Paired Political Ad.

Sonny, Cassius Set

SEWER (UPI) — Champion Sonny Liston and challenger Cassius Clay were set to sign today for what was expected to be the richest heavyweight boxing match in history sometime early next year.

Liston, who lives in Denver, and Clay, who drove in from Chicago in a bus festooned with "I'm the greatest" banners, were to sign at the Denver Hilton Hotel.

The signing was scheduled for 4 p.m. EST.

There were little advance specifics. But the fight was expected to be in February at any one of several possible sites.

At San Francisco, Sol Silberman, chairman of a California state committee on boxing safeguards, renewed his charge that the fight would be a "mis-match."

Silberman earlier said he thought Clay was a fine young boxer, but not yet in Liston's class.

Ben Bentley, Liston's Chicago public relations man, in charge of today's events, disagreed.

Jet Beef-Up

NEW YORK (UPI)—Coach Wood Ewbank will hope to give his New York Jets' offensive unit a boost by elevating linebacker Ted Bates and corner back Marshall Starke to starting roles for next Sunday's game against the Houston Oilers.

Illini, Ole Miss Crowd Texas

NEW YORK (UPI) — Two-footed place kicker Tony Crowley.

Illinois and Mississippi, both with identical records of five wins and a tie, turned what were expected to be close games into routs, to improve their second and third place standings.

Roger Staubach led the Mid-die to an impressive win over Notre Dame to boost Navy's march to fourth; un-broken-minded Auburn jumped from seventh to fifth after whipping Florida and Okla-homa also advanced two places to sixth with a one-sided victory over Colorado.

Alabama slipped from fourth to seventh with an un-impresive one-point win over Mississippi State.

Michigan State, once-beat-on and tied for the Big 10 lead with Illinois and Ohio State, entered the top 10 for the first time this season in eighth place and Pittsburgh and Nebraska returned to the leading 10 after an absence. Pitt was ranked ninth and the Cornhuskers 10th.

Five coaches from each of the seven geographical sections of the country rate the teams awarded on a 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 basis.

Boyer, with the nation's leading passer Don Trull, jumped to 11th. The Bears tackle Texas Saturday for the leadership in the Southwest Conference and perhaps pose the biggest threat yet to the Longhorns' national title hopes.

Ohio State, Washington, Army and Missouri achieved the 12, 13, 14, 15 slots in order and Wisconsin, sixth last week, plummeted to 16th.

Memphis State, which only gained major college status in 1960, entered the ratings for the first time in its history in a 17th-place tie with Georgia Tech.

The Tigers own a tie with Ole Miss, a win over Mississippi State and last Saturday smothered Louisville.

Arkansas, North Carolina and Kansas deadlocked for 19th.

3 Giants On Injury List

NEW YORK (UPI) — The New York Giants, fighting to overtake first-place Cleveland in the Eastern Division of the National Football League, may be without the services of tackle Roosevelt Brown, flanker Frank Gifford and safetyman Allen Webb for next Sunday's game against the Philadelphia Eagles.

Brown and Webb suffered severe bruises of the right knee in St. Louis last Sunday and Gifford bruised his left shoulder.

Liberty lives only where the power of the people is supreme.

Craig Goes To Cards

ST. LOUIS (UPI) — Roger Craig "longest" pitcher with the New York Mets, was in the St. Louis Cardinal camp today with the chance of a lifetime to hit the win column with regularity.

"It's one of the best things to happen to me since I've been in baseball," said the 22-year-old 190-pound Craig.

The Mets and the Cards Monday announced the trade which will put Craig in a Red Bird uniform and send dis-appointing 29-year-old out-fielder George Altman, and rookie pitcher Bill Wakefield to New York.

A wild prairie flower be-longing to the pea family, the blue-bonnet is the state flower of Texas.

The big trade gives General Manager Bing Devine a comeback try from the sour trade involving Altman one year ago.

Devine brought the left-handed power-hitter Altman to St. Louis from the Chicago Cubs, giving up pitchers Larry Jackson and Lindy Mc-Daniel. As the season progressed the Cards showed they needed pitchers, not out-fielders.

The Mets apparently took a good look at 22-year-old righthander Wakefield who had signed with the Cards for a \$35,000 bonus.

Wakefield, of Kansas City, is a student at Stanford. He had a 3-7 record at Tulsa and a 3-3 mark at Atlanta the past season.

Fifth Annual FOOTBALL CONTEST

CASH PRIZES

TO BE AWARDED EACH WEEK

FIRST PRIZE \$10.00
SECOND PRIZE \$4.00
THIRD PRIZE \$4.00

Nothing To Buy — No Obligation

THIS CONTEST PAGE WILL APPEAR EACH WEEK DURING FOOTBALL SEASON.

MAIL OR BRING ENTRY BLANK TO:

Contest Editor
Sanford Herald
Sanford, Florida

Winners of last week's contest:

FIRST PRIZE: \$10 — Ronnie Griffin, P. O. Box 274, Sanford.

SECOND PRIZE: \$4 — Bill Kuykendall, 665 Camellia Ct.

THIRD PRIZE: \$4 — Paul Yates Jr., P. O. Box 1041, Sanford.

CONTEST RULES

- 14 football games this weekend are placed, one in each ad on this page. Indicate winner by writing in the name of team opposite the advertiser's name in the Entry Blank. No scores. Just pick winners.
- Pick a number which you think will be the highest number of points scored by any one team on this page and place this number in the space provided in Entry Blank. This will be used to break ties.

One entry only to each contestant. Entries must be brought to the office of this paper or postmarked no later than Friday Noon, Nov. 5.

Peanut Bowl Contest Thursday Night Tribe Prepares For Homecoming

Strikes . . . Spares

By John A. Spolaki

I was teasing my good friend Doctor Munson last Sunday during the Halloween Party of the Stuckey's Mr. & Mrs. League. Doc was out open bowlin' at the time and I attended this party in full costume.

Came time for the unmasking, I yelled over to the doctor that he should pull off his mask, too. Evidently he didn't appreciate my comments and he really tore up my pins in the Seminole Memorial Hospital League.

He blasted home a winning combination of 216/649 scratch game and series, high for the entire league.

Also bowling real well for this league was G. Cooper of the Placebo's team with a 206/831; Richard Elam of the Scalpel's—202.

A couple of new names this week are Rich Wallsted and Joe Pickens.

Both toll for the Tuesday Evening Businessmen's League. Wallsted rolled for Mooney's Appliance took high singles with his 211 game and Joe Pickens rolled a 209/292 series, just missing the 200 average mark by 8 pins.

I see where there were a few more who entered into that "Charmed Circle" by bowling a 200 game or higher. Steve Mason had a 207; Buddy Boyles of Kondracki & Cline had an even dozen—200.

She's a big girl who's rolling an even bigger bombing ball. Talking about Dot Sutton of the Art Brown Pest Control team of the Hi Nooners League. Dot shot a magnificent 231 scratch game and finished with a 537 series. Barely nosing out this Dorothy was another Dot, Dot Johnson who won series honors with a 550 set.

Experts say that the heavier the ball the greater is your chance of scoring a strike, but Dot Sutton rolls only a 10-pound ball.

Some of the other lassies who turned in creditable games were Teena Armao—183; Jean Webster—178; Sophie Woodson—183; Nan Quinn—167; Mary Elmore—170; Libbie Whitehead—172; Etta Dorman—168; Cathy Poulter—178 and Pat Siple—200.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

What happened to the Seminoles? You can talk to a dozen fans and get as many different answers. We'd just as soon let it go as one of those things. But, unfortunately, a sports scribe can't always do it.

When you analyze the contest the Seminoles played a good ball game. Defensively, it's a wonder the fired up Leesburg Yellow Jackets didn't score more than 13 points. Offensively, one of Seminole's problems was that it did not have the ball enough. Another reason was that one Seminole drive died on the nine for the lack of another yard and a first down. And the final gun sounded with the Seminoles on Leesburg's six. Those could be called bad breaks.

If you can find anything to say about the Seminoles and their offense it might be that they didn't hit the airlines often enough. It's true that the stiff breeze could have played tricks with the ball. Yet, the Jackets were able to complete five of their six attempts.

But remember, the Jackets, by the time Seminole got a chance to run its first play

Sanford JH Meets South Seminole

The annual Peanut Bowl contest between the Sanford Junior High School Braves and the South Seminole Junior High Hurricanes is on tap for Thursday night at Sanford's Municipal Stadium.

This game will climax the season for the two junior high eleven's. The Braves will go into the affair undefeated in four games. They whipped South Seminole in their opener 27 to 6 and went on to defeat Wildwood Junior High and post two wins over the Oviedo Lion Cubs.

As for the Hurricanes, they have recorded a pair of wins over the Lion Cubs of Oviedo and defeated St. Cloud twice. Their one loss was to the Braves in an earlier contest this season at Longwood's Lyman Field.

The Hurricanes are expected to be up for this one despite the fact that they have lost 12 players from the squad with which they began the season. However, some of Head Coach Jim Clark's reserves have taken over the vacated position and come along in fine fashion.

Meanwhile, the Braves are preparing for this contest in hopes of completing their 1963 season without a blemish on their now spotless record. Head Coach Dan Felham will be counting on the passing arm of ace quarterback, Frank Whitman and a host of highly rated backs to carry the Braves.

The game will take on an air of holiday festivities with the appearance of a host of South Seminole and Braves fans and the 62-piece Hurricane Band. Meanwhile, this will be the Braves' big home game of the season and the Sanford Junior High Band will also be on hand.

TED BELLHORN (No. 80), a 165-pound Junior end for the Oviedo High Lions apparently is losing the ball during this tackle by an unidentified member of the Melbourne Central Catholic High eleven. This action occurred during Oviedo's 24 to 6 victory last Friday night. (Herald Photo)

Jai Alai Season To Begin On Saturday

Jai Alai returns to the Sanford area on Saturday, Norman E. Stabell, executive vice president and general manager of the Orlando Seminole Fronton, announced today.

The fronton, on highway 17-82 in Fern Park, begins its third season of operation, running through March 23, 1964, with 11 games nightly except Sundays.

Members of the 38-player squad have already begun assembling at the fronton for Saturday's opener. Over the weekend, 32 players arrived from Spain where they have been playing during the summer.

This year's program will contain the names of 10 new players, Stabell reported. Their addition is expected to give local jai alai fans one of the best lineups since the sport first opened in this area.

To date the Cubs have dropped two games to Sanford Junior High Braves, a pair of games to South Seminole Junior High Hurricanes, and a previous contest with St. Cloud.

Mantle Sued For \$200,000

DALLAS (UPI)—Mickey Mantle, New York Yankee slugger, was charged today with foul dealings with his endorsements and other off-season, money-making activities.

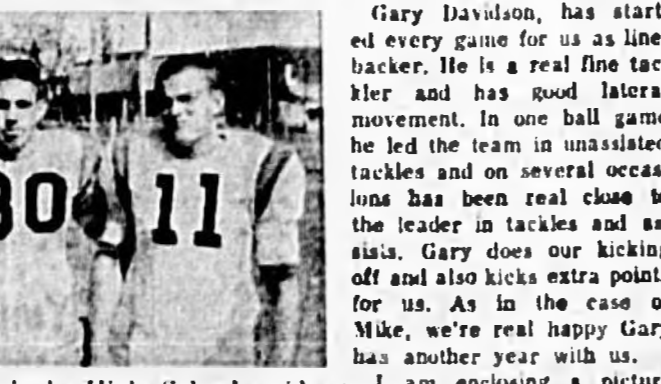

A \$200,000 damage suit was filed Monday in behalf of the bankrupt Mickey Mantle Enterprises, Inc., a corporation that originally was to handle all of Mantle's business—except hitting home runs.

The suit charges that the slugger sold his interest in the corporation, then started selling his endorsement of products, personal appearances and other non-baseball activities on his own.

Ex-Seminole College Stars

Three former Seminole High School football players are making good in a big way on the college level, according to their coach. The Herald is in possession of a letter from Coach Harry Jackson of Connors College, Warner, Okla., telling of the good work done on the gridiron by Bubba Davis, Gary Davidson and Mike Roberts. (Jackson in his letter referred to Bubba as Russell, which is correct, but the Herald has substituted the more familiar name, Bubba, wherever Russell was used in the letter.)

The letter follows: "Let me assure you that we are real proud of our

THREE FORMER Seminole High School grid stars who are now mainstays on the Connors College football team. From left are Gary Davidson, Bubba Davis and Mike Roberts.

Tues. Nov. 5, '63—Page 5

Tribe Prepares For Homecoming

By Julian Stenstrom
Herald Sports Editor

Three of Seminole County's four high school football machines go back into action this week while the fourth enjoys a much needed open date.

The big affair, as far as Sanford fans are concerned, will be the 1963 Homecoming game with the Seminole High eleven entertaining the highly touted and undefeated Wildwood Wildcats. This game is slated for Sanford's Municipal Stadium on Friday night.

Meanwhile, the Greyhounds of Lyman High will make every effort to get back on the winning side of the ledger when they travel to Mount Dora to take on the Hurricanes there.

Oviedo High's Lions will use their traveling bags this weekend when they leave home to tangle with the Florida Air Academy.

Croom's High's Panthers got a rest this week. Seminole, handed their initial loss of the season by Leesburg last Friday night, went to work Monday afternoon in preparation for the Wildwood tilt. The Wildcats will be favored to take the Seminoles. However, reports from the Tribe's wigwam indicate the Seminoles will move heaven and earth if necessary to whip the Wildcats.

The Seminoles will be playing at home in the annual homecoming affair. But they'd better not count on that having anything to do with the outcome since down through the years the Wildwood youngsters have come to Sanford completely unimpressed with such activities. In fact, even back in the early thirties a Seminole eleven met a Wildwood eleven in the old Municipal Park and took a 7 to 0 licking at the hands of a ball club that didn't even wear shoes.

There'll be only one thing the Sanford outfit can depend on this Friday night and that's good football. The Greyhounds went down

Sherwood Wins Men's Tourney

The first tournament of the Mayfair Men's Golf Association was won Sunday by Harold Sherwood, firing a 72.

Forty-four members teed off in the opener. Sherwood tallied a plus nine in the point system tourney. Bob Jernigan was second with a plus eight; tied for third place were Bob Sheddin, Arnie De France and Spencer Hardin with plus five.

Closest-to-the-pin honors went to Wilks Bowman who fired a tee shot three feet from the flag on hole number 16.

Longest putt prize was won by Jerry Jernigan who sank a 60-foot putt on hole number 9.

A buffet in the clubhouse closed out activities for the day.

Next Sunday the men's group will entertain McCoy Air Force Base in the first inter-city contest of the season for both teams.

Cubs, St. Cloud Play Tonight

The initial course on this week's Seminole County gridiron menu will be offered tonight when the Oviedo Junior High Lion Cubs entertain the St. Cloud Junior High eleven at John Courier Field.

The contest, slated for 7:30 p.m., will wind up a six-game schedule for the Lion Cubs. And the Cubs are reported to be completely anxious to grab tonight's tilt for it is their last chance to post at least one victory this year.

To date the Cubs have dropped two games to Sanford Junior High Braves, a pair of games to South Seminole Junior High Hurricanes, and a previous contest with St. Cloud.

Gators Prepare For Georgia

GAINESVILLE (UPI)—The University of Florida's Gators began closed practice sessions today aimed at stopping long-tossing Larry Takestraw.

Couch Ray Graves called Takestraw "one of the best passers in the Southeastern Conference" and said the Gators would have to stop him if they were going to stop the Bulldogs.

Georgia and Florida clash in the Gator Bowl at Jacksonville Saturday.

Statistics

Statistics on the Oviedo High - Melbourne Central game of Friday night follow:

Oviedo	Melbourne
11 First Downs	8
252 Rushing Yards	140
104 Passing Yards	20
356 Total Yards	140
106 Passes (attemp)	42
1 Passes Int. by	0
2 Fumbles	3-39
2 Fumbles Lost	1
60 Yards Penalized	25
Individual Yardage:	
OVIDEO: Mikler 90, Gouge 77, Brooks 72, Courier 11.	
MCC: Fickett 71, Witkowski 45, Newquist 22.	
Oviedo 66-6-24	
Melbourne 0-0-6-6	
O-Brooks 2 run (kick failed)	
O-Gouge 7 run (kick failed)	
O-Mikler 67 run (kick failed)	
M-Witkowski 8 run (kick failed)	
O-Bellhorn 41 pass from Courier (kick failed)	

AUBURDALE'S BOOTY Etheridge, on a quarterback keeper play, starts around left end, but Lyman's Dennis Fletzer and Phil Ferrault cut him off and dropped him for a yard's loss. Lyman lost Friday's game by one point, 14-13.

INTRODUCING THE DEPENDABLES FOR '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Still-to-sill carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

Perhaps our approach to power will further illustrate the point. Your Dodge Dealer will be glad to demonstrate the point.

Controversy Court

Gen. Dwight Eisenhower seems to have cleared up the somewhat unsettled question of his attitude toward the Supreme Court's 1954 school desegregation decision. He believes it was correct.

But there are still many Americans who are unsure of the true status of this or any major Supreme Court ruling.

Those who argue in the latter vein take confidence from the acknowledged fact that the court's "holding," that portion of an opinion which settles the direct issue confronting the justices, affects just the litigants.

But the overwhelming proportion of judges, constitutional lawyers and professors of law contend that the "holding" is — and should be — a springboard for a ruling of much wider effect.

Every thoroughly grounded, well-written opinion develops the reasoning, sets forth the principles, by which the court was led to its decision. Properly spelled out, these serve as a guide to lower court judges and lawyers.

In the view of the constitutional experts, this reasoned argument provides the basis for making the "law of the case" actually the law of the land. In other words, it shows the legal community and the nation how the rule can be applied to countless similar cases.

The experts insist further that the court would be of little value to

the country as a supreme arbiter if it simply acted as a kind of top appellate court — concerned with settling isolated cases, reversing lower court mistakes and the like.

They argue that its role, as developed through long decades of history and accepted by Congress and the American people, is the interpretation of the Constitution against the constantly changing backdrop of American life.

To do this, it is contended, the court must deal with those cases which raise the big questions of interpretation. They are many, for the document is written in general, flexible language at countless critical issues, the constitutional experts say, it is "making law" for the nation.

It is reminded that the Constitution itself states that "The Constitution and the laws of the United States which shall be made in pursuance thereof . . . shall be the supreme law of the land, and the judges in every state shall be bound thereby, anything in the Constitution or laws of any state to the contrary notwithstanding."

Again, in the overwhelming view of the specialists, the people of this country and their chief organ of expression, the Congress, have for 175 years accepted the idea that the above assertion of authority covers what the Supreme Court says the Constitution means — and that its edicts therefore are truly the law of the land.

Dick West Says

Some You Can't Answer

WASHINGTON (UPI) — Soon or later, if you are the father of growing children, there will come a time when they will start asking you delicate questions.

If you are an experienced father, you will handle the matter in one of the following ways:

You will say "sorry, I haven't time to answer that now. I think we're having an air raid." Or you will say "that's a good question. Why don't you go ask your mother?"

There may be moments, however, when all escape hatches are closed. Such was the case at my house some time ago when my daughter, who is teetering on the brink of 13, became curious about something she saw on television.

Her mother was not at home at the time and there wasn't an airplane in the sky.

So, back to the wall, I found myself trying to explain Frank Sinatra.

Whenever you are explaining Sinatra to a pre-teenage you have to choose your words very carefully. Otherwise, you might say something that will cause her in later life to turn against baritones.

On this evening, Sinatra was appearing as a guest star on somebody's program and my daughter was pestering by the conversation he was having with the host.

"Why do they keep asking him about girls?" she said. "He looks like he is almost as old as you are."

"I like to think," I replied, "that women still find me attractive."

"Don't make jokes," she said. "I'm serious. Every time I see him on television they're kidding him about girls. It doesn't make sense."

"Why not," I said. "Many girls go for Sinatra in a big way."

"You're putting me on." "No I'm not. It's true. Ask your mother when she gets back. She goes for Sinatra."

"I'm talking about girls," my daughter said. "I don't know a single girl in my class who thinks he's cool."

"Listen," I said. "I can remember when girls your age used to line up for blocks to get in a theater where Sinatra was singing. Every time they saw him they would moan and tear their hair and scream 'Frankie!'"

"That must have been before I was born."

"Yes," I admitted, "I guess it was."

"But why are they always asking him about girls now?"

"Be quiet for a minute," I said. "I think I hear an air raid siren."

Phil Newsom Says . . .

Timing And Intent

A world which for years based its foreign policy on the Soviet Union's ability to make war now finds itself in the midst of a curious reversal.

Policy makers now must consider the Soviet's ability to make peace. The question is a matter of serious debate and

already has had an effect on U. S. relations with the USSR.

For example, except for the present seeming cold war thaw, it scarcely seems conceivable that the United States ever would have considered lifting its embargo and seriously negotiating with the Soviet Union for the sale

of \$250 million worth of wheat.

Wheat has long been on the list of strategic materials banned for sale to a potential enemy.

And in the United States it has aroused debate whether such a sale and revision of U. S. trade policies furthers the cause of peace or simply tilts the Soviet Union over an emergency from which it can emerge to press still harder the cause of aggressive world communism.

Involved in the Soviet's ability to make peace are matters both of timing and intent. On the matter of timing, it is noteworthy that Soviet foreign policy took on a greater degree of caution immediately after the Cuban crisis just a year ago this month.

The question of intent is even more important. In the present thaw, did Nikita Khrushchev jump or was he pushed?

The evidence is that he was pushed, despite the fact that co-existence with the West has for years been a proclaimed Soviet policy.

Khrushchev's announcement of the Soviet Union's withdrawal from the moon race has been taken as a measure of the country's economic difficulties.

A Town Can "Die On The Vine" Tool

Begins when people start to buy out of town and invest their money away from home.

Financial institutions such as banks and savings and loan associations no longer have those dollars available in the form of loans to help people buy a home or car, improve a home, help a merchant carry better stock, finance farm machinery or for a hundred other uses. Business slows down, young people leave for greener pastures. A town withers, then dies. It's happening all over America.

Today, nothing ever paid greater dividends or more handsome returns than loyalty to your community. Buy at home and save at home. That's the way to keep our future as it should be, bright.

PLUGGING IN!

Dr. Crane's Worry Clinic

Polly's case suggests that we need to take a new view of heaven. No scrapbook this case for future reading when you fear death. And send for the startling booklet below. Keep it on hand to use with friends who love loved ones without weeping.

CASE Q-402: Polly M., aged 18, is the lovely coed who was killed by a head-on collision with a drunken driver.

"Dr. Crane," her grief-stricken parents implored, "why was Polly taken away from us, just as she was blossoming out into radiant womanhood?"

All religious folks who believe in a hereafter, might analyze their expected heaven. For example, do you think God is surrounded solely by white-headed sisters?

Or is heaven populated with babies and toddlers and grammar school children, plus teenagers, young adults, middle-aged, etc?

Wouldn't it seem more stimulating to have the outlooks and varying personalities of all ages in heaven? If it seems to you, why not to God?

The Bible tells us we were created in God's own image. That must mean we have the same bodily shapes. And possibly the same basic emotional capacity.

Obviously, our brain cannot comprehend as much, so we may be spiritually like the various stages of the feeble-minded.

But an imbecile or a moron may look exactly like a very cultured, brilliant college person.

Yet there is a big difference in their ability to reason, think or create new ideas.

So we human beings are made in the same image as God, according to the Bible, but have a lower I. Q.

In this column I try to stimulate new thinking and a fresh slant at many old concepts.

Nobody on the earth knows precisely what the hereafter is like.

But if we are made in God's image and have a brain like that of the Almighty, except that it has a lower capacity for thinking, then we have the privilege of making logical analogies.

So if we like the stimulation of different age groups, why might not God relish the same thing?

For God must enjoy having babies and toddlers and other age groups around him. Instead of just the hoary headed old people such as Moses and Methuselah.

Do you, moreover, think God would dislike dogs?

If he put them down here on earth to become man's best quadruped friend, why wouldn't God like to have faithful dogs in heaven?

Jesus certainly was very fond of eating. He started the first church picnic and also launched the first Easter surprise breakfast.

So if Christ fellowshiped the good fellowship of dinner parties and church suppers down here on earth, why shouldn't he enjoy them in heaven?

Send for the booklet "A Salute to George," enclosing a long stamped, return envelope, plus 20 cents, for it contains a unique view of heaven.

It was so refreshing and startling to Mrs. Crane and me at the funeral of our oldest son, that we lost most of our grief as we listened to the presumed dialogue between Jesus and George IV.

Offer this book to your grieving friends, for it will give them a fascinating glimpse of heaven. It will lessen their sorrow at once!

California (86 votes) presents a special problem. It has the last primary, June 2, just three weeks before the convention opens in San Francisco. And in the convention, California is the first big state to vote.

Republican efforts to present either Sen. Thomas H. Kuchel or Rep. Glenard F. Lipscomb as California favorite candidates now seem to have been abandoned.

Both Rockefeller and Goldwater are campaigning extensively in California, though neither seems to want a knock-down drag-out fight because of the expense.

Goldwater seems to have stolen a march in the state by naming former Sen. William

WASHINGTON (NEA) — Nine months before the Republican national convention opens in San Francisco, the battle of the presidential candidates is on to capture the 18 largest states.

Taken together, these states have 602 of the 1,306 convention votes — seven more than the 605 needed to win the nomination.

Five of the favorite son candidates who are expected to have support from their delegations, on the first ballot at least, come from these big states.

They are Gov. William W. Scranton of Pennsylvania (64 convention votes), Gov. James A. Rhodes of Ohio (58), Gov. George Romney of Michigan (48), Sen. Clifford Case of New Jersey (40), and Rep. John W. Byrne of Wisconsin (30).

When these states start to switch, that's the time to watch which way the hand-wagon will go.

Gov. Nelson Rockefeller of New York (92) votes has the advantage in his own state.

No organization for Sen. Barry Goldwater of Arizona has yet been announced for the most populous state. But Elmer Wall of Buffalo, a former Erie county attorney, recently put out a statement that he would head a Goldwater movement in western New York, which has been considered not too friendly to Rockefeller.

California (86 votes) presents a special problem. It has the last primary, June 2, just three weeks before the convention opens in San Francisco. And in the convention, California is the first big state to vote.

Republican efforts to present either Sen. Thomas H. Kuchel or Rep. Glenard F. Lipscomb as California favorite candidates now seem to have been abandoned.

Both Rockefeller and Goldwater are campaigning extensively in California, though neither seems to want a knock-down drag-out fight because of the expense.

Goldwater seems to have stolen a march in the state by naming former Sen. William

Peter Edson

Political Notebook

P. Rockefeller as chairman of his advisory committee of 70 or 80 local California leaders.

Pennsylvania will be for Scranton as long as he wants to hold. He has said he would accept a genuine draft, though he does not want to be considered an active candidate.

If by any chance Rockefeller should lose out in key primary states like New Hampshire, West Virginia, Wisconsin or Oregon — or if he should withdraw for any reason, which isn't expected — much of his support might go to Scranton.

Goldwater's organizing efforts in Pennsylvania have so far been limited, and his Hershey, Pa., speech fell flat.

Illinois and Ohio (58 votes each) present contrasting situations. Illinois has no favorite son as yet, and the fact that Rockefeller is his only opposition helps Goldwater in that state.

Charles H. Percy, campaigning for the GOP gubernatorial nomination in Illinois, had been expected to support Rockefeller, but he is now reported ready to shift.

Little Rockefeller support has been reported in Ohio, but the Buckeye state is leery of Goldwater because of his support for right to work laws. Republican espousal of that cause resulted in defeat of the whole GOP ticket in 1958.

Romney still insists he is not a candidate. That will be decided when Michigan convention delegates meet in ca-

can to select the man they will back.

One curious situation developing in Michigan is that former GOP National Committee Chairman Arthur Summerfield may attempt a political comeback as a Goldwater supporter. Romney and Summerfield are not the closest of political pals.

Texas (56 votes), Florida (34), Indiana (32) and Virginia (30) are now considered Goldwater country. New Jersey (40), Massachusetts (34) and other smaller eastern states have leaned to Rockefeller, but might be shifting.

Wisconsin (30) expects agreement from both Rockefeller and Goldwater not to go into the state, to give Rep. John Byrne a good run as favorite son.

HUGE FLOW
 World's largest implement of its kind is a 10-ton plow that cuts a furrow more than five feet deep on a California farm. It is used to turn up rich subsoil buried by layers of useless sand.

Dear Abby: By Abigail Van Buren

DEAR ABBY: When the Dodgers won the Series, my father was so mad he kicked our television set and now it isn't working. He has a terrible temper and he causes us kids out in a foreign language so loud everybody on the block can hear him. I said to him, "Pa, if you're going to yell at us in front of the whole neighborhood, why don't you learn English?" For this he smacked me right in the mouth. Do you think he had a right to do that? ANGELO IN BROOKLYN

DEAR ANGELO: He had a "right"—but he was wrong. If I have your pa pegged, I think you're lucky he didn't say what he said in English.

DEAR ABBY: What do you think of a ten-year-old girl wearing nylon stockings and a garter belt? My fifth grader tells me that I'm "old-fashioned" because

I tell her she's too young for them. About eight in her class have them. I refuse to budge. Am I wrong? OLD-FASHIONED

DEAR OLD-FASHIONED: No! And don't let her wear you down with that old saw—"But, mother—all the other girls do."

DEAR ABBY: I feel I must respond to "NOTHING UP MY SLEEVE," who is 44, handsome, and will marry any woman with money regardless of her age or what she looks like. I am an English woman who was married to this type for 22 years. I finally divorced her and came to your country to start a new life. Does not this handsome bloke realize that a woman with money doesn't need to marry for company? She can buy all she wants. I plan to return to England next spring. It's a pity that man is so attractive. I'm

seeking a permanent partner who is elderly, bald-headed and seldom gets a second glance—one I won't have to share with the whole universe. Sincerely, "D" FROM LIVERPOOL

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge By Oswald Jacoby

There is nothing new to learn in order to play "Chicago" or four-deal bridge. A game consists of four deals. On the first, neither side is vulnerable. On the second and third deals the dealer's side is vulnerable but the opponents are not. Both sides are vulnerable on the last deal. Thus, vulnerability is determined by the deal, not by who has won a game or games. When you score a game you get a 200-point bonus if you are not vulnerable and a 500-point bonus if vulnerable. If you make four games you get four game bonuses. Slam bonuses are the same as in rubber bridge. If

There is no bonus for a part you make four slams you get four slam bonuses.

score made on the first three hands unless it adds to a previous part score and gives you game. If you happen to make a part score on the fourth hand you get a 100-point bonus to make up for the fact that the game is over and you get no chance to use that part score towards a later game.

We The Women: By Ruth Millett

When it comes to clothes, hairstyles and make-up, most women are aware of what they can wear and what they

must avoid if they are to look their best. Listen to a woman shopper's comments when she is intent on finding just the right hat or dress and you'll hear such remarks as "I can't wear fussy clothes. Haven't you anything that looks a little more casual?" "That's a nice shade—but green is wrong for me"—and so on.

It's too bad women aren't just as realistic about their personalities. If they were they would be quick to discard many of the attitudes, mannerisms, habits, and pretenses that are unbecoming and "don't do a thing" for them.

If Mary Jones refuses to wear green because it isn't one of her most becoming colors, why shouldn't she also realize that snobbery isn't becoming either? Or that her constant, egotistic chatter doesn't do a thing for her, or that she doesn't appear to the best advantage when she is being catty or putting someone in her place?

en have their mirrors to tell them exactly what they look like—and to show them what is not becoming to them, so far as their appearance is concerned.

But most women don't know much about their own personalities. They aren't well enough acquainted with themselves to know which of their personality traits should be played up as assets, and which should be discarded as liabilities.

It is a lot more important for a woman to know she is being unkind than it is for her to know she should never wear green.

Rosazza Concert Opens Season

By Mrs. Adam Muller
Rose Rosazza, baritone and teacher of voice at Rollins College, gave a brilliant performance last Friday evening at the DeBary Community Center to open the annual winter season of the DeBary Entertainment Association.

Rosazza was accompanied at the piano by John Carter, teacher of piano at Rollins. Introductions were made by Howard Sharp.

The first group of songs were "I Will Lay Me Down in Peace" by Grease; "We Sing To Him" and "A Hymn to God." The next group featured selections by Strauss in German followed by a collection of old favorites from Stephen Foster.

DeBary Guild Holds Sale

By Mrs. Adam Muller
The St. Ann Catholic Guild of DeBary is sponsoring a daily rummage sale this week between the hours of 9 a.m. and 5 p.m. at 214 S. Sanford Avenue in Sanford.

Co-chairmen of the project are Mrs. Robert Morrison and Mrs. Herbert Vitt.

Highlights TV Time Previews

7:30-8:30 p.m. NBC. Mr. Novak "Hello, Miss Phipps!" An interesting though not always successful drama check-out of synthetic heart as Lillian Glah plays a controversial teacher who numbers sex education among her subjects. Abounding in earnestness, the script fails to ignite dramatically, despite the incursions into such worthy areas as sex and academic freedom. There's a lot of Dean Jagger in this one and that's a big help.

7:30-8:30 p.m. ABC. Combat "Glow Against the Sky." The patrol is trapped in a German-held town with one badly wounded member. There's a lot of tension as our GI's try to figure a way to escape, and the climax almost makes the wait worth while. However, the thrills are conventionalized by a setting which bears the unmistakable look of a setting. This is Warren Spahn's much heralded appearance as a German soldier. If the National League saw as little of him as you will, he probably would never have won a game.

8:30 p.m. CBS. The Red Skelton Hour. Good, solid comedy here as Red Skelton assumes his slithering gnomish character and recalls very effective Audrey Meadows again to play his strident wife Clara. Apply allows Clara to take a job in his office, but when the boss falls in love with her, himid George turns into a jealous lion. Very funny also as the boss is dour-faced Richard Deacon. Red also has a fairly funny pantomime as a forest ranger heckled by picnickers and a hungry spot. On hand for an okay solo act are the singing lettermen with some nostalgic college tunes.

8:30-9 p.m. ABC. McFate's Navy, "Jolly Wally." Captain Birmingham gets a public relations image of a man who laughs in the face of adversity. After a series of slapstick misadventures, he finds himself attacked in print by a war correspondent and subjected to a naval psychiatric examination. Joe Flynn mugs his way through this one.

9:30 p.m. CBS. Petticoat Junction. This one is keyed correctly for good homespun humor, rather than the unbelievable slapstick projected in some previous episodes. Taking the spotlight away from her two sisters is Betty Jo (Linda Kaye) who creates excitement by beating all the old-timers in the annual horseshoe-pitching contest and is pitted against the perennial champion for the title. Rottund Henry Calvin is quite good as the blustering champ who begins to worry only when it seems the little doll will win the match.

9:10 p.m. ABC. The Greatest Show on Earth. "The Circus Never Came to Town." (Color) One of the best in this series to date, thanks to a fine, sincere performance by Cliff Robertson as a mentally retarded yet harmless man whose big dream is to become a circus clown. Feeling compassion for the man who has a child's mind, circus boss Johnny Slats (Jack Palance) hires him and has reason to regret it when Robertson is inadvertently responsible for a muppet's tragic fall from a trapeze.

steering wheel around her neck and a cane. The hostesses served a chicken casserole, tossed green salad, French bread, dessert, coffee and punch. Squadron wives attending the party included Mrs. L. J. Reinhart, Mrs. J. W. Taft, Mrs. J. S. Barger, Mrs. R. A. Barnes, Mrs. E. R. Brewer, Mrs. H. R. Cowden, Mrs. Michael Durant, Mrs. J. D. Durbin, Mrs. R. F. Gorman, Mrs. R. E. Guest, Mrs. P. I. Haney, Mrs. G. J. Klett, Mrs. R. L. Leunhardt, Mrs. J. F. Moore, Mrs. P. H. Wierman, Mrs. D. R. Wood, Mrs. R. H. DeJong, Mrs. N. R. Maxwell, Mrs. I. A. Musgrove and Mrs. K. M. Tourney.

Guests of Lt. Cdr. and Mrs. R. E. Beat are Mrs. Beat's parents, Mr. and Mrs. G. O. Paulson from Madison, Wisconsin. In honor of her mother Mrs. Beat held a bridge Thursday at her home. During the afternoon the game was interrupted to watch the television program "To Tell the Truth," on which Cdr. J. F. Barlow was appearing.

Attending the bridge were Mrs. Barlow, Mrs. C. J. Youngblaud, Mrs. Dan Beard, Mrs. H. Aubuchon, Mrs. J. R. Dennison, Mrs. W. E. Donahue. The honoree took high honors and second high went to Mrs. Youngblaud. The two tables were decorated with autumn flowers and colors. A dessert of chocolate pie was served to the guests.

R. T. Radamacher of a Winter Park antique shop will be next Monday's speaker in the "You and Your Home" decorating series sponsored by the Naval Officers Wives Club. Mr. Radamacher will discuss intelligent buying and collecting of antiques and avoiding the common pitfalls associated with antiques.

The season will mark the half-way point in the home decorating course which any Navy wife may attend. Meetings are held at 1 p.m. in the ballroom.

Mrs. W. V. Patterson gave birth to a baby girl, on Oct. 26. The Patterson's second daughter and third child was named Jodie Lynn.

Legal Notice

SEMINOLE COUNTY ZONING COMMISSION Notice of Public Hearing Notice is hereby given, that after consideration, the Seminole County Zoning Commission will hold a public hearing to determine the feasibility of recommending to the Board of County Commissioners that the following described property presently zoned R-1 Single Family Residential and R-2 Multiple Family Residential be zoned C-3 Commercial: Lots 1 thru 4 and Lots 11 thru 13, Block 18; Lots 1 thru 4, Lots 11 thru 13, Block 19; Lots 1 thru 4, Lots 11 thru 13, and the E 1/2 of the N 1/2 of Block 17 all in Crystal Lake Winter Home Subdivision. Further described as approximately 132 ft. on both sides of Country Club Road between Ains Ave. and Lake Mary Ave. Public hearing will be held in the Seminole County Zoning Commission Hearing Room, 1338 E. 1st St., on Wednesday, November 13, 1963 at 10:30 a.m. or as soon thereafter as possible. Carolyn Higgins Resigns Job As USO Director

"Mom" has moved off. That's the sad news, many say. Mrs. Carolyn Higgins, the enlisted man's best sweetheart around Sanford for a long time, has left the local USO after more than five years' service as staff aide. Taking over the helm as Mrs. Higgins' replacement will be Mrs. Mary Washburn, lifelong resident of Sanford and veteran volunteer worker long interested in the welfare of servicemen. Mrs. Higgins resigned to accept a position with the State Welfare Department in Sanford. Meanwhile, Mrs. Washburn announced that the local USO will begin holding vesper services each Sunday, followed by buffet dinners.

Mice Become Dope Addicts

LOS ANGELES (UPI) — It seems that the mice which make their home in the Hall of Justice have become addicted to narcotics. Peter J. Talmachoff, chief deputy of the criminal division, explained that the mice find their way into a closely guarded room where several hundred pounds of marijuana and other narcotics are held as evidence in pending cases. "Those mice are addicts," he declared. "They run riot all night, then stagger off to their nest, leaving the floor littered with marijuana."

Two Die In Third Bus Accident

PARKERSBURG, W. Va. (UPI) — A school bus driver and a 14-year-old girl passenger were killed late Monday in this area's third fatal school bus accident in six weeks. The driver of the diesel fuel tank truck which slammed head-on into the bus was in critical condition with a skull fracture and four other student passengers were hospitalized with injuries. The previous accidents late in September and on Oct. 1 claimed the lives of a woman bus driver and of a man whose automobile collided with a school bus.

SHS Honor Roll Is Announced

Students making a 3.5 average or better during the first six weeks grading period at Seminole High School were named today by Principal Andrew Bracken. Heading the honor roll as straight "A" students are Linda Spencer, a junior and Stephanie Westgate, a sophomore. Others named are: Seniors: Dennis Brown, Doug Firestone, Ronald Goerss, James Long, Steve Sewell, Jimmy Thompson, Pat Branley, Barbara Buckler, Audrey Decker, Carol Jo Oxford, Sherry Spinelli and Jennifer Thompson. Juniors: Sandra Bisbee, Bonnie Coala, Helen Mann, Sherry Marazita, Susan Piercy, Joel Fehd and Jeff Williams. Sophomores: Claudia Bomgardner, Cheryl Jones, Meda Meiman, Becky Tanner, James Barks and Chall Crowell.

Rocket Records Lowest Cold

WASHINGTON (UPI) — Possibly the coldest temperature ever recorded in the earth's atmosphere — minus 289 degrees Fahrenheit — was reported by the federal space agency and Swedish researchers. The National Aeronautics and Space Administration and the University of Stockholm took the reading last August with a Nike-Cajun rocket. It attributed the low temperature to a high altitude cloud formation called noctilucent.

LEGION FAIR opened Monday to a capacity crowd. Pictured top is the display of the Future Farmers of America chapter of Sanford Junior High School. O. W. Barber, in the lower photo, judges a rabbit owned by Porter Sullivan (right). Judging was completed Monday afternoon. (Herald Photos)

Corn Piling Up

HANNIBAL, Mo. (UPI) — A mountain of corn stood on a street in this Mississippi River town today as testimony to

the worst shortage of grain-to-market boxcars since the Korean War.

Rare Cranes Reach Refuge

WASHINGTON (UPI) — Thirty-one whooping cranes, 24 adults and seven young, have arrived at their wintering ground at the Aransas Wildlife Refuge on the Texas coast. The cranes are the last of their species. Interior Secretary Stewart L. Udall, in announcing the number returning to Aransas, said the count of young birds—highest since the winter of 1958-59—was "heartening news." Last spring 23 adult cranes left the refuge for summer nesting grounds in Canada. There were hopes that the four missing adults still might show up after the 2,500-mile flight from Canada.

the Hanabial grain terminal, its elevators already filled, began dumping the newly harvested corn in the street last Wednesday. It was covered with huge sheets of plastic to prevent spoilage.

But the sight of grain piled high in the streets of Midwestern terminal cities was not uncommon today.

An estimated 19.85 million bushels of milo was stored in the open during the past week in the Midwest. Officials feared the loss from spoilage might run as high as \$40 million.

Elevators were full or filling rapidly throughout Missouri. Grain movement in the state was practically at a standstill. The milo harvested in Nebraska, Iowa and the Dakotas forced the movement of scarce boxcars into those areas.

"We usually have a shortage of cars," said George

Ross, Missouri Farmers Association traffic manager. "But it's much worse this year."

Spokesmen for several railroads agreed.

X-Ray Unit At County Fair

The Central Florida Tuberculosis and Respiratory Disease Association's Christmas Seal chest X-ray mobile unit will be at the Seminole County Fair today through Saturday for free chest X-rays. X-rays will be available as follows: Tuesday, 3 p.m.-6 p.m. and 6:30-9:30 p.m.; Wednesday, 3-6 and 6:30-9:30; Thursday, 4-6 and 6:30-9:30; Friday, 4-6 and 6:30-9:30; and Saturday, 1-5 and 6-9.

No News Session

WASHINGTON (UPI) — President Kennedy will not hold a news conference this week. He met with newsmen last Thursday.

Reds Blow Up U. S. Pipeline In Venezuela

MARACAIBO, Venezuela (UPI) — Pro-Communist terrorists blew up a vital American-owned oil pipeline for the eighth time in 18 months Monday, setting off a major oil fire.

The Armed Forces of National Liberation, strong supporters of Cuban Premier Fidel Castro, were suspected of dynamiting the pipeline in the barren area about 100 miles east of here.

Hundreds of fire fighters of the Creole Petroleum Corporation, a subsidiary of Standard Oil of New Jersey, brought the fire under control Monday night.

Repairs were begun today on the line which carried 300,000 barrels of oil a day from the Ule pumping station near the rich Lake Maracaibo oilfields to the Amay refinery. Pipelines are particularly vulnerable to sabotage because they traverse miles of sagebrush country and are paralleled by a well-traveled highway. Close surveillance of the entire 138-mile length of pipe is nearly impossible.

Monday's blast occurred little more than a mile from the site of a similar dynamiting in August.

Youths Fined

HAIFA, Israel (UPI) — Eight youths, all Jewish religious zealots, were fined and given suspended jail sentences for rioting in a Christian school in September.

They were given the choice of a \$175 fine or 60 days in jail and nine month suspended sentences. They were also placed under \$80 bond for three years against their good behavior.

Louis Schreiber Appointed Here

The Seminole County Probation and Paroles office has a new assistant supervisor.

Louis Schreiber, a June graduate of the University of Tampa, joined the staff of J. G. Lee, district supervisor, Monday.

Lee said the addition of Schreiber to the staff will "enable our office to improve existing services and broaden those conducted in the past." And he added, "this is evidence of Seminole County's growth and the increasing needs of social improvement that go along with it."

The new assistant, a native of Griffith, Ind., holds a bachelor of arts degree from Tampa University. He and his wife and three children have purchased a home at 1200 South Oak Avenue.

Charges Slugging

MUNCIE, Ind. (UPI) — Jerry Johnson, 33, was scheduled to go to trial Dec. 27 on charges he slugged his son's eighth grade teacher.

Heart Massage Course Slated

All volunteer fire departments of Seminole County, police, sheriff's deputies, Florida Highway Patrol and auxiliaries, Red Cross water safety instructors, nurses and power linemen have been invited to attend a special study course on external heart massage at the Seminole County Health Department Wednesday at 2 and 8 p.m. Mrs. Dottie Austin, assistant field director of the district office of the Florida Heart Association, announced today.

"With this method of chest massage, no surgery or equipment is required," said Mrs. Austin. "All that is needed are the two hands, exerting pressure on the breastbone in such a way as to imitate the beat of the heart. Often it is possible, in cases of drowning, electrical shocks, certain traumatic accidents and other forms of shock to start a

stopped heart beating again. "However, there are certain dangers inherent in this type of resuscitation," Mrs. Austin added. "If the heart has been stopped more than four minutes, massive brain damage will occur through lack of oxygen and resuscitation after this time would be unwise. This is why only certain groups of rescue personnel are invited to take part in this training session."

The course is being sponsored by the Visiting Nurses Association of Seminole County, in conjunction with the Heart Association.

Dr. William Rape will be the physician in charge of training in the afternoon session, with Dr. Luis Perez instructing in the evening.

The famous life-like doll, "Resucici - Annie," equipped

with a special cardiac attachment, which registers the proper amount of pressure to be applied to the chest, will be used in the course to allow participants to practice the external heart massage. In addition, an explanatory film, "Life in Your Hands," will be shown to the two groups.

'64 Jet-smooth Luxury CHEVROLET

Here are looks, luxury and comfort you'd expect to set you back plenty — if they came from anybody but Chevrolet. Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics (sink your hand into the new vinyl upholstery of the new Impala Super Sport Series, for instance, and ask yourself if you've ever felt softer seat covering). Here are the niceties of Body by Fisher craftsmanship like you'll find on expensive cars. And stylish touches like the vinyl-clad roof* you can order on the Sport Coupes. Door-to-door carpeting and foam-cushioned front and rear seats are standard now in all models, including the modestly priced Biscaynes. And there's a wealth of power to pick from. Engines from a peppery 140-hp 6 to a 425-hp V8*. Transmissions that are refined for smoother, more silent operation. Sixteen power trains in all. Then, with all of that going for you, you've got the '64 Jet-smooth ride at work to cushion you from road noise and vibration like few other cars can at any price. Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. *Optional at extra cost

AROUND THE CLOCK

America is truly a wonderful, democratic country. And it is a pleasure for R. E. Porter to pass this along to The Herald readers. With the hope it will make you as happy and as proud as it did him. Tom McDonald and Earl Higginbotham, who fought each other tooth-and-nail to win Tuesday's city election, were observed this morning having coffee together at the corner drugstore. Isn't that SOMETHING? That these two men are so big they immediately forgot their differences when the count was completed and sat down together over coffee. Just makes you feel good to be an American.

Cheerleaders Prepare For Homecoming

Homecoming is always a time of nostalgia and emotion. When spirits are high and voices are full of good cheer.

Emulating the spirit of Seminole High School more than any other single factor are the Varsity cheerleaders, eight pretty, peppy girls, who will draw every eye at the big homecoming football game as they lead the cheering section.

Head cheerleader this year is blond Carol Samuel, with equally blond Carol Jo Oxford as assistant.

Other members of the A squad include Ceni Wheatland, Bonnie Caolo, Susan Piercy, Linda Spencer, Barbara Bolger and Carol Torres.

A huge bonfire and pep rally is planned for Thursday night at the high school to kick off the homecoming festivities, at which time the cheerleaders will wear their traditional Indian costumes with feathers in their hair.

Friday at 4 p. m., the big Homecoming parade will get under way in downtown Sanford and a pep rally will be held on the corner of First Street and Magnolia Avenue.

Game time is 8 p. m. at Municipal Stadium, when the Seminoles meet the Wildwood 11 on the gridiron. Tickets now are on sale.

Following the game, the Student Council is sponsoring a dance in the Student Lounge. Dress is informal.

The parade will form at 3:45 p. m. Friday at Municipal Stadium and move out at 4 p. m. down Mellonville Avenue to First Street, to Oak Avenue. To Second Street, to Mellonville and disburse at the stadium.

The band will stop off on Magnolia Avenue, between First and Second Streets, for a pep rally.

Prizes will be awarded for the best floats and they will remain on display at the stadium during the homecoming football game.

Sanford Boy Has Liver Operation

CINCINNATI, Ohio (UPI) — A Sanford (Fla.) youngster, given only a 50-50 chance to live, today underwent a rare and delicate operation for cancer of the liver.

The operation was only the fifth of its kind to be performed at Children's Hospital here, which specializes in surgery on youngsters. It was so unusual that the hospital donated its services to the boy's parents.

Kenneth Harriett, 12, was to have 80 per cent of his malignant liver removed by Dr. Lester W. Martin, director of surgery at the hospital, who said the operation would take several hours.

"Kenneth has only about a 50-50 chance of surviving, but we hope we can be successful," said Dr. Martin. "We'll be removing the maximum amount we can and still expect him to survive."

Kenneth arrived here Saturday with his parents, Fire Lt. and Mrs. George Harriett, and his oldest brother, George Jr. Another brother, Steven, 10, remained at home.

"We'll be hopeful to the end. We've got to believe it will be successful," said Mrs. Harriett. "We've got a great God and we're putting our faith in Him."

Statements By McDonald, Higginbotham

Former Mayor Earl Higginbotham was returned to the City Commission Tuesday when he unseated Mayor Thomas S. McDonald in the municipal election, Commissioner A. L. Wilson was returned to office, without opposition.

Unofficial count gave Higginbotham 1,099 votes as compared to McDonald's 777 in the city's seven precincts. Wilson polled 1,138.

Official tabulation, including 28 absentee ballots, was being conducted by the City Commission early this afternoon.

Unofficial count by precincts for Higginbotham, McDonald and Wilson, respectively, was: Precinct One, 130, 109 and 121; Precinct Three, 176, 123 and 205; Precinct Fifteen, 337, 246 and 333; Precinct Nineteen, 106, 88 and 129; Precinct Twenty, 1, 1 and 0; Precinct Twenty-One, 57, 35 and 57; and Precinct Twenty-Two, 292, 174 and 293.

It was explained the low tally in Precinct 20 was brought about since most of the precinct lays outside the city limits.

Higginbotham this morning released this statement: "I have a feeling of great responsibility to the citizens of Sanford for the splendid vote given me in Tuesday's election. I wish to assure each and every one that I will continue as in the past to carry out the wishes of the people. I will at all times keep you advised as to how I vote by permitting the newspapers to carry the full story. Humbly, I say to all the people of Sanford, thank you."

McDonald released this statement: "I wish to thank the many volunteer workers who worked in my behalf. I believe that it is a clear indication by the voters of Sanford that they prefer the philosophy of government of my opponent to mine. It has been a wonderful experience for me to have served you on the Commission these past three years and I will continue to serve in any capacity that I may have the opportunity to do."

Family Gets Warm Welcome In Cincinnati

By Frank McArdle

A small town Southern family flying North for the first time to a big, strange city. The Manning Harriett family were on a mercy mission, one filled with tension and anxiety. They had to rush Kenneth, 12, to a large children's hospital in Cincinnati for a rare and delicate emergency operation on his liver, not knowing what awaited them ahead.

But when their plane put down at the Cincinnati airport, little did they know they were in for a big surprise — perhaps the most generous sample of hospitality, northern-style, ever accorded anyone.

The Harriett family was met at the airport by two friendly but entirely unfamiliar faces. Mr. and Mrs. Botts Crawley, of Cincinnati, were waiting to greet the little group from Sanford. The Crawleys introduced themselves, then quickly handled the Harrietts into their automobiles and drove them directly to their home. They wouldn't hear of their new friends staying anywhere except at the Crawley home.

But the "milk of human kindness" extended by the Crawleys flowed much deeper than this. They insisted on the Harrietts taking all their meals with them while in Cincinnati and even provided the family with an automobile for trips back and forth to Children's Hospital where Kenneth is receiving surgery today.

How did the Crawleys know when the Harrietts were arriving in Cincinnati? Well, Botts Crawley, sales executive with a large sporting goods and sports clothes firm, is a close personal friend of Sanford Chamber of Commerce manager John Krider.

Crawley, as supplier of baseballs and equipment for the erstwhile Sanford professional team, and Krider, then president of the Florida State League, had business dealings together. And they have known each other since the days when both were playing professional baseball.

Kelly Named

TALLAHASSEE (UPI) — Lakeland Sen. Scott Kelly, an unannounced gubernatorial candidate, has been named chairman of the Legislative Council's judiciary and law reform committee.

Truck Hurts 6

BRATT (UPI) — A gravel truck and automobile crashed at a crossroads here today injuring six high school girls on their way to classes.

VOL. 56 United Press Leased Wire Established 1908 WED., NOVEMBER 6, 1963 SANFORD, FLORIDA NO. 55

Higginbotham, Wilson Winners

School Trustees All Re-Elected

An apathetic voting public, elected a new City Commissioner Tuesday, returned three School Trustees to office, and approved two school levies, a county issue and three amendments to the state constitution.

The county-wide vote was about 20 per cent of the registered 16,608 electors and the city vote about 33 per cent. Less than one-quarter of the state's 2.1 million registered voters cast ballots.

County canvassing board commenced its official tabulation of the 23 precincts this morning while the City Commission commenced its official count at noon.

The unofficial count gave former Mayor Earl Higginbotham 1,099 votes as against 777 for Mayor Thomas S. McDonald in the City Commission. Higginbotham will be seated in a special Commission session Jan. 7. Only 1,876 of the city's 5,167 registered voters cast ballots in the city's seven precincts.

A. L. Wilson, unopposed in Group II, was returned to the City Commission with a complimentary vote of 1,138.

Ray Slaton, Donald Hale and Fred Hiltline were returned to School Trustee positions for two years in the county-wide voting. Total votes cast in the 23 precincts were Slaton, 2,609; Hale, 2,762; Hiltline, 2,228, and newcomer John Keins, 1,125.

School district millage of 2.75 mills was approved with a vote of 1,480. This was automatic since the issue already had been approved under state law. The one-mill school bus levy also was approved with a vote of 2,319 for and 960 against.

County Commission was given the go-ahead signal to proceed with its plans seeking to have the State Board of Control locate a new four-year university in Seminole County. With a vote of 2,410 for and 718 against, the electors approved permissive legislation which will permit the Commission to call a special freeholders election to raise funds for the purchase of a site should the State select one of five offered in Seminole County. The State will announce its decision on a site Dec. 8.

Seminole County joined the rest of the state in approving three constitutional amendments. Changing the election year for governor and cabinet to an off-presidential election year, approving a \$75 million bond issue for institutions of higher learning, and permitting the State Recreation Commission to issue revenue bonds for the purchase of lands for recreational use and water conservation.

The vote was: Amendment 1, 3,083 for and 1,167 against; amendment 2, 3,458 for and 839 against; and amendment 3, 3,317 for and 998 against.

Bryant Hails Approval Of Amendments

MIAMI (UPI) — Gov. Farris Bryant's hard-fought legislative battle ended with victory for college construction bonds Tuesday night and voters paved the way for a possible six-year hitch for Florida's next governor.

The last constitutional amendment, which switches the elections of governor and Cabinet members to years when presidential elections are not held, had Democratic proponents walking a tight-rope until the last returns were counted.

The two spending amendments, giving the Cabinet power to issue \$75 million in bonds for university and junior college construction and an unspecified amount for recreation lands, passed easily.

In the mechanics of the election shift, the governor elected in 1964 will serve a two-year term and then be eligible to succeed himself in 1966 election for a four-year term.

Beginning in 1970, governors will again serve four-year terms and be eligible to hold office for more than one term in succession.

Less than one-quarter of the state's 2.1 million registered voters cast ballots.

With 2,157 of the state's 3,214 precincts reporting, the election switch led 249,091 to 222,090. The college bond issue had a 308,089 — 164,569 lead, and the other bond issue was ahead 259,044 to 205,876.

Bryant hailed passage of the college bond plan as a "guarantee that Florida will continue to be the finest state in which to live." He said it assured the state's position as a pace-setter in space-age education.

North Orlando May Terminate Franchise

Last action by the Village Council to terminate the existing water and sewer franchise with the North Orlando Company was discussed at Tuesday night's meeting of the Council.

The action came after a letter from Silver Creek Precinct Company was read stating that as of June 30, 1963, the village owed the North Orlando Company a total of \$8,433.76 as compared to the company indebtedness of \$4,813.81 due the village.

Costs of drawing the original charter, past bills from Florida Power Corporation for street lights and fees for use of fire hydrants were included in the village total.

Before legal steps are taken, efforts will be made to arrange a meeting with B. G. King, major stockholder of the North Orlando Company, to discuss the finances and the possibility of drawing an entirely new franchise agreement.

If the meeting is not arranged by Tuesday of next week, the matter will be turned over to the village attorney.

As a counter measure council also will begin negotiations to adopt lower water rates and to abandon any use of the fire hydrants unless insurance rates will be affected.

Traffic violation infra, set up on recommendation of the volunteer police department, included \$15 for improper muffler; \$25 for disturbing the peace; \$25 for public intoxication; \$15 for driving a truck on through streets; \$50 for passing a school bus and \$50 for driving while under suspended license.

It also was pointed out that any hunting in the village is in violation of the law.

Final approval was given ordinances granting 30-year franchises to Florida Power Corporation and Suburban Rulane Gas Company of North Carolina after the second and final readings were heard.

First reading was heard on an ordinance declaring open drainage ditches to be unlawful. The ordinance provides that no open drainage ditches will be allowed within 500 feet of any home in the village; developers and builders must submit drainage plans for approval of council; existing

Couple Held In Child's Death

A young Navy couple was being held at County Jail this morning on suspicion of manslaughter after their small son died apparently as the result of a severe beating.

Pronounced dead at the Sanford Naval Air Base dispensary at 12:20 a. m. today was a four-year-old Negro boy, Christopher Kinnen Young.

Investigating deputies and doctors at the Navy base said the child's body was marked with lacerations and bruises, including fresh open wounds as well as old cuts.

Formal charges against the boy's stepfather, AMS 3/c Alton Roosevelt Williams, 22 and Valeria Jean Williams, 21, were pending until an autopsy report is received. Sanford NAS doctors said the exact cause of death has not yet been determined.

Deputy Sheriff Lee Rice, who investigated the death, said the boy's parents took him to the hospital where he was pronounced dead.

The child's father, a native of Ann Arbor, Mich., is on duty as a metalmith at the Navy base. He has been in the Navy approximately two years, according to the Base Public Information Office.

The Williams family reside at 1832 Lincoln Ave. in Sanford.

Auburn Gets Mixed Orders

A federal court struck another blow against Alabama school segregation Tuesday by ordering state-supported Auburn University to admit its first Negro student.

District Court Judge Frank M. Johnson Jr. ordered the all-white institution to accept Harold A. Franklin at the beginning of the winter term and to accept students in the future without regard to race.
