

McQuarrie Is Camp For 4-H Learning And Fun

Teenagers from eight central Florida counties — 130 strong — combined learning and recreation early this week at 4-H Camp McQuarrie in the Ocala National Forest near Astor Park.

It was the annual teenage camp for 80 girls, 50 boys from Seminole, Orange, Brevard, Lake, Marion, Citrus, Sumter and Hernando Counties. The 4-H'ers were accompanied by assistant county and home demonstration agents.

The three-day encampment was packed full of activities for the group — but it wasn't all fun and games. Sandwiched between organized recreation, swimming and leisure time were three hours of classes each day. Instruction centered around exploring possible careers, keeping records of projects, and food science.

One of the newest subjects for campers was food science. Using six basic experiments, 4-H'ers got a quick look at the effects of liquids in food preservation, the effects of salt solutions on vegetables, and how various baking powders affect foods. These and other food experiments gave the teenagers a background of what makes good nutrition.

Two cookouts were held — boys and girls learned to fry one in the morning when the bacon and eggs on large tin

cans, and an evening barbecue. The youngsters provided their own entertainment in the

form of skits, square dancing, and social dancing — sans TV.

Lessons in citizenship, morning flag-raising ceremonies and evening vespers rounded out the busy program that closed Thursday noon.

As with all 4-H camps, the campers themselves were responsible for keeping the cabins and grounds clean, serving the food, and "pulling K. P." duty.

Teenage camps involving several counties are part of the regular camping schedule for 4-H boys and girls between the ages of 10 and 18. Over 6,000 Florida boys and girls attend for one week each summer at one of the five 4-H camps operated by the Florida Agricultural Extension Service.

Other 4-H camps are Cloverleaf at Lake Placid, Timpochee near Niceville, Cherry Lake near Madison, and Doe Lake in the Ocala National Forest.

Printing from seals or stamps was practiced in China as early as the fifth or sixth century of the Christian era, but printing was not introduced to the West until 1438.

THE TWIST, BIRD and monkey, favorite dances among the teenage set were the top attraction of the evening at 4-H Camp McQuarrie for 130 4-H'ers from Marion, Orange, Brevard, Citrus, Sumter, Hernando, Seminole and Lake Counties. Shown dancing are David Ray, Orlando; Kathleen Mendenhall, Sanford, in front; Donna Hogan, Sanford and Allen West Orlando, in back.

STUDYING THE CHEMICAL properties of food was emphasized at 4-H Club Camp McQuarrie where teenagers from eight counties gathered for a week of classes and fun. Shown here diagnosing the effect of liquids and preservation are Seminole County 4-H'ers (from left to right) Eleanor Hein, Carmen Adriatico, Sandy Mikler, and Pat Coney. Our Construction Industry...free to make our dreams come true!

The builders of Florida and America constitute a powerful, creative force in our progress toward a better and more comfortable way of life — at home, work or play. In Florida alone new construction exceeds \$1 Billion a year. Construction ranks among the top industries in the State and Nation, both in terms of persons employed and dollar value added; and that is as it should be in a growing, free enterprise economy!

Florida Power & Light Company is proud to salute the construction industry — contractors and sub-contractors alike — whose competency and proven performance have done so much to demonstrate the value of free enterprise to the achievement of our free society. It is such initiative, such freedom which we must unceasingly preserve and defend — if we are to keep America powerful!

Florida Power and Light Company, too, is constantly building to keep abreast of our growing need for power. FPL's past achievements, as an investor-owned, tax-paying member of the world's greatest power system, have been possible only because our nation is free from the oppression of socialist dictatorships. We hope, through even more outstanding performance, to encourage the trend in America today which proposes more freedom for private enterprise, so that industry may serve our Country even more efficiently.

Seminole County * * * * on the St. Johns River * * * * "The Nile of America"

VOL. 56 United Press Leased Wire Established 1908 TUESDAY, JULY 28, 1964 SANFORD, FLORIDA NO. 243

Something to think about: Thirty-nine per cent of all adults living in Seminole County work and buy outside of the county. At one time there was such a thing as allegiance . . .

Dr. John E. Johns of Stetson University chided college graduates in general Monday during his talk at the Rotary Club's Civic Center luncheon. Urging a sharp increase in support of colleges and universities, he noted: "You left school saying you wouldn't give it a dime. That's one vow you kept."

Dr. Johns was pointing to the rough road ahead for private institutions of higher learning. His picture was not a rosy one.

The Vacation Church School is under way at First Presbyterian Church and will continue through Aug. 7. Hours are from 8:30 to 11:30 and children 4 to 11 are invited. In charge is Mrs. Robert Jackson.

Vacationers return to Sanford and frequently bring to our attention the odd names of cities, towns and other areas they encounter on their trip. Virginia Petrok of the local Welcome Wagon circles calls our attention to "Broken Pavement," and "Steven's Fork" — both in West Virginia.

Reminds of the huge Sinclair sign seen in recent travels. The "C" had been lost to the elements, leaving an interesting two words.

It's Marine Corporal Harold L. Fennell now. The son of Mrs. Sue Brown of Longwood won the promotion July 1 while stationed at the Marine Barracks, Naval Weapons Station, Fallbrook, Calif. He signed up in the Marines in January, 1960.

James Barks, son of Dr. and Mrs. Orville L. Barks, attended the Key Club convention as a delegate from Seminole High School. The party was held in Dallas, Texas, earlier this month. Young Barks is a vice president of the local club.

Cecil Tucker, county agricultural agent, offers this reminder for motorists intent on setting highway records: At 45 miles an hour the song is "Highways are Happy Ways"; at 55 it's "I'm but a Stranger Here, Heaven is My Home"; at 65, "Nearer My God to Thee"; at 75, "When the Roll is Called Up Yonder, I'll Be There"; and at 85, "Lord, I'm Coming Home."

Alfredo, the hamburger eating alligator who spent his fifth summer last year with the Pat Boyles on the Wekiva River west of Longwood, hasn't returned for his usual summer sojourn and the family fears he has met with some mishap. Easily identified by a missing third toe on the right front foot, Alfredo returned annually around the first of July and became quite a family pet. . . . has anyone seen Alfredo?

Holley Comes To Sanford

Republican gubernatorial candidate Charles Holley of St. Petersburg was scheduled to arrive in Sanford at 2 p.m. today for a press conference, with a public meeting to follow at 2:30 p.m., at the Sanford Woman's Club.

Holley's appearance here to meet with his supporters and the interested public was arranged by the Holley For Governor Committee. Co-chairmen of the committee are Mrs. O. G. Bryant and Mrs. Al Keith.

St. Johns Policy Set

By Julian Stenstrom
Associate Editor

Seminole County's Board of Commissioners today agreed to formulate and adopt a resolution calling for a study of flood control and water conservation in the area surrounding the headwaters of the St. Johns River.

A delegation of residents headed by Selig Holmes, chairman of the Lake Harney Water Association, and supported by State Sen. Mack N. Cleveland Jr. and Seminole Chamber of Commerce Manager John Krider, explained that recently the low level of St. Johns River caused waters to flow south instead of north, that at the present time the table is almost at sea level, and that it is about time something was done to conserve the flow of the river's water to prevent the intrusion of salt.

Krider told the Commission that the weight of water actually holds down the salt and

that ways and means must be found to conserve fresh water in the area instead of allowing it to flow northward.

"Two cities on the east coast," said Krider, "are pumping 25 million gallons of water a day from the river."

Sen. Cleveland complimented the Lake Harney residents on establishing their own water association but explained that for some 25 years these people have been paying taxes to the Central and South Florida Water Control District and "absolutely nothing has been done toward flood control or water conservation in this area. I'm surprised they've been as patient as they have through this period."

Cleveland said it appears the state cannot do anything and that the federal government is the only agency which can provide relief.

The resolution which will call for action to solve this problem will be directed to Congressman Syd Herlong, the flood control district and the

North Orlando Company Sued For \$2 Million

The North Orlando Company is facing a \$2 million suit filed against it in Federal Court in Orlando by an Hawaiian businessman, Harold T. Okimoto.

The plaintiff alleges he thought he was buying most of the Town of North Orlando last December and April when he signed papers for the purchase.

He claims the defendants cheated him by not selling the land he thought he was buying. Okimoto says that prior to signing the various papers he looked at maps, inspected the property.

The Hawaiian states he gave a promissory note for \$40,000 and then gave the defendants another one which was blank. This and other documents were incomplete, he said, but he depended on the defendant's "good faith" in filling the blanks.

He further alleges he paid the defendant \$50,000 during preparations for the land deal but the company will not repay it.

He asked the court to void the contract documents and demands \$2 million damages. His attorneys are John M. Robertson and Harold War III.

In previous reports of the sale, the owners were listed as the Silver Creek Precision Corp., Silver Creek, N. Y. Deed of transfer as filed at that time in Seminole County indicated Okimoto would pay \$1,226,263 to the Silver Creek firm. A mortgage of \$1.25 million was also recorded from Okimoto to Silver Creek.

When contacted by The Herald for comment early this morning, local North Orlando Company manager Frank Fasula said "This is quite a shock. This is the company's main office and no papers have been served here. We had no indication that Mr. Okimoto was preparing such action and therefore, at this time, are totally unprepared to make any statement."

Mayor Irene Van Espel, asked for an opinion as to what reaction of village officials would be, advised that the council would continue, as it has in the past, to work for growth and improvement of the village as a whole regardless of who holds ownership of the undeveloped properties.

CDR. Kennedy New VAH-11 Officer

Cdr. Robert W. Kennedy has been named commanding officer of Heavy Attack Squadron 11 replacing Cdr. Barton W. Bartholomew who was killed in an aircraft accident July 19.

Cdr. Bartholomew was on a flight from the carrier Franklin D. Roosevelt in the Mediterranean where the Sanford based squadron is nearing the half-way mark in its current deployment with the U. S. Sixth Fleet.

Kennedy has served as the squadron's executive officer since April 6. He brings to his new job more than four years experience in heavy attack aviation.

In his new job, Kennedy will be in charge of six twin-

Four Threats To Privately Endowed Universities Pointed Out

Four "sharks" which pose a major threat to the future of private education institutions in this country were identified in detail Monday noon at the Rotary Club meeting in the Civic Center.

The speaker was Dr. John E. Johns, professor of Stetson University, who also outlined future growth plans for the DeLand school.

The first threat listed by

Dr. Johns was the "demand for capital outlay." Expansion and modernization costs have created a huge burden on the schools, he said, noting that the physics building at DeLand is the same one which was in use when the school started and had only 70-plus students.

Physicists who studied prior to 1942, he said, find their subjects of that period outdated. Yet, he pointed out,

Stetson is still using the same structure.

The speaker said expansion and modernization costs during the past 60 years exceed that of the previous 300 years.

Second "shark" to threaten private schools was listed as "student costs." It now costs about \$3,000 a year in tuitions and fees to attend a university, he added.

Dr. Johns said a student preparing to become a doctor or lawyer can expect to ex-

pend \$20,000 to \$25,000 for his education.

"Teacher shortage" was listed as the third "shark." He asserted many teachers are switching to more lucrative jobs in industry and "they can't be blamed."

"Complete unconcern" was given as the fourth "and most important" cause of the impending downfall of private education. "If people care," Dr. Johns said, "they usually find the way."

He scored the lack of interest among graduates and urged his listeners to do all in their power to help their alma mater to prevent the private educational system from "falling by the wayside."

Expressing firm confidence in Stetson, Dr. Johns said a new business administration building costing \$500,000 is planned for the campus next year. He also said a science

center campaign is slated to begin next year.

The Baptist Convention has pledged \$1.5 million, Ford Foundation another \$1.5 million and "friends" are expected to provide a third \$1.5 million within the next three years, giving the DeLand university a firm hold on its future, Dr. Johns told Rotarians.

The speaker was introduced by Tom McDonald, program chairman for July.

VFW Auxiliary Has Meeting In DeBary

By Mrs. Frank White
Mrs. Myrtle Hill, president of the auxiliary to DeBary VFW Post 8093, presided at the July meeting for her first time since being elected and received a warm welcome from the membership.

Mrs. Hill was unable to attend the June meeting as she was at Lake City Veterans Hospital where her husband, Frank Hill, underwent surgery. He is convalescing at home now but is due back at the hospital this Thursday. Mrs. Hill announced that she would be happy to deliver articles collected for the veterans at this time and Mrs. Alice Beinert volunteered to pick up contributions if called.

During her stay at the hospital Mrs. Hill contributed 96 hours service spent in shopping and caring for the veterans and in helping with office clerical work.

In business of the meeting, Mrs. Hill was appointed as delegate, and Mrs. Greta Denning as alternate, to the National Convention to be held Aug. 24-28 in Cleveland, Ohio.

Mrs. Denning, who serves as ways and means chairman, reported on plans for an Oct. 29 card party and Mrs. Beinert on the project of making a handmade afghan to be awarded at the party with proceeds to benefit the group's hospital program.

Mrs. Terrence Reilly was welcomed after her absence. Next regular meeting was scheduled for 7:30 p.m., Aug. 20, at the Firemen's Recreation Hall.

Ruby Admits He Planned It

DALLAS (UPI) — Jack Ruby said during a lie detector test given him by the FBI Saturday that he decided the morning of Nov. 24 to kill Lee Harvey Oswald, the Dallas News said today.

Two FBI agents gave the test in the 53-year-old condemned slayer in the county jail in the presence of a Warren Commission investigator.

Ruby had requested the test. The paper said the agents found nothing indicating Ruby lied during the test but that analysis of polygraph tracings of his breathing and pulse were not complete.

Health Fund Up \$14.8 Million

JACKSONVILLE (UPI) — The state Board of Health approved a \$62.2 million budget for the coming two years Sunday and urged establishment of a 10-man committee to study mental health problems in Florida.

The budget represents a \$14.8 million increase over the last two years and still must be approved by the Legislature.

Dr. Wilson T. Sowder, chairman of the board, said the higher budget is needed "if we are to operate at the peak of efficiency."

DeBary Man Commended By State Group

By Mrs. Frank White
John Kissel of Palmetto Drive, DeBary, who is organizing and will teach a class for laryngectomies this fall in the DeBary Community Center Red Cross room, has been commended by the Florida Laryngectomee Association for his action.

This class, the only one available in the area, is being sponsored through cooperation of Chester Rearick, president of the DeBary Civic Association. Literature and materials needed will be provided by Mrs. Adam Muller, chairman of the DeBary Cancer Unit which is a part of the West Volusia Unit of the American Cancer Society.

Seven laryngectomies already have enrolled for the class and others in need of the service may make arrangements to attend by contacting Kissel.

Forest City Civic Group To Meet

By Maryann Miles
The August meeting of the Forest City Community Association will be held at 8 p.m. next Monday at the home of Mr. and Mrs. John Bethea on Forest City Road.

On the agenda for the evening will be discussion of ways and means to raise money for building the Forest City Community Club House in Lake Harriet Estates.

Officers are especially urged to attend the meeting and all interested members are invited.

27 Enrolled For Story Hour In Altamonte

By Julia Bartos
Mrs. Robert Webb, reader for the Children's Story Hour which is conducted each Saturday during the summer at the Altamonte Springs Community House from 9:30 until 10 a.m., reports that a total of 27 youngsters between the ages of four and 12 years, are registered this summer.

Average attendance for the past three Saturdays has been 18, however, an increase is expected as families return from vacation.

Due to increased enrollment and interest in the program this year, Mrs. Webb feels that next summer two readers will be necessary and that age group divisions will be required.

The Story Hour is sponsored in conjunction with the Altamonte Library and the Altamonte Community Library Association.

City Boy Found Safe In Woods

PARK, Calif. (UPI) — "Who would figure a city boy would know how to take care of himself in the woods?"

A park ranger asked that question somewhat in awe Saturday night after a 10-year-old "city boy" from Los Angeles, missing in the Yosemite wilderness for eight days, was found alive and well.

Other rangers described John Ireland Jr.'s survival "an absolute miracle."

But young John had another explanation as he related in a hospital bed Sunday. He attributed his survival to "keep my head."

Meet Postponed

Sunday's meeting of the West Lake Brantley Civic Association was postponed due to rain and has been rescheduled for next Sunday at 5 p.m. on the Lake Brantley beachfront property owned by the association.

In the event of rain the meeting will be held at the home of Mr. and Mrs. L. C. Rigby on Lake Brantley Drive in Forest City.

School Budget Reaction Is Favorable

By Julian Stenstrom
Associate Editor
Reaction to the Seminole County School Board's \$6.25 million budget for the 1964-65 school year, which calls for a 1.07 millage increase and a total of 9.32 mills, met with almost unanimous approval of local officials.

General J. C. Hutchison, member of the Board of County Commissioners, declared: "I don't have any children in school anymore but I do have some grandchildren. If it means raising the millage to provide them with the best possible education I'm ready to go along with it."

State Rep. Joe Davis said he would go along with General Hutchison. He added, however, "I'd suggest that our Board of Public Instruction continue to economize whenever and wherever it can to get the most out of the tax dollar."

Karlyle Housholder, Seminole County Judge-elect and also president of the Seminole County Chamber of Commerce, said he thought "Our system is doing quite well. Our school officials are forward looking and we've got to go along with them."

County Commissioner Leo Gary commented, "I wish I'd had it as good when I went to school as our children have it today."

County Commission Chairman James Avery observed: "The School Board must be complimented on their good public relations." Obviously, with tongue in cheek he explained, "The School Board raises its millage 1.07 mills and gets complimented. Meanwhile, the County Commission holds the line on its millage and some people still aren't satisfied."

H. Z. Dunn, 84, Dies In Hospital

Herschell Z. Dunn, 84, of Monroe Corner, died at 9:30 p.m. Sunday in Seminole Memorial Hospital.

Born July 31, 1879, in Cochran, Ga., he had lived in Sanford for the past 38 years. He was a retired carpenter and was a member of the Mt. Haven Primitive Baptist Church.

Survivors are four sons, E. L., J. L. and Herschell E., all of Sanford and W. E. of Titon, Ga.; two daughters, Mrs. I. W. Nettles of Sanford and Mrs. W. B. Hendrix of Orlando; 18 grandchildren, 42 great grandchildren and one brother, J. W. Dunn, of Odum, Ga.

Auto Smeared

Cecil Carlton of 554 Plumosa Dr. reported to police Sunday someone had smeared catnip and mustard on the outside of his car and on the front seat sometime Saturday night.

Lacey was presented gifts of a cigarette lighter and a belt and Mrs. McCarron received a rhinestone necklace and earring set as mementos of the occasion.

Refreshments served to the more than 75 members attending consisted of a buffet supper, prepared by the women, and a large birthday cake.

Lacey was hoping that the pickle crop this year is a dilly.

Funeral Notice

DUNN, HERSCHELL Z. — Funeral services for Herschell Z. Dunn, 84, of Monroe Corner who died Sunday, will be held at 2 p.m. Wednesday at Brinson Funeral Home with Elder Robert Smith officiating and Elder Joe Harvell of Orlando assisting. Burial will be in Evergreen Cemetery. Brinson Funeral Home in charge of arrangements.

Demo Platform Expected To Denounce 'Extremists' By Name

Party Facing Battle Over Credentials

WASHINGTON (UPI) — Democratic platform drafters, like their Republican counterparts, very likely will denounce political extremism whether of the right or left. They may mention the John Birch Society and the Ku Klux Klan as well as the Communist party by name.

Present thinking of some key Democrats is that they also may give Republicans in Congress a pat on the back for helping pass the civil rights law which Sen. Barry Goldwater voted against.

Democratic expectation no repetition of past convention civil right battles as far as the platform is concerned. They face such a fight on credentials, and can only hope to hold it to less than party-splitting dimensions.

At their San Francisco convention, the Republicans rejected efforts to include in their platform criticism of extremists, and Goldwater said in his acceptance speech that extremism in defense of liberty was not a vice.

On civil rights, the Republicans committed themselves to "faithful execution" of the new civil rights law, but neglected to claim credit for the powerful GOP help that enabled the Democratic Congress to pass it.

Goldwater was one of only six GOP senators who voted against the civil rights bill, aimed at curbing race discrimination in schools, jobs, voting, use of public accommodations, and outlay of federal funds. He called its job and public accommodations sections unconstitutional.

The Democratic Platform Committee now being assembled is headed by Rep. Carl Albert, Okla., House Democratic leader and a close associate of President Lyndon B. Johnson.

The 100-man committee will hold public hearings here Monday, Tuesday and Wednesday, Aug. 17, 18 and 19, the week before the Democratic National Convention opens in Atlantic City on Aug. 24.

The sessions are being held in the nation's capital to avoid interference with efforts of Democratic leaders to wind up the 88th Congress before the convention begins. A number of platform committee members also are congressmen.

Goldwater Acts To Bring Peace Within Party

WASHINGTON (UPI) — Republican presidential nominee Barry Goldwater made a bid for party harmony today with an offer clearly understandable to his congressional help in their own election campaign.

The Arizona senator's aides were completing plans for two congressional breakfasts here Aug. 6 and 7. All GOP senators and House members will be invited. Rep. William E. Miller, N.Y., GOP vice presidential nominee, will be co-host.

Referring to the breakfasts and other scheduled sessions, Goldwater said Monday that the meetings were arranged "in the interest of campaigns of all Republican candidates and in the interest of unity in the party."

Goldwater said the breakfast sessions would include a briefing on plans made for the national GOP campaign as well as a discussion of "anything else" on the minds of Senate and House GOP incumbents.

The unity breakfasts were only one phase in a series of meetings discussed by Goldwater Monday after a two-hour and 20-minute discussion with top Republican campaign aides.

Goldwater said he would meet with Senate and House GOP leaders Wednesday.

He said Republican strategists were still planning a "summit" meeting of top party leaders following the congressional breakfasts and he hopes all 16 GOP governors could be present.

MRS. CORNELIUS DOVALE of DeBary has been collecting miniature pitchers for many years. In her collection are pitchers from Italy, Germany, Holland, England, Ireland, France, Brazil, Mexico, and many out of the way places the Dovaless visited while abroad. Her friends in the States have sent her odd pieces to add to her famous collection. They are from a half inch in height to several inches, many decorated with hand painted portraits, hand-blown glass, china and in delicate shades. Mr. and Mrs. Dovaless have just returned from a trip to New Orleans, Texas and Mexico, where they added several pitchers to their collection. (Cox Photo)

New Case Of Hoffa Jury Tampering Reported

CHICAGO (UPI) — The Chicago Tribune said today an investigation is being made of alleged attempts to tamper with the federal court jury that convicted Teamsters boss James R. Hoffa on charges he conspired to defraud the union pension fund.

The newspaper said it was told by an "informed government source" that "you have not heard the end of this case."

A spokesman for the Justice Department in Washington said he was not aware of an investigation. The Federal Bureau of Investigation in Chicago declined comment on the report.

Hoffa, who is appealing both his conviction here and a conviction on jury tampering charges earlier this year at Chattanooga, Tenn., said he had heard rumors "of such an inquiry."

The Tribune reported it had learned that an attempt had been made to place into jur-

ors' hands copies of a magazine article that questioned the fairness of the Chattanooga trial. The newspaper said the attempt was not successful.

Copies of a weekly magazine The Nation containing an article on the Chattanooga trial were circulated freely around the federal courthouse here during the early days of Hoffa's three-month-long trial on fraud charges.

After defense attorneys placed into the record copies of what they claimed were prejudicial newspaper articles, prosecutor Charles Z. Smith asked for and was granted permission to enter the magazine article into the record.

Calm Night In Rochester Lifts Official Hopes

ROCHESTER, N. Y. (UPI) — City officials appeared satisfied today that the emergency caused by a weekend of violent racial rioting now is under control.

Although streets remained filled with police and National Guardsmen were camped around Negro neighborhoods, the night passed without repetition of the street disorders and looting that flared on three previous nights.

"Things were very quiet last night and we're all hoping that they will stay that way," Mayor Frank P. Lamb said this morning.

Both the police chief and city manager, who had maintained all-night vigils at the Public Safety Building during the previous nights of rioting, went home shortly after midnight.

New York Gov. Nelson A. Rockefeller, who toured the riot-stricken city Monday, also seemed assured that the 1,200 state and local police on duty here and the 1,300 National Guardsmen he ordered in as a standby reserve, could maintain the peace.

"The problem now is preservation of law and order, getting back to normalcy," he said after conferences with police and military officers.

Fiddlesticks, And Pffoui On Such Ffoppery

LONDON (UPI) — Anthony French said today he wants to find out why his family—and the Ffitches, Ffords and Ffikes—spell their names that way.

No fewer than 23 names in the London telephone directory begin with the double-F.

Some, like Ffrench, capitalize the first "F." Others, like Miss Valentine Ffrench (small ff) or Miss C. L. Ffike (small ff) capitalize nothing at all.

The lack of a capital is traditionally supposed to perpetuate the memory of an ancestor decapitated in some long-forgotten dynastic war.

The reason for the double-F is more obscure.

Ffrench, a welfare worker, said he has spent three years working in his spare time to solve the riddle.

He said that as nearly as he can figure out, most double F's were adopted out of simple snobbery.

Girl Killed, 7 Injured In Collision

STUART (UPI)—A Coral Gables girl was killed and seven relatives injured Monday night when their car crashed on the Florida Turnpike near here.

Janice Kenny, 16, was killed instantly. Her five-year-old brother Jesse was critically injured and four other family members were seriously hurt in the wreck.

Two others in the car suffered minor cuts and bruises.

The Turnpike Authority said the car, driven by Lewis Kenny, ran off the road and swerved back on, where Kenny hit the brakes.

At that point the automobile went into a broadside slide, careened off the road and overturned twice.

The world is full of a number of things and you can find most of them in a woman's purse.

Won't Work For LBJ, Burns Says

MIAMI BEACH (UPI) — Democratic gubernatorial nominee Haydon Burns said Monday he won't campaign for President Johnson this fall.

"I'm a Democrat and I have been a Democrat all my life," he said, and "that's as far as I'm going to go to persuade anyone to vote for anyone else but Haydon Burns this fall."

He told newsmen that he would vote for Johnson and

But Burns, who is favored to win the November election, admitted that "in some ways" he stands close to the political philosophy of GOP presidential candidate Barry Goldwater. This raised the ire of Republican gubernatorial candidate Charles Holley of St. Petersburg.

"He's a political chameleon who changes color whenever he thinks he can pick up more votes," Holley said in a statement released in St. Petersburg. "Actually he has no political philosophy at all," said Holley "so how can he say it resembles Goldwater's?"

By Dottie Austin
MRS. CHANDLER SWANSON, wife of the new commanding officer of the station made her presence felt right off, taking high points at the Station Officer's Wives bridge last week.

Mrs. John Williams was hostess with guests present being Mrs. Robert Watson and Mrs. Dave Dearolph.

Next bridge will be on August 17th at Mrs. William Sharp's home.

FAREWELL LUNCHEON for Mrs. Stanley Stanul, wife of the NAS station executive officer will be held at the Georgian Manor, (across from the Tiki in Maitland) on August 6th at 12:30 p. m. by the Station Wives.

The Stanul's are being transferred to Silver Spring, Md., and will leave right after the luncheon, with their lovely daughter, Sharon.

The move comes just at the right time, as Sharon, who graduated from Seminole High this year will be entering college in the fall.

All the Stanul's were most popular during their tour here and leave a host of Navy and civilian friends behind, as they depart. Slim, sweetie Gloria has been one of the most popular models in the numerous fashion shows in Sanford, and she really does something special for the clothes she wears.

For reservations to the luncheon call Mrs. Vincent Law or Mrs. William Riddell before August 3rd.

MRS. JAY MILLER was hostess at her Lake Crystal home recently to "welcome aboard" several newcomers to the Station Wives Club, chief among them being Mrs. Chandler Swanson, wife of the new skipper and Mrs. Leo McDonald, the wife of the new Protestant chaplain.

Others welcomed were Mrs. Julian Eberhart, Mrs. Dell Mueller, Joy Berrance, and a Mrs. Holmes, whose first name we missed.

The party was to be a picnic and swim, but the weather didn't cooperate, so it turned out to be an indoor box luncheon, highlighted by fried chicken and topped off with Bavarian cream.

MRS. G. L. ATKINSON high points at the RVAN-D "O" wives bridge Wednesday which was held at the home of Mrs. C. C. Smith, Second

was Mrs. J. Youngbladt, with Mrs. J. A. deGanahl not holding the right cards and coming in low.

Special guest of the day was Miss Betty Watkins, who was visiting her aunt, Mrs. D. M. Sullivan. Mrs. Richard Cook of Det. 8 was also a guest. Shrimp gumbo and garlic bread was the piece de resistance served by the hostess.

SADDENED MEMBERS of VAH-11 will go ahead with their get-together plans for Thursday, but the splash party which was to have been at Kay Bartholomew's will be held at Betsy's Becton's home on Banana Lake.

It will be a bring-your-own hamburger or hotdog cookout luncheon, to start about 11 a. m.

Kay has gone to Washington, D. C. for awhile to visit with her sister, but will be back before school starts.

Friends are hoping that Kay will remain in Sanford and make her home here, where she has so many friends. They treasure her wonderful spirit and courage, which has helped to sustain her through these black days.

Sue Kennedy has picked up the reins of the club's activities serving as acting president until official action by the Navy.

CPO WIVES will hold installation of officers at the Chief's Club Saturday, beginning at 7 p. m., reinstating popular Mrs. Ira Jarrell as president.

NAVY WIVES 211 is reminded the coffee and jewelry auction scheduled for 1 p. m. Wednesday at the home of Mrs. J. Brown.

Bring all the costume jewelry you can't wear, don't need or "just isn't your type" to the auction. It might be just what someone else is looking for and your contribution will help the club treasury.

LAST EDITION of the Seventies News has left for the ship, President Edith Pounds told 23 members of the VAH-7 Enlisted Wives Club at their recent monthly meeting.

All the staff who worked so hard to get out the little newspaper of home news for the men on the Enterprise, were warmly thanked for their hard work in writing, editing, and composing for the past six months.

No more editions are planned as the ship will be around the world cruise in August. A plaque, which had been sent to the wives club from the squadron in appreciation, was presented to the group by Mrs. Pounds.

Farewells were said to Mrs. J. H. Ott, whose husband has received orders to San Diego, and to Mrs. D. F. Homer whose husband is being discharged. Each was presented with a silver charm bracelet and a disc which designated "Seventies."

Hostesses for the meeting were Mrs. J. P. Brewer, Mrs. C. E. McArdle and Mrs. J. G. Whitman.

Plans have been made for a dinner party to be held at the Acey Deucey Club next Tuesday at 7:30 p. m. and a bingo party on August 19th.

VAH-11 ENLISTED Wives will meet at 7:30 p. m. tonight at the Acey Deucey Club for election of new officers.

No slate has been prepared, so nominations will be open to the floor. Betty Newsome, Eileen Cornett and Bonnie Jenkins will be hostesses and refreshments will be served.

Coming up in the near future is a fashion show, with new fall styles from the Hollywood Shop and Garrett's Department Store. Agnes Beunavista is in charge of this. It will be held at the NAS Ballroom at a date to be set tonight.

NEW REPRESENTATIVES to the Naval Officers Wives Club were to hold their first board meeting at 10 a. m. today at the home of retiring president, Mrs. William Yelink, to choose their jobs and receive instruction from the old members.

Mrs. C. L. Fitzpatrick will take over as new president and we'll hear more about this next week.

TV time critics preview operation. As usual, it's up to Parker to scare him off. 9-10 p. m. ABC. Greatest Show on Earth. "The Night the Monkey Died." (rerun) Yvonne DeCarlo makes an infrequent TV guest appearance on a film series. In this episode of misery under the Big Top, she plays a gypsy fortune teller. The story involves death and vengeance and Miss DeCarlo's attempt to implement an old gypsy legend (specially created for this broadcast).

7:30-8 p. m. NBC. Mr. Novak. "Day of the Year." (rerun) This one gets into the problem of dope as it affects high-school students and, having bitten off this mouthful, the story treats the subject rather cautiously. Suspense comes from the attempt to locate a pusher among the student body or school personnel.

7:30-8 p. m. ABC. Combat. "What are the Bugles Blowing For?" Part II (rerun) Though he looked almost like a suicidal fool on the first episode of this attenuated wartime adventure, Capt. The captain thinks he's on to a bed of pearl-bearing oysters and, unless he's dissuaded, he's likely to interfere with McHale's

(Ernest Borgnine) smooth operation. As usual, it's up to Parker to scare him off. 9-10 p. m. ABC. Greatest Show on Earth. "The Night the Monkey Died." (rerun) Yvonne DeCarlo makes an infrequent TV guest appearance on a film series. In this episode of misery under the Big Top, she plays a gypsy fortune teller. The story involves death and vengeance and Miss DeCarlo's attempt to implement an old gypsy legend (specially created for this broadcast).

9:30-10 p. m. CBS. Jack Benny Show. (rerun) Phil Silvers literally takes over tonight's show. While discussing old times with Jack, Phil does so much of the talking that Jack is left to silent reminiscence, then slips into a funny flashback about Phil's younger days.

10-11 p. m. CBS. Meredith Willson Special. The third of Meredith Willson's ultra-cute summertime musical fillers is loaded with fine young talent. Jack Jones, one of the best of the newer singers, has several numbers. Vicki Carr is impressive as are the folksong duo Joe and Eddie. The young Americans do a Willson number, Fred Hemke plays the saxophone, ex-Congressman Brooks Hays takes the long way around some political humor and, of course, there's the usual "daring" chatter from Rini. The show opens and closes with a bang.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have always considered you the voice of anti-intellectual mid-Victorian morality. As such, you had your finest moment when you advised a 14-year-old boy to run rather than to defend himself against a 15-year-old out-sized girl. I say if a girl wants to act like a boy, treat her as a boy. A black eye and a split lip in childhood is a small price to pay if it prevents a female from confusing her role with that of a male's in adult life. Very truly yours, GEORGE L. H.

pants, smoke, go in bars and compete with men for jobs, but when the going gets rough you expect special treatment just because you're women. I say that kid who slugged the girl deserves a pat on the back. I'll bet that was the last time that big fat Amazon ever took a poke at him. Sign me... SWEENEY

DEAR ABBY: Just read about the 14-year-old boy who was given a beating by his father for socking a 15-year-old girl in the eye. When I was an 8-year-old boy, I was unmercifully tormented by an older, bigger girl. I was ashamed to ask for help because people

would laugh at a boy who would let a girl scare him. If only I had had the nerve to pick up a good-sized stick and let her have some good whacks on the shins, maybe I wouldn't dislike women as much as I do today. When an overgrown, aggressive woman provokes a man, she deserves a black eye. For a man to strike a woman of average proportions and ladylike deportment is a deplorable act. But today just let one of those other types bug me and I'll kick her right in the seat. MR. M.

Jacoby On Bridge

By Oswald Jacoby

East did not like to overcall with his balanced 11 points, but when North let the bidding drop at one spade, East realized that West was marked with some strength, so East refused to sell out.

Then South led another club. West won with the ace and led his last club to his partner's queen. East realized that South had a good reason for not leading trumps, so East wouldn't lead one either. Instead, he played his last heart.

North in turn refused to sell out to two hearts and since West knew that East had been bidding West's cards in addition to his own, West let South struggle with his two-spade contract. It was quite a struggle. South ruffed the third heart and led a diamond to dummy's jack. East was in with the king and for want of anything better to do East returned a diamond. South won in his own hand and led a club to dummy's king. When

that card held, South cashed dummy's ace of diamonds. He was lucky to have both opponents follow, but he didn't see any better play.

We The Women:

By Ruth Millett

Asked to comment on his wife's successful career, a husband was recently quoted as saying, "When I married her I didn't expect her to become a housewife."

Only a man could have made such a statement. But how does he think he and the couple's children have managed without a "housewife" in the family?

True, a wife with a career can often hire others to do most of the physical work around the house, and to look after the children when they are small.

successful ones often delegate all or most of the household chores to someone else. But they're still housewives—planning, supervising and directing all that goes on in their homes. And most of them never reach the place where they never, never lift a hand around the house.

The day she marries, a woman, no matter what other career she intends to pursue, also becomes a housewife simply because home and family are still a woman's responsibility.

plans the family's social life, works out schedules for the children, plans all the details of entertaining, is the family purchasing agent. Whatever her setup, any woman with a husband, a home, and children is at least a part-time housewife. For a man to assume because he is reconciled to his wife's having a career he thereby frees her from the role of housewife is pretty naive.

But the home and the husband and the children still depend to a great extent on the wife's being a housewife as well as a career woman. It's the housewife-aids of a career woman which chooses a home for a family, decides how it shall be furnished, sets up a housekeeping routine (even though someone else does the actual housework),

delegates all or most of the household chores to someone else. But they're still housewives—planning, supervising and directing all that goes on in their homes. And most of them never reach the place where they never, never lift a hand around the house.

DEAR ABBY: I just finished reading the letter from Mrs. M., whose 14-year-old son gave a 15-year-old girl a black eye and a split lip in self-defense. You said, "Under no circumstances should a boy ever hit a girl." I think you gave some pretty bum advice there, Abby. If a girl hits a boy first, I think he has a perfect right to hit her back. You have a son, Abby, why don't you ask HIM for HIS opinion? I'll bet HE wouldn't run from a girl.

ONE FOR YOUR WASTEBASKET DEAR ONE: I just asked him. He said he wouldn't hit her in the same way he'd hit a boy. But he'd give her a "padding" she'd never forget. You win!

Mrs. Adams And Mrs. O'Neil Co-Host Bridesmaids Luncheon

Mrs. W. A. Adams and her daughter, Mrs. Robert J. (Ada) O'Neil were co-hostesses at the lovely Adams home on Lily Court to a lavish bridesmaid's luncheon honoring the bridal attendants of Miss Kay Ivey.

The reception room featured magnificent arrangements of vivid roses with an individual table seating Mrs. John Ivey, the bride elect's mother, Mrs. Edwin Lindsey, mother of the future bridegroom and Mrs. Dale Scott, mother of the flower girl Dalynn Scott. Centering this table, which was covered in an elegant cutwork cloth, was a beautiful arrangement of pink carnations in a crystal container accented by crystal candle holders with white tapers.

luncheon was prepared by Mrs. Adams and Mrs. O'Neil and featured an array of colorful foods in replica of the

wedding symbols. A pear half was covered with cream cheese and topped with green grape halves to form the wed-

ding bells. Individual chicken molds were heart shaped and garnished with fresh mint and olives. Two spiced apple rings were enjoined to symbolize the wedding bands. Each plate was edged in dainty bows cleverly created from cream cheese to enhance the superb splendor of the luncheon, which was served with pink champagne and pink lemonade.

A lovely oval mirrored serving tray edged in antique gold trim was presented to Miss Ivey by the hostesses and Miss Ivey's gifts to her attendants were the gloves they wore in her wedding and a monogrammed sterling silver pin. Little Miss Dalynn Scott received a charm bracelet from Miss Ivey.

Others attending the luncheon were Mrs. Thomas Bowden, matron of honor; Miss Marilyn McDaniel, maid of honor; Mrs. John Dinkins, Hendersonville, N. C., bridesmaid; Mrs. Wayne McLeroy, Cocon Beach, bridesmaid; Miss Carol Bowen, Lakeland, bridesmaid; and Mrs. E. C. Waldheim, Maitland, mother of the ring bearer, Eddie Clark Waldheim Jr.

Was Cage Star At Kentucky And South Carolina

By Julian Stenstrom
Herald Sports Editor

Principal C. W. Holder of Oviedo High School — one of the county's high school basketball powerhouses — obtained what might be called "the necessary insurance" for continued cage success when he today announced the hiring of Dick Prater as an assistant basketball coach.

Holder said that Prater — who taught last year at South Seminole Junior High — would coach the Oviedo Jay-Vee cage squad and assist Head Basketball Coach Paul Mikler in addition to teaching social studies.

Prater is currently working on his masters degree at Eastern Kentucky State College. He will also assist Head Football Coach Arthur Scott during the forthcoming gridiron season, Holder declared.

Prater, age 32, married, and the father of two youngsters, ages 11 and 5, is a graduate of the University of South Carolina. He was an all-state Kentucky high school cager at Pads Creek, Ky., for two years. He was the most valuable player in his region for two seasons and also was the district's most valuable cager the same two years.

During one year of competition in Kentucky's Big Sandy Conference he was the circuit's most valuable player.

During two seasons when the Kentucky high school all-stars played the Indians high school stars Prater was high scorer in both contests.

He went to the University of Kentucky where he was the top scorer on the Wildcat's freshman basketball squad.

He went into the Air Force where he played four years on the Bampson AFB team which each of those four years won the title as Air Force world champions.

Following his tour of duty in the service he was drafted by the New York Knickerbockers of the National Professional Basketball Association. However, Prater chose to continue his education and enrolled at the University of South Carolina. Injuries sidelined him his final year with the Gamecocks.

Upon graduation Dick coached one year at Pikeville (Ky.) High School and then two years in his hometown at Pads Creek. He moved to Florida last summer when his wife's physician suggested it would be beneficial to her health.

Holder said that he felt "extremely pleased" to be able to get a young man like Prater and he was confident that Dick would make a fine contribution to the athletic program at Oviedo High as well as a good social studies teacher.

The first in press to be introduced was the Stanhope press which was built under the direction of the Earl of Stanhope in 1796.

8-Beach Life

By BILL McCORMACK
Newspaper Enterprise Assn.

Beach parties by boat have a number of advantages over such fun expeditions made by car. Usually, more comfort and recreational equipment can be carried. Boats can go right up to uncrowded beaches that are wholly inaccessible or difficult to reach by automobile.

Locating undeveloped beaches that are open to beach parties is fairly easy. It is well, when sailing in strange waters, to seek information at the marina where you fuel up or buy supplies. As a general rule, where you come on a secluded beach that has no buildings in the immediate vicinity and is not posted (with "Keep Off" or "Private Property" signs) you can take it for granted that even if the waterfront is privately owned there is no objection to orderly beach parties.

Footwear is most important on out-of-the-way beaches that are not cleaned regularly. Unless nature has done a fine

Job policing the sands there are liable to be sharp objects that will cut bare feet. Ordinary shoes collect sand. Wear either sandals or some other type of open footwear.

Take along everything you might need for recreation—beach balls, badminton outfits, even folding tables for card games if you like. Beach umbrellas take up little space when folded.

Be sure to have enough water and food, plenty of towels and suntan lotion.

There is one other big advantage to beach life by boat. There are no crowded roads on the way home, only an invigorating water ride.

Clay And Liston Sign Pact For Return Bout

By Ted Swift
United Press International
LOUISVILLE, Ky. (UPI)—Heavyweight boxing champion Cassius Clay made plans today to leave for Miami and begin training for his first title defense against Sonny Liston, whose crown he lifted by a technical knockout.

A contract for the rematch was signed late Monday.

The agreement sets a tentative fight date as Sept. 28 or 29. Three cities—Louisville, Las Vegas and Baltimore—are under consideration.

The contract, signed here in secret Monday afternoon by Clay, was flown to Philadelphia, where Liston signed it Monday night.

"Big" Bill Faversham, Clay's owner-manager, said the paper guarantees both fighters a basic 30 per cent return from receipts exclusive of television or other rights.

It leaves open a period between Sept. 15 and Oct. 31 in which the fight can be held.

Faversham said although three cities now are being considered, anyone who can meet the required financial guarantees is welcome to put in a bid.

"Of course, we would all like to see it held here," he declared. Clay is a native of Louisville.

Clay signed "Muhammad Ali Aka Cassius M. Clay Jr." to the contract, according to Faversham. The fighter prefers to use this name because he's a member of the Black Muslim sect.

The champion said he doesn't want to make any predictions on the outcome of his rematch.

"Liston has been training pretty hard. He'll be going for the kill this time. And I know I'm going to have to get back as sharp as I was during the last fight," he declared.

"I did a lot of talking before the first fight," said Clay. "I was the contender then. I know if I lost people would forget, but if I won I could say 'I told you so.'"

Recently Clay has been in training at Miami. He plans to return there today or Wednesday.

IN THE FIRST FIGHTS OF THE NATIONAL PSA CHAMPIONSHIP, FIVE DIFFERENT MEN SUCCESSFULLY DEFENDED THE TITLE. BEING DENNY SHALES, 1955-57 CHAMP, BUT SINCE THEN NOBODY HAS BEEN ABLE TO WIN BACK-TO-BACK.

BUT YOU DON'T NEED A SOOTH-SAYER'S LICENSE TO GUESS THIS NIGHT IS THE YEAR THAT IS. JACK NICKLAUS IS THE DEFENDING CHAMP AND THE TOURNAMENT WILL BE HELD IN HIS OWN HOMETOWN, JULY 16-19 AT THE COLUMBUS C.C. IN COLUMBUS, OHIO.

Marina Site Eyed For Olympic Pool

In a letter today to the sports editor of The Sanford Herald, Dr. C. F. Brooke Smith, a local physician, suggested that consideration be given by local authorities for the construction of an Olympic size swimming pool within the confines of the proposed marina plan for the city's lakefront development.

"In reference to your article in the 'Thinking Out Loud' column on July 14, I would like to answer your question regarding the possibility of Sanford hosting neighboring swim teams.

"You wonder why," Dr. Smith continued, "there have been no meets in Sanford.

"First, there is no public pool available which is of proper size. The city pool is 33 and 1/2 yards in length when it should meet specifications of 25 yards in length. The pool is approximately 25 feet wide when it should be 42 feet to accommodate six lanes.

"The seating facilities are practically negligible and could not accommodate the crowds which usually attend

these meets. The attendance numbers about 200 to 300 people and sometimes more.

"This brings up the question," Dr. Smith went on to ask, "What can Sanford do about obtaining a regulation pool?"

"In the same edition of The Herald the entire front page was devoted to the development of a marina. The thought occurred to me that if a marina was constructed what would be the possibility of the city sponsoring the construction of a new Olympic pool which could accommodate both the long and short courses and with regulation diving facilities.

"The long course consists of a pool 50 yards or meters long and the short course 25 yards or meters in length. These could be 'L' shaped or 'T' shaped. Diving contests could be held in the short course pool."

Dr. Smith pointed out that this would mean that Sanford would be a centrally located spot in the state for both swimming and diving meets.

"All appear to be in accord," Dr. Smith declared, "with my sentiments. I hope we can keep the interest in the marina plan rolling."

"In all probability this should give Sanford," he stressed, "the facilities for many meets throughout the summer months and would be an attraction to bring more visitors to the City.

"Also, these facilities would be available to people registered in the motel and hotel facility proposed for the marina complex and would be another attraction for winter tourists.

"This is a thought which should be considered by city commissioners and business people of Sanford. If this city is to prosper in the future it must rely upon attracting tourists as well as industry."

Dr. Smith said that he had been in contact with Seminole County Chamber Manager John Krider, architect John Burton IV, and the local bankers who proposed the marina plan.

"All appear to be in accord," Dr. Smith declared, "with my sentiments. I hope we can keep the interest in the marina plan rolling."

Seminole Nips WP, 3-1

Seminole's Senior League all-stars battered out a 3 to 1 victory over the Winter Park Kiwanis Monday night when relief hurler Charlie Newell handuffed his opponents after coming on in the second frame.

Meanwhile, Brent Helms came through with a double that drove in two of Seminole's three runs in the fifth frame and provided the all-

stars with their victory margin.

Newell whiffed 11 Winter Parkers in his relief stint and the victory put the Seminole into a playoff contest with Dade City for a position in the state tournament slated to get under way Friday.

Seminole's Little League all-stars dropped an 11 to 5 decision Monday night to Maitland.

The Seminole Seniors' tilt with Dade City was slated to get under way at 1 p.m. this afternoon at Orlando's Tinker Field.

FSU Seminoles Line Up Tough Grid Foes

TALLAHASSEE (UPI)—The Florida State Seminoles are lining up tough football opponents for coming seasons.

The Seminoles will clash with several national powers, including Alabama, Baylor, Syracuse and Texas Tech, during the next two years, and there will be others in later years.

"We're trying to line up the strongest possible schedules in the future because we believe that's what our supporters want," said athletic director Vaughn Mancha.

In 1965, he said, FSU plays Alabama, Baylor, Texas Christian, Kentucky, Georgia, Virginia Tech, Wake Forest, North Carolina State, Houston and Florida.

The 1966 schedule includes Miami, Syracuse, Texas Tech, Maryland, South Carolina, Richmond, Florida, Houston, Virginia Tech and Wake Forest.

Courier Hurls Sanford To 7-3 Win Over Tampa

Strikes . . . Spares

By John A. Spolaki
A reminder to the gals that the Women's Association Installation Banquet will take place tonight at 7:30 p.m. at the Capri.

Even though you may not have signed to attend tonight's affair, it's still not too late to be on hand for you to welcome your new slate of officers.

In addition, I can't think of a finer way to show your loyal support for your association than by being on hand to offer your services and talents as well.

This coming Friday is the last day to qualify for the Third Annual BPAF Handicap Tournament. The "thing" that always gets me whenever we talk tournaments is "that group of bowlers" who say, "I'm not good enough to bowl in it!"

Of course this is utter nonsense because we're talking about a handicapped tournament which automatically puts you and your average on an equal basis with anyone else competing. And that includes the 150 average bowler rolling against a 180 average, etc.

As an example, a 150 average bowler gets 128 pins to 63 for a 180 average bowler before the first ball is thrown.

The top five men will represent Jet Lanes at the state finals in Ocala on Aug. 15-16 and try to win some of that \$7,500 in prize money.

Incidentally, the top five series including their handicaps as of this writing are 643, 641, 610, 608 and 609. Remember, those scores include handicap. You CAN beat 'em!

The Tuesday Night Navy Intra-mural Bowling League had a 245 highsingle and a 591 set to take comparable honors in that department.

Hamann blasted the big 245 and Powell's 591 series included a 236. Check that high, though John. Big John Uhr shot past Powell with a 222, 204/602 set.

Kuykendall's 2 Doubles Pace Post 53 Nine

FORT PIERCE — Sanford's Post 53 American Legion Junior baseball club cast aside its usual role of "good-pitch, no-hit" Monday night and rolled to a 7 to 3 victory over Tampa's Post 5 in the opening contest of the area tournament here.

Jim Courier took the mound for Sanford and went the distance. He was in trouble only once — in the first frame — when Tampa pushed over two of their three runs.

Sanford bounced back in the top of the third to knot the contest at 2-all when Billy Kuykendall opened up Post 53's firing with a sharp double to right. Rick Sires was safe on a Tampa error with Kuykendall going to third and Straa winding up on second.

Courier came through with a single to score both Kuykendall and Sires.

Sanford moved into a lead they never gave up in the top of the fourth when Steve Harris lined a double to left center and scored on Red Jansen's single.

Two more runs were posted by Sanford in the fifth when Courier walked and went to second when Rick Golloher was tagged by a pitch. Kuykendall cleared the sacks with his second two-bagger of the evening.

But that wasn't all. Billy Higgins and Larry Pivec walked in the sixth and the Sanford receiver scored on a fielder's choice.

Leading 6 to 2, Tampa tallied its third and final marker in the last of the seventh. But in the eighth Pivec singled and trotted home on Jansen's double.

Courier whiffed 10 and walked but one while limiting Tampa to seven hits. Meanwhile, Sanford posted nine hits off Kent and Owens who came on in the fifth.

Last night, in addition to Courier and Higgins, Manager Frank Thomas had Golloher at short, Kuykendall at second, Harris in center, Pivec in left, Jansen at first, Sires at third and Rex Brooks in right. Thomas will use essentially the same lineup tonight except that he'll send Donnie Smith to the mound, put Courier in center and move Steve Harris to right.

"Our boys are up," Thomas said this morning. "We know we've got a good chance to win this tournament and go on to the state tournament in West Palm Beach."

Thomas said he couldn't understand why no afternoon games were being played.

"We didn't come down here to spend the week. We've got just so much money and these kids eat like horses."

Thomas summed it up by saying, "We'll have to win three straight games so we can go home before we run out of money."

Sanford plays the winner of the contest between Bradenton and Fort Pierce tonight.

in 1939, 1940 and 1961. It was the two-man combination of Paul Derringer and Bucky Walters that carried the Reds to pennants in '39 and '40, and the two-man team of Joey Jay and Bob Purkey who did it in '61. Now it's the Irish duet of Jim Maloney and Jim O'Toole the Reds think may give them the decisive edge in the multicornered battle for this year's flag.

As recently as June 3 Maloney had a 3-6 record and O'Toole stood at 3-2. But since June 3 the two have given the Reds the most consistent 1-2 pitching punch of any contender, with Maloney winning seven of his last nine decisions and O'Toole taking eight of his last 10.

A 23-game winner in 1963, the 6-foot, 2-inch, 210-pound Maloney scored his 10th victory of the year Monday night when the Reds downed the Milwaukee Braves 11-2 and moved to within three games of the idle first-place Philadelphia Phillies.

The New York Yankees opened a one-game lead in the American League when they defeated the Los Angeles Angels 3-0 in the only other major league game of the day or night.

Maloney drove in two runs himself with a single and a sacrifice fly that contributed to the Reds' 16-hit attack on Denny Lemaster and two successors. Droon Johnson and Marty Keough homered for the Reds and Denis Menke connected for the Braves.

Elston Howard doubled home the first two New York runs in the second inning and Roger Maris hit his 15th homer of the season in the third. Fred Newman was the victim of all three runs and suffered his fourth loss against eight victories.

CDR. C. V. NOLTA

VAH-13 Gets New Leader

Cdr. C. V. (Tony) Nolta has assumed command of Heavy Attack Squadron 13, the group soon to be assigned to duty out of the Sanford Naval Air Station. The command ceremony was held at Whidbey Island, Wash.

Nolta, a five-year veteran of West Coast heavy attack aviation, relieved Cdr. Walter P. Carlin.

Cdr. Nolta's first task will be to move his squadron from the Puget Sound air station to NAS Sanford and so become a permanent member of Heavy Attack Wing One.

The change of station is tentatively scheduled for August though the exact date has not been announced. Many of the squadron's pilots, crewmen and support personnel are already here undergoing training for operation of the new RA-5C Vigilante reconnaissance bomber.

VAH-13 will actually be returning home. The squadron was formed here in January 1961. Nine months later it

Figures Show Rapid Growth Of Seminole County Since 1960

Seminole County's growth from 1960 to 1963 has equalled the 1960 population in each of 33 of Florida's 67 counties.

Workshop Set By Red Cross

A Natural Disaster Workshop, for Red Cross members and related services will be held from 10 a.m. to 3 p.m. July 30 at the Red Cross Chapter headquarters, 2401 E. Central Boulevard in Orlando. A. B. Peterson, Jr. announced today.

Invited to attend the workshop are Red Cross chairmen and board members, disaster chairmen and subcommittee chairmen, volunteers, civil defense officials, police and fire services, weather bureau personnel, news media, school officials and personnel, telephone and ham operators.

Subjects of the workshop will include "Ready Response," "New Disaster Training Materials," "Communications" and "Public Information."

Workshop leader will be Ralph Davis, assistant director of the Southeastern area disaster service from Atlanta, Ga.

Davis was most recently an administrative director in the Alaskan earthquake disaster. In his numerous assignments he has covered hurricane, tornado, earthquake, flood and other natural disasters.

Deltona Teens Set Meeting

By Mildred Haney
Weekly meetings for a Deltona Teen Club will begin this Friday at the Community Center from 7 until 11 p.m. Present activities will include dancing, cards and ping pong. If sufficient interest is shown a regular Teen Club will be organized and will plan such activities as cook-outs, hay rides and splash parties.

All teenagers of the community are invited to attend Friday night's meeting.

according to figures compiled by various agencies in the state and accumulated by the office of County Clerk Arthur Beckwith.

Beckwith explained that in 1960 the official census taken by the federal government listed Seminole's population at 54,947.

Since that time the county's population has increased some 18,000, according to reports by the East Central Florida Regional Planning

Council, a survey by the Economics Division of the University of Florida's School of Business and reports of surveys made by the Florida Power & Light Company as well as the Florida Power Corp.

In 1960, Beckwith declared, 33 counties in Florida had populations of less than 18,000 — ranging from Nassau County's 17,189 down to the 2,868 persons who reside in Gilchrist County.

"This means," Beckwith stated, "that in a brief period of three and a half years Seminole County has grown in population more than the population in each of 33 of the state's counties."

There are 34 counties in the state with populations of 19,000 or better, the clerk said. That figure applies to Osceola. Osceola County's population was 935,047 in 1960 and is estimated to be at the one million mark today.

Winn-Dixie Stores, Inc., operating a number of supermarkets in the local area, bought direct from Florida farmers more than \$8 million worth of fresh fruits and vegetables during the fiscal year ending June 27, a substantial increase over last year.

This figure represents only the purchases made through the company's field-buying offices in Palmetto, Plant City and Pompano. During the past fiscal year, they totaled \$8,888,335 compared with \$6,626, 248 the previous fiscal year.

Joe A. Adams in charge of perishable merchandising at general headquarters in Jacksonville, emphasized that the company's primary consideration is moving Florida products first. Winn-Dixie currently operates 630 supermarkets throughout the Southeast.

Farming is one of the few industries where accidents to non-workers, such as small children, must be included in work statistics. On the farm, safety is truly a family affair.

Expressing a sentiment we all feel sometimes, City Commissioner Earl Higginbotham said with a sigh at Monday night's meeting, "I feel like I've been re-organized today."

Conversion of the grounds at municipal stadium to prepare it for the coming football season was begun Monday by the city, under the lease agreement with the high schools. First game is scheduled for mid-September.

Mayor A. L. Wilson warns jaywalkers that there is an ordinance on the city books prohibiting this practice and cautions pedestrians to please use the crosswalks at the intersections. The Clock Watcher notes that Sanford is probably the only city in the country where traffic stops for jaywalkers, though we've seen this in some foreign countries.

Warning to scooter and motorcycle riders: The city is considering making the wearing of safety helmets while riding such vehicles mandatory. Other cities have such regulations as do all military installations.

City Commissioners Monday heard, approved and adopted a resolution commending Henry Tamm for his fine job as city finance director. Tamm resigned, effective Nov. 1, to take a similar job with the county. Before he goes, Henry will fly to New York with Mayor Wilson to sign the new water development bonds.

Do you save your pennies, nickels and dimes and store them in a piggy bank? That's a good thrifty habit, but the banks would be happy if you would bring all that small change in and exchange it for some nice quiet folding money. Seems there's a shortage of small coins plaguing the money-changers.

Tom Brown of Bel Air Court says he's amazed at the quick action of city officials. He says he left a note for City Manager Pete Knowles noting trees were blocking the road-way near his home in the Wynewood section. Tom then went about his business for the day. That late afternoon when he returned home he found the trees gone.

County commissioners Tuesday decided to begin action to bring county employees under some form of hospitalization program. They asked their attorney, Harold Johnson, to draw up a tentative legislative draft to be presented at the next session of the State Legislature. Commissioner John Alexander suggested the insurance program, if adopted, be let out for bids and the Commission agreed.

Commissioners also issued a reminder of two important dates coming up soon. Aug. 3 they will sit as a Board of Adjustment and on Aug. 11 they'll hold a public hearing on the proposed fiscal budget.

Two Thieves No Longer Barefooted
Two barefoot thieves entered Spencer's Grocery in Ovidio and made off with clothing, shoes and money, local police said today.

Constable George Kelsey of Ovidio asked police to be on the lookout for the thieves should they try to sell the items.

He said they entered the store by climbing through a window and made off with 50 pairs of trousers, two pairs of pointed toe shoes, \$40 in silver and \$5 in pennies.

"WELCOME ABOARD" was the greeting given Cdr. C. V. Nolte, right, commanding officer of Heavy Attack Squadron 13 which soon will be stationed at Sanford Naval Air Station. New Commander Gets Briefing

A preview of his future surroundings at Sanford Naval Air Station was given the man who commands the next squadron to be based here with Reconnaissance Attack Wing One.

Cdr. C. V. (Tony) Nolte, commanding officer of Heavy Attack Squadron 13, spent the day making final plans for moving his unit here from Whidbey Island, Wash., Naval Air Station.

He arrived in Sanford Tuesday night and spent today with Capt. James O. Mayo, commander of Reconnaissance Attack Wing One, and other officers with whom he will be working while here.

Many of his future pilots, crewmen and support personnel are already in training at Sanford for transition to the RA-5C Vigilante reconnaissance bomber later this year. The squadron has been flying the older, slower A-1H Sky-warrior attack plane.

The remainder of the 300 officers and men is expected from Whidbey Island in mid-August.

VAH-13 recently returned from its final Whidbey based deployment to the Western Pacific aboard the carrier Kitty Hawk.

Cdr. Nolte assumed command of VAH-13 last Thursday. He brings 21 years of naval experience to the job, much of it in the heavy attack field.

Ranger 7 On Course After Crucial Turn

CAPE KENNEDY (UPI)—America's Ranger 7 television spacecraft executed its most crucial space maneuver "right on the nose" today, shifting it in a direction for shooting mankind's first close-up pictures of the moon.

Scientists said the feat, called the "mid-course maneuver," swung Ranger 7 with

County Board Sets Up New Department

Seminole County has a new department. The County Commission Tuesday created, effective immediately, the Building Maintenance Department and named J. C. Lavender, superintendent of the County Road Department, to serve as supervisor.

The Commission also decided to delay any action on a request to rezone a section of Mobile Manor on SR 434, known as "Jungle Island," for a trailer sales area.

Denied a request by representatives to resume Lake Harney Avettes from A-1 (agriculture) to T-1 (trailer homes). In doing so the Commission overruled the county zoning board.

Jaycee Meeting Open To Public

The Sanford Seminoles Jaycees are opening their Thursday noon meeting at the Civic Center to the public, Frank Finch, program chairman announced today.

Reason for the invitation is showing of a film on space flights and Col. John Glenn's pioneer flight. The movie, in color, runs about an hour, and will start at approximately 12:20 p.m.

"The outstanding film was secured for us through Dr. Kenneth Wing of Sanford, who was formerly Col. Glenn's personal physician," said Finch.

"We are happy to invite the public to view with us this excellent story of the U. S. flights into space, and Finch.

Members of the Jaycees are urged to bring guests.

Lakefront Development: Profit For Whom?

"I ain't going to vote to spend a dime down there unless somebody can show me how we're going to make money on it."

This declaration made by a City Commissioner during Monday night's meeting when the proposed marina complex was under discussion.

Fortunately, this is the opinion of only one commissioner — not all of them. And, The Sanford Herald is confident that all five of the members of the Commission realize that something has got to be done to revitalize the downtown section and the general economy of the greater Sanford area.

But the time has come to call a spade a spade!

The Commissioner who made that statement has — if our readers will excuse a pun — "missed the boat" entirely.

When the City Commission a few years ago voted a capital outlay to construct a Civic Center, did anybody ask how much money the City would get in return?

Of course not! Results of capital outlays and the benefits to a city and its citizens are measured in an intangible manner.

The same principal applies to the proposed marina.

When the lakefront development project was proposed initially by the heads of three highly competitive financial institutions in downtown Sanford, it was made absolutely plain that this program would have to be a capital outlay and there may never be a nickel's worth of tangible results to the City government.

Instead, returns would be intangible to the City but realistic to the business, professional and overall economic life of the community.

Naturally, if the capital outlay for this project does provide a return to the city government — and there's little doubt but that it will — it will

come, in a manner of speaking — through the back door of City Hall.

Today the Commission began a series of meetings with engineering firms which are believed to possess backgrounds in marine developments.

This is a wise and proper step for the City to take. But this one Commissioner has indicated that he wants not only an engineering feasibility study but also an economic study.

It's obvious that this type of survey would show that the project is not feasible from an economic point of view as far as direct financial returns to the City is concerned.

Nobody has ever said that the marina complex would provide a tangible return to the city. Nobody, including the bankers who proposed the development project, said it even would be self-liquidating.

The important point to remember is that a return to the city treasury is not the major factor. Instead, the primary consideration is what the project will do for the community's business and economic life — which our financial leaders say right now is not in the best of health.

Further, an economic study on financial returns would be of no value for who or what firm can make one. There is not a similar situation in the state of Florida — that is, where fresh water is concerned.

Comparisons can be made only in similar situations on the Atlantic and Gulf coasts. Here's one for consideration.

Broward County (Fort Lauderdale) experienced a marine business in 1962 that amounted to \$62.1 million, a jump of \$19.1 million over 1962. And that's salt water!

Any boatman will tell you that he'd prefer to cruise and dock in fresh waters.

How much money was spent on marine recreation last year?

We'll answer that one Thursday.

Attitude Of Voter Changed -- Holley

By Dottie Austin
City Editor

There has been a tremendous change in the attitude of the people of the state of Florida, Rep. Charles Holley, Republican gubernatorial candidate, told his Sanford supporters Tuesday, at a meeting at the Sanford Woman's Club.

"The people of Florida have stopped voting by party label," Holley said.

"They are looking at the individual. They want to know where their governor stands, they want to know what he stands for."

Holley charged that no one can tell where Democratic candidate, Mayor Haysdon Burness, of Jacksonville stands, "because he changes his position every day, depending on what part of the state he is in and to whom he is talking."

"Do you want the state of Florida run like the city of Jacksonville, which is \$60 million in debt, where taxes go up every year and which has the second highest crime rate in the United States?" Holley asked.

Firm Selects Site Near Altamonte

By HARRY I. JOHNSON
Managing Editor

Seminole County will soon get another new industry — and at least two others are waiting in the wings for their debut.

The Unit Electric Control Company of Orlando has purchased a plot of land in Seminole Industrial Park and expects bids on a building to be opened Aug. 11.

The industrial park is located near the Orange County line west of Highway 17-92. A 20,000 square foot structure is planned by the firm and it is expected to employ about 50 persons, thus doubling its present employment figure.

The company manufactures electrical switch gear and control panels and provides materials for many area power companies, including Orlando Utilities and the Florida Power & Light Company.

The industrial park embraces 25 acres, according to the owner, Dr. J. W. Hickman of Winter Park. He added that the water supply will be supplied through an agreement with Altamonte Springs.

Dr. Hickman said one firm is presently located on the park site—the Atlantic Tile & Terrazzo Company. He also said one street, Atlantic Boulevard, has been built on the tract.

Two other firms have purchased lots in the park and are mapping plans for construction there, Dr. Hickman said.

He identified them as the Orlando Manufacturing Company which has bought two lots or about an acre of land and the Central Florida Beverage Company, distributors, also of Orlando, which also is making plans to locate at the site.

\$162.50 Stolen From Office

City police are investigating the theft of \$162.50 in petty cash from the medical office building at 2425 S. Park Ave.

They said the burglar ripped a flap off a sliding door on the southeast corner of the building, entered the reception room and took the money from the office of Dr. Robert J. Smith. Papers were scattered over the floor and the narcotics drawers opened but nothing was taken, police said.

The person then entered the office of Dr. Edwin L. Lindsey and took two packs of cigarettes from a desk, they said.

Giant Conservation Week Show Planned For Sanford

A representative of the Florida Development Commission met here Tuesday with local officials to hear plans for a giant Conservation Week Exposition to be held here in October.

Estimates vary that from 20,000 to 150,000 visitors will be in the city during the week.

Meeting with Sanford Chamber of Commerce leaders was James H. Sayes of Tallahassee, recreation department director for the Development Commission.

The group discussed the program at a Jim Spence Restaurant luncheon.

A. B. (Tommy) Peterson Jr., Chamber president, and James Talmadge, executive secretary, reported progress to date, noting several state and private groups indicate a desire to participate.

Sayes was sent here as a "representative" of several related state agencies and he will report back to them at an early date. He expressed "tremendous interest" in the project and said he would recommend full cooperation of the other agencies.

So far, Talmadge said, three state agencies have said they would have exhibits here — the State Forestry Service, Game & Fresh Water Fish Commission and the Conservation Department.

"The response could be limited only by your ability to supply adequate space for them," Sayes told Chamber officials. He indicated top government officials will be asked to participate in at least part of the project.

Taking part in the discussion were W. A. Adams of the Sportsmen's Association and Clyde Long, Sanford-Seminole Jaycee president.

Tropical Storm Abby Spotted

MIAMI (UPI)—A strong easterly wave churned the Atlantic Ocean 1,500 miles southeast of here today, slowly building into tropical storm Abby, the first of the season.

"It probably will make storm intensity this afternoon," the Miami Weather Bureau said in a special bulletin. A tropical disturbance is classified as a tropical storm when sustained winds reach 39 miles an hour or better.

A Navy hurricane hunter plane found the squally area about 500 miles northeast of the Leeward Islands, the weather bureau said. The disturbance was moving toward the west northwest at about 20 miles per hour.

Winds in heavier squalls were clocked at 40 to 50 miles per hour in gusts, the weather bureau reported.

Another reconnaissance flight was ordered for the afternoon.

The easterly wave, frequently the forerunner of a tropical storm, was first reported by ships. Today's flight confirmed it had wind circulation and a low pressure center, both characteristics of a tropical storm.

A tropical storm becomes a full-blown hurricane when its sustained winds reach 71 miles an hour.

Candidate Guest Of Young Republicans

By Jane Casselberry

Republican gubernatorial candidate Charles R. Holley of St. Petersburg was guest of the Seminole County Young Republican Club at a reception Tuesday afternoon at the home of club president E. Pope Bassett in Druid Hills.

Holley was accompanied by his state campaign manager, Roy Gaines of Pensacola, and the head of the local steering committee, Mrs. Ralph Swanson of Winter Park.

An informal question and answer session was conducted by Holley.

Most questions centered around taxes and the Civil Rights Law.

Holley, the first native Floridian to run for governor on the Republican ticket, labels himself a conservative and believes that personal and political integrity to be prime issues in the campaign.

He also cited his service in the Legislature as house minority leader as experience in state government in contrast to his opponent's experience only in city government.

In addition to Bassett, who is a candidate for county commissioner, other Seminole Republican candidates on hand were Guy Allen, candidate for tax assessor; Walter Huberg,
