

City Garbage Now Is Going Underground

CHICAGO, (AP)—Several cities, saving money by adoption of a method used in Army camps, now get rid of their garbage in sanitary landfills, says the International City Managers' Association.

The association said burying refuse under a thick layer of fresh earth had proved faster, cheaper and more sanitary than burning the stuff in incinerators or feeding it to hogs.

In that way, Fort Worth, Texas, cut garbage disposal costs from \$1.11 to 37.6 cents a ton and Columbus, Ga., on an experimental basis, from \$1 to 40 cents a ton, the association reported. Tulsa, Okla., and Pensacola, Fla., also use landfills.

RED TAPE BINDS COPS

NORTH ADAMS, Mass., (AP)—Among the duties of North Adams policemen is "to give special attention to horses and vehicles left unattended for five minutes." But not for long, they hope.

Police Chief John P. Flaherty and a city council committee plan to streamline police rules, unchanged since the horse-and-buggy days of 1897.

MODESTY DICTATES

TCIEKA, Kas., (AP)—Wint's General Hospital, now operated by the Veterans' Administration, sent out a call recently for seven grass skirts—"complete!"

The "complete," the public relations officer explained (with gestures), meant "with the top per part."

AT A SPECIAL HEARING IN WASHINGTON, the special House Committee investigating the disposal of government surplus property heard the testimony of the above individuals. They are (l. to r.): William J. Gilrein, Silver Springs, Md., former sales manager in the Philadelphia War Assets Administration office; Lucian C. Sneed, suspended War Assets Administration official; and Ruby V. Ety, of Washington, a manufacturers' representative. Gilrein testified that Benjamin Fields, received an "entree" for his firm into the surplus property field through the WAA's Philadelphia office. Sneed said that he was wined and dined by Fields after he (Sneed) made an inspection trip to Richmond, Va., with an associate of Fields. While Miss Ety explained deal in which Fields obtained scarce bronze wire for \$9,055 and sold it for \$12,404. (International)

Things Are Jumping Out In Colorado

MANTOU SPRINGS, Colo., (AP)—Game Warden A. Cooley tells about a tourist party that received a guiding introduction to the wild life of Colorado.

A deer leaped from a 25-foot mountain ledge to the top of an automobile bearing an Odiah tourist. The tourist were not injured, but the deer was so badly hurt it had to be destroyed.

A PICKET LINE COMPLETE WITH SIGNS and a walkie-talkie type speaker are set up at a dock in Cleveland, O., soon after a strike by members of the CIO National Maritime Union started at 17 Great Lakes ports. Union leaders are in continuous session with Federal conciliators and representatives of fifteen companies. (International) Soundphoto

MASTER of the National Grange, Albert S. Goss, is shown as he testified before the Price Decontrol Board in Washington. Goss voiced his opposition to the restoration of price ceilings on livestock, grain, dairy products, soy beans and cottonseed on AUG. 21. (International)

Old Preacher

This is Old Preacher, female spider monkey, shown in the act of exhorting "sinners" among the population of Monkey Island. Her latest role is that of serving as "hostess" to the three new monkey arrivals.

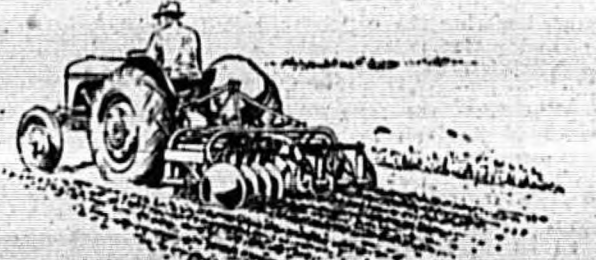

T. B. IN POLAND

WARSAW, (AP)—Nearly 20,000 people, mostly boys and girls between 4 and 18, die monthly of tuberculosis in Poland.

Health authorities said the disease was 10 times more prevalent than in 1939. They estimated 1,200,000 children suffered from it. They reported Poland in dire need of more sanatoriums, hospitals and special nurses for children.

IT'S YOUR MOVE-- Here Are Money Savers

NOW, you can have a Lift-Type TANDEM DISC HARROW For your FORD-FERGUSON Tractor

Yes sir, a full-size tandem disc that lifts for transport or turning on headlands. Eliminates need for rolling discs over hard roads or curing grassy waterways. See for yourself how the harrow is held firmly to the ground. See how depth can be regulated or harrow completely raised to eliminate bogging down in wet or soft land.

Made in three sizes to fit your needs, 5', 6 1/2' and 8'. Available with 16" or 18" chrome alloy blades.

Come in and see it, today

Flood Control Needs Are Told At Hearing

Damages To Cattle Industry By Flood Waters Totalled \$537,589 In 1941

Heavy losses, amounting in 1941 to \$537,589, were suffered by the cattle industry as a result of floods in the St. Johns River, W. J. (Funie) Steed of Orlando and Kissimmee told U. S. Engineers when he spoke at the hearing in regard to a St. Johns River flood control project.

Yorl United States Engineers at the Mayfair Inn.

Mayor H. James Gut reported that according to his estimate, flood waters during the past 20 years had cost the City of Sanford in excess of \$500,000.

More than 50 representatives of Chambers of Commerce, waterway improvement groups, communities, citrus and cattle interests, navigation and pleasure craft organizations from Jacksonville to Kissimmee and representing practically the entire St. Johns River Valley, presented briefs or gave talks, favoring the proposed canal from both the standpoint of navigation and flood control and stabilization.

Opposition to the project was voiced by Maxwell Wells, attorney for the Indian River Citrus League composed of growers, who cautioned that such a project should not be undertaken until full consideration be given from an engineering standpoint, upon its effect on citrus groves in the Indian River vicinity.

W. A. Leffler, sales manager of Chase and Company, also opposed the project.

Mother Fights For Son's Return

MRS. EDITH PREWITZ—A HASTILY SCRAWLED LETTER smuggled out of Germany to the New York City family of Eighth Air Force veteran Joseph P. Prewitz 22, who is now confined to an American military prison at Würzburg, Germany, has caused the young soldier's mother, Mrs. Edith Prewitz to make a trip to Washington, D. C. She plans to demand clarification of the status of her imprisoned son from the War Department.

U.S. Opposes Red Plan For Dardanelles

Formal Statement Issued By State Department After Talks With Britain

WASHINGTON, Aug. 21 (AP)—The United States formally has declared its outright opposition to Russian demands for a share in the military control of the Dardanelles. The note to Moscow bore the signature of Undersecretary of State Dean Acheson. It stated that it is the policy of this government that Turkey should continue to be primarily responsible for the defense of the straits which link the Black Sea to the Mediterranean.

The American communication also pointedly noted that the Russian proposal contained no reference to the United Nations—a clear-cut reminder that an international organization had been set up to handle all such security problems.

Acheson made it clear that the United States would not lily stand by if Russia made an effort to put itself in a favored position in the straits. He further put forth the American government's view that the affairs of the Dardanelles are a matter of concern not only to the Black Sea powers, but to others, including the United States.

The note to Moscow, which was drafted after consultations with the British, was one of two for a week.

Between the United States and Russia to a new post-war law. The other was Washington's angry protest to Russian-dominated Yugoslavia over a Yugoslav attack on an unarmed American transport plane.

Typical Turkish cables expressed satisfaction with the American statement in Paris. British delegates at the peace conference said they were pleased with the stand taken by Washington. These sources indicated that Britain would continue to oppose the Russian demand for French delegates at the conference said that their position was similar to Britain's.

Albania Tells Conference Nation Will Never Consent To Changing Its Borders

Gen. McNarney Denies Army Has Opposed UNRRA

Says Charges Made By LaGuardia Are Without Foundation

BERLIN, Aug. 21 (AP)—General Joseph T. McNarney today denied charges that American occupation forces have opposed UNRRA's aims.

The General's accusation against LaGuardia came as a surprise because the two men had done together last week before LaGuardia left for Warsaw. LaGuardia said afterward that from now on he would work hand in glove with the American and British occupation forces.

The American commander in Europe said in his surprise statement that a member of the UNRRA Council in Switzerland and LaGuardia had criticized UNRRA.

McNarney declared that he intended to clarify the situation because of charges attacking the good faith of the Army which he said came from the UNRRA meeting.

In the same statement, McNarney also disclosed that a Russian agent has been known to operate under the cloak of the United States.

McNarney said the former New York mayor incorrectly accused the Army of sneaking aid efforts to aid displaced Poles with food rations. The General says that at the time food rations had been drastically reduced.

No comment on LaGuardia's charges was given. He is scheduled to spend three days in Warsaw where he will consult with Polish authorities on the flight of Jews from Poland. Russia's next on his itinerary.

Greeting New Argentine Envoy

NEW ARGENTINE AMBASSADOR to the United States, Gen. Juan Manuel Peron, is greeted by Gen. Joseph T. McNarney, commander in chief of the United States Army in Europe, at the Argentine Embassy in Washington, D. C., today.

Bridges Says U. S. Should Not Refrain From Using Force Against Yugoslavia

PARIS, Aug. 21 (AP)—The Prime Minister of Albania, Enver Hoxha, today demanded that the delegates at the Paris Peace Conference should not refrain from using force against Yugoslavia.

He attacked both Italy and Greece, with reference to imperialism and aggression. Hoxha asserted that his country never would consent to any changes in its borders, for, he said, those frontiers are sacred. Most of his remarks against Italy and Greece followed the nation's protest at the conference by the Russians and other slave states.

On the subject of Bulgaria, Hoxha said that he was sorry that Bulgaria had not repudiated its participation in the Balkan Pact.

He also said that other nations should not be deceived by the Yugoslav minister in Greece in his efforts to bring about a settlement of the Balkan dispute. Sources here said that Hoxha's remarks were a direct result of diplomatic relations between Yugoslavia and Greece that the latter has been called home because of attacks in some Greek newspapers on Marshal Tito. At the same time, Foreign Minister Jan Masaryk of Czechoslovakia is leaving Paris for Prague to discuss relations with Poland. The latter has been called home because of attacks in some Greek newspapers on Marshal Tito. At the same time, Foreign Minister Jan Masaryk of Czechoslovakia is leaving Paris for Prague to discuss relations with Poland.

Football Equipment Displayed, Explained At Kiwanis Luncheon

Kiwanians today were given a first hand idea of the quantity and quality of equipment required for the playing season by each of the 26 Seminoles High School football players, when Coach F. J. Kettles, assisted by players, Willie Anderson, Gwynn Reel and Nellie Trapp dumped a huge lot of playing equipment on the table in front of Kiwanis President J. W. Hill.

Coach Kettles then explained the use of each item, starting with leather helmets lined with sponge rubber and costing \$12.50 each and when he had finished it was estimated that it took about \$3 worth of equipment for each player. Before the war, this amounted to about \$60 per player.

Typical items listed were shoes which cost \$12.00 to \$13.00 a pair, and of which 50 pairs are in order; various types of shoulder pads at \$13.00 each, blocking pads at \$7.50 each, jerseys and pants at \$7.50 each. Other items were socks, supporters, kidney pads, practice pants and jerseys, shin guards, for linemen six footballs at \$1.50 each for practice, adhesive tape (\$40 worth), and first aid equipment.

Fred Ganas, assistant coach, said that he was glad to be back in Sanford after an eight year absence, and predicted that the Clery Feels would get into second place this year. Willie Anderson, who coached the new schedule which will include Florida Military Academy at St. Petersburg and White, Garden, Gwynn Reel, center, and Nellie Trapp, tackle, were introduced as members of the line which will average about 160 pounds per player.

F. Hasky Wight who has been away on a two weeks' vacation, was welcomed back by Edward F. Lane, Holmes Melton, assistant state Legion adjutant, was welcomed as a guest. Ed F.olding, who introduced Coach Kettles, was in charge of the program.

Mrs. S. C. Nutting Died This Morning After Long Illness

Mrs. Sarah Catherine Nutting, 76 years old, died at the home of her daughter, Mrs. Arthur Branan, 1606 Magnolia Avenue at 12:15 A. M. today, following an illness lasting for more than five years. She had made her home with her daughter for the past two and a half years.

Born Apr. 21, 1870 in Clinton, N. C. Mrs. Nutting had lived in Macon, Ga. for 45 years. She was a member of Christ Church, Episcopal, of Macon.

Survivors in addition to Mrs. Branan include two other daughters, Mrs. Jesse T. Cooper of Atlanta, Ga. and Mrs. L. S. Leach of Cochran, Ga.; two sons, Sidney T. Nutting of Savannah, Ga. and Harry E. Nutting of New York City; two sisters, Mrs. H. E. Sink of Groveland, N. C. and Mrs. R. E. Bishop of Montgomery, Ala.; seven granddaughters, Mrs. E. S. Jeltrop of Larchmont, N. Y.; Miss Bonney Nutting of Savannah, Ga.; Miss Virginia Nutting of New York City; Mrs. Howard Grube of Grantwood, N. J.; Mrs. Charles Thorp of Atlanta, Ga.; Miss Margaret Leach, Atlanta, Ga.; Aubrey Williams of Douglas, Ga.; four grandsons, Jack E. Dawson of Brunswick, Ga.; William C. Branan and Arthur Branan, Jr., both of Emory University, Atlanta and Sidney Nutting, Jr., Savannah, Ga.

Funeral services will be conducted at the Erickson Funeral Home Thursday at 2:00 P. M. with the Rev. E. D. Brownlee officiating. Burial will be in Cochran, Ga.

Shortage In Polish Wheat Crop Looms

WARSAW, Aug. 21 (AP)—United Nations relief officials in Poland declare that Poland's probable harvest will be at least 400,000 tons short of requirements in bread grains to supply the country until the next crop.

In a report prepared for Director General Florillo LaGuardia, the UNRRA officials blame the shortage on lack of proper seed and fertilizer, and on crop damage by field mice and hailstorms. LaGuardia is expected to arrive in Warsaw today.

Ceilings On Other Citrus May Be Hiked

LAKELAND, Aug. 21 (AP)—The Florida Citrus Commission meeting in Lakeland Thursday is expected to discuss the possibility of increased ceilings on grapefruit and tangerines. Also scheduled for Thursday session is a preliminary report on the citrus advertising program for the coming season.

Monroville, announcement has been made by the commission that Florida oranges have been granted a ceiling price increase of 37 cents a box. This is effective Aug. 21 at all distribution levels.

Proposal Made To Incorporate Red Cross Into U. N.

CAMBRIDGE, England, Aug. 21 (AP)—A proposal to incorporate the Red Cross into the United Nations was presented today to the International Law Association. The idea was set forth by C. G. Dehn, a London lawyer who addressed the association. He suggested that the Red Cross might form part of the public service of the United Nations, just as it now forms virtually part of the public service of its own country.

Dehn also pointed out that the United Nations might grant the Red Cross permanent permission to carry on its work in combat. At present the Red Cross must get permission from the combatants.

VA Benefits Will Go To Persons Living In Occupied Nations

PASS A GRILLE BEACH, Aug. 21 (Special)—People living in enemy occupied countries during the war and had been withheld may now receive payments which would have been paid them, providing they were not disloyal to the United States, the Veterans Administration announced today.

These payments were authorized by an Act of Congress which President Truman has just signed. About 10,000 individual American Cases are involved.

BODIES TRANSFERRED TO GIBRALTAR

DOUGLAS C-47 plane today transferred the bodies of 27 American soldiers and sailors to the American National Cemetery in France.

Vanderbilt Mansion Soon To Be Razed To Make Room For Office Structure

By ALLEN FISHER AP Newswriters

NEW YORK—A venerable brownstone mansion, its Victorian dignity now in sharp contrast to the crowded commercialism of busy Fifth Ave., will be razed soon to make room for a \$4,000,000 office building. Thereby will end another chapter in the story of one of America's great family dynasties, the Vanderbilts.

Kings and presidents, the tycoons of a bygone era and the social arbiters of a day long past, once walked through the marble vestibule of the fabulous house at Fifth Ave. and Fifty-first St., now overshadowed by the towers of Rockefeller Center.

Built in the 1880's, it was opulently furnished by William H. Vanderbilt, son of stern-visaged Commodore Cornelius Vanderbilt, who pyramided a modest empire on railroads and real estate.

The house soon will be reduced to rubble and on its site will grow a 19-story building, to be built by the Metropolitan Life Insurance Company for occupancy by the Crowell-Collier Publishing Company and a bank.

And so will pass the last of seven imposing Vanderbilt mansions that once were on fashionable Fifth Ave.

Curious tourists even now stop and gaze at the \$20,000,000 bronze doors which were copied from Ghiberti's in the Baptistery in Florence.

The mansion once contained \$1,500,000 worth of art treasures.

No two rooms were alike. There was a Japanese parlor, a boudoir of ebony inlaid with ivory, a bath-room of silver and mahogany—but interiors and furnishings were auctioned off some years ago for \$35,000.

Among the great visitors who once were entertained there were Winston Churchill, Theodore Roosevelt, Gen. John J. Pershing, Herbert Hoover, the king and queen of the Belgians and the present Duke of Windsor.

It was originally a twin-house. The northern house was demolished years ago and a department store stands there now. The late Brig. Gen. Cornelius Vanderbilt sold the remaining portion in 1940 to the English branch of the family and the site is being leased from the William Waldorf Astor Estate.

The place reputedly cost William Vanderbilt \$4,000,000. A brilliant reception for 2,000 guests was given in the Mauve Decade—and the sledgehammers and bulldozers of a wrecking crew will erase it from the Manhattan scene before this year ends.

Commodity Marts Slow In Reacting To Decontrol Board's Decisions

By Associated Press

Commodity markets are reacting slowly today to decontrol board's decisions on meats, grains and dairy products. Under the orders of the three-man board, OPA ceiling tags will go back on meats with prices pegged at, or close to, June 30 levels. The date controls on meats were dropped.

Livestock and meat subsidies have been authorized again at the old rates to enable the beef, pork and veal industry to decide on lamb still is on the list. The decontrol board also slapped ceilings back on soybeans and cotton seed products which include salad and cooking oils. The board, however, decided to keep the lid off nearly all grains and all dairy products, although it warned that if prices on milk butter and cheese go any higher the ceilings will be stamped on again.

It still too early to tell exactly what effect these rulings will have on commodity markets. The first report on the Chicago market today had been opening along with few sales. Cattle and sheep were lower. Grain prices at Chicago were down and the market was slightly confused when it first opened. There was no trading in wheat or rye, although ceilings are off those products along with corn, oats and barley. These futures are all selling below former maximum.

Reaction from men in the meat industry was almost entirely unfavorable, with dire predictions from many about the black market.

One official, however, Jack Kranz, president of the National Meat Industry Council, said the board's decision was a courageous one. Yet all meat men agreed that the government will have to take strict enforcement measures to make the controls stick and still keep the black market at bay.

A labor spokesman—Ralph Helstein—president of the CIO Packing House Workers—described talk of a revived black market by saying: "It's strictly phony. The black market never was large enough to make a noticeable dent on our resources of livestock. It was ballyhooed by the big packers to place the blame for artificial scarcity on little men who weren't there."

McKeever Says Army Is In For Beatings

NEW YORK, Aug. 21 (AP)—Coach Ed McKeever of the Cornell University football team says that Army is in for a couple of beatings on the gridiron this fall.

McKeever, who is tutoring at the Oklahoma Coaches Association, has been quick to declare that his team isn't one to beat the Cadets. He added: "But Army won't be running and throwing at 17-year-old kids and 17's this season. There are going to be men across the scrimmage line from Doc Blanchard and Glen Davis."

McKeever went on to say: "I don't believe any team in the country playing a major schedule this year will go through undefeated. This is a year you can lose every game you play if you're not careful."

TO SET RECORD

ROCKY MOUNT, Aug. 21 (AP)—A Boston Red Sox farmhand is certain to establish a new strike-out record for organized baseball this season, Southpaw Bill Kennedy of the Coastal Plain League has now 417 strikeouts to his credit. The recognized record for organized ball is 418, established by Virgil Trucks when he was with Andalusia of the Alabama-Florida League in 1923. Trucks now is with the Detroit Tigers. Kennedy has won 23 and lost three this season, has 13 shutouts to his credit and turned in 24 strikeouts in one game earlier in the season.

PILOT, CO-PILOT KILLED

MOLINE, Ill., Aug. 21 (AP)—The pilot and co-pilot of a chartered passenger plane were killed today when the plane crashed while attempting to make an emergency landing at the Moline, Ill., airport. Ten of the 23 passengers in the plane were injured, but their injuries were not serious. Two babies were among the passengers, but weren't hurt.

Back From Palestine

FORMER senator Guy M. Gillette, president of the American Legion, returned from a trip to Palestine today. He said that the country is an armed camp at present. He asserted that Palestinians are being deprived of life and liberty and property by the British military police.

359 Veterans To Be Removed From Subsistence Rolls

PASS A GRILLE BEACH, Aug. 21 (Special)—Of the 4,781 veterans in the Pass-A-Grille Veterans Administration Regional Office area who are taking on-the-job training under Public Law 346, only 359 will be removed from the subsistence rolls under provisions of the new law which restricts payments made to veterans taking on-the-job training or attending school, it was announced today by H. F. Dickensheets, manager of the Pass-A-Grille Regional Office.

An additional 2,968 will receive reductions in subsistence payments in varying amounts, which 1,454 will not be affected by the law, which also will not affect veterans taking training under Public Law 16.

Under the law, veterans with dependent families taking on-the-job training cannot collect subsistence payments if their incomes exceed \$200. Those without dependents cannot collect subsistence if their income exceeds \$175. Veterans whose incomes are over \$110, but less than the maximum, will collect subsistence sufficient to bring their incomes to the maximum of \$175 or \$200, whichever applies. Veterans whose incomes are \$110 or less will receive full subsistence payments.

Veterans taking on-the-job training will continue to receive their checks on schedule, but those who are liable for reduction or loss of subsistence allowances have been warned that they will be expected to refund overpayments "within a reasonable period of time."

WEDNESDAY, AUGUST 21, 1946

BIBLE VERSE FOR TODAY
WE MAY CALL ON THE INFINITE RESOURCES OF THE GREAT OIL THAT MAKES PEOPLE PEOPLE STRONG...

Another U. S. Army plane has been shot down over Yugoslavia. Top had it didn't have an atomic bomb in it.

Orville Wright, inventor of the airplane, celebrated his 75th birthday in Dayton, Ohio, the other day.

You wouldn't think that tiny Yugoslavia would have the nerve to deliberate antagonize the United States and Great Britain. And it wouldn't if it didn't have Soviet Russia behind it.

A former GI Georgia Tech student testified he recently bought aircraft radio equipment valued at \$4,000 for \$6 from an Atlanta junk dealer. It's a good thing the taxpayers have got lots of money.

Now the former king of Italy knows what a housing shortage is like. Victor Emmanuel was recently evicted from the palace of King Farouk of Egypt to make room for the Pan-Arabic conference. Wonder if he brought his pup tent with him?

Russia is fussing about getting control of the Dardanelles so that in case of war she can move her war ships into the Mediterranean. When the next war comes around warships moving through the Dardanelles would be sitting ducks for atomic bombs.

Someone has said, even before the New Deal, that it is only three generations from shirt sleeves to shirt sleeves. The grandson of Walter Candler, founder of the Coca Cola Company, was reported working in Miami the other day as a carpenter's helper at 90 cents an hour.

The State of Florida's building program is expected to reach 17 million dollars during the coming year. Included are a new Supreme Court building, University of Florida, Florida State College for Women, Florida A. and M. College for Negroes, Chattahoochee, State Prison Farm, Florida Industrial School for Boys, and a number of smaller projects.

An ex-GI artilleryman attended the peace conference in Paris the other day for the first time. It was a sort of a slumming listening to the arguments, pro and con for a couple of hours, he blew off. "If it was me," he is quoted by the AP as saying, "I'd just tell 'em to go to hell." And that's about the way the average man feels about it these days.

Currency circulation in the United States is still increasing despite political pledges of a balanced budget and a reduction of government debt. Total circulation last week was \$28,350,000,000 as compared with \$27,350,000,000 one year ago. These figures compare with about \$5,000,000,000 at the height of the boom in 1929. In other words, there is more than five times as much paper money in circulation today as there was 16 years ago.

World strategy has not changed since then (the days when Hitler invaded the Rhur, Austria, the Japs, Manchuria, China), says Washington Merry-Go-Round. "The same thing is also true of Russia. If she gets away with her first aggressive step, it's only a matter of time before she will probably get away with other aggressive steps, until finally we find ourselves set for a serious showdown—and war. If however, the first aggressive step is never taken, there will be no war. And that first step will not be taken if Russia knows definitely and categorically that, if she takes it, there will be war—with the United States." It so much easier to sleep late.

Veterans First

Charges persist that the War Assets Administration is reselling the vast stores of war material under its jurisdiction without proper regard for veterans' priority rights to these items. A recent criticism was directed to management of a sale at the Curtiss-Wright plant at Beaver, Pa., involving \$2,500,000 worth of surplus property, including machine tools and office equipment.

In veterans' publications and local newspapers it has been claimed that non-priority holders were permitted to buy up large stocks while few of the 700 veterans present and entitled to priority choices, were able to procure what they wanted. In this case, as in so many sales being criticized, advance permission, it is claimed, was given illegally to non-veterans to examine the offerings. As the at-the-plant sale is a new technique recently adopted by the WAA, this latter charge is serious.

The public is aware that tremendous waste is involved in this re-selling of war's surpluses. But citizens of these United States want the veterans to be the only gainers in such operations. There can be no more serious charge against public management than that ex-service men are unable to obtain these left-overs of war.

Life On Mars

The Russians are reviving the old idea that there may be life on the planet Mars. Prof. M. Tikhov, of the Kazakh Academy of Science, is the newest advocate of the theory, basing his belief on Mars' well-known changes of color throughout the year, part of it being green in summer and brown in winter. This would argue for vegetable life, but not necessarily anything more advanced.

The original suggester was an Italian, Giovanni Schiaparelli, who detected lines which he called "canali" or "channels," and which he thought might have an intelligent origin. The Italian word was mistranslated as "canals" by many people and the notion of Mars as a populated planet had many supporters. The chief was an American, the late Percival Lowell, who for years studied Mars from his observatory in the clear atmosphere at Flagstaff, Ariz. He thought that the canals were for irrigation purposes, bringing water from the polar ice caps.

Later astronomers have come to regard the canals as huge cracks rather than the products of intelligent beings. It will be interesting if Prof. Tikhov has any arguments to the contrary apart from that of Martian color changes.

Presidents' Sons

A collateral descendant of George Washington, George T. Washington of Ohio, has been appointed assistant solicitor general. The first president had no children, but a nephew—Bushrod Washington—was named by him as justice of the Supreme Court, and is buried at Mount Vernon.

Lincoln's son, Robert, was secretary of war under Garfield and Arthur, and president of the Pullman Company. Had he wished, he could have gone far in politics as the son of the Great Emancipator, but he always steadfastly refused to capitalize on his name.

In general, however, history has shown that either presidents have no male children, or the sons do not go far in politics. Theodore Roosevelt, Jr.'s political career was cut short by defeat for the governorship of New York. Richard Folsom Cleveland was a delegate to a Democratic national convention, but turned to the Republicans later.

Inside WASHINGTON

Surplus Military Aircraft Hillman Death May Affect CIO's Left-Wing Elements

Special to Central Press

WASHINGTON—The aircraft industry, including aero insurance people, is interested in reviving a recent suggestion that surplus military aircraft be crashed deliberately in a program to study structural weaknesses and the problems of fire following accidents. CAA suspension of the use of Constellations after the Pennsylvania crash of one of the big planes gives renewed impetus to the crash test idea.

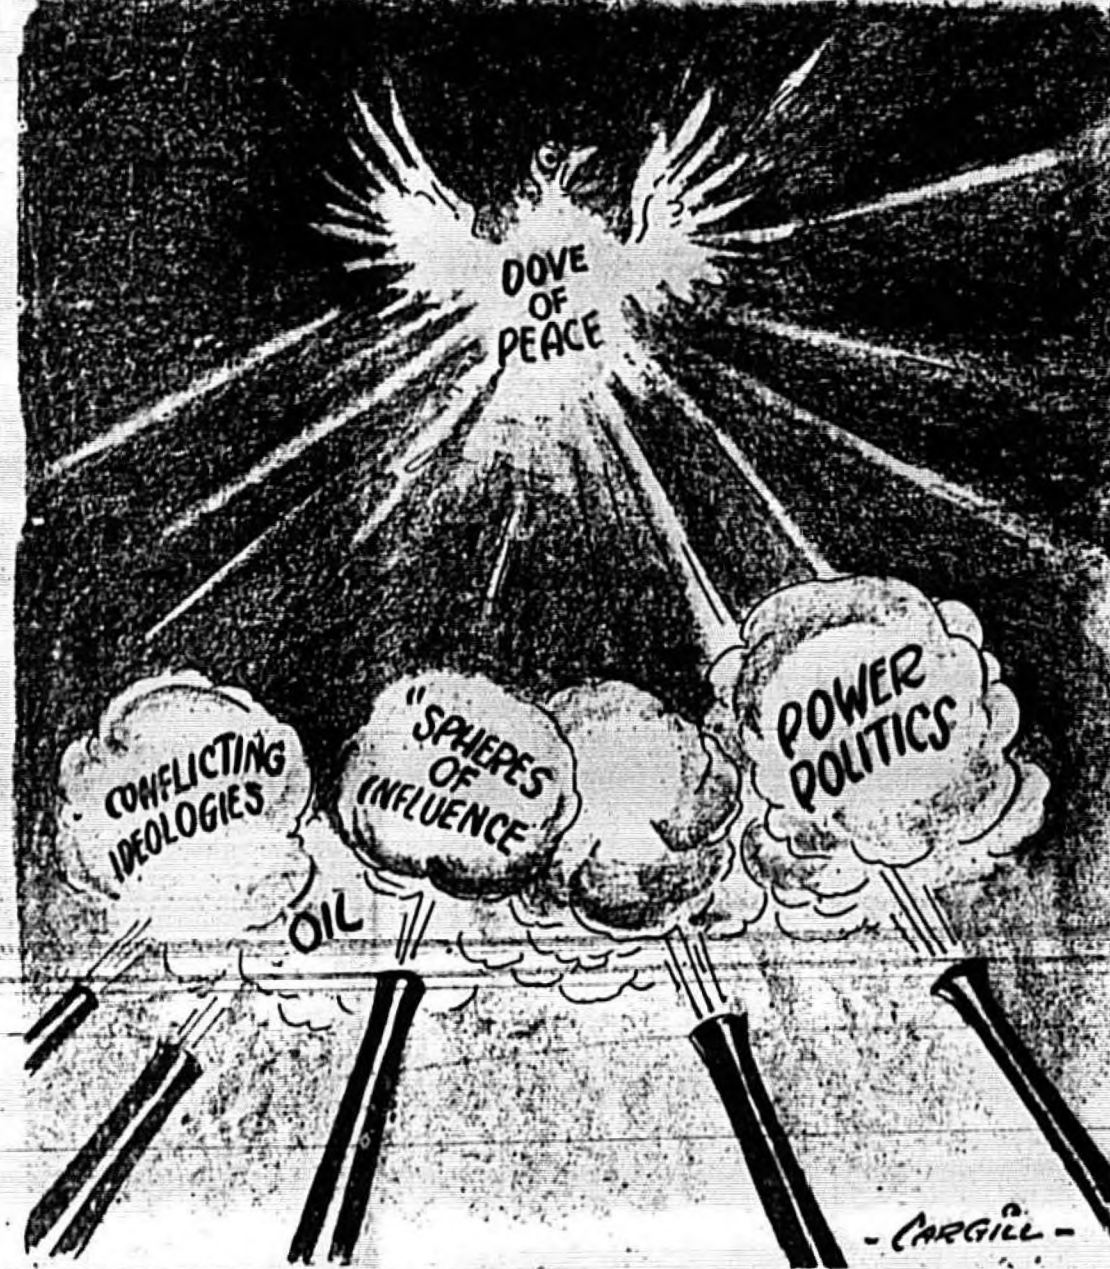

Proponents admit that it would be expensive—CAA originally rejected the plan for that reason—but they say that it would be less costly now than at any other time since the planes involved would otherwise be used only for scrap metal. Supporters of the scheme claim such research would be valuable. Sixty-passenger transports now are common on the airlines and 100-passenger ships will be along soon. Backers of the crash-test proposal want to study fire hazards and other problems involved in the crash of one of these sky giants.

THE DEATH OF SIDNEY HILLMAN may have serious repercussions for left-wing elements of the CIO. Although not a Communist, Hillman generally was regarded as a peacemaker in the CIO ranks and worked for harmony between the left and right-wing factions. His death may have removed an obstacle to a long-rumored effort by CIO President Phil Murray to rid his organization of left-wing elements. During the recent executive board meeting, Murray eliminated the wings of Harry Bridges, Longshoremen's leader and CIO regional director for California. Murray split California into two CIO districts and took away from Bridges the important southern area. Moreover, Joseph Curran, boss of the National Maritime Union, was named to the CIO Political Action Committee. Curran has been engaged in a bitter fight against Communists in the NMU and recently emerged victorious in a union election.

WASHINGTON IS WATCHING the turn of events in Puerto Rico when Jesus T. Pinero takes over in September as the first native governor in the history of the country. It is believed that he will carry out the same program started by his predecessor, former brain-truster Rexford Tugwell. Pinero is known as an honest, sincere man with liberal tendencies. Prior to Pinero's appointment rumors were circulated that he belonged to the Communist party and therefore would not be named to the high insular post. Pinero denies he was or is a member of the Communist party. The governor-designate is a wealthy landowner and sugar planter and is expected to use his post to help better the condition of his people.

DESPITE THE UNFAVORABLE publicity Rep. Andrew May (D) of Kentucky has received and is likely to receive in snowballing proportions because of his connection with the Garson paper millitions empire, political observers see little chance for his defeat in the November elections. May, 71-year-old chairman of the House military affairs committee, comes from Prestonsburg, Ky., a rough-and-tumble borderline political district. There he controls the Democratic machine and commands the votes. Observers think that the citizenry of May's district will more or less regard him as having been crucified in Washington. In other words, May, the "political king," can do no wrong in the books of his constituents. So, having possible criminal indictment or impeachment, May appears to most observers a safe bet to succeed himself.

"WINGS OVER EUROPE"—1946

Mr. Byrnes Fights Back

NEW YORK HERALD TRIBUNE

When the Paris Peace Conference convened, two and a half weeks ago, it was already apparent that the real peace for which the victors and the vanquished but between the victors themselves—between, in short, Russia and the West. Yesterday, as Mr. Jan Masaryk threw up his hands in sarcastic "bewilderment" at finding Czechoslovakia arranged as a culprit by defeated Hungary; as the Greeks boiled with indignation over defeated Bulgaria; as demand for western Thrace, and as Secretary Byrnes's patience (which has never been limitless) snapped under the strain of "abuse and misrepresentation" in which the United States has been pictured as an ogre of capitalistic exploitation from which only the Kremlin can save the lesser states of Europe, the great alignment of forces became too obvious for further comment. The one really useful function which the conference can serve is to assuage, so far as possible, the central conflict between East and West; and so far, admittedly, it has made a very poor start on that task.

Perhaps it was unfortunate that it was not earlier appreciated that this would be the central function of the conference. If it had been the conference might have been better designed and better equipped to fulfill it. As it was, Mr. Byrnes's desire to bring the mollifying influence of the lesser powers and of "world opinion" to bear on the great power deadlock (while by no means unsound in itself) was read in the Kremlin with some justification, as a desire to "pack" the agencies of peacemaking against Russia. The Kremlin's only two characteristic responses have been to accede to the conference and then to utilize it for a massed diplomatic offensive against the West. It has regimented and voted its puppets in a way that the great democracies could not do with the small states under their influence; it has used the conference rostrum as a means for twisting all the Western phrases about liberty and freedom into an attack upon the West; it has made its own propaganda flank drive for the advance of the Soviet interest in Italy, the Mediterranean and elsewhere. In answer to what looked like power politics on the part of the West, the Kremlin has played its own peculiarly naked brand of power politics for all it is worth.

No doubt Mr. Byrnes had to reply, America is not and need not be ashamed of her motives; while the business of calling a spade everything from a rosebush to a block-buster bomb has reached preposterous lengths, from which it is essential to get back to an at least usually intelligible vocabulary. The

Uranium Is Found In Philippine Province

MANILA, Aug. 21, (AP)—The Philippines Society of Mining, Metallurgical and Geological Engineers announced today that uranium has been found in extensive quantity in Zamboanga province. Uranium is the vital component of the atomic bomb.

There was considerable interest in mining circles over the report of engineer Roman Ramos that United States certainly did not fight the war in the interest of simply substituting a Soviet totalitarianism for the Nazi variety; and it has every reason for making that plain beyond all quibblings with "democratic" words. But the polemics, even if unavoidable, are obviously no help toward the real business of this conference. That is still not to make propaganda but to make, if possible, a Russo-Western peace. That can only be done by getting through the words and tactical battles and down to the hardpan of what the Soviet statesmen really want and what they will or will not accept as a basis for agreement.

United States certainly did not fight the war in the interest of simply substituting a Soviet totalitarianism for the Nazi variety; and it has every reason for making that plain beyond all quibblings with "democratic" words. But the polemics, even if unavoidable, are obviously no help toward the real business of this conference. That is still not to make propaganda but to make, if possible, a Russo-Western peace. That can only be done by getting through the words and tactical battles and down to the hardpan of what the Soviet statesmen really want and what they will or will not accept as a basis for agreement.

One Negro Sought By Posse Gives Up At Jackson, Miss.

JACKSON, Miss., Aug. 21, (AP)—One of three negro brothers sought by a posse in connection with the ambush shooting of four white men has surrendered to officers in Jackson. Jaller C. M. Herrin says the negro—Johnny Craft—slipped through a heavily armed posse 60 miles southeast of Jackson and gave up early today at the Hinds county jail.

He was unarmed and unharmed. Craft is the reputed ringleader in a series of shootings in the two-day disturbance in Smith county. The negro—a war veteran—was dressed in United Marine fatigue clothes when he surrendered. The posse in Smith county is still looking for his two brothers.

Until 1847 the recipient of letters paid the postage. In that year postage stamps came into use, and thereafter the sender of a letter paid the postage.

samples of the ore sent to London showed high uranium content. This is the first reported find of radioactive ore in the Philippines.

PARTY OFFICIALS TO MEET

PARIS, Aug. 21, (AP)—Representatives of labor parties of 17 nations, including the United States, will meet here Aug. 26 and 27 to establish a common socialist policy toward Franco Spain. The American Socialist party is to be represented by Phil Heller.

FILIPPINOS MASSACRED

MANILA, Aug. 21, (AP)—The Philippine Military Police have rushed a company with heavy weapons to a village in Pampanga province where 60 inhabitants are said to have been massacred by a band of raiders today. One resident of the village who escaped said his entire family was slain.

TERRACE TALK

BY CECELIA TRULUCK

MR. and MRS. F. H. STEVENSON who reside at the Mayfair Inn are a nice addition to Sanford society. . . . Having come from Michigan they plan to spend the winter in this city. . . . He is associated with Gordon R. Ellwell of Orlando, a publicity concern. . . . Around the Post Office yesterday afternoon. . . . MRS. J. O. LANEY and her son in black and white. . . . chatting with City Attorney FRED J. WILSON. . . . A. K. ROSSETTER busy reading his mail. . . . DAN WRIGHT, RAY SLATON, CENEY WUCKER, JACK RATIGAN and BRALEY OBHAM. Sanford's up and coming young business men, walking down main street. . . . MRS. GUY WOOD, JR. and sons HARRY and WAYNE had a peach of a time at Jay beach seeing old friends and enjoying the surf. They called on NICK and MARTHA ASHBY, while there but unfortunately found them out. . . . MR. and MRS. G. D. BISHOP have returned from the N. C. mountains. . . . Thinking that a buffet supper was to be served last Sunday evening. MR. and MRS. JAMES HIGGINS and MR. and MRS. HENRY WIGHT II troked out in the Semipole Country Club in the pouring down rain. . . . No supper tonight they were told by the group present, but be on hand next Sunday! Some of the young tots around town are as healthy and good looking as any in the newest mags. . . . ELLEN LYONS, KAY IVEY, THURSTON children, MARILYN MCDANIEL, the MCKINLEY children, TOMMY KIRKLAND, the WHELCHHEL group, the CAMPBELL boys, ROBIN POT-

TER, JAY ALTMAN, MR. and MRS. BROUGHTON WATKINS' two lads. . . . and many others. . . . MRS. SAMUEL PULESTON and son BILLY BRYANT are visiting her uncle NORVEL BRYANT in Newport News, Va. for several weeks. . . . MRS. F. J. IYNCII and son JUSTIN returned home Saturday from N. J. and Pa. . . . Enroute home they visited friends in Washington, D. C. . . . MISS ELIZABETH WHIGGAM and MISS JESSIE DURDEN have returned after a two weeks' trip to New York City, Philadelphia, Washington, D. C., Asheville and Atlanta. . . . PATRICIA JO WALLACE, niece of

Personals

O. J. Pope and nephew J. T. Pope are visiting relatives in Savannah, Vidalia and Lyons, Ga.

Miss Anne Willis of Augusta, Ga. is visiting her sister Mrs. W. C. Dekle.

Friends of Walter Corson will regret to learn that he is at Bay Pines Veteran Hospital undergoing treatment.

Mrs. J. W. Levins and Joe Levins of Chipley, Fla. are guests of Mr. and Mrs. Ben Wade, 610 Palmetto Avenue, for several days.

Henry McLaughlin III, son of Dr. and Mrs. Henry McLaughlin, Jr., underwent an operation at the Children Hospital School, Baltimore, Md. today.

Mrs. Gertrude Gilbert and son Roy and Mrs. J. M. Stinecifer and daughter Grace Marie have left for Coronado Beach, where they plan to spend a week.

Mrs. J. O. Huff and Mrs. J. H. Bussey of Jacksonville spent Tuesday at Silver Springs. Mr. and Mrs. Huff spent Sunday in Jacksonville as guests of Mr. and Mrs. George W. Huff.

Mr. and Mrs. G. E. Corson of Lech Arbor have returned from a business trip to Urbana, Ill. While there they also visited friends and attended a family reunion.

Word has been received of the death of Mrs. Evelyn H. Durbin in Montreux, Switzerland, a former resident of Sanford. She was the daughter of Col. A. M. Thrasher.

Mrs. M. W. Cook and daughter Margaret have left for South Dakota for a visit and will join Mr. Cook later in Co. Zola Panama. Mr. Cook is at present the fire chief at the Sanford Naval Air Station being employed as a civil aviation worker. He was formerly assigned duties with the U.S.N.R.

FILMLAND actress Adele Jergens displays one of the latest swimsuits seen around the movie colony. It's a two-piece leopard print with a halter bra top and a wrap-around skirt. Wooden wedgies with black ribbon ties complete the chic beach ensemble. (International)

A PRETTY modest fellow at heart, Norman Ernest Westbrook, 472 months, finds it difficult to believe that the judges awarded him the trophy he clutches. He came out on top in a baby show held at Bedfordwell, England. (International)

WHILE CALIFORNIA AUTHORITIES were seeking movie and stage star John Carradine, he turned up in New York City following a cross-country flight from the West Coast. He is dining with his second wife, Sonya Sorel, after his arrival. He fled to escape a court contempt charge for failure to pay his ex-wife \$3,207 alimony. (International)

AT A NEW YORK DOCK with his family after they arrived from Europe, Capt. Joseph Sirovack, 51, holds a picture of himself as a sergeant in World War I and describes for reporters a hair-raising escape he had in World War II. After his discharge on the first big conflict, he returned to France, married and raised a family. During World War II he was picked up by the Nazis and put to work in a plane factory. Shortly after, he took ship killing 374 people. Captured by the Nazis, he was sentenced to be shot. The arrival of American troops saved his life. (International)

Miss Hinchliffe Tells Wedding Plans

The announcement is being made today of the wedding plans of Miss Geraldine Hinchliffe, daughter of Mr. and Mrs. G. C. Hinchliffe, and William Edward McTeer, son of Mr. and Mrs. W. F. McTeer. The wedding will be an event of Saturday evening at 8:00 P. M. in the Assembly of God Church with the Rev. T. T. Albrant officiating. Music will be rendered by Miss Joan McTeer, pianist, sister of the bridegroom, and Mrs. Phyllis Allen, Proctor soloist. The bride-elect will be given in

marriage by her father, Mrs. Thelma Smith will be matron of honor and the bridesmaids will be Miss Mary Touchton and Miss Beth Rose Hooehlan. Donna McTeer, sister of the bridegroom, will be the flower girl. Joe Mikalus of Jacksonville will serve as best man and the groomsmen include Franklin McTeer, brother and Ralph Lassing. A reception will be held at the home of the bride-elect's parents for the bridal party, relatives and immediate friends. No invitations are being issued but friends of the couple are invited to attend the ceremony.

Jimmie Williams Celebrates Birthday

Jimmie Williams was honored on his second birthday by his mother, Mrs. Ted Williams, who gave a party Saturday afternoon at the Williams home, 211 Main Avenue.

The table on which the gifts were placed was decorated with a pink and white birthday cake around which small airplanes were displayed and later distributed as favors.

The hostess served ice cream, cake and candy as refreshments, being assisted by Mrs. Sheila Best, Miss Ouida Carlton and Miss Jean Williams.

Guests included Sandra Kader, Betty Williams, Sheila Best, Vicki Fougerson, Jane Williams, Linda Sue Williams, Emeline Goetz of Plainfield, N. J., Walter Meriwether, Larry Hart's field, Lenny Himes, Doyle Carlton, Tommy Young and Bob Williams.

Also Miss Jo Ann Strawder, Miss Mary Carlton, Miss Ouida Carlton, Miss Joan Williams, Miss Mary Jane Holson, Mrs. Walter Meriwether, Mrs. T. J. Williams, Mrs. John D. Carlton, Mrs. R. W. Williams, Mrs. Jay Young, Mrs. John Kader, Mrs. Sheila Best and Mrs. Lawrence Hartfield.

The first minimum wage law was the New Zealand Industrial Conciliation and Arbitration Act of 1894.

Senators Trounce Sanford Celery Feds In 6 To 1 Game

Cary Wins 21st Game Of Year; Orlando Here For Game Tonight

TINKER FIELD, ORLANDO, Aug. 21. (Special)—Eobing the stellar three hit pitching of Scott Cary, the league leading Orlando Senators increased their lead over the second place Sanford Celery Feds to 11½ games as the locals trimmed the Sanford aggregation by a 6 to 1 count here last night.

Costly miscues counted in the victory for the Senators as the Fed machine bobbed four times afield.

Orlando scored the first run in the first inning as Manager Ted Madjeski walked, then advanced to second base on an infield hit by Burns and scored when the Sanford shortstop Al Bryant threw a double play ball into the bushes over Manager Ed Levy's head.

In the first of the fifth inning Sanford scored their only tally of the contest on a single by Buddy Lake and a screaming double into right center field by Levy.

The sixth inning netted the Madjeskians three runs on a fielders' choice by Sam Cozzi, a free pass to Mendizabar, a two base blow by Bob Rauscher and a single by Cary. In the eighth the Senators tallied their final score on a pair of Fed miscues and the second single by Cary.

Charlie Bission, Fed righthander pitched creditable ball giving up but six hits. He struck out two, walked seven and had four errors committed behind him.

Bob Tuttle, Lake and Levy were the only Sanford men to solve the offerings of Cary for the Gator Growl, post-football base hits in last evening's fracas.

The Feds return to the Municipal Park to play the second game

Motteler Is Signed To Sanford Contract

Officials of the Sanford Celery Feds revealed yesterday afternoon that Bill Motteler, an Indiana youth, had been signed to a contract.

Motteler came to the Feds as a catcher and officials declared today that he has the promise of being a talented receiver.

It is probable that after Sanford clinches second place manager Levy will give the youngster a chance to display his ability and give his regular receiver, Byron Sharpe, a rest.

Imported Sires Lead In Juvenile Winners

NEW YORK. (AP)—Mahmoud and Beau Pere, two importations, are the leading sires of two-year-olds in money won for the first six months of the year.

Beau Pere's juvenile offspring had seven victories in 18 starts and \$71,411 with Stepfather, Ladette Stabos winner at Hollywood Park, as the best money getter. Mahmoud's sons and daughters won nine races in 15 starts for \$52,535.

of the current series with the Senators and Levy is scheduled to send Ed righthander Jim Schental to the hill to face the Orlando team.

Score by Innings.

Sanford	000	010	000	1	3	4
Orlando	100	013	105	6	4	0

Bission and Sharpe, Zaspel, Cary and Madjeski.

Great Lakes Sports Spree Now History

By CHARLES CHAMBERLAIN AP Newsfeatures

GREAT LAKE, Ill.—The mighty sports dynasty of the Great Lakes Naval Training Center—built by the nation's top professional and collegiate athletes who were among the thousands stationed here during the war—has now crumbled into history.

The huge center 40 miles north of Chicago was affectionately known as Illinois' "Second City" during the war, with a population of nearly 100,000 trainees. Now it is only a shell of its wartime magnitude and any sports team it fields would be second rate.

Great Lakes has passed out of the "majors," but it leaves an amazing record of 395 wins in 485 sports contests against all comers for an 80.3 percentage. Against college opposition, the Bluejackets won 195 games and lost 48 for 80.5. Almost 50 per cent of these defeats came in the last year while the sailors were building on youthful talent and the college opponents were getting veterans back from service, many of them "graduates" from Great Lakes.

Big Names

Some of the greatest name players in national sports performed with the Bluejackets. Dewey Froctor, Pete Kmitovic, Bruce Smith, Bob Sweiger, Steve Jurwik, Russ Islow, Larry Sartori, Jim Yead and Jim McMill were just a few who played on Great Lakes football teams.

The game was true in basketball as Ernie Anderson, Forrest Anderson, Frank Baumgart, Bob Davies, Paul Armstrong, Herman Schaeffer, Dick McGinn and Paul Lloyd helped Coach Tony Hinkle and "Weed" Ewbank win an 82 per cent in the basketball gym.

In baseball under the guidance of Mickey Cochrane, the Bluejackets became known as "The 17th club of the major."

Cochrane had such stars to work with as Bob Feller, Jimmie Schmitz, Dick West, Denny Gale, Harry Virgil Trucks, Schabow Rowe and Billy Herman.

OTHERS, BUT GIVE THE ACE HIS DUES

INSIDE SPORTS REPORT

By ARTHUR BUCKWITH, JR.

Miami Seahawks head coach Jack McGehee, former mentor at Auburn, has just published his roster for the Miami team and included on the roster are many familiar names to Florida football enthusiasts.

Among the most familiar is "Bud" Walton who played at the University of Florida and graduated in 1939, and Mike Castrens of Jacksonville, who played for the U. of Georgia and scribbled a berth on many sport-related All-America teams.

Emie Cameron of Miami is among the athletes listed as well as Lamar Davis of Georgia, a three-time All-American, Paul of Stanford, Paul Sizemore of Furman, Johnny Bosch of Georgia Tech, Lamar Blount of Mississippi, Jack Crain of Texas U., Monk Gafford of Auburn, Phil Mitchell of Florida, and the host-touted Jimmy Nelson of Live Oak who played on Alabama's Crimson Tide.

There are many other top named football stars among the names on the roster but the ones named are of particular interest to the gridiron spectators of central Florida. The names given are the ones that were on every person's tongue on some Saturday night in times gone past.

Licenses For Teams

According to an Associated Press release, Attorney General Tom Watson has ruled that professional football and baseball teams operating in Florida must have national licenses in order to operate.

Watson is reported to have told Comptroller J. M. Lee that the teams should be taxed as corporations engaged in the operation of a business. He further stated that professional football and baseball teams were organized and operated primarily for profit and that the amusement of the public was secondary.

Watson added that the opinion should not be extended to non-professional football and baseball teams operated by schools and colleges.

Texas League Continues To Send Top Flight Men To Higher Loops

By HAROLD V. RATLIFF AP Newsfeatures

DALLAS—On the basis of experience material, the Southwest Conference appears set for its greatest year of football.

More than half of the 226 lettermen, however, are ex-service men. Will they be top-flight hands? Will the lack of athletic training that goes with football slow them down?

Coach Matty Bell of Southern Methodist University doesn't think so.

"If a GI got back in time for spring training he will be all right in the fall," says Matty. "It's only the matter of conditioning their legs. They haven't been doing sports running in the service. But they'll be all right with practice."

Other coaches express similar views.

Thus, it would appear, the Southwest Conference should be one of the nation's strongholds in football this fall.

Texas, the defending champion, and Texas A. and M. each will

Musial And Vernon Continue To Lead Respective Loops

Here are the individual leaders in the majors:

In the National League, Stan Musial of St. Louis and Johnny Hopp of Boston are tied for the lead in batting, each with a mark of .366. Musial leads in hits, with 86, followed by El Stanky of Brooklyn 74. Enos Slaughter of St. Louis is setting the pace in runs batted in, with 89, followed by Dixie Walker of Brooklyn with 87. Musial is first in runs, with 13. He's followed by Dixie Walker of Brooklyn and Phil Cavaretta of the Chicago Cubs, with 7 each. Johnny Mize of the New York Giants is the leading home run slugger, with 22. Second is Ralph Kiner of Pittsburgh with 16. Pete Reiser of Brooklyn has stolen 26 bases, compared with 19 for Bert Haas of Cincinnati. Kirby Edge of Brooklyn Schoolboy Rowe of Philadelphia and Murray Dickson of St. Louis all have won 11 and lost four for a winning percentage of .733.

In the American League, Mickey Vernon of the Washington Senators is continuing to set a stiff pace for the rest of the league. Vernon's hitting .349, as against .339 for Boston's Ted Williams. Williams leads in runs with 118, followed by teammate Johnny Pesky 99. Williams also is tops in runs batted in, with 104, followed by another teammate, Ruddy York, with 98. Pesky leads in hits with 101, followed by Vernon with 100. Stan Spivey of Washington is the leader in the doubles department with 29, followed by Moose Vernon of Washington 27.

Harp Edwards of Cleveland and Buddy Lewis of Washington are tied for the lead in triples with 11 each. Williams has hit 22 home runs to top that department, followed by Hank Greenberg of Detroit with 19. George Case of Cleveland has 27. George Strinewitz of the New York Yankees has 26 thefts to go with 19 second place. This is a pretty good average for a player.

The Georgia-Florida League will complete their season on Sept. 6 and the Florida State League season will end four days earlier. Due to the fact that the winner of the playoffs in the FSL will play the winners in the GFL for the mythical Little Dixie Series title, the FSL may play their games on alternate days in order that the finish of the two leagues will be simultaneous.

It would run something like this: The number one and four team would play one night, the next night the number two team would tangle with the third place club and so on until the scheduled seven games were played. Then the winners of the final series would play off the final round on a regular schedule.

A bit involved as it would say, but anyway that is how it has been suggested to be played.

MODEL CLUB

The model airplane club has reorganized and is functioning in a big way. The club's first meeting was held at the first meeting of the club since the war.

Electrons have been held to elect a temporary president and secretary to hold the designated office for 30 days. Donald Tyler was selected to be president and Dale Hoffman will be the temporary secretary of the organization.

A committee has been selected to make arrangements for a convention to be held at a later date and suitable areas to fly the planes are now being sought. Many more members are expected and anyone who builds model planes or who is interested in building gas models or rubber power planes is invited to be present at the next meeting in the Community House on Friday night at 8:30 o'clock.

Coach Resembles Bing But He Can't Sing

WILLIAMSBURG, Va., (AP)—The people around the College of William and Mary think Dick Gallagher, basketball and track coach, greatly resembles Bing Crosby, the crooner.

Says Gallagher:

"That's where the similarity ends. My singing is confined to the shower room. It's sort of a bath-tub baritone."

But Rice has strong backing because it appears to have the finest line prospects in the country.

Baylor is called "one of the best-looking squads you'll find anywhere."

Texas Christian has one of its biggest teams of all time.

Southern Methodist boasts 41 lettermen.

Yes, mates, it ought to be a rough, rugged and fan-pleasing season in the Southwest Conference.

Moss Downs Security Lumber And Haynes And Williams Defeats Herald In Softball Contests

Rough Ride Is Due For Teams In Big Six Loop

AP Newsfeatures

KANSAS CITY—The Big Six conference will take on its toughest and broadest football schedule in history this fall.

Topped perhaps by the University of Oklahoma's game with Army at West Point, Sept. 28, Big Six members will play from New York to California to Texas.

The composite schedule shows conference teams going against six Southwest Conference, five Big Ten, two Missouri Valley, one Pacific Coast and a scattering of other formidable foes.

In addition to meeting Army and attending to family affairs, Oklahoma has games on tap with Texas, Texas A. and M. and D.C. of the Southwest Conference and the Missouri Valley.

Nebraska will meet three Big Ten teams, Minnesota, Indiana and Iowa and UCLA at Los Angeles, Nov. 30.

Missouri will try against Ohio State, Texas and Southern Methodist, and Colorado and St. Louis University.

The Kansas end has outside games with D.C. Oklahoma A. and M., U. of Colorado and New Mexico.

Nevada will play at Seattle and Drake will face the Big Six with many Big Ten opponents.

Kansas State will play at Oklahoma City, and Oklahoma State will play at Oklahoma City and at Dallas, Sept. 29.

A state named Beau Pere was a pond puppy after the war, and the name of the pond was Beau Pere. The pond was in the state of Texas and the name of the pond was Beau Pere.

Herald Eliminated From Playoffs In Last Nights Tilt

In one of the most thrill packed twin-bills played at the Lakeloft Park the Moss Amusement Company downed the Security Lumber team last night by a 15 to 7 count and the Haynes and Williams team scored a 5 to 0 shut out over The Sanford Herald Newsmen.

The Moss team opened the first inning with a two run upstart, but the Security Lumber Company quickly scored a single marker. In the fifth inning Moss unleashed a heavy attack and placed the game on ice by scoring eight runs.

The nightcap was won by the Haynes and Williams team behind the fine fielding of Arthur Williams and stellar defensive play of the Pitmanmen.

The Herald could not muster a punch when men were on the bases in order to score. Five miscues afield proved costly to the Newsmen.

The Sanford Herald was eliminated from the playoffs last night and Haynes and Williams will play the winner of the Moss and Security Lumber contest.

The Moss Amusement Company will meet the Security Lumber Company in a single game at the Lakeloft Park Thursday night at 8:00 o'clock to determine the team that will meet the Haynes and Williams aggregation in the final playoff.

The Sanford Herald was eliminated from the playoffs last night and Haynes and Williams will play the winner of the Moss and Security Lumber contest.

ORLANDO vs. SANFORD

DO YOU PAY YOUR BETS?

A man usually pays the bets he loses. One bet, however, is unpaid by many... the gamble on the uncertainties of their own financial security in old age, or that of their families should death deprive them of their support.

Are you making that sort of bet? If you become disabled or die, will you or your family have enough life insurance protection to remain independent and not suffer from privation?

A Woodmen life insurance certificate guarantees protection against these uncertainties of life. And while you build this security for yourself and your family, you also can enjoy the "plus" benefits of Woodmen's fraternal and social activities.

See the local Woodmen representative. Let him tell you about safe, sound Woodmen insurance protection and the many "protection plus" benefits Woodmen members enjoy.

Famous Horse Show Resumes This Season

STONY BROOK, N. Y. (AP)—The North Shore Horse Show, one of the nation's largest and best attended shows, will be resumed this year, September 5-7, after a lapse of five years. Discontinued because of the war, the show is open to all classes.

Cooch Proves Adept In Brother Squeeze

NEW YORK (AP)—Tony Cuccinello, who lost the American League batting crown by one point last season, still lays down a perfect bunt.

How Can Housing Keep Up With Stork?

URBANA, Ill. (AP)—A student was assigned a small home in a portable housing project for married veterans at the University of Illinois at 2 p. m. At 2:30 p. m. he returned to the office and asked for larger quarters. His wife had just given birth to another baby.

Evidence Sparse In War Crime Case

WARSAW (AP)—The Polish Ministry of Justice had planned to try Hans Fischer, former Nazi governor of Warsaw, for war crimes. The court had taken into a difficulty in collecting evidence. Newspapers reported that many documents which could have been used by the prosecution were destroyed in the unsuccessful 1944 Warsaw insurrection.

Flood Control Needs Are Told At Hearing

Continued From Page One The end result and caution against lowering of the water table is to interfere with the water supply.

In behalf of the Seminole County Chamber of Commerce, H. H. Coleman and Edward Higgins today declared that they were very much pleased with the results of the hearing, particularly in regard to the cooperation shown by all communities in Central Florida and by the support and representation from the City of Jacksonville including Mayor F. C. Whitehead, its chamber of commerce, waterway development committee and boating interests.

It is reported that surveys by engineers had been made since 1929 on the canal project and that still further extensive surveys would be made if it is approved. He told of extensive canal developments in Florida and of the benefits of the proposed canal, not only from the commercial and pleasure boat standpoint, but as correcting flooding or lack of water.

A statement in favor of the project came from McLain Berge Line which will operate large cargo boats to New Jersey. The Jacksonville representative of the St. Johns River Line also expressed favor for the project and stated that the line, which has discontinued service on the canal since the war, would resume it during the next four months and expected to carry about 10 barges.

Mayor C. Frank Whitehead of Jacksonville Propeller Club, declared that his organization numbering 200 members, and representing nearly all large waterfront interests in Jacksonville, approved of the canal.

George W. Gibbs, of Jacksonville, president of the St. Johns River Improvement Association, said that while in his position he could not sponsor the project, he was interested in it from the point of view of an added navigable channel.

E. G. Holden, of the Jacksonville Chamber of Commerce Waterway Development Committee said that Jacksonville and Central Florida are on the threshold of new developments with 150 new business concerns in the Jacksonville area alone and that his group is vitally interested in the entire St. Johns River improvement project.

W. R. Gradick, large cattle owner south of Melbourne, said that large areas would be opened for cattle raising if there was proper drainage. Other cattlemen represented as favoring the project were Charles Lee, J. L. Moorehead, Jr., R. D. Koane, R. B. Wight, Cameron Brothers A.

Rioting Subsides In City Of Calcutta

CALCUTTA, Aug. 21 (AP)—The rioting and bloodshed that swept Calcutta for five days now have subsided, and the city's biggest worry at the moment is food. Authorities are striving to get food stores reopened and other facilities functioning again.

RAF Plane Attempts To Set New Record

BLACKBUSHE, Surrey, England Aug. 21 (AP)—The RAF Lancaster Aires took off today in an attempt to set a new record in a flight from Britain to New Zealand. The job-flying ship also will demonstrate the use of the latest navigational facilities in aeronautics.

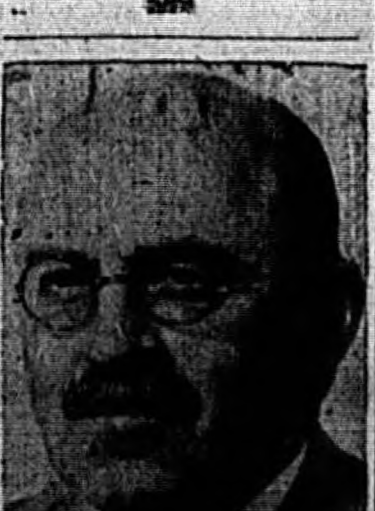

U. S. Airlines Alter European Flights

VIENNA, Aug. 21 (AP)—United States Army authorities announce that Pan American Airline flights from Vienna to Istanbul, Turkey, will no longer stop at Budapest, Hungary, and Bucharest, Romania.

The officials say that those two cities have refused landing facilities to United States commercial airlines. The flights from Vienna to Istanbul probably will be rerouted by way of Naples, on the line which runs from New York to New Delhi by way of London, Brussels and Prague. The detour will amount to several hundred miles.

AN OFFICIAL of the War Assets Administration, Anthony J. Flood testified before the House Committee in Washington investigating surplus property sales. Looking at a copy of an order placed by Benjamin F. Fields, self-styled promoter, he declared the latter obtained scarce bronze wire without proper certification and at a reduced price. Warning Given To Parley By Red Delegate

Ukrainian Declares Balkans May Again Become Powderkeg To Threaten Peace

PARIS, Aug. 22.—(AP)—The peace conference held a plenary session today and heard an airing of Balkan quarrels. From the delegate of the Russian Ukraine came this warning: The Balkans may become the powderkeg of Europe once more and threaten world peace.

The representative — Dimitri Manuilsky — was arguing on the side of Albania against Greece. Earlier, Greek Premier Constantinos Tsaldaris had announced that he would like to see the Italian treaty amended so that Greece would receive northern Epirus which is southern Albania now. Tsaldaris contended that his country's claim to that area dates back several centuries.

However, the Russian Ukrainian spokesman took another point of view. Said he: "We now see how the declarations made here by Greece really endanger the peace of the world. We know how wars have been prepared."

Then Manuilsky asserted that "someone" — he did not identify that someone specifically — is seeking to cause trouble on the Albanian frontier. He declared that what he called the abnormal situation in Greece may create Balkan trouble. The Russian acknowledged that the Albanian parliament once voted support of Mussolini. But he added, "Other votes are now being prepared elsewhere which may have results as strange."

He charged that the Greek government had falsified voters' lists. He wanted to know why the referendum on the return of King George to Greece was being held this year instead of in 1945.

"It is clear," asserted Manuilsky, "that someone wants this referendum taken in a hurry and for a purpose."

Condemned For Haifa Bombing

CHAINED TOGETHER two of eighteen Jewish men stop precede their comrades as they arrive at the British military court in Haifa, Palestine, where they were given the death sentence for their alleged part in the blowing up of the city's railway workshops. Four girls (bottom) who received their imprisonment, arrived along the national anti-Bandage cover injuries received in truck crash as they were escaping scene of blast (News of the Day News) from International.

Witness Says Yugoslavs Cheered After Fighters Downed Transport

TRIESTE, Aug. 22.—(AP)—An eye witness account of the shooting down of an American transport by Yugoslav fighters was given today by a former American soldier. The veteran, who asked that his name not be used, said that from where he saw the incident the Yugoslav planes involved appeared to be of American manufacture.

The American who saw the incident from a hotel window near the town of Ribed, asserted that the sound of the planes' motors and the lines of their bodies convinced him that they were American P-51 Mustangs.

The American, a veteran of combat service in Italy, added that he himself heard no sound of shooting but that other witnesses in the streets of the Yugoslav town later told him they heard four or five loud explosions resembling cannon fire.

"It was clear," he declared, "that the transport plane was hit in the air and was burning."

Legion Officials Leave To Arrange Boys State Plans

W. B. Zachry, Jr., state adjutant, and Holmes Melton, assistant state adjutant of the American Legion, left this morning for Tallahassee in order to make arrangements for the Boys State program at Tallahassee which the Legion is sponsoring.

Five Sanford boys, accompanied by Edward Marshall as counselor, will leave Saturday morning to join the mythical boys state at which 260 boys from all over Florida are expected to be present.

The following boys from Sanford, sponsored by civic clubs will attend: John Brunley, Lions Club; Simon Dingfelder, Kiwanis Club; Larry Lassing, Elks Club; Francis Babcock, Rotary Club and Francis Wilson, Jaycees.

H. C. Mermstock Of St. Cloud Speaks At Townsend Plan Meeting Held Here

The regular, monthly meeting of the Fifth District Council of the Townsend Club was held Sunday at 2:00 P. M. in the Court House with approximately 50 members hearing H. C. Mermstock of St. Cloud deliver an address on the Washington Flash, the Townsend Plan publication.

Mermstock said, "It is a lot of Downey of California, Robert Taft of Ohio and Claude Pepper of Florida now have a senate vote for the Plan to come on the floor for the first time in 13 years. Although the Plan did not pass in Congress because of the 'tag' rule, Mermstock quoted Downey as saying, 'Most of the senate and the majority of the distinguished thinkers rose to vote for the program and set the stage for a better fight on Jan. 7, 1947 and added, we must not give up now. Friends of the Townsend Plan in the northern states joined for the first time with southern senators and congressmen. Senator Walter George of Georgia, chairman of the senate finance committee, joined with the Townsend Plan supporters, having previously been opposed to liberal aid grants. Senator Olin Johnson of South Carolina threw his weight for the Townsend Plan and gave some stirring tributes to Dr. Townsend."

"At this time Senator Downey urged that the Plan to specifically called by name in the study which has been promised for 1947."

Tito Summons Top Advisor For Meeting With U.S. Ambassador

Russian Paper Resumes Attack On US-Anglo Bloc

Publication Charges France Is Swinging Into Alliance

MOSCOW, Aug. 22.—(AP)—The Soviet newspaper Pravda, organ of the Communist party, resumed its attack today on what it calls the Anglo-American bloc at the Paris Peace Conference. In today's article the newspaper charged that France is also swinging into the Anglo-American bloc.

In a dispatch from Paris, Pravda correspondent Boris Zhekov complained that the French delegation has been taking a different line from the one taken by the French representatives at the last Foreign Ministers Conference.

Zhekov noted that Leon Blum, former French premier, has been a week-end guest of Secretary of State Byrnes and has been seen frequently in company with Byrnes. The Russian writer suggested that this fact may explain the alleged change in the French attitude.

Zhekov further asserted that the Anglo-Americans are out to build up a world economic rule based on the American dollar, and that Blum is an advocate of this idea.

Clashes Between Hindus, Moslems Spread In India

BOMBAY, Aug. 22.—(AP)—Clashes between Hindus and Moslems are spreading today in India. The rioting first appeared in Calcutta last week end.

Police are taking strong precautions in two cities in Bombay province — Dacca and Ratanagar — to prevent further outbreaks of violence. Clashes also have occurred in two other Indian provinces.

Both Moslem and Hindu leaders in New Delhi have condemned the rioting. It is being said that the better fighting will affect current efforts to form an interim government pending plans for making India independent.

Meanwhile, authorities are trying to increase the seriously depleted food supply in Calcutta. Workmen are continuing the gruesome job of picking up bodies and clearing away the wreckage of looted shops.

F. W. Dubose Faces Trial For Driving While Intoxicated

Following arrest on charges of reckless driving, driving while intoxicated and without a driver's license, F. W. Dubose was released on bond today pending trial in City Court Friday.

According to police, Dubose, while headed north on the Orlando Highway early this morning, lost control of the automobile he was driving and crashed through the fence of the cabin court at Twenty-Fifth Street, ran through the yard and narrowly missed a cabin, then through the fence on the other side and came to rest in a ditch. He was reported to be unhurt. The automobile is the property of W. A. Dodson of 817 Myrtle Avenue.

Larry Lossing Will Attend Boys State

Larry D. Lossing, son of Mr. and Mrs. Ralph Lossing and well known boy cartoonist, who has appeared at many civic functions here, has been selected as a representative to the forthcoming Boys State program at Tallahassee by the Sanford Elks Lodge.

Larry Lossing is a cousin of the late Arthur D. Lossing who was killed in action in World War I, and whose name was incorporated into that of Campbell-Lossing Post 53 of the American Legion.

TRUMAN IN BERMUDA HAMILTON, Bermuda, Aug. 22.—(AP)—President Truman arrived today in the capital of Bermuda. The Presidential yacht Williamsburg headed south after running into storms on the northeast coast of the United States.

Searching Debris For Victims Of Tornado

RESCUE WORKERS SEARCH SCATTERED DEBRIS for victims of a tornado which destroyed a large section of the city of Sanford, Fla., on Aug. 21. The death toll is expected to rise as the search continues. Another disaster hit the town of Weir, Fla., on the same day.

No Abolition Of Rent Controls In Area Foreseen

Statement By Jack Rattigan At Jaycee Luncheon Today

President Jack Rattigan of the Sanford Jaycee Club today announced that he had been informed by the Office of Public Affairs that the local government body that he could not foresee any abolition of rent controls in the area.

Mr. Rattigan, who is also president of the Sanford Chamber of Commerce, said that he had been informed that the local government body that he could not foresee any abolition of rent controls in the area.

Preliminary Work Is Started On Installation Of Parking Meters

PRELIMINARY WORKING AND PLANNING for installation of parking meters was started yesterday by city workers under the direction of Ralph Eaton, city engineer, and E. C. Bell, city superintendent of the M. H. Ruffin Co. of Sanford, who is the contractor for the meters.

The meters will be installed in the following areas of the town: First Street, between Sanford and Oak Avenues; Park Avenue between Commercial Avenue and Second Street; Main Avenue between Lake and Second Streets and in front of the Grand Plaza and in front of the Grand Plaza and in front of the Grand Plaza.

The meters will be installed in the following areas of the town: First Street, between Sanford and Oak Avenues; Park Avenue between Commercial Avenue and Second Street; Main Avenue between Lake and Second Streets and in front of the Grand Plaza and in front of the Grand Plaza.

Wartime Spy Runner Is Purchased By New Zealander From Australia

By GORDON A. TAIT

SYDNEY—A retired Royal Australian Navy ship with a long war record in Japanese waters, touched Sydney recently on its way to New Zealand to start a new career as a pleasure yacht.

Built like a Macassar prau, this 46-ft. vessel, the Binting San, once mounted hidden machine guns and trench mortars as she sailed in 1944 behind the Japanese lines to drop spies on islands of the Netherlands East Indies, and pick up Japanese secret information.

The present owners, Australian engineer Donald Jennings and his wife, have pieced together some of the history of the vessel since they bought her from the Australian Government.

Standing high out of the water, with masts as thick as telegraph poles, the Binting San was laid down in Brisbane in 1942 by local boatbuilders. Five Ambonese supervised to see that the boat was

Byrnes Leaves Peace Conference To Talk With Advisors On European Affairs

BELGRADE, Aug. 22.—(AP)—The Yugoslav government responded today to an American ultimatum by releasing seven Americans who were taken into custody when their army transport plane was forced down on Aug. 9. Their release came one hour before the United States presented to Marshal Tito a 48-hour ultimatum demanding that they be freed and allowed to leave Yugoslavia safely.

With the exception of the pilot, the crew was declared that their plane was not fired upon after it was on the ground. This statement was corroborated by the passengers. There still is no word of the fate of the crew of the second plane.

PARIS, Aug. 22.—(AP)—The chairman of the Senate Foreign Affairs Committee, Senator Tom Connally, arrived in Paris today. The Texas senator conferred immediately with Secretary of State James Byrnes on the Yugoslav situation. Connally was called by Paris by Byrnes to join in the Peace Conference discussions.

WASHINGTON, Aug. 22.—(AP)—Under Secretary of State Acheson already is preparing to call the United Nations Security Council to action against Yugoslavia should that nation defy Washington's angry 48-hour ultimatum over the plane incidents. The deadline for Yugoslav compliance is tonight at 11 o'clock tomorrow night (ET).

BELGRADE, Aug. 22.—(AP)—Marshal Tito has summoned his top foreign relations advisor to be present today at his meeting with United States Ambassador Richard C. Patterson. The meeting will be held at Tito's summer home in Ribed, near the Austrian border.

It is being reported from Belgrade that the Yugoslav Premier, Josip Broz Tito, is demanding immediate release of American airmen forced down when two American transport planes were shot down in Yugoslav territory near the Austrian border.

Two other members of the crew were seen to parachute from the plane as it fell. They are believed to be held by the Yugoslavs, along with seven other Americans and three non-American passengers of another Army transport plane which was forced to land ten days earlier.

PARIS, Aug. 22.—(AP)—Secretary of State James Byrnes gave the Yugoslav situation precedence over all other matters today. He left the Paris Peace Conference session almost as soon as it convened to confer with his advisors.

Byrnes met with Charles E. Bunsen, State Department advisor on eastern European affairs, and Samuel Reber, advisor on European affairs.

It was doubted that there would be any immediate official comment from the Yugoslav peace conference delegation on the United States ultimatum. One Yugoslav source declared that the matter was in the hands of Marshal Tito. There was no indication whether the ultimatum will be accepted or rejected.

LE WILLIAMS RELEASED

Leut. Fred H. Williams, 420 Oak Avenue, has been placed on inactive duty by the United States Navy, according to information received today by the Naval Personnel Separation Center, Jacksonville.

TO STUDY BUDGETS

President Jack Rattigan of the Sanford Jaycee Club today said that members of the board of directors had voted make a thorough study of city budgets for 1953-1946, 1944-1945 and 1945-1946.

Lieut. Epps Sails For Overseas Duty In Japanese Area

Lieut. (jg) Aubrey W. Epps, Jr., Dental Corps, USNR, sailed Saturday from Seattle aboard the Marine Devil for Yakushima, Japan, where he has been attached to the United States Army occupation forces.

He formerly attended the Brook Army Medical Center at Fort Sam Houston, Tex., where he finished courses in tropical medicine and epidemiology.

Following his graduation, the Naval Reserve permitted him to practice private dentistry in association with his father. Dr. A. W. Epps until such time as he should be called back to active duty.

W. B. Zachry, Jr., Passes District Bar Examination

W. B. Zachry, Jr., son of Mr. and Mrs. W. B. Zachry, 619 Magnolia Avenue passed a district bar examination conducted in Washington, D. C. in June. It was recently announced by the United States District Court.

Following graduation from the University of Florida, Mr. Zachry took up the study of law at George Washington University. This course in which he expects to receive his law degree within the next 30 days, was interrupted by the call for military service. He served three years in the Army Air Corps.

Mrs. Zachry, the former Marjorie Ingley, works for a law firm in Washington. They live in Alexandria, Va.

Two Story House Is Moved On Trailer

With L. C. Bender, state highway patrolman proceeding, a two story house mounted on a semi-trailer was yesterday freed at speeds up to 18 miles an hour from a point near the Rustic Cottages on the Orlando Highway to a point near the Anchor Inn on the highway. The house measured 30 by 48 feet.

Today the one story Free Methodist structure of Lake Monroe was towed down Lake Shore Boulevard by Fourth Street near Laurel Avenue. It will be converted for use as a paragon building.
