

Lookouts Defeat G-Men 6-5 For 12th Straight Win

Alexander's Single With Full Bases Cinches Tilt For Locals

Centerfielder Skeen Pounds Out Three Singles And Double To Lead Hitting Attack For Sanford Nine

In a game marked by no scoring of extra-base hits, there being four triples and two doubles, the Lookouts dished up a 6-5 win over the Gameville G-men when the local contingent journeyed there last night for the 12th straight victory of the season.

Vincent, Lookout's starting pitcher, was nipped for six hits and three runs in three and two-thirds innings. He was replaced by Joe Pinder when the G-men investigated in the top of the fifth in five and one-third innings.

The Lookout sluggers battered a succession of G-men hurlers for a total of nine hits. Starting off the evening with Clark, followed by the hit by Willis, who was in turn replaced by Childress. The local club grabbed their lead early in the first, which the G-men replied with a brace of hits in the last of the same inning. In the first of the second the Lookouts again took over the lead when they scored across two runs.

In the last of the third the G-men collected one run, and then added two more to take the lead in the last of the fifth. But, in the first of the sixth, with the bases loaded, Manager Dale Alexander changed things by blasting out a single driving in two runs, to put the game in the Lookout's hands.

Skeen, centerfielder, banged out four hits in five official trips to the plate, one of them a double, to lead hitting honors. In the last of the seventh, Manager Don Hoffman was chased from the field for complaining when McShane with the tying run, was out of the plate on an attempted double steal.

McShane, centerfielder, banged out four hits in five official trips to the plate, one of them a double, to lead hitting honors. In the last of the seventh, Manager Don Hoffman was chased from the field for complaining when McShane with the tying run, was out of the plate on an attempted double steal.

2nd-Place Islets Defeat Anglers By 13 To 7 Score

DeLand Loses To Palatka White Saints Defeat Senators

Singing a six run rally in the eighth during the Daytona League game, the Islets club lost their fourth straight game to the local Palatka Angels when the cellar nine showed across a single tally in the 11th inning to break a 7-7 deadlock.

In the other loop game at Tinker Field in Orlando, the St. Augustine Saints came from behind a 3-0 lead piled up in the early innings by the Senators to win by a score of 7 to 4.

The Saints rallied in the sixth inning and again in the ninth to score five runs and overbalance the early inning Orlando lead. Both teams collected 11 hits off opposing hurlers but the Senators were unable to combine their safeties with men on base for tallies. Four Orlando errors also contributed to the success of the Saints.

At Leesburg, the Islanders rumped on the offerings of four Angler hurlers for a total of 15 hits which were combined with four Leesburg errors for the 13 tallies. The Angler hurlers got to Shroba for 11 safeties but the Islander loser, who went the full nine inning route, kept them well scattered.

Tommy West, manager of the Islanders, led the batting attack for the second place team with five for six tries. Jerry Geigert led the Angler batters with three for five including two doubles.

The DeLand nine took an early lead over the Angels scoring three runs in the first frame and adding two more in the fourth while Palatka scored a single tally in the third. The cellar nine, retallied, however, in the fourth by pushing across six runs, for a 7 to 5 lead which the Angels held until the sixth when the Reds tied the score by scoring twice. The Reds outdid the Angels 13 to 6 but were unable to make use of their safeties.

Trammell scored the winning tally for the Angels in the 11th on an error, a sacrifice, a walk and an overthrow of first in an attempted double play.

CHALLEDON, runner-up in the Kentucky Derby last week is shown winning the Preakness May 15, with Gilded Knight coming in second.

No. 3 Team Takes 12-7 Victory In Junior Loop Fray

Winners Pile Up Early Lead Behind Ken's 4-Hit Hurling

George Kenis, Team No. 3 hurler in the Kiwanis Junior circuit, Monday afternoon set the No. 6 club down with four hits over the seven-inning route in a game at the lake shore diamond ball field, to hand them a 12-7 trouncing.

Griffin and Truluck, on the mound for the No. 6 outfit were nipped for only five hits between them over the same route.

A large first inning which netted them 10 runs gave the No. 3 club a handy winning margin.

Billy Zachry To Be Mainstay On Gator Net Squad Next Year

GAINESVILLE, May 17.—Billy Zachry, former Seminole High School athlete, is slated to be one of the mainstays of 1940 net squad for the University of Florida. A squad which will include three other vets of the 1939 team, Babe Bartlett, Orlando, Bunny Lund, Pensacola, and Lucius Merritt, Pensacola.

Two freshmen, Buddy Knight, St. Petersburg, and Clyde Higginbotham, Jacksonville, are expected to further bolster these vets when the 1940 net season gets under way here.

With a season record of 12 wins, no defeats, and one tie added to the already successful four year record of Gator net squads, the University of Florida tennis squad looked forward to team will again represent the university.

While the two members of the team who will graduate, Capt. Jim Pollard, Miami, and Ben Bridges, Tallahassee, were the most consistent winners on the squad this season, followers anticipate another successful year in 1940.

By going through the current season undefeated, the present team brought the five year Florida record to 42 wins, four losses, and one tie, with two of the defeats taking place in the first year of this streak, 1935. Of the four defeats, three have been administered by the same team, Georgia Tech.

However, this year Florida took Tech into camp by a 6-2 score. Other victories were recorded over Stetson twice, Wofford, Emory, Furman, South Carolina, Clemson, Mercer, Mississippi, United States Naval Air Station, and Auburn, a tie with Presbyterian completing the record.

After recording five successive wins in 1935, the team journeyed to Atlanta in close the season and dropped two matches by 6-3 scores, one to Emory and the other to Georgia Tech.

With eight consecutive wins chalked up the following year, the Gators again had their record marred by the Engineers, but they got past what was rapidly becoming their major "jinx" in 1937 when they defeated Tech 7-2 and finished the season with seven wins and no losses on the ledger.

Sanford Will Seek 13th Victory In Game On Local Field Tonight

Hudson To Take Hill When G-Men Repay Visit Of Lookouts

Sid Hudson, top hurler in the Florida State League, tonight goes after his seventh straight win when the Don McShane-managed G-Men come to the Municipal Athletic Field for the second game of the current series.

With a record of 12 straight victories behind them, the Lookouts, tonight will try after their 13th win in attempting to repeat their victory of last night over the protesting slugs from the university city.

Three of Hudson's six victories to date have been made via the shut out route. His latest win was the Don McShane-managed G-Men came to the Municipal Athletic Field for the second game of the current series.

Sanford Growers Elated At Result Of Vote On Canal

Chase Says Project Has No Merit Or It Would Have Passed

Those connected with the fruit and vegetable industry in Seminole County were generally elated today at the outcome of the Senate vote yesterday on a bill which would have authorized completion of the Florida ship canal.

Local growers and shippers have voiced opposition to the proposed waterway since it was first started with relief funds in 1935. Randall Chase, a leader in the fight against the canal, declared today that the "vote of the Senate shows the project has no merit."

"If it had, with all the hundreds of thousands of dollars spent for lobbying and the Administration's support, it would have certainly been approved," he said.

The farmers of Seminole County are very much elated over the canal vote, said Gus Schmah, president of the Seminole County Agriculture Association.

"The State's water supply be affected by digging the proposed canal, experts have agreed that the Sanford section would have been the first to suffer damage and we are glad this threat has been removed," Mr. Schmah said.

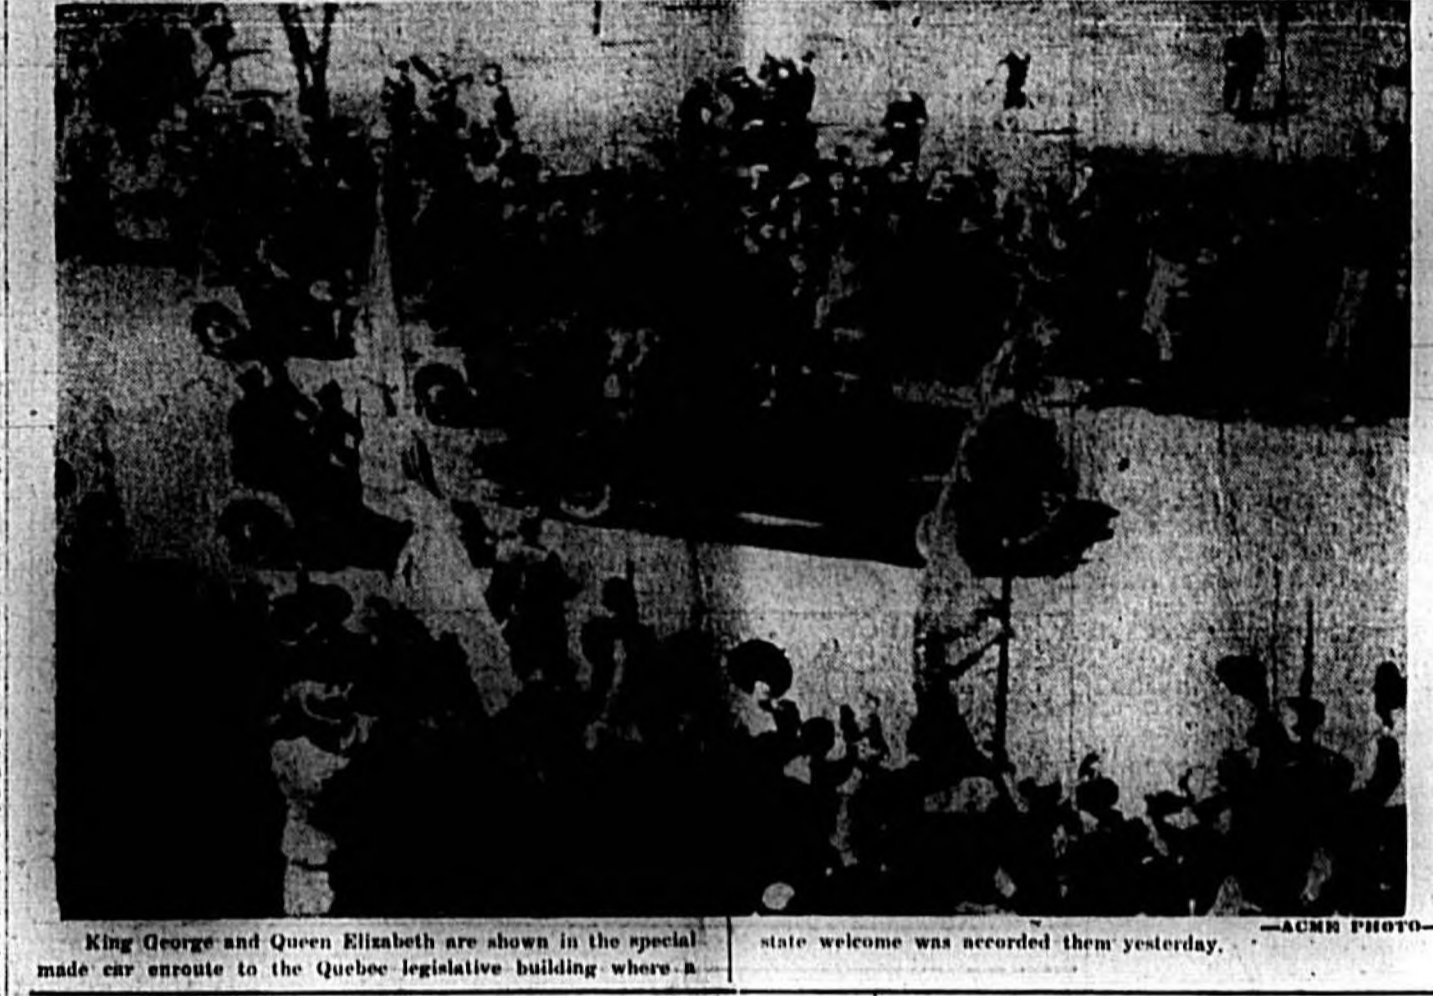

Mr. Schmah declared that in his opinion the canal issue is dead. "If the project could be approved with the support it has this time it doesn't have a chance," Mr. Schmah said.

C. C. Chase, another opponent of the project, declared, "The opposition to the project is strong and a great deal considering the amount of funds available for the fight."

"Our position had some merit or we would never have succeeded," Mr. Chase added that he didn't believe that proponents in north Florida understood the possible effects of the canal on the farm producing area.

Another group was reported to have been fired upon as they went to work in a mine 20 miles from there. Four troopers on guard answered fire and rushed to the spot from which the shots came, but found only a few empty shotgun shells.

Gunfire Adds To Labor Tension In Mines At Harlan

Pickets Fire On Miners Returning To Work In Kentucky

HARLAN, Ky., May 18.—(AP)—Two outbreaks of gunfire, one between state troops and an ambushed group, with no casualties marked the increasing tension today in the Harlan county soft coal field labor strife.

C. V. Bennett, operator of the Harlan Central Coal Company at Tolt reported "snipers" fired about ten shots at miners returning to work.

Troops on duty did not answer the fusillade. Another group was reported to have been fired upon as they went to work in a mine 20 miles from there.

Four troopers on guard answered fire and rushed to the spot from which the shots came, but found only a few empty shotgun shells.

Cleveland Invites Public To Visit Repainted Station

The Fire Station received its first renovation since 1923, when William Eckhart and Fred Temperton this week applied a coat of cream colored cold water paint to the walls and ceiling, and slate, grey oil paint on the wood work and floor.

Some holes were repaired in the plaster of the building, as well as repainting both the upstairs living quarters of the men and the downstairs equipment rooms.

The new paint job has lightened the interior of the building, and made the place much more livable, according to officials of the department.

Fire Chief Mack Cleveland this morning issued an invitation to the general public "to drop in and see us, now that we have cleaned up. It might surprise the public to find, if they do, that all of our job isn't just loafing around waiting for a call. Much of our time is spent studying to know how to handle the various types of configurations when we do receive calls to extinguish them."

Having a livable place in which to dwell is a great help in morale and the outlook of the men making up the department," he said.

ADMIRAL RESIGNS

King And Queen Receive 21-Gun Salute As They Disembark For First Visit

QUEBEC, May 18.—The King and Queen dined on five courses of snowbirds and other delicacies last night and retired to narrow single beds in Quebec's fortified citadel, tired but happy at the tumultuous welcome their Canadian subjects gave their history-making visit to the New World.

The first official duty performed by the King on the tour which will last a month, and which has been termed "cruelty to royalty," was signature of a submission conveying his formal consent to the appointment of Daniel C. Roper as envoy extraordinary and minister plenipotentiary of the United States of America to Canada.

The tall, 42-year-old sovereign and his smiling, 39-year-old consort stood well the first day of the 11,544-mile tour of Canada and the United States, the most arduous journey ever attempted by any King and Queen.

King George, grave and nervous by turns, displayed to a marked degree the same regal dignity for which his father, George V, was known. Queen Elizabeth, whose animation and smiles charmed the Canadians, made a great personal hit.

From the time they paced slowly down the gangplank of the liner Empress of Australia at 10:35 A. M., to a royal salute of 21 guns, until after last night's Government of Quebec dinner when they retired to the Summer residence of Governor-General Lord Tweedsmuir, at the Citadel, they were in the public eye except for one brief rest period.

For the dinner, at the Chateau Frontenac, the Queen wore pink satin and ermine with sequins, a short pink cape of ostrich feathers and a diamond tiara. The King wore full evening dress with orders.

Crowds of guests in the hotel lobby, held back by scarlet-coated Royal Canadian mounted police, cheered their entrance. Each person permitted in or near the hotel had been checked by Scotland Yard and Canadian officials.

The staff of the Herald extends its sincere thanks to the Higgins family next door for a supper, most excellent in quality.

Body In Lake Is Identified As Joseph Broxton

Clothing And Description Are Recognized By His Mother

The white man whose body was taken from Lake Monroe last Tuesday by Sheriff C. M. Hand and his deputies was identified last night as Joseph D. Broxton, 36-year-old commercial fisherman, by his mother, Mrs. Claudia Oliver of Deland, Sheriff Hand said today.

Learning that her son was missing, Mrs. Oliver called at the Erickson Funeral Home and identified the clothing after she had read a description of the dead man in The Sanford Herald which said that he had the figure of a woman tattooed on his arm, Sheriff Hand said.

How Broxton's body got into Lake Monroe still remains a mystery to the Sheriff's office. Sheriff Hand said he was told that the man had been drinking Saturday night and had been taken to his camp about nine miles down the river from where he was found.

Had the man fallen into the river at or near his camp it would have been impossible for the body to float upstream, Sheriff Hand said, adding that he believed Broxton had fallen into the water on the Volusia county side of the lake at a point just east of where the body was found.

"But how he got there no one knows," the Sheriff said. He knew the boy but was unable to identify him because of the condition of the body when it was found.

Broxton was born in Sanford on Feb. 11, 1909 and has lived in this vicinity for the greater portion of his life. Besides his mother, he is survived by his sister, Mrs. Edith Oliver of Deland.

Revels Begin Life Sentences At Prison

TAVARES, May 18.—J. W. and Gordon Revels were taken to the State prison at Hattiesburg Wednesday to begin life sentences which they were given for being accessories in the murder of 17-year-old Charlie Shepherd, part-time Clermont grocery clerk.

The Revels boys (J. W. is 24 and his brother is 22), were convicted in Circuit Court last Thursday of being members of the bandit trio which robbed the Clermont A. & P. Store, and fatally wounded Shepherd. The jury recommended mercy, making life imprisonment, rather than electrocution, mandatory. The third bandit was killed by S. V. Burroughs, store manager, the night of the hold-up.

J. W. Revels is also under a five-year sentence for car theft in Folk county.

CONC SIGNER BILL

The Governor today signed HB 796 by Representative Leonard and Lehman fixing the time for holding regular terms of circuit court in Seminole County also HB789 fixing the time for holding regular terms of county court.

Palestine, Amoy Problems Confront British Diplomacy

Seminole Hospital Site Rejected By House Committee

Martin Favors Avon Park Location In Inspection Report

The 400-acre site offered to the State by Seminole County as a site for the proposed branch of the State insane hospital has been rejected, according to a press dispatch received from the capital, and the committee investigating the sites has recommended the acceptance of the 210-acre location at Avon Park.

The House yesterday adopted the report favoring the Avon Park site made by Martin of Hillsborough, its chairman, of a committee appointed by the 1937 legislature to investigate sites and report back at this session.

A bill is on the House calendar to authorize acceptance of the land.

A sub-committee of the House committee on public institutions has recommended rejection of the Avon Park site and others at Dozer and Sanford.

Doctors Agree Palmer Died Of Natural Causes

SARASOTA, May 18.—The definite statement was put into the record yesterday that Potter D'Orsay Palmer died of natural causes and not from blows on the head, and that investigation had failed to develop the slightest blame against any individual.

This apparent end of court proceedings came almost at the time of young Palmer's funeral at the Episcopal Church of the Redeemer, of which Mr. and Mrs. Honore Palmer and the widow sat in nearby pews. The widow left first. She did not drive away in the car with the Palmers. The body will be taken today to New York for cremation, accompanied by the family.

The funeral and the announcement as to the cause of death, made at an inquest by Assistant State Attorney Smiley was taken by friends to the final chapter locally in D'Orsay's spectacular life.

The cause of death was given yesterday by Dr. David R. Kennedy, of Sarasota, who attended Palmer in his final illness, as generalized streptococcal infection. He said Dr. A. O. Morton, of Sarasota, who had consulted with him, had agreed that it might have resulted from one of three causes: cerebral hemorrhage, meningitis or streptococcal infection, all of which, he added, give the same symptoms up to a certain point.

It now appeared definite, Dr. Kennedy said, that the latter brought on death and that this would be confirmed after Dr. Herbert R. Mills, pathologist of Tampa, had completed the autopsy findings.

Dr. Mills, in a report last night, said he had studied the organs and tissues and concurred in the opinion of Dr. Kennedy that death was from natural causes and could not be attributed to violence. Dr. Mills added that Palmer's death was due "to an overwhelming streptococcal infection culminating in broncho-pneumonia."

Dispatches from Sarasota Monday quoted Dr. Kennedy as saying Palmer died of a cerebral hemorrhage, but in his first statement to the press yesterday he set forth the cause as determined by other doctors and by an autopsy.

Tax Dodging Charged Against Bund Leaders

NEW YORK, May 18.—(AP)—In the first attack of its kind made on the pro-Nazi German-American Bund here, Mayor La Guardia last night turned over to District Attorney Dewey a series of tax-dodging accusations against National Bund Leader Fritz Kuhn and others.

The mayor submitted for such "prospective action as you may deem proper," the report of an inquiry made by William B. Herlihy, the city commissioner of investigation. In it Kuhn, seven other individuals and four corporations were accused of having been involved in city sales and allied tax delinquencies.

25 Hurt As 175,000 Angry Jews Stage Protest To Propose Arab Control

Japs Turn Down Amoy Protests

Nazi Interest In Aspirations Of Bulgaria Adds Tension

By Associated Press

Two thorny problems confronted British diplomacy today—the Arab-Jewish strife in Palestine and the issue with Japan over foreign rights in China—as German attention to Bulgaria's territorial aspirations sharpened the rivalry of the great powers in the Balkans.

Following a night of disorder in which 25 persons were injured at the all-Jewish city of Tel Aviv, angry Jews, estimated by their leaders at 175,000, demonstrated throughout the Holy Land against the British government's decision to establish an independent Palestine under Arab control.

Police said orders were restored in Tel Aviv after some fighting which police broke up with a baton charge. British reports said Jewish youths set fire to government district offices and then prevented the fire apparatus from going to the scene.

The British plan would make Palestine self-governing in 10 years with Jews in the minority and Jewish immigration left to Arab approval after five years.

25 Hurt As 175,000 Angry Jews Stage Protest To Propose Arab Control

Japs Turn Down Amoy Protests

Nazi Interest In Aspirations Of Bulgaria Adds Tension

By Associated Press

Two thorny problems confronted British diplomacy today—the Arab-Jewish strife in Palestine and the issue with Japan over foreign rights in China—as German attention to Bulgaria's territorial aspirations sharpened the rivalry of the great powers in the Balkans.

Following a night of disorder in which 25 persons were injured at the all-Jewish city of Tel Aviv, angry Jews, estimated by their leaders at 175,000, demonstrated throughout the Holy Land against the British government's decision to establish an independent Palestine under Arab control.

Police said orders were restored in Tel Aviv after some fighting which police broke up with a baton charge. British reports said Jewish youths set fire to government district offices and then prevented the fire apparatus from going to the scene.

The British plan would make Palestine self-governing in 10 years with Jews in the minority and Jewish immigration left to Arab approval after five years.

British forces joined United States and French troops in patrolling the International Settlement at Amoy, China, as the Japanese government yesterday ordered British protests against the landing of Japanese marines there.

The Japanese, however, were reported withdrawing their marines after a British warning that Britain would keep her navy forces there as long as Japan did.

A wave of anti-humanist demonstrations continued throughout Bulgaria following a statement yesterday of the German minister, Baron von Rintelen, that "we are always thinking of Bulgaria's revisionist claims." Rumania won Bulgarian territory in the World War.

British police fired into a crowd of Jewish youths demonstrating at Tel Aviv last night against the newly announced British policy governing Palestine, and wounded several of them.

The crowd of more than 5,000 Jewish youths, after taking an oath to fight for Jewish independence, had marched to the British government district offices.

Raising a Zionist flag, they threw stones and broke up the furniture and set fire to desks and tables, police said.

Police fired first into the air, then as the disorder continued, shot into the crowds.

The demonstrations at Tel Aviv, which is an all-Jewish city, were continuing as midnight approached.

Earlier, sabotage had delayed the British government's attempt to relay a summary of its white paper, announcing the plan to create in Palestine an Arab-dominated state, over the radio.

Lines between the radio transmitting station at Ramallah and the Jerusalem studio were cut just as it began the broadcast. English and Arabic announcers were rushed to Ramallah, 10 miles from Jerusalem, in an armored car under heavy guard, however, and the broadcast was completed there.

In Jerusalem 300 youths marched through the streets to the Jewish agency building where cries were heard of "down with Chamberlain," "down with MacDonald and Halifax," "long live the Jewish state."

Chamberlain is the British prime minister. Malcolm MacDonald and Viscount Halifax are the colonial and foreign ministers.

At Haifa a copy of the white paper was burned in a symbolic demonstration. The participants dispersed quietly after they pledged to "fight to the last against execution of the new policy."

Nation-wide demonstrations were organized by the Jews for today with hundreds of thousands (Continued on Page Three)

**Change in Dominion
Duke's Visit**

**Passage Of 20 Years
Sees U. S. Capital
Displace European**

By HOWARD G. ALLAWAY
By Associated Press
That banner, which welcomed the Prince of Wales to a strike-bound Canadian mining town in the summer of 1919, might well

be the banner of methanol for the visit of George VI and Queen Elizabeth. For the king, says a Canadian newspaper who covered the Wales trip for The Associated Press just 20 years ago, "will find this year no change in our attitude to the institution of which he is the living symbol."
"He will find his Canadian government in Ottawa, like his government in Westminster, haggard with anxiety over the implications inherent in world politics."
But "Socialist mayors in Winnipeg and Vancouver will don morning clothes and finger their arched mayoral chains like tory statesmen of old. Disgruntled political movements will be silent while

some of their leaders, veterans of the Great War, will stand to attention in guards of honor, murmuring: 'Ready! Aye ready! Ready for what?'
Canadians enduring loyalty to the king doesn't mean, necessarily, that their attitude toward the king's homeland hasn't changed a little since 1919.
How Strong Patriotism? Canada's sons were just returning from France then, and empire patriotism still ran high. Noting Canada's "uncertain imperial obligations" today, the Foreign Policy Association (an American research organization) devoted most of a recent bulletin on "Canada in World Affairs" to wondering whether Canada

again would fight as the ally of a British host.
When Wales (later Edward VIII, and now the Duke of Windsor) first visited Canada, more than 25 percent of the 5,000,000 Canadians were of British stock. Today, Britons and their descendants constitute barely half of Canada's 12,000,000 population.
Canadians of French origin, in proportion to their numbers, are increasing twice as fast as the British. And the proportional growth of other "foreign elements"—German, Scandinavian, Ukrainian, Jewish, Dutch, Polish, Italian—is twice that of the French.
Economically, too, the last 20 years have seen a drift from Canada's traditional dependence on Britain. The dominion relies largely on foreign capital to develop her natural resources—and the United States has displaced Britain as her No. 1 creditor.

Lindbergh Urges More Money For Aviation Study

WASHINGTON, May 18. —(AP)—A congressional group heard from Col. Charles A. Lindbergh yesterday an assertion that the United States had been outstripped by Germany in military aviation but was in no danger of aerial attack from abroad.

Testifying at a closed session of the House military appropriations sub-committee, the flier recommended increased aviation research to develop swifter, more efficient battle planes.

Members said that Lindbergh told them he did not know how many planes Germany had on hand, but estimated on the basis of personal observation that the reich had a productive capacity of 20,000 annually.

Committeemen quoted him as saying the German attack planes and the bombers were better than those of the United States but were not long-range types and thus could not be compared to the U. S. army's "flying fortress" four-motored bombers.

In this connection Lindbergh was quoted as saying that while it might be possible for a foreign bomber to raid New York and return to its base, that form of attack would not be practical and need not alarm this country.

Lindbergh has just completed an inspection of this country's aviation facilities for the war department, and members said his testimony regarding the need for research was especially important on that account.

OUT OUR WAY

DENVER, May 18. —(AP)—Joseph L. White, a mine superintendent, waited three years to

get a good shot at the coyotes whose nightly howling kept his workmen awake at Alma, Colo.

When he finally got a shot, White's gun exploded and he was injured.

LAKE MARY

Mrs. Thomas MacLellan has returned to her home after spending several weeks visiting her daughter in New Jersey.

Mr. and Mrs. Ernest Cole left for Massachusetts last week after spending the winter at their home in Lake Mary.

Mr. and Mrs. A. C. Trefry and sons, John and Bobbie, were guests Sunday of Mr. and Mrs. R. I. Wazg.

Last Saturday a party of 81 parents and children enjoyed a trip to the Marine Studios and St. Augustine. The trip was arranged by C. W. Ishill.

Mrs. H. M. Gleason entertained Monday in honor of the tenth birthday of her daughter, Ettie Jane. Games were played from five to seven when refreshments were served by the hostess.

Thursday night at the Community building the children of the Lake Mary school presented the operetta "Over the Garden Wall." It was well attended and Mrs. H. M. Cochran and Mrs. Oscar Price, who directed the operetta, are to be congratulated on the splendid performance given by the children. The characters are as follows:

Mistress Mary, Ella Jean Boteler. Boy Blue, Harold Patterson. Mr. Sun, Thurston Tyre. Sunbeams, Ettie Jane Gleason, Elinore Goodale, Mary Freeman, and Betty Humphrey. Butterflies, Peggy Best, and Betty Roland.

The Dawn, Virginia Reeves. The Redbird, Charles Robbins. The Gnome, Byron Tillis. Flowers, Morris Sjoblom. Clyde Clause, Leland Rood, Lester Tille. Flood Sjoblom, Lorelei Thorne, Harriet Childs, Kitty Lloyd, Helen Sjoblom. Flower Fairies, Betty Rene Hall, Barbara Hoyt, Peggy Howell, Marjorie Eubanks, and Ernestine Hemphrey.

Lookouts Down G-Men 7-2 For 13th Consecutive Win

Locals Combine 4 Hits, 5 Walks And 3 Errors For Their Tallies

"Little Dizzy" Dean Gets Another Win; Barnett Steals Three Bases While Souter Makes Outstanding Catch

Although out of five to four, the Lookouts combined their safeties with three errors and five walks at the Municipal Athletic Field last night to defeat the visiting Gainesville G-Men 7-2 for the 13th consecutive win and their 23 victory of the season.

Continuing undefeated, "Little Dizzy" Dean Lookout, tosser, struck out six opposing batters and walked three, while Clark, the G-Men hurler also whiffed six but fanned five passes.

The G-Men ran up a two run lead in the first when Hartman's infield hit, followed by McMullen who was safe on an error, and then Hazel walked to load the bases. Hartman scored on pass ball, and then McMullen galloped across with the second tally after Ogie's long fly to Skeen.

Holding the visitors scoreless for the remainder of the game, the Lookouts came back to take the lead in the last half of the second inning across four runs after three walks and loaded the bases, and then an error let Lane score. Barnett poked a single over short to bring in Marion and Campbell, before Sken on third and Barnett on first, worked a double steal to add another run.

In the last of the sixth Souter lined a single out past pitcher, to second on the short stop's error of Alex's grounder, and then came on home when Padgett came up with his second bobble of the inning, letting Langston's drive trickle through to score Souter.

Sanford's last two runs came in the last of the eighth when the shortstop went back to drop Langston's fluke double behind third, and then Marion came up to line a double down the first base foul line, scoring Langston. Marion stole third and then galloped on in when Campbell laid down a sacrifice bunt.

Two high lights of the tilt were Barnett's three stolen bases in the first two frames, and Souter's one hand catch of Clark's long fly to left center, which came with two on, and two away.

Indians To Be Taught Art Of Palm Climbing

TRAVANCORE, May 18.—(AP)—An expert climber of the Palmyra tree—a species of the palm—accompanied by an expert in the making of Palmyra products, is being sent to Baroda to teach villagers certain uses of products of the tree.

The climbing of palm trees is a profession in South India, where palm juice is used in the manufacture of sugar and indigenous liquor.

Dog Is Chloroformed, Buried With Master

YADKINVILLE, N. C. May 18.—(AP)—Mose Bryant loved his dog. So when the 47-year-old farmer died the animal was chloroformed and buried in the grave with him at the Fall Creek Baptist Church. Bryant saw how the dog grieved when Mrs. Bryant died a year earlier, and he asked his neighbors to put it to death so it would not have to grieve at his own death.

RING SWAP ASKED

BRATISLAVA, May 18.—(AP)—San Maca, propaganda minister of Slovakia, borrowed a page from Mussolini's book yesterday by offering iron rings to all who give up gold wedding rings to build up the country's gold supply.

CCC BOY MISSING

SUMMERLAND KEY, May 18.—(AP)—Edward C. Lennon, 19, a CCC enrollee from West Palm Beach, was still missing yesterday. He was reported to have been found drowned. This clothing was found beside the Spanish harbor bridge, near the camp. It was believed Lennon went swimming in the water under the bridge.

Islanders Stage Big 1st Frame To Hand Leesburg 13-5 Defeat

Scoring enough runs in the opening inning to clinch the game, the Daytona Beach Islanders strengthened their grip on the No. 2 position in the Florida State league in a game at their home park last night when they thumped the visiting Leesburg Anglers 13 to 5 while Deland returned to the win column by crushing the Palatka Aztecs 13 to 3.

The contest developed in a mound duel between Brewer for the Senators and Al Verbruggen for the Saints with the latter taking a slight edge with his five hit performance while his trade mates combined three Orlando errors and six hits for their three runs scored one each in the third, fifth and eighth innings after the Orlando side had started action by shoving across its only run in the first frame.

Although out by the Aztecs 9 to 8, the Islanders staged a scoring surge in the first inning which netted them seven runs and from there coasted to victory over the Lake county team. Four Angler errors contributed in a small way to the success of the Islanders who scored three runs in the sixth and added three more in the seventh for good measure.

The Leesburg side was unable to combine the same hits they collected off Donnelly with men on bases for runs but tallied one in the second, again in the fourth twice in the sixth and made their final effort in the eighth when they moved across one run.

The Deland Reds went on a rampage last night, leading out a total of 21 safeties off the pitching of three Palatka hurlers, which combined with four Aztec errors gave them a comfortable 13 to 3 margin.

Scoring in innings:
Leesburg 10 0 12 0 0 0 0 1
Daytona Beach 7 0 0 0 0 0 0 0

Total 17 0 12 0 0 0 0 1

Deland Beats Palatka 13-3 As Saints Down Orlando 3-1

Right Plants In Proper Locations Is Money Saver

By DONALD GRAY

It costs the amateur gardener money to plant shrubs, trees, and perennial and annual flowers that fail to grow. The way to economize and get the most for your money is to plant the right varieties of plants in their proper locations.

There is no use wasting money and energy in trying to grow annual flowers in shade. Some varieties will grow in places that get only a few hours of sun a day, but most of them demand at least half a day of full sunshine. Plant under trees in woodland conditions the kind of plants that naturally grow under such conditions. Witch hazel, larch, honey-suckle, and privet are shrubs that will grow in shade, hemlocks, but never pines. All sorts of Spring bulbs will give Spring color to a garden, but most of them demand at least half a day of full sunshine. Plant under trees in woodland conditions the kind of plants that naturally grow under such conditions. Witch hazel, larch, honey-suckle, and privet are shrubs that will grow in shade, hemlocks, but never pines. All sorts of Spring bulbs will give Spring color to a garden, but most of them demand at least half a day of full sunshine.

If you want to plant evergreens on the north side of your house, plant hemlocks and yews. If there is plenty of sun there, a variety of arbutus of one will be healthy and grow.

The best vines to grow in a shaded area are honey-suckle and wisteria. Never try to grow roses of climatic where there are no morning sun.

Perennial flowers such as delphinium, pinks, peonies, chrysanthemums, and day lilies will grow in shade. Never try to grow them in a high hedge. They will not grow so well as if planted in the open side of a hedge. If you have a hedge, plant them in the open side of a hedge. If you have a hedge, plant them in the open side of a hedge.

Hudson Will Toss Against Anglers In Tilt Here Tonight

SID HUDSON, top notch hurler in the Florida State League, will take the mound against the visiting Leesburg Anglers in a game at the Municipal Athletic Field tonight.

The 23-year-old pitcher, who has a record of 17 wins and 17 losses, is expected to pitch for two innings tomorrow in Leesburg.

The Anglers are leading the second division with a season record of 17 wins and 17 losses, which puts them up with a 50 percent win rate.

Hudson has three of his six wins so far this season via the mound, while the other three have come handily to lead his team.

The 13th consecutive win of the two teams was washed out. The meeting between the Lookouts took place at the Municipal Athletic Field tonight.

Managers Postpone Scheduled Double-Header Because Of 2 Games Tomorrow

Long Term Policy Of Peace Is Offered To Nazis By Chamberlain

Consideration Of German Colonial Demands Included For "No Force" Pledge

Many Injured In Holy Land Riots

Lloyd George Demands Russia Be Brought Into British Bloc

British Prime Minister Chamberlain today offered Germany a long-term peace policy, including consideration of the Nazi colonial aspirations. If Germany would show convincingly that she had no "intention of aggression or the further use of force" in her relations with other countries.

The Prime Minister spoke in a House of Commons debate on a Jewish minority in Palestine against his new Holy Land policy caused one death and 100 injuries and while Spanish Generalissimo Franco made his triumphant entry into Madrid with a conquering fanfare.

Chamberlain made his offer in a reply to attacks on the British foreign policy by David Lloyd George wartime prime minister and Laborite opposition leader Clement Attlee, but warned that Britain was "not prepared to buy peace with concessions which would only lead to further demands."

Lloyd George demanded that Chamberlain bring Soviet Russia into the British-French front.

The President of the House, Mr. Morrison, followed the announcement of British intentions to make Palestine an Arab state with a Jewish minority, settled down to a Jewish minority, settled down to a Jewish minority, settled down to a Jewish minority.

COAL BUCKET BATTLE IN HARLAN

Swinging a bucket at his opponent, non-union miner, left, engages in fast fist-fight with United Mine Workers picket, one of frequent hand-to-hand scraps as anti-union miners returned to work in Harlan county, Ky., coal fields.

More Of Road To East Coast Will Be Paved

Dowling Asks 'reparation Of Plans For 7 More Miles Of State Road No. 44

Plans for hard surfacing a seven mile stretch on State Road No. 44, between the first bridge and the improvement project on the highway now under way this side of Mims, are being made, according to a telegram received today from Senator J. J. Parrish of Titusville.

The state senator advised that on May 11, J. H. Dowling, engineer for the State Road Department had requested T. B. Massey, engineer for this division to prepare specifications for the improvement of the seven miles so that they could be advertised for bids next month.

With the completion of this stretch there will be a hard-surfaced roadway between Sanford and Titusville although the section from Geneva to the east across the St. Johns River east of Sanford is only nine feet wide.

While the specifications on the new paving have not been prepared it was expected that the 20-foot asphalt paving which is being laid east of Mims will be continued to the bridge.

It was learned that work is progressing rapidly on the section now under construction and that this project would be completed by July 1. Those interested are hopeful that the contracts will be awarded and work will be ready to begin on the final seven mile stretch by the time the improvement of the first section of the connecting link to the East Coast is completed.

Completion of this link in State Road No. 44 climaxed combined efforts of Brevard and Seminole County Groups who secured commitments from the State Road Department when they appeared at a budget meeting of the group several months ago.

It is also the plan of the State Road Department to widen and re-route the present nine-foot road between the Geneva bridge and Geneva but Engineer First T. Williams said that the road department cannot consider this project at present since the rights-of-way have not been secured by the County.

ROYALTY IN MONTREAL

King George VI of England is shown in Montreal yesterday, signing the Golden Book of official register for nobility visiting Canada. Montreal's Mayor Houle is on the left and Queen Elizabeth on the right.

Group To Seek Reconsideration Of Canal Report

Improvement Association To Make Plans At Meeting May 25

A course of future action toward securing reconsideration of the proposed St. Johns-Indian River canal which was recently reported unfavorably by the Army Division Engineers will be outlined at a meeting in the Mayfair Hotel next Friday afternoon at 2:30 o'clock of the St. Johns-Indian River Improvement Association.

The unfavorable report of the engineers at Richmond, Va., was a delay to the project on account of the proposed canal which would have a water outlet from the lower St. Johns River to the East Coast.

Assisting in arrangements, is Rep. Joe Hendricks who advised The Sanford Herald that he has asked the engineers of the River and Harbors Board to "give us a hearing" and he said he would notify those interested as soon as his request had been granted.

Although the meeting has been called primarily for the consideration of the latest developments in the proposed canal project, Mr. Bagwell said that the annual meeting of the board of directors and the election of officers will also be held in connection with next Friday's session.

Local Measures Signed By Cone

Governor Cone today signed HB1990 by Representatives Lehman and Leonard amending the Sanford charter, also HB1999 relating to Sanford city Commission and HB1000 amending act relating to payment and collection of city taxes. HB1050 and 1051 relating to the town of Oklawaha and HB1120 relating to Seminole County were also enacted into laws.

3 Are Burned To Death In Blaze At Punta Gorda

PUNTA GORDA, May 19.—(AP)—A family of three perished today in an early morning fire that destroyed a large waterfront building housing two fish companies and a cold storage plant.

The dead were John Henry Willis, 65, night employe of the Punta Gorda Fish company, his wife, Rosa Lee, 24, and their 3-year-old son, Edwin.

Under the federal farm program a farmer can earn \$1 an acre by planting and tending under winter cover crops.

Seminole Joins In Study Of Proposed Okechobee Canal

Waterway Association Plans For Survey At Orlando Meet

Seminole County has joined in other counties in Central Florida and the St. Johns River valley to investigate the feasibility of constructing a waterway connecting the St. Johns River and Lake Okechobee.

Handed together by charter and by laws, the representatives at a previous meeting selected as their president H. H. Brown of Clermont, who with Secretary E. Gaylord of Lake Wales, formed a committee to obtain estimates on the cost of a physical survey to determine the most feasible route and an investigation to determine the benefits of such a proposal.

Under the federal farm program a farmer can earn \$1 an acre by planting and tending under winter cover crops.

King And Queen Arrive In Ottawa In Cold Drizzle

Cheering Throngs Welcome British Royalty In Montreal

OTTAWA, Canada, May 19.—(AP)—King George and Queen Elizabeth came to Ottawa in a cold drizzle today to begin their two day visit in the capital of their largest dominion.

Their welcome was marked by the first unpleasant weather of their tour.

In Montreal for 10 crowded hours King George and Queen Elizabeth were cheered and feted yesterday by Canada's greatest metropolis.

Determined to outdo Quebec's colorful welcome of Wednesday, Montreal flagged 1,000,000 cheering and flag-waving people to greet the smiling royal pair.

Not satisfied with this tumultuous greeting, crowds concentrated in Dominion square outside the Windsor Hotel where the king and queen were guests at a civic dinner attended by both houses of the Canadian parliament, officials and prominent citizens.

Later their majesties slept in the blue and silver train at the little village of Canada where their streamlined engine with its gleaming stainless steel was halted for a late morning entry today into Ottawa, the Canadian capital.

Packed with eager crowds and (Continued on Page Three)

PWA Projects From Seminole Total \$599,652

Senate Asks Report For Considering New Appropriation

Applications from Seminole County are pending before the Public Works Administration for funds to assist in the construction of projects totaling more than half a million dollars, according to a list of pending non-federal applications throughout the United States released by the PWA administrator and prepared in response to a resolution of the Senate.

The applications submitted from Seminole County include a \$31,000 loan and a \$28,353 grant for a \$59,353 municipal waterworks improvement project sponsored by the City which provides for the purchase and laying of several miles of cast iron water main from the City walls to the pumping station. This project has been approved.

The list of pending applications also includes a loan of \$70,000 and a federal grant of \$17,372 for the construction of a \$127,272 Seminole County hospital and a federal grant of \$11,708 to the Seminole County Board of Public Instruction for the construction of a \$25,011 negro school unit. These projects are being considered.

Also included is the application of the City for a loan of \$214,500 and a grant of \$178,500 for the construction of a \$393,000 municipally owned electrical power plant. Consideration of this project has been suspended.

The applications from Seminole County request loans totaling \$815,500 and outright federal grants of \$209,545 for projects estimated to cost \$599,652.

These applications are among the 92 submitted from Florida's 97 counties asking for federal loans of \$12,977,500 and outright federal grants of \$17,137,602 for projects estimated to cost \$20,115,102.

J. L. Galloway Is Installed As Lions Head

Officers for the coming year were installed, and delegates to the coming Lions Club state convention to be held in St. Petersburg were selected at the Lions Club meeting held Wednesday night at the Valdes Hotel.

Officers installed included, J. L. Galloway, president; F. D. Scott, J. A. Melech and H. G. Lingle, as first, second and third vice presidents; C. E. Adams secretary, and E. E. Laney as treasurer. W. B. Ellerba was made Tail-Twister and Maxwell Stewart, Lion Trainer. J. E. Abernathy, Jr. and J. M. Gonzalez were two new members of the board of directors to be inducted into office.

The delegates of the club going to St. Petersburg to attend the state convention of the organization to be held May 21-23 will include J. L. Galloway, C. E. Adams, J. A. Melech and Maxwell Stewart. Mr. Stewart will make the trip as the district representative of the Central Florida district.

Mr. Stewart, as deputy governor, assisted in the installation of officers.

Salesmanship Films Will Be Exhibited

The two non-commercial films salesmanship films by Coca-Cola company which were to have been shown at the recent supper-meeting of the Business and Professional Men's Association, will be exhibited at 8:00 o'clock next Tuesday evening at the Mayfair Hotel.

All members of the organization who attended the previous meeting are invited, as well as anyone else who may care to attend. President Walter Hayes said there would be no admission charge.

Gen. Moseley Linked With Anti-Semitism

WASHINGTON, May 19.—(AP)—Chairman Dies of the House committee on un-American activities announced last night that he believes there is evidence to show that a well-organized anti-Semitic campaign had developed in the United States and that it had attracted the support of Maj. Gen. George Van Horn Moseley, retired.

Moseley, whose committee had taken testimony in a session yesterday which was surrounded with extraordinary secrecy, made public a letter which he said Moseley, former fifth corps area commander in the Army, had written to a New York National Guard officer. The letter, which Dies announced was part of his committee's records, said in part:

"The fact is that the most serious problem confronting America today is how to get rid of the Jew and his race, not only nationally, and internationally.

Harrison Receives Injuries In Crash

E. W. Harrison, employe of the K & W Fruit Company, this morning sustained two fractured ribs and a broken nose in an automobile accident about one mile north of Oak Hill, when his car crashed head on into a road side bank after sideswiping a logging truck which caused the left front tire to blow out. The car was badly damaged by the impact.

Division Of Western Demos Seen As Cause Of Roosevelt's Canal Rebuff

By KIRKE L. SIMPSON WASHINGTON, May 19.—(AP)—A breakdown of the Senate vote that gave President Roosevelt a rebuff on the \$200,000,000 Florida ship canal project discloses a sharp division among Democrats from the West.

Whereas almost all western Democrats in the Senate rallied to help him through a \$400,000,000 farm benefit increase; a number of them resisted combined pressure of organized labor factions for authorization of the canal project, and furnished the balance of power that spelled Senate disapproval of the enterprise.

Sixteen western Democrats and LaFollette, Progressive, Wisconsin, lined up against the Administration on the canal vote; 20 voted or were paired for it, joined by Norris, Nebraska Independent, and Lundeen, Minnesota Farmer-Laborer.

The figures affirm the conclusion that it was a revolt among western Democrats, plus opposition from some other members of that party and from the solid Republican minority, which defeated the bill.

Whether that vote represents new evidence that to the minds of many western senators the outstanding political lesson of last year's congressional elections was a reaction of the farm vote against certain Administration policies or was due to other less visible causes, is a matter of speculation. Whatever the influence that led to the Democratic split, however, it marked another flip-flop on the economy versus spending-for-recovery issue between the President and a powerful faction of his party in Con-

Supporters Of Sales Tax Win First Rounds

Proponents Refuse Substitutes For Outright Death Of Ad Valorem Levies

Probe Of Racing Graft To Continue

Bill Would Fine Counties For Seeking More Gas Tax Funds

TALLAHASSEE, May 19.—(AP)—Well organized supporters of ad valorem tax abolition won three rounds in the House today and pressed hard for a final vote on a proposed constitutional amendment which opponents called vicious toward the people and beneficial for bondholders.

The House refused various amendments offered to straight-out ad valorem abolition. One which was defeated would have tied the sales tax on a plan as substitute for ad valorem taxes. Others would have allowed municipalities to continue real estate taxation and State ad valorem taxes.

Proponents of higher salaries for the Supreme Court Justices won a headline victory in the Senate which voted by an exact two-thirds majority to consider a bill already approved in the House. The Senate adjourned leaving the measure as unfinished business to be taken up immediately when it reconvenes.

The Senate refused investigating charges of graft and corruption in racing agreed to ask authority for hearings after the Legislature adjourns and decided they discontinue taking further testimony during the current session.

Senator Savage of Ocala offered a bill which would impose a fine of not more than \$500 or a fine of not more than \$500 or for any county commission paying special fees for lobbying for additional gasoline taxes.

Governor Cone's office revealed yesterday an investigation showed six counties employed special attorneys to help them get a (Continued on Page Three)

Mrs. J. E. Smith Dies After Long Illness

The funeral of Mrs. J. E. Smith, Sanford resident, who died at 8:00 o'clock this morning at her home, 805 West First Street, after a lingering illness, will be held at 3:00 o'clock Sunday afternoon at the Erickson Funeral Home.

Born in White Springs, Mrs. Smith moved to Sanford 18 years ago, and has resided here since that time.

She is survived by two sons, A. C. Smith of Tampa and J. E. Smith of Sanford, four daughters, Mrs. Kay Johnson, Mrs. R. C. Wilcox, Miss Leo Smith, all of this city, and Mrs. C. L. Brown of Atlanta, Ga. Three grand children also survive, Janet and Donnie Smith, of Sanford, Fla., R. T. Harvey and Mrs. Leon Tatum, both of Atlanta, Ga. Also a sister, Mrs. N. A. McLeod of White Springs and a brother, Calvin McAlpin of Detroit, Mich.

Home Of J. B. Cash Is Destroyed By Flames

Firemen spent better than two hours battling a fire of undetermined origin which early this morning swept the five-room cottage of J. B. Cash, barber, at Jasmine Avenue and Third Street, destroying the furnishings of the house, and an estimated three-fourths of the building.

Mr. Cash was absent on a fishing trip at the time, while the rest of the family was visiting friends elsewhere in the city.

The alarm was turned in by Ed Routh, a neighbor, who observed the flames in the Cash home. It was at first believed that the family was inside, but subsequent investigation disclosed their absence.

An estimated \$1,700 in insurance was carried on the house and furniture, Chief Cleveland said.

City News Briefs

A meeting of the executive committee of the Seminole County Chamber of Commerce will be held at 8:00 o'clock this afternoon at the Mayfair Hotel.

The monthly meeting of the Chamber of Commerce will be held at 8:00 o'clock this afternoon at the Mayfair Hotel.

LOCAL WEATHER

Partly cloudy tonight and Saturday; occasional thundershowers in the extreme northwest portion Saturday.
