

# Strikes... Spares

By John A. Spolaki  
You know, in checking the dates of our forthcoming Men's Annual City-Wide Tournament, we have only four more weekends until we actually are bowling in it.

I hope I'm right in my feelings that the majority of the applications will be submitted within the last week of January as the entries close midnight, Feb. 1.

The tournament committee and especially the association secretary, Sonny Estridge, have spent an awful lot of time trying to prepare properly for this gala event.

I hope the men don't let 'em down. Remember, it's handicapped... so everyone has an equal opportunity to win!

It's been a long, long time since we had so many exceptionally high scores turned in, such as we had this past week.

Even the women exploded with a rash of big ones!!! Let's salute the lovely lassies, first, shall we?

Midge Woods (McRobert's Tire) of the Sandspur League came thru again in fine fashion.

The Sandspur League bowls alongside of the Men's All Star League on Wednesday evening. And all during the night, counterman Pete Dugan was announcing the men's high scores over the public address system.

It wasn't until the very end that Midge's big game was announced, a 225, that really brought forth a tremendous round of applause from the men on hand.

Mary Jane Gorton (Sanford Herald) had a 199/468 series which was tied by Donna Dondonville (Karn's Insurance) who also had a 468.

Verna Bolton led the Hamp Hill Motorettes with a 200/500 series on Tuesday a.m.

JET LANES KEGLERS - Bill Stein 220 and Terry Patterson (Riggs Sunoco) 538 series.

KINGSWOOD BLDRS - Sunland - Nancy Vinson (Vigilantes) 174 and Martha Kinard (Cherokee Spindlers) 462.

THURSDAY NITE MIXED Verna Bolton (Appleby's Rest.) 524; Dave Dearolph 213; Bill Foster (Pryor's) 550 series.

ALL STARS - Ed Callan (Mar Lou Rest.) 230/539. Glad to see Ed break out of his slump.

That's just about it for this week. Remember, the Monthly Classic at Jet Lanes on Jan. 22 at 10 p.m. The best bowlers from Central Florida will be on hand to compete.

## QUITE A FELLER

Stand by Mr. and Mrs. America!!! Gen Thompson of the VAH-3 team had made a strike.

And if you don't think that merits a round of applause, you just check with her teammates. They tell me that Gen hasn't had a strike for the last two months! That's eight weeks of bowling, my friends!

Gen, as far as I'm concerned, you have just won my nomination as the Bowler of the Week!

Golly, but I wish the bowlers would use their complete names and not just the first name or nick-name.

As an example, in the Jet Bowlerettes League, Ariene 717 of the Ivey's team was high for the league with a 188/515 series. (Now watch all of the Arlene in Sanford say, "Did you see my name in Strikes and Spares? I was high for the entire league!")

Betty Drummond started to bowl about six or seven months ago.

On Wednesday morning I thought the walls would burst from the screams of her teammates encouraging Betty on with her strikes. She finally ended the string at 215. Her first 300 or higher game.

(Ahem, Betty! I won't even tell 'em that at the start of the next game you were so excited that you tripped over the foul line and went three-quarters of the way down the lanes. I won't even mention it, Betty!)

As time and space permit, let's scan the leaders and scores of the other leagues here at Jet Lanes.

Mary Jane Gorton (Sanford Herald) had a 199/468 series which was tied by Donna Dondonville (Karn's Insurance) who also had a 468.

Verna Bolton led the Hamp Hill Motorettes with a 200/500 series on Tuesday a.m.

# Seminoles Seek 6th Win Against FMS

Missing Several Key Cage Stars

Bud Leyer's Seminolas will seek their sixth victory in nine games tonight at 8 p. m. as the Sanford cagers play hosts to Bob Moore's Black Knights of Florida Military School in a contest that will see Sanford without several of its key players.

JOE DIMAGGIO WAS ONE OF THE MOST RECENT GREATS NOT TO MAKE IT THE FIRST TIME, BUT SUCH IMMORTALS AS TRIS SPEAKER, GROVER ALEXANDER, EDDIE COLLINS, GEORGE SISKLER AND ROGERS HORNSBY HAD TO WAIT, TOO.

## Ford, Berra To Sign Yankee Packs Today

United Press International Yogi Berra and Whitey Ford, who rather enjoy doing things like this together, will participate in a double-signing ceremony today that will bring them a total of \$102,000 from the happy-to-pay-it New York Yankees.

Berra will get \$62,000, representing only a token raise over his 1961 salary, but Ford will receive a whopping \$14,000 boost to \$50,000 as a reward for the superlative 25-4 record he compiled last season.

The contracts will be the best ever signed by both. Yogi's previous high was \$50,000 for which he worked last year and so was the \$36,000 paid Ford in 1961.

Berra and Ford thus become the second and third Yankee players who have agreed to terms, Mickey Mantle being the only other member of the club to have signed previously. General manager Roy Hamey, however, indicated he hoped to sign Elston Howard and Bill Skowron later in the week.

The Yankees aren't worried over the fact, but the neighboring New York Mets are ahead of them in the contract signing department.

Infielder Charley Neal and pitcher Ray Davault became the seventh and eighth members of the Mets to sign Monday, Neal drawing an estimated \$25,000 and Davault a bit above the minimum.

Neal, purchased from the Los Angeles Dodgers on Dec. 9, is ticketed for second base, according to Casey Stengel's present plans, and the right-handed Davault for bullpen duty.

Right-hander Don Cardwell, who had a 15-14 record for the Chicago Cubs, signed his contract, receiving what general manager John Holland called "a well deserved increase."

Utility infielder Dick Schofield became the eighth member of the Pittsburgh Pirates to sign for the 1962 season, while the Detroit Tigers managed to satisfy shortstop Chico Fernandez and outfielder George Alais.

Pitcher Joel Horlen, first baseman Bob Farley and

## Powell's Team Still At Top

Powell's Office Supply kept the top spot in The Thursday Nite Mixed League after this week's play, but missed the chance to build up their lead as they dropped two games to Team Seven. This gives Powell's 46 wins in first, while Pryor's State Farm Insurance is holding down second spot with 44½ wins.

## Contractors Hold First Place Lead

Leroy Benton's Contractors maintained their lead in the Tuesday Night Businessmen's League last week, but the two teams representing North American Aircraft, Autoneca One and Two, provided the shockers. For the second week in a row, the Number Two team took four points, dumping Wally's 66 4-0.

Owens Gulf held second place, while Davis Builders, led by E. A. Davis Jr.'s big 245-300/610 took four points to strengthen their third place position. Sanford Electric and Smith American round out the first division.

Other outstanding games last week saw Harry Schob record a 220-203/601; John Spolaki a 204/554; Herb Earle a 201/540; Carl Von Herbulis 200/540; and Ed Parsons a 200/508. Bud DeJong rolled a 582 series; C Wallis a 345; Michalek a 330; M. G. Simmons a 508; and Bud Gudmund a 519.

The 3-10 split fell for Betty Miller, DeJong and Earle who also topped the 5-7-9 along with Rugenstein, R. Z. Johnson and Karmel Carter solved the 6-7-10; Russ McKenzie the 5-7; Al Morris the 5-8; Robinson the 2-7; and Barnes the 2-5-7.

## Bowlerettes Start Second Half Of Winter Bowling Season

The Jet Bowlerettes started the second half of their Winter Bowling League with Ivey's Shoe Store in first place. Close behind was Adam's Painters followed by Yowell's, Toy Corral, Harriet's Beauty Nook, Richard's Hair Stylists, Mary Esther's, Park Avenue Pharmacy, Bill's Tavern and Dawn's Beauty Salon.

This week's bowling saw Harriet's defeat Dawn's by three games with Kay Bowman of Harriet's rolling a 182 and Fran Stumpf having a high game of 178 for Dawn's.

Lucy Mayer's 177 was high for Mary Esthers as this team won three games from Richard's. High Bowler for Richard's was Shirley Martin with a 147. Toy Corral took three games from Park Avenue with a big assist from Elaine Kistival who rolled a 161. Betty Smith was high for Park Avenue with a 154. Kay McInaile led Yowell's to a three game victory over Adam's Painters with a high game of 167.

Beverly G r a k r i e v s bowled like a professional for Adam's with a high game for the day of 196. Ivey's won three games from Bill's Tavern with Ariene Dedering being high for Ivey's with a 188. She also had high series of the day with a 515. Daphne Beauchamp was the top bowler for Bill's with a 164.

## Board Cool To Teacher Politicians

Regarded As 'Just Not Good Policy'

The County School Board today appeared "cool" to allowing teachers to seek political office saying it was "just not good policy for teachers to be in politics."

Board member John Brumley, the most outspoken member of the board, said "We should discourage teachers from seeking political office... they can't hold two jobs."

Supt. of Schools R. T. Milwee asked the board members their feelings on allowing a teacher to seek a post in the legislature. Milwee said that one teacher (he asked the press not to use the teacher's name) had come to see him about running for that office this year.

Milwee stressed that the board would have to give the teacher professional leave and hire a substitute and it might create a precedent.

The majority of the board favored discouraging any teacher entering politics but agreed to talk to any teacher interested in the job before settling any clear-cut policy.

Brumley stressed over and over again that he didn't see how a person can teach and run up to Tallahassee all the time.

"It's just too hard a job," he added.

**College Aid Bill Given Top Spot**

WASHINGTON (UPI)—Congressional leaders today hung a priority label on President Kennedy's \$2.7 billion college aid bill.

The newspaper, quoting "reliable sources" in Vienna, said the former right-hand man of Stalin left the memoirs behind when he returned to Moscow late last year and instructed that they be deposited in a bank in Switzerland.

Western diplomats contacted by United Press International in Vienna indicated they were skeptical of this report.

The Soviet Foreign Ministry said today it had "no news" about Molotov's plans. He was understood to still be in Moscow.

**Walker Manager Of New Firestone Store**

Manager of the new Firestone Stores which will hold its Grand Opening in Sanford next week is John R. Walker. A newcomer to Sanford and Seminole County, Mr. Walker

recently transferred from Clearwater where he was also with the tire company. Having varied experience in the tire and rubber business from production to sales, Walker has spent eight years with Firestone, three of which were with the company store in Clearwater as its general manager.

## Board Rules Out Annexing Schools

The County School Board today ruled out annexing three South Seminole Schools into the town limits of Casselberry and voted to hook up water and sewer lines from the schools to the Hefner, Inc., lines and not to Hibbard Casselberry's system.

## Pravda Attack On Molotov Raises Doubts

MOSCOW (UPI)—The Communist party newspaper Pravda today attacked former Premier V. M. Molotov as a diehard dogmatist who opposes Premier Nikita S. Khrushchev's policy of peaceful coexistence.

The article again raised doubts as to whether old Bolshevik Molotov would return to his second-rate diplomatic post at Vienna after all.

The Pravda attack coincided with publication in the Stockholm newspaper Svenska Dagbladet of a report that Molotov had written memoirs criticizing Khrushchev's handling of relations with Red China.

The newspaper, quoting "reliable sources" in Vienna, said the former right-hand man of Stalin left the memoirs behind when he returned to Moscow late last year and instructed that they be deposited in a bank in Switzerland.

Western diplomats contacted by United Press International in Vienna indicated they were skeptical of this report.

The Soviet Foreign Ministry said today it had "no news" about Molotov's plans. He was understood to still be in Moscow.

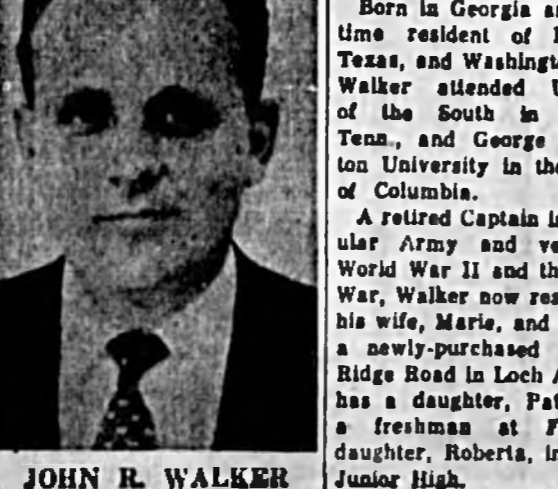

Robert Graf, director of school planning for the county, said about 20 walls had to be replaced at DeLand Junior-Senior High School after an inspection.

## \$200 Bond Set In Hit-And-Run Death

County Judge Vernon Mize today released a \$200 bond for Sanford man under \$200 bond on charges of leaving the scene of an accident in which a 66-year-old man was killed while crossing Hwy. 17-92 late Tuesday night.

Charged with leaving the scene was Modesto Vales, 612 Mellenville Ave. who told Highway Patrol Trooper J. L. Sikes that he was "just shocked" about hitting James Burnham at 11 p. m. and "panicked" and fled.

However, Vales gave himself up some 50 minutes after the accident.

Sikes said that apparently Vales didn't see Burnham crossing the road. "He didn't even have time to apply his brakes," Sikes told Judge Mize, adding that there were "no skid marks."

Judge Mize set next Monday afternoon for a preliminary hearing.

Sikes estimated that Vales was traveling at about 45 miles per hour when the accident occurred.

Burnham was pronounced dead on arrival at Orange Memorial Hospital.

He was staying at the Oak Ridge Motel at the time of the mishap. His last address was Miami, Sikes said.

**Free Steaks To Blood Donors**

The Sanford Elks Club will give a free steak dinner Thursday to all persons responding to an urgent appeal for blood donors.

Ralph Wight, Elks Club blood bank chairman, said that donors may report to the Sanford Blood Bank any time from 7:30 p. m. until 6:30 p. m. and go from there to the Elks Club for their steak.

Wight said that in view of the critical lack of donations being made due to flu, colds and other seasonal illnesses, the steak offer this time will not be limited only to those persons giving blood for the club's bank but that "any person giving a pint of blood will get a steak."

**U. S. 'Education' Bonds Planned**

WASHINGTON (UPI)—The Treasury is considering offering the public a new "Education Savings Bond" to encourage families to save for the college education of youngsters.

The new bond, if issued, would return to eligible savers somewhat more than the 3% per cent now earned by Series E and H bonds held to maturity.

An education bond—which might be designated Series EK—could help strengthen the savings bond program in the face of new competition from banks for thrift money.

## 1000 Pupils To Be Transferred

The County School Board today voted to move 1,000 youngsters from the Lyman School in September and make the school a "complete high school."

At the same time the board agreed to boost the technical training program at the proposed new junior high school in South Seminola.

Supt. of Schools R. T. Milwee asked the board to move grades seven through nine from Lyman to the proposed new 38 classroom school which will be ready for occupancy Aug. 1.

Milwee stressed that there would be plenty of facilities at the new school and the board and architect John Burton went over plans for the new facility located in the Casselberry-Farm Park area. The board also agreed to broaden the curriculum at the new junior high school with special emphasis on technical electronics "in the wake of the coming Nova project," Milwee said.

The board voted to move a 900 square foot building at Lyman to the new school plant for use as a temporary band hall until a permanent facility is constructed there.

# 'Freezing' Cold Stretches Over U.S.

By United Press International  
Below-zero cold stretched from the Rockies to Indiana today and frost nipped the Cotton Belt.  
Light snow fell from inland areas of Washington and Oregon to Montana.  
Temperatures of 20 below zero were common across North Dakota and northern Minnesota today. It was 32 below zero at International Falls, Minn., at midnight and the mercury never climbed

above 14 below these Tuesday. By 8 p. m., Tuesday the temperature had fallen to 30 below zero at Bemidji, Minn.  
Cold wave warnings were up for parts of Ohio, Pennsylvania and New York.  
Below freezing temperatures were reported as far south as central Texas, Arkansas, Tennessee and North Carolina. It was an even 32 degrees at Atlanta, Ga.  
At St. Louis, Mo., city garbage collectors voted Tuesday to continue their six-day

strike until the city specified a temperature below which they would not have to work. In Chicago city officials ordered extra shifts of garbage and trash collectors for the weekend to catch up with work slowed by heavy snow and cold.  
Fresh vegetable prices jumped as much as 14 cents a pound at New York due to cold weather crop damage in the South and the wholesale cost of some vegetables doubled in Chicago.

## Pipeline Blast Claims 8 Lives

EDSON, Alta (UPI)—A natural gas pipeline explosion claimed eight lives Tuesday and injured four other persons in what was described as the worst such disaster in the history of Alberta Province.

Reinhard Welch of Calgary, Alta., received burns over 70 per cent of his body and was in serious condition in a hospital.

Police withheld names of the victims, pending positive identification and notification of their families.

Cause of the fatal blast remained a mystery early today. Royal Canadian Mounted Police, who were conducting the investigation, had cordoned off the area and refused to permit photographers to take pictures.

The men were employed by Piggott Pipeline Co. Ltd., of Calgary, under contract to Alberta Gas Trunk Pipeline. Alberta Gas supplies natural gas to San Francisco.

The men were working on a 20-inch lateral pipeline which was to connect the main 30-inch line to the United States with gas wells in the Fox Creek area north of Edson.

The explosion occurred about five miles from the junction of the lateral and main lines, leaving the flow of gas to the United States undisturbed.

## Knight Quits Governor's Race

LOS ANGELES (UPI)—Former Gov. Goodwin J. Knight's sudden withdrawal from the governor's race left three Republicans today to challenge incumbent Democratic Gov. Edmund G. Brown.  
Knight, 65, quit the campaign following a two-month bout with hepatitis. His withdrawal left three Republicans in the race: former Vice President Richard M. Nixon, ex-Lt. Gov. Harold Powers, and Assemblyman Joseph Shell of Los Angeles, who is running as an avowed conservative.

Brown told newsmen after he learned of Knight's action that this withdrawal means that the moderate voting in the Republican party apparently are left without a candidate.

The governor described both Nixon and Shell as "to the right of center." In his initial statement, he overlooked the announced candidacy of Powers. When he was reminded of that, Brown said:

"Well, Knight's action will leave Mr. Powers to carry the burden of the moderates."  
Nixon appeared to be surprised by the suddenness of Knight's departure from the campaign. He expressed his sympathy and best wishes to Knight and said it was "a difficult blow to a tireless and vigorous campaigner."

## Sea Duty

W. K. McRoberts and W.A. Patrick of Sanford completed a five day cruise aboard the Navy's aircraft carrier USS Franklin D. Roosevelt (CV-42) last Friday.

The men boarded the ship last Sunday while it was docked at Mayport, Fla. They put to sea the following morning on the tide.

Flight quarters was held almost immediately while pilots and crews of Heavy Attack Squadron Three and Seven flew aboard to make their Carrier Qualification landings in the ASD "Sky-warrior" and ASJ "Vigilante."

The guests were able to attend the flight crews briefings in the Ready Rooms prior to aircraft launchings and observe their take offs and landings from the Primary Flight Control tower during the flight operations.

A complete tour of the ship from stem to stern and bridge to bridges was made during the cruise and many a ladder was climbed. The high point of the trip came when the guests were returned to Jacksonville, Fla. via COD aircraft. Carrier-on-Board Delivery).

The guests donned "Maywest" life preservers and strapped in while the twin engines, nine passenger carrier planes warmed up on the flight deck. Then the carrier turned into the wind and the COD gave it full power and roared down the flight deck and into the air leaving the ship behind and landing in Jacksonville 30 minutes later. McRoberts and Patrick returned to Sanford very much impressed with the Navy and much more informed about life aboard a Naval Aircraft Carrier.

## Church Sets Weekly Suppers

The First Baptist Church of Longwood has announced weekly fellowship suppers to precede regular Wednesday night meetings of the various church groups.

The first of the family suppers is scheduled for 6 p. m. today according to Rev. James Powell who advises that each week's menu will be included in the Church Bulletin beginning next Sunday.

## Probe Shows Mammal 'Shot'

An examination of the carcass of a sea cow found recently on the St. Johns River shows that the mammal was shot, the St. Johns River Valley Committee reported today.

The 1800-1600-pound carcass was found two miles south of Blue Springs and turned over to the University of Florida Museum through the assistance of the Valley Committee, which is interested

in preserving the marine life and other resources of the river.

Conservation enforcement officers advised the committee that the penalty for killing or injuring this harmless mammal is \$500 and/or one year in jail. They also pointed out that it is a violation of state law to discharge a firearm on a navigable stream and that it is unlawful to shoot a fish of any

type with a firearm. Officials at the University Museum said the sea cow is becoming rare. They are preserving the skeleton as the only other one at the museum is that of a baby sea cow.  
Blue Springs is about the only place on the river to which sea cows still return each winter. Museum people say that if they are molested too often they may cease to return at all.

GOVERNOR FARRIS BRYANT signs proclamation designating the month of February as Roll Call month for the Florida Nurses Association, as Mrs. Mabel Shepard, R. N., president of FNA looks on. The proclamation was signed at Tallahassee Memorial Hospital. Governor Bryant called for state-wide recognition of the many contributions made by the nursing profession to the welfare and security of the citizens of Florida.

### Secret Weapon Against Reds: Crooning, Cricket

By Harry Ferguson

LONDON (UPI) — The news today is that we have the Russians on the run with a secret weapon that comes over the radio. The British Commonwealth has another scheme which, if it works, might mean that Soviet resistance would collapse in 1964.

Rock and roll and crooning are undermining the will of Russian youth to resist. Also an attempt is being made to introduce cricket into the Soviet Union, but the Russians—realizing that anybody who plays cricket won't have time to wage a cold war—and being cagey. They know that cricket is a game you play all day and argue about all night.

Nobody knows the name of the Western genius who corrupted Russia, with crooning and rock and roll, but he is the man of the hour. His triumph came to light in a front page article in the Soviet magazine, the Kultura, official publication of the Ministry of Culture. The author is Anatoly Nivikov, a member of the Soviet organization that dictates musical policy. Let him have the floor:

"Singers are whispering and talking instead of singing. Their subject matter: the gray sadness of the melancholy, complaining endlessly about the petty nuisances of life, a rendezvous that did not take place, an unsuccessful declaration of love and a secret and misunderstood love."

He writes that dance music was "turning into loud and aggressive shouts and groans" and added: "It is subrin'at young people like this music. What kind of young people? Amongst our youth are parasites, idlers and flappers. Do we have to adjust ourselves to their needs?"

The answer to that question is yes. Comrade Nivikov, like your correspondent, is a square who sees no virtue in rock and roll and crooning. Squares cannot win a hipster war.

Your correspondent was a host at a party for teenagers some years ago and attempted to divert guests from rock and roll. He was forced to flee in confusion from a concerted attack launched by a group of American parasites, idlers and flappers.

In boxing parlance, rock and roll is a left jab to the face of Russia. Cricket is the crushing right-hand punch that could score the knockout.

# Seminoles Top Knights, 54-43

Bud Laver's Seminoles moved up in the basketball ratings in Sanford Tuesday night by defeating the Black Knights of DeLand's Florida Military School 54-43 in an exciting non-conference battle that saw the Seminoles boosted to a (5-3) season tally.

With Don McMurray and Barry Brown pacing the way for the Seminoles from an early first period start, Sanford took the lead in the cage action by seven points to end

the first period 15-8. In the second quarter Sanford doubled its lead to end the half at 31-17.

Second period play saw Sanford jump ahead in scoring with each of seven Sanford cagers dumping in a two - pointer and two-foul shots by McMurray for the 18 point total in the quarter.

David MacGillis, a five-foot-eleven Sanford cager whose potential on the court is finally being realized with the absence of regular starters, dropped in three goals for the night, one in each of three periods.

Top scorer for the night for Sanford was McMurray with three goals and seven foul shots for a 13 point total. Brown followed closely in second place with five goals and two foul shots for 13 points. Mike Duncan paced the Knights with 18 points.

Ray Middleton got in two goals in the final period for the Seminoles for four points, with Mike Woodruff hitting three, and Ken Gustavson two and one foul shot.

John Boniface played for the Seminoles in the second and fourth periods and dropped in his second field goal of the season, bringing his field goal percentage up to 28.5. Eugene Williams picked up a two-pointer in the second.

## Seven Out To Break SOKC Win Streak

Seven ace greyhounds will try to break the win streak of Orrville Moses Excelling when she goes to the post in the featured ninth race at the Sanford-Orlando Kennel Club tonight.

Currently Excelling rates as the track champion and its winningest runner. To date she has not yet missed the money in her eight outings and her score is six firsts, one second and one third. If she should win tonight it will be her seventh for the season, her fourth in a row.

Opposing this fast-breaking, powerful finisher will be O. B.'s Deacon, Lovely Boy, Cedar Cadet, Modern Texas, Wayne Roberts, Features Fair and Barnacle Bob.

Barnacle Bob won the Sapling Derby at Muttonah last summer and then became nationally famous as he starred on Massachusetts tracks. At Muttonah he had a fabulous score of 13 wins in only 18 starts. He should give Excelling a run for the money. Another speedster who should be near the top at the wire is Jack Herold's Features Fair, who boasts a national A-1 rating.

Tonight's eighth race is also rated Grade A and lists such fan favorites as Ruth Cruce, Uplinger, Dinah's Mickey and Hello Charlie.

## Faulkner Top Candidate For Coaching Job At Denver?

DENVER (UPI) — Jack Faulkner, defensive backfield coach of the San Diego Chargers, was considered the top candidate today to succeed Frank Filchock as head coach of the Denver Broncos.

In fact, the 34-year-old Faulkner already has indicated who at least one of his assistants would be if he got the Denver job. He said he would retain defensive line coach Dale Dodrill from Filchock's staff, and possibly backfield-end coach Ken Carpenter.

Faulkner was scheduled to meet with Bronco president Calvin Kuns again today, and then return to San Diego. The two conferred Tuesday.

Kuns admitted that he "is high" on Faulkner as a candidate.

"We likely will have other candidates here for interviews," Kuns said. "Some of the candidates I can't name because they are assistant coaches with NFL teams."

"But I can tell you that we have talked to (Frank) Pop Ivy (former St. Louis Cardinal coach), and I don't know whether or not he's interested."

## Junior Varsity Hits Win Column

The Seminole High School Junior Varsity got back into the winning column last night by defeating Florida Military School "B" Squad by the rousing score of 46-33 to bring their season record up to an even four wins and four losses.

The game started out to be a closely matched contest. Each team matched the other in scoring but as the gun sounded ending the first period, the scoreboard showed the Seminoles in front by a slim three point margin of 10-7. It looked as if the fans were in for a thriller.

As the second period began, the Seminoles began to rip away at the cards and rack up a total of 16 points compared to seven dumped in by the Black Knights. This doubled the Florida Military total, and the first half ended with Sanford in front 28-14.

In the third period the Seminoles could only manage to score six points as the Knights added nine to their total and at the end of the third period the scoreboard showed the Seminoles still ahead by an 11 point margin.

The fourth period once again showed the two teams matching each other in the scoring department. However, the Seminoles outscored the Knights by two points as the Seminoles added 12 points to their scoring list and the Black Knights contributed ten points in their column. This brought the team totals to 46 for the Baby Seminoles and 33 for Florida Military.

Ken Tyre led the scoring for the Seminoles with 11 points, followed by Barry Johnson with nine. Geiger took top honors for the Knights with 12 points and Hodgekin added seven.

Sanford flooded the floor with substitutes in various parts of the game. Florida Military was forced to use its starters most of the game in an attempt to keep up with the pace-setting Seminoles.

## Final NCAA Report Due

MIAMI (UPI)—The NCAA football rules committee was expected to issue a final report today on its three-day meeting, including word on whether there will be any rule changes for the college game this fall.

The committee, with former Michigan head coach Fritz Crisler sitting as chairman, received 11 proposals from the American Coaches Association Monday and turned them over to subcommittees for study Tuesday.

## Yanks May Have Trouble Signing Maris

United Press International Roy Hamey, general manager of the New York Yankees, today turned his attention to Roger Maris after doling out an estimated \$102,000 in signing Whitey Ford and Yogi Berra for the 1962 season.

Ford became the highest paid pitcher in Yankee history when he was given a \$14,000 boost to \$50,000 Tuesday. Berra signed for a reported \$52,000, which represented a token raise of \$2,000 over his 1961 salary.

Maris may not be as easy to deal with. The blond outfielder reportedly is seeking a 100 per cent increase to \$70,000 on the strength of his record 60 home runs last season.

Hamey, though, is confident he will land Maris before the end of next week.

Hamey has estimated that the Yankees' payroll this year will hit a record \$800,000. He has already doled out almost one-quarter of that figure in signing only three players—Ford, Berra and Mickey Mantle, who accepted an \$85,000 pact last month.

Gus Triandos, who only recently asked to be traded, became the first member of the Baltimore Orioles to come to terms. Sidelined for three weeks last season with a broken thumb, the 31-year-old catcher finished with a .244 batting average and 17 home runs.

## Yanks May Have Trouble Signing Maris

The Cleveland Indians bagged their 14th player when outfielder Willie Kirkland signed for what he termed "a nice raise." Obtained from the San Francisco Giants in December, 1960, Kirkland was the team leader in home runs (27) and runs batted in (97) last season.

Jimmy Piersall indicated he might be tough to deal with this year when he turned down a small raise from his new bosses, the Washington Senators. The veteran center fielder reportedly received \$35,000 from the Cleveland Indians last season, when he hit .322.

Other signings by clubs: Pittsburgh Pirates — Catcher Jerry May and Elmo Flaskett.

Chicago Cubs — First baseman Moe Morhardt and outfielder Danny Murphy.

Minnesota Twins — Infielder Billy Martin, outfielder Lenny Green and Bill Tuttle.

## Lyman Roms Over Oviedo

Walt Daurus' Lyman Greyhounds boosted their season standing to (4-2) before gym dedication crowds by romping over Paul Mikler's Oviedo Lions 51-41 in a return bout for the Greyhounds after dropping last week's game to the Oviedo team.

Oviedo's Junior Varsity team won the "B" Squad preliminary bout over Lyman's Junior Varsity 48-44 prior to Lyman's gym dedication ceremonies by Principal Ralph Diggs between the two cage battles.

Lyman took the lead in the game early in the first period with a seven point margin that saw the quarter end with the Greyhounds ahead 19-12. Billy Stephenson tossed in points for the Greyhounds with Oviedo's John Courier and Estes scoring for the Lions.

Top scorer for the night of both teams was Lyman's Billy Stephenson with nine field goals and two foul shots for 20 points. Second high scorer was Estes for Oviedo with seven goals and three foul shots for 17 points with Lyman's Smith taking third with five goals and ten points.

**School Arsonist Suspect Nabbed**

CHICAGO (UPI)— A 13-year-old boy who has admitted to suburban police he set a number of other fires today was considered a prime suspect in the Our Lady of the Angels school fire which claimed 85 lives three years ago.

Sgt. Drew Brown of the Chicago police bomb and arson squad told United Press International he considered the youth the "best suspect so far" in the Dec. 1, 1958 fire. Brown said he was told by suburban Cicero police the youth was a student at Our Lady of the Angels at the time of the blaze.

Brown said he listened to a recorded conversation in which the boy told Cicero police of setting a number of school fires.

The Chicago Tribune said in a copyrighted story the boy confessed setting the disastrous fire during an examination by private fire detector expert John E. Reid.

# Benevolent Patriotic Order Of Does, Drove 160 Hold Installation Ceremony For New Officers

About 100 friends and guests of the BPO Does attended the open installation ceremony of new officers Sunday afternoon at the Civic Center. Installing officers were Mrs. Ralph LeFevre, Supreme Deputy President, and Mrs. Eugene Hoff, Supreme Deputy Conductor, both of the Orlando Drove of Does.

The installing ritual was followed by music presented by Mrs. Daisy Hallett, also of the Orlando Drove. New officers installed were Mrs. Richard Mapes, president; Mrs. Brad Foley, first counselor; Mrs. George DeMatio, senior counselor; Mrs. A. P. Bowersox, junior coun-

selor; Mrs. H. C. Disbrow, secretary; Mrs. Edward Pratt, treasurer; Mrs. Robert Caruthers, conductor; Mrs. John Pierrro, inner guard, and Mrs. Robert Billhimer, three year trustee. Appointive officers installed were Mrs. H. F. McCloskey, chaplain; Mrs. Peter Bukur,

assistant conductor; Mrs. William Hardin, musician and color bearers, Mrs. Fred F. Roetger, Mrs. John E. Kunig, Mrs. Robert Karraker and Mrs. William LeBree. Attendants installed were Mrs. Finley Nash, Mrs. James Smith, Mrs. Stephen Androsko and Mrs. Leffoy Hickson.

Following the ceremony, Mrs. Mapes invited retiring president, Mrs. Bowersox, to the rostrum where she made a short talk thanking the Elks Lodge and all members of the Does for their excellent cooperation during the past year.

Honored guests were then introduced by the new president and each one made a brief talk. They included Ruas Spencer, Exalted Ruler of Sanford Elks 1241; Jimmy Hoolehan and Richard Mapes, past Exalted Rulers; Al Coe, past District Deputy, and Ralph LeFevre, Exalted Ruler of the Orlando Lodge. A delegation from the Jacksonville Beach Does was also introduced. Several members of the Orlando Drove assisted with the program, including Mrs. Laura Allen, Mrs. Margaret Maleck and Mrs. Al Coe.

Following the ceremony at the Civic Center, the group and their guests adjourned to the Elks Lounge, which was artistically decorated for the occasion and a bountiful repast was served from elaborately decorated tables. Retiring president, Mrs. Bowersox, received her past president's pin, the ritual and a beautiful silver tray. Silver dishes, suitably inscribed, were also given to Mrs. LeFevre, Mrs. Hoff, Mrs. Coe and Mrs. Hallett and Mrs. Allen and Mrs. Maleck received necklaces in appreciation of their assistance in the ceremony.

OFFICERS INSTALLED in an open ceremony at the Civic Center by BPO Does are from left (seated) Mrs. Richard Mapes, president; Mrs. A. P. Bowersox, retiring president, and Junior Counselor; Mrs. Brad Foley, Standing, are Mrs. George DeMatio, Mrs. H. C. Disbrow, Mrs. Edward Pratt, Mrs. Robert Caruthers, Mrs. Robert Billhimer, Mrs. John Pierrro and Mrs. Stephen Androsko. (Herald Photo)

# William O. Tanner Guest Speaker At Meeting Of DeBary Woman's Society Of Christian Service

The Women's Society of Christian Service held the first regular meeting of 1962 in the social hall of the church, with the president, Mrs. Arthur Wagner presiding.

Mrs. E. Benedict presented the program and devotion using as her theme, "Cuba." Silent prayers were offered for the sick and members voted to give \$25 on a pew in memory of Mr. and Mrs. Frank Richardson, active members who both died recently. Mrs. Swift presented a new member, Mrs. Harry D. Gibbon.

Mrs. Charles Cressy, chairman of the "amorgashboard" to be held, Jan. 31, in the social hall of the church, discussed plans during the meeting. The society will sponsor a cake sale at the DeBary Plaza, Feb. 17.

Following the business session, the group adjourned to the sanctuary for a talk by William O. Tanner of Sanford, a retired Navy officer who is studying law at Stetson University.

His subject was "how to combat communism." The ministers' wives and members of the local churches were invited to hear the talk.

A reception followed in the social hall with Mrs. Arthur Wagner, of Community Methodist Church, Mrs. Paul Shultz of the All Saints Episcopal Church, and Mrs. Fred Foster, Barnett Memorial, both of Enterprise; Mrs. Sidney Swallow, DeBary; Mrs. Damon Scott, of the DeBary Methodist Church, and the guest speaker in the receiving line to greet members and guests.

A social hour closed the well rounded program for the day. Refreshments were served from buffet tables, overlaid with white cloths, centered with African violet arrangements and flanked by silver candle holders with tall white tapers.

**ROUGE WITH GREEN**  
For a warm complexion, always wear rouge with green costumes. Lipstick can be worn in almost any shade, but it's wise to choose the color by the way the green you wear affects your own coloring.

A foundation planting ties your home, walks, entrances together in a harmonious arrangement, according to the American Association of Nurserymen.

IN THE RECEIVING LINE greeting guests at the reception held by the Woman's Society of Christian Service of the DeBary Community Methodist Church, in DeBary, were from left, Mrs. Arthur Wagner, WSCS president; Mrs. Sidney Swallow, past president; William O. Tanner, guest speaker at the previous meeting; Mrs. Paul Schultz, from the Enterprise Episcopal Church; Mrs. A. C. Summers, DeBary Presbyterian Church; Mrs. Fred Foster, Barnett Methodist, Enterprise and Mrs. Damon Scott. (Photo by Cox)

## Garden Circles

**ROSE CIRCLE**  
George M. Wagner Jr., Goldenrod, collector and grower of orchids, was guest speaker at the January meeting of the Rose Circle. The group met at the Golden Acres home of Mrs. Charles Cole in Geneva.

Mrs. Charles Brumley was co-hostess at a coffee preceding the meeting. The speaker's subject, "Let's Grow Some Orchids" was illustrated by showing colored slides he had taken on his collecting expeditions to the wilds of Central and South America.

Following the meeting, he displayed some of his plants and a visit was made to Mrs. Cole's orchid house where a number of rare specimens were in bloom. Mrs. Henry Simpson, circle president, presided at a short business session, preceded by a prayer from the "Prayers of Peter Marshall," by Mrs.

**Charles Park.**  
Members reported unusual birds they had seen recently and were reminded that the birds are hungry this time of year. A contribution was sent to the Junior Nature Camp, which is held during the summer at Ocala National Forest. Trading stamps were brought to add to a collection for securing equipment for the state headquarters building in Winter Park. Used Christmas cards were collected to be sent to Taiwan.

Members bade bon voyage to Mrs. Simpson, Mrs. Cole and Mrs. Brumley, who plan to leave soon on a cruise including the Hawaiian Islands. Others present for the meeting were the Misses, O. L. Barks, B. B. Crumley, W. E. Gray, Cader Hart, J. O. Gregory, Ed Lane, Charles Meriwether, W. A. Morrison, J. H. Straub, James Trull, J. D. Woodruff and a visitor, Mrs. R. C. Martin of Lake Mary.

**HEMEROCALLIS CIRCLE**  
Mrs. Carl Lind and Mrs. Richard Elam were co-hostesses for the January meeting of the Hemerocallis Garden Circle, at the Lind home. Plans were discussed for organizing a men's Garden Club. It was decided to have a party this spring for this purpose and to invite the men and their wives.

Mrs. Blanton Owen displayed some beautiful plaques made of dried materials and explained how they were made. Mrs. Lind showed slides of the Grand Canyon. They were made by Mrs. Carl Moss on a trip to the West. She also showed slides taken at several National Parks, made on another Western vacation. Other members present were Mrs. P. J. Westgate, Mrs. Robert Zittrower, Mrs. Ralph Jarvis, Mrs. Eric Viblen, Mrs. E. L. McKnight and Mrs. Watson Reel.

### Jackson, Miss., Paper Suspends

JACKSON, Miss. (UPI) — The Jackson Times, an afternoon and Sunday morning news paper which would have been seven years old Feb. 28, ceased publication today.

Its demise left in Jackson the afternoon Jackson Daily News and the morning Clarion-Ledger, published jointly by the Mississippi Publishers Corp.

H. E. Dumas Milner, president of the State Times Publishing Corp., made the announcement of the suspension of the State Times to its employees.

"Inasmuch as a vast majority of the advertisers continued to decrease their advertising in the State Times, the decision has been made to close the newspaper and discontinue its publication," Milner said.

Milner said the newspaper's equipment and circulation list had been sold to Mississippi Publishers Corp.

### Cosmos May End 'Racial Bars'

WASHINGTON (UPI)—The intellectual Cosmos Club, spurned by President Kennedy because it turned down a Negro's membership application, has resolved that exclusion because of race is against its principles.

The resolution is not binding on the club's admissions committee, but spokesman Ernest K. Lindley said members hoped the committee would take the hint and drop any racial bars.

The resolution passed overwhelmingly Monday night, Lindley said. At the same time, members chose five new members of the admissions committee. It could not immediately be determined what effect the new members might have on its policies.

The recent furor over the club's policies came after a deputy assistant secretary of state, Carl T. Rowan, a Negro, was denied membership.

### Hoffa Case Delayed Again

ORLANDO (UPI) — The mail fraud case of James R. Hoffa, which has been dragging along since Dec. 7, 1960, was delayed again Monday.

U. S. District Judge Joseph Lieb granted the defense a continuation of a hearing from Feb. 26 to March 12. The continuation was to allow a defense attorney to finish some court cases at Miami.

At the same time, U. S. attorneys formally asked Lieb to set a trial date. That will be ruled on later.

Thomas Jefferson and Martin Van Buren were the only two U. S. presidents who had previously been vice president and secretary of state.

# Nova Council Formed • Seminole Development Set

## Six Counties To Join In Area Survey

A Regional Planning Council for the six-county Nova area was set up Wednesday at a meeting of the governors of the Joint Community Impact Coordinating Committee at Patrick Air Force Base.

Attending the meeting with delegations from the other five counties was one from Seminole County which included John Krider, representing the Chamber of Commerce; Stewart Gatchel, representing the county's schools; Jim Avery, Ted Williams and Vernon Dunn, representing the County Commission, and Hubbard Casselberry from the town of Casselberry.

The Planning Council will conduct a survey for comprehensive planning which encompasses the whole six-county area. It will cover all phases of planning for the moon shot project and will be done on an area-wide basis, according to Krider.

An existing state law provides the means for setting up the Council. As a first step commissioners from each county pledged that a resolution appointing two members to the Council would be adopted. Then each county would agree to share the cost of a land use survey according to its population. The survey is estimated to cost \$150,000.

The second step would be the hiring of engineers to prepare the survey on land use. An offer of a cash grant from the regional office of the Housing and Home Finance Agency at Atlanta was made by a representative from the office, Leo Zuber. He said his office is prepared to make a cash award under the urban planning assistance program.

The Planning Council must apply to the HHA through the Florida Development Commission and the federal Government will assume two-thirds of the cost.

On the basis of a cost of \$150,000 the area would assume one third of this amount. Broken down into counties it would mean that Seminole's share would be \$4,570; Bayard \$9,300; Orange, \$21,850; Volusia, \$10,400; Indian River, \$2,140; and Osceola, \$1,590.

The men, partners in the firm of Reynolds, Smith and Hill, are charged with grand larceny. The defense contends the firm provided all the supervision called for in the contract.

Park Allison of New Smyrna Beach, a brick mason who worked for a subcontractor on the Volusia project for about a month last January and February, testified Wednesday he saw dirt piled up in a two-story house near the Weatherfield section of the county.

Arrested and charged with operating a still were Donald Perry of Oakland Hills and a man named Williams from Wheeling, W. Va.

The first name of the Williams man was not known.

Unconfirmed reports circulated here today that there had been trouble at sea aboard a Spanish freighter that sailed from Wilmington Tuesday with 10 crated airplanes bound for Spain by way of Havana.

Administrative Aide Walter Teague asked the school board Wednesday to start thinking about a new school site in the Oviedo area.

THOUGHT FOR THE DAY: Did you know that the Panama Canal on the Pacific side is not less than 41 feet deep and 45 feet deep on the Atlantic? How about that?

City Manager W. E. Knowles stressed today that the city did not deny the swimming team the use of the city pool. Quite the contrary, said Mr. Knowles. He added that the city would provide the pool if the school would provide or cover the operating cost. Estimated cost—\$2,200.

Look for a hassle Monday night at the City Commission meeting on the proposed rezoning of French Ave. from 18th St. to 24th Place. . . . Some property owners are up in arms over the proposed cutting down of commercial zoning.

## Theft Ring Smashed

### 2 Boys Held, Arsenal Of 25 Guns Seized

The Sheriff's Office has uncovered a large burglary ring operating in Seminole and Orange Counties and has arrested two Negro juveniles in connection with the theft of some 25 assorted weapons.

The Sheriff's Office said that the juveniles were picked up in Altamonte Springs after they were found displaying some weapons in a reckless manner, according to Sheriff J. L. Hobby.

After deputies became suspicious, further checking revealed that the guns were stolen from Bumby's in Orlando.

The deputies also found out that the youths also burglarized Jerigan's Clothing store in South Seminole and had stolen a large assortment of clothing including jackets, sweaters, pants which have been recovered.

The sheriff's office is continuing the investigation to determine if any other persons were connected with the crime.

### Testifies Dirt Substituted For Mortar

DELAND (UPI) — The state called more school officials today to testify in the trial of seven partners in a Jacksonville architectural and engineering firm accused of providing insufficient supervision on three Volusia County school projects.

The men, partners in the firm of Reynolds, Smith and Hill, are charged with grand larceny. The defense contends the firm provided all the supervision called for in the contract.

Park Allison of New Smyrna Beach, a brick mason who worked for a subcontractor on the Volusia project for about a month last January and February, testified Wednesday he saw dirt piled up in a two-story house near the Weatherfield section of the county.

## Record Budget Sent Congress

WASHINGTON (UPI) — President Kennedy today sent Congress a \$92.5 billion budget for the 1963 fiscal year, the biggest ever in peacetime— but said he still hoped to see out a "modest" \$600 million surplus.

He called it a blueprint for a national "growth and strength."

Kennedy's first complete budget called for repeal of the 10 per cent tax on train and bus travel, and a 1-cent increase on both regular letter and air mail stamps. Treasury Secretary Douglas Dillon said the administration also hoped to cut income taxes early in 1963.

Initial congressional reaction to the budget generally followed party lines. Republicans rapped it as another pattern for big spending and scoffed at the forecast of a surplus, but most Democrats praised it as a model of fiscal responsibility.

The new budget assumed that the Berlin crisis would be over by the end of June and that the nation's economy would expand steadily and fairly briskly for at least 18 months.

Unless these assumptions are realized, Kennedy's projected surplus could be wiped out.

Congress also could upset it by rejecting proposed revenue plans or fixing higher price tags for some programs.

At the same time, the commission adopted a regulation intended to make dealers and buyers mindful that oranges and grapefruit come from Florida.

The commission heard written reports from Gene Winn, general manager of Texas Citrus Mutual, and Bob Boyd, Texas deputy commissioner of agriculture. They said 25 per cent of the trees in the lower Rio Grande Valley were killed, most of them under four years old. But they said many of those not killed were severely damaged and may not be able to produce next season.

## Midwest Caught In Deep-Freeze

By United Press International Winter made a deep freeze out of the already suffering Midwest today, dropping temperatures to arctic-like temperatures, dotting the Rockies with sporadic snow and threatening to chill the East.

Snow was predicted for northern sections of Tennessee today.

The coldest weather of the winter was crackling in Minnesota where the mercury reading plunged to 22 below zero in some areas.

Buffalo, Okla., reported five inches of snow on the ground and still "snowing and blowing."

Cold warnings were up from northeastern Ohio through western Pennsylvania and New York into northern New Hampshire.

At Cairo, Ill., an ice jam on the Mississippi River for the sixth day in a row bogged barges.

## United Effort To Plan For Nova Urged

Former State Senator Douglas Stenstrom today rolled up his sleeves, and unrolled a massive eight-year development program for Seminole County calling for a united effort by "public minded citizens to eliminate sectionalism as we have little time left for the amazing growth of this area."

Stenstrom, who emphasized that he was "just not talking," had accepted the leadership of the Long Range Planning Development Committee of the Chamber of Commerce and said "if I get nothing done, I'll just get out."

He added: "The only means of accomplishing this long-range program is through the Chamber of Commerce."

The former state senator reported that the newly organized development committee will hold its first meeting at 6:30 p. m. Jan. 29 to discuss a concrete long range road program for the county.

He added that in the not too distant future committees will be formed to work on schools, public health, ways of combating crime, road beautification, water and traffic safety.

"This is no pipe dream," Stenstrom said, adding that "we can no longer sit on the sidelines. Some constructive effort is needed."

"If we are going to grow, and there is no doubt, that this county will more than double in size by 1970, citizens outside public life, meaning J. Q. Public, must work together. I hope to have from 300 to 400 people on these committees in a few years."

"There are two kinds of growth—orderly and disorderly. . . . We must choose now. I'm going to holler and keep on hollering and let me say I'm not seeking public office in the spring, but we all must realize we are only 18 miles from the Nova project."

Kennedy picked Apalachicola River channel improvement as another of the nations construction starts and asked \$500,000 for the project. He picked the navigation project at Baker's Haulover Inlet as one of 22 Army Engineer planning starts and requested \$15,000.

The budget also asked congressional approval of eight preliminary studies to determine whether they should be undertaken by the Army Engineers.

Rusk Explains Congo Policy WASHINGTON (UPI)—Secretary of State Dean Rusk said today the United States supported UN intervention in the Congo because the alternative "would have been violence and chaos and a ready-made opportunity for Soviet exploitation which the United States would have been compelled to counter."

Rusk told a closed meeting of the Senate foreign relations sub-committee on African affairs that there was "no reasonable evidence that accession is the will of the majority of the population of any province involved."

Asteroid Bomb? WASHINGTON (UPI)—A space scientist suggested today that Russia by 1970 will have the rocket power to knock out North America with "an asteroid bomb."

Kirk Trial Ends WEST PALM BEACH (UPI)—The case of former Palm Beach County Sheriff John Kirk Sr., accused of conspiring to allow gambling in the county, is expected to go to the jury after closing argument by attorneys today.

Profits Taken NEW YORK (UPI)—Stocks opened irregularly lower today in fairly active dealings. Most brokers continued to characterize recent market selling as delayed profit-taking in stocks which turned in the best performances in the latter half of 1961.
