Allies Rip Gaping Holes In Red Lines As Enemy Retreats

Withdrawal Resembles Rout As Reds Reel Before Blistering Allied Offensive

TOKYO, Mar. 9—(AP)—Allied troops ripped gaping holes in Communist lines as they drove ahead as much as four miles today in their big new Korean offensive.

Thousands of Red casualties were added Friday to the more than 17,000 killed or wounded in the first two days of the Allied northward push.

A U. S. Ninth Corps spokesman said "the enemy seems to be high tailing it" along the entire west-central front.

He indicated a general withdrawal from the U. S. Eighth Army's major offensive was in progress.

Ninth corps troops pushed northward up to four miles Friday through rough country. They met little resistance. This was described as rear guard action.

U. S. 25th Division troops killed and wounded an estimated 2,000 Chinese in gaining a bitter mile on the western end of the thundering 70-mile Korea front.

The gain deepened the 25th's Pan River bridgehead to five miles. The division made three assault crossings Wednesday about 15 miles east of Seoul.

With air and artillery support, the 25th Division doughboys drove small pockets of enemy from high ground five miles north of the river crossings. Red resistance was described as moderate. American casualties were slight.

Thirty prisoners captured Friday said their forces suffered heavy casualties from the roaring artillery barrage, air poundings and infantry attacks.

The prisoners said they were short of food and ammunition. They said also that other Chinese units were eager to surrender.

They said because their officers almost invariably fled when artillery barrages hit their defense positions.

On the east-central front, South Korean troops checked a counter-attack by the North Korean Sea.

South's Dry Areas Called Paradise For Bootleggers

Two Illinois Firms Smuggle Whiskey Into Southeast

WASHINGTON, Mar. 9—(AP)—Testimony about a multi-million dollar-a-year bootlegging operation in Southern states brought demands from Senate crime investigators today that the liquor industry clean house. Senator Tobey (R-NH) urged calling officials of the distilling business before the crime investigating committee and asking them to pledge that they will be "clean as a hound's tooth."

WASHINGTON, Mar. 9—(AP)—A Tennessee official told Senate crime investigators today that two wholesale liquor houses in Cairo, Ill., do a \$20,000,000-a-year business selling whiskey for delivery in dry areas of the southeast.

Clarence Evans, Tennessee's Commissioner of Finance and Taxation, accused the wholesalers of conspiring with buyers to bootleg thousands of cases of liquor into Southern counties and states that still have prohibition.

"Clandestine methods" were employed in the illicit traffic, Evans said referring to the use of trucks with false bottoms, loadings in the dark of night and "false invoices and false signatures."

He said the liquor is moved out of Illinois without payment of the state tax. As a result, he said, this makes it possible to distribute it in some wet areas of the South as well as in dry areas.

Evans, the first of several state and federal officials called to testify before the Senate Crime Investigating Committee, named the two wholesale liquor companies in Cairo as the Southern and the M. and B.

He identified Charles Smith as the man in charge of the Southern.

Big Four Meet For Fifth Session Today

By EDDIE GILMORE
PARIS, Mar. 9—(AP)—The big power foreign ministers' deputies went into their fifth session today amid reports an important message was received by the U. S. delegation from Washington.

The deputies, trying to find out whether a top-level Big Four conference can be held on international issues, were 20 minutes late in starting, informed sources said this was because Philip Jessup, the American deputy, was awaiting a message from the U. S. capital, and observers said it must have been an important one to have caused him to delay the session.

The session opened in an atmosphere of gloom, brought about by the cancellation of the Andrei Gromyko, who has made it appear that the chances of hammering out an agreement on the agenda for the foreign ministers have lessened considerably.

Talks To Press On Labor Impasse

WASHINGTON, Mar. 9—(AP)—Nothing and nobody must interfere with the development of the mobilization program, the nation's Defense Mobilizer Charles F. Wilson (right) tells newsmen at Key West, Fla., after a conference with President Truman. Wilson reported that neither he nor the President "know what all the shooting is about" in the labor ranks. Warren Suspends Hugh Culbreath, Appoints Moore

Hillsborough Sheriff Has Been Accused Of Taking Bribes

TALLAHASSEE, Mar. 9—(AP)—Governor Warren today suspended Sheriff Hugh Culbreath of Hillsborough county and immediately appointed Elbert Moore to succeed him.

A press release from the Governor's office said the suspension was based on Culbreath's indictment Wednesday night by the Hillsborough grand jury.

Culbreath, who the Kefauver Senate Crime Investigating Committee said was the center of gambling operations in Hillsborough county, was accused of accepting \$1,000 protection money to refrain from prosecuting Culbreath to enforce gambling laws.

Moore is a member of the Hillsborough county commission and operates an 800-acre cattle ranch at Ruskin. He also is a member of the Governor's committee on retirement and the Governor's highway safety conference.

He was first elected to the Hillsborough county commission in 1944 and was re-elected without opposition in 1948. He is immediate past president of the State Association of County Commissioners.

He is married to the former Agnes Prime of Polk county and has two sons. He is 50 years old.

Culbreath's suspension is subject to review by the State Senate, which meets in next month. He can either be removed from office or reinstated.

Culbreath is the sixth Florida sheriff to be suspended by Warren in less than a year. All the suspensions involved lack of enforcement of gambling laws.

Others suspended were Jimmy Sullivan of Duval, Walter Clark of Broward, Frank Williams of Polk, Alex Littlefield of Volusia and Isle Elnor of Okaloosa. Littlefield later was reinstated.

"Burma Surgeon" Military Pressure Is Released By Court Of Appeal

RANGOON, Mar. 9—(AP)—The Burmese Court of Appeal today ordered the release of Dr. Gordon Seagrave, famed "Burma Surgeon" who was sentenced Feb. 17 to six years in prison on a charge of aiding rebels in this country.

The Appeals Court confirmed the forced labor sentence against Seagrave, but reduced the term to the nearly six months he already has spent in jail. The reduction in sentence was made in view of his age and in gratitude for the services he had rendered to Burma.

A Burmese court sentenced the 53-year old doctor on two of the three charges of high treason filed against him.

He was arrested last August at his mission hospital in the northern Burmese town of Namkham. He had spent more than 25 years giving medical aid to the Burmese people. The court charged he helped rebel Karen tribesmen, gave them medical supplies for their fight against the government and entertained their leader, Seagrave's defense was based on the fact that the powerful rebels would have destroyed his hospital and endangered the lives of the patients and nurses had he not given them the medical supplies. He said he was trying to keep his hospital going in the midst of Burma's cross-guill civl war.

The original charges of high treason, which could have brought him the death sentence, were reduced to lesser charges by the court.

The appeal court agreed that Seagrave's motive in giving medical aid to the rebels was not to help them in their fight. But it said his actions amounted to helping the fight and therefore he was guilty.

Russians Accused Of Giving Aid To Foes Of Tito's Regime

BELGRADE, Yugoslavia, Mar. 9—(AP)—Yugoslavia formally accused Russia today of applying "military pressure" against her and with supplying the Soviet satellites with arms and troops with which to overthrow Marshal Tito's anti-Communist government.

The charges were leveled in a 481-page white paper which a government spokesman said would be sent to United Nations Secretary General Trygve Lie.

The document appears to be the Tito government's toughest-talking indictment against the Kremlin and Soviet satellites since this country's independent Communist Party broke with the Cominform almost three years ago.

The minister was asked whether Yugoslavia is concerned about the possibility of invasion from the east this year.

He replied that the Yugoslav government is not given to making prophesies, but added that the details outlined in the white paper show "that the people in Yugoslavia should be concerned and ready for any possible occurrence."

The white paper accused Hungary and Romania of "undertaking far-reaching and serious military measures which are not customary on the borders of countries in peacetime."

Asked what these measures were, Vojvoda replied that trenches along the border are being dug.

Raymond Fox, Jr. Completes Naval Preflight Training

PENSACOLA (Special)—Mar. 9—Naval Aviation Cadet Raymond G. Fox, Jr., 24, son of Mrs. Ida Fox of 1920 Magnolia Avenue, Sanford, graduated last Saturday from the U. S. Naval Pre-Flight School at Pensacola.

In addition to a thorough physical training program, the 16 week course which Fox completed includes aeronautical and naval subjects aimed at preparing officer candidates for flight training and eventual commissioning as naval officers.

NavCad Fox was graduated from Seminole High School in 1944. He then attended Alabama Polytechnic Institute and received his B. S. in Pre-Medical in 1949. He was a member of the Sigma Alpha Epsilon Fraternity while at college. He entered Pre-Flight last October.

Fox is now assigned to the U. S. Naval Auxiliary Air Station, Whiting Field, Milton, Fla., where he is engaged in primary flight training. Upon completion of training at Pensacola and Corpus Christi, Tex., he will be awarded the gold wings of a Naval Officer and pilot and assigned to duty with the fleet.

School Board Goes On Inspection Of Goldsboro Plant

L. E. Jordan, chairman of the County School Board, was welcomed back to the meeting yesterday morning after an absence of two months due to illness and with the other members visited schools at Goldsboro and in Longwood.

A 15 acre tract of land adjacent to the Goldsboro colored primary school was inspected, said Supt. T. W. Lawton this morning, and the Board approved an offer of \$200 an acre for the property which is in need for the expansion of the school's facilities.

The purchase of this land by the School Board is, however, subject to an official appraisal and the furnishing of a clear title, he added.

A recently completed two room addition to the Lyman Primary School at Longwood was visited by the Board. Members were well pleased with the building work which they officially approved. The completed construction, said Mr. Lawton, is subject to final inspection and approval by W. H. Morrison, state school architect.

This addition was built by Paul Campbell, and a central heating system was installed by Lee Brothers.

Advertising for bids on three 60 passenger school buses was authorized. The bids are to be received by 11:00 A. M. Thursday, Mar. 22.

Supt. Lawton was instructed to advertise for bids for a central heating system at the Orleto High School. These are to be submitted as soon as the architect can furnish plans and specifications.

The Board voted to furnish bus transportation for both white and colored teachers to and from the annual education meeting at Tampa on Mar. 30.

Through the courtesy of the Sanford Post No. 83, The American Legion tickets for the Seminole County Fair will be distributed to school children on condition that they have free entrance at 2:00 P. M. on Friday, Mar. 16. James G. Galloway has charge of this program for the Legion.

Lonely Hearts Killers Die Bravely; Pledges Of Undying Love Exchanged

OSHSING, N. Y., Mar. 9—(AP)—Lonely hearts killers Martha Beck, 31, and Raymond Fernandez, 36, died last night in Sing Sing prison's electric chair, calm and dignified and pledging an undying love for each other.

The 200-year murderer, her fat bulging under the straps, was the last of four persons executed in the space of 24 minutes.

She entered the high, bare death chamber unassisted, squeezed into the tight-fitting chair with difficulty and smiled ever so faintly at the two attending matrons.

"Be brave" formed on her lips, but her voice was silent.

Four minutes earlier, the prison doctor had muttered "I pronounce this man dead" over the body of the partly-blind Romeo, her partner in murder-for-profit.

It was Sing Sing's first quadruple execution in four years. City, sentenced for the hold-up of John J. King, ex. of Long Island Sound, who was killed in 1925.

Romeo, a 39-year-old Italian, was the last of four persons executed in the space of 24 minutes.

Barbecue To Usher In Opening Of New Farmer's Auction

More than 1,200 pounds of dressed beef and pork was placed in two large barbecuing pits early today in preparation for the big barbecue which at 8:00 o'clock this afternoon will signal the opening of the new market of the Sanford Farmers Auction, Inc., one mile south of the city on the Orlando Highway.

Carl Williams is in charge of the barbecuing, and a large crowd is expected. C. R. Dawson, county agent and president of the Auction, said this morning.

The Seminole High School Band will be on hand to play for the occasion, under the baton of B. E. Black.

Auctioneer Larry Jones will start the auction at 7:30 o'clock and plenty of fresh vegetables will be on hand for home consumption, said Mr. Dawson.

One new platform on the market building has been completed and the other is due to be finished soon, he stated. Picnic tables have been built in anticipation of barbecues and outings.

The Dusty Books Reading Club is working on a quarter mile straight race track on the property and this is due to be completed in the near future. Mr. Dawson pointed out.

Freeze Victim's Legs Amputated

CHICAGO, Mar. 9—(AP)—Mrs. Dorothy Mae Bierman, 46, survived from a record low temperature of 64 degrees below zero medical history, underwent the amputation of both legs this morning below the knee joints.

The condition of the 39 year old Negro woman, who was found frozen stiff in a north side alley on Feb. 8, was reported as "satisfactory" at Michael Reese hospital.

A hospital spokesman said the amputation was done because Mrs. Bierman had suffered from frostbite on her legs for several days. She had been found in a north side alley on Feb. 8, was reported as "satisfactory" at Michael Reese hospital.

Dinner Speaker

Imre Kovacs, noted lecturer and authority on the problems of the Balkans, will be the principal speaker at the next meeting of the Seminole Dinner Club which will be held at the Mayfair Inn on Mar. 19 at 7:00 o'clock.

Imre Kovacs To Be Principal Speaker At Dinner Club

Members of the local Seminole Dinner Club will hear Imre Kovacs, well known authority on the Balkans, at the next meeting of the organization, Monday, Mar. 19, 7 P. M. at the Mayfair Inn at 7:00 o'clock.

Since Mr. Kovacs is such an outstanding speaker, the local club officials, having designated this "Guest Night," Mr. Palmer said. "Any member of the Dinner Club will be privileged to invite one or more persons as his guests to hear Mr. Kovacs by making reservations with Secretary Ralph A. Smith."

Mr. Kovacs was educated in that part of Hungary which is now incorporated in Yugoslavia and at Yale and at the Juilliard School of Music. He has long been a close student of international affairs and is widely recognized as an authority on central Europe.

Florida Motor Courts Triple In Eight Years

ORLANDO, Mar. 9—(AP)—Motor courts have tripled in eight years in Florida, the State Motor Court Association said today.

In a statement from headquarters here, President M. E. Welmer of New Smyrna Beach, said the State Motor Court Association began keeping motor court statistics in 1943 when 1,200 courts with a capacity of 20,000 were counted; that now the number is nearly 3,400 with capacity also tripled.

In 1948, Welmer said, Florida had 2,500 California 3,000 and Texas 2,016. He did not have present comparisons but said the percentage likely was still about the same.

Mobility And Firepower Arc Being Emphasized In New American Arms

(EDITOR'S NOTE—This is the last of a four-part series surveying the U. S. mobilization front.)

By REILMAN MOHR

In Italy during the last war I listened to the questioning of a captured German officer, who said of the American army:

"That was relatively early in the war. Some time later, a German military analyst, speaking over radio Berlin, told his listeners: "The enemy has only one general—Patton—who fully understands the principles of modern war. He understands mobility."

Whether the Germans were right on either point is open to question. But those two observations are worth repeating, in looking at plans keep coming back to mind, the new American armament program. Even in the most widely diversified plants, regardless of the article of weapon being produced, you find the same motifs—more speed, more mobility, more hitting power.

These trademarks are best expressed in the new tanks.

Even in World War II, the "best" tank, measurably was the biggest and most heavily-armed. The Germans developed a 60-ton monster, the Tiger, and an American crewman wrote his father: "The turret of a Tiger is bigger than our whole tank."

Removal Of Deferment Provision For Medical Students And Scientists Beaten

WASHINGTON, Mar. 9—(AP)—Universal Military Training today won 68 to 20, a test vote, in the Senate.

Turned down by the roll call count was an effort to strip the proposed long-term program from the Pending draft-manpower bill.

The provisions aim for an eventual system under which every youngster, on reaching 18, would have at least six months of military training.

It is part of a measure to expand and extend the existing Selective Service act, due to expire July 9.

With this major issue out of the way, leaders expected to beat down a number of other pending amendments and then finally complete passage of the broad universal Military Training and Service Act. (Continued on Page Two)

Soap Prices Rolled Back As Policy On Prices Toughens

KEY WEST, Mar. 9—(AP)—A spokesman for President Truman said today that "wherever the President goes, the President works."

This was presidential secretary Joseph Short's observation at a news conference when questioned about the circulation by the Republican National Committee of a "record of absences" from Washington of President Truman since Jan. 1, 1950.

It showed Mr. Truman was away 68 days, exclusive of the current trip to this Naval submarine station where he arrived a week ago, on various business speaking and other journeys, and another 26 days on cruises in waters nearby Washington.

It showed Mr. Truman was away 68 days, exclusive of the current trip to this Naval submarine station where he arrived a week ago, on various business speaking and other journeys, and another 26 days on cruises in waters nearby Washington, mostly weekend outings.

Short said a "new and very full pouch" came in last night from Washington providing plenty of work for all the staff.

"The President and his staff worked last night," Short added. "And the President spent three and a half hours this morning reading documents, signing commissions and studying the latest intelligence reports, with Rear Admiral Robert L. Dennison, his Naval aide."

Asked for comment on Dunham's assertion that presidential assistant John R. Steelman, acting for the President, asked RNC directors to give interest in an application for a \$12,000,000 loan to finance a combination garage and bomb shelter under the Boston common, Short replied:

"I don't think it requires any comment."

75 Volunteers Aid Seminole County Red Cross Chapter

Seventy-three volunteer members of the Seminole County Red Cross Chapter put in more than 240 hours work for the organization during 1950, Production Chairman Mrs. H. W. Rucker announced today. This figure is exclusive of time given by the (Orlando Women's Club and two Sunday School classes in Sanford.

The local chapter has fulfilled all quotas assigned by the Southeastern Area. Sixty bed-side bags were made and sent to the Veteran's Administration Hospital at Montgomery, Ala.; 50 utility bags to the Veteran's Administration Hospital, were sent to the same hospital and three layettes consisting of 84 garments were sent to the United States Naval Hospital in Jacksonville. The remaining garments were used in Seminole County.

Many local families have benefited from the services of the Red Cross after their homes were destroyed in fires, and all the clothing of the children burned. The clothing is donated by individuals or made from materials bought by the chapter in local stores. The Red Cross then distributed the clothes as needed.

Tempetuous Tallulah Crashes House Diner

WASHINGTON, Mar. 9—(AP)—Tallulah Bankhead gets a private congressional dining room yesterday to get a cup of coffee. She didn't have credentials but brushed past the official hostess anyway.

Later she urged the House Appropriations Committee to vote liberal funds for medical research in the fight against heart disease, cancer and other ailments.

Afterwards she held a news conference in the House press gallery. Of the gate-crashing incident, the actress daughter of the late House Speaker William H. Bankhead, who is a niece of a senator and granddaughter of another said:

"It was rather funny, darling."

Asked whether she had any political ambitions, and if the capitol had seen the last of the Bankhead dynasty, she replied:

"You have as far as I'm concerned. Heavens, I wouldn't inflict that on the country!"

TODAY'S BIBLE VERSE

If David had devoted as much
time to properly raising the young
man as he did to his own pleasures,
the young man (Absalom) might
never have attempted to usurp his
father's throne. Deal gently for my
sake with the young man.—2 Sam.
18:5.

The 23 year old burglar who
killed a Coral Gables constable,
who "had never known a really
bad boy", has been captured in
New York, is being taken back
to Alabama for trial, this time for
murder, and in handcuffs.

What this country may expect
if something isn't done about the
high cost of living and continued
rising prices is frankly put by Rep.
Sikes of Florida who says, "Noth-
ing effective is being done about
it. We're facing ruin unless some-
one accepts the responsibility of
clamping down, and clamping
down hard."

Sheriff Culbreath of Tampa who
was recently denounced by the
Kefauver committee, has been
indicted by a Hillsborough county
grand jury for accepting money
from gamblers to allow bolita to
operate. He is also charged with
refusing to help investigate the
murder in 1948 of Jimmy Velasco
a Klu Klux Klan politician. If
convicted, he could be sent to
jail for 10 years.

By putting a ceiling of 4,000,000
men on the armed forces, instead
of no ceiling at all as the army
wished, or 3,500,000 as the isolation-
ists hoped, Congress seems to be
saying, "Yes, we want to win this
war, but not by too big a
score." When you are confronted
by a dangerous enemy, you don't
hit him gently, you don't even
hit him so as not to hurt him too
much; you hit him as hard as you
can.

An item from which the silence
is almost deafening comes from the
column of John Temple Graves.
"For expressive silence," writes
Mr. Graves, "consider The Char-
leston News and Courier. One of
our subscribers, it editorializes,
has asked us what we think of Mr.
Truman's speech to members of
the 62nd Airborne Division to the
effect that he has always wanted
to jump out of an airplane and
"I hope someday to do it." We
think the speech was interesting
and otherwise we have no com-
ment."

The editorial is captioned "No
Comment. No Comment."

It is getting to be harder and
harder to raise funds for such
charitable organizations as the
Red Cross, the Tuberculosis As-
sociation, or the Polio Foundation,
and yet if these organizations can-
not meet the need their work will
have to be done by government
agencies at higher costs with the
burden heaped upon the already
over-burdened taxpayer. Don't
make the work of the Red Cross
canvassers any more difficult by
telling them to come back, or by
arguing with them about "these
drives". They are giving their time;
all you are asked to do is to give
a little money.

Labor leaders are all burned up
because they regard Mobilization
Chief Wilson's wage and price con-
trols as being unfair to labor and
ineffectual in combating inflation.
Yet labor leaders should know that
any wage and price controls are
not going to prevent inflation as
long as the government continues
to pump more and more money
into the channels of trade. Fur-
ther, they should know that every
time anyone gets a wage increase
that is not based on the cost of
living, it is inflation.

Gamble Or Swindle

Mr. Webster defines gambling as the risk of money or
other thing of value on the basis of luck or chance, as in
wagering. In any gamble it is assumed that the gambler
may lose his money, but on the other hand it is conceivable
that he might win and thus receive back more money than
he put in.

But a swindle is a fraud. It is an illegal trick by which
the swindler attempts to get something for nothing. And
the most common form of swindling is the relief of the
person who likes to gamble of his money without giving
him any chance whatever to win. Obviously if the cards
are stacked against the gambler, he is not gambling at
all; he is being swindled.

An so it was with the suckers who liked to gamble on
the big league basketball games in Madison Square Garden.
They thought they knew a good basketball team when they
saw one. They liked to gamble and they saw no harm in
gambling. And they liked to back their judgment with their
money. So they bet on the team they thought would win.

But the professional gamblers who took their money
were not satisfied with an honest gamble. They would not
take a chance on losing their money. They went to some of
the outstanding players on the best basketball teams and
offered them large sums of money to throw the game. They
were taking no chances at all. They knew which side was
going to win.

In doing that it did not matter to them that they were
endangering the future of basketball, discrediting the col-
leges involved, undermining the character of the young
men who fell for the lure of easy money. What mattered
was only that those people who like to bet be given no
chance at all to win.

They were not gamblers at all, but swindlers, and they
should be treated as such.

Breaking The Records

The most fleeting thing in the world seems to be the
athletic record, particularly in track and field events, where
progress can be measured. Harold Abrahams, a famous
British sprinter and broad jumper a generation ago, remarks
in an article in the London Spectator that in 1900 4 1/2 minutes
was record time for the mile run, 24 feet the best mark for
the broad jump, and 6 feet 5 1/2 inches the record for the
high jump. It then would have seemed highly unlikely that
before mid-century the mile record would be 4 minutes and
10 seconds, the broad jump record 25 feet, and the high
jump 6 feet 9 inches.

Actually these later figures already have been de-
cidedly bettered. The mile has been run in 4 minutes, 1.4
seconds. The broad and high jump records are, respectively,
26 feet 8 1/2 inches and 6 feet 11 inches. Only twenty years
ago 4 minutes, 10 seconds had not been achieved for the
mile. In 1950 a dozen runners ran that fast.

So it is in other events. Nearly four feet have been
added to the height achieved in the pole vault. Jim Fuchs
and his rivals fall only a little short of 60 feet in putting
the 16-pound shot. Half a century ago the best mark was
in the forties. This general improvement is not confined to
the United States, but is found in Great Britain and on the
Continent.

What causes these gains? Better tracks and training
help, and even more influential is vastly increased competi-
tion. Also there is the force of example.

What of the future? Abrahams believes that not one
of the 1950 records will remain on the books in the year
2000. Perhaps the mile will be run in 3 minutes; 58 seconds.
We might see a 7-foot high jump, 27 feet 6 inches in the
broad jump, and 166 feet in the pole vault. And even these
theoretical marks may be bettered. Readers are invited to
clip this prediction, and compare it with the facts in 2000!

Why They Don't Vote

Even his political opponents will be inclined to agree
with President Truman's latest letter. He wrote to Con-
gressman Jacob K. Javits of New York, who would like to
set up a commission to explore the causes for non-voting.
The President expressed no opinion as to the desirability of
such a commission, but said that he attributed much non-
voting to laziness.

"Let George do it" is known to be a widespread
philosophy. Modern life has become so absorbing as to re-
duce the time available for thought on public questions.

At the same time a healthier attitude has arisen in
the matter of partisanship. A few decades ago the average
voter was a furious partisan who regarded voting a straight
ticket as a form of participation in a holy war. Voters were
often heard to pride themselves or never having scratched
a party ticket. This meant, of course, that over the years
they must have voted for an alarming number of incompet-
ents and scoundrels, but that never seemed to trouble
them. Now partisan fanaticism is less, but with it has gone
much of the urge to get out and vote.

What we need is to restore the old-time fervor for
taking part in elections, but to put it on a sounder basis.

Sanford Forum

Mr. Roland Dean,
Sanford Herald,
Sanford, Fla.

Dear Sir:
In view of the many statements
made in reference to the case of
Mrs. Joe Larson, I am writing
this letter to give the facts in
the case as I know them.

For some time before Mrs. Lar-
son was admitted to the County
Home, she and Mr. Larson lived
at the home of Mrs. Starnes on
the west side of town. Dr. Barks
examined Mrs. Larson on Jan. 27,
1950 in his office. Mrs. Larson
was admitted to the County
Home on Jan. 30, 1950 on the
recommendation of the Seminole
County Welfare Board and at
the request of Mr. Larson. She
was "indigent and had no one
able to support her" and as such
was taken into the home.

Mr. Larson sometime later left
town having made no effort to
provide for Mrs. Larson's sup-
port. Either through intent or
force of circumstance he made
the County take over her support.
At the time she was admitted
to the County Home, Mrs. Larson
was subject to epileptic attacks.
During the time she was at the
County Home the Welfare Board
continued to endeavor to get
Mr. Larson to assume his normal
responsibility toward his wife. It
was believed that Mr. Larson
would send for his wife at any
time.

The alleged slapping incident
which occurred in the summer or
early fall of 1950, was thoroughly
investigated both by the County
Board and by the special commis-
sion headed by Dr. W. P. Brooks,
Jr., in view of contradictory and
vague statements it was impos-
sible to determine any definite
facts in the matter. Did it hap-
pen, or did it not happen? It
seems impossible to determine.

The superintendent and matron
of the County Home resigned in
December and Mrs. Edith Colbert
was appointed as acting manager
until Jan. 16, 1951 when Harry
Cramer, former road superintendent,
was appointed as the new super-
intendent with his wife as
matron.

In December after receipt of
the report of Dr. Brooks special
commission which definitely re-
ported that Mrs. Larson be
put some other place than the
County Home, she was sent to the
Fernald-Laughton Hospital with
the hope that rest and quiet and
regular routine would result in
her improvement. Both her men-
tal attitude and her epileptic
condition. During the previous
months Mrs. Larson had been
examined at intervals by Dr.
Barks, who had reported her
under the care of Dr. Park
and early in December she was
examined in Orlando by Dr.
Robert "Nell" All reports were
that her general physical condi-
tion was "good except" for her
epileptic condition and a nervous
condition.

Upon the release of Mrs. Lar-
son from the Hospital in early
January she wanted to see her
son, who was in the hospital at
that time. Mrs. Larson be-
lieved that she could financially
take care of her son and his
financial aid from the County. The

ger.

The hearing followed a reitera-
tion by Chairman Kefauver (D-
Tenn.) that he intends to end the
committee's nationwide investiga-
tion on schedule at the end of the
month.

He made the statement in an-
swer to suggestions of Senate Re-
publican leaders that they would
like to see it continue, in part to
probe crime conditions here and
in Pittsburgh.

Senator Taft (R-Ohio), chair-
man of the Senate GOP Policy
Committee, said after a closed
meeting of the group yesterday
that there was "general sentiment"
for extending the crime probe if Ke-
fauver wished to do so.

Kefauver commented he has no
intention of asking the Senate to
extend the life of his committee.
He renewed a suggestion that a
permanent executive commission
be set up with representatives of
major federal law enforcement
agencies to keep a "spotlight" on
criminal activities.

While favoring such a contin-
uing investigation, Kefauver said
he did not think it should be made
a job of a legislative committee.

He said that between now and
Mar. 31 the committee will have
its hands full with hearings here
and in New York and will not
have time to launch investigations
into crime conditions in Pitts-
burgh and Washington.

The committee, in describing the
bootlegging operations under in-
vestigation, said the liquor is pur-
chased largely in Cairo and is sold
in at are from North Carolina to
Oklahoma.

For the most part, the commit-
tee said, the liquor is shipped into
dry states or dry counties in lo-
cal-option states.

It is purchased legally in Illi-
nois, the committee said, but
wholesalers there do not have to
pay the state tax if it is shipped
out of the state.

It is paid when the liquor is taken into
another state as areas where liquor
sales are prohibited, while in other
cases it is not.

Shipment of liquor into dry
areas is prohibited both by fed-
eral law and the consent of the
state.

WASHINGTON, Mar. 9.—(AP)—
The government today rolled back
the manufacturer's ceiling prices
on soap and said it should mean
a cut of one cent a bar in many
retail stores. Also, it said soap
chips or flakes and soapless de-
tergents may cost two cents less
a package.

A companion order announced
by the Office of Price Stabili-
zation (OPS) at the same time also
cut back from 18 to 15 cents a
pound the producers' price of
"lumpy tallow," a basic material
in soap manufacture. The new
ceiling price on tallow applies
at producer plants without de-
livery charges.

Both orders are effective Mon-
day, Mar. 12.

Price Director Michael V. Di-
Salle announced the soap order
last night, but it was not actually
issued until today.

his indictment on charges of
accepting bribes from gamblers.
He recently was convicted and
sentenced to a year in prison for
accepting bribes and still faces a

revealed he was a partner of a
firm dealing in gambling equip-

was acquitted of the charges.

Sullivan was indicted by the
Dade grand jury for neglect of
duty in failing to enforce gam-
bling laws, but the indictment was
quashed by the State Supreme
Court which held it charged no
crime under Florida laws. His sus-
pension, however, still is in effect.

Enzor and Littlefield were sus-

lished accounts of wide-open gam-

counties. Warren later held a
hearing on Littlefield and said
the evidence was not sufficient to
warrant the suspension.

Miss Nancy Williams Will Give Recital

DELAND, Mar. 9.—(Special)—Three seniors in the School of Music at John D. Nelson University will be featured in their final recital Monday night at 8:00 in Elizabeth Hall.

The trio is composed of Nancy Williams, Sanford, voice and piano; J. Louis Schlegel, New Smyrna Beach, clarinet; and Lenell Dickie, Lake City, trumpet. The public is invited to the varied musical program composed of light and classical numbers.

Miss Williams' initial number will be "Il est doux, il est tendre" from Herodiade, Massenet. Her piano selections include Sonata, No. 24, Op. 78, The Girl and the Mouse and Prelude, No. 5, Op. 23, while her vocal numbers consist of How China Figure, and Mountains. Do I Love Thee, Pleading, A Little.

A member of the travel squad of the Glee Club and vice-president of the Music School, Miss Williams has served also as corresponding secretary and president of Pi Beta Phi, social secretary. In addition, she is a member of Pan-hellenic council and choister of the Y.W.A.

Miss Williams was a former student of the Fannie R. Munson School of Music and received her certificate recital in 1947.

A candidate for the Bachelor of Music degree in June, Miss Williams is the daughter of Mr. and Mrs. Robert A. Williams, 541 Valencia Street, Sanford.

Officers Are Elected By Woman's Club

The Woman's Club held its annual election of officers at a luncheon meeting Wednesday at the club.

Mrs. B. R. Crumley will continue to serve as president and the new officers elected to serve with her are Mrs. F. T. Meriwether, first vice-president; Mrs. Ben Wade, third vice-president; Mrs. George Wells, recording secretary; and Mrs. W. B. Ellerbe, treasurer.

The members also ratified the nomination of Mrs. C. E. Carlton, chairman of the Civic Department; Mrs. Miriam Russell, chairman of the Club Department; Mrs. Henry McLaughlin, Jr., chairman of the Fine Arts Department; and Mrs. L. L. Sill, chairman of the Social Department.

The meeting was opened by Mrs. Crumley, president, and a prayer was given by Mrs. A. G. McInnis. Mrs. James Young was introduced as a new member by Mrs. D. B. Watkins and Mrs. Clifford McMillan, chairman of Mrs. Thrift Shop, announced that the shop has been asked to vacate its present quarters and is looking for a new location.

Mrs. Crumley read a letter to Mrs. Ralph Austin Smith from Mrs. Miriam C. Houghton, president of General Federation of Women's Clubs asking Mrs. Smith to serve as Southern Regional Director, comprising 13 states, for the committee on defense and economic security for the General Federation of Women's Clubs.

The club members voted to relinquish the April meeting in order that as many members as possible may attend the state meeting to be held in Daytona Beach. The following were elected as delegates to this meeting: Mrs. Henry McLaughlin, Jr., president; Mrs. E. Spencer, alternate; Mrs. B. C. Moore and Mrs. John Meisch.

The American Home Department was in charge of the music for the meeting and Mrs. C. E. Carlton, American Home Department chairman, introduced little Miss Ann Lee who played two piano selections, "Wood Nymphs Harp" and "Pargament Journey". Mrs. Wallace Phillips played "Malaguena."

The Lamplighter

By TOM DOYLE

After an intensive schedule of practice, Roger Harris and his Seminole County Choral Society are ready to meet the public in the performance of Handel's famous oratorio, "The Messiah," to be presented Mar. 11, at 8 o'clock at the Holy Cross Episcopal Church.

The idea for the organization of a group such as the choral society was germinating in Roger's mind for many days prior to the formation of the group last October. There were others, too, who wanted very much to see this project born and developed. As in the formation and anything new, there were those who felt it could not be done, that it was far too ambitious a project for Sanford people to undertake. And too, there were those who agreed it could be done, but who would not take part in effecting its successful development. And lastly, there may have been some who for reasons of jealousy and "special interests" refused to lend their support.

Be that as it may, the important thing is that there were enough enthusiastic people behind the organization to push it and supply it into being and to supply the work to present "The Messiah" you will soon hear.

The Seminole County Choral Society is composed of 50 singers drawn from the county. It can boast of some very fine voices. The soloists for the Mar. 11 presentation will be Mr. and Mrs. Richard Farrell, Dr. H. Wayne Barker, Joyce Helzel, Mr. Bob Brown, Mrs. Charles Wilke, Mrs. George Hardin and Mrs. Clara E. Cain, who besides normally and materially aiding the group is graciously enough to devote her services. Mrs. George Tandy will be organist.

The Seminole County Choral Society is the first group of its type in Central Florida and presides the newly formed Central Florida Choral Society being sponsored by the Central Florida Symphony. We merely point this out to keep the record straight. Misconceptions can be dangerous.

Now it is for us, the public, to devote several hours on Mar. 11, in attending "The Messiah." They have rehearsed, have given up an evening a week in order to do so. Many times after a working day it would be easy for a member to say, "Aw, I think I'll skip it tonight." But this has not been the case, for they have been present week after week, striving to produce a beautiful piece of work. And that it will be.

The public is invited to attend free of charge. The Seminole County Choral Society is a permanent organization. After perhaps, a somewhat precarious start it has gathered momentum and interest and is safely on its way. Let us boast it strongly.

Oh! Horrors!

The members also ratified the nomination of Mrs. C. E. Carlton, chairman of the Civic Department; Mrs. Miriam Russell, chairman of the Club Department; Mrs. Henry McLaughlin, Jr., chairman of the Fine Arts Department; and Mrs. L. L. Sill, chairman of the Social Department.

The meeting was opened by Mrs. Crumley, president, and a prayer was given by Mrs. A. G. McInnis. Mrs. James Young was introduced as a new member by Mrs. D. B. Watkins and Mrs. Clifford McMillan, chairman of Mrs. Thrift Shop, announced that the shop has been asked to vacate its present quarters and is looking for a new location.

Mrs. Crumley read a letter to Mrs. Ralph Austin Smith from Mrs. Miriam C. Houghton, president of General Federation of Women's Clubs asking Mrs. Smith to serve as Southern Regional Director, comprising 13 states, for the committee on defense and economic security for the General Federation of Women's Clubs.

The club members voted to relinquish the April meeting in order that as many members as possible may attend the state meeting to be held in Daytona Beach. The following were elected as delegates to this meeting: Mrs. Henry McLaughlin, Jr., president; Mrs. E. Spencer, alternate; Mrs. B. C. Moore and Mrs. John Meisch.

The American Home Department was in charge of the music for the meeting and Mrs. C. E. Carlton, American Home Department chairman, introduced little Miss Ann Lee who played two piano selections, "Wood Nymphs Harp" and "Pargament Journey". Mrs. Wallace Phillips played "Malaguena."

Miss Nancy Williams Will Give Recital

DELAND, Mar. 9.—(Special)—Three seniors in the School of Music at John D. Nelson University will be featured in their final recital Monday night at 8:00 in Elizabeth Hall.

The trio is composed of Nancy Williams, Sanford, voice and piano; J. Louis Schlegel, New Smyrna Beach, clarinet; and Lenell Dickie, Lake City, trumpet. The public is invited to the varied musical program composed of light and classical numbers.

Miss Williams' initial number will be "Il est doux, il est tendre" from Herodiade, Massenet. Her piano selections include Sonata, No. 24, Op. 78, The Girl and the Mouse and Prelude, No. 5, Op. 23, while her vocal numbers consist of How China Figure, and Mountains. Do I Love Thee, Pleading, A Little.

A member of the travel squad of the Glee Club and vice-president of the Music School, Miss Williams has served also as corresponding secretary and president of Pi Beta Phi, social secretary. In addition, she is a member of Pan-hellenic council and choister of the Y.W.A.

Miss Williams was a former student of the Fannie R. Munson School of Music and received her certificate recital in 1947.

A candidate for the Bachelor of Music degree in June, Miss Williams is the daughter of Mr. and Mrs. Robert A. Williams, 541 Valencia Street, Sanford.

The Lamplighter

By TOM DOYLE

After an intensive schedule of practice, Roger Harris and his Seminole County Choral Society are ready to meet the public in the performance of Handel's famous oratorio, "The Messiah," to be presented Mar. 11, at 8 o'clock at the Holy Cross Episcopal Church.

The idea for the organization of a group such as the choral society was germinating in Roger's mind for many days prior to the formation of the group last October. There were others, too, who wanted very much to see this project born and developed. As in the formation and anything new, there were those who felt it could not be done, that it was far too ambitious a project for Sanford people to undertake. And too, there were those who agreed it could be done, but who would not take part in effecting its successful development. And lastly, there may have been some who for reasons of jealousy and "special interests" refused to lend their support.

Be that as it may, the important thing is that there were enough enthusiastic people behind the organization to push it and supply it into being and to supply the work to present "The Messiah" you will soon hear.

The Seminole County Choral Society is composed of 50 singers drawn from the county. It can boast of some very fine voices. The soloists for the Mar. 11 presentation will be Mr. and Mrs. Richard Farrell, Dr. H. Wayne Barker, Joyce Helzel, Mr. Bob Brown, Mrs. Charles Wilke, Mrs. George Hardin and Mrs. Clara E. Cain, who besides normally and materially aiding the group is graciously enough to devote her services. Mrs. George Tandy will be organist.

The Seminole County Choral Society is the first group of its type in Central Florida and presides the newly formed Central Florida Choral Society being sponsored by the Central Florida Symphony. We merely point this out to keep the record straight. Misconceptions can be dangerous.

Now it is for us, the public, to devote several hours on Mar. 11, in attending "The Messiah." They have rehearsed, have given up an evening a week in order to do so. Many times after a working day it would be easy for a member to say, "Aw, I think I'll skip it tonight." But this has not been the case, for they have been present week after week, striving to produce a beautiful piece of work. And that it will be.

The public is invited to attend free of charge. The Seminole County Choral Society is a permanent organization. After perhaps, a somewhat precarious start it has gathered momentum and interest and is safely on its way. Let us boast it strongly.

Oh! Horrors!

One of the beautiful ladies appearing on the stage show "Horizons of the Orient" playing on the Ritz Theatre stage Saturday at midnight.

If you have a kitchen cleaner you may find it useful too for mopping, scrubbing, and for cleaning the splash backs, cut side down, in a baking dish and bake in a moderately hot oven until soft. Serve as is, sprinkling each half with salt and pepper and melted butter or margarine.

Other other grisly and gruesome creatures, fugitives from some one's tortured brain, will walk the stage of the local theater, then "Horizons of the Orient" is the daylight out of the audience. "Horizons of the Orient" is the feature attraction. Now if this isn't enough to satiate your horror appetite, see the old master himself, Boris Karloff in "The End of Horror" also playing. It's a solid show of horror, more horror, and still more horror.

But if you don't come home that night, please don't try any law suits against me. And besides, don't worry. You'll turn up somewhere.

"Let Climb the Highest Mountain" is a picture of search and human interest, scheduled to play in Sanford Sunday and Monday. There was a special preview showing of the film about a week ago and the public was requested to let their comments if their remarks are indicative of the quality of a film. Then this one is loaded with your time and attention.

"A Lesson In Symbols" Is Subject Of Talk

Hurling Hayward Sullivan Is Top Gator 1st Sacker

JAINESVILLE, Mar. 9 (Special)—Florida's great young football player, Hurling Hayward Sullivan, is all set to transfer his athletic talent to the Gator Baseball diamond—but not at the position that made him sought after by major league scouts.

Sullivan, one of Alabama's top high school catchers and considered by several professional teams as a better baseball prospect than football player, is now the number one first baseman on the Florida squad.

Baseball coach Dave Fuller was pleased when the sophomore turned out for the team—then he ran into a problem.

Reports about Sullivan were true. He could pound the apple at a rapid pace and behind the plate he was tops. The Gator quartet fired to second from a sitting position—always straight as a clothesline. Defensively he was all that Fuller could ask for.

But on the other hand the Gator had another pretty fair catcher in camp who was no slouch either. Ray Poole, veteran of two years work with the mild, had to be counted in the picture. Although he hit only 206 last season against 303 for 1949, the crafty Poole led the team in three phases—base stealing, runs scored and walks.

Poole has way with pitchers that goes a long way toward winning games. He is always poised and calm behind the plate and a real Sullivan traded his catcher's mitt for a first baseman's pad and took over the initial sack duties. His size, six-foot, 205 pounds, makes him an ideal target for infielders and his strong right arm still will be an asset to the team.

Other candidates who have an edge for positions are Lowell Rushing, Gene Gore, Charles Kaeber, outfielders; and Virgil Martin, second base. Top pitchers are Fred Montalona, right hander; Bob Knight and Ralph Kin-

Baseball Requires Most Intelligence, Psychologist Says

By RUSSELL NEWLAND
SAN FRANCISCO, Mar. 9—(AP)—Athletes in other sports may disagree, but Kenneth Williams, a San Francisco psychologist, says "of all our various sports, none require the degree of mental acumen that baseball does."

Psychology, he contends, "can become a very important asset to baseball. It would enable those participating in this sport to become more conversant with the important factors which promote a synchronized coordination between the human mind and the various muscles that are utilized in playing this great American game."

Players of the caliber of Joe DiMaggio, Stan Musial and others in that class, possess the qualifications which Williams contends are necessary to attain near perfection.

To those in the lower brackets he offers this advice: "For a player to successfully acquire the acumen of efficiency on a baseball field, he should possess an alert mentality, a quick comprehensive mind and the ability to effectively visualize and correctly anticipate the most advisable manner in which to handle the various situations that develop during the game. Thus equipped, he can instinctively establish a harmonious coordination between his mind and the various muscles which are employed in making a particular play."

"He should strive to cultivate and acquire a mental composure that will enable him to retain his presence of mind under pressure. He should maintain at all times the highest degree of self reliance. Thus he will possess the utmost confidence in his ability to successfully meet and master the various requirements of the different plays as they occur."

"A player should avoid permitting his feelings to become unduly aroused so that they would incur anger, anger tends to incite wrath and antagonism. When this condition arises it may incline him to pursue a course of action which under normal circumstances his better sense of judgment would forbid."

"In baseball it is absolutely essential that a player's mental reflex action be extremely acute. He should cultivate the faculty of establishing in his conscious mind

Straight from the Horse's Mouth

By ED HARPER

For a brief space in the fourth round it looked as if old Jersey Joe Walcott, ex-dock walloper and father of six, had lifted the heavyweight championship from the adequate but uninspired brood of Ezzard Charles.

But fate and the weight of years are inexorable and the ancient batter couldn't push off his desperately holding opponent long enough to get another solid shot.

Charles, probably the most consistently dull heavyweight since Gene Tunney, fought the way he has become his trademark. No puncher, the Cleveland Negro is an excellent defensive boxer with a good left hook and a fair right hand punch. And he can take it when he has to.

Against Walcott he employed a short, hard left hand very effectively when the spilling tactics of the ring-wise Jersey fighter baffled his orthodox straight left hander.

As Walcott moved in under the left lead Ezzard would pull back and hook—not hard but sufficient to pile up points. His right worked well close in, but seemed to lack the explosive power usually associated with heavy weight champions.

He decked Walcott in the 9th with a bruising left hook, but with a curious caution refused to step in and blast away at his helpless opponent.

Jersey Joe—favorite of the crowd—is an astonishing fighter. He admits to 37, but his boxing record extends into the hazy realm of the twenties when he fought once a week in tank towns all over the east. His "modern" record—dating back about fifteen years—shows an astounding number of fights.

Only once was the former dock-hand in trouble during the fight and ring-side score cards called the fight very nearly even—though Charles was unquestionably the winner.

A "topper" or retreating, hard-to-hit clincher, most fights Walcott stuck closely to an orthodox style against Charles doing most of his damage with a right hook which smashed repeatedly to the Champion's jaw in the later rounds—but without sufficient steam to do a great deal of damage.

Having shot his left in the fourth round it became apparent that Walcott was interested principally in staying the route after that—a task in which he was ably aided by Charles.

In spite of his record eight fights since winning the title—two decisions and six knock-outs—Charles is still regarded as a second rate. He is as cautious as to be almost cowardly. Prelighting is essentially a brutal show. Charles turns it into a job of work similar to cutting down a tree—often a tree which is scarred up but refuses to fall.

Joe Louis will probably have to wait for a return bout with the champ since Charles' ear was left in bad shape by Walcott's pounding.

Down to 207, the Brown Bomber is in the best shape since his second fight with Billy Conn and for the first time since the war seemed steamed up about a fight.

Although this column has made it plain that:

Incubus Jones, Herald prognosticator, tells us that if the Louis-Charles fight comes off before July 1, the clean living, tooth

Training Camp Notes

By ASSOCIATED PRESS

ST. PETERSBURG, Mar. 9—(AP)—Artie Wilson, Negro rookie shortstop from Oakland, has a good chance to rise with the New York Giants because of his all round ability.

Chances are slight he will beat Alvin Dark out of the regular shortstop post but Wilson also can play first, second, third and the outfield.

ORLANDO, Mar. 9—(AP)—A big gun of the Washington Nationals at the plate, veteran outfielder Sam Mele, may be out of action "for months," trainer George Lentz says.

Mele complained recently of the first sore arm of his life after trying a long throw from the field. X-ray pictures were taken yesterday. Lentz said that what Mele has to fear is a chipped shoulder bone. Mele hit .400 for the first three months last year and ended with a .275 average.

LAKELAND, Mar. 9—(AP)—Will 16-year-old Bill Hoelt, the kid from Oshkosh, Wis., stay with the Detroit Tigers?

Coach Dick Ferrill said the boy's control is " terrific" and in addition he is fast, has a good curve, and a "great pitching motion."

Hoelt pitched a no-hit, no-run four innings in a camp game yesterday against the regulars.

PASADENA, Calif., Mar. 9—(AP)—Vice President Chuck Comiskey of the Chicago White Sox, departing for Miami, indicated he was not certain how he would vote in the contract-renewal battle of baseball commissioner A. B. Chandler.

Reported to be anti-Chandler originally without authority of his mother, President Grace Comiskey, young Chuck said he would be influenced by what the American League decides upon at its preliminary meeting at Miami Beach Sunday. The Chandler issue comes up before club owners on Monday.

SAN BERNARDINO, Calif., Mar. 9—(AP)—Hine Crosby, vice president of the Pittsburgh Pirates, expects to set his first glimpse of the 1951 Bucs on Sunday.

Crosby, recovering from a kidney operation, will watch the Pirates play the St. Louis Browns at Larkspur.

Durocher Confident Castoff Hearn Will Have Brilliant Season In '51

By JACK HAND

ST. PETERSBURG, Mar. 9—(AP)—Can Jim Hearn, the New York Giants \$10,000 waiver bargain, do it again?

Leo Durocher, slipping into a canary and blue sport shirt, looked up quickly. "Why not?" he asked. "Why not?"

"I know a lot of guys who would like to have the chance of finding out. Yeah, that goes for St. Louis, too."

St. Louis flustered at mention of Hearn. The Cards gave up on him and let the Giants grab him at the waiver price last July.

With St. Louis Hearn had a 0-1 record. He would up with 11-4 and the best earned-run average in the National League, 2.39. Along the way, he threw five shut-outs and completed 11 of 16 starts.

"It is because of Hearn and Sam Maglie that pennant talk booms in the Giant training camp."

Big Jim, 6-foot-3 and 200 pounds, came to the Giants with a bum rap. They said he'd rather play golf than baseball. Because he shot in the mid 70s and talked golf with the other Cards, it was a natural conclusion by the management.

Leo had only one brief talk with Hearn on arrival last July. "What do you want to do?" Leo barked. "Play golf or pitch?" "I want to pitch."

"Then lose those golf clubs in a closet and get to pitching."

Hearn claims his golf playing has been exaggerated.

So there will be no golf for Hearn from opening day until fall. He just lost the ball players' championship to teammate Alvin Dark in a close match.

Durocher credits coaches Fred Fitzsimmons and Frank Shellback and pitcher Larry Jansen with Hearn's form reversal.

Hearn, former Georgia Tech baseball and basketball star, signed with the Cards for \$5,000 in 1941 after scouts saw him playing third base and outfield for

LIVER TROUBLES

H. K. King, D. C.

It is commonly known that if the action of the liver is abnormal there is a general feeling of lassitude, weakness, flatulency, etc. This is often attributed to a sluggish liver which covers a multitude of sins.

The liver consists of millions of cells which possess life. Science has proven that this life which is possessed by every tissue cell in the body is the result of the energy coming from the brain via the nervous system. The liver functions without conscious thought but not without brain action.

If along the vital energy transmission of this vital energy from the brain to the liver something interferes with the transmission there will be a change in quantity or quality of vital energy. This will result in abnormal function of the liver.

The logical way to correct the abnormal function of the liver is to remove the interference to the transmission of vital energy from the brain to liver. This is the only normal place this may happen. Therefore, locating and adjusting the misaligned vertebrae and maintaining the integrity of the spine will result in normal transmission of vital energy from the brain to tissue cells. Normal transmission will bring about normal function again.

Hoelt pitched a no-hit, no-run four innings in a camp game yesterday against the regulars.

PASADENA, Calif., Mar. 9—(AP)—Vice President Chuck Comiskey of the Chicago White Sox, departing for Miami, indicated he was not certain how he would vote in the contract-renewal battle of baseball commissioner A. B. Chandler.

Reported to be anti-Chandler originally without authority of his mother, President Grace Comiskey, young Chuck said he would be influenced by what the American League decides upon at its preliminary meeting at Miami Beach Sunday. The Chandler issue comes up before club owners on Monday.

SAN BERNARDINO, Calif., Mar. 9—(AP)—Hine Crosby, vice president of the Pittsburgh Pirates, expects to set his first glimpse of the 1951 Bucs on Sunday.

Crosby, recovering from a kidney operation, will watch the Pirates play the St. Louis Browns at Larkspur.

TAMPA, Mar. 9—(AP)—It isn't anything serious, of course, but

LAKELAND, Mar. 9—(AP)—Will 16-year-old Bill Hoelt, the kid from Oshkosh, Wis., stay with the Detroit Tigers?

Coach Dick Ferrill said the boy's control is " terrific" and in addition he is fast, has a good curve, and a "great pitching motion."

A Book For These Times
"If the Apocalypse closes the Bible, it opens the book of the world, translating Christ into the vocabulary of the larger efforts, the race problems, the social achievements of history. It is the only fitting close of the Bible, being a vision neither of things past nor of future things, but of the eternal present. The Babylon of the Book is neither Rome nor the city of the Euphrates. It is any center of rebellion against light. The beast with seven heads and ten horns is not Caesar alone. It is the unscrupulous Man of Power in every age. The Christ whose presence is the glory of the Book is the immanent Christ, in whom the human and the Divine blend—mighty but merciful, His word sharper than a two-edged sword, yet redeeming. His face as the sun shining in splendor, His voice like music."
Joseph Fort Newton

ars could keep moving only 2 1/2 hours on a full load of gas.

The specifications of the biggest American tanks are not yet publishable data. But Brig. General D. J. Crawford, commanding officer of the Detroit arsenal, put it this way in commenting on a new contract to the Chrysler Corporation:
"Chrysler, with the assistance of ordnance, will be making preparations for the production of heavier land battle tanks which tests show will out-slug any land fighting machine ever produced by our Allies or our enemies."
Which would indicate that the engineers have solved those problems of the competing ratios between speed, weight, heat consumption, and durability on the road, or over the fields.

Meanwhile, the Army has taken the wraps off a typical new tank, the "Walk-Back" which is small, fast and lethal. It weighs less than 2 tons, can wind up to 40 miles an hour, has an automatic torque transmission, and gyroscopic sights that keep the gun on the target, however the hull may be bouncing around.

The same trademark appeared again in an unusual place—a leather goods plant in Dec Moines. Through three wars, the Boy Corporation has been making packs for the infantry, pistol holsters, and binoculars, artillery harness and gun covers. The firm still is filling such orders.

But something new has been added, Walter Boyd said. His craftsmen are working on a huge contract for containers and parachutes, capable of carrying 5,000 pounds.

What does it mean? It illustrates the increased importance of that size would be necessary to supply by air a unit far ahead of its own lines, isolated and perhaps totally surrounded.

The tricks of that technique were under study in the last few years as they are being developed in Korea today.

2 Red MIGs Collide During Attempt To Shoot Down U.S. Jet

Seven Enemy Planes Damaged As Fierce Air Battle Rages Over North Korea

TOKYO, Mar. 12—(AP)—A spectacular explosion of two colliding Russian-made jet planes stole the Korean war spotlight today as ground action slowed behind retreating Communists.

The MIGs were trying to make a tight turn while chasing an American F-80 Thunderjet. They hid and exploded.

"Best damn show I've ever been couldn't cut it fine enough, colon," said Lt. Arthur Walton of a flight of four F-80s attacked Bethesda, Md., one of the pilots by 16 speedy Red planes.

The four F-80s reported they damaged four other MIG-15s in a 10-minute dogfight. That brought the bag of damaged MIGs to seven for the biggest two days of jet fighting over northwest Korea in (Continued on Page Six)

Galloway Elected To Head Florida Tax Collectors

John L. Galloway, Seminole County tax collector, was elected president of the Florida Association of County Tax Collectors at its 22nd annual convention Thursday at the Seminole Hotel, Jacksonville.

Mr. Galloway, who served as vice-president of the organization last year, has been a member since 1947. He succeeded A. G. Appleberg of Bay county. Other new officers include county vice president and James M. Gilbert of Lee county, secretary and treasurer.

Following the death of Jno. D. Jenkins, Mr. Galloway was made Seminole County tax collector on Jan. 31, 1947. In 1948 he was elected for a four year term, beginning in January, 1949.

Born in Brunswick county, North Carolina, he received his early education in Sanford.

Local Salvation Army Captains Go To Meet

Capt. Eva Williams and Lieut. Hazel Frierson returned Thursday from Atlanta, Ga., where they attended the Salvation Army Congress for the southern territory.

The program included a big parade, and Capt. Williams played bass horn in a 52 piece band that participated.

She reported that the most inspiring talk at the congress was made by Commissioner Norman Marshall of Chicago who spoke on the work of the Salvation Army in the world today.

Lieut. Frierson stated that she enjoyed a pagant devoted to missionary work of the organization in India and other foreign lands.

One of the workers impersonated an African which doctor, she said.

A group of native Salvation Army officers from Mexico appeared in costume.

Gold Ore Auctioned To Buy New School

CRIPPLE CREEK, Colo., Mar. 12—(AP)—Want to buy some gold ore? You can get a chunk for a dollar, and help build a school besides.

School kids at Cripple Creek and Victor today offered to send it anywhere in the United States. It's their way of financing a new school.

Gold still is mined in the area, but not in the quantities it was when 60,000 residents supported 25 schools. Now the 1,500 people have two schools for 375 students. Both are more than 50 years old.

The kids' fathers and miners have mined 80 tons of ore, which the mine workers contributed. Boxes lined with cotton are ready to be packed. As the boxes come in, the kids will break the big chunks into little ones.

Just address your orders to the school kids of Cripple Creek or Victor. They'll do the rest.

Fitzgerald Wins Los Angeles Oscar

LOS ANGELES, Mar. 12—(AP)—The 1951 Irish Oscar, a statuette of St. Patrick, has been won by James Fitzgerald of Sanford.

The American-Oscar winners, a Catholic organization, announced yesterday that James Fitzgerald of Sanford had won the award for his performance in the film "The Quiet Man" in the role of a small Irish screen actor.

The award will be presented at St. Patrick's Day Ball Mar. 17.

Fitzgerald, a professional, often portrayed the role of a small Irish screen actor.

More Than 2,000 Attend Farmers' Auction Opening

Seminole High Band Serenades Crowd During Barbecue

More than 2,000 persons attended the barbecue and opening program of the Sanford Farmers Auction, Inc., at its new location one mile south of Sanford on the Orlando Highway Friday afternoon.

At 5:00 P. M. when the barbecue serving was started at the market building, a long line had already formed, and people were still being served at 7:30 o'clock when Larry Jones, auctioneer, was introduced by C. R. Dawson, president of the organization.

Carl Williams, who was in charge of the barbecuing, had located his barbecue pits right in the main building, and a strong east wind sent the aroma of cooking meat clear to the highway, several hundred yards distant.

Adding greatly to the enjoyment of the occasion was the concert of the Seminole High School Band led by E. E. Black.

Arkansas Negro To Open Fight To End Separate Schools

LITTLE ROCK, Ark., Mar. 12—(AP)—"Segregation is evil, it must go," a Negro attorney declared here last night in announcing plans for legal action to ban segregation in some Arkansas public schools.

Spokane, 200 members of the National Association for the Advancement of Colored People, Harold W. Flowers of Pine Bluff, Ark., said the Arkansas legislature failed to provide adequate funds for education and called it a "blatant in disguise."

Flowers pointed out that the U. S. Supreme Court has ruled that Negroes may attend white schools in places where equal facilities are not provided, and said:

"The inequality of schools for whites and Negroes in Arkansas gives us a foothold which we can carry to a touchdown."

He charged the legislature had guaranteed that the schools would be in poor financial condition, and warned that "if the representatives don't care about education of white people, they certainly don't care about education for the colored."

Flowers told the delegates he planned to start his battle for equal school facilities in Cleveland county within two weeks.

He urged members of the Little Rock NAACP chapter to cooperate in the action to bring about equalization in school districts.

"We must determine among ourselves that segregation is evil, that it has no place in a democracy, and that it must go," Flowers said.

Pigeons Drink Scotch But Escape Capture

LEVEN, Scotland, Mar. 12—(AP)—The town council gave its 200 recalcitrant pigeons a liquor party Saturday night, but not a bird was in line today for the anticipated pigeon pie.

The pigeons have been making mincemeat of themselves from perches in the town hall. The council fed them grain soaked in Scotch whisky, expecting to get the birds drunk and then catch them.

But the birds gobbled up the whisky-grain, soared drunkenly back to their rooftops and leetered there until they sobered up.

Said Borough Surveyor A. V. Samuel, a job of the plan for alcohol disposal:

"Either the whisky is watered down these days or these birds are old drinking hands."

Small Business Aid Washington

WASHINGTON, Mar. 12—(AP)—Senator Humphrey (D-Minn.) said he will offer today a bill to set up an Office of Small Business Defense Production to map ways of meeting small business needs effectively in the rearmament program.

"The sad fact is that small business has had the door slammed in its face," Humphrey said yesterday in announcing his plan.

"Meanwhile, a relative handful of the larger companies are being handed multi-million dollar amounts that even our industrial plants are being bought for from six to eighteen months."

Hiss Appeal Is Denied By High Court

Request For Review Of Conviction For Perjury Is Turned Down By Tribunal

WASHINGTON, Mar. 12—(AP)—The Supreme Court today refused to review the perjury conviction of Alger Hiss.

The refusal lets stand Hiss's conviction and five year sentence given him in a jury's finding that he lied in denying he fed government secrets to Russia from his high State Department office.

Justices Reed, Frankfurter and Clark disqualified themselves from considering Hiss's appeal.

Reed and Frankfurter testified as character witnesses for Hiss at his first trial in federal court in New York but not at the second trial which resulted in the conviction.

Clark was attorney general at the time the government prepared its case against Hiss.

Hiss was convicted on Jan. 21, 1950 has been free on \$10,000 bail pending supreme court action on his appeal. His first trial ended July 8, 1949, with the jury deadlocked 8 to 4 for conviction.

Hiss now can ask the high court to reconsider its refusal to accept (Continued on Page Six)

Communist Leader Is Released After Serving 10 Months

NEW YORK, Mar. 12—(AP)—Eugene Dennis, General Secretary of the Communist Party in the U. S., was released from prison today after serving 10 months for contempt of Congress.

"Now, I'm in good fighting trim," he told reporters, explaining he had lost 40 pounds while in prison. "I will really explain for peace."

Dennis emerged from the Federal House of Detention 50 minutes before his scheduled release time, and only his wife, Peggy, and 12-year-old son, Eugene, Jr., were there to meet him.

They breakfasted at a nearby restaurant, and later about 400 persons gathered to meet Dennis and sing. "We will not be moved."

Dennis, sentenced for contempt in refusing to answer questions of the House Un-American Activities investigating committee, now faces a five-year term in the Communist conspiracy case.

He and 10 other Red leaders were convicted of conspiring to advocate forcible overthrow of the U. S. government, and are still free in bail awaiting appeal to the U. S. Supreme Court.

Hawkins Enrolls Shepard Air Force Base

WILMOT, N. C., Mar. 12—(Special)—Pvt. Wilford D. Hawkins, age twenty, of Lake Monroe, Florida, has entered the Airplane and Engine Mechanic School at Sheppard Air Force Base, the home of the largest technical school of this type in the world. He is the son of Mr. and Mrs. W. H. Hawkins, Lake Monroe, and is a graduate of Seminole High School.

Allied Soldiers Freed After Red 'Schooling'

CAPTURED BY THE GERMANS COMMUNISTS, a group of U.S. soldiers huddle around a makeshift stove at a roadblock center in Korea, tired and haggard looking after making their way back to Allied lines following 17-day ordeal of being Red captives. Classes on "the righteousness of Communism" failed to suppress the boys' loyalty to their country.

The group (left to right) are: Pvt. Robert Dunsen, Dayton, Ohio; Pfc. Joseph A. Collins, Baker, N. C.; Cpl. Lawrence Becklund, Sydney, Australia; Lt. Angus MacDonald, Brisbane, Australia; and Lt. George S. Dornier, Des Moines, Ia. Several of the men suffered wounds. (U. S. Defense Dept. Photo)

Senators Are Told Of Huge Ship Profits

RFC Investigators Hear Former Con- gressman Tell Of Enormous Returns

WASHINGTON, Mar. 12—(AP)—Joseph E. Casey, former congressman, testified today he invested \$20,000 in a company which brought five surplus government tankers and later sold the stock for about \$270,000.

Casey, now practicing law in Washington, was asked about the thin deal by Senators looking into alleged use of influence on government agencies. He is a former Democratic House member from Massachusetts.

The senators had developed earlier that Casey had been associated with Joseph Rosenbaum in practice before the Maritime Commission and had received \$15,800 in fees from Rosenbaum.

The Senate banking subcommittee, which is primarily investigating (Continued on Page Six)

Air Force Calls Ten Thousand Non- Flying Personnel

WASHINGTON, Mar. 12—(AP)—The Air Force announced today it is calling to active duty in the next nine months 10 non-flying Air National Guard units composed of 10,000 officers and men.

The first of the Guard units will be called into service within two months. The others will be brought in during the following seven months.

The Air Force did not disclose either the identity or the future assignments of the units.

It had lost 40 pounds while in prison. "I will really explain for peace."

Dennis emerged from the Federal House of Detention 50 minutes before his scheduled release time, and only his wife, Peggy, and 12-year-old son, Eugene, Jr., were there to meet him.

Welfare Board Unit No. 4 of the State

Unit No. 4 of the State Welfare Board, moved today from the old hospital building at Fifth Street and Oak Avenue to its former location in the Melch Building, it was announced by Mrs. Troy Ray, supervisor.

The main office of the board is in Room 250, located in the rear of the building. Mrs. Ray has 12 members on her staff. Office hours are from 8:00 A.M. to 5:00 P.M. Monday through Friday.

House Committee Approves Lowering Draft Age To 18; Ike Says Europe Can Be Held

Senate Told Twelve U. S. Divisions Can Hold Breton Penin- sular Against Reds

WASHINGTON, Mar. 12—(AP)—General Dwight D. Eisenhower has told senators that 12 American divisions—with sufficient air and sea support—could hold the Breton peninsula of France against any Russian attack.

In confidential testimony given to Senate committees Feb. 1, the North Atlantic Pact commander expressed confidence that "our 150,000,000 enlightened people can still whip 190,000,000 backward people" in Russia if it comes.

Asserting that the men in the Kremlin "like their jobs," Eisenhower said that if the Soviet leaders declare war now "they are really fools."

"They cannot win on the global picture instantly and quickly by a complete knockout," he said.

"Therefore we do have a long, bitter struggle of attrition against the United States and this 150,000,000 people—when they are united under such an attack—is still the most powerful thing on this earth under the almighty himself."

The five-star General told members of the Senate Foreign Relations and Armed Services Committees that the decision on whether to use the atomic bomb would have to be made on the basis of whether its military value outweighs the moral disadvantages.

"If I thought the net was in my favor," he said, "I would use it instantly."

Sen. Wright (D-Ark.) said he thought that the United States ought never to say that it won't use the atomic bomb. He argued that this country ought to maintain the position that it might use the bomb any time Russia provoked war through a satellite.

Eisenhower said that if Russia seemed about to get control of (Continued on Page Six)

Rollins Students Protest Dismissal Of 19 Professors

WINTER PARK, Mar. 12—(AP)—The Rollins College campus calmed down today following word that about a third of the faculty would be dismissed for economy reasons.

Students and faculty members over the weekend demanded facts on the case, but today the students were quietly in classes again in a closed meeting at the Rollins chapter of American Association of University Professors was called for late in the day to protest the action.

A representative of the local chapter is Ralph Huntley, of the science faculty.

The list of those to be dismissed following sessions of the Board of Trustees and the president was (Continued on Page Six)

Crime Committee Opens Hearings On N. Y. Gambling

NEW YORK, Mar. 12—(AP)—George Morton Levy, general counsel for Roosevelt Roosevelt, told the Senate Crime Investigation committee today that he paid Frank Costello, gambling figure, \$60,000 to cut the race track of bookmakers, Levy said he made the move to try to save the fashionable trotting track's license after a state official warned him the track was "infested with bookies."

The attorney, appearing at the state of a climatic series of committee hearings, said he paid Costello \$35,000 a year for four years ending in 1949. He testified the late New York State Attorney (Continued on Page Six)

Alonzo Church Dies In New Orleans

Alonzo Church, a former resident of Sanford, died recently in New Orleans, it was learned here Sunday.

The parents of Mr. Church died when he was very young and he was raised by his maternal and Mrs. R. F. Whitner, the latter an aunt, at their home near Silver Lake.

A graduate of the University of the South at Rutherford, Mr. Church's first job was with the J. E. Ingraham party, the first white man to cross the Everglades, serving in the capacity of "compass man." This was in 1902.

Soon afterward he entered the insurance business and moved to New Orleans, in January he and Mrs. Church celebrated their golden wedding anniversary.

Survivors include the widow; one daughter, Louise; two sons, Randolph and Alonzo Lee Church and several grandchildren. Funeral services were scheduled to be held this afternoon in New Orleans.

Big Four Meet Paris

PARIS, Mar. 12—(AP)—The four power deputies opened their second week of meetings today, fortified by a French lunch designed to "ease the tensions" of the U. S., Russia, Britain and France—who are deadlocked in their efforts to arrange a foreign ministers' conference—sent to Paris' Rose Palace directly from the lunch at which Foreign Minister Robert Schuman was host.

Oil Stove Fire

A defective oil stove resulted in a fire that damaged the kitchen and contents in a home at Twelfth Street and Olive Avenue at 1:30 o'clock Saturday afternoon.

At the same time a grass fire was raging to a wide extent in the Dreamwood section, said Chief M. N. Cleveland. It took more than three hours of fire fighting and backfiring under the Chief's direction before the threat of the fire was eased. No property damage was reported.

Rescued By Rags Coventry

COVENTRY, R. I., Mar. 12—(AP)—Rags, a shaggy dog that doesn't hold grudges, was the hero of the John Auriemma family today.

Rags barked loud enough to wake the Auriemmas yesterday and they escaped with their four children from their blazing quest but home.

Not so long ago, Auriemma said, he tried to give Rags away because the pup barked to much.

No Hope Is Seen For Fish Hospital Here At Present

No hope was held out for any early construction of a hospital in Seminole County by the Fish Commission today by Bill Kirk, a member of the Hospital Committee, or by W. A. Leffler, one of the trustees of the Fish estate, both of whom suggested that the people here should proceed at once with plans for building a County hospital.

Reporting on a meeting held Saturday by the Hospital Committee with the Fish trustees, Mr. Kirk said the committee was told that the assets of the Fish estate are not liquid and that plans are going ahead to build a hospital in DeLand which will cost more than originally expected, possibly \$800,000. He added that the committee was assured by the Fish trustees of all possible co-operation in plan to build a County hospital here.

Mr. Leffler pointed out that only five of the nine trustees were present at the meeting, that the bid on the DeLand hospital has not yet been let and so they don't know how much it is going to cost. But he pointed out that the people of Duval are now building a hospital of their own with federal assistance, that other hospitals are being built elsewhere and that people here ought to be making plans to (Continued on Page Six)

Vinson Predicts Quick Committee Passage Of All Sections Of Manpower Measure

WASHINGTON, Mar. 12—(AP)—The House Armed Services Committee today approved lowering the draft age to 18 and six months, and lengthening of the service term to 26 months.

Chauman Vinson (D-Ga.) said the action was final and was taken "without objection."

The committee in closed session considered a revised version of the bill introduced by Vinson for cutting the draft age below the present 19-year limit, extending the period of service and setting up a Universal Military Training program for the future.

The House bill differs in several respects from the one which the Senate passed Friday.

Vinson has predicted speedy committee approval, with the hope of getting the bill before the House Wednesday and obtaining passage before Easter.

The committee rejected two moves to separate draft changes from the Universal Military Training plan.

Vinson said the committee turned down "overwhelmingly" a motion by Rep. A. Willis (D-Ill.) to make two separate bills.

By a vote of 17 to 15, it disapproved a motion by Rep. Anderson (R-Calif.) to set up two bills in the bill—one dealing with draft changes and the other with UMT.

Vinson said the troops-to-Europe controversy had not yet been brought up.

The House Republican policy committee last Friday adopted a (Continued on Page Six)
