## AMERICAN GOVERNMENT HOPES FOR SETTLEMENT OF TROUBLE IN REPARATIONS MUDDLE

### MAY HAVE TO WAIT ON PLAN AS SUGGESTED BY SECRETARY HUGHES AS ALTERNATIVE

(By The Associated Press) WASHINGTON, Jan. 5.—The United States government has already done all it can to point a way to the solution of the reparations crisis, it was authoritatively stated today. The suggestion of Secretary Hughes, contained in his New Haven speech was made in the friendliest spirit and is now before the French government from which any action to take up the financial commission plan must come of necessity. It was made clear that Washington could not issue invitations for the creation of such a conference because the control of the reparations situation is now in the hands of the Allies.

WASHINGTON, Jan. 5.—The American government, with the break up of the conference of allied premiers in Paris, appeared today to be pinning her hopes for settlement of the reparations crisis largely on the possibility of the adoption by the allied governments of the plan suggested by Secretary Hughes in a recent speech in New Haven. Put forward as an alternative to attempted forcible collection in Germany, should the crisis reach a point regarded here as now measurably approached, the Hughes proposal would refer the reparations question for advisory recommendations both to the amount Germany can pay and the method of payment to an international commission of financial authorities free of political obligation.

PARIS, Jan. 5.—The alliance between France, Great Britain, Italy and Belgium fell apart today over the treatment of German reparations. The Latin powers, France, Italy and Belgium, remained loosely grouped together on that subject, while England, although separated from them, expects to co-operate, especially with France, on other questions. The conference of the premiers, which has been in progress here since January 2, ended with friendly words.

Mr. Bonar Law's statement, which he gave on "behalf of the British government and the British people," was as follows:

"His Majesty's government, after giving most earnest and careful consideration to the French proposals have come to the conclusion that they cannot approve them and that, if carried out, they will not only fail to produce the desired results, but are likely to have grave and disastrous results on the economic life of Europe."

"His Majesty's government at the same time desires to assure the government of the French republic that, while they regret extremely that there should be an irreconcilable difference of view on a subject so serious, the feeling of friends on the part not only of the British government, but as they believe, of the British people toward the government and people of France remains unchanged."

In his reply M. Poincare said:

"The French government, for their part, have examined very attentively and carefully the British proposals and the longer they have studied them the more they have felt obliged to recognize that the proposals would involve, together with a considerable reduction of the debt, owing to France and the overthrow of the treaty of Versailles, it is impossible for them to accept such a solution."

"The government of the republic deeply regrets their inability to agree with Great Britain on this serious subject, but they thank the British delegation for their friendly statement and can assure them that, in spite of this difference of opinion, the sentiment of the French government and nation toward England remains unchangingly cordial."

Marquis De La Torretta, representing Italy, said:

"The Italian delegation sincerely regrets to see that the efforts it made to reach an accord among the allies on such a grave question have not

## OPEN HEARING AT BASTROP OF KIDNAPPING CASES AND MURDER OF TWO MEN

### Only One Prisoner Will Face the Bar at the Trial Today

(By The Associated Press) BASTROP, Jan. 5.—The hearing of charges against the masked band depredations at Morehouse Parish laid by Governor Parker at the door of the Ku Klux Klan of the Parish looked to be a climax of more than three months' investigation by department of justice agents and state investigators was formerly opened by Judge Fred Odom, of the Sixth judicial district at ten o'clock this morning. The judge immediately ordered the sheriff to search all persons entering the court room. After he concluded the statement outlining the purpose of the investigation, the hearing adjourned until 2 o'clock.

BASTROP, La., Jan. 5.—The open hearing in the Morehouse kidnaping and murder cases began today at the Parish court house at 10 o'clock. Final preparations were completed by the state, yesterday afternoon for the proceedings by which an effort will be made to indict those persons believed responsible for the masked and robbed mob action on August 24, when two of five men kidnaped were killed and their bodies thrown into a lake.

Only one prisoner will face the bar at today's hearing unless the state sets into motion its dragnet to sweep up 35 or more men believed by the authorities to have been members of the mob.

State officials remained silent last night as to when additional arrests will be made. It was understood they were in possession of a list of those implicated by two men who were said to have confessed under the promise of immunity.

Adjutant General Tombs failed to promulgate the martial law he was said to have in his possession. He declined to put off such action as long as possible, he said. However, it was known the slightest display of fire arms would be met with a military order.

Fire arms are present in both Mer Rouge and Bastrop in unprecedented quantities. Mer Rouge citizens in particular are known to have armed themselves due to the strained feelings between the hostile factions.

Those entering the court house today will be searched for fire arms. This was learned, and the court house will be protected by two companies of state troops now encamped on the court-house grounds.

A squadron of state cavalry was moved yesterday from Mer Rouge to Bastrop, leaving the remainder of the troops at Mer Rouge, where a company of infantry is encamped. The wounded soldiers are expected to be used in serving subpoenas and making arrests. The conditions of the roads required the usage of such troops, it was stated.

The company commander of the Opelousas Infantry announced last night he was in receipt of instructions to hold his company in readiness for movement at any time. If this company is ordered out there will be three companies of infantry and one each of cavalry and machine guns in Morehouse.

## BRITISH DEBT COMMISSION PREPARING TO PAY UP, ARE IN WASHINGTON, D. C., NOW

### Chancellor of Exchequer and Governor of Bank Are in United States

WASHINGTON, Jan. 5.—The British debt commission, headed by Stanley Baldwin, chancellor of the exchequer, and Montague C. Norman, governor of the Bank of England, arrived in Washington yesterday prepared to take up with the American debt commission the subject of funding Great Britain's war-time debt of more than \$4,000,000,000.

Members of the American commission said yesterday they were ready to enter into negotiations but would have no proffers to make beyond the limitations established by law. They had no information, they declared as to the British proposal and declined to discuss in advance of their receipt the reported British plans.

A denial was made by treasury officials of any thought being given to changes in the debt refunding act to give the American commission more latitude in the negotiations.

It was believed formal discussion of the funding question would be delayed until early next week. In the meantime attaches of the British delegation will prepare for presentation all of the detailed data bearing on their side of the funding problem.

## Traffic and Transportation Committee C. of C. Doing Great Work

### Helping the Growers on Shortage of Cars and Insuring Against Loss

The Traffic and Transportation Committee of the Chamber of Commerce is a real live committee on the job all the time and among their latest pieces of good work is looking after the refrigerator cars and seeing that the growers have enough of them and also insuring them against losses from a shortage of cars or slow transportation. The following letter recently sent to the growers of this community speaks for itself:

"During the lettuce season there was a shortage of refrigerator cars, and a number of the growers were caused a loss on account of it.

"When instances of this kind occur against the railroad PROVIDING a notice has been given to the railroad of the car requirements sufficiently far ahead to give the transportation company a chance to secure the necessary cars required for the output of the section over a given period.

"In order to insure the grower against future losses of this kind and giving them redress, the Traffic and Transportation committee of the Sanford Chamber of Commerce is asking that each grower notify the Chamber of Commerce at the beginning of each month their estimated car requirements for that month. For instance if you expect to cut eight cars a week for each week during January, we would like you to advise us to this effect, stating, if possible, the number of cars you expect to cut during each week. This information will then be compiled and forwarded to the railroad company as a matter of record, so that if cars are not placed promptly, and you suffer a loss, you will have a legal basis for making claim against the railroad company for such loss.

"We are enclosing a number of forms for your convenience which you can fill out and mail to this organization either weekly, or monthly.

"Trusting to receive the co-operation of all the growers in this section, as it will work to the best advantage of all, we are,

Yours very truly,

Sanford Chamber of Commerce,

"R. W. Pearman, Jr.,  
"Executive Secretary"

"P. S.—There is no charge to you for this service."

### MRS. R. H. BALL DIED SUDDENLY

Mrs. Rebecca Harriet Ball died suddenly last night of an acute attack of the heart. The attack came on while she was passing along the street in front of the Ball Hardware Co., about six o'clock yesterday afternoon and she fell to the sidewalk before anyone knew there was anything the matter with her. She was rushed to the Fernald Hospital at once and everything was done to save her life, but all to no avail and she died last night about seven o'clock.

The funeral services will occur from the Miller chapel today at 3 o'clock. Dr. Brownlee of the Presbyterian church officiating. The remains will be taken to the old home at Fitzgerald, Ga. for interment. Mrs. Ball was born in Canada although the family were natives of Georgia, and later she came back to the old home state to reside. She had only been in Sanford about a month, coming here to be with her son, Fred Ball, and to keep house for him during the winter months. During her short stay here Mrs. Ball has endeared herself to a large circle of acquaintances by her sweet disposition and especially in church circles was she loved for her work and interest along every line.

Her sudden death casts gloom over the community and the sympathy of the many friends is extended to the sorrowing son, Fred Ball, the only survivor, who had just arranged a comfortable home for mother to spend the sunset of her life with her boy.

### COUE ARRIVES

(By The Associated Press) NEW YORK, Jan. 5.—Emile Coue, the little pharmacist from Nancy, came into port today hoping to spread through this country his auto-suggestion phrase:

"Day by day, in every way, I'm getting better and better."

Greeted at the pier by a party of welcome, he announced his intention of opening a clinic in New York, and expressed the hope that his methods would be introduced in medical schools to fight disease and in penitentiaries to combat defects in character.

## NEGROES ARE BARRICADED IN CABIN AT ROSEWOOD BESIEGED BY ARMED MEN

### UPSHAW WILL GIVE MORE HOT SHOTS SOON

WASHINGTON, Jan. 5.—Representative Uphaw, Democrat, of Georgia, returned to Washington yesterday prepared to renew his fight against violations of the Volstead act among high officials.

"Nothing will turn me from the main issue in my purpose—to bring sobriety to government officials," said Uphaw.

When told that Representative Hill of Maryland, had asked the House judiciary committee to investigate the charges of violations of the Volstead act by members of congress, he said:

"I am ready for any eventuality growing out of Hill's resolution and the widespread demand of the press and people that this matter shall not drop with my speech. As soon as the parliamentary situation will allow, and I have further facts in hand, I expect to make a general reply in the house to the Hill resolution and other criticism of the 'wet' newspapers. I think my next statement on the floor of the house will be sufficient to satisfy the most notorious 'wets' or the fastidious 'drys'. I will fire my guns when the proper time comes."

### District Meeting Of County Agents In Sanford Friday

### SOME TWENTY COUNTY AGENTS AND OTHER OFFICIALS ARE HERE

Today and tomorrow there are about twenty agents and officials of the State Extension Work convened here to discuss and formulate plans of work to be carried on in 1923. This afternoon they will have a little trip through the section to have a look at the truck fields, stopping to see some of our early celery being cut and packed. The preceding plant will be visited and the experimental plot being conducted by the Federal government by Mr. A. C. Foster and his assistant Mr. McKenna.

Mr. S. N. Hiatt, the district agent for the East Coast, is presiding at this meeting.

Among those present are the following: S. W. Hiatt, Gainesville, district agent; E. W. Jenkins, Gainesville, district agent; A. P. Spencer, Gainesville, vice director of experiment station; J. O. Traxler, St. Augustine; S. F. Nelland, Dunell; W. T. Nettles, Green Cove Springs; Ray Johnson, DeLand; Henry Tribble, Cocoa; Alfred Warren, Ft. Pierce; J. A. Dew, Palm Beach; J. S. Romy, Miami; C. D. Kime, Orlando; E. F. DeRusk, Tallahassee; B. F. Whitmer, Jr., Sanford; Mr. Myer, specialist from Washington; S. M. Rhodes, Jax, State Market Bureau; E. S. Ayers, Gainesville, specialist; H. S. Brown, Gainesville, specialist; R. W. Blacklock, of Gainesville, specialists; W. M. Yothers, Orlando, citrus specialist; A. C. Forbes, Sanford, truck specialist; R. Stoutmire, agricultural editor of the Experiment station at Gainesville; J. M. Scott, specialist, Gainesville.

### WEINBURG BOUGHT BYRON HOME HERE; WILL BECOME CITIZEN

Mr. Perry Weinburg purchased a \$10,000 home at 701 Magnolia Avenue, and the deal was made by Mr. Bronson with A. P. Connelly & Sons. Mr. Weinburg has just recently moved here from Key West where he has been in the jewelry business for the past thirteen years. He was also in the jewelry business in Orlando for three years. Mr. Weinburg says after giving them all a thorough trial that Sanford is the best of them all. Mr. Weinburg is now located temporarily in Benjamin's store but will remove to Baunell's store about the twentieth of this month, in which store he will occupy the entire place under the name of Diamond Palace carrying a complete line of high grade jewelry.

Belgium has a motorcycle with a water-cooling system.

### TWO WHITE MEN DEAD AND THREE MORE ARE WOUNDED

### Over the Same Old Crime at Rosewood, in Levy County

(By The Associated Press) OTTER CREEK, Jan. 5.—Sumner citizens with two members of their party slain in the first volley established a cordon around the house and opened fire. During the night when attackers ran out of ammunition and several left to replenish the supply the negroes escaped, leaving the bodies of two women and one man in the house. Blood stains indicated that several had been wounded. Immediately afterwards a mob began firing buildings in the village. While the village was in flames it was said members of the mob fired upon the negroes fleeing from the homes. About twenty families, many of them negroes, remained at Rosewood.

SUMNER, Jan. 5.—Firing at Rosewood, two miles from here where over a score of negroes were barricaded all night in a house with hundreds of armed men besieging them, ceased shortly before dawn and had not been resumed at 8 o'clock this morning. Intermittent firing throughout the night could be heard distinctly here. The known casualties this morning were two white men dead and three wounded. The negro casualties could not be determined but it is heavily from the hail of bullets that penetrated the walls of the structures. The bodies of Henry Andrews and Holly Wilkerson were recovered this morning. Volunteers entered the yard under the guns of the negroes and removed them without being fired on. They were brought here.

Parties of armed men continued to pass through here early en route to the scene. The wounded men are Stephen Stullish and Warner Kirkland, both of Rosewood, and a man named Odom, believed to be from Jacksonville. The fighting began last night when a party of men approached a negro house in which it was believed men were hiding who were implicated in an alleged attack of a white woman in Rosewood recently.

GAINESVILLE, Fla., Jan. 5.—Three white men and three negroes are dead and a number of whites and blacks injured as a result of an outbreak at Rosewood, three miles from Sumner, Levy county, late yesterday and early last night, according to reports received here by telephone from Cedar Keys.

The reports added that the population of Cedar Keys was aroused and that many armed men from there were planning to go to Rosewood. The Gainesville Sun was requested to ask Sheriff Ramsey of this, Alachua county, to go to the scene with as many men as possible, as it was feared the situation, already beyond control of the Levy county authorities, would grow worse.

Sheriff Ramsey, Deputy Dunning and several automobile loads of citizens are preparing to leave for Rosewood.

The trouble is believed to have resulted from an assault on a young white woman at Sumner early Monday. One negro was lynched a few miles from Sumner Monday night after he admitted to a mob that he had transported in a wagon for several miles a negro suspected of the crime.

Sumner, a sawmill town, is on the 40 miles west of this city. Rosewood is three miles from Sumner and about 10 miles from Cedar Keys.

OTTERCREEK, Jan. 5.—Two white men, two negroes and one negro are known dead and it is believed many other casualties are the result of racial trouble last night and early this morning at Rosewood, twelve miles from here. With the exception of three buildings, the entire village was burned today by a mob at day break, according to reports. The fighting began when a party of citizens from Sumner went to Rosewood seeking a negro alleged to have attacked a white woman Monday and were fired on by twenty negroes barricaded in a house.

### SOUTH FLORIDA FAIR WILL START ON FEBRUARY 1st.

TAMPA, Jan. 4.—Approximately \$50,000 worth of new buildings, booths etc., have been provided by the management of the South Florida Fair and Gasparilla Carnival for the exposition that is to open here on Feb. 1, continuing through Feb. 10. Growth of the Fair has necessitated the new buildings, and partial destruction of the old wooden grandstand by fire last summer emphasized the urgent need of new, modern and fireproof structures.

Beginning with the concrete and steel grandstand, just completed, the new buildings include the poultry building, declared to be the best for its purposes in the entire South; and an extension connecting two of the 1 buildings in which county exhibits have been located at previous fairs. New booths, etc., make up the remainder of the new buildings completed since the close of the 1922 fair, and providing more space and conveniences than are to be found at any other fair ground in the south.

### DAY'S DOINGS AT NATIONAL CAPITAL

Hearings on the Kellogg-White federal radio control bill were begun by the house merchant marine committee.

Announcement that Secretary Fall of the Interior department would retire from the cabinet March 4, was made at the White House.

Pierce Butler of St. Paul was sworn in as an associate justice of the United States supreme court, succeeding William R. Day, resigned.

Assurance was given at the White House that the United States would stand by the Hague award of \$12,000,000 to Norway in settlement of shipping claims.

Increase in the maternity death rate and decrease in infant mortality in the United States was noted in the annual report of the Children's bureau.

The state department announced that Germany had proposed a four power agreement for no war for a generation without the sanction of a plebiscite but that the suggestion was unacceptable to France.

### THE WEATHER

For Florida: Fair tonight and Friday; light frost in north portion tonight; warmer in north and central portion Friday.

### Iowa Will Abolish State Highway Commission at Assembly

Committee on Tax Revision Will Recommend Tax on Gasoline

(By The Associated Press) DES MOINES, Iowa, Jan. 4.—Taxation, revision of the Iowa code and proposals looking to the establishment of an industrial court and abolition of the state highway commission, head the list of expected legislation to come before the Iowa assembly, when it convenes here January 7. Tax legislation measures, prepared by a special committee will be ready for action at the opening of the session while the code revision program is business carried over from the last legislature.

The committee on tax revision has spent two years on its work, and will recommend complete reorganization of the state tax system and the adoption of budget systems by local taxing districts. The committee also probably will recommend taxes on gasoline, coal and mineral lands; a personal income tax modeled after the federal income tax law and a revision of the present law taxing money and credits so that much money now alleged to escape taxation can be reached.

The fate of the code revision remains unsettled. The last legislature deferred action believing it would be considered at a special session. Governor Kendall was known to be averse to a special session for this purpose, believing any action taken should be done at the regular session. The legislative committee on retrenchment and reform, in a recent report, questioned the possibility of attempting this at a regular session.

Other legislation which probably will be urged includes public control over street car and telephone rates; consolidation of certain boards and bureaus; abolition of capital punishment; creation of a legislative committee to study the rural credits problem and an anti-cigarette law, sponsored by the W. C. T. U.

The women of the state will ask for legislation permitting an amendment to the constitution allowing them to sit in the legislature. A recodification of the insurance laws will be asked by State Insurance Commissioner Savage. A change in the primary law is not contemplated although the law was condemned in the Republican platform.

### TO STAND BY AWARD

WASHINGTON, Jan. 3.—The Washington government will stand by the award recently made by arbitrators at the Hague on claims arising out of the commandeering of Norwegian ships by this country when the United States entered the war. A White house spokesman said yesterday that there had been no attempt to refuse to pay \$12,000,000 award against the United States.

### SENTENCE BILL JONES, BERGDOLL SUSPECT, ON VAGRANCY CHARGE

TALLAHASSEE, Jan. 3.—"Bill" Jones, held in the local county jail, for the past several days as a suspect in connection with the reported attempt of Grover Cleveland Bergdoll war dodger, to enter this country, was given a thirty day sentence yesterday on a charge of vagrancy. Local authorities have become convinced he is not Bergdoll.

Twenty-eight cities reduced their motor fatalities in 1921.

### BAUMEL'S BIG REMOVAL SALE

In this issue of the Herald is a page advertisement of Baume's Specialty Shop calling attention to the big removal sale which will start Friday of this week and end Saturday night, Jan. 20. The Specialty Shop will move to the East room in the new Melich building next to the post office in a few weeks or as soon as the room is ready and in order to keep from moving the big stock they intend to sell out everything and start in the new building with a big spring and summer stock—hence the big sale. There are drastic reductions on dresses, suits, coats, sweaters, underwear, silk hose, corsets and brassieres, gloves, hand bags, handkerchiefs and other things. It will be a week of sensational selling of all fresh and up to date dresses and millinery, etc., and as usual the sale is bona fide and the figures and the stock speak for themselves. Read the advertisement in this issue and attend the opening day and see the great display of real bargains brought in the heart of the season and with plenty of time to wear the winter goods for three months of winter and part of next winter.

### SLUMBER PARTY

Last evening Miss Olive Newman entertained at a slumber party, in honor of Miss Maud Lake, who leaves Monday for Staunton, Va., where she will resume her studies at Stuart Hall.

After a delicious supper, the young ladies were joined by a number of the boys, and dancing was enjoyed until a late hour.

Those enjoying the slumber party were Misses Maud Lake, Mae and Mildred Holly, Gladys Wilson, Dorothy Cameron and Sara Evelyn Williams.

Mose Felome, that fulsome writer of Jacksonville, has a long article in the state papers explaining "why the year begins in the winter."

January is the month of sales. It is the month of real bargains. It is one of the best months to watch the Daily Herald for the Herald now carries the advertising of all the live wire merchants of Sanford.

A fine Y. M. C. A. building will be erected at the University of Florida at Gainesville with all the conveniences for the boys and everything needful. This will mean much to the university students and the good work should be rushed and the building made ready for the opening of the school next October.

Emile Coue, the funny little French philosopher, is coming to America to tell us how to keep young. His formula is to repeat every hour the words, "day by day, in every way I am getting better" and you will get better at once.

USE THE WANT ADS FOR BUSINESS GETTERS

Neglected opportunities for the gaining of business that may be a bit out of the ordinary, lose much that might be gained. There are few readers of a daily newspaper who fail to carefully scan the "little classifieds" seen in all progressive publications.

There are hundreds of little things which might be sold or traded or rented if the owner and the person in need of that precise thing could be brought together.

The wise person will "dig up" many an article no longer needed and will use, the classifieds. The wise person will say: "Where can I get so-and-so? Someone must have it. I'll put in a classified and see what that will bring."

WHO IS RESPONSIBLE?

It is human nature to criticize freely and to forget praise when due, and no one realizes this more keenly than a newspaper publisher.

Never a paper printed that had all the news—not even all that is "fit to print." The conscientious editor not only makes every diligent effort to get all the news, but will go a long way out of his head to get it.

WHAT HAS POSTERITY EVER DONE TO US?

Some men when urged to consider permanent improvements for the benefit of their posterity, indignantly ask, "What has posterity ever done for me?"

Before the World War our national debt was a billion dollars. Today, thanks to the war, and the loans we made the allies because of the war, our debt is the staggering sum of \$24,000,000,000 and we are petitioning and threatening congress, trying to make it add to that total at least another billion, or so.

Next to highways, soldier bonuses have been the largest items from the states—fifteen of them having passed bonus bills—and found the means for financing them, if the national congress could not! Twelve per cent of

the aggregate indebtedness of all the states is for soldier bonuses; and when all the states get theirs to functioning, as they doubtless will, the total will be better than fifty per cent of the states' debts.

Verily, one may ask, when he looks ahead in vision and sees posterity struggling under the load which we have piled on it, What has posterity done to us to deserve this treatment?

Florida, only, of the states maintains its level headedness and refuses to be swept off its feet with the specious arguments of those who would have it bonded to the limit for roads, or general publicity, or the eradication of corn or the itch. Florida owes a modest six hundred thousand dollars, to itself, and pays itself three and a half per cent interest for the loan.

HENRY FORD SAYS WORK IS THE WORLD'S GOAL

That simple little word "work" is the remedy given by Henry Ford for much of the present economic unrest not only in the United States but throughout the world.

the office of the Star-Telegram seeking employment. The harvesting of the citrus crop has provided employment for hundreds who would otherwise be idle but even with this industry now in full blast, there are many who cannot obtain work of any kind.

A job for every man, Ford argues, would result in a greater degree of happiness and prosperity than the world has ever known. Unemployment brings distress and suffering and causes a mental attitude that bodes ill for the future of the country.

There is one more viewpoint of Mr. Ford that should not be overlooked. That is the payment of high wages. Of course he expects or rather takes it for granted that the worker shall be honest and play the game fair and square, giving full value for every dollar received.

### FARMERS BOWL UNDER AVERAGE AND LOSE CLOSE ONE TO ROTES

Herbst Bowls High With 453 Total and Hill Follows With Total of 450

Some people say it was because Charley Henry had been reduced to the ranks, was just an ordinary private citizen again, some say it was because Bill Hill had been notified that the price of lumber was going up and there are others say it was because Emil Amann was offered \$5.00 a crate for his celery and couldn't keep his mind on his business, but whatever caused it and whether or not the real reason is ever found out, the Farmers lost a gamb to the Rotes.

The Rotary Club took the lead in the first frame of the first game and held that small lead throughout the entire way and ended up with the small majority of 21 pins.

The loss of this game hurt the Farmers chances far more than the good it did for the Rotes, as the Farmers were well in line to tie up things with the Champs, and now they must win their remaining three games of this first half and the Congregationalists lose two of their remaining three games in order to end a tie.

The Farmers were bowling way under their usual form last night, the highest average being made by Herbst, who was by no means bowling his best. Herbst rolled a total of 435 and Hill Hill was right behind him with a total of 450.

The scores for last night's games were as follows:

Farmers				
Amann	132	103	74	415
Chapman	138	160	130	428
Herbst	160	149	154	463

### FLORIDA STATE LEAGUE TEAMS HAVING TROUBLE GETTING STARTED

Jacksonville May Go and Then Again She May Not—Do Not Want to Pay Dulaney's Claim of \$2,400

As the time approached for the opening of the Florida State League, the same old cry goes up from some of the clubs, that they may not be in the league this year. As a rule this never amounts to anything, and when the curtain rises it finds them all in the swim, the bigger town paying out big money and the smaller towns, dragging behind them. The following, by C. E. Baker, appeared in the Jacksonville Journal last night:

"Grave fears for professional baseball here the coming season are entertained by local diamond fans as the time for the annual meeting of the directors in the Florida State League nears, and which will doubtless be called the latter part of this month. As a result of much litigation between the club and former managers, the outlook is exceedingly gloomy, and unless something is done at once there will not be a Jacksonville team in the Florida State League for 1923.

As a matter of fact the situation in State League circles is hazy in many of the cities that have representation. When questioned Wednesday as to the time for the annual meeting, President W. W. Rose, in Orlando, replied he was not ready to make a statement. The meeting is expected, however, about the twenty-fifth of this month.

At the approaching session the directors must name a new president, which will mean either the re-election of Mr. Rose or a new party and managers for 1923 will be announced.

George Block will not manage St. Petersburg again, that position having already been tendered to Hugh Bradley while a new man is certain at the helm of Daytona's franchise. What changes, if any that are to be made at Tampa, Orlando and Lakeland, remains a mystery.

Locally, the situation is, even worse. The Indians are as yet, also minus a manager, George Stovall having been discharged before the conclusion of the 1922 campaign and not one successor as his successor. President Marcus Conant has not announced any plans for the year, either by way of a pilot or personnel of the club.

Dominick Mullaney, manager of the team when this city first entered the State League, was awarded a decision against the club by the National ruling was sustained at the annual meeting of the board during the Louisville, Ky., meeting of minor league clubs a short while back. The former manager says he is due pay for one year's salary or approximately \$2,400.

President Conant, it is said, has

positively declared himself as opposed to paying the claim or settling the matter through any compromise. Mr. Mullaney maintains not even a fly ball will be batted on the local ball lot by any Indian player until the claim is paid in full. All of which means that the fans are the innocent sufferers.

George Stovall, manager last season, asserts the Jacksonville Baseball Club is also due him the sum of \$152.72 as part salary for 1922. What disposition has been made in this regard, if any, has not been given out. Mr. Stovall announced before leaving here, after the close of the year, that he would appeal to Secretary Farrell to settle the claim, but at the meeting of the Arbitration Board in Louisville the matter did not come up.

Finally, the situation is equally insofar as professional baseball here is concerned. In the meantime the opening of the season is but a short time and some action is mandatory at once.

### FOR THE MOVIE FAN

Foolish Wives tonight.  
And Foolish Wives again tomorrow night.  
And a certain lady remarked this afternoon that this will be the only chance of ever seeing Foolish Wives in Sanford. And she was talking of the picture only.

Cobourn's Minstrel is headed this way. Will show in Sanford on the 11th. Same old Cobourn, but not the same old show.

Cobourn's minstrels will be a bigger, better and everything new. The seat sale opens Monday at Roumlat and Anderson's.

Mr. Cobourn was in town yesterday and made the remark that he hated to say a thing about his show this year. Said he was too modest. And Mr. Cobourn never puts out a propaganda that was not true and correct.

There is no doubt but that the seat sale will go fast. This popular show always draws a big house and if you will take a tip, get your seat or seats early.

Next week's picture program includes some of the best of the season. Get a copy of that program and mark off at least three or four of them and then go see them.

### CELERY SEED

Masked Wonders.  
One of the fastest basketball teams of South Florida.

In Sanford—at the Parish House—eight o'clock—tonight—admission 25 cents.

It was announced in yesterday's paper that the girls didn't care to go so far from home without the boys. They have changed their minds and will go after all.

It has been whispered that the real reason the girls have decided to go to Jacksonville was because they do not care to witness a boys' basketball game where all the visiting boys wear masks.

Any way you can bet the girls will give a good account of themselves tonight at Jacksonville, and when those Jax girls see the way Holly and Spencer get about they will think the Sanford girls work on springs.

We not where it may not be possible for Jacksonville to have a team in the Florida State League this year. Same old line, always that way at the beginning of the season.

And there is talk that there may be some other teams in the state league that may not be able to make the grade. Just as soon as some of the larger cities get away from the spending of a small fortune for a team and give the small bird a chance then, and then only, will the state league start out without the same old cry.

### FLORIDA FOOTBALL SCHEDULE

JACKSONVILLE, Jan. 5.—The University of Florida has closed for a football game with Mississippi A. and M. on November 17, either in this city or Tampa, according to an announcement by Prof. P. L. Reed, faculty chairman, in Gainesville yesterday. This is the fourth game scheduled by the 'Gators for 1923. Other opponents already announced are Army, in West Point, N. Y.; Georgia Tech in Atlanta and University of Alabama in Birmingham.
