## BUSINESS MAN IS FINED FOR DEFYING CODE

**Official Of Rhode Island Firm Ordered To Pay \$1500 When He Admits Guilt**

PROVIDENCE, R. I., Apr. 28.—(AP)—Alexander Shaw, president of the Greenville Finishing Company, Inc., yesterday was fined \$1500 in United States district court after pleading guilty to a criminal information charging the plant had been operated in violation of the textile code of the National Industrial Recovery Act.

While 12 counts were set forth in the information filed by United States Attorney McGrath, after investigation by a representative of the litigation division of the Washington bureau of the NRA, Judge Letts refused to accept the interpretation of the law by the government representatives and assessed the fine on only three counts.

Shaw appeared before the court without counsel and pleaded guilty to the government charges.

The Greenville Finishing Company operates four cloth-printing machines at its plant in Smithfield. Under the textile code of the NRA the company is allowed to operate these machines 200 hours a month. During last December, the government charged the plant was operated for 282 hours.

## Jury Indicts Four For Aiding Nation's Most Daring Thug

ST. PAUL, Apr. 28.—(AP)—Indictments charging conspiracy to harbor the gangster John Dillinger were returned by a Federal Grand Jury here today against four persons now held by the Department of Justice.

The indictments are against Evelyn Frechette, girl friend of the Indiana outlaw; Ruth Green alias Bebe Moore, reputed wife of a slain Dillinger henchman; Dr. Clayton May, Minneapolis, and his nurse, Mrs. Augusta Salt.

Several secret indictments said to include persons connected with the Dillinger chase but still at large also were returned by the grand jury. It was reported.

The Frechette and Green women were allegedly with the outlaw band during two raids of the law when the gang escaped the net of the law.

COLUMBUS, Ohio, Apr. 28.—(AP)—Governor George White has received "inside information" that members of the John Dillinger gang have established headquarters here with a view to perfecting plans to kidnap the executive and his daughter, Mary.

CHICAGO, Apr. 28.—(AP)—The law's bullets are putting creases one by one in the John Dillinger gang, but the outlaws haven't lost enough blood to halt their sun-raising career over the Central West.

George (Baby Face) Nelson, diminutive, gunner in Chicago suburb, is the latest outlaw to charge to the now widely scattered gang.

All Johnson, special deputy reported at Superior, Wis., that he believed he had wounded Nelson in an exchange of shots with him near Beloit Springs last night. The deputy was wounded slightly.

Dillinger and his chief lieutenant, John Hamilton, were treated for shoulder wounds a few weeks ago but they apparently have improved completely.

**BUREAU DIRECTOR OUSTED**

JACKSONVILLE, Apr. 28.—(AP)—Henry Redkey director of transient service for the Florida Emergency Relief Administration yesterday dismissed William G. Davis, Jr., who had been in charge of the Jacksonville transient bureau. Redkey indicated he would direct the bureau himself for awhile.

## Fortune In Whiskey Goes Up In Flames

LEXINGTON, Ky., Apr. 28.—(AP)—Old whiskey valued at more than \$5,000,000 went up in smoke early today when a spectacular fire destroyed four warehouses at the Old Pepper distillery. Stanley Travis, 24, watchman who was trapped between two blazing buildings, was critically burned. The destruction of 16,000 barrels of whiskey valued at \$300 a barrel, accounted for \$4,500,000 of the loss. In addition, 11,000 cases of bottled whiskey, valued wholesale at \$650,000 were burned. Counting loss to buildings the total may reach \$5,500,000. The cause of the fire is undetermined. All of the whiskey destroyed was more than four years old, some of it dating back to pre-war time. The loss is believed covered by insurance.

## CITRUS CONTROL BOARD UNABLE TO SUPPLY DEMAND

### Uncle Sam No Longer Able To Buy Fruit For Relief Purposes

ORLANDO, Apr. 28.—Orders calling for 448 car loads of third grade citrus fruit were sent back yesterday to the Federal Surplus Relief Corp., at Washington, because the Florida control Committee is unable to secure any more third grade fruit for federal relief agencies.

An attorney for the mill said the company Thursday received a telegram from Johnson saying he personally would investigate the case yesterday.

The business and professional men told the President and Johnson that the mill "is our principal payroll and we are largely dependent upon its successful operation," Johnson said those singing the message represent the majority of merchants, business and professional men in the town, and Harriman has a population of 4,000.

To date, approximately 216 car loads of this third grade fruit have been shipped from Florida to many states of union, according to the orders of this Federal Surplus Relief Corp., which handled the deal. This was just about one-third of the orders placed for such fruit by the government agency.

The 216 cars moved brought around \$60,000, Secretary O. G. Strauss of the Florida Control Committee announced.

Checks will be mailed this week to shippers in payment for some of the last fruit shipped. On Thursday the committee received a check from Washington for \$16,000. A balance of approximately \$10,000 is still owing the committee and when this payment has been received here the "rally citrus" deal will have been completed for this season. Final checks will be (Continued From Page Two)

### PAY O'DUFFY PRISION

DUBLIN, Apr. 28.—(AP)—The Free State government has decided to pay General Eoin O'Duffy the pension of \$2700 a year to which he is entitled as former commissioner of police. Withholding of the pension had been severely criticized in the daily.

At the warden's office it was said Norwell, convicted as one of the leaders in the Alton kidnapping removed the lid from a gun-hole in the prison yard to escape. He was on yard duty.

Warden Reagan immediately sent 200 guards and special officers in search for the kidnaper.

## TENNESSEANS REMOVE THEIR BLUE EAGLES

### 56 Business Men Rise In Protest Against Labor Body's Action Toward Mill Owner

HARRIMAN, Tenn., Apr. 28.—(AP)—Protesting the "enforced removal" of the blue eagle from the Harriman Hosiery Mills, 30 business men and professional men of Harriman have taken down their blue eagles.

Their action was announced in a telegram sent to President Roosevelt and NRA Administrator Hugh H. Johnson. The telegram was made public by S. K. Johnson, an automobile dealer. It declared that "if the mill is not permitted to operate under the NRA emblem, advise us where to send ours."

The hosiery mill turned in its blue eagle on the demand of the NRA. Administrator Johnson, saying the NRA compliance board concurred in the national labor union's view that the company had entered negotiations in bad faith with the intention not to make any agreement with the representatives of its employees.

An attorney for the mill said the company Thursday received a telegram from Johnson saying he personally would investigate the case yesterday.

The business and professional men told the President and Johnson that the mill "is our principal payroll and we are largely dependent upon its successful operation," Johnson said those singing the message represent the majority of merchants, business and professional men in the town, and Harriman has a population of 4,000.

Dr. Wellman Ends 4th Season In Area

Dr. F. L. Wellman, Associate Pathologist associated with the United States Department of Agriculture, will leave tomorrow for Washington where he is to be stationed for the next several months for special work connected with the Bureau of Plant Industry.

Wellman has just completed his fourth season in charge of experiments dealing with the diseases of truck crops, and especially celery. He plans to return here next autumn to begin his fifth season of experimental and corrective work.

Lifer Swims Sewer To Escape From Prison

CHESTER, Ill., Apr. 28.—(AP)—Randall Norwell, serving a life sentence for his part in the kidnaping of August Laer, Alton banker, escaped from state's prison yesterday by crawling through a sewer and swimming to his freedom in the Mississippi river.

Warden Reagan immediately sent 200 guards and special officers in search for the kidnaper.

At the warden's office it was said Norwell, convicted as one of the leaders in the Alton kidnapping removed the lid from a gun-hole in the prison yard to escape. He was on yard duty.

## Daylight Savings Time Begins Sunday

(By The Associated Press)

Time takes a hop, skip and jump an hour ahead tomorrow for about 30,000,000 Americans as Daylight Savings Time goes into effect. The hands of the clock will be turned forward officially tomorrow in Massachusetts, Rhode Island, and some communities in New York, New Jersey, Pennsylvania, Illinois, Indiana, Delaware, and Vermont. Although not official, Daylight Savings Time also will be observed in Connecticut, Maine, and New Hampshire.

## MENCKEN GIVES ADVICE TO U.S. BRAIN TRUSTERS

### Critic Warns Group To Return To Teaching Ere It Is Too Late

BALTIMORE, Apr. 28.—(AP)—H. L. Mencken, author and critic, last night called on "the brethren in the brain trust" to "begone in peace before the country rises again."

He concluded with these words: "Go back to your old job while the young is good."

The lack to teaching communists to be ashamed of their fathers. If you go on much longer trying to save some cents every day on poor Uncle Sam, and sending in a bill for \$100,000,000 with every man you meet wake up some morning and find the country howling for your hide."

## Gainesville Man To Speak Before City's Civic Clubs In May

Wm. A. Lane of Gainesville, recognized as one of the outstanding authorities in Florida on Florida wild life and fish, will be the guest of the Florida Zoological Society in Sanford on May 7, 8, and 9.

White here, Mr. Lane, an 18-year-old youth, will address the Atlantic Coast Line Progressive Club, the Sanford Rotary Club, and the Sanford Kiwanis Club.

He will speak of the importance of the new aquarium which is to be built near the Municipal Zoo within a few weeks, and he will argue his local audiences with late data on wild life and fish that are peculiar to Florida.

New plans for the enlargement and improvement of the Zoo will be on display at the Chamber of Commerce office next Monday.

Mayor W. A. Leffler, chairman of the membership committee of the Florida Zoological Society, today urged every person interested in the proposed development to call at the trade office and inspect the place.

It was announced that a campaign will be staged in the city on May 7, 8, during which local clubs will be invited to be the hosts of the Society.

Local members have already volunteered to make way for the speakers.

Carrying a cargo of canned goods and miscellaneous articles, the freighter "Colonel" will arrive here late tomorrow afternoon from Jacksonville to complete its first scheduled trip as the latest addition to the growing fleet of boats operating on and out of Sanford almost daily.

The steamer once owned by Colonel Green son of the late Hetty Green, who was once known as the richest woman in the world, is now the property of the Seminole Steamship Co.

The boat is the second largest of those operating on the St. Johns River, it being 136 feet long, with a 40-foot beam.

It is powered by 150 horse power Dodge engines and it is to be in the hands of Captain E. O. Causse as master.

This large craft has recently been overhauled and remodeled into a freight boat, and it has a net tonnage of 300 tons.

It was announced at the Myrtle Avenue dock of the Suwannee Steamship Co. this afternoon that the "Colonel" will be here all day Monday, and that the public is invited to inspect it any time during the day.

Mr. Dunn stated that he is qualified to handle large planes over the Andes, and he has been operating in Florida for the past several seasons.

## BANK DEPOSITS ON INCREASE ALL OVER U. S.

### Re-Employed Again Find It Possible To Lay Aside Small Sums For Rainy Day

WASHINGTON, Apr. 28.—(AP)—Efforts to increase the use of silver as a monetary base and for the quick passage of the reciprocal tariff bill went ahead today on Capitol Hill with the Senate seeking a vote on the Administration's air mail legislation.

President Roosevelt signed a bill into law guaranteeing the principal as well as the interest of Home Loan Bonds and announced that he would sign the Jones-Costigan sugar control measure next week.

Americans have begun in earnest to replenish depleted bank balances drained by four years of depression, wholesale bank closings and hoarding.

Each week finds more money deposited than is withdrawn as retired workers find it possible again to lay aside a few dollars in savings. Hoarders are reducing and huge government deposits are finding their way back to the banks.

Unofficial estimates yesterday placed the rise in the country's unrestricted bank deposit at more than \$4,000,000,000, making total deposits close to the aggregate of some \$44,000,000,000 prior to the banking holiday a year ago last March. Present restricted bank deposits now total more than \$13,000,000,000.

The increase in unrestricted deposits, first substantial gain since the start of the depression, is attributed to reopening of previously closed banks, the government spending program and the confidence that has induced bondholders, business men and the general public to resume normal banking relations.

Another reason for the rise in deposits is believed the opening

## BENEFIT RACES AT DELAND WILL BE RUN SUNDAY

**Four Drivers Probably  
Will Steal Show;  
Champions Entered**

DELAND, Apr. 28.—Indications are that speed fireworks will be provided by Lew Wallace, Gordy Bracken, Sam Purvis or Crash Waller at the Sunday Century of Progress Exhibit benefit races here on Fairgrounds speed-

way.

While it looks like an even Steven bet between either "Wild Sam" of Jacksonville, "Three-Finger" Gordy of Birmingham and "One-Eye" Waller, ex-fireman from Albany, Ga., in the special match race, Purvis prevails favorite to top the state championship, which he won here last year and may do his stuff in the Southern championship event, in which Wallace is now the ranking railbird selection.

Word that Mike Cone, Daytona Beach, has tuned up his Ford V-8, a special speed given him the advance call to win the Southern stock car championship, although Bracken is expected to do some fast driving with a similar mount in the event, in which much country interest is being evoked.

With the exception of Wallace this is the first time Southern drivers have been given the edge over Northern or Western invaders, although eight separate states are represented in the entry list.

Saturday the track is to get its final grooming. The sprinkler will be worked four hours then and will be put on the job early Sunday morning.

### OVIEDO

The second year home economics class of the Oviedo High School is serving a series of formal meals. It served its first meal Friday evening to the members of the school board and their wives: Mr. and Mrs. T. L. Lingo Mr. and Mrs. R. F. King, and Mr. and Mrs. L. E. Jordan. Adorning the room where the dinner was served was a profusion of larkspur, sweet peas, roses, and snap dragons developing a pink and green color scheme. At this time the menu of the dinner served by the Home Economics class consisted of fried chicken, mashed potatoes, gravy, buttered beans, pickles, olives, biscuits, butter, perfection vegetable salad, strawberries, whipped cream, cake, coffee, mint. Members of the class are: Misses Charlotte Lawton, June Cromwell, Geraldine Story, Willie Mae Soles and Robert Warwick. (General).

The glamorous Katherine Hepburn, one of the most talked of characters in Hollywood, will be seen at the local theater on Thursday and Friday, May 5 and 6 in her new picture "Spitfire" with Robert Young and Ralph Bellamy. "Spitfire" is a picturization of the stage play "Trigger," the story of an untamed lass of the Blue Ridge Mountains whose impetuous and trusting nature causes her to become an outcast among her own people. In this highly emotional role Miss Hepburn gives a performance that has elicited superlative praise from all who have seen it. (Adult).

Also on Thursday and Friday there may be seen "Hi-Nellie" a good newspaper story all about a crack managing editor who is demoted to the lowdown column and while on that job uncovers the most sensational crime of the day. The pass-word is "Hi Nellie" and of course you want to know "why?" See the picture. Paul Muni as the big-time newspaper man takes first honors while Glenda Farrell and Ned Sparks are not to be ignored. (Good entertainment. (General)).

The program for Saturday May 5 features Richard Arlen in "Come On Marines." Arlen is a marine who has lost his rank because of the fair sex and who now becomes a woman-hater. He recovers his stripes and gains a wife when he captures a bandit in the jungles while transporting to safety a group of American debutantes who have been shipwrecked off the coast. Fast action and bright situations. (General).

Saturday's Western picture is "Texas Tornado" starring Helen Chandler.

### FILM FLICKERS

By GLADYS M. WILLIAMS  
Another week of double fea-  
tures at the Milane Theater.  
Opening Sunday and Monday,

Apr. 29th and 30th is Clark Gable and Myrna Loy in "Men in White," a picture that is more than "just another hospital film." The story portrays the struggle of an ambitious young doctor between a life of leisure with the woman of his choice and the opportunity to work with a famous scientist, Joan Her shot. The demanding business of surgery and love do not go well together so the inevitable breach occurs and Clark enters into a liaison with Elizabeth Allen, a nurse. The tragedy of this unfortunate affair presents a gripping drama while Gable does an exceedingly fine bit of acting in the scene with the little sick girl. This film is over the youngsters' heads.

For Tuesday and Wednesday, May 1st and 2nd the Milane presents Lillian Harvey and John Boles in "My Lips Betray." This is an audacious romantic comedy of a girl who rides in the king's car and is suspected of being his favorite—a false scandal that soon becomes true enough. It is an intrigue of love, with a Continental flavor, spicy set to music. Ed Brendel contributes the comedy. (General).

The added attraction is "Charlie Chan's Greatest Case," Warner Oland, as the completely appealing figure of the late Earl Derr Biggers' famed Chinese detective of Honolulu with his innumerable Chinese-American children and his battered and complaining "flivver," in delightful. A good mystery story and an able cast, including Heather Angel, John Warburton, Walter Byron, Virginia Cherrill, and Robert Warwick. (General).

### Man Who Burned Dog Fined \$1 And Costs

BIRMINGHAM, Ala., Apr. 28.—A man once sentenced to 180 days at hard labor and fined \$100 for making a "living torch" of a stray fox terrier puppy yesterday was fined \$1 by a jury that returned a sealed verdict Thursday night.

The man, Charles L. Martin, Jr., convicted in recorder's court, appealed to the circuit court where a jury trial was held. In addition to the fine of \$1, Martin was assessed court costs of \$40.00.

In submitting the case, Judge McElroy before whom the case was tried, recommended that if the man was convicted a sentence at hard labor be included, but the jury disregarded the suggestion.

## JAPAN EASES UP ON POLICY TOWARD CHINA

### Equal Rights Principle In 9 Power Treaty Reported As Fully Accepted By Nippon

LONDON, Apr. 30.—(AP)—Sir John Simon, Foreign Secretary, told the Commons today that Japan has fully accepted the policy for an "Open door" for all nations in China.

The Foreign Secretary's statement was made before a house packed with members and spectators, anxious to hear the government's attitude on the Japanese "Hands off China" doctrine, officially stated Feb. 17.

Sir Francis Lindley, British Ambassador in Tokyo, had pointed out to Koki Hirota, Japanese Foreign Minister that the principle of equal rights in China was very explicitly guaranteed by the nine power treaty signed at Washington in 1922 to which Japan was a signatory.

That Japan had modified the world's interpretation of her "Hands Off China" declaration so radically that the incident could be regarded as closed, was an opinion expressed last night.

Hirota, delivered last night to Sir Francis Lindley, British ambassador at Tokyo, the text of a memorandum which had been given earlier in the day to Joseph C. Grew, United States ambassador.

It was understood the declaration reaffirmed Japan's recognition of the rights of other powers in China, and thus was regarded as a distinct softening of the "hands off" statement made by a foreign office spokesman last week.

It was officially intimated here that Sir John Simon, foreign secretary, would make an announcement in the House of Commons on Monday, declaring that the assurances given by Hirota to Lindley were considered "most satisfactory."

It was assumed that the United States, which throughout the discussion had exchanged views with the British would be satisfied with the British view.

"There probably will be no further move after Sir John Simon's announcement in the House of Commons on Monday," it was said unofficially.

### Orlando Teachers Reprimanded For Political Activity

ORLANDO, Apr. 30.—Condemnation upon the reported action of teachers in giving political propaganda literature to school children and then when calling the roll to ask the children if their parents had as yet signed the agreement was voiced Friday by members of the county board.

A patron came before the board with the statement that in the school attended by his children the teachers were attempting to get their parents to sign certain papers reported to have been circulated by H. Warfield Dorsey, president of the local unit of the League for Better Schools.

In condemning the action on the part of teachers, George Barker, chairman of the board stated: "Political activities on the part of school teachers have no place in the school room. The teachers, principals and friends who are advocating any political movements have no right whatever to use coercion among the children of their parents."

Notice is being sent to all principals and teachers to refrain from any such further activity.

### Maryland Sheriff Nabs Object Of Posse

CHRISFIELD, Md., Apr. 30.—(UPI)—Sheriff Luther Daugherty today captured Harry Fleming, negro, for whom hundreds of men and boys had searched the woods since early last night.

Fleming, wanted for seriously wounding policeman Harry Daugherty with a pistol, was in the hands of a guard of state police who headed him to Baltimore before the sheriff let a searching party know that their man was

## Leadership In Recovery Of Business Now In Hands Of Durable Goods Industries

## STIMSON GIVES HITLER SAID TO APPROVAL TO BE AIDING NEW TARIFF BILL SILVER LEGION

NEW YORK, Apr. 30.—(AP)—Leadership in business recovery was shifted to the durable goods lines, particularly steel and automotive.

This indicates a possible reversal of the tendency earlier in the year, when textiles and other consumers' goods lines were at the forefront of the advance, and the heavier lines were inclined to lag.

Of the durable goods lines, construction is still failing to contribute its share, although the volume is substantially above that of a year ago, when building activity was all but paralyzed. The proposed administration drive to accomplish expenditure of some \$1,

### Nearly 2800 Men Make Up Personnel Of 25 Scattered Groups

TALLAHASSEE, Apr. 30.—(AP)—The bright picture of improving economic conditions in the Southeastern states in business statistics published for the sixth district yesterday by the Federal Reserve Bank of Atlanta.

March figures, the bank reported, "show substantial increases over February in most lines of trade and industrial activity and all of these series compare favorably with March of last year which included the period of the banking holiday."

Total sales by reporting department stores in the sixth district, the bank said in its monthly review, were up 2 per cent greater in March this year than in February and represented an increase of 18.6 per cent over those of March last year.

Fourteen of the camps are doing fire control work on private lands under supervision of the Florida forest service. Nine camps are located in national forests in Florida under the direction of the United States forest service, and two are engaged on state park projects under the direction of the national park service.

Twenty five camps are located in Florida, and they began their third enlistment period April 1. State Forester Harry Lee Baker said in a report yesterday.

Fourteen of the camps are doing fire control work on private lands under supervision of the Florida forest service. Nine camps are located in national forests in Florida under the direction of the United States forest service, and two are engaged on state park projects under the direction of the national park service.

Men enlisted in the camps are paid \$30 monthly, and they see \$20 to \$25 of this amount home to dependents. War department figures show this amounted to \$804,151 in the first 12 months, ending April 1.

A. D. Folweder, director of emergency conservation work, reported the men in the Florida forest service camps, in the first 12 months, built 170 miles of telephone lines, constructed 1550 miles of 16 and 20 foot plowed firebreaks, maintained an additional 1688 miles of eight foot firebreaks, built 397 miles of new truck trails, improved 181 miles of existing roads, built 305 bridges and two stock gaps and improved 60 existing bridges.

Thirty lookout towers for fire rangers have been built and 15 already in use were maintained.

Surveying crews have completed 2761 miles of boundary lines and have taken topography on 36,594 acres of private lands listed for fire protection.

As a part of the program provided to the men in the Florida forest service camps, in the first 12 months, residential contracts increased 50 per cent from February to March and other classes of contracts 72.3 per cent.

As to agriculture, the review and some staple crops were up to good stands in parts of Georgia, adding that weather conditions in most parts of the district were unfavorable in March for farm work and crop progress. Since April 1, however, the report said weather conditions have been more favorable and farming operations have progressed rapidly. The April estimate of the Florida citrus crop was 16.5 million boxes of oranges, 3.8 million boxes of grapefruit.
