

WELL ATTENDED MEETING CHAMBER OF COMMERCE AT VALDEZ LAST NIGHT

REGULAR MONTHLY MEETING AND BANQUET WAS GREATLY ENJOYED

SOME FINE REPORTS

Of Committees and Some Interesting Talks By Many of the Members

The monthly evening membership meeting of the Sanford Chamber of Commerce was held last evening in the Valdez Hotel. There was an unusual amount of enthusiasm expressed, from an attendance, which, though small, was representative of the progressive element of the city. Report of the various committees showed that there is an excellent program of work being handled by the organization.

A very interesting report was reported by the Publishing Committee, closing the success of the recent post card day and the many favorable comments that were made by the townspeople in general. The committee also reported that the work of the committee was very successful.

The Shipping Water Committee reported that they had been successful in securing a contract for the transportation of lettuce from the Florida peninsula to the New York market. DID YOU EVER STOP TO THINK—

THAT your live merchants are city-builders. Their stores and their stock are up to date.
THAT some business men are destroyers, they really have no reason for it, they just lack pep.
THAT business rise and fall just like some men.
THAT men are good or bad, happy or miserable according to the use they make of their brains and the opportunities that present themselves. Some men grasp opportunities, others just through lack of pep and business foresight let them slide by.
THAT there are great opportunities for business development in your city.
THAT a great many business men are grasping these opportunities.
THAT the city which grows and prospers is growing because of ADVERTISEMENTS.
THAT advertising brings business and it brings business and it brings success to a business.
THAT if you ever want to prosper who the live, city-building, patriotic business men will find their way to the advertiser. They know that it is a strong, worth-while investment worth going after.
THAT WORTH WHILE RESULTS ARE OBTAINED BY ADVERTISING. F. R. ...

Takach, who with Mr. Takach celebrated their Golden Wedding last week.

Quantities of lovely red roses, combined with feathery asparagus ferns were used in the various rooms. The color motif of red and green was also carried out in the details and refreshments of this pretty party.

A short musical program was enjoyed the first party of the evening after which cards were featured. There being five tables of players, Mrs. Julius Takach holding high score among the ladies was presented dainty boudoir slippers, while the men's prize, a belt went to Mr. Tim De La Haye.

At the conclusion of the game, Miss Takach served delicious refreshments consisting of chicken salad, saltines, coffee and whipped cream followed by ice cream and cake.

Mrs. Takach the honoree, looked lovely in a becoming frock of white. She was recipient of many beautiful gifts of gold, silver and personal gifts.

There were about forty guests present and the evening was one of exceptional enjoyment for the honoree and guests.

BEST KNOWN MAN IN FLORIDA TALKS

Frank H. Owen, Jacksonville City Commissioner. Gives Interesting Account of His Experience

Jacksonville, November 2.—The fame of the new treatment known as RECUMA is penetrating every nook and corner where sickness and suffering is found.

Just a few days ago Mr. Frank Owen, who lives at 2125 Laura Street, said: "The continuous and trying duties I have been called on to perform seemed too much of a strain for me, and I began suffering from indigestion and constipation, which caused me to become bilious, and my heart would flutter as if it were to give out."

"I tried many things which promised relief, but didn't get it until I began using RECUMA which some of my friends were using and praising so high. Well, before I finished the first bottle the indigestion disappeared and I am no longer constipated."

"I feel like a different man and I think I am performing a real service humanity by letting everyone know the relief I got from RECUMA. I know it will positively and almost immediately cure a bad stomach because many of my friends are living proof of this."

against this liquor selling and re-lease to buy any of the liquor an-...
...up all these people who are selling to the youngsters this habit would be stopped. Liquor will be sold as long as the respectable people allow it to be sold, and no longer. And the respectable people who are allow- ing it right now are responsible for the breaking of the law.

Plainly, responsibility for the wide-spread violations of the prohibition law is upon the alleged "respectable" people. As the Sanford paper direct-ly charges, liquor will be sold as long as the "respectable" people allow it to be sold, and no longer. If all of the alleged respectable people would withdraw their patronage from the bootleggers, these outlaws would go out of business. They would not have enough patrons left to make the traf-fic profitable or to justify the risks which they must take in securing and disposing of liquor.—Tampa Times.

THE FOOLINGNESS OF SOUNDS

Seminole is the only county in South Florida where the proposed re-appointment amendment seems to have any appreciable number of friends. Seminole county has a candi-date for the speakership of the House. But even at that, the best the Sanford can say about the amend-ment is...

THE ELECTIONS AND BUSINESS

...the question of...
...the following statement...

RESPECTABLE PEOPLE RESPONSIBLE

The Sanford Herald has been con-ducting a vigorous campaign against the sale of liquor to young men and boys in that town, the evil having as-sumed alarming proportions, as was demonstrated by the large number of arrests for drunkenness. The Herald reports that it is being commended for the contrary policy as it well deserved, and in comment it brings out a very pertinent point:

ROTARY FRIENDSHIPS

The editor of the Herald visited the Orange Rotary Club a few days ago and spoke on "Rotary Friendships" giving several examples of what real friendship meant. He said that he had heard of a number of such friends in Orange and that he was glad to see that the Orange Rotary Club was not wholly for the amend-ment or wholly against it, the people think for themselves over here.

WIFE BEATING

In Wilkes Barre, Pa., a man, charg-ed with wife beating, was being tried before a jury today. Becoming inter-ested in the case, the juror, who had been called to the court to see the defendant, jumped over his desk, gave him a black eye, had him stand up and kicked the other eye, after which he fined him ten dollars.

WATER SHIPPING

Water shipping is so popular at Sanford that the Clyde line found it necessary to double the capacity of its warehouse last year, and is confront-ed with the same necessity again this year. Tampa Times.

ORLANDO PUBLISHER

Orlando will have \$11,000 for pub-licity paid for by a local man, long to be the largest in the state. The publisher of the Orlando Herald, who has been in the business for many years, has just announced that he has secured the services of a local man to pay for the publication of his paper for the next year. The man, who is a well-known local business man, has offered to pay for the publication of the paper for the next year for the sum of \$11,000. This is the largest amount ever paid for the publication of a newspaper in the state. The publisher of the Orlando Herald, who has been in the business for many years, has just announced that he has secured the services of a local man to pay for the publication of his paper for the next year. This is the largest amount ever paid for the publication of a newspaper in the state.

It is the force of Rotary prin-ciples: "Service Above Self."

Down in Orlando one of the bitterest political campaigns in the history of the city was in progress, Mayor Duckworth is being opposed by Sena-tor Overstreet. Both of these candi-dates are high class gentlemen and both, naturally, have a following that became intensely partisan as the cam-paign progressed. As is the rule in such cases personalities became bitter. The newspapers were filled each day with charge and counter charges. Friends on opposite sides were becom-ing estranged, and in consequence the entire community was suffering.

Then Rotary stepped in. Both can-didates are members of the Rotary Club. The candidates were called in conference. Rotary principles were applied. The candidates shook hands. The campaign of personal abuse was over. All newspaper publications were eliminated and all mud-slinging was stopped. The afternoon paper, which had already prepared what, no doubt, were high voltage articles of abuse, appeared with the space vacant, mere-ly with the explanation that "This Space Bought By the Rotary Club." What an epic in advertising.

Wasn't this a splendid thing for a body of business men to do?

tion between the railroads today.

Under the Esch-Cummins law the railroads have the privilege of calling upon the Government for assistance in their financing. Many investors have looked upon this as a favorable argument. You will notice, however, that the railroads which stand best on the quotation board have very few government obligations in their balance sheets. The only kind of a keg to put your money into is one that will stand on its own bottom. Perhaps the others will come out all right, but the railroads in which I am interested are now adopting efficient business methods instead of depend-ing upon Government aid. In choosing railroad securities, my ad-vice is to let someone else speculate as to what the Government will or won't do.

"The same applies to industrial securities. At the moment everyone is much exercised over the new tariff rates. Some industries have secured greater protection than others. In the long run, however, the business which receives the greatest tariff pro-tection may not be the best investment. If its operation costs and overhead charges are increased on no safer basis than legislation, it is not a business in which to risk your money. Business concerns, like individuals, get their strength from fighting their own battles. Too much protection is far more dangerous than too little.

"Remember that Congress is gov-erned by the law of action and reac-tion. At present, legislation is run-ning toward Government subsidies and aid. The further this move-ment goes, the more drastic the measures will be. Hence, when you are looking for an industry in which to put your money, pick the one which has least to fear from the Government. Legislation may give a temporary boost to secu-rities, but the long run is toward a more conservative policy.

"The Government is preparing to take a more active part in the business of the country. The Government is taking the energy to the business organizations."

"The Government is taking this week drop in the stock market. It now stands at 100. The normal is 100.

"Get your office supplies, stationery and Post Cards at the Herald office."

FIRE ALARM SYSTEM WAS CUT OUT HALLOWEEN NIGHT

(By The Associated Press)
LAKELAND, Nov. 4.—The night of October 31 was Halloween in Lakeland as it was elsewhere, but there was no pulling of fire alarm boxes here by prankish boys. Guy Arrindel chief of the fire department, announced Tuesday morning that the fire alarm system would be "cut off" at 8 o'clock tonight for repairs and requested that if fire was discovered anywhere in the city during the night the information be telephoned to headquarters.

No mention of Halloween was made by Chief Arrindel in his announcement but many saw a Halloween motive in it. No false alarms could be turned in from the boxes and any false alarms sent in by telephone could be traced to its source immediately. Those who coupled Halloween with the repair to the alarm system are willing to wager that it will be necessary to make further repair on October 31, 1922.

SMUGGLING CHINESE INTO STATE FLORIDA CASE INTO COURT

(By The Associated Press)
PENSACOLA, Nov. 4. Colorful stories of liquor laden boats sailing from Cuba under cover of darkness, budding of Celestials in dilapidated shacks along the water fronts and daring episodes of smuggling operations are expected when C. D. Moore, of Crestview, former detective, J. H. Green, former banker Laurel Hill, Charlie Sney wealthy Chinese of Apalachicola and 13 others are called for trial at the fall term of United States district court here next week.

Indictment of the 16 persons, alleged to be members of a well-organized ring of Chinese and liquor smugglers, was made public here August 14.

Moore, the authorities claim, was head of the ring. He was owner of the schooner Success which, it is alleged, transported both liquor and Chinese from Cuba to the shores of Florida in Choctawhatchee Bay. The ultimate destination of the Celestials is said to have been Philadelphia. Louis Ying, alias Quan Yick, who is charged with being proprietor of the inland clearing house for the human cargoes, will appear here for trial.

C. C. Williams, a conductor on the Apalachicola Northern Railway when the smuggling is said to have been carried on, is included among those named in the alleged conspiracy.

FREE BIBLE LECTURE

PRINCESS THEATRE

SANFORD, FLORIDA

SUNDAY AFTERNOON, NOVEMBER 5TH, 3:30 O'CLOCK

—BY—

O. L. Sullivan

of BROOKLYN

This lecture has been delivered in almost every city, village and hamlet in the world to record-breaking numbers.

In London, for instance, the Royal Albert Hall was filled to its capacity (15,000), two hours before the meeting began and about 14,000 were turned away to overflow meetings. The New York Hippodrome (capacity 5,000), was filled to a like number turned away.

To the end therefore that many in this city may have the opportunity to hear the glad message, we have secured the Princess Theatre in order to comfortably accommodate a large number that desire to hear this subject discussed from a logical, reasonable, Scriptural standpoint.

CAN YOU EXPLAIN THE QUESTIONS ASKED BELOW?

- CAN YOU intelligently discuss the doctrines of the church to which you belong?
- DO YOU understand the doctrine of the resurrection of the dead as it will effect you?
- DO YOU understand the doctrine of the "Trinity"?
- DO YOU know what work the LORD expects of each Christian besides going to church, or do you think that fulfills your obligation to Him?
- DO YOU believe in Satan as a personal being?
- DO YOU know why the world is having the wave of spiritism teaching at the present time?
- DO YOU know what will be the outcome of the constantly growing differences between Capital and Labor?
- DO YOU know that there are a great many things that you should know that you don't know, and that the Bible will enlighten you?
- DO YOU believe that the earth will be burned or that it will abide forever?
- WHERE ARE the dead? Do you really believe that 999 of every 1,000 go to eternal torture and that some of your dead loved ones are there now?

THESE QUESTIONS AND MANY MORE WILL BE EXPLAINED IN THE LECTURE

SUNDAY AFTERNOON, NOVEMBER 5th, 3:30 O'CLOCK
