

NATION IN BRIEF

House May Drop Kissinger Contempt Move

WASHINGTON (AP) — The House appears ready to drop consideration of contempt of Congress action against Secretary of State Henry A. Kissinger following White House efforts to compromise in a dispute with the House intelligence committee.

The White House on Tuesday briefed a delegation of committee members on 19 State Department requests for covert operations abroad. The panel had subpoenaed the information, but Kissinger, acting under the orders of President Ford, had refused to provide it.

Committee Chairman Otis G. Pike, D-N.Y., said he would not pursue his efforts to have the House cite Kissinger for contempt if panel members who got the briefing report back today decided that the compromise offer from Ford is satisfactory.

Military Firings Reviewed

WASHINGTON (AP) — A military appeals board is reviewing the claims of former career Army officers who say they were unfairly and illegally fired while Howard H. Callaway was Army secretary.

Callaway is among those called to testify today before the military panel in a controversy also pending in cases before eight separate federal courts.

Two of at least 3,000 current or former officers who could potentially be affected by the firings also are scheduled to appear before the Army's Military Records Correction Board.

Deficit Ban Urged

BOCA RATON (AP) — Former Treasury Secretary John B. Connally is calling for a constitutional amendment to ban deficit spending by the federal government, except during wartime or national emergencies.

Connally told an Associated General Contractors meeting here Tuesday that he was making the suggestion although he has seen little public support for such a measure.

However, he said he believes a constitutional spending limit should be discussed.

Newspaper Foils Imposter

NEW ORLEANS (AP) — The Times-Picayune said a man who offered to sell the paper information about the disappearance of former Teamsters President James R. Hoffa was the same man who allegedly bilked CBS News out of \$10,000 for similar information.

However, the newspaper said when it refused to pay a man who identified himself as Clarence Medlin for his story, he left the building.

When CBS Evening News carried the story Tuesday saying the network paid the man \$10,000 but found nothing, Times-Picayune editors recognized their visitor and contacted the FBI.

Senate Races On Tax Bill

WASHINGTON (AP) — The Senate Finance Committee is racing to write a bill containing \$13 billion in individual income tax cuts for another six months, even though members are convinced President Ford will veto any measure they approve.

Congressional leaders want to get the bill to Ford as quickly as possible so the Senate and House can attempt to override his expected veto before adjourning Dec. 19 for the holidays.

If Congress is unable to override Ford's veto, American wage earners would begin feeling the bite of higher taxes in January.

Diabetes Deaths Increase

WASHINGTON (AP) — The new National Commission on Diabetes said today the disease may have become the nation's third-ranking killer.

"Last year 38,000 persons died directly from diabetes, and there is strong evidence that perhaps as many as 300,000 deaths could be attributed to diabetes and its complications," the commission said. "This would make diabetes the third-ranking cause of death, after heart disease and cancer."

In its first report to Congress, the 17-member commission urged that federal funds for diabetes research be tripled by fiscal 1979.

Judge Runs Boston School

BOSTON (AP) — A federal judge has taken over the administration of South Boston High, saying black students had been denied a peaceful, desegregated education.

Antibusing leaders warned the decision could spark new troubles, and within hours the NAACP office was firebombed.

The firebombing took place early today. Fire officials said damage amounted to \$500, but the NAACP put damages at \$25,000. An NAACP spokesman said, "We've been getting threats all day" following the court decision, which came as a result of an NAACP motion.

U.S. District Court Judge W. Arthur Garrity ordered the federal takeover Tuesday from the control of the Boston School Committee and its appointed headmaster and administrators.

Vanload Of Pot Burned

QUITMAN, Miss. (AP) — About 7½ tons of marijuana, enough to fill a pit 15 feet deep by 30 feet long and 20 feet wide, "made a real hot fire," says an agent of the Mississippi Bureau of Narcotics.

Law enforcement officials used diesel oil to burn the illegal weed at a farm in this rural southeastern Mississippi area Tuesday afternoon.

The marijuana, its street value estimated at \$3.75 million, was taken in what officials said was the largest pot seizure in the state's history.

Higher Postal Rates Seen

WASHINGTON (AP) — The chairman of a House post office subcommittee predicts Americans will have to pay higher postal rates for reduced service.

Rep. James M. Hanley said postal rates, already scheduled to go up Dec. 28, "will have to be further increased in all likelihood."

LIONS GIVE BIG FILL UP

Herring Gagged On Jury Probe

(Continued From Page 1-A)

sealed until the District Court of Appeals rules on the circuit court's ruling on the motions. Judge Williams told reporters 20 minutes before the grand jury return was received by Judge Cowart that if public officials were indicted the return would be sealed and no arrest warrants would be issued.

Herring, in his appeal to the State Supreme Court, said the sealing of the indictments "is a deliberate and intentional act by the court which was intended to protect public officials from undue and excessive publicity."

He claims the application of the law in the sealing of the indictments is unconstitutional and asks the high court to so rule.

"The effect of the (circuit) court's action is to treat one class of persons charged with a crime differently from all other persons so charged and is an unlawful, arbitrary and capricious abuse of the court's function and power," Herring's petition to the supreme court says.

Meanwhile, the grand jury that returned the indictments last week met briefly at the Sanford courthouse on Tuesday and reportedly heard three unidentified witnesses.

There was no indication that the jury session might be linked with the sealed indictments. Jurors recessed Tuesday afternoon until at least next week.

The firm asked for approval of a \$5 delinquent fee, but Commissioner Sidney Vihlen Jr. fought against it, saying, "I, for one, challenge that particular rate setup."

Instead the commission gave the firm a \$19 reconect fee in place of the \$5 for reconectment submitted by Seminole Cablevision.

Vihlen said he didn't think it fair for government to grant a \$5 delinquent fee when the monthly bill was only \$5.50.

But Commissioner Harry Kwiatkowski, speaking as a "businessman," said he favored the \$5 delinquent fee because it was a "motivation factor for people to pay bills."

Vihlen said he begged to differ.

"Utilities have a reconect charge," Vihlen argued.

The attorney for the firm, Mack Cleveland Jr., then asked for the doubled reconect fee in lieu of the \$5 penalty fee. Commission Chairman Mike Hattissey, Vihlen and Kwiatkowski agreed.

A company representative, Joe Collins, said Seminole Cablevision has a "large investment" in Seminole County and plans to extend lines from South Seminole County to Sanford.

The reason given for the higher rates was inflation. No one will be required to install cable television in his home.

However, those persons desiring the service will be required to utilize Seminole Cablevision.

Low-Cost Housing Boosted

(Continued From Page 1-A)

Seminole Boulevard.

On Dec. 1, the city commission voted to "hold in abeyance" the selection of an architect for the city hall project until Knowles can provide a comparative analysis of construction costs for both sites. The comparative analysis is scheduled to be presented to the commission Feb. 1.

In September, commissioners voted 2-2 to designate the city-owned 14-acre site at French Avenue and Seminole Boulevard as the location of the new city hall. Soil borings and other tests were conducted at the site, which in the past has been used for a dump, among other things.

Knowles said foundation tests of the sites are based on a three-story building, although the new city hall probably will have two stories initially.

"There were two primary reasons for basing the tests on a three-story building," Knowles said. "One was for safety's sake, so we could build the strongest possible foundations, and the other reason was that future expansion of the city hall might call for a third story."

Knowles said if commissioners decided to put the new city hall on the present Park Avenue site, the city would have to purchase approximately two acres of adjacent land, which is owned by the Flagship Bank.

Pair Found Unharmed Marooned Duck Hunters Rescued From St. Johns

By BOB LLOYD
Herald Staff Writer

Two Sanford area duck hunters, marooned on the St. Johns River overnight, were rescued by law enforcement search units this morning east of Orlando.

Sanford Police Chief Ben Butler identified the hunters as Keith Bradshaw, 21, and Rick Hossa, no age given. Butler said the pair were found unharmed after spending the night in a disabled boat.

Butler said Bradshaw's wife is a Sanford Police radio operator. She reported her husband missing last night after he failed to return from the duck hunting trip.

Butler said officers from his department, the Seminole and Orange County Sheriff's Department and friends of the hunters participated in the search this morning.

An Orlando pilot, a friend of Hossa's spotted the hunters' auto on SR 20 east of Orlando on the St. Johns while piloting a search plane, authorities said.

Sanford police today were investigating the theft of appliances from a vacant home and antiques from a garage.

Police said a vacant house at 217 Pine Winds Drive, owned by a Fort Lauderdale man, was entered by breaking a window. A central air conditioning unit and a gas hot water heater valued at \$1,200 were reported missing.

Antiques Stolen
Mrs. Cleo Burton and her daughter, Ms. Ingrid Nathan, reported antiques valued at \$2,000 were stolen from a garage at the rear of a residence at 900 Locust Ave., police said.

Sgt. Chuck Tate reported a list of the missing furniture was not immediately available.

TV Missing
Paul L. Pratt Sr., of 215 Cedar Ave., reported to police that someone entered his residence by a window and took a \$400 television set, according to a report filed by Patrolman John Moore.

\$400 Cash Taken

Investigators are also probing a burglary at Doug's Standard Station, 105 E. Altamonte Ave., Altamonte Springs, in which \$400 cash and \$600 in credit card stubs were taken from a safe.

Deputy Randy Pittman said the service station was entered by smashing a window. Once inside, the burglars sawed a lock off a storage room door to obtain the key to the safe, investigators said.

FLORIDA IN BRIEF

Officer Saves Woman, Persuades Man To Yield Gun

ORLANDO (AP) — Authorities credit the quick, calm action of an unarmed sheriff's officer for avoiding violence when he rescued a housewife from a nervous gunman and then talked the man into surrendering.

Maj. Richard Overman snatched Marie Erach, 37, from in front of a pistol-waving man Tuesday and then persuaded her assailant into quietly giving himself up.

The gunman, identified as Richard Parker, 28, was charged with robbery, breaking and entering, false imprisonment and aggravated assault.

State Unit Wary Of Takeover

TALLAHASSEE (AP) — Florida must keep its right to examine possible radiation dangers in nuclear power plants and not simply let a federal agency take over, says Environmental Regulation Secretary Jay Lander.

But the Public Service Commission claims that Lander's department is wasting millions of dollars by delaying a nuclear power plant in St. Lucie County to do radiation studies that will duplicate ones already made by the federal government.

The cabinet will be asked Tuesday to resolve the conflicting views when it considers Florida Power & Light Co.'s request to build the plant.

Strikers To Quit Union

MIAMI (AP) — National Airlines' striking flight attendants will get out of their international union and try to form their own after their walkout against the carrier ends, a strike leader says.

"After our incident at National everyone will be getting out as quickly as possible," Maggie Roe, head of the Association of Flight Attendants (AFA) local, said Tuesday.

National is suing Miss Roe and three other members of the negotiating team, charging them with undermining a proposed settlement valued down by the 1,200 flight attendants.

HRS Chief Welcomes Scrutiny

TALLAHASSEE (AP) — The head of the Health and Rehabilitative Services Department says he welcomes a watchdog committee to insure that the thousands of persons served by his massive agency are treated fairly.

"An ombudsman works best when he has the ability to make something happen and change things," HRS Secretary William J. Page said Tuesday at an organizational meeting to the Human Rights Advocacy Committee.

"With the legislative changes you have, I believe you will be able to make things happen," he said.

No Reprimand For Rennie

ORLANDO (AP) — The head of the Florida Highway Patrol says he will not reprimand Trooper Robert Rennie Jr. in the shooting death of a motorist mistakenly believed to be armed and driving a stolen car.

Rennie, who was cleared of any fault in the killing, was to return to work today.

A coroner's jury ruled last week that Rennie was justified in shooting Frank Book of 49 of 71st St. Testimony disclosed that the tragedy might never have happened if Rennie had complied with FHP regulations to stay at his patrol car while ordering Booth out of his vehicle.

Trusts Co-Ed Roommates

TALLAHASSEE (AP) — Florida Atty. Gen. Robert Shevin says he trusts an assistant who maintains that his living arrangements with a Florida State co-ed are on the up and up, a spokesman says.

Asst. Atty. Gen. Marty Friedman, who advertised for and accepted a female as his roommate, says state law against cohabitation does not ban men and women living together as long as there is no "lewd and lascivious association."

"Our association is not anything like that," Friedman, 25, said Tuesday.

Medicaid Crackdown Urged

TALLAHASSEE (AP) — The state must crack down on abuses in Medicaid if it hopes to reduce a projected \$14-million cost overrun in the program, a task force says.

Some task force members said Tuesday they were amazed that the Department of Health and Rehabilitative Services has no method to catch Medicaid cheaters or doctors who charge for unneeded services to collect higher fees.

HRS administers the \$183-million program, which provides medical services for the poor.

Bar: McCain Shouldn't Escape

TALLAHASSEE (AP) — David McCain should not be allowed to use his resignation from the state Supreme Court to escape punishment for any misdeeds while he was a justice, the Florida Bar says.

Only the bar remains for professional punishment since the resignation removed McCain from the jurisdiction of the legislature and the Judicial Qualifications Commission, the lawyers' association said in a brief filed Tuesday with the court.

The bar asked the court to reject McCain's petition for a permanent halt to disciplinary proceedings against him.

Trooper's Dash Too Late

VERO BEACH (AP) — "It was one of those days when nobody would get out of the way," says the state trooper who rushed an infant to the hospital after her brother and sister died in a mobile home fire.

Trooper James Player's desperate attempt to save the life of 5-month-old Sabrina Kirkland was futile. She died shortly after reaching the hospital.

Her brother, Franklin, 3, and sister, Helena, 2, were trapped inside the mobile home when it was engulfed by flames after an explosion Tuesday.

L. Mary Council To Meet

By DONNA ESTES
Herald Staff Writer

LAKE MARY — Action on six separate ordinances is on the agenda for the 7:30 p.m. meeting here today of the city council.

Probably the most controversial will be one designed to establish city departments and titles and scheduled for first reading under new business.

Among the departments this ordinance is to designate is a newly combined police and fire department under the title "Public Safety Department."

The City of Longwood, more than a year ago, passed an ordinance combining the two departments under one head. The ordinance was actually implemented June 1, of this year, when a former police officer from Fort Lauderdale, who had also served as police chief and city manager of a Tennessee community, Douglas Keller, was named the city's police safety director.

This came about after the fire chief's resignation, which had not been formally submitted to council, was accepted.

The fire chief's position has not been refilled.

Lake Mary currently has no official fire chief.

Charles (Chuck) Smith resigned several months ago, saying he would retain the title with the volunteer department. Councilman Martin Racon Sr. said last week he will recommend at tonight's meeting that the city hire a full-time, professional fire chief.

Other ordinances to be considered at the council meeting include an amendment to Ordinance 25 on mobile homes, first reading; site plan review on second reading; the designation of the city's advisory planning and zoning board and the building and zoning administrator Francis Jenior as the local land planning agency, and first readings of a sign law and a law on construction of streets and sidewalks.

A condemnation hearing and action to improve fire fighting capabilities are also scheduled.

Official certification of last week's election is on the agenda, as are routine reports from the various city departments, and Mayor Walter Sorenson and motions and ordinances by council members.

How do you top a slack that comes in 20 proportioned sizes and 11 fashion colors?

Fortrel® did it with coordinating shirt jackets. All for \$25.

Shirt jacket of Celanese Fortrel® polyester knit. Long sleeve styling with front body seams and pockets. In mix and match fashion colors. Sizes 8 to 18. \$16

Pull-on style slacks of Celanese Fortrel® polyester knit. Permanent stitched crease. Machine washable. Choose brown, black, white, red, navy, ivory, blue, jade, apricot, lavender or blue grass. For sizes 16-18, A6-20, 110-20. \$9

Yuletide Parade Sunday

WINTER SPRINGS — This year's Christmas Parade in Winter Springs will be larger than in the past, according to Councilman Irwin Hunter, parade chairman, who anticipated 50 units will participate.

The parade will step off at 3 p.m., Sunday, marching from Hayes Road to Fairfax Avenue on SR 434.

Hayes will be closed to through traffic from 2 p.m. until after the parade, as will Fairfax and First Street. SR 434 will be closed at SR 419 and Fairfax at 3 p.m. There will be a parking ban on Fairfax and First.

Big Bird, of Sesame Street fame, will be the grand marshal which will feature the Bahia Shrine motorcycle team, Orlando Naval Training Center Band, Longwood Elementary File and Drum Corps, Jackson Heights Middle School Band, Winter Springs Elementary School and its mascot, "Springaroo," the award winning VFW float, Goldenrod Jaycees Scouts and baton units. Santa will arrive riding on a fire truck.

'76 Fertilizer Prices To Drop

By JOE ASKREN Herald Staff Writer

Some good news for Seminole County farmers is in the fact that fertilizer prices are down and are 'getting cheaper every day,' according to Charles Butterworth, fertilizer manager for Chas. & Co., here in Sanford.

A news source also predicts costs for fertilizers will be down for 1976. The source said other costs in the agricultural field will be up, however. The overall forecast for the Bientennial year would be a "fair year."

Seminole Farm Bureau President W. Tyre Sr., said the annual barbecue meeting held Oct. 11, was a success and new officers and board of directors elected include: Vice-president Cecil Tucker; Secretary John Horvath; Treasurer Lawrence Johnson; and board members Wayne Jacobs for cattle; Jack Schirard, Fred Bistline and John Horvath for citrus; Cecil Tucker for dairy; Paul Kliger for nursery growers; Ronald Rucker for poultry; W.W. Tyre Sr. and John W. Evans Jr. for vegetables; and Walter Duda, Richard Forbes, Lawrence Johnson, Edward Parker and W.W. Tyre Jr. elected at large.

One group of plants that are extremely showy around the Holiday Season are the hollies, according to the Florida Nurserymen and Growers Association (FNGA). Holly is native to Florida.

Holly has been associated throughout the ages with myth, magic, and Christmas. The early Christians used holly as a decoration at the Christmas season. When Julius Caesar invaded the British Isles they were greatly impressed with the holly trees. Today we have many varieties of holly which are useful for decoration, as well as for ornaments around the home grounds.

Seminole County 4-H'ers are busy this month with Christmas ideas. St. Mary Magdalene 4-H Club made a float for the Sanford Christmas Parade and also will be in the Orlando Christmas Parade, Saturday, December 15th. Eight 4-H clubs marched in their uniforms at the Sanford Christmas Parade, Thursday (December 4).

Throughout the month of December, Ms. Deborah Carwell, 4-H Program Assistant, has given demonstrations to 441'ers on how to make Christmas Ornaments. There are seven different ornaments which include Glitter Spheres, Danish Circles, Santa Balls and Angels. The most popular ornament is the Candy Tree, made with a styrofoam cone and Hershey Candy Kisses.

New clubs are still being formed. If you are interested in joining or forming a club, please contact Ms. Carwell at 322-7128 at the Agricultural Center, Highway 17-92.

Future Farmers of America (F.F.A.) at Seminole High School and Crosses High want to thank the Greater Sanford Chamber of Commerce for the \$200 received recently at a Personality Breakfast. This was the money earned while the clubs participated in last February's Farm City Days. Local farmers donated fresh produce for the F.F.A. groups to sell.

Some of the produce sold was carrots, squash, potatoes and celery.

Recycling municipal effluent through sprinkler irrigation will be discussed at the 10th annual meeting of the Florida Irrigation Society at Fort St. Lucie Friday and Saturday, December 12-13.

Dr. Allen E. Overman, agricultural engineer, Institute of Food and Agricultural Sciences, University of Florida, will present a research report on recycling municipal effluent. Dalton Harrison, agricultural engineer and program chairman, said.

Ed Minton, past president of the Florida Irrigation Society, will welcome the group to the Sandpiper Bay Resort, headquarters for the meeting.

Every year hundreds of young passengers on farm equipment are injured or killed. Usually these deaths are due to falls from farm equipment into the path of the tractor wheels or trailing equipment, according to Dr. Jerry Ertman, agricultural engineer, Florida Cooperative Extension Service.

The sad part is that this sort of accident need not happen. It is wrong that such accidents happen, wrong because one of the basic farm safety practices is that no one except the operator should be on the farm equipment, Dr. Ertman said.

The solution to this problem lies in a few plain and simple safety suggestions: —Keep children off and away from farm machinery. Never permit them to ride. Don't offer them rides. Never permit a family worker or employee to let children ride. —Before moving, be absolutely sure that no children have climbed aboard without your knowledge. —Never let a child talk you into taking him along. The answer must always be "NO!" —A tractor is not a suitable place to babysit. Try hard to arrange child care if you have small children to look after. —While training a new operator, make certain you choose the most secure place to ride on the particular tractor or combine. And then hang on tight. Be prepared for bumps, sudden starts and stops, erratic maneuvers, etc. —Equip your tractor with protective cab.

Longwood Seeks New Water Well Site

By DONNA ESTES Herald Staff Writer

LONGWOOD — City council has authorized Council Chairman J.R. Grant to negotiate in the "Stum's Corner" — Range Line Road area on the city's west side for a new water well site to expand the city's utility system. Grant, in requesting the authorization Monday night, said the pumps at the city's current wells operated almost continuously for 12 hours Sunday.

Grant said the site should be at least one acre in size to give sufficient space for a future second fire station.

Only Councilman Gerard Connell opposed the move, saying that other area cities have found that the price of land goes up considerably when someone has been authorized to negotiate in a specific area. Council did not determine which city fund will be used for land purchase or the maximum amount available.

Councilman Don Schreiner noted, however, that developers with planned future projects in the west side who want water service "would be tickled to death to donate land for the well."

The city currently has few customers for water service in that area, which is served by the privately-owned Sanlando Utilities.

Council also received bids from four firms on eight-inch water lines and 15-inch line alternate bids to Devoushire subdivision. The lines, under the plan, would go south on Range Line Road from E.E. Williamson Road.

Apparent low bidders were Davis Meter and Supply for the eight-inch line at \$3,645.42 and for 12-inch alternate line Hughes Supply Co. Inc. at \$8,068.02.

The other two firms submitting bids were B and H Sales Inc. and Sewer and Water Utilities Supply Co. Inc.

The bids for the water lines were turned over to the public works department for study and recommendation. It had been believed that the city owned or at least had agreements whereby ownership of the lines would be deeded to the city when it could serve the area north of SR-44 — Winsor Manor, Devonshire, Siecy Hollow first addition and the Moorings. This city and though no formal agreements exist except for Winsor Manor when the city is able to serve the area with both water and sewer service.

Plans for the city to install sewer lines in the community and to connect for treatment to the Altamonte Springs regional sewer plant, currently under construction, were abandoned in June, 1974.

Other properties which could be served with the water utility lines are the proposed Schrimsher office park at SR 44 and Range Line Road, for which no immediate developments plans have been announced, and the St. Laurent properties adjacent to Range Line Road, south of Sandalwood subdivision.

An emissary of the South Moluccans met with Surjadi Kromomihardjo, political counselor at the Indonesian Embassy in The Hague, Surjadi, who said he was not meeting in an official capacity, said the demand to meet with Sabarto would be "categorically refused."

The Indonesian ambassador, Lt. Gen. Sutopo, aboard a train in northern Holland.

The South Moluccans who seized the consulate last Thursday and are holding an estimated 25 Indonesians there demanded that Indonesian President Suharto meet in Geneva with Johan Alvarus Manusama, one of the leaders of the South Moluccan community in The Netherlands.

Representatives of the two governments have been meeting in Jakarta, the Indonesian capital, to discuss the sale of several hundred million dollars worth of ships and possibly planes to the former Dutch colony.

A spokesman for the Economics Ministry said all indications are that the suspension of the talks is the direct result of the action by the two groups of South Moluccans holding an estimated 55 hostages in the Amsterdam consulate and

Consulate Standoff Suspected Cause

Indonesia Breaks Off Netherlands Talks

AMSTERDAM, The Netherlands (AP) — Indonesia has suspended trade talks with The Netherlands, apparently because the Dutch government has been unable to end the occupation of the Indonesian consulate in Amsterdam by South Moluccan nationalists, the Dutch Economics Ministry announced today.

Representatives of the two governments have been meeting in Jakarta, the Indonesian capital, to discuss the sale of several hundred million dollars worth of ships and possibly planes to the former Dutch colony.

A spokesman for the Economics Ministry said all indications are that the suspension of the talks is the direct result of the action by the two groups of South Moluccans holding an estimated 55 hostages in the Amsterdam consulate and

said in a radio address that "there will be no political concessions from the Indonesian government."

A second set of demands has been transmitted to Dutch leaders in The Hague by another group of South Moluccans holding an estimated 30 hostages aboard a hijacked train near Beilen, in northern Holland.

Dutch authorities believe the train hijacking Dec. 2 and the consulate attack in Amsterdam two days later were a joint action to focus attention on the demands of the South Moluccans for independence for their home islands in the Indonesian archipelago.

The Moluccan islands, like the rest of Indonesia, were part of the prewar Dutch East Indies and became part of independent Indonesia in 1949. Thousands of South Moluccans fled to The Netherlands after an unsuccessful revolt in 1950.

There are believed to be six or seven young Moluccans in the consulate and six in the train. The latter have demanded that the Dutch government arrange a meeting between Indonesian and Moluccan leaders and also take their independence demand to the United Nations.

The train hijackers have killed three hostages and released a number of others. Late Tuesday, they released another hostage who was reported suffering from a heart condition.

An Indonesian injured escaping from the consulate died Tuesday. He was the only fatality so far in the six-day-old siege there.

PEOPLE

Replacing Schlesinger 'An Instance Of Blindness'

ANN ARBOR, Mich. (AP) — Exiled Soviet poet Josef Brodsky says the replacement of James Schlesinger as U.S. defense secretary is "not just a mistake, but an instance of blindness."

Brodsky, now poet-in-residence at the University of Michigan, said Schlesinger embodied a needed hardline stand against the Soviets.

Exited in 1972 for his nonconformity, Brodsky warns that Americans underestimate Russian attitudes toward military strength.

"It's somehow assumed that military spending is a burden for the Soviets as well as the United States," he said in a recent interview. "It is not. It is a different kind of economy in Russia — the state owns everything."

"I spent 22 years in that country, and I remember 1947 and 1972. During that time, the standard of living did not change that much, perhaps 20 per cent. But the military underwent a 1,000 per cent improvement."

45 Years With Eastern

ATLANTA (AP) — In the early days of commercial aviation, when Edwin S. "Happy" Hogg went to work for the airlines, you measured the gasoline in the plane with dip sticks.

And you had to repair the airplanes constantly because people were always punching holes in the fabric. Flying was daring business.

Hogg, 63, has spent over 45 years with Eastern Airlines — an anniversary matched by the airline itself. "I was just 18 and out of high school," he said. "I kept worrying the supervisor would get me for \$50, so he hired me."

Hogg went to work as a supply clerk for Eastern at the old Candler Race Track, which became Atlanta's first airport. He worked most of his 45 years in Atlanta, and a few years at Newark, N.J.

He Wears Two Hats

BLOOMINGTON, Ill. (AP) — David Anderson is Bloomington's city manager, and under a unique experiment in metropolitan government, he's also city manager for adjoining Normal, Ill.

Anderson, 38, spends a half day each in each city hall, acting as chief administrative officer for two cities. Bloomington has a population of about 41,000, compared with 22,000 for Normal, but the Normal figure includes an estimated 14,000 students attending Illinois State University.

The experiment began this past summer when Bloomington's old city manager resigned. Anderson had served as Normal city manager since 1969, and Bloomington officials suggested the two communities start sharing him on a half-time basis.

Arendt's Contributions Noted

BONN, West Germany (AP) — Chancellor Helmut Schmidt says German-born Israeli political scientist Hannah Arendt, who died last week, "made essential contributions to the study of dictatorial rule."

Paying tribute to her Tuesday in a valedictory message, he recalled that she "was not spared the suffering of her people during Germany's darkest period."

"Above all, she helped to build new and strong bridges between Judaism and the Federal Republic of Germany after the war."

Miss Arendt died at her home in New York City on Dec. 5.

Pill Warnings Said Damaging

SAN ANTONIO, Tex. (AP) — Questionable studies by American and British scientists linking birth control pills and various diseases could be damaging to developing countries needing family planning, says a leading authority on the pill.

Ross, right, tries to cover up in early round action.

Challenger moves in on cornered Perez. (Herald Photos by Carl Geiger)

Ross Takes Perez' Title By Decision

By LOUIS SAPISS
Herald Boxing Writer

ORLANDO—Sanford is no longer the home of the Southern Junior middleweight champion. Edgar Ross took the title away from Victor Perez Tuesday night on a split decision, after 10 brutal rounds of fighting at the Orlando Sports Stadium.

The co-feature was another championship bout that brought the crowd to its feet at the fight's conclusion. But in this one, the champ was able to come out on top, when Gene Wells successfully defended his 169-pound title by defeating Tampa's Eddie Davis in a very close hard fought battle.

"It was the delay that was the difference," Jimmy Williams, Perez's trainer, said after the grueling contest. "Victor reached his peak a week ago but there was no way he could hold it, and that's what beat him tonight."

The delay that Williams referred to was a last minute postponement of the long awaited match. Ross was given an extra week, because of a head cold, to get ready, just two days before the fight was scheduled to take place. Perez came out after Ross and tried to blow him out of the ring in the opening round. But the 154-pound champion was not sharp with his punches and more missed than landed.

Round two found both men going after the other while the frantic crowd stood and cheered both fighters on.

Ross brought into play a crunching left hook in round three and that punch was the difference last night.

"I have always had a good left hook," Ross explained after the fight, "but I would never have used it, if it weren't for Solomon McTier. He kept telling me to use it and it worked."

McTier worked Ross' corner along with the Southern middleweight Champion, Gene Wells, and that combination noticed a chink in Perez' armor — he was carrying his right hand too low and Ross was able to go over it with his hook.

In round three Ross maneuvered Perez into his own corner, stepped to his left and delivered a punch squared to Perez's chin. Somehow the scrappy champion was able to stay on his feet, and he came back to land some shots of his own before the bell rang to end the round.

Round four was a big one for Perez, as he slammed Ross back into the ropes with a right uppercut but the champion was unable to follow up his advantage when Ross hung on till his head cleared.

After the bout Ross claimed he was never hurt but most ringsiders felt he was close to going down in the fourth.

Both men absorbed heavy punishment in the fifth as they were forced to take turns

Next time you do a load of wash, think about how much oil you're using.

We admit, it's not something one often thinks about. But we do.

Because most of the electricity we generate depends on oil. An enormous amount of oil. And we have to buy that oil at market prices that have tripled since 1972.

Fact is, our fuel oil costs have soared to over a million dollars a day. Fuel comprises 59% of our total operating costs. Or to put it another way, our '74 fuel bill was more than three times our entire net income.

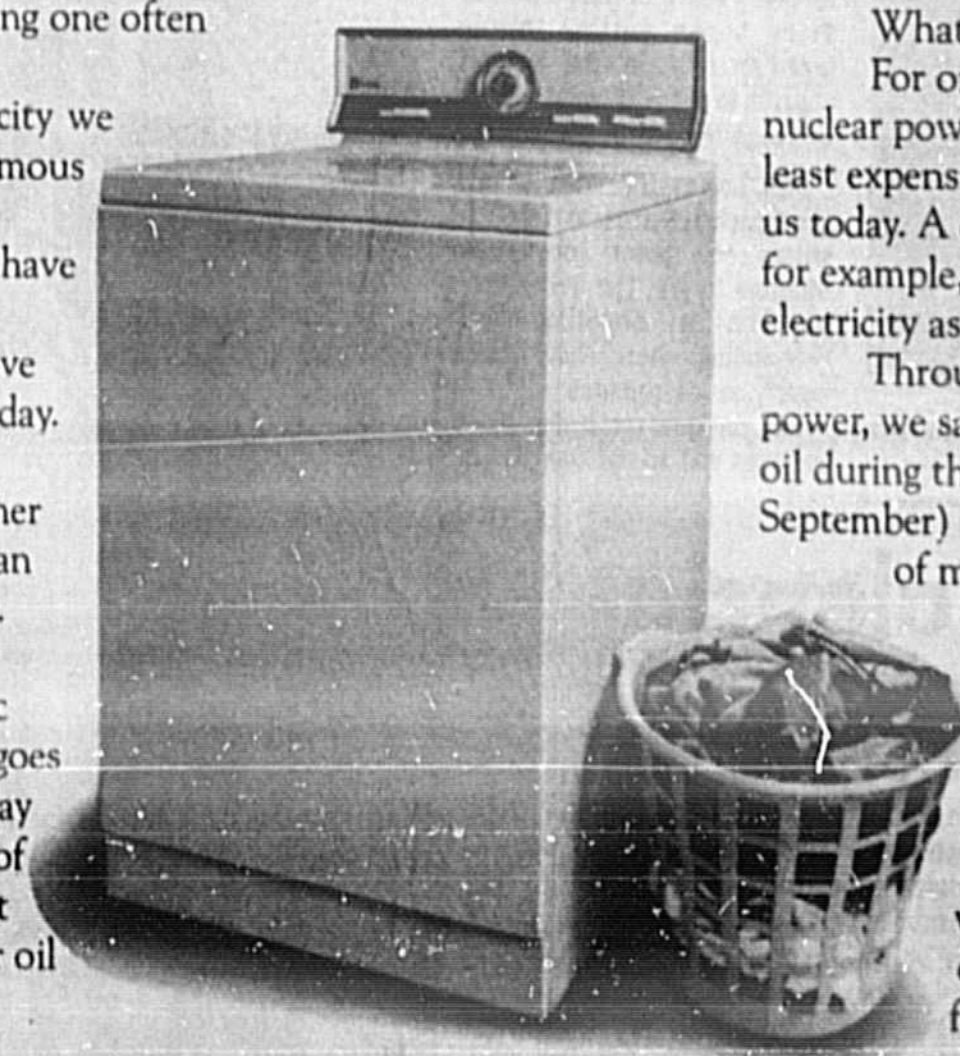

That's why there's a fuel adjustment charge on your electric bill. Your fuel adjustment charge goes to help pay that million dollar a day fuel bill. We don't keep one cent of that money. And frankly, we don't like paying that kind of money for oil any more than you do.

What are we doing about it? For one thing, we're building more nuclear power plants. Nuclear power is the least expensive source of energy available to us today. A dollar's worth of nuclear fuel, for example, produces the same amount of electricity as \$12 worth of oil.

Through the use of nuclear generated power, we saved nearly 14 million barrels of oil during the past 12 months (ending in September) representing a fuel cost savings of more than \$161 million.

We're also exploring exotic energy alternatives for the future. Such as solar energy. Tidal energy. And synthetic fuels.

In short, we're doing all we can to keep the costs of your electric bill down. For now. And for the years ahead.

SPORTS

Evening Herald, Sanford, FL. Wednesday, Dec. 10, 1975—8A

Sports Committee Meets On Plans

The Sanford Chamber of Commerce sports committee met this morning and discussed a number of upcoming events, with emphasis on the Monday night basketball game at Seminole High and next spring's Shad Derby.

The Chamber is sponsoring Community Night Monday at Seminole, with free tickets for the game against Colonial being offered at a number of locations — the Chamber of Commerce, the Evening Herald, area banks and Seminole High. There will be three games that evening — girls at 5, junior varsity at 6:30 and varsity at 8.

"The idea is to promote basketball and let people know the quality of basketball played," said Jack Rathmel of the sports committee. "We are making free tickets available, and we want to fill that gym."

The Shad Derby is to be held Feb. 14 through March 14 and is open to the public. There is no entry fee or pre-registration.

Derby rules specify that boats must be Coast Guard safety-equipped and shall not be caught on hook and line. Fish not entered in the contest must be released.

Official weigh stations will be announced and fish must be registered on the same day they are caught.

The chamber will also put on a barbecue at the end of the Derby, at which time the grand prize will be presented to the fisherman who catches the largest shad. Weekly prizes will go to those catching largest shads. Categories are 15-under and 16-over.

Bill Veeck Expected To Purchase White Sox Today

HOLLYWOOD (AP) — Bill Veeck offered \$10 million for the Chicago White Sox today and American League owners were expected to welcome the longtime P.T. Barnum of baseball back into their exclusive club.

Veeck said he was optimistic that the AL owners would formally approve his purchase of the team. Veeck said: "I'd be stily to come all the way down here if I was pessimistic."

The welcome mat was always extended to Veeck, who once shocked the club's owners by offering to buy the franchise for \$10 million. He had to wait until 1969 to get the franchise, but he was back in the baseball business.

Clement Stone, the president of Combined Insurance Co. of America in Chicago, an executive reportedly worth \$350 million. Stone also is known for his book on positive mental attitude, and several other tomes on how to get rich.

R. Jones, president of the firm, said the Giants had indicated acceptance of the offer — \$2 million more than previously dangled by other interests.

Pioneers Snuff Out Tribe Comeback Bid

By RICK PANTRIDGE Herald Staff Writer
With a minute and 27 seconds left Tuesday night, the Seminole High School gym was in an uproar.

Seminole was leading unbeaten Metro Conference power Oak Ridge 64-59 and scored eight straight points to leave the Seminole crowd stunned by a 67-64 reversal. The Tribe's third loss in four games.

At times, Seminole looked like two different teams. After lagging behind the flashier Pioneers early in the game, the Tribe began putting things together late in the second quarter to cut a 19-point deficit to six at the half.

Raiders Face Valencia In Division II Action

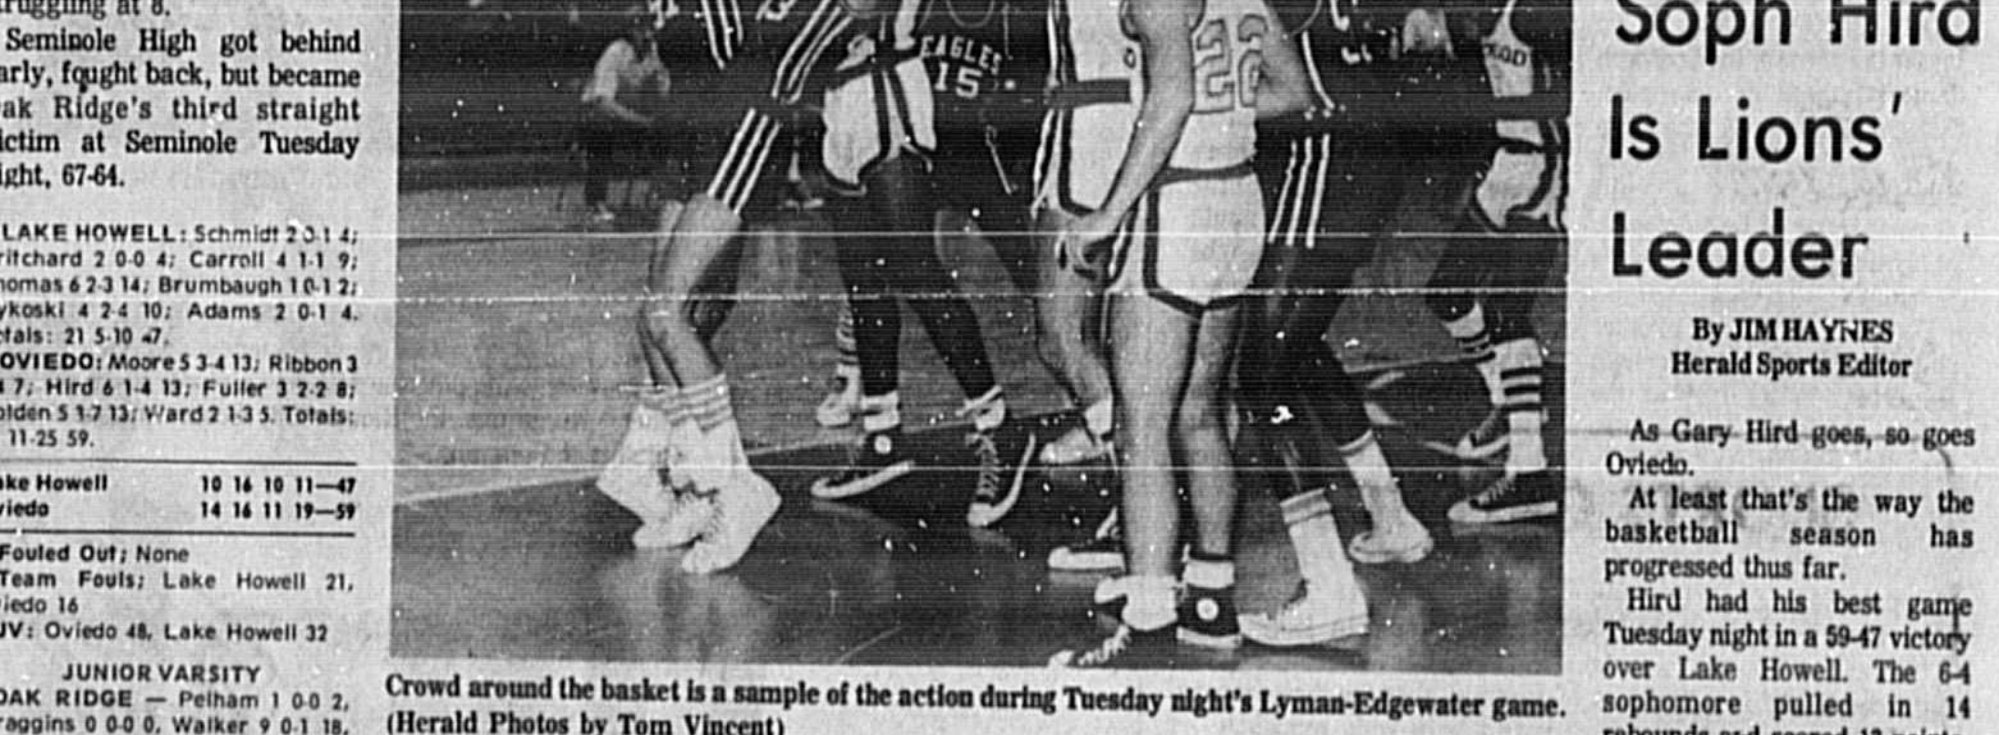

ORLANDO — Seminole Community College, sidetracked Saturday night, will be counting heavily on its reserves again tonight. The Raiders' bench has been a big factor in the Raiders' early season No. 5 ranking among state junior college clubs.

Seminole Meets Brantley Tonight

Oviedo Comes Up County's Only Winner In Prep Play

Oviedo High School's basketball team stood tall as the only Seminole County team to emerge a winner Tuesday night.

The Lions won their first game in four starts in a 59-47 triumph over arch-rival Lake Howell.

'Money For Planning, Nothing For Implementation'

Aitamoto Mayor Raps County-City Drainage Study

By DONNA ESTES
Herald Staff Writer

ALTA MONTE SPRINGS — Mayor Norman Floyd, reporting to city commissioners Tuesday night on a joint county-city drainage study, said the "task force" to seek federal money for the study is "another body going off in its own direction."

Noting he recently said drainage plans are gathering dust on shelves throughout the county, Floyd added that it is about time money is given away to implement planning.

He said he did not get much out of the meeting with county officials and county staff

members "except talking to them."

The mayor said it has been estimated it will cost \$95,000 to initiate the study, adding much more has already been done and that aerial mapping, noted as one need, has been accomplished by the state forestry department.

Floyd said at least the point is finally getting across that drainage difficulties are not the problem of individual governmental bodies, but of the county at large.

Because of interlapping among cities and county territory, he said, drainage problems must be county problems.

"But, like everything else all the money is for planning and nothing for implementation," he said.

In other business, commissioners decided to "let the situation develop" concerning some citizens' requests for a change from 4:30 p.m. city commission meetings to an evening hour.

The city has received a written request from one individual and three oral requests Tuesday night for change.

Mrs. Fran Schwartz, whose husband, Mel, had sent in the written request, said the afternoon meetings can be attended by working men or mothers of young children who

must be home at 4:30 to prepare the evening meal.

Commissioner George Perkins said while it would be "politically pleasing" to change the commission's meeting time, sessions would continue late into the evening hours and this little would be accomplished.

He added if the time is convenient only to city commissioners, enough public pressure will develop to change the meeting time, the ending time of meetings, he said, noting that county commissioners have been criticized for holding public hearings so late in the evening.

"There is not enough input

yet to justify change," Commissioner Glen Buschan said. "Let the people come to a head."

Commissioners had a report from consulting engineer William Palm of Gily and Radcliffe of Winter Park that the city end a dispute with Associated Building and Contracting Co., prime contractor of the north side sanitary sewer district.

Palm recommended the city pay the firm, deleting from \$80,000 owed some \$10,000 assessed for 97 days; he contract before work is completed substantially on its project and by deleting costs other items uncompleted and

the amount necessary to pay the cost of an installation of a trailer mounted generator.

Palm said Associated would be required to execute all of the necessary documents required by the U.S. Department of Housing and Urban Development (HUD), including affidavits that all claims growing out of subcontractors' demands, laborers, workmen, mechanics, materialmen and furnishers of machinery etc., have been paid prior to the city authorizing payment.

A letter from the Florida Department of Transportation to locate an office at no expense in the city, talk to the Altamonte-Casselberry Chamber of Commerce to find out if that organization is willing to permit use of space at the community house on Matland Avenue.

Street railroad crossing in June, 1976, with installation set for September, 1976.

One vehicular death and several serious accidents have occurred at the crossing, Perkins said the September, 1976, installation date is "an unreasonable length of time to get a signal."

An ordinance was passed on first reading redefining the city's boundaries and a public hearing was set for 4:30 p.m., Jan. 6.

Commissioners suggested Youth Services Inc., officials who have sought city assistance to locate an office at no expense in the city, talk to the Altamonte-Casselberry Cham-

HAPPY BIRTHDAY, RICHARD!

You're just getting better, not older.

LOVE YA

KATHY

County Hires Mack Cleveland

By ED PRICKETT
Herald Staff Writer

Sanford Attorney Mack Cleveland Jr. has been hired to represent Seminole County Commission in upcoming clay pit litigation.

Cleveland told the board Tuesday his fee will be \$50 per hour plus out-of-pocket expenses.

However, the question still remains whether or not Cleveland will represent each commissioner individually — as well as the entire board.

A suit filed in circuit court alleges commissioners illegally absorbed a \$617,000 purchase of a clay pit near Markham Woods Road "in pursuit of personal reasons" and seeks in excess of \$10,000 from the county and from the commissioners individually.

The suit was filed by Greater Construction Company of Casselberry. The firm's president, Lester Mandell, was one of the principals quoted by grand jurors probing governmental operations.

Mandell owns the clay pit site and an attorney in Cleveland's office, Jack Bridges, represents Laurel Realty, the firm which negotiated the ill-fated purchase.

Tom Binford, another principal who also testified before the grand jury, was employed by Laurel. Binford reportedly lost \$12,500 when commissioners backed off their decision to buy the Mandell site.

Cleveland told the board Bridges worked in his office. He said if Laurel Realty gets involved in the Mandell suit, Bridges would not be allowed to represent the real estate firm.

Cleveland said the reason he informed the board of Bridges' employment is because "I wouldn't want any fingers pointing at us." Cleveland, however, said he sees no conflict of interest.

Commissioner John Kimbrough said he wanted an answer from County Attorney Thomas Freeman as to whether Cleveland will be allowed to represent board members individually.

"I've asked Mr. Freeman before; we need an answer on that," Kimbrough said.

"I agree totally," remarked Commission Chairman Mike Hattaway.

A Freeman associate, Robert Pierce, said it was a "questionable situation" whether county funds can be used to pay Cleveland's fees if he represents each commissioner individually.

Cleveland told board members he has reviewed the suit, and is an optimist.

Last week, Freeman asked to be relieved because he said he will be a principal witness at the trial. "It's necessary for me to testify in the case," the attorney said.

Freeman, like Cleveland, said he saw "little merit" in the Mandell suit.

NOTICE IS HEREBY GIVEN that by virtue of that certain Writ of Execution issued out of and under the seal of the Circuit Court of Seminole County, Florida, upon a final judgment rendered in the above-referenced case on the 29th day of October, A.D. 1975, in that certain case entitled, General Finance Corp. vs. A Florida Corporation Plaintiff, vs. Richard L. Neider and Deborah Neider, Defendants, which aforesaid Writ of Execution, was delivered to me as Sheriff of Seminole County, Florida, and I have levied upon the following described property owned by Richard L. Neider and Deborah Neider, said property being located in Seminole County, Florida, and more particularly described as follows: Boat 1973 year; Chrysler Title No. 283891 O.D. 200219 Motor 173 Chrysler (Outboard) 45 H.P. certified till trailer's title axle, blue in color.

The undersigned in and out of Seminole County, Florida, will sell at 11:00 A.M. on the 29th day of December, A.D. 1975, offer for sale and sell to the highest bidder, for cash, subject to any and all existing liens, at the Front (West) Door of the Seminole County Courthouse in Sanford, Florida, the above described personal property.

This said sale is being made to satisfy the terms of said Writ of Execution.

John E. Polk, Sheriff, Seminole County, Florida. Publish: Dec. 10, 11, 17, 24, 1975. DEU-11

Legal Notice

NOTICE OF ACTION
THE STATE OF FLORIDA vs. WILBERT SMITH, Munciey P.O., Ontario, Canada.

YOU ARE HEREBY NOTIFIED that CHARLES MEYERS and REBECCA MEYERS, his wife, have filed a Complaint in the Circuit Court of Seminole County, Florida, for the purpose of recovering the sum of \$10,000.00, plus interest, from you. If you are required to serve a copy of your written answer, if any, on FRANK WYTHAM, of STEVENSON, DAVIS & MCKINTOSH, Attorneys for Plaintiff, whose address is Post Office Box 1336, Sanford, Florida 32771, and file the original with the Sheriff's Office at the Court on or before December 31, 1975, otherwise a default and ultimate judgment will be entered against you for the relief demanded in the Complaint.

WITNES MY HAND and official seal of said Court on the 29th day of November, A.D. 1975.

(SEAL)

Arthur H. Beckwith, Jr., Clerk of Circuit Court, Seminole County, Florida. By Cecelia V. Eken Deputy Clerk. FRANK C. WHIGHAM, OF STEVENSON, DAVIS & MCKINTOSH, Flagship Bank of Sanford, Florida 32771. Attorneys for Plaintiff. Publish: Nov. 24 & Dec. 8, 15, 1975. DEU-142

Seminole County has a serious problem.

Why? A better way!

There are literally hundreds of little children in Seminole County who must fend for themselves while their parents try to eke out a living on low-paying jobs. Many of these youngsters are left alone all day, either locked up in rooms or worse yet, left to roam about streets and alleys while their mothers are away at work.

How?

The Community Coordinated Child Care (4C) Program wants to help provide professional care for these children in Seminole County. We need to raise \$50,000 in Seminole County in a very short time, and these funds will be matched on a 7 to 1 basis by State and Federal governments. This money will be used to provide professional day care for the children of low-income families.

Your part

Over 340 mothers have been approved for this care and 4C is ready to place these children if we raise the needed amount locally. At this time of the year we all have much to do with our money, but little that could do more than a few dollars for 4C.

Welfare?

The alternative is no better. When capable wage earners must stay home all day as baby sitters, they become overwhelmed with frustration and dependency that come from being wholly dependent on welfare types of income.

Help the little children.

Why... suffer little children? Let's prove that Seminole County can handle its own serious problem.

Pounds Have Pets • Make Them Part Of A Family

By ELDA NICHOLS
Herald Correspondent

Atlas is a Great Dane; Fluff is a beautiful Spitz; Tippi is a darling puppy; not quite weaned; and Spottie, the kitten, is a tiny ball of fur.

What do they all have in common?

They are all in the Animal Control Center, located by the Agri-Center, U.S. 17-92, north of Five Points.

Today they are happy and alive, waiting for someone to discover and adopt them. Their pleading eyes and frantically wagging tails beg for a kind word and a chance to become part of a family.

Every size and nearly every breed of dog can be found at the Animal Control Center and the Sanford and Casselberry Dog Pounds.

This is the season of the year when many dogs and cats are being adopted for Christmas presents. But remember, adoption means more than just taking an animal home. You must be prepared to take care of it after the novelty has worn off. It must be fed, given fresh water, and if not kept indoors, then must have a fenced run and a shelter.

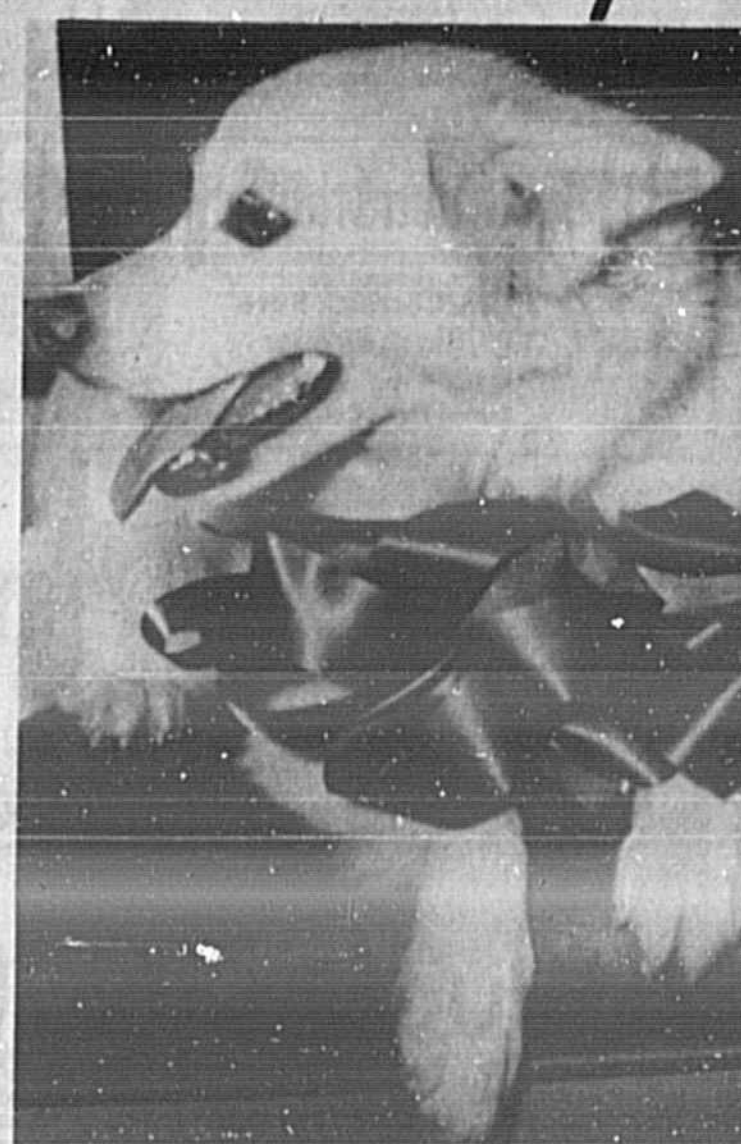

If a puppy isn't housebroken, don't despair! It doesn't take long to learn, leash laws in

Atlas and Tippi: sized to suit every lifestyle

for older people; to hunting dogs and guard dogs. Many lost animals wind up at the control center, with owners lamenting, "I didn't think to check the pounds."

Today, the Animal Control Center's pens are full.

Fluff comes gift-wrapped (Herald Photos by Elda Nichols)

continues to function the same as before? Because of my physical limitations, I am partially paralyzed. I am unable to walk or use my legs, but my sexual desires are in no way impaired. I don't know anyone else I can ask, so please don't throw this letter into the wastebasket. You may print it if you think it will help others in my plight, but please don't use my name.

HANDICAPPED IN FLORIDA
DEAR HANDICAPPED: Your local Easter Seal Society (listed in your telephone book) can provide you with information and instruction. Those in other states should contact their state societies. Also, most universities have Human Sexuality programs that offer instruction for people with your problem.

DEAR ABBY: Years ago I read somewhere that it was perfectly proper for a man to wear his officer's uniform instead of a tuxedo to all occasions where formal attire is required.

My husband was a lieutenant in the Air Force (World War II) and ever since, he's been wearing his uniform to formal affairs.

He has put on a lot of weight and has already had his trousers let out as much as possible, but I'm afraid the next time he wears them, something will give.

We are invited to a family wedding soon, and my husband's uniform "got the old uniform out" again, and it's my problem.

I don't want to hurt his feelings, but World War II was a long time ago, and I think it's time he put that uniform in mothballs and rent a tux.

So how do I tell him?

DEAR WIFE: In English, dear. And with a smile.

Tips Offered On How To Spot Married Men

DEAR ABBY: I am a divorcee of almost two years. I'm constantly meeting guys who swear they're not married, but later I find out that they are and they usually have children.

What is it with these dingdongs, anyway? Don't they know they just might hurt innocent girls who might fall in love with them because they think they're available?

I want nothing to do with a married man. I wish these creeps would stay home with their wives and leave us single women alone!

I just got a phone call from some guy's wife who threatened me if I didn't leave her husband alone. Abby, so help me, I didn't know the man was married. How about a few suggestions on how to spot these creeps?

HAD IT
DEAR HAD IT: A married man will not give you his home

number and address. He will be very short of friends to whom he can introduce you, and will almost always have no relatives for you to meet. He'll be unavailable for weekends and holidays, and when he's with you, he'll look at his watch a lot.

If a man tells you he's "going through a divorce," tell him you'll see him when his divorce is final. (Maybe?)

DEAR ABBY: What is a healthy, 34-year-old married man supposed to do when he has become physically handicapped but his sexual feelings

rehabilitation of emotionally disturbed boys. The organization also sponsors a human relations and education program among Arabs and Jews in Israel with teams of Arab and Jewish university students conducting social service projects in Arab villages and cities.

In addition, B'nai B'rith Women, in cooperation with the Anti-Defamation League, fights anti-Semitism and discrimination and works to improve human relations. The "Dolls For Democracy" program is presented throughout the country to school, church and senior citizen groups. In cooperation with the B'nai B'rith Youth Organization and Hillel Foundations, B'nai B'rith Women also serves the spiritual and cultural needs of Jewish high school and college students.

For information about joining B'nai B'rith Women, contact Mrs. Arnold Abramson, 803-712 (Madison) or Mrs. Morris Marcus, 422-4853 (Grande)

Junior Police
The Winter Springs Junior Police held a meeting on Dec. 2, at the Winter Springs Seventh-day Adventist Church on Moss Road.

Division of Youth Services counselor from orange County, Ms. Donna Nickel was the guest speaker. Ms. Nickel spoke to the group on "Children in Trouble" and gave a short talk before showing a film on the subject.

The film showed the 33 members present the process a juvenile undergoes from the time of his or her arrest to the final disposition of his case.

The next meeting of the Junior Police will take place on Dec. 16 at 7:30 p.m. at the

Club Notes

B'nai B'rith Seeks Members

An invitation has been extended to women in the Jewish community by B'nai B'rith Women to join the more than 150,000 members around the world who comprise the International Jewish women's service organization.

Kicking off the campaign for a new evening chapter for Seminole county was a "Get Acquainted Party," on Tuesday in Altamonte Springs. The special guests for the evening were Mrs. Ruth Goldberg of Bethesda, Md., director of B'nai B'rith Women South Coastal Region, and Mrs. Rox Orstein, secretary of BEW South Coastal Region.

The focus of B'nai B'rith Women is to foster understanding, communication and respect among all groups, to initiate informed social action within the community, and to provide Jewish educational opportunities for adults and youth. The 77 year old organization has as its motto, "Fledged To Serve."

Around the country, B'nai B'rith Women members in local chapters serve older adults through telephone reassurance programs, promote better prenatal care through "Operation Stek," help the needy through food distribution projects and shoes for needy school children, conduct drug abuse seminars, fight child abuse, serve handicapped and mentally retarded, and provide a variety of health services from screening programs for eye diseases to bloodmobiles. There are only a few of the endless list of programs through which B'nai B'rith Women fill local needs and offer a helping hand of friendship.

Overseas, B'nai B'rith Women maintain a Children's Home in Israel, a residential treatment center for the

Jewish Council Sponsors Violinist Itzhak Perlman

An outstanding event in the current Jewish Community Council Cultural Series will be the performance of Itzhak Perlman, whose reputation places him among the greatest of the world's violinists. The concert will be held on Dec. 21 at 8 p.m. at the Winter Park High School auditorium, 2100 Summerfield, Winter Park.

Perlman, now 30 years old, was born in Tel Aviv, the son of Polish emigrants who arrived in Israel in the mid 1930s. He was stricken with polio at the age of 4, but went on to study at the Tel Aviv Academy of Music, gave concerts and by the age of 10 was an experienced radio performer. He came to New York in 1958 for television appearances and stayed on to continue his studies at the Juillard School. There he was given a Juillard scholarship and a scholarship from the American-Israel Cultural Foundation.

In 1964, Perlman entered the demanding Leventritt International Competition, where he triumphed easily over a field of 19 outstanding contestants. That, and another circumstance made him the subject of a Page One story in the New York newspapers the next morning when the rare Guarnerius he had been given by Juillard to use in the contest was stolen while he was being congratulated backstage.

The performance by Itzhak Perlman, brilliant Israeli violinist, is open to the public. Tickets are \$5.00 per person. \$2.50 for students and may be secured from the Jewish Community Council office, 581 North Matland Ave., Matland; Streeps Ticket Agency, or may be purchased at the door on the night of the concert.

Cook Of The Week

Busy Housewife Cuts Corners For Quick Meals

By JEAN PATTESON
Women's Editor

As the wife of a traveling salesman who works irregular hours, and the mother of two small boys, Mrs. Fred (Judy) Schwarz finds she must cook meals she can prepare ahead and heat up at the last minute, with healthful snacks to fill up on while waiting for dinner.

Thus she specialized in casserole main course dishes and bakes a lot of cookies.

The Schwarz family, which lives at 130 Lake Triplett Dr., Casselberry, is also fond of desserts, so Judy has learned to make a tempting variety, including her Banana Cake, listed below. Her sons, Fred, 5, and Edward, 3, rate it tops.

"I'm a lazy cook," admits Judy. "I use the blender every chance I get." She also uses her microwave oven extensively, not always for cooking, but in the preparation of dishes — melting shortening and so forth. It is also useful for heating leftovers, she hints.

A lot of Judy's favorite recipes she has adapted from her mother-in-law's old German recipes and she believes the results are even more delicious than the original cookies and cakes.

1 cup soda
1/4 cup sour cream
1 cup bananas (two large, very ripe)
2 eggs
1/2 tsp. baking powder
1/2 tsp. salt
1 tsp. vanilla
Place melted shortening, sugar, eggs, sour cream and vanilla in blender; blend thoroughly. Add bananas, sliced, a few at a time; blend well.

Sift flour, baking powder, soda and salt into a large bowl. Stir in blender mixture until well mixed.

Pur into a greased and floured tube or bundt pan and bake one hour at 350 degrees or until toothpick inserted in cake comes out clean. (This cake freezes well).

Fred, 5, and Edward Schwarz, 3, can hardly wait to sample banana cake baked by Mom — Mrs. Fred (Judy) Schwarz (Herald Photo by Jean Patteson)

MOLASSES GINGER COOKIES
1/4 cup shortening, melted
1 cup sugar
1 egg
2 tsp. soda
2 cups flour
1/2 tsp. cloves
1/2 tsp. ginger
1 tsp. cinnamon
1/2 tsp. salt
1/4 cup dark molasses

Place shortening, sugar, egg and molasses in blender. Mix thoroughly. Sift together flour, soda, salt and spices in a large bowl. Add blender mixture and stir until thoroughly mixed. Roll in a ball, wrap in waxed paper, refrigerate two to three hours or overnight. Form into one-inch balls and roll in sugar. Place on greased cookie sheet approximately 2 inches apart. Bake at 375 degrees for eight to 10 minutes. Yield three dozen cookies.

Note: Shortening may be butter, margarine, shortening or a half-and-half combination.

CRISPY OATMEAL COOKIES
1/2 cup shortening (butter, margarine or half shortening-half butter)
1/2 cup brown sugar
1 egg
1/2 cup flour
1/2 tsp. salt
1 tsp. cinnamon
1/2 tsp. raisins or dates as desired

Place egg, melted shortening, sugar and vanilla in blender; mix thoroughly. Sift flour, salt, soda and spices in large bowl; add blender mixture. Mix well, then stir in oatmeal and condiments. Drop by teaspoonful on greased cookie sheet. Bake 10 to 12 minutes at 350 degrees. Yield 1 1/2 dozen cookies.

EASY ASPARAGUS CASSEROLE
1 can (15 oz) cut green asparagus, drained
1 can (15 oz) tiny (no. 1) green peas, drained
1 medium size can button mushrooms, drained
approximately 1/2 Salitine crackers, crushed
1 pkg. (1 cup) shredded sharp cheddar cheese

Will stuff a 12 lb. turkey. Rub inside cavity of bird with lemon, then salt and stuff.

PUMPKIN PIE
1 1/2 cups brown sugar
2 tbsps. flour
1/2 tsp. ginger
1/2 tsp. nutmeg
1 large can pumpkin (1 lb. 13 oz.)
1/2 cup water or milk
1 tsp. salt
1 tsp. cinnamon
4 eggs, beaten
2 cups evaporated milk

Mix all ingredients in large bowl. Pour into two unbaked nine-inch pie crusts. Bake at 450 degrees for 20 minutes. Then at 350 degrees another 20 to 25 minutes or until knife inserted in middle comes out clear. For an extra nut-like flavor, bake in two graham cracker pie crusts.

NEVER-FAIL TURKEY DRESSING
turkey giblets
1 large onion
stalk of celery with leaves
1 tsp. salt
1 pkg. Pepperidge Farm bread stuffing, small
1 tsp. poultry seasoning
2 shakes pepper

Cook giblets with onion and celery for about one hour. Remove meat from neck bone and place meat, giblets and broth, onion and celery in blender; puree.

Mix rest of ingredients together, add meat and broth mixture, stirring until well mixed.

Cheddar cheese
1 can (10 1/2 oz) cream of chicken soup, undiluted
3 sliced hard boiled eggs
In a buttered 1 1/4 qt. casserole, place the above as listed in layers. Be sure to put a fork through layers so soup will go through. Bake at 350 degrees uncovered until bubbly and slightly browned on top, 15-30 minutes. Serves six.

CHICKEN CASSEROLE
1 cut up fryer
1 cup cooked or instant rice
1 can cream of mushroom soup
1 can cream of celery soup
1 pkg. onion soup mix

In a 13x9 inch pan, place cooked rice. Mix mushroom and celery soup; pour half of mixture over rice. Place cut up skinned fryer over rice and cover with remaining soup. Sprinkle onion soup on top. Bake at 325 degrees for 45 minutes or until chicken is done. Serves four.

Reviewing the 1969 production, T. E. Kalem in Time Magazine commented on how spicy the old show was for him. "It is always a surprise," he wrote, "how a play can be revived after forty years without its looking and sounding like a doddering idiot." Clive Barnes of the New York Times echoed Kalem's sentiments, saying, "It remains one of the funniest and most exciting of all American plays." And John Chapman exultingly wrote in the New York Daily News, "After 41 years it has lost none of its impudence, none of its sting — it is again the funniest show in town."

No fewer than three film versions have been made. The first in 1930 starred Adolph Menjou and Pal O'Brien. The next in 1940 called "His Girl Friday" in which the devoted reporter was transformed into a girl played by Rosalind Russell and the most recent version in 1974 starred Jack Lemmon as the reporter and Walter Matthau as the tough managing editor.

A 2 p.m. matinee is scheduled for Saturday. Other performances are scheduled for 8:30 p.m. Thursday through Saturday.

For tickets or information to the Rollins production, call the Annie Russell Theatre box office.

Comedy Ever Fresh In 'The Front Page'

The Front Page, the Ben Hucht-Charles MacArthur comedy playing at the Annie Russell Theatre on the Rollins Campus through Saturday, is nearly a half a century old, but is like a new comedy. First seen in 1928, the play was revived twice on Broadway — in 1946 and 1969.

BANANA CAKE
1/2 cup shortening
(half butter, half Crisco)
1 1/2 cups sugar
2 cups flour

Keep Your Gifts Off Thief's Shopping List

Not everyone you see at Christmas scurrying around on rooftops with a sack over his back is playing Santa Claus. "Burglars frequently have just as long a gift list as anybody else and their attitude is that it is better to take than to give," says Thomas Snyder of CNA Insurance's loss prevention department.

"In fact," he states, "if you're not careful, all those gifts you've hidden so carefully from the kids may be found before Christmas — by professional thieves."

December is one of the favorite months for burglars, as an experienced detective on the burglary detail can tell you, and a variety of other criminal types find Christmas a year-end bonanza. Burglars are attracted not only by homes loaded with gifts, but also by the added hours of darkness when they can work unnoticed.

With heavy deliveries of mail and packages from stores, there are always increased numbers of strangers in neighborhoods or apartment buildings, and the people who live there are more accustomed to seeing an unfamiliar face.

Snyder offers these tips for "burglar-proofing" your home: — Make sure all doors, especially those leading into the house from enclosed patios — are well lighted after dark and locked at all times.

— When you go out, leave a light on inside. Make sure you lock all windows and doors, including the garage door. An open garage door is a sure sign that no one is home. Also, don't close your draperies completely; they make a good screen for a burglar's activities.

— Make sure the locks on your doors are the jimmy-proof, dead-bolt type. Have a chain latch — and use it — every time you open your door for an unknown caller.

— When you put your car in a parking lot that requires you to leave the car keys, leave only the ignition key — not your trunk and house keys. Don't carry a miniature license plate carry a key ring with your house keys. If you should lose such a key ring, a burglar could find where you live through your license registration. Also, don't leave a key under the doormat, or in any other "secret" place. Thieves are likely to look in just these spots.

— And finally, be sure that the contents of your home are adequately protected by insurance. Most homeowners policies provide coverage against loss by burglary or theft up to 50 per cent of the total policy amount.

WIN AT BRIDGE
By OSWALD and JAMES JACOBY
if East holds the ace of spades, if some other suit is led, or if the defense can't take five spade tricks. But the way the cards lie, East leads a spade and three trump goes down.

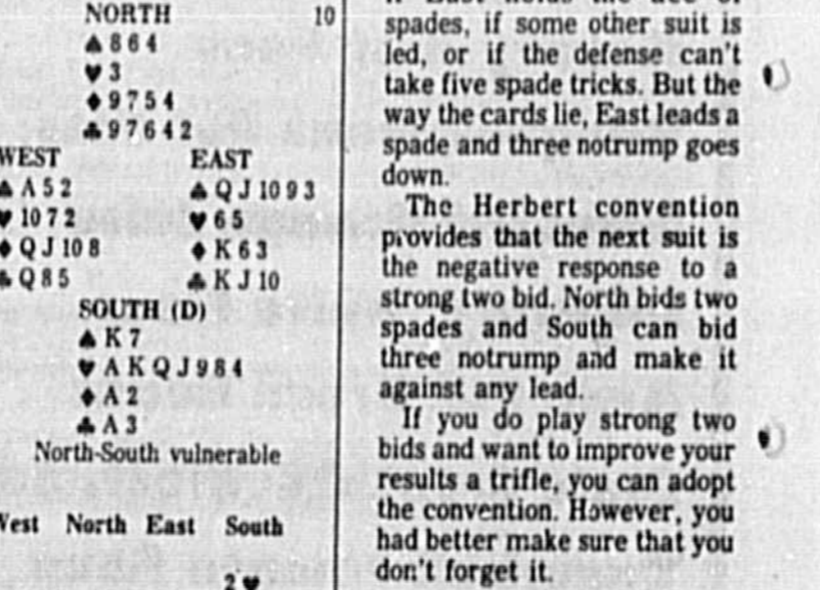

HOROSCOPE

By BERNICE BEDE OSOL
For Thursday, December 11, 1973

ARIES (March 21-April 19) You'll get the response you're hoping for today from one you love by proving your intentions to be sincere.
TAURUS (April 20-May 20) Do your good deeds today secretly, without fanfare. Word of that you've done will reach others.
GEMINI (May 21-June 20) If you apply yourself today and use your ingenuity, something you thought might be hard to accomplish won't be all that difficult.
CANCER (June 21-July 22) This should be a pleasant day for you, socially and career-wise. Business contacts you meet in a friendly atmosphere will prove valuable.
LEO (July 23-Aug. 22) Be alert today for something beneficial that could suddenly develop. It will fit neatly into a long-range plan you've been concerned about.
VIRGO (Aug. 23-Sept. 22) You should be much more fortunate today in getting others to grant you favors than you were yesterday. Make an appointment. Talk things out.
LIBRA (Sept. 23-Oct. 23) weren't previously acclaimed. You'll fare better today by working through trusted intermediaries than by handling a ticklish situation alone.
SCORPIO (Oct. 24-Nov. 22) Devote as much time as possible through tomorrow to the most important project on your agenda. The goal is reachable.
SAGITTARIUS (Nov. 23-Dec. 21) You'll be a bit surprised today when a person you've known for some time shows she cares far more about you than you suspected.
CAPRICORN (Dec. 22-Jan. 19) It's a good day to invite a couple you're obligated to socially to your house for an impromptu get-together.
AQUARIUS (Jan. 20-Feb. 19) You're very perceptive today. You might be able to spot a unique situation for personal gain if you look hard enough.
PISCES (Feb. 20-March 20) This could be a profitable day if you're prudent and practical in dealing with material or financial matters.

Pot Bellies Are Common Today

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — Why do so many people, young and old, men and women, have protruding stomachs nowadays?
I'm over 60 and have rheumatoid arthritis. My feet, legs, and knees have become very painful to use, hence my exercise is limited. Until I acquired arthritis some years ago, I had a very flat stomach. Now it protrudes — feels swollen.

Fire Department Bids To Come Under Scrutiny

By DONNA ESTES
Herald Staff Writer

LAKE MARY — The city council Wednesday night ordered a probe of possible fire department violations of the state and city bid laws, authorized an inventory of fire department equipment and agreed to hire a full-time fire chief at a salary of \$10,500 annually.

Arson Evidence Sought In Crooms School Fire

By BOB LLOYD
Herald Staff Writer

State fire marshals and Sanford police and fire department investigators today were probing gutted portions of a building at Crooms High School looking for evidence of arson and burglary.

Farmers Market Changes Discussed

Members of the Agri-Business Committee of the Greater Sanford Chamber of Commerce discussed today the reorganization of the Sanford Retail Farmers Market, and the feasibility of distributing tree seedlings at today's meeting.

Evening Herald

68th Year, No. 96—Thursday, December 11, 1973 Sanford, Florida 32771—Price 10 Cents

A MOUNTAIN OF SNOW

Everyone knows it got cold in Downtown Sanford today, but a mountain of snow? That's ridiculous. True, the early morning temperature at the Agriculture Center on U.S. 17-82 did dip to 31 degrees, but this mountain of snow at 13th Street and Myrtle Avenue is man-made. Seems Bauder Associates, Inc., was cleaning out its freezer boxes when Joanna and Kim McCord of Deltona came along and decided to make snow balls out of the melting substance. (Herald Photo by Bill Vincent Jr.)

Among County Commissioners
Jury Probe Reactions Vary

By ED PRICKETT
Herald Staff Writer

A grand jury probe of county government has affected top officials of that body in different ways — for some it's "tragic" while others see the investigation as politically inspired.
Commissioner John Kimbrough says the judges' sealing of four alleged indictments "can have a lot of detrimental effect" on county government from the commissioners on down to morale of county employees.

Two Say They Aren't Named

Seminole County Commissioners John Kimbrough and Dick Williams today issued a formal statement saying that they are not the subjects of the current grand jury probe.

"Because of the secrecy, the public does not know who has been indicted and who has not. This is a public statement to make it absolutely clear that we have not been indicted, nor have we been named as unindicted co-conspirators," the statement said.
Signed by both commissioners, the statement was in answer to Wednesday's Evening Herald editorial which said those persons reportedly indicted by the grand jury are being protected from public exposure while the innocent are under suspicion.

Lake Mary To Hire Full-Time Chief
Fire Department Bids To Come Under Scrutiny

LAKE MARY — The city council Wednesday night ordered a probe of possible fire department violations of the state and city bid laws, authorized an inventory of fire department equipment and agreed to hire a full-time fire chief at a salary of \$10,500 annually.

Smith's wife, Barbara, however, said Bacon was meaning "gleefully" in hopes of seeing some member of the fire department put in jail.
Councilman Bert Perinchieff, saying he remembers back to reading the book "1984," pointed to the "Sticks McCarthy era" of investigations, the Watergate investigations and the current investigations into the FBI and CIA.

Today
Arson Evidence Sought In Crooms School Fire

State fire marshals and Sanford police and fire department investigators today were probing gutted portions of a building at Crooms High School looking for evidence of arson and burglary.

Conkling In Closed Hearing

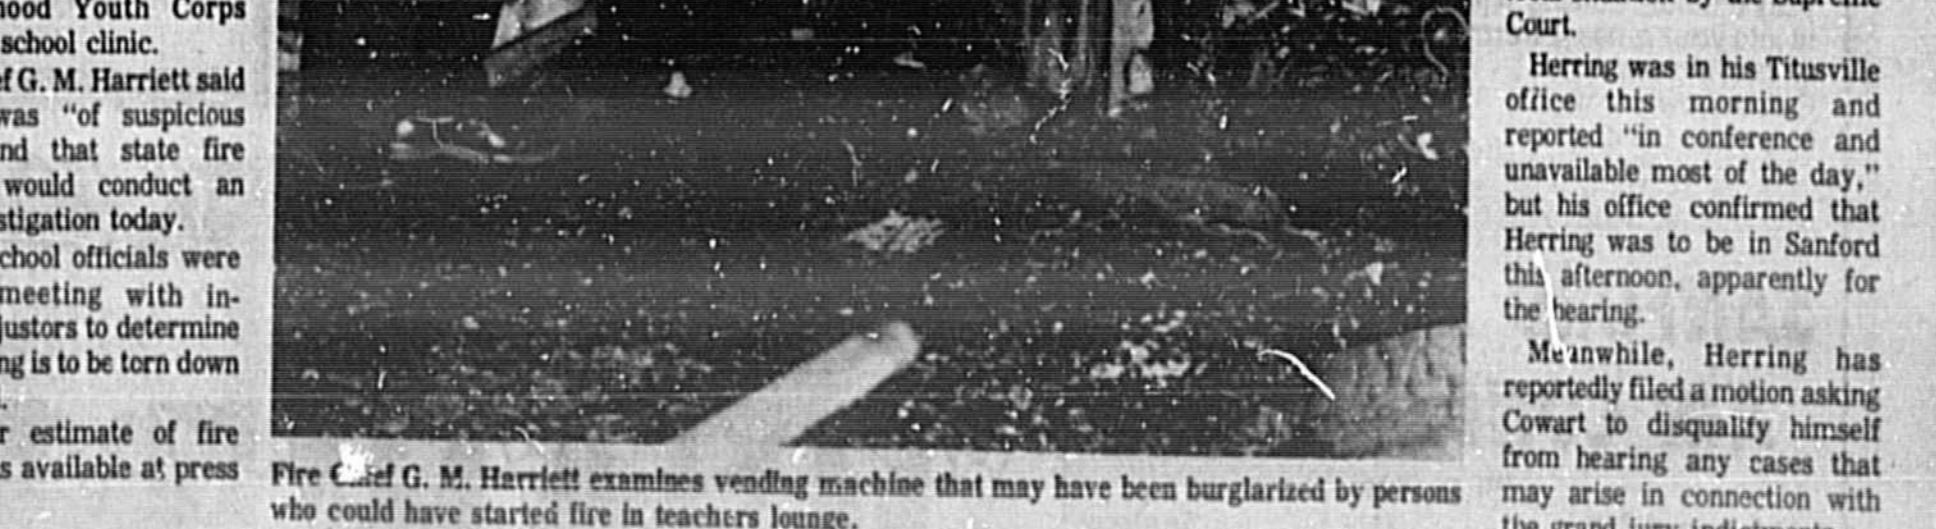

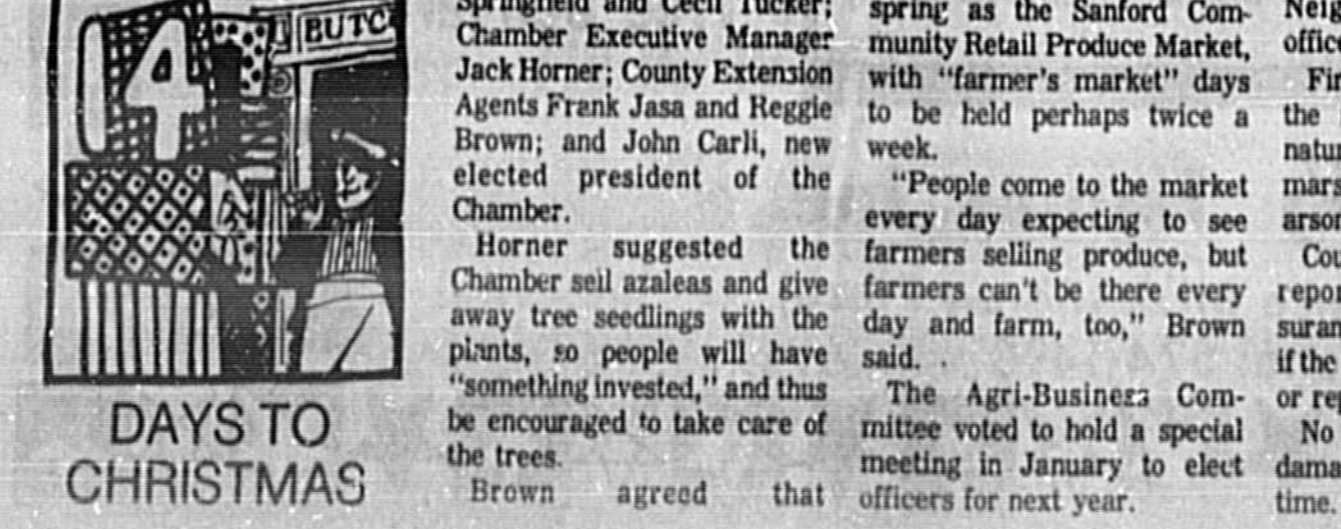

Chief Seminole-Brevard Circuit Judge Virgil B. Conkling was scheduled to hold a closed door hearing this afternoon, believed to concern efforts by attorneys to get sealed grand jury indictments quashed so the indictments, returned by a Seminole County Grand Jury probing allegations of county government corruption and sun-bleach law violations, will never be made public.

Farmers Market Changes Discussed

Members of the Agri-Business Committee of the Greater Sanford Chamber of Commerce discussed today the reorganization of the Sanford Retail Farmers Market, and the feasibility of distributing tree seedlings at today's meeting.

Days to Christmas
