

Summer Baseball Season Has Turned Out Better Than Most Fans Expected

AP Features Sports Editor By Chip Royal

NEW YORK—As the baseball season turns the August corner and rolls into the final month, owners, managers, coaches and players are breathing a lot easier than they did earlier this year. Business hasn't been too tough. The war didn't take too many of the game's stars. The sport escaped the non-deferrable draft jobs list, and things are looking up for next year.

It wasn't so many months ago that pessimists were warning like banshees that baseball would never last until Labor Day. They moaned that the baseball fan wouldn't be interested in the quality of the games this year; that he would be too busy in war jobs, or victory gardens; or he would prefer to go out to see the greatest gallop.

As it turned out, it was a lot of little changes. There was a slight decline in attendance early in the season, but that was due more to the weather than anything else. Some of the teams will lose money to be sure, but try to name a year when one or more clubs didn't use red ink in their books.

As a matter of fact, the baseball fans have been coming back in such droves—if they were really missing earlier in the season—that attendance records in several cities are even surpassing last year's figures. The Browns Athletics and Phillies have been drawing better than they have for years.

MAY TRAIN IN SOUTH AGAIN! With their problems for this year fairly well settled, outside of the world series—and the Yankees and Cardinals will take care of that—baseball owners are already making plans for next year. **THERE PLANS INCLUDE A RETURN TO SOUTHERN TRAINING CAMPS!**

If you talked to a baseball team owner a few months ago about going back down south to train, he would have slipped all and away with a faint sh-h-h on his lips. They were given to understand that it was against the government's wishes, and they didn't want to do anything that would rile Uncle Sam.

Along around time for the All-Star game, word got about that the government had never said

that the majors couldn't train in Florida last spring. Then the magnates woke up to the fact that it wasn't any O.K. order that had deprived the teams of a trip south and loss of revenue, but a voluntary suggestion by Judge Landis, the Office of Defense Transportation simply asked that baseball reduce its transportation and cut out some of the exhibition games. It was then that the high commissioner solemnly made his patriotic gesture and said that there would be no spring training south of the Potomac or the Ohio in 1943.

WILL SAVE BASEBALL, SAYS MACK

Recently the suggestion was made to Connie Mack that the big league teams approach the Army and Navy to see if arrangements could be made to go back south and have each team train at a service base.

Connie jumped into action immediately. "It's the best idea I've heard in a long time," enthused the venerable "A" leader. "It's the salvation for baseball next year! I'm going to take it up with the directors at their next meeting."

In the meantime, Al Lang, the St. Petersburg tub thumper, began sounding out opinion among baseball men and government figures. **AND LANG HAS BEEN GIVEN TO UNDERSTAND BY A GOVERNMENT OFFICIAL THAT IF BASEBALL MAKES APPLICATION TO WASHINGTON THROUGH PROPER CHANNELS IT WILL BE GIVEN A HEARING ON THE MATTER OF TRANSPORTATION PROBLEMS INVOLVED.**

Mack Lang. "I think that if baseball presents its case in Washington with emphasis on the recreational value that big league teams training in Florida or other southern sections would have on the soldiers in military camps, its request will be granted."

Yes sir, things are looking up for baseball next year. The next move is up to Judge Landis.

Texas is the largest producer of felum in the U. S.

Taxidermy was first practiced in the 17th century.

U. S. AIR FORCE MEMBERS stationed at a U. S. Thunderbolt station somewhere in England look over their maps before taking off on an Axis mission. Left to right: Capt. Jack Price, Grand Junction, Col.; John D. Irvin, Anahero, Cal.; Maj. Eugene P. Roberts (seated) Spokane, Wash.; and Capt. Harold S. Stump of Cody, Wyoming. The first three mentioned American fliers each downed three Nazi planes. (International)

Memphis Colonel Declares He Is Biggest Windbag

By WILL GRIMBLEY

MEMPHIS, Tenn. (Hullons, Special) Col. M. R. Meade, Memphis's boldest and undisputed world's title.

He is, he says, nobody has challenged at the biggest bag of wind in captivity.

He is, better still, the world's champion free-style mule seller with affluence to prove it.

Colonel Meade is an auctioneer—the best, many folks contend, in the business. If there's any question on that score, there can be none that he is the biggest. He weighs 366 pounds, some girls or the most colorful.

Mule's His Forte

Mules are the colonel's specialty. He has been for 25 of his 51 years. But he'll consent to work cattle, horse and plantation sales and will leap at the chance to use his talents to a war fund auction.

"I couldn't auction anything else," he says. "I couldn't put my heart into it."

Meade began his career at a high school box supper in Moberly, Mo. near his home, in 1916 and the next year started selling mules at Kansas City. Since then he figures he has auctioned off more than 1,000,000 of the hybrids. Last year in Memphis alone he sold 19,422 horses and mules for approximately six and a half million dollars.

His headquarters are in Memphis, mule center of the world, but his stamping grounds are the whole United States. He has conducted sales in 11 states.

Municipal Attraction

Meade officiates at the Owen Brothers Commission Barn in Memphis every Monday and Tuesday and he has become one of the city's attractions, like the

BRIG. GEN. THEODORE ROOSEVELT takes time out from his duties to chat with an ancient and bearded peasant in Sicily. The old man, clad in rags, told the general that the Nazis had fed only half hour before tanks arrived in his district on way to Messina. (International)

England's Profane Oath Act of 1745 included a sliding scale of fines for the use of profane oaths according to the rank of the offender, with those ranking above a gentleman receiving the heaviest fines.

Taxpayers To Be Given Assistance In Filing Estimated Income Report

JACKSONVILLE, Aug. 30. (Special) John I. Faha, Collector of Internal Revenue, has announced that every possible assistance will be given to taxpayers required to file a declaration of estimated tax on or before Sept. 15. The Internal Revenue Office located at Orlando will remain open each week day from 8:30 A. M. to 5:00 P. M. from now through Sept. 15. Deputy collectors will be available to assist taxpayers in filing their declarations of estimated tax.

Deputy Collector Harry C. Hannah and Deputy Collector John K. Hill will be at the Chamber of Commerce on Sept. 8 and 9, to assist taxpayers in Seminole County and vicinity.

Taxpayers are advised, however, that in order to complete this declaration they must have certain information that has not been heretofore required in the preparation of income tax returns. The following is an outline of the information required and local deputy collectors have requested taxpayers to be sure and bring this information with them when requesting assistance:

1. **ESTIMATED VICTORY TAX WITHHELD.** This is the 8 1/2% tax which has been withheld from wages between January 1 and July 1, 1943. If the taxpayer has not kept a record of these amounts or has not retained his pay check vouchers showing the amounts, it will be necessary for him to secure this information from his employer. This information is not available at the Office of the Collector of Internal Revenue.

2. **ESTIMATED INCOME TAX WITHHELD.** This is the new withholding tax which took effect on July 1, 1943. In most cases, the amount can be ascertained at the time the amount was withheld from any one payroll period and multiplying this by the number of such payroll periods occurring during the six months period from July 1, 1943 to December 31, 1943. Persons who do not know how much is being withheld from their current wages should secure this information from their employer.

3. **COPY OF YOUR INCOME TAX RETURN (1940 or 1940A) AND FOR 1941.** This copy will be of assistance in estimating taxpayer's 1943 liability and will also furnish the information as to

which year's liability is greater, 1942 or 1943.

RECORDS OF PAYMENTS DURING 1943 ON 1942 INCOME TAX. This information is necessary in order to fill out Line 4, Form 1040 ES. In most cases, if the taxpayer has paid his 1942 tax in quarterly installments, the amount will be one-half of the amount shown on Form 1040 or 1040-A. However, in cases of doubt, it will be advisable to locate cancelled checks or other receipts of payments.

4. **TAX PAID AT THE SOURCE ON TAX-FREE COVENANT BONDS.** This is a two percent tax, with respect to which ownership certificates are filed by the bondholders. Most taxpayers owning tax-free covenant bonds have a record of the tax withheld at the source during the first six months of 1943; the total for the year would be twice that amount.

Texas Tech Rules Big Part Of Texas Without A Game

By HAROLD V. RATLIFF

LOMBOK, Tex.—Texas Tech naturally wanted to be the center of attraction in college football—but not so centered as to be lonesome.

This year the Red Raiders will be ruling a vast territory before they even throw a pass.

Roughly two-thirds of Texas, that vast empire of the Southwest, is their hunting ground and the hunting isn't very good.

In all West Texas, including its Panhandle and plains areas, they are the only college outfit. They'll have to travel more than most schools in order to find competition.

Tech's decision to play football came after only seven other colleges in Texas, all of them within easy striking distance of each other announced plans to play.

Face Four Conference Form But the Red Raiders never had a better chance to make their bid for a sport in the Southwest Conference, something they've wanted

Giese, holder of 19/100th of Tax Certificate No. 114, issued the 1st day of August, 1935, has filed same in my office and has made application for a tax deed to be issued thereon. Said certificate embraces the following described property in the County of Seminole State of Florida, to-wit:

Round Village, Plat Book 2 Pages 24 & 25 The assessment of the said property under the said certificate issued was in the name of Chas. H. Whittier. Unless said certificate shall be redeemed according to law the property described therein will be sold to the highest bidder at the court house door on the first Monday in the month of October, 1935, which is the 14th day of October, 1935. Dated this 1st day of September, 1935. J. P. HEINRICH, Clerk Circuit Court, Seminole County, Florida.

Thomas Coffeen Is Given Leave From Alaskan Service

Thomas J. Coffeen, SP3c, Navy Member of 418 Palmetto Avenue, member of the "Lucky Thirtieth" construction battalion, is back for a well-earned leave after a year of hard work at Dutch Harbor and vicinity, West Coast Navy officials announced today. "The thirtieth was a hard-working battalion, and its achievements in terms of completed jobs in the Aleutians justify the prize we take in our boys," declared Lieutenant E.G. Singletary, (CEC) USNH, commanding officer. From the time the Thirtieth left its training station at Norfolk, Va., with three black cats as mascots, good fortune followed the fighting Seabees. They arrived at their West Coast embarkation port Aug. 13, 1942. They left Dutch Harbor on a Friday the thirtieth in the thirtieth month of active duty. Furthermore, the battalion returned without a casualty from accident, illness, or enemy action. During their stay at Dutch

Vocational School Opens Soon With Shorter Course

A new "Stream-lined Short-hand and Typing Course" will be offered to students at the Sanford Vocational School, which opens Wednesday Sept. 8, it was announced today by Mrs. M.B. Maxwell, principal, and Mrs. J. P. Hall, assistant. Mrs. Maxwell and Mrs. Hall have just completed course at the Trade and Industrial Summer School at Daytona Beach, and have had courses in the "streamlined typing and short-hand." A student who begins on time and who attends regularly, and is able to give some outside time to study and practice will be able to finish the course in Short-hand in three months, and to type 50 or 60 words a minute in 60 lessons," Mrs. Maxwell stated. "The instructor at Daytona was Miss Etaner Skimmin who is at present training at the Waves at Millidgeville, Ga." Mrs. Maxwell stated that it is important that all who expect to enroll, do so as early as possible so that no time will be lost in beginning work. Subject taught are: Shorthand, Typewriting, Business English, Office Practice, including Billing, Bookkeeping, Calculating, Mind-Graphing, and Army and Navy letter forms. Bookkeepers are in demand and a course in this subject may be covered in three months if the student can put in enough hours a day, it was stated. There will be "brush up" courses for former typists and stenographers in addition to the regular speed dictation class. Mrs. Maxwell and Mrs. Hall will be at the Vocational School on the mornings of Thursday, Friday, Sept. 2, and 3, of this week for consultation on courses. The school is a unit of the Seminole County School system.

NOTICE To the people of Sanford and Seminole County I want the public to know that C. C. or Carroll English is not working for me or with me, he is not connected in any way with my roofing business. Anyone giving him work or paying him for work are doing so on their own accord. I am not responsible for anything he does. F. M. English, 215 Oak Avenue, Sanford, Florida

Harbor, the Seabees extended air port facilities, built a hospital, constructed a theater, completed breakwater, dock, and warehouse projects, and built their own quarters known as "Sheep Ranch Village." The camp consisted of prefabricated cabins in place of the Quonset huts usually associated with the Seabees at advance bases. In addition small detachments from the battalion performed many special assignments at the Aleutians. Navy officers said, "The value of the Seabees' projects is rapidly expanding Navy activity. After completing their rest leave, some of the men will return to the reorganized thirtieth, while others will form the nucleus for new battalions in this rapidly expanding Navy activity."

There are approximately 447 persons per square mile in Puerto Rico.

Several Factors Operate Against U.S. Sea Power

By ROBERT M. FARRINGTON
Any vision of America becoming the world's greatest sea power with her huge prospective fleet of 80,000,000 deadweight tons...

will even guess at the subsidies on five times this tonnage. Two, foreign nations, especially Britain, depend a good deal on the income from their shipping...

cheaper labor and if the maritime commission holds out for the cost price, owners may turn around and order ships from foreign yards, meanwhile testing the American ships.

Soldiers are getting a real taste of "nature in the raw" on the insect-ridden battlefronts. But thanks to FLIT and other insecticides, the pests are getting their toll right in the neck!

OPA Expects Price Return To '42 Levels

New Values For Ration Points Given; Meat Is Down But Butter Is Raised

WASHINGTON, Sept. 3. (AP) The Office of Price Administration expects the cost of living to be rolled back soon to September, 1942 levels.

"Measures already in operation will eliminate well over half the rise in the cost of living," Deputy OPA Administrator Chester Howles said in a letter to Representative Sabath (D-Fla.). He added that the food stabilization program now being worked out "will, we believe, complete the job."

The OPA yesterday reduced ration point values of lamb, bacon and beef cuts and certain dried and processed vegetables but boosted the ration cost of creamery butter and 13 other processed foods.

The adjustments, effective Sept. 3 through Oct. 2, were dictated by what OPA officials termed "the best meat picture since rationing began and a serious butter outlook."

Shrinking production and regional shortages make it necessary to raise the point value of creamery butter from 10 to 12 points, OPA said.

The ration point value of lamb was increased from 10 to 12 points, and that of beef cuts from 10 to 12 points. The ration point value of creamery butter was increased from 10 to 12 points. The ration point value of other processed foods was also increased.

Frank Sinkwich Is Unfit For Marines

PARRIS ISLAND, S. C., Sept. 3. (AP) Frank Sinkwich, All American football player who captained the Georgia 1942 Rose Bowl team, will be honorably discharged from the Marine Corps Sept. 11. The Corps announcement said the discharge was due to the fact that he was "physically unqualified for the officers candidate class."

Knox Reveals Huge Shipping Loss For Japs

Tokyo Radio Claims Two Carriers And 160 Airplanes Used In Marcus Attack

WASHINGTON, Sept. 3. (AP) Secretary Frank Knox announced today that one-third of Japan's total merchant shipping, approximately 2,000,000 tons has been destroyed.

The Navy chief said this destruction of one of Japan's most vital resources was chiefly accomplished by American submarines, although all the United Nations' sea and air forces had participated in the sinking.

Radio Tokyo claimed Thursday that the U. S. naval task force which pounded Marcus Island, 1,100 miles southeast of Tokyo, at dawn Wednesday included 160 planes operating from two aircraft carriers.

The U. S. Navy has not disclosed the composition of the raiding force, and the Tokyo radio claims only made no mention of accompanying destroyers or cruisers, which usually escort an aircraft carrier force on combat missions.

The Tokyo radio has said Wednesday that warships also shelled the island.

The enemy broadcast Thursday quoting the second official Japanese announcement on the raid in two days, claimed 12 U. S. planes shot down, but admitted damage to grounded planes, personnel and military facilities on the mid-Pacific island.

On the basis of an enemy report of the size of the raiding force, the losses claimed by the Japs would represent an average of more than 7 per cent of the attack. A recognized "safe" percentage of losses in land-based plane operations is considered to be difficult to reach a carrier-based operation is 10 per cent.

Karliser, Domei, official Japanese news agency, reported in an English language broadcast received by U. S. Government monitors, that the American task force consisted of two carriers, 100 German fighters and "about 90 carrier bombers."

The enemy has not made any claim of damage to the carriers.

Devastation In Berlin After Raid

This scene of Nazi soldiers clearing streets of debris gives some idea of the damage inflicted on Berlin in multiple raids by RAF and US bombers. The task of cleaning up was a difficult one, for as soon as the job was completed Allied planes would appear to drop more incendiaries and fire bombs. This picture, which comes from an Axis source, has been passed by British and U.S. censors. (International Soundphoto)

County Quota In War Loan Drive Set At \$986,651

Karl Lehmann Tells Of Organization To Put Over Campaign

Senators County quota in the Third War Loan drive, which begins on Sept. 10, has been set at \$986,651, announced Karl Lehmann, executive manager of the War Loan Committee for Florida, today. He said the quota is based on the county's population and its contribution to the war effort.

Lehmann said the quota is the highest in the state, and that it is a reflection of the county's industrial and commercial activity. He said the county's quota is based on its population and its contribution to the war effort.

Lehmann said the county's quota is based on its population and its contribution to the war effort. He said the county's quota is based on its population and its contribution to the war effort.

American Planes And Warships Play Big Role In Invasion Of European Continent

American planes and warships played a big role in the invasion of the European continent, according to a report from the War Department. The report said that American planes and warships were instrumental in the success of the invasion.

The report said that American planes and warships were instrumental in the success of the invasion. It said that American planes and warships were instrumental in the success of the invasion.

Churchill And Roosevelt Plan Soviet Meeting

Post War Settlement To Be Discussed By Three Leaders

WASHINGTON, Sept. 3. (AP) President Roosevelt and Prime Minister Churchill last night continued talks which were believed to be concerned chiefly with the arrangement of a meeting between the three leaders of the United Nations to discuss post-war settlement.

A tri-partite parley, which Churchill has said is both "necessary and urgent," is said to be held within the next five or six weeks, probably in the Soviet Union.

It would bring together Soviet Foreign Minister Molotov, Secretary of State Hull and British Foreign Secretary Eden, in a meeting which would serve as a basis for a meeting of Roosevelt, Churchill and Soviet Premier Stalin. A meeting of the big three leaders has long been sought by both Roosevelt and Churchill in the hope of achieving a complete meeting of the minds on vital issues confronting the Allies.

Among paramount issues are the question of Russia's postwar position, the question of the Soviet-sponsored Free Government movement, the Polish and the postwar central European situation, and long-range postwar problems.

The question of British-American relations has also been brought into sharp focus since the Quebec conference which dealt with political matters only in its closing sessions.

Some published charges that the American state department has been anti-Russian have been denounced sharply by Hull and Roosevelt. These exchanges have been followed by Churchill's statement calling for a tri-partite meeting and only yesterday Harry L. Hopkins, No. 1 presidential adviser, pointed up the issue of relations between the three powers with his enigmatic "if we lose Russia" phrase in a magazine article on the possibility of achieving a postwar settlement.

Thanks Are Given Those Who Helped On USO Dedication

Mrs. E. F. Housholder, publicity chairman, today expressed her appreciation for the co-operation of persons who helped her set up the publicity program for the dedication ceremony of the Federal Recreation Building, Mrs. Ruth Gordon Wright, director of the parade, aided her thanks to the children who took part in the miniature float parade and also to their mothers who assisted her.

Mrs. Housholder named these persons as individuals who helped her most in the publicity: Bill McBride, manager of WDBO station; Orlando J. Rudy, manager of the Orlando Morning Sentinel Staff; Willard Connelly and Roland Dean of The Herald Staff.

Net Smith, chairman of the arrangements for the miniature parade, preceding the formal program on the lawn of the Federal Recreation Building, announced the winners of the contest who were awarded defense bonds and stamps.

Robb's Bakery, the Sanford Fish and Grocery and the Valdes Hotel won first, second and third prizes, respectively.

The Robb's Bakery float, a red, white and blue birthday cake with Nancy Robb posed in the middle, was driven by Erma Jean Robb. Evelyn Holcomb rode in the Sanford Fish and Grocery entry which was a flower basket covered in white blossoms and driven by Delores English. Jean Dampier drove Young Leroy Robb who was clad in a sailor suit riding in a "wh" chaser to represent the Valdes Hotel.

Chamber Of Commerce Elects New Directors

The importance of filling in and filling ballots with the Election Committee of the Seminole County Chamber of Commerce by 4:00 P. M., Tuesday, Sept. 7, was today pointed out to members by W. A. Laffler, president. Lee R. Leisher is chairman of the committee which will count the votes by which members will choose directors for the coming year.

"To make an organization of this type effective, we want the active co-operation and support of all members," said Mr. Laffler, "as we want you to indicate your choice of directors."

Mr. Laffler pointed out that the change in the rules of the organization, limiting the multiple membership to ten votes, makes more important and effective than it has been in the past, and that this was the object of the change.

Rose Mills Powers Dies In Winter Park

WINTER PARK, Sept. 3. (AP) Mrs. Hiram Powers, wife of one of Winter Park's leading citizens and well known in the literary world for her poems, died late yesterday afternoon in a local sanitarium after an illness of several months.

Mrs. Powers was born in China in 1872 while her parents were serving as missionaries. She was ten years of age but always retained a strong and sympathetic interest in the Far East.

She came to Winter Park 34 years ago when her husband was called to Rollins to head the department of romance languages and has resided here continuously since that time. She has always been a beloved and leading figure in the Winter Park cultural life.

Co. C To Leave For Maneuvers Sunday Morning

Annual Encampment Of Two Battalions At Camp McQuarrie

Co. C, Florida State Guard, will leave for a three-day annual encampment at Camp McQuarrie in Lake county from the Army at 7:00 o'clock Sunday morning, Capt. John Galloway announced last night as complete equipment was issued to the men for the trip.

The men were instructed to wear their khaki uniforms with field leggings and Pershing caps and to be at the Army promptly where school buses will pick them up and transport them to the camp.

Two full battalions from General Florida and St. Augustine will participate in the maneuvers which are to be held under the command of General Vivian Collins and Lt. Col. David Wiley. Co. C is expected to return to Sanford late Tuesday afternoon.

An advance detail under Capt. Don Young and H. T. Cooper will leave here Saturday noon to assist similar details from other organizations in getting the camp in readiness. Those accompanying Co. C are Capt. Cooper and Privates Carl Harpington, Jack Ray and Al McMillan.

Among those who will make (Continued on Page Two)

Bishop Is Held In Slaying Of J. H. Dodd, 79

Goldenrod Dairyman Comes To Death By Bottle

A coroner's jury summoned yesterday afternoon by Sheriff Charles Hand to inquire into the sudden death, Wednesday evening of J. H. Dodd, 79, father of Corbett H. Dodd, dairyman of Goldenrod, reported that the aged gentleman died as a result of the impact of a bottle of wine thrown at him with great force by C. A. Robb, a local dairyman of the Goldenrod.

The jury recommended that Bishop now in the County Jail following his arrest by Sheriff Charles Hand and Deputy Jack Hickson Wednesday evening, be held for investigation by the grand jury.

Charles V. Smith, a neighbor of the Dodd's, appeared on the stand as the sole witness of the act and in response to questioning by Assistant State Attorney George A. DeLoach, stated that Bishop had emerged from his house on a very drunken condition having the unopened bottle of wine and had hurled it with such force at Mr. Dodd, catching him on the forehead. Mr. Dodd fell full length forward, he said, and died shortly thereafter.

Bishop, according to C. H. Dodd, had been employed by him for the past three years, had been very drunk on several previous occasions, but was never before held for investigation by the grand jury.

Mr. Dodd is survived by six sons and four daughters. Four grandsons are with the armed forces, three of them, Burman Dodd, Jr., Rodney Dodd and Roscoe Shogler, are somewhere in the Solomon. Another grandson, Edward Parker, is stationed in the country in the Army.

Tickets Go On Sale Tomorrow For Hospital Benefit Softball Game

Drunk training activities for the Kiwanis diamondball team, which will clash in a benefit game with Rotarians at the Municipal Diamondball Park, were reported today by Manager Howard Long, and assistant managers C. D. Workman and E. C. Harper.

The initial Kiwanis workout, according to Manager Long, consisted of watching some of the Navy boys practice at the park recently. Tickets for this affair will go on sale tomorrow, he said.

The only jarring note in the Kiwanis baseball program, according to Mr. Long, is the holdout for better contract terms by John Leonardy who had been picked as Kiwanis starting pitcher. Pitcher Leonardy, it is stated, claims to have an unsatisfactory contract with the club, in that it was not drawn up legally.

In answer, Judge R. W. Wain, the Keweenaw Mountain Landis of the Club, stated that if Leonardy continues to hold out, an unofficial writ of mandamus will be issued to him to show cause before 10:00 A. M., Sept. 9, as to why he should not appear as starting pitcher.

Meanwhile, Dr. R. W. Knecht, dentist, is reported pulling a lot of teeth to get his patients out of the shop to reduce Leonardy's holdout to a minimum. It is reported that the team has been put on an internal oil diet.

Sgt. Orman Ward Is In Memphis Hospital

Sgt. Orman Ward who was recently injured during the fighting in the Solomon Islands has been awarded the Purple Heart decoration and is at present confined in the Kennedy General Hospital at Memphis, Tenn. It was disclosed today in a communication which added that Sgt. Ward is getting along fine and expects to be able to leave the hospital for a short furlough in the near future.

Sgt. Ward was in the early action on Guadalcanal and served throughout most of the campaign in the Solomons until he was recently wounded while stringing a radi aerial in the top of a coconut tree. He was reported to have been shot in the head but his steel helmet saved his life.

Sgt. Ward has also been awarded the Army Good Conduct medal and the Asiatic Pacific Campaign medal.

Housholder Named To Head National War Fund Drive

Sen. Housholder today was named to head the national war fund drive, according to a report from the War Department. The report said that Housholder was instrumental in the success of the drive.

The report said that Housholder was instrumental in the success of the drive. It said that Housholder was instrumental in the success of the drive.

Sgt. A. I. Myer, Jr. Awarded Air Medal

Staff Sergeant A. I. Myer, Jr., son of Mr. and Mrs. A. I. Myer, of 108 Holly Avenue, who was an Army aviator, has been awarded the Air Medal for his service in putting in sorties against the enemy in the Atlantic and Indian Oceans. His name was announced today by his parents.

Sgt. Myer, who will be 22 on his next birthday, was born and educated in Sanford, attending Seminole High School, and also attended the University of Florida for two years. He enlisted on June 20, 1942, and reported to Reader Field, Miss. He later received most of his flying training at Columbus, S. C.

C. E. Gustavson Is Made 2nd Lieutenant

FORT SILL, Okla., Sept. 3. (Special)—Clifford Earl Gustavson, 515 Magnolia Avenue, Sanford, has been commissioned a second lieutenant in the Army of the United States upon completing the Field Artillery Officer Candidate Course at the Field Artillery School.

Lieut. Gustavson, son of Mrs. Anna Gustavson, 2012 W. 11th Street, Chicago, Ill., was employed by R. H. Wright & Son-Campbell Coal Company as office manager of general construction, before entering the service.

He has been assigned to the Field Artillery Replacement Training Camp, Ft. Bragg, N.C.

Maj. M. M. Lord, Jr. Finishes Staff Course

Maj. M. M. Lord, Jr., son of M. M. Lord, pioneer Seminole County resident, arrived in Sanford this week to spend a short leave before reporting to Fort Bragg, N. C., Replacement Center for a new assignment.

Maj. Lord who is in the Field Artillery, has just completed a nine weeks course at the Command and General Staff School at Fort Leavenworth, Kan. He followed almost three years of service with the Army.

He graduated from the University of Florida in 1935 and held a commission in the United States Army Reserve Grade 2d Lieutenant. He was in the 1st Infantry Division for two years before being transferred to the Field Artillery.

Capt. Julian Adams Promoted To Major

Capt. Julian Adams, son of Mr. and Mrs. J. B. Adams of this city, has been promoted to major, a letter from Capt. Adams in his parents' hands today. Maj. Adams is now in command of a light tank company in the Mediterranean theater.

Capt. Adams recently gained recognition when he was named as one of the "Top 100" in the United States Army. He was also named as one of the "Top 100" in the United States Army.

Many Colored Men Changed To I-A

The local Selective Service Board in conforming with recent instructions has reclassified from 4-F to I-A a large number of colored registrants, E. B. Carter, clerk, announced today.

Farmers are requested to check closely the classifications of all colored employees who are engaged in farm production and through experience and continuous employment in an agricultural production may be qualified for deferment by his employer producing a properly executed Agricultural Statement to the local board showing the proper "units" for such qualification, Mr. Carter said.

The agricultural statements may be secured by applying to the board or to Mr. C. R. Dawson, county agent.

THANKSGIVING SET

ST. LOUIS, Sept. 3. (AP)—An opinion from Attorney General Biddle's office to a calendar mandamus to hold out the election of the date of Thanksgiving in 1944, when November has five Thursdays. For Federal courts to hold out the election of the date of Thanksgiving in 1944, when November has five Thursdays. For Federal courts to hold out the election of the date of Thanksgiving in 1944, when November has five Thursdays.
