Korean War

(Continued From Page One) aimed at any specific target. Reports indicated only a small number were fired. Eighth Army officers refused to say whether they could have been launched from a Communist plane. At least one rocket was identified definitely as being of the size used by the Red army against the Germans...

The Allies have used rockets frequently in the Korean war, primarily to blanket an area which infantrymen are going to attack. Monday's jet air battle ranged from altitudes of 40,000 feet down to tree-top level. The Allied warplanes were led into battle by Col. Francis Gabreski, America's top ace. "It was one of the most ferocious air battles I have ever seen," said Gabreski, a veteran of aerial warfare against the German Luftwaffe in World War II...

Cease Fire Talks

(Continued From Page One) and around a group of stone houses. The talks were about three-quarters of a mile from the site of the suspended armistice talks. The investigators said the bullets appeared to have been fired from several directions and at different angles. This would conflict, they said, with the Red assertion that the plane made on pass over the house. When the investigation was completed, the senior Allied officer refused a Communist demand for a reply to the charge. Col. Don Darrow, Air Force officer from Tacoma, Wash., told the senior Red liaison officer, Col. Chang, that the evidence would be studied further. He said he would report his findings to Gen. Matthew B. Ridgway, supreme Allied commander, and Vice Adm. C. Turner Joy, chief U. N. negotiator...

## UN Command Admits One Of Its Planes Raked Kaesong Zone

### Strafing Is Called Mistake By Pilot; Savage Hill Fight Resumed At Front

**TOKYO, Sept. 11.—(AP)—**The United Nations command admitted tonight that one of its planes strafed the Kaesong neutral zone by mistake yesterday.

The Reds charged that the plane raked the site of the suspended Korean armistice talks before dawn Monday.

The headquarters of the Supreme Allied Commander, Gen. Matthew B. Ridgway, said Vice Adm. G. Turner Joy, chief Allied negotiator at the truce talks, will send his Communist counterpart this message tomorrow morning:

"The United Nations command regrets this violation of the agreed neutrality which resulted from the pilot's error in navigation. Appropriate disciplinary action is being initiated."

Allied reply notes that no casualties were inflicted and only slight damage was caused.

This is the first time the U.N. command has admitted any basis to Red charges of neutrality zone violation. The strafing charge (Continued on Page Six)

### Korean Red Tanks In New Battle

**YUSHI-TYPE TANKS** appear on the west Korean front (1) for the first time since last winter. In the surprise Red action, one United Nations unit was cut off but Allied planes blasted the tank concentration 35 miles north of Seoul and only a few miles above Kaesong (2), headquarters of the future truce talks. On the east-central front (3), the American Second Division consolidated its position on the heights of Bloody Ridge.

## Morrison Is Named Circulation Mgr. Of Sanford Herald

Charles Morrison, well known Sanford civic and religious leader, has been appointed circulation manager of the Sanford Herald.

R. L. Dean, president of the company, announced today.

It has long been our desire to improve the service which we have been able to render our subscribers in this county," Mr. Dean said. "It is our hope that we will be able to secure the services of a manager of Mr. Morrison's experience and ability for the direction of this work."

Mr. Morrison came to Sanford in 1938 as manager of the Ritz Theater from Tampa where he had been manager of the Seminole Park and Victory Theaters and Tampa and Orlando, where he is on Scout Commissioner of the Gulf Breeze Council.

Recently he has been connected with the New York Giants, both as a coach and as a manager of the Farm Training Base at the Naval Air Station site and as business manager of the Sanford baseball club.

It is well known in tennis circles throughout the state and is often called upon to umpire exhibition matches by top flight tennis stars in Jacksonville, Tampa and Orlando.

Mr. Morrison is a member of the National Tennis Umpires Association in this part of the state qualified for this work.

This week with church choir and other singing groups in Central Florida is well known as he has been conference song leader (Continued on Page Four)

## Three Arrested In New York City Armed Conspiracy

**NEW YORK, Sept. 11.—(AP)—**Three men were charged with homicide and arson today after a city detective and an alleged "trench" died in a million-dollar explosion and fire. One of those arrested was a clothing manufacturer, allegedly seeking to collect insurance. The detective died as he pursued the trail of an arson plot that backfired last night into an inferno which wrecked a nine-story loft building.

## Ganas, Fleming Are Speakers At Lions Club Meet

Seminole High School line coach, Fred Ganas, today invited members of the Lions Club to attend the initial night practice session of the football team Friday night at 7:30 o'clock at the school field.

He was introduced by Principal Herman E. Morris, who also called upon Bill Fleming, coach of the football team, and Coach Ganas, who is in charge of the team.

Coach Fleming said that his backs have good spirit, and although the backs are light, they are fast. Among backs mentioned were Ed Gordon, Junior Metts, Ray Davis and Chester Harper.

Mike Whelch revealed that the line is heavy with two tackles weighing more than 200 pounds, guards up to 180 pounds and fast 175 pound ends. Ed Gordon stated that the backs have good spirit, are fast and shifty. Mr. Morris revealed that the team had been strengthened by four boys who had recently moved here.

Mr. Cawley stated that the band is now up to 60 members and stressed the fact that aside from music, the students learn good citizenship and co-ordination in the band. They learn to get in step and keep in line, he said.

King Lion Carlton stated that the Lions will do all they can to aid the school team and band. He announced that the next meeting of the club will be Tuesday night at 7:30 o'clock when a dinner and some meeting will be held at the Yacht Club. About 30 Lions from the district are expected.

## Indictments Called Attempt To Intim- idate Newspapers

**WASHINGTON, Sept. 11.—(AP)—**Senator Kefauver (D-Tenn.) today asked the Justice Department to investigate the indictment of five newsmen and three civic leaders in Louisiana on charges of "defaming" gamblers and public officials.

The former chairman of the Senate Crime Investigating Committee, in a letter to Attorney General McGrath, said the Louisiana case appears to be "a flagrant attempt to intimidate the press."

Kefauver said Senators Tobey (R-N.Y.) and Hunt (D-Wyo.) had joined him in making the request (Continued on Page Six)

## Big Bass Catch

Theo Pate and H. D. Longwell of the Sanford Farmers Market pulled a 50 pound string of bass out of the St. Johns this morning.

Largest of the bass appeared to be six pounds or better while the smallest didn't look less than two.

The pair caught their limit in less than three hours.

They eagerly refused to reveal the exact location of their haul but admitted that it was on artificial bait somewhere near Lake Jessup.

Longwell said it was the second time this year he had made a good catch and remembered sadly that he had once been able to get such a string in the morning and go back for another in the afternoon.

## More Steel Needed Now, Says Wilson

### Defense Mobilizer Is Shocked At Winter Production Fore- cast By Industry

**WASHINGTON, Sept. 11.—(AP)—**Defense Mobilizer Charles E. Wilson, declaring himself "shocked" at this winter's steel prospects, today rejected the steel industry's production forecast and demanded at least a million-ton increase in the first quarter of 1952.

Wilson was referring to the 2,000,000 tons in the second quarter of next year—plus stepped-up scrap collection to make it possible—and asserted:

"This is simply a question of the security of America."

He told a meeting of scrap experts from industry and government that the mobilization program "cannot wait" for the steel industry to attain its goals in some future quarter a year or two hence.

"If any of you, and any doubts that we cannot deal with the Russians from any position but one of might, those doubts must have been dissipated by what happened at San Francisco," Wilson said.

There was nothing consolatory in industry's words or actions, Wilson was referring to the efforts to block the signing of a peace treaty with Japan at the San Francisco Conference last week.

The Mobilization Chief called for the collection of 20,000,000 tons of scrap to feed into steel production this winter to prevent a shortage for both military and (Continued on Page Six)

### United States Signs Japanese Peace Treaty

In behalf of the United States, Secretary of State Dean Acheson signs the Japanese peace treaty in San Francisco with a great wave of applause. Watching the historic ceremony are members of the American delegation. They are (l. to r.): John H. Johnson, U.S. Representative; Vice Adm. James H. Doolittle, U.S. Navy; John Foster Dulles, U.S. Secretary of State; and Sen. H. Alexander Smith, International (Continued on Page Six)

## Butner Asks County Commission For Reapportionment Of Districts

**SEMINOLE COUNTY COMMISSIONERS** are not likely to agree to population as required by the state Constitution of 1951, said today by Leo Butner, prominent local lawyer.

Mr. Butner is head of a committee of the Seminole County Farm Bureau which was founded by the Bureau several years ago for the purpose of promoting the reapportionment of the state's 13 congressional districts. He declared, and pointed out that in No. 1 district, the population is more than 100,000, that in No. 13, it is only 10,000.

The Florida Constitution, which, after the first census, shall be held in 1951, shall be amended to require that the population of each district shall be as nearly as practicable equal to population.

According to Mr. Butner, the five congressional districts are at present apportioned as follows: No. 1, H. B. Pope, 100,000; No. 2, J. E. McPherson, 100,000; No. 3, J. E. McPherson, 100,000; No. 4, J. E. McPherson, 100,000; No. 5, J. E. McPherson, 100,000; No. 6, J. E. McPherson, 100,000; No. 7, J. E. McPherson, 100,000; No. 8, J. E. McPherson, 100,000; No. 9, J. E. McPherson, 100,000; No. 10, J. E. McPherson, 100,000; No. 11, J. E. McPherson, 100,000; No. 12, J. E. McPherson, 100,000; No. 13, J. E. McPherson, 100,000.

Mr. Butner said that the reapportionment of the state's 13 congressional districts is a matter of great importance to the people of Florida and that he is sure that the county commission will take prompt action to correct the present unequal apportionment.

## Bell Telephone Co. Seeks Site For Building

**P. H. DAVIS**, a representative of the Bell Telephone Company, is seeking a site for a new building to be erected in Sanford. The building is to be used for the company's telephone exchange and will be one of the largest buildings in the city.

Mr. Davis said that the company has been in Sanford for many years and that it is now planning to expand its operations. The new building will be a modern structure with all the latest facilities and will be a credit to the city.

The site for the building is still to be determined and Mr. Davis is currently looking for a suitable location. He said that the company is willing to pay a reasonable price for the site and that he is sure that the city will be pleased to have such a large building in Sanford.

## State Rests Its Case In Trial Of A. Elwood North

**BARTOW, Sept. 11.—(AP)—**The State rested its case shortly before noon today against A. Elwood North, accused of beating and choking Mrs. Betty Albritton to death.

The State closed out its evidence with testimony from two investigators that North told them he did not benefit by the will of the 67-year-old widow.

The State had introduced as evidence the will which gave the bequeathed undertaker, 25, all of his \$25,000 estate and provided that he be named guardian for her son, Henry, 17.

The two men who investigated the death of Mrs. Albritton were Deputy Sheriff Ralph Rogers and Neil Kren, special investigator for State Attorney Rex Farver of Tampa.

Both men related North told them during the investigation he had read the will and knew what (Continued on Page Six)

## High Court Rules Lauderdale Must Keep Road Taxes

**TALLAHASSEE, Sept. 11.—(AP)—**The U. S. Supreme Court today ruled that Lauderdale County must keep road taxes.

The court's decision was a victory for the county and a setback for the state. The state had argued that the county's road taxes were unconstitutional and that the county should be required to use the state's road fund.

The court ruled that the county's road taxes were a valid exercise of its power and that the state's road fund was not intended to replace local road taxes.

The decision is expected to have a significant impact on road funding in Florida and may lead to other similar cases in the future.

## Old Age Doesn't Curtail Active Political Interest, Says Doctor

**ST. LOUIS, Sept. 11.—(AP)—**College-bred old people maintain an interest in politics long after age has curtailed certain other activities, a Syracuse University psychologist said today.

Dr. Raymond G. Kuhlen said that when such folks reach the early forties they attain their peak of participation in local community activities—and thereafter taper off.

But he said their "political activities"—such as voting, reading, discussing politics and "sending telegrams"—tend to increase until about age 60 and are maintained until very old age before any decline is apparent.

The psychologist made the report to the second International Geriatrics Congress. He told of studies conducted among college graduates and said the findings would not necessarily hold for old people in general.

In an address to the Congress, (Continued on Page Two)

## Children's Theatre

**CHILDREN'S THEATRE** of the ages of 7 and 14 who are interested in becoming members of the newly organized Children's Playtime Theatre, are asked to be at the Junior High School Building, Thursday, at 3:30 P. M., the Director of the Children's Theatre, Mrs. J. G. Patterson, who organized and directed the Children's Playtime Theatre in Gainesville, announced today.

Members will be able to choose between singing, dancing, acting and technical training. The first production this fall will be the loved Children's Classic "Hansel and Gretel" by Margaret Ann Habard.

**MOVIELAND:** "September Affair" 7:28-9:18

### Robinson Favored To Hand Turpin A Licking In Middleweight Clash

NEW YORK, Sept. 11—(AP)— Strong betting support for Middleweight Champion Randy Turpin has dropped the odds favoring Ray Robinson down to 9 to 5 today in a very brisk betting market. The price may even fall to 7 to 5.

But if you ask the guys in the fight mob— boxers, trainers and managers— you'll find them split wide apart on the outcome. And most of them believe the 23-year-old Briton should be no worse than even money against Sugar Ray in their 15-round return title bout at the Polo Grounds tomorrow night.

The arguments for both the Champ and the ex-Champ rage through the night when the boys gather over their coffee in the Broadway spots.

But there seems to be a general opinion on one thing— that the 31-year-old Harlem dandy had better nail Randy within the first six rounds. Even the pro-Robinson crowd concedes that the methodical invader is apt to climb all over Sugar Ray if the bout goes beyond six heats.

The pro-Turpin following is strongest among those who have seen Randy fight in England. It includes Trainer-Manager Ray Arceel, Promoter Johnny Attell, and

Manager Bill Daly.

"He's strong as an ox," said Arceel, who took Tommy Yarus to London to box Randy last December. The Pittsburgh light-heavy was disqualified in the eighth round for holding.

"Tommy told me during the fight that he couldn't hold off the guy," said Arceel. "Tommy said that he hit hard and always got his muscular arms in the way of his punches."

"Robinson has got to get him quick," said Arceel, "because that guy is never going to let up on him."

Marshall Miles, manager of Joe Louis, and two ex-middleweight champions, Rocky Graziano and Jake La Motta all favor Robinson. "Robinson's got pride, lots of pride," said Jake. "He wants that title back in the worst way. He'll win."

Graziano, who saw the movies of the first fight, said "Geez, Robinson ain't gonna be that bad

again. He'll stiffen the Englishman."

Another manager, Jack Curley, declared "It's gotta be Robinson. He's got too much class for that strong guy. Who'd Turpin ever beat, anyhow?"

"Robinson" was the simultaneous reply from Arceel, Attell and Daly.

The discussions are going on elsewhere, too, and the box office is booming like a new oil town surrounded by pushers.

The International Boxing Club already has taken in over \$125,000 and the fight shapes up as a \$600,000 combat. The Polo ground can seat 55,000 for the fight with 15,000 of the chairs in the 190 field ring-side section.

Choice seats in the first ten ringside rows are being peddled for \$75 and \$100 a copy by some speculators.

One reason for the drop in the odds from 12 to 5 to 9 to 5 and now 9 to 5, was a package of English money. It began to show in the last couple of days. What adds up to it is that some shrewd bettors may make a "blitz" with out much risk. Their risk is collected from fast-moving, illegal bookies here.

In England, Robinson had been only a slight favorite, by about 6 1/2 to 5. In the U. S. he had been 12 to 5. The English boys and some others, the report goes, bet heavily on Robinson at the 6 1/2 to 5 odds with the legal bookmakers in the British Isles.

Having got down some plump bets on Sugar Ray in England, the sharpies then bet his money here on Turpin, getting 12 to 5 odds. Thus they can lose and stand a chance to clean up.

Meanwhile, the fighters themselves took things easy yesterday. Both tapered off with a light exercise. They will break camp today. Randy will leave Crossinger, N. Y., about noon for New York. He plans to take in a movie during the afternoon.

Robinson will depart from Pompton Lakes, N. J., for his mother's home in New York. He will stay there overnight and go from there to the noon weigh-in Wednesday at the State Athletic Commission Offices.

### DeLand Red Hats Whip Palatka 7-4 In Playoff Game

DELAND, Sept. 11—(AP)— The DeLand Red Hats scored seven runs here last night in the first two innings and then held on to defeat the Palatka Azaleas, 7 to 4 in the first game of the Shaughnessy final playoffs between the two teams.

Tonight the two teams converge in the Azalea bowl in Palatka for the second game.

Lefty Low Davis, suffering from wildness and two Azalea errors, was forced from the mound in the first frame with only one away.

Three lane hits and an error in right gave the Hats two more runs in the second but from there out, the Red Hats pitched the run in, retired the side without further harm.

Three lane hits and an error in right gave the Hats two more runs in the second but from there out, the Red Hats pitched the run in, retired the side without further harm.

The Azaleas finally got Bob Minick off the hill in the third with some away, one run in and the lance loaded. Big Walt Jasinski came in to retire the side with two strike outs and a fly to center after one run scored on a single. The Azaleas peeked away at Jasinski to score single runs in the fourth and seventh innings.

The DeLand rookie right-hander and Minick left 17 Azaleas stranded on base which perhaps is a Florida State League record.

### Entries At Volusia County Dog Track

TONIGHT'S ENTRIES (Does not list in Post Position Order)

FIRST RACE—5/16ths Mile (First Half Daily Double)

TENTH RACE—Horse Course  
Faraway Places, Danton, Toy Danes, George, Haven Beauty, Playful Boy, Stormy Remedy, Seal Island.

### They Haven't Got A Hitter But Yankees Are Leading The League

NEW YORK, Sept. 11—(AP)— The guy was sitting there, reading the paper and shaking his head. There was a puzzled look on his face. "Them Yankees," he muttered. "How do they do it?" You looked at him, and there was a puzzled look on your face. "Do what?" you asked. And he replied: "Lead the league. How do they lead the league? Just look at these records." He put the newspaper in front of you and pointed to the baseball statistics.

"Just look at this. There isn't a Yankee among the leading hitters. Or among the home run leaders. Or double leaders. Or triplers. Or anything. It's just amazing." This made you think. The guy is right. You suddenly realized that the New York Yankees, once the most awesome batting team in baseball history, were leading the American League without a truly great hitter.

You took another look at the batting and slugging leaders. Names like Williams and Zernial and Minceo and even Fair and Fox were there, but no Yankees. No Yogi Berra's, or Joe DiMaggio's, or Johnny Mize's. Not a single Yankee.

Currently, a freckle-faced rookie is the top New York hitter. He is infielder Gil McDougald, a good but hardly spectacular batter. He is hitting .312.

The only other player over the 300 mark—the imaginary dividing line between outstanding and ordinary—is Berra, and Yogi just makes it with .303.

The rest of the team—including the great Joe DiMaggio—is below that magic .300 figure. Here's the way the regular stack up: Hank Bauer, outfield, .295; Gene Woodling, outfield, .291; Bobby Brown, third base, .281; Joe Collins, first base, .279; Phil Rizzuto, shortstop, .278; Johnny Mize, first base, .265; Joe DiMaggio, centerfield, .261; Mickey Mantle, outfield, .260; Gerry Coleman, infield, .250.

It appears as though the Yankees won't have a player who will drive in 100 runs. Berra, with 76 RBI's, is the No. 1 producer. Then comes Woodling, with 68, and DiMaggio, with 64. Nobody's close after that.

The home run situation isn't much better, although the Yanks have seven players in double figures. Again Berra is the leader, with 24 round-trippers.

Then, way back, comes Woodling (14), McDougald (12), DiMaggio (11), Mantle (11), Mize (10) and Bauer (10).

These statistics would indicate the Yanks are doing it with mifflors, or something. But statistics, like some weather reports, can be misleading.

Take Gene Woodling. He only has 14 home runs, but three of

And so on... There seems only one answer: The Yankees don't hit too hard or too often, but when they do connect, it's usually when all the big, blue chips are up for grabs.

**ARMY'S BLAIK**  
COLORADO SPRINGS, Colo., Sept. 11—(AP)— Bob Blaik, son of Army Football Coach Earl Blaik, has enrolled at Colorado College. Young Blaik, quarterback on his father's great team last season, is one of the 30 cadets ousted in the Army cribbing scandal. Blaik, a senior majoring in physics, will not be eligible for varsity sports here this year.

**IN—Forever!**  
Your home is year-round, PERMANENTLY insulated, when our men complete their work. Protection from ill- and-chills—every winter. Protection from summer's downpressing heat, in the home—for the lifetime of the house! And—all eventually paid for, in fuel-cost savings. Inquire!

**Platoon System Is Under Fire, May Be Revised**

LOS ANGELES, Sept. 11—(AP)— On the ground that the platoon system is injurious to football, the NCAA's 17-man council will recommend revision of the free substitution rule to the rules committee at the January meeting in Cincinnati.

Prof. Hugh C. Willett of the University of Southern California, NCAA president, told football writers yesterday that the council itself is unanimously opposed to the platoon system and will urge its reconsideration. He eliminated pressure elements but still protect the physical well-being of the players.

Willett said the NCAA council is aware of its impotence to impose restrictions on members unwilling to conform to a sane approach to athletics and that "unfortunately, all members are in danger of being judged by the

errors of some."

Willett said that other matters for action at the January meeting will include:  
1. A decision on live telecasting of football games if the present experimental program indicates that it is hurting gate receipts.  
2. Decision on whether TV shall protect the smaller schools not realizing TV profits but whose gates are affected by telecasts of larger schools, or whether it's to be everybody for himself in the TV race.

**ROAD-TEST IT FOR PROOF OF PERFORMANCE!**  
It's more a treat than a test, when you put a new Mercury through its paces. You never know that traffic could be tamed so easily, that hills could simply melt away! The secret? Lots of things—its husky V-type "8" engine—its low-slung design—its nimble steering. Yes, here's sweet driving, with all the thrills that makes Mercury so popular.

**BUDGET-TEST IT FOR PROOF OF VALUE!**

Does it have a down-to-earth first price? Mercury's price tag you can afford— a real dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has proved its mileage-per-gallon by winning officially sponsored economy tests.

Will upkeep stay low? Mercury engineers have engineered trouble out for extra years of money-saving dependability.

Is it famous for long life? It is indeed! 72% of all Mercurys ever built for use in the country are on the road, according to studies of the latest annual official registration figures.

**3-WAY CHOICE!** For the drive of your life! Mercury offers you a triple choice in transmission: the Mercury automatic transmission— or Betty Touch-O-Matic Overdrive— or optional electric coil. There's also the standard manual transmission.

**2-WAY TEST PROVES MERCURY BEST FOR THE BUY OF YOUR LIFE!**

Young Gil Turner Pounds Ike Williams

PHILADELPHIA, Sept. 11.—(AP)—Gil Turner looked ahead today to a possible shot at Kid Cavani's welterweight title after demonstrating that, although only 20, he can stand on equal footing with his elders in the boxing world. Young Gil proved that convincingly last night by hammering Ike Williams into helter-skelter 25 seconds before the final bell of their scheduled 10-round bout at Shibe Park. Williams weighed 144 1/2, Turner 145.

Williams, former lightweight champion, stayed with Turner through the first nine rounds and appeared to have built up a slight edge in a very even fight until the final stanza.

What are the Dollar Signs Saying?

LOOK AT THESE LOCAL DELIVERED PRICES!

Buick Special 2-Door 6-Passenger Coupe	\$2154.00
Buick Super 4-Door 6-Passenger Buick Sedan	\$2526.00
Buick Roadmaster 2-Door 6-Passenger Buick Sedan	\$3207.00

When Extra Features are Built Buick will build them

MAYBE you've noticed that dollars don't seem to talk as loud as they used to in a lot of places.

But you ought to hear what they say about this Buick.

They say here's the big thrill—big mileage—big power of a valve-in-head Fireball Engine—eight-cylinder performance at the price you'll pay for most sixes.

They say—here are size and room and comfort that are hard to match at anywhere near the price tag this Buick Special is wearing.

They say—here are such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation—not as "extras" but yours at no extra charge.

They say that "smart buy's Buick"—by a wide measure.

But a smart buyer will also let this dashing

darling speak for itself.

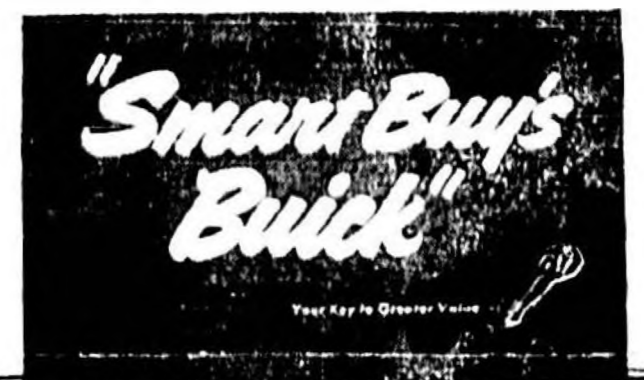

He'll take the wheel and feel how it snugs to the road on turns—holds its course on the highway with big-car assurance.

He'll touch off the power of its Fireball Engine and get firsthand the lift of its nimble response.

And he'll find out how coil springs on every wheel level out what he thought were bumpy roads.

Want to know more? How about coming in first thing tomorrow?

Approved Buick financing available. Buick will build them.

Korean War

(Continued From Page One)
was the 11th by the Reds.
The Allies have denied or ignored all previous charges.
The U. S. command statement said a plane detected by Allied radar in the Kaesong area at the time of the Red report strafing turned out to be a U. S. bomber.
The statement continued: "Continuing radar plot including a directed identification turn and subsequent transmission indicates plane was one from third bomb group. The pilot reports having strafed lights at 1:36 A.M. in what he believed to be a different area but which in view of the radar plot must have been Kaesong."

More Steel
(Continued From Page One)
Shortages of copper and aluminum are important, too, he said, but "steel is still king, and scrap is the crown prince."
Defense Production Administrator Manly Fleischmann told the meeting earlier that scrap collections may be the key to mobilization and possibly will spell the difference "between victory and defeat."

Kefauver Demand
(Continued From Page One)
for a Justice Department investigation.
McGrath's office said Kefauver's letter had not yet arrived, but added the request for an investigation would receive prompt attention.

Bartow Murder

(Continued From Page One)
was in it, North said, they testified, that he went to Wauchula with Mrs. Albritton when the will was drawn.
They testified that North declares Henry Albritton was killed all his mother's property and that he (North) "was supposed to look after Henry."
The Polk county circuit court jury which has been listening to the case since Sept. 4 has two medical theories before it as to how Mrs. Albritton met her death.

Arson Case
(Continued From Page One)
day into triple arrests after two men died in a thunderous, million-dollar blast and fire.
The victims were a city detective and one of the alleged arsonists he had trailed into a nine-story Manhattan business building last night. The structure was wrecked when 65 gallons of gasoline blew up.
