The cuke crop here was disastrous, owing to some unusual disease that caused quick decay after shipping. Thousands of hampers were worthless after reaching market and the growers would have been money in pocket had they allowed the crop to rot in the field. These disappointments are common to life and are here soon made good and forgotten when profits of other crops take their place.—Clermont Notes in Times-Union.

After many setbacks and much contention, Tampa will at last get a Carnegie library. The last obstacle appears to have been overcome and council is to purchase a desirable and attractive site for the new building. The \$50,000 of Carnegie's money will be forthcoming, under the usual conditions, as soon as the lot is ready for occupancy.

News comes that Tampa is to have still more auto-drive fire apparatus. Chief Matthews of the fire department having advertised for bids for two chemical and hose wagons, the cost not to exceed \$10,000. The fire department in Tampa already has three of these wagons, besides other motor-driven fire apparatus.

Caught a Fire Bug
Tampa, May 25.—Following a series of incendiary fires extending over a period of three weeks, George Green, a negro, was surprised with two companions while lighting a fire in a vacant house in West Tampa at midnight and shot three times in the back. His two companions escaped.

Green was hurried to the West Tampa jail, where a strong guard was placed. The frequency of fires since the receipt of the first of a series of anonymous letters addressed to the chief of police and fire chief has thoroughly aroused the community.

Florida's memorial to the men of the Confederacy, who took part in the campaign above the clouds at Lookout Mountain, Tenn., will be unveiled in Chattanooga Park next May. The movement will cost \$15,000, this amount having been appropriated by the state.

The new style of hair cut in Sanford is to have it cut baldheaded.

Election passed off very quietly today. Chas. Hand has been elected.

Base ball will now have the boards. Politics is a back number.

Mass Meeting for Charity
All citizens of Sanford interested in organized charities are invited to meet at the Star Theatre at 4:30 next Sunday afternoon to perfect the new Associated Charities of Sanford.

For the committee,
GEORGE B. WALDRON,
Chairman.

LATE PERSONALS

M. S. Nelson left this week for a short business trip to Lanark, Ill.

Miss Kathleen Massey, who has very capably filled a position as teacher in the schools at Winter Park, after spending a week with her friend, Miss Lillian Gibson, left Saturday via the Clyde Line for her home at Rock Hill, S. C. Miss Massey made many friends in Sanford and Winter Park, who regret her going and who wish for her return another year.

Dr I. M. Kennedy and W. M. Igou of Eustis were in the city Friday.

Mr. G. G. Hearn of Donaldville, Ga., left for Atlantic City Monday, after a pleasant visit to the home of R. L. Jones.

Mr. A. S. Jackson of the A. C. L. leaves for his home in Birmingham today.

Mrs. Mary E. Starling left yesterday for St. Louis after spending the winter with her son, B. J. Starling.

Mrs. B. J. Starling and daughter, Clarissa left yesterday for Nashville, Tenn., where they will spend the summer.

Has any one here seen Hillburn?
—O—

Read the article on the water works question on another page of this issue. It is written by Mr. Mahoney and speaks authoritatively on this subject of better water for Sanford.

—O—

Everybody rides free today. Everybody walks tomorrow.

—O—

If your favorite was not elected don't worry. The world will move along just the same tomorrow.

—O—

Don't believe anything you hear about honesty in politics. After the election the honest men are more than apt to become grand rascals.

Imagination.
The faculty of imagination is the great spring of human activity, and the principal source of human improvement. As it delights in presenting to the mind scenes and characters more perfect than those which we are acquainted with, it prevents us from ever being completely satisfied with our present condition, or with our past attainments, and engages us continually in the pursuit of some untried enjoyment, or of some ideal excellence. Hence the ardor of the selfish to better their fortunes, and to add to their personal accomplishments, and hence the zeal of the patriot and the philosopher to advance the virtue and the happiness of the human race. Destroy this faculty, and the condition of man will become as stationary as that of brutes.—Dugald Stewart.

Mignonette Tree.
Few mignonette lovers appear to realize that a plant of this so fragrant flower may be preserved from year to year until it becomes a little tree. You take a strong plant from seeds sown in the month of April, put in a pot all alone, and whenever and wherever it attempts to show a blossom nip it off without remorse. At the end of September or the beginning of October cut off all the bottom shoots to make it look like a tree; move it into a larger pot and put it in the greenhouse. Water it regularly and keep it moderately warm. Treat it in the same way the following year, cutting off all the lower shoots and blossoms, and you will have a mignonette tree that will last and bloom for years.

Sponges Left in Abdomen.
A suit like that brought a few weeks ago by a woman against a physician for leaving a towel in her abdomen following an operation has been brought by a Philadelphia man against two surgeons of the German Hospital staff, in that city, for \$10,000 damages for alleged neglect in leaving in his abdomen two sponges following an operation at the hospital. The man alleges that the defendants performed the operation. He went to the hospital on January 14, 1911, and was discharged as cured on March 4. He suffered much pain after that, and went to another surgeon who performed a second operation on the plaintiff, and found in the wound two sponges and other medical material.

"Love Me, Love My Dog."
The women who believe in these sentiments will be made happy by one

of the new luxurious valises in which to place the pampered pet while travelling. The valises are lined with white goat fur and are real nests of comfort. A series of holes in the side admit plenty of fresh air, while at the other side of the valise is a species of grill or wire lattice work which enables the dog to see all that is passing. Usually the valise is of leather, with its owner's name and address on an engraved brass label, and there are leather handles to enable it to be carried easily in the hand.

Must Have Three Certificates.
The Rev. Mabel R. Witham, pastor of the Church of Immortalism in the "exclusive" Back Bay quarter of Boston, has decided not to celebrate marriages unless the parties can produce three certificates. The first is to be one from a doctor stating that they have passed a medical inspection, the second must be from a banker or other responsible person to the effect that the would-be husband has demonstrated his ability to maintain a wife in decent circumstances, and the third should certify that the bride has received a proper training in domestic science and the mysteries of household management.—London Answers.

True Benevolence.
It is useless to talk of sacrificing self to others unless there is something in self that others need. It is the full and rich life, not the poor and empty one, that can fill and enrich others. True benevolence, then, must obtain that which it would give. To acquire honorably money or leisure or power, to cultivate health and happiness, to gain knowledge and wisdom, to develop interest in human affairs, to cherish just principles and generous impulses, to fill the mind with pure and noble thoughts and the heart with tender love and sympathy—these things are essential.

Padded Flowers for Sick.
More than 26,000 single carnations were disposed of in Salem by volunteer workers in the annual carnation festival held in aid of the Salem summer camp for tuberculosis patients. All day long the streets of the city were filled with the flower sellers. Fair plackets took up their stations on the principal street corners early in the morning and commuters were forced to run the gauntlet of their appeals. The standard price asked was ten cents, but "keep the change" was the order of the day with most of the buyers.

Did His Duty Nobly
When the meningitis epidemic broke out in Texas it was necessary that the serum to combat the disease be administered by one familiar with its use. Dr. Saphan—the physician chosen—was sent to the field from New York. A few days later he was in the midst of the epidemic, working twenty or more hours a day, bending all his energies to the humanitarian work he was sent to perform. When medical men work like this and take a prey to disease, exposure or attack we honor them as martyrs," says the Journal of the American Medical association.

Passed Headache Along
Bill, with the misery of a splitting headache showing in his eyes, was creeping along the Bowers when he met Jack. "Hello, Bill, what makes you look so sour?" was Jack's greeting. Bill explained. "Headache," said Jack. "What the deuce are you doing with a headache? No business having it. I never had such a thing in my life." "Well, you've got one now," snarled Bill as he dealt his Job's comforter a staggering crack with his stick.

Only Problem of Happiness.
"Real happiness is so simple that most people do not recognize it. They think it comes from doing something on a big scale, from a big fortune, or from some great achievement, when, in fact, it is derived from the simplest, the quietest, the most unpretentious things in the world. Our great problem is to fill each day so full of sunshine, of plain living and high thinking, that there can be no commonness or unhappiness in our lives."—Orison Sweet Marden.

Calls for Persistence.
"There are no cut-and-dried rules for making advertising successful. Each man has to work out, in a large measure, his own salvation. There is, however, one sure way to make it pay, and that is by persistence and common sense. There are no substitutes for these elements in advertising or anything else for that matter."—Jed Scarborough.

Had First to Find Himself.
Everybody who ever did anything anywhere, had to find the grindstone and run himself against it until he developed an edge that would cut something.—Herbert Kaufman.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurrled Readers

A solid delegation of forty delegates instructed for Woodrow Wilson was elected to the national Democratic convention Tuesday by the Texas Democratic presidential convention. The delegation is composed of eight delegates at large and thirty-two district delegates.

Seven persons were killed, three were probably fatally injured and a score or more were less seriously hurt when a tornado swept through the village of Skiatook, Oklahoma, eighteen miles northwest of Tulsa and the neighboring farming lands and oil fields Tuesday night. The property loss is estimated at \$75,000.

What promises to be one of the greatest pre-convention fights in the history of this country will take place in between Taft and Roosevelt forces in Chicago between now and the 18th of June, the date for the assembling of the national Republican convention. Several days ago it was announced that Senator Elihu Root had been selected by the national committee as the temporary chairman of the convention. Mr. Root is a Taft man, and therefore will not be satisfactory to the Roosevelt forces. In fact announcement is made in a Chicago dispatch that the Roosevelt forces will refuse to abide by the selection of Mr. Root, and that they will insist on naming a chairman in accord with the Roosevelt policies. That is certain to precipitate a big fight between the two factions.

THE LATE UNPLEASANTNESS

Second Primary Passes Off Quietly In Sanford Tuesday

The second primary passed into history last Tuesday and while there was a bit of interest created over the Sheriff's race and Clark and Hilburn the affair was rather tame compared to the first primary. The voters were out in full force and the loyal Hand supporters did not let a guilty man escape. Sanford, as usual, gave Frank Clark a fine vote and despite the activity of the Hilburn supporters put Clark over at the ratio of three to one. If the rest of the county had done as well Clarke would have carried Orange with flying colors. Hand received the finest vote in his home city that has ever been handed to any one, and though defeated he has the comforting thought that his own people stood by him loyally. Following is the tabulated vote of the two precincts:

Precincts	3	25
For Governor of State of Florida		
Trammell	265	245
Member National Democratic Executive Committee		
Crawford	121	107
Matthews	93	92
For Congress State of Florida at Large:		
L'Engle	122	152
Toomer	148	108
For State Superintendent of Public Instruction:		
Holloway	110	93

 ten-der-ness, su- ing for-give; He will
 wel-come all who come to Him, He the sin-ner will re-ceive.

For some weeks the church going people of Sanford have been planning for a great religious awakening in the evangelistic campaign now being led by Evangelists Bass and Stapleton, and although the meetings have been in progress only a few days, they are proving to be a great power for righteousness.

and save it to our common Lord, is RELIGION and FORWARD MOVEMENT, and within itself a mighty power which attracts the people and reveals the spirit of the MAN OF GALILEE.

to some one else, and you came into possession of it through a dishonest deal, will burn you in hell if you don't take it back. Praying will never transfer ownership.

COUNTY VOTE BY PRECINCTS

County Vote in the Second

The following table gives the total vote by precincts on as many candidates as it was possible to get, and only the official count will give all of them. Just why Orange county can never get all the precincts is rather strange but the fact remains that it takes about four days to hear from all the suburbs. However the reader can find out about Hand and Kirkwood and Clark and Hilburn which is enough for one week.

Precincts	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	Totals

The General News of The Land of Flowers.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Cigar shipments from Tampa the last week totaled 5,375,000. This is a splendid showing for the summer season.

It is expected that the entire road from Pablo to Atlantic Beach will be bricked in the near future. Work on this will begin at an early date.

Many improvements have recently been made at the park in Apopka and the park has now been turned over to the ladies of that town for maintenance.

The annual meeting of the Florida State Bar Association will be held in Jacksonville from the 6th to the 8th of June. One of the features of the session will be a banquet at the Hotel Burbridge.

The contracts have been let in Tallahassee for painting the Capitol buildings and sanctifying the Capitol grounds. Cement walks will be laid throughout the grounds, connecting with the paved streets. The lawn is to be regraded and replanted, and the walks set in beautiful flowers and shrubbery.

Sheats and L'Engle Win

Fuller returns from Tuesday's primary, while as yet very incomplete, confirm the fact that W. N. Sheats has defeated W. M. Holloway by a substantial majority, which is now placed at about 4,000, but may reach 5,000 by the time the entire vote is counted.

The election of Claude L'Engle as congressman at large is also a certainty, late returns indicating that his majority over Toomer is about 5,000. He himself claims a majority of 7,000 and it may reach that figure when all reports are in.

Exact figures on any of the races will not be available until the meeting of the State committee, which will take place in Jacksonville on Saturday. It will not be known until that time, either, just who were elected delegates to the Baltimore convention. In most counties there were exciting local contests which engrossed the interests of the people to such an extent that they failed to report on the State races. However, the general result so far as the principle races are concerned is not in doubt, and the majority for both Sheats and L'Engle being decisive.

Missionary Meeting

The Woman's Missionary Society of the Baptist church met last Monday night at the home of Mrs. J. K. Johnson on French avenue with a good attendance. The devotional exercises were led by the president Miss Allie Itafford, after which interesting sketches concerning Brazil and the work being accomplished by Baptist missionaries there were given by Mrs. J. W. Wildman. Dues and donations were handed in, after which delicious refreshments were served by the hostess and a social half hour enjoyed.

house, the other is where you go into the ditch. One is where you leave God and His church, and the other is where you plunge into hell, a full fledged gambler. What we need in Sanford, is for you people to go home and draw a chalk line around you and then pray God to begin on the fellow on the inside of the ring.

Watch the man or woman who drops out of a red-hot meeting; there is a reason, and that reason can be found either in their hearts, homes, business, or social life.

Some of you people are singing "Standing on the Promises," and will stand in a pair of shoes that you never intend to pay for.

I do not blame some men for staying out all night. I would too, if I had to go home and play second fiddle to a poodle dog.

The best gift that ever came from the throne of God is a Christian mother.

Why is it that you are not as pure as a sunbeam, as sweet as a dew-drop, as enchanting as the sun-kissed heights of the Alps, and as gentle as the air of the Spring morning? God made all these, and He can make you as beautiful.

How to Develop this Community MORE RAPIDLY

DID YOU KNOW that more than One Hundred Thousand Dollars leaves this section each year for Life Insurance? What has been done cannot be remedied. Begin now to stop this flow by **KEEPING THE MONEY AT HOME**. This can be done by insuring in the

American Bankers' Insurance Company

An Old Line Legal Reserve Life Insurance Company owned and controlled by hundreds of bankers throughout different sections of this country. Characteristic of Bankers, it is **MOST ECONOMICALLY** managed and offers the **GREATEST SECURITY** to Policy Holders. It is the only Life Insurance that invests its money locally. Examine its policy contracts and you will have no other

CHAS. L. POLK, LOCAL REPRESENTATIVE

PEOPLES BANK OF SANFORD

THIS IS TO CERTIFY that this Bank has a contract with **THE AMERICAN BANKERS' INSURANCE COMPANY** of Chicago whereby it agrees to deposit all of the money received for Insurance in This Section in This Bank, and the same to be loaned out in this community. This means long time loans at lower rates of interest.

H. E. TOLAR, Cashier

HAPPENINGS IN OUR NEIGHBORING VILLAGES

CHULUOTA SNAPSHOTS

As to the weather, the rain is holding back for awhile and the farmers are taking advantage of the cessation to kill some of those thrifty weeds.

As to politics—if there is a single slanderous thing left unsaid about any candidate anywhere, it is the general opinion that it is unintentional.

Mr. and Mrs. P. E. Culley, having spent a couple of weeks at Gee Hammock returned home Saturday.

G. M. Jacobs left Saturday to rejoin his fishing crew at Lake Okechobee.

Mrs. Mary Taylor of Geneva and her guest, Miss Mary Dart of Apopka were the pleasant visitors of Mr. and Mrs. J. Tilden Jacobs Sunday.

Carl Barber of Gee Hammock spent Saturday and Sunday with his sister, Mrs. P. E. Culley.

A few of the young folks spent a very pleasant time at Mrs. J. J. Hill's Saturday evening at an "ice cream."

Charles Phillips of Orlando was seen among us one day last week and his genial smile and cordial handshake are just as pleasant as ever.

Miss Cora S. Fielding, State Manager of Woodman Circle and Miss Winifred McDonald, State Deputy of the same order, and Miss Addie Gresham were in this section Saturday, looking after the interests of their work.

Guests at The Palm this week were as follows: Prof. Wakefield of Cocoa, Mr. Harold of Dania, Jas. A. Kirkwood, Turner Evans, Charles Phillips and Mr. Rhodes of Orlando, Mrs. Wm. Taylor and Miss Addie Gresham of Geneva, Miss Mary Dart of Apopka, B. A. Hodges and James Osteen of Christmas, Miss Cora Fielding and Miss Winifred McDonald of Jacksonville.

Mr. Owens, the employee of the new railroad water tank leaves with his family Wednesday for Pennsylvania, where he will enjoy his vacation. Mr. Schmidt, who is to fill the vacancy, has already arrived and is stopping for the present at F. M. Story's.

Chas. Steavor is the champion fisherman of Chulucota, having caught ten nice trout in Lake Mills in two hours last Monday afternoon.

MOORE'S STATION

Moore's Station Sunday School picnic was a success. An ideal day, a fine fish fry, a big, jolly crowd with baskets of good things was what made it a day to be remembered with pleasure. There were a good many friends in attendance. Dr. Minnick brought a big load from Cameron City in the afternoon.

Wedding cards received this week announce the marriage of Miss Ida Lucy Simon of Sanford to the hustling groceryman, R. L. Gornity of Cameron City in DeLand on St. Patrick's Day. They will be at home to their friends after June 10 in Cameron City. Congratulations.

Mrs. E. L. Brown and two little daughters of Christmas came to the Sunday school picnic last Thursday and spent the remainder of the week with her daughter, Mrs. J. F. McClelland.

An eight pound daughter was born to Mr. and Mrs. L. M. Lucas, the 23rd and a nine pound son was born to Mr. and Mrs. Herndon of Howell, Ga., the 21st. Mrs. Herndon is Mrs. Lucas' sister and will be remembered as Miss Nalle Estridge, both daughters of Mr. and Mrs. F. N. Estridge of Cameron Avenue.

Mrs. Godwin and little son are in Oviedo with friends. Mrs. Godwin is reported as being very sick.

Mrs. Raynor and daughter, Miss Isabel, and son, Billie, of Celery avenue are leaving Saturday for a visit to their former home on Long Island.

E. A. Gilbert spent Saturday and Sunday in Jacksonville and Pablo Beach.

Joe Keene of DeLand spent a portion of last week here at the home of his sister, Mrs. K. L. Britt.

Frank Cowan sold ten acres situated in Fort Reed to W. W. Britt last week. Mr. Brisson of Celery avenue is preparing to erect a fine new house. His present house is being moved west a few rods.

Ralph Allen of Beardall avenue leaves for Kansas in a few days.

E. L. Craig and son leave for Wichita, Kansas June 2nd.

We noticed in Friday's Herald that Rev. J. W. Wildman will be here next Sunday, June 2nd, instead of Rev. C. H. Summers as announced.

Several young men from here and Fort Reed are getting palmetto roots ready for shipment to Jacksonville over near Lake Harney.

June 6th is the date for the picnic to

celebrate the opening of the bridge at Geneva Ferry. It is expected a big crowd will gather from both sides of the St. Johns, as it will be an event of Orange county.

A son was born to Mr. and Mrs. R. L. Britt the 29th inst.

GENEVA JOTTINGS

The Misses Mabel and Marie Daniels and Mr. Herman Daniels are home from Southern College, Sutherland.

The young people of Geneva enjoyed a chicken pillau last Friday night.

Mr. and Mrs. David Speer will make their home in Sanford for awhile, as Mr. Speer has accepted a position there. While in Geneva they have endeared themselves to everyone and it is with regret that we give them up. All hope that they may return in the near future.

The M. M. S. society observed "Mother's Day" at their meeting with Mrs. W. D. Peters, May 9th. Many good papers were read. Especially to be mentioned were Mrs. C. A. Raulerson's selection "A Mother's Dream" and an original article on "Mother's Day" by Mrs. David Speer. May 23rd the society met with Mrs. Aubrey Moran. No business transacted, but a pleasant social time was spent. Both hostesses served delicious refreshments.

Mrs. W. L. Taylor has for her guest, Miss Mary Dart of Maitland.

Mrs. George Peters is visiting Mrs. Oscar Nicholson of Daytona.

Miss Belle Eichner, who is the guest of Miss Harris of Winter Park is enjoying all the Commencement social functions at Rollins College.

Mrs. Fred Yerkes, with her two charming little children, Miss Cornelia and Master Fred, Jr., is visiting Mr. and Mrs. Huddleston on Buck Lake.

Both services at the Methodist church on Sunday were well attended. Sermon by the pastor in the morning, and in the evening Herman Daniels preached a right good sermon. Geneva should be justly proud of her own.

Mrs. C. A. Raulerson left for her home in the north last Monday.

Bertie Pattishall, who has been attending school in Sanford is home for the summer.

Mr. Oscar Nicholson of Daytona visited his mother last week.

The Gate City House has brought down the high cost of living. Only \$4.00 per week for the finest table board in the city. See Parker.

Defeated—But a Winner

Charles M. Hand has been defeated for the position of Sheriff of Orange county, but he is being congratulated by his many friends for the magnificent race he has made. The vote he received in Sanford where he has resided since early boyhood is one that should make any candidate proud. The people here know him as one of her foremost citizens. He made a clean, honest campaign, and though defeated is still a winner. Charlie Hand is proud of Sanford and Sanford is proud of Charlie Hand.

Residence For Sale

New ten room house with all conveniences, just been screened throughout with best copper screens. Twenty bearing orange trees, pecan trees, about fifty rose bushes and other plants. All in firstclass condition and situated on Sanford Heights, the prettiest residence section in Florida. Finest artesian water from deep well. Can also sell two other lots with poultry yard and orange trees, fine galvanized barn and garden adjoining. Will be sold at actual cost as my business necessitates closer residence.

R. J. HOLLY
Herald Office.

Leave Orders For Ice Cream

Any one wishing ice cream on Sunday can have it made and delivered by leaving orders on Saturday at Maxwell's. Latest improved machinery insures the best of cream and quick delivery. 72-11

Harm Wrought by Athletics
A study of 625 athletes of the Cornell academy and training school for the ten years ending last year shows twenty-one deaths, six from consumption, eight from nervous diseases, ten from alcohol and two from heart disease—heart trouble brought on by too much running. Football caused one death. But worst of all among the other 604 athletes are 198 who have had officially recorded injuries. One-third of the 198 had troubles of the heart—shrinkage of the heart, loose valves, fast and irregular beating of the heart and bagginess of the heart. In 16 of the 198 the joints of the legs or arms were out of order and 17 had either active or sleeping consumption. Eleven had kidney disease and 16 were sufferers from nervousness and stomach trouble. New York Press.

What Made the Squirrel Like Him?

Prince Paul Troubetzky, the sportsman, carries a pet about with him. Prince Troubetzky was lurching in New York when one of the company demanded that the prince show the others the animal that was in his possession. Forthwith the prince to the astonishment of the company, pulled out of an inner pocket a little squirrel. He said that ten days before, while in Cleveland, he had noticed the squirrel in the street and had approached it. To his surprise, instead of running away, it made toward him and allowed him to take it up. Later in the day he took it to the park, where he wished to set it free, but the squirrel would not leave him.

Is Golf Scotch or Dutch?

The origin of golf, one of the most popular pastimes in the United Kingdom, has generally been ascribed to Scotland. But this is a fallacy. Lately, however, it is asserted that it is to Holland we owe this game, and that it was brought from Holland to Scotland. For instance, the name "golf" itself is derived from the Dutch word *rolf*, meaning a bat or club. "Fore!"—the word shouted before driving off—is derived from the Dutch word *voor*, meaning, in front. From "put-ten"—the Dutch word to hole—we get our English word put; and niblick—the Scotch "knibloch," a knob of wood—is derived from the Dutch *knobbe lachtig*, meaning knotty.

Enforcing the Law.

At the session of the state legislature of last year there was an act passed making it unlawful for any person or persons to operate any hotel, boarding house or restaurant within this State without keeping all doors, windows and similar openings to dining rooms, kitchens or passageways between same securely screened with screen wire not coarser than twelve meshes to the inch.

A penalty for violation of fine not exceeding fifty dollars for each offense was prescribed, with the provision that each day's failure to provide such screens should be considered a separate offense.

The object of this law is plain. It is well established now that flies are the means whereby the infection of typhoid fever and of numerous other diseases is conveyed and spread throughout entire communities. The object of this law is the protection of the people from this danger by preventing the flies that have access to all manner of filth where the germs of disease breed from crawling over the food that is about to be eaten and thus communicating the germs with which they are laden.

This law has never received the attention that it has deserved; it has never been enforced in anything like a thorough manner. The people of that State are entitled to the protection provided in this act; and the state authorities are at last taking action toward its rigid enforcement Tampa Times.

Noted Birdman Dead

Dayton, Ohio, May 30.—After a grim battle against helpless odds, Wilbur Wright, Dayton's noted birdman, died at 3:35 o'clock this morning of typhoid fever. Death came after the distinguished patient had lingered for days and nights in the throes of a burning fever.

A narrative of Wilbur Wright's career is the story of a man who followed the light of his dreams and contrived a machine for aerial navigation that stands out spectacularly among the wonders of a century of inventions.

Wilbur Wright, with his brother, Orville, dreamed of building a craft that would dart through the air with the speed of a hawk, that would defy the storm, that would transform the art of warfare and revolutionize methods of transportation. In the nine years that followed their first successful test at Kittyhawk, N. C., they have seen their aeroplane driven more than two miles up into space, have heard the purr of their machines as they whirled on their way across the continent and have watched great crowds stand aghast in anticipation as a graceful biplane soared threateningly over the fighting mast of a gigantic warship, which might have been sent careening to destruction by a bomb from the tiny machine hovering above it.

Old Favorites are Here

With the Maddox Field Players at the Star Theater this week are the old favorites that formerly played here. Favorites that formerly played here with the Parks Dramatic Co., and all of them are well known and well liked by the people of this city. The work of this company of artists is just a little better than the theater going people of Sanford have been getting at the higher prices and the popular prices prevailing at the Star have attracted large crowds to the opening of the summer season. The Star has been rightly named the Fresh-Air Theater and the people can be assured of first class attractions at living prices and a well ventilated theater where you can enjoy the play in solid comfort. See the Maddox-Field players at the Star.

Tom Watson in Trouble

Macon, Ga., May 30.—Thomas E. Watson, of Thompson, editor of the Jeffersonian and Watson's Magazine, may have to answer to the United States Court on the charge of sending obscene matter through the mails in connection with the publication of an article attacking what Mr. Watson calls, the Roman Catholic hierarchy.

Post-office inspectors who took some of the copies from the mails have submitted that matter to United States District Attorney Alexander Akerman, and he has had the matter under investigation for several days. Mr. Akerman stated this morning that he had as yet come to no definite conclusion in the case but would announce his decision to-day or tomorrow.

Wire From Clark

Frank Clark wired Sanford late yesterday that he would win by at least 600 votes. This race was one of the most exciting that has been polled off in Florida in several years.

Have you tried the Sistine House? 4th and Palmetto. If not get a meal ticket. 241

Newspaper Passes

"It is no longer possible to pick up a newspaper and plan one's trip from the published schedules," remarks Editor Hethrington in the Lakeland Telegram. "There are only two or three newspapers in the State which publish any kind of schedules. In most instances one has not time to write to a distant city and secure folders of various railroads, the trip must be taken quickly." The Telegram is disposed to think that railroads should be compelled to advertise their schedules, and yet it would be an easy matter to have them printed in the majority of the papers in the State. Just place the publisher of a newspaper on the same scale of honesty as the merchant or farmer, and the railroads and newspapers would exchange transportation for advertising space, as they did before the legislators decided to single out the publisher and say that barter was not barter when transacted by the editor and the railroad man. The Legislature could easily remedy the matter, and the public would be benefited."

Auto Races Start

Indianapolis, Ind., May 30.—Thousands of motor enthusiasts from all parts of the country gathered at the Indianapolis speedway yesterday to witness the greatest event in the automobile world. The second annual running of the American 500-mile sweepstakes race.

The world's records for 100 miles was smashed by DePalma, who was yet in the lead at that point. He set a new mark, 1:13:01, over Tetzlaff's old record of 1:14:29. Joe Dawson (National) pounded into second place, Spencer Wishart too third, with Bruce Brown National next.

Witness to be Impeached

Wethersville, Va., May 30.—The commonwealth's attorney today produced ten witnesses to impeach the testimony of Daniel Thomas, a defense witness in Claude Allen trial.

Thomas had testified that the first shot fired in the Hillsville court house tragedy came from a part of the court room far removed from where the defendant sat. Nine men swore they wouldn't believe Thomas on oath.

Frank Clark Wins

With complete returns from four teen of the eighteen counties in the Second Congressional district, almost complete returns from St. Lucie, Palm Beach and Putnam, and meager returns from Brevard County, Congressman Frank Clark, is leading his opponent, Sam J. Hilburn, by 488 votes, according to the tabulation in The Met-?ropolis office. The totals show 11,654 for Clark and 11,066 for Hilburn. Jacksonville Metropolis.

MODERN MIRACLES

WONDERFUL CURES OF BLOOD POISON RHEUMATISM SCROFULA AND STOMACH TROUBLES BY NEW DISCOVERY

Leonard's Blood Elixir Sold Under \$1000.00 Guarantee That It Will Cure Any Blood Trouble or Cost Nothing

It is almost impossible to overestimate the importance of recent advances in medical discoveries. The serum treatment for germ diseases has saved thousands of lives in the hospitals. More important still is the extended use of Leonard's Blood Elixir in the home treatment of the many diseases that arise from impure or impoverished blood. This class of diseases causes more suffering and earlier deaths than all others and that is why so much public prominence was first announced. The quick and sure way in which Leonard's Blood Elixir cures scrofula, eruptions of the skin, tumors, ulcers, sores, rheumatism, pains in the bones, syphilis, mercurial diseases, catarrh, kidney and liver complaints, stomach troubles and all diseases arising from impure blood is marvellous, even in this wonderful working period of the world's progress. Ancient miracles were contrary to natural laws, whereas the remarkable power of Leonard's Blood Elixir to cure blood diseases comes from a better understanding of the natural causes of disease. The effects of poisonous germs in the blood is understood today as never before. Many persons do not realize that the blood is the life. They do not know that a poisonous germ can get in the blood in one part of the body without immediately affecting every other part or organ of the body. Almost every case of rheumatism, indigestion, kidney trouble, headache is a sympathetic strike by the brain, nerves, or stomach, brought on by impurities or impoverishment of the blood. People who think they can get rid of these troubles by some medicine that disregards the general health of the body are on the wrong track. In curing diseases like rheumatism or catarrh and getting the poison out of the system, Leonard's Blood Elixir proceeds at once to purify the blood, regulate the nerves, restore normal appetite and build up health and vigor of the whole system. If you are not in perfect health, try a bottle of Leonard's Blood Elixir and you will soon see the good effects. It is sold under a \$1000.00 guarantee that it will cure any blood trouble or the purchase price of the first bottle will be refunded. This certainly proves its wonderful merit.

Office in Herald Building Telephone No. 148

If Frank Clark is defeated in this race and only the official count will tell, he can thank Sanford for saving Orange county. Sanford knows who will do the best for her.

Three men in the race in the first primary usually spells success for the second man and results usually bear out the truth of the statement. This is playing politics with a vengeance.

Sheriff Kirkwood makes the announcement that he has no ill feeling against those who voted against him. Sanford can now feel perfectly safe in attending a ball game in Orlando.

Now that politics is a thing of the past let every public spirited citizen buckle down to the task of building a tourist hotel. There is nothing as important for Sanford as this hotel and the sooner the people here realize this fact the better for all of us.

Let's all quit this everlasting grind and go to raising cattle. Beef sold in New York yesterday at 13 7/8 cents wholesale. The poor down trodden, conspired against farmer who has a few beef cattle to sell finds it mighty hard to keep up his grouch and appearances of poverty these days.—Lakeland Telegram.

Charlie Hand ought to be a proud man today although he was defeated by Sheriff. He made a clean campaign free from mud slinging and the magnificent vote polled by him in his home is a living testimonial of the respect in which he is held by his fellow citizens. He should also be proud of the vote he received in Orlando, where his friends rallied nobly to his banner.

ON THE WATER WAGON

Now is the time to take up the water question again. The heated term is upon us and the bath tub looks more inviting than it might in winter time. We want pure water for drinking purposes. We want clean water for the bath. We want more water and water all the time and the only way to get it will be for the city council to stiffen their backbone and have the Water Co. to drive deep wells and use the tank system. Meantime it would be well for the people of Sanford to express their opinion on this matter and it is an important one. You citizens accustomed to have a poor water service so long that the habit seems to have grown on you and any kind of old water is good enough. Express yourself! Mr. Lake won't bite you or shut your water off.

A GOVERNMENT BUILDING

Win or lose in this primary Frank Clark has promised Sanford an appropriation of \$10,000 for a site for a fine government building and we can reasonably expect this to be given as soon as he returns to Washington. Frank has also given us the assurance that our river channel would be deepened and with the outlet into Indian River that is contemplated Sanford will be the Venice of America, as far as water facilities are concerned. Sanford rolled up the fine majority for Clark because the people who have always voted for him are satisfied with his stewardship and they realized the dirty fight being waged against him by the land sharks of the east coast. We do not expect the many good things coming to us as a reward for supporting Frank Clark in the second but because Frank Clark has always been our friend.

Second Primary a Mistake

Results in the second primary are conclusive evidence that a candidate can hardly expect a fair deal by having a second primary. The next legislature should change the election law and have but one primary election—a result that would give the best man the main chance and save all the candidates money. A second primary is only a prolonging of the agony and is not a fair test of the strength of the remaining candidates. The best man should receive the highest number of votes in one primary and be declared winner. The biggest mistake of the whole primary system is the second primary and was probably framed by a newspaper man who needed a little extra money for

printing. By all means abolish the second primary if such is possible and the greatest bore of the primaries will have been abolished.

Cheap Rate to Palatka

The round trip rate to Palatka, tickets on sale June 18 and 19, from Sanford is \$2.65; final limit of return, not later than midnight June 25th. Palatka is arranging to entertain a big crowd on this occasion—the annual meeting of the Florida Press Association. Any one can take advantage of these rates.

Picnic at Enterprise

A group of Sanford ladies laden with baskets of goodies took the 10 o'clock ferry for Enterprise, where they were met by Mrs. A. W. Brown and taken to her home, and enjoyed a real old fashioned picnic, in honor of Miss Maggie Hart of Orlando.

After luncheon was over all joined in a game of bridge. Mrs. Brown made the highest score and Mrs. Barnes the next highest, each winning a box of candy.

Those present were Mrs. W. D. Holden Mrs. R. L. Hughes, Mrs. Crum Barnes, Mrs. G. F. Smith Mr. Forrest Lake Miss Maggie Hart, Mrs. A. W. Brown, Mrs. Fitts and Mrs. Hart.

At The Big Tent

Besides the regular services each day; 10 a. m. and 8 p. m. there will be the following special services during the next few days.

Friday Night.—Sermon: subject, "T FRIDAY NIGHT"—Sermon, subject: "The Home." Mr. Bass requests that every family in Sanford come to the tent at this time and sit together.

There will be no services Saturday. SUNDAY AFTERNOON at Star Theater, 3:30 o'clock, a special service for men and boys only. Subject Manhood.

TUESDAY, 10 a. m. Mother's service. Let all wear a white flower or white bow in honor of Mother. At this service, the music will be in charge of the children's choir organized by Mr. S5apleton.

WEDNESDAY, 4 p. m., at the Methodist Church. Service for women and girls only, subject: "The Modern Woman."

Criminal Court

Criminal court convened in Orlando Wednesday morning, Judge Warlow presiding. The following cases have been disposed of:

T. L. Griffith, assault and battery; \$50 or 60 days on road.

Alexandrine Johnson, using obscene language; \$5 or 30 days.

Richard W. Ware, aggravated assault; six months.

Harry Miller, concealed weapons, bond estreated.

Will Starke, carrying pistol; \$50 and cost.

Simeon Smith, petit larceny; three months.

George Roberts, carrying concealed weapons, \$100 or 30 days in jail.

Luther Newton, forgery; guilty in second count. One year in jail.

The following are the jurors: F. E. Elbe, C. C. Crawford, W. H. Foster; H. H. Deane, L. J. Buchanan, I. A. Detwiler, C. F. Russ, W. W. Rum, G. B. Redditt, B. J. Newton, C. B. Davids and W. A. Irvine. Court is still in session.

SWAT THE FLY

Because You Can Kill A Thousand Flies With One Blow Today

Now as the good old summer time sets in the flies that have lived through the hard, cold winter begin to make themselves noticed. All of the flies are awake and moving now ready to produce millions of flies for the summer crop.

The flies of the summer and fall the flies that are to spread disease and keep disease alive, the flies that go out of doors to the piles of filth and bring disease germs to the food that your children eat—millions and hundreds of millions of flies—will be born from the few flies that have lived through the winter, and that struggle now to get out and begin their favorite industry of fly raising.

Every fly that you kill now is a thousand or more flies killed, declared the Atlanta Georgian a few days ago. Every fly destroyed today means so much less distribution of disease through the coming summer.

When you destroy one fly living today you destroy a thousand flies that would live later. And when you destroy a thousand flies that would live later you prevent the distribution of millions of disease germs by the thousand flies.

Be a fly killer, active and relentless.—Ex.

WILL PLAY REAL BALL

Sandspur League Will Open Season On Next Thursday

Sanford and Orlando have completed arrangements for a series of games to be played commencing June 6th and closing August 30. Three games will be played each week, on Thursday in one city and Tuesdays and Fridays in the other cities each week, except that the games for the first and second weeks of June shall be played as follows: June 6, 11 and 14 at Orlando, June 7, 12 and 15 and July 10 at Sanford. On July 4th two games will be played at Orlando on the basis of 60 per cent of the gate receipts to the winner and 40 to the loser.

A great point agreed upon is that no team shall hire any player or players of the other team without the written consent of the manager of team the player is leaving.

Five hundred dollars per side has been posted and in case the agreement is violated the \$500 is forfeited.

These ironclad rules will guarantee a fight to the finish and the fans can be assured that the season of 1917 will be a record breaker in ball playing and attendance.

Let everybody assist the home team in every way possible and then watch the home guard root.

CELEBRATE BRIDGE OPENING

Big Picnic Will Be Given At Drawbridge On June 6th

As stated some time ago the good people of this section are anxious to show their appreciation of the new drawbridge recently built at the Geneva crossing, and next Thursday, June 6th, a big picnic will be given at the foot of Geneva avenue in the shady recesses of Beck Hammock. Everybody is supposed to join in this festive occasion and politics over all the good people of East Orange can mingle together and discuss measures for the benefit of this end of the county. Full particulars will be given in Tuesday's issue of the Herald and meantime refuse all dates for next Thursday, for on that date we will all gather together for an old fashioned basket picnic, and it is whispered that maybe Joe Cameron would arrange for a barbecue with a nice fat steer for the piece de resistance. At any rate get your chickens ready and come prepared to spend one day away from the cares of business and politics.

Associated Charities

The first meeting of the Associated Charities of Sanford is called for 4:30 p. m. next Sunday at the Star Theater. At that time it is proposed to adopt the constitution and to elect officers and directors for the coming year. The membership committee, Messrs. C. H. Leffler and B. F. Whitner, Jr., are at work this week and hope to have two hundred membership names on their list by the time the meeting is called Sunday. But do not wait for an invitation. This work belongs to every citizen of Sanford. Come out Sunday and take a hand in putting this fine organization on its feet.

Sacred Sights Uncovered.

Excavations at Nazareth in Palestine have uncovered the spot on which stood the carpenter's workshop of Joseph, husband of Mary, mother of Jesus. The Franciscan monks, on whose property the discovery was made, have bought all the adjoining buildings, and intend to erect a magnificent temple to mark the spot. It is also believed that the spot where Christ's transfiguration took place has been found. It is an imposing rough, hewn rock, resembling an ancient altar.

Earnestness Above All.

Some happy talent, and some fortunate opportunity, may form the two sides of the ladder on which some men mount, but the rounds of that ladder must be made of stuff to stand wear and tear; and there is no substitute for thorough-going, ardent and sincere earnestness. Never to put one hand to anything on which I could throw my whole self; and never to affect depreciation of my work, whatever it was, I find now to have been my golden rule.—David Copperfield.

John F. Harrison leaves tomorrow for Fayetteville, N. C. where he will spend the summer looking after his interests there.

Material is being hauled for extensive improvements that will be made on the residence of B. W. Herndon on Park avenue.

Five hundred members for Associated Charities in Sanford is the mark the membership has set for itself. Have you joined yet?

David Caldwell, S. A. Irwin and son, Claire, "Baby" Bell, of Monroe and Jack Imboden went fishing on the Wekiwa yesterday.

Harry Wilson, Jack Vaughn and Claude Howard started out for mystery Lake yesterday and they claim to have caught several fish.

Nolly Tolar and Ralph Stevens returned Wednesday from the University of North Carolina, where they have been taking a vacation.

Mr. and Mrs. M. Fleischer and family left for their home in New York. Mr. Fleischer intends to visit the West to arrange business for next fall.

Mr. and Mrs. David Speer have moved to the city from Geneva and are comfortably located in the Stevens house, corner of Park and Third street.

Mrs. Ernest McClung and children left on Wednesday for their home in Jacksonville, after a pleasant visit to Mr. and Mrs. Dingee of Sanford Heights.

The Fernald Hardware Co. is putting up tanks this week for Harry Kent and R. J. Holly on Sanford Heights and water will soon flow up hill and good water at that.

Ashton Thigpen has arrived in the city much to the gratification of his many friends and especially the fair sex. He will assume his former position at the Sanford House.

J. B. Pope expects to build a store room near his residence on Sanford Heights and open a first class grocery not only for profit but the convenience of his neighbors.

The committee on organization has been at work this week preparing plans for the new Associated Charities of Sanford. Come out and act on their report next Sunday afternoon.

Miss Braine expects to leave tomorrow for Orlando where she has accepted a position with the Rush Garage and Automobile Co., Herald Square will miss this little lady and her genial smile.

W. H. Wright left yesterday for Ocala to attend the annual meeting of the postoffice clerks. Mr. Wright is the popular clerk at the money order window in "our" postoffice and is never wrong, always right.

Dr. Oliver J. Miller, who has recently become associated with Dr. N. deV. Howard, has rented the property of Mr. B. J. Starling, No. 321 Magnolia avenue, for the summer and will retain the telephone number listed in the telephone directory under the name of Mr. Starling.

Mr. James Robert Holland, better known as "Bob" of Sanford, spent yesterday in the city looking after the interests of his friend, Mr. Hand. Mr. Holland has been very ill for the past week, but is again able to burn the road between Sanford and Orlando.—Reporter-Star.

Miss Irene Brady returned from DeLand yesterday after finishing a teachers' course on piano at Stetson University.

Mrs. S. O. Chase delightfully entertained the boys of her Sunday school class Tuesday by taking them in automobiles to DeLeon Springs for a day's outing. The boys are loud in their praise of Mrs. Chase as hostess.

Mrs. Ada Alley, who has been the guest of her sister, Mrs. D. G. Wagner, for the last several months has gone to Kissimmee to visit the Donegans, after which she will be the guest of friends in Daytona for a short time and then go to Tennessee for the summer.

Mrs. R. J. Holly, of Sanford, is in the city for a few days the guest of her sister, Mrs. Thomas, of West Duval street. Mrs. Holly is the wife of the editor of the Sanford Herald, and has many friends in Jacksonville.—Times-Union.

Henry McLaulin, the well known jeweler, of Sanford, presented the Bank of Oveido with a handsome eight day clock last week. "Mac" carries a full line of everything known to the jewelry trade and has a reputation for his fair dealing.—Oveido Advance.

Our Sentiments

The second primary is over. Now it is up to the committee to furnish an itemized report of receipts and expenditures. We will publish it without cost to anyone. Please send it in. The Secretary-Treasurer says he will make report to committee, and it is up to the committee to make report to the public, and the public is waiting. Please give it to us.—Oveido Advance.

Had The Time of Their Life

The "Time of Their Life" at the Imperial last Wednesday was well rendered and well patronized and the Ball Association realized a nice sum from the sale of seats. The cast was up to the standard and although many had already witnessed the production at the High School auditorium they were anxious to see the performance repeated and enjoyed it fully as much. The synopsis and cast of characters have already been given in the Herald and needs no repetition. They rate all to the good for amateurs.

Building Operations

The season of 1912 bids fair to be a most prosperous one in the building line in Sanford and already there are many houses and store rooms being built. Aside from the new buildings there are many changes being made in property and improvements being made all along the line. Should the deal for the new tourist hotel go through at once the work would start in the early fall and give employment to a small army of men. Sanford is certainly going some and appears to be a lively corpse.

Small Blaze Yesterday

The department was called out yesterday morning about nine o'clock by "Big Ben" at the water works blowing the fire alarm and a hasty scramble up Oak avenue disclosed the shingles on fire on the Fernald cottage occupied by M. Frank. The fire truck used the chemical with good effect and the late arrivals on the scene were visibly disappointed by not getting a look in at a big blaze. Score another triumph for the auto brigade.

A party of Sanford people attended the graduating exercises of the Orlando High School last night, complimentary to Miss Ethel Sharpe, one of the graduates who had been a member of the 1912 class of the Sanford High School before coming to Orlando last November. The party was composed of Misses Lillian Higgins, Mary and Mildred Haskins, Elizabeth and Musson, W. H. Haskins, Elizabeth Musson, Bertha Packard, Josie Stumon, Lucy Whitner and Messrs. Clarence Mahoney and Carl Roumillat, former classmates of Miss Sharpe and Mr. and Mrs. Rossiter, Mr. and Mrs. R. L. Peck and Miss Helen Peck, Misses Mel Whitner, Annie Lee Caldwell, Essie Purdon, Margaret Davis and Messrs. Harold Long, David and Wideman Caldwell.—Reporter-Star.

Orlando Country Club

Fully three hundred Orlando and out of town people attended the opening of the Country Club Wednesday, and seventy-five automobiles were parked on the grounds. It was a history event in Orlando.

The reception and general out door celebration in honor of the opening was held in the afternoon, from three thirty o'clock on, and at night the members, and a few invited guests, held an informal dance.

Mrs. Geo. Dickinson will open a summer school in the grammar school building, June 10. Pupils received from any grade.

Sanford Stand United

The Herald is proud of Sanford and every mortal in it. The very thing that the editor has been weeping tears of blood about for the past four years has come to pass, viz, a united Sanford. The way the people of this city were united on Charlie Hahd was good to behold and it is a safe bet that in the future Sanford will be able to put one across in the way of great accomplishments. A united effort will accomplish wonders and Sanford should never attempt any great achievement unless the spirit of unity prevails. Sanford people have pulled off some wonderful feats in the past when all were of one mind working harmoniously together but in latter times politics of the small variety have served to split the city into factions that would never coalesce on any subject. Now that we are together let nothing come between us and our idea of a greater Sanford and a united Sanford forever.

The "Gum Bunch"

The members of the turpentine industry in Florida are referred to by certain publications and certain candidates for public office as if they were conducting an illegitimate business and were guilty of some gross crime.

What's the matter with the "gum bunch?" what pernicious thing have they been guilty of that they should be stigmatized by the press and held up to the public reprobation and condemnation to the public reprobation and condemnation?

As far as we have been able to see they have built up an industry that has added largely to the taxable values and resources of the State.

They have turpented forests that have been doomed to the mills, and with or without being turpented would sooner or later have been converted into lumber, so, gathering what we can from our study of political economy, the turpentine industry has been a God-send to the State.

And the men, or many of them, at least, have come up from the ranks. Given the opportunity, they have shown the possibilities that lay dormant in the average Florida Cracker. A few years ago many of those who are now at the head of these large industries were dippers and woods-riders. They developed business talent, economy, sound judgment, than whom the State has no better nor more patriotic developers. So why should they be sneered at?

Many of them have grown rich in the prosecution of this industry, it is true, but they have not taken their riches to other States. They are investing in other industries and are pushing the development of the State along in many lines.

We have one of these gentlemen in our mind's eye who has built in this city an elegant home; he has built a big hotel in Tampa, another in Jacksonville and one in Ocala, and has made investments in other enterprises.

Surely the man who keeps his money in circulation, who gives employment to labor, who enhances the property of his State, ought to be referred to as if he were guilty of some gross crime.

We would like to be informed just in what manner the "gum bunch" is offending, and why it is being castigated and lampooned in the public prints?—Ocala Banner.

It may be just what you need.

COBB'S FIRST GREAT PENNANT-WINNING FEAT

FOR five consecutive seasons the achievements of Tyrus Raymond Cobb have furnished daily topics of conversation for followers of baseball.

That wallop batted the American league championship from Philadelphia to Detroit, which may be considered a reasonably long hit.

Tyrus Raymond Cobb.

The season had only a week to run, the loss of the game by Detroit in the regulation nine rounds would almost surely have cost them the pennant.

Manager Jennings sent "Wild Bill" Donovan to the slab and he was opposed first by Dygert, then Waddell and finally Plank.

his iron will the game was apparently lost and with it the Tiger prospects. At the beginning of the seventh round an error unsettled Waddell and before he regained his footing four runs had been rushed across the plate.

When Cobb faced Waddell in the ninth inning with a man down and Crawford on first, all the strength, skill and nerve that had changed the sixth place outfit to pennant contenders, all the work of the tireless, cheering manager, all the hopes of the western fans were at stake.

Here was a team of seasoned veterans, former champions, guided by a master hand, the terror of American league batsmen on the slab, two runs ahead only two more hands to retire, a league pennant, a world's series for the prize.

In response to signals flashed from bench to field, from base to base, from the home plate to the pitcher's slab, the giant southpaw sent five balls whizzing toward the watchful, keen-eyed youth.

There followed a mighty crash as of broken hopes, of crushed ambitions, of dreams dispelled. The runner on first base scored closely followed by the flying kid.

(Copyright, 1912, by Joseph B. Howles)

JOHNNY EVERS' RED LETTER DAY

NOT in all the chronicles of baseball has a player been honored more highly than was Johnny Evers of the Chicago Cubs Sept. 22, 1908 at New York.

The Giants and Cubs were playing their last scheduled series in New York in the most bitterly contested games in the National league's history.

The clubs squared off with Mordecai Brown pitted against Otis Crandall in the second game. Stung by the first defeat in which Brown had come to the rescue, excited by the intense rivalry of the clubs, and aware of the importance of the game, the fans followed every play with consuming interest.

The playing of Evers in that second game was such as to make the fans marvel. They had stayed to deride, they departed amazed at the feats of the young wonder worker from Troy.

Handicapped by a "kink" in his neck, his exploits that day were all the more remarkable. Three times he cut off base hits, twice he tagged out players attempting to steal, and in the sixth inning made a play that staggered the fans and probably saved a pennant.

The Giants had led the Cubs for five innings. Evers and Chance walked and scored on Steinfeldt's double and Hofman's sacrifice fly in the sixth inning. Fred Herzog set the record cheering when he drove a triple to right center in the New York ball.

Johnny Evers.

Bresnahan, hope of the home rooters at this stage, came to bat, plucked out a curve to his liking and smote it with a resounding crash that told of a possible home run.

When the throng of hopeful rooters were breathless with expectancy, when Herzog at the sharp crack of the bat had sailed for home, when the game seemed rocking in the balance, when the scrawny mite of nerve and brain at second lurched into the air, appeared the liner, wheeled, and shot the ball to Steinfeldt at third, completing a double play and saving the day for the Cubs.

(Copyright, 1912, by Joseph B. Howles)

A PENNANT SAVED BY "PEERLESS LEADER" CHANCE

FEW players in baseball have had a busier career than Frank Leroy Chance, the so-called "Peerless Leader" of the Chicago Cubs.

He has led his men to victory four times in the National league, twice has lowered the colors of the White Sox and on two occasions has directed his conquering heroes to world's pennants.

Although Chance has been as steady as clockwork in his plays around first base, although his intuitive ability in directing his men has been a big factor in the Cubs' success, singularly enough, he has figured in few spectacular plays that have stirred the thrilling pennant-winning feuds of the diamond.

In 1909 the Cubs took a pennant from the White Sox in a city series and in the fourth game, one of the greatest ever played in Chicago, Manager Chance made a play that in itself saved a flag for his club and avenged the defeat of 1908 when Comiskey's men humbled the home rivals in a world's series.

Ed Walsh, the greatest pitcher was opposed by Chance over all hurling one of the great games of his career. The Cubs had taken two games and the White Sox one. The South Siders needed this game to tie up the series.

Both Walsh and Overall were difficult to hit on that day, but the great spitball pitcher was a trifle wild at the start, very unusual for a slabbet numbering control as one of his reliable assets. The Cubs had dribbled in two runs in the first and third innings and the White Sox had counted a single run in the fourth.

Walsh had settled down to his matchless pace in which he was practically hitless. The hope of the Cubs lay in holding their advantage. Chance gave orders for his men to play for every ounce of energy they possessed and encouraged "Big Left" to keep up the good work against the hitless wonders.

And it was Chance himself who turned back his opponents at the danger point, saved the day for the Cubs and enabled his men to take the game that "cinched" the pennant.

The real crisis came in the fifth inning. Manager Sullivan lifted a fly to Sheppard. Walsh surprised Overall by reaching out and swinging on a wide one for a single over second. Overall was in a tight place when he had three balls on Altizer, but steadied and put over two strikes. Altizer hit the next ball pitched for a single to left center, Walsh pulling up to third.

As Isbell came up the signal was flashed for the squeeze play. Overall pitched to cut the outer edge, Isbell swung on the ball and Walsh dashed for home. It was a hard grounder down the first base foul line.

Divining his opponent's intentions, Chance did not hesitate what to do in the crisis. The Cubs' leader dashed out, fielded the ball in a flash, wheeled and whipped it to the plate. Kling received the sphere a few feet to the left of the home base and tagged Walsh sliding to the plate.

That bit of quick fielding and thinking probably saved the pennant for the Cubs. Had Chance wished to play safe by tagging Isbell, Walsh would have scored the tying run and the great pitcher had already settled down for one of his famous extra inning duels.

Set Your Burden Down.
 Following is an extract from a little article in Farm and Fireside: "An aged, weary-looking woman, with a heavy basket upon her arm, entered the train at one of the way stations. Carrying her burden with some difficulty down the aisle, she found an empty seat of which she took possession. Instead of placing her burden upon the floor or upon the seat beside her, she continued to hold it, shifting its weight now and then from one knee to the other. A working man across the aisle watched her for some time in silence, but at last when he could stand it no longer he reached over and touched the woman upon the arm. 'Madam,' he said, 'if you will set your basket down the train will carry both it and you.' How much of human nature there is in this little incident! Some people never try to 'ease the burden' which circumstance has decreed shall be theirs. They insist on carrying it even when they might temporarily lay it down and ease their backs."

Alleged Critic Punished.
 A lively scene was created at Aberystwyth, Cardigan, Wales, recently by students from the University College. Adverse criticism of the college Rugged team in a local newspaper brought outrageous punishment down on a student alleged to be the writer. At the close of the morning lectures he was seized by his fellow students and marched to the castle ruins overlooking the sea. There he was bound, and upon his head was poured the contents of a can of syrup, while bags of confetti were flung at him from all sides, until he looked like a human kaleidoscope. Then he was borne on a truck like a trussed fowl through the streets of the town and along the Marine Promenade and afterwards released.

Derivation of "Cop."
 "When the policemen are referred to as 'cops' or 'coppers,' it is a very legitimate and historical appellation," said the old-timer. "You've never heard whence the term was derived? Well, here it is. "The first uniformed police force succeeded the old night watch, in the early days of the English possession, and the patrolmen wore large shields of copper. They were burnished until they could be seen shining like a beacon in the reflected rays of the sun, and even at night scintillated in the light of the torches which were forerunners of the white lights of Broadway. In no time the policemen were known as 'coppers.' Pert Young America found that too long, and 'cop' was the result."

Purely Mental.
 Mrs. Holden had been blessed with remarkable eyesight all her life. It was a great trial to her when, at the age of seventy-two, she was obliged to put on "reading glasses." "But they are really becoming to you, Aunt Hilda," said a gentle niece, by way of consolation. "No, they aren't," said Mrs. Holden, with her usual scorn for compliment. "Anybody's eyes look better without a glass in front of 'em, and you know it." "But you couldn't read without them," ventured the niece, "and you love—" "I could, too, read without 'em," said the old lady, refusing to be soothed. "I could read most as well as ever, but I couldn't sense it all—that's the only trouble."—Youth's Companion.

Demand Too Much.
 As a nation we are intolerant of rest. If we have a brilliant man, we insist upon his always shining. We want our rose bushes to bloom all the year 'round, we would have our trees all bearing fruit, and our suns always shining. We kill three-fourths of our truly great men in the prime of life by expecting and exacting too much of them, and then call the legitimate results of our forcing system a dispensation of Providence. Like the earth, minds must lie fallow at times. Perpetual crops will exhaust any soil, and perpetual excitement will wear out any mind or body.—Waverly Magazine.

Avoiding a Cold.
 Avoiding a cold is to a certain extent a matter of constitution, of habit, of manner of living and of mental hygiene. Some persons instinctively know the moment a cold begins to come on, and by stamping their feet hard on the floor and mentally defying it break it up at once. Others sit down by a hot fire and drink very hot water and get into a perspiration and then go to bed. Others inhale very hot air before a hot wood fire for a few times. A cold is a sort of nervous disease, caused probably by nervous shock from cold air on the neck or the base of the head or abdomen or back or feet or legs. These are the parts most susceptible. By toughening the skin and its nerves they bear cold better, and thus colds are avoided. The habitual cold bather rarely has a cold, but many do not think they can bathe regularly, and so the skin becomes more and more sensitive, until finally the very least change of air produces a bad effect.

3 TOWELS 25c
 See this special value for Monday in ready-made and hemmed Huck Towels.

GREEN BURLAP
 A yard wide. While it lasts, our price a yard **13½c** only.

Brighton Garters

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurred Readers

West Virginia Democrats will hold district delegate conventions in the five congressional districts of the state Tuesday and the following day the state convention will convene at Parkersburg to select six delegates at large. The fight for a majority of the sixteen delegates is between the forces of Speaker Champ Clark and Governor Woodrow Wilson. Gov. Judson Harmon is a contender.

Friends of Col. Roosevelt announced today that the first real test of the strength between their candidate and President Taft will come next Thursday when R. B. Howell of Omaha, National Republican committeeman-elect from Nebraska, will demand to be seated as the successor of Victor Rosewater, acting chairman of the National Republican committee, prior to the hearing of contests by that body.

Gov. Francis McGovern of Wisconsin, chairman of the Wisconsin delegation to the Republican national convention in a telegram today answering an appeal by William Barnes, Jr., of New York, refused the support of Wisconsin for Senator Elihu Root as temporary chairman of the convention. Gov. McGovern's reply said Senator Root represented "political views and methods that should not be sanctioned at the Chicago convention" and that Root's selection would invite defeat in November.

Congress is about ready to investigate another so-called "trust" and in consequence some of the big men in the packing industry, who recently were acquitted in criminal proceedings in Chicago, probably will be summoned to Washington to tell why the price of beef and other meats has gone up. After a conference between Representative Henry of Texas, chairman of the house rules committee and Representative Clayton of Alabama, chairman of the judiciary committee, a joint statement was made public indicating that such an investigation would be made.

Estenoz, the real leader of the negro insurgents, has captured and burned down the town of La Maya, on the branch line of the Cuban railroad, thirty miles from Santiago. The government gave out this information to-night. A column of regulars, commanded by Major Sanguily, had occupied La Maya for the last two days, but sallied forth last evening in search of insurgents. Hardly had the regulars left, when Estenoz with 800 men attacked the handful of regulars. Citizens armed themselves and attempted to oppose the insurgents, but were compelled to retreat, losing several wounded. Estenoz then entered the town, which he burned and sacked.

Fire at Fort Lauderdale

Fort Lauderdale, June 2.—The busiest section of Fort Lauderdale was swept by fire at 2 o'clock this morning, causing a loss, roughly estimated at \$200,000. The Miami and Palm Beach fire departments were called on for aid, but reached the scene too late to get into active service.

A partial report of the losses is as follows:

Wheeler Mercantile Company, \$70,000; Stranahan & Co., \$65,000; Everglades Grocery Co., \$15,000; postoffice wiped out. Other places destroyed which the losses have not yet been estimated were the Ft. Lauderdale Pharmacy, Pioneer Realty Co., C. Gutchins' Bakery, C. G. Rhodes' residence, Williams Bros., contractors, Snyder & Short, real estate; Johnson's millinery store; Jeffries' meat market, Herald printing establishment.

The Ocoola Hotel and adjoining properties were saved by dynamiting the adjoining buildings.

The number of crimes is on the increase, and they can be traced back to homes in which parents were too ambitious for their children in the direction of social prominence and too neglectful of them in the direction of character.

PRESS ASSOCIATION MEETING

Palatka Expects to Show Press Boys A Good Time

Tallahassee, June 1.—State Printer T. J. Appleyard, who is secretary of the Florida Press Association, is having his hands full getting ready for the meeting of the organization at Palatka June 20-22. From the replies coming in from newspaper men generally (and all of the craft has been invited to be on hand whether members of the association or not), there will be a large attendance at this meeting. Out of 150 letters sent out, only one editor so far has said he could not attend, and a great many have said their wives or daughters would be with them; sometimes wives and daughters.

The program, now being filled out by the Palatka people as to the musical features, will be a most interesting one. The Southern Printers' Co. Congress, recently in session at Chattanooga, was attended by Mr. Harry L. Brown, ex-president of the state association. Mr. Brown made arrangements to have some of the most experienced men in the trade attend this meeting and explain the "cost" system, which is a great help to the craft. These will include Mr. Frank W. Heath, secretary U. T. A., Philadelphia; Mr. R. T. Purse, of Savannah; Mr. W. O. Foot, of Atlanta; Mr. Hutto, another prominent member of the U. T. A., and Mr. William Pfaff, also a leading U. T. A. man.

The advertising discussion will be in charge of Mr. St. Elmo Massengale, of Atlanta; Mr. Glenn, of the Glenn-Reagan advertising agency, Tampa; and Mr. H. C. Clark, an advertising expert of Jacksonville. The whole time of the meeting will be strictly business, in considering matters of supreme importance to the newspaper men of the state.

Besides the social features, and the usual literary program always furnished by the association at its meetings, a banquet tendered by the board of trade of Palatka on Friday evening, June 21, at the Putnam House, will give free rein to the gentlemen who may have speeches to work off.

A very low rate has been arranged, participated in by all the railroad lines from all points in the state to Palatka. This rate is about one fare, except over one line, which is a little higher.

Every newspaper man ought to be present and hear the experts tell about "cost" and "advertising."

Murder at Clermont

A murder of such atrocity as to be well nigh unparalleled in the history of the criminality of Florida was committed Saturday afternoon at Clermont, when Mrs. E. H. McNeill's sister, Mrs. H. B. Hough was murdered in cold blood by her husband.

She was shot down shortly after two o'clock, as she sat at a sewing machine singing. Her little six year old son witnessed the tragedy.

Hough, crazed with liquor and dope, entertained a suspicion of a Doctor Baker, who had been attending the children for measles. That was the excuse he gave, but his mind was by no means clear on the point, because, after the shooting, he said he knew his wife was innocent.

Picnic is Postponed

The picnic that was to have been held at Geneva Ferry has been indefinitely postponed on account of the rainy season. The picnic was scheduled to have occurred next Thursday and had been anticipated with much pleasure, not only among the town people, but all the good folks of the East End, and many matters in the way of improvements were to be discussed. It is to be hoped that later in the season this picnic can be combined with the Growers' Picnic and take place some time in August.

A bank has just been organized at Umatilla with George V. DeVault as president. The institution has a capital stock of \$15,000.

For a Clean City

The ladies of the West Side Improvement Society have had trash cans made and placed by seats on streets, so that persons can deposit trash when they sit on seats and eat lunch, instead of throwing it in parkway and on streets as they have done heretofore. The ladies hope now to have the streets look better and hope the people will appreciate the effort they are making to help keep Sanford clean.

AT ROLLINS COLLEGE

Interesting Exercises at Close of This Great School.

A LARGE CLASS GRADUATES

Long and Varied Program Rendered at Closing Exercises of Rollins on Friday Last

Winter Park, June 1.—The graduating exercises took place on Thursday morning in Knowles Hall, the following being the programme:

Organ prelude, March, Op. No. 3, (Guilmant). Florence M. Smith. Prayer, Rev. Arthur Cushing Dill, D. D.

Hark, The Trumpet, (Buck). Messrs. Pope, Wetherill, Inman and Blackman. Address, Rev. J. W. Stagg, D. D.

Dance of the Fairies, (Denza), Eva C. McQuarters and Adelaide Voorhees. Presentation of diplomas and certificates, President Blackman.

Meditation, (piano, organ and flute). (Meitzke), Agnes Hill, Florence M. Smith and Elizabeth Krause.

Benediction, Rev. W. L. Harze. Organ postlude, (Beethoven), Florence M. Smith.

The musical numbers were rendered with great effect. Buck's brilliant Hark, the Trumpet, being sung with a special delicacy and power by Rollins' famous male quartet, who responded with an encore with The Night Has a Thousand Eyes, the exquisite song composed by our own Prof. Pope.

The commencement address was given by Rev. J. W. Stagg, D. D., pastor of the Presbyterian church of Orlando. Dr. Stagg is a warm friend of Rollins, and has had a son enrolled in the student body during the present year. He is an unusual degree familiar and sympathetic with college life, having been successively tutor, professor and president in important colleges and universities in the south. Dr. Stagg spoke of the conquest of Fear, and his address was one of the best ever heard at Rollins; it was characterized by Professor Blackman as being at once the address of a scientist, a sage, a prophet, a preacher and an orator.

Before introducing Dr. Stagg, Dr. Blackman spoke briefly of the twenty-seven years of accomplishment at Rollins, of the disastrous fire of two years ago which was so serious a handicap, and of the recovery and advance which have marked the year now closing. The registration has shown an increase of some fifteen per cent, in all departments over the previous year, and an increase of over one hundred per cent in the School of Music. Dr. Blackman also read parts of a letter which he recently sent out to all former students.

Certificates in various departments were given to the following persons:

Ira Jewel Williams of Jacksonville. Lashie Bruce Donaldson, Battle Creek, Mich.

Inez Dunlap Guiteras, Mantanzas, Cuba.

Ruth Hollinger of Altoona.

Gladys Allen Lovell of Lakeland.

Herbert Freeman Duncan of Clearwater.

Cecilio Donato Lopez of Tampa.

Augusta Nilsson of Mantanzas, Cuba.

Before dismissing the audience, Dr. Blackman spoke appreciatively of the faithful and efficient work of the faculty during the year, especially of Deans Hodgins and Ferguson, of the ill-health of Dr. Thomas R. Baker, for twenty years the beloved head of the Department of Science at Rollins, now retired on a Carnegie pension, and of the lovely character and remarkable efficiency of Miss Julia B. Reed, for eleven years director of the School of Expression.

A meeting of the Alumni Association was held at the close of the commencement exercises, at which Rev. F. P. Ensminger of West Tampa was re-elected president and Miss Grace Boone of Orlando as secretary. It was decided to hold a week-end meeting of all graduates and former students some time in March.

At 1 o'clock the Alumni dinner was held in the dining room, attended by many graduates and invited guests, at the close of which post-prandial speeches, full of wit and wisdom, were made by Rev. Dr. Cramer, pastor of the First Baptist church of Orlando; Miss Julia B. Reed, the retiring teacher of expression; Miss G. H. Abbott of Daytona, the only person who has taught at Rollins under each

COUNTY COMMITTEE MEETS

Vote in Second Primary Canvassed on Last Friday

The official count made last Friday by the Democratic Executive Committee in session at the court house gave Kirkwood a majority over Hand of 99 votes. Clark's majority over Hilburn's was 311.

The auditing committee composing G. R. Calhoun, E. M. Strong and W. F. Dunn, reported that the books were correct to date, with a cash balance of \$750. The bills for the secondary primary however are not paid.

Mrs. Ferris was voted \$50 for efficient service in aiding the secretary in his work.

The auditing committee recommended to the general committee that the members be paid for their attendance at the committee meetings. No sooner had Secretary Ferris finished reading the recommendation than Mr. Whitner of Sanford was on his feet, protesting that the service of committeemen was a patriotic one, and should not be commercialized.

Mr. Calhoun of Sanford rose and spoke favoring the measure. His point was that some of the members come from long distances, that they are inconvenienced, and put at an expense to attend, and therefore should be paid.

Seth Woodruff rose and said that he doubted whether the law, if the question were tested, would permit the members of the committee to accept payment for their services.

Mr. Calhoun said "Gentlemen we haven't a quorum here today for the very reason that the members cannot afford to attend."

The recommendation was finally turned down, however, all the members voting except Mr. Calhoun.

The question came up whether the reorganization of the committee should be effected at once or be deferred until after the general election. The latter course was decided upon, and immediately before adjournment Seth Woodruff was elected temporary chairman of the committee. This was suggested as an enforcement of the chair "in case of death." In reality it will have the effect of practically giving Mr. Woodruff the chairmanship of the incoming committee.

The following changes will take place in the personnel of the new committee. Sam Griffin was elected in the 24th precinct to succeed Seth Woodruff, and Mr. Woodruff was elected to succeed Doc Abernathy in the first precinct. John Harris will take the place of J. H. Sweet. G. B. Bray, of Winter Garden, succeeds G. J. Bracy, Joe Barber of Conway will take J. E. Crawford's place.

Looks Like Extra Session

Tallahassee, June 1. There seems to be considerable chance now of an extra session of the Legislature. The Jacksonville board of trade has been in communication with the Governor concerning this, and has also sent letters to all the members containing an agreement for them to sign that they would limit the session to three days and in return the Jacksonville board of trade agrees to pay all expenses of the three days session. It is understood that a large number of the members have signified their willingness to abide by this arrangement and it is also understood that the only objection the Governor would have to calling the session would be that it might be the Legislature would desire to go into an extended sitting, for which there does not seem to be any great necessity now. But if a majority of the members agree beforehand to limit the session to three days it will in all probability be called.

of its presidents, Dean Hodgins, Hon. W. R. O'Neal, secretary and treasurer of the college for many years; Rev. P. P. Ensminger of West Tampa, graduate, professor and enthusiastic friend of the college; and Dr. O. D. J. Schadt, formerly instructor in modern languages, who is now doing so much for the development of Florida by bringing tourists and home-seekers to it.

In the evening, Miss Julia B. Reed recited in the gymnasium, by special request, George Ade's opera, after which the faculty, students, former students and invited guests gave themselves up to social festivities.

Thus ended the twenty-seventh year, and began the twenty-eighth, of Rollins College, the oldest institution of higher learning in Florida, the mother of many good men and women, esteemed and beloved by multitudes of friends.

ALL AROUND FLORIDA

The General News of The Land of Flowers.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Work on the new postoffice building in Sarasota is progressing nicely and the building is to be completed by the 1st of August.

It is almost a certainty that St. Augustine will have the Ponce de Leon celebration next spring, and it will be more elaborate than ever before.

Six baby ostriches were hatched a few days ago at the Oatrich Farm in Jacksonville. They are on exhibition there and are attracting lots of attention.

A tarpon fishing club has been organized at Anna Maria Beach. The club will give a \$50 cash prize to any one catching the largest tarpon with the lightest tackle before September 30th.

Did you know that Florida leads all the states of the Union in the production of fuller's earth? Well, she does. Last year she dug up 27,658 tons and \$265,000 of cash on this product, considerably more than half the entire output of fuller's earth in the United States.

Death of Geo. B. Dickinson

Hon. Geo. B. Dickinson died last Thursday after a lingering illness and was buried at Orlando on Sunday. He leaves a wife, two daughters and one son to mourn his loss.

Mr. Dickinson was one of the most prominent citizens of Orange county holding several positions of trust in the county and at Tallahassee, where he was a familiar figure at every meeting of the Legislature. Until the infirmities of old age crept upon him he was active in politics and was one of the best posted men on local affairs in the county. Being a good descriptive writer Mr. Dickinson was often called upon to furnish articles for the local press and his mind was a wonderful store house of information on men and measures.

Of a most lovable disposition, George Dickinson was a friend to all that knew him and his circle of friends was not confined to Orange county or the state.

He served full time in the great conflict and was a good soldier, as his comrades all testify, and their appreciation of his worth was attested by their attendance at the obsequies in Orlando, when the United Confederate Veterans buried him with honors.

His faithful wife has been a resident of Sanford for several years and the sympathy of the community is extended to her and the family in their hour of bereavement.

Weather Report

Warm, showers tonight or Wednesday, some today, tomorrow, and all summer.

Circuit Court Postponed

Circuit Court which was to have been held on June 4th, has been postponed until the 2nd day of July, by order of Judge Perkins. All witnesses in civil and criminal cases must be on hand on that date.

War in Cuba

Santiago, Cuba, June 3.—Many refugees have arrived here from Lamaya, the little town which the negro rebels under General Estenoz burned last Wednesday. Most of the refugees have been hiding out in the daytime and making their way through the night lest they should encounter roving bands of rebels and be killed.

These refugees report that on Wednesday last a band of about 600 negroes entered the town very suddenly, shouting "Death to the whites!" and proceeded first to loot the stores and dwellings, driving the white inhabitants from the village. Then every one of the seventy or eighty houses in the town was set afire and burned to the ground. After the fire had attained good headway the rebels withdrew to the hills.

Chance Here for Argument

The dislike of women for effeminate men and of men for masculine women, is due to the instinctive belief of both men and women in the governance of man. London Mail.
