BRENTWO

Auction Sale, Thurs., Mar. 4

On the above date we will offer the second section of Brentwood, the ideal subdivision, located on the Sanford-Orlando highway, just beyond the city-limits, out of the dirt and dust of the city but close to the city in minutes.

We recommend the purchase of lots in this beautiful subdivision, for the following reasons: It is close to Sanford, it is on the hard surfaced road, the lots are all high and dry, beautiful streets run through one of the most beautiful orange groves in the state, and for the reason that the purchasers of lots in the first unit have sold for a good profit.

Mr. Investor, buy lots where there are others buying, where others are making a profit.

Mr. Homeseeker, there is no better or more beautiful place in the state to build your home than in Brentwood.

Drive out and look this property over and see if you don't agree with us in all we have to say.

This is an absolute auction sale. Remember the time, date and place.

Statistics Of The Agricultural Department Show That An Increase Of Both Acreage And Prices Keep Going Up

SAN FRANCISCO, March 3.-(A)-Six years of grape growing in California under national prohibition have proven unfounded fears

of vineyard owners that abolition of the saloon would injure the market for their product.

Shipments of grapes from this state have increased from 21,605 cars in 1919 to 72,116 last year.

Statistics of the Agricultural Economics bureau of the department of agriculture do not distinguish between so-called "wine" and "table" grapes. Therefore they do not show whether it is hunger or thirst that has caused the more than 300 per cent increase in the than 300 per cent increase in the demand of other states for the product of California vineyards, Before ratification of the Eighteenth amendment grapes sold tround \$20 a ton. Since the law was enacted prices have, several times, soared over \$100 a ton.
Acreage has increased but not in ratio to the growth of carload shipments. Much of the increase in the shipment figures are due to the fact that a considerable part

of the crop once used in winemaking within the state now goes to other markets.

At the California grapegrower takes stock of his last year's business and looks to the coming season with inquisitive eye "Winehaven," before prohibition referred to as the world's largest storage center for wine, is being discenter for wine, is being dismantled. It was built immediately on a seven-acre tract on Point San Prancisco fire of 1906 at a cost of \$3,500,000 including cottages for 200 employes. WYNNEWOOD stands foremost as one of Sanford's most desirable home communities. Situated in the heart of the most active section of the city where building and construction is forging ahead with increasing rapidity. The strategic location of Wynnewood, its nearness to business, social and commercial centers, its location at the intersection of two of Sanford's most important thoroughfares, Mellonville and Geneva Avenues, all make for an ideally located property.

WYNNEWOOD is within the city limits, all improvements and conveniences found in the new day city are included in the developing of this property. The unmatchable natural beauty is being greatly enhanced by the handiwork of landscape experts and the installation of improvements that are in keeping with the entire surrounding territory.

Have our representative drive you to the property, let him unfold the particulars of the development program, in the way you are sure to obtain a true conception of this unusual offering. Don't procrastinate-see it today.

SECTION NUMBER 2

TOMORROW IS THE DAY

Auction Sale, Thurs., Mar. 4!

On the above date we will offer the second section of Brentwood, the ideal subdivision, located on the Sanford-Orlando highway, just, beyond the city limits, out of the dirt and dust of the city but close to the city in minutes.

We recommend the purchase of lots in this beautiful subdivision, for the following reasons: It is close to Sanford, it is on the hard surfaced road the lots are all high and dry, beautiful streets run through one of the most beautiful orange groves in the state, and for the reason that the purchasers of lots in the first unit have sold for a good profit.

Mr. Investor, buy lots where there are others buying, where others are making a profit.

Mr. Homeseeker, there is no better or more beautiful place in the state to build your home than in Brentwood.

Drive out and look this property over and see if you don't agree with us in all we have to say.

This is an absolute auction sale. Remember the time, date and place.
