

VOLUME I

OBJECT TO RESTRICTION OF IMMIGRATION TO U.S. FLORIDA WANTS IMMIGRANTS

JEWIS ALSO OBJECT TO RESTRICTION OF EUROPEANS

WANT GOOD ONES TO COME TO AMERICA AND MAKE GOOD CITIZENS.

WASHINGTON, Jan. 5.—Vigorous objection to any restrictions on immigration was presented to the senate immigration committee by Louis Marshall, of New York, chairman of the Jewish immigration association. He named a number of prominent Americans, who, he said, "sprang from foreign ancestry," and added that many of the boys who carried the American flag through the Argonne were immigrants.

"President Wilson's mother was an immigrant. Charles Evans Hughes' father and mother were both immigrants," he said.

The committee decided today to conclude hearings next week and begin preparation of a bill for presentation to the senate.

Among witnesses called to appear today before the committee, was Miss Frances Kellar, of New York, chairman of the board of directors of the inter-racial council. The committee desired to obtain from Miss Kellar first hand information regarding Americanization work among aliens in this country.

Developments at the first session of the committee yesterday indicated a trend toward solution of the immigration problem through diplomatic agreement among the nations concerned rather than by separate legislative action.

Chairman Colt, of the committee, (Continued on page 6)

STOCKHOLDERS OF NEW BANK HOLD MEETING

The stockholders of the new Farmers and Merchants Bank held a meeting in the court house last night that was well attended and the following officers were elected temporarily until the charter can be printed and the organization perfected that will be permanent. The following officers were elected last night:

Roy Symes, president; George D. Bishop, first vice-president; L. P. Hagan, second vice-president; Deane Turner, cashier.

The articles of incorporation will be published in Friday's Weekly Herald and as soon as the arrangements can be made the first meeting will be held and the officers elected that will guide the destinies of the new institution for the next year. J. D. Bowman was present at the meeting and outlined his plans for making many improvements here and asked for the co-operation of those who are interested in the upbuilding of Sanford.

THREE NEW MEMBERS ROAD DEPARTMENT

TALLAHASSEE, Jan. 4.—D. W. Stevenson of Moore Haven, recently appointed to membership on the state road department, to succeed Ed Scott of Arcadia, deceased, today made bond and was accordingly commissioned to that office by the governor.

H. V. Maund of Tallahassee, appointed last week by the governor to succeed J. D. Smith of Marianna, removed, today made bond and was commissioned to that office by Governor Catts.

A. J. Johnson of Perry, appointed to succeed W. A. Holt of White Springs, removed, has filed his bond, and it is understood that he has made application to a surety company for bond and is making effort to complete his qualifications in order to participate in the road department meeting on January 6th.

Post Cards at the Herald office, 1c.

LENINE POLICY IN FUTURE BE ONE OF TERROR

WASHINGTON, Jan. 5.—A new policy of terror abroad, especially in nearby countries, has been decided upon by the Russian soviet, according to official advices from Moscow received today by the government.

Nikolai Lenine is quoted by the advices as saying in a proclamation to the commune committees of Europe that "it is absolutely indispensable to keep the bourgeois enemy busy with internal trouble in order that they cannot injure soviet Russia."

"Great strikes should be organized throughout the world," this version of the proclamation says, "and agitation for the establishment of commercial relations with Russia should be increased. In order to fight famine and attack capitalism solidly throughout the universe these things should be done."

Lenine is quoted further as saying that other nations plan to fight soviet Russia by the use of spies seeking to enter Russia with the apparent purpose of organizing revolts against the soviet.

FRANK CLARK POURS IT INTO NEGRO SOCIETY

FLORIDA NEGROES HAVE EVERY RIGHT—NORTHERN SOCIETIES MISLEADING THEM

(By The Associated Press) WASHINGTON, Jan. 5.—Representative Frank Clark of Florida, told the house census committee today that Florida is giving the negro every right under the law and in further denying the charges that negroes in that state were prevented from voting. No negro from Florida has complained, Clark said, and charges were made by "New York negroes who are feasting and fattening on honest negroes of the South." Representative of National Association for the Advancement of Colored People, who have made charges, he said, "Have never done a thing that hasn't injured the negroes in the South. Their actions have made for racial clashes."

ARRIVED IN U. S. YESTERDAY AS STOWAWAYS

LORD MAYOR OF CORK AND PETER MCSWINNEY ACTED AS STOWAWAYS

(By The Associated Press) NEWPORT NEWS, Va., Jan. 5.—Continuing his attitude of silence as to purpose of his visit to America, Daniel O'Callaghan, lord mayor of Cork, who with Peter McSwinnery of New York, brother of the late Terence McSwinnery, arrived here late yesterday as stowaways on American steamer Westcannon awaiting today a ruling from immigration authorities at Washington, which will decide whether he will be permitted to enter the country. McSwinnery, who had a passport issued him by American consular officers in England, is free to leave at will.

NEWPORT NEWS, Jan. 5.—E. L. Callaghan declared the editors of the New York Nation invited him to testify before the commission investigating the Irish question. He expressed himself at a loss to understand the statement from Chairman Hoe last night that he never had been asked to appear. He said the invitation was extended to him several months ago.

GERMANY IS NOW THREATENED WITH RAILWAY STRIKES

INDUSTRIAL UNREST PERVADES THE COUNTRY AND BETTER WAGES DEMANDED

(By The Associated Press) LONDON, Jan. 5.—Germany again is threatened with extensive railway, and industrial strikes says a Berlin dispatch today. Large majority of the railway men voted in favor of a strike and 91 per cent of the workers in the Ruhr and Rhine industrial districts voted favorably on the proposal to strike for higher wages.

SOCIALIST MAYOR RESIGNS ACCOUNT NO CO-OPERATION

SAID ALDERMEN HAD PERMITTED THEIR RADICAL IDEAS TO INTERFERE WITH CITY WELFARE

(By The Associated Press) DAVENPORT, Ia., Jan. 5.—Dr. C. L. Barewald, elected mayor of Davenport on the Socialist ticket a year ago, announced today his resignation from the party. He declared he got no co-operation from the Socialist aldermen who had "permitted their radical ideas to interfere with the welfare of the city."

DE VALERA IS IN IRELAND

DUBLIN, Jan. 5.—The reports that Eamonn De Valera had landed in Ireland was definitely confirmed today.

NEW YORK, Jan. 5.—Eamonn De Valera, "president of the Irish republic," in returning to Ireland did so against the advice of Dall Eireann, the Irish parliament which was anxious that he remain in America to present the "republic's" claim before the new administration.

This was announced here tonight by Harry Boland, De Valera's secretary, who added that "events moved so rapidly in Ireland in the past few months President De Valera decided on his own initiative to return."

Mr. Boland said De Valera had been in close touch with the Irish republican government ever since he landed in the United States and was fully informed of events there.

WASHINGTON, Jan. 5.—Comptroller of currency today issued call for condition of all national banks at close of business on Wednesday, December 29th.

therefore if the thief is caught he will get the limit. Pay your subscriptions today.

BURGLAR ROBS HERALD OFFICE GETTING CASH FROM THE SAFE AND SOME FOUNTAIN PENS

Evidently Knew the Inside of the Printing Office

HE MADE A SMALL HAUL

But Ruined a Perfectly Good Safe and Otherwise Ruffled Our Tempers

The Herald office was robbed last night, the thief effecting an entrance through a window in the mechanical department and coming into the business office opened the safe doors which are never locked and jimmied the cash drawer, taking out some \$50 in cash and six Sheaffer fountain pens and several aluminum pencils that were in the safe. He knew the lay of the land very well and left all the checks intact and did not attempt to touch anything that he could not convert into money.

He miscalculated somewhat on the cash drawer for printing offices as a rule do not have any money and as there is nothing in a printing office that any person would want there is but little attempt made to keep them out. And in fact many printing offices over the state never lock their doors. The Herald uses the safe more for protection against fire and a place for keeping valuable papers and records and the subscription lists, etc. The safe doors were never locked on that account as it would be better to have thieves open the safe and get into it than to have them blow it or break it open by jimmying the combination although in the future it will be locked in order to keep the embryo thieves from getting what little cash might be left over night.

The thief will evidently try to dispose of the fountain pens or will be obliged to throw them away to avoid suspicion and if anyone is seen with Sheaffer fountain pens who looks suspicious we would like to hear about it. He also broke a nice new hatchet in prying open the safe drawer and took Deane Treadwell's knife out of his apron using the apron in bringing in the tools from the press room and for these two deeds we would send him up for life and for even breaking into a printing office he should get at least twenty years. Breaking the hatchet handle made Harry Neal mad clear through and musing up the safe made N. J. Lillard mad and

GRAND JURY LIKELY TO PROBE DEATH OF YOUNG GRADY HAMES

DAYTONA, Fla., Jan. 5.—Grand jury investigations of the killing of Grady Hames, 18, during the attack recently upon his father, Arthur Hames, who was kidnapped and beaten by eight masked men, is rumored today as a result of an admission before a coroner's jury Saturday by W. C. Jones, druggist, accused by Lena Hames, of threatening to kill her brother, that he said "the Klu Klux Klan would get Hames unless he left Daytona Beach."

PRESBYTERIAN CHURCH TAKES OVER BIG BUILDING IN JACKSONVILLE FOR RENTS

THAT WILL GO TO MINISTERIAL RELIEF FUNDS

GRAHAM BUILDING

ONE OF LARGEST OFFICE BUILDINGS IN STATE GIVEN OVER BY OWNER

JACKSONVILLE, Jan. 5.—The Graham building, southwest corner of Laura and Forsyth streets, Jacksonville's largest office structure, was yesterday formally taken over by the Southern Presbyterian church and will be operated in the future by the executive committee of education and ministerial relief of that denomination for the benefit of aged ministers and widows and orphans of deceased ministers of the Presbyterian church.

It will be recalled that when G. E. Graham of Orlando, wealthy cotton mill man and capitalist, bought in the building through the federal court following the failure of the Heard National Bank, he offered it to the Presbyterian church for \$700,000, provided the church would raise \$400,000 of new money and invest \$100,000, which it had on hand. Mr. Graham's offer also included \$200,000 in cash to be applied to the purchase price.

The church immediately put on an intensive campaign and succeeded in raising \$590,000 instead of \$400,000 stipulated, and it is said that when all subscriptions are in the amount will go to \$600,000.

The building is to be managed by the executive committee, which maintains headquarters in Louisville, Ky., through a Jacksonville sub-committee, composed of Charles T. Paxton, chairman; Frank C. Groover and J. M. McLaurin, with A. W. Cockrell, Jr., attorney.

Edward C. Desch, who assumed the management of the building after Mr. Graham bought the property in, will be retained as manager under the committee.

Henry H. Sweets, secretary of the executive committee of education and ministerial relief, has been in Jacksonville several days supervising the details of the transfer of the property to the new owners.

In discussing the matter yesterday, Mr. Sweets stated that it was the desire of the church to give its tenants the very best service at the minimum cost.

"We do not want Jacksonville to feel," said Mr. Sweet, "that a foreign corporation has entered the city, with the purpose of taking all and giving nothing. We desire that Jacksonville feel that it retains a purely local institution, as that is our aim and is the reason why we decided upon a sub-committee of well known Jacksonville men to have active charge of the property."

Mr. Sweet stated that the present name of the structure will be maintained, as the church desires that it remain a monument to Mr. Graham, who made it possible for the denomination to own the property. He said it represented the largest single gift ever given outright to the Presbyterian church.

The property is valued at \$1,000,000, and will be operated with a view of securing 6 per cent on that valuation, and 2 per cent for depreciation.

TAKES 800,000 PRISONERS HERE

BUDAPEST, Jan. 4.—Some 800,000 Hungarian prisoners of war have been repatriated from Siberia, through American aid, Ernest Ludwig, upon his arrival here from Switzerland, where he has been in charge of the repatriation of such prisoners, stated today, but added that 15,000 still remain in Eastern Siberia, unable to leave because of a lack of funds and inability to charter ships. It will cost \$1,000,000 to support the prisoners in Valdvoostok until the port opens and another million to bring them home, said Mr. Ludwig.

Counties interested are working now the Tamiami trail through the Everglades, linking the east coast with the west.

JOHNNY J. JONES' EXPOSITION PRESENTS A COMPLETE BILL FOR SANFORD AUDIENCES

Last night a representative of the Herald accepted an invitation extended by Ed. R. Salter, publicity man of the J. Johnny Jones' Shows, to visit the attractions afforded at the lakefront and it was a trip well worth while. The scribe was impressed with the cleanliness with which this show is produced. There is no "rough-house" gambling nor harmful pugilistic bouts, no vulgar girl shows. Everything is what all parents want their children to see, and the parents of this city will not only find this show good, but beneficial, educational and amusing.

Johnny J. Jones has a most wonderful menagerie. Twelve wild beasts are put through an act by Admiral Dewey, assisted by Mlle. Bootsie Hurd, said to be the "Queen" of all animal trainers. Lieut. Heuston has trained leopards and panthers, Capt. Hooney, with his herd of pachyderms, and Mlle. Hurd has trained monkeys, dogs, goats, ponies and kangaroos.

Stella is the most notable attraction ever exhibited in this city. It is a masterpiece that is in a distinct class of its own originality and must be seen to be appreciated. Stella holds the unique distinction of having been one of the feature attractions at three of the world's fairs, namely the Chicago World's Fair, St. Louis World's Exposition and the San Francisco Exhibition. After this season Stella retires to her St. Louis home.

There's a "Great War Exhibit" controlled and managed by "Over-Seas" American soldiers and it's a most interesting feature attraction.

"Superba"—ten beautiful girls in the cleanest girl show in America today, a classical to the utmost, nothing of vulgarity in them, their performance or their make-up. This attraction proves that "Tableus D'Art" can be produced in a classical manner. None should miss this. And "Stella" by far the most wonderful piece of art you have ever gazed upon—an attraction secured at a tremendous expense to Johnny J. Jones—one that draws the very strings of one's heart. It must be seen to be appreciated.

terious "Chinaman," he is called, with great mystery performance. "The American purchaser \$100,000.

Then comes "Bogund," the mystic "The Vanishing Lion." "The Ghost Woman," "Twenty Girls in a Box," "The Death Chamber," and last but not for from least, "The Great Automobile Mystery."

Then the almost human mules doing everything that Maybelle Mack wants them to do and with a will and vigor that surprises those accustomed to the familiar "stubborn mule" phrase.

Another exclusive Johnny J. Jones feature is the Mechanical Battlefield. It makes you believe you are seeing illusion, but were we to tell you of it there would be nought for you to see.

The "Monkey Circus," where they do everything—sail airplanes, loop-the-loop, ride automobiles, eat as humans, act as humans, undress and dress.

The "Jazzers," operated by Johnny J. Jones, not a model but a practical working craft made exclusively for Johnny J. Jones. Upon boarding it you witness scenes that cause much laughter with not a ripple of fear on board ship.

Four new trick houses including

Krazy Kats and the "Komon," operated only by this exposition, on the "Joy Plaza." Gloom dispellers are they and guaranteed.

No vulgarity, monstrosities, or things fearful to women or children, are exhibited in the wonderful side

Wonderful strains of music are wafted to the ears by the Johnny J. Jones band, and all this comes from what one should not neglect seeing.

"The Joy Plaza" features. And, lastly, the Johnny J. Jones is exactly just what the management

shows, of which there are three immense ones. There's the big circus side show and another called "The Exposition Side Show," both immense structures containing real interesting as well as educational features.

The carousal for children and "grown-ups," the giant Ferris Wheel, the "Whip," "Rocking Boat Frolic,"

OLD DAYS IN ORANGE COUNTY

(Continued from page one)

left there with nothing but guns and ammunition.

"The first night we slept on the ground. At least they did. I was too scared of snakes. I got up and took a walk, still scared of snakes. I lay down, but you should have seen me get up. I thought I was bitten by a snake, and I hallowed and asked them to do something for me, as I should soon die. So they tried to find the place where I was bitten, and pulled out a sandspur. I asked them what animal it was that bit me, or was it one of those stingarees, that I had heard the boatman talking about. Should I die? And they said that I

claim for it, absolutely cleanliness and free from all taint of vulgarity as displayed by so-called carnivals. In the words of Publicity Manager Ed. R. Salter: "It's fit for the entire family."

Johnny J. Jones' Exposition remains in Sanford until Saturday, January 8th, giving performances both afternoon and evening.

would have to be very careful, and put pine gum on it, which I did. When night came, I couldn't get my pants off. They stuck to the gum. They had to cut a piece out to get them off. I sent that sand spur to my sister in England to show her what I had been through.

"The next day the Georgia men started to Fort Meade. I went with them for about three miles. I asked an old gentleman (Alex Vaughn's father, sitting in an orange grove with no fence around it, 'What is the name of this place?' He told us that it was Fort Ried. I said, 'Let us go to the Fort and see the soldiers.'

"He said: 'This is the Fort' (meaning his house) 'and I am the soldiers.'

At first I slept on the ground. Then one day an old sugar barrel floated up the river and I hauled it ashore and used it to sleep in. Uncomfort-

able? Bless you, I just knocked out the head and lay in it, and it was fine. Nice current of air all night. Most of the time I ate quail. Didn't have to shoot them. Just made a net and always had a supply. Well, things were going along fine, when I accidentally killed a pig, and had to skip down and live among the Seminole Indians for six months. (Better for me if I had shot a man).

"During the time I discovered some of the phosphate beds that have made fortunes for others. Didn't know what phosphate was, and worse luck, did not know that I could have squatted on 500 acres of land anywhere, and eventually owned it, it not having been surveyed by the United States government at that time. Yes; I liked the Seminoles all right, only they wouldn't talk and I always liked folks to be sociable. But the alligators furnished plenty of music. We killed 1,000 during the time I was among the Indians in 1876.

"When I came back to Sanford, I got another sugar barrel, and added it to my sleeping quarters. Then af-

ter some time the captain of a steamer brought me down a piano box. Some time after this, I built a small room in the top of a live oak tree, and put a sign on it—"No boarders wanted."

"Previous to that time there was no civilized person in the whole neighborhood but myself. Negroes were not allowed to stop there. Occasionally I saw some of the 'Cracker' people. The occasional visitor who got to coming to Sanford would take me for a wild man. And today, there is a town of 7,000 people where I lived in a sugar barrel, and the country thereabouts is well settled. When I first went there, some times as much as three weeks would pass without my seeing a soul.

"When the city was incorporated, in 1877, there were but 8 people living in Sanford who could vote, and its borders were extended to include the Sweed settlement, three miles distant, so that there might be votes enough to make it a town. As I was inspector, and the Swedes could not read or write, I was their proxy, and did all the voting myself."

SOCIAL CALENDAR FOR THE WEEK

Thursday—
Duplicate Luncheon Club with Mrs. E. F. Roumillat.
D. A. U. with Mrs. Sam Yontz.
Merrie Matrons with Mrs. Robert Holly.

Friday—
T. N. T. with Mrs. F. S. Daiger.

Saturday—
Oecilian Music Club at 3:00 o'clock in the Studio of Mrs. Fannie S. Munson.

Le Clerc Irwin and Miss Glades Adams returned Tuesday to Southern College at Southland, Florida.

Mrs. A. C. Smith has as her guest for the week her cousin, Miss Pearl Tillis of Green Cove Springs.

BUSINESS AND PROFESSIONAL WOMEN'S CLUB

The Business and Professional Women's Club of Sanford had its first regular meeting Monday evening in the community room of the Welaka apartments.

The business of organizing was gone through with, the constitution and by-laws was presented by the committee and accepted. Then followed the election of officers.

The officers elected were: Mrs. John Leonardi, president; Miss Mell Whitner, first vice-president; Miss Mable Bowler, second vice-president; Miss Laura Chittenden, recording secretary; Miss Elizabeth Musson, corresponding secretary, and Mrs. Y. E. Wathen, treasurer.

SPEND-THE-DAY PARTY

Mrs. Dean Turner entertained with a spend-the-day party Tuesday.

A number of friends were invited to a delicious luncheon and bridge was played in the afternoon, Mrs. Newman winning the prize.

THE NINE SEMINOLES

The Nine Seminoles Bridge Club met with Mrs. Henry Purden Tuesday afternoon at her home on Palmetto avenue.

The prize for high score, a box of powder, was won by Mrs. Robert Hines.

At the conclusion of the game an ice course was served.

There were three tables, the members of the club and Mrs. S. M. Lloyd, Mrs. Archie Betts, Mrs. Ed Lane, Mrs. S. F. Daiger and Mrs. J. B. Lawson.

SILVER WEDDING ANNIVERSARY

Among the charming events of the week, the reception given by Mr. and

Mrs. T. F. Adams on Monday evening at their attractive home on the Heights in celebration of the silver anniversary of their wedding-day, was one of the prettiest and most enjoyable. The charm of a gracious hospitality prevailed marking the affair, long to be remembered by hosts and friends alike.

Gorgeous masses of poinsettias against a background of potted plants and greenery, adorned the living-room, where the bride and groom of twenty-five years ago, received with their young daughter, Miss Gladys Adams. The dining-room was lovely with quantities of pink roses artistically arranged in baskets and bowls with asparagus fern. Dainty white covers gave a pleasing note of neutral tone for the floral decorations of pink and green enhancing the beauty of a perfectly appointed table.

The porch was transformed into a charming little nook where fruit punch was dispensed throughout the evening by Miss Adams, and Miss Lillie Ruth Spencer. The hostess was assisted in looking after the pleasure and comfort of her guests by Mrs. Claude Herndon, Miss Lola Evans, Miss Annette Walker and Miss Carolyn Spencer. A pleasing program of music was rendered by friends of the host and hostess.

Mr. and Mrs. Adams were the recipients of many beautiful gifts of silver. The congratulations and good wishes of their guests completed an evening of unalloyed pleasure and happiness.

MECHANICAL MAN IS ON THE STREETS

Have you seen the mechanical man on the streets? He will be there today and if you can make him laugh you get a free suit of clothes at Perkins & Britt. In fact they have this "He, She or It" walking around the city to advertise their suit club offer that has been running in the Herald for several days. Aside from the suit offer that is all right the mechanical man is some good makeup himself for we understand it is a man although he is dead to all sense of humor and sensibilities that control the average mortal. Watch for him and see if you can make him laugh and get the free suit offer and then you would be doing the mechanical guy a favor by making him laugh as he needs the exercise.

FIRST INTEREST QUARTER

The First National Bank takes a quarter page advertisement today to call your attention to the fact that between January 1st and January 10th the new interest quarter begins and the big idea to start the new year right by opening a savings account with the First National Bank now. This is a splendid idea and one that should be acted upon at once. Also read the advertisement of the First National Bank in every issue of the Daily Herald. They have a message for you that will be helpful.

CAMPBELL-LOSSING POST ELECTS NEW OFFICERS FOR YEAR

At the regular monthly meeting of the Campbell-Lossing Post of the American Legion, held in the Court House, December 9th, 1920, the following officers were elected for the coming year:

Post Commander—Frank L. Roper.
Vice-Commander—Dr. R. E. Stevens.
Post Adjutant—Geo. W. McLaughlin.
Post Finance Officer—Robert W. Deane.
Executive Committee—Col. George Knight, S. M. Lloyd and Judge Geo. G. Herring.
Chaplin—Herman F. Steele.
Sergeant-at-Arms—Morris Spencer.
Post Historian—J. F. Hutchinson.
Post Medical Officer—Dr. W. T. Langley.

The Local Post of the American Legion has only been organized a comparatively short while but has come to the front and shown the public that it is composed of a bunch of live wires. Much credit for its progress is due to Ex-Post Commander Don Whitcomb, who carried out the duties of the office most faithfully, showing the bunch that he was an organizer and that he had the pep, and that whatever was started would be put over.

While he had the reins in his hands it was an uphill struggle, the Post was in its infancy, and the work of organizing was some task, but he put it on the map, and with the assistance of his fellow Legionnaires staged an Armistice Day Celebration that was a credit to a community three times the size of this.

The American Legion, while being composed only of ex-service men, does not gather together at regular dates, solely for the purpose of discussing days gone by, or planning how the next big celebration is going to be pulled off, not by a whole lot. It's true that they want to pre-association of the Great War, that's on-serve memories and incidents of as-ly natural; it's also true that their first and foremost object is to foster one hundred per cent Americanism, and one other big idea with them is how the community in which they live can be improved; what's necessary for advancement, for the good of the public, etc.

They are always discussing means by which the town can progress at the same time deciding methods and plans to work by.

If you think of some means by which the town could be benefited, some improvement that is necessary, let the Legion know about it, they will be there to help put it over.

CATTS SAYS HE MADE A FEW MISTAKES

TALLAHASSEE, Jan. 5. — "Of course, I have made mistakes, but they are of the head and not of the heart and if I made no mistakes in this life, I would do nothing. The divine mind is the only one that does not make mistakes. Therefore asking and craving your pardon for the mistakes I have made and assuring you that I have tried to do my duty fearfully as I see it and hoping and praying God's blessings will rest upon the administration of the Hon. Cary A. Hardee, the incoming governor, and the cabinet of this great State of Florida, I herewith present the great seal of the State of Florida to you."

So did the address of ex-Governor Sidney J. Catts conclude at the inaugural ceremonies this afternoon when he turned over the seal of the state to Governor Hardee.

In his speech on the east portico of the capitol, ex-Governor Catts called attention to the work of the administration during the past four years, expressed his appreciation to the cabinet officers who labored with him and thanked the citizenry of the state, especially those citizens who aided the commonwealth during the trying period of the war, for their valuable co-operation.

PRESENT MARKET CONDITIONS AND WHAT FUTURE HOLDS SHOULD RECEIVE ATTENTION

(Continued from page one)
consumed or disposed of before bringing our stock into the market, but there is more or less danger in doing this owing to the heavy production in this section. If this should be done the lettuce fiasco in our opinion would be repeated. Looking further, would it not be better to roll our shipments as they are ready, at the same time

BURR TO BE CHAIRMAN

SUCCEEDS HIMSELF — A. S. WELLS BEING NEW MEMBER

TALLAHASSEE, Jan. 5.—A very pretty ceremony which was quietly observed yesterday was the presentation of Hon. Royal C. Dunn, retiring member of the railroad commission, of a very handsome watch, chain and charm by his office associates. The charm was engraved upon one side with the words: "From Office Associates," and on the other the words: "Railroad Commissioner 1909-1921." The presentation, which was entirely informal, was made by Chairman R. Hudson Burr in the presence of the members of the commission and its attaches. The gift was intended as a token of the love and esteem in which Mr. Dunn is held by his associates.

Burr Re-elected
The commissioners met this morning and organized by the re-election of R. Hudson Burr as chairman for the new term. There is only one new member of the commission, A. S. Wells of Tallahassee, who succeeds Mr. Dunn. The personnel now is: R. Hudson Burr, chairman; Newton A. Blitch and A. S. Wells.

The commissioners re-elected Lewis G. Thompson to the position of secretary, which he has so acceptably filled for several years.

using every effort to keep a normal supply in each market at all times? In other words to spread our output over as long a period as possible, making an average for the season which would very likely be more and the general results be more satisfactory, than if any attempt were made to wait for better values which would be more or less doubtful.

The New York crop was quite large and will offer competition for some time. California is plentiful and with the best of quality.

In thinking this matter over, the increased freight rate from California is high and really a point in favor of Florida, for regardless of how low celery can be purchased f. o. b. California it costs real dollars and cents, mostly dollars, to get it on the market and that will naturally help keep values up. In reference to this freight rate we quote below information just received from California:

"The prices being realized in most instances would not be so bad if the increased freight rate of 58 1-3 per cent on vegetables did not create for the shippers at this end all the red ink balances which they are now getting. This state of affairs must result either in higher prices or in the growers refusing to make any further shipments. It is estimated that the Southern Pacific is going to lose \$800,000 for non-shipment of celery which under pre-war freight rates would have moved readily."

It is perhaps a good thing for Florida that the market on celery is starting out low. In our opinion it was the first few carloads of \$8 lettuce that "ed the lettuce deal. This, for the reason that the retailer's ideas went to the skies. He sold lettuce for perhaps 35 cents per head, which would make him a good profit and he, not being in direct communication with the good profits and he, not being in direct communication with the actual market price of lettuce, continued to sell at this high price. Consequently the consumer in time refused to buy and put his money which would ordinarily have gone for lettuce or remain into some more substantial article of diet.

On the other hand, if lettuce had started off at \$2.50 per hamper the retailer would have put his price perhaps at 10 cents per head and the public would have consumed one-third more than the amount it actually did consume, and would in that way have somewhat eliminated glutting the different markets.

With celery starting out very low, the retailer will not be so apt to get his ideas up in the sky but will begin selling low in order to dispose of his stock and will begin going up with the advance of the market if there should be one. The buying public would consume more celery than it ordinarily would should it start off at a high figure. As stated above, we believe that it is really a good thing for the growers, that celery is starting out low, if they will simply cut their celery as it matures, the shippers endeavoring at the same time to keep all markets normally supplied. It would create a steady demand, eliminate rapid fluctuation and perhaps the grower at the end of the celery deal will realize a reasonable profit from his investment.

The statements made here are simply given as our opinion in the matter for the information of all who may be concerned, and are taken from statistics gathered by this office,

WE WISH ALL OUR FRIENDS AND PATRONS WHO HAVE BEEN OUR FRIENDS AND PATRONS FOR THE PAST YEAR

The Sanford Herald

1921 Free Almanac

For the benefit of our many subscribers who appreciate a high class almanac and reference book, we are now preparing to present each subscriber with a Year Book with beautifully lithographed cover in colors, which will contain the following information applicable to this immediate vicinity:

- Sunrise
- Sunset
- Moonrise
- Moonset
- Tide Table for Near-by Places.
- Full particulars of eclipses of Sun and Moon in this zone.
- Morning and Evening Stars.
- Beginning and ending of Seasons.
- Cycles of time, Religious and Secular.
- Jewish Holidays.
- Protestant Church Days.
- Catholic Holy Days.
- Legal Holidays in Florida and neighboring States.
- Flag Day, Hallowe'en, St. Valentines' Day.
- Postal Regulations.
- Business Laws.
- Interest Table.
- Household Information.
- Care of Horses, Hogs, Sheep, Poultry, Automobiles, etc.
- Weights and Measures.
- Boy Scout Page.
- Doctor's Page.
- Preservation of Fruits, Flowers, etc.
- Banking Law and Practice.

The work on these Almanacs is being rushed so that we expect to have them in the hands of our readers within a few days. Next week we will tell you more about the Almanac and why YOU should keep and value the one you will receive.

The Sanford Herald

represent one hundred and fifty Sanford growers.
SANFORD TRUCK GROWERS, INC.

Much interest is being shown in Brevard county in sugar cane and citrus culture. The sugar cane acreage next year will be increased over that of this year. Many new groves are being developed.

It's a lot easier for a child to inherit red hair than brains.

Miami's first palm fete was an unqualified success. The next one will be on a greater and more splendid scale.

**VETERAN WHO STARTED WITH
A SMALL SHOW NOW HAILED AS
KING OF OUTDOOR AMUSEMENTS**

There are few men, women and children in the United States and Canada who are not familiar with Johnny J. Jones and his exposition shows, for during the past thirteen years they have gone from Northern Canada to the Gulf and from the Atlantic to the Pacific. Mr. Jones, the originator and manager, goes with them and mem-

JOHNNY JENKINS JONES

bers of his company, from Ed. R. Salfet down, declares he is the most wonderful "boss" they ever worked for.

Johnny Jenkins Jones' unusual career started from the tiniest of beginnings, and the old adage, "Great oaks from little acorns grow," often has been applied to him. Mr. Jones was born in Arnot, Pa., in 1874. His father was a coal miner and Johnny started life following in his father's footsteps at the early age of ten. William B. Wilson, secretary of labor in President Wilson's cabinet, was his childhood playmate and working pal. They dug coal together.

Johnny, however, was not inspired to continue this work and became a newsboy at the Dubols Courier, and to this day Col. Ed Gray, veteran owner and editor, will tell you Johnny was the best "newsie" the Courier ever had.

It was in 1893 that he gained his first experience in the outdoor amuse-

ment game by promoting a cane-rack game at a county fair. Six years later he became the first owner and operator of a miniature railroad, and in 1900 he built and operated his own Ferris wheel and he insists that there has never been a Ferris wheel to equal it before nor since. In 1903 Mr. Jones began his carnival career. From one

show to another, he organized and went into and dissolved partnerships until 1907, just thirteen years ago, and Johnny J. Jones' exposition shows were organized.

The first carnival consisted of three or four cars, about five shows and two riding devices. At his handsome winter quarters at Orlando, Fla., tucked away in an old-fashioned camel backed trunk, under lock and key are the remnants of the original Johnny J. Jones exposition shows. Even a showman has sentiment.

Mr. Jones is a widower and a member of a number of fraternal organizations, including the Shrine, Elks, K. of P., Moose, Macabees, Odd Fellows and others. Since the beginning these shows have grown like a fairy story, until they are known far and wide. This season Mr. Jones is sole owner and manager of an amusement enterprise consisting of 43 all steel sleeping, dining cars and flat cars. The latter are 70 feet long. This is the only all steel train in the world used in the amusement field. He has 85 wagons designed and manufactured by himself and his train contains 30 of the best features money can buy, twelve riding devices, four of which are entirely new. He is the only showman in the world rated in both Dunn and Bradstreet agencies and he does all his business on a strict cash basis.

**GERMAN CLAIM
DISARMING FAST
AS POSSIBLE**

PARIS, Jan. 4.—The German reply to the French disarmament note of December 31st, was delivered to the French foreign office late today. The German note, which is quite long, is said to be generally written in the spirit of its concluding paragraph, which reads:

"The government cannot suppose that one wishes to ask the impossible of Germany in the Spa agreement. Execution of the letter of that convention has shown itself to be impossible.

French Claimed Germans Slow Berlin, Jan. 4.—France's note to Germany relative to disarmament is an exhaustive document covering in minute detail Germany's failure to comply with the requirements of the Spa protocol of July 9th, concerning disarmament and the delivery of surplus war material, etc. The text of this note and Germany's reply was given out today.

**MOORE HAVEN WOMAN
ON THE CITY COUNCIL**

MOORE HAVEN, Jan. 4.—At a caucus held last night for the purpose of nominating a city councilman to fill the vacancy caused by the resignation of J. O. Carr, cashier of the First Bank of Moore Haven, Mrs. Marian N. O'Brien was chosen by a large majority and with much enthusiasm among the large number of her friends and admirers.

The nomination was made by Clark Mounts, in an eloquent speech, in which he gave the audience a resume of the beneficial results of the activities of Mrs. O'Brien, and advised her selection not only as a token of appreciation of her unselfish efforts but in order to insure the people that a wholesome and efficient administration of their efforts would be the result if she be selected.

The other members of the council are: Dr. H. L. Merryman, Jack Taylor, J. A. Johnson and C. E. Worrell.

Governor Hardee now.

And a man that will add luster to the state's reputation.

The Herald must look prosperous. Some poor fish broke into our safe last night.

The son-of-a-gun broke our new hatchet prying open the money drawer. We could almost forgive him for anything but that.

But a man who would break into a printing office ought to get thirty years in the state insane asylum for lapse of memory and lack of mind.

However we can all look for these light-fingered gentry now that the winter season is on and there will probably be many safes cracked, many cash registers opened and many homes robbed during the winter. Florida gets all kinds of visitors and our beautiful climate draws them all to us—the good and the bad.

The county of Seminole starts off the new year with a fine bunch of officials to guide the destinies of the county for the next four years. All of them have had experience in their particular offices, the majority of them were returned to these offices and all of them are imbued with the idea of conservative administration, all of them know the needs of the county, know the people and know how to administer the law and to uphold it in every particular. We can look for four years of progressive administration of the affairs of the county and a prosperous and progressive era. Seminole county has a corps of officials second to none in the state and we are proud of all of them. The Herald extends them greetings and in the future as in the past will back them up in their good work.

OUR GOVERNOR

It is good to say "Our Governor" because Governor Hardee more nearly represents the majority of the people of Florida than any governor that has been elected in later years. He was elected by such an overwhelming majority, he was elected by the people who mean so much in the material progress and welfare of the state, he more closely represents and is one of the proletariat and the big business at once and the same time and will represent both impartially and fairly. He is a son of the soil and a man of affairs and knows the State of Florida probably as no other one man knows them. He is a financier, a successful business man, a legislator and native son of Florida. He goes into office with the earnest prayers of the whole state and the feeling among all people that he will make the best governor that Florida has ever had. And in these stirring times we need a man of the calibre of Cary Hardee. We need a man who will bring the state back to a safe and sane policy and put Florida ahead four years instead of setting the state back four years. It is a case of a real governor and a growing state meeting for the mutual benefit of the people thereof and every citizen of Florida can rejoice today that a real statesman and a real business man and a real man has taken the highest office in the state and for

J.P. SAYS: When a jeweler looks at a diamond in the rough he knows that its value, its beauty and brilliancy are locked up inside and that it cannot get out because the light cannot get within to reveal its hidden wealth, so he grinds the facets and lets in the light which discloses a stone of matchless splendor. Thus circumstances and opportunity are the facets of human life and brings to light the talent and latent capabilities that are within. The present circumstance and opportunity is among the best. Utilize it today by investing in SOUTHERN UTILITIES COMPANY'S 8 PER CENT CUMULATIVE PREFERRED STOCK. This stock can be purchaser for cash or on the installment plan. There is none better.

four years we can look for material growth, we can look for new people to locate who will have confidence in our state, we can look for the enforcement of the laws and we can look for better legislation of all kinds. Florida can now breathe a long breath of relief for the worst seems to be over and peace and contentment and material progress will take the place of political eruptions and upheavals and the tearing down of the structural foundations of the state.

We can look ahead for better things and The Herald greets the new governor of Florida with best wishes for success.

A LOW FORM OF THEFT THAT SHOULD BE STOPPED

The Gainesville Daily News complains because the good people of that city who used to be subject to the incursions and depredations of wild and unruly cattle, who sometimes destroyed in a night the attempts of beautification of their homes, have been followed by an outbreak of human vandalism, that if anything is worse than the destruction caused by the cattle. Rose bushes and japonicas are not only despoiled of their blooms, but whole limbs are stripped off, endangering the life of the plant, and destroying prospect of future blooms. Many people seem to think if a yard is not protected by a barb wire fence, horse high, bull strong and hog tight, the plants therein are public property, to be plucked by any chance passers-by. Open yards unprotected by unsightly fences, well kept and beautified by flowers and shrubbery add much to the beauty and charm of a city and should be encouraged. They cannot be, however, until the public is educated to a sense of propriety and common decency. It may be that the only effective method of educating these transgressors on property rights will be their arrest and fining. Their acts of vandalism are on a par with those of a sneak thief who enters a house in the absence of the owner and walks away with the spoons, or anything else which strikes his fancy. It is even worse, for they destroy something in which the whole city takes pride and pleasure. It is an outrage against the whole community, whereas the theft of spoons, is only a personal matter. They should be summarily dealt with to stop this petty and contemptible form of thievery. —Tampa Times.

PERISHABLES RATES HURTING FLORIDA

With California seeking relief from the high rate of freight for fruits and vegetables shipped to the eastern part of the country, Florida shippers and growers are realizing more and more the embarrassing predicament they would be in were California granted its relief, and the rates from Florida left as they are.

Every vegetable and fruit section of Florida should urge this relief for Florida and should be so insistent in their demands that the relief will speedily come. The following telegram has been sent by the boards of trade of Palmetto, Bradentown and Sarasota, and the growers and shippers of Manatee county, to the Interstate Commerce Commission asking for immediate relief: "On behalf of the growers and shippers of fresh fruits and vegetables in the state of Florida, we petition your honorable body to revoke the recent freight rate increase as applying to fruits and vegetables from Florida. The present freight rates are absolutely throttling and destroying this important industry, as the present rates are so excessive that many commodities are selling for no more than necessary to cover the freight charges, the result being that a large percentage of this year's crops is going to waste unless immediate relief is afforded. This deplorable condition is a serious one which is affecting the producer and also the consumer and the loss in tonnage is going to more than offset the increase in rates so that the railroads are getting no benefit from this situation, which is destroying Florida's principal industry."

A copy of the telegram was also sent to the traffic chiefs of all railroads originating business in Florida, with the request that they add they urge that the Interstate Commerce Commission may act according to the best interests of business in this state. —Tampa Tribune.

MICKIE SAYS:

FLORIDA HONEY IS AN "IMPORT" NOW; PACKED ELSEWHERE

This week has been set aside to boost the demands for Florida honey. Few people in the state realize the importance and big future of the honey industry, not enough attention and development being given it.

"Of all the business of which I have any knowledge whatsoever, the business of the honey producer is the most quiet of them all. Least lauded, least advertised, least talked about, yet one of the most important industries in our midst, producing a merchantable product, within this state valued in excess of \$1,000,000, and growing rapidly but of course, quietly," said L. P. Dickie, secretary of the Tampa Board of Trade.

There is at present a honey exchange in this state located at We-wahitchka, where enormous supplies of fine honey is produced from the tupelo gum. Mr. Dickie said that millions of pounds of honey pass through this exchange each year, and is sold through the New Orleans exchange to the big bottling plants in the north and east, where the honey produced in Florida is bottled and shipped back to this state for consumption. "It was merely by chance that I learned all these things and I began an investigation, and as a result we will hold a Florida honey week for the purpose of encouraging our Florida honey producers to bottle and sell their excellent product at home," Mr. Dickie stated. —Tampa Times.

Following an address by Frank B. Coneman of Miami, chairman of a committee of the Florida Press Association, which will visit this state in March, the West Palm Beach Rotary Club recently appointed M. E. Gruber, W. A. Dutch, R. P. Paddison and Joe L. Earman a committee to act with a committee of the Chamber of Commerce and provide for the reception and entertainment of the newspaper men when they reach Palm Beach County.

WEATHER REPORT

For Florida—Generally fair tonight and Thursday. Somewhat cooler in northern portion.

C. S. Mann of Jacksonville was among the visitors to the city yesterday.

E. B. Gifford of North Dakota has arrived in the city and will locate here. His wife and child will come down later to make their home.

The Johnny Jones band is keeping things lively on the streets at the afternoon and evening performances of the various shows. The band is a good one and their concerts are greatly enjoyed.

J. D. Bowman of Winston-Salem is in the city in the interest of his large property interests and looking after the installation of the new bank, the trust company and other improvements that he and other citizens of Sanford are contemplating.

The Barrett Shows will be here tomorrow with their bareback riders, bucking bronchos, fancy riders, ponies and all the rest of the features that go to make up the real circus. They will show at the corner of Eighth street and Palmetto avenue.

If anyone has any idea of robbing the Herald office tonight we would advise them not to break the safe again. It is open and has nothing in it and we do not care to pay any more money for having it fixed up. It has always been safe enough heretofore.

Dr. and Mrs. F. D. Hunt left yesterday for their home in Albany, Ga., after spending the holidays with friends in this city. Mr. and Mrs. Hunt have many friends here who are always glad to see them. Mr. Hunt was the pastor of the Presbyterian church here many years ago and knows many of the older as well as the younger folks.

LOVELL APPOINTED AS ADJUTANT-GEN.

IS GOVERNOR HARDEE'S FIRST OFFICIAL ACT.

TALLAHASSEE, Jan. 5.—The first official act of Governor Hardee were the appointments of Charles P. Lovell as adjutant-general, and the signing of the commission of A. S. Wells as a member of the state railroad commission.

The resignation of Sidney J. Catts, jr., as adjutant-general became effective yesterday, and General Lovell being the Democratic nominee for the position was appointed to take up the duties of the office.

It is understood that Mr. Wells especially requested that his commission for the office of railroad commissioner be held until the new governor took office, and this matter naturally came up for immediate consideration by Governor Hardee after the inauguration.

Rivers H. Buford, the new attorney-general, succeeding Van C. Swearingen, as well as the other elective officers, received their commissions some time since, and Mr. Buford yesterday formally assumed the duties of the office of attorney-general.

It has been announced that Hon. M. L. Dawson, of Brooksville, will serve as private secretary to Governor Hardee. The position carries with it the secretaryship of several boards. Mr. Dawson is well known and prominent in Florida. During the past two sessions of the legislature he served as representative from Hernando county, in which capacity he made a most excellent record. It is said that here began intimacy between himself and Governor Hardee which resulted in his undertaking during the campaign preceding the primary of 1920, the management of Mr. Hardee's campaign. His splendid work in this connection is well known. Mr. Dawson is recognized as a man of executive ability and it is predicted that he will discharge the duties of his new position in the same creditable manner in which has characterized his every public service.

Miss Bessie Gibbs, who has for several years been connected with the executive office, will be Mr. Dawson's assistant. Miss Gibbs' well known efficiency makes it certain that she will continue to render valuable service. It is understood that the office of stenographers include Mrs. Hubert Slickman, of Tallahassee, Miss Helvenston of Live Oak and Miss Humphries of Gretna.

Some of the state papers are referring to a meeting of the adjutants of the various American Legion Posts of the state in Ocala on January 15. This is an error. The meeting will be held in Palatka and the Bert Hodge Post is making preparations to show the visitors a big time. An effort will be made to have as many of the adjutants as possible stay over Sunday and a boat ride down the river will be arranged.

WAR INCREASES MORALE OF MEN

A new type of army officer who understands the mechanics of human feelings is one of the results of the war, according to Brigadier General Douglas MacArthur, superintendent of West Point Military Academy, whose annual report has just been made public. The report declares that by the war old rigid army methods have been swept forever into the past, necessitating the production of a new type of officer. With nations, not merely professional armies, in arms, "improvisation will be the watchword," and there must be a "liberalization of conception" on the part of army officers that amounts to a new "psychology of command."

West Point has undergone fundamental changes since the war and the training system has been rebuilt on the basis of the new viewpoint, General MacArthur says, adding: "The results have transcended the most sanguine expectations; they will be felt throughout the army at large with the graduation of the classes now under instruction."

The report further mentions the new type of discipline at the academy, which includes a progressive increase of cadet responsibility tending to develop initiative and force of character rather than automatic performance of stereotyped functions. The aim is to keep the curriculum abreast of the best modern thought on education and the education and the academy in closer relation with the army at large.

General MacArthur pays tribute to the wartime citizen soldiers. He says, "Personnel, both in the front lines and at the rear, was of necessity improvised, and men were used with a minimum of training, but this was largely offset by the high type of those engaged. Discipline therefore no longer required extreme methods. Men generally needed only to be told what to do, rather than to be forced by fear."

WILL HAVE A MARKET PLACE NEXT SATURDAY

The ladies in Mrs. Puleston's Sunday school class are taking charge of a Market Place at Miller's corner, opening Saturday morning at nine o'clock. Fresh vegetables, strawberries, country eggs, chickens, etc., will be brought in from out of town people. Cakes, pies, doughnuts, salads, hot soup will be provided by the ladies. Home boiled ham, by the pound or in smaller quantities to be sold. The hams are a gift from Wight Grocery Co. Proceeds to be sent to the starving children across the sea. A number of contributions in money already have been received. See what we have before you do your Saturday buying and help feed the suffering millions. 234-3tp

G. F. S.
The Girls' Friendly Society will hold its regular meeting Friday afternoon at 4:30 at the Parish House.

AT 5 P. M.

Today and again tomorrow the mechanical man that has been working in the interests of our Clothing Club will appear on the streets. We will have it walk about amongst the people giving every one a chance to make it smile,—if they can. And to every one that makes it smile we shall give a paid up membership in our \$50.00 Suit Club.

THIS SUIT CLUB

is attracting attention, not only here at home, but from surrounding towns. And it should. We are the greatest believers in never doing things by halves, and with this suit or clothing club, it's just the same as all offers we make the public. We make it so attractive you can't afford to turn it down.

JOIN THIS CLUB. \$1.00 A WEEK WILL DO IT. AND YOU HAVE A CHANCE AT A FREE SUIT EVERY SATURDAY NIGHT. BESIDES—YOU GET A DOLLAR'S WORTH FOR EVERY DOLLAR YOU PAY IN
