

FURTHER CONSIDERATION OF THE DIFFERENCES IN OFFER OF HENRY FORD

And Proposal Drafted House Military Committee Ordered BY THE CHAIRMAN

MEETING OF THE COMMITTEEMEN WITH FORD REPRESENTATIVES UNSETTLED

(By The Associated Press) WASHINGTON, June 2.—Further consideration of the differences between the offer of Henry Ford and the proposal drafted by the House Military committee ordered today by Representative McKenzie, acting chairman of the committee. Meeting of committeemen with Ford representatives today came far from bringing about an agreement.

WASHINGTON, June 2.—Two committees of congress yesterday resumed study of plans for developing Muscle Shoals, Ala., with a view to presenting completed proposals to the house and senate for final disposition.

In the house military committee developments pointed to a quick decision by that body, delivery there of Henry Ford's final proposal and the presentation of a letter from him to Chairman Kahn calling for early acceptance or rejection of the tender as a whole, stimulating action among the committeemen. After an executive meeting during which the new language added by Mr. Ford to the committee's counter-offer was carefully studied, another meeting was arranged for today when W. B. Mayo and J. W. Worthington, representing the Detroit manufacturer will join the committee in what may be their last joint efforts to adjust existing differences.

That the meeting today might result in the committee acceding to Mr. Ford's request, agreeing to include the Gorgas Steam plant among the other properties to be disposed of at Muscle Shoals and formally approving his modifications of the committee's plan, was predicted by some members. Others, however, remained firm in their opposition to such an agreement.

Before the senate agriculture committee yesterday, Secretary Weeks declared his belief that speedy action could not be had in congress while the house and senate continued to move along what appeared to him to be in opposite paths in seeking to find a solution of the problem. The war secretary suggested that the two bodies get together, work out a proposal acceptable to both and find a person who would undertake its execution. He said he believed the task could better be performed by a federal agency.

Chairman Norris, of Nebraska, later introduced an amendment to the army bill in the senate providing \$7,500,000 for the "continuation of the work on Dam No. 2, in the Tennessee river at Muscle Shoals, Ala."

INDICTED SEPT. 31st. GIVEN MAN NEW TRIAL FOR MURDER AT MADISON

(By The Associated Press) TALLAHASSEE, June 2.—Because an indictment under which he was convicted of murder and sentenced to life, charged with murder committed on September 31st, 1910, the Supreme court ordered a new trial in the case of Willie Straughter of Madison county. September has only thirty days and the court ruled naming of an impossible date in the indictment rendered it null and void. Straughter must be reindicted by a grand jury before he can be tried again.

REDUCTION OF FIFTY MILLION DOLLARS OF DEBT UNITED STATES TREASURY

(By The Associated Press) WASHINGTON, June 2.—Reduction of fifty-one million dollars in the public debt during May was announced by the Treasury today. Total public debt May 31st, stood at twenty three billion one hundred and thirty eight million dollars.

Miss Lucile Denton left today on the boat for Washington, D. C., Harrisburg, Pa., and will also visit friends in North Carolina. Miss Denton will be away until October first.

EAST COAST R. R. WILL ACCEPT CUT FREIGHT RATES

(By The Associated Press) JACKSONVILLE, Fla., June 2.—The Florida East Coast Railroad yesterday, through J. P. Beckwith, vice president, announced that it would accept the ten per cent general decrease in freight rates called for in the recent tentative order of the Interstate Commerce commission. While this cut in rates will materially affect the revenues of the road, Mr. Beckwith stated, the company, after consideration of the matter, had decided to comply with the order in the hope that the volume of business would be increased to such an extent that the decreased freight rates would be offset.

Mr. Beckwith also stated that while the Interstate commission had decided that the carriers were entitled to earn 3-4 per cent on their property valuation, in the year 1921 they only earned 3.31 per cent, and in the first three months of this year only 4.51 per cent. It is his opinion that the decrease in rates will not materially affect the volume of traffic and that as a result the east coast will not be able to earn as much as it did the first four months of this year.

The railway company, however, Mr. Beckwith declared, is willing to co-operate with the rate-making bodies and the shippers in an effort to bring about a readjustment in business, and to that end is willing to give the decreased rates a trial.

The following number of cars containing Florida fruits and vegetables were forwarded from Jacksonville, Hampton and High Springs, via all-rail, during the twenty-four hours ending June 1, 1922:

FLYERS ARE BURNED TO DEATH WHEN MACHINE GOES AGAINST MOUNTAIN

EL PASO, June 2.—Ben Jenkins, Jr., Lieut. of the Reserve Corps and Sergt. Arthur Juengling, of the 12th Observation Squadron at Fort Bliss were burned to death today when their airplane crashed against the side of a mountain and was destroyed by fire.

Read the advertisement of S. Robbins in this issue calling attention to several smart numbers in Ladies shoes and strap sandals in patent leather, white kid and Reinskun and canvas. All new arrivals in the "City Substantial."

ENGLAND COMPLETES ARRANGEMENT TO PAY MILLIONS DOLLARS INTEREST DUE THE UNITED STATES IN FALL

Will Amount to Twenty-five Millions Pounds Sterling

(By The Associated Press) LONDON, June 2.—The government has completed arrangements to pay during the coming fall interest amounting to twenty-five million pounds sterling on British debt to United States. Not yet decided whether special mission will be sent to Washington to discuss the debt.

PROBE OF WARD CASE CONTINUES; MYSTERY DEEPER

(By The Associated Press) WHITE PLAINS, N. Y., June 2.—Investigation of the shooting of Clarence Peters, ex-navy man, by Walter S. Ward, wealthy banker, was being pressed from coast to coast today—the sixteenth day after the body was found near the Kenosha reservoir.

But instead of clarifying the case, extension of the quest for facts thus far has tended only to introduce more mysterious angles.

The only new clue yesterday was a report which reached District Attorney Weeks that an employe in the Bronx plant of the Ward Baking company had seen the mysterious couple, "Charley Ross" and "Jack" who were alleged by Ward to have been with Peters when the shooting occurred.

This employe, who said that the baker often had deceived the pair in his private office, told of once having taken a telephone message for the fellow who says he is a police Commissioner of New Rochelle, to the effect that "we want the money he owes us on that debt and we want it quick."

In New York, Ward was confronted with a man known as "Nat. Ross," who received a suspended sentence last summer after having pleaded guilty to attempted extortion in another case. This man, who voluntarily appeared in the district attorney's office for examination, was not the "Charley Ross" he knew, the Baker affirmed.

In Los Angeles, Calif., was located Miss Martha Kendall, a modiste, who charged that the baker once had broken into her apartment and attempted to kidnap her and that a suit had brought alleging criminal conspiracy, had been settled out of court.

"I can throw light on the mystery, all right," was the cryptic remark Miss Kendall dropped.

White Plains this afternoon pricked up its ears when a story gained currency to the effect that the Ku Klux Klan had threatened Ward if the case was not cleared up within five days. "Bunk," said Mr. Weeks, officially disposing of the rumor.

CONSTANCE GETS DECREE

(By The Associated Press) LOS ANGELES, June 2.—Constance Talmadge, screen actress, was granted an interlocutory decree of divorce yesterday from John Pialoglou, tobacco manufacturer of New York on grounds of mental cruelty. No answer to the suit was filed by Pialoglou.

BANDITS KILLED

(By The Associated Press) FLINT, Mich., June 2.—Two bandits who robbed the Metamora State Bank at Metamora near here yesterday morning were shot to death by policemen using machine guns, according to a telephone message received here. A member of the posse was wounded in the firing.

TARIFF BILL WAS LAID ASIDE TODAY. TAKE UP ARMY BILL.

(By The Associated Press) WASHINGTON, June 2.—The tariff bill was temporarily laid aside by the senate today to take up the army appropriation bill.

SOUTH CAROLINA FARMER SASSSED HIS WIFE AND SHE KILLED HIM FOR IT

(By The Associated Press) COLUMBIA, S. C., June 2.—B. C. King, a Richland county farmer, was shot and killed early today by his wife. It is reported he used abusive language to her she shot him in the back of the head with a shotgun.

For quick results, try a want ad.

AGED COUPLE ATTEMPT SUICIDE AT PABLO BEACH

Found on Shore Early Today With Wrista Cut

(By The Associated Press) JACKSONVILLE, June 2.—A couple named Halley, of No. 8 Magnolia street, this city, about 65 years old, were found early today on the beach at the northern edge of Pablo bleeding from cuts on their wrists. The man was unconscious. The woman was able to walk but refused to talk. Apparently they had been lying at the edge of the water all night. Mayor Bussey, of Pablo Beach, said it was apparently a suicide pact. The woman had two cuts on her wrist and the man had four or five.

The man was 74 years old and the woman 64. The woman said they were on the ocean pier at midnight and her hat blew overboard, her husband jumped in the surf and shouted to her he had cut himself. She said she jumped after him and also was cut. Later she told newspaper men she was tired of it all. Police said apparently they attempted suicide. Physicians said slashes apparently made with a razor. No artery was severed and it is believed both will recover.

POPE REMEMBERS FAITHFUL SERVANT, INSTALLED AT VATICAN

(By The Associated Press) ROME, June 2.—Pope Pius disregarded conventions of centuries by installing his old servant Signora Linda within the precincts of his apartment, he appointed her his housekeeper and wardrobe maid, says newspapers. Linda has been with the Ratti family for forty years and watched at the deathbed of the mother of Pius while he was absent in Poland. Since this is the first time a woman has been admitted to such a position some of the conservatives in the Vatican remonstrated. They were received by the pope who gave his customary decision saying "It is our will."

BROOKLYN PARENTS ENACT "BLUE LAWS" FOR THE FLAPPERS

(By The Associated Press) NEW YORK, June 2.—Parents in Brooklyn have inaugurated their own "blue laws" against their flapper daughters and, through the Parents' League, hope to spread their edicts throughout the city. They have instituted a curfew law with midnight as the hour for the festivity endings and have added the following code to the Flapper code:

Parties to be held only on Friday and Saturday nights.

Simple refined clothes, no postage stamp skirts.

Chaperones must be present at all parties and accompany girls home.

Parents to censor all plays and movies.

Improper dancing forbidden, no dishing.

No refreshments to be served after dances.

The parents have fixed the rules to apply to girls between 15 and 18 years of age.

"Girls older than 18 will be left to the rules of their own parents," says Mrs. A. Affeld, president of the League.

FAIRFIELD GUILTY OF BURNING BRIDGE—LIFE IMPRISONMENT

(By The Associated Press) CORDELE, Georgia, June 2.—Omer C. Fairfield, charged with burning a trestle of the Atlanta Birmingham and Atlantic Railway, of which he was an employe, was found guilty with a recommendation for mercy, which means life imprisonment. The jury reached a verdict at ten o'clock this morning after taking the case last night. Capital offense in Georgia to burn a bridge.

TWENTY-FOUR HOURS OF FIGHTING AND LOOTING INCENDIARISM IN BELFAST

SIX BALLOONS ARE SOARING OVER THE LAND

(By The Associated Press) CHICAGO, June 2.—Six of the thirteen balloons which started from Milwaukee Wednesday are unaccounted for early today. Two manned by civilians, two by navy and two by army airmen. The last heard from one army, one navy bag hovering over the edge of Lake Erie, floating east by north. Remaining four were carried down Mississippi valley and at dark last night were drifting across Missouri.

WASHINGTON, June 2.—The Helium filled navy balloon, piloted by Lieutenant Commander J. P. Norfleet landed at 5:00 a. m. today near Hancock, Missouri, the navy department was advised. Norfleet reported he was forced to land by leak in gas bag.

Sanford High School Awards Letters for Athletics for Year

Letters for football, basket ball and swimming have been awarded this commencement at the High School. Letters for track will be awarded next fall. Letters in Sanford have reached a high standard this year and have full equality with other high schools.

To earn a letter this year a candidate must make the team he is trying for, keep in good standing with the coach and teachers, and keep in training the whole season. Some of the boys who made the teams this year were not eligible, because of the two last named conditions. Training was the condition that most of the candidates failed.

Reports of several leading coaches of the United States on training were looked up and it was found that training was divided into four parts, (1) abstaining from eating an excess of sweets and fatty foods; (2) abstaining from smoking of all kinds; (3) sleeping eight or nine hours every night; (4) abstaining from all drinks except milk and water. This isn't hard and yet some candidates failed on account of this.

The following received letters for football: Leonard McLucas (captain) Gale McAlexander, Wm. Moye, Jim Stone, Morton Aycocke, Fred Pope, Ralph Woodruff, Sam Fleischer, Robert Denton and Robert Holly, Jr. (manager).

Basket ball—George Cowan, Harold Christensen, George Smith and Jim Stone, (manager).

Track—Gale McAlexander, George Cowan, George Smith, Jim Stone, Harold Christensen, Claire Sweeney and John Wilson.

Swimming—Warner Scoggan, Jim Stone, Gale McAlexander and Elmer Lundquist.

Base ball—Edw. Henderson (manager).

Sanford High has a great future next year, only one man graduates from the basket ball team and that person is Harold Christensen, a second string forward, a fast steady player who will be greatly missed; two men from the football team: Edward Henderson, full back and Wm. Mallett, tackle, both of whom are fine players.

If Ed. Henderson had not have been hurt over in the Ocala game, Sanford High would have had four games tucked away. Wm. Mallett, while light, was fast and a good fighter.

Track and swimming teams do not lose a man, while the base ball team loses Ed. Henderson (pitcher) and Robert Thrasher (outfielder), both good players. So all in all Sanford High has a good chance of taking a state championship in some one branch of athletics.

All that the High school needs now is a good coach to train this veteran material. A champion team of any kind would advertise Sanford, because outside people would come to Sanford where the citizens make good and where good training in to be had to help the future citizens make good.

Sanford, get that coach!

Ends Orgy of Riots in Unhappy Ireland's Bloody Calendar

SNIPING CONTINUES

INVASION OF NORTHERN IRELAND IS FEARED AND NO ONE KNOWS THE END

(By The Associated Press) BELFAST, June 2.—After twenty-four hour orgy of shooting, looting, incendiarism, city enjoyed comparatively quiet night, although sniping continued in mill field area and a woman was severely wounded. Many Catholics have left Belfast, fearing for their lives.

LONDON, June 2.—Interest in the Irish situation shifted today to Ulster, where the borderland disturbances and the Belfast outrages are more serious than ever. The conferences of Sir James Craig, the Ulster premier, and the Marquis of Londonderry, with Premier Lloyd George were not productive of optimistic statements regarding the solution of the problem.

It is understood that the question of the support to be given to Northern Ireland in case of an invasion of that territory was considered and an agreement reached. The situation remains grave.

Mr. Lloyd George has cancelled his Whitsuntide holiday and is now awaiting today's conference between the Ulsterites and the Earl of Balfour at the foreign office.

Fierce fighting at Belfast continued yesterday, with considerable sniping throughout the afternoon. The death toll in the two days engagement has reached fourteen, while fifty persons have been wounded. Along the border the military has replaced the specials. Equal activity among the naval forces indicates the anxiety of the northern government over the menace of an invasion.

A meeting in Downing street of the cabinet and the Irish delegates, lasting an hour and a half, preceded Michael Collins' departure for Dublin. No statement was issued. One of the Irish delegates, on being questioned, replied:

"Things have not yet reached the stage where we can make a statement."

Mr. Collins was accompanied to Dublin by Eamon J. Duggan and William Cosgrove, leaving Arthur Griffith and the other delegates, O'Hegarty, O'Higgins and Kennedy in London.

TARIFF ON COAL TAR PRODUCTS IS PASSED

(By The Associated Press) WASHINGTON, June 2.—After a five hour fight the Senate approved last night committee amendments to the tariff bill proposing a duty of fifty per cent. ad valorem and 7 cents a pound on crude coal tar dye products. The vote was 37 to 20.

The interchange between senators holding opposing views on proposed imports on dyes became pointed as the evening session progressed and in the last minutes a personal encounter between Senator McCumber, Republican, North Dakota, in charge of the tariff bill, and Senator Robinson, Democrat, Arkansas, was apparently narrowly averted.

Meantime there was a general hubbub on the floor. Finally an agreement to recess until today was reached.

WASHINGTON, June 2.—Captain Harold Weeks, commanding the army balloon, was forced to land near Witt, Ill., at 3:05 today, he reported.

CHICAGO, June 2.—Only three of the thirteen balloons in the race were unaccounted for at noon today, their whereabouts being unknown.

FORMER U. S. SENATOR POLLOCK, OF S. CAROLINA, DIED AT COLUMBIA

(By The Associated Press) COLUMBIA, S. C., June 2.—Former United States Senator W. P. Pollock, of Cheraw, died at his home today of apoplexy. Pollock filled the unexpected term of the late Senator Ben Tillman.

MARION COUNTY CONTRACTS FOR HARD SURFACING ROAD NO. 2 TWENTY MILES

(By The Associated Press) Ocala, June 1.—The commissioners of Marion county today awarded a contract for hard surfacing State Road No. 2, from Belleview to Lake county line, a distance of twenty miles. The work is to begin in thirty days and to be completed within four months.

The Daily Herald Delivered to your door six days a week for 15 cents—

PERSONALS

Showers for today and tomorrow.

We should worry about showers on Thursday afternoon.

All out for the opening of the new pavilion at Lake Mary tonight.

An advertisement in this issue of the Norman Institute calls attention to this preparatory school for boys and girls. Read it if you are interested.

Hon. W. J. Spears spoke to a fair sized crowd at the corner of Magnolia and First street last night and gave an account of his six years in Congress.

The candidates will speak tonight at Geneva and Saturday night in Sanford. All the voters who can get out are requested to be present at these meetings and hear the candidates.

Mr. and Mrs. Akers left today for their old home in Virginia where they will spend several months. This is their first visit at the old home in many years and they will enjoy the visit greatly.

Miss Elinor Herring will be home about the middle of June and would like a few pupils in violin. Miss Herring is the daughter of Capt. George G. Herring and is well known here. Read the advertisement in this issue about the opening of the summer school in violin.

The many friends of Dr. and Mrs. Keelor will be glad to learn that they arrived in the city last night from their home in New York and will be the guests of their daughter, Mrs. W. E. Watson for several weeks. Dr. and Mrs. Keelor are former residents of Sanford and have hosts of friends here who will give them a warm welcome.

STRIKE VOTE WILL BE TAKEN BY R. R. MEN

JULY FIFTH IS DATE FIXED FOR A GENERAL WALK-OUT

(By The Associated Press) DETROIT, May 31.—Officials of the Brotherhood of Maintenance Way Employees and Shop Laborers today began preparations for a strike ballot to be sent out within the next few days to 478,000 members as a result of the Railroad Labor Board ordering a cut in wages.

DETROIT, May 31.—The executive council of the United Brotherhood of maintenance of way employees and railway shop laborers yesterday afternoon unanimously adopted a resolution instructing E. F. Grable, the president to send out strike ballots to all members of the organization and all non-union workers in the crafts affected by the reduction of wages ordered by the labor board.

The resolution adopted by the executive council which is composed of the officers of the union specified the ballots should ask whether or not the workers were willing to accept the cut and declared if they were not "the union will use the full economic powers of the organization to resist the reduction of wages ordered by the labor board."

President Grable said afterwards he expected the returns would be in by July 1, explaining in case of a strike vote he was empowered to call the men out, he fixed July 5 as the tentative date, by which time arrangements could be completed to put the strike in effect. The wage cut is effective July 1, under the board order.

WEDNESDAY WAS DOCTOR'S DAY AT KIWANIS—ENTERTAINED BY THE BOYDS

Yes, Wednesday was Doctor's Day with the Kiwanis. At the luncheon three visitors were announced and each of them were doctors. Two of the literary variety and one of a medical turn. Dr. Blackman, of Monroe, our own Dr. Blackman; Dr. Hathaway of Jacksonville, and Dr. Sullivan, of Memphis. Each of the doctors were asked to address the club and did, bringing several new thoughts and suggestions that will be well for the Kiwanians and all Sanford to follow out. Drs. Blackman and Hathaway were passing visitors, but Dr. Sullivan expressed himself as being a resident of Sanford—that he had come to stay and expects to open an office at once.

Mr. and Mrs. Boyd (Mr. Boyd is director of music at the Methodist

church) were present and Mr. Boyd sang several selections accompanied by Mrs. Boyd on the piano. Mr. Boyd also lead the bunch in the regular Kiwanis luncheon songs and with the aid of Mrs. Boyd at the piano injected much pep into the singing business men. A particular feature of the day was the singing by Mr. Boyd of an old love song, in honor of Dr. Deen, which under the circumstances, is timely. During the song Dr. Deen was mounted on a chair in full view of the whole bunch.

Dr. Brownlee addressed the club using the theme "Kiwanis Educational."

At this meeting a committee of new industries was provided—the duties of which committee is to lend a helping hand and the Kiwanis influence to a similar committee in the Chamber of Commerce in locating new industries in Sanford. At this time the secretary has several applications from parties wishing to secure locations whereon to locate manufacturing and distributing plants in Sanford.

No meeting of the club will be had next Wednesday, but instead the Club will meet at Lake Mary—Phillip's Pavilion—at 4:30 Thursday afternoon for a swim and at 6:30 Mr. Phillips will serve chicken pillau for Kiwanians, their wives and sweethearts.

Insure now. Fire Insurance.—E. F. Lane. 57-3tp

Alumni Association Banqueted Last Night At Hotel Valdez

The Alumni Association of the Sanford High School had their first annual banquet at the Hotel Valdez last night, this excellent hostelry setting forth the following fine menu:

- Fresh Fruit Cocktail
Baked Sea Bass Saratoga Chips
Chicken a la King on Toast
Snowflake Potatoes
Petit Pois en Case
Pear Salad, Del Monte
Hot Rolls
Valdez Ice Cream Cake
Demi Tasse

After Dinner Mints
After the menu had been served Judge E. F. Housholder as toastmaster carried out the following program that was greatly enjoyed by all present:

- Invocation—Dr. Brownlee.
Song—Gold and Black—Assembly.
President's Address—Roby Laing.
Reading—Mina Howard.
Phonocies—Mrs. Maxwell.
Vocal Solo—Miss Hermina Lehman, accompanist, Miss Fern Ward.
Welcome to Class '22.
Response—Miss Florence Henry.
Teacher and Student—Prof. McKay.
Piano Solo—Miss Margaret Zachary.

HOOVER FIXES PRICE ON SPOT COAL DURING THE PRESENT STRIKE

(By The Associated Press) WASHINGTON, May 31.—Hoover today assumed the responsibility for fixing a reasonable price on spot coal during the continuance of the present coal strike, announcement was made at the conference here of union and non-union operators in producing fields.

The Herald for first class job work. Insure today. Fire insurance.—E. F. Lane. 57-3tp

OVIEDO

The Oviedo school closed Thursday night with the following program:

- Prof. Okerlund gave a short talk explaining the nature of the program and giving a short resume of the years work by the pupils.
Welcoming song by the school chorus.
Essay—Making an American, by Wm. Robert Williams, 8th grade.
Essay—Soils in General and Florida soils in particular—written by J. B. Jones, Jr., and read by Evelyn Wheeler, 8th grade.
Recitation—Spoiled Children by seven pupils of first and second grades.
Song—In the days when I went to school—by Shirley Swope.

- Essay—Inside and Outside Enemies—Charles Johnson, 8th grade.
Recitation—The Newfangled School by three Primary boys.
Song—The Modern School—Palma Argo.
Recitation—School Days—Evelyn Wheeler.
Flag Drill—By Grammar School boys. George Crawford represented Uncle Sam and Malcolm Jones the negro citizen "Skidoo."

- Essay—Interesting Characters in English Literature—Virginia Wright, Senior Class.
Vacation Days—By Primary pupils.
Essay—The growth of Democracy—Wana Pope, Senior class.

Instrumental Solo—Shirley Swope.
Essay—English Classics read this year—Catherine Young, Senior class.
Piano Solo—The Fountain—Lucile Partin.

Essay—Economics—Harold Varn, Senior Class.
Violin Solo—Palmer Argo.

At the close of the program O. P. Swope, chairman of Board of Trustees presented certificates to the following pupils of the 8th grade with very appropriate remarks:

Palmer Argo, Shirley Swope, Evelyn Wheeler, William Robert Williams, J. B. Jones, Jr., and Charles Johnson.

On Friday evening the High School and a large audience of friends were addressed by Dr. Dreach of Rollins College. The subject was "The Three Keys to Success"—work, character and religion and was splendidly developed by Dr. Dreach. The Oviedo Orchestra furnished the music of the evening and Prof. Okerlund, after a brief, but beautiful talk, delivered diplomas to the following graduates: Misses Wana Pope, Virginia Wright and Catherine Young and Messrs. Walter Carter and Harold Varn.

Dr. and Mrs. Hopkins, accompanied by their mother, Mrs. J. A. Clark left Tuesday for their home in Nashville, Arkansas.

Dr. T. G. Simmons announces the birth of a fine daughter to Mr. and Mrs. C. A. Brannon, May 31st.

Mrs. A. K. Crawford is visiting her mother, Mrs. M. M. King this week. Mrs. L. R. Mitchell is visiting her sister, Mrs. U. B. Holt in Orlando this week.

Miss Virginia Wright entertained a few of her friends Tuesday night at a party.

SANFORD'S TEMPERATURE

The weather reports today says local thundershowers Thursday and Friday. There will also be a big cloud in the western sky Saturday all day and it will burst when the speakers get ready to touch off the fireworks here Saturday night. Meantime you can look for showers and thunder and lightning and lightning rod swindlers and gold brick boys, etc. Plant some grapes and have some grape juice in your home.

Table with 2 columns: Temperature (Maximum 90, Minimum 70, Range 74, Barometer 30.00) and South and clear.

INCREASED ACTIVITY IN THE LUMBER TRADE IS THE OUTSTANDING FEATURE

Of the Nation-Wide Revival in Business Along Every Line

Increased activity in the lumber trade, "Florida's first industry," is the outstanding feature of the present nation-wide business revival, according to E. C. Harrell, secretary of the Georgia-Florida Sawmill Association, representing several hundred operators throughout this state, Georgia and Southern Alabama.

Depression hit the lumber business in 1920, Mr. Harrell declares, and after a period lasting until the first of 1922, when the demand picked up, due to increased building, the trade has come back to normal and during the past four months has forged ahead with such alacrity that the mills of the nation now have more orders on hand than they will be able to supply in the next six months.

This means, Mr. Harrell says, that the supply is two months behind the demand which is steadily increasing with indications pointing to one of the greatest years in the history of the lumber trade. Of the four first industries of the nation—farming, steel, coal, and lumber—the lumber business was the hardest hit and one of the first effected by the period of depression. It took some of the severest losses and it, too, was the first to react under the general revival which is sweeping the country.

During the first four months of 1922 the number of building permits for construction exceeded all previous records, building statistics show. The period of stagnancy, in which there was little, if indeed, any construction at all in progress in many states, had resulted in a condition, which is described by men familiar with the lumber trade, as the worst in its history. It will take ten years, it is estimated, to meet the incoming home building demands and to catch up on the work which has been put off since 1919.

Authorities say there is a present shortage of 1,000,000 homes in the United States. The annual construction of homes, estimates show, is around 300,000 and there are 600,000 families which must be provided for in addition to the 300,000 homes which will be needed each year.

Virtually every saw mill in the United States is working at capacity in an effort to meet the demand which has resulted from the sudden revival of trade and an easing of the stringent financial situation. Repair work was practically abandoned during 1919, 1920 and 1921 and the necessity for lumber and other materials to make needed renovations has added to the increased demands upon the lumber trade.

More schools, churches, clubs, public buildings, hotels, apartments, and homes are in the course of construction and contemplated than ever before in the history of the nation. Contracts let during the first four months of 1922 totaled over \$1,000,000,000. Construction is estimated on a basis of \$4,000,000,000 annually and it is said that today there is a shortage of all types of buildings in the country, which would require an expenditure of between \$10,000,000,000 and \$20,000,000,000 to erect.

Due to the increase in building activity and the revival in the lumber

trade, R. G. Dunn and Company has made a special survey of work being done and contemplated and is featuring its findings in its weekly trade reviews.

The importance of the lumber business in Florida is often minimized, it is said. The fact remains, however, that lumber is the first industry in the state, employing more people, representing more capital, supporting more families and playing a greater part in the development of Florida than any other one industry of which the state may boast.

It is well here to note that the requirements of this state alone are half of its production, which is estimated at 1,000,000,000 feet annually.

Five hundred million feet of this lumber is used in construction and by other business interests and industries in the state.

All the mills represented in the Georgia-Florida Saw Mill Association are operating at capacity in an endeavor to meet the demands being made upon them. Orders now in the hands of sawmill operators throughout the nation are in excess of production by at least twenty-five per cent, it is estimated, while production is fully fifteen per cent behind. The same conditions are said to exist in Florida sawmills. Most of the total footage of lumber shipped from the state is

now being moved by water, it is said. However, a reported increase in freight rates on coastal water carriers and the decrease in freight rates authorized by the Interstate Commerce Commission effective July 1, which will mean a reduction of 12 1/2%, or about \$2 per thousand feet, is expected to materially effect the shipment of lumber from Florida during the next several months.

Florida's lumber shipments total around 750,000,000 feet annually. The peak of production in the lumber business was reached during the first four months of 1916, it is declared, and the footage handled at

EUSTIS TO HAVE A MODERN THEATRE AT ACOST OF \$60,000

EUSTIS, June 1.—Contract for the erection of a theatre building in Eustis has been awarded to J. B. Southard of Orlando. The contract price was given out by the building committee of the Matlocks-Wheeler Building Co. promoters of the project, as being slightly under \$30,000, or a total for lots, building and equipment of approximately \$60,000.

The building will be 58x125.0, constructed of face brick, with half-inch colored mortar, raked joint. The front of the structure will be trimmed with stone; windows will be pressed lens glass, with tile and marble facings, with large Western Union clock.

The building will occupy the entire space of the two lots on which stands the buildings of the Sanitary meat market and the round house. These structures will be razed at once and actual work of construction of the theatre building will begin within ten days and it will be completed and ready for occupancy by November 1.

The building was designed by Architect Alan J. McDonough of this city, and when completed will stand prominently among the attractive business buildings that have been erected in this city during the past two years.

The house will have a seating capacity between 500 and 600, with standard stage for theatrical attractions, 18x40. The theatre will be equipped with two motion picture machines, pipe organ, and modern stage equipment. Two elegant store rooms are provided, fronting on Bay street, with twelve-foot arcade leading to theatre auditorium. On the second floor five office suites of two rooms each are

provided. The heating and ventilating system to be installed will permit a change of air in the theatre every two minutes.

REDUCTION TAXES BOARD HEALTH RESULTS IN NEGLECT

Dr. Turck, State Health Officer, Says Board Works on Shoestring

(By The Associated Press)
 JACKSONVILLE, June 1.—Reduction of the tax millage for the support of the State Board of Health by one-half has resulted in the neglect of many health matters throughout the state according to Dr. Raymond C. Turck, State Health Officer. The organization, regarded by medical men and others as vital to the welfare of the citizens of Florida, is operating virtually on a shoestring according to some authorities. Dr. Turck, in discussing the work of the Board before members of the Florida State Press Association at Daytona, in April, declared it only was because of Divine dispensation that the state stood so high in the health records of the country.

During the first six months of 1921 according to Dr. Turck, in a review of the administration of the Board in the Official Bulletin under date of April and just issued, receipts were \$120,805 and disbursements under \$131,936, a deficit of more than \$11,100. The present board, assuming office at the end of this period, faced a cut in the millage of fifty per cent and it immediately reduced the expense to \$130,000 budget. The last six months of 1921 receipts were \$11,700 as against disbursements of \$71,553. The deficit was slightly less than \$33,000.

During January, February and March, 1922, there was a further deficit of more than \$18,000, receipts having been \$17,789 as against disbursements of \$35,855. The total deficit from January 1, 1921, to April 1, 1922, was more than \$62,000.

The expense was paid out of the emergency fund of the board, a fund originated by Dr. Joseph Y. Porter to protect the state and its citizens against sudden epidemics. The fund has been handed down from year to year but because of the cut in the tax millage, and through use of it to meet deficits the balance on April 1, 1922, had dwindled to \$29,350 with every expectation that it will be wiped out by January 1, 1923. Dr. Turck declares an emergency fund of at least \$50,000 should be maintained at all times.

The Board, in order to stretch its resources to the limit voted at a meeting on May 6th to further reduce expenses and adopted a new budget for the twelve months beginning May 1.

To care for the health of nearly 1,000,000 people, in the largest state in area east of the Mississippi river, with the single exception of Georgia, for the twelve months ending May 1, 1923, the Board has only \$116,000. The budget follows: Administration, \$11,857.44; communicable diseases, \$21,500; vital statistics, \$22,000; child welfare, \$6,642.50; engineering, \$13,500; laboratories, \$26,000; multigraph, \$2,700; biologics, \$10,000.

The total is \$117,200 but from this amount it is expected to deduct \$1,200 to be directed towards the salary of the Director of the Bureau of Child Welfare, created under the Sheppard-Towner law recently enacted by Congress. This leaves a balance of \$116,000 for the Board's work.

GEORGE W. ALLEN'S BODY LAID TO REST

(By The Associated Press)
 KEY WEST, June 2.—The body of George W. Allen, president of the First National Bank of Key West and widely known republican leader of this state was laid to rest yesterday in the city cemetery. The city's entire industry stood silently at attention during the funeral services as a mark of respect to the man who had been such a prominent factor in the upbuilding of the city. The services were held at St. Paul's Episcopal Church.

Mr. Allen died at his home here Tuesday following an illness of several months.

FOR RENT—Furnished apartments, downstairs, 206 East Third Street. 58-3tp

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.—Adv.

A new moving picture actor or actorino gets a divorce every day now and new marriages and new divorces are as common as war-profiteers. Where is that cleansing process that Will Hays was intending to use on the movies?

The investigations into the war grafters has been stopped the dispatches state today. We knew it. Under a Republican administration there will never be any investigation of swollen fortunes. Anyhow the Attorney General has troubles of his own.

There are many strange and devious ways for the markets to go down in Florida and leave the growers with the bag to hold. And the solution has not been made to the problem as yet. Some of these days the Herald will investigate the ramifications of this shipping game and let the public in on something that will cause a loud noise.

Senator Tom Watson says that Herbert Hoover has handled and is handling larger sums than any financier in America, referring to the Near East Relief, the Chinese Relief and all the other reliefs, and he is supposed to render an accounting to the American people. This is no more than right. We would like to see a report of the "overhead."

Senator Reed says the Supreme Court builds trusts. We are glad to know that it is the supreme court that builds them as we never knew before just what did build them but we did know that they were being builded fast and allowed to exist even when laws were framed to stop them. You can usually find the courts back of all our troubles.

Mrs. Harold McCormick thinks now that Max Oser has designs on her daughter's money. We are glad to see the McCormicks waking up. When the subject was first bronched to us we said that same thing. Now if the McCormicks had only asked our advice we could have told them all about such a match and they could have avoided all this newspaper talk. And in conclusion we will say that whenever you see a man from Europe flitting around with an American heiress you can put it down that he is flirting with her money—nothing else.

Sanford people can rejoice that they are not only living in the garden spot of the world but they are also freed from all kinds of calamities that seem to fall upon less favored sections of the country. One visitor to the city last week remarked that he had never seen a happier or more prosperous bunch of people in his life than right here in Sanford where they seemed to have a better time and to really enjoy life and were far ahead of other locations in the south. That is the way strangers look at us and when you stop to

GROCERIES FRUITS AND VEGETABLES. Courtesy and Prompt Service Our Motto. DEANE TURNER. Phone 497-494. WELAKA BLOCK

think about it the visitor had Sanford summed up about right.

RATES COMING DOWN

The Interstate Commerce Commission has performed a valuable public service by cutting down railroad freight rates on agricultural commodities. The time had arrived to give the people some relief. The railroads can well afford to accept rates which are calculated to yield them 5 3-4 per cent instead of 6 per cent. Money is cheaper, wages are coming down and profits of 5 3-4 per cent are reasonable.

The cut is deepest in the east and lowest in the west, because of the cheaper cost of railroading in the east and the somewhat lower wages. This, as the commission well says, will tend to stabilize all business. The rates have been too high, as was shown by the stagnation of many lines of business dependent upon rail transportation. Throughout the country the cry has been for a reduction of freight rates. The commission has made a cut as deep as the finances and business of the railroads will permit. Later, when business has developed its normal volume of freight and the cost of transportation becomes lower, rates can be cut still further.

The reduction of freight rates, which enters into the calculations of almost every business, is an encouraging step toward increased activity and therefore toward solution of the unemployment problem. With increased industrial activity the railroads will get more freight and earn more money.—Florida Post.

INJURES THE SOUTH

The treatment of strangers in the south and especially in Florida is judged by the north collectively and one such happening as the city manager affair at Columbus throws a cloud on the people of all the southern states and tends to retard their material growth. The Jacksonville Times Union truthfully says:

"The treatment accorded to Manager Hinkle and his disappearance on account of it will prove a great injury to the South at large as well as to the city immediately involved. The dynamiter objected to Mr. Hinkle as a 'Yankee' and this fact will be widely heralded and it may deceive a number of men north of the Mason and Dixie line as to the attitude of the people of the South towards immigrants from the North. It may create the impression on the part of some that Northern men cannot live safely in the South.

"Hundreds of thousands of them are living in the South without being treated in the slightest degree differently from the way the native born are treated. We do not believe there is any part of the South where any prejudice exists against a man because he is from the North. A Northern man may not be liked well by his neighbors, but that would be on account of his conduct—not of his nativity. The same conduct would secure as strong dislike for a Southern man.

"We do not believe there is any community in the South or in the North that a man can move into with the openly displayed feeling that he is settling among inferiors, and be liked by the people that he thinks are inferiors. There is no sectionalism in dislike for this cause. A man from Massachusetts coming to Florida and taking it for granted that everything that is different from the way it is done in Massachusetts is wrong—a man feeling that all he has to do to settle any question is to tell how they do things in Massachusetts—would be disliked by the people here unless they properly sized him up as too little to dislike. But he would not be disliked any more than a man coming from Georgia and taking the same attitude. A man going from Jacksonville to Miami and settling all disputes by telling the people there of how they would do things in Jacksonville would be disliked in Miami. All this is natural but it is not dislike to the community from which such a man moved—it is dislike for the chuckle-headed idiot who moved, and he would incur as much dislike if he moved from one Southern state to another as if he had moved from the North—as much if he had moved from one part of the state to another as if he had moved from another state."

REPUBLICANS CALLED OFF THE INVESTIGATIONS

WAR FRAUD FIGHT ENDS IN CHILDISH SQUABBLE AND WHITEWASH

(By The Associated Press) WASHINGTON, June 2.—The war frauds fight, raging for days in the senate, broke with unexpected fury in the house yesterday after the rules committee had rescinded its action in giving right of way to a Republican resolution for investigation of the lack of government prosecution of the lack of government prosecution of alleged war grafters.

Charges by Chairman Campbell, of the committee "in a word to Democrats" that their attack on Attorney General Daugherty was the only way in which they could "serve war crooks," threw the house into disorder.

It brought from Representative Garrett, of Tennessee, Democratic leader the assertion that Chairman Campbell, who in the first instance, had voted to put the investigation resolution before the house, had been induced by the attorney general "to change his vote and vote not to investigate the department of justice."

The row started during consideration of a measure which sought to find work for idle prisoners, and as a veteran member explained it "they were off after that."

Amid Democratic cheers Mr. Garrett declared that Chairman Campbell "as an excuse for his own turn-coating, for his own weakness of will, for his own lack of intellectual integrity and courage, assails the Democratic administration."

After Mr. Garrett had presented a letter from A. Mitchell Palmer, former attorney general, courting an investigation by congress, Representative Mondell, of Wyoming, the Republican leader, declared he was glad the committee had rescinded its action.

"A congressional investigation at this time," said Mr. Mondell, "could serve no other purpose than that of delay, of muddying the waters, or preventing the prompt action of the grand jury and of the courts. I am not surprised that gentlemen whose names may figure in investigations before grand juries prefer a congressional investigation to action by the grand jury and the court. That is their only hope."

Mr. Campbell charged that Democrats in congress "stood in silence for the period of the war and did not raise voice or hand against conspiracies to defraud and rob the government."

Photostatic copies of Mr. Daugherty's letter relating to private practice ten or twelve years ago, said Mr. Campbell, "were not published and heralded to the country until after he had cabled Charles W. Morse, the millionaire shipbuilder, who was leaving the country under an assumed name, to return, at once to face a possible indictment by a federal grand jury."

SEN. TOM WATSON SAYS HERBERT HOOVER HAS MADE NO REPORT

(By The Associated Press) WASHINGTON, June 2.—Senator Watson, Democrat, Georgia, yesterday in the senate reiterated his charges that Herbert Hoover had failed to make detailed itemized reports of expenditures for the Russian, Belgian and other relief enterprises directed by him.

Published reports of the relief committees presented Wednesday by Senator Lenroot, Republican, Wisconsin, with a letter from Secretary Hoover, were declared by the Georgia Senator to bear out rather than refute his charge.

Various items in these reports were read by the senator in an effort to show that the reports "lumped" expenditures without details as to salaries or other incidents and without accompanying vouchers.

The reports, Senator Watson said, "contained astonishing information" that Mr. Hoover had charge of vast sums than were ever handled by anybody in the world. "No king or emperor, no King Solomon or American financier ever handled such sums," declared Senator Watson, adding that the American people and the government were entitled to an itemized accounting.

HALF AUTO LICENSE DOES NOT START UNTIL AFTER JULY

(By The Associated Press) TALLAHASSEE, June 2.—Some Florida automobile owners are a little premature in their bargain designs in the matter of automobile licenses according to State Comptroller Ernest Amon, reports that 109,455 licenses have been issued in the state for 1922.

The comptroller says he has received numerous applications for a license with only half the fee en-

closed. The half fare does not become effective until July 1, Mr. Amon points out. In other words purchasers of cars after that time are required to pay half the annual license charge.

The cardboard "Tem" is being abused in some quarters. Mr. Amon says, and he explains that this tag is issued to the dealer and the dealer is authorized to pass it on only to the purchaser of a new car who at the same time deposits with him the license fee. The dealer must immediately forward the fee to the comptroller for the issuance of a regular license.

FLORIDA MATERIALS IN ROADS WILL SAVE \$7,000 MILE—BROWNE

(By The Associated Press) TAMPA, June 1.—Use of materials available in Florida for road building will save the people at least \$7,000 a mile for road construction, according to information given by Charles A. Browne, formerly state road department engineer and now engaged in building roads in Orange county, in an address on road making at the luncheon of the Civitan club here yesterday.

The speakers said that the state was paying the railroads the sum of \$7,000 freight on material for each mile of road built. This amount could be saved by constructing roads of Florida material. He said that a good road can be made of asphalt paving, asphalt blocks being laid on six inches of limestone rock with a sand cushion between. The very best road can be made with an eight inch rock base, one inch cushion of sand and vitrified surface.

He said that in days gone by a road could be built for \$7,000 a mile, also that 35 per cent of the cost of building roads was for labor and this had increased 33 per cent in the past eighteen months, making it possible for cheaper construction now.

WASHINGTON, June 2.—Stronger buying power by the public is shown by reports of current business by retailers, the federal reserve board noted that the showing by retailers is exceptional for the summer season.

The board took an optimistic view of the future outlook both for retailers and for wholesalers. They are booking orders heavily for the coming season.

To Serve Well. One must first UNDERSTAND WELL. Our knowledge of the needs of this community has given us an insight into the requirements that are necessary to the success and progress of this section. SOCIETY

By FRED DAIGER, Society Editor,
Phone 217-W

If you have any friends visiting you who are going anywhere or coming to you as you are entertaining, write a card to this department, giving name, address and telephone number. It will be greatly appreciated.

CALENDAR

Monday—Mrs. Harry B. Lewis will entertain the members of the Lucky Thirteen Bridge Club at her home on Magnolia avenue.

Tuesday—French Bridge Cabaret at the Parish House, at 8 P. M. under the auspices of the Women's Guild.

Wednesday—Mrs. Robert Hines will entertain the members of the Sans Souci Bridge Club at her home on Park avenue.

Thursday—The Westminster Club will meet with Mrs. L. I. Frazier at her home on Celery avenue.

Friday—Pope Organ Club will meet at the home of Mrs. Orien Farrell, corner Twelfth and Palmetto avenues, at four o'clock.

Saturday—Circle No. 3 will meet at the home of Mrs. Tom Williams on Oak avenue at 3:30 P. M.

Mrs. and Mrs. Fred Williams and family have moved to their country home on Crystal Lake.

Miss Julia Zachary returned home last night from Tallahassee where she has been attending the Woman's College.

Miss Ethel Henry returned home yesterday evening from Tallahassee where she will spend the summer vacation with her parents Mr. and Mrs. C. E. Henry.

Miss Sadie Sanders of Charleston, S. C. who has been teaching at Western College, at Clearwater, is a guest of her uncle and aunt, Mr. and Mrs. H. L. Gibson.

Mrs. and Mrs. L. P. McCuller leave their car tomorrow for Jaaper, where Mrs. McCuller will spend the time with her parents. Mr. McCuller going on to California.

ENTRE NOUS BRIDGE CLUB
Mrs. S. O. Chase entertained the members of the Entre Nous Bridge Club and one extra table of players, Wednesday evening at her home on Park avenue, honoring Mrs. McCuller.

lough of Orlando, who is the guest of her sister, Mrs. B. F. Whitner. There being three tables of players.

Of exceptional interest was the game of bridge played during the evening, the prize for high score among the club members, a pair of bath towels, was won by Mrs. E. D. Mobley, while the guests prize, also a pair of bath towels, was won by Mrs. McCullough.

At the conclusion of the card game the hostess served delicious orange ice and two kinds of cake.

Besides the regular club members, the guests included Mrs. McCullough of Orlando, Mrs. J. G. Sharon, Mrs. George Herring and Mrs. L. G. Stringfellow.

INFORMAL DANCE

A delightful social event of yesterday was the informal dance given last night by Mr. John Russell at his lovely home on Union avenue, honoring the members of the younger social set.

Dancing was enjoyed in the sun parlor until a late hour, when refreshments were served. Punch and wafers being served through out the evening.

Mr. Russell was assisted in entertaining his guests by Mrs. Allen Jones and Miss Brain.

MISCELLANEOUS SHOWER

One of the cleverest and most enjoyable social events of the season was the miscellaneous "Shower" given last evening by Miss Elizabeth Musson and Mrs. Oscar May, at the home of the former on Palmetto avenue.

Quantities of lovely roses, daisies, hibiscus and other cut flowers were effectively used in the reception and living rooms. On the walls were interesting series of pictures, pertaining to the "Microbe of Love."

"For Love Sweet Sake," (R. M. Stelta) was beautifully rendered by Mrs. Claude Herndon. Two of Miss Williams expression pupils, Damarious Musson and Bernice Austin, gave two very humorous and appropriate readings. Mrs. S. W. Walker gave a number of piano solos during the evening.

After the musical numbers the guests were given prescription blanks and asked to write a prescription for the "Microbe of Love." After these were written, they were presented to the honoree, by Miss Musson, who remarked that the prescription would be filled in the dining room. When the curtains were pulled aside, it re-

vealed a fully equipped drug store, with Miss Lelia Roper, in white coat and cap as druggist. The honoree read each prescription, and they were filled by the druggist who handed out drug cartons and boxes, concealed in each being a gift. These prescriptions and opening the "Medicine" afforded much merriment. The "druggist" was assisted in filling the prescriptions by three trained nurses, Misses Damarious Musson, Bernice Austin and Ollie Vera Glisson.

After all the prescriptions had been served, consisting of punch served in bottles, marked "Shake Well Before Using," sandwiches wrapped and marked with the druggist's orders, "to be taken at once" and to be followed by the other prescription on the plate, which was Eakimo pie. After the refreshments were served the hostesses passed the "Mints" which proved to be large capsules, each containing a clever joke which each guest read.

Miss Williams the charming honoree wore on this occasion a most becoming frock, of white taffeta, with over dress of jade green georgette, and corsage of pink sweet peas.

Before leaving the guests were requested to write their favorite recipe, these were filed in an index book cabinet and presented to the bride-elect.

This event was one of exceptional enjoyment to the guests and was one of the most delightful of a series which Miss Williams is being honored. About sixty guests being present last evening.

MERRIE MATRONS BRIDGE CLUB

Exquisite in every detail was the bridge party given by Mrs. D. P. Drummond yesterday afternoon, at her attractive home on Magnolia avenue, the guests included the members of the Merrie Matrons Bridge Club.

The rooms where the card tables were placed were converted into a veritable bower, quantities of roses, petunias and other spring flowers being used.

After several absorbing games of bridge, scores were counted and the prize, for high score, a tea cloth and napkins, was won by Mrs. C. E. Henry.

Refreshments carrying out the dainty color motif of pink and green consisting of pistachi ice cream, Lady Baltimore cake iced in green, wafers, and pink mints, in green heart shaped baskets were served at the con-

clusion of the card game. On each plate was a pink rose bud.

Acting as substitutes for absent club members were Mrs. George Knight and Mrs. David Caldwell. The club members enjoying this pretty party were Mrs. R. J. Holly, Mrs. C. E. Henry, Mrs. A. W. Pitts, Mrs. Harry Heeren, Mrs. Harry B. Lewis, and Mrs. Fred Walsma.

BRIDGE LUNCHEON POSTPONED

The Bridge Luncheon to have been given by Mrs. W. Morton Thigpen Saturday morning, has been postponed until further notice.

NEW PRICES ON THE HUDSON

In this issue of the Daily Herald is an advertisement calling attention to the changes in the prices of Hudson cars. The Super-Six Phaeton is now \$1,695, the 7-passenger, \$1,745; the coach is \$1,795, the cabriolet \$2,295, the sedan, \$2,650, the touring limousine \$2,920 and the limousine, \$3,495. See the advertisement.

EIGHT-DAY INVENTORY SALE.

Yowell Co. will start their big eight day inventory sale on Saturday and they have bargains galore in everything in this big store. Read the advertisement that takes a whole page in this issue and get the prices on these up-to-date goods that are very reasonable in price at the big sale. Ladies and gents will have an opportunity to purchase the things they need at the inventory sale. It starts Saturday and lasts for eight days only. Get in early tomorrow morning and get your choice of the splendid bargains.

FOUR BIG SPECIALS

Baumel's Specialty Shop offers four big specials for Saturday and Monday. All silk dresses, white wash skirts, waists and overblouses and bungalow aprons. See the advertisement in this issue and attend the sale. You know Baumel's sales are always real sales.

Miss Ora Williams leaves this afternoon for Jacksonville where she will be the guest of her sister, Mrs. R. E. Beverley until after her marriage to Dr. John Cooke Deen, which takes place the middle of this month.

ATTENTION.

High School Boys and Girls
The American Legion is offering scholarship prizes worth from \$260

to \$750 for the best essay on the subject, "HOW THE AMERICAN LEGION CAN BEST SERVE THE NATION." Any boy or girl between the ages of 12 and 18 is eligible to enter this contest. This should be of especial interest to the graduates of this year. For further information you may call on the superintendent of schools at the court house, Sanford, Fla.

T. W. LAWTON,
Supt. Schools.

FRENCH BRIDGE CABARET

Have you made your reservation for the French Bridge Cabaret? This is an event you don't want to miss. Even though you don't play cards, there will be a good time in store for you. Bridge will be played promptly at eight o'clock, so come early. The Cabaret will be in charge of Mrs. A. E. Hill and Miss Daph Wimbish, this fact alone assures its success. The price, fifty cents, includes cards, cabaret and refreshments. 58-11c

HIS FRIEND RECOMMENDED THEM

"Six years ago," writes W. H. Shadwell, Stanley, Va., "I had kidney trouble, and at times was unable to raise myself in bed. Foley Kidney Pills were recommended to me by the Chief of the Fire Department. After using 3 bottles I was completely relieved and have never had a return of the symptoms." Why suffer when you can get relief from rheumatic pains, backache, swollen, sore and stiff joints, sleep disturbing bladder weakness and other symptoms of disordered kidneys? Sold everywhere.—Adv.

GUN CLUB SHOOT SPOILED BY RAIN; —GOOD SCORES

Bad weather again yesterday for the marksmen at the Sanford Rod & Gun traps. Despite the rain a few of the regulars were out and shot between showers and as a whole it was quite an interesting shoot. Coleman, the headliner of the club, was not out but Wight, second man, was there and narrowed the margin between the two by six points, leaving only seven points between the two high men. It's now high time for Coleman to come out and defend his title or lose it, if Wight keeps up his present pace.

The club was glad to have as a visitor again J. Duncan Jacques, of DeLand and Woodbury, N. J., who made a score yesterday of over .920. V. E. Douglass was out also yesterday for the first time this year and opened the season so far as he is concerned with a score of .740. Frank Woodruff, Jr., another regular visitor, broke 21 of his 25 before the rain.

It is hoped that the weather will be more favorable next Thursday and that more of the members will be able to get out. The interest in the club is running strong this season and will increase with good weather. The Sanford Club has a good trap and grounds and will be able to make it interesting for the State Tournament boys here next spring.

The results of yesterday are as follows:

	Yestd. Score	Season Average
Coleman, J. H.888
Wight, R. B.	100-92	.881
Hill, W. C.854
Hand, W. S.	75-63	.847

LITTLE KNOWN FACTS ABOUT STATE OF FLORIDA GIVEN BY THE COURIER

(By The Associated Press)
PLANT CITY, June 2.—The editor of the Plant City Courier has been studying the map of Florida to develop a few little known facts about the state and the result of the investigation was set forth in a recent issue of the Courier in the form of five paragraphs. They follow:

Florida extends farther east than a large portion of Pennsylvania and Virginia.

A part of Florida lies farther west than Chicago; fifty miles west of Birmingham, Ala., and to within forty seven miles of the Mississippi State line.

Florida extends forty-five miles farther north than the southern tip of Georgia. There are fifty-four Florida postoffices farther north than Valdosta, Ga.

The northern line of Florida is fifty-four miles farther north than Fort Morgan, Alabama; sixty-five miles north of New Orleans, and sixty miles north of the southern end of Mississippi.

Florida extends into the tropics five hundred miles farther than the southernmost part of California. The coast line of Florida is nearly equal to that of the combined Pacific coast of the United States, or slightly more than twelve hundred miles.

SUSPECT IN BANK ROBBERY PROVES ALIBI TO POLICE

(By The Associated Press)
Miami, June 2.—One suspect in the robbery of the Miami Beach post-office of \$1,400 Decoration Day was grilled for three hours yesterday by the police but at the end of that time he had proved a complete alibi and was released. The police last night began an investigation on a new angle which they refused to make known.

Claude Hamilton, a clerk in a drug store next to the post-office, told the police yesterday that about eleven o'clock on the night of the robbery he entered the post-office to drop a letter. He saw a man leaning on a stamp window, he said, and as he entered, the man pulled down his cap and began to write hurriedly. As Hamilton was in a hurry he passed on out, but he believes now that the man was stationed in the front as a lookout for the bandits.

Second sheets, 8 1/2 x 11, only 50c per 1,000, while they last, at Herald office.

BLUE SUNDAY IN TAMPA IF SHERIFF HAS HIS WAY

Says If People Want Laws Enforced He Will Proceed to Business

(By The Associated Press)
TAMPA, June 1.—Sunday, June 11, may be one of the bluest Sundays Tampa ever has experienced, for Sheriff Spencer has announced that the state law concerning observance of the Sabbath is to be enforced rigidly. The Sheriff and County Solicitor Givens recently were charged by a committee of citizens with failure to enforce the laws, the committee going to Tallahassee to lay the charges before the governor. Governor Hardee had the sheriff before him and after a careful examination of the evidence, and of Mr. Spencer, told him to return to Tampa, declaring he still was sheriff of Hillsborough county.

The row here still is simmering and the Sheriff has announced that in addition to other laws, he intends to enforce the Sunday laws. He first said he would put the lid on beginning June 4th but a later announcement was to the effect that he was having his attorney outline an interpretation of the statute and that his campaign would begin June 11. The attorney now is determining just what tint of blue the sheriff can sprinkle on the town.

Florida's Sunday law is a rigid one. It prohibits all activity in any "pursuit, business or trade, either by manual labor or with animal or mechanical power except the same be work of necessity." The law says, however, that nothing shall be construed as to prohibit the "preparation or printing between the hours of midnight Saturday and six in the morning, Sunday, of any newspaper intended to be circulated and sold on Sunday or to prohibit the circulation and sale on Sunday of same."

Under the law, apparently the sheriff can prohibit work on Monday morning newspapers before midnight Sunday if he desires to do so.

The statute prohibits any open stores or sales except that in cases of emergency or necessity, merchants "may dispose of the comforts and necessities of life to customers without keeping open doors."

Whoever employs anyone in labor or other business, except it be in the ordinary household business of daily necessity, or other work of necessity or charity, is liable to a fine of \$10.

The use of firearms on Sunday either for hunting game or firing at targets is prohibited.

The last section of the law prohibits all sports.

The statute was tested in the courts some years ago and declared constitutional.

FLOOD THREATENS IN SOUTH GEORGIA RAINS CONTINUE

(By The Associated Press)
MACON, Ga., June 2.—The Ocmulgee river registered 19 feet here at 9 o'clock last night, a rise of 8.5 feet in 12 hours, and indications are that it will continue to rise during the day. Families are deserting their homes in the lowlands. Other streams in middle and southern Georgia also are out of their banks. Rain continued last night.

The reading of the Ocmulgee river in this city was one foot above flood stage at 8:30 o'clock last night. A rise of at least three feet during the night was anticipated.

At Milledgeville, Ga., the Ocenee river had reached 17.9 feet at 8 o'clock last night and a continued rain thru the day and night was expected.

Farmers report heavy losses to corn and wheat crops, and if the rain continues much longer there also will be heavy losses to peaches and watermelons.

Rivers Out of Banks North

ATLANTA, June 2.—Streams and rivers in northern Georgia are out of their banks and lowlands flooded with consequent damage to crops as a result of an unprecedented rainfall in this section of the state during May.

The uplands have received too much moisture also and late and small crops of corn and cotton were predicted last night by J. J. Brown, state commissioner of agriculture.

There has been no flood damage reported from any northern Georgia rivers.

INCREASED ACTIVITY IN THE LUMBER TRADE IS OUTSTANDING FEATURE

(Continued on page 8.)

that time will probably never again be equaled because of the reduction in sources of supply through constant cutting. Millions of feet of timber are destroyed annually by forest fires and while no approximate footage could be obtained of the damage to growing timber caused in Florida by fire, it is said the lumber resources of the state are being materially reduced

by carelessness on the part of the people.

Railroads are making heavy demands for lumber according to reports, and work which has been held up during the past two years on car construction for all of the roads is being taken up now on a large scale.

The average percentage of railroad cars in need of repairs is seven, and this figure has been doubled and trebled during the past two years of inactivity. Car construction and repairing during 1921 was less than that of any other year on record. During the first three months of 1922 railroads of the country purchased more material for car construction and repair than during the whole of 1921.

Jacksonville is in the midst of one of the greatest building booms in the history of the city. It is estimated that there are at least 300 homes in course of construction now while there are also many larger buildings under way, which, as a whole, would put the construction estimate for this city at around \$15,000,000. The average cost of the homes under construction is placed at about \$5,000, which makes a total of \$1,500,000 being spent on new homes alone.

Almost every Florida city is showing a similar boom in building activity, it is said.

MR. W. A. MacWILLIAMS CANDIDATE FOR CONGRESS HAS ISSUED THE FOLLOWING SEATEMENT

1. I am not the candidate of any class, faction nor special interests.
2. I stand for liberal appropriations for Education, realizing if our country is to endure, its citizens must be informed of the basic principals of our Government.
3. The National Road Laws should be amended to bring about the changes of specifications for road building in the State in accordance with our local and climatic conditions, thereby giving us greater benefits from Government aid.
4. I am in favor of the Government turning over to Henry Ford Muscle Shoals, to the end that the farmers may secure cheaper fertilizers.
5. I believe in a country which produces more than it consumes, a high protective tariff is economically unwise, but if the consumers of the Fourth District are compelled to pay a high protective price for the articles of production should be protected.
6. I believe the Government should generously meet its full duty to our ex-service men. For once let history show Republics are grateful.
7. I am in favor of the present limitation on immigration, but would favor an absolute bar for a specified number of years.
8. Florida's greatest problem for further development is transportation and improvement of inland waterways. I cannot promise to obtain all the Fourth District needs and deserves at the hands of the General Government, but I do promise untiring, attentive and energetic efforts in that behalf.
9. I believe changes in the Federal Reserve Bank Act should be made, it never was intended that the Government should exploit the borrowing public in the sum of over one hundred millions a year, and this after the paying of exorbitantly high salaries and bonuses to its officers and employees, and all this against the small banks and in the interests of the large Banks in the money centers of our country.
10. I believe the present laws for reforestation should be enlarged and made more effective.
11. I believe in economy in handling Governmental affairs, there exists undue extravagance at present. The Government has no right to take any more money from the people than is necessary to economically administer the Government.

The Amount Doesn't Count. It's the Start— That's the Thing
