

Weapons Clank As War History Beats Abroad

Of French Is Matched By Pride Of German Nation

By MELVIN E. COLEMAN
The signing of the armistice which ended the war in 1918, was a day of peace and hope for the world. It was a day when the world was united in a common purpose to build a better world for the future.

But the world has not been united since. The world has been divided into two camps. The world has been divided into two camps, the camp of peace and the camp of war. The world has been divided into two camps, the camp of peace and the camp of war.

Weapons clank on both sides of the border. Diplomats hurry from conference to conference to send reports to their offices. Governmental leaders, annual calumny and editors lead for cool heads.

Europe poised throughout the past decade of the century. Clash of colonial interests in Africa brought several acute crises but the combination of the "tripartite alliance" of Germany, Italy and Japan, against the "league of nations" of the world, kept the balance tilted on the peace side.

When the scene swung to the Balkans, Turkey's grip on her European lands was loosening and the "big brother" of the north was still feeling the effects of the 1904-5 defeat by Japan. In October, 1908, Austria-Hungary annexed Bosnia and Herzegovina. Neighboring Serbia protested and called on St. Petersburg for help. Berlin warned that Russia must not interfere. The czar's forces were not ready for another war, so Serbia was compelled to acquiesce.

But not the people of the Balkan provinces, "Revolutionaries" fanned there, particularly in Bosnia through the Balkan wars of 1912-13. France persuaded Russia to stay out of those embroilments and Germany and Italy kept Austria-Hungary from intervening.

Meanwhile Germany was increasing her army and building a navy; France as she has today, had strengthened the service terms of her military conscripts; England was working out military co-operation with her dominions and Russia had embarked on a five-year plan for rebuilding her war machine. Austria-Hungary's general staff had drawn up full plans for a campaign in the Balkans.

Arms Program Is Speeding Work In British Factories

By ELMER W. PETERSON
LONDON, Mar. 17.—(AP)—Britain's projected \$1,500,000,000 rearmament program is expected to give British industry a shot in the arm that will put tens of thousands to work and bring black smoke pouring out of steel mill and workshop.

To the industrial revival already under way, through increased prosperity, there will be added the impetus of enormous government spending. Everything is in readiness for the program as far as the task of changing money into guns, war machines, airplanes and ships is concerned.

For weeks and months, with the talk of rearmament in the air, the centers of industry have been getting ready. Factories have been put in order. The demand for tools and machinery has cut deep into unemployment.

Steel production for January, at 912,500 tons, was a record. Britain's airplane industry, already working overtime on orders for the royal air force, is preparing for an even faster tempo when the rearmament plan becomes fact.

A definite spur-line up of the motor industry likewise is anticipated, while shipbuilders, with commercial orders piling up, look for new contracts under the naval expansion program. Ordinary industrial recovery continues in Britain, with a shortage of skilled labor reported in some instances, and with iron and steel production at its highest since 1927. National revenue is reported as increased by more than \$100,000,000 over the same time last year.

In Sheffield, steel center, production has increased 110 percent since 1931, while unemployment has dropped from 57,000 to 29,000. New blast furnaces are being prepared and pig-iron has been "rationed" to mills.

In Manchester mills producing coarse yarn and cloth are working at full speed. Cotton textile production is back to 75 percent of capacity.

In Glasgow, Scotch shipbuilders have 80 ships on the stocks, while Southampton also reports a revival in shipbuilding. Britain report throughout Britain report construction of new factories and business premises.

16 Candidates In Governor's Race Is All-Time High

More Have Announced In This Campaign Than Ever Before

TALLAHASSEE, Mar. 17.—(AP)—The number of candidates for governor in the 1936 election has set a new high-water mark for Florida. Sixteen are seeking the Democratic nomination, while other political parties have not named any candidates so far.

The first nomination primary is more than two months away, but at least the candidates are showing more interest in the campaign than ever before. The first primary is June 2, with the second primary on June 23.

Chief Justice J. B. Whitfield of the Supreme Court, who has observed many political campaigns, and W. T. Cash, state librarian, who has recorded the campaigns, said the 16 now in the Democratic nomination race marks a new record for candidates.

The previous record was in the 1932 nominating primary when nine candidates were in the field. More announced that year, but some of them withdrew before time to pay the qualifying fees. The governor elected this year will succeed Governor Dave Sholtz next January to serve a term of four years. Sholtz was nominated and elected in 1932.

Candidates who have announced this year for the Democratic nomination are Grady Horton of Wauchope, Jerry Carter of Tallahassee, Stafford Caldwell of Miami, Dan Chappell of Miami, Fred P. Cone of Lake City, Redmond B. Gaugler of Miami, W. C. Hodges of Tallahassee, Amos Lewis of Marianna, Mollie Martin of Crestview, Carl Maples of Wakulla, Noel E. Mitchell of St. Petersburg, Leslie J. Miller of St. Petersburg, B. F. Paty of West Palm Beach, Raleigh Petteway of Tampa, Peter Tomassello of Orlando, and J. R. Yearwood of Winter Haven.

The number seeking the governor's race exceeds the number of candidates for other state offices. Each candidate must pay \$250 to the state and \$125 to the Democratic executive committee to become qualified for the race. Approximately 350,000 voters will be qualified for the election. In the first Democratic primary in 1932, there were 276,820 voters cast and tabulated. In the 1935 general election, the vote totalled 370,593 with Sholtz, the Democratic nominee, receiving 186,270 to defeat W. J. Howey, Republican candidate, who received 93,323.

Powdery Mildew On Grape Myrtle Can Be Controlled

By MELVIN E. COLEMAN
The first signs of infection on leaves are small whitish spots on upper sides. These spread until the whole leaf is covered by thousands of spores which appear to be a coating of white powder; hence the name, powdery mildew. From infected leaves, the spores are blown to other leaves and plants and infect them.

Young leaves are most often attacked by the pest. When infected, the leaves do not expand normally, but remain folded or become misshapen. When flower spikes appear they also become infected and fail to develop into good bloom.

Favorable conditions for the fungus, says Erdman West, Experiment Station mycologist, are moisture and shade. Bushes under trees are most severely affected.

Powdery mildew, Mr. West explains, may be controlled by applying a fungicide composed of one part commercial lime-sulphur to 80 parts of water as soon as spores appear on the young leaf buds of the bushes. This fungicide may be obtained from most seed and farm supply houses.

The "mailman" at Osborn, Kas., is Miss Elizabeth Cradick, one of the few women mail carriers in the United States.

Only \$615 ... and it asks no odds of any car at any price

Impressive victory in famous economy run officially confirms Pontiac's superior economy!

THE annual Yonkers Valley Economy Run is the year's big test of economy driving—and here is what it revealed: Under American Automobile Association supervision, the 1936 Pontiac averaged 32.5 miles on an average of 22.5 gallons per gallon on all classes, including all vehicles in its class.

This within the means of Pontiac's 2000. Paced by Pontiac, you can't do better. Buy a Pontiac to save. Buy it for demonstration. Buy it for anything else you wish want to do. You won't be disappointed, for Pontiac asks no odds of any car at any price.

New President Of Trade Body To Be Elected

Special Meeting Of Chamber Of Commerce Called For Tuesday, March 24

Papworth Plans To Resign Then Committee Suggests Simpson As Proper Man For Position

The Seminole County Chamber of Commerce will meet in special session next Tuesday evening, Mar. 24, for the purpose of accepting the resignation of H. M. Papworth as president of the body and to elect his successor. It is also expected to make plans for a membership campaign.

Call for the special meeting was issued last night after a prolonged discussion by directors and members attending an adjourned meeting of the Chamber of Commerce at which was read a report of a special committee appointed for the purpose of making recommendations as to reorganizing the body.

The committee's report was finally accepted after a lot of talk and the introduction and withdrawal of several motions, the making of other motions, the acceptance of substitute motions, and the final decision to leave determination of the matter to the board of directors next week.

The committee recommended against reorganizing the Chamber of Commerce, but suggested H. M. Simpson for election to the presidency to fill the vacancy which will be caused when Mr. Papworth resigns.

Mr. Papworth repeated his determination to resign as president of the Chamber of Commerce, declaring that he believes he is entitled to a rest after many years of public service, but he will not officially tender his resignation until after the meeting in Orlando next Monday of the State Road Department. He wants to make one more fight, as president of the organization, for State Road No. 44 that meeting.

After the committee's report recommending the election of Mr. Simpson was made and while the directors and members were discussing whether a new president could be elected before the next regular board meeting on Apr. 14, Martin Stako of Slavia was to remark that the organization "has a perfectly competent president in Mr. Haines" and he wanted to know why Mr. Haines (Benj. F. Haines of Altamaha Springs) should not succeed to the presidency until the end of the present fiscal year next September.

From Mr. Stako's query, T. Williams, a member of the board, said:

Dunn And Thrasher At Lake Mary Meet

The names of Charles Dunn and J. Thrasher, candidates for County Commissioner from the First District, were inadvertently omitted from the list of candidates to address the mass meeting at Lake Mary on Monday night. The names of both appear daily on the editorial pages published in The Herald and both were present at the political gathering delivering their talks.

Williams First To Announce In First District

W. B. Williams, County Commissioner from the First District comprising Ocala, Slavia and Goldrod, today announced as a candidate for re-election to the board, the first to announce from that district. In asking for another term on the Commission he states that he favors lowering taxes wherever possible and that he will look after the interests of the entire county to the best of his ability.

Mr. Williams was appointed a County Commissioner in January of two years ago to fill the unexpired term of the late L. F. Mills, and in June following was elected to a full term. He was the Sanford city manager for five years, and was mayor for two years of Ocala. His home is in a colony named for him in the Seminole County. He has lived in Seminole County for the last 25 years and belongs to the Methodist Church and the Woman's M. Williams was born at Mt. Vernon, Ill.

DUST OBSCURES SUN PROXIMITY

Dust blown over a large part of Arizona and New Mexico yesterday, reducing visibility to a few miles.

ANKLE INJURY

ANKLE INJURY. Mrs. J. W. Smith, of Sanford, was injured by a fall from a ladder at her home.

Enters Politics

Lewis A. Tate, six-b man to enter the race for sheriff of Seminole County in this year's campaign, was second high man in the 1932 election when he was a candidate for the same office. Mr. Tate was born in Osteen in 1899.

Papworth Urged To Retain Place On Market Board

Is Given Credit For Keeping It Out Of "Interests" Hands

Given the credit for keeping the Sanford State Farmers Wholesale Market out of the hands of the "interests," H. M. Papworth was last night urged by other members of the supervisory committee of the market to retain his place on that board and to continue to act as its chairman.

Mr. Papworth told the committee at its regular monthly meeting last Monday night that he was resigning the presidency of the Chamber of Commerce and that therefore he was attending his last meeting as the trade body's member of the committee, and repeated that assertion at the meeting of the Chamber of Commerce last night. He declared that it is his determination to resign from all public offices, and "will even turn the ball park back to the City Commission."

James Wilson of Chuluota, George Balmes and F. F. Dornier were the market supervisory committee members attending the Chamber of Commerce meeting who vigorously opposed Mr. Papworth's announced intention of resigning from the committee. All of them told of the hard work he had put in for the market.

Mr. Dornier declared that if Mr. Papworth resigned there was danger of the market getting into the hands of "interests," and if that happened, he said, he would just as soon see a match set to the market as Mr. Dornier president of the Seminole County Agricultural Association, and stated that Mr. Papworth had consistently battled for the farmers on the market.

Williams First To Announce In First District

W. B. Williams, County Commissioner from the First District comprising Ocala, Slavia and Goldrod, today announced as a candidate for re-election to the board, the first to announce from that district. In asking for another term on the Commission he states that he favors lowering taxes wherever possible and that he will look after the interests of the entire county to the best of his ability.

Militia Guard For President Ordered Today

Steel Helmets To Be Worn But Soldiers Are To Carry Only Their Side Arms

Order No. 1 from headquarters of Company D, 124th Infantry, Florida National Guard, was issued this afternoon by Harold C. Washburn, captain commanding, ordering the local machine gun company to service in Winter Park next Saturday morning for the purpose of guarding President Roosevelt on the occasion of his visit to Rollins College. The guardsmen are to assemble at the Sanford armory at 6:45 o'clock Saturday morning and will be taken to Winter Park by motor bus.

The official order reads as follows: "Pursuant to instructions contained in Special Orders No. 65, the Adjutant General, Florida, Mar. 17, 1936, this organization is ordered to active state duty Mar. 21, 1936, and will report to the sheriff of Orange county, for guard duty in connection with the visit of the President of the United States.

"The prescribed dress is: Flannel shirts, steel helmets, black necktie, spiral leggins, service shoes and pistol belts. The new issue khaki breeches will be worn. All men are enjoined to be particularly neat in personal appearance, spiral leggins, service necktie, spiral leggins, service shoes and pistol belts. All members of this organization will report at the Sanford Armory at 6:45 A. M., Mar. 21, 1936. Transportation by motor bus.

On completion of this duty, this organization will return to its home station and stand relieved. The travel directed is necessary in the military service."

New Charges Are Filed Against 5 Daytona Officials

DAYTONA BEACH, Mar. 18.—(AP)—A petition charging Mayor E. H. Armstrong and other city officials, individuals and corporations, with conspiring to "divert \$100,000 in city funds" was filed in circuit court at DeLand yesterday.

City Commissioner Ralph Richards and Harry Wilson, former city commissioner, demanded in the action that the funds be placed in the city treasury. They alleged the money was diverted in the course of tax sale certificate deals.

Greatest Flood Of Century Menacing City Of Pittsburgh

Billion And Half For Relief Asked By The President

Gross Relief Outlay For Year Will Be \$3,100,000,000

WASHINGTON, Mar. 18.—(AP)—President Roosevelt today asked Congress to appropriate \$1,500,000,000 for work relief during the next government year beginning July 1.

In a special message to Congress, the Chief Executive reviewed the unemployment problem, proposed that new funds go entirely to the Works Progress Administration and added: "The trend of re-employment is upward, but this trend, at its present rate of progress, is inadequate. I propose, therefore, that we ask private business to extend its operation so as to absorb an increasing number of the unemployed. If the employment gains are substantial enough, no appropriation by the next Congress for the fiscal year of 1937 will be necessary. The ultimate cost of the federal works program will thus be determined by private enterprises."

In making his request for a billion and a half, the President noted that more than one billion dollars would be spent out of the treasury during the next fiscal year from prior appropriations, while the budget contained \$600,000,000 for various public works and the Civilian Conservation Corps. Therefore, the gross projected relief outlay approximated \$3,100,000,000.

30,000 Are Expected To Be Homeless In West Virginia City

Heavy Loss In Life, Property

Rescue Work By U. S. Agencies Ordered By The President

By The Associated Press
The most widespread floods in years swept through Pennsylvania and other northeastern states today, isolating many cities and causing heavy loss of life.

President Roosevelt ordered federal agencies to mobilize quickly for rescue work.

At least 17 persons lost their lives in Pennsylvania. Floodwaters receded at Johnstown, scene of the famous flood of 1889, but the greatest flood of the century menaced Pittsburgh and hundreds of neighboring communities. Damage ran into the millions.

At Wheeling, W. Va., rivermen said 30,000 would be homeless tomorrow. Uncounted thousands already were marooned in western Pennsylvania. Three thousand families left their homes in Williamsport, Pa.

Buffalo, N. Y., was digging out of snowdrifts. One youth was drowned and thousands of residents fled for their lives to high ground last night when Johnstown, Pa., where 2,300 lost their lives in 1889, was flooded by more than eight feet of water and torrential rains thrust fresh terrors upon portions of several northeastern states.

In Cumberland, Md., National Guardsmen were ordered out to all hundreds to flee through flooded streets from their water-filled homes.

Circle Number Three Leads Church Meet

Circle Number Three had charge of the regular program meeting of the Women's Missionary Society of the First Methodist Church held Monday afternoon at the church. Mrs. J. A. Brown presided for Mrs. J. H. Crawford. The entire program was given as follows:

Opening hymn, "Guide me, O Thou Great Jehovah."
Scripture Reading, "Road Markers," Mrs. J. A. Brown.
Solo, "My Task," Mrs. F. E. Doan.
Poem by Edward Carynter, Mrs. J. A. Brown.
Hymn, "O Sometime the Shadow's Eye Deep."
Psalm.
Mission Study Discussion, Mrs. J. P. Hall.
Leaflet, "Blazing the Way for Better Health," Mrs. J. H. Powell.
"Blazing the Way for Recreation," Mrs. J. P. Hall.
"Blazing the Way for Better Education," Mrs. W. L. Clark.
"Blazing the Way in Industrial Reform," Mrs. Clarence Smith.
"Federated Children's Bureau," Mrs. J. A. Brown.

The meeting was dismissed with a prayer after which the members were served refreshments in the annex by Circle Number One.

The Following Officers Were Chosen:

- Pete Brock, president;
 - Al Brock, vice-president;
 - Joyce Steele, secretary;
 - Spence Williams, treasurer;
 - Bessie Adkins, program chairman;
 - Virginia Chapman and Laurelle Dutton, social committee.
- Those present were: Joyce Steele, Bessie Adkins, Olive and Virginia Chapman, Al Brock, Pete Brock, Spence Williams, Eugene Stinson, Billy Chapman, Ralph White, George Carter, Aubrey Whidden, and O. D. Landress.

Mary Emma Belyu Weds Jack Hall

Announcement was made today of the marriage of Miss Mary Emma Belyu, daughter of J. W. Belyu and the late Mrs. Belyu of Alexander City, Ala., to James Roland (Jack) Hall, of this city, son of Mrs. Irah Hall and the late J. R. Hall.

The ceremony was performed Monday at noon at the Methodist parsonage in Talladega, Ala., by the Rev. O. K. Lamb, pastor of the First Methodist Church of that city.

Mrs. H. E. Walker Is Guest Of Honor

Mrs. H. E. Walker, who plans to leave tomorrow for Altoona, Pa., after spending the winter here with her parents, Mr. and Mrs. E. J. Holly, was honored guest at a bridge party given Tuesday evening by Mrs. E. D. Caswell and Mrs. R. J. Holly, Jr., at the Caswell home on Magnolia Avenue.

Bridge games were enjoyed throughout the evening in the living rooms which were decorated with a profusion of gerberas, daisies, pasties, sweet peas, lilies, and other spring flowers. The tables and other bridge accessories were also elegantly decorated.

High score prize, a bath set, was awarded to Mrs. John L. Galloway while cut prize, a novelty tray, was presented to Mrs. Margaret Peters. Mrs. Walker was presented with silk hose and Mrs. T. I. Harris, Jr., of Macos, received a novelty tray as a memento of the occasion.

At a late hour supper was served by the hostesses, assisted by Mrs. W. C. Hill, Mrs. T. I. Harris, Jr., Mrs. W. A. Adams, and Mrs. Byron Stephenson. Those present were: Mrs. H. E. Walker, Mrs. T. I. Harris, Jr., Mrs. W. A. Adams, Mrs. Byron Stephenson, Mrs. John L. Galloway, Mrs. Bessie Barnett, Mrs. W. C. Hill, Mrs. Walker, Mrs. E. D. Caswell, Mrs. R. J. Holly, Jr., Mrs. Robert E. Holt, and Mrs. Robert E. Holt.

Personals

Mrs. Quinton Brown is improving at her home after a recent illness.

Friends of Mrs. Parke Hunter will be glad to learn that she is improving at her home after a recent illness.

Miss Helen Wilson, daughter of Mr. and Mrs. Fred R. Wilson of this city, won first award for the best oil portrait at the fifth annual Ringling School of Art student exhibition Sunday in the art galleries at Sarasota. Miss Wilson also received honorable mention for the best reproduction of a painting from the Ringling Museum of Art and made the highest grade for the last term. She is a first year student at the school.

Presbyterian Group Names Officers

Officers for the new year were installed by Dr. E. D. Brownlee at the 2nd meeting of the year of the Presbyterian Auxiliary held Tuesday evening at the church with Mrs. W. M. Thigpen, retiring president, presiding.

Annual reports were made by all officers and circle chairmen after which Mrs. J. N. Gillon led the devotion.

The following officers were installed: Mrs. W. L. Hanley, president; Mrs. Roy F. Mann, vice-president; Mrs. Wallace W. Bell, secretary; Mrs. W. A. Zachary, treasurer; and Mrs. Emma Woodruff, historian.

Committee chairmen selected were: Mrs. K. W. Pitt, spiritual life; Mrs. E. S. McCall, foreign missions; Mrs. E. L. Morrow, assembly home missions; Mrs. G. H. Brown, religious education; Mrs. J. O. Huff, Christian social service; Mrs. N. H. Garner, synodical and presbyterian home missions; Mrs. H. M. Rumley, Christian education and ministerial relief; Mrs. L. I. Frasier, literature; Mrs. H. H. McCallin, pastor's aid; Mrs. S. R. Dighton, social activities; Mrs. Henry Melanin, courtesy and house chairman; Mrs. E. D. Brownlee, press chairman; Mrs. Walter H. Bach, flowers; and Mrs. Ralph Austin Smith, parliamentarian.

Mrs. Stella P. Arrington and

Dependable Class Has Regular Meeting

Mrs. J. M. Morris and Mrs. R. M. Mason, Jr. were hostesses at the regular meeting of the Dependable Class of the First Methodist Church held Monday evening at the home of Mrs. Morris, West Twenty-second Street.

Mrs. V. I. Smith led the devotional and Mrs. E. A. Londenberg presided over the business session. A profusion of snap dragons in soft spring shades was used as decorations.

Refreshments were served at a late hour to the following: Mrs. Harry Weaver, Mrs. D. D. Smith, Mrs. Paul Johnson, Mrs. Carol Dennis, Mrs. E. C. Smith, Jr., Mrs. E. A. Londenberg, Mrs. O. K. Goff, Mrs. A. H. Middleton, Mrs. Gertrude Mulligan, Mrs. Harold Appleby, Mrs. V. I. Smith, Mrs. H. E. McCall, Jr., Mrs. Alice Ward, Mrs. William Wesley, Mrs. J. D. Callahan, Mrs. H. R. Handell, Mrs. Glenn, Mrs. J. M. Morris, and Mrs. R. M. Mason, Jr.

Flower Show To Open In Daytona Soon

DAYTONA BEACH, Mar. 18.—Giving winter visitors a definite idea as to the beauty and variety of Florida's floral offerings, the fifth annual "Everybody's Flower Show," sponsored by garden clubs of Daytona Beach, Ormond and smaller communities of the Halifax section, opens in Caslo Burygo tomorrow morning and continues through Sunday.

Mrs. M. M. Parrish of Gainesville, president of the Florida Federation of Garden Clubs, will preside at the opening, the state-wide attendance of garden-club members is expected Friday, which has been designated as Federation Day. Program features for the day include luncheon at the Prince George Hotel and inspection of the gardens of John D. Rockefeller at Ormond.

At The Mayfair

Mrs. and Mrs. John Watson left today for their home after spending a few days at the hotel.

S. B. Smith and George Hange of Marianna were overnight guests Tuesday at the Mayfair.

D. L. Gordon of Plant City and Mr. and Mrs. T. H. Lecha of Jacksonville are among those spending several days at the Mayfair.

564-Foot Shaft Will Mark Battleground

HOUSTON Tex., Mar. 18.—(AP)—A 564-foot shaft, nine feet higher than the Washington monument, will be erected as the San Jacinto memorial to mark the battleground where Texans won independence from Mexico 100 years ago.

SHE'S FLORIDA'S PRETTIEST!

Pretty Norma Crim of Miami was chosen "Miss Florida of 1938" at Miami's annual bathing beauty contest. She is shown with the trophy she won in competition with 200 other girls from all parts of the state. (Associated Press Photo)

'Bring 'Em Back Alive' At Ritz

Frank (Bring 'Em Back Alive) Buck, sans make-up and without benefit of Hollywood's props and lighting systems, gives a big show in nature's jungle settings in his third successive movie hit, "Fang and Claw," which opened last night at the Ritz Theater.

Before your very eyes, as it were, the bare-handed Buck, and half-clothed natives whose skin a tiger would no doubt love to touch, search the immensity of the jungle for their zoo and circus fodder, then man their traps, and wait for something to happen—and it's usually the unexpected that does happen.

Buck's dexterity with rope and his steady eye with a rifle along with his willingness to mix it bare-handed with dangerous felines search the element of suspense and surprise foremost in the pictorial story of the long trek through dense growths of tropical vegetation and quaint trees that harbor fangs and claws.

Chaplin May Wed On Reaching Singapore

SINGAPORE, Mar. 18.—Charlie Chaplin, screen comedian, will marry Paulette Goddard, his companion on a round-the-world trip, when they arrive here next Wednesday, the Malaya Tribune reported Monday. The newspaper said it understood a special license would be issued for the ceremony.

Landon Enemies Hope Legislature Brings Him Grief

By HERBERT PLUMMER WASHINGTON Mar. 17. Politicians here, Democrats and those Republicans opposing Governor Alfred M. Landon for the G. O. P. presidential nomination, have their eyes trained on developments in the Kansas capital.

The possibility that Landon may call a special session of the state legislature to settle the problem of Kansas co-operation with the federal government on assistance phases of the social security program is the reason. The social security board in Washington already has advised the state that its plans do not meet requirements for federal help. The principal objection is that the Kansas plan would be established on a county option rather than a state-wide basis.

From a political standpoint, however, the relative merits of the two plans have nothing to do with the question. The important thing is Landon's own statement that "We are going into all possibilities, including a special session of the legislature, to bring Kansas in under the program."

Opponents of Governor Landon would like nothing better than to see him forced into the position of having to deal with a special session "right away."

They are in it an opportunity, heretofore skillfully denied them, by the Kansas himself, for

"putting him on the spot." Landon's steadfast refusal to enter presidential primaries has all but disgusted his opponents for the Republican nomination. In the case of Senator Borah, who is taking on all comers, Landon's position is irritating to the point of frenzy. Landon's refusal to enter any at all, even in those states where he is conceded to be strong, has prompted Borah's supporters to characterize him as the choice of the Republican "Old Guard."

There is all sorts of speculation among politicians as to probable ways of embarrassing Landon in event he is forced into calling a special session of the legislature. Such things are always dangerous for a candidate on the eve of a test such as Landon shortly must face in the Republican national convention. Legislatures have a way of getting out of hand at times on the slightest provocation.

There's a danger, too, in what the legislature decides to do in the way of co-operating with the federal government on its social security program. Landon, equally might have to accept or reject plans which might result in criticism from both sides.

There is also the possibility that his stand on the social question will arise to plague Landon as he goes along with the dry. From the standpoint of a candidate for national honors this might be made an embarrassing issue.

Substitution Of Bonds For Frozen Issue Impossible

TALLAHASSEE, Mar. 18.—In the absence of legislative authority for making such an exchange, Attorney General Cary D. Landis has advised State Treasurer W. V. Knott he cannot substitute another issue of refunding bonds to take up an issue which was on deposit at Fort Pierce when the Fort Pierce bank closed Sept. 9, 1932. The deposit became a frozen asset when the bank closed and the Brovard county commission since has been advised by the liquidator, Knott said, the bonds should be exchanged for a new issue of refunding bonds. The amount of frozen funds is \$9,000, being special road and bridge district bonds, bearing 5 percent interest and dated Oct. 1, 1929, due Oct. 1, 1941. Attorney General Landis called Knott's attention to several previous rulings by his department in which the same lack of legislative authority existed, and in which he advised the board of administration, through the state treasurer, the exchanges should not be made.

Red Ink Business Is Growing Worse

PORTLAND, Ore., Mar. 18.—(AP)—The red ink business is growing rapidly worse, Fred Y. Whalen, ink company executive of Cambridge, Mass., reports. Whalen said red ink output increased "several hundred percent during the recent financial unhappiness," but the drop in sales of the product the past few months "is the most remarkable feature in our trade history." He reported mounting sales in other colors of ink.

Maggots Save Life Of Man With Cancer

CHICAGO, Mar. 18.—(AP)—A new therapeutic use for the lowly maggot—as surgeon in a skin wound—is discussed by three Los Angeles physicians. They were credited with saving the life of a California surgeon, the victim of cancer, in a report made by Dr. G. Mosser-Taylor, Nelson Paul and Samuel Ayres. Although use of maggots to remove bone abscesses long has been established, the three physicians called theirs the first instance where they were applied to a skin case. Orthopedic surgery, dressing and violent rays had proved unavailing for their patient, a former medical missionary, they related. But the treatment by maggots removed the diseased tissue and the wound healed. They described the course as extremely painful to the patient, requiring frequent periods of rest, but eminently satisfactory in its final results. The larvae were applied to the ulcer in a case of sponge rubber and wire, contained in a steel "window" held around it by plaster of paris cast.

VISUAL NEWS of the WORLD IN PICTURES

TO BE OR NOT TO BE—IN THE NUDE

Leaving California on a transcontinental airliner, Florence Gabitt, seven-year-old of the nudist colony at the San Diego exposition, told the world she would step from the plane in Newark, N. J., without anything. Airline officials were just as insistent she would do no such thing, and made their plans to restrain her—forcibly if necessary. (Associated Press Photo)

EASTERN FLOODS SPREAD DEATH AND RUIN

Ten deaths and damage estimated at millions of dollars were caused in eastern states by sweeping floods following sudden ice thaws. Reports of several feet of water in the streets at Easton, Pa. (top), citizens had to have their beer. And as they rowed right up to a saloon to be served at the door. A graver consequence of the flood is shown (below) in Sussex county, New Jersey, where a milk train on the New York, Susquehanna & Western railroad ran into a washout and was wrecked. One trainman was injured. (Associated Press Photos)

Former Movie Star Turns Auto Camper

In quest of better health, Tully Marshall, 72-year-old star of silent film days, has forsaken Hollywood to live the life of a tin can tourist. Here we find him in the door of his auto trailer at a tourist camp in New Orleans. (Associated Press Photo)

THREE FIGHT FOR HIS CUSTODY

While his father, mother and foster mother engaged in a bitter legal battle for his custody, Jackie Spitzer, 4, smiled, played with a typewriter and completely won the hearts of attendants in a Detroit juvenile home. The foster mother, Mrs. Marge Barrett of Knoxville, Tenn., charges the father, Jacob Spitzer, kidnaped the child and took him to Detroit. Meanwhile, the real mother has appealed a court verdict that awarded custody of Jackie to Mrs. Barrett. (Associated Press Photo)

DAD SOUGHT AS BOY'S KIDNAPER

Police sought Jacob Spitzer of Detroit on a charge of kidnaping his 4-year-old son, Jackie, who was abducted at Knoxville, Tenn., three men. The boy is shown in the arms of his mother, Mrs. Marge Barrett of Chicago, who recently lost a court fight to obtain custody of him from his foster mother, Mrs. Marge Barrett of Knoxville. (Associated Press Photo)

CHIEF WARRIORS IN 1936 HOLD-OUT BATTLES

Now that Dixie Dean apparently has failed to convince the St. Louis Cardinal bosses they should pay him \$40,000 this season, Mrs. Dean has taken up the fight and will act as manager in all contract negotiations. Here they are at Bradenton, Fla., all set to wave the big stick at Card officials. Meanwhile, another famous hold-out, Ben Chapman of the New York Yankees, is shown (right) as he played with the Birmingham Barons to keep in trim. (Associated Press Photos)

First Lady Smiles At Boycott Threat

Unruffled by a Democratic faction's threat to boycott her peace lecture in Cleveland, Ohio, Mrs. Franklin D. Roosevelt is shown serenely telling her audience "we should honestly admit that wars are almost always for economic reasons." (Associated Press Photo)

LOVE WINS IN MANVILLE 'WAR'

This latest picture from the Manville "front" found love ending victorious. Shortly prior to this time, however, Tommy Manville, New Rochelle, N. Y., asbestos millionaire, retreated from a shower of flying glassware and called a policeman to arrest his foster wife, Marcella Edwards Manville. She refused to go, and the argument—over a blonde secretary—continued until midnight, when the disputants began holding hands and the policeman sighed and went home. (Associated Press Photo)

NEVER TOO OLD TO LEARN

TIGER PITCHING ACES START CUTTIN' LOOSE

It's a bit early in the season, but Schoolboy Rowe (left) and Elden Auker (right), Detroit Tiger pitching stars, already are whipping 'em over the plate with all the steam in the old arm at the training camp in Grosse Pointe. Mr. Auker is not long-winded, but he has just finished firing one of his famous submarine balls which calls for this peculiar pose. (Associated Press Photos)

ODD STORM INJURES 30 IN MIAMI

A freakish wind and rain storm that lasted only five minutes injured 30 persons, flattened a carnival show, damaged many buildings and blew down chimneys which it blew down in the city of New York from the storm's path. (Associated Press Photo)

Jobless Insurance Act Is Invalidated

Second Vote By Senate On Canal Asked

Reconsideration Is Moved By Missouri Solon Absent When Measure Was Lost

Work Proceeds Without Change

No Interruption In Program At Ocala, Operations Center

WASHINGTON, Mar. 19. (AP)—A second Senate vote on a once defeated \$12,000,000 Florida Ship Canal appropriation probably will be taken Friday, Senator H. S. Truman, Missouri Democrat, absent when the measure was defeated, 89 to 34, asked for reconsideration. Senator Fletcher said he thought the canal would win if he absent were rounded up. Senator Truman gave notice to the Senate late yesterday afternoon of his intention to move reconsideration of the amendment to the War Department Appropriation Bill, proposed by Senator Fletcher, providing for an appropriation to continue construction of the canal.

Reptiles Added To Municipal Zoo Are Attraction Center

Several new snakes added to the Municipal Zoo are attracting considerable attention, according to James Moughton, park superintendent. Among the additions in the reptile enclosure are a five-foot ribbon snake presented by N. K. Wood, a large king snake presented by Tom Best of Lake Mary, and an unusual spreading adder presented by Harry Rosen. Recent additions to the zoo also include a pair of Houma chickens, presented by G. E. Hyrid.

DuPree Throws Hat In Ring For Senatorial Race

New Member Of City Commission Enters From 37th District

W. B. DuPree, city commissioner and local property owner, announced his candidacy today for the State Senate from Seminole and Bradford counties, constituting the 37th Senatorial District. He is a native of Virginia, but has resided in Seminole County for 18 years, 12 of which were spent as a traveling salesman and in the real estate business. For the last three years he has conducted a grocery business here. Mr. DuPree was elected to the City Commission of Sanford last December and is now serving in that capacity. His election to the office of state senator will act as a check on the City of Sanford as city commissioner, according to legal opinion, Mr. DuPree stated.

He said he has been urged by many citizens to represent Seminole and Bradford counties at Tallahassee. Declaring that Seminole and Bradford counties had a long history since its organization, Mr. DuPree says he believes he is capable of serving the people of this County and will do so to the best of his ability. He expects to announce his platform at a later date.

Levy Continues Fight JACKSONVILLE, Mar. 19.

Applying for the support of the people of Jacksonville and Florida, Brig. Gen. Eugene L. Levy, chairman of the canal directors of the Jacksonville Chamber of Commerce, described the failure of the United States Senate to vote an appropriation for the waterway as only a temporary setback. General Levy described the present situation in Washington as "a matter of a parliamentary struggle that anything else." "I believe every citizen in Senator Fletcher's ability to get an appropriation through Congress," he added.

8 Candidates Have Paid Filing Fees

Eight candidates have qualified for the June primary by paying their filing fees to the Democratic Committee and to the Clerk of Courts. The eight are: E. J. Lehman, for the State Legislature; Samuel A. E. Williams, for the county committee; and the following candidates for membership of the Board of County Commissioners: Charles Egan in the First District; J. J. Cannon, Peter Thompson and Otto Schmidt in the Second District; C. E. Smith in the Third District; and A. Farnell in the Fourth District.

Bob DeLoach Makes

Bob DeLoach, a member of the Sanford city council, has been elected to the Board of County Commissioners in the Fourth District. He has been elected to the Board of County Commissioners in the Fourth District. He has been elected to the Board of County Commissioners in the Fourth District.

Itinerary Of President Is Kept Secret

Railroad Officials Have No Information To Give Out As To His Routing

WASHINGTON, Mar. 19. (AP)—President Roosevelt's itinerary for his scheduled departure this afternoon to Paris, France, was kept secret. He accompanied the emergency flood commission to the White House for a conference.

When President Roosevelt passed through Sanford on the train last Saturday morning and his advisers were given a chance to have a glimpse of the nation's Chief Executive, or will he proceed through the city or some other route to Winter Park by motor railroad point on the coast? The question remained unanswered today.

Since the statement is not made that he will not pass through Sanford it might be inferred that his special train will be routed via the Atlantic Coast Line through the City. However, no confirmation of any report could be obtained.

Atlantic coast Line railroad officials were uncommunicative. In the absence from the City of Superintendent Geo. E. Rollins, Chief Clerk John L. Galloway was approached, but he was as loquacious as an oyster. "Is the President going through Sanford on the A. C. L. Saturday?" he was asked. "That is a question I cannot answer, I am sorry to say," Mr. Galloway replied. "Can the question be asked if it means you have not the information?" he was asked. "Well, you know things of this kind are not a usual thing given out for publication," was Mr. Galloway's answer. Asked as to whether he thought Superintendent Rollins would be more communicative, Mr. Galloway answered in the negative.

MEDALLION FOR MRS. ROOSEVELT

The Algonquin Sydney Sullivan Medallion, pictured above, given for the attainment of the finer elements of character; sincerity, helpfulness, purity of motive, exalted ideal of service and the steadfast pursuit of the noblest purposes of life, will be presented to Mrs. Franklin D. Roosevelt by Rollins College when she and the President visit that institution in Winter Park next Saturday.

Beautiful Medallion To Be Presented To First Lady On Visit To Rollins College

WINTER PARK, Mar. 19.—When President Franklin D. Roosevelt comes to Rollins College next Saturday morning to receive the honorary degree of Doctor of Literature, a high honor will be bestowed also upon Mrs. Roosevelt when Rollins awards to her the Algonquin Sydney Sullivan Medallion. This is probably the first time a President of the United States and his wife receive honors at the same time from an educational institution. In the year 1926, Rollins College was chosen by the New York Southern Society to be one of a few institutions in the United States to present the Sydney Sullivan award in memory of its founder and first president, Algonquin Sydney Sullivan, "whose name is held in grateful regard."

Farnell Becomes A Candidate For County Board

While he filed two weeks ago as a candidate for the Board of County Commissioners from the Fourth District, E. A. Farnell waited until today to make formal announcement of his candidacy. Mr. Farnell is a native of Seminole County, born here several years before the County was created, and has lived in the Oviedo section all his life so far. He said his present home is within a mile of his birthplace. His business is that of an orange grower. For 14 years Mr. Farnell was a deputy sheriff, first in Orange County before Seminole was sliced off of that county, and then in Seminole County, and for the last eight years he has served as a constable. He is also serving his fourth term as a member of the Oviedo city council. He has been a member of the Baptist Church since he was a boy.

Frozen Pipes Cost Chicago \$137,877.00

CINCINNATI, Mar. 19.—(AP)—The snow weather of February left Chicago with a \$137,877.00 thawing bill and only \$1000 on hand to pay it. The city's plight was caused, said Hewitt, by the fact that only \$1000 was appropriated for 1936 for the thawing of frozen water pipes.

Parrish Hopes For An O.K. Of State Road 44

Senator And Lehman View Part Of Road Near Sanford; Meet Board Next Monday

Following a conference with H. M. Papworth, president of the Seminole County Chamber of Commerce, and H. J. Lehman, who attended the last meeting of the State Road Department, State Senator J. J. Parrish stated yesterday he is hopeful of obtaining the department's O. K. of an appropriation to improve State Road 44. The senator and Mr. Lehman drove over a portion of the road east from Sanford after the conference.

Mr. Papworth, who also attended the last meeting of the Road Department, said he is going to "make the battle of his life" when he appears before the board when it meets in Orlando next Monday morning. Delegations from Oviedo, Geneva and Forest City are also expected to attend the meeting. Mr. Papworth, Mr. Lehman and Mr. Parrish are to meet Chairman C. B. Treagway of the board prior to the meeting.

Final action will be taken at the Orlando meeting on the Road Department's proposed 1936 budget, which provides for an expenditure of \$10,747,840, under a \$2,500,000 deficit. Estimated income for 1936 was placed in the budget, which included \$2,247,840.96. This included \$7,000,000 anticipated revenue from three cents of the state's seven cent a gallon tax on gasoline; \$31,531.48 from regular federal aid; \$343,888.99 from national recovery federal aid; \$126,727.54 from funds from the Works Progress Administration; \$12,700 miscellaneous revenues; and \$675,000 cash on hand.

Proposed expenditures include \$2,519,214.88 to match regular federal aid for highway work; \$3,836,623.65 for maintenance of existing highway facilities; and other items including a \$700,000 emergency reserve of 10 percent which each year is held up under state law.

Transmission Of Racing News Is Inquiry Subject

WASHINGTON, Mar. 19.—(AP)—The communications commission today called upon the Justice Department to investigate activities of the American Telephone & Telegraph Company in providing facilities for the transmission of racing news. Samuel Becker, special counsel for the commission, charged that most of the subscribers to the racing news services were "gamblers or pool room operators." Walter E. Gifford, president of the company, was said to be "delighted" in the investigation.

Tree Crushes Couple To Death In Georgia

KINGSLAND, Ga., Mar. 19.—(AP)—Mr. and Mrs. C. H. Monroe were crushed to death in their home near St. Marys, Ga., by a tree blown down in a wind storm yesterday. Pinned beneath a raft, they directed their children to get the family motor car and go for help. Both were dead, however, when rescuers arrived.

Crate Of Celery Sent Senators Who Voted Against Canal Appropriation

Forty crates of the finest celery that could be found in Seminole County were forwarded by express today to the 89 senators who voted on Tuesday against an appropriation for the Florida Cross-River Canal. Senator Vandenberg of Michigan who led the fight against the appropriation will receive two crates, and each of the other 88 senators will get one crate. At headquarters in Sanford of the Canal and South Florida Water Conservation Committee there was an expression of regret that the fight is still ahead of us, but members of the committee are confident of their success to date, and believe that various truck farmers and fruit growers in southern sections of the state expressed much gratification. Gus Schmah, speaking for the committee, said: "A big part of the fight is still ahead of us, but we are confident. It is too bad that Senator Fletcher, after 23 years of hardy speaking about a waterway in the Seminoles, is putting his lifetime effort out in behalf of this ill-advised canal. Many of us wish he would save some of his energy to battle for that appropriation to compensate the growers for the tremendous loss of income, and then try to do something for the benefit of his constituents."

Flood Waters Take Increasing Toll In Northeast States

Red Cross Issues Appeal For Funds From This County

Need Money At Once To Aid Sufferers From Great Flood

Urgently appealing to the people of Sanford and Seminole County to help suffering in flood-stricken areas in the northeastern states, Admiral Cary T. Grayson, head of the American Red Cross Society, today telegraphed Miss Elizabeth Ann DeForest, chairman of the Seminole County Chapter of the Red Cross, a request that immediate action be taken to raise this section's quota.

While Admiral Grayson estimates that \$3,000,000 will be needed to relieve distress in the flooded cities in Pennsylvania, West Virginia, New York and elsewhere, Seminole County is asked for only \$450. To raise part of this fund Mrs. DeForest has arranged for a "tax day" next Saturday. Admiral Grayson's telegram, dated last night, reads as follows: "Reports received late tonight indicate 38,000 families in 11 states driven from their homes in flooded areas. This number expected to increase. These people are all looking to the Red Cross for immediate relief, including shelter, food, clothing and medical care. Minimum relief funds of three million dollars necessary to provide care for flood victims for indefinite period until they can return to their homes. Please take immediate action to raise your chapter quota of \$450 in behalf of these disaster-stricken families. These confident people of your community will wish to give promptly and generously. Resolutions should be forwarded to headquarters as promptly as possible. Report progress at least twice each week." In asking residents of this section to contribute to the Red Cross funds for flood sufferers, Mrs. DeForest calls attention to the fact that tremendous sums have been poured into Florida in other years by the society.

Hitler Condemned By Nations As A Treaty Violator

LONDON, Mar. 19.—(AP)—The Council of the League of Nations voted unanimously today to condemn the German government under Hitler as a treaty breaker. League members decided that Germany had violated both the Versailles and Locarno treaties. The condemnation came shortly after General Joseph von Ribbentrop, special ambassador of Hitler, argued that German action in moving troops into the Rhineland was justified by France's military assistance pact with Russia. Anthony Eden, Britain's foreign secretary, although asserting that the British government believed the council should find Germany guilty of treaty violation, added that this breach "does not carry with it an imminent threat of hostilities and does not involve the immediate action provided for in the Locarno Treaty."

Wheeling Submerged, Wellsburg Flooded, Pittsburgh Under 10 Feet Of Water

President Calls Agencies To Work Postpones His Trip South Because Of Terrible Disaster

The toll of death pushed toward 100 today in the most disastrous flood devastation in the history of the Eastern states. The Ohio River plunged wildly down its broad valley, sweeping death and destruction before it as it inundated Wellsburg, W. Va., and roared over its banks to cover the business district of Wheeling with 10 feet of water, to submerge the populous Wheeling Island and to threaten dozens of towns with its angry crests.

The latest list of dead by states placed the toll at 76, but fears were held for dozens more. These fears were intensified throughout the forenoon by families in Johnstown, Pa., and other areas who reported relatives missing. The dead by states yesterday and today were: Pennsylvania, 43; West Virginia, 17; Virginia, 4; Vermont, 4; North Carolina, 2; Georgia, 2; Maryland, 2; Massachusetts, 3; New Hampshire, 1; New York, 1. Flood and explosion claimed 10 lives in Wheeling alone. The Potomac River surged toward Chesapeake Bay on its worst rampage on record, threatening the national capital with its many shrines. Delaying his departure for a Florida vacation, President Roosevelt summoned Secretary of War Dorn and other aides to the White House for a conference on lending all possible help to stricken communities. After the conference the President issued a proclamation appealing for contributions of \$3,000,000 to the Red Cross for flood relief.

The Red Cross, emphasizing the magnitude of the disaster, said 150,000 victims were already dependent upon it for aid throughout the East. The Connecticut and Maryland Rivers in New England are in steady rise, swelled by continued rains, but the Ohio valley was the center of the dry's greatest havoc. Terrifying in its swiftness, the surge of flood waters in the early dawn poured over the levees, drowning two men. Throughout dark hours, hundreds screamed for help as rescue craft plied through streets to the aid of stranded persons. But it was in Wheeling that the river struck the hardest. Wheeling Island in the middle of the river, between Ohio and West Virginia shores, was inundated. Dozens of persons were taken from second and third floor windows by a fleet of 50 or more rescue boats. Over the leveed portion of the city the water stood 10 feet deep. Pittsburgh was a debris-strewn mass of destruction. Slush and receding waters coated streets and buildings. Alert National Guardsmen kept streets out of (Continued On Page Two)
