared, adding that the forces of President Higinio Moronino had a heavy advantage because of superiority in modern weapons. The rebels, who had suffered 1,650 casualties in the battle.

Oil Company Moves Plant To Clermont

A huge derrick was today removing two of the American Oil Company's 17,500 gallon gasoline tanks for trucking to Clermont where a new bulk plant is being erected, it was announced this morning by John Krider, manager of the local plant.

The company is no longer bringing oil and gasoline on barges from Jacksonville for distribution here but is finding it more economical to truck it from Tampa to here, to where it is brought in oil vessels from Texas City, said Mr. Krider. Had the cross state canal been built, bringing oil here by barge would have doubtless continued, he said.

Volusia Murderer Escapes State Prison

TALLAHASSEE, Fla., Aug. 20 (AP)—Early Christmas Bennett, serving life sentence from Volusia county, escaped from the State Prison at Raiford Sunday night prison officials announced here today.

BOY SCOUT NOTICE

All boys interested in joining the Boy Scouts have been requested to contact T. E. Tucker at the Florida State Bank, or meet at the Mayfair Inn at 7:30 o'clock Monday night when Troop 84 meets for a swimming session. Troop 84 has been enjoying swimming at the Mayfair pool.

Economic Stabiliza- tion Of Old World Takes Precedence Over Western Needs

QUITANDINHA, Brazil, Aug. 20 (AP)—Secretary of State Marshall told the Inter-American conference today that Europe's economic recovery is vital to the Americas and takes precedence because of its urgency over needs of the Western Hemisphere.

Further, in a plea for unity among the 20 nations drafting a hemisphere defense agreement, Marshall said new world unity is "vastly important" to the future of the world.

"The results of our labors will demonstrate to all the world that peoples, and nations, who really want peace can have peace by living in an atmosphere of increasing cooperative action and goodwill," he said.

Responding to proposals for a "Marshall plan" for the Americas, the secretary said the United States has assumed "unusually heavy burdens" in a determined effort to meet the economic requirements of war-devastated areas in Europe and Asia "now threatened with starvation and economic chaos."

Marshall continued: "In assuming this burden we have not lost sight of the economic problems of the Western Hemisphere. As a matter of fact the economic rehabilitation of Europe is vital to the economy of this hemisphere."

"My government will continue to take up economic questions with its sister republics and seek a sound basis for practical cooperation."

Hunt For Atcheson Will Be Continued

HONOLULU, Aug. 20 (AP)—The Navy announced today the search for some trace of Ambassador George Atcheson, Jr., would be continued several days although it has abandoned hope of finding him alive.

The Hawaiian Sea Frontier's announcement coincides with a promise by Brig. General Frederick V. H. Kimble to "go all the way back to Tokyo" if necessary to find out the cause of the plane crash in which Atcheson and nine others perished.

The Navy said the intensive phase of the search had ended, but that air and surface patrols would be maintained, probably for the rest of the week. A naval officer said about the only hope remaining is that Atcheson's body would float to the surface and be recovered.

Kimble, Army air inspector, arrived by plane yesterday to investigate the crash. The converted B-17 bomber, its gas tanks empty, plunged into the sea about 100 miles west of Honolulu Saturday midnight with 13 aboard. Three were rescued and five bodies recovered.

92 Planes Entered In National Air Races

CLEVELAND, Aug. 20 (AP)—A record total of 92 airplanes were entered in competition for \$85,000 in prizes offered in the 1947 National Air Races as officials of the aerial derby closed the books today on entries.

The largest number of entries, 31 planes, was listed for competition in the Thompson Event, while officials agreed that the "toughest" field of pilots and planes was entered in the Los Angeles-to Cleveland Bendix grind.

Charles Bob King Missing From Home

No trace had been found up to this morning of Charles Bob King, 16-year-old son of Mr. and Mrs. Foster King, who ran away from home Saturday, according to Sheriff P. A. Mero.

The youth who is five feet, six inches tall and has light red hair and dark brown eyes, was reported to have been last seen on French Avenue, trying to catch a ride. He was carrying a brown sippy bag. State Highway patrolmen have been alerted to look for him.
