Reds Win Man-In-Space Race

MOSCOW (UPI) — Russia won the man-in-space race today by shooting a young air force officer around the world in a space ship and bringing him back alive.

The Soviet Union announced that Maj. Yuri Gagarin, 27-year-old father of two children, had orbited the earth in a five-ton space ship on a flight that took an hour and 48 minutes.

In that brief span, hardly more than the time of a train trip from New York to Philadelphia, man broke the barrier to space travel and raced closer to the eventual goal of flights to other planets.

A noted British scientist called the flight the "greatest scientific achievement in the history of man."

Soviet Premier Nikita Khrushchev messaged Gagarin: "The entire world admires your deed, which will be remembered down the centuries as an example of courage, gallantry, and heroism in the name of service to mankind."

A leading Soviet scientist likened the space feat to the accomplishment of the Wright brothers in flying the first airplane.

The first space man himself was quoted by Moscow radio as saying: "The realization of man's flight into space opens up grandiose prospects in the conquest of space by mankind."

The epic flight was made while the United States apparently was still weeks away from putting its first man into space and months from shooting him into orbit around the earth.

As the news spread through Moscow crowds swarmed into the streets in the wildest display of jubilation seen here since Nazi Germany collapsed on May 8, 1945. Celebrants paraded through the main streets, children were dismissed from school, radios and television sets proclaimed the news over and over. Snow that had been falling on Moscow ceased, and the sun came out.

Kennedy Sends Congratulations

WASHINGTON (UPI) — President Kennedy today congratulated Soviet scientists and engineers for their feat in putting a man in space and returning him safely.

"The exploration of our solar system," Kennedy said, "is an ambition which we and all mankind share with the Soviet Union and this is an important step toward that goal."

The President, in a statement issued by the White House said that America's own man-in-space program "is directed toward that same end."

Health Department May Cut Services

The County Health Department may be forced to curtail its services, Health Director Dr. Clyde D. Brothers cautioned the County Commission Tuesday afternoon.

In a strongly worded letter, Dr. Brothers declared "to continue at the present rate of expenditures without a budgetary increase will inevitably result in curtailment of the health services offered by the department."

Dr. Brothers did not point out what services would be curtailed. However, the commission authorized Clark Arthur Beckwith Jr. to contact Dr. Brothers to appear at next week's meeting and explain what services would be curtailed.

They also authorized Beckwith

to make an audit of the general fund to see if any money could be made available to the health department.

The only other comment was made by District 3 Commissioner James P. Avery who said, "It looks like had planning by the budgetary authority."

Brothers asked the commission that the health department be authorized to present bills to the

county clerk in an amount not to exceed \$200 per month and those bills be paid out of the general fund.

In his letter to the board, Dr. Brothers said costs have increased "tremendously" and the unit fund reserve is being depleted.

Brothers also cited figures in the comparison of rent, utilities and janitorial costs from February of 1960 as compared to February of 1961.

The figures show that last year during that month the health department spent a total of \$388.77 for rent and utilities. This February that total soared to \$706.33.

The welfare department which is also using health department facilities has also shown a marked increase in expenditures.

The Sanford Herald

WEATHER: Scattered showers through Thursday. High today, 80-75. Low tonight, 55-65.

VOL. 53 United Press Leased Wire Established 1908 WEDNESDAY, APRIL 12, 1961 SANFORD, FLORIDA NO. 168

NAS Reports 'Vigilantes' Are Coming

The Sanford Naval Air Station announced today that "the Vigilantes are coming."

The new North American A3J Vigilante jet bombers will begin arriving at the station in June, the Navy reported.

This announcement coincided with a report by the Chamber of Commerce that the air station here is not included in any long range plan for deactivation.

Andrew Carraway, chairman of the Chamber of Commerce Armed Forces committee reported that the local base is "as secure as any base using man operated aircraft."

"The recent announcement by the Defense Department announcing deactivation of some 40 bases, including several in Florida created the usual rumors by individuals who know somebody who knows somebody with information about the Sanford base," Carraway said.

Carraway added that any such rumors are unfounded and the Sanford base is secure.

The A3J aircraft maintenance school will commence full-scale operations on May 1. The aircraft systems trainers have been arriving at Ramey Field from the North American plant in Columbus, Ohio for almost a month and many are already set up and in operation.

As per contract, North American Aviation will provide the initial technical personnel and supply support for the A3J. Head man for North American is Deane Baine. Twenty-eight more North American personnel have already arrived and are settled in the community with about 100 more on the way.

Truck loads of aircraft components and spare parts have been arriving for some time and are being sorted and catalogued for the day the first Vigilantes arrive in June. When the bins are fully stocked they will comprise over 65,000 different items which are used either in the aircraft or test and support equipment.

SAFE DRIVER OF THE MONTH of February is Doug Gordon, pictured here with 10 free gallons of gas from Mel Dicks at Dicks's Gulf Station, 131 South A Street, The Seminole High School Club sponsors this award to promote recognition of responsible teenage drivers, with the cooperation of the Seminole Assn. of Gasoline Retailers and local law enforcement officers. News Briefs

No Defense
JACKSONVILLE (UPI)—Seven bakery firms pleaded no defense Tuesday to charges of conspiring to rig bread prices and were fined a total of \$45,000 in federal court.

Start Alert
DEFUNIAK SPRINGS (UPI)—Florida and Alabama patrolmen manned checkpoints on major highways in this area today in an effort to track down two men wanted in the shooting of a Florida state trooper.

Whites Sighted
VIENTIANE, Laos (UPI)—An official military communiqué Tuesday said about 30 "white men" were sighted among the rebel pro-Communist Laotian forces last week by royal army troops.

New Problems
WASHINGTON (UPI)—Rep. John A. Blatnik (D-Minn.), said today the House Highways Subcommittee plans to probe new problems in other states and not expose Florida to a third series of public hearings.

People Duped?
LOS ANGELES (UPI)—Robert Welch, head of the controversial John Birch Society, said Tuesday night the American people and government leaders have been duped into thinking they were fighting communism when actually they were playing into the hands of Soviet Russia.

Work Starts On SR 436 Traffic Light

Work on installing the long awaited much discussed traffic light at the intersection of Hwy. 17-92 and SR 436 has started, County Engineer Carlton Bliss told the County Commission late Tuesday.

"They'll be dancing in the streets now," District 4 County Commissioner Vernon Dunn declared.

The light was asked for over two years ago and delay after delay has hampered its installation.

Bliss said that it would take about 60 days for the light to be installed.

That intersection had been called the most dangerous in the county accounting for over 20 accidents alone this year, according to Florida Highway patrol records.

In other business, the commission agreed to meet with state officials next week on the possibility of establishing a child welfare foster home program in the county. Juvenile Judge Vernon Mize suggested the joint meeting which will be held Tuesday.

The board also refused to take action supporting a resolution asking for legislation to take the county judges off the fee system. Commissioner James P. Avery said he was opposed to fee systems but did not approve the measure as it was written.

Agreed to write the State Road department on the status of SR 427 through Altamonte Springs; Authorized acting County Attorney Harold Johnson to write the Shoup Machine Co., demanding that they fulfill the contract agreement reconverting the 24 voting machines in the county. The commission wants the ballot to run vertical instead of horizontal; Agreed to contact the legislative delegation on a special act so the county can enter a lease agreement with the General Service Administration on purchasing 800 acres at the Ocala air strip. The state auditor warned the commission that they could not pay for the tract over a three year period unless there is special legislation; Awarded the low bid of Strickland Morrison for two dump trucks at a cost of \$11,800;

Chamber of Commerce Manager John Krider will attend a meeting in Tallahassee Thursday on the Upper St. Johns River Basin and Sanford-Titusville Canal. Krider, who is also a member of the Florida Waterways Committee, will attend a meeting of that committee in Washington May 4.

Tuesday afternoon while County Commissioners were checking over the bills, Ted Williams noted that the county owed his store \$3.25 for supplies for the county home. "How did this get here," Williams said—"Let's wipe it off the record and I'll donate it to the home."

The Navy plane in the Elk's playground is causing serious concern among city officials. It seems youngsters are tearing it up and the city is now considering fencing off the plane. Commissioner Earl Higginbotham asked the commission Monday night to put a sign by the aircraft warning all that anyone tampering with the plane will face possible jail term or "stiff" fine.

Did you know that uncollected water bills in the city this year total \$1,151.60.

Drainage Bill Provision Turned Down By Board

The County Commission by 3-2 vote slapped down a request by Commissioner Vernon Dunn that the legislative delegation put in the proposed drainage bill now being drafted, a provision that 50 percent of the millage levied within the boundaries of a municipality be returned to the city for their own use in a drainage program.

Voting against the proposal was District 2 Commissioner Ted Williams who represents the biggest city in the county — Sanford. James P. Avery and Chairman J. C. Hutchinson.

Hutchinson said "why jump the gun—let's see what the legislative delegation comes up with before we discuss that matter."

Avery declared "I won't approve that bill until I can look it over carefully even if I have to catch a plane to Tallahassee." Williams wanted to see what was in the bill before he discussed it further.

Committee Okays Reapportionment

TALLAHASSEE (UPI) — A Senate committee dominated by small-county senators gave unanimous approval today to a 45-senator reapportionment plan and rushed it to the calendar.

Senate majority leaders said the bill creating the seven new Senate seats represents a "lot of giving" by the Pork Chop Gang, or small county senators.

Five of the new seats would go to South Florida and only two to North Florida.

But Sen. Ted David of Hollywood immediately predicted it will never win approval at the polls.

"I could never vote for any bill that leaves tiny counties like Na-

sau and Jefferson with senators of their own," David said.

The Senate Constitutional Amendments Committee met unexpectedly to consider the bill, prepared by Sen. Dewey Johnson of Quincy.

Tuesday, Chairman John Rawls of Marianna told newsmen he would not take up legislative reapportionment until next week.

The measure writes into the Constitution a provision that could, if population growth continues, result in a senator for each of the 67 counties in 50 or 60 years.

The plan, backed by Gov. Farris Bryant, is embodied in a constitutional amendment creating the

seven new districts and a bill spelling out where they go.

It does not disturb the "status quo" in the present Senate, leaving untouched several small one-county districts.

Bulletin

TALLAHASSEE (UPI)—The Senate today voted 23-3 to pass a constitutional amendment to adopt tighter fiscal policies to head off skyrocketing state expenditures.

The study group said state spending in Florida more than quadrupled in the past 10 years and was out of proportion with "our increases in population and other factors."

The report said state expenditures for schools, roads, welfare programs, universities and miscellaneous programs alone jumped from \$500 million to \$929 million in the past five years. This compared with state spending of \$200 million 10 years ago, the committee said.

Counties which would get a senator of their own immediately, if the plan is approved by the people in the 1962 general election, are Sarasota, Manatee, Monroe, Bay, Seminole, Brevard, Okaloosa and Santa Rosa.

Nassau, Jefferson, Jackson and Columbia would keep their single senatorial districts even though they are not in the top 23 counties.

The constitutional amendment provides that these counties would lose their senators only if they lose population between now and the next reapportionment in 1971.

The bill permits the separation of counties in a single senatorial district by one county, eliminating the present requirement that counties in one district must be contiguous.

This provision was included to take care of the new district of Washington, Calhoun and Gulf, split off to give Bay County a senator.

Handry and Collier counties would form a senatorial district, along with Highlands and Charlotte.

The new senators would be elected at a special election following ratification of the proposal in November, 1962.

Tighter Fiscal Policies Urged

JACKSONVILLE (UPI)—A tax study committee of the State Chamber of Commerce urged the Florida Legislature today to adopt tighter fiscal policies to head off skyrocketing state expenditures.

The study group said state spending in Florida more than quadrupled in the past 10 years and was out of proportion with "our increases in population and other factors."

The report said state expenditures for schools, roads, welfare programs, universities and miscellaneous programs alone jumped from \$500 million to \$929 million in the past five years. This compared with state spending of \$200 million 10 years ago, the committee said.

Counties which would get a senator of their own immediately, if the plan is approved by the people in the 1962 general election, are Sarasota, Manatee, Monroe, Bay, Seminole, Brevard, Okaloosa and Santa Rosa.

Nassau, Jefferson, Jackson and Columbia would keep their single senatorial districts even though they are not in the top 23 counties.

Handry and Collier counties would form a senatorial district, along with Highlands and Charlotte.

The new senators would be elected at a special election following ratification of the proposal in November, 1962.

Storms, Tornadoes Hit State, Dixie

By United Press International

Tornadoes, high winds and heavy rain hit parts of the South Tuesday night and early today, injuring several persons and causing severe property damage.

Tornadoes struck at Alma, Ga.; Waterboro, and James Island, S. C., and a severe storm described by witnesses as a tornado tore the roof off a home in Lake City, and damaged several other buildings.

Torrential rains and high winds caused widespread flash flooding in Mobile, Ala., and police said the weather caused one fatal highway accident.

The tornado at Waterboro struck an outlying area and injured four persons. At Alma, the tornado damaged two homes and farm outbuildings and injured one person. The tornado at James Island destroyed a number of beach houses and littered the island with debris.

Eichmann Branded Race Exterminator

JERUSALEM (UPI)—A stony-faced and seemingly emotionless Adolf Eichmann heard Israel's chief prosecutor brand him today as "the man who tried to exterminate the Jewish people" and defend Israel's right to bring him to judgment.

Atty. Gen. Glendon Hauser told the Jerusalem court in which Eichmann is fighting for his life that Israel's action in trying him for the mass murder of Jews is both "moral and right."

"I request that this court decide its authority to sit in judgment for these crimes," he said.

Peering owlishly through his heavy, horn-rimmed glasses, Eichmann sat in his glassed-in cage while hour after hour Hauser battered away with legal argument designed to prove the Israeli court's right to determine his fate.

Hauser was trying to demolish a move by Eichmann's German defense counsel Robert Servatius to get the court to rule itself incompetent to hear the case and have it handed over to an international tribunal.

When the court adjourned for the day, Hauser had spoken for nearly nine hours. He said he would need another hour Friday to complete his argument.

Sanford Auto Dealers Open Three-Day Show

The second annual Sanford Automobile Dealer Assn. Auto Show opens today in Ft. Mellon Park, with six dealers showing the newest of the industry.

The big exhibition of new 1961 cars will run through Friday, with daily sessions open to the public from 2 p. m. to 9 p. m.

Admission is free and Ben Howland, president of the association, said "we want everybody in this area to come and see all the new cars in one big showroom."

The association's members also are offering special sales deals during the three days of the show.

"You won't find any better new car deals in the state of Florida than the ones offered by your local dealers during this special showing," Howland said.

Newest models and body styles will be shown by Buick Motors, Bill Hemphill Motors, Hollar Motor Sales, Hunt-Lincoln-Mercury, Seminole County Motors and Strickland-Morrison, Inc.

Cars on display will include Plymouth, Valiant, DeSoto, Fiat, Pontiac, Buick, Rambler, Cadillac, Chevrolet, Corvair, Oldsmobile, Olds F-85, Dodge, Lancer, Dart, Chrysler, Renault, Peugeot, Lin-

School Board To Meet Thursday

The County School Board will consider reappointing 22 principals at its board meeting Thursday, Supt. of Schools R. T. Milwee said today.

The meeting is scheduled to start at 9:30 a. m.

The board also hopes to have the final plans for Hopper Academy back from the state.

In the afternoon, the school board will hold a joint meeting with the county commission at 2 p. m.

The main purpose of the meeting is a discussion on reverting race track funds from the school system to the county's road and bridge fund.

Polio Shots Program Saturday

The second in the series of three polio shots will be given at the Jaycee Information Building on French Ave., from 9 a. m. to 5 p. m.

The shots will be given by registered nurses, under the direct supervision of Dr. Charles Hardwick, who is donating his time for this series.

Safety Film

Florida Highway Patrol Trooper Vince Smallwood will show a movie and talk about safety at the Civitan Club meeting Thursday at 7 p. m. at the Sea Shell Restaurant.

Arts, Craft Show Slated For May

A notable event to be marked on the calendar is the upcoming Elementary School Arts and Crafts Show, which will be held May 3, 4, 5 and 6 in the Woodruff Building on the corner of Park and First St.

A feature of interest at the exhibit entrance will be the paper mache figure of a boy artist, created by the third grade classes at Pinecrest School.

Examples of art will use pop corn and other seeds as mosaic material. Asbestos powder and flour mixture is being used as modeling materials for animals and relief maps.

Demo Women To Meet April 19

The Democratic Women's Club will not meet today as previously announced.

The meeting will take place April 19 at the courthouse at 7:30, with executive board meeting at 7 p. m. Mrs. Ruth Hamilton will preside.

Examples of art will use pop corn and other seeds as mosaic material. Asbestos powder and flour mixture is being used as modeling materials for animals and relief maps.

Kennedy Meets With Adenauer

WASHINGTON (UPI) — President Kennedy and West German Chancellor Konrad Adenauer met today to discuss ways to take up some of the slack in the NATO alliance.

The President hoped to win stronger German backing for his proposal calling for a considerable build-up in the conventional forces of the European members of NATO. In return, he was ready to promise some effort to give other NATO members a share in control of nuclear weapons power.

Release Police, UN Urged

ELISABETHVILLE, The Congo (UPI) — Katanga President Moise Tshombe urged the United Nations command today to release white gendarmes arrested by Ethiopian UN troops at Kabalo in North Katanga last week.

Wild Rumor

MILLEDGEVILLE, Ga. (UPI) — Mrs. Barbara Powers today termed reports that her husband, U2 pilot Francis Gary Powers will be released soon from a Soviet prison camp a "wild rumor."

A Road By Any Other Name

There won't be any more streets, roads or avenues named Magnolia if the County Commission gets its way.

The commission approved a directive Tuesday afternoon regulating the naming and renaming of all public thoroughfares in the county and in the future no streets will be accepted whose name has already been duplicated.

At the present time there are 25 thoroughfares named Magnolia.

The directive was proposed by District 3 Commissioner James F. Avery. Avery

said that this directive will be "of material aid to the police, fire authorities, post office and county officials."

The directive spells out that the board may refuse to approve for recording, a map or plat of a subdivision when it would result in duplication of names of streets and roads.

It also stresses that before any street can be renamed, a statement must be submitted by the zoning director that shows no duplication of names of streets, roads presently existing in the county.

U. S. Scientists Show Little Surprise In Red Man Shot

By United Press International
American scientists and law-makers expressed little surprise today that Russia has won the race to space.

"This is only the beginning," said Dr. Hugh L. Dryden, deputy administrator of the National Aeronautics and Space Administration. "We must and we will go forward with our program."

"This is a day we have been expecting," he added. Congressmen echoed his words.

The White House announced only that American stations were

tracking an object Russia had put into orbit. It had no further comment immediately.

James Webb, administrator of NASA, said "this is a splendid achievement. It is a significant event in terms of the Soviet timetable."

Both Webb and Dryden joined in hoping that Russia will "make available to the scientific community the information gained from this experiment."

One space scientist at Cape Canaveral said the Russian achievement "just makes me sick." The

rocketeers at the Cape had been working hard on the U. S. man-in-space project.

Dr. Werner von Braun, operations director of the Army's missile center, Huntsville, Ala., said he thought "the Russians did this to impress the African nations."

He said the United States still was ahead of Russia in several fields of space science.

Dr. Ralph Lapp, who worked on the A-bomb at the 1946 Bikini tests, said at Portland, Ore., that the Russians had the capability of launching two men in space instead of one.

Rep. Overton Brooks, (D-La.) chairman of the House Space Committee, said it "is not unexpected. We knew the Russians had that capability. At the same time it is an amazing feat."

He said "we have to move on with a stepped-up plan."

Sen. John C. Stennis, a member of the Senate Space Committee, said "I'm not surprised as to the Russian capability for such a flight. We are perhaps nearing the point where we can undertake a similar flight." Official Washington was braced for the news by a day of rumors of such a feat from Moscow, and a report by the London Daily Worker that the feat had taken place Friday.

Prayer Ceremony Closes 14 Sales

A mass signing ceremony closed out 14 homes in the Woodmere Park Subdivision of Prayer Homes on South Sanford Ave. Friday.

Present for the closing at one of the model homes on the site were sales representatives, Mr. and Mrs. J. M. Rhiner of F and G Development Corporation, and Ambrose Olliff, closing attorney, representing legal counsel for the sellers, purchaser and the mortgage company.

E. D. WILLIAMS of VAH-3 was named "Professional of the Month." He was presented the award for outstanding professionalism as an ASD-2T plane captain. Through his exceptional ability, technical knowledge, and energetic performance he has consistently maintained his aircraft in excellent condition and immaculate appearance. He has been commended frequently by his superiors for this feat. His leadership ability, outstanding knowledge and devotion to duty, exemplify the finest qualities of professionalism.

Bridge Players Form 12 Tables

DeBary Duplicate Bridge Club members met in the Community Center Tuesday at 1 p.m. for the weekly afternoon of play with 12 tables seated.

Winners, NS, first, Mr. and Mrs. E. Z. Walters; second, Mr. and Mrs. Howard Middleton; third, Mrs. D. F. Scudder and Mrs. C. W. Hart; fourth, Mrs. Frank Austin and Mrs. R. W. Ackerman.

EW winners, first, Mrs. D. N. Singer and Mrs. William Woodlock; second, Mrs. Helene Andrew-Speed and Col. H. R. Forney; third, Col. and Mrs. W. W. Hague; fourth, Mrs. Nam Edwards and Oscar Barnett.

Tired Seminole Band Returns Home

The Seminole High School Band and Majorette Corp, eight players, trombones and Bandmaster and Mrs. Ernest Cowley, returned Monday tired but happy, from their trip to Washington D. C., the National Cherry Blossom Festival and Parade of Princesses.

Reports indicate that the trip was a complete success and well worth the effort that went into raising the money and extra work involved.

From all along the trip route, reports have come in from bus drivers, ACL officials, hotel managers, receptionists, tour guides and even aviation operators that the Seminole High School group was one of the most well-behaved, attractive and colorful groups ever seen by the tourist-weary travel and transportation agencies.

Word came from Washington

relatives of local people that during the 24 minutes that it took the band to complete the march route, the television cameras of one station stayed on the Marching Seminoles for ten minutes, while commentators described the colorful Indian outfits of the Majorettes and the snappy attire of the band.

One television commentator told a nationwide audience, "If all the Indians in Florida look like these, I don't know why we ever fought with them!"

During the free Sunday morning hours, it was reported that approximately 85 per cent of the group attended the New York Ave. Presbyterian Church, which was the church of famous Peter Marshall and also of Abraham Lincoln.

Twelve cases of Seminole County grapefruit and oranges, donated by Dan Wright of Patrick Fruit Company, went along with the Sanford group and many were given away to helpful trades people along the way.

"If the Seminole County Cham-

ber of Commerce is looking for a way to promote relations for Florida, they certainly overlooked a wonderful way to do it, as this group was as outstanding as any ever seen and all along the way, we were asked from where we came and complimented on our wonderful group of boys and girls!" said Bandmaster Cowley. His remarks were echoed by other adults who accompanied the band.

"We are so proud of our group," said the chaperones, "and we certainly heard many wonderful comments that warmed our hearts."

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA.

IN CHANCERY No. 1118.

EAST BROOKLYN SAVINGS BANK, a New York corporation, Plaintiff.

vs.

RICHARD W. BREWER and KATHERINE L. BREWER, his wife; and SILVIA L. FORT, single, Defendants.

NOTICE TO DEFEND OR ORDER OF PUBLICATION FOR FORECLOSURE

YOU, RICHARD W. BREWER and KATHERINE L. BREWER, his wife; SILVIA L. FORT, single; and all unknown parties claiming any interest by, through, under or against either or any of the above named parties who may be dead or are not known to be dead or alive.

ENTERPRISE CHILDREN whose parents are employed by Florida Power Corp. at the Enterprise Plant took part in the first Easter Party and Egg Hunt sponsored by the Employee's Club which is to be an annual event. Plans were supervised by Club Director President Mrs.

Ken Werner and other members of the board and eggs were dyed and refreshments planned by Mrs. Werner, Mrs. R. Reichenback, Mrs. Edwin Braddock and Mrs. Bill Cook. Silver dollars were awarded for finding the gold and silver eggs in each age group.

Student Art Work To Highlight Event At Grammar School

An exhibit of art work done by pupils will be the highlight of a Saturday afternoon and evening program at Sanford Grammar School.

All parents are being invited to attend the event sponsored by the P-T-O to see the year's art work accomplished by the different classes. There will be several other events and entertainment, climaxed by a chicken piñata supper.

The program will begin at 7 p.m. with athletic contests and a carnival type atmosphere will include a country store, "pair" tree and a humorous skit staged by the faculty members.

The chicken piñata will be served at 7 p.m.

Off-Balance

It is always astonishing to read a fresh report that certain employers have failed to turn in to the federal government sums withheld from their workers for income tax and social security purposes.

The employers' behavior is, of course, thoroughly reprehensible. One has to wonder, though, why the government cannot devise more effective enforcement against such flagrant injustice.

It is ironic, too, that while these tax scoff-laws duck payment, government has seen fit to slap a flat 30 percent income tax and a 3 percent social security levy on foreign exchange student grants. The effect is simply to cut grants by a third.

Senate moves now shaping up to ease this income tax burden and wipe out the foolish social security tax (from which the foreigner will get not a cent of benefit) are long overdue.

WORRY CLINIC by Dr. G. W. Crane

Ronnie was so upset at the sound of a vacuum sweeper that he went into a hysterical fit. Don't permit your children to remain slaves of such foolish fears. Train them to be calm and self-assured.

CASE H-437: Ronnie S., aged 5, is a bright child.

"But, Dr. Crane, he is terrified at the sound of a vacuum sweeper," his mother informed me.

"He will actually scream and grow rigid in my arms. Indeed, he has become so hysterical at times that I have feared he was in a convulsion of some sort."

"Once I called the doctor about Ronnie, and the doctor finally had to throw ice water in his face to bring him out of his fit of terror."

"Dr. Crane, how can we help him get over this fear?"

"According to Dr. John B. Watson's extensive investigation of young babies, there are only two native (born) fears."

An infant seems to dread loud noises and also the feeling of falling. All other fears must be learned.

Ronnie's terror of the vacuum cleaner thus has been acquired. His mother didn't know how it started, but we know that every emotional reaction has a beginning in some specific situation.

Maybe the maid or baby sitter started him by turning on the motor unexpectedly while he was already under the tension of knowing his mamma was away from the house.

Anyway, Ronnie has developed a specific emotional habit with reference to the noise of the vacuum cleaner.

Like a golfer's slicing of the ball, this is a bad habit, so we must try to correct it and substitute a good habit in its place.

This process is called "re-conditioning" of the child to the sound of the vacuum sweeper.

We must get Ronnie to link pleasure and fun with that same noise, instead of his present fear and panic.

But how? Well, a child normally is very fond of his parents.

He feels happy and expansive when they are around.

So let's begin by having his parents play a game with Ronnie in which the vacuum sweeper participates.

Suppose they play that the vacuum sweeper is an army tank. Without turning it on, Ronnie could then be encouraged to push it after his father.

After several days of such play, Ronnie can then be persuaded to turn on the motor, under the ruse that the noise is the sound of machine guns blasting the enemy.

Let his father be the enemy while Ronnie turns the vacuum sweeper in the direction and launches an attack.

Children are not greatly disturbed by noise, if they themselves are making the noise. For then they feel no uncertainty about its origin or meaning.

Many nuisance fears that develop in childhood are traceable to unexpected loud noises, such as a dog's sudden barking or a train's shrill whistle. Or a "boo" from somebody hiding in a dark bedroom clothes closet.

But more fundamental than the noise, is probably the child's general nervous tension at the moment.

This is often based on his fear that he may be torn away from his parents or from his familiar environment and thrust into a strange situation.

Never let your child remain a slave to foolish fears when you can banish them in a few weeks by the "re-conditioning" method outlined today.

Try it in unrepented tears that little Ronnie's "night" patients' long sanitariums!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

King Henry II of France was the first person to wear silk stockings. He introduced them in 1530.

POLITICAL NOTEBOOK

By Peter Edson

WASHINGTON—(NEA)— Patterns for living with automation and liking it are gradually being worked out by various devices in new labor-management contracts. In general, they follow the old principle of, "If you can't lick 'em, join 'em."

More and more, union leaders are coming around to the view that there's no use trying to stop progress. Management, for its part, is recognizing increasingly that it has responsibilities to its employees as well as to its stockholders.

Viewed from both those angles, ways are sought to make the new technologies in manufacturing and processing a blessing to both management and labor—not just monsters that cause strikes or destroy jobs.

Most notable example is perhaps the Pacific Maritime Assn. employers' agreement with the Harry Bridges International Longshoremen's union. It was signed after four years of discussion and five months of tough bargaining, going into effect this year and running to July 1, 1964.

In the first place, the Longshoremen agreed to abandon their long-standing opposition to waterfront mechanization. Employers are therefore freed from all the old union restrictions on size of sling loads, double handling, gang sizes and "witness" labor that gets paid for standing around doing nothing. All labor-saving devices may now be used to handle cargo efficiently.

In return, the employers are paying \$1.5 million a year for 3 1/2 years into a mechanization fund. It will be used in part to permit longshoremen to retire at age 62 instead of 65, each having a vested interest in the fund up to \$7,500.

The fund will also put a floor under wages which will guarantee longshoremen a minimum wage of \$96.75 for a 35-hour week, without layoffs.

An agreement similar to this was later made applicable to East Coast longshoremen by an arbitration award.

In the new Teamsters Union contract signed Feb. 1 with the Central States motor carriers, tentative agreement was made for payment into the Hoffa union's pension and welfare fund of \$5 for every bulk container or piggyback shipment.

Effective date of this provision is being delayed a year pending joint union-carrier study to determine if this is the best way to deal with this situation. But it is also being considered in current Teamsters negotiations with New England carriers. And it is expected to come up later in bargaining with carriers of the 13 Western states.

Application of such a principle to "fishyback" container shipments by water and "birdieback" shipments by air is also being proposed. But railroads are still bucking the idea as an illegal re-

straint on movement of interstate commerce.

There were about a million piggyback shipments by rail last year. At \$5 a trailer, this would put another \$5 million into the Hoffa union's \$300 million welfare fund.

In addition to these prime examples, there are numerous other joint labor-management studies of automation going on.

Kaiser Steel and United Steelworkers representatives are trying to find a formula for sharing the benefits of the new technology in their industry.

Republic Steel and Union of Marine and Shipbuilding Workers have a joint human relations committee studying the subject.

In the shift from military aircraft production to missiles, United Auto Workers and Machinists Union worked out new agreements with Douglas and Convair for severance pay or extended unemployment benefit payments to laid-off employees.

The auto industry made earlier moves to solve some of the labor relations problems raised by advancing technology through the "annual improvement" wage increase and supplemental unemployment benefit, or "SUB." But they are no longer considered complete plans.

New proposals are expected to be presented when the auto industry contracts are renegotiated this summer.

Anti-Satellite Missile Looms

WASHINGTON (UPI)— The Navy has told the House Space Committee it believed an anti-satellite missile could be developed within the next 18 months.

Capt. Robert F. Friestag, chief of the Navy's Office of Astronautics, made the statement at a closed-door hearing several weeks ago. A censored version of the testimony was made public today.

Adenauer To Visit

BONN (UPI)— West Germany's 85-year-old Chancellor Konrad Adenauer flies to Washington today for his first meeting with President Kennedy to discuss ways to strengthen NATO against the Communist menace.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I boiled when I read the letter from the woman who signed herself "Fed Up." She was annoyed because her clergyman (Protestant) visited her in the hospital after her seventh child was born and asked her if she had ever heard of birth control. She said that the size of one's family was a personal matter. Well, she is gravely mistaken. When children are abandoned by their parents because they can't feed and clothe them properly, who takes care of them? And who pays for public education and juvenile delinquency and homes for unwed mothers? The taxpayer! As long as I am a taxpayer, the number of children produced is my business. **ALSO FED UP**

DEAR ABBY: I agree with "FED UP" that the size of one's family is one's own personal business. I know how she must feel because I have born 18 children. I was quite a "curiosity" in town. People would point me out and make all sorts of foolish remarks about the "tremendous" accomplishment, which was really the most natural thing in the world for a woman to have done. When they asked, "Why so many?" I would reply, "When I go to face my Supreme Judge, He cannot say to me, 'Where are the children I sent you?'—because I accepted them all."

MOTHER OF 18

DEAR ABBY: My hat is off to that minister who asked the woman in the hos-

pital if she had ever heard of birth control.

If that lady can write, I assume she can read. Doesn't she know that in forty years the population of this world will be doubled? Doesn't she know that today one man with a machine can do the work of 120 men? And if we continue to populate this country at the present rate, unemployment will choke us?

I used to raise pure breed dogs at one time, but just because my dog came in season every six months did not mean I had to breed her that often. But I guess I thought more of my dog than that man did of his wife. **M. T. T.**

DEAR ABBY: Tell "Fed Up" to cheer up. Time will fix things. I was the mother of 9 when my eldest was 12. "Friends" would come with suggestions all the way from birth control to divorce. Our 5th child was born during the depression, and a cousin even came to take the baby home with her, like a stray kitten. Her heart was broken because I couldn't spare her just this one... ("You have so many!") You should have heard the cruel comments in town. ("Don't they know any better? How ignorant can people be?")

Now, years later, to our faces they tell us how proud we ought to be, and they look with envy upon our 16 grandchildren. But I can't let myself hate them. There is no room in a mother's heart for hate. It's full of too much real love. **MOTHER OF TEN AND PROUD**

Jacoby On Bridge

By Oswald Jacoby

South ruffed the second diamond in dummy and proceeded to run off seven spade tricks. He discarded down to the ace-jack-ten of clubs and a small heart in dummy, but since West held the guarded king of hearts and East the guarded queen of clubs South went down one trick.

"Criminal play," sputtered North. "All you had to do was to cash one trump and then play king-ace and a small club. As long as clubs broke 3-2 you would make the hand."

South pointed out that his play would have worked against many combinations of cards and was mathematically better than the one North suggested.

Actually, South's play was poor, but not criminal. The only crime in the hand was bad analysis by both players.

The correct play was to draw one round of trumps and then

lead the queen of hearts from dummy. Put the king of hearts in the East hand and he would surely cover, whereupon South would have his 12 tricks. Since West held the king East would play low. Then South would rise with the ace and play clubs as

North had suggested. This line of attack would win against the actual holding and would also have won against a four-one club break if East held either the heart king or seven small hearts.

Family Reunion At Gardner Home

Mr. and Mrs. Burdette Harris have returned to their home in Charlotte, N. C. after a visit with relatives and friends in the Sanford area.

The were guests of honor at a fish fry and family reunion at the home of Mrs. Pauline Gardner, on the DeLand Highway, last week.

Church Class Entertained At Eldridge Home.

Mr. and Mrs. Hixon Eldridge entertained members of their Sunday School Class from the First Baptist Church in Winter Park at their home in Longwood, last week.

Those attending were Mrs. Gardner's mother, Mrs. Cordie Stinson her two sons, George and Clifford, Mr. and Mrs. Roy Stinson, Mr. and Mrs. Clyde Stinson, Mr. and Mrs. David Stinson.

Mr. and Mrs. J. R. Crowe and son, Johnny and Tommy, Mr. and Mrs. Jimmy Denton and daughter, Sheryln all of Sanford and Mr. and Mrs. Clifford Toney and son, Jody of Orlando.

Mrs. Gardner's two sisters, Mrs. Crow and Mrs. Toney assisted her with the celebration.

Enterprise Personals

By HELEN SNODGRASS
Mrs. W. L. Tyler and daughter, Linda, spent the weekend with relatives in Green Cove Springs.
Mrs. W. A. Goodwin has returned home from Orlando where she spent several days with her sister and family, Mr. and Mrs. Roy Hurlinger.

Mr. and Mrs. Charles Engles of Shell Rd., entertained Mr. and Mrs. Harry Hamberg of Pittsburgh, Pa. While in town they also visited Mrs. C. C. Gandet of Palm Rd.

Oviedo Club Plans Meeting Friday

The regular Oviedo Woman's Club luncheon and business meeting will be held Friday at 12 noon in Fellowship Hall of the Methodist Church.

Mr. and Mrs. L. O. Hayman returned Monday after spending the holidays with their son and family, Mr. and Mrs. Lovick Hayman Jr. at Newport News. They were happy to see Lovick and Patsy but even more pleased to see the grandson.

Osteen

Personals

By MRS. CLARENCE SNYDER
Major and Mrs. Hollis Snyder are spending a month with his mother, Mrs. Clarence Snyder.
Mr. and Mrs. Robert Williams had as their guest for dinner on Easter, their son-in-law and daughter, Mr. and Mrs. Vernon Hopper and daughter, Phyllis of Orlando. In the afternoon they were joined by Mr. and Mrs. Olaf Harper and daughters, Judy and Lois of Apopka. Harper is Mrs. Williams' brother.
The Osteen Home Demonstration Club will meet at the home of Mrs. John Melrose on Lake Butler, Tuesday afternoon.

Mrs. Florence Osteen and Mrs. Allan Talbot of Ft. Pierce arrived Thursday for several days at the home of Mr. and Mrs. Ed. L. Cunningham.

Ira Sarver enroute from Clearwater to his home Dayton Ohio visited Tom Sarver.
Mr. and Mrs. A. C. Nelson of Tampa are spending several days this week at the home of Miss Dorcas Faber.

Dr. and Mrs. Charles Akers and children of Titusville were Sunday guests of Mr. and Mrs. Jack Ryan.
Mrs. Alfred Clapp returned to her home in Montclair, N. J. after spending several weeks here.

Home Club Plans Demonstration

The Longwood Home Demonstration Club will sponsor a cooking demonstration at the Longwood Civic League, Thursday, at 1:30 p.m.

A door prize will be awarded and the food cooked during the demonstration, will also be given as prizes.
Refreshments will be served and those present will be asked for a small donation.

Seventh Birthday Celebrated With Playmates

Mike Arrington celebrated his seventh birthday with a party at the home of his parents, Mr. and Mrs. Johnny Jones, 2850 Magnolia Ave.

His grandmother, Mrs. Lucille Jones assisted his mother with the entertaining.

The young guests arrived after school in the afternoon and enjoyed a variety of outdoor games. Refreshments of cake and punch were served by the hostesses.

The birthday cake was decorated with a satellite and spacemen on the top.

Guests included Melanie, Randy and Freddie Coleman, Richard Brasher, Colleen Conrad, Tommy Graey, Bobby Mimmert, Neal Patterson, Julia and Janie Reutebach, Paula Sefried and Carol and Johnny Wyatt.

"Hoot Owl" Pins Presented To Departing Wives At Luncheon

Mrs. J. R. Swope and Mrs. J. J. Moynihan were co-hostesses for the VAH-9 luncheon held at Freddie's Steak House.

Beautiful nosegays of spring violets, as unique name cards were presented to each member attending.

In addition to the usual group of VAH-9 wives, several new members and guests attended the lovely luncheon.

Highlight of the day was the presentation of "Hoot Owl" pins to Mrs. William Cavitt, Mrs. E. G. McKee and Mrs. J. R. Swope. The group bade them a sad good bye as they will soon be leaving.

Mrs. Hastings Named President Of WSCS

Mrs. L. D. Hastings was elected president of the Women's Society of Christian Service of the First Methodist Church, at the monthly meeting in McKinley Hall.

Mrs. Hastings has been serving as president for the past few months, since Mrs. Eugene Williams, president, moved to Starks. Elected to serve with Mrs. Hastings were Mrs. J. E. Ferrell, vice president; Mrs. Dorothy Waller, recording secretary and Mrs. Arthur Beckwith, treasurer.

Mrs. John Morgan was chairman of the nominating committee. Mrs. Ferrell was also named as delegate to the annual conference at West Palm Beach, April 18 to 20. Mrs. W. A. Hunter is the alternate. It was announced that the officer's training school will be held at the DeLand Methodist Church, May 4 and at the Broadway Methodist Church, May 11.

Members decided to purchase a film strip projector, record player, door mats and some cleaning equipment. The WSCS received credit, from the district board of missions, for the recent home missions study course.

Mrs. T. J. Taylor led the devotion and the program was under the direction of Mrs. J. E. Ter-

williger. Subject for the day was "Dilemma of the young American mother."

Others taking part on the program were Mrs. W. M. Allore, Mrs. George Porzig and Mrs. Waller. Following the program, a luncheon was served by the ladies circles of the WSCS.

The contest was based on new members, house calls and other all around good services by the circles. Winning circles were No. 10, two three, four and six.

luncheon was served by the ladies circles of the WSCS.

JANET MARIE Boring, 18, of Williston Park, N. Y., is well prepared to take a picture as she is chosen by New York Press Photographers as "Miss N. Y. Press Photographer of 1961." She will reign at their dinner-dance next month.

Students Return From State Fair

Leonard Himes, Robert Bullard and Owen Cammack, Seminole High School students have returned from the State Science Fair held in Lakeland. In the state competitions, Robert Bullard took second place in Physics and Engineering with his project of an alternate plan for building a canal from the St. Johns River in Sanford to the east coast of Florida. Bullard used an enlarged copy of an aerial map to plot the best route for the canal, which does not follow the one proposed by the civil engineers. In Geology, Astrology and Meteorology, Himes took third place with his project of the theory and effect of fluorescence in minerals. He elaborated on the old and new theories, using a black light to display the components in a collection of mineral rocks. Cammack received recognition from the American Chemical Society which plans to print in their journal, his study of nitrogen-free extracts of silage for cattle. His paper and experiments encompassed the project of breaking down cattle feed into all the known chemical components, with their nutritional effects on livestock. All of these experiments will be shown at the Seminole County Science Fair being held at the high school April 20 and 21. The hundreds of exhibits will be displayed in the Bill Fleming Memorial Gym. The six county schools participating in the Fair, are Lyman High, Oviedo High, Seminole High, Sanford Jr. High, Lyman Jr. High and Oviedo Jr. High.

Pirates Doing It All Over Again!

United Press International
The champion Pittsburgh Pirates still have that old late-inning lightning, but it wasn't any more devastating than that opening bolt by the Los Angeles Angels.

It was like 1.60 all over again when Bill Virdon hit a three-run homer in the ninth inning Tuesday to give the Pirates a come-from-behind 8-7 victory over the San Francisco Giants. And who received credit for the pinching victory? Elroy Face, of course. The most explosive home run display of the first full day of the 1961 season was supplied by the Angels, however, in their initial major league game. Ted Kluszewski hit a pair of homers and Bob Cerv one in a 7-2 victory over the Baltimore Orioles. Even more surprising than that Los Angeles power was the class 6-hit pitching job by Eli Grba, the Yankee castoff. The Angels are tabbed a power-rich, pinching-poor ballclub.

There were other surprises, too, as both league races got underway Tuesday:

—Warren Spahn of the Milwaukee Braves lost a home or a season opener for the first time in seven tries when Daryl Spencer hit a 10th-inning home run that gave the St. Louis Cardinals a 2-1 triumph.

—The New York Yankees made a dismal home debut under new Manager Ralph Houk. Pedro Ramos held them to three hits in pinching the Minnesota Twins to a 6-0 victory in their first game in Minneapolis-St. Paul uniforms.

—And something must have gone wrong with "head coach" Veda Hims' IBM machine as his Chicago Cubs were bopped by the Cincinnati Reds, 7-1.

On the more-to-be-expected side: The Los Angeles Dodgers beat the Philadelphia Phils, 6-2, in the only night game played before a crowd of 50,000; the Kansas City Athletics took advantage of four errors to beat the Boston Red Sox, 5-2; and the Cleveland Indians defeated the Detroit Tigers, 9-5.

(Only games scheduled.)

The vice president of the United States is "President of the Senate."

Pittsburgh's ninth-inning explosion was reminiscent of the many rallies the Bucs pulled in winning the pennant last year. The Giants opened a 6-3 lead in the fifth on back-to-back homers by Willie McCovey and Orlando Cepeda, and still led 7-5 going in to the ninth.

Then Dick Schofield hit a pinch double off reliever Stu Miller and pinch-hitter Dick Stuart walked with two out. Lefty Mike McCormick was summoned to get the final out, but instead Virdon hit his first pitch over the right field fence for a three-run homer.

Face, who gave up an unearned run during his two-inning stint, received credit for the victory although Clem Labine retired the Giants in the ninth. In the Braves-Cards game, Spahn led Ernie Broglio, 1-0 after seven innings on a homer by Eddie Mathews. A triple by Hal Smith in the eighth, followed by Bob Nieman's pinch single tied the score for St. Louis and Spencer's homer foiled Spahn's bid for his 289th victory. Lindy McDaniel was the Cards' winner in relief.

Ron Fairley's pinch two-run double off Robin Roberts eliminated a three-run seventh-inning rally that gave the Dodgers their victory over the Phils. Wally Moon homered for Los Angeles and John Callison hit a two-run homer for the Philadelphia Runts. Don Drysdale was the winning

pitcher with relief from Larry Sherry in the last two innings. Jim O'Toole's 4-hit pitching and home runs by Frank Robinson and Wally Post helped the Reds to their victory and ruined Hims' debut as boss in Cubs owner Phil Wrigley's rotating managerial scheme.

In the AL, Ramos hit a two-run single to help his own cause against the Yankees. Bob Allison and Reno Bertoia hit Minnesota homers. Whitey Ford was the loser in the Yankee's first home-opening defeat since 1954.

Cleveland jumped on Jim Bunning for six runs in the second inning and Jim Perry pitched a 7-hit victory over Detroit. Jim Piersall and Vic Power each made 4 hits and Bubba Phillips contributed a homer to the Indians' 18-hit attack. Rookie Jake Wood hit a 2-run Detroit homer. Ray Herbert drove in two tallies with a double and received credit for the A's victory although he pitched only six innings. Kluszewski drove in five runs with his two homers as the Angels knocked out Baltimore starter Milt Pappas in the second inning. Grba struck out five batters, all in the last six innings.

This may be the only time this season the Angels are tied for first place, but they're sure enjoying it.

STILL "THE MAN" - - - By Alan Mauer

THE SPORTS WORLD HOPES THIS WON'T BE THE LAST YEAR IT SEES STAN MUSIAL GOING TO WORK WITH THIS TYPE OF EQUIPMENT. "THE MAN" AND BOY HE'S BEEN WITH THE ST. LOUIS CARDinals SINCE 1941.

STAN IS ONE OF THE MOST FAMILAR NAMES IN THE RECORD BOOK, BUT HE MAY NEED ANOTHER SEASON FOR A MOST GOVETED ENTRY—MOST INT'L BY A NATIONAL LEAGUER—BEGIN ONLY 135 BEHIND MONSIEUR WAGNER'S RECORD OF 3,430 INT'L.

DANNY O'CONNELL, of the Nats, is forced at second on Pete Daley's grounder to shortstop Luis Aparicio in the second inning of the season's opener between Chicago and Washington. Sox second baseman Nellie Fox makes the putout at the Washington ball park.

Opening Day Fans Take Massive Dip

NEW YORK (UPI)—Tuesday's eight opening-day major league baseball games drew a combined total of 259,107 fans down more than 80,000 from a year ago.

The Philadelphia Phillies-Los Angeles Dodgers night game at Los Angeles drew a total of 51,765 to lead the opening-day attendance derby, but despite that fine turnout the National League was down 24,555 from 1960.

The American League fared even worse with a total of 103,879 turning out, a drop of 58,447. The Cleveland Indians-Tigers opener at Detroit topped the AL with a turnout of 41,643.

The NL grand total came to 185,228 compared to 179,788 for 1960. Last year's AL opener drew 402,326.

Celtics Take Pro Cage Title

BOSTON (UPI)—The Boston Celtics became the second team in the history of the National Basketball Association to win three straight titles when they beat the St. Louis Hawks 121-112 Tuesday night.

The Celtics, led by Bill Russell, won the playoff series, four games to one.

Russell, Boston's 6 foot 10 inch all-star center topped all scorers with 30 points, one of the highest totals in his NBA career. He also had 28 rebounds and converted 12 of 30 shots from the foul line.

Parent-Faculty Volleyball Game Set In Altamonte

Parents of Altamonte Elementary School pupils have challenged the faculty to a volleyball game as part of the event scheduled at 7:30 p.m. Friday at the school.

The volleyball contest will be followed by a square dance and cake walk and there will be a snack bar in operation during the entertainment.

Cowboys Sign Two

DALLAS, Tex. (UPI)—The Dallas Cowboys of the National Football League have signed half-back L. G. Dupree and offensive guard Buzz Guy to 1961 contracts. The Cowboys now have six veterans in the fold.

NFL Slate Expanded; Dallas In East Loop

NEW YORK (UPI)—The new Minnesota Vikings will start play in the National Football League as a member of the Western Conference and the Dallas Cowboys will shift to the Eastern Division Commissioner Pete Rozelle announced today.

In releasing the expanded schedule for 1961 Rozelle announced that each club in the league will play a home-and-home series with each of the six other teams in its division plus two games against teams from the opposite division.

Each team will play a 14-game schedule starting Sept. 17 making a total of 98 games. This will mean one additional home game and another on the road for each club.

New York football Giants to schedule a game in Yankee Stadium prior to World Series time. It also was learned that the stadium under construction in Washington will be completed by Oct. 1, a few weeks earlier than had been expected.

As a result the Giants will open their home schedule at the earliest date in their history meeting the St. Louis Cardinals Sept. 17.

With the addition of the Vikings as the 14th club in the NFL it was feared at last December's league meeting that both Minnesota and Dallas would have to compete as "awing" teams in 1961, that is they would have to play every other club in the league once.

Both the Vikings and the Cowboys preferred to be assigned to a conference and play home-and-home series, just as the other clubs do.

The more desirable home-and-home arrangement was made possible because of the increased availability of ballparks early in the season particularly in New York, Washington and Dallas.

The baseball New York Yankees for the first time permitted the

Realtors Code Puts Duty On All Board Members

The Seminole County Board of Realtors is preparing for observance of Realtor Week April 23-29. Basis for the realtor's operation is the Code of Ethics, drawn by realtors in 1913 in the public interest. This continues an explanation of the code.

He can encourage movements which counteract bad practices and encourage adherence to high standards.

He can help his local board establish proper machinery so that officers and committeemen can be advised of improper practices and, without embarrassment, take action to correct or prevent them.

This article is strongly worded. It says "it is the duty of the realtor" and "he should endeavor to help stamp out or prevent arising any practices which may be damaging to the public or to the dignity and integrity of the real estate profession." The board itself is primarily responsible for providing machinery to stamp out such practices. The local board is equipped to enforce compliance with the Code of Ethics when violations are brought to its attention by its own members or the public.

If facts are presented to the board it will act promptly to protect the reputation of all realtors.

Realtors and the Code of Ethics existed before any state commission.

Realtors sponsored state legislation to create these commissions in order that mandatory standards might be imposed upon all persons engaged in real estate work, irrespective of their voluntary adherence to the standards of the realtor.

No board may retain its charter except as it enforces the Code of Ethics within its jurisdiction. Therefore the board and individual realtors are under obligation to adhere to the requirements of this article.

Legal Notice

IN THE CIRCUIT COURT OF THE SECOND JUDICIAL CIRCUIT, IN AND FOR LEON COUNTY, FLORIDA.

STATE BOARD OF EDUCATION OF FLORIDA, a body corporate under Sections 3 and 18 of Article XII of the Constitution of the State of Florida.

Petitioner,

vs.

THE STATE OF FLORIDA, et al. Respondents.

ORDER TO SHOW CAUSE TO THE STATE OF FLORIDA AND THE SEVERAL PROPERTY OWNERS, TAXPAYERS, CITIZENS AND OTHERS HAVING OR CLAIMING ANY RIGHT, TITLE OR INTEREST IN THE PROPERTY TO BE AFFECTED BY THE RESCUE BY THE STATE BOARD OF EDUCATION OF FLORIDA, PURSUANT TO SECTIONS 3 AND 18 OF ARTICLE XII OF THE CONSTITUTION OF FLORIDA, OF BONDS ISSUED FOR AND ON BEHALF OF THE BOARD OF PUBLIC INSTRUCTION OF SEMINOLE COUNTY, WALTON COUNTY, ALACHUA COUNTY, OKALOOSA COUNTY, SARASOTA COUNTY, ESCAMBA COUNTY, SANTA ROSA COUNTY, ST. LUCIE COUNTY, BROWARD COUNTY, DUVAL COUNTY, ORANGE COUNTY AND HILLSBOROUGH COUNTY, FLORIDA, HEREINAFTER MORE PARTICULARLY DESCRIBED, OR TO BE AFFECTED IN ANY WAY THEREBY:

The State of Florida, through the State Attorney of the First Judicial Circuit in and for Leon County, Florida, the Second Judicial Circuit in and for Duval County, Florida, the Fourth Judicial Circuit in and for Alachua County, Florida, the Ninth Judicial Circuit in and for Orange, St. Lucie and Seminole Counties, Florida, the Twelfth Judicial Circuit in and for Sarasota County, Florida, and the Fifteenth Judicial Circuit in and for Broward County, Florida, and the several real property owners, taxpayers, citizens and others claiming any right, title or interest in property to be affected by the issuance of the Bonds, hereinafter more particularly described, or to be affected in any way thereby, are hereby required to appear before the Circuit Court of Leon County, Florida, on the 8th day of May, 1961, at 10 o'clock, A. M., and show cause why the Bonds, herein described and the proceedings hereof should not be granted and the \$200,000 State School Bonds, therein described and the \$200,000 State School Bonds, herein described, should not be issued.

The Bonds described in the following described issues of:

- \$200,000 State School Bonds, Series B, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series C, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series D, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series E, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series F, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series G, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series H, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series I, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series J, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series K, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series L, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series M, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series N, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series O, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series P, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series Q, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series R, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;
- \$200,000 State School Bonds, Series S, to be issued for and on behalf of the Board of Public Instruction of Leon County, Florida, in the denomination of \$1,000 each, dated June 1, 1961, bearing interest at a rate or rates not exceeding four per centum per annum, payable semi-annually on March 1 and September 1 of each year and maturing serially in annual installments on June 1 of each of the years 1962 to 1972, both inclusive;

Church Class Sets Dinner Party

The Castle Memorial Sunday School Class of the First Methodist Church is planning their annual anniversary dinner party for the year, which will be held in McKinley Hall at 7 p.m. Friday.

A special program of entertainment, from the talented members of the class, has been planned to follow the covered dish dinner and all former members of the class, Sunday School teachers and those who have moved away are invited to attend.

This is an annual gala event of the class and is always a reunion type of gathering as many former members from all over the state receive special invitations to return at this time.

John Sauls is general chairman for the event and Mrs. Bill Kirk is telephone chairman.

Take a tip, Pal, and head straight for the CHRYSLER EXHIBIT. That new NEWPORT is the hit of the AUTO SHOW. A full-size CHRYSLER y'know. No Jr. edition. And it's in a new, lower price range. People crawling all over the car. That solid UNIBODY gets 7 anti-rust baths. You ought to see the ROOM. They got nice big wide seats. Special one for the driver. It's even got an ALTERNATOR that charges your battery at idle! I heard a newspaper fellow say none of 'em can touch CHRYSLER for handling. TORSION BARS, he says. Doesn't heel over in turns. And they got a new V-8. Runs on regular and that makes sense! Then there's... uhhh! Your ticket, please!

Final Plans Set For Florida Beef Cattle Short Course

A NEW 50-STAR FLAG is presented to Brownie Troop 248 of Lake Mary by Mrs. Bea Newsome of the Women's Auxillary of the American Legion. Displaying the flag for the other girls to see are from left, Deborah Martin, Ellen Lemons, Clara Royce, Cynthia Dondey, and Mrs. Newsome. Mrs. Wendell Holmes and Mrs. Ralph Feedback are troop leaders. (Herald Photo)

Final plans have been made for the 10th annual University of Florida beef cattle short course,

Auxiliary Plans Monday Meeting

The Ladies Auxillary of the VFW Post 3282 will hold their next regular meeting on Monday at 8 p.m. in the caucus room of the First Federal Savings and Loan Bldg.

This is the first meeting under the new revised charter for the post under the leadership of Mrs. Arietta Smith, president.

Plans have been made for a rummage sale to be held at the Woodruff Building on the corner of First and Park from 9 a.m. to 5 p.m. Friday and Saturday.

according to Cecil Tucker, County Agricultural Agent.

Local ranchers planning to attend the event, scheduled for Gainesville April 20-22, include Robert Lee, Oviedo and the County Agent.

The short course, which is expected to attract 400 to 500 ranchers, will stress crossbreeding cattle for more profit.

Facts about breeding work with native Angus, Brahman, Brangus, Hereford, Santa Gertrudis, Shortborn, Charolais and Charolay cattle will be presented.

University of Florida Agricultural Experiment Station workers and scientists from other states will give research results, while Florida ranchers will give their experiences with cross breeds.

Florida cattlemen scheduled to give their views include Leonard Balaban, Lookout Plantation,

Bonifay; Louis Gilbreath, Camp Ranch, Ocala; O. F. Smith, Flying S. Ranch, Sarasota; John Culbreath, Bar-Bet Farms, Brooksville; Howell C. Hopson, Diamond H Ranch, Leesburg; Jack Hooker, Jacklen Farms, Plant City; H. C. Douglas, K Bar Ranch, Zephyrhills; Ralph Celson, Gainesville; Tommy L. Mack, Norris Cattle Co., Ocala;

Max E. Hammond, Stuart Ranch, Barlow; S. L. Crochet, U.S. Sugar Corp., Clewiston; P. E. Williams, Davenport; and Alto Adams, Jr., Ft. Pierce.

Tucker says that it is not too late to register for the short course.

PLAN CATTLE SHORT COURSE. Dr. T. J. Cunha, right, head of the University of Florida Animal Science Department, and Louis Gilbreath, Ocala, president of the Florida Cattlemen's Association and the Eastern Brahman Association, inspect purebred hereford and Brahman bulls while discussing plans for the 10th annual beef cattle short course at the University of Florida in Gainesville.

Congressmen Concerned Over Kennedy's Budget

WASHINGTON (UPI) — Congressional defense experts showed increasing concern today at some phases of President Kennedy's adjusted military budget.

The concern was voiced in part by Democrats. It centered on

Kennedy's plan to trim the B70 supersonic bomber program to the building of experimental prototype planes without expensive additions of a full-scale weapons system.

However, concern also was being voiced about other items such as the President's decision to defer mobile launching sites for the air force Minuteman missile.

Chairman Richard B. Russell, (D-Ga.), of the Senate Armed Services Committee which quizzed Air Force officials Tuesday, told newsmen the questions demonstrated concern about the B70 cutback.

"The detailed examination of Secretary Eugene M. Zuckert and Gen. Thomas D. White clearly indicates that some of the members of the committee have serious doubts about curtailing the B70 program," Russell said.

Sen. Henry M. Jackson, (D-Wash.), former chairman of the Democratic National Committee, told newsmen that he was concerned about deferral of the plan to mount Minuteman missiles on railroad cars.

That decision was based on the administration's belief that placing the missiles at fixed sites would make more of them available, Jackson said, however, that the "survivability" of U.S. mis-

siles after an enemy attack was the important consideration.

World War I Vet Survey On

A survey is being made of all veterans who served during World War I to apprise them of new benefits for them and their widows which are now pending in Congress.

With cooperation of Food Fair Stores, Inc. and on Friday, just 45 years from the date that the U. S. troops boarded transport for overseas service, Sanford Barracks No. 488 Veterans of World War I will be on hand at the Park Ave. Food Fair from 8 a.m. until 5:30 p.m. to register all World War I veterans or their widows.

Veterans, you owe it to yourselves, your buddies and your loved ones to aid and assist in the passage of legislation on pensions, hospital care and patient treatment.

Fair Exhibit To Climax Week

The Sanford Grammar School F-T-O is climaxing Art Week this week with an Art Exhibit and Fair to be staged at the school from 2:30 to 5 p.m. Saturday.

Featuring the individual art work of each student, the display will be set up in the school halls and open to the public.

Parents and friends are invited to view the exhibits and take part in the afternoon activities, which will feature intra-mural sports, directed by Virgil Duffell and Freeman Baggett.

Attractions for all ages will include a merry-go-round, a hay ride, pony and cart, dart game, fish pond, "pair" tree, country store, plant booth and handicraft.

President Donald Jones announced that the highlight of the day will be a supper, with serving beginning at 5 p.m. and continuing until 7 p.m. under the supervision of Ted Williams and Ralph Jarvis.

Other food concessions will feature hot dogs, cold drinks, coffee, cake and homemade candy.

Concluding the evening's entertainment will be a skit, composed of members of the school faculty, to be presented at 7 p.m. in the auditorium.

Business Meet

The regular business meeting and luncheon of the Seminole Memorial Hospital Auxiliary Pink Ladies will be held at the Sea Shell Restaurant at 1 p.m. Saturday. Reservation deadline is Thursday and members who desire to attend can call Mrs. J. C. Buntin to place their names on the list.

YOUR VALIANT DEALER PUTS PRICES ON THE LINE! HERE'S EXACTLY WHAT YOU PAY

PICK YOUR MODEL . . . PICK YOUR PAYMENT!	MONTHLY PAYMENT*

20 School Principals Reappointed

The County School Board today approved a recommendation by the Board of trustees to reappoint 20 school principals and agreed to hold up the reappointment of Oviedo School Principal Carlton Henley "pending further study."

The trustees asked that the reappointment of the Oviedo principal be delayed, but their recommendation did not elaborate on the decision.

At the same time, the board reappointed Freeman Baggett as principal of the Sanford Grammar School as well as principal of the Westside Primary School. Mrs. Elizabeth Sharon, principal of the Westside school, told the board she wishes to return to classroom teaching.

The board also accepted the resignation of Mrs. Pearl Bates as principal of the Wilson School. She is retiring. Morris M. Ruby, principal of the Lake Monroe School, will also act as Wilson School principal.

Also reappointed are A. J. Bracken, Seminole High School; Hugh Carlton, Sanford Junior High; Mrs. Verma Mitchell, Southside; Mrs. Margaret Reynolds, Pinecrest; Floyd Richards, Lake Mary; Ralph Diggs, Lyman; John G. Angel, Longwood Elementary; George Dabbs, Altamonte Elementary; Harold Heckenbach, South Seminole Elementary; Mrs. Mary Lee Nichols, Geneva; H. L. Douglas, Croombs; L. R. Eubanks, Hopper; H. L. Refoe, Goldboro; W. L. Hamilton, Midway; Jesse Neuse, Rosenwald; S. T. Muller, Jackson Heights and Scipio Bracey, Bookerstown.

Kennedy Urges Federal Agency Streamlining

WASHINGTON (UPI)—President Kennedy asked Congress today to expand the Federal Power Commission and authorize other measures to prevent undue increases in prices consumers pay for natural gas.

In a special message to the House and Senate the president outlined other proposals to streamline and coordinate federal agencies which regulate transportation, energy sales, labor-management relations and broadcasting.

He said that an improvement in the way the agencies work was essential to the nation's economic growth.

Kennedy took aim at "Iron Curtains" between the agencies. He said there must be greater coordination of policy—for example, on railroads and airlines—and less working at cross purposes.

Along with the message, the president issued an executive order establishing a continuing "Administrative Conference of the United States." Its job will be to tackle problems common to the several regulatory agencies. Chief Judge E. Barrett Pretyman of the U. S. Court of Appeals here was virtually certain to head the group.

Other federal agencies besides the FCC are the Trade, Interstate Commerce, Communications, and Securities & Exchange commissions, the Federal Maritime Board, the Civil Aeronautics Board and the National Labor Relations Board.

AF Pilots Finish Space Experiment

SAN ANTONIO, Tex. (UPI)—Two Air Force jet pilots walked out of an 8-by-13-foot simulated space cabin today after spending a month living in conditions a man in space would encounter.

Capt. Ramon A. Hornak, 28, of Alwood, Kan. and 1st Lt. Gene Carlone, 27, of Fargo, N. D., became the second pair of Air pilots to stay in the steel chamber a month.

THE SEMINOLE COUNTY TB AND HEALTH ASSN. has elected these new officers and executive committee members. From left, Mrs. Baxter Rowan, secretary; Mrs. W. W. Tyre, president; Mrs. J. N. Azzarella, first vice president; W. L. Harvey, executive committee; D.

H. Fletcher, executive committee; Mrs. Robert Stelle Steele, treasurer; Mrs. Lorraine Graham, executive secretary, and C. E. Hittell, second vice president. (Herald Photo)

Gales Threaten East Coast

By United Press International Gales threatened the Atlantic Coast from Maine to New Jersey today and winds up to 45 miles per hour in the New York City harbor swelled tides up to three feet above normal.

Some coastal areas reported flooding and the New York Port Authority warned of possible damage to buildings from New Jersey to Manhattan. Midwestern warmth paralleled April showers in the Ohio Valley and central Appalachians today to mouststrap most of the nation's subfreezing weather in the northern Great Lakes.

The Weather Bureau predicted widespread showers and snow flurries at higher elevations today in the Pacific states, the upper Great Plains, the Rockies and the Central Atlantic states. The South was due for a breather from Wednesday's rain and tornado turbulence.

Top Castro Aide Leaves Country

HAVANA (UPI)—Prime Minister Fidel Castro's top executive assistant and private secretary, Juan Orta, has broken with the Cuban leader and taken asylum in a Latin American embassy, reliable sources said today.

Orta was personally responsible for the imprisonment of many persons suspected of "dubious" loyalty to Castro. He was the head of the prime minister's office on the 18th floor of the Agrarian Reform Building.

Informants said the reason for Orta's break with Castro was his opposition to the placing of Cuba in the Soviet bloc of influence. Other sources said that he had always supported Castro's foreign policies fully up to now.

News of the break came after Castro had denounced democracy as "a laxative, a lie and a falsity" in an unprecedentedly incoherent speech earlier today.

Dade NAACP Move Is Considered

MIAMI (UPI)—Dade County Negro parents today considered a request by the NAACP that they support next week to have their children transferred to white public schools.

Rev. Theodore Gibson, president of the NAACP's Miami branch, said the organization was especially interested in transfers of Negro children to white schools which are closer to their homes than Negro schools, and in transfers to white schools which offer technical training not available in Negro schools.

News Briefs

Tulane Eases Entry

NEW ORLEANS (UPI)—The doors of privately-endowed Tulane stood ajar to Negroes today for the first time in the university's 127-year history. The Tulane Educational Fund, final authority for policy, Wednesday voted to "admit qualified students regardless of race or color if it were legally permissible."

Board Complicates

PENSACOLA (UPI)—Escambia County School Board members decided Wednesday to comply with a federal court integration order when told they face jail sentences if they do not. Federal Judge Harold Carswell on March 17 gave the board 90 days in which to file a desegregation plan for the county's public schools.

Fugitives Caught

DEFUNIAK SPRINGS (UPI)—The FBI today held two brothers, one a jailbreaker, after their arrest in a 20-minute gunbattle Wednesday. The FBI said Quintman Strickland, 29, would be charged with aiding the escape of a federal prisoner—his brother Adril, 32—and that Adril would be returned to prison to finish serving a 15-year sentence for bank robbery.

Citrus Ads Set

LAKELAND (UPI)—A \$350,000 summer advertising program was approved by the Florida Citrus Commission Wednesday to run in Life Magazine, newspapers and two Sunday newspapers, supplements. The campaign will promote processed products—frozen orange concentrate, canned orange and grapefruit juice and grapefruit sections. It will take in the July-October period.

'Stupid' Is Smart

HUNTSVILLE, Ala. (UPI)—"Stupid" is a newly-developed device which talks, reads a little and whistles at pictures of pretty girls. Now they're trying to find a use for it. "Stupid" was developed by personnel of the Army rocket and guided missile agency under the spare-time leadership of Sgt. James M. Busby of Baltimore, an electronics research technician.

Stand Sought

WASHINGTON (UPI)—Republican leaders announced today they will seek a declaration by Congress opposing admission of Red China to the United Nations to counter rumors that the U. S. position is "softening."

County Agrees To Join In Education TV Plan

The County School Board today agreed to set aside \$10,000 out of next year's budget to participate in an Educational Television program for the central Florida area. Seminole will join with Orange, Brevard and Volusia Counties in the project.

Supt. of Schools R. T. Milwee said that educational TV will "give us a stronger educational program" and that Seminole High School is already set up for the program.

Final approval of the television network—which will be channel 11 in Orlando, is now before the Federal Communications Commission. The initial step in the program will cost 15 cents per pupil in Seminole schools to pay for hiring a coordinator for the program.

After that, the school system will pay \$5 cents for pupil to participate in the program. Volusia, Orange and Brevard have already approved participation in the joint venture.

Somerset County, in the southwestern part of the state, drew enough snow after midnight to call for snowplows on the Pennsylvania Turnpike.

Other tornadoes ripped through James Island, S. C., Alma, Ga., and Lake City, Fla., and flash floods forced evacuation of several families in southern Alabama.

Gagarin said he did not see the moon on his journey into space.

"The sun in outer space is ten of times brighter than here on earth. The stars are visible very well. They are bright and distinct. The entire picture of the firmament is much more contrasting than when seen from the earth."

Gagarin said when weightlessness "set in," he felt "excellently."

"It became easier to do everything," he said. "This was quite natural. One's legs, arms, weigh nothing. Objects float in the cabin. Neither did I myself sit in the chair as I did before that, but hung in mid-air. While in the state of weightlessness, I ate and drank and everything occurred just as it does here on earth."

"I even worked in that condition, jolting down my observations. My handwriting did not change although the hand does not hold anything. Only I had to hold the notebook. Otherwise it would float away. I maintained communication over different channels and tapped the telegraph key."

Help Requested On Paving Job

The city of Oviedo today was accused of "passing the buck" on paving the access road to the Jackson Heights Negro Elementary School.

A delegation, calling itself the Community Improvement Club of Oviedo, appeared before the school board this morning and asked for assistance in getting the road paved.

Supt. of Schools R. T. Milwee told the delegation that the board was not in the "road building business" and emphasized that since the school was in the city limits "it was the responsibility of the city."

Frederick today said he believes that the proposed harness racing permit for Seminole County would not be buried in committee and would be passed by the Legislature this session.

Frederick said that he and Cleveland introduced the bill Wednesday and it was turned over to the public entertainment committee.

Frederick said that at the start of the session, dog track "lobby groups were thick and heavy, but now it seems they can see the handwriting on the wall."

Frederick also said that he and Cleveland will start work soon on drafting the drainage levy bill and will study the feasibility of a provision that all millage levied within a municipality be turned over to the city and that money be used to carry on drainage work in that city.

Frederick also said that he and Cleveland would also meet with the City Commission on an urban renewal project act "even though we are basically opposed to this plan."

City Manager W. E. Knowles wrote the delegation Wednesday.

Stenstrom Heads Library Board

Douglas Stenstrom, Sanford attorney, former state senator, and former county judge, is the new president of the General Sanford Library Board.

Convening in the caucus room of the First Federal Savings and Loan Building, the association named Randall Chase as vice president, Arthur Beckwith Jr., secretary, and R. W. Deane, treasurer.

The board of managers is under the leadership of J. C. Hutchinson. The other board members are Mrs. Elizabeth Williams, Fred Wilson, Mrs. F. E. Roumillat, Br. B. F. Whitner Jr., H. B. Pope, C. R. Dawson, Edward Shiholzer and Fred Knutinger.

The library is sponsoring a display of two issues of microfilm records, which will be seen by the public at the Florida State Bank, in the near future.

One set of film concerns General Sanford's meeting with Sir Henry Morton Stanley, African explorer and their plans to have the American Negroes help to educate the people of the Congo.

The other film concerns diplomatic papers issued by General Sanford during the time that he was a confidential agent of President Lincoln and his efforts to prevent the eruption of the Civil War.

County Bills Start Legislative Grind

The House of Representatives today passed a special act for Seminole County establishing staggered terms of office for Oviedo councilmen.

It was the first Seminole County bill to be passed. Some 20 other bills will be introduced by State Reps. Mack Cleveland Jr. and Gordon Frederick within the next two weeks.

Frederick today said he believes that the proposed harness racing permit for Seminole County would not be buried in committee and would be passed by the Legislature this session.

Frederick said that he and Cleveland introduced the bill Wednesday and it was turned over to the public entertainment committee.

Frederick said that at the start of the session, dog track "lobby groups were thick and heavy, but now it seems they can see the handwriting on the wall."

Frederick also said that he and Cleveland will start work soon on drafting the drainage levy bill and will study the feasibility of a provision that all millage levied within a municipality be turned over to the city and that money be used to carry on drainage work in that city.

Frederick also said that he and Cleveland would also meet with the City Commission on an urban renewal project act "even though we are basically opposed to this plan."

City Manager W. E. Knowles wrote the delegation Wednesday.

Senators Schedule Wage Law Debate

WASHINGTON (UPI)—The Senate scheduled debate today on President Kennedy's proposal to raise the minimum wage to \$1.35 an hour and extend coverage to 4.1 million more workers.

Senate Democratic Leader Mike Mansfield expressed hope for final action on the controversial bill by late Friday.

Formidable opposition from conservative forces could delay a showdown until next week. Despite administration concessions, the conservatives have warned they would try to whittle down the bill by amendments.

Sen. Pat McNamara, (D-Mich.), sponsor of the Kennedy-backed compromise measure, countered with advance predictions of victory.

Active Trading

NEW YORK (UPI)—Stocks opened with gains and losses but with evenly matched trading continued moderately active.

Many in Wall Street agree that a corrective reaction in the wake of the recent sharp slump to new highs may continue a bit further until the bulls again become reactive.

on a proposed meeting, possibly this weekend.

Frederick also said that he and Cleveland have found no objections to the special act combining the Sanford and Seminole County tax rolls and that bill will be introduced next week.

Frederick reported also that the controversial contractor's law legislation will be introduced as a general law covering the entire state and that he and Cleveland have found some objections to it as it is now written.

He said he expects it to be introduced sometime Friday or early next week.

Taxes Asked

TALLAHASSEE (UPI)—The drive for new taxes got underway in the Legislature today with introduction of an across-the-board sales tax to raise an additional \$144.3 million in the next two years.

Sen. Harry Stratton, Callahan, introduced a bill raising the tax on cigars from five to six cents a package, worth an estimated \$3 million a year in new revenue.

The sales tax bill would remove present exemptions on groceries, medicine, rentals, admissions except at race tracks, industrial equipment, services or repairs and installations, hospital rooms and meals, magazines, fuel oil, diesel oil, radio-television programs originating within the state, and nets and ships used by commercial fishermen.

Reapportion Plan Nears Approval

TALLAHASSEE (UPI)—Florida's legislative reapportionment troubles were shuttled to the House today, where there were indications the six-year-old deadlock was close to a solution.

The House was reported near agreement on a plan to raise its membership from 95 to 104, giving nine new representatives to the state's fastest-growing metropolitan areas.

The Senate solved its part of the problem Wednesday by approving, 35-3, a plan to increase its membership by constitutional amendment from 36 to 45.

The 45-member House plan, also tied to a constitutional amendment which would have to be approved in statewide voting, was under consideration in the House constitutional amendments committee which meets Friday.

The 45-member plan passed by the Senate was praised by Gov. Farris Bryant as a permanent solution to the "big county-little county" fight which has raged for years in the Legislature.

The plan embodies an "escalator clause," based on population growth, which would give each of Florida's 67 counties its own senator within 50 to 60 years.

Each of the 23 most populous counties currently is guaranteed a senator of his own under the plan. It also provides that any county which grows to 36,000 population will automatically get a senator of its own in the future.

The 104-member House plan is identical to the 103-member plan rejected by the people in a statewide election, except that it gives an additional House member to Pinellas County.

Look for the Downtown Clock to be moved near the Shuffler board courts by the Civic Center. All seem to agree that this would be the place for this landmark.

The Chamber of Commerce will participate in the Southeastern Industrial Exposition scheduled for Orlando April 18. The chamber will stress industry in the county and all manufacturers in the area are urged to attend the exposition.

The final monies from the Big Tree donation box were turned over to the County Commission this week. The total was \$291. Last week the board voted to eliminate the box. "You'll be sorry you did that," James P. Avery, who voted against eliminating the box, said.

Last Saturday the Fire Department and city department personnel fought another fire at the sanitary landfill area. This one could have really been costly. A \$23,000 tractor was caught in a cave-in while fighting the blaze. It required a second dorer and the city's largest wrecker to get the tractor out of the pocket.

The engineering firm of Clark, Dietz and Dailey has predicted that by 1960 over six million gallons of water will be used daily in the city. At the present time the city is using two million.

Churchill Trapped

NEW YORK (UPI)—Sir Winston Churchill was trapped on Aristotle Onassis' palatial yacht today by a howling rainstorm which forced the cancellation of his plans to fly home to London. Churchill's secretary, Anthony Montague Brown, said the 84-year-old former British prime minister would fly home Friday instead of today as planned, weather permitting.
