

## Churchill Is Denounced In Recent Stand

### Lady Astor Declares Woman Conscript Plan Should Be More Advanced

### Labor Party May Split Over Bill

### Bill Was Announced To Take Married Women Of 20 To 30

LONDON, Dec. 3.—(AP)—Lady Nancy Astor criticized Prime Minister Churchill sharply today for not going further in his proposals to conscript womanpower in his House of Commons speech yesterday.

As the Labor party was reported threatened with a serious split over the bill, the American-born member of Parliament asserted that Mr. Churchill "had a blind eye where women are concerned" and urged that all women be treated alike.

"If you don't conscript married women there will be great discontent," she said.

Mr. Churchill announced a bill yesterday to conscript unmarried women between the ages of 20 and 30 for the unformed services but restricting "lethal combat" duty to volunteers.

Churchill asked Parliament yesterday for power "to restrict women to serve in the uniform of the auxiliary services of the crown or civil defenses," but he said that "for some time to come" this compulsion would be applied only to unmarried women between the ages of 20 and 30.

### J. R. Milligan Dies

Year's Illness

James Raymond Milligan, resident of Sanford for the past 19 years, died at his home on Route No. 1 last night at 10:30 o'clock following an illness of one year.

Mr. Milligan was born in Charleston, S. C. on Oct. 28, 1853 and since he has lived in Seminole County, he has been employed by the Atlantic Coast Line Railroad as a machinist.

Survivors of the deceased man are his widow, Mrs. Pauline T. Milligan; three daughters, Miss Raymond Milligan, Miss Julia Milligan and Miss Cecelia Milligan; and one brother, John Milligan of Charleston, S. C.; two sisters, Mrs. Jane Duffy and Miss Cecelia Milligan of Columbus, S. C.

Dr. W. D. Broome conducted funeral services for Mr. Milligan this afternoon at 4:00 o'clock in the Baptist Church, with burial in the cemetery.

### Railroad Men Will Get Wage Increase Soon

WASHINGTON, Dec. 3.—(AP)—When hundreds of thousands of men are called to the front, the nation's railroads will require an increase of 25 cents a day and \$20,000 operating expenses will require a raise of 75 cents a day under a compromise agreement with the railroad men announced Tuesday by President Roosevelt.

The wage settlement which covers a 100,000 strike called by the Dec. 1, was reported by Mr. Roosevelt earlier in the day by an executive order. The settlement is to be in effect for 120 days.

## Enemy Forces In Libya Are Marking Time

### British Attack Is Stalled, As Axis Crashes Through English Circle

PARIS, Dec. 3.—(AP)—The German command in Paris announced today a German Medical Corps of 100,000 men had been sent last night and immediately imposed a 6:30 P. M. curfew on the entire tenth arrondissement.

The announcement said German authorities "reserved the right to take grave measures." Later, the Nazis have warned of "serious consequences" if the attacks continued. A German soldier was shot in the same district recently.

In the Libyan campaign, the British 16-day-old offensive is reported at least momentarily stalled and both sides sparring for position.

The Imperial encirclement of the foe of the Nazi commander General Rommel had been broken by the reckless and repeated tank charges of his fifteenth tank division which, at last and at great cost, had smashed through at the lower end of the Tobruk beach corridor to a rendezvous with the 21st division lying weary and wounded to the east.

This British setback appeared damaging but from dispatches, for a British military spokesman declared Tobruk's link with Regent had not been wholly broken. Moreover, British command of the Mediterranean was accompanied by British superiority in the air.

Although the British lost Regent itself and the nearby settlement of Bir el Hammed in the process, the breakthrough was affected only on a narrow sector. A British spokesman, however, declared that the confidence of the Imperial forces had been in no way impaired.

"It may take a few days longer," he added.

### W. A. Stansfield Elected Head Of Masonic Group

W. A. Stansfield was elected Worshipful Master of the Masons for the ensuing year last night at the meeting of Sanford Lodge No. 42 F. and A. M. at the Masonic Lodge, Chairman J. C. Trawick announced this morning.

E. F. Lane was in charge of the dinner which was served at 7:00 P. M. The election followed. Mr. Stansfield was elected Senior Warden, R. G. Hinson as Junior Warden, J. O. Huff as Treasurer and C. J. Humph, secretary.

The Masons heard two brief addresses by Senator E. F. Householder and Brother William A. Smith, former judge at Philadelphia, Pa. Mr. Householder was an honored guest at the banquet.

### Jenkins Reports Big Increase In Auto Tag Sales

Automobile license sales for the first two days in Seminole County have nearly doubled last year's sales, tax collector Jno. D. Jenkins disclosed this morning, when he stated that sales on Dec. 1 and 2, amounted to \$3,107.15 as compared with last year's total of \$1,622.

Part of the increase is due to a 15 per cent increase in the fee for most passenger cars. Mr. Jenkins added. Also aiding in increasing the early sales is the new rule that tags with special reduced numbers may be obtained with the added payment of \$1.

"Material can obtain any number they prefer on their license if still available for this fee," Mr. Jenkins said and added that the Federal government has requested that motorists turn in their old tags to his office as the metal is valuable during the present emergency.

Jan. 15 is the deadline for buying the 1942 tags.

### Checks Will Be Sent

JACKSONVILLE, Dec. 3.—(AP)—The State Welfare Board announced Tuesday checks will be sent to nearly 80,000 recipients of old-age maintenance, aid to the blind and aid to dependent children in time for Christmas. The sum will be the largest disbursed during any one month since the board was instituted in 1937.

### Strike Called At Bomb Plant

RAVENNA, Ohio, Dec. 3.—(AP)—A strike was called today at the Ravana Bomb Plant, and a plant has marched in front of the main office of the \$67,000,000 plant.

The plant, owned by the General Electric Co., is one of the largest in the world. It is located on the shore of Lake Erie, and is one of the most important industrial plants in the world.

## Reds Declare Nazis In Headlong Flight From Rostov-on-don

### Mischa Gives His Shirt

The OPM's waste paper conservation drive moved backstage in New York when Mischa, star of a forthcoming musical, donated his piece of old shirt and collar to Ilka Chase, famous comedienne, who is the star of the theatrical division. Old paper will be converted into waste paper for defense use. Mischa likes the idea so well he gave her his shirt for it.

### Heart Attack Proves Fatal To C. M. Berry

C. M. Berry, prominent resident and a member of Seminole County for many years, died in Tallahassee, suddenly, yesterday following a heart attack.

Mr. Berry was born in Missouri and during his early education studied law. His early business career was spent in Mexico where he remained for about three years, but left during that country's construction period.

Recently he had come to Sanford, Mr. Berry was engaged in business in Orlando with his father. While he lived in Sanford, Mr. Berry was instrumental in the construction of a wash house and procedure on Boardwalk Avenue which was the first recorded operation of its kind in Florida.

Among his other activities in Sanford was serving as County Agent for a number of years and assisting in the formation of the Sanford Farmer's Exchange, an affiliate of the Florida Citrus Exchange. He served a term as manager of the latter.

The date of funeral services for Mr. Berry will be announced later. His survivors are: his widow, Mrs. Riley M. Fletcher Berry, nee Miss Marie Fletcher from Indianapolis; one sister in Washington, D. C.; a niece in Daytona Beach and two nephews who reside in California.

### Rate Hearing Postponed Jacksonville, Dec. 3

(AP)—A second postponement of an Interstate Commerce Commission ruling that cancelled proportional rates on Florida citrus fruit shipped by water from Jacksonville is now in effect. The I. C. C. has deferred its order until December 27, P. C. Hillyer attorney for local interests, announced.

### Recreation Director Announces Activities Planned For Tourists

Among the activities planned during the coming week for winter visitors who have arrived in Sanford are a tea tomorrow afternoon, a musical program Friday night, and a boat trip which will be sponsored by the Jaycees, Mrs. Marnie Hodgkin, director of the recreation department, said today.

Mrs. J. L. Ingley, Mrs. E. A. Newman and Mrs. Floyd Palmer will be hostesses in tourists who attended the tea tomorrow afternoon at the Tourist Center. Mrs. Hodgkin said that women and men who are residents of Sanford are particularly invited to come to the tea and meet friends who are present, and added that any activities planned for tourists during the winter are open to persons of this city as well.

At 7:30 o'clock Friday night the pupils of Mrs. W. G. Fleming and Miss Marjorie Cogburn will present readings and dances, followed by community singing in which the gathering will take part.

Next Wednesday night is the time scheduled for the first boat trip for winter visitors and persons who wish to view the scenery along the picturesque St. Johns River. Reservations may be made by telephoning the Chamber of Commerce. Tourists may take the boat trip and participate in any other entertainment planned for their enjoyment, free of charge.

### Germans Claim Gains In Violent Tank, Infantry Battles On Moscow Front

### Russians Say Foe Is Panic-Stricken

### London Radio States Nazis Securing Reinforcements

LONDON, Dec. 3.—(AP)—A Reuters dispatch from Khabyshev said today an official Russian source had announced German troops were abandoning Tzarnog and retreating toward Mariupol. Tzarnog is 40 miles west of Rostov, which the Nazis admittedly have abandoned.

On the central front the Nazis also apparently are suffering further reverses.

Germans claimed new gains in violent tank and infantry battles on the blizzard-awet front before Moscow today, but the Russians declared the Germans were thrown back in two key sectors. The Reds claimed the "panic-stricken enemy" still is in headlong flight from Rostov in the Ukraine.

The London radio said Germans are pushing reinforcements from Mariupol, 100 miles west of Rostov, in an effort to halt the Russian counter-offensive to the south while the German claimed their tanks supported infantry had cut fresh swaths through the Soviet Moscow defense lines. The Russians countered with claims of the recapture of three villages in the vital Mariupol sector, 67 miles west of Moscow, and the retreat of Germans from several towns in the Stalingorod sector, 120 miles southeast of the capital.

On the fifth day of his expanding defense Field Marshal von Kleist still apparently was unable to make a major stand, for while the Russians were jubilantly claiming that his flight was so headlong that the pursuing Red forces were not always able to keep him under fire, Berlin showed a persistent disinclination to talk about the south.

Moscow asserted in fact that in a 60-mile stretch from Rostov back west to Mariupol the Germans were everywhere disorganized and that in areas where their retreat could be slowed major battles were being arranged and confronted with annihilation.

### Christmas Seal Sales In County Total \$168.85

Tuberculosis Christmas Seal funds had reached a total of \$168.85 yesterday when Mrs. J. L. Ingley, Seal Sales Chairman for the Seminole County Tuberculosis and Health Association, made her report.

"When you make up your Christmas list, be sure to remember the Christmas Seal. Small in size, it has done a big job, and still has great things to do. Tuberculosis takes more lives between the ages of 18 and 45 than any other disease," Mrs. Ingley said in urging the purchase of these tiny health stickers.

The enormous toll of automobile fatalities frequently is mentioned, she continued, and in many cases the end comes suddenly, and does not, as with tuberculosis, often involve an entire family in distress and poverty which may increase the danger of the disease to other members of the household.

"Tuberculosis is preventable, and we know how to prevent it. The history of the tuberculosis movement proves this. This has been achieved by an unmitigated battle year by year, day by day, with the force of prevention arrayed solidly against this formidable enemy."

"By no means is the battle won—we merely know we can win it if we do not break our ranks or scatter our fire. Christmas seal is a bullet in the war of peace—and with the force of ammunition, the ultimate victory is secure," Mrs. Ingley concluded.

## THINGS WE'VE SEEN AND HEARD

Looking after the Tourists has kept our shirtil in the breeze this week, but they are a fine lot of folks and their compensation is enough.

The Tourist Center hostesses are holding the first team Thursday afternoon. It will be preceded over the hostesses who officiated throughout the week, and they are anticipating quite a large gathering for the tourists but in a social gathering for townpeople as well as Tourists to promote friendships and add materially to the joy and pleasure of our winter guests.

So lay aside that engagement, if possible, and lend us your charms, and help us to make the most of the season.

Next Wednesday afternoon the Junior Chamber of Commerce is sponsoring the first of the series of scenic boat trips down the St. Johns River, to give our Tourists a glimpse of its enchanting tropical beauty. I'm not a tourist, but I've never been down the river on a boat so I shall report to the attic and pull the travel labels from the suitcase.

Girls present at the meeting were: Ruby Lou Anderson, Gloria Wetherington, Ioris Wetherington, Mary David, Mary Helen Tew, Dorothy Carter, a Verne Newsome, Betty Ann Michael, Gwendolyn Barinear, Dolores McCallan, Peggy Pipin, Stella Whitmore, Nancy Williams, Kilday, Hazel Routh, Shirley Moreland, Myra Ann Southard, Mildred Barinear, and Vera Durden.

And counselors, Mrs. A. M. Gordner, Mrs. R. A. Williams, Mrs. C. L. Hewson and Mrs. C. A. Anderson, Jr.

It is our hope to make this Christmas Week a happy one for these people. While it is true they are away on vacation, yet at the same time Christmas gives us a yen for home and we here in Sanford must not allow the visitors within our gates to be

## Federal Men Smash Large Thief Group

WASHINGTON, Dec. 3.—(AP)—Federal agents Tuesday smashed an alleged nationwide syndicate for stealing and selling Ford automobile parts which operated on so vast a scale, the justice department said, that its profits this year alone were at least \$1,000,000 and perhaps \$3,000,000 or \$4,000,000. Its thefts forced the Lincoln

plant to close for two days for lack of bearings. And one of its many "fronts" published a regular catalog to advertise its booty for sale to the public at exorbitant prices in competition with legitimate dealers.

In simultaneous early morning raids in Detroit, Chicago and New York, the Federal agents, working with police, rounded up 30 men accused of complicity in the ring. They included Ford employees, one of the men a former truck driver and a local business dealer in stolen goods.

unhappy during this Holy season. Do your part, speak to them when you meet them on the street, offer them little courtesies, it pays big dividends by way of the glow in your heart, and they, being naturally congenial folk, appreciate your thought.

The question has arisen "how long does one have to live in Florida before he becomes a cracker?" This seems to be the desire of many of our tourists. Any information or discussion on this subject will be much appreciated since the writer has been here only six years and we don't feel that we are an authority on the subject. We would say, however, you are a "cracker" when you no longer attempt to keep the sand from under your toes, but let it trickle its way out and repose on the snowy whiteness of the beach.

This week we tried out one of Bob Edge's suggestions on defeating a duck Sunday afternoon one of our beneficent neighbors presented us with five lively wild ducks. We pulled out the tail and wing feathers, heated a kettle of water to the boiling point, dropped in a cake of paraffin let it melt and immersed the duck. Stirred it around until thoroughly soaked, then lay it aside to cool. You open the feathers to the skin straight down the breast of back and proceed to peel off the feathers in a series, unbroken, jacket. The skin is left smooth and clear. One cake of paraffin will do about three ducks. Try it, it's great. Takes about five minutes per bird.

Don't forget! Bring along your voice to the Tourist Center Friday night and let us share take its course, if your neighbor doesn't like it, no matter, the fish will.

Speaking for CIO president Philip Murray and 5,000,000 members of affiliated unions, James B. Carver, CIO secretary, appearing before the Senate Judiciary sub-committee in opposition to the anti-strike bill proposed by Sen. Tom Connally, said, "Nothing is said of the employer's profits, no matter how much he may be guilty of causing or provoking the dispute."

Ward Loveless

Police caught two women and a maid after Ward Loveless, 51, prominent Washington attorney, was found murdered, his body stuffed into a china closet at his country home near Peconian Springs, Va. Signs of a "terrible struggle" were found in the house.

William Green

President of the American Federation of Labor, William Green calls at the White House to protest anti-strike legislation. He claims the A.F.L. has cooperated with national defense, but now is about to be penalized for "acts of some irresponsible leaders" outside his organization.

The Berlin approved caption with this photo means that a German supply truck is being moved out of danger by Nazi soldiers, while in the background is a "Yankee" transport house. Caption did not identify where on the Eastern Front the action occurred or how the truck was disabled. The local boy at right doesn't seem very interested in the scene.

Mrs. Norma B. Mitchell

Seeking \$150,000 from the estate of Steel Mitchell, express company executive who committed suicide, Mrs. Norma Russell Mitchell faces her mother-in-law and sister-in-law in New York Supreme Court. She claims her husband promised her half his estate if she would withdraw a separation suit instituted before his death.

Mrs. Harrison Williams

Often called the world's best dressed woman, fashionable Mrs. Harrison Williams uses her glasses to get a better view at opening performances of the Metropolitan Opera in New York. Society came en masse to the opening, which is usually a great fashion show of the 400.

Some of the 151 British sailors and marines who arrived in New York aboard the naval transport *Lindsay Castle* were a greeting in Gotham. The men will be assigned to the British ships now undergoing repairs in American shipyards. U. S. warships conveyed the *Lindsay Castle* from Iceland to America.

Crowley Predicts High Scoring In Fordham-Missouri Sugar Duel

NEW YORK, Dec. 3.—(AP)—The man who bit the dog had nothing on the Sugar Bowl set-up for New Year's Day, which finds the east moving in with a football outfit built around passing to tangle with a club boasting power glaze. At least that's the way it looked to James Crowley Tuesday as he added up the preliminary reports he received from pals on what his Fordham fears may expect from the high-gear-ed running machine Don Faurot has put together at Missouri. Ordinarily, the shoe's pinching the other corn when the east meets clubs from that area. But this time, Steepy James—here's really about as sleepy as an eight-day alarm clock—knows what he has in the pitching arms of Steve Filipowicz, Jim Blumentstock and George Cheverka. "And what's more," Jim went on, "fellows who've seen Missouri play tell me the Tigers can really operate on the ground. Mal Stevens, whose N. Y. U. outfit met us both, figures it out this way: Their running game is as good or better than ours; our passing holds a clear edge, and they're slightly stronger in the line. Mal says their two top backs, Red Wade and Harry Ice take that ball and really prowl. "Add that set-up to the fact that we've both averaged over 29 points a game this season, and you come out with an answer that may give the little man operating the score board a busy New Year's afternoon. It looks like a lot of points. "But Crowley insisted that doesn't mean this is strictly a battle of offenses, as a lot of folks are predicting. "The winner's going to be the team that can hold off the other fellow while it scores itself," Jim explained.

### Television Gets "Green Light" From Commission

NEW YORK, Dec. 3.—(AP)—Television is back in stride again. How far it goes depends on many possibilities. National defense requirements on the radio industry will be a factor.

But in coming back it has a new status—commercial instead of experimental. It has been given a full "green light" by revised Federal Communication Commission regulations.

New York, as the present center of activity, with Los Angeles about next in line, has taken the reintroduction without much delay. Programs were resumed on a regular schedule after nearly a year's lapse taken up in settling differences over operating standards.

The NBC station, now WNBC and on the air as W2XBS since April, 1939, with public programs was first to get a commercial license. The CBS transmitter WCBW, under construction an experiment for two years started its schedule under authorization calling for a 30-day period of tests.

Otherwise throughout the country there are nearly 29 additional stations in various stages of preparation looking to commercial licenses.

### Metamorphosis From Civilian To Army Told

CAMP BLANDING, Dec. 3.—(Special)—The Reception Center at Camp Blanding boasts the only government mess hall operated cafeteria style in Camp. Here the new, slightly apprehensive selectee soon learns how wholesomely the Army feeds its men, and with the serving of his first Army chow—not unlike a home-cooked meal—the selectee relaxes and begins to feel at home.

The metamorphosis from civilian to soldier is perhaps one of the busiest days in the selectee's entire tour of service. On his arrival at the Reception Center, commanded by Lt. Col. Ira E. Ryder, he is assigned to his quarters and given his first instruction in the care of his tent.

He then becomes a member of a group of about 80 men and is marched to the "processing" building where he is given an intelligence test which, lasting an hour, gives first hand information on the man's abilities and intelligence.

The man then is sent through the medical section where he is vaccinated against small-pox and eleven tetanus and typhoid inoculations.

Then he gets his equipment—over 80 articles—and returns to his tent to solidify his briefly-made acquaintances, to scribble first impressions on a note headed for home and finally to feel the first tingle of pride that comes to a man in the uniform of a soldier of the United States.

Since the establishments of Camp Blanding, one of the nation's largest military contingents and Florida's fifth "city" some 16,000 potential military leaders have gone through the Reception Center and been assigned to posts all over the United States.

### Dr. Wheeler Will Lecture In DeLand

TALLAHASSEE, Dec. 3.—(Special)—Dr. H. N. Wheeler, chief lecturer of the U. S. Forest Service, will appear in a series of lectures in Florida in the early part of December. His itinerary,

as announced by the Tallahassee office of the Florida Forest and Park Service, will include Tallahassee, Cross City, Gainesville, DeLand and Jacksonville. William F. Jacobs, assistant state forester, said that the lecture tour is being sponsored jointly by Florida's State and Federal forestry agencies, and that details were not complete but it was certain that Dr. Wheeler would appear at the Florida State College for Women, University of Florida, John B. Stetson University and at several points in between.

**Eyes IN DEFENSE!**

Good sight is helping to make our national defense machinery hum—putting us far ahead of our 1918 efforts.

Keener eyes are now trained on targets, landing fields, lakes, microscopes and other defense tools.

Better light is one answer. For with better light comes better sight. And during these last few years we've been kinder to our eyes—used a correct amount, right size bulbs. Ask mother, she knows.

Let's continue the good work. Keep right size lamps in the sockets—and modernize old-fashioned lamps with inexpensive equipment.

We'll be saving sight and money for defense.

## 60,000 Germans Knocked Out Of Action By Reds

### Russians Take Four Villages And An Important Town Beyond Taganrog

### Hitler's Forces Lose Much Ground

### Nazis Suffer Chaotic Retreat As They Are Driven Back

(By Associated Press) On the Russian front, the Soviets declared the German Ukraine armies had been driven in chaotic retreat beyond Taganrog, 40 miles west of Rostov, with 60,000 Germans knocked out of action.

In the Moscow campaign, the Russians declared they had thrown back the Germans 16 to 31 miles in the Stalino sector, 120 miles southeast of Moscow, and recaptured an important town and four villages.

The German radio, as heard in the United States by N. E. C. attributed the Nazi disaster in the Rostov area to "a change in the weather which rendered useless the mechanical might of the German Army" and to "the Russian inability to understand that they were defeated."

Russian Cossack cavalry and motorized units chased Axis troops along the Sea of Azov, along the roads of death and devastation marked with German tanks and the wreckage of planes.

A London broadcast heard in New York quoted a Stockholm report that Marshal Walter von Reichenau, commander in chief of the German army, had been ordered to leave off a Nazi "catastrophe."

Another powerful Red Army offensive on the Moscow front was said to have hurled back Germany's ace Panzer Army 12 to 31 miles in the Tula sector, anchoring the southern end of the defense area before the capital.

## Two Big League Deals Are Made At Jacksonville

JACKSONVILLE, Dec. 4.—(AP) Two big league deals were announced early today, the Chicago Cubs trading outfielder Hank Lauer to the New York Giants for pitcher Bob Bowman and an unnamed sum of cash, and the Cincinnati Reds bought catcher Rolfe Hemming from the Cleveland Indians in a straight cash deal.

Meanwhile rumors rebounded through the crowded hotel lobbies as the major league clubs tried to complete some sort of a trade to justify the presence at the convention of the minor leagues here.

One of the hottest tidbits was that the St. Louis Cardinals might sell outfielder Dick Padgett to the Cubs. Another was that the Chicago White Sox would give outfielder Mike Krehbiel to the Washington Senators for Doc Cramer.

Understandably, there were some speculations that were very close to being deals, but whether they might be closed before the managers move to Chicago for the big league meetings next week was open to question.

## Life Of Convicted Colored Man Spared

Henry Smith, convicted on a charge of murder in the Pull train car of Cleveland, Ohio, but the jury spared his life when they returned with a recommendation of mercy to the Court of Appeals today.

Smith was sentenced to life in prison for the murder of a white man in the Pull train car. The jury recommended mercy because Smith was a young man and had no previous record.

The Court of Appeals will now decide whether to uphold the life sentence or to commute it to a term of years.

Smith's appeal was heard by a panel of three judges.

## British Tanks Will Attempt Knockout Blow

### English Battle With Two German Panzer Divisions Is Near In Rezegh Section

LONDON, Dec. 4.—(AP)—The House of Commons gave general approval to Prime Minister Churchill's plan for maximum mobilization of men and materiel by a 22 to 19 vote, after putting down an insurgent laborite amendment which also would have conscripted wealth.

CAIRO, Dec. 4.—(AP)—Reserve British tanks swept onto the main Libyan battlefield around Sidi Rezegh Wednesday and another attempt to deliver the knockout blow to two German panzer divisions was believed imminent.

(The Stockholm newspaper, Dagens Nyheter, said in a Berlin dispatch, the Germans had rushed reinforcements to Libya from the Ukraine sector of Russia, and that this might be one reason for the Russian victory at Rostov.)

Thrown off their schedule by the furious German tank charge which recaptured Sidi Rezegh and the nearby stronghold of Bir El Hamed, the British were massing at new strategic points for a counter-assault while their mobile patrols cleared the battlefield, according to the communica-

tion. It meant the most damaging defeat for Hitler's power politics since his armies first marched more than two years ago; it meant at least as much, and perhaps more than any victory the Imperial British Army may win in Libya that Hitler was going to lose the war.

It appeared to mean, too—and this perhaps was most important of all—that Turkey was going to lose the war.

For Turkey, if she wishes, can stand as a powerful obstacle to any effort by Hitler to re-into the Caucasus and Middle East by the back door that the northern front door apparently has been closed by the Red Marshall Shushenko before Rostov.

## Japs' Military Moves Increase

(By Associated Press) New Japanese military maneuvers today increased Far East tension. In Chungking, a Chinese army spokesman asserted 40 Japanese warships, including an aircraft carrier with 45 planes aboard had been spotted in Camranh Bay on the Southeast Coast of Indo-China—potential springboard for attacks on Singapore, the Dutch East Indies, or the Philippines.

## Lease-Lend Act To Provide For Turkey's Needs

### U. S. Said To Be Supplying Her With Defense Munitions

WASHINGTON, Dec. 4.—(AP)—President Roosevelt announced today that Turkey, a non-belligerent British ally that stands as the bridgehead to two continents, had been brought under the U. S. lease-lend act and that her defense needs would thus be "filled as fast as possible." It was said in other quarters that these needs were in fact already being filled.

## Freeholders To Vote On Bond Issue

### County Commission Sets January 27 As Date For \$80,000 Hospital Election

Freeholders will vote on the issuance of \$80,000 worth of bonds for the construction of a hospital for Seminole County in a special County election which was called by the County Commission in a meeting Tuesday.

The County Commission in a meeting Tuesday, County Attorney E. F. Housholder disclosed this morning. The special election will be held on the last Tuesday in January.

A \$70,000 bond issue already has been approved by freeholders, and these bonds have been sold, but not sold as at the time of the issue, it was believed that Federal aid would be forthcoming, but the national defense program knocked out the opportunity of receiving such aid, Mr. Housholder stated.

"If this new issue is authorized, it will be added to the previous issue of \$70,000 and the \$150,000 total bond issue will be offered for sale, and when sold, the proceeds will proceed on the construction of the hospital," Mr. Housholder explained.

The reason why the new issue is for \$80,000 is that, added to the first issue, it will meet the original plan of an estimated expenditure of \$150,000, Mr. Housholder explained.

The election will be limited to freeholders only, who number approximately 3,000 in the county. It is necessary that one vote more than 50 percent of the registered voters be cast to legalize the election.

## Railway Express Agency Employees Will Plan Strike

WASHINGTON, Dec. 4.—(AP) George W. Fitzhugh, president of the Brotherhood of Railway Clerks, Wednesday called the union's general chairman to meet in Chicago Monday to plan a nationwide strike against the Railway Express Agency. He said the company refused to accept the recommendations of the President's emergency board which settled the general railroad wage dispute.

The union says it has 42,000 members who are employees of the Railway Express Agency. The President's emergency board recommended that the employees be given increases of 10 percent, but the company refused to accept the recommendations of the President in its report that spokesmen for the express agency had refused to accept the increases.

The board said that the express agency believed it could reach a more satisfactory settlement through direct negotiations, even at the risk of a strike.
