Letter From Roosevelt On Tax Bill Hit

Representative Calls Note Asking More Equal Distribution 'Perfectly Useless'

House Reopens Tax Hearings

Chairman Claims Little Guidance Is Given To Committee

WASHINGTON, May 5.—(AP)—Representative Crowther (R-N.Y.) today termed "perfectly useless" a letter by President Roosevelt asking Congress for a \$3,000,000,000 tax bill which would not make the "rich richer and the poor poorer."

Criticizing the letter at the reopening of tax hearings by the House Ways and Means Committee, Crowther asserted it gave the committee "very little guidance."

"It doesn't say a word about the reduction of expenditures in connection with writing the tax bill," he added.

Representative Cooper (D-Tenn.) replied that the letter was "splendid and appropriate."

President Roosevelt, dedicating as a new national shrine the birthplace of Woodrow Wilson, yesterday pledged new American faith in the freedom of democracy in the world and asserted that the United States is "ready to fight again" to preserve this faith.

Representative Cooper (D-Tenn.) replied that the letter was "splendid and appropriate."

President Roosevelt, dedicating as a new national shrine the birthplace of Woodrow Wilson, yesterday pledged new American faith in the freedom of democracy in the world and asserted that the United States is "ready to fight again" to preserve this faith.

Representative Cooper (D-Tenn.) replied that the letter was "splendid and appropriate."

Neal Activities In Antarctic Reported

BOSTON, May 5.—(AP)—Reports that the German Antarctic expedition had been in the Antarctic and that British naval forces had been up a Norwegian wharf repair shop at Deception Bay were proved to be by the German navy, according to reports from Little America by members of the United States Antarctic expedition returning today from the expedition.

359,378 Gallons Of Gas Used In County

Seminole County used 359,378 gallons of gasoline during the month of May, and 31,920 gallons of kerosene, it was reported today from the inspection bureau of the Department of Agriculture in Florida. A total of 54 gallons of signal oil was used.

Harry Lee Is Best Marksmen At Shoot

Harry Lee, Jr., firing 99 shots and 21 misses, was the best marksman at the regular sportsman's shoot of the Legion of the South, held at the Seminole County Club, Sanford, today.

Has Fifty Tankers For Britain

Admiral Emory S. Land (left), chairman of the Maritime Commission, confers with Sen. Josiah W. Bailey, of North Carolina, chairman of the Commerce Committee, after the Commission had announced plans of placing fifty big American tankers in the service of Britain. At the same time Sen. Joseph Guffey on the senate floor demanded the American Navy be assigned to convoy duty, at least within the Western Hemisphere.

Selections Are Announced For Rubinoff's Concert On Tuesday

Carl, J. B. Graham Are Slightly Hurt In Auto Accident

Two Sanford residents, Carl Graham and his brother, J. B. Graham, both of whom live at Second Street and Palmolive Avenue, were injured in an automobile collision about four miles west of town last night about 11:30 o'clock, but their injuries were not serious, Deputy Sheriff Rubinoff said today.

The accident occurred when the Graham's car, traveling west, collided with a car driven by a negro, Freddie Stokes. Stokes and five other occupants of his car escaped with minor bruises, Deputy Sheriff said.

Woodmen To Arrange For Pensacola Meet

Plans for 16 members of the Colery Camp Woodmen of the World to attend the Head Camp meeting at Pensacola May 12 and 13 will be made tonight at the regular meeting of the local group, C. O. Collins, financial secretary said this morning.

Nelson Cox, Former Resident Here, Dies

Nelson H. Cox, Sr., civil engineer who lived in Sanford many years ago, died in New Orleans, La., at 1:30 o'clock May 5. He was the son of Mrs. E. E. Cox, a resident of this city until her death several years ago and a member of the First Baptist Church.

William Zachry Wins Senior Oratory Test

GAINESVILLE, May 5.—(Special)—William Zachry, Sanford, won the honor of the annual oratory test held last week at the University of Florida by the Board of Control. Topic of Zachry's speech was "The War in the West."

Tightening Of Tax Collection Laws Is Sought

Legislature To Get Measures To Make Changes Suggested By Brookings

TALLAHASSEE, May 5.—(AP)—A series of bills to tighten tax collection laws as recommended by the Brookings Institute tax survey probably will be introduced in the Legislature this week, sponsors said yesterday.

The bills were drawn by a subcommittee. They provide generally for a full assessment on 100 percent value to unify assessments throughout the state, authority for outright sale of property after one year delinquency, coordination of assessing agencies in each county, payment of taxes in three installments and State supervision of assessments by the State comptroller until a State tax commissioner's office can be created by a constitutional amendment.

Power Companies Prepared To Aid In U. S. Defense

The private power companies of the United States are fully prepared to supply all the power that may be needed in the defense effort of the nation, A. L. Reynolds, who was introduced by H. H. Cole as an executive of the Florida Power & Light Co. for some 15 years, told the Rotary Club at its regular weekly lunch, today.

Seventh Summons Issued For Draftees

ST. AUGUSTINE, May 5.—(AP)—Seventh call for white draftees, for which the original requisition from the fourth corps area was for 100 men, has been received by St. Augustine, Fla., State director for selective service of Florida, said last night.

State System May Get County Roads

TALLAHASSEE, May 5.—(AP)—Upward of 27,000 miles of roads may be transferred from the counties to the State highway system this week, but that doesn't mean the State will have to maintain the added mileage.

HEADS MERRY SYSTEM GAINESVILLE, May 5.—(AP)—Angus Laird, University of Florida professor, was appointed supervisor of the merit system of the State Board of Health and the Crippled Children's Commission at a meeting of the Merit System Council here yesterday.

PARK PIONEER DIES WEST NEW YORK, N. J., May 5.—(AP)—Maj. William Addison Welch, 78, sometimes called the father of the state park movement in the United States, died yesterday of a heart ailment.

City News Briefs

The Board of County Commissioners will hold regular meeting tomorrow morning at 10:00 o'clock at the Court House.

The quadruplet installation of the office of the County-Legion Post of the American Legion, the Legion Auxiliary, the Sons of the Legion and the Junior Auxiliary will be held at the Legion Hall at 8:00 o'clock tonight.

Iraqi Cavalrymen March Through Bagdad

Mounted on milk white horses these Iraqi cavalrymen make an impressive sight parading through picturesque Bagdad. Their utility decreased with modern warfare, they are reported playing a small part in the fighting with British forces at the R. A. F. air base at Habbaniyah.

U. S. Entry Would Not Change War's Result, Nazis Say

BERLIN, May 5.—(AP)—The chamber of American intervention in the war makes it impossible for the German side to speculate on the duration of the conflict, the well-paid commentary Dienst, in the Reichstag and today in a comment on Hitler's speech yesterday.

Services Held For Eddie Pell, Osteen

Funeral services for Eddie Pell, 41, a resident of Osteen who died in a Baltimore, Md., hospital Friday after an illness of several months were held this afternoon at the Erickson Funeral Home, with the Rev. R. C. Young of the Osteen Baptist Church officiating.

Leroy Estridge Wins Place In Track Meet

Leroy Estridge, student at Montverde Industrial School and son of Mrs. Edna Hooker and J. H. Estridge of Sanford, placed second in the 100 yard high jump with four feet 11 inches at a track meet at the school last week.

Japanese Minister Won't Visit U. S.

KYOTO, Japan, May 5.—(AP)—Foreign Minister Yosuke Matsuoka flatly and brusquely denied yesterday any intention of visiting the United States to ascertain its attitude toward the Far East and suggested it would be more plausible if President Roosevelt and Secretary of State Hull came to Tokyo to learn about conditions in the Orient.

Britain Advances Clocks One Hour

LONDON, May 5.—(AP)—To get more daylight out of the waking hours, Britain advanced her clocks one hour Sunday on government orders.

Group To Study Bill To Ban School Clubs

TALLAHASSEE, May 5.—(Special)—Chairman McDonald, Tampa of House education bill and yesterday he would call a meeting of the committee for this afternoon to consider a bill by Johnson and Thomas, Lake county representatives, to outlaw secret clubs in public schools.

11 Marriage Licenses Issued On Saturday

Eleven marriage licenses were issued at the Court House Saturday, six of them to white people, according to the records of Judge R. W. Ware.

Casualties In Belfast Raid Feared Heavy

Liverpool Is Attacked For Fourth Consecutive Night By German Luftwaffe

British Garrison Circled By Iraqi

LONDON, May 5.—(AP)—Turkey has offered to mediate the undeclared war between Iraq and Britain, reliable reports said today. It was added that Britain would accept the mediation, contingent upon a British withdrawal of the forces menacing the British-held Habbaniyah airbase.

British officials feared the casualties at Belfast were heavy. A Nazi raid there Apr. 15 caused 400 deaths.

Sanford Downed In Both Games Against Orlando

Nats Win Is First Of Week As Local Club Hits Cellar

Sanford lost both games of a double header in Orlando yesterday to drop within one place of the cellar and give the Nats their first victory of the week.

In the first game the Nats were the Seminoles even tied with the Orlando team as each team made two more tallies during the game.

In the second game Orlando took the lead in the first inning, holding it until the fourth when Sanford tied it up. One run in the fifth by the Nats decided the game in their favor.

Sanford hits failed in the first game as the local boys collected only seven to the Orlando 11. Daugherty looked good at bat for Sanford, getting three hits in four times at bat, one of them being a home run. He is credited with driving home three of the four Sanford tallies.

Warren Wright's Whirlaway flashes across the finish line to win the 67th running of the \$75,000 Kentucky Derby at Churchill Downs, Louisville, Ky. Whirlaway set a new track record of 2:01-3/5. Stator (on rail) is six lengths behind in second place. Market Wise is third. Jockey Eddie Arcaro rode the winner.

Powder Puff Derby Has Unscheduled Thrills And Some Unusual Situations

Florida State League

Team	W	L	Pct
Deland	14	4	.778
St. Augustine	13	5	.722
Orlando	9	9	.500
Daytona Beach	9	9	.500
Leesburg	9	9	.500
Seaside	7	11	.389
Sanford	6	12	.333
Gainesville	6	12	.333

BALTIMORE, May 2 (AP)—They light every sign on the board at the finish of the Powder Puff Derby.

Anything and everything can—and often does—happen in this annual race for women riders out at Pimlico. Flashing every signal from "official" to "objection" is the only way to be sure everything's covered.

horses to the post—or tries to. He usually has a time of it. Last year Regal Frolic, with Mildred Hunt up, went on a binge quite in keeping with his name. He broke out of line and went streaking around the track with his embarrassed rider hauling at the lines for dear life.

Gordon finally galloped alongside and caught the reins after Regal Frolic had done a snappy, unscheduled six-furlong tour. Mrs. Anne Harrison, wife of the well-known gentleman rider, J. S. Harrison, won last year's 4 1/2-furlong dash on Marin. Judy Johnson, a trainer in her own right, was second for the third year in a row. Sara Bosley, daughter of the late Mrs. Elizabeth Bosley who trained and developed Chase Me, was third. Miss Bosley won the event in 1938.

Although the big tote board factiously flashes a tremendous payoff after the race, there's actually no betting—unless a couple of cocktails are wagered on the side.

But there is an actual reward, a handsome trophy presented by Alfred Gwynne Vanderbilt, president of the Maryland Jockey Club. And for the race fans, it's all a great show.

Construction has begun at the Florida State Hospital, Chattahoochee, on a new auditorium designed to seat 2,500 people. The structure will be of brick and will be 82 feet wide and 171 feet long. Dr. J. H. Therrell, superintendent of the hospital, said that work would be speeded in hopes of completing the building by mid-summer.

Truck Driver Killed In Baldwin Shooting

BALDWIN, May 2 (AP)—Tete White, 30, MacGlenny, truck driver, was killed in a restaurant shooting here early Sunday.

Police said White was shot by Earl Braddock, whose wife operated the restaurant, in an exchange of gunfire in which Braddock was wounded in the arm. Witnesses said White drew a pistol when ordered to leave the place, and the shooting followed. Braddock was released on his own recognizance pending an inquest today.

BULLET COME FROM THE LEFT.

AN INDIAN HITS THE DUST

HOO! IT'S SPOOKY! HAD A SHIELD FOR THE LONE RANGER.

Seminoles Face Saints, Deficit In Game Receipts

Only One Game Has Made Expenses So Far This Season

Tonight the Sanford Seminoles face the St. Augustine Saints, and a deficit on the ledger for the game receipts. Only one game, the opener against Orlando has come up to a money making average.

To run the Sanford club the box office must take in at least \$200 on each home game, according to the figures of Andrew Carraway, secretary and treasurer of the baseball association. The average has run somewhat less than that.

It is now a case of getting more fans to attend the games or disband the ball club, he said. In seven home games 2582 adults, children and negroes have paid at the box office making an average of 380 admissions an evening. Adult admissions have totaled 1,738 for the seven games or an average of \$47 for each game. It takes between four and five hundred fans to make a ball game pay. Expenses of the team including salaries, equipment, traveling cost about \$600 for a week. Making just half of that so far in the season has brought on a crisis.

Pepper Urges Occupation Of Dakar, Azores

Florida Senator Says U. S. Should Join Britain In Singapore And Iceland

Planes For China Are Recommended

Solon Says Time Has Come For This Nation To Get Tough

WASHINGTON, May 6.—(AP)—President Roosevelt called in top flight men from his cabinet and the Army and Navy today to discuss stepping up the production of big bombers.

He also designated Major James H. Burns as assistant to Harry Hopkins to handle much of the detailed work under the British-Aid bill. In another step he directed Secretary of Agriculture Wickard to set up a special division to handle work previously assigned to the agricultural division of the Defense Commission.

The President last night asked Secretary of War Stimson to obtain "substantial increase" in heavy bomber production. The goal is reported to be 500 heavy bombers monthly.

WASHINGTON, May 6.—(AP)—Asserting "it is time for the United States to get tough," Senator Pepper (D-Fla.) urged today that this nation in co-operation with Great Britain occupy Greenland, Iceland, the Azores, Cape Verde and Dakar in West Africa.

Pepper's "get tough" program also recommended that the United States and British "leave the door open" in the Pacific to Japan by making available to the latter "all long-range American bombers" wanted by American pilots to be made available to China.

A few bombers flown by American pilots would leave the United States to build a bomber base in Tokyo to build a bomber base, Pepper said.

He added that the time had come to give some plain talk and if necessary some plain action to Japan.

President Roosevelt last night demanded aerial supremacy for the democracies and called upon Secretary of War Stimson to increase production of heavy bombers "with all possible speed."

"Command of the air by the democracies must and can be achieved," Roosevelt said in a letter to Stimson. "Every month the democracies are gaining in the relative strength of their air forces. We must see to it that the process is hastened and that the democratic superiority in the air is established."

The President left no doubt the objective he has fixed will strain this country's production facilities to their utmost.

He gave Stimson authority to take whatever steps necessary to achieve the goal.

The President told Stimson he was ordering the Office of Production Administration to provide appropriate priority ratings to gear the way for all-out production.

His letter left no doubt that the Axis aerial challenge must be met in kind and believed.

"The effective defense of this country and the vital defense of other democratic nations requires that there be a substantial increase in heavy bomber production," he wrote. "This and will you take whatever action is needed, including the procurement of aircraft, to obtain maximum production of the production rate which I am indicating to you in a private memorandum."

The order came less than a week after Roosevelt announced the Lend-Lease program to lend the British \$50,000,000 worth of supplies to aid the fight against the Axis.

It was in this connection that the President said that the British "must be helped to maintain the production rate which I am indicating to you in a private memorandum."

WASHINGTON, May 6.—(AP)—The Japanese note that Tokyo would like to explore the possibility of settling Pacific problems with the United States next month unless in government quarters yesterday.

Nevertheless, the feeling here appeared to be that Japan is so heavily allied with the Axis powers that only a virtual abandonment of American interests in the Pacific would satisfy the Tokyo leaders. The administration has made clear it does not intend to do so.

By contrast, the United States has frequently threatened to take a hard line in the Japanese news.

Map Defense Recreation Drive

General George C. Marshall (left), U. S. Army chief of staff, discusses plans with District Thomas E. Dewey, of New York City, chairman of the United Service Organizations for National Defense. Dewey called at the War Department in Washington to talk over the drive to collect \$10,765,000 to provide recreational facilities for soldiers, sailors and defense workers.

Convoying Of War Supplies To England Favored In Interviews

Sanford residents, judging by a sample of opinion taken today by The Sanford Herald, are wholeheartedly in favor of using convoys to protect shipments of war supplies to Great Britain, feeling that some greater aid must be made to the British if they are to win the war.

Although those questioned were selected at random, none opposed convoying shipments.

Kenneth Carr said he feels "we will be in the war soon, and the time is near for a decision. There is no use in doing this half way, and I believe we should either convey our shipments to England or withdraw all aid. I am in favor of convoys."

Charles Steenworth declared, "Because as I see it that would be the quickest way to get rid of Hitler and end the war, I believe we should convey arms shipments."

Judge J. G. Sharon asserted, "I'm in favor of doing anything possible to put out the fire in Europe, and if it takes more than convoys, I am in favor of an out and out declaration of war."

Robert L. Cox expressed the belief that "as long as we are manufacturing supplies for England, we should see that they get over there. As long as we have instituted a policy of aid to Great Britain, we should carry it as far as necessary."

H. C. DuBose said, "I'm 100 percent in favor of doing whatever is necessary to give England immediate relief. If convoys are needed to give that relief, then we should use convoys."

George Weinstein answered that he supported the policy of the United States government "in giving Britain everything she needs and getting it there as quickly as possible. If she should need men, we should be prepared to send them also."

Edward J. Lane stated, "I believe we should help England any way we possibly can."

Sidney J. Nix declared he favored the conveying of supplies to England, since "if we're going to send goods over there we should see that they reach their destination. This will also help to keep the war away from the United States."

M. A. Callaway said "I am for anything that will keep our young men home. I have faith in Britain, and believe that she can win if we give her aid and see that it reaches her in time."

Installation Of P. T. A. Council Officers Planned

Installation of newly elected officers of the Seminole County Council of the Parent Teacher Association will be held at the last meeting of the year, Wednesday morning at 10:00 o'clock at the Sanford Grammar School.

Mrs. J. M. Gibbs, state president of the P. T. A. is to be in charge of the ceremony and will install the following: Mrs. H. W. Rucker, president; Mrs. B. F. Ward of Oviedo, vice-president; Mrs. J. Wells, Jr. of Longwood, treasurer; and Mrs. M. N. Cleveland, secretary.

Appointed officers named by the new president are Mrs. W. S. Brunley as devotional leader, Mrs. E. F. Cooper, historian and R. E. Kipp, publicity chairman.

Lunch will be served at the school cafeteria at 12:30 o'clock and all P.T.A. members and friends of the schools are invited to meet with the county council.

The duty of the council is to promote the parent teacher relationship throughout the county, Mr. Kipp said. The officials of the organization are particularly proud of the rating they have achieved during the past few years as Seminole County is the only county in the United States with a P.T.A. in every school, he added.

Postcards Of Monkey Island Are Completed

Joe Moore of the Orange News Company of Orlando said today that monkey post cards of the Monkey Island at the Sanford Municipal Zoo had been completed, and would be placed on sale tomorrow.

The card shows the log cabin on the island, and several of the monkeys scampering about and playing on the trapeze. A large crowd can be seen observing the monkey antics. The Orange News Company recently made color post cards of the pier.

U. S. Is Silent On Japanese Approaches

WASHINGTON, May 6.—(AP)—The Japanese note that Tokyo would like to explore the possibility of settling Pacific problems with the United States next month unless in government quarters yesterday.

House Changes Decision Upon Murphy Funds

Most Of Money From Land Sales Would Go For Legislative Expenditures

TALLAHASSEE, May 6.—(AP)—Reversing itself overnight, the House today voted 48 to 38 to put \$750,000 of the Murphy Act land sales money into the State general revenue and for legislative expenses and Confederate pensions.

It voted 48 to 34 yesterday to give counties 90 percent of the money and the State 10 percent. Governor Holland asked the Legislature to put the money into the general fund.

Ferry of Sarasota, who voted to give the money to the counties yesterday, made a motion for reconsideration that resulted in a vote to give it to the State.

Harrell of Hamilton, favoring the counties, said "I hope the gentlemen of this House have not been swayed overnight by any high-pressure methods."

The vote was a recovery for Governor Holland's administration from the first of his major financial proposals originally introduced in the House. Other phases of the program have been introduced first in the Senate.

The House-approved bill giving the Murphy Act money to the general fund now goes to the Senate for consideration.

The \$750,000 to go to the general fund program sponsored by Governor Holland to build highways and pay county and district road funds, spent through the House yesterday, will be almost a 50-year period, so that all counties will be repaid in full for their State highway construction.

A constitutional amendment to be submitted to the voters in 1942, will, if ratified, guarantee two cents of the gasoline tax to paying county and district road funds.

Counties now have about \$204,000,000 of outstanding road and bridge bonds, plus \$247,000,000 of interest paid or to be paid.

Holland said his program would be financed by a tax on the sale of more than 274,000,000 gallons of gasoline each year. In addition, he estimated that "many millions of dollars" can be saved by refunding outstanding bonds at reduced interest guaranteed by the constitutional "freezing" part of the gasoline taxes for bond payments.

In addition to providing bond funds, the program also will provide for legislative expenses about \$4,000,000 a year of additional money for constructing new highways.

The House broke away from one of Governor Holland's major financial recommendations yesterday and declined 48 to 33, to turn \$750,000 of Murphy Act money into the general revenue fund for legislative expenses and Confederate pensions.

It was the first definite action against the Governor's program in the 1941 Legislature.

Also on the agenda is an amendment by Laird of Broward and Toland of Hillsborough to have 10 percent of the Murphy Act money paid to the State and the other 90 percent apportioned to counties for schools and general county operations.

Length Of War Depends On U. S. Aid, Eden Says

Faith Is Expressed That Turkey Will Stand By England

LONDON, May 6.—(AP)—Foreign Secretary Anthony Eden told the House of Commons today the sooner United States war materials reach the battlefields of Asia, Africa and Europe, the sooner the war will end.

Eden expressed faith that Turkey would stand by Britain, and told the Arab peoples, including the Iraqis, to beware of an Axis victory.

In a review opening the government's statement in a full dress debate on the conduct of the war, Eden welcomed the "immediate step forward by the United States in deciding to send ships to the Red Sea."

American quarters said last night that the United States will not supply oil supplies by way of the Red Sea to supply British fleet, air forces and mechanized forces in the Middle East.

The \$100,000,000 to be used for the program, it was asserted, can be made available without delay but many more tankers would be needed and Britain already is suffering from a severe shortage of oil-carrying vessels.

"Iraq's oil production in 1938 was estimated at about 4,000,000 tons and it is assumed that this has been increased since the start of the war. The loss of these supplies would be a severe blow to the British Mediterranean fleet, air force and mechanized forces, but not necessarily to the British Army."

The 1938 oil production of neighboring Iran was about 10,000,000 tons, with its outlet to the Red Sea through the Iraqi port of Basra, the British say is now in their firm control.

Officials Of Chamber Pay Visit To Oviedo

Seeking to coordinate the efforts of the Seminole County Chamber of Commerce and the Oviedo Chamber of Commerce, a group of Sanford men made a good-will tour to Oviedo yesterday for a luncheon meeting with officials of the Oviedo Chamber of Commerce.

The 1938 oil production of neighboring Iran was about 10,000,000 tons, with its outlet to the Red Sea through the Iraqi port of Basra, the British say is now in their firm control.

70 Tampa University Students To Graduate

TAMPA, May 6.—(Special)—Seventy University of Tampa students will participate in graduation exercises to be held here June 10. Two commencement ceremonies will precede the exercises.

The baccalaureate sermon for graduates, their families and friends, will be held Sunday afternoon, June 8, in the municipal auditorium. Class day exercises will be held Monday morning, June 9, in the assembly hall. Dr. James E. Mooney, president of the University, will present a special address.

Also on the program will be the class orator's address, the class prophecy, the presentation of the senior gift, and the traditional ivy planting.

Reverend outstanding Americans will be honored with honorary degrees and the American Legion award will be made to the outstanding man student and an acknowledgment award will be made to the outstanding woman student.

Prosperity Fleeting, Steel Chairman Says

HOBOKEN, N. J., May 6.—(AP)—"It must be remembered that this apparent prosperity may well prove to be of a fleeting character, as to a large measure it stems from war abroad and from our own industry manufacturing defense programs," Irving E. Olds, chairman, told stockholders of U. S. Steel corporation at their annual meeting yesterday.

"That prosperity," he continued, "establishes the truth of the statement that periods of war bring only transitory profits and result in long-continued serious distresses and suffering increases in cost."

Olds reported that operations of the biggest steel concern in the United States had averaged in the first quarter of this year 1942 percent of what had been reported previously on total capacity, and was more than all the mills in Germany could turn out, he said.

The Lions Club will hold its regular meeting tomorrow night at 7:00 o'clock at the Palma and Pines Restaurant on the Orlando highway.

The Junior Chamber of Commerce will meet at 7:00 o'clock tonight at the Recreation Building, instead of at 8:30 P. M. in order to allow members to attend the Rubinoff concert.

Timothy Wilson was issued a building permit at the City Hall today to repair a porch and rear building on West Third Street, between Mangrove and Olive Avenues, at a cost of \$25.

The Masses will meet tonight at the lodge at 8:00 o'clock to hear a report from delegates to the recent Grand Lodge convention in St. Petersburg. C. E. Wagner, worshipful master, announced.

Southern Construction Double That Of 1940

BALTIMORE, May 6.—(AP)—Southern construction in the first four months of 1941 reached a total of \$681,152,000—a figure more than double the total for the same period last year—the Manufacturing Record said today.

Private building for April showed a slight gain, the Record said, but "public building continued a dominant factor in the South's construction," totaling \$24,000,000.

Lee County Bill Passed

TALLAHASSEE, May 6.—(Special)—Senator Ward, Fort Myers, passed in the Senate yesterday bills to authorize the Lee county school board to transfer surplus revenue from its interest and sinking fund to the general fund and to allocate half of the county's revenues from racing to schools. The bills now go to the House.

Local Weather

Partly cloudy tonight and Wednesday; showers in the extreme northwest portion, and in the south coast Wednesday.

Milk Firms Indicted For Trust Violation

NEW YORK, May 6.—(AP)—A federal grand jury yesterday indicted Sheffield Farms, Inc., the Borden Company, four subsidiary concerns and 28 individuals on charges of conspiracy to violate the Sherman anti-trust law and fix milk prices in the Metropolitan area.

The true bill alleged that the defendants which had sold 60 percent of all store-bought milk in the city—conspired to control the prices of wholesale milk from Apr. 1, 1937, to date.
