EFFORTS OF DR. ALBERT TO FORM NEW GERMAN CABINET WITHOUT SUCCESS; EXPECT SURPRISE

ALBERT WAS MEMBER OF CUNO'S CABINET
DOWNFALL FEARED

Of Reparations Body Through Lack of Funds—Germany Makes No Reply to Commission

(By The Associated Press)
BERLIN, Nov. 26.—Efforts of Dr. Heinrich F. Albert, former minister of the treasury, to form a new German cabinet had borne no visible fruit up to this afternoon. It was believed that if the ministry should take office, Dr. Albert's chancellorship would do no more than mark transition stage to dissolution of national parliament.

To Form Cabinet
(By The Associated Press)
BERLIN, Nov. 26.—Dr. Heinrich F. Albert, who was minister of the treasury under Chancellor Cuno has accepted President Ebert's invitation to form a new cabinet.

The decision to ask Dr. Albert, who was minister of the treasury in Cuno's cabinet was reached after prolonged conference which President Ebert had with Heinrich Brüning, minister of labor, Dr. Jarres, minister of the interior, and Dr. Otto Gessler, minister of defense. It is assumed that the three men will be members of the new ministry, if Dr. Albert is successful in forming it, and it is possible that the other outgoing ministers may also remain in office.

Former Chancellor Stresemann, however, has refused the foreign ministry. The attitude of the socialists toward an Albert ministry would, it is understood depend not only on its program, but its composition.

Expects Failure
(By The Associated Press)
PARIS, Nov. 26.—The disappearance of the reparations commission through lack of funds to keep it alive is forecast as a possibility by the Matin. The newspaper says that the German government, which under the treaty of Versailles must defray the cost of all the commission's obligations scrupulously, unless last July, but that since then reminders from the commission with regard to its duties have brought no replies from Germany.

The commission, says the Matin, therefore, has been using its reserve funds. The newspaper places the fund at 25,000,000 francs, without explaining its origin and says only sufficient of it remains to provide for the essential needs of the commission until the end of January. Then by sacrificing an important portion of its personnel the existence of the commission might be prolonged two or three months more.

Deputies Seize Fishing Outfit at Titusville
TITUSVILLE, Nov. 26.—Deputy Shell Fish Commissioner, C. H. Van Auker who is assisted by S. W. Richardson captured a practically new seine about two thousand yards long, together with windlasses, dip-nets and other unlawful equipment, also three boat loads of small fish, mostly trout, on the morning of November 22, in Mosquito lagoon, Volusia county.

The seiners fled upon the approach of the officers and none of the boats displayed any tags or numbers on the bow, as required by law for identification of the boats and owners, but the officers have clues and arrests will probably follow in the course of a few days.

This makes the second seine seized in this vicinity in the course of a week, which shows the determination of Commissioner Hodges to stop this illegal fishing that destroys so many small fish, and men have been stationed there for this purpose indefinitely.

Belgian Government Seizes German Rolling Stock to Collect Indemnity

(By The Associated Press)
BRUSSELS, Nov. 26.—Belgian government today seized the German rolling stock at Duisburg and Hamborn in view of Germany's failure to reply to Belgium's ultimatum demanding indemnity of 1,250,000 francs for the assassination of Lieutenant Graf near Dueseldorf in March 1922.

The stock seized was ready for delivery from Duisburg and Hamborn workshops to the German government. The material will be liquidated to cover sums demanded for indemnity and as damages for the family of the murdered man.

The time limit fixed by the Belgian government, in which Germany must pay 1,250,000 francs as indemnity for the assassination of Lieut. Graf, in the neighborhood of Dueseldorf, expired yesterday, and nothing has been heard from Berlin beyond an offer to submit the question to The Hague tribunal for arbitration. This proposal has already been declined by Belgium.

The latest note forwarded to Berlin carried the ultimatum that Belgium would confiscate the amount in the occupied territories in the event of the failure of the reich to pay.

LATE WIRES

Men Badly Burned

(By The Associated Press)
CHICAGO, Nov. 26.—Twelve men were badly burned and 14 men still were unaccounted for at noon according to information received at general offices of Chicago Wilmington and Franklin Coal Company from west Frankfort mine. The explosion localized reports said and this is believed to have kept down disaster.

Suspect Arrested

(By The Associated Press)
MEDFORD, Oregon, Nov. 26.—Sheriff Terrell received telegram yesterday from Sumter county, Florida saying that three men were held as D'Autremont brothers, wanted as suspects in Siskiyou Tunnel murders and train robbery October 11. No details were given in telegram to sheriff.

Close on Trial

(By The Associated Press)
ORLANDO, Nov. 26.—John Clow went on trial in circuit court on charge of murdering Alexander P. Boyer former army officer, whose skeleton the state alleges was found in woods last Decmbr. The case of his stepson, jointly charged with him, severed and continued owing to illness.

Committee Gets Papers

(By The Associated Press)
WASHINGTON, Nov. 26.—Papers paid by ward department officials to show that at one time Charles R. Forbes, former director of Veterans bureau was dropped from rolls of army as deserter were turned over to senate veterans committee today by the department.

ESTABLISHES RECORD

NEW YORK, Nov. 26.—America's biggest steamship the Leviathan established a new world's record for westbound navigation of the Atlantic arriving from Cherbourg today after a run of five days, 7 hours, and 20 minutes with an average hourly speed of 21.17 knots. This broke by 13 minutes previous record held by Mauretania.

PRESIDENT ORDERS PROBE

(By The Associated Press)
WASHINGTON, Nov. 26.—Investigation by department of justice into the legal phases of the case of Charles L. Craig, comptroller of New York City sentenced by federal judge Mayer to sixty days in jail for contempt of court has been ordered by President Coolidge. Senator Copeland appeared before the President in behalf of comptroller.

HUMAN FACTOR PREVAILS

(By The Associated Press)
CHICAGO, Nov. 26.—Secretary of labor Davis says in a letter to the Chicago Tribune that a recent admission for approximately 4,000 immigrants at New York was in accordance with definite provision of law and takes the newspaper to task for what he calls seeking to rebuke public officer without first obtaining true facts from that official. Secretary says he is well aware of his duty and his oath but insists that a public officer cannot well discharge human factor and he knows that congress did not intend for him to.

THOUSAND TRAPPED IN MINE

(By The Associated Press)
BENTON, Ill., Nov. 26.—More than 1,000 men may be trapped in mine of Chicago Wilmington and Franklin Coal Company it was reported following an explosion in the mine this forenoon.

NO PARTISANSHIP SHOULD BE SHOWN IN TAXATION PLAN

Garret Gives Out View on Taxation Matters in an Interview in Washington

WASHINGTON, Nov. 26.—Outlining in a general way his views on taxation, Representative Garrett of Tennessee, who is expected to again be Democratic leader in the house, declared in a statement yesterday that the question should be approached by congress without show of partisanship.

"Let's be done," he said, "with partisanship in dealing with the twin question of revenue and finance, except as to the present iniquitous high tariff which is constantly boosting the high cost of living and breeding countless profiteers. The tariff will continue in politics so long as greed insists on dictating extortionate and unconscionable high rates."

Mr. Garrett's statement was issued after he had conferred with various Democratic leaders in the house, including Cordell Hull, chairman of the Democratic national committee, who will represent a Tennessee district in the house during the Sixty-eight congress.

PLANNING MEET OF THE DEVELOPMENT BOARD OF FLORIDA

To be Held at Orlando December 4
Mark Fenton of Ohio to be a Speaker at Meeting

Officers of the Florida Development Board are providing ample time at the annual meeting to be held in Orlando on December 4th, for a general discussion of future activities of the organization, so that every member may express views which will be helpful in determining the policies for the coming year.

The meeting will convene in the San Juan Hotel auditorium at ten a. m. Following the reports of officers and committees, including a report from the recently created committee to supervise the advertising campaign to be conducted in the New York daily papers during period of the Florida State Exposition, there will be a display of the drawings suggested for use in those advertisements.

The Florida State Exposition and our authorized advertising campaign in New York papers, is attracting nation wide interest, as is evidenced from inquiries received from distant locations, the Oregon State Chamber of Commerce having requested complete information on how the exposition and advertising campaign were organized.

Mark Fenton of Youngstown, Ohio, known nationally for his work in securing developments will give a short talk on the value of industries to a city or community.

Directors for the ensuing year will be elected at the meeting.

Maybe Henry Ford wants to take over our government because it is losing so much money.

Living to a ripe old age would be much easier to do if it was a little less expensive.

Blizzard Grips North While It's June in Sanford

Associated Press dispatches received this morning from Albany, New York state that northeastern New York state is experiencing midwinter weather. A Sunday blizzard left a blanket of snow over the upper Hudson and eastern Mohawk valleys. Albany and Schenectady had six to eight inches of snow.

U.S. WOULD MAKE LIQUOR SEARCH CANADIAN SHIPS

PROPOSAL TO BE MADE AT TOMORROW'S MEET

BIG HAUL MADE

King of Bootleggers Arrested Yesterday Following Big Seizure of Liquor Aboard Boat

(By The Associated Press)
WASHINGTON, Nov. 26.—United States government will propose at American-Canadian conference on liquor smuggling opening tomorrow at Ottawa, that the clearance of ships destined for United States ports with liquor cargoes be prohibited by Canada. That search and seizure of vessels engaged in smuggling of Great Lakes be authorized and that treaty arrangement be made for extradition of persons accused of violating liquor laws.

British Ship Seized

(By The Associated Press)
WASHINGTON, Nov. 26.—Although details of the seizure of the rum schooner Tomako, off Jersey coast, are not yet known here, the understanding of officials is that she had been in contact with shore by means of her own boats and therefore would be legitimate prey for prohibition navy even though she was run down outside three mile limit. Rummy Bill McCoy, officially styled king of whiskey smugglers, and eight British seamen taken in capture of Tomako after running fight. Crew had more than a \$100,000 case in their possession.

The British auxiliary schooner Tomako, most adventurous of all the rum carrying craft on the Atlantic fell into the hands of coast guards early today after being fired upon six miles off Sea Bright, N. J. In her hold was found William "Rummy" McCoy, characterized by the government as the "rum smuggler king." A machine gun was captured on the schooner and another was tossed overboard by the rum runners, their captors said.

The coast guard cutters Seneca and Lexington, operating on information furnished by treasury department special agents that the Tomako was off Seabright, lying in close to dispose of 200 cases of whiskey—all that remained of a 4,200 case cargo shipped recently in the Bahamas.

COMMISSION WILL RELIEVE SHORTAGE

All Demands Will Soon Be Met According to Advertis Received From Tallahassee.

TALLAHASSEE, Fla., Nov. 26.—The state railroad commission received a telegram from W. P. Bartel, director of service of the Interstate Commerce Commission, Washington, saying steps have been taken which it is believed will end a shortage of refrigeration cars for shipment of vegetables and fruits from Florida. Continued on page 8.

Three Greatest Needs of Sanford

- By B. T. TILLER
1. That the Herald will be broad-minded and pull for ALL towns in Seminole county.
 2. That the Herald will have a proofreader to correct errors
 3. That the Herald will be delivered to all points in the county on the same date of publication.

CONTRACT LET BY CITY FOR CONSTRUCTION OF MUNICIPAL DOCK AND BASIN ON WATERFRONT

Laughs at Hangman

The law soon will exact its due. Arthur Covell, crippled astrologist of Marshfield, Ore., must die for his part in the "star" murder of his sister-in-law, Mrs. Ebba Covell. Yet he smiles as the judge pronounces sentence. And he is smiling here as jail attaches carry him back to his cell after the court has uttered the words that in a few weeks will send him to the gallows.

Beans, Corn, Grits and Soup Make Up One Wilson Dinner

NEW YORK, Nov. 26.—Woodrow Wilson's Sunday dinner on December 2 will consist of beans, corn grits and soup.

Mr. Wilson pledges himself and his household to partake of this frugal meal, the Near East Relief announced Sunday in observance of Golden Rule day arranged by the organization in its campaign for funds to feed Near East orphans. The difference in cost between the typical orphans menu and the usual meal will be contributed to the food fund.

PLAN TRADE WEEK SOON FOR SANFORD

Plan Presented at Meeting Friday by George Marr, Exposition Authority.

George S. Marr, well known throughout the country as a specialist in planning and directing expositions, auto shows, fairs, etc., was a guest of the Chamber of Commerce at Friday's meeting. In a short talk made at the time, he stated that he had been asked to handle a Merchants Trade Week Celebration to be held in Sanford some time shortly after the first of the year.

During the past year Mr. Marr has been uniformly successful in staging events of this nature in Columbus, Ga., Auburn, N. Y., Rome, N. Y., Wilkesbarre, Pa., and other cities in various parts of the country. Enormous crowds were attracted to the cities where these special events were held and the reaction has been to increase their prestige as trading centers. In Auburn and Rome it was estimated that from ten to fifteen thousand people from adjacent territory visited, these points daily to trade and enjoy the unusual celebration the live merchants had arranged for them. In Wilkesbarre, the daily total of visitors was computed to be twenty-five thousand.

Tentative plans to be considered by a special committee appointed by President Higgins, of which S. M. Lloyd is chairman, comprise special sale days, auto show, and numerous other original features which are a novelty in Florida. The celebration will last a week and it is expected to be one of the biggest events that has ever been held in Sanford.

Mr. Marr, who has been a frequent visitor to this city during the past twenty years, is well known to local business men. He is spending the winter here with his assistant Sam H. Mellinger. The first formal meeting with the committee will be held during this week.

MARKETS

NEW ORLEANS, Nov. 26.—Dec. Cotton, 34.75; January, 34.90.

CHICAGO, Nov. 26.—Wheat, Dec. 1.02 3-4 to 7-8; May, 1.08 1-8 to 1-4; corn, May, 72 3-8; oats, May, 41 3-4 to 7-8.

JACKSONVILLE CONTRACTORS FURNISH BOND

BEGIN IN 30 DAYS
And Must Finish Work Within the Next Six Months—To Cost Nearly Fifty Thousand Dollars

Contract has been let for the construction of the municipal dock and boat basin, according to an announcement made this morning by City Manager W. B. Williams, the work going to contractor R. J. Gillespie and John Emelle, prominent Jacksonville contractors.

This announcement will be received with great interest due to the fact that this improvement has long been delayed on account of the inability of the city to interest contractors in the proposition.

The city manager stated this morning that Gillespie and Emelle had furnished a surety bond in the amount of \$25,000 to begin work within the next thirty days and to complete the job within one hundred and eighty days. This includes all of the construction, placing of concrete piling, and making the necessary dredging for the basin and filling in the bulkhead for the roadway, the work to cost \$44,021.

Added to this there is other construction that the city will do to make the waterfront improvement complete, the total cost of all work will not exceed \$67,000, which is the amount of money available.

Work has been delayed on account of the City not being able to secure bids within the money available for this work, and the matter has been in the hands of the City Manager and City Engineer Fred T. Williams for some time to work out a solution whereby the work could be done with the results as above, which is \$25,000.00 under bids heretofore received by the City Commissioners.

Officials in charge are proud of the results obtained, and will continue their work until final completion of the dock and boat basin, and thereby add a much needed improvement to the city.

Cuba Cuts Down Chinese Influx

(By The Associated Press)
HAVANA, Nov. 26.—Restrictions imposed upon the entry of Chinese immigrants into Cuba have cut down the influx so that within the last ten months only 212 had entered as compared with 1,212 during the previous ten months. The present Cuban law is similar to the United States law and bars laborers, but admits under restrictions merchants, students and tourists.

Several thousand Chinese were admitted under special legislation during the world war to work in the cane fields but most of them soon drifted to Havana where they soon drifted living by operating laundries, keeping small shops and peddling vegetables and merchandise. A number of them also conduct truck farms in the suburbs.

Havana has developed a "Chinese Quarter" that extends for several blocks and it is estimated that the city has about 50,000 Chinese.

Allies have Germany's goat and are taking it to the glue factory.

WARD OFF GRIPPE
Get rid of that cold quickly before feverish conditions set in and you have had case of grippe. Leonard's Cough Syrup (Creosoted) quickly soothes and heals raw throats, cuts the phlegm, protects the lungs, stops irritation and brings relief. If you have a light cough, but cold, grippe or bronchitis get a bottle of Leonard's Cough Syrup (Creosoted) and ward off more serious trouble. Fine for whooping cough and croup. The safe, sure and pleasant remedy that you can depend upon. Protect your children and yourself. At your druggists.

AMUSEMENTS

AT THE MILANE

Monday—Lon Chaney in "Blind Bargain." Also a good comedy.

Tuesday—William Fox production "The Town that God forgot." Comedy. Also change of local views and children on the screen.

Wednesday—Mary Carr in "The Surtard Cup." Mack Bennett Comedy as an added attraction.

Thursday and Friday—Douglas Fairbanks in "Robin Hood." Benefit Woman's Club.

Saturday—Big Boy Williams in "1,000 Reward." Also comedy and Mutt and Jeff.

AT THE PRINCESS TONIGHT.

Today's feature is William S. Hart's rip-roaring western production "Hell's Half Acre" replete with thrills and excitement. There will also be a comedy "All Balled Up."

The following is next week's program:

William S. Hart, who plays the part of a "bad man" in the Western dramas, spent many boyhood years on the plains of South Dakota. His parents intended him for the army, but Hart had a preference for the stage. He has scored a success in the motion picture drama in such characters as "Last of the Stage Coach Bandits," "Man Killer," "Hell's Half Acre," "Two-Gun Terror" and "Black Lie."

Clara Williams has the part of a sweet, spirituelle girl, who wins the heart of the supposedly tough gun-fighter. She will be remembered particularly for the characterization she gave in "Carmen of the Klondyke."

STATE COLLEGE NEWS.

FLORIDA STATE COLLEGE FOR WOMEN, Nov. 23.—The first year of the Florida State College artist series course had a propitious opening on last Friday evening, the occasion being the violin concert by Francis Macmillen. One thousand students and faculty was the limit that could be crowded into the auditorium and stage. Everyone else was unable to obtain admittance. Macmillen is a veteran of the world war, was cited by Pershing for "conspicuous and meritorious service." Under his genius, the Stradivarius seemed to tell anew tales of the ripe experience of its long life.

He was accompanied by Mrs. Edna Gussen.

SURE IT DOES GOOD

Theodor's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the flu by taking doses of Black-Draught regularly."

"I, myself, use Black-Draught for indigestion, and it is fine."

"We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver."

"I am glad to recommend anything that has been the help to my family that Black-Draught has."

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthful matters out of your system.

Sold everywhere. NC-148

DEATHS

JOHN IVEY

John Ivey, oldest resident of Orange county, died yesterday morning at his home, three miles west of this city according to The Sentinel. Mr. Ivey settled in Orange county in 1858, coming from Hamilton county in the northern part of the state.

What Small Bobbed-Haired Women Do When Lawyer Experts Disagree?

SYRACUSE, N. Y., Nov. 24.—Does a bride take the first step in the losing of her husband when she bobs her hair? Or is the barber's bobbing fee the best and cheapest husband-holding insurance she can buy? Which?

Do bobbed-haired wives, in other words, appear as divorce court plaintiffs more frequently, for their numbers, than their unshorn sisters? Or don't they appear at all? Syracuse lawyers today say they know, but—don't agree.

Answers to a group polled ranged from "bob it and keep it" to "bob it and lose it." And some said "bob it and he'll sue you."

Here are the opinions of Syracuse's attorneys who handle divorce cases: Arthur Benson—"I never brought a divorce suit for a bobbed-haired woman; I never defended one in a divorce case. But I have named them as co-respondents."

Lionel O. Grossman—"Don't bob it; he'll tire of you because he'll tire of your looks. It's not natural. Be natural and hubby will follow suit and stay true."

Jesse B. Benson—"Bobbing records more wives than it loses. Husbands like up-to-the-minute wives. No man's wife whose hair is off is wor-

rying about her being behind the times. He may sue her, but he'll stay in love."

Harrison J. McDermott—"Hair is a woman's crowning glory. Most men are opposed to its being bobbed as they are to having their wives smoke. It may help their appearance, but it doesn't help their domestic bliss any."

Frederick A. Brown—"Bobbing may be 'out,' but it certainly makes some women look better. Neat wives hold their husbands. There are few trim divorce case plaintiffs. Many seem careless of their appearance."

Starr G. Taylor—"Husbands know that some women bob because they are too lazy to comb. Besides, bobbing—like smoking—cheapens a woman in her husband's regard. It takes her off her pedestal."

Gerson Rubenstein—"It's all luck chance. I've had bobbed women in separation suits, but not in divorce, except as co-respondents. What of it? Age makes the difference and individual circumstances."

"Is it luck? Is there no general rule? Does bobbing lead to the arena of the matrimonial court—or to the hearthstone? Or doesn't it make any difference? Which of the answers are right—or are they all right.

Women's Club Elected Officers At Meeting

WEST PALM BEACH, Nov. 24.—Before the close of final session yesterday the Florida Federation of Women's Clubs chose the following biennial officers in a spirited contest: President, Mrs. W. F. Blackman, of Orlando; vice-president, Mrs. Katharine B. Tipplets, St. Petersburg; recording secretary, Mrs. E. C. Hawkins, Bookville, S. C.; corresponding secretary, Mrs. T. P. Werlow, Orlando; treasurer, Mrs. John Dickens, Miami; and auditor, Mrs. L. E. S. Jones, Jacksonville. The convention also named 11 delegates to the national biennial meeting at Los Angeles next summer.

"FLORIDA HIGHWAYS"

TALLAHASSEE, Fla., Nov. 26.—"Florida Highways," organ of the state road department, published "Primarily to promote the cause of good roads in Florida," is making its bow to the people of Florida with the initial number dated for the month of December.

"It will deal with the work of the State Road Department, with the program which the department strives to accomplish, and it will discuss frankly and without partisanship the many problems which are encountered in the effort to give Florida a system of well located, connected and permanent arterial highways," says the salutation. "Florida Highways" will reflect the attitude and opinions of the department, but it will do so always without heat and solely in the desire to place before its readers the facts as they appear to those most intimately connected with Florida's road program."

The magazine is being published without expense to the taxpayers, according to its editor, B. J. Meginnis, recently appointed attorney for the department.

DISTRICT CONVENTION.

MIAMI, Nov. 26.—The district convention of Odd Fellows and Rebekahs will be held here December 1. Officials prominent in the order have been invited to make addresses before the gathering which is expected to attract several hundred persons here from surrounding territory. The meeting will be featured by a public gathering at Royal Palm Park in the afternoon, followed by a banquet in the armory, to which both local and visiting members of the order will be invited.

GOOD ROADS MEETING.

PALATKA—A series of good roads meetings throughout Putnam county will be concluded at Welaka on Thursday, November 29, unless additional dates are fixed prior to that time. The meetings began at Federal Point Wednesday. They are being held in the interests of a bond election November 30 when citizens of the county will pass on a \$500,000 bond issue for a bridge across the St. Johns river at Palatka, and to decide whether or not the entire county shall be made a special road and bridge district.

DRAINAGE DISTRICT.

ST. PETERSBURG—The county commissioners will on December 10 open bids for the construction of an improved system of highways in the special road and bridge district created in and about Pinellas Park, for which \$252,000 in bonds have been provided.

Movement of Oranges Exceeds Grapefruit

(By The Associated Press) TAMPA, Nov. 24.—For the first season shipments of oranges today exceeded shipments of grapefruit, according to George A. Scott, general sales manager of a cooperative marketing organization. Orange shipments for the year from Florida now total 4,446 cars while grapefruit shipments total 4,325 cars.

FOUR AND A HALF MILLS.

TAMPA—The Hillsborough Valley Drainage District, comprised of 52,120 acres of land in the northeastern section of the county, has been organized for the purpose of reclaiming the land. Territory covered in the district lies in the upper Hillsborough river valley, stretching from the vicinity of Giddens Shoals to Crystal Springs and south to the neighborhood of Knights station. The project is the fifth of its kind in the county, the five covering a combined area of 101,770 acres.

FOUR AND A HALF MILLS.

LAKELAND—Four and one-half mills for the coming assessment has been fixed by the city authorities here. It is believed that this will be the lowest millage of any city in the state. Two years ago the millage here was 26, and last year it dropped to 13.8.

TRIAL OF COL. PALMER.

CLEARWATER, Nov. 26.—November 28 has been set by County Judge John U. Bird for the trial of Colonel Palmer, who is charged with violation of the liquor law. The residence of Colonel Palmer recently was searched by officials where it was stated a quantity of liquor was found.

WOMEN VOTERS.

DAYTONA, Nov. 26.—The Volusia County League of Women Voters will hold a meeting at Enterprise on December 7 for the purpose of electing county officers for the coming year. Delegates also will be named to attend the state convention which will be held next January 9 and 10 at West Palm Beach.

PARIS, Nov. 24.—The Allied repatriation commission today heard the German delegation regarding the capacity of Reich to pay. The sitting lasted hour and half being entirely occupied by the exposition of German economic and financial situation by Dr. Fisher, under secretary of treasury, for the Reich. The commission, which seemed to find his statement sufficiently explicit, will consider it and supporting documents next Tuesday and will probably then decide whether its necessary to call delegation again.

CATHOLIC BAZAAR.

Christmas Bazaar of Catholic church at Parish house, December 5 and 6. 161-to Dec 6.

RECOMMENDS FOLEY KIDNEY PILLS.

"Your medicine worked a miracle for me," writes Mrs. C. Biron, 140 Fayette Street, Lynn, Mass. "I was all run down, had a cough all winter, also kidney trouble and after taking a few boxes of your medicine my cough and backache left me. I can eat and sleep well. I canvass and recommend it at every house I enter." Prompt relief secured from kidney and bladder irritation, rheumatic pains through using Foley Kidney Pills. Insist on the genuine—refuse substitutes. Sold everywhere.—12-1

MAZEPPA

Announce Amounts In Claims of War

(By The Associated Press) WASHINGTON, Nov. 24.—Fifty-one awards, totalling \$1,502,119.75, in favor of American firms and individuals with claims against Germany for losses sustained during the war, were announced today by the German-American mixed claims commission.

MID-WINTER FESTIVAL

FORT PIERCE—Local civic bodies are planning a mid-winter festival and exposition for Fort Pierce, to be held in the latter part of December or early in the New Year. Citrus fruit, truck and exhibits of other kinds from throughout the county will be among the features which will also include amusements and entertainments.

TO EXTEND WATER MAINS

ST. AUGUSTINE—Voters of this city probably will be given an opportunity in the near future to vote on extension of water mains and fire protection to the territories recently taken into the municipality. The city commissioners have the matter under discussion, and have directed the making of a survey of the entire city to determine just what is needed in this connection.

Who gets Wight's Ford?

Ducks for Thanksgiving, 40c pound. Short's Duck Farm, Longwood, 198-101p.

Daily Fashion Hint

DRESS WITH SLEEVELESS JACKET

Whatever else one is compelled to forego this season, certainly the three-piece suit can not be omitted from the season's wardrobe. Besides being extremely chic it has the virtue of being exceedingly practical. This model with sleeveless jacket is carried out in Porette and flat crepe. The waist is slashed at the center-front, underfaced and rolled with the collar, forming revers. If preferred, the collar may be cut off shorter at the back. Medium size requires 1 1/2 yard 40-inch material for the blouse, and 2 1/4 yards 54-inch Porette for jacket and skirt. Pictorial Review Jacket Suit No. 1558. Sizes, 14 to 20 years. Price, 35 cents.

Graham To Remain In Race of G. O. P.

(By The Associated Press) WASHINGTON, Nov. 24.—Representative Graham, of Illinois, after a conference today with President Coolidge, announced he would remain in the race for Republican leader of the House. He said he had gained the impression that the President would pursue a hands-off policy in the contest which has developed between him and Representative Longworth, of Ohio.

The Methodist Ladies will hold their annual bazaar December 14th and 15th. No. 200 etc.

Making an Asset of Difficulties

A great opportunity is now before American business—the opportunity of making a big and permanent asset out of the very difficulties of the present situation. The conviction that this can be done is extremely heartening. It is enough to put a new thrill of life and activity into every form of industry.

From one point of view the present situation is by far the most desirable, the soundest, the sanest, and the most hopeful this country has ever seen. Why? Because it brings into bold relief, through sheer necessity, the latent power to create conditions as we would like to have them.

The curtailment of Demand for the products of industry brought us face to face with the question, hitherto ignored, as to what causes demand. Then it was discovered that Demand was a created thing, and that more of it could be created in almost any direction—if enough of the right effort were applied.

Chief among the means of creating Demand is now seen to be Advertising. Wherever you find a big demand for any product you find, invariably, that the demand for that product has been stimulated by human effort, and chiefly through advertising.

It is obvious to any one who will think it through that the present demand for any product could be substantially lessened if it were possible to eliminate all forms of advertising—including pictures, displays, and word of mouth, as well as printed and painted messages—and just let that product depend on the natural or unstimulated demand.

And it is equally obvious that a demand for any worthy product can be created and stimulated by means of Advertising.

This fact puts within the hands of the business man the means of an assured market for all he could produce.

(Published by the Sanford Herald, in co-operation with The American Association of Advertising Agencies)

WONDERS AND OPPORTUNITIES OF FLORIDA DESCRIBED BY GORDON NYE

Few People Realize The Vast Undeveloped Resources of the State and What is Being Done Throughout Florida

We, who live in Florida, know that this is really a land of opportunity. Most of us have come here from other states—and we stay here because Florida is good to us—gives us a chance to exploit our abilities to our full advantage and offers us many opportunities we cannot enjoy in other states.

When we consider the fact that Florida has only a million people and then make a study of the figures printed herewith, and then remember that this million enjoys this bountiful flow of wealth—when you do this—you will begin to realize why those who live in this state are for it twenty-four hours in the day. They know that wear a blessed way beyond the average.

Here are reliable Florida facts. Florida now leads the world in selling grapefruit and oranges. Florida sent to market this season 43,257 carloads, or 50. per cent. California and Porto Rico combined furnished 49.9 per cent.

Florida has 215 state bank and trust companies, having total assets of \$142,728,728, and 50 national banks having total assets of \$90,000,000. As there are less than one million people in the state—Florida again leads the nation in wealth per capita.

The banking resources of Florida have increased 410 per cent in 10 years.

Florida farm products in 1919 were worth over \$150,000,000.

Florida livestock and dairy products the same year amounted to over \$75,000,000.

With a mild climate and plenty of grass Florida is the natural home of the dairy cow. So far as dairying is concerned, we can do in Florida anything that can be done in Wisconsin.

Florida has some of the largest and most extensive forests of virgin timber remaining in America.

Florida has taken up from her forests annually over 120,000 barrels of rosin and over 1,000,000,000 feet of lumber.

Florida has over 2,000 miles of built roads, of which 4,158 miles are well-graded earth, 720 miles of asphalt, 500 miles brick, 35 miles concrete, 1,300 miles crushed rock, oil treated, 538 miles of shell and the balance of sand-clay.

Florida mines 80 per cent of the total output of phosphate in the U. S. Florida produces more fullers earth than all the other states combined. Florida produces the finest oranges and grapefruit grown anywhere in the world, and there are still millions of acres of desirable orange and grapefruit lands.

Florida has 2,915 common schools, 104 high schools, 4 state schools of higher education and 16 denominational colleges.

Florida equals the combined area of the New England states and stretches from north to south over 550 miles, from east to west over 450 miles.

Florida has more miles of coast line than any other state in the union and offers thousands of opportunities for the development of hotels and resorts.

Florida in 1910 had 50,016 farms, but in 1918 they had decreased to 133,247.

The total acreage of improved Florida farms in 1912 was 1,854,954; the total acreage in 1922 was 2,346,457, an increase of 26 per cent.

The state has 20,000,000 acres of unimproved land available for farm use—but, as in other localities, the land should be inspected before purchase.

The value of all crops and livestock in 1912 was \$63,823,297; 1920, \$148,225,091. Estimated 1922 to be \$156,500,000, an increase since 1912 of 131 per cent.

The livestock, dairy and poultry products of Florida increased from 1912 to 1922 132 per cent.

Florida census shows that 70 per cent of her farmers are white; that 73 per cent own their own homes; that 85 per cent operate their own farms, and the total amount of farm mortgages is less than 2 per cent of the total far values.

Florida is the winter playground of the American people.

The population of Florida has increased on an average of 4.78 per cent annually since 1880. The United States has increased in population 2.15 per cent annually since 1880. Florida is growing twice as rapidly as the United States.

The northern boundary of Florida is farther south than the southern boundary of California.

The average temperature in Jacksonville is 55 degrees in January, and 82 in July—the coldest and hottest

months. You need less fuel and clothes in Florida than any other state in the union.

There are beautiful hills and fertile valleys in Florida. It is not all flat. The assessed valuations of Florida property is \$426,906,718. As this is based on a 40 per cent valuation, our real wealth has a value of over \$1,000,000,000. With a few years of real development this could easily be raised to \$5,000,000,000.

The state has no bonded debt.

WEATHER FOR THE WEEK

WASHINGTON, Nov. 24.—Weather outlook for the period November 25 to December 1, inclusive: South Atlantic and East Gulf States: Normal temperature, considerable cloudiness and probably showers latter part of week.

Funny Looking Thing, Isn't It?

The new Oehmkaen-Peugerc... designed by... reported to have been very successful in flights in France. The pilot did not attempt to get altitude, but confined his flying to from 10 to 15 feet from the ground. That he was able to stay aloft at even that altitude is considered a big step forward in aviation.

Orlando Mayor To Run For Senator

Of This District—Drachworth Would Go to Tallahassee to Represent Orange, Seminole and Oseceola

Of interest to the voters of Sanford and Seminole county is the announcement made at Orlando last week of the candidacy of Mayor E. G. Duckworth for the office of State Senator to represent Seminole, Orange and Oseceola counties.

Friends of Mr. Duckworth throughout the district have been urging his entrance into the race for some time. He is now serving his second term as Mayor of Orlando. Here are some names favored by him:

A one half mill tax levy for state advertising purposes to be expended wisely in encouraging homemakers and worthy citizens to Florida.

Equalization of taxes over the state to lift the burden from the property owners in the southern section of the state and a more equalization of property valuations in the northern and southwestern portion of the state.

An amendment exempting citizens of Florida from payment of state income and inheritance taxes.

A more loyal support of education by the state government.

Revision of the law which denies mothers a voice in disposition of their children, and gives absolute power to the father in the matter of preventing children to individuals or institutions.

Assumption of the privilege and power granted women in the matter of suffrage.

INSTALL RADIO FOG SIGNALS.

KEY WEST—The government has decided to install two of the recently invented radio fog signals in south Florida as aids to navigation.

One will be placed at Dry Tortugas and the other at Jupiter Inlet light station. These signals are considered by the government experts as the best means yet invented to guide a ship in the fog; it is said. With this equipment, lightships or lighthouse send out automatically simple radio signals during fog or thick weather.

by means of which a vessel provided with radio compass may take definite bearings to guide itself safely, and for the first time in navigation, it is said, means are afforded whereby navigators may take reasonably accurate bearings on beacons not visible.

Wanted—A Son Just for One Week

DAD AND THE BOY

Walter W. Head thinks a father should be to his son: A mentor. A companion. An adviser. An ideal. A confidant, with whom the boy can share his joys and sorrows. And Dad's life, says Head, ought to be an example of a life consecrated to Christian service.

OMAHA, Nov. 24.—Walter W. Head has to "borrow" a son. Otherwise, the chairman of the national committee for "Father and Son Week" won't even get a look in on the big doings.

For every man, who attends any of the week's parties, must bring a son.

But Head ought to be able to negotiate the loan. Not having a boy, practically every lad in Omaha, especially the kids of the streets.

Own Climb Hard. Like Judge Ben Lindsey of Denver, he is known the length and breadth of the land as a friend of the boys.

His own boyhood struggles left within his heart a great desire to be a big brother to the "men of tomorrow."

Scouting, Sunday school and Y. M. C. A. activities have monopolized the major portion of his leisure for a number of years.

Every Sunday morning, he teaches a Bible class of sixty active boys. He was president of the Omaha Boy Scout Council until he became such a national figure in scouting that he couldn't manage both his national and local duties.

Followed Plow. Last July, he went to Paris as chairman of the American delegation at the international conference on scouting.

And he's a member of the "Y's" international council, besides.

His own life story catches boyish imagination, for it reads just like

Roratio Alger's "The Farmer Boy Who Became Bank President."

In his early teens, he followed a plow, behind a stubborn Missouri mule. Then he became a teacher. He quit the classroom a short while later to take a job in a bank at \$30 a month.

Today, at 43, he is president of the American Banking Association.

It's no wonder he appeals to boys. And, in view of his own hard climb, it's no wonder the boys appeal to him.

"When I was working my own way up," he says, "I made up my mind that if I ever had a chance to give the boys a lift, I would do it." And he has kept his word.

BETTER ENFORCEMENT

MIAMI—Better enforcement of the liquor laws in Dade county should be accomplished by officers responsible for such enforcement, according to the final presentation of the November grand jury to Judge Mitchell D. Price. The grand jury considers that "an unwarranted condition exists" in the county in this regard, charging that the liquor law violators are "running rampant through the city of Miami" and the county.

"This condition should be remedied immediately," the jury recommends. Belief is expressed in the presentment that the law should be more vigorously prosecuted and the "law violators should not be compromised or traded with, but on the other hand there should be a better and more vigorous policy of apprehension and prosecution adopted by the proper officials in the future than there has been in the past."

BE PREPARED FOR COUGHS

Do not wait until an attack of "flu" is upon you. Take care of the little cough or cold and prevent the big one, or an attack of "flu." Bear in mind Foley's Honey and Tar, the safe and sure remedy for coughs, colds, bronchial and throat troubles and coughs resulting from "flu." Foley's Honey and Tar—the largest selling cough remedy in the world—free from opiates. Got the genuine—refuse substitutes. (adv.)

Food baked in the Florence oven browns evenly without burning on the bottom

Just the heat you want—

WHY waste fuel by keeping a fire going when you are not cooking?

You can cut household expenses and have a more comfortable kitchen by using a Florence Oil Range. And any food you may wish to serve can be cooked quickly and well on this modern stove.

Make this experiment

Go into a store where the Florence is sold (department, furniture, or hardware store).

Say you want to see the Florence Range actually work. Touch a match to the Asbestos Kindler—in a few moments you will have a clear blue flame.

Notice how intensely hot it is—also that by turning a lever you can regulate the heat to any degree you desire. Observe that the flame is close up under the cooking. It does not heat up

the metal of the stove; nor does the heat escape into the room.

The vapor from kerosene—a cheap and plentiful fuel—is what burns. It is not a wick flame, such as you see in the ordinary oil lamp. The Florence is convenient, economical, safe.

Exclusive features

If the floor is uneven, the Florence Leveler, by the simple turn of a screw, sets the stove right. The oven has the "baker's arch" and patented heat-spreader to prevent uneven baking. The oil reservoir is strongly built and has a glass bulls-eye to show the oil level.

The Florence looks as good as it is. Visit a department, furniture, or hardware store and find out about this modern range. Examine the quality of the enamel. Shake the stove and see how staunch it is.

The Big Burners The heat in the Florence burners is close up under the cooking where it is not wasted.

Florence Leveler Attached to each leg of the stove, this device enables you to set the stove level on an uneven floor.

BIBLE THOUGHT FOR THE DAY.

Whatever thy hand findeth to do, do it with thy might.—Eccles. 9:10.

Write your northern friends to visit Sanford this season.

Sanford stands for the best things in life.

Remember the other fellow and enjoy a real Thanksgiving.

Sanford lettuce is chasing many a dollar back to Seminole county.

Save 2 per cent on your taxes by paying up before December 1.

Help entertain the winter visitor by listing your vacant room with the Chamber of Commerce.

Tax reduction, as promised by Secretary Mellon, gives the most pessimistic something to be thankful for.

A thoroughly equipped playground would pay big dividends in health and happiness.

The Children's Home in Jacksonville needs your aid. Send in your contribution today.

Plant City is expecting a fine strawberry crop. Quantity as well as quality, will be in evidence, it is reported.

Shippers expect to forward 150 cars of lettuce to the northern markets this week. With good prices prevailing, growers have every cause to be thankful this Thanksgiving.

In the death of John Ivey at Orlando, Orange county loses one of her pioneer citizens. Mr. Ivey settled in this section in 1858, coming from Hamilton county.

Florida club women in session at West Palm Beach were urged to use the ballot or refrain from criticizing existing governmental conditions.

The Tribune advises us not to deery "Tin-can Tourists." Some of them become property owners and good citizens. Make the winter pleasant for everybody who comes to Florida.

The Observer has made its initial appearance in Tampa with the avowed intention "to back every meritorious proposition that will put Tampa and South Florida to the fore front."

Bradentown will have an election soon to provide \$65,000 for streets, sewers, and a water system. The election will be held December 21 and Bradentown, of course, will vote unanimously for the issue.

One of the liveliest and most attractive state papers received at The Herald office is the Sarasota Times, which reflects the prosperity now enjoyed by that thriving west coast city.

Governor-elect Fields, of Kentucky, evidently does not approve of the modern dance. His friends are arranging a ball to be held at the executive mansion and Mr. Fields has served notice that he will not attend.

Sanford and Seminole county owes a lot to the nine high school lads who put on such a creditable exhibition at the state fair. The boys will no doubt interest many a homeseker in the great possibilities of this section.

The first all-Pullman limited train ever operated between Eastern cities and the Florida West Coast will be established this year to keep pace with the rapid development of this section and in keeping with the progressive policy of the Seaboard Air Line Railway. For years the Florida East Coast has had solid train service from the East. This year Tampa and the West Coast will enjoy the same through train service.—Florida Grower.

Upholding Respect For The Law

Opportunities for service to the community by commercial clubs were never greater in the history of our country than they are today. Throughout the South especially, the popularity of luncheon clubs has increased until today we find such organizations in every town and city.

Commercial clubs are rendering an important service because men have the chance to get together and talk over problems of the day. They are finding out the viewpoint of others and the interchange of ideas is proving most helpful.

As a result much credit for the South's prosperity during the past decade is due to a better understanding among the people with the resultant application of modern business methods in the development of our vast natural resources.

However we are reminded by the Birmingham News that the South has not lived up to the full measure of her opportunities and that greater development should be forthcoming in industry, agriculture and education.

Another fact pointed out is that the spirit of lawlessness is prevalent in the South as well as in other sections which brings us to the point that the great commercial bodies of our section could render an invaluable service in upholding law and order as well as in the development of trade. Men who are supposed to be leaders of morality in high places are, in many cases, leaders of immorality. Lawyers, doctors and even teachers so often look upon the violation of prohibition and other laws as little more than a joke.

Years before the Civil War, Governor Hammond of South Carolina, urged his people to "Speed the day when the politicians will be exhorting the people to domestic industry instead of state resistance; when our Democratic clubs will be tuned into societies for the advancement of things worth while.

Declaring that this call should be heard today, the Manufacturer's Record says that political clubs, as well as every other organization of men and women alike, the Rotary, the Kiwanis, the Civitans, and all commercial bodies throughout Dixie should take heed. Continuing, the Record says:

If they would make membership in their organizations a synonym for law obedience and honor and integrity, they would accomplish marvelous good. Their work would then really count for something. The women's club should organize for the same kind of work. Here is a work for all organizations of this kind which would mean the moral upbuilding of their communities, and likewise the commercial and industrial upbuilding, for violation of law halts material progress and no community can attain unto its best possibilities where law is not enforced.

What organization in the South will make a rule that no one shall be admitted to membership who will not pledge his honor not to violate the laws of the land? Will it be a Rotary Club, or a Kiwanis Club, or a Civitan Club? Or will it be some new organization springing into life, whose membership is a guarantee of honor and integrity and obedience to law.

Here in Sanford we may well find a local application for this. We have many clubs and societies working day and night for the welfare and advancement of our city. We have able leaders and ministers in our churches. We have opportunities without number to take a lead in the development of things worth while.

The violation of the law inevitably halts the progress of a community. The respect for the law and duly constituted authorities places the community in the position to make the best of her opportunities and command the attention of thoughtful people.

Will every Sanford club or organization make this requirement necessary to membership? Will every society follow the advice so ably given to guarantee honor and respect and obedience to the law?

A Forward Step

Distributing concerns and growers of Seminole county have taken a forward step in arranging for government inspection on perishables shipped from this section in carload lots. This inspection, it is claimed, will more than anything else, act as a form of protection against the hit and miss form of operation and raise the standard of the products of our fields.

Sanford is entering the shipping season with the brightest prospects for bumper crops and good prices. Weather conditions have been favorable and with promising prices and government inspection, growers may well expect big returns.

The plan for government inspection calls for the placing of an inspector at each loading track. Examination will be made of several crates and classifications made accordingly.

The spirit of co-operation evidenced by the growers and distributors getting together on this as well as other important matters, cannot but indicate a greater return, both in profits as well as genuine satisfaction in a work well done.

SENATOR CAPPER insists that the farmer has to pay \$1.31 for every dollar's worth of other men's goods he buys. If this statement came from some other source, it would probably be taken with a grain of salt, but from the Kansas senator there are no reasons for discounting it.

"I AM GETTING an obsession against the word 'patriotism.' In Europe today one of the greatest troubles is that patriotism is transplanted into intense nationalism. "America first. If in well doing, fine. If in selfishness, not so fine. It is no finer to be selfish nationally than individually."—Frank A. Vanderlip, Financier.

"WARS ARE precipitated by motives which the statesmen responsible for them dare not publicly avow. A public discussion would drag these motives in their nudity into the open, where they would die of exposure to the withering contempt of humanity."—Mr. Lloyd George, in a recent article. He ought to know!

My Favorite Stories

By Irvin S. Cobb

Once upon a time, a good many years ago, I was in London. I spent a good share of my spare time at the Savage club.

One of the most popular members of the Savage was a well-known journalist who was renowned, above all his other distinctions for these things: the size and bushiness of his red mustache and the keenness of his wit. Alcohol seemed only to stimulate his faculties. The heavier his load of Scotch, the quicker his humor would be. The only trouble was that when he reached a certain point his tongue grew so thick and so unruly that it was difficult to make out what he was saying.

On a certain evening there had been quite a good deal of sincere drinking. At midnight the journalist came forth into Adelphi Terrace bound for home. The hall porter assisted him, of a statesman. Mr. Coolidge may his mustache dangled, laney and damp; but his nimble brain, as subsequently developed, was in working order.

He was boosted into a cab. "What address, Gov'ner?" inquired the driver.

Now, the prospective passenger lived at one of those addresses which was Number something-or-other, such-and-such a road in such-and-such a crescent of such-and-such a circle in such-and-such a subdivision—altogether a typically complicated semi-suburban London address. In reply to the cabby's question he undertook to make answer. Twice, thrice he tried. But only babbling, mumbling meaningless sounds issued from beneath that moist red overhang which cloak-ed his laboring lips.

A fellow-clubman, standing by, came to the rescue. He knew where his friend lived; besides, he hadn't been pouring Scotch into himself for hours at a stretch. Briskly, without a slip or a break, he rattled off the paper address.

The inebriate poked his head from the taxi window. Admiration shone in his eye as he cried out: "Why, you giddy electionist!"

Teaching The Boy To Do Things

Contributed

No movement is more significant, more important than the Scout Movement. Hundreds of schools all over the country are teaching Scouting, and it is now a very important integral part of the church, and down to the minute in its program.

The boy of today is learning to get the dynamic forces out of social values through the Scout program; he visualizes educational values, and the objective of the program offered him develops the traits of character of greatest service or value to the home.

From his personal health, he develops physical fitness. His lessons in mental health produce efficiency, ability and skill. His relationship with his family is improved; his civic responsibility and privileges are increased, and his religion becomes personal.

The future is continually bringing him a wider range of leisure time, and there must be a conservation of dynamic personality, and his mentality must be held with a full flow of dynamics necessary to his full development.

Scout activities produce good habits. The boy's attitude toward Scouting creates better motives, and the knowledge of Scouting fills him with information worth while.

That Scouting is most significant is the educational discovery of the age, and the correlation of the Scout Movement is now a part of the church.

Scout Headquarters might be called the "Local Boy Scouts Council

Office" which is only a segment of National Headquarters.

The Central Florida Council is only a Community Council where the needs of the boys are worked out along the line of the Scout Program, and should be utilized by the public.

Scouting is made possible in any community only by the voluntary contributions by persons interested in extending the Scout Movement for the benefit of the boys, and the request for support is sent out once each year, this request is based upon the amount required for the economic promotion of the Scout Movement by the Council Committee which estimates the amount from a regularly made up budget. The appeal for financial support goes to everybody which gives everybody a chance to contribute.

The campaign to raise the Boy Scout budget will be made from December 3rd to the 8th, inclusive, this year. This is made necessary for extending the Scout Movement for the year 1924.

The receipt for each contribution will be a certificate of membership in the Great Boy Scout Movement, and the public will be given an opportunity to become a part of that movement which means so much for character training and the building for future citizenship.

Mr. Karl Lehmann of Orlando is chairman of the Campaign and any information desired will be gladly given by him.

TOM SIMS SAYS

The world is going to the dogs. New York grand opera is making money like a baseball team.

Passenger train hit a car of dynamite near Joplin, Mo., without injury, but don't you try it.

While a street car was held up by bandits in Salt Lake it can't be what makes them late here.

Chicago thief got ten rings. Now maybe he will steal a kiss and get married and get punished.

Two Indians, ages 113 and 110, are visiting in Washington, the older taking care of the younger.

Ohio state offices almost burned. Probably started by some fiery Ohio political speech.

May cut naval officers' pay. Then navy trousers will bell at the knee as well as at the bottom.

A slight earthquake felt in Rome, Ga., was probably caused by rolling the biggest pumpkin to town.

The Public Forum

ON PLANTING GRAPES.

Editor of The Herald: During the past few weeks we have had quite a little cool weather with light frost in all unprotected portions of the State. This cool weather is ideal for conditioning grape plants for setting out during the months of November, December and January.

Grapes should, by all means, be planted as early as possible in the season for the reason that they will have better root systems developed by spring than if planted later. The vines are now becoming dormant at a very fast rate. We may begin the planting of grapes at any time after the 20th of November throughout the state of Florida. For those who have recognized the commercial possibilities of grapes and are contemplating planting acreages the coming season, it would be wise to begin a thorough preparation of the soil. The land should be broken at least twelve to eighteen inches deep and thoroughly pulverized. By all means, plant your grapes on well drained land. The type of soil does not make any noticeable difference, as varieties may be selected which will harmonize with your conditions.

We wish to lay particular stress upon the importance of planting only healthy, strong, vigorous one year plants scientifically grown. It will be recognized that your future success in the grape business absolutely depends:

1. Upon selecting varieties which are known to be true to name.
2. Planting only varieties which are peculiarly adapted to the different types of soils; it is generally known that Florida has the greatest variations in types of soil and, consequently, there are a number of varieties of the very finest quality commercially known which are being profitably produced.

Plants put out early in the season during the months of November, December and January if properly set

Friday—N. De V. Howard Chapter, D. C., meet at the Parlor of Valdez Hotel at three o'clock.

Friday—Sallie Harrison Chapter, D. A. R. give Subscription Bridge at the home of Mrs. A. M. De Forrest at three o'clock.

THOUGHT FOR THE DAY

I call that day a perfect day
When love has filled the space
With all the bright and burning ray
Of its idyllic grace.

And whether we have won or lost,
And whether we have gained or sown
Some failure at some awful cost
Upon the winds that may have blown;
It shall go down in soul's account
As perfect still, if love was there
To help us from our shadows mount,
And hide us from our mortal care.
A perfect day—a day that beams
Not only with the light of God,
But one that puts love's light of dreams
Within the bosom of the clod.

—Exchange.

Mr. and Mrs. F. S. Daiger left this morning in their car for their home in Tampa after a pleasant visit here as the guests of relatives.

Mr. and Mrs. W. J. McBride had as their guests for the week-end James and Raymond Griffin, of Marshville, N. C.

Mr. and Mrs. Benjamin Whitner, Jr., and Dr. E. D. Mobley have returned from Jacksonville, where they attended the Florida State Fair.

Miss Kate McBride, of Marshville, N. C., will arrive in Sanford this afternoon and will spend several weeks here as the guest of her uncle and aunt, Mr. and Mrs. W. J. McBride.

Mr. and Mrs. A. W. Smith and daughter, Juanita, returned home last evening from Jacksonville, where they spent several days as the guests of relatives.

Mrs. Henry M. Stuckey, of Sumter, S. C., is the charming guest of her cousin, Mrs. Ernest McGowan Galloway, at her country home on Cameron avenue.

The many friends of Miss Zoe Munson will be interested to learn that she has recovered sufficiently from her recent operation to be removed to her home on Myrtle avenue.

Mr. and Mrs. E. A. Douglass and daughter, Virginia McDaniel, leave Wednesday in their car for West Palm Beach, where they will be the guests of Mr. and Mrs. Howard P. Smith.

Mrs. R. J. Holly, Mrs. C. E. Henry, Misses Mildred Holly, Olive Newman and Ruth Henry and Reg S. Holly leave Wednesday in the Holly car for Tallahassee, where they will spend Thanksgiving as the guests of Misses Florence and Ethel Henry and Mae Holly, who are students at Woman's College.

WOMEN OF FLORIDA THANKED FOR SUCCESS OF DEPARTMENT AT FAIR

A letter addressed to the women of Florida thanking them in behalf of the management of the women's department of the Florida State Fair for their co-operation in making this department the big success that it has been, was made public by Mrs. Etta R. Schloenbach, superintendent. It follows:

"The management of the Women's department extends to the women of Florida an earnest appreciation of their splendid co-operation in making this department a success.

"That the women's department should be one of the outstanding features of the fair this year was the desire of the association. The fulfillment of this wish was only possible through the co-operation of the women of the state.

"The result has been more than gratifying to the fair association and to the management of the women's building. The work done this year has been an inspiration and an incentive for a bigger and better women's department next year.

"The fair in the past has been largely a man's fair, with the women's exhibit a mere incident. The fair of the future must find the women's department a necessary and important part of the whole.

"The courtesy and consideration extended to this department goes to

prove that while the new order of things finds women occupying positions in public life, keeping abreast of men in helping to solve the big questions of the age, gallantry has not been forgotten and men still pay homage to the womanhood of the South.

"The rest room a popular place in the women's building, furnished through the courtesy of the Standard Furniture Company with comfortable and attractive chairs and settees, was a welcome haven to tired sight-seers.

"As one entered the building one knew without being told that this was the women's building, flowers and exquisite hand work creating an atmosphere that could not be denied.

"The flowers and plants were contributed through the courtesy and real Florida spirit of Mrs. Grace Griffings, Mills and Commissioner Acosta and Mr. Tresca, of the Florida Dahlia Farm.

"We again extend thanks to the women of Florida and to all our friends for their loyal support in helping to make the women's department of the Florida State Fair for 1923 a success and we cordially and earnestly invite your co-operation for a bigger and better women's department for the fair of 1924."

MERRY MATRONS BRIDGE CLUB
Mrs. Harry Heeren was the gracious hostess, to the members of the Merry Matrons Bridge Club, at her home on Union avenue.

This cozy home was effectively decorated with quantities of exquisite radiance roses, wild flowers, and potted plants forming a rich setting for this pretty party.

The afternoon passed quickly in the spirited game of bridge, and when scores were counted it was found that Mrs. R. J. Holly held high score among the club members and was awarded a pedestal picture, frame. The top score guest prize went to Mrs. Endor Culet.

At the conclusion of the card game Mrs. Heeren served a delicious salad course with hot coffee, and refreshments.

The guest list included, Mrs. R. J. Holly, Mrs. C. E. Henry, Mrs. W. T. Langley, Mrs. D. P. Drummond, Mrs. Harry B. Lewis, Mrs. Harry Walsh and Ma. Endor Culet.

ENTERTAINS AT DINNER IN HONOR OF MISS ECHOLS.

Saturday evening, Miss Maureen Echols, a bride-elect of this week, was the charming honoree at a dinner party given by Misses Laura and Harkey at their home on Sanford Heights.

Exquisite pink roses combined with greenery formed the decorations in the various rooms. In the dining room, the table was laid with a lace cloth and centered with a crystal vase of pink roses and feathery ferns. Covers were laid for ten.

Miss Echols was attired in a smart costume of black canton crepe with trimmings of white.

Covers were laid for Miss Maureen Echols, honoree, Mr. and Mrs. L. Harkey, Mr. and Mrs. Bert Harkey, Mr. and Mrs. Wilder Harkey, Misses Ruth Whitte, and Lucile Echols and Messrs. Newton Stenstrom and Brington Crenshaw.

CONCERT TONIGHT AT WOMAN'S CLUB FOR BENEFIT OF BUILDING FUND.

Mrs. Henry M. Stuckey, pianist, who will appear in the concert, tonight, at the Woman's Club, has been state music chairman of the South Carolina Federation of Women's Club, and also vice president of the Federation of Music Clubs of that state. She is the guest of her cousin, Mrs. Ernest McGowan Galloway.

Mrs. Stuckey and Mrs. Julius Takach, soprano, who will assist in the program tonight, were both on the musical programs at the West Palm Beach convention of Federation of Women's Clubs. These artists are graciously donating their talent for the benefit of the club building fund.

Every member should do their part as 100 per cent of the proceeds go to the building fund.

W. B. McBride and daughter, Miss Mary McBride, of Ocala, who have been the week-end guests of the former's brother and wife, Mr. and Mrs. W. J. McBride at their home on Palmetto avenue, left this morning for their home accompanied by James and Raymond Griffin, of Marshville, N. C.

ENTRE NOUS BRIDGE CLUB.
Delightful in every detail was the bridge party given by Mrs. E. D. Mobley at her home on Myrtle avenue, the guests being the members of the Entre Nous Bridge club.

Quantities of wild flowers in baskets and bowls were used in decorating the rooms where the card tables were arranged.

The tally cards were also in keeping with the decorations, and when scores were counted after an absorbing game of bridge, the prize for top score among the club members was won by Mrs. R. J. Holly, who was given a lovely box of stationery. The guest prize was given Mrs. G. F. Gonzalez and the low score prize, was presented Mrs. De Cottes.

Following the awarding the prizes, the hostess, assisted by Misses Georgia Mobley and Sara Evelyn Williams, served a tempting fruit salad, sandwiches, olives, cakes and hot chocolate.

J. Holly, Mrs. W. J. Steed, Mrs. H. Mrs. Mobley's guests were Mrs. R. R. Rosebro, Mrs. George De Cottes, Mrs. F. J. Gonzalez, Mrs. J. G. Ball, Mrs. S. O. Chase, Mrs. B. F. Whitner, Mrs. Harry Wilson, Mrs. Deane Turner, and Miss Martha Fox.

MRS. MERO'S CIRCLE.

Mrs. Mero's Circle meets with Mrs. McKinnon today to turn in articles for the Presbyterian bazaar. This circle will also have a table of eatables at the bazaar.

Mr. and Mrs. W. J. McBride and their guests, W. B. McBride, of Ocala, and James and Raymond Griffin, of Marshville, N. C., motored to New Smyrna and Daytona yesterday, where they spent a very pleasant day.

CHRISTIAN ENDEAVOR NOTES FOR WEEK BEGINNING NOV. 25.

LeClerg Irwin, lead Christian Endeavor meeting Sunday evening, having a fine Thanksgiving program. A large number being present.

Monday evening Nov. 26, the executive committee will hold their monthly meeting in the church, all committee chairmen, and officers are asked to be present at 7:30.

Remember the Young People's Rally Wednesday evening 7:30.

Thanksgiving morning at 7 o'clock there will be a Sun Rise prayer meeting, a meeting of Thanksgivings and praise. Come and join the Endeavorers in this praise service, 7:00 to 7:30 a. m.

The Orlando district convention will be held in Kissimmee Saturday and Sunday, Dec. 1-2. The Sanford societies will be well represented in the convention.

Misses Minnie and Rosalie Baker, leave this afternoon for Knoxville, Tenn., where they will make their future home. The many friends of these young ladies wish them every happiness in their new home.

The Herald office for first-class job work.

BOY SCOUTS OF AMERICA SERVICE AND BANQUET.

The annual B. S. A. service and banquet was held yesterday, being the Sunday nearest to St. Andrew's Day, Nov. 30th. From the small number which sat down to this banquet eleven years ago in the dining room of Holy Cross, Rectory to the large tables completely filled in Holy Cross Parish House, yesterday, was a startling contrast. As a distinguished guest of the B. S. A. was Col. Woodward, Principal of the Georgia Military Academy of Atlanta, Ga. Col. Woodward, being so greatly impressed at the close of the banquet offered a free scholarship in the G. M. A. Camp in North Carolina this coming summer to any B. S. A. fellow so designated by Father Peck.

The toasts and speeches by all the members were full of loyalty and enthusiasm for the B. S. A. The singing was hearty and loud, being led by Mr. Francis C. McMahon and George Smith at the piano. The dinner of roast turkey and roast ham, escalloped oysters, corn and macaroni and cheese, half-grapefruit with red cherries, cranberry sauce and green salad, mashed potatoes, was done full justice to by the men and boys. More speeches and more songs, then the ice-cream and home-made cake. The tables were decorated in the Senior Red and the Junior Blue—lighted tapers and garlands with miniature St. Andrew crosses made the beauty of the tables.

At 7:30 the B. S. A. members marched in procession into Holy Cross church for Vespers followed by their service of admission to membership and the giving of buttons. Another big milestone in the history of the Brotherhood of St. Andrew for men and boys in our city, never to be forgotten.

THE SANFORD KINDERGARTEN.

The Sanford Kindergarten, located at Fourth and Park in the B. S. A. Building has a curriculum in co-relation with the state public schools in spirit and methods.

The organization of this school was made possible by two Sanford citizens, Rev. Arthur Peck of Holy Cross church, who furnished housing, heating and many kindergarten supplies, and Mr. Hogan, the jitney bus owner, who furnished transportation to teacher and pupils.

November twenty-third the Mothers' Club donated a fine collection of Froebel gifts, books and supplies, which materially add to the advantages of this present class.

The whole country has awakened to the definite need of kindergarten work among the children. Some have adopted one system and some another.

Consequently the sub-committee on curriculum of the Bureau of Education committee of the International Kindergarten Union called representatives from the whole country and decided upon a definite course for all kindergartens flexible enough to be adapted in each locality.

This course is followed as closely as practical in our Sanford kindergarten. In addition to Froebel's methods with his many gifts, Montessori's mother helps, exactness of sense training, independence and responsibility; Patty Hill's joyous songs and manual and artistic activities, there is a special work in phonetics to assist the child in articulation.

Above all material lessons and accomplishments the great aim of the teacher is through each song, game, manual activity, language and development of art appreciation—to lead each little citizen to respect his little brother, to revere those with authority, to have a civic spirit for his town and love his country and his God.

Each school day is a visiting day. The children will joyously make each welcome from nine-thirty to twelve at Fourth and Park.

YOUNG PEOPLE TO HAVE RALLY CHARLES F. EVANS TO SPEAK.

Mr. Charles F. Evans, Southern Field Secretary of the United Society of Christian Endeavor, will be present at the Young People's Rally to be held Wednesday evening in the First Presbyterian church, at the regular prayer meeting hour, 7:30 p. m.

Mr. Evans comes from Chattanooga and is making a tour of Florida speaking at many of the district Christian Endeavor Conventions and other young people's rallies. He is an able speaker and will bring things of interest to young people and those interested in young people's work. Everyone is invited to come out and hear Mr. Evans Wednesday evening. Let us have a large number present.

There will be a social hour after the program and you are invited to meet Mr. Evans in a social way.

There are more than 40 varieties of tobacco plants, but fewer than half a dozen of these are used commercially for the manufacture of smoking mixtures.

The father of Success is Work. The mother of Success is Ambition. The oldest son is Common Sense, and some of the other boys are Stability, Perseverance, Honesty, Thoroughness, Foresight, Enthusiasm and Co-operation. The oldest daughter is Character. Some of the sisters are Cheerfulness, Loyalty, Courtesy, Care, Economy, Sincerity and Harmony. The baby is Opportunity. Get acquainted with the "old man," and you will be able to get along pretty well with all the rest of the family.

A single bee, with all its industry, energy and the innumerable journeys it has to perform, will not collect much more than a teaspoon of honey in a single season.

A New and Easy Way to Buy a Ford You Can Start With Only \$5.00

During the past fifteen years over 7,500,000 Fords cars have been delivered to owners—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

The opportunity is here. The FORD WEEKLY PURCHASE PLAN brings the Ford car within reach of practically everybody.

Under the terms of this plan you can begin with an initial payment as low as \$5.00. Just select the type of car you want—Touring, Runabout, Coupe, Sedan, etc., and then arrange to set aside a small amount each week.

This will be safely deposited to your credit in the bank and will draw interest computed at the regular savings rate.

Before you realize it, you will be driving your own car, enjoying the convenience and pleasure of motor transportation.

Take advantage of the new Ford Weekly Purchase Plan today, and get started toward the ownership of a Ford car.

CELERY FEDS GO DOWN TO DEFEAT BEFORE ORLANDO TIGERS IN GAME

Sanford Boys Outplay Tigers But Lose Game On Costly Fumbles—Bach Sanford Star.

Sanford's High's gridiron warriors motored to Orlando Saturday afternoon where they were feated by Memorial High's Tigers in one of the most thrilling exhibitions of High school football ever seen by many. Both teams being very evenly matched in weight and speed put up a great fight, much of it being good generalship. The game was full of all sorts of football thrills during the entire fray. Neither Teams Do Much First Quarter.

The game started with Orlando kicking off, Weaver making a good kick which was returned beautifully by Bach. Moyer failed to gain over right guard. Fields failed to gain over left guard. Bach makes five yards around left end. Sanford punted to Weaver who made a good return. Wetstein made three yards over center. The Tigers punt to Celery-Feds who make no return. Bach is thrown for a loss around left end. Sanford punt to Tinker who makes a fair return. Wetstein again hits center and makes two yards. Weaver makes five yards over right end. Mole fumbles and Orlando loses ground. They punt out of bounds. Then Sanford makes her first down. E. Moyer making two yards over right tackle. Bach one yard over left tackle. Bach seven yards around right end. Ed Moyer makes yard around left end. Peck follows with five yards in the same place. E Moyer hits center for one yard. Moyer fumbles, recovered by Bach. Sanford punts and Weaver again makes fair return. Weaver fails to gain over right end. Mole is thrown for bad loss. The Tigers punt to Bach who makes good return. Peck hits tackle for two yards. Bach hits same place for three. Peck again hits tackle for three. Bach makes nothing around right end and the ball goes over. Weaver fails to gain at right end. Mole is thrown for loss. Tigers punt to Bach who makes no return. Bach attempts pass but is incomplete. Peck is thrown for loss on left end. Bach tries pass and loses ball. Weaver passes to R. Tinker which is good for gain of fifteen yards. Mole takes pigskin around left end for six yards. Whistle blows and first quarter.

Score Orlando 0, Sanford 0. Mole around left end three yards. Wetstein hit center for one. Weaver thrown for loss at right end. Pass, Tinker to Howett, incomplete. Ten yard gain on pass, Tinker to Weaver. Weaver drop-kicks goal making first score of game.

Score, Orlando 3, Sanford 0. Sanford kicks-off to Wetstein who makes a fair return. Tinker, one yard over right tackle. Wetstein six yards around left end. Weaver makes four more yards and first down around right end. Wetstein hits center for one yard. Mole, left tackle, two yards. Mole, left end for two yards. Weaver left guard, one yard, Tinker is thrown for loss at right end. Grant makes five yards at left end, he again makes four yards on fake play. Ball goes over to Sanford. Sanford punts to J. Tinker who makes fair return. Tinker makes three yards over right end. Grant makes two yards over right end. Orlando punts to Bach who makes fair catch. Peck fails to gain at center. Fields makes fifteen yards through right end. Bach makes one yard over left tackle. He again hits this spot for two yards. Bach punts to Weaver who makes poor return. Hammond makes eight yards around right end on fake play. Tinker fumbles and Bach covers ball. Bach makes ten yards around right end. Peck fumbles at right end and Hammond covers pigskin. Orlando punts out of bounds. Bach passes to Wade, is incomplete. Bach passes to Stone, is incomplete. Bach makes three yards at left end. Drop kick fake play results in pass to Peck for eight yards. Ball goes over. Grant fails to gain at center. End first half.

Score, Orlando 3, Sanford 0. Celery-Feds Attempt Pass Which Results in Score for Tigers Second Half. Tigers kick-off to Bach who made good return. Pass, Bach to Fields nets fifteen yards. E. Moyer goes over right guard for two yards. Peck left end for three yards. Five yard penalty on Tigers, offside. Peck goes through center for two yards.

Bach makes two around right end. Weaver intercepts pass and returns fifty-five yards for touchdown. Tigers fail to make extra point. Score, Orlando 9, Sanford 0.

Both Teams Fight Hard. Sanford kicks off to Weaver, fair return. Tinker on criss-cross play make two yards around right end. Mole, left end for one yard. Wetstein makes first down at right tackle, same man falls at right end. Mole, no gain at left tackle. Tried pass which was incomplete. Orlando punts to Bach who makes good return. E. Moyer hits center for two yards. Bach is thrown for loss at right end. Celery-Feds punt to Roland Tinker who makes good return. Weaver makes nine yards over right tackle. He again makes two yards, going to right end. Pass, Weaver to Tinker in complete. Mole hits left end for four yards. Weaver again attempts pass which is incomplete. Ball goes over. Peck makes five yards at left tackle. Bach hits right tackle for five yards. Fields makes one yard at left tackle. E. Moyer makes three yards at left guard. Bach loses at ends twice. He makes up for it by going around left end for eight yards. Fields, left tackle for three yards.

E. Moyer makes two yards at left guard. Orlando penalized for being offside. Bach is thrown for a loss. E. Moyer is thrown for loss on cross-buck. Bach fumbles and Orlando recovers the ball. Wetstein fails to gain at center. Third quarter up. Peck Makes Sanford Touchdown In Last Four Minutes of Play.

Orlando tries pass, broken up. Wetstein nets thirty yards. Another pass was intercepted by Mole. Weaver hit right end for two yards. Tinker hit left end, no gain. Orlando punts out of bounds. Ed Moyer makes two yards over left guard. Bach makes five yards at right end. Peck and Moyer fail to gain at right tackle. Ball goes over. Pass to Tinker makes six yards for Tigers. Smith and Weaver fail to gain. Sanford gets ball when Tigers fail to make ten yards.

Sanford then runs the ball to the twenty yard line by pass, Bach to Peck. Bach hits left end for four yards. E. Moyer hits center for ten yards. Bach fails at right end. Peck takes ball through left tackle for touchdown. Bach kicks point successfully.

Score, Orlando 9, Sanford 7. Sanford kicked off to Orlando. They soon received the ball on a fumble by the nervous Tigers and staged a hard fight for one more touchdown. The final whistle blew as Lee Peck took the ball through right end for ten yards.

Weaver and Mole were the stars for Orlando, especially Mole who was brilliant at recovering fumbles. Roland Tinker, Tiger quarterback and his brother Joe were also shining lights on the Tiger squad. On the Sanford clan, Bach was the most brilliant in everything. Bach's generalship saved the Celery-Feds from a much worse defeat. His broken field punning was marvelous. Fields, Peck and E. Moyer deserve their share of praise also, as they worked hard to the final whistle and never gave up hope of beating the Tigers. On the line, Joe Meisch, Stone and Whitfield were right there. These boys played a hard game, and were always a terrible menace to the Tigers, especially Meisch, who ran down the field trying to overtake Weaver in the third quarter. Meisch came out of the line of scrimmage and made a desperate attempt to bring Weaver to earth and keep him from scoring.

The lineup was as follows:
Howard Wilson
Christ Left End Stone
Vandergriff Left Tackle Meisch
Hudson Left Guard Pope
Elliott Center Whitfield
Smith Right Guard Moyer, "Mutt"
Pogue Right Tackle Wade
Tinker, R. Right End Bach
Weaver Quarterback Field
Left Halfback.

Hot Fight

This shows Kid Norfolk and Battling Siki in their fight at Madison Square Garden, New York. The battle lasted the full 15 rounds. Siki made his American debut and was rather roughly treated, though he made a game come-back in last round. Twelve thousand persons saw the fight.

S. A. C. PREPARING FOR GAME AGAINST SANFORD' ELEVEN

JACKSONVILLE, Nov. 26.—In preparation for their Thanksgiving day game with Sanford High school in Sanford, the Springfield Athletic club of this city will hold a strenuous workout at Confederate park gridiron this afternoon commencing promptly at 5 p. m. Coach "Ham" Hamilton will be on the scene early, giving special attention to the kickers and the whole squad of twenty-two players are expected out in full uniform.

In Sanford High school the locals will be meeting a worthy foe, the "Celery-Feds" having a team this season rated among the topnotchers in the scholastic class. In Coach Wilkinson, former star linesman from the University of Florida, they have a football mentor that knows the game as it should be played. Early in the season Sanford High school met and defeated the strong Seminole Athletic club of that city and if the S. A. C.'s can take the "Celery Feds" into camp by a decisive score their claim to the independent championship of the state will be secured.

For two seasons the Blue and Gold of Springfield have been generally recognized as possessing the fastest independent eleven in Florida. The S. A. C. team is booked for a game in Savannah on December 8, with the Georgia Hussars, the latter team being the independent champs of South Carolina and Georgia owing to their recent defeat of the Paris Island Marines. Despite their splendid record on the gridiron, the local club possesses a team remarkably light in weight for an independent aggregation. Hamilton's men averaging slightly under the 150 pound mark, figuring in both backfield and line.

The team that will take the field against Sanford on turkey day, will be a fast, well drilled combination. The men came out of last Friday's game in St. Augustine in fine shape and not a player received a bruise worthy of mention. The Deaf and Dumb institute was defeated with little difficulty and several of the reserve men who saw action in this game acquitted themselves with glory. Boyd Coarsey, a substitute end and a lad just out of grammar school and the outstanding performer of the game. His spectacular playing kept the spectators on edge and it wouldn't be surprising if Coach Hamilton slates him to start the Thanksgiving day game. His tackling in the "Dummy" game was deadly and accurate and on the offensive his work was equally brilliant.

Several shifts have been made in the Springfield line-up lately and it is expected that the new combination will produce results. Cecil Daniels, star tackle of the past three seasons has been shifted to the fullback position, while it is probable that Mole Right Halfback Peck
Wetstein Moyer, E. Fullback.
Time of quarters, 15 minutes. Substitutions, Grant for Wetstein, Weaver for Wetstein, J. Tinker for R. Tinker, Hammond for Mole, Mole for Howett.
Officials: Brannan (Fla.) Referee; Harris (Va.) umpire.

Trained Wild Beast Will Be Big Feature of Sparks Circus

Bessie Hollis Dainty Equisitronne Coming to Sanford with Sparks Circus Saturday December 1.

Manager Chas. Sparks, of the Sparks Circus coming to Sanford on Saturday, December 1, is of the firm conviction that variety is not only the spice of life but of a modern circus as well, and has this season deviated from the straight and narrow circus traditions of the past by augmenting his two hours' program with a vast number of trained wild animal numbers of a thrilling nature, among them being a group of five real forest bred African lions.

One thing that, according to newspaper reviews, impresses the public in watching the exhibitions given by this remarkable group of lions is the untamed fierceness of the animals. While yielding to the persistent efforts of their trainer, Steve Batty, to train them the tricks that primarily make their performances so interesting, there is abundant evidence that their native wildness has not been subdued and that they are still "kings of the forest" despite their enforced captivity.

Celery Seed

R. L. SHIPP

Well, folks, we went to Orlando and got beat. Which is a surprise to nearly everybody, including Orlando, too!

We promised to bring back some Tiger skins for you. We couldn't quite get the skins, but we sure did get a hand and mouthful of fur! We had these birds awfully worried the last five minutes and one Orlando player was heard to say "Lordy, they've got our fur and now they want our hide!"

We came very near being late to the game which pretty near gave us fits. We got to a little town called Longwood on our way down and a big freight train saw fit to park itself across the roadway and kept us on this side for ten minutes!

Probably would have kept us longer but the engineer was lucky enough to see Tom Meridith ease up behind us in a flivver. Tom immediately began to demand "gangway!"—and the pilot of the train deemed it advisable to move up.

Tom had on a pair of overalls and a flannel shirt and gray sweater. We had the idea for the "rodeo rags" and he answered that he never wore his best clothes to Orlando! Slam No. 1 for the "City Beautiful."

We finally reached the park, which we found was really a circus and fair grounds. Here we found Coach Wilkinson trying to explain to Bill Fields what a zebra was.

He said a zebra was a horse that

"Lunk" Fortune will play center. Pellicer, a valuable linesman has been shifted to tackle as has Jay Steadman, who formerly cavorted at full. Practice this afternoon will feature an improved eleven in the estimation of close followers who have trailed the fortunes of the Blue and Gold with interest.

Frank Lewis will undoubtedly be seen in his old position at left half while either Bart Camber or "Bub" Houser will swing into action as his his running mate. With "Hjennie" Daniels calling signals at quarter. The quartet of backs above mentioned will scarcely tip the scales above the 145-pound mark. In real speed, however this combination will easily make up for any loss of weight and with two hard practice sessions in store for today and tomorrow the results of next Thursday's encounter will be watched with interest.

Sanford Radio Fans to "Listen In" for Concert

Radio fans in Sanford should "Listen In" to "W. R. Q." tonight. Mrs. Lydia Coffin, sister of Mrs. Richard L. Sellers of Sanford will sing. This station is located at Hamilton, Ohio. The concert will be broadcasted at 8:15 and Mrs. Coffin will be announced as "Madam Wycoff."

ELEVEN GAMES SCHEDULED.

MIAMI Nov. 26.—Eleven games have been scheduled by the Miami high school basketball team for the coming season. Five of the contests will be played away from home. The season will be opened December 7 against the local Y. M. C. A. team, and on the following week-end the team will go to West Palm Beach. Other games on the schedule follow: December 21, Lake Worth at Miami; January 11, Fort Lauderdale in Miami; January 18, West Palm Beach at Miami; January 19, Fort Pierce at Miami; January 25, Miami in Lemon City; February 1, Miami at Lake Worth; February 8, Miami at Fort Pierce; February 15, Lemon City at Miami; February 22, Miami at Fort Lauderdale.

MIAMI—Tommy Gibbons probably will meet either Homer Smith, Captain Bob Roper and his brother, Tom Roper, here early in January. Ed Douglass, promoter of the Veterans of Foreign Wars, states that he has received assurances from Eddie Kane, Gibbons' manager, that Gibbons will be ready to come south shortly after concluding a vaudeville engagement.

Plans also are under way to match Young Stribbling against Jack Middleton for a bout here. Indications are that this fight may be staged prior to the Christmas holidays.

BAZAAR AND CAFETERIA SUPPER
By Holy Cross Guild, December 4, at Parish House. (adv.)

Coach Wilkinson finally rescued his gang from Johnny Jones' winter attractions and got them out on the field. Joe Meisch had been looking at the gorillas so long that as soon as he got a good look at the referee, he began yelling, "that's the third animal-man I've seen today!"

The game proved to be the most interesting part of the trip. We chewed up a package of cough drops after the game that were guaranteed to stop hoarseness. They stopped everything but hoarseness!

A \$5.00 deposit on a Ford car will be placed to your credit in any Sanford Bank and will draw interest at the regular saving rate.

WHISKERS IN DEMAND
Say it with whiskers!
Whiskers in generous profusion are in demand for Norma Talmadge's new picture, "Ashes of New-Genes," but not for any old kind of whiskers. Oh, dear, no.
They had to be period whiskers, the kind affected by men-at-arms in France in 1572, natty affairs, running largely to points, and their cultivation was a serious occupation for a large number of extras in Hollywood, who, when they applied for jobs in the production, had to say it with whiskers.
Research work revealed the interesting fact that all the prints in rare books, which depicted the men of the period of the story, showed that beards were all the rage from Charles IX down to his lowly grooms.

RECOMMENDS FOLEY KIDNEY PILLS
"Your medicine worked a miracle for me," writes Mrs. C. Biron, 140 Fayette Street, Lynn Mass. "I was all run down had a cough all winter, also kidney trouble and after taking a few boxes of your medicine my cough and headache left me. I can eat and sleep well. I canvass and recommend it at every house I enter." Prompt relief secured from kidney and bladder irritations, rheumatic pains through using Foley Kidney Pills. Insist on the genuine—refuse substitutes. (adv.)
Make your reservations for Thanksgiving dinner at The Phoenix. Orders taken till noon Wednesday. Advertisement.

Daily Fashion Note

COSTUME OF MANY USES
A blouse added to this tunic skirt or a skirt added to this long-sleeved overblouse, makes a costume of many uses. Satin crepe, plain satin, wool crepe or crepe roma may be used for the blouse, which is entirely self-trimmed, while the skirt lends itself to development in twillcord, serge, broadcloth, Pointe twill or chambray. The girdle corresponds with the blouse, both in color and material. Medium size requires 2½ yards 3½ inch material for the blouse and 3½ yards 54-inch material for the skirt, with ¾ yard lining for the camisole. *Victorial-Review Blouse No. 1731. Sizes, 34 to 48 inches bust. Price 30 cents. Skirt No. 1763. Sizes, 37 to 51 inches hip. Price 35 cents. Motif No. 12320. Transfer, blue or yellow, 25 cents.*
