Some Don't Believe There's A Santa

By JANE CASSELLBERRY Herald Staff Writer

The "season of goodwill" has been shattered in the Longwood area by violent reaction to two families who have expressed their religious beliefs by hanging Santa Claus in effigy.

Members of a small Holiness church in Sanford, the families do not celebrate Christmas and hold the opinion that the popular attitude toward Santa Claus is "heavenly idolatry" and a "sin."

Since Allen Cutcher, who lives on a quiet street outside Longwood city limits, displayed a figure of Santa Claus in a "heavenly idolatry" and a "sin."

Cutcher also said he had a small plastic Santa Claus in his truck, and while visiting friends in Longwood for a barbecue the neighbors became upset and called the police.

Cutcher said the City Council Chairman J. R. Grant arrived, he quoted the official as saying, "Boy, you better take it down. Do you want to be run out of town?"

Cutcher said he was threatened with arrest by officials who said they had 15 persons ready to swear out warrants against him and "it only takes eight" on a charge of disturbing the peace.

"Even the mayor was there," he added. Cutcher believes his freedom of religion and speech are being threatened.

Grant said today that he asked Cutcher to take down the Santa from his truck because children "were crying in school and along the roadside" because of it.

"Nearly everybody in town knew about it," Grant said, when asked if he

Santa Claus, hung in effigy, is the subject of controversy near Longwood.

came to the home in response to neighbor's complaints. Grant said he did not want anything about it in the newspaper as it would be "bad for the children."

Grant is in charge of the annual Longwood Children's Christmas party. He traditionally plays Santa at the event.

Cutcher's wife, Brenda, said some friends in Longwood, who had also hung a figure of Santa, were forced by officials to take it down because of numerous complaints. She said children of the other family had come home from school upset because their teacher had stamped their hands with a Santa as a "reward" but their father scrubbed it off.

The Cutcher quote Revelation 22:14-15 to substantiate their belief that "whosoever loveth and maketh a lie" will go to Hell.

"The parents make the lie and the children love it," said Mrs. Cutcher. A lie is a sin, no matter how beautiful it is," she added.

"How can they relate these bunch of lies to the birth of Christ?" Cutcher asked.

Mrs. Cutcher said that if others are allowed to display spotlighted Santas on their roofs, which offend her, she and her husband should have the right to display Santa in the way they wish, even if it should offend some.

Although they know they are opening themselves to threats and criticism for challenging the popular myth at a time when "Santa" is evident at schools, shopping centers and even some churches, the Cutchers say they are "bound by God's word and have to do what it says."

Special Prosecutor Requested Askew Gets Jury Report

By ED PRICKETT Herald Staff Writer

A Seminole County Grand Jury report, indicting four top-ranking county officials, arrived in Florida Gov. Reubin Askew's office this morning, according to Askew aide Maurice Harling.

However, Harling said Askew was in Miami today and wouldn't consider the report from the grand jury or a request from State Attorney Abbott Herring for a special prosecutor until the governor returns to Tallahassee next week.

Askew has the power to remove from office elected or appointed officials who are under indictment by a grand jury. The governor, however, has been quoted as saying his office has no specific policy, but that he decides each individual case on its own merit.

Harling was unable to name a specific date when the governor will decide whether or not to remove Commissioners Harry Kwiatkowski and Michael Hattaway and Port Authority Chairman Tom Binford.

"The governor's decision will depend on the charges. He will have to decide if removal is justified and if he can sell it to the Senate," Harling said.

According to Harling, the Florida Senate must

approve a governor's decision to remove an official. Meanwhile, a 2 p.m. hearing today could determine whether or not the state has a felony case against County Atty. Thomas Freeman, who is charged with asking John Morris, a Sanford title company official for a \$12,400 kickback plus an attorney's fee in connection with title insurance which was to be issued for the county's aborted purchase of a \$17,000 clay pit.

Freeman, Hattaway and Kwiatkowski are charged with violating Florida's Sunshine Law. Morris, an official of Chelsea Title and Guaranty Co., has signed a statement saying grand jury charges that Freeman solicited unlawful compensation are "totally false."

The Morris affidavit prompted Herring to request that Askew name a special prosecutor to determine if Morris has perjured himself by issuance of the affidavit.

If Morris' affidavit, denying the grand jury charges, conflicts with sworn testimony before the grand jury or to Herring's office, Morris could be charged with perjury, which is a felony.

On Thursday Circuit Court Judge J. William Woodson ordered Morris' grand jury testimony transcribed by official court reporter, Norman Robbin.

The court ordered Robbin to furnish copies of the

testimony to Morris' attorney, Jack Bridges, and to J. Cheney Mason, defense attorney for Freeman, and to Asst. State Atty. William Staley.

The court order came as a result of a motion filed by Staley accompanied by the affidavit signed and sworn to by Morris on Tuesday.

Staley's motion stated that the Morris' affidavit, "if true, might constitute perjured testimony, either in the affidavit or before the grand jury, or both."

Herring also says he has a "sworn tag" statement which contradicts the affidavit Morris gave Freeman.

The state attorney said Morris' affidavit is making a "mockery" of the judicial system.

Binford is charged with one count of perjury and one count of false swearing in violation of state election laws.

The Sunshine indictments center on the county's aborted purchase of the clay pit and Freeman's appointment as county attorney.

In both instances, indictments charge secret meetings were held in which decisions were made that were relative to the aborted clay pit purchase and to Freeman's appointment.

The Sunshine Law states that all meetings by elected officials shall be in the open and attended by the public or by members of the press.

16 Countries To Be Represented

Foreign Students Arrive Sunday

Some 47 graduate students and leaders from 16 foreign countries are expected to visit Sanford and Winter Park Sunday, for the second year in a row as part of the National Council for Community Services to International Visitors.

"This is our answer to 'Yankee-Go-Home' and is the best foreign diplomacy we could hope to accomplish," said Jack Horner, executive manager for the Greater Sanford Chamber of Commerce.

This is the eighth year that the U.S. State Department has made arrangements for about 300 foreign visitors, who are students at various universities around the nation, to spend the Christmas holidays with American families, according to Dr. Luis M. Perez, president of the Mid-Florida Council for International Visitors.

The students will be welcomed by Miss Florida at the Mount Vernon Motor Lodge, off U.S. 17-92 in Winter Park, at 8 a.m. Sunday, Dr. Perez said.

From there, they will be escorted on a tour of the Central Florida Zoological Park at 2:30 p.m. by Al Hozon, executive director of the Zoological Society.

The students will be entertained at the Sanford Civic Center at 4:30 p.m. during a concert put on by the Lyman High School's "The Company." The concert is free and open to the public.

Horner said the visitors will be served Christmas egg nog and dinner by the Tri-County Road Runners, a club of citizen's band radio operators.

"The night will be filled with fresh mullet, hash, puddings, baked beans and navel oranges. Since the seating capacity is limited to 200, Horner suggested those planning to attend the dinner, should call the Chamber for reservations. The visitors will be bused back to the Winter Park lodge where most of them will be staying until Dec. 27.

"We want them to really learn what makes the American people tick by getting down to the grass roots of the American people... It's what we call 'fraternal diplomacy.' They are goodwill ambassadors," Dr. Perez said.

Each foreign country pays for their students' tuition while attending American in-

stitutions, Dr. Perez explained, and the purpose of the program is to allow each student to specialize and increase his skills and return "as an asset" to his own country.

Horner said last year, 375 adults from 67 foreign countries visited Central Florida during the holidays, including 72 top military leaders from Peru. Most of this year's visitors will be spending Christmas Eve in Cocoa Beach, Dr. Perez said.

He said he hopes to place seven judges expected this week from South Korea in the county. Perez, 47, who is also vice chairman of the national council, said his recent dinner guests have included the secretary of the treasury of

Argentina, and secretary of education of Haiti.

The students expected to visit Sanford are:

- From Afghanistan: Dr. Mohammad R. Masud, Sardar Mohammad Rohan, Dr. Mohammad Y. Salehi.
- From Brazil: Laercio B. de Araujo, Paulo G. Cysneiros, Miss Heloisa Luck.
- From Egypt: Fathalla M. Abdeen, Hany M. El-Dakroury, Mohammad M. E-Karim.
- From Ghana: Johnson E. Kanika.
- From Guyana: Mrs. Mayleen O. Cumberbatch.
- From Indonesia: Wahjudi P. Benjamins, Santono Haradjolukito, Mukhlis Rasyidi.
- From Korea: Chyung Man-Cho, Jin Sung Kyu, Kim Kyung-Han, Lee Jae-Hoo, Shin Chang-On, Yang Ho.
- From Liberia: Gatumbo Abu, Miss Beatrice U. Johnson, Miss Affade C. Murray, Wilfred K. Selimah, Mrs. Evelyn B. Yarsiah.
- From Nepal: Bhola R. Pradhan, Gajendra M. Shrestha, Madan M. Shrestha, Shree R. Paudel.
- From Nigeria: Samuel A. Adeyemo.
- From Philippines: Jose A. Carreon.
- From Singapore: Yew-Choon Lam and his wife.
- From Tanzania: Francis M. M. Chale, Nicholas R. Swingwa.
- From Thailand: Khong-udine Chanay, Miss Nipaporn Pongairai, Miss Niskorn Boorankitkawe, Mrs. Waijai Plabodwatt, Pornleart Verabalin, Savitra Anantarat, Miss Sirpen Ratanakul.
- From Turkey: Gazi S. Ercel, Ozer Guney.
- From Yemen Arab Republic: Ali Mohammed Abdul-Aziz, Mohammed M. Logman.
- Three students living in Central Florida will accompany the foreign students: Miss Laura Bailey, 19, studying languages in Orlando; Miss Renee Puzio, 21, studying history and Russian in Winter Park; and Miss Wanda Yuchua, 20 studying Spanish in Orlando.

Policy On Milk Bidding Prompts Written Query

The Seminole Legislative delegation has decided to send written inquiries to the Seminole School Board concerning the method of bidding for milk for the school children of the county.

The four-member body, composed of Sen. John Vogt, Sen. Lori Wilson, Rep. Vince Pachel and Rep. Robert Hattaway, also agreed to correspond with Education Commissioner Ralph Turlington, urging the state official to consider pursuing a study on the method of milk bidding in the state for possible discussion by the state school board.

The action was taken after Robert Brunner, who indicated he has a connection with the dairy industry, said current practice of bidding in Seminole County and several other counties in the state causes higher milk prices for students locally.

Brunner, saying the same company has been successful bidder for Seminole's school milk for the past 22 years, pointed to the requirement by the local school system that the bidder furnish refrigerated cabinets as the cause for few bids.

He said the local bid is 12.5 cents per one half pint and since the policy is not to give change in pennies the children locally are charged 13 cents.

He said in other counties, such as Leon, where the school system furnishes the

refrigerated cabinets, the bid price is 9.19 cents per half pint and students are charged 10 cents.

Brunner said if the local school board would furnish the cabinets and continue its current milk charge the cabinets would be paid for in one school year.

Brunner added that if the school board's reasoning for not buying the cabinets in the past has been that it does not want to get involved in maintenance of refrigerated equipment.

Inside Sunday

Prep Basketball
 For a full, comprehensive look at Seminole County high school basketball and what happened Friday night, see Sunday's sports section of The Evening Herald.

Fishing Tournaments
 Two big fishing tournaments will be staged in the Sanford area in the coming months, including the revival of the Shad Derby, which will be sponsored by The Evening Herald and the Greater Sanford Chamber of Commerce, and a \$50,000 bass tournament sponsored by the American Bass Fishermen. Read about these big events in The Sunday Edition of The Evening Herald.

School Benefits Outlined

By JOE ASKREN Herald Staff Writer (Third in a Series)
 Fringe benefits for Seminole County's 2,629 school employees including 1,532 teachers — cost taxpayers about \$3 million during fiscal year 1974-75.

Roger Harris, assistant superintendent for finance, said the largest part of the \$1,967,372.78 total cost (not including vacation pay to taxpayers was \$1,537,978.81 in retirement benefits paid out under the state retirement system. Employees can retire at age 55.

The other fringe benefits included:

- \$982,843.23 in social security payments to match employee contributions.
- \$162,551.72 for health and life insurance coverage costs.
- \$200,000 for substitute teachers, in sick leave payments.
- \$20,000 for uniforms, including \$12,000 for maintenance personnel and \$8,000 for transportation personnel.
- Free use of half a dozen vehicles to and from work for three department heads, chief electrician, chief mechanic and chief plumber, who are on call.
- Paid time for jury duty when the actual jury duty pay is returned to the board.
- Annual physical for all bus drivers.
- Two days paid administrative leave per year allowed for a closing on a house, for example.
- Harris said costs for allowable travel in one figure at 14 cents per mile will be about \$44,000 for the 1975-76 school year, excluding travel expenses at each of the 35 schools.
- He said the total ad-

(Continued on Page 2-A)

NATION IN BRIEF

Federal Mediators Announce United Airlines Strike Over

WASHINGTON (AP) — United Airlines and ground service employees have reached tentative agreement on a new wage contract, ending a two-week old strike, federal mediators announced today.

Agreement was reached after an all-night bargaining session between negotiators for United and the International Machinists Union.

United officials said the airline would resume its flight schedule as soon as possible but no date was set.

The settlement was announced by W.J. Ussery, the government's chief labor negotiator, and officials of United and the union.

Senators Try To End Impasse

WASHINGTON (AP) — A bi-partisan group of senators today launched a last-minute effort to continue tax reductions and end an impasse between Congress and the White House that could cost the average American \$3 to \$4 a week next year.

Key members of the Senate Finance Committee said they hoped both the House and President Ford would accept their plan to couple a tax-cut extension with a non-binding congressional pledge to reduce next year's anticipated federal spending by an amount equal to \$17 billion in tax cuts.

Chairman Russell B. Long, D-La., called the finance panel into session to approve the compromise plan worked out overnight with Sen. William V. Roth Jr., R-Del., and other committee members.

An aide to Roth said there were indications the approach might be acceptable to key House Democrats and the White House.

Governors Capture Headlines

CHARLESTON, W.Va. (AP) — West Virginia's governors have shown a curious knack for getting their names in national headlines in less than favorable fashion.

The indictment Thursday of Gov. Arch A. Moore Jr. on an extortion charge was only the latest chapter in the off-beat history of recent governors and ex-governors of this mountainous state.

During the last two decades, former Gov. W. Barron was convicted of bribing a federal jury foreman in order to gain an acquittal on bribery and conspiracy charges and former Gov. William C. Marland turned up a decade after leaving office as a taxi driver in Chicago, trying to overcome alcoholism.

Car Pools Still Thriving

By THE ASSOCIATED PRESS

Car pools formed during the energy crisis to conserve gasoline are still thriving in many parts of the country, according to officials who say sharing a ride has become a money-saving habit for millions of workers.

The Federal Highway Administration, which uses the slogan "Double Up, America," is encouraging commuters to share vehicles, estimated more than 30 million persons use car pools every day.

Comparisons between car pools now and at the height of the gasoline shortage in early 1974 were difficult because many of the shared-ride programs were started on an informal basis and no statistics were kept.

RFK Assassination Probed

LOS ANGELES (AP) — Criminal experts inspected two dozen jims Thursday night in the hotel pantry where Sen. Robert F. Kennedy was shot and found no evidence of bullet holes, officials said.

Deputy Dist. Atty. Stephen Trotter told reporters gathered outside the pantry at the Ambassador Hotel that although nothing new had been found the investigation would continue until all markings on the walls have been carefully cataloged for future reference.

A jam from a door divider did show a small indentation, said Trotter, but it appears to have been made by somebody trying to put a nail in who missed with the hammer.

Fatted Calf Unprofitable

ANKA, Minn. (AP) — "Big Mouth" walked to his death at a slaughter house and with him went the bond of a city businessman who thought he could make a profit by raising the Holstein calf for a year.

"I had money, there's no doubt of that," said Arnell Beckman.

Beckman, 56, who runs an oil distributorship and gas station, got the bull 10 months ago after he complained about National Farmers Organization demonstrations in southern Minnesota.

Committee Considers Report

WASHINGTON (AP) — The House intelligence committee is considering publication of a report that would outline three secret U.S. operations in foreign countries, including what sources say is a CIA effort to influence national elections in Italy.

The proposal to publish the report was to be put to a committee vote today.

The proposed report, in addition to detailing CIA efforts in Italy, also would outline covert U.S. aid to Angolan forces and the supplying several years ago of weapons to Kurdish rebels in Iraq.

Stevens Appointed To Court

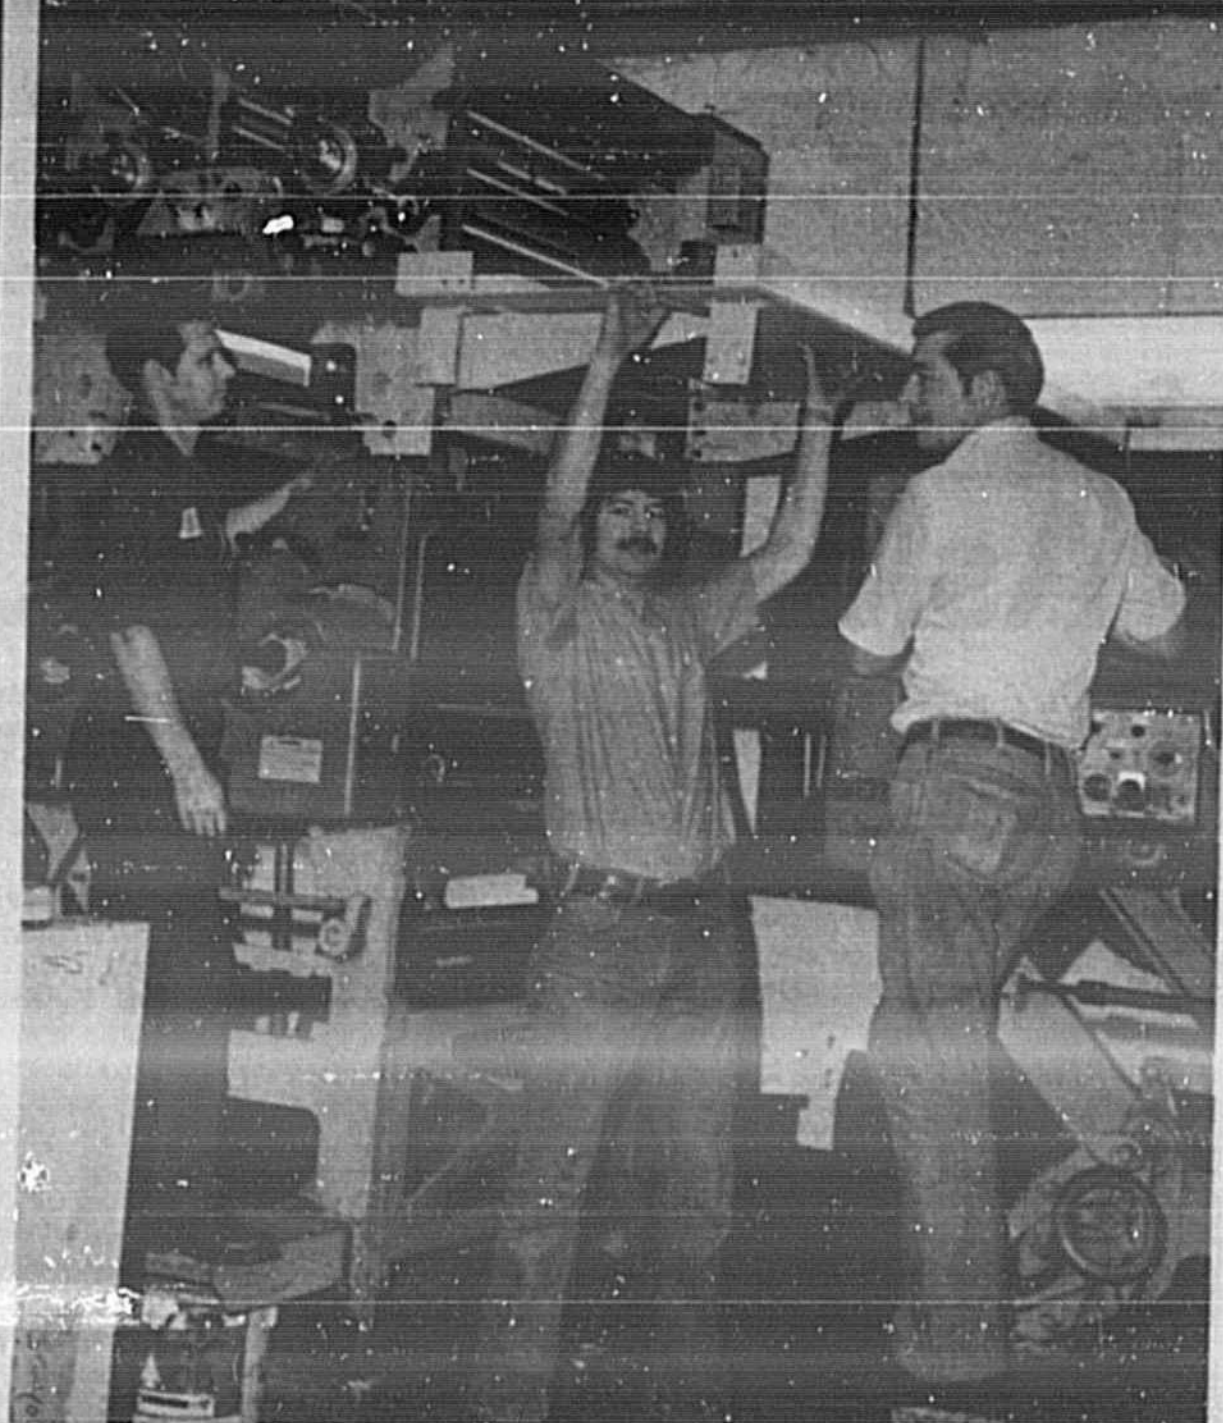

WASHINGTON (AP) — John Paul Stevens, who more than 25 years ago served as a Supreme Court clerk, is returning to the high court as its 10th justice.

Swooning in ceremonies were scheduled in the courtroom today, with President Ford to be among the witnesses. Chief Justice Warren E. Burger was to administer the judicial oath in the courtroom and a constitutional oath at a private ceremony.

Magazines Face Decision

NEW YORK (AP) — To show or not to show: That is the question again confronting the nation's magazines that cater more to sex than to traditional homemaking chores.

At least one of those provocative magazines has decided that pictures of totally nude men strip off 'n turn women on. Starting with its March issue, two-year-old Viva, which pioneered with daring photos of the naked glory of manhood, will no longer use male frontal nudity.

**HERALD GETS
NEW UNIT**
A new color unit is being added to the press at The Evening Herald. The unit, called a Goss Community Stacked Unit, is capable of expanding full color flexibility. From left, Press Foreman Raymond Stevens, Press Erector Gerald Rutledge and Plant Superintendent Raymond C. Hays present the new unit for its first run. (Herald Photo by Bill Vincent Jr.)

To Burglary Of Altamonte Residence

Youth Pleads Guilty In Circuit Court

A 13-year-old Altamonte Springs juvenile indicted for trial as an adult for armed breaking and entering has pleaded guilty to burglary in circuit court.

John Steven Higgins, 13, of 602 Brian Court, Altamonte Springs, was committed to the State Division of Youth Services for an indeterminate term or until age 21 by Circuit Judge J. William Woodson.

Higgins is being held by state authorities at the Sanford Juvenile Detention Center pending transfer to another state facility.

Bacon Declares He Might Quit

By DONNA ESTES
Herald Staff Writer

LAKE MARY — Councilman Martin Bacon Sr., re-elected to city council three weeks ago by a two-to-one margin, threatened to resign his office Thursday night if his colleagues compromise over the issue of a paid full-time fire chief.

"If the majority of Council reverses itself and bows to threats from the fire department, I will tender my resignation," Bacon said, adding his decision is irrevocable.

"The people told us what they want," Bacon said, pointing to his re-election where a major issue was a continual clash with volunteer Fire Chief Charles Smith over city bid policies.

Bacon said certain elements in the fire department are making "asses out of the Council. I promised the people I would vote for a fulltime paid fire chief and I will," he said.

School Employe Benefits Costly

(Continued From Page 1-A)

—\$3,000 for career education services.

—\$3,000 for the instructional administrative staff.

Harris said the school board or taxpayer pays \$15 a month for hospitalization benefits for a 10-month contract employee, for example, who contributes \$7.01 monthly.

There were no paid holidays for employees in the 1974-75 school year, but Harris said 10-month employees through the Seminole Education Association have negotiated for three paid holidays for the current 1975-76 school year.

(Next: Prize benefits enjoyed by postal workers)

School Employe Benefits Costly

—\$4,500 for social and attendance workers.

—\$300 for administrative assistant.

—\$25,000 for inservice teachers.

—\$1,500 for the superintendent and for Harris as finance officer.

—\$1,500 for comprehensive health services.

—\$5,000 for pupil personnel services.

—\$500 for audio-visual services.

—\$3,750 for psychological services.

—\$1,150 for health services.

—\$3,000 for eight school department coordinators.

Bandit 'Demands' Cash Detectives Searching For Food Store Robber

By BOB LLOYD
Herald Staff Writer

Sheriff's detectives today are looking for a man who robbed a south Seminole convenience store Thursday night and escaped with an undisclosed amount of cash.

Deputies said a 21-year-old woman clerk at the L.H. Champ Food Store, Bear Lake Road, reported she was stocking cigarettes underneath a counter when the man entered the store wielding a "long knife" and demanded money.

Deputy Jim Hibbard said the bandit was described as tall and wearing a white mask, white sailor hat, plaid jacket and brown pants.

Deputies said the bandit is believed to have fled the scene in an auto with another man.

'Body' Discovered

Sheriff's deputies arrested a 22-year-old Longwood man on a circuit court warrant charging arson.

Authorities said Charles Edward Jones, 22, was jailed in lieu of \$5,000 bond in connection with a firebombing incident Nov. 10 at the 310 E. Church St. residence of Mrs. Julia King.

Arson Charged Man Jailed

In other arrests, Altamonte Springs police jailed Gary Dean Cooper, 19, of 2637 Grove Drive, Altamonte Springs, in lieu of \$5,000 bond on a burglary charge.

In Altamonte Springs, police arrested Gary Dean Cooper, 19, of 2637 Grove Drive, Altamonte Springs, on a burglary charge. Cooper was jailed Wednesday in lieu of \$5,000 bond.

Burglary Charged Man Jailed

Sanford police arrested Willie A. Williams, 23, of Ocala, at Seventh St. and Orange Ave., burglary of a Geneva residence in which silver flatware was stolen.

Ben Fosley, 27-year-old Sanford resident now serving a federal prison term at Tallahassee, pled guilty to uttering a forgery and was sentenced to five years probation concurrent with the federal sentence.

Arson Charged Man Jailed

The forgery charge was in connection with the passing of a \$38 stolen check to a Sanford bail bondsman.

Authorities said the check had been stolen in a Hedgesville, W. Va., post office burglary.

Sanford Firm Awarded School Board Contracts

A Sanford firm was awarded a total of \$55,294 in bid contracts for three separate school projects Wednesday night by the Seminole County School Board.

The bid of \$33,200 from Dick Joyce Well Drilling Inc., Sanford, for the landfill job at Seminole High School, the second lowest of three bids received, was accepted by the board.

The board also awarded the drainage projects at Croona and Lyman High School to Joyce whose package bid of \$17,134 was the only one received of five bids sent out.

Sanford Firm Awarded School Board Contracts

The board accepted the \$8,219 bid from International Harvester Co., Orlando, the lowest of four bids received, for a dump truck for the maintenance department.

A lone bid of \$5,300 from Hartzell Corp., St. Paul, Minn., received from 13 bids sent out, for a motorcycle dynamometer, a safety testing machine for one of the vocational courses, was also accepted by the board.

Sanford Firm Awarded School Board Contracts

The board okayed a \$2,169 purchase order for the lowest of three bids received by Wayne A. Miller Co., Casselberry, for the job of raising corridor ceilings at Lyman High School.

2544 SO. FRENCH SANFORD PH. 323-9140

FLORIDA IN BRIEF

Thomas O'Malley Indicted, 186-Year Sentence Possible

MIAMI (AP) — Former state Treasurer Thomas O'Malley, who avoided a jail term on state criminal charges, faces a possible 186-year sentence if convicted on all 28 federal charges of extortion, income tax evasion and mail fraud.

O'Malley, described by a defense attorney as in "guarded" condition because of a heart ailment, was not arrested after his indictment Thursday by a federal grand jury. Instead, he will be allowed to surrender to authorities. No deadline was announced for his surrender.

O'Malley, who served 4 1/2 years as treasurer-insurance commissioner before being impeached and forced to resign, was not available for comment.

When asked whether plea bargaining had begun, O'Malley's attorney, Thomas Tew, said "I can't comment on that."

Dynamite Bomb Disarmed

MIAMI (AP) — Police say they disarmed a dynamite bomb just minutes before its timer was set to sink the boat in which a Cuban exile activist made an abortive "test run" to Cuba last weekend.

"It would have been disastrous," police Sgt. George Lucas said Thursday. "There were 10 pounds of dynamite — that would have made a mess."

Lucas said a crewman spotted the dynamite and a timer attached to the hull of Ramon Donestev's boat, the 61-foot "Laciano Nieves," which was docked at a city marina in nearby Key Biscayne. The timer was set for noon, but a police bomb squad beat the clock by about 15 minutes, he said.

Egan To Head Probe

TALLAHASSEE (AP) — Gov. Reubin Askew has assigned State Atty. Robert Egan of Orlando to investigate charges of criminal misconduct by members of the Lee County Sheriff's Department.

Askew assigned Egan Thursday to conduct the investigation in place of State Atty. Joseph D'Alessandro of Fort Myers, who asked to be relieved of the assignment.

D'Alessandro told Askew he had a close relationship with the sheriff's department and wanted to avoid the appearance of impropriety or prejudice.

Askew gave Egan until June 18, 1976 to complete the probe.

Cattle Suit Dismissed

TALLAHASSEE (AP) — A circuit judge has dismissed a suit by four Hillsborough County dairymen who were challenging the constitutionality of a state program to test for the disease brucellosis, a blood disorder that can be spread to people.

The four had claimed that the requirements of the testing program, which includes slaughtering infected cows, deprived the dairymen of property without due process of law.

They also said the test was extraordinarily cruel and painful to cattle.

Regents Cancel Meeting

TALLAHASSEE, Fla. (AP) — The Council of Regents, in an effort to save money, has cancelled its February meeting, a spokesman says.

Regents Secretary Hendrix Chandler said Thursday that the board was combining its Jan. 5 and Feb. 2 board meetings into one meeting to be held Jan. 16 in Tampa.

"Transportation costs alone run between \$2,000 and \$3,000 a meeting and it was felt this money should be saved in light of the latest holdback," Chandler said.

Cattle Starved To Death

MIRAMAR (AP) — Authorities investigating reports of dead cattle floating in canals say they found at least 100 cows starved to death and many others too weak to stand in almost barren pastures.

Police said the herd found Thursday was believed to have numbered about 200 and was crowded on pasture leased by a firm called Southwestern Cattle Corp.

Ranch hand Howard Viram said he has "known for awhile" that cows were dying but couldn't persuade his boss to correct the situation. His boss was identified as Robert Marks of Hollywood, president of the cattle corporation.

Mattresses To Be Replaced

TALLAHASSEE (AP) — Prison and social-services officials say they are replacing or covering with fire-retardant material thousands of flammable mattresses similar to the type that caused 12 deaths in a jail fire.

But the action did not go far enough to suit Andy Hall, director of the Florida Clearinghouse on Criminal Justice. He called Thursday for a committee to investigate safety in all of Florida's institutions.

"Maybe some of these bureaucrats need to have a fire lit under them to see that more of our institutionalized citizens don't die before all the forms get filled out," he said.

Life Sentence Recommended

CLEARWATER (AP) — A circuit court jury has recommended life in prison for Darrell E. Hoy, found guilty of raping a teen-ager and murdering the girl and her boyfriend on an isolated beach.

The nine-woman, three-man jury deliberated 90 minutes Thursday before convicting Hoy, 22, in the shotgun slayings of a 16-year-old girl and David Sawyer, 17, both of Palm Harbor.

Hoy, who was also found guilty of petty larceny, stood quietly when the jury returned less than an hour later and recommended life in prison.

Strikers To Vote Again

MIAMI (AP) — Under court order, National Airlines' striking flight attendants will vote a second time on a proposed pact to end the 11-day strike.

The vote was ordered late Thursday by U.S. District Judge C. Clyde Atkins in response to a suit by National against local negotiators of the Association of Flight Attendants.

The confident carrier is already gearing up to resume service.

The Christmas Spirit of '75

In city squares and parks and shopping centers throughout the U.S.A. decorated community trees glow with the Christmas spirit.

The 1975 Christmas Pageant of Peace program at the Ellipse had a Bicentennial theme with music and pageantry depicting some of the activities of the colonies during the Revolutionary period.

Our troubled world is in dire need of more men and women of goodwill. As night follows day, there will be an outpouring of sentiment and concern for the needy, the lonely, the sick and dependent.

Criminal Law Reform

Senate Bill 1, perhaps the most massive bill ever introduced in the U.S. Senate, has cleared its first legislative hurdle. It has been approved by the Senate subcommittee on criminal laws and procedures and has been sent to the full Senate Judiciary Committee.

The 75-page measure has stirred great controversy. But the purpose of the bill is worthwhile. It is to codify and reform federal criminal law. Nearly 10 years of effort have gone into the project.

The United States has never had a codified federal criminal law. Federal criminal laws can be found in almost all of the 50 titles of the U.S. Code.

Former California Gov. Edmund G. "Pat" Brown was chairman of the 12-member committee created by Congress in 1964 to draft the criminal code, a job completed in 1971.

President Nixon established a special criminal code revision unit within the Justice Department to study the Brown report and recommend changes.

These were considered by the criminal laws subcommittee. The current version of SBI is the result.

Another section constitutes an American "official secrets act," which could keep the voters from learning information needed for effective self-government.

Yet another section restricts the insanity defense in federal court. It should be rewritten.

"The berries should be removed from the mistletoe, especially if there are children in the house," Dr. Perez said.

"If the berries are not removed from the mistletoe, especially if there are children in the house," Dr. Perez said.

Nearly everyone hangs mistletoe near or on the Christmas tree at this time of year and almost everyone hangs it up in an appropriate spot, somewhere high in a room or over a doorway, knowing that the person who stands under same is bound to be kissed.

Well, friend, let it be known here and now that mistletoe can be fatal—and we aren't talking about the effects of that Christmas kiss, either.

According to very reliable sources, including a prominent area physician and a horticultural aide at the agricultural center in Sanford, that mistletoe may spell danger in more ways than one.

Dr. Luis Perez, contacted at his office in DeBary, said the berries of mistletoe, if consumed, can produce extreme nausea.

"The berries should be removed from the mistletoe, especially if there are children in the house," Dr. Perez said.

"If the berries are not removed from the mistletoe, especially if there are children in the house," Dr. Perez said.

"If the berries are not removed from the mistletoe, especially if there are children in the house," Dr. Perez said.

Cooperative Extension Service in Sanford, said common mistletoe or Phoradendron (flavescens) grows wild throughout many southern states, including Florida.

The plant is a parasite and can be frequently found growing on oak trees.

What prompted The Evening Herald to look into the effects of mistletoe was a telephone call the other day from a woman who told us how her little baby nearly died after eating some of the common Christmas adornment.

She said her husband, who had picked the wild mistletoe, also became violently ill after eating some foodstuffs without washing his hands after picking the parasitic plant.

With this in mind, and not knowing, we sought some expert advice, really wondering if someone was pulling our leg or if this was straight information.

Sure enough: It was straight—and true.

Granted, mistletoe has its good points, such as leading to a little Christmas kiss or maybe an even more serious romantic encounter, but remember, be careful with the stuff, especially if little ones could come in contact with it.

It could be lethal—with or without a kiss.

Many foreign students and teachers will be in the area this weekend and they'll be entertained at both the Central Florida Zoo and at the Civic Center on Sunday.

After a 2:30 p.m. tour of the zoo, the students and teachers will converge on the civic center from 4:30-9 p.m. for a dinner and entertainment.

They'll be served dinner by the Tri-County Road Runners and the meal will consist of fried fresh snail, hush puppies, baked beans and navel oranges.

Donations are still needed to help pay for the food and anyone wishing to contribute can contact Jack Horner, executive manager of the Greater Sanford Chamber of Commerce.

The 4:30 p.m. concert will be free to the public, but there will be a \$1 admission charge for the dinner, which is open to the public.

Persons wishing to join the students for the meal must make reservations early by calling Horner at the Chamber offices.

—Bill Currie

OHIO salvage operator John Coyne is no stranger to civil protest. As a teenager he served 30 days in jail on a contempt of court charge resulting from his refusal to be an unjust ruling in a dissolution of partnership case.

"Over the last 50 years they had only had experiences with Europeans, you know," said Elmer Berthelsen, the 33-year-old tour guide for the Scandinavian group.

"Besides, the Vietnamese do not want to attract the usual crowd that flocks to Spain's Costa del Sol or other such places."

Now 32, Coyne may be staging his ultimate complaint against the powers that be. He is nearly three months into an indefinite prison term for the crime of keeping a Sherman tank on his land.

The current situation, which would almost be jolly were it not for the implications, is rooted in the historic base of American jurisprudence—inflexibility. Coyne is an aggressive, unorthodox man who has raised an issue with which, it seems, it is beyond the law's ability to cope.

The background of the matter, actually, is simple enough. Coyne is the proprietor of several dozen acres of land on the edge of the small Ohio farming community of New Hickman. The bulk of the land is legally given over to what Coyne calls the "Boot Hill Junk Yard," and is therefore strewn with the ugliness endemic to that industry.

A small piece of the property, however, was in recent years rezoned, possibly to provide the spread of Coyne's business. It is on this piece that the Sherman tank in question sits—a tank the community fathers call "junk."

A local judge has agreed, sentencing owner Coyne to jail until such time as the zoning violation is removed.

The 'best' Coyne says the tank is not junk, that it is a quite valuable and poignant creation of American history. He says rezoning it as mere scrap would demean not only its symbolic significance, but also the army of patriots who rode such vehicles to the victory over Nazi encroachment. Thus inside the Clermont County jail, Coyne says he will "rot" behind bars rather than suffer indignity.

Coyne apparently does not have much popular support for his position. Nobody lives a junkman, particularly one who litters the hillsides on a main route into town. Recycling has become a main theme in New Richmond, including many in New Richmond, including many who make and often use the law, would prefer to be without both Coyne's trash and Coyne's obstinacy. Says his friend and associate Art Meredith: "No doubt about it, a lot of folks got it in for John."

TAKE A FLORIDA ORANGE JUICE BREAK

WORLD IN BRIEF

Moluccan Gunmen Surrender, 25 Released From Consulate
AMSTERDAM, The Netherlands (AP)—Seven South Moluccan gunmen seeking an independent Asian homeland released 25 hostages unharmed from the Indonesian consulate today, peacefully ending a 14-day siege that began in a blaze of gunfire and apparently getting nothing in return.

The freed hostages—including 10 women—smiled and waved and joyful returns danced in the streets under fluttering Dutch flags.

The surrender came hours after the gunmen threw a birthday party for one of their hostages, and five days after six other South Moluccans freed 23 hostages from a hijacked train 90 miles away, ending a 13-day ordeal in which three persons were killed. Those gunmen too got no concessions.

One person, an Indonesian official, died in the consulate siege from injuries sustained jumping from a window trying to escape.

Tourists To Visit Vietnam
COPENHAGEN, Denmark (AP)—Thirty Swedes and Danes leave Sunday on a pioneering, 17-day tourist trip to North Vietnam for holiday visits to places the U.S. Air Force bombed in the Vietnam war.

The tourists have been told that their behavior during their visits to Hanoi, Haiphong, the resort of Don Son, Gulf of Tonkin beaches and "some battlefields" will determine whether other tourists will be allowed to follow. A travel brochure is being distributed in Switzerland offering Vietnam tours in 1976.

"Over the last 50 years they had only had experiences with Europeans, you know," said Elmer Berthelsen, the 33-year-old tour guide for the Scandinavian group.

"Besides, the Vietnamese do not want to attract the usual crowd that flocks to Spain's Costa del Sol or other such places."

Promises To Define Safety Hazards School Board Studies Courtesy Busing

By JOE ASKREN
HERALD STAFF WRITER
Hearing parents and school officials wary of the effects of "growing" socialism and "welfareism," the Seminole County School Board Thursday promised to define by Jan. 7 what is meant by "safety hazards" which necessitate courtesy busing which costs local taxpayers \$68,000 a year.

Meeting in a special session, Board Chairman Robert Feather proposed the busing for a meeting with all governmental and law enforcement agencies in the county to help conduct a survey of areas to identify safety hazards and to review hazardous criteria and review courtesy or convenience busing now provided. Feather said a similar study and plan was developed in Hillsborough County.

Courtesy busing is the transporting of pupils who live less than two miles from their respective schools, for which no state funds are provided. About 2,400 pupils in the county now receive this service, according to Fred Taylor, school transportation director.

Superintendent William P. Laver said the criteria of safety hazards to walking pupils should be available by the Jan. 7 board meeting.

Paul Manfre, principal of Milwee Middle School, and a member of the countywide advisory committee on busing, said it is the responsibility of the community government to provide safe access such as sidewalks and overpasses over busy highways for children busing to school.

Manfre said "pressure" is needed on the county and city governments to provide safe access, because the schools have been required to provide everything from free lunches to health care.

"It's getting to be an extension of social welfare," Manfre said, referring to the increased burden placed on school systems.

Mrs. Kathryn Hix, a parent from Trailwood Estates, who said her child attended Spring Lake Elementary, said courtesy busing is increasing due to what she termed "poor planning" of the location of schools and establishment of school districts.

Laver responded by saying the county government is told years in advance of new school construction and required access needs, but they are not always provided.

Dr. Stewart Abel, a committee member, likened the increasing courtesy and convenience busing demands and costs to a "growing monster," and to the creeping trend toward a total welfare state.

"The parents should assume the responsibility to get their kids to school. The board's prime responsibility is to educate them, not bust them... If we have to let the state decide what a parent's job is," Abel said.

Dr. Abel said courtesy busing is a "frivolity."

Laver recommended the board determine once and for all whether it is "legally responsible" to get pupils to school who live less than two miles away.

Laver said he prefers courtesy busing where "hazardous conditions exist" to prevent liability burdens on the school board.

The board approved preliminary plans for library additions to Lake Mary and Casselberry Elementary Schools, totaling \$27,277, as presented by Eoghan Kelley, Sanford architect.

The board also called for bids for the laying of 50,000 square feet of sod at Lyman High School, estimated at more than \$3,000. The next regular board meeting is 7:30 Jan. 7.

EXTENDED FORECAST
Fair weather through the period with a gradual warming trend. Low temperatures in the upper 30s to mid 40s north, low 40s to near 60 central and mid 40s to low 60s south portion Saturday in the 40s. Highs Saturday in the mid 60s. Northerly winds 15 to 25 mph, decreasing at night.

Daytona Beach tides: high 8:51 a.m. and 9:10 p.m.; low 2:15 a.m. and 2:54 p.m. Port Canaveral: high 8:29 a.m. and 8:38 p.m.; low 2:46 a.m. and 2:58 p.m.

FISHING WEATHER
The weatherman says there's little chance of rain for the weekend boaters and fishermen with a possibility of the high wind decreasing somewhat by Friday night.

The seas have been too rough to get outside the past two days with 15 to 20 knot winds and seas four to six feet.

Best bet for weekend anglers is a quiet bend in the wogkiver, out of the wind and in the sun, a cane pole, live minnow and plenty to eat and drink. Spiced perch are biting in the deep holes and in the bonnet beds. Bass are slow, so relax and enjoy the sunshine.

Outdoor Nature Center Planning Session Set

A joint meeting has been set with the Seminole County Commission and school board for 11 a.m. Jan. 12 in the County Courthouse to discuss plans and funding for developing the 216-acre Big Tree East Park near Lake Jessup into an educational outdoor nature center.

Mrs. Bette Palmer, coordinator of science and environmental education, told board members Wednesday she hopes the Natural Science Youth Foundation, Atlanta, will help fund the project.

In a related matter, the school board Wednesday approved an application for a \$250,000 federal grant for a work study program as part of a Youth Conservation Corps (YCC) program would involve about 20 students, ages 13 to 18, according to Superintendent William Laver.

The board approved preliminary plans for library additions to Lake Mary and Casselberry Elementary Schools, totaling \$27,277, as presented by Eoghan Kelley, Sanford architect.

The board also called for bids for the laying of 50,000 square feet of sod at Lyman High School, estimated at more than \$3,000. The next regular board meeting is 7:30 Jan. 7.

DON OAKLEY

Maybe U.S. Should Play Hard-To-Get

Now that Gerald Ford has made the pilgrimages to Peking and been received by the living fossil of the Chinese Communist faith, Mao Tse-tung there should be no doubt in the minds of Americans that their President is a very important man.

But neither should there be any doubt about something else. And that is that presidential visits, like the historic "trotting" of China by Richard Nixon and Henry Kissinger three years ago, came about because, and only because, it serves the interests of the rulers of China.

It was in the days of Marco Polo, and the Chinese would be no more concerned about the distant world than their ancient emperors cared

Training Schools To Be Established

New 1976 Federal Requirements For Pesticide Users

Farmers and growers of citrus, produce, and nurserymen who use "restricted pesticides" will face new federal requirements next year, according to Reginaid Brown, Seminole County agriculture agent.

juice has ended with consumer purchases of an estimated 137.5 million gallons, a 9 per cent increase over the previous season's record performance.

in Downtown Sanford. The unit consisted of the chapter banner, the chapter sweetheart Cindy Burdette, followed by the float which depicted a Colonial Christmas.

Animals may be responsible for around 10 per cent of farm injuries. But care and kindness could prevent most such mishaps. Here are a few tips on safety with animals:

Brown is attending an agents' training program this week in Gainesville to shell himself as a "pesticide trainer."

Market Research Corporation of America data for the final week, that ending November 23, show consumer buying down by 5 per cent from a corresponding week last year, not enough loss to change the season total, according to the Florida Department of Citrus.

Carrying the banner were Bob Harley and Tom Chelote. Behind the banner was the very lovely chapter Sweetheart and her escort Charles Cowan. Kyle Bauer drove the car which was furnished by Bob Duce Dodge in Sanford. The float was pulled by the tractor which was driven by president, Paul Eldridge. Also on the float were Frances Lommerse, Pepper Yost, David Jones, Marie Selbee, Carol Cowan and John Lommerse.

— Don't permit anyone to tease, abuse or mistreat animals. — Teach children to treat farm animals and pets kindly and with respect. — Let animals know you are around — don't startle them. — Keep small children away from animal quarters, lots and pastures unless closely supervised.

Seminole County homeowners and residents interested in Spring gardening tips have a free New Year's treat waiting for them. A "Home Vegetable Gardening Seminar" is being set up at 7:30 p.m. on each of the two Tuesdays in January at the Altamonte Civic Center.

Tucker and the other Purina dealers participated in sessions centered around better methods of serving their customers who feed livestock and poultry.

The Seminole High Chapter of the Future Farmers of America wish everyone a very merry Christmas.

Production of red meats was down in 1975, despite record supplies of beef, according to David H. Stroud, President of the National Live Stock and Meat Board. He said the decline from 1974 is due to a 17 per cent drop in pork production.

Florida's vintage grapefruit crop with its nutritional and flagging values is selling at a record price in both fresh and canned and reconstituted single strength juice markets, United Growers said.

Tucker handles the Purina line of livestock and related animal products and has been on the famous "Checkerboard team since 1972.

Stroud said total red meat production of 36.4 billion pounds (carcass weight) amounted to 180.3 pounds per capita, down from last year's 187.5 pounds. That breaks down into an average (on a carcass weight basis) of 119.6 pounds of beef, 4.1 pounds of veal, 54.8 pounds of pork and 2.0 pounds of lamb available per person in the U.S.

Charlotte McQuillian, Longwood, has lived in this city for 66 years, and is about to celebrate her 96th birthday. Charlotte and her late husband, Charles, a mechanical engineer, came to Florida from Brooklyn, N.Y. Many Christmasmas have passed since Charlotte was a youngster in Brooklyn, but she remembers her very first Christmas tree very well.

Gen. Mgr. Wilson McGee of the Orlando-based grocer organization said consumers of fresh and processed products were apparently in agreement with industry leaders that the quality of this year's grapefruit crop is unsurpassed.

WOMEN

Holidays Are Busy For Gamma Lambda

Gamma Lambda Chapter, Beta Sigma Phi, met at the Palm Drive home of Carol Ann Smith on Nov. 11. Plans were discussed for the Thanksgiving progressive dinner to be held Nov. 22 and Helen Dow gave her program on "Of House and Home."

Community Cannery Cuts Costs

The high cost of food and the threat of shortages is reviving the old custom of home canning. But unfortunately, many people have discovered that it is a costly operation to purchase all the supplies needed to put up their own vegetables, fruits and meats, particularly when dealing with a large volume of produce.

Mall Presents Pottery Exhibit

Char Vogel, well known for her unusual clay pottery, will be at the Winter Park Mall Monday through Christmas Eve.

Bake Marvelously Moist Carrot Cake

Carrot cakes are being discovered by a new generation of bakers and their families who enjoy such treats. The raw carrot used contributes a good sweetness and a pebbly texture.

Charlotte McQuillian Remembers Christmas Different Years Ago

By ELDA NICHOLS Herald Correspondent

Charlotte McQuillian, Longwood, has lived in this city for 66 years, and is about to celebrate her 96th birthday. Charlotte and her late husband, Charles, a mechanical engineer, came to Florida from Brooklyn, N.Y. Many Christmasmas have passed since Charlotte was a youngster in Brooklyn, but she remembers her very first Christmas tree very well.

Fiancee Is Advised: Don't Pry Into Past

DEAR ABBY: I'm getting married soon, and my fiancé and I discussed our past thoroughly. I asked him if he had any kids anywhere, and he said he didn't think so. He admitted that he did go to bed with one girl before he met me.

Time For Joy And Giving

"For God so loved the world, that he gave..." John 3:16. Christmas brings us to the crossroad of life, where we must make a choice of which way we will go.

Christmas Tableau

A traditional Moravian Lovefeast and living tableau will highlight the Christmas season at the Rolling Hills Moravian Church on SR 434.

Churches Schedule Christmas Services

Christmas Holy Communion will be celebrated at Messiah Lutheran Church, 519 N. Hwy 17-92, Casselberry, on Sunday, at 11 a.m. worship service.

Good Shepherd

Good Shepherd Lutheran Church, 2000-A Orlando Drive, will hold a Christmas Eve Candlelight service at 11 p.m. Wednesday.

Oviedo Baptist

The children of First Baptist Church of Oviedo will present a Christmas drama entitled "Tell Me the Story of Jesus" at the evening worship service Sunday at 7:30 p.m. at 419 Park Ave., in the sanctuary.

Free Methodist

The annual Sunday School Christmas program of the Sanford-Eustis Free Methodist Church, 4th and Laurel in Sanford, will be presented for the parents and friends of the children on Sunday, at 9:45 a.m.

First Baptist

The Church Choir of First Baptist Church will present a program of music "Celebrating the Birth of Our Saviour" Sunday at 7:30 p.m. in the church sanctuary, 519 Park Ave.

Christmas Tableau

Large figures in manger scene are displayed in front of the Sanford City Hall on Park Avenue during the Christmas season each year.

Moravian Love Feast Is A Tradition

A traditional Moravian Lovefeast and living tableau will highlight the Christmas season at the Rolling Hills Moravian Church on SR 434, one-half mile east of I-4.

Churches Schedule Christmas Services

Christmas Holy Communion will be celebrated at Messiah Lutheran Church, 519 N. Hwy 17-92, Casselberry, on Sunday, at 11 a.m. worship service.

Good Shepherd

Good Shepherd Lutheran Church, 2000-A Orlando Drive, will hold a Christmas Eve Candlelight service at 11 p.m. Wednesday.

Oviedo Baptist

The children of First Baptist Church of Oviedo will present a Christmas drama entitled "Tell Me the Story of Jesus" at the evening worship service Sunday at 7:30 p.m. at 419 Park Ave., in the sanctuary.

Free Methodist

First Baptist

The Church Choir of First Baptist Church will present a program of music "Celebrating the Birth of Our Saviour" Sunday at 7:30 p.m. in the church sanctuary, 519 Park Ave.

Oral Roberts

Words Changed Life

Q. I have a terrible inferiority complex. What can I do about it? A. You can't do anything about it! How do I know? I was right there where you are once. I tried, oh how I tried, to overcome the problem. I had dreams of becoming governor of my state — high ambitions to be a leader, but I couldn't break out of the prison of my circumstances. I couldn't get out of my frailness of body and away from a stammering tongue. I was so desperate to escape from all this I ran away from home at 15. I finally was carried back home at 17, dying of tuberculosis. I'd gone the last mile of the way — and said so to my father.

Christmas Special Has Theme Of Love

Christmas is love. That's the point we keep forgetting amid the hurry-scurry of the season, and that's the point Oral Roberts brings home so beautifully in his latest one-hour special of the same title, "Christmas is Love." Christmas means that God chose to actually become one of us. It was so we could understand what he had been saying all along, "I really love you," Roberts says. With these words he probes the real spirit of Christmas and examines what has happened to it in the frantic pace of today's society. The show will air on WFTV, Ch. 9, Tuesday 9 p.m.

St. John The Baptist

A Christmas Typica service will be conducted at 1 p.m., Christmas Day by Subdeacon Peter Kirkland of St. John the Baptist Orthodox Church, which meets at First United Methodist Church of Sanford, 461 Park Ave. The service is open to the public as well as members and friends of the church.

Holy Cross

Holy Cross Episcopal Church of Sanford will hold a Christmas Eve service beginning at 11 p.m. with a concert of carols by the choir and concluding with a Choral Eucharist to begin at 11:30. There will be a Christmas Day service at 11 a.m. with a baby-sitter available in the parish house.

Springfield

Springfield Missionary Baptist Church Youth Choir is singing carols at the local nursing homes. Monday evening 6-8 p.m. Faye Williams is the director and Rev. E. Rivers, Pastor.

DeBarry Assembly

On Sunday, DeBarry First Assembly of God will present a cantata, "Born a King," under the musical direction of Mrs. Robin Hodges.

Ecology Projects Mark Observance

The first project will be an effort to plant a Temple Israel — Orlando Bicentennial Grove of 1,000 trees in the Holy Land. Trees may be purchased in memory or in honor of an individual or event. The recipient of the tree will receive a beautifully illuminated certificate indicating the occasion and the donor. Trees may be purchased at a cost of \$3 each by phone call or at Temple Israel office, 4917 E. Hill Street.

HOROSCOPE

By BERNICE BEDE OSOL
For Saturday, December 20, 1975

ARIES (March 21-April 19) Be tenacious and you'll succeed. Don't attempt to burn the candle at both ends today. Your luck, energy and drive have very definite limitations.

TAURUS (April 20-May 20) Late in the day is not the time to try to resolve serious family problems. Wait till everyone has a chance to sleep on the issues.

GEMINI (May 21-June 20) Be careful today that your remarks aren't too caustic or biting. Someone you'll put down will not forgive readily.

CANCER (June 21-July 22) You tend to be a shade selfish today where your self-interests and resources are concerned. You must give a little in order to get.

LEO (July 23-Aug. 22) Your resolve grows as the day lengthens. Don't give up on something important just because it doesn't come off on the first try.

VIRGO (Aug. 23-Sept. 22) This is likely to be a rather busy day for you. You're apt to run out of steam rather early in the evening. Don't make it a late night.

LIBRA (Sept. 23-Oct. 22) Goals that eluded you yesterday are achievable today if you're willing to exert yourself.

SCORPIO (Oct. 23-Nov. 22) The general drift of today's events will at first appear to be working against you. Conditions will later alter to your satisfaction.

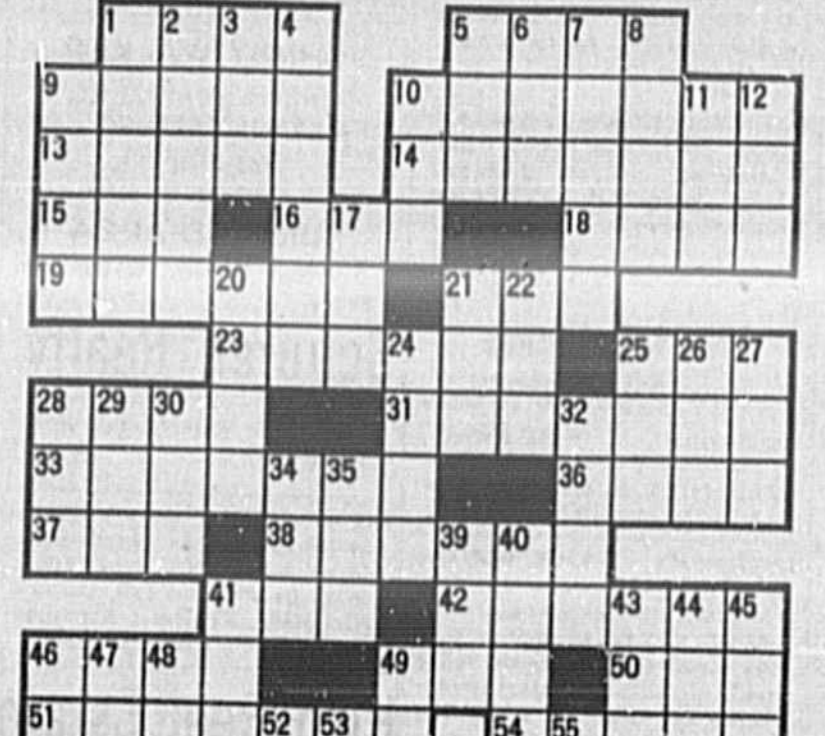

SAGITTARIUS (Nov. 23-Dec. 21) Have faith in yourself and your ideas today. There is a solution for each problem if you take time to think it out.

CAPRICORN (Dec. 22-Jan. 19) Don't be afraid to bargain a bit today. If you take a firm position, the other fellow will eventually come around to your terms.

AQUARIUS (Jan. 20-Feb. 19) You'll have the opportunity today to let a friend who has been loyal to you know that you're also an ally who can be relied upon.

PISCES (Feb. 20-March 20) You may be a bit of a slacker today. But, once you set your mind to a task, you're capable of gaining desirable results regardless of obstacles.

YOUR BIRTHDAY
Dec. 20, 1975
This coming year can be a very rewarding and profitable one for you if you seek out the market that has a need for your special skills and knowledge.

WIN AT BRIDGE

By OSWALD AND JAMES JACOBY

trump loser; perhaps he could take care of the diamonds. He hummed. "With a little bit of luck" and proceeded to make the contract.

He started by playing the ace of hearts. Both opponents followed and there was only one heart loser. Then he cashed the second high spade; played king of clubs; ace of clubs; small club to be ruffed. Next came the ace and king of diamonds followed by a small trump.

West won and had to lead a black card. South promptly discarded dummy's losing diamond, ruffed in his own hand and claimed the slam.

Just What Is Hiatal Hernia?

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I have a hiatal hernia. I've had it now for about four years. Every year I go for an X ray of my stomach, and this time the doctor told me that this hernia went up into my chest. He never told me that before. All he had said before was that I had the hernia in my stomach.

Dr. Lamb, is that so? How could it go up into my chest? Since I am 45 years old he told me that there is nothing he can do for me. It hurts and is very uncomfortable. He gave me some Donnatal pills to take three times a day before meals. When I run out of pills I must go back to him.

Now, if he can't do anything for me why go back? He didn't even tell me what to do for myself, what kind of food to eat or what to drink.

I don't smoke or drink alcohol. Would you please tell me what I can do for my hiatal hernia? I'm a nervous wreck over it.

DEAR READER—Perhaps I can help. You have not understood your doctor completely. Let's start at the beginning.

We all have a hole in the diaphragm that separates the chest cavity from the abdomen. This hole is where the esophagus (food tube) passes through the diaphragm to join the stomach. The stomach is just under the diaphragm, literally lying just under the rib cage.

That hole enlarges in many ways. If it is big enough, part of the stomach or the area of the stomach where it joins the esophagus slides through the hole into the chest cavity. That is what a hiatal hernia is, a protrusion or hernia of part of the stomach through the diaphragm into the chest cavity. So, you have had that as long as you have had a hiatal hernia. It is nothing new.

A very high percentage of people over 40 have them. Women develop them during pregnancy because of the

Herring Challenges Committee Request For Special Prober

By BOB LLOYD
Herald Staff Writer

Seminole-Brevard State Attorney Abbott Herring has challenged a Seminole Democratic investigating committee to give Gov. Roubin Askew a basis for its request that Herring be immediately suspended and his office investigated.

Tom Pratt, chairman of a five-member panel of the Seminole County Democratic Executive Committee, said he wants "an unbiased probe of Herring's office in their misuse of grand juries to politically damage public officials."

Gov. Askew is expected to receive Pratt's request on Monday, along with a request from Herring for an investigation of a conflict in testimony and an affidavit given by a grand jury witness.

The Seminole County Grand Jury last week indicted two county commissioners, the county attorney and the chairman of the county port authority.

Indicted on misdemeanor conspiracy and Government in the Sunshine law violation charges were County Commissioners Harry Kwiatkowski and Mike Hattaway and County Attorney Thomas G. Freeman.

Freeman was also indicted on a felony charge of soliciting unlawful compensation.

Port Authority chairman Tom A. Binford was indicted on charges of false swearing and perjury, a felony in connection with an unsuccessful 1974 bid for a county commission seat.

Kwiatkowski, Hattaway and Freeman are scheduled to appear in County Court on Jan. 2 for arraignment on the misdemeanor indictments.

Freeman and Binford have entered written pleas of innocent and have waived appearance in Circuit Court on Monday when trial dates will be set on the felony charges.

The grand jury spent four weeks probing a proposed county purchase of a 103-acre tract for \$517,000 for use of a clay pit. County commissioners abruptly aborted the purchase Oct. 14.

The felony indictment accuses Freeman of soliciting a \$12,400 kickback from Sanford utility company executive John Morris in connection with a proposed tile insurance policy on the land.

Binford, the real estate salesman handling the aborted clay pit deal, was a witness before the grand jury along with Morris and 20 other persons.

After Freeman was indicted Morris swore in an affidavit taken by Freeman and defense attorney J. Cheney Mason that the kickback allegations against Freeman are "totally false."

Herring says he's written a report to Gov. Askew "that I feel is a pretty concise statement as to what's going on around here and now I think Pratt should write the governor a concise statement on what he knows is going on and not what he thinks is going on."

Herring says he has a tape of Freeman's statements.

Freeman is expected to receive Pratt's request on Monday, along with a request from Herring for an investigation of a conflict in testimony and an affidavit given by a grand jury witness.

ABBOTT HERRING

THEY FOUND RUDOLPH'S NOSE
Rudolph The Red-Nosed Reindeer reportedly lost his famed beacon that leads Santa's sleigh, but first graders at Loydville Elementary School set out to find it and, sure enough, they did. The youngsters staged a play for their parents and fellow students entitled "Rudolph's Missing Nose." Would you believe they found the nose, brightly shining atop the Christmas tree. Featured in the production were "Sawman" Cliff Chorpengal, "Christmas Package" Karen Blythe, "Rudolph" Keith Shields, "Christmas Tree" Lee Newell and "Santa" Joey Corsi. (Herald Photo by Bill Vincent Jr.)

Student's Mother Asks \$375,000 Damages Physician, School Board Sued In Death Of Boy

A Sanford woman has filed lawsuits in circuit court seeking \$375,000 in damages from a Sanford doctor and the Seminole County School Board in the Oct. 29 death of her son, a Seminole High School senior.

Two civil suits filed by Mrs. Eva Jackson allege that negligence by Dr. Jorge Gomez and school board employees resulted in the death of 18-year-old Harry Corbett, of 161 Bethune Circle.

Police reported the youth was found lying on a bench at the high school auditorium and that he was pronounced dead on arrival at Seminole Memorial Hospital a short time later.

The lawsuits allege that Corbett visited Dr. Gomez in April complaining of chest pains, pain in his left arm, dizziness and blackouts.

Corbett returned to the doctor several days later complaining of "aggravation of pains upon playing football and exertion," according to the suits.

The civil actions allege that Gomez didn't seek out the source of Corbett's complaints but "only arranged a remote appointment" at a Gainesville hospital "for the first of November."

The suits allege that the doctor sent school officials a letter "reversing prior permission to engage in physical education" and didn't schedule any interim treatment, surgical or otherwise, for Corbett.

The lawsuits charge that Gomez failed "to employ his expertise in cardiology" and that this resulted in Corbett's death. The civil actions also allege that the doctor "failed to properly diagnose, discover and treat the presence of the obstructing cause of Corbett's heart problem."

Prize List Continues To Grow Shad Derby Plans Shaping Up

By BOB ORRELL
Herald Staff Writer

Plans for the First Annual Shad Derby are beginning to take shape and the steering committee of the event is moving full steam ahead to make it one of the biggest and best tournaments ever held in the Sanford area.

A six horsepower Johnson outboard motor was pledged by Monroe Harbour Marina to be added to the ever-growing lists of prizes. Immediately, the contest jumped several hundred more dollars as Gene Meadors, Mercury outboard dealer for the area, offered a seven-and-a-half horsepower Mercury motor for one of the lucky Derby entrants.

Dick Dove, chairman of the committee, stressed that with the cooperation of every businessman and resident of the Central Florida area, this fishing contest could become one of the biggest events ever held in Sanford.

Under the sponsorship of The Evening Herald and backed by the Greater Sanford Chamber of Commerce, the Shad Derby is expected to draw visitors and contestants from all over the world. A motion was made to award a certificate to the entrant traveling the greatest distance to compete.

Dove stated that he had guided fishermen from as far away as Spain and Japan in years past.

Shad fishing is one of the few types of fishing which can be enjoyed by every member of

BEST DRESSED DOLLS CHOSEN
John David Snelson, 22-months-old son of Capt. and Mrs. James Snelson of the Salvation Army, admires the winning dolls chosen by the judge, Mrs. Sheila Roberts, past chairman of the Salvation Army Advisory Board. Chosen from the dolls, dressed by local women for distribution to little girls from needy families, winners were (from left) first place, Southern Bell Operators; second, First Baptist Church and third, Emma Jean Nee.

All three camps will be official weigh stations for the Derby and two more camps close to Lake Harney will also be asked to participate.

The next committee meeting is scheduled for January 13, 76, time and place will be announced later.

All fishing guides in the area are requested to contact Bob Orrell, phone 322-9151 or Jack Rathwell at Monroe Harbour Marina as the Chamber of Commerce needs a complete list of guides available for the Derby and other types of fishing.

Following is a complete list of rules agreed on by the Derby committee:

—Entry open to public. No entry fee or pre-registration required.

—All boats must be Coast Guard safety equipped and use common sense and courtesy when on water.

—All shad entered in the contest must be weighed and registered on day caught at one of the official weigh-in stations.

Jan. 29 Bass Tourney Attracts 200 Entries

Dave Comes, a representative of the American Bass Fishermen, attended a meeting of the Sanford Shad Derby Committee to further publicize the \$50,000 Florida Spring Open Bass Tournament.

The tournament, sponsored by Monroe Harbour Marina and the American Bass Fishermen, is expected to draw more than 200 entries who will be competing for first prize of \$5,000, plus a boat and trophy.

Second prize winner will receive \$1,000 plus trophy and third spot will be worth \$3,000 and a trophy.

Monroe Harbour, on Downtown Sanford's waterfront, was selected for the kickoff in the American Bass

elimination from the contest.

In addition, Seminole County Sheriff John Polk has promised that patrol boats will be on duty, along with Florida Marine Patrol.

Committee members will eliminate from the contest.

Weekly prizes and grand prizes will be given in only two categories, age 15-and-under, and age 16-and-over.

The grand prize is just as easily won by a youngster as an experienced fisherman as a rule.

All three camps will be official weigh stations for the Derby and two more camps close to Lake Harney will also be asked to participate.

The next committee meeting is scheduled for January 13, 76, time and place will be announced later.

All fishing guides in the area are requested to contact Bob Orrell, phone 322-9151 or Jack Rathwell at Monroe Harbour Marina as the Chamber of Commerce needs a complete list of guides available for the Derby and other types of fishing.

Following is a complete list of rules agreed on by the Derby committee:

—Entry open to public. No entry fee or pre-registration required.

—All boats must be Coast Guard safety equipped and use common sense and courtesy when on water.

—All shad entered in the contest must be weighed and registered on day caught at one of the official weigh-in stations.
