Dixie Demos Now Respect GOP

ATLANTA (UPI) — The two-party temperature is soaring in the South. For the first time in more years than Democrats like to think about, the party of Abraham Lincoln is making serious inroads into once solidly Democratic Dixie.

Examples: In last November's congressional election, the party picked up five new congressmen and GOP incumbents were swept back into office. In what used to be known as the Confederacy, the GOP doubled its vote over the 1958 midterm election.

JFK Peers Across Wall To Ringing Cheers Of West Berlin

Chinese Talks May Be Behind Nikita's Visit

BERLIN (UPI) — President Kennedy and Soviet Premier Nikita S. Khrushchev are coming closer to meeting this week than at any time since their chilling Vienna conference of June, 1961.

The two leaders are making Berlin trips within two days of each other.

The coincidence, if that's what it is, emphasizes that things have changed radically in the two years since the Russian leader tried to frighten the new President into fatal concessions on Berlin and other critical issues.

Khrushchev comes into East Berlin Friday for reasons not yet entirely clear.

He and Kennedy, two days apart, will be getting vastly different views of the Berlin situation as each peers across the grim wall from his own side of the barrier which the Communists built to stem the heavy flow of refugees from their zone.

The Soviet leader, facing a bitter ideological argument in Moscow next week with the Communist Chinese, may be drumming up support among the satellites for his peaceful coexistence policy as opposed to Peking's militant stand.

Or he could feel that Kennedy's morale-building visit to West Berlin called for a similar trip to the East zone by the Russian leader to let the Russian-controlled sector know that he has not been frightened.

Whatever Khrushchev's reasons are for going to Berlin just after Kennedy, U. S. officials are convinced the Soviet leader will lose more than he gains from the trip.

Twin Sisters Held, Released To Orlando

Twin girls, armed with a German .22 pistol and a knife, were taken into custody by Sanford police Tuesday but were released to juvenile authorities at Orlando, where they already were serving probationary sentences.

Police Chief Roy Williams reported the twins were brought to police headquarters by T. W. Elser, 18, of Fern Park, who said he had noticed them hitchhiking and believed they were coming only as far as Sanford.

However, he added when the girls told him they were running away from home he feared he would become involved and brought them to headquarters.

One girl's purse contained a knife, investigating officers said, while her sister pulled the revolver from her purse and attempted to fire it. The hammer fell on an empty chamber.

Juvenile Judge Vernon Mize reported he continued the case against two Negro juveniles charged with attacking Charles Miller, 18-year-old Western Union messenger.

New Car Tag Fees In Force Monday

New fee schedule for automobile, truck and trailer license tags becomes effective Monday, John L. Galloway, Seminole County tax collector, reported this morning.

Galloway said the new half-year rate for boat trailers 500 pounds and under will be \$5.50, up from the present \$3 annual fee. He said citizens with trailers not yet tagged can save by buying before July 1.

Under the new schedule, a half-year "D" tag for cars 2,500 pounds and under will be \$9.75, up from \$5.50. Galloway said. For a tag with no letter prefix, 2,501 to 3,500-pound vehicles, it will be \$10.50 up from \$8. For a "W" tag, 3,501 to 4,500 pounds, it will be \$11.25, up from \$10.50. For a "WW" tag, more than 4,500 pounds, it will be \$16, up from \$13.

Galloway stated 1964 tags will be sold as usual between Jan. 1 and Feb. 20 renewal period but will be good for 13 months—until March of 1965.

He said the 1964 increased rates will be: For a trailer 500 pounds and under, \$5.92, up from \$3; for a "D" tag, \$14.04, up from \$10.50; for a no-letter prefix tag, \$22.17, up from \$15.50; for a "W" tag, \$30.29, up from \$20.50; and a "WW" tag, \$38.42, up from \$23.50. Galloway said a "Q" tag—one year more than 20 years old—will sell for a half year after July 1 at the same \$5.50 rate, which is also the present annual rate. For 1963, he said, it will be \$8.63.

He also reminded that the Legislature increased the sales tax on autos from one to two percent, effective July 1.

Tags are sold at the Court House from 9 a. m. to 5 p. m. Monday through Fridays except on legal holidays. Galloway acts as agent for the Motor Vehicle Commission in sale of the tags.

15 Deaths Seen In State On 4th

TALLAHASSEE (UPI) — Fifteen persons will never come home from their Fourth of July weekend in Florida. That is the prediction of the Florida Highway Patrol today.

The prediction covered the entire 102-hour period from 6 p. m. Wednesday, July 3, to midnight on Sunday, July 7. Last year, only two persons were killed in a 72-hour July 4 period. But in 1961, 21 died during a 102-hour July 4 weekend.

The aircraft were claimed by Tupala, which said it should be allowed to have them until such time as there is a Cuban government acceptable to the U. S., to which they could be delivered.

But shortly after the case went to the courts, the state fired a lien on the planes, saying that sales and use taxes were owed on them.

Tuesday, Gov. Farris Bryant told the cabinet the state could use the planes and asked Ervin to look into the matter.

Florida Will Try To Get 34 Seized Planes

TALLAHASSEE (UPI) — State Atty. Gen. Richard Ervin has been asked to investigate the possibility of the state getting 34 light planes that were seized by the federal government in March, 1962.

The seized planes, Piper Pawners, have been stored at Reidley ever since the federal government seized them and charged they were destined for Cuba.

U. S. District Judge Dozier Devane ruled that relations between the United States and Cuba were such that the planes were subject to confiscation.

When seized by treasury agents, the planes were being crated for shipment to Cuba via Paraguay, the court said. It said Cuba contracted with the Impala Trading Co. in December, 1960, for the planes.

The aircraft were claimed by Tupala, which said it should be allowed to have them until such time as there is a Cuban government acceptable to the U. S., to which they could be delivered.

But shortly after the case went to the courts, the state fired a lien on the planes, saying that sales and use taxes were owed on them.

Sanford Lions Mark Title Winning Year

Sanford Lions and their ladies, celebrating their most successful year with the title of top club in District 35-0, held their annual banquet, installation and awards night at the Capri Restaurant, Tuesday.

District Gov. Hugh Duncan expressed his pride in his home town club as he was awarded numerous titles by Lion dignitaries of the state.

Duncan was presented with the Master Key Award as a builder of Lions Clubs by virtue of his accomplishment of bringing 12 new members in to the club. He also received the 10-year Old-Monarch award.

Jack Stemper, retiring president during the Lions' most successful year, turned the gavel over to incoming president George Hughes in installation ceremonies conducted by James A. Sherrill, past International Director from Rainbow Springs.

Also inducted were the following new officers: first vice president, Howard Hood, second vice president, Bill McLaughlin; third vice president, Harold Rowland; secretary, Hugh Duncan; treasurer, Jack Morrison (who is also state treasurer); tailwaiter, Joe Baggerly; assistant tailwaiter, George DeMatteo and Lion tamer, Harold Brooks.

Directors are Dr. Dick Dougherty, Ben Wade, Cecil Carlson and Jim Lee. Retiring president Jack Stemper reported that at activities of the club had been started and completed, and the 77 percent increase in membership, the largest in the history of the club, was a primary factor in the winning of the Top Club of the District Award, presented by International Director Merl Kieckhefer of Daytona Beach.

The membership award plaque was presented by Deputy District Gov. Harry Rens of Daytona Beach. Also present for the ceremonies was State Secretary Milton Rutherford of Orlando.

Master of ceremonies for the banquet and program was Judge Volie Williams Jr., and entertainment was provided by Lion Paul Marcus and his wife Irene. "The Bell Ringers" who presented a highly entertaining program of musical bells. At the climax of the show, Mrs. Marcus called up eight Lions, awarding each with a bell in graduated tones to join her in playing two numbers, to the delight of the audience.

Lion Bill Livingston received a pin for 20 years perfect attendance. Jack Morrison for 13 years, Jack Stemper for 13 years, and 10 year pins went to Dr. Dick Dougherty, Grady Duncan, Ben Wade, Tom Albert and Hugh Duncan. These were awarded by International Councilor Merl Kieckhefer.

'I Am Proud To Be Here,' Crowd Told

BERLIN (UPI) — President Kennedy peered across the wall into the East German stronghold of communism today and told cheering West Berliners that the "winds of change are blowing across the Iron Curtain."

The President got his first close-up look at the Communist world when he visited the Brandenburg Gate and Checkpoint Charlie on the Berlin wall the Communist built two years ago to halt the flow of refugees to the West.

After his sober gaze at the shadowy world of East Berlin, the President went on to tell wildly enthusiastic West Berliners in a speech that he was proud to stand with them on the ramparts of freedom, declaring in German: "I am a Berliner."

The acclaim from a million Berliners in his eight-hour tour of this divided city 110 miles deep inside Communist territory was overwhelming in its size, its obvious spontaneity and its emotional impact.

"This is the greatest reception the President has received anywhere in the world," said White House Press Secretary Pierre Salinger.

Capped in his speech at city hall, the reception began the moment he landed at Tegel Airport and started a 38-mile drive through the city's Western sectors.

A crowd of almost a quarter-million persons jammed into the vast square before the city hall to greet Kennedy with the greatest mass ovation in the history of this split city.

Some said it was greater than any ovation Adolf Hitler had been able to whip up for himself with all the propaganda machine.

There, he told the vast throng that "I am proud" to be here. Twice he underscored German sentences to understate his empathy with the Berliners.

"All free men, wherever they may live, are citizens of Berlin and therefore as a free man I take pride in the words: 'Ich bin ein Berliner.'"

Then, he went on the Free University of Berlin for his main speech of the day, where he noted that not even the Communist world can remain static.

Kennedy said "winds of change are blowing across the Iron Curtain as well as in the rest of the world" and "the people of Eastern Europe even after 18 years of oppression are not immune to change."

Two Detectives Escape Gunshot

MIAMI (UPI) — Two police detectives narrowly missed death late Tuesday night when a youth fired a load of buckshot at them with a double-barreled shotgun as they started to enter his room to arrest his roommate.

The buckshot passed between Charles Black and Louis Alibelli and lodged in a wall when they opened the door of the apartment.

"It was a nice pattern," said detective Hank Selsky. "If it had hit one of them it would have cut him in half."

The detectives called for assistance and police dogs were sent in to flush the two youths, both 22 years old, out of the house. They were charged with assault with intent to commit murder.

July 4th Celebration Set At Fort Mellon

The Sanford Recreation Department will stage a celebration at Fort Mellon on July 4 at Ft. Mellon Park.

The day will get kicked off at 8 a.m. when all Little League coaches will gather to start the barbecue cooking and making preparations to serve about 800 ball fans.

The day of events for the public will get underway at 2:30 p.m. with the traditional Father-Son baseball game. Following the game barbecue will be served at 5 p.m. and the American and National Leagues will stage an

exhibition baseball game at 7:30 p.m. to cap a day of activities.

Barbecue tickets are available from all the Little League players and coaches and the Sanford Recreation office. All persons are urged to place orders for tickets as soon as possible.

Below are players to participate in the American and National League exhibition game that night:

National — Mett Morgan, David Lee, Mike Richards, Billy Hope, Don Echols, Randy Nobles, Darrell Vodopitch, Bruce McKibbin, Norman Patterson, Rick Fordham, Bill Schmidt, Al Grooms, Skipper Benkarik, Billy Miller and Cecil Simpson.

American — Darrell Wall, Mike Radd, Mike Ferrell, Ken Hanson, Bill Braschen, Tom Gracey, Chuck Brantley, Dale Wagener, Scott Harris, Walter Griner, John Smith, Van Robbins, Tom Gwartney, Joe Pauline and Ben Chado.

How To Apply Artificial Respiration

CHICAGO (UPI) — The American Medical Association says many of the deaths from drowning each summer could be prevented if someone nearby had known how to apply artificial respiration.

The most important thing is to start immediately. Send someone for help, but don't wait for the ambulance because it will probably be too late.

Also, don't give up. There are cases on record of breathing starting again after a lapse of many minutes, when the rescuer kept steadily at work forcing air in and out of the lungs.

Most first aid experts favor the mouth-to-mouth method of artificial respiration.

The air passages should be cleared by drawing the tongue forward with your fingers. Place the victim half way between a face-up and side position, tilt the head well back to insure a clear air passageway.

Take a deep breath, place your mouth over the victim's mouth, and breathe into his lungs until you see his chest rise and feel the lungs expand.

In mouth-to-mouth breathing, pinch the victim's nostrils shut while breathing into his lungs. Remove your mouth and let the victim exhale, applying slight hand pressure between the ribs and navel to expel all air.

Repeat the cycle 15 times a minute. Loosen the victim's clothing and keep him warm, but don't delay artificial respiration to do this.

After the victim revives, be ready to resume artificial respiration if breathing halts again. Don't give up unless you're positive the victim is dead.

Seminole Man Electrocutted

Karnet M. Carter, 41, of Casselberry was electrocuted Tuesday when a severed high voltage wire fell on him as he was working on the new Sunshine State Parkway south of Winter Garden.

Carter, employed for the past six months by the Soule Construction Co. of Panama, Fla., was pronounced dead upon arrival at West Orange Memorial Hospital in Winter Garden.

A resident of 521 Iris Rd. in Casselberry, he came here in 1958 from El Paso, Tex., and was a member of the Prairie Lake Baptist Church.

Survivors are his wife, Mrs. Vicki Carter of Casselberry; daughters, Mrs. Richard L. Clrganski and Mrs. Gilbert McLaughlin, both of Orlando; mother, Mrs. Sally Carter of Guyton, Ala.; five brothers and two sisters in Oklahoma and four grandchildren.

Funeral arrangements, when completed, will be announced by Fairchild Funeral Home of Orlando.

Latins Lack Leadership, Says Somoza

NEW ORLEANS (UPI) — Latin America today is without a leader in its fight against communism, former Nicaraguan President Luis Somoza said Tuesday.

Somoza, on a two-week vacation in the United States, said Latin American nations — more than the United States — must shoulder the responsibility for stopping communism in South and Central America.

"But we are leaderless," he added.

Somoza said the United States should not invade Cuba. However, he warned that Castro-type communism might envelope a huge section of Latin America within a few years if something is not done to halt the Reds.

He said Venezuela was the prime target for communism today because with its natural resources and industry and that country would serve as a good base for the growth of communism.

Venezuela could then "pick on weak countries," Somoza said.

He said the Alliance for Progress is working "very slowly" and the United States expects Latin American nations to do too many things at once.

"We do not have the money," he said, to do many things at once.

He added that most of the Alliance aid was in the form of low interest loans and matching grants, rather than outright gifts.

"We must know how much we can put up," Somoza said and added that the success or failure of crops determine how much Nicaragua could put up in matching funds.

\$100 Duty-Free Bill Completed

WASHINGTON (UPI) — The Senate passed and sent back to the House Tuesday a bill to extend for two years the temporary \$100 duty-free limitation on goods brought back from abroad by American tourists.

Sidewalk Cost Questioned By Avery

The action came shortly after the finance committee cleared the House-passed measure with a key amendment to impose the \$100 limit on all U. S. possessions, including goods from the Virgin Islands.

There was little debate. Final Senate passage came by voice vote. The measure now goes to a House-Senate conference group to work out a compromise before the act expires at midnight Sunday.

President Kennedy recommended the reduction as a step to cut spending of U.S. dollars abroad and stem the outflow of dwindling U. S. gold reserves.

Treasury secretary Douglas Dillon supported the extension and informed the committee that the law reduced U. S. expenditures abroad last year by \$123 million.

Pilot Light

NEW YORK (UPI) — Heating experts of the Gas Appliance Manufacturers Association recommend keeping the pilot light on in a furnace or boiler during the summer.

The small amount of heat generated by the gas pilot flame will not only prevent condensation and corrosion in the heating equipment, but will also speed the draft up the chimney and help ventilate the basement, the association says.

Nancy Schwinn's SKI SCHOOL

FINGER drawn across throat, left, signals power should be cut off. To indicate he or she wants to be taken in, the skier makes small circles with hand, pointing shoreward.

Written for NEA
The only contact the skier has with his motive power is through signals. This is an important to have an observer, preferably one facing shoreward, in the tow boat to keep a constant watch on the skier while the driver is concentrating on handling the boat.

The observer or boat driver can save the skier woe by signaling when they are about to enter rough water. This is done by moving an arm from side to side, with a wavy, up-and-down motion.

The sky signal is the same from either the boat or skier. It is made in the time-honored method of forming a circle with the thumb and index finger. When the skier wants to make a right or left turn, he points emphatically in the direction.

When more speed is wanted, the skier moves a hand, palm upward, from about the waist up and down. For reduced speed, he or she moves a hand, palm downward, down and up from about the waist.

Other common skier-to-boat signals are illustrated.

Reliever In Good Spot To Get MVP Title
By United Press International
The sag around the American League is that Dick Radatz may win the MVP award but that his arm will be so sore by then that he won't be able to comb his hair for the occasion.

Actually, the Boston strong boy's chances of winning the most valuable player award are looking less and less like a game.

And even though he has appeared in 40 per cent of the Red Sox' games so far, including six of their last eight games, he doesn't seem to be worried about arm trouble. "I don't see any cause for concern," he says. "My pitching motion is smooth. I'm not one of those herky-jerky guys."

The six-foot-six 240-pounder was plenty smooth Tuesday night as he worked both ends of a two-night doubleheader against the Cleveland Indians and preserved 4-1 and 3-2 victories that boosted the Red Sox within 2½ games of first place.

The overpowering Radatz faced a total of 10 men and struck out seven of them. He saved Bill Monbouquette's 11th victory in the opener although tagged for a ninth-inning homer by Max Alvis and then came back to nail down Earl Wilson's seventh triumph.

Radatz has appeared in 28 games so far and has a shot at Mike Fornieles' AL record of 70 set in 1960, particularly in view of manager Johnny Pesky's announced intention of using him "any time I think it's vital."

Things have reached such a pass now that Fenway Park fans begin chanting "We want Radatz" as early as the fifth inning.

Nicklaus Vows Comeback In Cleveland

Win Could Put Jack On Top Moneywise

CLEVELAND (UPI)—Jack Nicklaus, still amping over his merry showing in the U. S. Open, is determined to come for it—and regain the top spot on golf's money winning list—when he tees off Thursday in the \$150,000 Cleveland Open.

Nicklaus, who failed to make the cut at Brookline, Mass., last week, has vowed to friends he will make up for that disappointment, and he can get back on top of the money winning list by capturing the \$27,000 first prize in this event.

Right now he trails Arnold Palmer and Julius Boros, the new U. S. Open king, who between them have picked up up most of the pot in the richest five weeks of tournament play in golfing history.

In the five tournaments starting at Indianapolis and winding up here, a total of \$402,000—not counting a lot of rich side benefits—have been at stake. And of the total of \$81,000 allotted for first place money in the five events, Palmer and Boros between them have picked up \$80,470 during this "gold dust stretch."

Palmer made \$32,000 although he competed in only two of the four tournaments preceding this one, while Boros, who played in all four, won \$28,740. Palmer took the \$25,000 jackpot in the \$100,000 Thunderbird and picked up \$7,000 in the U. S. Open, which he lost in a playoff with Boros and young Jacky Cupit.

Boros won \$3,400 in the \$50,000 Indianapolis Open, the \$9,000 first place money in the \$50,000 Buick Open, only \$345 in the Thunderbird but then came back to win the \$18,000 top gold in the Open.

Those earnings put Palmer at the top of the money winning list with \$63,545, followed by Boros with \$39,880 and Nicklaus with \$38,800.

Should the Ohio strong boy win the marbles in his home state, he would vault back into first place, where he would like to be when he leaves these shores to take a shot at the British Open championship in July.

Johnson Ahead In Yacht Race

NEWPORT, R. I. (UPI)—Challenge, owned by George F. Johnson of Annapolis, Pa., was expected to sail across the finish line first today in the Annapolis-to-Newport yacht race.

The new 80-foot aluminum sloop opened such a big lead over the fleet of 88 yachts Tuesday night that the escorting Coast Guard cutter, Chincoteague, had trouble finding her. However, she was eventually sighted 65 miles from Newport and well ahead of her rivals.

Dyna, Clayton Ewing's 57-foot aluminum yawl from Easton, Md., and Jubilee, a 60-foot yawl owned by Francis D. Wetherill of Philadelphia, were among Challenge's closest rivals since the start of the 473-mile race last Saturday.

Signs Bonus Pact

KEMERLY, R. C. (UPI)—The Pittsburgh Pirates have signed Alan Joseph Fabro, an 18-year-old catcher, to a bonus contract. Fabro, who will report to the Pirates' Kingsport, Tenn., farm club in the Appalachian League, was spotted by a scout who had come here to look over another prospect.

A Coach Manager Of Year?

NEW YORK (UPI)—The manager of the year in the major leagues, it seems possible today, will may turn out to be a coach.

At least that's the unheralded designation which is applied to Bob Kennedy by the Chicago Cubs even though he is running the ball club. And operating it with such efficiency that the lowly Cubs have soared up from the gloomy National League basement to become a contender.

Sun Sox Lose To Start 2nd Half

By United Press International
The second half of the Florida State League baseball year got off to a soggy start Tuesday night, with the team that won first-half honors bowing to St. Petersburg in the only game played.

The Saints, who finished the first half in second place, knocked out a 6-2 win over Sarasota, which won the first half pennant.

Center fielder Rufus Cox, with a screaming triple into right, led a sixth inning rally that gave the Saints three runs and the winning margin.

Second baseman Pete Cochran had a double in the same inning and shortstop Leon Crow and catcher Bobby Ellsworth each singled.

Rain cancelled the other three games—Daytona Beach at Orlando, Miami at Fort Lauderdale and Tampa at Lakeland.

Tonight's schedule finds Fort Lauderdale at Miami, Orlando at Daytona Beach, St. Petersburg at Sarasota, and Lakeland at Tampa.

American Pro League Opens Policy Talks

BUFFALO, N. Y. (UPI)—Commissioner Joe Voss and the American Football League club owners today go into a two-day huddle to call the policy-making plays for the professional circuit's fourth campaign.

Major topics on the executive committee's calendar include cutting rights, security arrangements, scouting regulations, cutdown dates, preseason schedules, training camp periods and television exposure.

The league's general managers and coaches will get together Friday—and possibly Saturday—for what promises to be a lively round of trade talks.

The question of cutting rights was expected to cause considerable doubt, based on the outcome of the first phase of the league's organization draft May 11. A bid to beef up the New York Jets and Oakland Raiders, the door-mat teams in 1963, fell far short of expectations.

The Jets, formerly Titans, only selected Indiana tackle Jeff Slabaugh, a Buffalo pick, and West Virginia end Gene Heeter from San Diego in the special draft that provided 24 eligible players for New York. From a list of 12 unfrozen players, Oakland's lone choice was defensive lineman Claude Gibson of San Diego.

A provision worked out by the owners in May appears to be a controversial one. It would give the Jets and Raiders first crack at all players released by American, National and Canadian league teams.

Drivers Getting Set For Fourth

DAYTONA BEACH (UPI)—They'll be burning the midnight oil before July's Firecracker 400 stock car race here.

The drivers, due to a double postponement of Atlanta's Dixie 400, will have one day for practice on the tri-oval course here before Tuesday's time trials. On Thursday they go for the money.

The Dixie is now scheduled for Sunday. That means at best the NASCAR drivers who want to make the next stop in the circuit will have to get here on Monday and they'll have one short day for practice runs.

Then the mechanics take over, and the lights in the garages should burn far into the night as they work to perfect the powerful engines under their charge.

Commando Acts Called Part Of Long-Range Plan

MIAMI (UPI) — Carlos Bandin, chief of the commandos sent into Cuba recently, said in a television interview Tuesday that the landing was "the beginning of a general plan" of infiltration.

He told Manolo Reyes, Spanish language commentator for Miami station WT-VJ, that "the commandos will continue infiltrating" into Cuba. But he gave no details as to how many men have gone in or will be sent in.

Bandin, who did not go to Cuba himself, said the men already landed have linked up with anti-Castro rebels. He added that they "are under orders not to engage in combat yet if it is not absolutely necessary."

He said "their mission is one of coordination" but did not elaborate. The commando chief said the landing of the men "is not in conflict" with U. S. policy on Cuba because they did not leave from American territory and their operation will be carried out on Cuban territory alone.

RD Campaign Results Told

"Many people in our community now know that chronic cough and shortness of breath are danger signals to be taken seriously," said Dr. Frank Leone, chairman of the 1963 RD campaign, today in summing up what the campaign accomplished.

"We are convinced that this campaign has been a significant beginning in the fight against respiratory diseases—the sickness of breathing—in this community. It educated a great many people about the seriousness of RD's most common symptoms—chronic cough and shortness of breath. It also prodded many people into seeing their doctors. That was the purpose of the 1963 RD campaign," he added.

Cuba Shuttle Line Slated

MIAMI (UPI) — Empress Lines, Ltd. reiterated today that it will begin a Cuba-Key West shuttle service next week despite a host of problems.

The firm began selling tickets to Cuban exiles last week to transport their relatives from Cuba, but sales were halted after a day and a half because of lack of proper licensing. The firm, however, sold \$25,000 worth of tickets in the day and a half.

Wallace Must Decide Fate Of Ex-GI Convicted Of Murder

MONTGOMERY, Ala. — (UPI) — Both men were visibly shaken: the ex-GI who had stormed the rocky beaches of Normandy and the little governor who had defied the U. S. government on the school integration issue.

His eyes moist, the husky combat veteran, now in prison stripes, timidly touched the shoulder of Gov. George Wallace. "Thank you governor, please spare my life," he said.

Wallace grasped the hand of James W. Cobern and quickly turned away, obviously emotional.

"It is a sad and solemn duty the governor must perform," he said later. "I, like many other governors before me, wish this cup would pass from me."

Wallace, a former judge, has until shortly after midnight Thursday to decide whether Cobern will die in the electric chair for the robbery-slaying of Mamie

Farewells Given By Navy Crowd At Gala Party

Last Saturday, the officers and wives of Heavy Attack Squadron 11 and Heavy Attack Squadron 11 Detachment 8 met for a gala farewell party at the Capri Restaurant in Sanford. Seven of the Chevalier officers, Cdr. Bob DeLorain, Lt. Cdr. Jerry Peterson, Lt. Cdr. St. Clair Smith, Lt. Cdr. Bill Winberg, Lt. Jerry Knutson, Lt. Ed Williams, and Lt. (J.G.) Dale Vanner, are being transferred to other commands after having completed their tours of duty with the squadron here at the Sanford Naval Air Station.

As a departing gift, Cdr. DeLorain was presented with an engraved silver punch bowl from the officers and wives of Detachment 8 and a letter from the officers and wives of Heavy 11.

The evening's entertainment was provided by Lt.

Cdr. Dick Davidson, his wife Jane, Lt. Dale Purdy and Lt. (J.G.) Jim Rummels. They presented a skit and song revue depicting amusing incidents occurring within the squadron. In addition, Lt. Cdr. Bill Bassett and Ray Fox gave a parody skit about Cdr. DeLorain, departing officer-in-charge of the squadron's detachment 8.

The party also served to welcome three officers to their new positions in Sanford. Capt. J. O. Mayo, formally the Operations Officer of the attack carrier USS Franklin D. Roosevelt and soon to assume command of Heavy Attack Wing One; Cdr. G. W. Kimmons, past Commanding Officer of Heavy Attack Squadron Nine, and now Chief Staff Officer of the Wing; and Cdr. F. Carment, the new officer-in-charge of VAH-11, detachment 8, were all guests at the party.

OES Presents Program On 23rd Psalm

By Shirley Wentworth
Twenty-nine members and five visitors witnessed an impressive ceremony at Seminole Chapter No. 2, Order of Eastern Star recently with a candlelight interpretation of the 23rd Psalm by officers.

Each officer approached the altar with a candle appropriate to the color of the station, and lighted it from a tall candle representing God's word. As the lighted candle was placed on the altar a stanza from the Psalm was quoted. The program closed with a solo by Mrs. Nick Pfeiffaut, B. Cecil Gates' arrangement of "The Lord's Prayer."

A report was given by Mother Adviser, Mrs. W. A. Reynolds, and Mrs. C. N. Roberson, of their attendance at the Assembly of Rainbow for Girls recently at Jacksonville.

After plans were made for the Annual Robert Morris picnic August 28, the chapter adjourned for the summer.

Miss Carol Olsen Weds Mr. Ringer

By Shirley Wentworth
Carol Jean Olsen, daughter of Mr. and Mrs. Edwin E. Olsen of Forest City, became the bride of Benjamin Ringer, son of Mr. and Mrs. Omar B. Ringer of Forest City on Sunday, June 16 at a 7 p.m. candlelight ceremony performed in the Highlands Seven-Day Adventist Church in Apopka. Pastor Kenneth R. Davis officiated.

Lovely baskets of white gladioli and fernery backed with palms and candelabra graced either side of the pulpit.

Organ selections were played by Mrs. Ford Cavanaugh, Miss Kathy Dillon, soloist, sang "Wither Thou Goest," "Wedding Blessing" and "Wedding Benediction."

The bride given in marriage by her father wore a formal length gown of white tulle over satin with lace inserts both in the bodice and full skirt that featured a chapel train. The sweetheart neckline of the bodice ended with tapered wrist length sleeves.

Her elbow length silk illusion veil was held with a circular crown of seed pearls. She carried a cascade of white silymbidium orchids highlighted with lilies of the valley ending in a shower of white streamers.

Mr. and Mrs. Donald Connelly and Mr. and Mrs. Bill Tritt of Decatur, Ga., were Mr. and Mrs. Ronald Connelly of 128 Doreas Dr. in Dol Ray Manor. During the week the hosts and their guests enjoyed trips to Daytona Beach, Patrick Air Force Base and to Sebastian Inlet where the men fished while the women prepared a picnic lunch.

Mrs. Don Noel of Dol Ray Manor and four children, Donna, Carolyn, Mark and Michael, will drive to Randolph, N. Y., where they will spend a month with Mrs. Noel's parents, Mr. and Mrs. R. F. Seager.

Bonder Family Sees Sights Of New York City

Mr. and Mrs. Walter Bonder and daughters, Cherie and Diane returned to their home in Rolling Hills Sunday, from a two weeks' vacation in New York City.

The highlight of their visit was greeting Mrs. Bonder's mother, Mrs. Bertha Simpson, of Fern Park, as she returned aboard the liner, France, after a three month tour of Europe.

Cherie and Diane found excitement in visiting the Empire State Building, taking subway rides, seeing the site of the World Fair that will open in 1964 and other places of interest. The Bonders attended various Broadway shows including "Funny Thing Happened On The Way to the Forum" and also visited various show rooms where clothes were selected for her store, Playgirl Fashions, in Fern Park Plaza.

Former Resident Honored At Surprise Birthday Party

Perry Echelberger entertained with a surprise birthday party last week for his houseguest, Terry Echols, son of Mr. and Mrs. Pete Echols, former residents of Sanford, now living in Tallahassee.

The party, given at the Echelberger home in Pinecrest, started off with a scavenger hunt. Later in the evening, gifts were opened, refreshments were served and the young crowd enjoyed dancing.

Guests included former school mates and were Donna Davis, Meda Neiman, Mickey McCallahan, Vicki McArdle, Steve Gordie, Cheryl Jones, Emory Speer, Karen Vickers, Donnie Batten and Debbie Whitley.

While on tour they visited their daughter and son-in-law, Cdr. and Mrs. T. F. Dedman and family in Alexandria, Va., and their son, Raymond Ball Jr., and his family, in Fan Wood, N. J. They also spent some time sightseeing in Washington, D. C., and in New York City where they saw "She Loves Me," a new Broadway stage hit.

Sanfordites will be interested to know that the Dedmans are now getting settled in a new home at Whiddy Island, Wash., and Cdr. Dedman will be executive officer of VAH-10, serving under Cdr. John Johnston who also was previously stationed in Sanford.

Charles Benson Honored At Farewell Party

By Jane Casselberry
Charles Benson of Casselberry was guest of honor at a farewell party given by Jiffy Gammage at her home on Little Bear Lake, from 5-11 p. m. Wednesday.

Charles graduated this month from Lyman High School and is going to Alaska where he will live with his family on Kodiak Island.

A large group of friends and classmates enjoyed swimming and water skiing in the afternoon and singing and dancing to the accompaniment of guitars and bongo drums in the evening.

A buffet dinner was served on the patio which was lighted with tiki lamps and floating candles. Punch and cake were also served and one cake was decorated to resemble a map of the Pacific Ocean.

Charles received many nice gifts from those attending who included Roger Deppen, Jill Forsyth, Sherri Lovell, Johnny Haynes, Carol Highsmith, Johnny Wagner, Barbara Ferrell, Barbara Messinger, Dennis Huntley, Dennis Chambers, Diana Keeney, Richard Stodyko, Bill Skislak, Sandy Sherwen, Carol Dorethy, Jan Westmark, Steve Kurvin, Scott Schaffer, Jerry and Sharon Smith, Larry Barnes, Alan McEvers, Donna Friend, Lynette Werner, Mike Nielson and Jackie Atchison.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I have an uncle who is absolutely nutty. He's not bad enough to be locked up, but he embarrasses me every time I see him. About a year ago he told me he dreamed I borrowed \$200 from him. We both laughed about it and I took it as a joke. Every time I see him now he asks me when I am going to pay something on that \$200. And I am NOT kidding.

PLEMENIK

DEAR PLEMENIK: The next time he brings it up, tell him you DREAMED you had paid it back.

DEAR ABBY: I've been married 40 years and have four married children. Eight years ago I took a job to keep busy and earn a little extra money. Every cent I have made has gone into our home. I work seven hours a day, five days a week, but I'm home every evening before my husband gets there. My housekeeping hasn't suffered and my meals are all well prepared. My husband told me that beginning August first, either I pay \$100 a month room and board or I can get out. What should I do?

BOSTONIAN

DEAR BOSTONIAN: If you've lived with this man for 40 years, you don't need me to tell you how to live with him. He obviously resents your working. So quit your job, let him support you and you won't have to worry about getting the gate.

DEAR ABBY: Several years ago, twelve to be exact, I arranged some flowers from my own garden in one of my prettiest vases and took it to my neighbor. (Her mother, who was living with her at the time, had suffered a stroke and was very ill.) Well, the mother died that summer and my vase was never returned to me. I have seen it used in my neighbor's house many times. I'm sure she knows it's mine. Should I ask her for it? Or do you suppose she is under the impression that I gave her the vase along with the flowers?

MRS. A.

DEAR MRS. A.: Your neighbor probably assumes you gave her the vase along with the flowers. Unless the vase is an heirloom or has great sentimental value, pretend you gave it to her and forget it.

DEAR ABBY: "Arthur's Idiot" is not alone. I, too, have broken up with laughter at some very solemn moments. Once, at the funeral of a loved one, it suddenly struck me that the minister who was reciting the eulogy looked like a frog. I exploded into laughter, and couldn't stop. Everyone looked at me with contempt and disgust. Believe me, Abby, my love and respect for the deceased were deep and my grief was very real, but I couldn't control this unfortunate fit of laughter. Many years later a doctor explained it to me, and I understood.

Home Study

WASHINGTON (UPI) — Based on a recently completed correspondence school survey, an estimated 3.3 million Americans were home study students in 1967. For the first time, the number of students engaged in home study is nearing the total college and university enrollment of the United States, according to the National Home Study Council here.

Meningitis Hits Base At San Diego

WASHINGTON (UPI) — The Navy has sharply reduced the flow of recruits to the San Diego, Calif., Naval Training Center in an effort to combat a mysterious outbreak of meningitis cases. Navy officials said the assignment of recruits to San Diego would be cut in half and they would be sent to other bases. The Navy already has ordered about 4,000 diverted to Great Lakes, Ill.

There have been 25 cases of meningitis at San Diego since January, and three resulted in the death of the victims. However, no new cases have been reported for more than a month. The steps being taken to cut down on the flow of recruits to San Diego were described as precautionary and designed to reduce chances of any new cases of the disease breaking out.

Jacoby On Bridge By Oswald Jacoby

As the years have gone by, experts have refined and improved the Blackwood convention to the point of absurdity in some cases. Other refinements have been so good that Easley Blackwood has adopted them, if he didn't actually suggest them himself.

The first such refinement is to use the five club response to a Blackwood four no-trump to show either no aces or four aces. The theory is that the Blackwood bidder will always be able to tell which one it is and will be able to ask for kings if he wishes. If the five no-trump response is used to show four aces there is no way to do this.

Of course, it is rare indeed when a player uses Blackwood with no aces and still needs to ask for kings after his partner shows four aces, but it does come up and it costs nothing to be prepared.

North's jump to four spades may strike some of you as a trifle on the conservative side, but it made it very easy for South to get to the grand slam since he was able to mark North with all five important cards.

We The Women: By Ruth Millett

To most high school girls—and boys, too—the big question these days may not be nuclear testing, the moon race, or even the nation's gross product. It's whether to go steady or not to go steady.

I'd like to contribute my two cents' worth on this, as follows:

At 15 or 16 a girl should be thinking of having fun instead of romance. She should be getting acquainted with a lot of different boys, instead of spending all her time with one.

The desire to go steady at that age is a sign of insecurity. The girl is afraid if she doesn't tie up one boy she can't count on she will be left out of things at school. If she can be made to see that she's wrong, going steady won't seem quite so desirable.

Besides, it is the kids who go steady when they are too young to handle grown-up emotional problems who most often get into trouble.

And there is always the other danger — that the girl who goes steady at 15 or 16 will run off and get married before she is old enough to settle down to married life.

Those are valid reasons why parents should discourage teen-agers from going steady.

Discouraging it, though, is easier said than done. If Annie protests that if she doesn't go steady with Dick, he'll find some other girl who will, she isn't going to be easy to convince.

But if firm and loving parents can talk her out of the idea, she'll be grateful in years to come.

For oldsters, about youngsters: Ruth Millett's booklet, "Tips on Teen-Agers." Just send 25 cents to Ruth Millett Reader Service, c/o The Sanford Herald, P. O. Box 499, Dept. A, Radio City Station, New York 19, N. Y.

Highlights TV Time Previews

7:30-9 p. m. NBC. The Virginian. "The Big Deal." (color) (rerun). Despite the arresting personality and fine acting of guest star Ricardo Montalban, this plot is too familiar and there isn't enough action.

9-10 p. m. NBC. Kraft Mystery Theater. "The Image Merchants." An overly complicated plot, but the acting is excellent though several loose ends aren't tied up at the finish, the main mystery — a political scandal — is satisfactorily unraveled.

10-11 p. m. ABC. Naked City. "Beyond This Place There Be Dragons." (rerun). Frank Gorshin easily steals this show. The comedian impersonator takes on a dramatic role that proves his excellent abilities in this field as well.

10-11 p. m. CBS. Reckoning. "Ticket to Tahiti." (debut). Although this is a rerun series, the stories are from the old "Studio One" and "Climax" series, going so far back you will scarcely remember them. This one from Studio One is notable for both story and acting based on the heart-breaking trials a reckless son can force on his doing father. Franck Tone is excellent as a man who has longed for a vacation to Tahiti but finds his plans altered when his son's debts threaten his finances. James MacArthur is

Convict With Transplanted Lung Rewarded

JACKSON, Miss. (UPI)—A convicted murderer, who allowed himself to be used in the first human lung transplant in history, had his sentence commuted Tuesday by Gov. Ross R. Barnett.

The governor commuted the life term of John Richard Russell, 64, to the time already served.

Russell was convicted of murder in Attala County in 1947 and sentenced to life imprisonment at the state penitentiary at Parchman.

A diseased lung was removed from Russell at the University of Mississippi medical center here three weeks ago. It was replaced with a healthy lung from the body of a man who had just died.

Surgeons said the operation was conducted without a hitch and Russell continues in healthy condition at the hospital.

A petition for pardon submitted to the governor said that Russell "agreed in writing that a lung from another person be substituted for his impaired lung. The operation was accomplished uneventfully whereby subject tolerated the first human lung transplant in history, which transplant of a human lung followed more than 500 transplants in animals."

Business Briefs

Mr. and Mrs. Robert (Bob) Jones, who recently moved to Osteen from Ft. Lauderdale, have taken over the management of the Wheel Restaurant on Hwy. 415. Jones is the son of Mr. and Mrs. Walter Jones and the brother of Mrs. Bud Rutherford, of Osteen.

The City Service Station at Osteen, formerly owned by Edgar Sutton, has been purchased by Eddie Allman and Quitman Cone and is now under their management. They invite Osteen residents and friends to "stop by and say hello."

Mr. and Mrs. Allen Forward, of Forest City, both lifelong residents of Seminole County, announced this week that they have bought the Forest City Sporting Center and are looking forward to serving their many friends and neighbors.

They remind that 1963-64 fishing licenses are on sale at the Center for the convenience of area fishermen.

The Forwards own their own home on Pearl Lake in Forest City and are active workers in numerous civic, church and social organizations of the area.

B. R. Carroll (Carroll's Furniture) really got into the spirit of Clean-up, Paint-up. He has repainted, rearranged and put down new floor covering in his store on West First Street.

"We've got more to do yet," said Carroll, "but even this much brightens up the store, and gives us more display space."

Politics Denied By DAR Leader

WASHINGTON (UPI)—The Daughters of the American Revolution DAR Tuesday called "misleading" charges they are using their tax exempt status to issue right-wing political propaganda.

Sen. Maurine Neuberger, D-Ore., in a Senate speech Monday asked the Internal Revenue Service to look into possible abuses by patriotic and other tax exempt organizations to make sure they are not distributing "political propaganda."

W. C. (Billy) Hill

The half-century of unselfish service and devotion to the City of Sanford, to the County of Seminole and to East Central Florida by W. C. (Billy) Hill has been officially recognized by the City Commission in a resolution of commemoration.

Mr. Hill served the City as a Commissioner for six years and twice held the office of Mayor, in 1927 and in 1941-42.

He was one of the first to commence the campaign to have Sanford Naval Air Station established, attested by a letter in his personal files from a boyhood chum, John R. Beardall, who wrote on March 11, 1942, as Admiral Beardall, superintendent of the U. S. Naval Academy, commending Mr. Hill and assuring him the Air Station was to be a reality.

Another letter pointing to his wide circle of friends was received only last April from Linton E. Allen, chairman emeritus of First National Bank at Orlando, pointing out that of all bank officers and directors in the area "we are the last two of the old guard."

Mr. Hill's personal files now are revealing many kindnesses he accomplished for his friends and acquaintances in all walks of life. Notes in his personal journal refer to financial help for unnamed persons, notes with only sufficient information to assist his CPA in making up necessary financial statements. There are even notes of regular contributions for the care of a youth in Italy.

As one friend summed it up, "he had a great multitude of friends, high and low, did many favors quietly and modestly, wanting no glory or credit."

Billy Hill was born July 6, 1890, on the site where the Hill Lumber and Hardware now stands at 213

West Third Street. The company was established in 1873 by his father, W. J. Hill.

Billy Hill was an ardent sportsman and was a 50-year Elk, a 50-year Mason and a Shriner.

Following is the resolution authorized by the City Commission in special session the day after his death on June 13 and formally approved Monday evening:

Whereas, W. C. Hill, a lifelong resident of the City of Sanford, has recently passed away, and

Whereas, W. C. Hill served with distinction as a City Commissioner and as Mayor of the City of Sanford, Florida, and has been active in many civic organizations and recognized as an outstanding member of the community, and

Whereas, the City Commission of the City of Sanford wishes to express the sincere sorrow of the City Commission and the people of the City of Sanford for the loss of a faithful and valued servant,

Now therefore be it resolved by the City Commission of the City of Sanford, Florida, for itself and the people of the City of Sanford, that this resolution commemorate W. C. Hill, and that the same be a token of regret and sympathy at his passing, and

Be it further resolved that this resolution be spread upon the minutes of the City Commission of the City of Sanford, and that copies thereof be delivered to the immediate family of W. C. Hill.

Passed and adopted this 14th day of June, 1963.

Lyle C. Wilson Says:

Promise Is 'Orphan'

The orphan of the 1963 civil rights storm is the 1960 campaign promise to prevent racial job discrimination by means of federal legislation. A Fair Employment Practices Commission (FEPC) was not included in the civil rights legislation proposed to Congress this week by President Kennedy. In the message to Congress accompanying the proposed legislation, Kennedy did, however, endorse FEPC in this language: "Finally, I renew my support of pending federal fair employment practices legislation, applicable to both employers and unions."

A House labor subcommittee made that endorsement the look pretty good—better than it deserved—by voting on the same day to approve the pending FEPC bill by

Kennedy. But the bill still has a long road to passage. Among other things it will need a House rules committee green light to reach the House floor. A similar bill died in rules last session. Kennedy's reference to the pending FEPC bill was not much more than lip service. He could not have done much less and he evidently did not dare do more. FEPC is the real time bomb buried in the civil rights dispute. More than the integration of schools, swimming pools or lunch rooms, FEPC inflames southern whites against and Negroes in favor of its provisions.

It is not unlikely that Kennedy administration is becoming a bit tender on the subject of the integrity of the 1960 Democratic civil rights.

The FEPC promise was explicit enough:

"The new Democratic administration will support federal legislation establishing an FEPC to secure effectively for everyone the right to equal opportunity for employment."

The Kennedy's administration's support of FEPC has been more apparent than real. In any event, it has not been sufficient to obtain legislation. Nor is any FEPC legislation in prospect now, despite the President's kind words in his message to Congress.

Only the most naive will fail to spot the play whereby the Democrats in cautious connivance with the Republicans are maneuvering to sideline the most hotly controversial of the civil rights propositions now proposed. The hottest of these is FEPC.

The play is a device whereby FEPC is kept separate from the civil rights package so that other issues may not be swamped in the angry hurricane certain to arise around FEPC.

The same device is being used to bypass the private accommodations action of the Kennedy civil rights program. The Senate Republican and Democratic leaders are backing a substitute bill from which the Kennedy public accommodations action has been cast out. Public accommodations is another hot spot. Neither it nor FEPC is likely to pass.

The Republicans are linked with the FEPC play because they also made some 1960 civil rights promises. They promised a commission on equal job opportunity. It was perfectly clear that the Republicans hoped that would be accepted as a promise of FEPC. But the Republicans made no public promise on privately-owned accommodations. They are clean on that. The Democratic promise was specific and definite right down to lunch rooms. But private accommodations won't be in the civil rights package. The Democrats in 1960 had their fingers crossed.

Some of the Democrats platform, you might say, was just campaign oratory.

NOT OUR BABY—YET, BUT SOON?

Dr. Crane's Worry Clinic

CASE P-475: Dr. "X", aged 48, is a superb dental surgeon. "Dr. Crane, he taught for 12 years at our dental college," one of his colleagues told me.

"And I believe he is probably the most skillful dental surgeon in our entire city of 500,000 population."

"But he can't attract patients. And when we other dentists try to refer some to him, he can't hold them, either."

"So what is wrong that people don't appreciate such superior dental skill as Dr. X possesses?"

"Superb merchandising may not sell very well unless it is first 'packaged' attractively. In short, it must be slanted to meet the impulsive wishes and emotional desires of the buyer."

This is just as true in medicine and dentistry as in the retail merchandise field. For example, in my survey of dental patients, who were about 30 years of age, I inquired how many different dentists they had consulted.

The median number was three.

Then I asked them to pick out the dentist whom they regarded as the worst of the three and to tell me why.

Remember, these patients had quit patronizing this dentist and then had switched over to another.

Here are some of their major complaints:

He had smudges on his eyeglasses.

There was dandruff on his coat shoulders.

He had halitosis.

He smoked a cigarette and then stuck his fingers in my mouth without first washing his hands.

He had blackheads in his nose.

His pants were baggy.

He didn't have venetian blinds on his office windows.

He blamed his dental assistant for his own faults.

His fingernails were dirty.

He belittled me for showing pain.

Observe these objections and you'll find they have nothing to do with the technical surgical skill of the modern dentist!

Yet they cost those excellent dental surgeons much money in the lost patients and bad word-of-mouth talk-up that developed.

Patients usually have little knowledge of medicine or dental surgery.

So they must employ the layman's jargon in measuring their doctors.

"What connection is there," I inquired, "between smudged eyeglasses or dandruff on a dentist's collar, and his surgical skill?"

"Well, Dr. Crane," they would reply, "if a dental surgeon is careless and unsanitary in things which I can see, then he probably is just as unhygienic and unsanitary behind my back."

Incidentally, over 80 per cent of these reasons why those patients quit a dentist were purely psychological.

Conversely, over 80 per cent of the reasons cited by patients to justify their listing a dentist as top-notch, were also purely psychological.

So professional and business men, as well as politicians, must employ superb psychology, for sheer scientific or logical merit is not enough!

Critter Calls

SIoux FALLS, S. D. (NEA) — What with championship critter-calling contests of other kinds, the first world championship predator-calling contest is developing on the northern prairies.

The event will be held Aug. 19 at the Sioux Empire Fair in Sioux Falls. It will include senior and junior divisions, the latter open to hunters between 12 and 15 years old. Trophies and prizes will be awarded to the top three in each division. There is no registration fee.

Barbs

By Hal Cochran

A government official says families should practice more economy and buy more bonds. Well, that could quit smoking.

We've never known what it is that really causes a yawn. Let's put part of the blame on people who yep too much.

Barbers in a western town struck for more pay. It'll cost folks more to get trimmed.

It's really irritating when a laundry fails to return some of your favorite toilet towels.

A little judgment can lower your cost of living it up.

Either take medicine when you're run down, or get the license number of the car.

Teen-agers who sit on a park bench in the moonlight should look out for the arm of the law.

Political Notebook

WASHINGTON (NEA) — World-wide family planning, a new and extended world food plan with the possibility of progressive international taxation to support the effort were suggested at the closing session of the World Food Congress here to insure freedom from hunger for everyone by the year 2000 A. D.

Speaking to 1,200 delegates from 100 countries, B. R. Sen of India, director general of the United Nations Food and Agriculture Organization, listed these far-reaching international reforms in the course of a 40-point summary report to the two weeks' conference.

With world population expected to double to six billion people in the next 37 years, Dr. Sen declared that world food production would have to be tripled or quadrupled. He said this need will require an effort of nearly three-fourths of the human population.

Without using the words "birth control," Sen declared: "It is obvious that the increase in numbers cannot continue at the present rate, let alone at an accelerated pace, if the food supply lags behind. In the final analysis, it will be up to the individual to decide how he should conduct himself."

"Even so, the time may come when not only the nation

to which the individual belongs, but also the world as a whole may have to take a more direct and a more dynamic role in assisting family planning measures through social education and hygiene."

On the international level, Sen advocated urgent action to undertake a World Food Plan. This would co-ordinate national plans to meet nutritional needs and arrive at a better balance between export supplies and import demand, based on projections of future trends. Other World Food Congresses at periodic intervals were suggested to review progress.

The three-year Freedom From Hunger Campaign launched by FAO in 1961 will be continued on an experimental basis to develop techniques.

Calling on all countries to participate in this international reconstruction which he labeled, "a beginning of a new world-wide effort in the war against hunger," Sen predicted that "the time may be not far distant when a system of international progressive taxation will be regarded as a logical development even if for jurisdictional reasons it may be termed a contribution rather than a tax."

Summarizing the world food situation as of today, Sen declared that more than half of the world's population is undernourished or malnourished. Increases in world food supply have been mostly in the high income, industrialized countries. In other countries it is no better than pre-war. Life expectancy in the developing countries averages 35 years. In developed countries it averages 65 to 70 years. Part of the problem is increasing average income to

subsistence levels. In underdeveloped countries average annual per capita income is around \$100. In developed countries it is 10 times that. Low incomes and inadequate diets go together.

A minimum goal of 3400 calories of food per person per day, including 70 grams of protein was set. This will require a fourfold increase in Asia and the Far East, a threefold increase in the Near East, a two-to-threefold increase in Latin America and Africa. The present annual protein consumption averages eight grams in Asia, the Far East and many Latin American countries, 11 grams in Africa, 14 grams in the Near East.

"If hunger and malnutrition are to be eliminated by the end of this century," said Sen, "a much faster rate of economic growth appears necessary."

Until developing countries become more self-sufficient, Sen recommended adoption of the FAO plan for a \$12.5 billion five-year program of surplus food distribution by the "have" nations to the "have-nots."

About three-fourths of this would be devoted to economic and social development, the balance to emergency aid.

SERVING ALTAMONTE SPRINGS, CASSELBERRY, FERN PARK, LONGWOOD, MAITLAND, NORTH ORLANDO AND SANFORD from HIGHWAY 17-92 and STATE ROAD 436

City, County Leaders Pay Tribute To Capt. Tully

Gov. Farris Bryant has appointed W. D. Frederick, Orlando attorney, as the new public defender for the eight-county Ninth Judicial District, including Seminole County. He will defend indigent persons charged with felonies and his salary of \$8,000 will be paid by the state. However, any assistant defender named for this county at a later date will receive his salary from the county.

The Welaka building on First Street at Railroad Avenue, is about to get a new "face". Manager A. R. Key says painters will commence operations in a week or 10 days.

Manager Joe Foy reports 1963 high school graduates from Seminole County's Seminole, Oviedo, Lyman, Crooked and Forest Lake Academies now are registered with Florida State Employment Service. Among them, says Joe, are good stenographers, clerical workers, receptionists, auto mechanic and carpenter trainees, as well as laborers. Some are seeking only summertime jobs before entering college this fall.

Fern Park barracks, World War I Veterans, and the auxiliary are having a covered dish supper and Chinese auction at Altamonte Springs park this afternoon. Affairs will be moved to the Community House on Maitland Avenue in event of inclement weather.

At one time I was a very slow hunt-and-peck typist but now I'm a speedily competent of the touch system.

A call to North Orlando Company offices early Wednesday found manager Frank Fasula bustling around in the rain to build an emergency shelter for his mare's new born colt. Why wasn't the shelter in readiness and waiting? . . . it's like this. The Fasulas, who bought the horse for their daughters at Christmas didn't realize until just recently that she was even expecting and had no way of determining just when to look for the new arrival. The family, we understand, even postponed long-made vacation plans to await the blessed event. After all this, we wonder . . . is Frank passing out cigars?

Cassberry Fire Chief Paul Bates returned home Wednesday from Winter Park Memorial Hospital, where he underwent surgery.

Two "famous" persons, both celebrating birthdays today were honored at Coffee Club this morning. Neither C. C. Manager John Kridner nor Herald Reporter Dottie Austin would reveal how much water has gone under the bridge. Can these be "Moon Children"?

Civilians will install new officers tonight at the Lake Monroe Inn, handling the reins to incoming Charlie Kampf, Chelsea manager.

June may be the month of Brides, also of Roses, Rain and other long-held traditions. But it is also the Month of Installations with just about every Club and organization getting "Off with the old and on with the new."

Our informants down Orlando-way report the gasoline war there is over. Local service station operators are happy about that, and also happy the price war didn't spread to Sanford.

Joe Ryan Dies
NEW YORK (UPI)—Joseph P. Ryan, 79, president of the International Longshoremen's Association from 1927 to 1953, died Wednesday after a long illness.

CAPT. JOSEPH M. TULLY JR.

Two years ago today Captain Joseph Merit Tully Jr., USN, assumed command of Heavy Attack Wing One at Sanford Naval Air Station.

This afternoon he was honored by Sanford and Seminole County leaders for his efforts in these last two years in promoting "an unequalled bond of friendship and cooperation between officers and enlisted men of Sanford Naval Air Station and the citizens of Seminole County."

The tribute was paid at a luncheon at Mayfair Inn. Invocation was pronounced by Chaplain Angelo Libera, NAS, and State Senator Mack N. Cleveland Jr., as master of ceremonies, introduced the guests.

At the head table were City Commissioners, County Commissioners, mayors of cities, towns and villages in the county; Thomas H. Fuller, president of the Central Florida Council, Navy League; Col. H. J. Purgas, superintendent of the Sanford Naval Academy; Captain Robert M. Ware, NAS commanding officer, and Mrs. Ware; Captain James O. Mayo, who will succeed Captain Tully as Helicopter Commanding Officer, and Mrs. Mayo, and Captain and Mrs. Tully.

Resolutions of tribute to Captain Tully were read and presented by Gen. J. C. Hutcheson for the County Commission, Mayor Thomas S. McDonald for the Sanford City Commission and Andrew Carraway for the Armed Forces committee of the Chamber of Commerce.

F. E. Rounhill Jr., president of the Chamber of Commerce, presented Captain Tully with a plaque. Fuller presented a gift from the Navy League and Carraway presented a gift from the Armed Forces committee.

The luncheon closed with a response by Captain Tully, who will leave July 12 for further assignment to the Naval Air Station, Norfolk, Virginia, D. C. This assignment marks him for future promotion in the Navy.

The presentations will be made by Captain Joseph M. Tully Jr., Wing Commander, following his annual personal inspection of the squadron.

The trophies were originally slated to be given out by the Wing's 1962 Bombing Derby. However, the Cuban Crisis forced cancellation of the Derby and the presentations were rescheduled for VAH-11's administrative personnel inspection.

Both recipients have relatively long histories of operations with the A-1H Skywarrior, which they flew to their championships.

Shattuck was an early A-1B pilot, flying the twinjet aircraft overseas from 1957 to 1959 with Electronic Reconnaissance Squadron Two (VQ-2), and finally, from 1959-62, with Sanford's VME-3 and VAH-11. He is now a jetline pilot for United Air Lines.

Blunden has similar experience. He flew as a navigator with VAH-1 in the Far East from 1956 to 1960, then came to Sanford. He was commissioned an ensign in 1959 through the Navy's Limited Duty Officer program, became a bombardier navigator the same year and in his first full fiscal year in heavy attack, won the bombing championship.

P. S. POLGAR, Lt. Cdr., USN, will assume command Friday of the Naval Air Maintenance Training Group Detachment at Sanford Naval Air Station, relieving Lt. Cdr. Clyde G. Hunt, a 21-year veteran who is retiring. (Navy Photo)

SAN FRANCISCO (UPI)—Barry Goldwater addresses the National Young Republican convention tonight. Support for the conservative wing of the Republican Party in general and Goldwater in particular has been so marked at the Young Republican (YR) convalesce here that one of the candidates for the national chairmanship Wednesday announced 100 per cent support for Goldwater.

LOGGING OPERATIONS were so deep inside Wekiva Swamp that it was necessary Wednesday afternoon to remove the body of an accident victim, Samuel Thomas Harris, 31, two miles by tractor to a roadway. (Herald Photo)

Last Rites To Be At DeLand

Funeral arrangements were being completed at DeLand today for Samuel Thomas Harris, 31, of DeLand, a timberman killed at about 1 p. m. Wednesday afternoon in a logging accident in Wekiva Swamp.

Sheriff's Deputy J. Q. Galloway reported that Harris was guiding the loading of a 30-foot hardwood log onto a truck when the chain of a hoist slipped. The log knocked Harris from the truck and then fell on his neck and shoulders, crushing him.

Coroner Hugh Duncan, who investigated with Galloway, said death was accidental and instantaneous.

The accident occurred two miles inside the swamp south of Markham, off the Longwood-Markham Road. It was necessary to use a tractor to remove Harris' body from the swamp due to lack of roads.

A native of Seville, Fla., Harris is survived by his wife, Patricia Harris; two children, Richard and Lina; a brother and three sisters, all of DeLand. Allen-Sumnerhill Funeral Home is in charge of arrangements.

Bryant Hails Kennedy For Canal Support

TALLAHASSEE (UPI)—Gov. Farris Bryant said today President Kennedy had been asked to speak to the National Governors' Conference at Miami Beach in July.

Bryant said many legislators who were cool to his higher education bond financing plan would probably come around to supporting it before long. Bryant kicked off a drive Wednesday night in Pensacola to get voter support for the \$55 million issue which would be used to pay for junior college and university construction.

The bond proposal must be approved by a state-wide vote before any bonds can be sold, Bryant said during the past year, the Road Department opened bids on about \$102 million worth of highway construction, an increase over 1958, the next highest year, when bids totaling \$126 million were opened.

Cuba 'Invasion' Talk Subsides

MIAMI (UPI)—Talk of a new refugee "invasion" of Cuba has died down here as rapidly as it flared up about a week ago.

It is now clear that a report that refugees "commandos" from Central America were smuggling arms to anti-Castro guerrillas in Cuba snowballed out of all proportion in the telling.

Temptation Of 'Free Life' Too Much For Her

Prison 'Coed' Loses Parole Rights

NASHVILLE, Tenn. (UPI)—An unfortunate thing happened to prison "coed" Sarah Jeannette Johns on her way to the University of Tennessee.

She succumbed to the "audacious temptations of a free, modern society" and kept late hours shortly after she was paroled to attend the university, state Corrections Director Harry Avery said Wednesday.

"I was scared of life," Miss Johns told the Pardons and Paroles Board, which revoked her parole at a hearing Wednesday. She said she went to a movie Monday night, "and started," and spent the rest of the night and early morning drinking in local taverns. Officers were waiting for her when she returned on prison last week to study criminal psychology at the university. She had earned 12 college credits through correspondence courses.

JFK Journey To Ireland Sentimental

DUBLIN (UPI)—The Irish made John F. Kennedy their own today.

The President left behind the affairs of state in Dublin and hedgedhopped by helicopter and car on a sentimental journey across southeastern Ireland, home of his ancestors.

He went to New Ross, from where his great grandfather sailed for America 113 years ago; sipped tea with his cousins and other relations at the old family homestead in Dungannon; laid a wreath in Wexford on a statue of Commodore John Barry, father of the American Navy; and then hopped back to Dublin.

The President was in a relaxed and happy mood following a grim Berlin visit. He won hysterical applause and was mobbed by throngs everywhere he went in this misty green island.

At New Ross he told a wildly cheering crowd that if his great grandfather had not gone to America, "I'd be working over at the Albross Co. here, I guess." The company is a fertilizer factory on the river.

From New Ross he motored five miles along hedged-in lanes to Dungannon to take a look at the potato shed which was the original Kennedy home.

Breaking through all protocol barriers at Dungannon, the President pushed into the crowd to shake hands and expressed his pleasure at seeing the people of the area of his forebears.

He was nearly mobbed by the huge quayside crowd at New Ross after his folksy speech in which he introduced some of his traveling companions and then said that "when my great grandfather left here 113 years ago he carried with him only two things—faith and a strong desire to live in liberty."

Police estimated that 100,000 people gathered for the event. The President's visit to Ireland was the first by a U.S. president since World War II.

Vatican Council To Resume Work Sept. 29

VATICAN CITY (UPI)—Pope Paul VI, continuing the work of the late Pope John XXIII, today set the second session of the Vatican Council for Sept. 29.

He ordered the council's preparatory body to resume work next week.

The new date for the beginning of the second session was announced by Papal Secretary of State Amleto Giovanni Cardinal Cicognani. Originally it had been scheduled for Sept. 8 but was delayed because of the illness and death of the late Pope.

The announcement was a type of document known as a "rescript ex auctoritate," meaning a formal notice of orders imparted on Cicognani by the Pope during a private audience.

In a separate communique, the council press office said the council's coordination commission was a meeting Wednesday "to complete its work according to the instructions issued Dec. 8, 1962 by the Holy Father John XXIII of venerated memory."

Pope John's instructions to the commission was to cut, rewrite and combine items placed before the council, reducing their number from 70 to 20.

Grand Jury Probes Gaming

ORLANDO (UPI)—A Federal grand jury, reported to be investigating sophisticated illegal gambling activities, was scheduled to resume hearings here today.

The current hearing, which is secret, began Monday and recessed Wednesday. Two special attorneys for the organized crime and racketeering section of the Department of Justice were on hand to make presentations to the grand jury.

About a dozen witnesses were questioned Tuesday. Among them were Philip Heale, Pensacola, a former legislator; State Sen. Mack Cleveland Jr., of Sanford; Abe Brown and Joseph Gurwitz of Miami; Capt. Tom Sawyer, of the Orlando Police Department; B. O. White, an Orlando boat firm operator, and Beverly Roberts, of Seminole County.

Before his brief appearance, Cleveland told newsmen in Sanford he did not know why he was summoned but believed it might concern the fact that, as an attorney, he once represented two persons who had been arrested.
