# Sanford's Block Grant Expansion Vote Tonight

By Diane Petryk Herald News Editor

Proposed expansion of the Sanford Community Development Block Grant target area will come up for a vote at tonight's meeting of the Sanford City Commission. The city will also receive a downtown parking and traffic study report with a recommendation it be adopted for planning

The meeting is scheduled to begin at 7 p.m. in city commission chambers, city hall, 300 N. Park

City Manager Frank Falson is recommending

Residents in new areas will know in three weeks if they are eligible

approval of the Georgetown expansion, which would increase the grant target area by about one-third. If city commissioners like the plan, it would still require state approval, but that is expected, according to community development officer Richard Woods.

The changes come about because more people

with technical assistance of the block grant staff. That and other spending changes facilitates expansion.

The original block grant area is bounded by Hickory Avenue on the west, E. 7th Street on the extreme north, dipping south along Orange Avenue to 8th Street, 8th Street to Bay Avenue, south again along Bay, the eastern boundary to the southern boundary, E. 11th Street.

The proposed expansion would straighten the north boundary, eliminating the dip down Orange Avenue, to include Willow Avenue and Bay

Avenue, before heading south behind houses on the east side of Bay Avenue. It also expands the southwest corner of the perimeter, including Locust and Hickory avenues from E. 11th Street

Residents in these new areas will know in about three weeks if they are eligible for the funds, if the plan is approved, Woods said.

The Downtown Parking and Traffic Circulation Study, completed by Howard, Needle, Tammen and Bergendoff talks about parking meters, said City Engineer Bill Simmons, but does "not make See GRANTS, page 8A

# **911 Cost** Hearing Slated

By Brad Church **Herald Staff Writer** 

A small reduction in telephone bills for Seminole County residents is in store if the county commissioners approve a reduction in the surcharge phone companies impose to pay for the 911 emergency service.

Commissioners will hold a public hearing Tuesday afternoon on the imposition of a lower surcharge than is currently paid.

The county imposed a 50-cent per month per exchange line surcharge (for a maximum of 25 lines) for 18 months, April 1, 1986 to Sept. 30, 1987, to pay for start-up costs of the system. That was the maximum authorized by state law.

The last session of the legislature authorized the unposition of a surcharge to pay for operational expenses of the system, but that surcharge will be lower than the one now in

The surcharge proposed to take feet Oct. 1 is 27 cents per month, a 46 percent reduction

from the present surcharge. The commissioners will hear public comments on the new surcharge at its 1:30 p.m. meeting, but won't take action on the proposal until its 7 p.m. meeting, at which other public

hearings will be held. Both meetings will be held in the commission hearing room just inside the San Carlos Avenue entrance to the county administration building.

Also on the 1:30 p.m. meeting agenda are public hearings on the abandonment of two utility easements in Red Willow Plaza and the Pelican Bay Subdivision, and consideration of the fiscal 1987-88 budget for the Sanford Port Authority. The Port Authority is self-supporting and has not received ad valorem tax support since 1981-82.

Hearings scheduled for the 7 p.m. meeting, besides action on the 911 telephoner surcharge,

To set assessments for the Canada Avenue Road improvements; to hear an appeal against a board of adjustment ruling approving a special exception for St. Richard Pre-School on Lake Howell Road; and to consider changes in the site plan for Sports Unlimited.

Hamilton Elementary School in Sanford was one of the 42 Seminole County schools welcoming more than 40,000 students back to classes today. Many of the children at Hamilton are new to school and parents brought them. Others are veterans of the classroom and took time to advise other students. Some packed lunches not knowing what to expect since each school will prepare its own menus this year.

# Convoy Enters Gulf; Sails Past Iran Missiles

MANAMA. Bahrain (UPI) — A convoy of re-flagged Kuwaiti tankers entered the Strait of Hormuz today sailing past batteries of Iranian Silkworm missiles in daylight for the first time since re-flagging started, shipping sources said.

The four tankers flying American flags moved into the mouth of the gulf - known in shipping circles as "Silkworm alley" because of the Chinese-made Silkworm missiles deployed there by Iran - about mid-morning local time, the sources and witnesses said.

which hit a mine off the Iranian Revolutionary Guard base at Farsi Island in the northern gulf on In Tehran, meanwhile, Iranian President Ali

The four ships included the 401,000-ton

Bridgeton, the sixth largest tanker in the world,

Khameini threatened "shattering blows on American forces. But the Silkworms were silent. It was the first

time since the re-flagging operation started at Kuwalt's request July 20 that a convoy passed through the strait in daylight. In the past, U.S. warships escorted their Kuwaiti charges through the guif mouth at night.

The official Islamic Republic News Agency quoted Khameini as saying "the Persian Gulf is a place wherein brave men who rely solely on God await an enemy who depends merely on blasphemy."

"If a war breaks out between Iran and the United States in the Persian Gulf one day, Iran will deal shattering blows on American forces,"

The three other tankers in the convoy are the Sea Isle City, Ocean City and Gas King.

Before duak Sunday, the 18,000-ton amphibious assault carrier USS Guadalcanal was seen sailing some 32 miles northwest of Dubai. The Guadalcanal's Sea Stallion mine-sweeping

helicopters clattered ahead of the carrier dragging sonar probes in the azure waters of the gulf in search of suspected Iranian mines. At least six other warships were involved in

shepherding the re-flagged Kuwaiti vessels. They are the USS Kidd, Hawes, Crommelin, Klakring, Jarrett and Worden.

Iran appeared to step up its psychological war against the United States Sunday when the official Islamic Republic News Agency said a number of people were killed when a helicopter carrying American reporters crashed in the gulf. The report was denied by U.S. authorities.

# Statistics Show Abortion Decline

ATLANTA (UPI) - Federal health officials reported the first decline in the number of abortions in the United States since they began keeping statistics in 1969, and said there were also fewer deaths caused by abor-

The federal Centers for Disease Control said in 1983, the most recent year for which statistics are available, it received reports of 1,268,987 legal abortions. 34.993 fewer than the previous year. The national rate decreased from 24 abortions per 1.000 women ages 15 to 44 in 1982 to 23 per 1,000 in 1983.

This is the first time since 1969 that the number has decreased from the previous year," the CDC said Sunday. "The abortion ratio also decreased from 354 abortions per 1,000 live births in 1982 to 349 per

1,000 in 1983."

The CDC said it received reports of 14 women dying because of abortions in 1983, compared with 18 the previous

No explanation for the decrease in abortions was offered, but the CDC said the number of legal abortions reported "was probably lower than the number actually performed."

The federal health agency said the drop in the number of abortions was especially evident among teenagers, who had 29.2 percent of all abortions in 1980, 28 percent in 1981, and 27.1 percent in 1982 and 1983.

California reported the most abortions with 209,481 in 1983. followed by New York, which had 154,712, with 100,322 in

New York City. "The abortion rate ranged Hawaii for both 1982 and 1983.

from six abortions per 1,000 women in West Virginia and Wyoming to over 100 (per 1,000 women) in the District of Columbia," the CDC reported.

"For both racial groups (black and white) approximately three-fourths of the women obtaining abortions in 1982 and 1983 were unmarried," the CDC reported.

In the states that report abortions by race and age group, two-thirds of the women getting abortions were white, the CDC

The CDC said 93 percent of the women had abortions in their home states.

The percentage of abortions obtained by out-of-state residents ranged from about 55 percent in North Dakota to less than I percent in California and

### IN BRIEF

### Dispute Ends in Axe Attack, Battery Charge

Bessle Wilson told Seminole County sheriff's deputies that a man she ordered out of her Altamonte Springs house about midnight Friday returned with an axe and began swinging it at her, according to arrest reports.

Wilson was cut on the right hand when she raised her hand to ward of a blow from the axe, a sheriff's report said.

When the man had left Wilson's home at 47 George St.,

according to the arrest report, he stood outside the dwelling and screamed, "I wish I would have killed everybody!" He allegedly returned and entered the home to wield the axe against Wilson as two witnesses watched, deputies said.

Eugene Wright, 54, who gave Wilson's address as well as 111 Jackson St., Altamonte Springs, as his addresses, was arrested on Morse Avenue at 12:22 a.m. Saturday. He has been charged with aggravated battery and was being held in lieu of \$5,000 bond.

### **Oyster Bar Fight Brings Arrests**

A brawl early Saturday morning at Suzanne's Oyster Bar, Dog Track Road, Longwood, led to the arrests of two men on aggravated battery charges, according to arrest reports.

Sean Christopher Stepp, 27, of 330 Pinesong Drive. Casselberry, is accused of hitting a man with a stick and a glass pitcher. He is also accused of punching the same man in the face and of biting his face.

Bernard Fisher, 35, of 2000 E. Triangle Drive, Longwood. is accused of hitting a man on the head with a pool cue. The man's head was cut, police reported.

A reason for the fight wasn't reported by Longwood police, who made the arrests about 12:50 a.m. Saturday. Both suspects remained jailed in lieu of \$5,000 bond each.

### Man Jailed In Domestic Assault

Sanford police report charging Robert Goodman, 47, of 702 Cypress Ave., Sanford, with battery-spouse abuse after he allegedly beat his wife at their home about 2 a.m.

He was arrested at 2:15 a.m. at Eighth Street and Willow Avenue, Sanford, and was being held in lieu of \$500 bond.

### Suspect Finds Lawmen Waiting

A man who allegedly cashed one forged check for \$805 Thursday returned to the same savings and loan establishment to cash a second forged check for \$462

The man left the Freedom Savings and Loan, 1350 Montgomery Road, Longwood, when a drive-in window teller told the man he would have to go inside the bank to cash the check Friday. He left behind the check and his driver's license, a Seminole County sheriff's report said.

When the man called the savings and loan and made arrangements to pick up the check and license, sheriff's deputies were called to the scene.

Jimmy Scott Spikes, 22, of 136 Manor Drive, Altamonte Springs, found deputies waiting to arrest him when he arrived at the savings and loan at about 5:50 p.m. Friday. He has been charged with two counts each of uttering a forgery and grand theft.

# Bullets Fly As L.A. Road Wars Continue

LOS ANGELES (UPI) - Three truck were arrested after one of men were arrested in the at- them allegedly fired several tempted shooting of a California Highway Patrol officer and a Highway, 28 miles north of Los fourth faced weapons charges for Angeles. allegedly threatening a woman with a handgun in the state's latest incidents of highway vio-

the weekend incidents.

A man accused of pointing a handgun at a woman driving on Interstate 5 near the mountain community of Gorman, 60 miles north of Los Angeles, was arrested Sunday night and booked on suspicion of carrying a loaded weapon in his van.

shots at a CHP car on Sierra

Richard Culver, 25, of South Lake Tahoe, was arrested at about 6:30 p.m. Sunday at the Teion CHP office 10 miles inside No one was injured in either of Kern County. Los Angeles fired, he said. County Sheriff's spokesman Steve Lee said.

Culver, whose 3-year-old son was in the back of the van, was booked on suspicion of carrying a loaded weapon in a vehicle - a authorities. 9mm pistol - and released on \$1,000 bond, Lee sald.

Lee said Culver told police he A day earlier, three men in a could not explain why his van

# K-9 Helps Deputy In Struggle With Suspect

trained to defend its keeper came to the aid its human partner, Seminole County sheriff's deputy William Shaffer, when Shaffer was struggling to handcuff a man he had disarmed.

Shaffer, looking out of his patrol car while traveling west on Oak Street in Altamonte Springs, noticed that a man walking west was apparently holding a handgun in his left hand. The gun was pressed against the man's thigh.

Shaffer got out of the car ordered the man to drop the gun. But the suspect turned his back toward Shaffer and tried to hide the gun in the front of his pants, a sheriff's report said.

Shaffer, who had drawn his

A German shepherd police dog service pistol, ordered the man to drop the weapon. The man dropped the gun. But as the bracelet on the suspect's right wrist, the suspect tried to flee HAUPPAUGE, N.Y. (UPI) and began struggling with Shaffer.

> Shaffer's dog. Cajun, lept from Shaffer's car and confronted the suspect. The man was subdued and jailed. There was no report of injuries in the incident.

Charged with carrying a concealed firearm and resisting arrest without violence was Sonny Wilson, 18, of 606 Pine St., Altamonte Springs. He was arrested at 3:05 a.m. Saturday and was being held in lieu of \$1,000

-Susan Loden

had numerous bullet holes in the back.

Culver was arrested after a woman called the CHP to report that a man had pointed a handgun at her from his van while she was driving north on Interstate 5 in the Castaic area at 6 p.m., Lee said. No shots were later.

The woman, whose identity was not immediately known, had written down the license number of the suspect's vehicle and gotten off the freeway to call

A few minutes later, a sheriff's deputy spotted the van traveling north on 1.5 near Gorman and called for a backup CHP unit and a helicopter before stopping it.

Just hours after Gov. George Deukmellan moved to beef up the Highway Patrol in response to roadway violence, a gunman Saturday fired four or five shots from a pickup truck at a CHP car, officials said.

The shots, fired at about 8:50 p.m., missed the car and the officer pursued the truck, Officer

Richard Perez said. Perez said the officer, whose name was not released, caught up with the pickup and arrested three men inside a few minutes

Margarito Leyva, 27, Victor Espinoza, 21. and Alfredo Pallares, 33, all of suburban Newhall, were booked on suspicion of attempted murder, Perez

Officers found several shell casings in the truck's cab and a .25-caliber semi-automatic pistol on the center divider where it had apparently been tossed after the shooting, Perez said.

Deukmejian proposed Saturday a \$29 million increase for the CHP to add 150 officers to the current total of about 4,700 officers and provide for overtime

### deputy placed one handcuff Attica Home To Cocaine Ring

Authorities using undercover agents, court-ordered wiretaps and video cameras have busted a \$1.4 million-a-month cocaine smuggling and distribution operation directed by an inmate at Attica state prison.

The Suffolk County District Attorney's office Sunday announced the arrest of 29 people involved in the operation in which cocaine was shipped through the U.S. Mall from Columbia to New York via Florida in 1-kilogram packets.

The inmate, Carlos Herrera, a

37-year-old Colombian national who was charged with conspiracy in the case, telephoned orders for cocaine using a phone at the prison for at least five years, said John Williams, a spokesman for the Suffolk County District Attorney.

He is serving a 25-year to life sentence for selling 54 pounds of cocaine in 1984 to an undercover Suffolk County police officer.

At Herrera's direction, about 5 kilograms of uncut cocaine worth \$1.4 million on the street allegedly was shipped to Long Island, Williams sald.

# Cooler Nights Welcomed Here

Staff and Wire Reports

Temperatures stayed in the mid-90s in Seminole County over the week-end but the low temperatures got down to good sleeping weather at night. It hit 65 in Sanford and ranged upwards to 73 at the Orlando International Airport. No rain was officially re-

corded but some areas of the county got a little, "unofficially. Arlene pooped out and is

now headed into that neverneverland of the northern Atlantic. Bret is still humming along westerly but its winds remain around 40 miles per hour.

Unseasonably cool air poured in over the northern Plains and the upper Mississippi Valley Sunday and made it seem more like fail than summer.

Early morning temperatures dropped to 29 degrees in Tower, Minn., and dipped into the mid to upper 30s elsewhere in northern Minnesota and across northeastern North Dakota.

It was 39 degrees in Aberdeen, S.D., and 43 in Rochester, Minn., tying their previous record lows for the date, both established in 1942. Bakerssield, Calif., broke its record low for the date when the mercury dropped to 55 degrees.

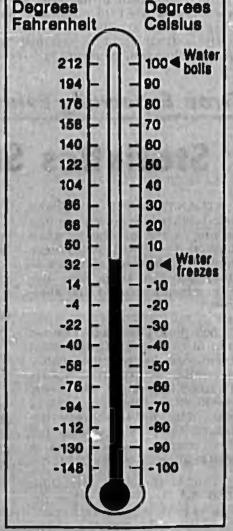

The cold front extended from western Nova Scotia across the Atlantic just off the New England coast through Maryland, Virginia, Tennessee, Arkansas, Oklahoma. and Texas. The front then curved northward from southeast New Mexico to Utah, the National Weather Service

Hot weather lingered in the Southeast, where the mercury in some areas climbed as high as 100 degrees.

The temperature hit the century mark at Montgomery, Ala., tying a record set in 1982. Meridian, Miss., tied an 11-year-old record with a reading of 97 degrees, and Pensacola, Fla., also hit the 97-degree mark, tying a record set in 1902.

Other parts of the region were hit by thunderstorms that unleashed high winds and dumped hall.

### **TEMPERATURE** CONVERSION

Highs in the lower 90s. Area Readings Today...mostly sunny except for a slight chance of late afternoon thunderstorms. High in the mid 90s. Light wind. Rain

chance 20 percent.

Tonight...fair. Low in the mid 70s. Light wind. Tuesday...partly sunny with a chance of afternoon thunderstorms. High in mid 90s. Wind mostly east 5 to 10 mph. Rain chance 30 percent.

# COMING EVENTS

### Alcoholics Anonymous Groups Schedule Tuesday Meetings

Area Alcoholics Anonymous groups meeting on Tuesday include:

• Rebos Club AA, noon and 5:30 p.m., closed to the public, 8 p.m., step, 130 Normandy Road, Casselberry, Clean Air Rebos Club, noon, closed to the public. Alanon, 7:30 p.m., Casselberry Senior Center, 200 N.

Lake Triplet Drive, Casselberry. Sanford AA, noon, 5:30 p.m., 8 p.m., open discussion,
 8 p.m., Living Sober (closed to the public), 1201 W. First

St., Sanford. 24-Hour AA group beginners open discussion, 8 p.m..

317 S. Oak Ave., Sanford. • 17-92 Group AA, 8 p.m., (closed to the public), Messiah Lutheran Church, 17-92 and Dogtrack Road.

Alcoholics Anonymous, 8 p.m. (closed to the public),
 West Lake Hospital, State Road 434, Longwood,

### VFW Post, Auxiliary Meet

Veterans of Foreign Wars and the Ladies Auxiliary of Sanford Post 10108 meet today at 7:30 p.m. at their post home (the log cabin on Seminole Boulevard).

### **Bridge Club Meets**

Sanford Duplicate Bridge Club meets at 12:30 p.m. each Tuesday at the Greater Sanford Chamber of Commerce building, 400 E. First St., Sanford.

### Sanford Lions Meet

Sanford Lions Club meets at noon each Tuesday at Western Sizzlin Steakhouse, 2900 Orlando Drive, Sanford.

### **Toastmasters Take Note**

Daybreakers Toastmasters Club meets at 7:15 a.m., every Tuesday at Christo's Restaurant, 107 W. First St., Sanford.

Toastmasters Club meets at Seminole Community College every Tuesday at 7:30 p.m. in the Student Cafeteria alcove.

### Overeaters Support Group

Overeaters Anonymous, open to the public, meets every Tuesday, at 7:30 p.m., at the Florida Power & Light, 301 S. Myrtle Ave., Sanford.

### Weight Loss Group Meets

TOPS (Take Off Pounds Sensibly) Chapter 79 meets from 6:15 p.m. to 8 p.m. every Tuesday at Howell Place, 200 W. Airport Boulevard, Sanford.

### Senior Citizen Forum Set

A public forum on services senior citizens need and what is available will be presented 1-2:30 p.m., Wednesday, at Casselberry Senior Center, 200 N. Lake Triplet Drive, Casselberry, by the East Central Florida Planning Council Area Agency on Aging. Public input is invited.

### **UDC Chapter To Meet**

Annie Coleman Chapter of the United Daughters of the Confederacy will hold the first regular meeting of the year at Morrison's Cafeteria, Winter Park Mall, Wednesday, Sept. 2 following a luncheon at 11:30 a.m. Membership is open to female descendants of confederate veterans. For information call 846-8937 after 6 p.m.

### Program Set For Seniors

Senior Shoppers Club program will be held Wednesday, Aug. 26, at Loehmann's Plaza, State Road 434, Altamonte Springs. Senior exercises, 9:45-10:30 a.m.; "Around the World" slide presentation, 10:45 a.m. to noon. Refresh-

# **FLORIDA**

### IN BRIEF **Brothers With AIDS Virus Enter School Amid Protests**

ARCADIA (UPI) - School officials vowed to do everything they could to prevent problems for three brothers who tested positive for AIDS antibodies and had to get a court order to return to classes.

The Ray brothers - Richard, 10, Robert, 9, and Randy, 8, who are all hemophiliacs - were to report for the first day of classes at Memorial Elementary School today.

Superintendent Larry Browning said sheriff's deputies may accompany the Ray brothers to school. He said school officials did not request the escort, but the boys' parents

may have done so because out of fear for their safety.

A group calling itself Citizens Against AIDS in School has asked parents to keep their children home this week as a protest. The group also called for mandatory AIDS testing of all students, with private teaching of those who test

Browning would not speculate about how many of the 700 students in DeSoto County schools might participate in the boycott.

DeSoto County school officials barred the three boys from regular classes last fall after learning they had tested positive for AIDS antibodies. They were apparently infected through blood-based medication they take for hemophilia. None of the boys has shown symptoms of acquired immune deficiency syndrome.

### Wendy's Accused Killer In Court

FORT LAUDERDALE (UPI) - Accused Wendy's killer Bernell Hegwood was charged with three counts of homicide, one count of armed robbery and was denied bond in a hearing that lasted less than three minutes Sunday, officials said.

Broward County Magistrate Robert Scott said he finds "probable cause on all counts" that Hegwood, 17, shot and killed two co-workers and a manager during a robbery at a Wendy's restaurant in Fort Lauderdale last May.

It was Hegwood's first public appearance in Fort Lauderdale since being formally charged three months

Hegwood arrived in Florida Saturday after a lengthy and arduous extradition battle waged by his lawyers, who tried keeping the teen in Louisiana. Hegwood and a girlfriend were captured in Hammond, La., a few days after the killings. His girlfriend was not charged in the case.

The two were nabbed by police as they stepped off a bus. Hegwood reportedly has admitted to the murders, authorities said.

Hegwood was flown via commercial flights from Louisiana to Atlanta and then to Fort Lauderdale, escorted by detective Mike Walley of the city's homicide squad and detective Eric Britz of the Broward County Sheriff's fugitive squad.

Hegwood will be permitted to plead guilty or innocent at a hearing to be scheduled within 30 days, officials said.

# Castor: Year-Round School Possible

Staff And Wire Reports

Florida will not be able to build all the schools it needs to handle a growing student population over the next 10 years and may have to consider year-round schooling, Education Commissioner Betty Castor says.

Seminole County and the rest of the state may have to consider year-round schooling soon to meet the needs placed on our school systems by student growth. The Seminole County School District has been moving closer to looking at year-round facility, said a school spokesman.

Education Commissioner Betty Castor said last week Florida will not be able to build enough schools to keep up with its growth over the next ten years. She indicated a possible need for schools to stay open throughout the year all over the state.

Karen Coleman, a Seminole schools spokesman, said discussions on operating a year-round school have been going on for some time. She said the school board is moving closer to looking at a facility like the elemetary school in Marion County, which is open all year.

Wyomina Elementary School in Ocala will

serve 775 children this year without closing. said a Marion County school district spokesman. Its students attend school 180 days a year at 60 day intervals, with 15 day vactions in between. The students still get the tradional Thanksgiving and Christmas vactions as well, the spokesman said.

Coleman said summer school in Seminole County has in effect meant the year-round operation of some schools, but talk of at least some students attending classes all year will probably continue.

"The enormous pressure of our growth will make people at least want to explore (year-round school) and see what alternatives there are, see if we can start some more pilot programs," Castor said Friday. "We're going to be looking at a number of proposals which will include everything from the idea of year-round school to extending the school year to fuller utilization of the hours during the day."

Castor said 28 new schools will be open on Monday, the first day of the 1987-88 school year. That is fewer than half the 57 schools needed to accommodate this year's growth.

There are currently about 1.6 million children enrolled in Florida's 2,400 public schools. Over the next 10 years, Florida will need to build 933 new schools to keep up with growth.

Castor said Florida's educational system is generally in good shape and improving. but has several major problems looming on the horizon. In addition to coping with growth, Castor said she is concerned with Florida's high drop-out rate and a shortage of teachers in math, special education and other fields.

"We do not have an emergency situation or anything like it today," Castor said of the teacher shortage. "But we can project four or five years from now and we are going to have some tough challenges in finding the teachers we need."

Castor said teacher pay, a long-standing complaint of education advocates, seems to be improving. She said most school districts have not yet negotiated the salary raises funded by the Legislature this year, but about a dozen have settled on pay hikes ranging from 6 percent to about 11 percent.

### Report: State Goes Easy On **Bad Doctors**

FORT LAUDERDALE (UPI) -Florida doctors who commit malpractice are rarely disciplined by the state and those who are generally receive mild punishments, a published report

Even the new administrator of the Department of Professional Regulation, the agency responsible for disciplining doctors in Florida, concedes the agency has not been as tough on bad doctors as it should have been.

'There's no question in years gone by that punishment was too lax, too much time was spent on cases that were too technical and with an attitude that [medical board) appointees were there to protect the profession," said DPR administrator Van Poole. "We want to be fair but we want to get tougher."

many doctors to stop treating emergency room services.

Lawmakers have considered making it harder for patients to sue their doctors or to win large court awards, and the governor is expected to call a special legislative session later this year to deal with the issue.

Yet of the more than 500 doctors who faced complaints from the DPR from January 1986 through June 1987, only 17. or just 13 percent, were charged with malpractice, the Fort Lauderdale News and Sun--Sentinel reported Sunday.

By comparison, at least 112 of those doctors faced DPR complaints related to the misuse of drugs or alcohol.

"(DPR) disciplines a lot for Skyrocketing malpractice in- drug abuse. They don't dis-

surance premiums have forced cipline much for malpractice. That's a sore spot with me," said high-risk patients and prompted Mary Jo Drysdale of Margate. some hospitals to curtail leader of Victims of Medical Malpractice, a support group for patients and their families.

"It's very discouraging for people to pursue things through DPR. Many people throw up their hands and say 'the hell with it,'" Drysdale said. "If DPR were aggressive, if people could see some justice out there, I think you'd see less lawsuits."

Florida's board is one of the most active in disciplining doctors. In 1985 Florida issued more license revocations, suspensions and terms of probation in 1985 than all but two other

But those severe penalties were for other infractions and generally were not levied against doctors involved in malpractice

propellant inside.

to bulge open slightly.

Of 71 recent cases involving malpractice, the most frequent penalty handed down by DPR was a warning letter to the doctor. Only seven had their licenses suspended and seven others were fined or placed on probation.

Bruce Lamb, DPR's chief medical attorney, said the agency often tried to rehabilitate, rather than punish, doctors who have committed malpractice. "You dont want to revoke or suspend someone who has a problem that can be remediated," he said.

Some medical experts believe considerably more maipractice occurs than is brought to DPR's attention.

Doctors polled this year by a University of Firida group said only a third of the actual malpractice that is committed results in the filing of a claim against the physician.

# NASA Holds Breath or Rooster Tests

CAPE CANAVERAL - A full-scale shuttle booster equipped with redesigned O-ring joints will be fired for the first time this week in a groundshaking Utah test that could help make or break NASA's plans to resume shuttle flights next year.

"It hinges on the recertifica-tion of the boosters," said John 'Mike" Lounge, one of the five astronauts scheduled to blast off aboard Discovery next June on the first post-Challenger shuttle mission.

"The test firings have to be successful to verify that new joint design. We have confidence they have a good design, but of course we have to prove that."

The new joints feature an additional O-ring scal and a host of other improvements to prevent a repeat of last year's Challenger disaster in which a joint failure destroyed the spaceship, killing seven astronauts.

Called "development motor No. 8," or DM-8 in NASA terminology, the 14-story test rocket, loaded with 1.1 million pounds of propellant, is scheduled to be fired at 3 p.m. EDT Thursday at Morton Thickol Inc.'s booster plant near Brigham City, Utah.

During the firing, in which the glant motor will be locked down in a horizontal position, the new O-ring joints will be subjected to the heat and pressure of a full-duration two-minute "burn" for the first time.

Some 520 sensitive instruments will measure temperature, pressure, thrust and other critical properties in a test that will cost NASA some \$15 million. And the stakes are high.

'If we get in close and flunk a major test, boy, I believe we're going to be hard down because there's nobody who's going to put up with not doing it right in this day and age," veteran shuttle commander John Young said

At least five and possibly six through" later was blamed on a more full-scale firings are combination of factors, including planned to wring out the new joint design before Discovery takes off. If the joints fail to work properly in any one of the tests. the shuttle program will face another significant delay.

"The crew is ... pleased with what we're seeing so far," said Discovery co-pilot Richard Covey. "But we also realize the major tests that lie ahead in the solid rocket motor program are probably the real keys to whether or not we're going to be able to make next summer as far as launching.

"Until that last one is fired and fired successfully, I won't have total confidence that we'll make that schedule. Right up to the last one, there is risk involved. Something could show up there

and it would stop everything."
Said Lounge: "None of these tests guarantee that we'll go on time, but any one of them can guarantee we won't go on time." But NASA officials are op-

timistic the crucial joints will work as advertised and during small-scale tests Aug. 4 and Aug. 17, they did just that.
"I think there is a light at the

end of the tunnel and it's not a train," said Jay Honeycutt, deputy shuttle program manager at the Johnson Space Center. " think we're going to make it." Shuttle boosters are made up

of four fuel segments that are bolted together at three "field joints," so called because the rockets are assembled at the Kennedy Space Center - in the field. The big nozzles are attached at what is known as a "case-to-nozzle" joint, which has a significantly different design. Challenger was destroyed Jan.

28, 1986, when the field joint between the bottom two fuel segments in the ship's right-side booster ruptured, triggering the aerodynamic breakup of the manned orbiter.

### U.S. Warships, Moslem Violence

The Iran-Iraq war is turning into a Shiite-Sunni war. And we are getting caught in a battle between Moslems.

The petroleum energy which powers the industrialized West comes from the Middle East. But Middle Easterners feel threatened by the West's secular materialism. The religious war between Moslems is, among other things, a war over how to deal with modern Western materialism.

America has never been in a religious war. We were founded as a refuge from religious intolerance, and our secular institutions reflect a deep faith in intolerance. The Constitution protects religious freedom. Our economic system permits freedom of the means of production.

American spiritual freedom and capitalism are not at war within our society. They stimulate each other. But materialism and spiritualism are at war in Middle Eastern societies. The shah of Iran represented the victory of materialism. The ayatollah represents the victory of theocracy. Both dictators were intolerant of freedom.

Iran is now expressing its internal conflict to the Moslem world. The massacre in Mecca struck havoc within the holy center of Islam. Iranians gathered in an immense hate rally in Tehran, accusing the United States of killing

America is not accustomed to facing a spiritual enemy. For us, spiritualism is something higher than nations or wars; it is

But for Shiite fundamentalists, spiritual warfare is a way of reaching the divine. A suicide bomber goes straight to Allah.

A tactic for carrying out spiritual warfare is terrorism. Terrorism has had great success against America. Hostage-taking and carbombing are spiritual neutron bombs. They have left our physical society intact, but have wrought havoc on our political institutions.

We have reason to be afraid. The free secular society which protects our spiritual pluralism is threatened by religious intolerance. America has a national interest in protecting freedom of navigation in the Persian Gulf. But in trying to make the gulf safe for tankers, the United States is sailing through the crossfire of a Moslem religious

Iran may retaliate with terrorism, not only against our warships, but against civilians. Before the White House decided to make a stand in the gulf, its officials should have considered these consequences.

Our European allies are urging caution in the Persian Gulf. Great Britain, Italy and France have refused to send minesweepers to help us. America is patrolling alone in the waterway between warring states and rival religious factions.

The modern, industrialized West needs the petroleum energy of the Middle East. But we must choose a course that won't result in importing Middle Eastern terrorism along with the crude.

# Constitutional Cure Worse

By Arnold Sawislak UPI Senior Editor

WASHINGTON (UPI) — In his latest pitch for a constitutional amendment that would require a balanced federal budget, President Reagan threatened Congress with a constitutional cure that might be worse than the ailment.

There is no sure way of knowing how many of those who watched Reagan's televised speech Aug. 12 grasped what he was talking about when he warned Congress that "the prospect for a constitutional convention is only two states away from approval."

What the president was talking about was the long-running effort to use Article 5 of the Constitution to convene a second constitutional convention to propose changes in the document that was drafted 200 years ago this summer in Pennsylvania.

As of now, the legislatures of 32 states have petitioned Congress to call a constitutional convention for the purposes of drafting, approving and submitting a balanced budget amendment to the states for ratification. If the total reaches 34 — two-thirds of the states — Article 5

appears to require Congress to convene a convention.

Any changes in the Constitution proposed by such a convention would have to be approved by the legislatures or special conventions in three-fourths — 38 — of the states.

The problem with the convention method of amending the Constitution is that, except for the original Philadelphia gathering, it has never

And, while the states that have petitioned for a convention have generally specified that it should consider a balanced budget, many constitutional scholars argue that the delegates could not be restricted to one subject.

It should be remembered that many people believed the men who went to Philadelphia were only going to patch up the Articles of Confederation, and when they launched into the design of an entirely new structure of government, there was outrage and consternation in some quarters. Indeed, one state, Rhode Island, was so suspicious of the convention it refused to send a delegation.

The fear about a new constitutional conven-

# Than Ailment

tion is that it would become the battleground for every single interest movement in the country. Every controversial issue from abortion to vivisection would be ventilated and the Constitution, which is basically a blueprint for a government machine, would become a political platform.

Whatever the merits of these single interest issues may be, it seems unlikely that the Constitution is a good instrument to deal with

The Philadelphia convention tried to write a compromise on the volatile issue of human slavery into the original document and it led to the bloodiest war in the country's history within five decades. More recently, Congress tried to prohibit the liquor traffic in the Constitution and that disaster gave us Al Capone and his

organized crime heirs. The point of all this is that the president, in trying to scare the Congress into action on a balanced budget amendment, is brandishing an alternative that could lead to problems as bad or worse than the pernicious multibillion-dollar deficits he wants to abolish.

# Cabbage From Burgers

WASHINGTON (UPI) — Suppose you were down to your last \$640 million. Would you give one million of it to a political party, as California's Joan Kroc did earlier this month?

Percentagewise, that would be like giving away \$1 of your last \$640. I doubt many of us are that dedicated. We might even have trouble parting with a dime of our last \$64, a penny of our last \$6.40.

Yet, Mrs. Kroc donated \$1 million to the Democartic Party, the largest gift in history. The widow of a fast food chain founder is reported to have inherited about \$640 million from her husband.

I don't care if most of the money did come from burgers, that's still a lot of cabbage.

The question arises as to whose history I'm referring to. I would assume the donation was the largest

in the party's 139-year history.
Mrs. Kroc's history, too. Although I can't speak for her, \$1 million probably is the largest sum of money she ever gave away all at

Certainly she never give me \$1 million. At least in a lump sum. I never even got a discount on one of The next question is: What are

the Democrats going to do with all that cash? The party's presidential candidates are being called The Seven Drawfs. I hope Mrs. Kroc doesn't

think of herself as Snow White. One or the original dwarfs was

named Sneezy, although a cool million is nothing to sneeze at. Even Dopey could have figured that out. Maybe the candidates, of whom, at last count, there were more than

there were campaign issues, should be renamed, like a Persian Gulf One of the tankers now plying the

Persian Gulf is a re-flagged vessel called the "Gas Prince." Let us pause here and ask with

Robert Orben, a former White House speechwriter: "Who comes up with the wimpy names for ships?"

Wimpy or not, the renaming was done apparently to confuse the Iranians. I mean, you can't tell from its name whether the Gas Prince is loaded with Kuwaiti oil or Tums.

Or maybe, as Orben also points out, "It's time we warned Iran that we have put on active alert one of the most fearless, most aggressive, best-armed strike forces in the Western Hemisphere — California

# Field Gets New Look

By Rich Exner

CLEVELAND (UPI) - Rep. James name when they go to vote next Traficant has taken on the Mafia, the FBI, the Internal Revenue Service, incumbent politicians and local party leaders. Now, after only three years in Congress, he wants to be president.

The Ohio Democrat's chances of winning could be assessed the same way he described his chances of winning a pending case against the IRS, which wants taxes for cash he received from the Mafia, but which he says he later returned during a 1980 campaign for county sheriff.

"I'm getting my ass kicked here and it's going to get tougher," Traficant said outside U.S. Tax Court in Cleveland earlier this year. "This is America. Even though this is the IRS, you never know. This stumbling jackass may pull it off."

Traficant announced in his hometown of Youngstown Monday that he - like Rep. Patricia Schroeder of Colorado and Jesse Jackson - had formed an exploratory committee to raise money before deciding whether to officially enter the race for the Democratic presidential nomination.

The six announced candidates, to many average voters, are strikingly similar. Sure, Michael Dukakis has different views than Bruce Babbitt. And Albert Gore has some different ideas from those of Joseph Biden, Paul Simon and Richard Gephardt. But line all of them up and some voters will bound to be confused.

However, there won't be any mistaking James Traficant, with his four-letter expletives.

than \$4.5 million to use in an effort

cowboy boots and carefree use of Dukakis has already raised more

year. Traficant's personal appearances, meanwhile, are almost unforgettable — good or bad. He's the lawmaker who told

to make sure people remember his

Sharon Steel Corp. Chairman Victor Posner in a telegram to "s-t or get off the pot" regarding negotiations with a bond holder almed at avoiding bankruptcy.

Once Sharon filed for bankruptcy and the prospects of future jobs and retirement benefits became cloudy, Tra .cant threatened to "stretch his neck" if Posner allowed anything to happen.

In 1980, he won the county sheriff's election as an independent and in 1984 he beat incumbent Republican Lyle Williams for his seat in Congress. But he's had a continuing feud with the Democratic Party chairman in his home Mahoning County.

Traficant, serving as his own attorney although he has no law degree, was acquitted in 1983 of bribery charges after convincing a federal jury he accepted the campaign money to infiltrate the Mafia.

Behind Traficant's brash comments is a man who believes the needs of industrial workers have been forgotten and existing foreign policies are off base.

He has proposed federal financing to provide counseling for homeowners in danger of defaulting on their mortgages, wants attempts for peace negotiations before additional Contra funding, and believes the United States should not escort re-flagged Kuwaiti ships.

Traficant, however, has his own style and he doesn't care about the unwritten political rules.

SCIENCE WORLD

# Blue Rose Quest

WASHINGTON (UPI) - Daniel Wagster said hard-nosed business sense, not romantic notions, prompted his biotechnology company to start a genetic engineering quest

for the blue rose. Wagster, vice-president for fi-nance and planning at Calgene, a plant biotechnology company in Davis, Calif., says color is a key commercial characteristic in ornamental flowers and the market

for ornamentals is a lucrative one. "Blue is rare in ornamentals," Wagster said, "The issue is, how do you introduce novelty? New colors do that. Flowers are sensory products like perfume or wine. You

want to wake up the senses." "The idea was dreamed up by one of the leading scientists at Calgene," Wagster said in a telephone interview. "The scientists here put human interest and betterment first and foremost." He said the company believes advances in the aesthetics, efficiency, healthiness and industrial use of plants are all

furthered through genetic engineering.

After the blue rose was proposed, company officials evaluated the idea to see if it made "business sense." Wagster said. "We consider practical applications," but that

public interests that can be

may mean producing something that is novel and appealing, like a blue rose. Wagster said, in what may be a

multi-million-dollar research program, Calgene scientists hope to snatch a gene that codes for the color blue in petunias and insert it into the genetic material of roses. carnations and Gerberas -two to three years from having a blue rose. Wagster said, with work on the project being conducted in California and Australia by the affiliated Calgene Pacific Pty Ltd. After creating the blue rose, the company must get permission from the U.S. Department of Agriculture to grow it outdoors. "Environmental concerns are a non-issue here," Wagster said.

All genetically engineered organisms must be evaluated by a federal agency before they can be released into the environment, to be sure the new creatures present no risks to health or the environment.

Wagster said the company will apply for a patent on the blue gene. on the process by which it is transferred to other flowers, as well as on the final product of the genetic engineering work.

### JACK ANDERSON

### Border Hosts A War Mexico-Guatemala

# By Jack Anderson And Dale Van Atta WASHINGTON — Mexicans are

famous for their hospitality toward visitors, whether rich gringo tourists or down-at-the-heel political exiles. But the obliging attitude the Mexican government has shown to thousands of uninvited, troublesome "visitors" along the southern border with Guatemala is unusual even by Mexican standards.

Beginning in 1981, the Mexican government has pursued a unique. evenhanded "live and let die" policy toward the leftist Guatemalan guerrillas who seek temporary refuge in Mexico - and toward the Guatemalan military's periodic punitive expeditions across the

With its relatively small army. Mexico is always anxious to avoid direct confrontations that could lead to military action. So the government decided to turn a blind eye to the guerrillas who were infiltrating southern Mexican states, along with thousands of Guatemalan Indian peasants who fled the bloodshed and chaos in their homeland.

The "strategy of accommodation" continues to this day, but with an important condition extracted from the guerrillas in return for freedom from harasament: The leftist rebels must do nothing to stir up trouble for their reluctant hosts. Mexico's appeasement policy is

described in a special analysis by a CIA official, who classified it "Secret Noforn Nocontract Orcon" meaning no one is supposed to see the document without permission from the official himself. That includes friendly intelligence services and American CIA contractors.

"Although we assume that Guatemalan guerrillas do use the border area for safe haven, resupply and arms smuggling, our knowledge of the actual extent of arms smuggling and other related activities remains very vague," the report acknowledged. It added:

"Because of the convenience offered by the relatively unguarded border for guerrilla activities against Guatemala, as well as Mexico City's good foreign relations with the Cuban mentors of the Guatemalan

insurgents, we believe that the guerrilias are unlikely to jeopardize their position by undertaking either military or subversive activities against Mexico itself."

The report then describes the "open border" policy: "Mexico City apparently has decided that the best strategy to deal with the guerrilla presence along the border, and resulting raids on Mexican territory by Guatemalan security forces, is to monitor the situation while avoiding confrontation. Two reliable Mexican government sources, confirmed by our own observations, indicate that the Mexican Army has been instructed to maintain a minimal presence along the border and not patrol extensively.

"Given the potential for violence, this strategy of accommodation presently seems to benefit stability while not endangering Mexico's principal security concerns. Should Mexico City receive evidence that the guerrillas are recruiting Mexicans or undertaking other threatening activity against Mexican interests, we would expect a major, speedy change in policy." Meanwhile, the CIA report notes, earlier fears that the flood of refugees - 38,677 by official Mexican government count - would prove seriously disruptive have not been borne out.

The refugees' basic needs are being met by international relief efforts and the Mexican government, so there has been no huge increase in Guatemalans undercutting the local economy by seeking work. Furthermore, approximately 18,800 of the refugees have been resettled in two permanent camps farther north.

The remaining 20,000 Guatemalan refugees are dispersed in 64 camps in the sparsely populated border arer. "The vast majority appear to be apolitical Indian peasants," the CIA report states. The feared spread of subversive ideas in southern Mexico by Guatemalan guerrilla supporters

does not appear to be materializing." The "strategy of accommodation" seems to be working.

### IN BRIEF

### U.S. Officials Dismiss Report Of Pending Summit Meeting

SANTA BARBARA, Calif. (UPI) - President Reagan's administration professes ignorance about the basis of a report that Soviet leader Mikhail Gorbachev plans to meet with him in the United States regarding an arms control

"We're not aware of any of these details," White House spokeswoman Leslye Arsht said in response to the report in Sunday's Los Angeles Times, which also said Gorbachev's tentative schedule includes a visit to the United Nations.

The State Department was just as blunt, issuing a statement saying, "There is no basis for the story ... (and) no discussions or current plans for a summit between President Reagan and General Secretary Gorbachev in

Senior officials with Reagan at his ranch near Santa Barbara denied knowledge of any Gorbachev plans to visit the United States for the U.N. General Assembly beginning Sept. 15, but they acknowledged speculation that the Soviet leader, who likes to travel on short notice, could attend the U.N. session.

### Rapist-Murderer Executed

ANGOLA, La. (UPI) - Former accountant Sterling Rault Sr., saying moments before he was executed for the murder of a secretary that "we need to stop killing people ... in the name of so-called justice," today became the eighth person in three months to die in the Louisiana electric chair.

Rault, 36, of New Orleans, who had escaped seven previous death dates, was pronounced dead at 12:16 a.m. CDT by the West Feliciana Parish coroner at the Louisiana State Penitentiary.

He was the 15th person put to death in Louisiana — the eighth in three months - and the 87th nationwide since the Supreme Court lifted its ban on capital punishment in

The former accountant was sentenced to death for the 1982 rape and murder of Jane Ellen Francioni of Slidell, a 20-year-old secretary who was Rault's alleged accomplice in a scheme to embezzle funds at a company where they both worked.

Her body was found March 1, 1982, in eastern New Orleans. She had been shot and stabbed, and her body set

### Influence Peddling Trial Begins

NEW YORK (UPI) - Prosecutors say the evidence in the influence-peddling trial of Rep. Mario Biaggi and former Brooklyn Democratic leader Meade Esposito includes a secretly recorded conversation in which the men plan to give false statements to the FBI.

Jury selection was to begin today in the trial of Esposito and Biaggi, a Bronx Democrat who also faces federal racketeering charges in the scandal involving the Wedtech Corp. defense contractor.

The trial focuses on charges Esposito bribed Biaggi with two Florida vacations in return for Biaggi's help in recovering more than \$600,000 owed to Esposito's insurance firm by an ailing ship repair company, Coastal

The vacations in question were allegedly taken by the congressman and a female companion in December 1984 and January 1985.

Biaggi. 69, who earned a record 28 citations for bravery as a police officer before his election to Congress in 1968, and Esposito, 80, were indicted in March on charges of conspiracy to obstruct justice. Esposito is also charged with giving a bribe and Biaggi is charged with receiving a

### IN BRIEF

### Saudis, Iranians Exchange Words As Arab League Resumes Talks

TUNIS, Tunisia (UPI) - Arab League foreign ministers resumed talks on the Iran-Iraq war and the Persian Gulf today after Saudi Arabia and Iran blamed each other for last month's bloody riots during the annual Moslem pilgrimage to Mecca.

At the end of the first round of talks Sunday, Arab diplomats also said Libya and Jordan had called for a summit of Arab League leaders to discuss the situation in

One source said Libya was the only nation to condemn the presence of "foreign navies in the guif." But he said the criticism was made "in nuanced terms."

The United States, Britain, France and the Soviet Union have naval vessels in the Persian Gulf to protect oil

In the same meeting Sunday, League Secretary-General Chedli Klibi said Tehran should be warned that the organization would defend Kuwait if Iran launched an attack on the tiny oil-producing nation. Kuwait supports Iraq in the gulf war.

### **Archbishop Denies Ransom Talks**

LONDON (UPI) - The Archbishop of Canterbury has denied sending an envoy to meet with Libyan leader Moammar Gadhafi in an attempt to win the release of missing hostage negotiator Terry Waite, a spokesman said.

While denying Libyan media reports of the meeting, the spokesman said Sunday the church welcomes any

'useful" intervention in the matter. "We have not sent anyone to see Col. Gadhafi," said John Little, a spokesman for Archbishop of Canterbury

Robert Runcle. "But that's not to say the man who met with him is not an Anglican. He may well be. But no one representing the archbishop was sent.

The denial followed a report in Libya's media that Gadhafi met Saturday with an "envoy of the Anglican church" who "begged" for the Libyan leader's help in seeking freedom for Waite, presumed kidnapped while on a mission to try to win the release of American hostages in Lebanon last January.

### Protestant Militants Kill Catholic

BELFAST. Northern Ireland (UPI) — A Protestant gunman shot and killed a Catholic taxi driver who was on his way to church with his family, police said, bringing the number of deaths resulting from sectarian violence this year to 63.

The Ulster Freedom Fighters, a shadowy Protestant paramilitary group pledged to retaining Protestant domination of the province, claimed responsibility for the killing Sunday of Michael Power, 31, who was gunned down as his screaming wife and three children looked on, police said.

# Historic Arms Accord Getting Closer

By John A. Callcott **UPI Senior Editor** 

GENEVA (UPI) - There is still some way to go and the hardest part is yet to come, but U.S. and Soviet negotiators are now very close to a first-ever agreement on eliminating some types of nuclear weapons.

Delegates to the arms talks concede that just a fraction of total nuclear arsenals will be involved, that the arms are considered dispensable, and that different systems will probably be deployed in compensation.

All the same, however, the two major powers will for the first time actually destroy certain classes of nuclear arms shorter and medium-range ground-launched missiles with a range of 300 to 3,000 miles. And, officials say, there will be unprecedented on-site inspection to prevent any cheating.

Delegates say President Reagan and Soviet leader Mikhail Gorbachev could sign a treaty at a summit in November or December, if all goes well.

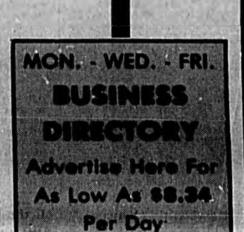

"We would expect a completed text by October and a summit before the end of the year," said a Soviet official.

American officials said privately the White House would like an agreement completed in time for a November summit in Washington, but they cautioned that much work remains.

"It shouldn't be forgotten that this will be an immense legal contract of around 80 to 100 pages, and that takes time," said one U.S. official.

In addition, the final stage of any negotiation is always the toughest. Noted chief American delegate Max M. Kampelman recently, "That's the way these things work, but we are going to be patient."

American and Soviet delegates have emphasized that actual

### **ANALYSIS**

treaty drafting has only been under way for about five months, and even then there were periods of delay to await high-level decisions in Moscow and Washington.

For almost two years, the delegates said, the talks were basically at a standstill.

That is why they rule out any final draft in time for the Sept. 15-17 meeting in Washington between Secretary of State George Shultz and Soviet Foreign Minister Eduard Shevardnadze.

Officials seem confident, however, that a signed treaty could be ratifled by the Senate before the 1988 presidential elections. To meet that deadline, senators observing the Geneva negotiations said they must have the text of the agreement in hand by Feb. 15.

One of the major remaining issues is the small West German force of 72 Pershing 1-A shorter-range missiles, whose nuclear warheads are controlled by the United States. Moscow has warned it will retain some 60 of its shorter-range Scud missiles unless the Pershing 1-A's are scrapped.

Washington has resisted such a move on grounds the German missiles are "third-party" weapons. But privately. West

German diplomats said Bonn the accord will really be "historrealized last spring that its missiles will simply not be replaced by new Pershing 1-Bs when they become obsolete ly be destroyed, and on-the-spot around 1990.

In any case, such 1-B missiles would be shorter-range converted versions of the American Pershing II medium-range rocket deployed in Europe — and such conversions will be prohibited under projected treaty terms.

The ground-launched intermediate missiles to be eliminated carry about 1,900 nuclear warheads - about 5.5 percent of the current estimated total of 34,900 warheads deployed on large long-range strategic missiles and bombers and small battlefield tactical weapons like mortars.

In addition to the warheads that would remain despite a treaty, the two powers plan to deploy compensatory weapons.

control officials said Moscow can be expected to target Western Europe with some of its new long-range SS-24 mobile strategic missiles, which can be moved by rail. For its part. NATO reportedly plans to deploy more U.S. cruise missiles at sea and in the air, since those systems come under the heading of strategic, not intermediaterange, weapons.

Despite the firepower that would remain, however, the delegates negotiating the deal stress

ic." as Reagan and Gorbachev have said, for two unprecedented reasons: weapons will actualmonitoring will be permitted of missile sites and destruction facilities, the kind of inspection previously rejected by the Sovi-

cts as "legalized spying." That makes the accord very different from earlier "nonarmament" measures like SALT treaty numerical ceilings on strategic nuclear arms, bans on nuclear testing in the air but not underground, and efforts to prevent nuclear proliferation.

The roots of the emerging agreement date back to the late 1970s when Moscow began deployment of triple-warhead SS-20 medium-range missiles. aimed mostly at Western Europe but also targeted on Asia. NATO had no such weapons.

At Geneva talks that began in For example, American arms 1981, Washington proposed banning all such intermediate ground-launched systems. Moscow refused, then broke off the talks at the end of 1983 when NATO began deploying the Pershing IIs and cruise missiles. The Sovicts also broke off parallel talks on long-range strategic arms reductions, the so-called START negotiations.

But in March 1985, new talks began in Geneva on three issues - Intermediate nuclear forces (INF), START weapons, and space anti-missile systems.

# Peace Corps Thrives In Ecuador

SAN JUAN DE MONTOZTUSA. Ecuador (UPI) - Peace Corps volunteer Otto Bobinger says the peasants in the volcano-studded valley around San Juan de Montoztusa are tickled when they learn that pigs like to play with "toys."

"Pigs are social" animals and they need toys," he explained to a visitor. "If they don't have them, they fight each other.'

Hanging by twine in the feeding stalls at a farm in the village are plastic containers and tires, the "toys" Bobinger is talking about. The pigs flick at the containers with their snouts.

The toys are one of the more modest changes that Otto and Christa Bobinger have brought here since leaving their prosperous pig farm in Morrison, Ill. nearly two years ago. They provide veterinary service and teach local farmers how to fatten pigs faster. But the small improvements. like pig toys, sometimes make a bigger impact, Bobinger said.

"Little things like this come natural to us." he said. "But to these people, they have never seen anything like it."

in the early 1970s. Peace Corps volunteers were spreading American know-how throughout the jungles, mountains and plains of South America. Every country on the continent hosted a Peace Corps program. except Argentina.

But budget cuts in Washington, political turmoll in some nations and development in others have forced the Peace Corps to retreat from eight of the 10 original host countries. The agency is active now only in Ecuador and Paraguay.

"This country has been unusually tolerant and welcoming." U.S. Ambassador Fernando Rondon said in an interview in Quito, the capital of Ecuador.

Rondon said the program in Ecuador has survived civilian and military govern-ments of varying postures toward the United States since volunteers began arriving almost 25 years ago. Authorities credit various factors; but almost all agree the program has become more effective and less idealistic as it has matured.

Of the 170 U.S. volunteers in the country. a greater number than ever are foresters. nurses, agronomists or lilelong larmers.

Unlike earlier years, when unskilled volunteers were often given vague instructions, all volunteers now have cleae working on specific contracts with government ministries and working side-byside with Ecuadorean counterparts.

The focus is "totally different," said Mercedes Guevara de Lundy, a 25-year Peace Corps veteran who directs volunteers in rural and urban health projects.

"The people arriving in recent years are more mature and have a greater sense of responsibility and professionalism," she said.

"Before, volunteers came with the idea in their heads that they were volunteers and as such they could do what they liked," she said, noting they often left their posts to sightsee.

While the program has changed, many of the challenges and problems facing volunteers remain the same.

Debbie Pitts, a special education teacher from Jackson,

### Inventor, Genius Wed

NEW YORK (UPI) -The marriage of the creator of the artificial human heart and the woman with the world's highest IQ is ''a bond of minds and a commonwealth of the beart," said the minister who conducted the ceremony. Dr. Robert Jarvik

and Marilyn Mach Vos Savant exchanged wedding vows Sunday in a brief ceremony at the posh Plaza Hotel before about 60 family members and friends. The bride, who with

an IQ of 228 is listed in the Guinness Book of World Records as having the highest inelligence quotient in he world, walked down the alale wearing a turquoise, two-piece. mid-calf length dress adorned with sequins and seed pearls.

She was given away by science writer isaac Asimov, a friend who also boasts of a genius-level IQ.

On hand as the best man was Thomas Galdoch, of Sutersville, Pa., who lived for four days in 1985 with an artificial heart designed by Jarvik as a temporary "bridge" before getting a human

Also among the guests was surgical pioneer Dr. William De-Vries, who implanted a Jarvik-7 artificial heart into the first human recipient, Dr. Barney Clark, in 1982.

Jarvik and Vos Savant, both 41, exchanged simple rings fashioned of gold and black pyrolytic carbon — the same metals that comprise Jarvik's artificial hearts - that the doctor designed and

manufactured. Her ring was inscribed inside with their initials, and a heart with a tiny number 7 inside it.

Miss., who is working in the southern city of Cuenca, said she is asked 'at least weekly" if she is a CIA a g e n t . S o m e Ecuadoreans "think all Americans have AIDS," said another volunteer, Angela Bagley of Blackstone. Va., referring to the deadly disease known

Izamba, truck farmer Hernan Rodriguez recalled how a Cornell University horticulturist helped h i m o b t a i n
"spectacular" results by fiddling with a fertilizer mix and changing his planting procedures.

Within a short time. Rodriguez boosted his cabbage harvest from 36 tons to 100 tons. But instead of asking Rodriguez or the Peace Corps how it was done. neighbors stole handfuls of the fertilizer and tried to have the mix analyzed in a nearby town.

But change does come, volunteers say. Before the Bobingers arrived in San Juan de Montoztusa, 10,000 feet high in the Andes,

a local witch doctor with a repertoire of incantations treated most of the livestock. Now, 200 to 300 peasants bring their ailing pige, cattle and dogs each month to the Bobingers, who sell medicine at cost and teach the farmers how to inject it.

The Bobingers have also taught farmers how to change their feed and use a breed of pig that can grow to 200 pounds in five to six months, instead of two years.

"We're making progress," Bobinger said.

Fister HERALD SPORTS WRITER

### Fall Brothers: **Busy Summer**

The first family of Seminole County soccer, the Falls, has been in the news quite a bit this summer. Sanford's Mike Fall competed for the United States squad in the Pan American Games in Indianapolis while brother Dave Fall has recently been named head coach of the Rollins College team.

Mike Fall, who currently plays professional indoor soccer. started for the USA team at the Pan Am Games. The USA squad, however, didn't fare too well as it was climinated from medal competition, 2-0, by world powerhouse Argentina.

Dave Fall takes over a talented Rollins College team that finished 9-7-1 last season. Fall, 27, hopes to take the Tars to an NCAA National Tournament berth this year.

Fall was a standout player and later assistant coach at the University of Central Florida. He is still a top-notch competitive player as he led the Orlando Rockets to the club team South Regional Championship in the 1987 Mitre Cup. He was also Most Valuable Player at the 1985

Florida State Cup.

Also while assisting at UCF, Fall coached Orlando Bishop Moore High School where his squads were district champions five times, regional winners twice and second in the state in Class 3A in 1983.

Among the players that Fall will be coaching this coming season is Lake Brantley High graduate Aaron Kindel, Kindel, who will be competing for the goalkeeper job, led Lake Brantley to a second place finish in the state in Class 4A in 1985.

Mike Fall, who plays for the Louisville Thunder in the American Indoor Soccer-Association, recently had his picture in the Chicago Tribune battling an Argentina player for possession

of the ball. Fall, who has a special clause in his pro contract that allows him to keep his amateur status. hopes to continue his amateur play next summer as he tries for a spot on the United States Olympic Team. Meanwhile, the Sanford native is looking to land with a team in the Major Indoor Soccer League, the more prominent professional soccer

While Kindel will play for Rollins, seven 1987 Lake Brantley High graduates will be playing collegiate soccer. They include: Greg Marko (East Carolina University); Cory Sheffield (Nova University); Scott McCullough (East Carolina); Henry Broitman (Oglethorpe University); Chad Marien (U.S. Air Force Academy) and Mike Brand (Averett College).

Other Lake Brantley athletes who have received college scholarships include diver Meg Bonella (Indian River Community College); swimmer Kathy Spiller (Brevard Community College): basketball player Brent Bell (Emory University); basketball and track competitor Barri Shirley (Urbana College): baseball player Ed Dickmeyer (Lake City Community College): softball player Mandy Matthiesen (several offers, still deciding); track standout Bucky Chambers (Florida State University); girls soccer player Michele Herbst (Radford College); boys golf player Todd Brown (Florida State); girls golf player Christy Vintilla (University of Central Florida) and football player Chris Mull (West Virginia Wesleyan).

Registration for the 1987-88 Sanford Soccer Club season will be held Saturday, Aug. 29 at Pinecrest Elementary School from 11 a.m to 1 p.m. Participation fee is \$50 which includes a uniform, or \$40 for returning players who have a uniform. All new players should bring copy of birth certificate to registration.

Bill Stephens has been named as the new boys' soccer coach at Lake Howell High School. Stephens, a 1979 University of Central Florida graudate will be replacing Glenn Griffin.

Stephens, who was the head coach at Trinity Prep for eight seasons, said that he is very excited to be coaching at Howell. "This is just a great opportunity for me." Stephens said.

# Chris 38: Molitor Rests, Relishes Streak

MILWAUKEE (UPI) - Paul Molitor plans to spend his team's off-day Monday with his family at home, where he expects to find reminders of his 38-game

"I don't think you totally can forget about it," the Milwaukee Brewers designated hitter said. "You talk to family members about it and read about it in the papers. But you know you don't have to extend it until Tuesday night.

"We haven't had too many days off since the All-Star break and I'm just going to stay home with my family."

Molitor lined a single in the fifth inning of Milwaukee's game against the Kansas City Royals Sunday to move past Tommy Holmes of the Boston Braves with the sixth-longest hitting streak in major-league history. The Brewers next play the Cleveland Indians at home Tuesday.

Molitor seems to be handling the pressure well and says he is enjoying the

### A.L. Baseball

"One day it will end," he said. "You just have to deal with it on a day-to-day basis. It could end on a good day when I am swinging the bat well.

"It's a great feeling when you see the ball going into the hole to extend the

Molitor's teammates say he is handling the situation well.

"I think we worry about it more than he does," outfielder Glenn Braggs said. "When he gets a hit, you feel like you're

going to win the game."
"I think his composure and his consistency about this whole thing is great," Manager Tom Trebelhorn said. "I think that is phenomenal as a DH. because sometimes you've got 30 to 45 minutes between at-bats and all you can think about is your last at-bat."

The streak is the longest since

Cincinnati's Pete Rose hit in 44 straight games in 1978. The major-league record is 56 games by Joe DiMaggio of the New York Yankees in 1941.

Molitor is hitting .419 (67 for 160) during the streak with 33 RBI and 41 runs scored. The Brewers are 24-15 during the run, winning one game Molitor missed.

The press corps is growing in Milwaukee, with more reporters from national media having arrived. Molitor now holds post-game press conferences away from the Brewers' locker room.

He says there is less pressure playing in Milwaukee, where only two beat writers follow the team from city to city.

"If I was playing in a large media center, the attention would be greater," he said. "But the media is just trying to do their job and I'm trying to do mine. I'm happy to try to accommodate them."

Molitor is batting .371 (117 for 315) overall and, barring injury, should qualify for the batting title. He missed much

# Kellin's Sack Caps Win

### DeBerg-Freeman TD Stops Tampa's Drought

By Scott Sander **Herald Sports Writer** 

TAMPA — The smiles were long overdue, and the cheers felt much better than the jeers to which the Tampa Bay Buccaneer defensive line had grown accustomed.

"I can't tell you how terrific I feel right now," said Tampa defensive end Kevin Kellin after the Bucs' posted a thrilling come-from-behind 29-27 preseason victory over the New York Jets before a vocal crowd of 56,598 at Tampa Stadium on Saturday night. "We have worked hard for this. We earned this win, and that is really satisfying."

Tampa's triumph marked the first preseason victory in over two years. The Bucs will play host to the Washington Redskins this Saturday at 7. Sanford's Reggie Branch and Zephyrhills' Ted Wilson, a 1986 University of Central Florida graduate who is the all-time leading receiver at UCF, both play for the Redskins.

Kellin, a 6-foot-6, 265. pounder, showed that the Buc defensive line is for real this year as recorded two of Tampa's five sacks. Last season, Tampa only had three sacks in its final eight games, hardly an impressive statistic. The Bucs' had 15 sacks for the entire season. But in two preseason games, the Bucs have registrered eight sacks, much to the delight of first-year coach Ray Perkins.

"Our defense did a good job tonight. We came up with some big plays when we needed them," Perkins said. "Somebody on defense must have played well. I don't know if it was the

### Football

any event, we did a pretty decent job."

Kellin, who makes his home in Orlando, was the focus of attention as his late sack put the cap on the game. After Phil Freeman's nifty 7-yard touchdown grab with 3:38 left gave the Bucs a two-point lead. Kellin's sack of reserve New York quarterback Bill Ransdell put the crowd into an all-out

"The fans were a real inspiration to us tonight," Kellin, who spent two years in the USFL as he played for the Washington Federals and Orlando Renegades, said. "A funny thing happened on that sack late in the game. The crowd was cheering so loud that the guy I was going against didn't hear the snap count.

"I was around him before he even got out of his stance," Kellin chuckled. "The crowd was our 12th man tonight and that sack came about thanks to them."

The enthusiastic bunch acted as though the Bucs had just one the Super Bowl, not a presason game against many second-team Jets. But the cheering was a nice change as the fans let out their emotions after suffering through back-to-back 2-14 seasons.

'It feels good to win any game," Tampa defensive end John Cannon, who is the veteran of the line as he is starting seventh season with the Bucs, said. "We came into camp knowing that we had to improve. line, the linebackers, or both. In and I think we are doing it. We felt to come out on top.

have a very long way to go. though."

Noseguard Bob Nelson said that the line is more confident in each other this season. "You have to believe in the guy playing next to you." Nelson, a 6-foot-3, 265-pound University of Miami product, said. "We have a lot of faith in each other, and I really don't think that we did last year."

Not only did the line get the sacks, but it hurried several passes by Jets' quarterbacks O'Brien and reserve Pat Ryan. Tampa's line actually set up the Bucs' winning drive.

The Jets had the ball deep in their own territory late in the game and the Bucs didn't give them any room in which to work. On third and long, Kellin and Cannon were inches away from tackling Ryan for a safety. The strong play of the line forced the Jets to punt from their own end zone, giving the Bucs good field position. New York' 35-yard-line, to work with on their final drive.

Tampa's offense wasn't too shabby, either. Rookie running back Don Smith, who played quarterback at Mississippi State last year, rushed for 41 yards on 16 carries including a 2-yard touchdown plunge.

Veteran quarterback Steve DeBerg took the spotlight from heralded Heisman Trophy winner Vinny Testaverde as DeBerg went 13 for 20, good for 151 yards and a touchdown. Testaverde, meanwhile, was 8 for 16 for 83 yards.

Everything seemed to come together tonight," DeBerg said. "The line did a good job, and it

# Games

Pan American Games ended Sunday night amid fireworks gold, a 111-87 victory over and song following one of the Brazil. Katrina McClain scored 23 of her 30 points and grabbed all 11 of her rebounds in the more exasperating days for Hours after the U.S. men's second half. basketball team was jolted by

"I've used many adjectives to describe her - powerful. dominating, imposing," U.S. Coach Jody Conradt said. "All those applied today."

The Americans took charge after leading only 53-50 at halftime. Teresa Edwards added 17 points and Clarissa Davis 16. For Brazil, Hortencia had 30 points and Paula Silva 26.

U.S. boxers were all but sent down for the count. The U closing show. And one of the States won only one gold medal in 12 weight classes - by Kelcie. Banks of Chicago - and wonjust two of 10 bouts against Cubans. It was the Americans' poorest boxing performances since the first Pan Amis im 496 Title

guard for the wife of Fulgencio Banks, the world amateur Batista, who was overthrown by featherweight champion, won Fidel Castro in 1959. She sang his gold with a unanimous three songs and was briefly and decision over Emilio Villegas of the Dominican Republic. In the unexpectedly joined on stage by other U.S. bout Sunday, light athletes before police broke up welterweight Candelario Jose Ramon Fernandez Duvergel of Cuba won a 4-1 Alvarez, the No. 3 official in the decision over Todd Foster of Great Falls, Mont.

'We were definitely looking for 40,000 respectfully silent, the better results," U.S. boxing coach Roosevelt Sanders said. "Those were not the kind of results we like to see.'

For all its frustrations Sunday, the United States wound up with 169 gold medals, 11 more than the other 37 countries combined, plus 120 silver and 81 bronze for 370 medals. Cuba was next with 75 gold and 174 medals, followed by Canada with

American women won three golds in gymnastics: Kristie Phillips, the floor exercise with 19.538 points, a Pan Ain record: Kelly Garrison-Steves, the balance beam; and Melissa Marlowe the uneven bars. Sabrina Mar added three silvers. Laura Rodriguez of Cubai claimed the gold in the vaut with 19.582 points, a Pan Am mark.

The U.S. men's volleyball! team, ranked first in the world,! won the final medal of the tournament, edging Cuba 3-2 for

Brazil swept the singles titles in tennis, Fernando Roese beating Al Parker of the University of. Georgia 6-4, 6-2, and Giscle Miro defeating Adriana Isaza of Coltheir second straight basketball ombia 6-0, 6-2.

### Cancer Strikes Giant, Again

EAST RUTHERFORD, N.J. (UPI) - The New York Giants Saturday night learned offensive tackle Karl Nelson has Hodgkins Disease but team physician Dr. Russell Warren said there is a 90-95 percent chance of "successful outcome."

Warren told Nelson's teammates the diagnosis after the Giants' 24-10 exhibition victory over the Cleveland Browns. A mass was found behind Nelson's sternum Tuesday and a biopsy was taken. More tests will be performed this week.

Warren said Nelson probably will undergo chemotherapy radiation treatment to reduce the tumor. The doctor said it is possible Nelson can play football again if treatment is successful but it is unlikely he will play this year.

"Karl is upbeat, he's comfortable, he's been told about his condition in detail," Warren told reporters after the game. "There are no other palbable nodes. It appears to be localized."

The tumor was discovered when Nelson was hospitalized Tuesday to undergo arthroscopic surgery on his injured left shoulder. Warren said the shoulder injury was not related to the Hodgkins Disease.

Nelson, a 27-year-old from DcKalb, Ill., is the fourth player on the Glants in the past seven years to be diagnosed as having a form of cancer. Running backs Doug Kotar and John Tuggle died after bouts with cancer and linebacker Dan Lloyd's career ended because of lymph node cancer.

# Morris, Gibson Lift Tigers Back On Top In East

United Press International Two Tigers who have experience dealing with pennant-race

pressure took charge to help Detroit regain first place in the White Sox......8

Jack Morris hurled a five-hitter and Kirk Gibson slugged a three-run homer Sunday, leading the Tigers to a 4-3 victory over the Cleveland Indians.

The victory, coupled with Toronto's 5-2 loss to the California Angels, gave Detroit a one-game lead over the second-place Blue Jays.

Morris, 15-6, fanned seven and innings. walked five for his 10th complete game of the season.

"Morris was wild but he settled down after the fourth inning." Detroit Manager Sparky Anderson said. "Jack gets emotional about things and that's the part that drives him. I hope he doesn't change."

The Detroit ace, however, wasn't content with his outing.

"I didn't have good stuff, and I got tired late in the game." Morris said. "I just got tough when I had to. (But) the team is scoring runs now and we are winning games. You feel better when you are in a pennant drive. and it makes the game more

Trailing 1-0, the Tigers took advantage of an error by Cleveland first baseman Joe Carter in the third to score four runs. three on Gibson's 18th home

Royals...... 5

At Milwaukee, Paul Molitor extended his hitting streak to 38 games and Bill Schroeder and Greg Brock each drove in three runs. Molitor's single to left field leading off the fifth inning pushed him ahead of Tommy Holmes, who had a 37-game streak for the Boston Braves in 1945. Jay Aldrich, 3-1, pitched 3 1-3 scoreless innings for the victory. Bob Stoddard, 1-2, took the loss.

### Little League Opens Tuesday; Far East Captures Big League

WILLIAMSPORT, Pa. (UPI) - The 41st Little League Baseball World Series for 11- and 12-year-old players opens Tuesday with two unbeaten U.S. teams and a squad from Taiwan, which has produced 11 world champions since 1969.

The undefeated American teams are Irvine, Calif., and Morristown, Tenn. Irvine has 16 victories, one more than

The last three regional championships were decided Saturday. Irvine blanked San Bernito, Calif., 15-0 in the western regional playoffs in San Bernadino Calif; Dover, N.H., defeated Montoursville, Pa., 4-1 in the eastern tournament in Bristol, Conn.; and Glace Bay, Nova Scotia, defeated Stewart Channel, British Columbia, for the Canadian championship in Trail, British Columbia. Other championships were decided earlier in

The single-elimination world-series competition opens with two games Tuesday. Hua Lian, Taiwan, the Far East champion, plays Dhahran, Saudi Arabia, the European regional champion. Also, Morristown plays Chesterfield, Ind., which captured the central region championship.

Wednesday, Moca, Dominican Republic, the Latin American winner, goes against Glace Bay, and Dover is scheduled to play Irvine. The semifinals are scheduled for Thursday. The championship game is set for 4 p.m. EDT Saturday. Last year's champion was Tainan, Taiwan.

### 5-Nun Pipte Burdues Broward County

FORT LAUDERDALE (UPI) — Sen Ping Yu belted a two-run home run to highlight a five-run fifth fifth inning Saturday and lead the Far East to a 9-1 rout of Broward County and the Big League World Series Championship.

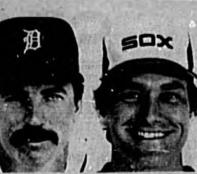

Pitcher Chien Fu Kuo Lee allowed seven hits and struck out 10 to lead the Far East Team from Taipei, Taiwan, to their ninth world shampionship in Little League Baseball's 16- to

It was the second time in three nights that Kuo Lee pitched his team to victory over Broward in the double elimination

In the Far East third inning a single, double, and ground-out combined for one run and Sen followed with a two-run home run. Two Broward errors resulted in two more Far East runs before the inning was over.

Shortstop Kuo Chian Ku hit a one out solo home run in the sixth ining and first baseman Ming Haiung Liao followed with a two-run home run to close out the Far East scoring.

In an earlier game Saturday, Broward defeated the Far East, 10-4, forcing the championship game. Broward's victory over the Far East meant each team suffered one loss in the double elimination tournament.

After Sweep Of Reds **United Press International** St. Louis swept the Reds in Cincinnati for the first time in 14

Cardinals Flying High

finally have righted themselves for the stretch run.

The Reds were last swept at home by the Cardinals in June 1973. The victory Sunday which climaxed a three-game sweep on the heels of a fivegame Cardinals losing streak enabled St. Louis to maintain a 4 1-2 game lead over the New York Mets in the NL East. Third-place Cincinnati trails San Francisco by two games in the NL West.

Cincinnati Manager Pete Rose kept the clubhouse doors closed for 21 minutes after the game.

"I'm not going to tell you what I said," Rose said. "That's why we call it a closed-door meeting. If I wanted you to know, I'd have invited you inside. I don't think it takes much imagination to know what I said.

"If we can't win with that team out there, we're in trouble," Rose added, "because that's what we've got."

Terry Pendleton's two-run single capped a three-run first and Tommy Herr's two-run double highlighted a five-run fifth and give the Cardinals a 12-6 victory over the Reds.

"I hope it's going to be like that the rest of the year," said St. Louis leadoff hitter Vince Coleman, who singled on the game's first pitch, stole his 82nd base on the second and scored when Ozzie Smith slapped the third into left for an RBI single.

"We've got to go out and do the things we're capable of doing," Coleman said. "Myself getting on, Ozzie driving me in and then Jack and Willie coming up and hitting.

"We had one bad period — at Houston," he said. "We can't afford to have another if we expect to win this thing."

Danny Cox. 9-4, made his fourth start since returning to action from a broken leg. He struggled through five innings, giving up three runs on nine

# **SPORTS**

### **IN BRIEF**

### Weibring Sits, Waits, Finally Wins Shortened Western Open

OAK BROOK, Iil. (UPI) — D. A. Weibring, who had waited two days along with the rest of the field to start the Western Open, had to endure 90 more minutes to win it.

Weibring finished his third round in the \$800,000 Western Sunday with a 8-inch putt for par that left him with a score of 9-under-par 207. That gave him a two-stroke lead but most of the field was still out on the two courses upon which the tournament was held.

"I didn't enjoy sitting and waiting." Weibring said after the 1 ½-hour wait. "I didn't know if it (the lead) would hold up. So I went to the practice green and putted then I went to the driving range and hit."

PGA champion Larry Nelson, who was on his 10th hole when Weibring finished, made a charge that ended when he missed a birdle putt of 15 feet at the 18th hole. That miss gave Weibring his second tour victory and first since

the 1979 Quad Cities Open, held in Coal Valley, Ill.
"The Illinois Slam," Welbring joked about his two
victories. "I've got it now. I don't care if we only played 54 or played on two different courses."

### Shriver Has Triumphant Leave

TORONTO (UPI) - This time, Pam Shriver leaves Toronto in triumph instead of in shame.

Six years since beginning a self-imposed exile, Shriver, of Lutherville, Md., Sunday posted a 6-4, 6-1 victory over Zina Garrison, of Houston, in the final of the \$280,000 event to collect the \$50,000 winner's prize for her third tournament title of 1987 and boost her career winnings to just over \$3-million.

Shriver had not played in a Toronto tournament since she lost the 1981 semifinal to Tracy Austin, then ranked No. 2 in the world. At the end of that match, as the two shook hands at the net, Shriver fired a barrage of obscenities at Austin, reducing her to tears.

"It took me six years to come back to this tournament where I had one of my most infamous moments," Shriver said. "I had a loud mouth. I vowed this time I'd just keep my mouth shut and play good tennis and look what it did."

### Flawless Edberg Topples Becker

MASON, Ohio (UPI) - Stefan Edberg believes beating Boris Becker in the \$375,000 Association of Tennis Professionals championship signals a rivalry between the Swede and West German may be in the making.

Edberg, the No. 2 seed, played a near-flawless match and defeated third seed Becker 6-4, 6-1 for his second victory over Becker in as many weeks.

"I lost to him so many times," Edberg said. "Now I've beaten him twice in a row. I think that is important, especially for the future. I think we're going to have a lot of battles in the future, in a lot of finals."

Edberg beat Becker 6-2, 6-4 last week in the semifinals of the Canadian Open. But Becker, 7-4 against Edberg, said he was less than fit during that match because he had played a three-set doubles match the night before.

Edberg said Becker's remarks provided extra incentive for Sunday's match at the Jack Nicklaus Sports Center.

### Chi Chi's 68 Earns GTE

SEATTLE (UPI) - Chi Chi Rodriguez fired a 4-under-par 68 Sunday to earn a one-stroke triumph in the \$300,000 GTE Northwest Classic, his seventh victory this year on the

Rodriguez's 206 in the 54-hole tournament at Inglewood Country Club was worth \$45,000 and boosted the tour-leading money winner's 1987 earnings to \$408,431.

Butch Baird missed a 4-foot birdle putt on the final hole that would have tied Rodriguez and sent the tournament into a playoff. Baird, who also finished second in last week's tournament in Rancho Murieta, Calif., shot a 69.

Tied for third at 7-under-par 209 were Arnold Palmer, who fired a 6-under 66 for the tournament's low round; and first- and second-round leader Miller Barber, who shot

### King's Comeback Takes Classic

ABSECON, N.J. (UPI) — Betsy King entered the final round of the \$225,000 LPGA Atlantic City Classic three strokes behind the leader - right about where she wanted

"I think it's easier to come from behind a little bit, not eight shots behind, but two or three shots, because most of the tension is focused on the group behind you," said King. King, 32, shot a 6-under-par 207 Sunday at Scaview

Country Club to win a three-stroke victory over Hall of Famer Nancy Lopez in the three-day event and move into the No. 1 slot on the 1987 money list.

# Faulk Fights Off Bass Challenge For Victory

ORLANDO - Driving a Camaro owned by part Cherokee, part French ex-driver and former track champion Arnold Boyat, Lee Faulk won the 25-lap late model feature on Friday night at Speed World.

Putting up a strong challenge late in the race was ageless veteran Ernie Bass who had to settle for second at the finish. Rounding out the top five were Raulie Morse, Pete Starr and red-headed Italian Ron DiCandio.

In Sportsman action, apparent winner Sid Stites, the division's high point man who has been dominating that class for so long, was disqualified by chief stewart Donnie Lewis, because the wedge bolt was upside down inside the spring. So Von Crews took his first win ever. Young Steve Lathern was second.

Besting a 20-car field, hardcharging Billy Hooven drove a perfect race to win the doubledistance event for the mini stocks. Experienced Jim Matteus took an early lead, but Hooven moved up on the point on lap six. Not to be outdone, Matteus worked lapped traffic well to get back up front. But an illhandling car forced him to settle for second. Finishing third was Wes Pyburn.

Florida Modified driver Jim Tyler, Orlando

### Racing

Balkam used the heat race to get his "Budweiser Wagon" dialed in right, then went on to win the

The Bomber "A" feature went to Allan Willard, with Mike Fritts coming from way back in the 26-car "B" Bomber field to win that division's finale. Five-lap Backwards race winner was Kenny Burdine.

1986 chempion — Michigan. 1986 UPI ranking — Ohio St. 6th, Michigan 7th, Iowa 18th. 1987 favorites — Michigan, Chio St. Leeding contenders — Iowa, Michigan St.

Leading contenders — lowe, Michigan St.

Most improved — Northwestern and Indians, long the doormats, appear on way up. Wildcats kept Ceach Francis Peey and have most experienced returning QB in Miles Greenfield. Hooslers went to bowl last year and Ceach Bill Mallery has solidified defense.

New coaches — Fred Akars et Pundue (94-44-2 overall), replaces Leon Burtnett who was fired (3-8). Don Morton at Wisconsin (70-24 overall) replaces Jim Hilles (3-9 last year) who was offered a job within the university's administration.

-Starriers returning, starters lost — Illinois 14-8; Indiana 14-4; lowe 12-10; Michigan 13-9; Michigan St. 17-3; Minnesota 8-14; Northwestern 13-9; Ohio St. 14-8; Pundue 14-8; Wisconsin 8-14.

Leading players — Michigan RB Jamie Morris (1,009 yerds, Heisman candidate); Indiana RB Anthony Thompson and Minnesota RB Darrell Thompson, both of whom were among league leaders in rushing last year as freshman; Michigan S Doug Mallory; Iowa NG Dave Halght; Michigan St. RB Lorenzo White, who missed 5 games

Dave Haight: Michigan St. RB Lorenzo White, who missed 5 games lest year; Ohio St. LB Chris Spielman, leader in tackles lest year;

Leading newcomers — Illinois WR Gus Palma and RB Ken Thomas, a JUCO transfer, may get playing time; Indiana WR Rob Turner; Ohio St. RB Anthony Ray and DB Vincent Clark; Michigan

Outlook — Ohio St. was favorite until All-America WR Cris Carter

was ruled ineligible. Still, Buckeyes may have enough to ward off talented Michigan, which must settle on a QB. Wolverine defense and RB Morris tops in league. Iowa may sneak in if Tom Poholsky or Dan McGwire develop at QB. Michigan St. is sleeper and could challenge with healthy RB White. Indiana and Illinois remain dark

Key games — Oct. 3, Michigan St. at Iowa may signal whether Spartans are contender; Oct. 17, Iowa at Michigan, loser may be out of Rose Bowl picture; Oct. 31, Michigan St. at Ohio St.; Nov. 14, Iowa

Leading contenders — Nebraska, Colorado.

Most Improved — Colorado has shown if can win big game (20-10 over Nebraska last year) and defense (11th last year) will be even better. Missouri, with a switch to "flexbone" offense could surprise.

New coaches — lowe \$1. Coach Jim Walden replaced Jim Criner after Cyclones went 4.5. Criner is out of football.

Starters returning, starters lost — Colorado 16 6, lowa St. 7-15, Kansas 15-7, Kansas St. 11-11, Missouri 11-11, Nebraska 10-12, Oklahoma 15-7, Oklahoma St. 15-7.

last year and, although the running Sooners' offense denies him the ball, he is best TE in nation; Berry Helton, P, Colorado, All-America

ball, he is best TE in nation; Berry Helton, P. Colorado, All-America last year after averaging 45.6 yards; Hart Lee Dykes, WR, Oklahoma St., (6-4, 210), caught school-record 40 passes, led league with 13.6-yard average; Curt Kech, DT Colorado, kay to defense that limited opponents to 15.6 points a game; Broderick Thomas, DE, Nebrasta, called "Sandmen" because his hits tend to knock opponents out; Oklahoma St. RB Thurman Thomas, If fully recovered from injuries, could be Helaman candidate, as Oklahoma QB Jamelle Holleway certainly will be.

Leeding newcomers — Missouri RB Teny VanZant, freshman expected to turn Tigers' offense around last year but blew out knee before season; Kanses St. QB Gary Swim, JUCO transfer who passed for more than 1,400 yards last year; lows St. DB Marchaol, freshman could win starting position; Nebraska QB Mickey Joseph, No. 4 player on UP1's Tep-100 high school recruit list, not expected to play much.

Outlook — Oklahoma and Nebraska will fight both for league and national titles. Sooners have best defense in nation and best running game. Nebraska's big question is inexperienced OL. Colorado rebounded from slow start to go 6-1 in league (losing to Oklahoma). Oklahoma SI, features potent offense with sophomore QB Mike Gundy and RB Thomas. Missouri's problems could be healed with titles of the milebbers have different first with the count between the country with the country wi

Gundy and RB Thomes. Allseouri's problems could be healed with "flexbone," a wishbone-type oftense that will cause brittle QB Ronnie Cameron and RB VenZent to be hit on every play. Iowe SI. has new coach and about a new everything else, except old NCAA sanctions — from the Criner era. Coach Walden admits it will be long year in central lowe. Kansas St.'s hope lies in QB Swim, who will join telented RB Tony Jordan. Kansas Coach Bob Valesente only promises a better team than '86 (0-7 in league).

Key games — Oklahoma at Nebraska, Nov. 21: Orange Bowl spot and national-title consideration; Kansas at Alissouri, Nov. 21: Only because lesing coach littaty will be unemployed shortly afterward;

because losing coach likely will be unemployed shortly afterward. Nebraska at Colorado, Nov. 14: Cornhusters were beaten in Boulder

COLLEGE FOOTBALL CAPSULES last year and haven't lost back-to-back games to Eight toe (other than Oklahoma) since '76-77.

> SOUTHWEST CONFERENCE 1984 champion — Texas A&M.
> 1984 UPI ranking — Texas A&M 12th, Baylor 13th, Arkansas 1
> 1986 favorite — Arkansas.
> Leading contenders — Texas A&A

Leading contenders — Texas A&M.

Most Improved — Texas Christian, coming off probation, is a dark horse. Coach Jim Wacker red-shirted several key players last year and QB Scott Ankrom, injured a year ago, is back. Status of RB Tony

Jeffery is key.

New coaches — David McWilliams moves from Texas Tech to Texas to replace dismissed Fred Akers (86-31 at Texas), now at Purdue. Spike Dykes replaces McWilliams at Texas Tech. McWilliams was 7-4 in 1 year at Tech. Particle Particle replaces refired. Bill Yeoman at Houston (160-108 in 25 years).

Starters returning, starters lost — Arkansas 15-7, Baylor 5-17, Houston 18-4, Rice 12-10, Texas 13-9, Texas A&M 10-12, TCU 18-4. Leading players — Arkenses has league's top players returning, including QB Greg Thomas and NG Tony Cherico, a Lomberdi Award candidate as junior. WR Matt Clark, Baylor, made several big plays last year and doubles as short-yardage QB. Rice QB Mark

Comalander ranks 2nd in school history in pass-completion percentage. DB John Hagy continues tradition of excellent secondary players at Texas (4) solo tackles). Kelth Woodside at Texas AEM should be a top runner after sharing duty with Roger Vick last year and still gaining 569 yards.

Leading newcomers — SWC had a less-than-spectacular recruiting

season with RB Randy Simmons, being one of top signess. He could impact immediately at Texas A&M. Perhaps QB Ricky Vestal can help Baylor. TCU bested up sagging defense by signing CB Andre Spencer from JUCO in California. Outlook — Because of returning starters and excellent detense, Arkanses is overwhelming favorite with Texas A&M — despite

losing bulk of its talent — popular pick for second. Coaching changes, probations and heavy graduation losses should leave conference at weakest in last decade. Texas, Texas Tech, Baylor and TCU look about equal, with Houston and Rice expected to finish at bottom. TCU has Improved its woeful defense and if offense scores — as it appears capable of doing

 Frogs could be biggest surprise of conference and, perhaps, Key games — Arkansas at Texas A&M, Nov. 14, likely decides rence crown. Arkenses has both Texas and Baylor at home. An Idea of how conference race goes could come when Arkansas opens league season at TCU, Oct. 3.

PACIFIC-10 1986 champion — Arizona St. 1986 UPI ranking — Arizona St. 5th, Arizona 10th, UCLA 14th,

1997 favorites — UCLA, Arizone St. Leading contenders — Washington, Arizona.

Leading contenders — Washington, Arizona.

Most improved — Washington returns 7 starters from defense that led Pac-10 and was ranked seventh nationally. Chris Chandler is conference's top-rated returning QB.

New coaches — Southern Cai's Lerry Smith replaces Ted Toliner, who was fired after 7-5 season. Arizona's Dick Tomey replaces Smith. Wildcats were 9-3 and Smith resigned to take USC job. California's Bruce Snyder replaces Jee Kapp, who was fired after 2-9 season. Washington State's Dennis Erickson replaces Jim Walden, who quit to become lows State coach after 2-7-1 mark.

Starters returning, starters lost — Arizona St. 13-11, UCLA 12-12, Washington 13-11, Arizona 13-11, Stanford 14-10, USC 14-10, Oregon 10-14, Washington St. 13-11, California IS-9, Oregon St. 13-11.

Leading players — Brad Muster, RB, Stanford: Pac-10 Offensive Player of Year in 'Mi; Geston Green, RB, UCLA: league-leader in rushing, 1,405 yards; Marcus Cotton, OLB, USC: All-Pac-10.

Leading newcomer — Troy Alkman, QB, UCLA: transfer from Leading newcomer — Troy Alkman, QB, UCLA: transfer from

Outlook — Green is a leading Heisman candidate. Bruins are loaded and confident despite starting junior QB for first time since '81; Arizona St. has talented backfield in Darriy Harris and Channing Williams, but needs replacement for QB Jeff Van Raaphorst. QB Chandler returns for Huskles, who also brig back of heat 1 B tries in nation. Toward most filed places to fill world. one of best LB trios in nation. Tomey must find players to fill void left by departure of QB Alfred Jenkins and TB David Adams at Arizone. Stanford and USC, in middle of pack lest year, have too many questions to move up. Oregon has tewest starters returning, Washington St. has to fill spots at QB, RB and WR, California everaged just 13.2 points per game last year and Oregon St. has

dismal running game.

Key games — UCLA at Arizona St., Oct. 31: could be for first place; UCLA at USC, Collegum, Nov. 21: might be for more than bragging rights to Los Angeles; Arizona State-Arizona, Tempe, Nov. 28: often decides conference title.

### Earnhardt Finds Way To Win 500

BRISTOL, Tenn. (UPI) — Despite starting sixth and having a neck almost too sore to hold erect. Dale Earnhardt found a way at the Busch 500 to do what he does best - win a race.

The victory Saturday night at Bristol International Raceway gave Earnhardt, of Kannapolis, N.C., 3,336 Winston Cup points this season, making it nearly impossible for anyone to catch

His nearest competitor, Bill Elliott, finished ninth Saturday to move to 2,791 points.

With a maximum of only 185 points available to the winner of any race, Earnhardt would almost have to drop out of the competition - with only nine races left this season — to lose the Winston Cup championship.

"That cat (Earnhardt) ran me hard, but Earnhardt was just a little better than we were," said second-place finisher Rusty Wallace, who crossed 5.59 seconds behind Earnhardt's Wrangler Chevrolet. "We were running our tails off trying to

catch Dale." Lots of drivers have been trying to catch Earnhardt this season, but few have succeeded. Earnhardt has won half the races he has started this season. and has been a top-10 finisher in

18 of 20 starts. "I was getting tired toward the end," Earnhardt said. "My neck has been bothering me since I had the wreck in the IROC race last month in Michigan. Rusty kept running me down and I was

just hanging in at the finish."

Next for Earnhardt and the rest of the NASCAR drivers on the Winston Cup circuit is the Southern 500 at Darlington, S.C., Sept. 6.

### **Breland Vows** To Come Back

COLUMBIA, S.C. (UPI) - Mark Breland, who suffered his first rofessional defeat in losing his World Boxing Association welterweight title, vowed to regain his crown.

"Good fighters have lost before," Breland said after being knocked out Saturday in the against challenger Marlon Starling. "But I'm not going to let this stop me. Believe me. I'll be back."

Starling, 41-4, wore down the wiry champion throughout the fight and finally cornered Breland in the 11th. Starling stunned Breland with a right hook to the head and finished the 1984 Olympic gold medalist with a series of punches. It was Starling's 25th knockout. Breland, who was making the first defense of his title, dropped to 18-1.

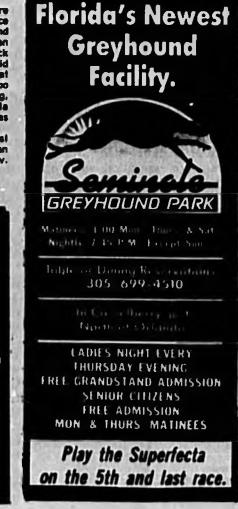

Following the fight, Breland had a visit from friend and heavyweight champion Mike Tyson.

"When I saw a tear come down from Mike's face, I said right then, 'I know I've got to come back,' "Breland said.

Starling, 28, proved to have stronger punches than Breland. who had an advantage on reach.

"I knew that I would get him in the late rounds," Starling said. "I knew I was stronger. Take nothing away from Breland; he's a good fighter with a good jab."

Breland, who only lost once in a 111-fight amateur career, was such a huge favorite that there was no betting line for the fight.

close attention to the dollar and if it showed signs of stabilization after last week's slide, the stock market could move higher.

The dollar was lower in early morning New York trading compared with its levels in London. But foreign exchange traders said the Bank of Japan's intervention on behalf of the dollar would make currency dealers cautious about selling the dollar aggressively.

The market extended its record-breaking advance last week, sending the Dow Jones industrial average through 2700 and other market indexes to new highs. Dennis Jarrett, technical analyst at Kidder Peabody & Co., said both the dollar and oil prices were likely to rally,

### **Dollar Continues Slide** Gold, Silver Both Down

The dollar continued its weeklong slide on major world estimated at \$50 million to \$100 money markets Friday despite million, a dealer at Daiwa Bank intervention by the Bank of Ltd. said. Japan to prop up the sagging U.S. currency in Tokyo. The began the day lower for the fifth price of gold moved lower.

In the Far East, Japanese Prime Minister Yasuhiro Nakasone indicated that Japan would intervene to prevent erratic rate fluctuations.

The Central Bank reported the dollar closed at 143 yen, down 0.75 from Thursday. The dollar has fallen 7.10 yen since it began losing ground against the

Income Up

\$5.4 billion to hit a \$2.205 trillion annual rate in July. Gains in service industries provided much of the increased payroll, while most of the rest of the \$14.3 billion rise in personal income came from increased Social Security benefits, income on interest-bearing deposits and in subsidy payments to farmers.

Personal tax and non-tax payments hit an annual rate of \$560.8 billion, up \$2.4 billion from June. Disposable personal income - what's left after taxes - increased \$11.9 billion in July for an annual rate of \$3.177

The 0.4 percent increase in disposable personal income follows a revised 0.2 percent decline in June.

### July Personal

WASHINGTON (UPI) - Amer-Icans' personal income rose 0.4 percent in July both before and after taxes, while consumer spending jumped 0.9 percent for a second straight month, the Commerce Department said

The 0.4 percent rise in personal income works out to a seasonally adjusted annual rate of \$3.738 trillion if every month were like July, the government said.

The July increase was the best since April and follows revised 0.3 percent increases in May and 30 Indus 2704.24 off 5.26 June. The Commerce Depart-Trans 1086.01 off 0.66 ment previously figured those as 15 Utils 209.28 off 1.30 0.5 percent gains.

Wages and salaries increased

# .Grants

Continued from page 1A

a strong recommendation for them." Major findings of the study include:

 During peak demand periods, existing parking space deficiencies in the First Street commercial area can be compensated for by parking on adjacent blocks, assuming slightly longer walking distances.

 More than 70 percent of downtown trips were for short shopping or personal business purposes. Therefore, the existing two-hour parking limit on First Street should be reduced to one

 Eventually the intersection of Sanford Avenue and Second Street should be signalized with interconnection to the signal at Sanford Avenue and First Street.

 Eventually, the three signals on First Street should be interconnected.

 A 442-parking space deficiency is predicted for downtown areas east of Park Avenue. Three options to meet this demand are: provide new parking areas, require development to provide sufficient parking, a combination of the two. Financial alternatives to implement a

parking management system include parking meters, special tax assessment, parking impact

· Expansion of the courthouse parking lot by closing Hood Avenue would gain as many as 90

 Blocks bounded by Second Street, Third Street, Oak Avenue and Sanford Avenue could be targets for land acquisition for parking spaces.

 The city should reduce the 10-foot by 20-foot parking stall requirement to a 8.5-foot or 9-foot by 18 foot requirement.

· Improved signs on First Street, French Avenue and Interstate 4 should direct traffic to city and county facilities in a more efficient

 Update the parking study at five-year intervals.

Other items on tonight's agenda include continuation of discussion of Seminole County's objection to a recent city annexation and discussion of the county's imposition of transportation impact fees and the city's resulting six-month moratorium on the fees within the city

### ...Convoy

#### Continued from page 1A

IRNA initially reported that a U.S. warship was believed to have been damaged when the chopper crashed Saturday and that rescue workers had recovered five bodies.

Later, however, IRNA quoted an Iranian navy commander as saying, "The degree of accuracy of the incident and its details are being investigated by the navy."

Shipping sources said they suspect Iranian radio operators have been interfering with VHF channel 16, which is used by gulf shipping for distress calls. The Iranian operators issued false distress calls and broadcast Iranian propaganda on the channel, the sources said.

The United States and shippers have accused Iran of sowing mines throughout international waters in the gulf, but Tehran has said it has only mined its ports as a defense againt U.S. attack.

Rear Adm. Harold J. Bernsen, commander of the Navy's 10-ship Middle East force operating in the gulf, said Saturday that in the first week of operations the Sea Stallions spotted only one suspected mine, off the United Arab Emirates. but the sighting was not confirmed.

The re-flagging operation started last month. In all, at least 11 tankers - half of Kuwatt's national fleet - will be re-flagged. Kuwait asked the United States and Soviet Union for assistance after a series of Iranian attacks on Kuwaiti

Rep. Steven Solarz, D-N.Y., was quoted by The Washington Post today as saying Kuwait is

preparing to charter two American tankers that would also be under U.S. protection and that Britain is considering placing its flags on two Kuwaiti tankers.

Solarz, chairman of the House Foreign Affairs subcommittee on Near Eastern and South Asian affairs, is on a tour of the Persian Gulf, the Post

Iranian Deputy Foreign Minister Mohammad Jawan Larijani charged Sunday that America's "huge armada" in the Persian Gulf has jeopardized freedom of navigation and peace and stability in the region.

Larijani told NBC's "Meet the Press" that the "de facto cease-fire" between Iran and Iraq in the so-called tanker war in the gulf is not the result of the beefed up U.S. presence in the region, but came about when Iran quit firing on Iraqi tankers after Iraq honored a U.S. request to cease firing on Iranian tankers.

"I don't think the American presence brought this de facto cease-fire," he said. "Contrary to that, at this moment the American presence over there is adding fuel in a very volatile situation."

Larijani said he plans to tell U.N. Secretary General Perez de Cuellar today that Iran "will be cooperative with any genuine effort" to end the nearly 7-year-old Iran-Iraq war, but implied an "unfortunate" U.N. Security Council resolution is not such an effort.

Assistant Secretary of State Richard Murphy characterized Larijani's remarks as "a negative response" to the U.N. resolution calling for a cease-fire in the gulf conflict.

Murphy said the increasing U.S. military presence in the gulf - now 41 ships - will continue "as long as it is needed" but the commitment is not open-ended.

# Landing Gear Inspected

ST. LOUIS (UPI) - Workers an out-of-the way area at the determining the cause of a landing gear malfunction on a TWA jetliner that forced an emergency landing at Scott Air\_ Force Base, an airline official

Ten of the 181 people aboard suffered minor injuries while leaving the plane Saturday, after pilot Philip Calahan of Malvern, Pa., made a precarious threepoint landing Saturday on the left landing gear. The nose wheel and the right engine dragged along the ground for about 300 yards, during the maneuver.

The plane has been towed to

en route from Montreal to San Francisco. Officials were still trying to discover the cause of the engine maifunction.

Meanwhile, a Midway Airlines DC-9 was forced to return to Midway Airport on Chicago's south side Saturday when it difficulty with its landing gear. The plane took off from Midway bound for Minneapolis at 1 p.m. and could not raise its landing gear, fire officials said. The plane returned to Midway safely within 15 minutes. It was carrying 53 passengers and six crew members, Midway Airline spokeswoman Sandra Allen

# Mining House Offers Talks

JOHANNESBURG, South killed by non-strikers and a tear gas to force them out of Africa (UPI) - South Africa's largest mining house today made its first offer to begin unconditional talks in the nation's 2-week-old black miners' strike amid reports three strikers were killed in clashes with armed mine security guards.

"We repeat our appeal to the NUM (National Union of Mineworkers) to come back to the table and resume talks," said Bobby Godsell, chief negotiator for the Anglo American Corp.
Anglo American today fired

7,000 men from its Western Holdings gold mine, bringing to at least 18,000 the number of miners dismissed since the strike began Aug. 9. Another 9,000 face similar work-or-befired ultimatums at other Anglo American mines.

With the death toll now at six since the strike's start, Godsell urged the union to resume wage negotiations and dropped a pre-Vious demand that only benefits

not wages — be discussed.
"We call on them to come back before more people die. From our position, we are not setting conditions. We are saying let's come back and talk. The industry desires to talk," he told a news conference in Johannesburg at the start of the

strike's third week. A black miners' union official said one striker died and 13 others were wounded early today by private security guards armed with shotguns, rubber bullets and tear gas at the Anglo American Corp.'s President Steyn gold mine.

An Anglo American spokesman said a striker was

### HOSPITAL **NOTES**

number of men were wounded when mine security forces moved in to separate the warring Johannesburg Consolidated

investments group said in a statement two men were killed in two separate battles with private security forces at the Western Areas gold mine.

The work stoppage, involving about 330,000 members of the black National Union of Mineworkers, is the longest and largest black workers' strike in South Africa. The union called the strike to press demands for a 30 percent wage increase.

One man was killed and 14 wounded Saturday night and a second man died Sunday in a clash involving strikers, mine security forces and "disgruntled workers who had become thoroughly frustrated at attempts to prevent them from working." the JCl statement

NUM officials reported another clash Sunday evening at the Kinross gold mine, scene of the world's worst gold mine accident last October in which 177 men died.

Anglo American spokesman Paul Clothier said 3,000 men obeyed a morning deadline today at the Saalplaas gold mine to return to work, but 6,000 others face a similar work-or-be-fired ultimatum at the Vaal Reefs gold mine and 3,000 men have until this evening to report for work at

two company collieries.

Anglo American employs about 40 percent of the nation's 550,000 black miners.

The General Mining Corporation, or Gencor, has warned 24.000 strikers they will be disciplined if they do not return to work this week.

"We might begin to see wide-scale mass dismissals this week," NUM sookesman Marcel Golding said Sunday. "But we think we can hold the strike together."

Today, Golding said violence crupted about 4 a.m. at the President Steyn gold mine.

"At this stage, we gather that one man was killed and 13 were badly hurt by security, who used beings."

their rooms and then shot at them with shotguns and rubber bullets," he said.

Grayton Mangisa told United Press International in a telephone call that he and other strikers were forced from their 16-bed room when security forces fired tear gas through a window. He said they were fired at with rubber bullets and were beaten with gun butts by white security guards.

The violence in the 15-day-old strike has escalated sharply since mine owners began issuing ultimatums last week.

Two non-strikers were attacked in the first week of the strike. A third man was killed at the Libanon gold mine last week when drugged miners, who thought they had been made invincible by a witch doctor, attacked mine security guards.

About 350 miners have been injured by police and mine security forces and about 200 have been arrested or detained without charge. Independent analysts estimate

the stoppage has cost the mining industry about \$90 million and workers \$27 million to \$40 million in wages. It has partially crippled South Africa's most important in-

ates about \$14 billion in export earnings. In Cape Town, Jay Naidoo, leader of the umbrella Congress of South African Trade Unions. told about 5,000 supporters at an anti-government rally the

Monday, Aug. 24, 1987-18

**DEAR ABBY:** Thank you for referring to whistling as "a joyful sound." I was shocked and dismayed at the number of readers who hated whistling. The complainers might be interested in knowing that many people who are renowned in other musical art forms are also whistlers.

For example, Patrice Munsell studied whistling as a child. She gave a whistling recital when she was 12, and at 14 it occurred to her that she might be able to sing as well as she could whistle.

fine whistler. He whistles his operatic scores to "warm up" before appearances.

1, too, am a whistler. There are many of us far less renowned who take whistling very seriously, and devote many hours of practice to whistling. We also invest a great deal of time and money to travel to distant locations to perform for people who appreciate superb whistling, and to promote whistling as an art form.

For your readers who want to whistle with the "whisting greats" or hear great whistlers perform, there are two large whistling conventions and competitions held annually: the National Whistlers Convention in Louisburg, N.C., in April, and the International Whistle-Off in

Carson City, Nev., in August. I love to whistle and have been whistling since I was 5. My favorite composer is Puccini.

JEANNE E. HUM,

Luciano Pavarotti is another

Dear Abby

PALOS VERDES, CALIF. P.S. Yes, my name really is "Hum." My slogan is "Hum whistles."

DEAR ABBY: With the recent concern about AIDS, I need to know the answer to this question: We women can use our common sense when choosing to have a heterosexual affair, but how do we tell the difference when it comes to a bisexual man? They are very difficult to recognize.

What are the signs to look for? Are there some specific behavioral patterns? How can one tell the difference between a homosexual and a bisexual man? Thank you.

DEAR NO NAME: I sought the advice of renowned psychoanalyst Dr. Judd Marmor. who has long been my chief psychiatric consultant. He said: "There is no consistent or dependable way to distinguish bisexual persons from heterosexual ones. They do not necessarily look different, or behave differently.

"There is, however, one difference between bisexual and

exclusively homosexual males. Exclusively homosexual men are usually unable or uninterested in responding sexually to a woman.

"Before a woman becomes seriously involved with a man, she should know him well enough and intimately enough to develop the kind of mutual honesty that will bring sexual patterns out into the open.

In other words (mine): You will have to take your partner's word for it. And if you can't believe him, you have no business being in bed with him.

DEAR READERS: 1 don't know whether round robin letters qualify as "correspondence" in the "Guinness Book of World Records," but according to assistant editor Cyd Smith, the longest sustained correspondence on record to date is one of 75 years - from Nov. 11, 1904, between Mrs. Ida McDougall of Tasmania-Australia, and Miss R. Norton of Sevenoaks, Kent, England, until Mrs. McDougall's death on Dec. 24, 1979.

Another fascinating entry in the "Guinness Book of World Records": The shortest literary correspondence on record was between Victor Marie Hugo and his publisher. Hurst and Blackett, in 1862: The author, who was on holiday and eager to know how his new novel "Les Miserables" was selling, sent the following message to his publisher: "?"

The succinct reply: "!"

### Scholarship Recipient Attends Environmental Confab

Joel Frye, center, was presented a scholarship by the Garden Club of Sanford Inc. to attend the 15th Annual SEEK (Save the Earth's Environment through Knowledge) Youth Conference held this month at Marineland, St. Augustine. Shown with Frye are Mrs. Dursie Ekman, left, president of the Florida Federation of Garden Clubs, and

Mrs. N. Wayne Allen, right, SEEK '87 chairman. Frye was one of the 70 environmentally concerned high school students attending the conference that focused on current critical problems facing the Florida coast line. Frye is the son of Mrs. Nancy Frye and the grandson of Jeanette and Mike B. Dunn of Sanford.

# Choir Needs Singers

The Celebration Choir, formed early in 1987 specifically for the Martin Luther King Jr. celebration in Sanford, is in rehearsal preparing for a concert at Seminole Community College on Oct. 11.

This unique group is made up of singers from the local area who share the bond of music of all kinds. Singers who are inter; ested in joining the Celebration Choir may do so no later than Sept. 8. No auditions are required and rehearsals are held every Tuesday at 7:30 p.m. at Good Shepherd Lutheran Church, 2817 Orlando Drive, Sanford.

In their performance at the Fine Arts Auditorium at, Seminole Community College, the group will sing both religious and secular numbers as well as some very moving spirituals.

Additional information may be obtained by contacting Irene K. Brown, president of the choir or Mrs. Mary Whitehurst, director.

# Modern Cystic Fibrosis Treatment Prolongs Life

DEAR DR. GOTT - I am 14 children your age have nothing and have cystic fibrosis. I would more pressing to worry about like to know what my life expectancy is in this day and age. Are the scientists close to discovering the cure for this disease?

valuation for the contraction of the contraction of

DEAR READER - Cystic fibrosis, an inherited disorder that causes particularly thick secretions from mucus glands, has been termed the most lethal genetic disease of white Americans. In older children and adults, cystic fibrosis causes plugging of the bronchial passageways, resulting in chronic lung infections, emphysema and respiratory insufficiency. The condition also causes intestinal disturbances because of pancreatic disease and deficient digestion.

In previous years, more than 50 percent of cystic fibrosis patients died of pulmonary complications before age 20. Today, thanks in part to the Cystic Fibrosis Foundation and the National Institutes of Health. special hospital units are available and more patients are living

There has been little recent change in the medical treatment of the disease. Therapy still includes special exercises to aid breathing and expel mucus, bronchodilator medicines to widen air passages, antibiotics to combat infection, additional oxygen to reduce breathlessness, and cortisone drugs to block swelling and irritation of lung tissue. You can obtain more information from the Cystic Fibrosis Foundation, 6000 Executive Blvd., Rockville, MD

Most experts agree that cystic fibrosis patients can obtain most effective care in a specialized setting where the staff is experienced in managing problems associated with the disease.

To my knowledge, no imminent breakthrough in cystic fibrosis treatment is likely. Many

than what to wear to school. I admire your courage in addressing your health problem in such

an adult manner. Dr. Gott's new Health Report on ALZHEIMER'S DISEASE discusses symptoms, manage-

### WIN AT BRIDGE

By James Jacoby

clarer would score up the heart slam with an overtrick. He would win dummy's ace of spades, draw trumps and then play on clubs. If the club jack came down, he could throw his spade loser on the fourth club and take a diamond finesse for 13 tricks. But the experienced player knows that there are not that many good days at the bridge table. Forget the overtrick, but look for the best percentage play to get your 12 tricks.

After a little study, even the novice knows about elimination plays. You draw trumps, eliminate a suit or two, and then put one of the defenders on lead so that anything he plays for you will be helpful. It's easy to set up

such a play when you have On a good day, today's de-arer would score up the heart ble to set up a partial elimination, and that's the secret of success with the current deal.

Declarer should win dummy's ace of spades, play a heart back to his 10 and another heart to dummy's queen. That leaves a trump still outstanding with the defenders. Now let declarer play a second spade. West wins the queen, and since he does not have a trump to play, he must either continue spades, allowing declarer to trump in dummy while discarding a loser from his hand, or lead a minor-suit card, which will assure 12 tricks another way. Notice that de-clarer had nothing to lose with this play - it simply gave him a sure shot whenever West started with only two hearts.

### **HOROSCOPE**

### **What The Day** Will Bring...

By Bernice Bede Osol YOUR BIRTHDAY **AUGUST 25, 1987** 

In the year ahead, there will be obstacles on your path to success that will prove to be character builders. They'll awaken your determination and ambition, which will lead you to victory.

VIRGO (Aug. 23-Sept. 22) Unruly youngsters could easily push your patience beyond its limits today. Deal with them firmly, but not with too heavy a hand. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker set instantly reveals which signs are romantically perfect for you. Mail \$2 to Matchmaker, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428.

LIBRA (Sept. 23-Oct. 23) Don't let a past misunderstanding that should have been long forgotten affect the manner with which you deal with an old

by T.K. Ryan

acquaintance today. Be forgiv-

SCORPIO (Oct. 24-Nov. 22) Be content with your circumstances at this time. Don't be too concerned that another has more. The grass really isn't that much greener in the other person's backyard.

SAGITTARIUS (Nov. 23-Dec. 21) Self-doubts will severely restrict your chances for success today. Don't write yourself off before you have fired your best

CAPRICORN (Dec. 22-Jan. 19) Be a good listener today, and don't jump to conclusions. Otherwise, you may get mad at someone for saying something where there was no ill-will intended.

AQUARIUS (Jan. 20-Feb. 19) Avoid a friend of yours who is always willing to share what you have, but never shares in turn. This person's behavior could anger you more than ever today.

PISCES (Feb. 20-March 20) You'll do OK today, as long as you don't run into serious opposition. Should the going get tough, you may start looking for

an easy way out.

ARIES (March 21-April 19) Don't ask someone else to do something for you today that you dislike doing yourself. This person is apt to give the same answer you'd give him or her.
TAURUS (April 20-May 20) It

could prove unwise to poke your nose in where it doesn't belong today. Don't let your curiosity create unnecessary complica-

GEMINI (May 21-June 20) It will be difficult to maintain harmony on the home front today if either you or your mate bring up an old issue that always fosters disagreements.

CANCER (June 21-July 22) Mental tasks could cause you problems today. Be sure to give mind-bogglers your total attention, free from any outside influ-

LEO (July 23-Aug. 22) This is not a particularly good day to go shopping. You may pay more for something than it's worth, or buy things that you'll never use.
