

Dixie's Lighter Side

By LEON BURNETT
United Press International
 Defeat in his bid for re-election didn't dull Rep. Brooks Hays' Arkansas wit.

He opened his speech to the Georgia Baptist Convention last week in Atlanta with this one: During the period when Walter Johnson's fast ball was dazzling even the toughest major league hitters, a rookie moved up to an opening team.

Johnson was pitching the first time this rookie came to bat.

Johnson reared back and poured in the first pitch.

"Steer-rike!" intoned the umpire.

The rookie cocked his ear toward the catcher, then turned to the ump and protested: "It sounded a little high to me."

Hays also told of the Ozark resident who had journeyed by bus from Pine Bluff to Little Rock. At this particular time, Little Rock happened to be on daylight saving time, while Pine Bluff still was on standard time.

Ready to return to the hills, the visitor enters the bus station and inquires of the ticket agent: "What time's the next bus leave for Pine Bluff?"

"Six-thirty," replies the agent.

"What time does it get into Pine Bluff?" asks the hillman.

"Six-thirty," answers the agent.

The man turns this over in his mind for a minute, and heads for the loading ramp.

"Hey, don't you want a ticket?" the agent calls. "Nope," answered the man. "I just want to be out there and see that bus take off."

Quotable Quotes

United Press International
CHARLEVOIX, Mich.—The last radio message from Capt. Roland Bryan of the cargo ship Carl D. Bradley feared sunk in gale-swept Lake Michigan: "We've broken in half. We're going down."

NEW YORK—Col. John Stapp, Air Force space researcher, in saying tests he has undergone show man can endure the pressures of being fired into space and returned: "But he is scarcely likely to enjoy either of these ordeals."

BOSTON—Gorrie Kempf, survivor of the Springfield, N.S. mine disaster, after arriving in Boston on his first airplane flight: "It's a lot nicer to be up in the air than down below the ground. It's my first flight and it's like a breeze."

BIRMINGHAM, Ala.—Birmingham Police Commissioner Eugene (Bull) Connor in charging that a proposed federal grand jury investigation of the arrest of three Negro ministers was prompted by the Rev. Martin Luther King, United Auto Worker President Walter Reuther, and U.S. Atty. Gen. William Rogers: "They are trying a triple play on Bull Connor — it's King to Reuther to Rogers."

And finally Hays offered this definition: "A cynic is a man who knows that two and two make four, and he just can't stand it."

Otis Lecornu, a farmer living near Fulton, Ky., says he finally has learned how his goat has been getting out of the pasture.

Lecornu declares, so help him, that this is what he observed: The goat climbs on a stump in the pasture and bleats.

A donkey, also a resident of the pasture, goes running alongside. The goat hops onto the donkey's back.

The donkey then trots to the fence, and the goat jumps to freedom.

At Ft. Benning, Ga., the Army provides a course in the operation of a household for wives of soldiers living in government-owned quarters on the base.

There is this catch: "The engineer section officials request that the female adult in each family attend these classes—but if that is impossible it is mandatory that the military member of the family attend."

CLASS OFFICERS—Due to enrollment increases, part of the eighth grade at the Junior High School was transferred to Seminole High School this year. Class officers are, left to right, Carolyn Turner, secretary; Linda Williams, vice president; Diana Beasley, president; Pam Jones, treasurer; Donna Young and Bedford Aiken, representatives to the student council. The Sanford Herald

AN INDEPENDENT DAILY NEWSPAPER

VOL. XLIX United Press Leased Wire Established 1908 THURSDAY, NOVEMBER 20, 1958 SANFORD, FLORIDA NO. 309

READY FOR ENEMY—PFC D. E. Lee received one of the first guns from SFC Albin E. Kendall last night as Sanford's Co. B, 154th Armored Infantry Battalion, was alerted. The local National Guard unit "won" its battle against the enemy. (Herald Staff Photo)

National Guard Repels 'Enemy'

The "enemy" attempted to establish a beachhead in Sanford last night, but was hurled back by Co. B of the 154th Armored Infantry Battalion.

Two "waves" of enemy troops attempted to penetrate the defense of Co. B, deployed along the boulevard to guard gasoline storage tanks. Both times, the Sanford company emerged victorious.

All of that occurring around last night was caused by the National Guard unit here. At 6:30 p. m., without prior warning, an "alert" was sounded. These alerts are staged to test the readiness of these peacetime soldiers-civilians.

From Ireland, Spokane and Orlando they came, each hurrying to his particular post. Most were preparing to eat when the alert was sounded. Many left their meals untouched in the rush to get dressed and report to the armory.

SFC James J. Kendall, first to arrive in uniform, was getting ready to go to school when the call came. His brother, SFC Albin E. Kendall, was milking the cows when he was notified. Others were visiting, getting ready to go out, taking baths and all the things that a civilian can be expected to do at 6:30 p. m. on a given day.

First to report to the armory was Sgt. Ronald Brooks. He was in such a hurry that he didn't take the time to put on his uniform. Shortly after the arrival of the sergeants, Kendall, Brooks dashed home and returned in the familiar garb of the U. S. soldier.

In the first half-hour to arrive was Capt. John Keeling, commanding officer. Shortly thereafter, Maj. Roy Green, battalion executive officer, appeared on the scene.

Prior to the arrival of Keeling and Green, the Kendall brothers had things rolling. The first two men to arrive were armed and ready, as were the back doors. As others arrived, weapons were issued from the stockroom.

One hour after the alert was sounded, a dozen men had reported. Motors of the big carriers in the compound at the rear of the armory thrummed. (Continued on page 2)

Two and one-half hours after the alert sounded, the big carriers lumbered down the boulevard to meet the enemy. During this period, machineguns had been mounted atop the big vehicles designed to transport a squad of infantrymen. Inside the carriers were peacetime troops, fully armed and battle ready.

Had the enemy been real, the play would have been much the same, so far as the preparations were concerned. Again, the National Guard demonstrated its claim to the title of "the backbone of national defense."

Leverett's primary responsibility is forest fire prevention and suppression, to organize a pre-suppression program, and to offer aid and information to the citizens of that area.

The most important job in Leverett's position will be the actual suppression of forest fires. He will do this with a crawler tractor and two disk fire plows.

News Briefs

Red Strikes Costly

LONDON (UPI)—Conservative F. W. Fairer-Jones told Parliament Wednesday night that Communist labor leaders cost Britain about 14 million dollars in strikes this year.

Queen Is Crowned

MIAMI BEACH (UPI)—Mary Ann Slaznik, 18, of Pine Bush, N. Y., was crowned Wednesday as national roller skate queen.

Alimony Ordered

LOS ANGELES (UPI)—Actor Charles Chaplin Jr. was ordered Wednesday to pay his wife, and her mother, \$150 monthly alimony pending a divorce hearing. Chaplin Jr. and his estranged wife, actress Susan Magness, 22, were married last August and separated two months later.

Curious, Maybe?

MOSCOW (UPI)—The most important discoveries in mathematics and theoretical physics are made by students between the ages of 22 and 26, two top Soviet scientists reported.

Named To Old Post

SANTIAGO, Chile (UPI)—Alfonso Grez, who was Chile's consul general in New York for six years before World War II, has been reappointed to the post.

Grants Announced

WASHINGTON (UPI)—The Atomic Energy Commission announced today that "life science" grants totaling \$326,510 have been awarded to 39 colleges and universities to enable them to expand their laboratories for training students in peaceful nuclear technology.

Missile Falls Short

WASHINGTON (UPI)—The Air Force disclosed Wednesday night that an Atlas missile launched Tuesday fell about 1,000 miles short of its programmed 3,000-mile flight, but otherwise was "fully successful."

Aged Grendades

PANSAU, Germany (UPI)—Eastern vessels found here by children last week have turned out to be "hand grenades" dating back to the 13th century, officials of the German museum in Nuerberg said today.

Reds Claim Lead

MOSCOW (UPI)—Soviet schools are graduating more specialists today than those in the United States, according to V. P. Yelutin, Soviet minister of education.

Dr. Livingstone?

LONDON (UPI)—Two young British explorers reported Wednesday they discovered David Livingstone's initials carved on a tree in Portuguese East Africa. Farquhar Oliver, son of a Sir Lawrence Oliver, and Quentin Keynes said they found the hand-bath during a recent three-month trip up the Zambezi River.

Mistrial Declared In Webster Case

The case of the State vs. John Robert Webster ended in a mistrial last night when the jury could not reach a verdict after three hours of deliberation.

Camera, Supplies Stolen From Auto

A camera and equipment, valued at \$200, were stolen from photographer George Bergstrom's automobile last night.

Jaycees Work Is Lauded; State Award Presented

Sanford became known throughout the state as the most courteous city in Florida when Howard McNulty accepted an award during a meeting of the State Chamber of Commerce in Fort Lauderdale earlier this week.

WE'RE THE MOST COURTEOUS!

Howard McNulty (center) and John Krider (right) are jubilant as they show Jaycee president Tom McDonald the award won by the Seminole County Chamber of Commerce at the State Chamber meeting. The leg work for "Courtesy Week" was done by the Jaycees. (Photo by Bergstrom)

Reds Ready To Strangle Berlin

Roof And Floor Assured But 'In Between' Blank

Construction is at a standstill at the Lake Mary fire house. The floor has been poured, but it seems a long way from the floor to the roof.

Members of the Volunteer Fire Department are not worried about the roof—that has been given to them. But they are worried about the space in between.

U. S. Court Delay Gives State Court School Test Case

NORFOLK, Va. (UPI)—Delay in a federal court ruling on Virginia's school closing laws gave the state a chance today to obtain a temporary injunction before the State Supreme Court.

The state's highest court will hear a "friendly" test of the laws, sponsored by the state itself, next Monday Wednesday's hearing in federal court here threatened to overturn administration plans to exact the first ruling on the laws from the state court, but Chief Judge Simon E. Sobeloff postponed action in the federal case until Dec. 1.

Counsel for white parent plaintiffs, however, asked the court to issue a temporary injunction before briefs are filed Dec. 1 to immediately restrain the state from enforcing its school closing law. The court could issue such an injunction before the state court convenes Monday.

The same anxious whetpaws that smashed and swallowed the ship last Tuesday hampered two Coast Guard vessels which cruised the storm-tossed waters in search of bodies. Two smaller search craft were kept off the lake when 40-mile-an-hour winds spawned mountainous waves.

Two survivors were lifted from a frail raft Wednesday morning and 18 bodies were recovered from the icy water. The Bradley carried a crew of 25 men. Helicopters lowered searchers onto the tiny uninhabited islands about 25 miles off the Michigan mainland.

Caril Fugate Fate In Hands Of Jury

LEWIS, Neb. (UPI)—A jury retired at 10 a. m. today to decide whether Caril Ann Fugate, 15, should pay with her life for the slaying of Robert Jensen, 17.

District Judge Harry A. Spencer, in his instructions, offered a woman jury three choices—they may find her guilty of first-degree murder, or second-degree murder, or innocent.

If the jurors find Caril guilty of first-degree murder they also must set the punishment—life imprisonment or death in the electric chair.

The penalty for second-degree murder ranges from 10 years to life imprisonment and is set by the court, not the jury.

Caril is charged with aiding and abetting Charles Starkweather in the first-degree murder of Jensen and is subject to the same death penalty from which Starkweather is now appealing.

'Blockade' Strikes Fear Into Hearts Of West Berliners

BERLIN (UPI)—Russia and the East German Communists slowly and steadily built up pressure against West Berlin today, worrying the West Berliners and bringing fears the Americans might leave.

The world "blockade" produces great fear in this city 110 miles deep in Communist territory, but the greater fear is that the United States might abandon the city.

All this is summed up by frightened but determined people in two questions: What are the Russians going to do? Will the Americans stand by the city as they promise?

There is no doubt here the Russians are going to do something. There is little doubt of this in the Western capitals. In Washington the only question is how far will Russia go toward the brink of war.

The U. S. top level Security Council was meeting today in Washington to study the situation. The United States, Britain and France were holding consultations in the various Western capitals.

They are bound by a NATO resolution of October, 1954, to fight a war if necessary to build up the European defense system. Russian interference of the kind could touch off a war accidentally.

Weather

Partly cloudy and cooler through Friday. Chance of few showers Sunday portion today. High today 70 to 74, low tonight 50 to 62. Northerly winds blowing north easterly 15 to 20 miles per hour.

Russia Announces 'Liquidation Plan'

BERLIN (UPI)—Soviet Ambassador Andrei Smirnov told Chancellor Konrad Adenauer today in Bonn that Russia would "liquidate" the occupation status of Berlin, the Soviet Embassy announced.

Until now the Russians as well as the Americans, British and French have considered Berlin to be under Big Four administration. Right of access to and from Berlin is governed by Big Four regulations rather than by any German laws.

Soviet Premier Nikita Khrushchev, in a speech in Moscow last week, announced his government's intention of ending this foreign control of Berlin and Berlin-bound traffic and transferring it to the Communist east-zone government.

West Germans were faced with the immediate threat of a blockade to force Western recognition of the move. The world "blockade" is one of fear in this city 110 miles deep in Communist territory, but the greater fear is the United States might abandon the city.

West German government spokesman confirmed the Soviet Embassy announcement and said Smirnov's statement was given orally and that no notes were handed over. He said West German Foreign Minister Heinrich von Brentano participated in the meeting.

'Sanford Is Best,' Navy Men Declare

"East or West, we like Sanford best." These were the words of Lt. Gerald Roberts this morning as he quoted the banner hung on the buses of returning Det. 45, VAH-7, after an 11-month cruise. The banners were made by enlisted men of the squadron which returned early this week under the leadership of Roberts.

The Navy officer was introduced this morning at the Seminole County Chamber of Commerce Coffee Club. Other officers who were special guests were Cdr. John Miller, chief of staff, HAWing One, and Cdr. Norman McInnis, new executive officer of VAH-7.

Chester Beatty of Bellary and Howard Price, president of War Oil Co., were introduced by Charlie Morrison at the meeting. Beatty thanked Sanford for the support given Bellary projects, particularly the civic center and public library.

Those attending the Coffee Club were shown the award won by the Chamber of Commerce citing Sanford as the most courteous city in Florida.

Livestock, Poultry Aid Seminole Farm Economy

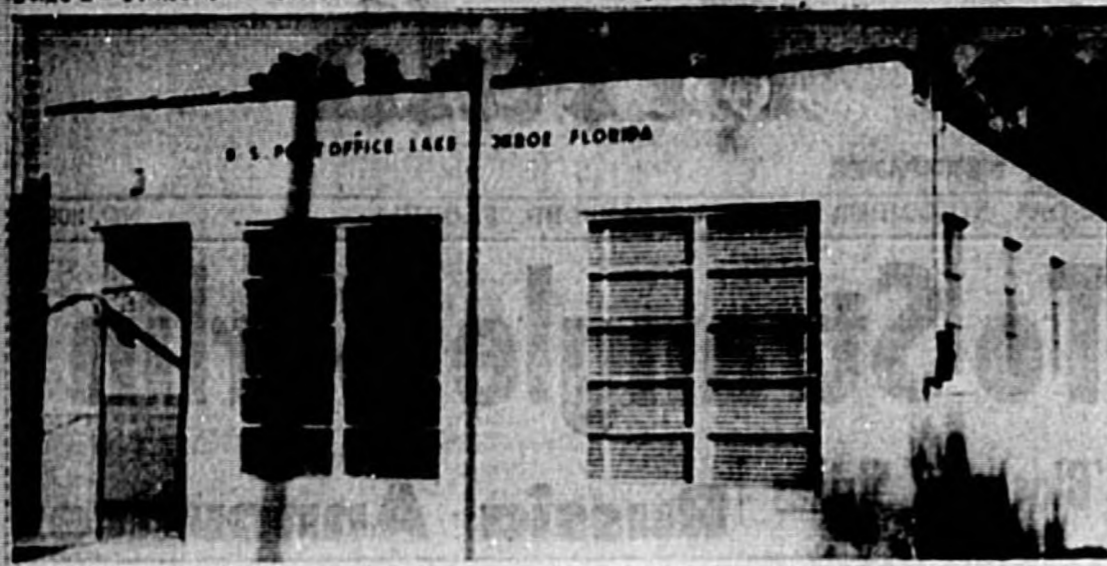

The livestock and poultry industry is an important part of the farm economy of Seminole County.

Annual sales according to the U. S. Census of Agriculture, amount to about \$380,000. This total does not include dairy products. The total does include beef cattle, hogs, poultry and poultry products.

As in the case of the dairy industry, this is a phase of the county's agriculture which is expected to show giant gains in the next few years.

The economic study of Seminole County by the First Research Corp., prepared for the Florida Development Commission, recommended that Seminole farmers go into the poultry business more heavily.

For the past four years Leverett has been employed by Pomeroy and McGowan Forest Managers of Monticello, Ark. as a timber estimator.

NEARING COMPLETION—The new Lake Monroe post office was scheduled for occupancy yesterday, but the moving operation just couldn't be completed, officials said. The finishing touches were to be put on the new building today. Lake Monroe almost lost its post office, but organized protests landed these citizens a new building. (Herald Staff Photo)

Cloud Of Divots To Engulf Movieland

By VERNON MUIR
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—A cloud of divots will engulf movieland next week when a pack of stars storm the golf course for the title of "world" entertainment golf champion.

Duffers and one-handicappers will belt it out at Los Coyotes Country Club with comedians, leading men, character actors and cowpokes vying for honors.

Golf rates highest with Hollywood celebrities, many of whom devote more time to curing a slice than perfecting their acting techniques.

And some of them are mighty good.

But because they're a part of show biz only a few private clubs allow them membership. The great bulk of movie and TV stars belong to one of three clubs—Bel Air, Lake-side and Hillcrest. Some belong to all three.

Los Angeles Country Club has a strict ban on the grasspant set. Anyone faintly connected with the movies hasn't a chance.

Bing Can't Join

Bing Crosby once said, "It'd be all right, but a distant cousin of mine applied. But I live a short par four from the LA club and I can't join."

Crosby and Bob Hope, tinsel town's most famous golfers, are foregoing the tournament because of work. But most of the other backers are having a go at it.

Favored is Bob Sterling (TV's "Topper" series) who shoots to a "11" handicap. Also in contention are crooner Don Cherry (a scotch player), Gordon MacRae (5) and Dean Martin (7).

A pair of dancers, Ray Bolger (10) and Fred Astaire (7) will be flailing away against such cowboy stars as Jim Garner—a 9-handicapper who claims he can't afford to join a private club

—Richard (the Californians) Coogan (9), Ty (Cheyenne) Hardin (12), Guy Madison (9), Gene Autry (12).

Two former screen "Tarzans," Johnny Weissmuller (8) and Lex Barker (7) will be bunching their muscles in a private duel for tourney honors.

Jack Benny, a magnificent scambler with a 16 handicap, withdrew from competition after checking the opposition.

Mickey Will Compete

But little George Gobel, sporting a 10 handicap, Phil Harris (9) and Mickey Rooney (9) will be on hand to provide laughs along with some better-than-average golf.

Two of goldfom's rankest adherents will be missing—Jerry Lewis (who is ill) and Victor Mature (who limits himself to two-men tournaments). Jerry and Vic play one another frequently in rigged tourneys.

The winner buys the loser a huge loving cup for second place, with an impressive plaque. Both Mature and Lewis have lined their den walls with eye-popping trophies.

All told some 120 golfer-entertainers will compete at Los Coyotes (located in Bellehurst) to raise money for the Motion Picture Relief Fund.

And for the first time in history a champion will be named among movie-town golf addicts, an accolade many would prefer to an Academy Award.

Town 'Stirred Up' By Unusual Death

EDITOR'S NOTE: A week ago today a business executive shot to death a union organizer who had been causing trouble at his unincorporated plant. The executive is in jail awaiting legal action. UPI sent James L. Kilgallen, who has covered many major crime stories in his long career as a reporter, to the scene to bring this incident up to date. His dispatch follows.

By JAMES L. KILGALLEN
United Press International
CHESTER, N.Y. (UPI)—This community of 3,000 population is greatly stirred up by an unusual homicide—the shooting to death of a union organizer by a factory president plumed by union trouble.

In jail in nearby Goschen, awaiting possible grand jury action, is Malcolm R. White, 48, mid-appearing head of Chester Cable Corp., which manufactures cable and electrical wiring. The man he killed was Alfred Dugan, 52, a dapper 5-footer who had been trying to dislodge one union with White's plant and substitute his own local.

"It was justifiable homicide," said Henry Hirschberg, newly-appointed counsel for White.

"The defendant is not in the criminal class. He is a man who led a good life and got involved in an unfortunate episode. He had never committed a crime. He tells me he was in terror of Dugan. He says he knew Dugan had a criminal record."

Had Feared Attack

The paths of White and Dugan crossed half a mile from White's picketed plant at about 8:20 last Thursday morning, White claims, according to Hirschberg, that as Dugan came toward White he had his hand in his pocket and that White thought the man was going to attack him. White "wanted to protect himself," said Hirschberg. White emptied his .32 calibre automatic into Dugan.

Hirschberg's first move in White's defense was to request an open public hearing for White. In fact, to Magistrate Peter B. Bu. and Orange County Dist. Atty. Abraham B. Isaacs, he urged such a hearing as soon as possible, preferably next week.

The grand jury has not yet acted in the case. If Hirschberg's move fails, he said he will then have to wait and see whether the grand jury returns an indictment

against White—or not.

Claims Self-Defense

Hirschberg said today that the defendant will not claim duress. The attorney pointed out that White willingly gave himself up.

If White is brought to trial for the killing of Dugan, his defense will be "self-defense," according to Hirschberg. The lawyer said he would contend it was a case of justifiable homicide and that White is entitled to acquittal.

Hirschberg is a colorful attorney and well-known in this region. He is 79 years old and is a veteran of almost 100 murder cases in which he acted as either prosecutor or counsel for the defense. He was once an attorney for Harry K. Thaw.

"I think White should be freed," said Hirschberg. "I am not working for a plea of less than first degree murder. I want him out of jail a free man."

White's Eleanor White, the defendant's wife, has visited her husband in the Goschen jail several times since his arrest. She is White's second wife. White has three children, two by his first wife and one by his present wife.

White was reported to be holding up pretty well in jail but, according to Hirschberg, he sometimes becomes depressed.

Just \$1 For Land It Wasn't Bargain

GREENVILLE, Miss. (UPI)—Sounds like a bargain when a firm acquires a piece of land 125 feet in length for just a dollar but not in this case.

The Greenville City Council sold the property to the Delta Commercial Property Development Corp for that amount to clear up any possible legal trouble in the future.

The reason: Surveyors found that a building owned by Delta had encroached on city property.

The strip of land is only three-quarters of an inch wide, giving it a total area of less than eight square feet.

Sinatra Didn't Go, Dog Track May Sue

MIAMI BEACH (UPI)—A Miami dog track owner has threatened to sue singer Frank Sinatra for backing out of an alleged agreement to show up at the races Wednesday night.

Isadore Hecht, president of the West Flagler Kennel Club, said he would take the needed legal action to prevent a movie company from using parts of a film it shot at the track.

Hecht claimed that Bernard Frank, whom he identified as Sinatra's local representative, approved a publicity agreement in which the crooner was to appear to present a trophy after the 10th race.

The dog track owner said Sinatra, here for the filming of "A Hole in the Head," was to make the appearance in payment for footage the movie company took at the track.

G. J. Kessenick, Retired Colonel Dies In Hospital

Col. Gregory Joseph Kessenick died early yesterday morning in Seminole Memorial Hospital at the age of 82. Col. Kessenick came to DeHart three years ago to reside at 221 Plumosa Road.

The retired Army colonel served for 30 years in the Chief Patent Section of the Ordnance Department of the Army. Before coming to Florida, he was a patent attorney in Washington, D. C.

Col. Kessenick served on the Mexican border in 1916 and in both World Wars. He was the holder of a patent of the well-known bazooka weapon now used by the Armed Forces.

A law graduate of Georgetown University, Washington, D. C., Col. Kessenick also attended the University of Wisconsin. He was a member of the 20th Division Association, the Retired Officers Association, the PAD law fraternity, Delta Epsilon fraternity of the University of Wisconsin. He attended All Souls Catholic Church in Sanford.

Survivors include his wife, Mrs. Pauline C. Kessenick, DeHart; one son, Dr. William H. Kessenick, Washington, D. C.; three grandsons, Thomas Gregory, Christopher and William Kessenick, Washington D. C.; one sister, Mrs. Elizabeth Lane, Chicago; two brothers, Alois Kessenick, Minneapolis, and Mark F. Kessenick, Roslyn, L. I., N. Y.

Funeral services will be held Friday at 10 a. m. at Brison Funeral Home, with the Rev. Richard Lyons officiating.

Remains will be sent in Washington Friday afternoon for burial in Arlington National Cemetery. General Mass will be said Monday morning at Fort Meyer Chapel, Arlington, Va.

"Boy-oh-Boy! Mom's going to make candy"

Quotable Quotes

United Press International
HOLLYWOOD—Linda Christian, former wife of Tyrone Power, in bowing to a request of Power's widow that she avoid his funeral:
"It is difficult to believe that any woman Tyrone would marry would have such an inhuman streak."

ROGERS CITY, Mich.—Mrs. Elmer Fleming, wife of one of two survivors of a ship sinking that took 33 lives:
"I'm happy my husband is safe but I can't be completely happy because so many others are still missing."

EL TORO MARINE AIR STATION, Calif.—Engineer Bill Ryder of a Santa Fe train that crashed into a crippled Marine jet fighter which skidded onto the tracks:
"It was like hitting a truck."

NEW YORK—Lt. Gen. James M. Gavin, former Army research chief, in charging the United States is only making a "fragmented effort" to meet the Soviet space challenge:
"For reasons characteristic of our economy, and sometimes out of an understandable concern for national security, we have tended to compartment our work."

Entertainer Says 'Had Promonition' Just Before Wreck

LOS ANGELES (UPI)—Entertainer Phil Harris said he had a premonition Wednesday minutes before he received minor injuries in the crash of the taxi in which he was riding and another cab.

"I had a feeling, a premonition, that something was going to happen," said Harris. "So when I saw the crash coming I just put both feet up on the back of the front seat."

The 51-year-old former band leader and husband of actress Alice Faye received only bruises of his shoulder and ankle.

Mrs. Florence E. Feldner, 44, driver of the other cab, was taken to Hollywood Receiving hospital with possible head and back injuries and cab driver Charles Schooley, 62, was treated at the scene for minor head cuts.

U. S. Would Aid Commie Poland

WASHINGTON (UPI)—The United States is ready to begin talks on new economic aid for Poland despite Polish Communist Boss Wladyslaw Gomulka's recent criticisms of this country, it was learned today.

The U. S. government is convinced Gomulka still adheres to his course of semi-independence from Moscow despite his sharp barbs.

American officials said Poland recently asked for more help. The United States soon will tell the Polish government it is prepared to talk the matter over and see what can be done.

The main markets for fresh apples exported by the United States in 1952 were Canada, Cuba and England.

SECOND CIVIL DEFENSE FOLDER READY. A. B. Peterson Sr., Seminole County Civil Defense Director, and Mrs. B. C. Hamilton look over the new pamphlets on protection against nuclear attack to be distributed among Navy personnel and dependents. (Herald Staff Photo)

Ready For Distribution Civil Defense Pamphlets

"Operation Know How" is the title of the second in a series of Civil Defense pamphlets now being distributed to local Naval personnel and their dependents by the Officers Wives Club.

The new booklet can be read in a few minutes, and has been written simply and clearly. Basic instructions for a home defense program have been included. Large print makes the pamphlet easy to read, even in emergencies, when concentration would be difficult.

Compiled and written by Mrs. B. C. Hamilton, the folder is designed to place in a phone book or tack on a wall.

"Operation Know How" was printed by the Seminole County Civil Defense Unit for distribution by the O. W. C. Central Florida has become a primary target area, according to Civil Defense officials.

It is imperative that residents learn the few rules that might save their lives in case of nuclear attack. With evacuation virtually impossible due to lack of roads and places to go, Civil Defense is attempting to educate those who may have to "dig in."

During the hurricane season, the Officers Wives Club, working with the Civil Defense Unit, brought out the first booklet, entitled, "Hurricane Warning." With clear instructions and suggestions, the reader was quickly informed about shelter, food and home preparation. The leaflet recently went into a second printing.

Ears Pinned Back

CHICAGO (UPI)—The Journal of the American Medical Association reports that surgical supply houses are selling cement for use by persons with protruding ears who want to paste them against their heads for short periods of time.

Ike Flying South For Fall Vacation

WASHINGTON (UPI)—President Eisenhower flies south today for 10 days of golf and, in the relaxed setting of an exclusive country club, some work on his legislative program for the new Congress.

The Chief Executive's flying destination today was the Augusta (Ga.) National Golf Club where, weather permitting, he was expected to be swinging away at his favorite sport by mid-afternoon.

Mrs. Eisenhower, an enthusiastic air traveler, planned to go to Georgia tonight by train, joining the President at the club Friday. The First Lady could not leave with her husband because she was entertaining at lunch for women delegates to the United Nations.

This was the President's 21st trip to Augusta since his 1952 election and his first holiday of any duration since his September stay in Newport, R. I. He will remain in Georgia with his wife through the Thanksgiving weekend, probably returning to his White House desk by Dec. 1.

The price of a single U. S. high-performance heavy jet bomber is equal to the cost of 22 conventional World War II bombers.

Polio Big Threat Yet As Shown In Detroit

The widespread epidemic recently raging in Detroit served notice to a startled nation that polio has lost none of its powerful impact. The disease still strikes unpredictably and with savage force. It finds its victims among the unvaccinated.

In Michigan, during a brief few September weeks, large numbers of children and adults were stricken with polio. More than 500 cases were concentrated in the city of Detroit. There were 16 deaths.

The epidemic first hit the low income areas. Then it spread out, following its own shapeless pattern, striking without warning, hitting people of all ages. Pre-school-age children and young adults were the principal victims. Fully half the cases were paralytic.

Emergency vaccination centers were opened by the Health Department when the National Foundation sent in 100,000 doses of vaccine to make shots available for people of all ages, and also provided needles, supplies and volunteers to staff the clinics, help parents with their children and distribute factual information to families and the entire community. People were frightened. There was a veritable stampede for Salk shots. Families, including babies and teenagers, as well as mothers and fathers, turned out by the thousands to get protected against paralytic polio before it was too late.

Surely there is a sober lesson to be learned here. People have been smug. They are gratefully aware that polio incidence has been relatively low. They know there is a vaccine to prevent paralytic attack. But too many seem to forget that vaccine on the druggists' shelves cannot prevent anything.

To be effective in stopping paralytic polio, vaccine must be used. Three shots properly spaced out as the doctor directs, have the power to prevent polio's paralytic attack. Get them for yourself and your family while there's still time. Don't let your community be surprised by a disrupting, disastrous epidemic. There's no basis to think it can't happen here—or anywhere—unless you know that 80 per cent or more of your local population has been immunized with three shots of Salk vaccine.

Don't take chances with polio. Take Salk shots.

Age Of Distribution

Historians of the future may well call the 20th century the Age of Distribution.

That thought comes from John A. Logan, president of the National Association of Food Chains. He elaborated in these words: "In America, a relatively young country with vast land area, we look upon population growth as a favorable portent . . . this is not true in many countries where more mouths to feed increase pressure on inadequate food production and undeveloped distribution methods.

"Today's textbooks cite the introduction of agriculture and the Industrial Revolution as fundamental to the development of civilization as we know it today. So, young people of the future may find school classes devoted to the ways the revolution in distribution helped make it possible for the people of the twentieth century to learn to live peacefully in the atomic age."

The industrial revolution, and the revolution in agriculture, made possible mass production. But all the production on earth without a comparably efficient system of getting the goods to the people would be worthless. The development of our mass distribution system—based on huge turnover at a small unit profit—largely made possible our living standards.

American retail leaders have been active for decades in perfecting a mass distribution system. American merchandising innovations are finding ever wider acceptance in a long list of countries. And this, one hopes, will make a significant and lasting contribution to the cause of peace.

Letter To The Editor

Editor, Sanford Herald:

On behalf of the Seminole County Ministerial Association may I express our appreciation for your action in running in full our recent resolution regarding Sunday observance. At the same time we would thank you for the coverage given to Seminole County Church news throughout the year.

At this time we would also like to clarify a matter of recent public interest. At our October Association meeting we authorized a letter to the Sanford City Manager asking the City Commission of Sanford to study the feasibility of making available automobile parking around the Fourth Street public park, having in view diagonal parking in the boulevard section. The City Commission considered our request at their October 20th meeting and denied it, "due to this being the most hazardous type of parking."

The City Commission itself originated an alternate plan to use the interior of the public park for parking to relieve church traffic congestion. On November 4, the proposed action of the City Commission was reported at our Association meeting, and a special committee, consisting of the Rev. J. W. Thomas, T. O'Steen, W. P. Brooks, and A. G. Melius, was appointed to consider the matter from the Association's point of view. On November 10, the Sanford City Commission approved a parking plan using the interior of the Fourth Street public park to accommodate 116 cars.

It should be understood by the public that the Seminole County Ministerial Association has not recommended to the City Commission that the interior of the park be used for automobile parking. Our original letter of October 21st stated, "It was felt by all that the park itself should not be disturbed."

Thanking you for helping to bring this matter to the attention of the public, I remain,

Secretary
The Rev. John W. Thomas
Ministerial Association

True Thanksgiving

REV. W. THOMAS PARSONS, JR., Grace Methodist Church WITH GRATEFUL HEARTS

We think of Thanksgiving Day and cannot help remembering the history of the day in this country. The first Thanksgiving began when a day was set aside by the Pilgrims after their first harvest in 1621. It continued to be observed and since Lincoln's election as President, has been an annual observance.

"Thanksgiving," says the World Book Encyclopedia, "is a Day set aside each year, on this day people give thanks with feasting and prayer for the blessings they have received during the year."

We will join next Thursday with people all over this land, raising to God our songs of praise and Thanksgiving. "I will praise the Name of the Lord with a song, I will magnify His name with Thanksgiving," says Psalmist, expressing the deep meaning the day has for each of us.

That has given so much to me, give me thing more a grateful heart. Not thankful when it pleases me. As if Thy blessings had spare days. But such a heart, whose pulse many be thy praise.

The kind of Thanksgiving that is pleasing to God is more than mere words; it is life surrendered to His will. We are grateful, for the most that any of us can do is so little in comparison with what God in Christ has already done.

Families Are Bigger

WASHINGTON (UPI)—The baby boom of the 1940's has swollen the size of the average American family. The Census Bureau reported Monday that from 1948 to 1954, the number of families with two or more children under 18 living at home rose from 11,200,000 to 16,400,000.

Its Hospitality Time

Holiday Hospitality starts with Borden's Egg Nog (NON-ALCOHOLIC)

Here's the grandest egg nog you ever served your holiday guests—or your children's friends. A rich, creamy-smooth blend of wholesome dairy products and delicious flavorings. Serve it often during the holidays!

ORDER NOW FOR THANKSGIVING

Fred Othman Says

DORADO, P. R.—Six hundred men with appropriate machinery are laboring around the clock here to complete for the grand opening on Dec. 1 of Laurance Rockefeller's \$20,000,000 Dorado Beach Hotel.

It is a despot.

The guests will live in beach houses, which already have sheets on the beds and specially woven rugs on the floors. On one side they will have a view of the Atlantic Ocean lapping almost at their feet; on the other the vista of one of the most picturesque golf courses ever built.

These lucky ones won't feel crowded. Their private beach is two miles long; for wandering purposes they've got 1,300 acres largely planted in flowers, shrubs and grass, the seed for which was imported by the plane load from Florida. It is not exactly a slum.

Rockefeller, a true tree lover, and helpers whacked the whole business from tropical jungle mangrove swamps a couple of acres covered later, and an old grapefruit plantation. Every tree got a number and if it was in the way, nobody chopped it down. That tree was lifted, roots and all and tenderly replanted somewhere else.

Now there are lagoons of purest blue, velvety grass, pink flowers a inches wide, and for the benefit of curly golfers truly fresh refreshment. Almost any place a fellow can put down his clubs and pluck a coconut. If he tires of the milk from that, he need merely reach up for a ripe grapefruit.

I wish I tried one, myself. As it was, I took the wrong kind of rum.

Hilda and I were sitting on the terrace, admiring the beauties all around us and practicing our high-school Spanish, when we were introduced—the Spanish language—in a couple of handsome Puerto Ricans, who were absorbing something cold from tall glasses. They asked us to join them in a drink.

My bride chose papaya juice and that was a cool, succulent choice. I said I'd take rum and our hosts beamed. They said, "You're kidding, what kind? That's where I was stupid."

Still working on my Spanish and trying to prove what an international sophisticate I was I said I believed I'd have a small noggin of Barretto's, which I'd heard was a local rum specialty, aged in sherry casks, and never exported from the island. The faces of my friends fell, but they intended to be courteous, if it killed 'em.

I got my Barretto's, the gentleman who brought it for me turned out to be the general manager

and the plant superintendent of the Bacardi company, perhaps the world's leading rum distillery. The moral is don't try to be so smart in strange places.

Dorado Beach is 20 miles from San Juan and anybody who wants to drive over via automobile can, but the management has a better idea. It has a deal with Caribbean to meet each incoming plane at the International Airport and ferry them here in five minutes by DC-3. The hotel, being that kind of place, has its own airport.

The rates are \$45 minimum per day for two and since that includes prime beef steaks flown in from Chicago and other comestibles of equal quality I don't see how Rockefeller can make much profit. There are 133 rooms scattered among the palms and around the swimming pool and even with them all filled, I keep thinking about the interest on that \$20,000,000. But maybe I shouldn't be worrying about the finances of Laurance Rockefeller. This is a long-term investment as far as he's concerned and he's not as much interested in profits as he is in helping develop this island.

Another little enterprise he has here is his chain of Totus Mercurio's. These are supermarkets, the first ever seen in Puerto Rico and they have become fabulously successful.

They've also cut the cost of living in San Juan, where huge wages these many years have been dependent on street peddlers and sole-in-the-all greasers for their food. The first Totus Mercurio brought on competitors, even larger and more brilliantly lighted and now all over town are supermarkets exactly like those on Long Island or in Beverly Hills. The sayings to the housewives have been inestimable.

All this goes to show that a wealthy man can find a proper place to spend his money if he puts his mind to it. Rockefeller, I hear tell, is at one of his other enterprises, Caneel Bay Plantation, in the Virgin Islands, where the fish come up to the people to get their backs scratched.

Hilda and I shortly should be interviewing the fish—and Rockefeller.

Lake Mary

By BETTIE JANE REOGAN

Circle 2 of the UPW will sponsor a chicken and yellow rice supper Saturday, Dec. 4 in the Educational Building of the Community Presbyterian Church of Lake Mary. Serving will begin at 4:30 and diners to be delivered will be sent out at 4:45.

The committee, composed of Mrs. Richard Keogh, Mrs. Ruby Linden, Mrs. Mabel Brown, Mrs. Joe Smathers, Mrs. James Benson, Mrs. Harold Hoehersmith, Mrs. Harry Smith and Mrs. Rob Ruggenstein, presented final plans to the circle at a meeting at the Lake Emma home of Mrs. Richard Rebe, Tuesday evening.

Mrs. Will Ferguson led the devotional and the business was conducted by Circle Chairman Mrs. Linden.

Mrs. Abbie Freese led the discussion from the study book "Conversations on the Middle East." She was assisted by Mrs. A. Crocker, Mrs. P. D. Anderson, Mrs. A. Alling, Mrs. Walter Piper and Mrs. R. Krass.

The next meeting, a Christmas party, will be held at the home of Mrs. J. M. Thompson with Mrs. Alling as co-hostess. At this time the secret pals for the year will be disclosed.

The guests were assisted by her daughter, Mrs. Smathers, served refreshments in those present.

BIRTHDAY PARTY

Robin Pillely was guest of honor at a Monday morning party celebrating her second birthday. The guests were served ice cream, kool-aid, candy and a birthday cake topped with two real rocking horse candies. Guests had a full morning of playing and companionship.

OWC Executive Board Meets; December Function Revealed

VAHS representatives informed the executive board of the Officers Wives Club that the December function of the club will be a cocktail party and fashion show at the Mayfair Inn. This will be a charity benefit for the Gateway School and will be open to the public.

The board met recently at the home of Mrs. John Bangster, Mrs. Don Brubaker, president, conducted the business meeting. Three wives, Mrs. Braker, Mrs. B. C. Hamilton, and Mrs. Jack Langford, attended a recent luncheon at the Pinerest School illustrating how the school would

serve the community in the event of disaster.

Discussion followed regarding the Navy Relief Ball to be held in May or June. The board decided that the theme would be a Mediterranean Cruise. Each squadron or unit will assume responsibility for decorating individual areas of the club to resemble a port of call in the Mediterranean.

Mrs. James Ramage, advisor to the board, explained the needs of the air station at the time of the bombing derby scheduled for Dec. 11 and 12. A number of invitations have been extended to officers and aircraft representatives from out of town. Should most of these invitations be accepted, it may be necessary for Navy families to assist in regard to housing and transportation.

Mrs. Ramage asked that each representative take the information to her unit and require a list of available rooms, cars, and possible drivers.

Mrs. W. Hendrick invited the board to meet at her home in December.

Molded Relish Salad

Sweetened, fresh cranberries or canned whole cranberry sauce create the base of a new mold-type salad which goes well with any meat choice.

Add a little diced apple or orange, a few chopped nuts, and a wisp of ginger to cranberries. Blend the fruit and nut medley with real mayonnaise for just the right sweet-tart flavor. Then design the salads with unflavored gelatine. The gelatine, along with the mayonnaise, is a flavor and texture blender. It also permits the natural flavors of the other salad ingredients to predominate.

The individual cranberry relish molds can be served on salad greens. Or place each on a slice of orange or pineapple, and serve as a garnish with the meat course.

- 2 cups fresh cranberries, ground
- 1/2 cup sugar
- 1 envelope unflavored gelatine
- 3/4 cup cold water
- 1/2 cup real mayonnaise
- 1/4 teaspoon salt
- 1 1/2 teaspoons ginger
- 2 tablespoons lemon juice
- 1 apple or orange, peeled and diced
- 1/4 cup chopped nuts

Sprinkle cranberries with sugar, let stand 15 minutes. Sprinkle gelatine on cold water in saucepan to soften. Place over medium heat, stirring constantly, until gelatine is dissolved. Remove from heat; cool. Gradually stir into mayonnaise; add salt, ginger and lemon juice. Stir in cranberry mixture, apple or orange, and nuts. Turn into 4 cup mold or individual molds. Chill until firm. Unmold to serve. YIELD: 4 to 6 servings.

Softener Water —(UPI)— Two types of packaged water softeners, if used in the right amounts, can work satisfactorily in a household water system.

Doris L. Snook, home management specialist at Pennsylvania State University, says one type of chemical combines with minerals to make the water appear cloudy, while in the other type, the water remains clear.

She cautions that an excess of the type which makes water cloudy may irritate the skin, and damage fabrics.

Squadron Heads Are Feted By Frossards

Cdr. and Mrs. C. F. Frossard entertained Saturday night at their Little Venice home with a cocktail party honoring Cdr. and Mrs. E. R. Horrell and Cdr. and Mrs. N. K. McInnis.

Cdr. Horrell is the new skipper of VAHS. Cdr. McInnis is the new executive officer.

A buffet table in the dining room held an array of turkey, rolls, ham, rye bread, and accompanying foods. Arrangements of red roses in the living room and dining room added to the occasion. The roses were presented to the Frossards by the Horrells.

Weekend guests from Jacksonville, present for the affair, were Cdr. and Mrs. W. E. Cook, Cdr. Cook is the former Operations Officer of VAHS.

Approximately 100 guests attended.

Pilot Club Has Guest

Mrs. Kathy Crum, Bartow, I. A. Governor of District Four of Pilot International, was the guest of the local Pilot Club Friday.

Mrs. Crum, with several members of the club, attended the tea at Stetson University commemorating the Diamond Jubilee of the school Friday afternoon. Those accompanying her were: Mrs. Walter Carter, Mrs. George Stine, Mrs. Harvey Swanson, Mrs. Raymond Ball, Mrs. Lois Housholder, and Mrs. Sue Stevenson.

A dinner was held Friday night at Jim Spencer's Restaurant in honor of Mrs. Crum. The regular meeting of the club followed at 8 p. m. at the home of Mrs. Raymond Ball, Lake Mary. At the meeting Mrs. Crum conducted a panel, prepared by Pilot International. In an address to the club, she praised the members for the many hours given to local civic projects.

Lip Beauty Trick
Unightly streaks or "feathered" lipstick will detract from the smartness of your new fall costume. If this is one of your makeup difficulties, follow this simple one-to-three technique. It's well worth the extra minute it requires.

First dry lips thoroughly with a Kleenex tissue. Then dip lipstick brush in lipstick and outline the lips. Draw outline on upper lip, from left corner of mouth to center, then from right corner to center. Next outline lower lip in the same manner. Fill in with lipstick. Let color set a moment and blot off excess with clean tissue.

One Dish Does It
NEW YORK —(UPI)— A quick and easy one-dish meal combines sausages and Louisiana sauce.

Cook 1 pound link sausage; drain, over low heat until browned. Drain, add 2 medium apples, sliced and grated, 1/2 cup dry bread crumbs, 1/4 cup lemon juice and 1 medium onion, finely chopped.

Mix well, turn into 1 1/2 quart casserole, top with 6 medium jams, cooked, peeled and quartered. Bake, substitute 2 1/2 pound cans yams, drained, sprinkle with 1/4 teaspoon cloves and 1/4 teaspoon salt. Cover and bake in 325-degree oven 20 minutes.

Small, fringed terry cloth hand towels make good place mats at the children's lunch table.

Church Calendar

THURSDAY
The Royal Ambassadors will practice at the First Baptist Church at 7 p. m.

The Carol Choir of the First Baptist Church will practice at 6:15 p. m.; the Concord at 7 p. m.; the Church at 8 p. m.

The Deacons of the First Presbyterian Church will meet in the Session Room at 7:45 p. m.

Pinerest Baptist Church Loyalty Dinner at the Sanford Civic Center at 7:30 p. m.

The Ladies Aid of the Lutheran Church of the Redeemer will hold its regular monthly meeting at 7:30 p. m. at the church.

SUNDAY
Choir practice at the Pinerest Baptist Church as follows: Chapel and Concord choirs at 5:30 p. m.; Carol choir at 5:30 p. m.; Pinerest Baptist Church Junior and Youth Fellowship at the church at 8:45 p. m.

Pinerest Baptist Church Youth Fellowship meets at 6:30 p. m. Choir practice at the First Baptist Church as follows: Celestial, 3:15 p. m.; Cherub, 4:15 p. m.; Primary Sunbeams, Junior G. A.'s, and 13 year G. A.'s will meet at the First Baptist Church at 3:15 p. m.

Leather clothing should be dried at room temperature. Never hang near radiators, in sun or other strong light. This dries natural oils and fades colors.

Low ceilings will seem higher if painted white. Add to the illusion by painting baseboards the same color as the walls. Too high ceilings will appear lower if covered with dark paint.

Give careful thought to the accessories and smaller articles in your bathroom if you're redecorating this fall. These will add the right touches to the room that will be in keeping with today's more colorful, glamorous baths.

Here are some general suggestions recommended by home decorating experts:

Use plants in pretty pottery containers which contrast with the background color of the walls.

Match the color of your tissues with the dominant pastel tone of the room. Quality bathroom tissues such as Delsey now come in pink, aqua, yellow as well as white. Just as facial tissues do, so this is easy to manage.

Hang glass-covered pictures in gay prints or bold black and white sketches on the walls if the walls are not patterned with paper.

Fill apothecary jars with the soap or detergent that you keep in the bath for nightly sudsing of hose.

VFW Auxiliary Makes Plans For Two Christmas Parties

Two Christmas parties were planned at the Tuesday night meeting of the V. F. W. Auxiliary. The first party is slated for Dec. 14, 1:15 p. m., with members and their families invited. A Christmas dinner of turkey and all the trimmings will be served. Santa will make an appearance to distribute gifts and fruit for the children. Games will be played and a Christmas tree enjoyed.

The second Christmas party will be for auxiliary members at the regular meeting scheduled Dec. 16. Gifts will be exchanged. Plans will be completed at the Dec. 2 meeting of the group. Both parties will be held at the new V. F. W. Hut on the lake front.

During the meeting a letter of appreciation was read from the Veterans' Hospital at Lake City, in which gratitude was expressed for clothing and books donated to them by the local auxiliary.

The auxiliary would like to request that the general public donate men's clothing and books that can be used by the patients of the hospital. Any contributions will be acceptable. Phone Mrs. Evelyn Diabrow, FA 2-1859 or Mrs. Betty Smith, FA 2-3362. These women will pick up the donations.

Auxiliary Has Heart Program

Douglas DeNecy, field director of the Florida Heart Association, was the guest speaker at the Women's Auxiliary of the Seminole County Medical Society. The meeting was held Monday at the Mayfair County Club.

DeNecy expressed hope for a more active Heart Association in Seminole County and spoke of establishing a Heart Council in Sanford. He explained that a Council undertakes programs of professional and lay education and community service during the year.

The aim of the Association, DeNecy stated, is to push heart research to the farthest limit, searching for cause of diseases of the heart and circulation. The Association needs to publish its aims and progress to the practicing physicians and the general public. Funds are raised through the Heart Fund Campaign.

The auxiliary will sponsor Heart Sunday, a national observance, in Sanford on Feb. 22. Mrs. Leonard Munson was appointed chairman.

Society Slates Meet
C. Russell Mason will address the Seminole Audubon Society at its regular monthly meeting slated for Monday, Nov. 24. The Society will meet at 7:30 p. m. at the School Farm Building on 14th Street.

Mason is the executive director of the Florida Audubon Society. His illustrated subject will be "Attracting the Birds to Your Garden". All members are urged to attend and to bring friends.

Food Sale Scheduled
A food sale and bazaar is scheduled for Wednesday, Nov. 26, on the sidewalk near the Lake Mary Post Office. Sales will begin at 10 a. m.

The Porcua Circle of the Upsala Presbyterian Church will sponsor this event.

Supper Held At Holy Cross

An informal covered dish supper was enjoyed by members of Holy Cross Episcopal Church Tuesday night. The supper was held in the Parish House at 6:30 p. m.

Brownie Scout Troop 265, sponsored by the church, was responsible for the bright decorations on the long supper tables. Fall leaves, scarecrows, haystacks, and turkeys were used. Mrs. J. H. Osborne is the troop leader.

Families brought their favorite dishes and their own table service. There was no organized program. Those present chatted with old friends and became acquainted with new ones. Sonny Naborn made an attempt to identify old families there. With much enthusiasm Father John Thomas, rector of Holy Cross, led the group in community singing.

Another informal gathering will be planned for the coming year.

FAT OVERWEIGHT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose weight in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't live the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs \$3.00 and is sold with this strict money back guarantee by:

Local Events

THURSDAY

Regular meeting of Seminole Chapter No. 2, Order of the Eastern Star, at the Masonic Temple at 8 p. m. The annual Memorial Service for the deceased members will be conducted at this time.

The American Home Department of the Sanford Woman's Club will meet at 8 p. m. at the clubhouse. Miss Lucy Nowlin will give a demonstration on foods. Miss Barbara Ruprecht is chairman of hostesses for the evening.

FRIDAY

The Rose circle of the Sanford Garden Club will meet at 9:45 a. m. at the home of Mrs. Henry A. Simpson, Geneva. Ben Wiggin will be the speaker. Members will enjoy a picnic luncheon at noon.

The United Daughter of the Confraternity will hold its regular meeting at 3 p. m. at the home of Mrs. Zeb Ratliff, 1800 Park Ave. Mrs. W. P. Carter and Mrs. W. B. Kirby will be co-hostesses.

SAUNDREY

The Saundrey Story League will have a covered dish luncheon honoring the district president at 1 p. m. in the Educational Building of the First Presbyterian Church. A program will follow. All Junior League members and their mothers are invited to attend.

4-H Club Meets

The Sanford Junior High 4-H Club met Wednesday. Miss Myrtle Wilson, County Home Demonstration Agent, gave a demonstration on ironing. The next meeting will be held Dec. 2.

Telling of Chicken

WASHINGTON —(UPI)—That old American favorite, fried chicken, has set a record. The agriculture department reports that more than 9 out of 10 households in the United States serve broiler-fryer chicken or parts. Almost 90 per cent of homesteaders in the northeast serve chicken. Nearly 1 1/2 billion young birds were produced in 1957, and this year, production is even higher. Supplies are at record levels for this time of year, the department said.

Tribe Stresses Defense In Drills For Lakeview

By Jerry Covington
Tomorrow night Coach Jim P. Sanford's Seminole Red Devils will go against the Lakeview Red Devils in the final OBC contest of the season.

U. S. Team Heavy Favorite To Take 'Series' Of Golf

By LEO M. PETERSEN
MEXICO CITY (UPI)—Sammy Snead and Ben Hogan, leaving off as a U. S. team today, were 4 to 1 favorites to win the "world series" of golf or the International Trophy and Canada Cup championships as it is called in more formal circles.

Snead and Hogan, both looking more grim than opening day World Series pitchers, were scheduled to tee off at noon in the first of four daily 18-hole rounds that will decide which nation among the 31 entered will wind up with the coveted Canada Cup.

Despite an attack of dysentery, the 46-year-old Hogan said he was satisfied with his play during practice rounds and appeared confident of his and Snead's chances in the 72-hole championship test.

In addition to the Canada Cup, which goes to the team with the few two-man total for the four rounds, Hogan and Snead also were hearing down against each other for the International Trophy that is awarded to the low individual.

Tournament officials expected a turnout of more than 2,000 fans, especially since today is a national holiday in Mexico—the "day of revolution"—commemorating the overthrow of Porfirio Diaz in 1910.

Commanding almost as much attention as Hogan and Snead was the Japanese team of Fetsu Nakamura and Koichi Ono, who won the Canada Cup last year while defeating Snead and Jimmy DeMaret.

Handicap System Adopted By Ladies

A new handicap system was introduced by Miss Cile Heard at the November luncheon of the Sanford Women's Golf Association, held yesterday in the Mayfair Country Club.

Members now are required to have five 18-hole scores for handicap. Handicaps over 30 will no longer be given.

Scores will be entered on a handicap card, no matter where the game was played. Score cards do not have to be attested. The player's handicap will be figured monthly by the chairman.

Golf balls were awarded to winners in weekly tournaments by Trophy Chairman Mrs. Alice Mills. Winners in the Oct. 22 tourney were Mrs. W. K. McRoberts, Mrs. John Tvey, Mrs. John Williams and Mrs. Chris Overstedt.

Winners of the Oct. 20 "Mystery Partner" play were Mrs. William Smith and Mrs. Dave Canning, Mrs. Kirby Fite Jr. and Mrs. Ralph Chandler, Mrs. Chris Overstedt and Mrs. Gladys Brown.

Nov. 8 tournament: Mrs. Price Heard, Mrs. William Smith, Mrs. Robert Shedd and Mrs. Harry Woodruff; Nov. 11, Mrs. W. K. McRoberts, Mrs. Gene Wetzel, Mrs. Ken Rowell, Mrs. Ray Horton, Mrs. Ila DeMent, Mrs. John Williams, Mrs. Overstedt, Mrs. Kenneth Torbett and Mrs. Price Heard.

Packers Get Player

GREEN BAY, Wis. (UPI)—The Green Bay Packers have placed fullback Horvath Ferguson on the injured list to make room for line-backer Marv Matukas, obtained on waivers from the San Francisco Forty-Niners.

to watch the Seminoles clinch at least a tie for the OBC championship. If the Seminoles are successful here tomorrow night and Winter Park defeats Apopka, the title will be in the bag.

The Seminoles found tough going against New Smyrna last week in the first half and the coaching staff really has put the young hopefuls through the paces in an effort to be in top form for this important contest. The defense has worked against the Lakeview plays in scrimmages this week and the team appears to be ready to stop all threats thrown at them.

Jensen Gets Award As Most Valuable

By BOB SALMON
BOSTON (UPI)—Outfielder Jackie Jensen of the Boston Red Sox, who gained All-American football honors a decade ago, today won one of baseball's most coveted awards when he was named the American League's Most Valuable Player of 1958.

The 31-year-old Jensen polled 233 points in balloting by the Baseball Writers Association of America, beating out pitcher Bob Turley of the New York Yankees and outfielder Rocky Colavito of the Cleveland Indians in fairly close voting. Turley received 191 points and Colavito 181.

Jensen was the first member of a non-pennant-winning club to win the award since Yogi Berra of the Yankees captured it four years ago when Cleveland finished first. The Red Sox finished in third place the past season, 33 games behind New York.

The naming of the blond-haired, square-shouldered former All-American fullback for the University of California in 1948 also broke a four-year Yankee hold on the award. Mickey Mantle won it in 1954 and 1957, while Berra took it in 1954 and 1955.

Hard luck outfielder Bob Cerv of the Kansas City Athletics finished fourth with 164 votes. Behind him in the first 10 came: S. Mantle (127); O. Outfielder Roy Sievers of Washington (93); F. Outfielder Ted Williams of Boston (80); S. Second baseman Nellie Fox of Chicago (68); S. Catcher Sherm Lollar of Chicago (57); 10. Second baseman Pete Runnels of Boston (29).

Team Signs Scout

KANSAS CITY, Mo. (UPI)—The Kansas City Athletics have signed Joe Skurki as scout for the Chicago area, northern Illinois, Indiana and Wisconsin.

Fraley's Predictions

By OSCAR FRALEY
MEXICO CITY (UPI)—Fraley's folks and the weekend football "winners"—and after all, seniors, they're your peeps.

Game of the Week
Iowa over Notre Dame—The Hawkeyes always come up big for this one and last week they had to be looking over Ohio State's shoulder toward another whack at the Irish.

The East
Syracuse over West Virginia—Who invented basketball? Princeton over Dartmouth—Naim Smith copped the credit.

Rutgers over Columbia—But the Arctics played it 1,000 years ago.

Also: Yale over Harvard, Lehigh over Lafayette, Buffalo over Bucknell, Boston University over Connecticut, Holy Cross over Marquette, Temple over Hofstra and Villanova over Quantico.

The Midwest
Northwestern over Illinois—Maximilian's palace is a pip.

Ohio State over Michigan—Its swimming pool even had an ally.

Purdue over Indiana—His wife's pool was as big as a midget's bath tub.

Swalm has been very effective in practice. They should be all set to better their already great records compiled this season.

The ground attack should be in full strength with fullback Harold Stone picking up the yardage through the middle and halfbacks Vernon Kirk and Ray Lundquist finding the way around the ends. This phase of the game should be at its strongest tomorrow night.

The defense will have Kirk and Cliff McKibbin as side men in the backfield and Jones as deep man. The linebackers will be Stone, Duke Schirard and Lin Risher.

Defensive ends are Swalm and Walter Middleton, tackles are Charlie Hogan and Don Carter, guards are Dave Stanley and Kelly Lake. Big Neely Ross will be playing over the middle. This group has worked into one of the top defensive units in the conference, and except for a few plays, have held the opponents practically yardless.

The second unit backfield has been very effective all year and if the opportunity presents itself, these lads will see a lot of action tomorrow against the Red Devils. John Lovelace promises to be a coming star to the Seminole squad and already has given fans a look at his talent. He is speedy and alert and should be a big help against the Devils.

Risher is slated to see plenty of action tomorrow and will be filling the halfback spot for Lundquist at times and alternating with Stone at fullback. Senior defensive standout McKibbin has displayed plenty of talent as a pass receiver and runner and has been the choice target for sophomore quarterback Mike Roberts, who has thrown so effectively all season. These players are anxious for a shot at the Devils and will be in it before the night is over.

The Seminole record now stands at 3-2-1. Tomorrow night they shoot for their fifth in a row. The conference crown is riding on this one, which will be in honor of the "Dada" of the players. They will be introduced to the public from the sidelines. A real thriller is expected as the Seminoles battle to wrap up their first OBC championship.

Team Signs Scout
KANSAS CITY, Mo. (UPI)—The Kansas City Athletics have signed Joe Skurki as scout for the Chicago area, northern Illinois, Indiana and Wisconsin.

They break up cars faster than they can be imported.

Also, Washington State over Washington, Iowa State over San Jose State, COP over San Diego State, Air Force over New Mexico and Wyoming over Brigham Young.

The South
Auburn over Wake Forest—Zapata must have been a great man.

LSU over Tulane—He fought all over Mexico.

North Carolina over Duke—And, at this altitude, that's a lot of fighting.

Also: North Carolina State over South Carolina, Tennessee over Kentucky, Maryland over Virginia, Alabama over Memphis State, Georgia over Citadel, Miami over Houston and Boston College over Clemson.

The Southwest
Rice over TCU—The golfers here at the Canada Cup don't like Snead and Hogan getting all the publicity.

Baylor over SMU—They figure they're overrated.

Arkansas over Texas Tech—And figure they'll be beaten.

Tampe over Arizona—Which remains to be seen.

DOUG SANDERS

Doug Sanders: Not How But How Many Tourneys

Doug Sanders is a good example of that golf adage: "It's not how that counts, but how many."

Employing a wide stance, very little body turn and a short back swing, Sanders looks more like a week end golfer than a two time major tournament winner.

But don't let his unorthodox style fool you, even though Doug, born in Cedartown, Ga., July 24, 1932, maintains, "I have the best swing for the week end player."

It so happens that Doug's swing is ideal for him, too, as his victories in the 1956 Canadian Open and the 1958 Western Open attest.

Through the first 10 months of 1958, Doug played in only 18 tournaments but won nearly \$12,000.

A professional since December of '56, Doug has been hounded by injuries. An infection between the forefinger and middle finger of his right hand—the result of a "trigger action" grip—forced Sanders to the sidelines in August of 1957. Then in the Colombian Open in February of 1958, Sanders tore ligaments in his right ankle after hitting a shot around a tree.

He rejoined the tour at Hot Springs, Ark. in mid-May of 1958. It was in the money there and the following week shot 63 at Greenbrier as he played fourth.

Two weeks later he won the Western with a 213, 13 under par at Red Run, Royal Oak, Mich. He birdied four of the last nine holes to edge Dow Finsterwald by a shot. Ironically, to become the first amateur to win the Canadian Open, Doug beat Dow in a playoff.

Three weeks later, a hip injury forced Doug out of action for a month. When he returned at Chicago, he tied for 10th, and won \$12,210. He played well the balance of the summer and fall and posted his second 63 of the year at Denver.

Well-built Doug stands 5-10 1/2 and weighs about 170 pounds. When Doug joined the PGA tour in June of 1957, at Flint, Mich., and tied for fourth in the Carling Open, winning \$1,425, PGA Tournament Supervisor Harvey Raynor said: "Sanders' another Doug Fairl. His swing may not look pretty but it's effective."

When he won the Western, one of the Detroit golf writers cracked: "Sanders could swing in a phone booth." This was an exaggeration, of course, but the man had a point.

Sanders realizes it, too, because he has since said he'd like to develop a bigger body turn and narrower stance.

Doug feels his swing is the thing for the weekend player because it allows very little chance for error, owing to its shortness.

Why such a short backswing? "When I learned to play at the Cherokee course in Cedartown," Doug explains, "caddies weren't permitted to play. But we used to sneak on the course and the hole we played had honyeucaly on one side and a creek on the other."

"Naturally, we wanted to hit and pick up before the members spotted us. If we went off the fairway, we'd lose golf balls. I developed a short swing so I could stay on the fairway."

Cannon Leads SEC All-Star Hopeful

By DAVID M. MOFFIT
ATLANTA (UPI)—Billy Cannon, the 200-pound junior halfback who has combined speed and strength to pace top-ranked Louisiana State through the nation's only perfect major-league season, has the Southeast's staunchest backing for all-America recognition.

For two seasons' scouts' reports on Louisiana State have contained one ominous note: "Don't give Cannon the ball on an open field." Kickoffs are usually angled away from Cannon; when he's at safety punters prefer shorter, out-of-bounds punts to those which Cannon might return.

Stopping Cannon defensively is another matter. He leads the Southeastern Conference in rushing with a 59-yard total and a 5.7-yard average. He is also a dangerous passer—throwing for the touchdown that helped edge upset-bet Mississippi State last week 7-6. He's a long range punter; and a sound conversion kicker.

As a track star last spring Cannon ran a 9.5-second 100 and threw the shot put 33 feet, 7 inches. This performance prompted a national sports magazine to comment: "He's either the fastest shot put or strongest sprinter in track annals."

Strong Centers
The strongest position in the Southeast appears to be center where no less than five men are being plugged for all-America. Max Fugler of LSU, Jackie Burkett of third-ranked Auburn, and Maxie Baughan of Georgia Tech are running neck-and-neck. Dave Lloyd of Georgia and Milton Crain of Mississippi are only a step behind.

The Southeast has had its full share of backfield stars this season. In addition to Cannon, there's halfback Johnny Robinson and quarterback Warren Rabb of LSU; quarterback Richie Pettition of Tulane, the conference offense and

passing leader; quarterback Bob Franklin and fullback Charles Flowers of Mississippi; halfback Tom Moore of Vanderbilt; quarterback Lloyd Nix of Auburn; halfback Gary O'Steen of Alabama; and fullback Theron Sapp of Georgia.

Jerry Wilson of Auburn leads the nominations at end; Vel Heckman of Florida has been the Southeast's outstanding tackle; and Zeke Smith of Auburn and George Deiterich of Vanderbilt have been season-long stars at guard. Other top linemen include end Don Flemming of Florida; tackles Cleve Wester of Auburn and Mel Branch of LSU; and guards Asa Cox of Florida, Strange of Louisiana State and Bobby Urbano of Tennessee.

Biggest Crowd
The headline game in the Southeast this weekend will be at New Orleans where possibly 80,000, the largest crowd to ever attend a football game in the South, will watch favored Louisiana State close out its regular season against Tulane. The only other conference game scheduled first Tennessee and Kentucky tangling at Knoxville, Tenn.

Punts Emphasized In SEC Practice

United Press International
Auburn Coach Ralph Jordan led out one of his trade secrets Wednesday. He works his squads in the punts only once a week—"if the team is playing sound football."

Since that heavy work day is Tuesday, the Plainsmen were in sweat clothes Wednesday and today. The Wednesday session was largely devoted to the coverage of punts by top linemen.

Tommy Lorino, who apparently will be in there this weekend against Wake Forest, was doing the booting.

There was quite a bit of kicking also at the University of Tennessee, which winds up its season Saturday against Kentucky. Vol tailbacks Gene Elter, Bill Majors and Danny Webb polished their quick-kicks and punts.

The Vols also had a kickoff drill, the offensive line worked on fundamentals and the backs and ends rehearsed pass patterns.

On the Kentucky campus, the leading scorer in the Southeastern Conference was on hand for a light drill and coaches said he would be ready to go Saturday. This halfback Calvin Bird, who with tackle George Boone has been on the injury list. Boone also is expected to see action.

Coast Guard Coach Relieved Of Duty

COAST GUARD SPTS 18
NEW LONDON, Conn. (UPI)—Nelson W. Nitchman has been relieved of his duties as head football coach at the Coast Guard Academy because of a "staff reorganization plan."

Nitchman, who held the position for 18 years, will continue as baseball coach at the academy and also will assume additional administrative duties in the physical education department.

The Coast Guard football team completed its season last week with only two victories in seven games.

The Wildcats held their last full-hour workout of the week and of the season.

Alabama's Dave Sington remained a doubtful starter against Memphis State Saturday. The spark-plug tackle suffered a leg injury in the Georgia Tech game last week and is recovering slowly.

The Tide's two top units worked in sweat clothes Wednesday to avoid the risk of further bang-ups. Tulane and Louisiana State continued rehearsal for their final 1958 appearance.

The LSU varsity ran against two mock Tulane units in a high-speed, no-contact offensive drill and planned to ease off today. The Greenies concentrated on passing and defensive plays Wednesday and the punters held a long workout.

Other Southeastern Conference teams held relatively light sessions.

Independent Miami, which has won only one of seven after pre-season billing as one of the area's best, will take on Houston Friday night at Miami.

Salute to FLORIDA COUNTIES
CALHOUN COUNTY
County Seat, Blountstown

Born of a feud over river commerce with Apalachicola, Calhoun County was formed in 1838. Income is derived from general farming, lumber and livestock. "Raising" worms for fish bait has reached the proportion of a major industry. Calhoun County is noted too, for its tupelo honey, outstanding beef and dairy cattle business, and profitable tung oil industry. The Dead Lett and picturesque Apalachicola River provide splendid hunting and fishing. County seat is Blountstown, named after an Indian chief and its first settler.

In progressive Calhoun County, and throughout Florida, the United States Brewers Foundation works constantly to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.

BEER: FLORIDA'S LIGHT BRIGHT BEVERAGE OF MODERATION
United States Brewers Foundation
Florida Division
200 N. Main Street
Columbia, Florida

National Guard Put Through Paces During Alert

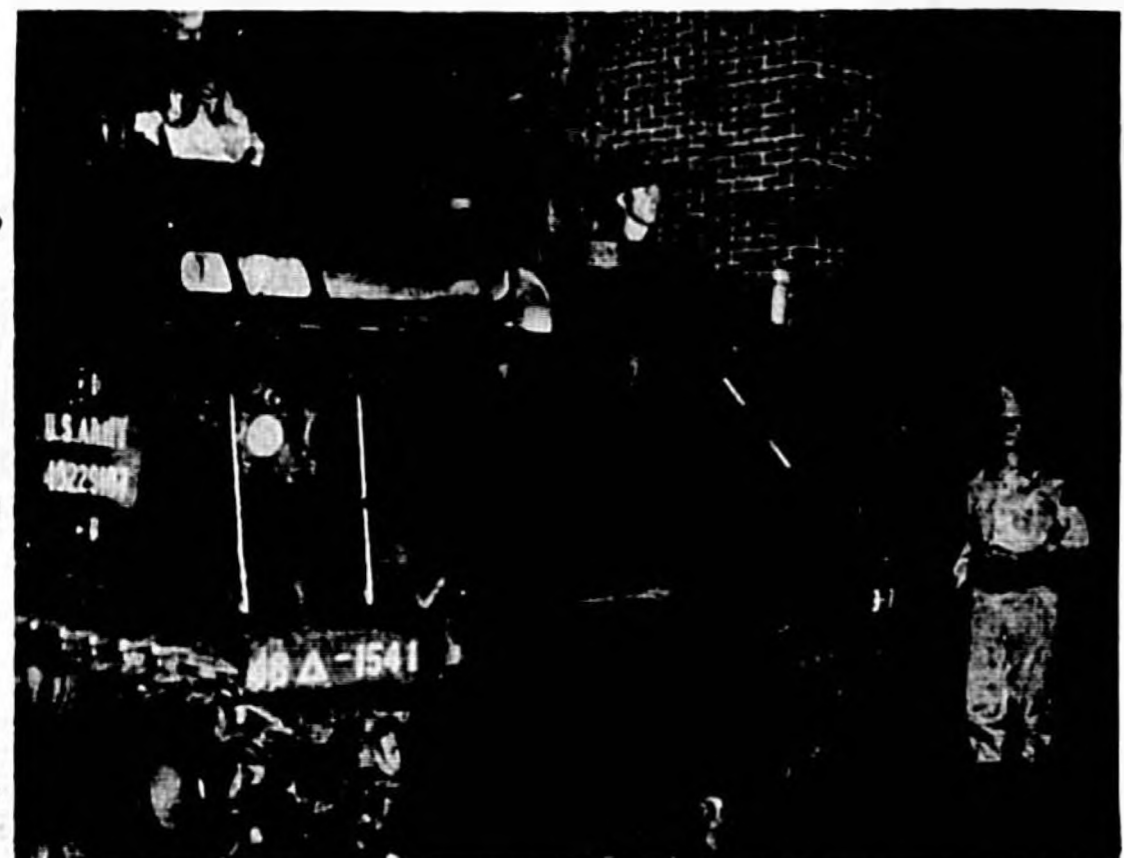

THE CALL TO ACTION—SFC Albin E. Kendall was busy on the telephone notifying members of Co. B that an alert had been sounded. Standing beside him are SFC James J. Kendall, his brother, and Pvt. William E. Fryer Jr. The Kendall brothers were the first two to arrive, in uniform, for last night's alert. (Herald Staff Photo)

LEARNS OF MISSION—Capt. John Keeling (right), commander of Co. B, learns about his unit's mission from Deputy Sheriff Jim Singletary. The deputy, in addition to providing the "tip" on the enemy's position, doubled as the "enemy" force in last night's alert. (Herald Staff Photo)

MUG GUN MOUNTED—Two members of the Sanford National Guard unit work on a machinegun mount atop one of the armored personnel carriers. The unit's two carriers were used last night in the alert. (Herald Staff Photo)

HEADED FOR BEACHHEAD—One of the big personnel carriers of Co. B rumbles out of the compound gate behind the Sanford armory, on its way to the boulevard to "hurl back the enemy" attempting to take the gasoline storage tanks. The armored carrier is designed to carry a squad of infantrymen inside. (Herald Staff Photo)

State Claims Nation's Biggest Grid Rivalry

By JAMES C. WALTERS
GAINESVILLE (UPI)—Such noted football rivalries as Army-Navy, Harvard-Yale and Tennessee-Kentucky developed over many years of fierce competition. But down in sunny Florida, a gridiron feud has mounted between two state universities which won't meet for the first time until Saturday.

And from all indications, the Hatfield-McCoy disagreement will pale by comparison to the feud between the University of Florida Gators and the Florida State Seminoles.

It took eight years of political quarterbacking to get the game scheduled in the first place. And a series of unexpected developments during the interim has built tension to such a pitch, one sports observer cynically suggested state troopers patrol the playing field to prevent such outbursts as experienced after the

Tennessee-Chattanooga game when it took tear gas to disperse the crowd.

What the state Board of Control, which supervises Florida's universities, didn't foresee when it ordered the two schools to play on a yearly basis was that Florida State would develop into a football power in its own right, up-

setting Wake Forest, Tennessee and Miami.

It also didn't figure that a bid to the Gator Bowl would possibly hinge on the outcome of the contest.

Nor did the board know that a verbal onslaught between FSU Coach Tom Nugent and Florida Coach Bob Woodruff would erupt a few days before the game.

All Woodruff had to say was, "Nugent was undoubtedly misquoted."

Whether or not it was intended, the off-field wranglings have created such interest that the Florida Stadium, which holds about 43,000, is expected to be packed Saturday—possibly the largest crowd to witness a game at Gainesville.

Child Denied Care, Parents In Court

ATLANTA (UPI)—Parents of a 7-year-old girl suffering from tuberculosis of the bone have been ordered into court Friday to show cause why the child should not receive medical attention.

The parents, who told authorities their religion forbids medical treatment, whisked the girl out of town a week ago and she still had not been located. Officers said they believed she might be with relatives of friends in Chattanooga, Tenn.

Detective J. E. Sikes served a summons Wednesday on the father, Otha Gillespie, a truck line freight handler. He quoted Gillespie as saying: "I'll rot in jail before I change my viewpoint."

"He told me he fought for free."

dom in World War II," Sikes said, "and that he has the right to worship as he pleases."

The tortured screams of little Patsy Gillespie finally brought the matter to the attention of authorities.

"This woman who lives next door told me they had never heard anything so blood-curdling in their life," said Sikes, who is carrying out much of the investigation through a personal interest in the case. "The neighbor said the child's mother would say: 'Patsy, just ask the Lord to help you and you'll be all right.'"

Friends took the girl to a doctor without the parents' knowledge on Sept. 30, and the diagnosis was tuberculosis of the bone.

After he a 14th authorities had been notified of the situation, the parents took Patsy to visit her grandfather at Dalton, Ga., saying they wanted to avoid "public gaze and scorn." When officers checked later, the girl was no longer there.

Houseboy Inherits Money, 'Strings'

MIAMI (UPI)—A wealthy Philadelphia widow who died two months ago has left two-thirds of her \$200,000 estate to her Filipino houseboy. It was disclosed Tuesday.

Mrs. Adeline Mitchell, who wintered in Coral Gables for the past several years, named Paulino Dominica, 45, her beneficiary—providing he marries a Filipino girl. Otherwise, the money goes to Jefferson Hospital in Philadelphia.

Batons To Twirl Again Saturday

Batons will twirl again at Southside School Saturday morning. The high school instructors of the baton class were guests of the University of Florida last weekend, necessitating a "twirlless" Saturday. More than 100 children have been attending the classes at 10 a. m. at Southside as part of the City Recreation Program.

Florida Eases Up In Practice Today

GAINESVILLE (UPI)—The University of Florida was scheduled to taper off to a light workout today after a rugged defensive scrimmage Wednesday, their final contact work before meeting Florida State Saturday.

The freshmen and reserve teams ran Florida State "I" formation plays but had little success making yardage against the strong varsity line.

Quarterbacks Jimmy Dunn, Mickey Ellenberg and Wayne Williams looked sharp in passing drills.

Four Teams Ready For Cage Action

Four teams have been formed in the Men's Basketball League, sponsored by the Sanford Recreation Department. Games will be played Monday evenings at the high school gymnasium.

Any group wishing to join or play on one of the teams already formed is asked to be at the gym at 7:30 p. m. Monday. Dick Richards will brief players on 1958-59 rules.

Renn and Picard Sharp In Workout

TALLAHASSEE (UPI)—The Florida State Seminoles concentrated on smoothing out their big game against Florida Saturday.

Halfback Bobby Renn and fullback Fred Picard showed outstanding speed in the workout. Coach Tom Nugent said the Seminoles will have to display unusual team speed to penetrate the Gators' rugged defense, rated only 98 1/2 yards on the ground this season.

After he a 14th authorities had been notified of the situation, the parents took Patsy to visit her grandfather at Dalton, Ga., saying they wanted to avoid "public gaze and scorn." When officers checked later, the girl was no longer there.

'Cheyenne,' 'Godfrey' Left Writer Cold

By WILLIAM EWALD
NEW YORK (UPI)—I mustered up enough stupefaction Tuesday night to watch ABC-TV's "Cheyenne" all the way through and I must say that its hero, Ty Hardin, possesses an almost spectacular lack of acting skills. I would place Hardin one level below Dale Robertson of NBC-TV's "Wells Fargo" and Rory Calhoun of CBS-TV's "The Texan."

I'm afraid I didn't understand the camera work on one portion of CBS-TV's "To Tell The Truth" Tuesday night — while Polly Bergen was spinning a hula hoop, the camera was rotating in on her face. Henry Morgan visited CBS-TV's "Arthur Godfrey Show" Tuesday night and the following exchange took place:

Godfrey: "I have no talent. I play the ukelele — badly. That's all."
Morgan: "That's true."
Carl Reiner, a brilliant second banana, really sparked the portions of the NBC-TV "George Gobel Show" that I caught Tuesday night. One skit set in a supermarket packed some wonderfully funny bits.

Maeve Allen, interviewed Tuesday night on "The Ben Ject Show" — which is seen only in the New York area — had this to say: "I could put on a much better show than I put on now on Sundays if I were working for, say, the BBC." Allen was referring to the need to cater to mass tastes because of the pressures of ratings and sponsors' needs.

I believe my favorite line of the TV week occurred Tuesday night on the NBC-TV "Jack Paar Show" when Tallulah Bankhead casually remarked: "I smoked hashish once and got sick as a dog."

Queen Celebrates 11th Anniversary

LONDON (UPI)—Queen Elizabeth II today celebrated the eleventh anniversary of her wedding to the Duke of Edinburgh with a bouquet at breakfast and a secret piece of jewelry as reminders.

The Queen found the bouquet waiting at the breakfast table. The white flowers, including lilies of the valley, were like the ones she received from her bridegroom on her wedding morning.

She carried the flowers up the stairs of Westminster as she leaned on the arm of her father, King George VI, on her way to marry the newly created Duke of Edinburgh, Prince Philip.

Since then Philip always has sent his wife flowers on the anniversary, which is marked as a family occasion and not a national celebration.

Philip also gives the Queen a gift of jewelry, often something designed by himself.

It was not known what the Queen gave Philip.

Networks, Artists Adjoin Sessions On New Contract

NEW YORK (UPI)—The major television and radio networks and the American Federation of Television and Radio Artists adjourned a nine-hour session of negotiations on a new contract early today and scheduled to later today to consider an "ultimate in offers" by the networks.

The "ultimate in offers" was handed union negotiators at the end of the latest in a series of meetings to avert a threatened strike. In the meeting the union withdrew its demand for a flat 10 per cent wage increase and substituted demands covering specific classes of performers.

Still remaining to be resolved are several "policy matters," most of them in the video tape field. The union has demanded that the networks agree not to stockpile taped shows to be used during strikes.

Church Group Has Meeting In Oviedo

OVIEDO — Seventy-five members of the Seminole County Association of Sunday School Workers met at the First Baptist Church here.

The Rev. Roy Melon, pastor of the North Side Baptist Church, and Association superintendent, conducted the meeting.

Guest speaker was the Rev. Elwood Rawls, Orlando. Rev. Rawls is state representative of the State Department and conference leader for pastors and superintendents.

Thirty-minute conferences of department heads were held during the evening. The Rev. Jack T. Bryant, of the local church, was host pastor. Mrs. Bryant is superintendent of the Association.

Twenty-five churches from Seminole and Volusia Counties make up the Seminole Association.

Cars Jump Tracks, Trainman Unhurt

YUMA, Colo. (UPI)—A string of 15 to 20 cars on a Burlington Lines freight train jumped the tracks at this northeastern Colorado community early today.

Leonard Bath, telegraph operator in the Burlington's Denver office, said that no one was reported injured in the crash. Each of the train's crew members was accounted for and safe, Bath said. "The derailment tore up all of our communications. We don't know yet how it happened."

The Channel Swim: NBC-TV has an option on "Showboat" and wants Polly Bergen to star in it. Bill Leyden will pinch hit for Jack Paar on the latter's NBC-TV show this Friday — Paar is going to Washington to accept an award.

CBS Radio will revamp its entire schedule on Jan. 5—network time will be cut from the present 55 or 60 hours a week to about 30 hours per week. Bishop Fulton J. Sheen will be featured in a special half-hour ABC-TV Christmas Day show.

ABC-TV is looking for a new time slot for "Man With A Camera" — its Friday night ratings are a little soggy. Tammy Grimes, who is Christopher Plummer's wife, and Sally Gracie, who is Rod Steiger's wife, will play a couple of floozies in the CBS-TV special "Gift of the Magi," Dec. 9.

An NBC-TV Dec. 14 special, "The Hallmark Christmas Tree," will offer Ralph Bellamy, Carol Channing, Maurice Evans, Tom Poston, Cyril Ritchard, William Shatner and Jessica Tandy. Cliff Arquette will be featured on a month as "Charlie Weaver" on the NBC-TV "Tennessee Ernie Ford Show."

ABC-TV will launch a series of "Meet McGraw" repeats in a nighttime spot this Sunday. CBS-TV may shift the morning Arthur Godfrey show to an earlier time slot. Ratings are the reason—the latest Nielsen gives the competing NBC-TV "The Price Is Right" 8.5 to Godfrey's 3.6.

Flash Gordon: Flash Gordon is a science fiction comic strip by Alex Raymond. It features Flash Gordon, a young man who is abducted by aliens and sent to a planet where he must fight against a villainous empire.

Archie: Archie is a comic strip by Bob Montemonte. It features Archie Andrews, a young man who is a member of the Poppleton family and is known for his love of rock and roll music.

Poetic Destiny: Diamond 'Goes Home'

By INEZ ROBB

It is poetic justice, or at least poetic destiny that takes the great Hope diamond back to Washington, D. C., which was its home for so many years.

This munificent gift by Harry Winston, gem merchant extraordinary, to the Federal Museum is more than a spectacular coup for the Smithsonian's new Hall of Gems and Minerals. Thousands of Americans, in every strata of Society and society, who knew Evelyn Walsh McLean will regard the Winston gift as a wonderful memorial to the unique, fascinating and generous woman who wore the Hope diamond day and night for more than 25 years.

Only two Americans have ever owned this gem, one of the world's most famous — Evelyn, who died in 1947, and Mr. Winston, who purchased it from her estate. For years, the Hope diamond was Evelyn's multimillion-dollar trademark.

During those years, she was the undisputed hostess with the most in the nation's capital, through whose drawing room doors the most famous and distinguished persons in the world flowed in regiments. A woman of amazing vitality, humor, curiosity and prodigious generosity, she always said that she presided not so much over a salon as a saloon. But those who aspired to stay on Evelyn's guest list quickly

learned that the surest way to be eliminated forever was to take not a glass but a drop too much. And I once saw her quietly ask one of the most famous and powerful men in America to leave her house because she felt that he had, in a space of five minutes, managed to insult both Sen. Arthur Vandenberg and Sen. Alben S. Barkley, not yet the Veep.

On the night of a gala party, say a dinner for 150 guests at her famous home, Friendship, Evelyn resembled the blazing Christmas tree in Rockefeller Center, New York, that annually delights millions of Americans. Or, more likely, the Christmas tree resembles her.

She was a small woman — I don't believe she ever weighed more than 110 pounds — and on those occasions she was wont to wear not only the Hope diamond, 44 1/2 carats of deep-blue fire set in a circle of marquise diamonds and suspended on a diamond chain, but also the Star of the East, a stunning blue-white diamond of 100 carats, also suspended on smaller diamonds.

I have seen her wear these diamonds and bracelets, against the background of a black sequin dress. The combination should have been overpowering. But, take my word for it — on her, they looked good. No, marvelous.

Publicly, she was famous for her gems and her hospitality. But

thousands of obscure people know and literally worshipped her for her unending kindness. No one will ever know how many persons she fed and clothed during the depression.

During World War II, her home was constantly filled with men blinded in the war, and with amputees who had lost arms and/or legs. Such men, who were too ill to leave the Army's Walter Reed hospital, could look forward twice a week toward parties, given by

Evelyn, who brought along a lively orchestra and food for everyone. Girls were invariably curious about the Hope diamond. At a party at her home or in the hospital ward, she would take it out.

During the next two to four hours, everyone present would have a go at wearing the Hope diamond.

Now the diamond is going home to Washington. Many who go to see it in its new home will think

not so much of the gem itself, as of the extraordinary woman who once owned it.

CHRISTMAS PARADE JUDGES—City Judge Ambrose Olin, County Judge Wilson Alexander and Circuit Judge Volie Williams Jr., left to right, will judge the entries in the annual Christmas parade here on Dec. 6. The parade, sponsored by the Jaycees, probably will be the biggest in Sanford's history. (Herald Staff Photo)

England Discusses Flow Of Negroes

LONDON (UPI) — Conservative leaders in the House of Lords say that unless something is done to curb massive Negro immigration London may well become a "second Little Rock."

The Marquess of Salisbury, who resigned as majority leader of the upper house last year, led in demanding restrictions on Negro immigration in an unusual four-hour debate Wednesday in the upper house.

He was opposed by Laborite Lord Pakenham, who urged the elimination of segregation in England. Pakenham called for legislation to forbid the exclusion of Negroes from housing, bars and

other places of public entertainment.

Lord Somers, supporting Salisbury in the debate, said: "We want to avoid having a second Little Rock in Notting Hill (London's 'Harlem')."

Deaths

CHARLEMONT, Mass. (UPI)—The Right Rev. Charles K. Gilbert, 80, retired bishop of the Protestant Episcopal Diocese of New York, died Tuesday after a long illness.

SANFORD, Fla. (UPI)—Col. Gregory J. Kessenich, 62, inventor of the "bazooka" portable anti-tank weapon used in World War II, died Wednesday.

NEW YORK (UPI)—Hans Heinrich von Twardowski, 60, a stage and screen actor and stage director, died Wednesday of a heart attack.

Johnson Won't Run

WASHINGTON (UPI)—Senate Democratic Leader Lyndon B. Johnson (Tex.) says he "is not a candidate" for the presidential nomination in 1960.

He told reporters Wednesday that not only was he not a candidate but, "I do not expect to be one and the only job I'll seek is the one I hold."

Reds Planning 'Berlin Squeeze' Within 48 Hours

Farmers Produce Over \$12 Million

Agriculture in Seminole County is a \$12½ million business annually, the "very backbone of our economy," Cecil Tucker, county agent, told the Sanford Civitan Club last night.

Juice Packer Says Water Isn't Used; Hits His Accusers

LEESBURG (UPI)—A Florida citrus grower today said that Connecticut officials were "way off base" when they charged that some of his juice was heavily watered.

Nash Legette, head of the Golden Gift Co. here, denied that water or sugar was added to the juice shipped under the label "Imperial Florida Orange Juice of Lakeland."

"That crowd up there in Connecticut is way off base," said Legette. "We've gotten out of the state. We can't operate in Connecticut and nobody else can."

Legette was angry when he learned that the Connecticut Food and Drug Commission had ordered all Imperial juice seized and banned future sales of the juice. Commissioner Attilio R. Frassinetti said a chemical analysis of the juice showed it to be badly adulterated through the addition of 48 per cent water and about six per cent sugar.

In addition, he said the vitamin C was about 55 per cent of what it should be. "There is no vitamin C in the world anybody can tell whether sugar has been added to orange juice," Legette snapped. "When sugar is added it immediately becomes fruit sugar."

Referring to charges of low acid content, he said, "They can't detect it. It could be a natural variation in the fruit. The trouble is Connecticut standards are perfect—and not all Florida oranges are perfect."

Legette insisted the juice banned by Connecticut complies with all Florida laws. He said the charge resulted from the normal use of fresh orange juice added to concentrate to reduce its sweetness in the process of making the reconstituted juice.

Legette added that his company chemist, Dr. J. D. Redd was in Hartford for the hearing of the juice Tuesday and was told that the only criticism of the juice was that its content of fruit solids was below the state standard. Legette said the chemist had assured that Connecticut would "soft pedal" the matter on that account.

Won't Shoot Bull, Bullfight Okayed

TAMPA (UPI)—The City Council Thursday approved Christian Brothers Circus' plan to stage a bullfight here Jan. 8.

The fight probably will get the approval of the bull town. The circus had to promise he wouldn't get hurt.

Reds Making LP's

TOKYO (UPI)—Red China has begun mass-producing its first long-playing phonograph records, the New China news agency said today.

Heroic Action Brings Medal To Sailor

The air medal is one of the top ten awards a service man can receive for meritorious achievement. Its presentation is frequent in war, but extremely rare in peace.

This morning, Robert E. Stone, a young airman attached to Patrol Squadron 31 at the Sanford Naval Air Station received the award.

On May 1 of this year Stone took his first flight in a jet aircraft as a passenger. He had previously flown only a few times. The TV-2 took off from the Sanford base on a local flight. At 25,000 feet the pilot lost consciousness due to lack of oxygen. The aircraft entered a dive. Stone became alarmed, noticed the pilot's condition and grabbed the stick. The plane made a recovery from the dive at 800 feet.

Speed of the jet aircraft was estimated at 800 miles an hour, although 20-year-old Stone could not understand any of the gauges except that of the fuel tank.

With the pilot still unconscious, Stone flew the plane at level flight for 15 minutes at low altitudes. Lack of oxygen leaves anyone mentally and physically impaired for some time, but the pilot was able to recover enough to radio the tower and ask for an interceptor plane.

Caril Found Guilty By Jury; Sentenced To Life In Prison

LINCOLN, Neb. (UPI)—A district court jury today convicted 15-year-old Caril Ann Fugate on first-degree murder and imposed a sentence of life imprisonment on the tiny eighth-grader.

The seven men and five women reached their decision at 10:30 a.m., but it was not announced until 40 minutes later when Judge Larry A. Spencer reconvened his Lancaster County district court.

Caril, who broke into hysterical sobbing, asked: "If they thought I was guilty, why didn't they give me the electric chair?"

She answered her own question by adding: "They couldn't give me the chair because they knew I wasn't guilty."

Caril's fate was announced to newsmen jammed in a hallway outside the courtroom, moments after the solemn-faced jurors filed back into the courtroom following more than a day of deliberation.

Caril specifically was convicted of aiding and abetting mass slayer Charles Starkweather—her red-haired boy friend—in the murder of Robert Jensen, 17, at Bonnet, Neb., last Jan. 27.

Jensen was one of 10 persons slain by Starkweather during a murderous rampage across Nebraska and into Wyoming.

Starkweather was convicted of the Jensen murder May 23 and sentenced to death in the electric chair. He now is awaiting an appeal to the Nebraska Supreme Court.

The jurors found Caril guilty on both counts of an information filed against the 91-pound Lincoln school girl. They were that she helped in the slaying of Jensen and that she aided and abetted in the robbery of Jensen.

Caril's weeping could be heard above the judge's voice as he thanked the jury for its patient and thoughtful consideration of the case. She managed to raise her crimson face to look in apparent reproach at the jury box, but no juror looked at her.

Race Unity Asked By Billy Graham

BIRMINGHAM, Ala. (UPI)—Evangelist Billy Graham Thursday night warned against disunity over the racial issue and said some people have made "segregation and integration their gospel."

"I pray to God that Southern Baptists are not divided on the race issue," Graham told a capacity crowd in the municipal auditorium. "May we stay united at the cross."

The evangelist addressed the closing session of the Alabama Baptist State Convention, ranging from world affairs to the critical issue of racial friction.

"Some people have made segregation and integration their gospel, but our gospel is the cross," he said, holding up a Bible.

Graham said Christians have become a diminishing minority because "we are lacking. We have not become God-intoxicated."

On the other hand, the Communists have taken a few "missionaries" and accomplished in a short time what required years for Christians to do.

"The world has become a vast harvest field but the harvest will soon be over. What do we do for Christ, we must do now," he said.

Sanford Boy, Two Others Die In Car

A Sanford boy was one of three University of Florida students fatally injured last night when their speeding car swerved off the highway and turned over nine times.

Joe Tomack Davis, 20, a 1956 graduate of Sanford High School, died in a Gainesville hospital early today. Roy William Allen, 21, of Lake Worth, driver of the car, also died in the hospital. Lawrence A. Wilson, 23 of St. Petersburg, was killed instantly in the accident.

State Highway Patrolman Warren A. Hallman said the car was traveling at a "very high rate of speed" when it left State Road 26 about a mile east of Newberry. He said the car traveled 280 feet on the right shoulder, careened to the left shoulder and traveled 312 feet then overturned nine and a half times.

Davis was the son of Major Joe T. Davis, 101 S. Mellonville Ave., and the late Mrs. Hilda Davis, who died last summer.

While a student at Seminole High School, he was a member of the Latin Club, Dramatics Club, Glee Club and Business manager of the Senior Class. He attended the First Methodist Church here.

Remains will be sent to Troy, Ala., for burial beside his mother, after a memorial service this afternoon at 4 in the ATO house for all three boys. Mrs. Davis left last night after receiving word of the accident, but did not arrive before his son had passed away.

Lake Harney Man Saved By Firemen

While Lee Sieg was discharged from the Seminole Memorial Hospital this morning after a narrow escape from death.

The Lake Harney resident was overcome with toxic paint fumes yesterday afternoon while painting the inside of a cistern at his home.

A neighbor called the sheriff's office when Mrs. Sieg discovered her husband, unconscious. The Sanford Fire Department rushed to the scene where firemen broke into the side of the cistern and applied oxygen from their inhalator.

The 68-year-old man very nearly succumbed, according to Deputy Sheriff Vern Brewster. He was taken to the local hospital by Gramkow ambulance for emergency treatment.

Brewster credited the sudden equipment used by the fire department with saving Sieg's life. He said, "A few more minutes and he would have been dead."

Paul Bennett, Ed Brocklin and Bill Gilbert of the Fire Department were on duty, demonstrating one of the many ways in which firemen save lives in cases where fires are not involved.

Pensacola Is Hit By \$2 Million Fire

PENSACOLA, Fla. (UPI)—Fire raged through two large municipal buildings here early today, causing two large warehouses loaded with cargo and causing damage estimated at more than two million dollars.

Firemen, hampered by a stiff northeast wind that fanned the flames, stopped the blaze before it reached a warehouse loaded with highly explosive nitrate.

At 1:30 a. m. the blaze was still going but under control. Fire Capt. George Lee reported there were apparently no injuries.

Several small fishing vessels near the pier burned and sank and a small freighter, believed of Australian registration, suffered minor damage before pulling away.

Weather

Generally fair with little temperature change through Saturday. High today 78 to 82, low tonight 55 to 63. North and north-east winds 5 to 15 miles per hour.

Two Drunks, Snake Notted From Alley

MIAMI (UPI)—A foot patrolman hit the jackpot when he checked a walkway between two downtown buildings here Thursday night.

He found two drunks and a rattlesnake.

Humane Society night emergency man David Beal picked up the snake and said it was too young to hurt any one.

Police said the two men arrested weren't in any condition to harm the rattlesnake, either.

News Briefs

Red Plane Is Tested
LONDON (UPI)—A Russian TU104 jet airliner has left Moscow for Cairo on the first test run of a new service. Radio Moscow said Thursday.

Kim Visiting China
TOKYO (UPI)—Communist North Korean Premier Kim Il Sung left Pyongyang today for an official visit to Red China and Communist North Viet Nam, the Communist North China news agency said.

Ike Proclaims Week
WASHINGTON (UPI)—President Eisenhower has proclaimed Dec. 10-17 Human Rights Week and urged all citizens to observe it by studying the Constitution, the Bill of Rights and the United Nations Declaration of Human Rights.

Slayer Dies In Chair
OSSING, N. Y. (UPI)—Virgil Richardson, 29, of New York died Thursday night in the Sing Sing Prison electric chair for the murder of New York Patrolman William G. Long who caught him stealing a car in New York Sept. 2, 1956.

Serbia Buys Turks
DAMASCUS, United Arab Republic (UPI)—The governor of Aleppo has instructed Syrian guards to keep Turkish border inhabitants out of Syrian border territory, the Middle East news agency said today.

To Wed 'Commoner'
TOKYO (UPI)—The engagement of Crown Prince Akihito to the pretty four-miller daughter will be announced on Thanksgiving Day. It was made known today. The future empress of Japan will be Mikiako Shoda, 24-year-old commoner, who will become the first outside the ranks of the nobility to share the throne of Nippon in 2018 years.

Union Service Set For Thanksgiving

The Union Thanksgiving Service again will be sponsored by the Seminole County Ministerial Association.

The service will be held Thanksgiving morning in the First Methodist Church at 9:30.

Chaplain William Fuller of the Sanford Naval Air Station will give the Thanksgiving address, entitled "Thanks Be to God."

The service will be conducted by the Rev. Tom O'Steen, pastor of the First Methodist Church.

Other ministers taking part in the service will be the Rev. Perry L. Stone, the Rev. Donald Gravenor, the Rev. Ernest Hollick Jr., the Rev. David Carnahan and the Rev. Weldon Parsons.

Two anthems will be sung by the combined Chancel and Senior Chorus of the First Methodist Church. The choir are under the direction of Bruce Harris.

A Thanksgiving offering will be received. This is the only financial assistance received by the Ministerial Association for the underwriting of its programs and community service.

The offering will be given by the Rev. Robert Spear.

The Seminole County Ministerial Association has issued a cordial invitation to all persons in Sanford and Seminole County to attend this annual Community Thanksgiving Service.

Grid, Cage Games Face Sports Fans

Seminole—The Florida State University type—visit the University of Florida campus to wage war.

This game will climax eight years of efforts to stage a football game between the two schools.

Ah, yes, it's a busy schedule for sports fans. But that isn't all. In Ocala, the season is arriving.

This could mean only that the Ocala basketball team is going into action.

Ocala doesn't go in for football, but the school and supporters are crazy about the "round ball." It doesn't take too many unusual bounces. Coach Paul Mikler's squad tonight inaugurates its hardwood season with a trip to Persimmon.

This will be the first of eight pre-Christmas games for Ocala High. When the Lions start roaring, many Ocala fans are expected to be among the spectators.

It's great to be a sports fan. The question is: where will one go?

'Disaster' Threats Directed At U. S.

BERLIN (UPI)—The Soviet government is expected to deliver within 48 hours official notes to the wartime Western Allies telling them that West Berlin belongs to Communist East Germany, Moscow reports today.

East German speakers and Moscow propaganda broadcasts steadily built up pressure for the Soviet move despite Western assertions that the Allies would fight to save Berlin from the Communists if necessary.

President Repeals 'Firm Intention' To Stay In Berlin

AUGUSTA, Ga. (UPI)—The White House today, in the face of Russian threats to unsettle the four-power occupation of Berlin, said the American government will persist in its "firm intention" to "maintain the integrity of West Berlin."

This new statement of determination for American forces to remain on the scene in Germany came after President Eisenhower, here on a golfing holiday, conferred early today by telephone with Washington officials of the tense Berlin situation.

"The President and our government are keeping in close touch with the situation in Berlin, and also, as a government, keeping in close touch with the governments of the United Kingdom and the Republic of France," Press Secretary James C. Hazy said today.

"This is not a unilateral problem for us alone. But a problem that concerns our two allies as well," he said. "Speaking for the United States government, pointing out that this is a situation where our allies are being closely consulted, this is a situation where our firm intentions in West Berlin remain unchanged."

Hazy said he would not spell out these "firm intentions" beyond saying they were based on this government's resolve to "maintain the integrity of West Berlin."

He regarded as superfluous pinpoint questions as to whether this meant an American determination to stay in Berlin.

Winter Festival Slated Tomorrow

All booths are set up and ready for tomorrow's sixth annual Winter Festival at the All Souls Catholic Church.

The men of the church did the carpentry and set the booths. Tony Trama and Bob Kremer are the co-chairmen for the carnival. Charlie Murray is ticket chairman.

An Italian spaghetti supper will be served from 5:30 p. m. to 8:30 p. m. Italian bread and butter and cake will be included in the menu. The event will begin at 1 p. m. and continue until the booths are bare. There will be a cake booth, fancy work booth, and doll booth, among the many attractions.

Drivers Aid Police

NEW HAVEN, Conn. (UPI)—Motorists switched strategy to stop a stolen car. The officer's friend was doing such a good job of clearing a path that the culprit was getting away. So, Johnson shut off the siren. The traffic light is based on his quarry.

Harold C. Schuler Dies; Rites Sunday

Harold C. Schuler, 132 Plantation Road, Delray, died Wednesday afternoon in the Veterans Hospital, Lake City. Mr. Schuler was born Nov. 15, 1888 in Mount Vernon, N. Y. He came to Delray in 1933 from Fishing, I. I. N. Y.

Mr. Schuler was a retired cashier for the Razing Association of New York. He is survived by his wife, Mrs. Marie Schuler; one son, Arthur Schuler, Milford, Conn.; three grandchildren; one sister, Mrs. Betha Rink, California.

The Rev. A. G. Melnick will officiate for the Razing Association of New York. Burial will be at 2 p. m. in the Razing Association Home at 2 p. m. Burial will be in Oklawaha Memorial Park.
