

EVIDENCE OF FRAUD IN BALLOTS FOUND

ELECTION INSPECTORS CLAIM BALLOTS WERE DIFFERENT

Tallahassee, Fla., Sept. 19.—Six witnesses were examined yesterday morning in the matter of the case against the state canvassing board to show cause why it should not rescind the votes on governor.

The morning was given over to the question of whether the ballot boxes had been tampered with in Madison county. The witnesses from Suwannee, Lee and Hamilton counties have not yet been called but they are here with the boxes from their counties and are ready to take the stand whenever called upon.

The proceedings are very slow and the examination of witnesses may last for several days yet. There were no sensations during the morning session. The witness who is expected to testify that he saw the ballot boxes tampered with has not yet been called on.

Yesterday afternoon, M. N. Bryan, election manager at Hamburg, Precinct No. 6 of Madison county swore he called the ballots at the first count on the night of election day and that afterwards they were stuffed away promiscuously in the ballot box. Upon the box being opened for the recount he swore that the ballots had been laid out in regular order and neatly arranged in place of being stuffed into the box as he had left them. This is the best evidence that the ballots had been tampered with that has so far been introduced, it is claimed.

The supreme court is now going through the preliminary stages to allow counsel for the canvassing board to show that there had been a physical change in the ballots by the examination of witnesses without going into the boxes. If probability of this can be shown the boxes will be opened. If not the court will not allow the boxes to be opened.

Business Change in Oviedo  
Z. Spinks has sold his mercantile business in Oviedo to Chas. West who has been in charge of the same under the ownership of Mr. Spinks and who will conduct the business in the same successful manner. Mr. Spinks is leaving Oviedo to take up a vast timber tract in Levy county where he will operate his large cypress shingle factory. He has been a resident of Oviedo for the past two years and his shingle mill was one of the largest in this section but the cypress was exhausted, making it imperative that he move to another locality. His many friends hate to see him depart but wish him success in his new field. Mr. Spinks will also be missed in Sanford where he traded quite a bit and his shingle mill in Seminole county was a most valuable asset to the county.

BANDITS KILL POSSE  
Homestead Bank Robbers are Desperate  
Miami, Fla., Sept. 17.—Two posse men were killed and two injured in an encounter early today in the Everglades with four bandits sought for robbery of \$8,000 from the State Bank of Homestead (Fla.) last Friday. Reports reaching here said the bandits fired from ambush and then fled.

Members of the posse trailing the bank robbers near that section of the Everglades, 48 miles south of here, much of which is undrained, apparently were caught in a trap. Four shots were heard, followed quickly by another. Allen Anderson and W. C. Anderson, members of the posse fell dead, while Charles R. Williams received five buckshot wounds in his left side and arm, and William Anderson was shot through the thigh. Williams was said to be seriously injured.

Reorganizing his forces, Sheriff Dan Hardie, leaders of the pursuers immediately started after the bandits, aided by scores of men from the habitable sections of the country, where the attack took place. Later the bandits were said to have been seen coming north on the Florida East Coast Railway tracks en route from Everglade water station toward Florida City. The last report of them was at 7:15 a. m. It was thought they were without food, having led a trail through a tangled morass which made pursuit difficult. A boat loaded with provisions and thought to have belonged to the bandits was found and placed under guard.

The bank robbery Friday afternoon was effected by two heavily armed men who held up the vice president and cashier and escaped in an automobile which two accomplices had guarded.

Reports received here late tonight were to the effect that the bandits had been surrounded in a dense swamp nine miles south of Florida City. A large posse armed with sawed off shotguns and rifles gathered around the swamp.

Will Play in Tampa  
When Sanford bucks the locals tomorrow, the Celery City artists had best be primed for a hard tussle, for the locals will have ready the strongest outfit that has represented Tampa since the last few days of the league in 1908 when a galaxy of Sally and Southern League stars wearing Tampa and Bartow uniforms fought it out for the pennant.

Perhaps the most notable addition to the local ranks will be Perryman, the Birmingham Southern League pitcher, who lost a two-hit game to Knight & Wall at Starke last week, when his support went back on him. Perryman will arrive today to bolster up the pitching staff which will comprise Corcho, H. Brown, Young and Perryman.

Culbreath will leave for school, but Charley Sorondo is apparently as good as ever and at that stage Charley is good enough to take care of any attempted spurt by alleged Sanford base thieves.

At second base Cy Young probably will hold sway. Cy has been playing ball like a blue streak on the Knight & Wall trip and is ready for anything. Should Cy be called on to pitch, W. Brown would probably take the keystone, leaving Corcho to handle third. Bishop or Brack either might come to second.

Trowell can be depended upon for the short field and W. Brown will take care of the far corner, with A. Corcho available in a pinch. P. C9rcho and Wegman are both available for first base.

In the outfield the fans will find Charley Bishop, Dave Brack and one of the three idle pitchers, all of whom are noted sluggers. Cy Young batted .400 on the Knight & Wall trip.

Corcho are too well known to need further comment. Vergue will also be available.—Tampa Tribune.

Some Ball Teams  
Orlando and Sanford can be classed as two of the real towns of the state, when it comes to considering sportsmanship. A standing rivalry, which has been standing for years in baseball is now being thrashed out with Sally League players doing most of the thrashing. Some of the best players of the South Atlantic make up the two teams, and are gathering praise in the sticks. At least twenty-five men are now being used by the two teams from the Sally to settle the baseball dispute, and all are classed as regular stars. In Monday's game Orlando won from Sanford by the score of 4 to 2. Fillingim opposed Charlie Fulton, with the letter on the losing end. The following line-up of players will give an idea how far the two cities have gone to stage real baseball for the live sports: Orlando—Herndon, 3b; Harbison, 2b; Crowell, ss; Gooch, cf; Reynolds, r. f.; Dillinger, 1b; Schuyler, l. f.; Taylor, c; and Fillingim, p. Sanford—Roblason, l. f.; Chapman, c; Bell, ss; Moore, c. f.; Purcell, r. f.; Crow, 3b; Brinson, 1b; Engman, 2b; abd Fulton, p. Burmeister is slated to pitch for Orlando today, and Zellars will do the slab work for Sanford. This week's series, which will close on Friday, ends the bush season, and the players, with the heavy bank rolls from the bushes will wend their way homeward.—Jacksonville Metropolis.

Priscilla  
The Priscilla Club will resume its meetings on Thursday afternoon, the meeting to be held at the home of Mrs. Easterby on Myrtle avenue. During the summer the Priscillas have been collecting all kinds of new patterns in crochet that will make a delightful diversion in exchange.

NEW DREDGE BULKHEADING LAKE FRONT APPROVED

EXPECT TO FINISH WORK IN THE NEXT FORTY DAYS

The great work of bulkheading Lake Monroe begun many months ago and interrupted by the burning of the dredge boat and afterward by the failure of other dredge boats to do the work has begun in earnest again with fine prospects of finishing.

The dredge boat Standard of the Seaboard Dredging Co., of Jacksonville, with Captain Hanson in charge now has the contract and for the past week has been at work with day and night shifts and are working with every prospect of success.

The big boat and the crew are of the best and the dirt is flying through the pipes in a constant stream starting on the north end and working toward the south. Already there is a big difference noted in the appearance of the bulkhead and Messrs. Mahoney & Walker of the Seminole Co. have great hopes of having the contract finished in forty days.

This will be good news to the people of Sanford as the bulkhead has languished somewhat since the dredge Clovia was burned and the work of dredging and filling seemed fated to lag forever. Now that a real dredge is at work again this great project should be finished in record time and our winter visitors will have an opportunity of seeing the lake front in the process of great improvements this winter.

FOOTBALL COMES NEXT

Boys are Wanted for Practice Tomorrow at Holden Park

Exit base ball, enter football, and the Sanford boys expect to have a winner this season in this rough and tumble game. Coach Hutchison wishes to announce that all those who are contemplating entering the high school football team this season should show up for practice tomorrow afternoon at 4:30 at Holden Park.

He wishes to get a line on the men to their positions. As there is but little time to prepare for the first game the boys should all be there tomorrow afternoon and those residing out of the city who contemplate entering the High School should write to Mr. Hutchison at an early date if they wish to join the team.

Sanford High School had a good football team last season and expect to have a better one this year and the early practice will count in the first game.

Will Make Silk in Miami

Miami, Sept. 14.—Preparations are being made preliminary to the development of a large tract of land on the Hillsborough canal, upon which will be established by the Moore & Adams Co. a half million dollar investment in the 11,000 acre vegetable silk plant, which is expected to be one of the largest independent silk industries in the Mount and which expects to be extended within the next three years to not less than 500,000 acres.

Paper Mill for Jay

Jacksonville is being seriously considered as the location for what may prove the greatest paper mill in the country, according to one identified in the movement, but who does not care to have his name known until after a conference which is to be held in Jacksonville in this connection before the first of the coming month.

THE ST. JOHNS DRAINAGE IS APPROVED

WAR DEPARTMENT FINALLY AGREES TO THIS GREAT PROJECT

The drainage of the Upper St. Johns lands is now an assured fact according to the following from the Times-Union of Sunday:

The first stage in the upper St. Johns drainage case was completed yesterday when the war department approved plans submitted by the engineers and authorized issuance of a permit for procedure with the work. This project involves the expenditure of approximately \$3,000,000 and will mean the creation of about \$26,500,000 in new wealth for the state.

Notification of the war department's action was received here during the afternoon in private telegraphic advices. According to these, the approval took place following a conference at the office of Brigadier General Black, chief of engineers, which was attended by P. A. Vans Agnew, attorney for the district; United States Senator Fletcher, Isham Randolph, the district engineer, and Major W. B. Ladus.

East Coast of Florida  
The upper St. Johns drainage district lies on the east coast of Florida, between Cocos and Fellsmere taking in the upper St. Johns valley and consists of about 265,000 acres of rich muck marsh lands unavailable for agriculture. The tract is about forty miles in length and approximately fourteen miles in width, the property lying in the counties of Brevard, St. Lucie, Orange and Osceola.

Approval of the plans yesterday ends a long controversy which has been existing between the war department and the property owners for about fifteen years, since the time when George Hopkins of Melbourne first conceived the idea of draining the lands. The approved plans were submitted to the department about six months ago, following their completion by Isham Randolph and Company, who have been employed by the promoters to draw them.

Canalizing Was Stopped

The work of canalizing the property kings was stopped by an injunction issued at the instigation of the war department. This was followed by the organization of the upper St. Johns drainage district, under the state drainage law passed in 1911. Officers elected at that time and serving at present consist of Col. Frank Bills, Melbourne, chairman; J. N. Whitner of Sanford, and Ames E. Barlow of Cocos. These upon their election employed P. A. Vans Agnew of this city, as attorney and Isham Randolph and Company as engineers.

The plan of drainage drawn by Mr. Randolph and approved by the department provides for drainage of the flood district into the salt waters of the Indian river, instead of carrying it about 200 miles down the St. Johns river as under present natural conditions. The plan provides for three main canals from the St. Johns river over the property to the Indian river, each to be approximately 14 miles in length, 125 to 130 feet wide and 14 to 35 feet deep. Numerous smaller feeder canals from all parts of the district into these main arteries of drainage will make in all about 250 miles of canalways.

According to information obtained from the local office of the Isham Randolph and Company, it will take about two years to complete the development, which is by far the largest of its kind ever proposed in the south.

It is understood that the next step to be taken by members of the drainage body will be the appointment of a board of commissioners to determine the proportionate benefits of the different tracts of land as a basis for future taxation. This will be followed by a bond issue to provide bonds for carrying the plan into effect. With this method in view, it will be probably six to eight months before actual work will be commenced.

250,000 Acres of Land  
While the district consists at present of about 265,000 acres of land

the value of which is very small from an agricultural point of view, completion of the drainage system will increase this acreage to about 350,000 acres; valuing at least \$100 and acre. Thus it can be seen that the state of Florida will gain materially in wealth from the completion of the canal system, eliminating the possibilities of future wealth from the cultivation of the soil later.

The Randolph plan of drainage, unlike other plans submitted to the war department for this work has received the endorsement of chamber of commerce in many of the Florida cities, including the local organization and the East Coast Chamber of Commerce.

GREEN CITRUS FRUITS

Inspectors Appointed Who Will Do Their Full Duty

Tallahassee, Sept. 16.—Following the appointment of the citrus inspectors by Gov. Trammell for the 1916 season, assignment has been made by R. E. Rose, state chemist, with the approval of W. A. McKee, commissioner of agriculture to their respective territories. The inspectors are:

- J. W. Knight, Inverness, assigned to Pasco, Hernando, Citrus, Sumter, Alachua and Marion counties.
- W. E. Griffin, Plant City, assigned to Hillsborough, Manatee, Pinellas, DeSoto and Lee counties.
- H. D. Berry, Winter Garden, assigned to Lake, Orange, northern Osceola, Seminole, Polk, St. Johns, Putnam and Volusia counties.
- H. H. Elliott, Miami, assigned to Dade, Broward, Palm Beach, St. Lucie, Brevard and southern Osceola counties.

Instructions have been sent out by Mr. Rose to all citrus fruit inspectors to pass for shipment only such fruits as are found in packing houses, prepared or being prepared for shipment.

The sample shall consist of the mixed juice of twelve average fruit, which sample shall include the smallest sizes and most immature, as well as the largest and most mature fruit. The sample must be fairly representative of the entire lot. In case the test shows the fruit to be above the U. S. standard the inspector shall inform the shipper of the fact that the sample is mature and pass the lot for shipment. If it fails to pass the standard, the fruit shall be attached and placed in the custody of the sheriff—as directed by law.

Inspectors shall be no means "pass" or certify to the maturity of a crop of fruit on the trees in the grove, nor give any official opinion as to the proportion of mature fruit in the grove, nor as to the probable date of maturity of any portion of the fruit—car lot or number of boxes.

Inspectors shall not make unnecessary tests of evidently immature fruit, thus wasting their time and chemicals for simple curiosity. The personal knowledge of the inspector, and his experience with citrus fruit, he may use for the information of the grower. No official opinion as to the probable date of maturity, nor the number of cars or boxes in the grove, that may be mature at a fixed date shall be given.

Inspectors will also advise all growers that the inspection season does not end on November 5, but will continue until discontinued by order of the national authorities, after the full maturity of the crop.

Short on Freight Cars

Birmingham, Ala., Sept. 14.—Shortage of freight cars in southern cities for shipment of ores, fruits and cotton is beginning to assume serious proportions according to reports from many large market centers. In the Birmingham district the shortage is admitted affecting the movement of coal, pig iron and other commercial products. According to report from Mobile, the Mobile & Ohio railroad is said to be facing the worst car shortage in years.

Illinois Held Campaign

Chicago, Sept. 14.—One of the hardest fought political campaigns in the history of Illinois will be waged between Gov. Edward F. Duane, Democrat and former Congressman Frank O. Lowden, Republican, nominated for Governor yesterday by the Democrats and Republicans, respectively. It was predicted today. Both rolled up pluralities of approximately 100,000 over their nearest competitors in the nomination race, according to returns available today.

BIG BANQUIT TENDERED AT HOTEL CARNES

BOARD OF TRADE BOOSTERS MEET AND TALK HOTEL

The hotel builders or a few of the members of the Sanford Board of Trade were invited to attend a banquet at the Hotel Carnes last Friday night and there were about thirty-five present to partake of a fine repast prepared by Mine Host, S. J. Carnes.

The banquet was not arranged with the idea of demonstrating that Mr. Carnes could give one but was a general get together meeting at which some ultimate conclusion could be reached regarding the building of a commercial hotel in Sanford.

When all the guests had arrived they were seated at a long table embellished with palms and ferns and the following menu was greatly enjoyed:

- Celery Salted Nuts Olives
- Shrimp Salad Cream of Celery
- Tenderloin of Trout with Shoestring Potatoes Fruit Punch
- Fried Chicken with Cream Gravy.
- Creamed Asparagus
- Petit Pois en Cassac
- Potatoes En Fleurie
- Apple Fritters with Sauce
- Vanilla Ice Cream Cakes
- After Dinner Mints, Demitasse Cigars

When the cigars were lighted President Dutton arose and explained the hotel proposition in a clear and concise manner, calling attention to the fact that the members of the Board of Trade had said that the hotel was the most important matter and he had taken it up at once, giving two weeks of his time and bringing it to the point where the business interests must take it up. He then called for expressions from some of those present and T. J. Miller, F. L. Woodruff, Forrest Lake, F. P. Forster, G. F. Smith, F. L. Miller and several others gave their views and the matter was thrashed out in a manner that left no doubt about the sincerity of those present and their desire to do all in their power to build the hotel. Committees were appointed to investigate different phases of the matter and

few days. Meantime the committees soliciting subscriptions are meeting with great success and the hotel seems assured.

WESLEY BIBLE CLASSES

Great Gathering in Ocala October 10-12—Fine Program

Field Secretary A. H. Cole predicts an attendance of 500 or 600 Wesley Bible Class men and women at the big federation in Ocala Oct. 10-12. There are about 400 classes in Florida and of course every class should be represented. This is a self-entertaining body and each class or individual will provide for the expenses of the trip. Ocala hotels will give low rates for the two days. A fine program has been arranged, and a good time is expected. Those who are promoting the federation are leaving nothing undone to make it a great success. Ocala is making preparation for giving these Sunday school forces a cordial welcome. The Sunday school workers, especially those belonging to organized Bible classes, who do not include the federation in their plans will miss the most helpful event of the year.

New Residents for Sanford

The fame of our Celery City has spread so far that people from all over the country are constantly arriving to verify its fame as a vegetable center and we are continuously adding new material to the already large list of growers. Among the latest arrivals to embark in farming is G. E. Born who comes from New Jersey. He has invested in farm lands in the western section of town and is already at work preparing for a fine crop of vegetables, celery, lettuce, etc. If the previous record of this section is sustained, Mr. Born is accompanied by his bride of a few weeks who will be a charming addition to Sanford families. Mr. and Mrs. Born will reside in the J. K. Johnson house on French avenue.

# AMONG THE THEATRES

## Chat-Chat of the Play-Houses in Sanford

**Had to Preach a Sermon**  
When H. B. Warner starred in "The Market of Vain Desire," new Triangle feature, learned that he would be called upon to preach a sermon to 500 spectators, in the big church scene in the production, he nearly wilted. It was a decided contrast to the task of sandpapering his fingers and attacking a case, as he did in "Alias Jimmy Valentine."

Moreover, he knew that he would face a more critical audience than, perhaps, any minister had ever been called upon to face, as players are generally extremely critical, where stars are concerned.

For several days prior to the making of the scene Warner considered what he would do. He decided not to attempt a sermon. To have undertaken to hurl the requisite tirade at the Ince players, as they sat in the pews, he knew, would be to mix the sublime with the ridiculous in a dangerous manner.

The big church scene was made on a Sunday morning and the players sat expectantly wondering what Warner would say. At a word from Director Barker, Warner took his place. Then as the camera began to click he stepped to the rostrum and with remarkable eloquence recited "The Angel and the Woman," using of course gestures to fit the denunciatory sermon which he, playing the part of the daring young mislster was supposed to be delivering. His rendition was greeted by generous applause. At The Lyric Tonight.

### Dustin Farnum Tonight

Once in a great while comes a photoplay that reaches all hearts. A photoplay that makes a never to be forgotten impression. One that is long remembered and by its prestige becomes a tradition of the silent drama. Such an achievement is the new Pallas Paramount production coming to the Star Theatre tonight.

Dustin Farnum, the Pallas Pictures star, portrays the parson in "The Parson of Panamint," the young lion hearted shepherd of a strange appearing flock, the friend of the friendless, the broken hearted, the rough miner and the sodden derelict. To the ones to whom life has been shorn of its pretty adornments and amenities, comes this six-foot stalwart, and his tragic life makes a screen drama that is incomparably fascinating.

Into this part Dustin brings a comprehending compassion and a noble hearted tenderness that vividly contrasts with the "fighting bobcat" spirit that also animates this remarkable role. It is a Dustin Farnum masterpiece.

Burglar insurance in sums that would make a press agent blush has been taken out by the Mutual Film Corporation for the protection of its Chaplin reels against theft by the "film pirates." The twelve releases in which Chaplin is to appear this year will cost the total sum of \$1,530,000, including the comedian's salary of \$670,000. A vast investment in film stock is required for the printing of the many copies of the Chaplin pictures issued for distribution in the United States and abroad. Every phase of the business involved which is insurable has been insured by the Mutual Film Corporation.

**Screen Lures Star of Three Broadway Hits**  
Irene Fenwick featured in Metro's "The Child of Destiny."

Irene Fenwick, the gifted and charming star, who has the distinction of appearing in the stellar roles in the three big Broadway stage successes in succession will be seen on the screen here at the Star on Tuesday in "The Child of Destiny," a five part Metro wonderplay. Miss Fenwick has just finished a Broadway run in "The Correspondent," and before that was seen in "The Song of Songs." The previous season she was the star in "The Family Cupboard." With her increasing

popularity there was a demand to see her in the silent drama. Miss Fenwick made her debut on the screen under the auspices of George Kleine and then joined the Metro forces.

"The Child of Destiny" is an unusual story and was especially selected with Miss Fenwick's peculiar and pleasing talents in view. In "The Song of Songs," Miss Fenwick charmed thousands of theatre goers, playing the role of a boyden who affected boys' wearing apparel. Miss Fenwick is seen in the same sort of a role in a delightful chapter of "The Child of Destiny." Later, she wears many fine gowns when she is transported from a desolate swamp country to the whirl of city life.

A band of fifty gypsies with all their paraphernalia, such as caravans, etc., were used in the filming of the scenes of "The Vagabond," third of the Chaplin Mutual comedies, which is to be released July 10. These nomads, on their pilgrimage to Southern California, were camped just outside of Los Angeles, when a representative of the Chaplin Mutual studios engaged them for the picture. Lyric Monday.

Charles Chaplin's famous violin, about which so much has been printed, makes its initial public appearance in "The Vagabond" most recent of the Chaplin Mutual comedies. This violin, an unusually valuable one possessing an exceptionally sweet tone was presented to the Mutual \$670,000 comedian by a friend some years ago. The studio manager, when time for the filming of the scene in which the violin plays a part, came round, suggested that one from the "prop" room be used. Chaplin, however, refused and sent one of the employees to his apartment to get his favorite instrument. Lyric Monday, Sept. 18th.

Although her first work in motion pictures was done in the role of a western cow girl, Clara Williams, who plays the leading feminine role in "The Market of Vain Desire," the Triangle Ince feature in which H. B. Warner is starred, has recently achieved marked success in her characterizations of girls of wealth and refinement. It is in such a role that she is cast with Warner. In preparing for the part she gave her undivided attention to her gowns. She purchased several creations that came direct from Paris shops, and these are said to be unusually beautiful.

"It is the wide variety of parts one is called upon to play with ever-changing costumes that lends enchantment to motion picture work," declares Miss Williams. Lyric Tonight.

**The Prohibition Ticket**  
Jacksonville, Sept. 14.—John P. ...

... nominated for congress by the state prohibition convention here Tuesday to oppose Frank Clark. The convention was presided over by John P. Coffin, Sr., who recently gave \$100,000 to the National prohibition cause.

In other instances than in the congressional race in Mr. Clark's district, the convention endorsed the Democratic nominees, with the exception of Chief Justice Taylor of the supreme court. The latter will be opposed by some candidate to be chosen by the executive committee.

**Congregational Church**  
There will be services both morning and evening, Sept. 17th at the Congregational church. A cordial invitation is given to those not worshipping elsewhere to come and worship with us.

# WILL HEAR EVIDENCE IN KNOTT CASE

## TODAY SET BY SUPREME COURT TO HEAR THE CHARGES

Tallahassee, Sept. 14.—Next Friday morning the state canvassing board will attempt to establish the proof of its averments of fraud in the amended returns from Madison and Hamilton counties, as set up in its return to the alternative writ of mandamus served upon it by the supreme court in the contest proceedings of W. V. Dorsey vs. the Democratic nomination for Governor on amended returns secured through part recount in a number of counties, which nomination was awarded to S. J. Catts by the board on its canvass of the returns from over the state in the Democratic primary of June 6.

In its opinion of Saturday, the motion of Mr. Knott for peremptory writ was denied by the court, and he given until today to join issue in the fraud allegations, which jolnder of issue was filed today, and next Friday set down by the court as date for the taking of testimony in the point at issue.

Although there was nothing happening before the court today in which they could take part, two voters from the Greenville precinct in Madison county were in town so that they could be in touch with the issue. They stated to an outsider that fully seventy other voters were ready to come here and testify Friday, also the county judge. They stated that the county judge is prepared to testify that the ballot boxes bore evidence of having been tampered with; that the man who furnished the record on which the ballots were strung will testify, if necessary; that the cord on which the ballots were strung at the time of the recount is not the same cord that he furnished and on which the ballots were strung on the night of June 6, when they were canvassed at the polls.

# DORSEY IS GOVERNOR OF GEORGIA

## MANNING DEFEATS BLEASE FOR GOVERNOR OF SOUTH CAROLINA

Atlanta, Ga., Sept. 13.—Hugh M. Dorsey will go into the Georgia Democratic convention at Macon September 26 with a big majority of votes pledged to him for Governor as result of the state primary yesterday. While returns today still are incomplete figures at hand give Dorsey 107 counties with a convention vote of 260, Governor Nat E. Harris 37 counties with a convention vote of 98; Dr. L. G. Hardman, four counties with ten delegates, and Joseph E. Pottle three counties with a half dozen delegates also. A majority in the convention will be 192 votes. The difference in the popular vote for Dorsey and Harris was not as great in proportion as the delegates gained that being due to Harris running a close second in some of the counties to which the greater number of delegates are allotted.

Apparently all statehouse officers with the exception of Governor Harris are confident they will

be returned, although the race between W. J. Speer, treasurer, and his opponent, W. J. Eakes is close and later returns could put Eakes in the lead.

### DEDICATION OF NEW PULPIT

**Holy Cross Church Will Have Appropriate Ceremony**

The Service for Blessing the new Pulpit for Holy Cross Church will be a part of the service for next Sunday morning, the 14th Sunday after Trinity. Up to this time there has been no pulpit in the church. The new pulpit is a very handsome piece of carved oak, hand finished. It has been erected on the Gospel side of the chancel, according to ancient church usage, from the Divine Founder's injunction, to "Preach the Gospel." The very handsome brass lectern, given some years ago by Capt. and Mrs. W. A. Pitts, Sr. in memory of their son, has its honored place on the Epistle side of the chancel on which rests the Bible from which the Old and New Testament Scripture lessons are read in the various church office services. The new pulpit is a gift to Holy Cross Church from friends of the parish priest.

The services for Sunday, Sept. 17th, are:

- 7:30 a. m. Holy Communion.
  - 9:45 a. m. Church School.
  - 11 a. m. Divine Service, Blessing of Pulpit, and Sermon.
  - 7:30 p. m. Vespers and Sermon.
- All persons are heartily welcome. The church makes its special appeal to all who appreciate the dignified holy worship of the ancient church.

### Thimble Party for Bride

A charming affair on Wednesday afternoon was the thimble party given by Mrs. John Meisch in honor of her cousin, Mrs. G. E. Born of Seacucus, N. J.

The attractive guest is one of the July brides who will be a gracious acquisition to the West Side as Mr. and Mrs. Born will reside in Sanford.

The pretty home of Mrs. Meisch was most attractive with vases of garden flowers placed about on tables and cabinets.

An amusing guessing contest, "Look Out for the Cars" was much enjoyed, the prize, a silver thimble becoming the property of Mrs. T. L. O'Connor. Guests of the happy occasion were Mrs. J. D. Roberts, Mrs. O'Connor, Mrs. J. A. Cheek, Mrs. A. D. Smith, Mrs. R. A. Terheun, Mrs. E. J. Taylor, Mrs. C. A. Smith, Mrs. J. Gore, Mrs. J. Couch, Mrs. Claude Couch, Mrs. Joe Meisch, Mrs. W. H. Peters, Mrs. Randall and Mrs. Tom Davis.

**Dogs for Sale**—Pointers, setters and hounds, trained or untrained. If interested write for a revised list. North Side Kennels, P. O. Box No. 136, High Point, N. C. 3-10tc.

**For Sale**—A second hand organ in good condition. Telephone No. 37. W. 5-3tp

**For Sale**—Modern house and three lots. 1011 Oak Ave. 150 feet front. E. L. Marshall, St. Charles, Ill. 2-8c

**For Sale**—Nice 5 passenger Oakland automobile. Also surrey. Apply Abensathy's furniture store. 2-tf

**For Sale**—Hop Runabout, rebuilt, \$100. Schelle Manna, City. 6-tf

**For Sale**—Nearly new adding machine. \$35.00. Western Union. 1-tf

**For Sale at Sanford**—Two lighters, gasoline engine and pump and other articles. Address Z. Spinks, Oviedo, Florida. 1-tf

**For Sale**—Marine motor, 18 horsepower, 3 cylinder, 3 cycle, Ferro. First class condition, Sanford Machine & Garage Co. 93-tf

**For Sale**—Owing to change to electrical power we have on hand machinery in good condition, consisting of boilers, engines, water pumps, fire pumps, air compressors and sundry other machines, which we offer at prices which are a small part of the original cost. If interested address Virginia Carolina Chemical Co., care H. H. Peabody, Superintendent, Sanford, Fla. 53-tf

### FOR RENT

**FOR RENT**—2 Rooms corner Magnolia and sixth Street. Enquire at Mrs Williams Millinery. 8-1tc

**For Rent**—Furnished rooms for light housekeeping or bed rooms. 117 Laurel. 7-tf

**Furnished rooms, large and cool, four blocks from business center. Bath rooms in connection. Cheap rates for summer. Comfort Cottage, corner Fourth and Magnolia. 92-tf**

**For Rent**—Several nice office rooms over Yowell's. Enquire N. P. Yowell & Co. 32-tf

**NOTICE OF ELECTION**  
Whereas, the City Council of the City of Sanford, Seminole county, Florida, on the 31st day of August, 1915, duly passed an ordinance, entitled, "An Ordinance Providing for the issuance of bonds for the sum of \$15,000.00 for the purpose of paying, retiring and refunding an issue of Bonds of the City of Sanford, Fla. in the sum of \$15,000.00, bearing date January 1, 1907 and maturing January 1, 1917, and authorizing and empowering the Mayor of the City of Sanford, Florida, to issue a Call for an Election to determine the Question as to the issuance of said Bonds, and for the election of a Board of Three Bond Trustees, which said ordinance was duly approved by me on the same date and became effective immediately upon its approval, and

Whereas, under the charter of the city of Sanford, the question of the issuance of bonds should be submitted to the voters of said city, who are entitled for ratification, or rejection, at an election to be called for that purpose;

Therefore, I, J. D. Davison, mayor of the city of Sanford, Seminole county, Florida, under and by virtue of the authority in me vested by the ordinance of the city of Sanford in reference to the issuance of bonds, do hereby call an election to be held on the 23rd day of September, 1916, to determine the question as to whether or not the said city of Sanford shall be authorized to issue bonds in the sum of \$15,000.00 for the purpose of paying, retiring and refunding the \$15,000.00 six per cent city of Sanford, Florida, bonds, maturing January 1, 1917; and to elect three persons to serve as a board of bond trustees for said proposed issue of bonds.

And I do hereby appoint C. C. Woodruff, W. W. Long and John Anderson inspectors of said election, and M. W. Lovell clerk of said election.

Falls to be opened at eight o'clock a. m. and to remain open until sundown on the 23rd day of September, 1916, at the City of Sanford, Seminole County, Florida, on this the 23rd day of August, 1916.

(seal)  
J. D. DAVISON,  
Mayor of the City of Sanford,  
Seminole County, Florida.  
Attest: Jas. C. Roberts, Mayor  
City Clerk of the City of Sanford, Fla.

**WARNING TO CITRUS FRUIT MEN FROM OUR GOVERNMENT EXPERTS**

Government specialists estimate that spraying for white fly during the last two weeks in September, this year, will be twice as effective as at any other time.

This note of warning is sounded now because white flies are hatching at the present time, hence they are more easily destroyed than in later stages.

**Spray Now---Don't Delay**

Schnarr's Insecticide, the one spray that has been pronounced best in every competitive test for over ten years, will kill the flies remove the sooty mold, keep scale insects away and allow fruit to color early.

Now for that hotel.

No place for knockers in this city any more.

The Sanford Board of Trade is surprising the dead ones.

Here is hoping that all the knockers will turn into woodpeckers. These birds only knock on the dead ones.

Two thirds of the members of the Sanford Board of Trade in their communications stated that the hotel was the most important step forward for the city.

These members are right. Now what are you going to do in the matter of taking stock subscriptions to make it possible for the hotel. We want the mazzama and not hot air.

Concerted effort will bring anything. Concerted effort comes to us through our magnificent Board of Trade and we expect every man to do his duty. There is plenty of work to do here.

Give us that hotel and the St. Johns river for the Inland Waterways and Sanford will have ten thousand people in two years' time. You know it and knowing it you should get busy and help the Board of Trade put it over.

Say, boys, wouldn't you give anything you possess, except the loved ones of your family, if you could go back and, on just one morning, have mother kiss you and send you off to school again? Oh, for another 'touch of a vanished hand, and the sound of a voice that is still.'—Tampa Times.

The fall season is near at hand and fakirs of all kinds will soon be getting their grafts in Florida. One of the worst of these is the advertiser fakir and it is curious how good business men fall for their schemes. Most of these schemes are worthless or next to worthless. The most experienced advertisers, men who have spent thousands and thousands of dollars in advertising, recognize that the newspapers are the best advertising mediums. Your home editor may not be as smooth tongued as the stranger selling advertising schemes but his dollars to doughnuts you will save money by consulting him before signing an advertising contract with a stranger.—Wauchula Advocate.

BASEBALL AMBITIONS
To the typical boy, the prominent figures of the baseball diamond are his greatest heroes. He would rather play in a world's series than in congress. And the money end of it is very dazzling. Every school ball nine is full of young fellows who cherish the dream of eventually playing with some league team.

It is a puzzling question to many parents, how far a boy, who is a good athlete should be encouraged to enter baseball or other sports in a professional way. A good ball player can of course for a few years make more money that way than in any other. If he has resolution and a cool head, he can accumulate a little capital, and use it as a means of creating a business opening.

There are many instances of noted ball players who have salted down their savings in farms. Famous pitchers are now pitching hay. In all lines of industry many of these fellows are doing well and laying foundations of substantial success.

When the leagues cease play in the fall, the players get the opportunity to lay the foundation of some future business success. They can study law, engineering, farming, whatever appeals to them, and many

of them do so. Unfortunately there are a lot of others who spend the off-season in mere loafing, or in work connected with sports that leads to no business success. Baseball life has many temptations. The managements of course discourage dissipation, but there is considerable incitement in that direction. There is every tendency to free spending. Some athletes have resolution enough to save money, but too many of them finally invest it foolishly and without preparation for business. Before encouraging a boy to enter professional sport his friends ought to be sure that he has the firm mental fibre that can resist the deterioration of his environment.—Reporter-Star.

TIN HORN SPORTS
Carl Dann claims the record in many things, but you got t' hand it t' him when it comes t' speakin' o' Sanford. Nine years ago Carl drove t' Sanford t' see a game o' Base Ball. He had a lot of tire trouble and it cost him several dollars fer th' trip an' he swore he never would go up there again. Years went by and he never went there t' see another game until last Monday. The Hoodoo was still there. This time he saw a ball game and a fight but it sure was expensive. The two rear tires on his big car both blew out. He telephoned for his Oakland t' bring him a couple of tires. Th' Oakland blew a tire and by th' time both cars were in runnin' order th' expense amounted t' \$115.00.—Orlando Sentinel.

Well, if that is the way Carl feels about it he can stay away for another nine years and no one will weep about it. The fact of the matter is that he will not be missed one minute. Sanford is not responsible for a few rotten tires blowing out on a cheap machine driven by a cheap sport and if Carl Dann represents Orlando there is very little sporting blood in the entire population. Puncturing a tire in Sanford is only a circumstance. Just think of the poor Sanford people who go to ball games in Orlando and are forced to drink Orlando water.

ONLY CORRECT POSITION
In the course of a sane and temperate editorial on the gubernatorial situation the Arcadia News has the following statement of its position, which exactly coincides with our own. It is absolutely the only position that is tenable by a real Democrat. The News says:

'The supreme court of the state of Florida has demanded of the state canvassing board that it again meet and recount the votes cast since certain errors in tabulation have been corrected. Every one at all familiar with the situation knew that errors were made in this tabulation of second choice votes. Suppose these errors are not corrected, and suppose one of those second choice votes had been yours, Mr. Voter, and was not counted as cast by you. Would you not have been disfranchised so far as the second primary is concerned? Do you blame the supreme court for demanding that your vote be properly counted? Would not the supreme court fail to do its duty in refusing to thus protect the rights of the humblest voter? The supreme court demands of the state canvassing board that cause be shown why this recount should not be made. If this cause be a sufficient reason and satisfactory to the court, there will be no recount, and the vote will stand as now certified to. In that case the Hon. Sidney J. Catts will receive a most hearty support from us. Concerning the many ugly things that have been said of him, we attach very little importance to them, for we have learned to know in old Kentucky that all election campaign stories must not be believed, and only the most credulous do so.

If, however, when the vote is recounted and all doubtful votes are rejected, it should then be found that William V. Knott has received a majority of the first and second choice votes as cast in the Democratic primary, June 6, we shall give the same cordial support to him as we wu'd give Mr. Catts under the conditions as above mentioned. We commit ourselves to this position in advance so there may be no temptation to be swayed by prejudice in case the matter is decided contrary to our personal views of the equity of the case. Should you not thus commit yourself, Democratic voters?

A REAL HOTEL PROJECT
The Sanford Herald has been behind every movement for the public good that has been exploited in Sanford in the past nine years which is the age of this paper. Naturally we have taken up every hotel project because our faith has been pinned to the one idea of a hotel for Sanford. We have believed and still believe that Sanford will never get her share of the tourists and the commercial trade until this city is supplied with a hotel that will accommodate this trade. The hotel question has been projected so many

times here and failed that it has become a standing joke and The Herald along with the people of Sanford have been the goats. Nevertheless we have never tired of the subject for it is a live one, no matter the number of times it has been assigned to an early grave. We have never given up hope for we believe that Sanford will have that hotel and many more. Believing this we now call attention to the fact that the Sanford Board of Trade is behind one of the most feasible plans for a hotel that has yet been exploited. It is a plan whereby the hotel can be built in time for the tourist travel in February if every red blooded citizen will come forward NOW and boost it.

Two thirds of the members of the Board of Trade called attention to the matter of the hotel in their list of projects needed by this city and for this reason President Dutton and an efficient corps of workers have started out with a well defined plan for the hotel. They believe that if the people want a hotel it should be built at once or forever let the matter drop and the Board of Trade will turn its attention to some other project. This is absolutely the proper manner in which to handle the subject. The people realize the need of the hotel and it should require no time or attention of the committee to convince our citizens that they mean business. This hotel can be built and built at once if our citizens want this hotel half as bad as they have stated.

On the other hand if they do not want it and so signify by standing back and failing to subscribe for the initial fund that will start the hotel then the board of trade is losing time and had better get busy in other fields of endeavor.

It has resolved itself into one of two things:

EITHER WE BUILD A HOTEL IN SANFORD AT ONCE OR WE DROP THE SUBJECT AND WILL NOT REFER TO IT AGAIN THIS SEASON.

The Herald relies upon the progressive spirit of the majority of Sanford's citizens to build the hotel. They will build it and build it now. We have perfect faith in their ability to do anything in reason.

But in the event that this subscription cannot be raised this hotel matter will not have space in The Herald again this season. We are just as tired of the subject as the readers are and it means no more to this paper than it does to every citizen of Sanford. IT IS YOUR OPPORTUNITY. GO TO IT.

COUNTY HAPPENINGS

LONGWOOD PICK-UPS
Longwood school opened Monday with Mrs. Charles Polk principal and Miss Smith assistant.

Sidney Entzminger was guest of his cousin, Louis Entzminger the past week.
Mr. and Mrs. Elinor and children have returned to their home in Havana, Ga., after an extended visit with Mrs. Elinor's parents, Mr. and Mrs. J. Waits.

Miss Berta Langebach of Orlando is guest of Mr. and Mrs. J. N. Searcy.
Edwin Dinkel's "Little Ford" rammed right along until it collided with a wagon and now it doesn't even wobble right along.

Dan Clouser and family have moved down to their new home near Orlando.
Little Miss Atmeta Samford, has been quite ill.

Mrs. Geo. Hardaway has a very interesting tree in her yard, a soap tree, which is now full of berries. The berries make a fine suds and the inside of seed contains a fine medicinal oil.

OVIEDO
Mrs. L. T. Cushing spent last week in Sanford taking the teachers' examination.

Mr. Lee Wheeler, wife and children returned from Daytona Beach last Friday.
The Misses Alpha and Marietta Tichner of Orlando who have been visiting Miss Ruth Yonge returned home Saturday.

Mrs. J. V. Gist if Orlando is visiting her mother, Mrs. Kimbrell.
Mrs. W. E. Dunaway returned Saturday from Orlando where she has been visiting friends for the last week.

Miss Mary Stokes is visiting home folks before taking up her year's work in teaching.

Miss Evelyn Osbourne is boarding at Mr. McCall's and going to High School here. Last year she finished the tenth grade in Titusville High, where she has lived. She is now living at Bertha.

Mr. Andrew Aulin and daughter, Miss Mary returned last night from

The Working Man's Bank Account
MEN who are employed by the day or week rarely have very much notice before they are laid off. This means that the working man of all men should have a little money saved up and have it deposited safely in the bank. The Peoples Bank invites the accounts of working men and their families. Interest is paid on savings accounts, compounded twice a year. Your money will help you earn money, if deposited with this Bank.
PEOPLES BANK OF SANFORD

P. L. WOODRUFF Vice-President

Alabama where they have been for the last two months with friends and relatives. Miss Mary will teach at Geneva this year.
The new packing house constructed by Contractor L. B. Moore for Nelson & Co., is rapidly nearing completion. Spur tracks from the A. C. L. and Seaboard assure good shipping facilities. The machinery is being installed by Mr. Charles Gutteridge, Jr., construction foreman for the L. B. Skinner Mfg. Co. Skinner equipment of the most efficient and up to date type of machinery will be used. The plant will be run by gasoline power. During the five weeks necessary for finishing the work Mr. Gutteridge will be with his parents, Rev. Mr. and Mrs. Charles Gutteridge.
The Oviedo public school opened Monday with a good attendance. The pupils from the Gabriella district are conveyed this year by automobile. Mr. Chas. McCulley has the contract for transporting the children.
W. H. Howard has had five acres of his Black Hammock land tilled by Contractor George Slack of Sanford. Mr. Howard will grow lettuce and celery.
Miss Ellabel Jones led the Christian Endeavor meeting Sunday night at the Baptist church.

GIVE HIM A CHANCE
And Cooperation, Subjects to be Presented at the Methodist Church Sunday
Since the Methodist church building is nearing completion and the services are being held there, the interest in all departments is increasing. The services last Sunday were well attended and the weather being cooler, with others returning from their summer vacations, the audiences will continue to grow. The choir director, Mr. E. T. Woodruff has returned and will have charge of the music for the winter, with the number of good voices in the Methodist church and with the acoustics being perfect you may expect to hear very pleasing music at this church this winter. This will begin on next Sunday.
There will be promotion services in the Sunday school on the 24th of this month. The annual Rally Day will be on the 1st of October. Plan to be one of the 500 who will be at the services that day.
Sunday's Program:
Sunday school, 9:30.
Morning sermon, 11, subject, Cooperation.
Senior Epworth League, 6:30.
Evening sermon, 7:30, subject, Give Him a Chance.
Your friends will be expecting you at these services. Do not disappoint the Christ.

MUST PAY COUNTY
Several Arrested For Doing Business Without a License
Several persons were arrested and brought before the county judge this week on a charge of doing business without a license, each plead guilty to the charge, were required to secure a license and pay a fine and costs of court.
The law requires that a license be procured before any business of occupation requiring a license is engaged in. Also each day such business is engaged in without a license constitutes a separate offense.

Five minutes walk from any part of the city. Open every day EXCEPT Tuesday and Friday. Open nights when requested. 99-4f

McDougal—Swanson Wedding The wedding of Frances Thelma McDougal and Norman Nils Swanson was solemnized Wednesday, September 6th at 8 o'clock at the McDougal home on Celery avenue. Rev. George Hyman officiated, using the beautiful ring service.

The attractive Miss Sallie Lockwood of Charleston, N. C., was maid of honor and Okie Weeks was best man. The bridesmaids were Miss Bernese Tighland (a beautiful Charleston girl) and Miss Mollie Gray, Miss Annie Weeks and Miss Leslie Gray.

The bride's gown was white crepe de chine over white satin combined with beautiful old lace, a family heirloom. Bride roses and asparagus fern composed the arm bouquet. The groom was in the conventional black. Miss Sallie Lockwood's gown was yellow crepe de chine over yellow satin, with white roses. Miss Annie Weeks' gown was pink chiffon over pink messaline with pink roses.

Miss Bernese Tighland's gown was pink taffeta with an overdress of silver lace and pink roses. Miss Mollie Gray's gown was grey satin and white lace with white roses. Miss Leslie Gray's gown was blue satin and white lace with white roses.

Will Attend Florida U. John Murrell, Frank Coates, Earl Paxton and Benjamin Whitner expect to leave Sunday night for Gainesville where they will enter the University of Florida. Sanford is proud of her boys who want a higher education and will watch their career with much interest.

The bride's mother was gowned in blue taffeta with old point lace. The groom's mother was in a white lace gown.

The whole lower floor was beautifully decorated with cut flowers, ferns and palms and the dainty white star jessamine vine was everywhere. The bower under which the bridal couple stood was especially beautiful.

A two course supper was served, consisting of chicken salad, pickles, wafers, pineapple sherbet and cakes. Beautiful gifts of silver, cut glass, linens, etc., were displayed.

Beside those mentioned above the guests were Mr. and Mrs. J. C. Edwards, uncle and aunt of the bride, of Waycross, Ga.; Mrs. R. H. Lockwood of Charleston, S. C. and Mr. and Mrs. H. R. Stevens, Mrs. T. Davis, Miss Ernestine Webb, Mrs. Pagenhart, Miss Edna Pagenhart, Miss Alma Pagenhart, Miss Annie Nelson, Mrs. Theo. Carlson, Mrs. Nelson, Mrs. Magnusson, Mrs. Went Mrs. Armstrong, Mr. and Mrs. Paul Keely, Mr. and Mrs. C. E. Ship, Mr. and Mrs. Sam Porter, Mr. and Mrs. Verneon Arnett, Mrs. J. Cowan, Miss Alva Vaughn, Mr. and Mrs. L. A. Brumley, Mr. and Mrs. W. E. Sammis, Mr. and Mrs. A. K. Rossetter, Mr. and Mrs. A. T. Rossetter, Mrs. M. D. Gatchel, Mr. and Mrs. C. E. Bell, Mrs. William Walker, Mr. and Mrs. B. H. Squires, Mrs. Susie Squires, Mr. and Mrs. J. C. Ellsworth, Miss Isabelle Raynor, Mrs. J. C. Vaughn, Miss Alice Vaughn, Miss Gertrude Vaughn, Mr. and Mrs. Joe Cameron, Miss Annie Cameron, Mr. Bradshaw, L. E. McCuller, Harry Carlson, Frazier Armstrong, Ed Rourke, Will Parker, Al Dornier, Edmond Stonwe, Joe Guerry, Charles Flowers, Harry Flowers, Cecil Flowers, Wallace Bell, Herbert Squires, John Walter, James Walter, Leonard Walter. The family assembled were the groom's parents, Mr. and Mrs. Nils Swanson. The bride's parents, Mr. and Mrs. Geo. Crawford McDougal, George McDougal Jr., grandmother, Mrs. Caroline McDougal, Mrs. Libbie Weeks, Miss Annie Weeks, Okie and Harry Weeks.

The happy couple dispensed with the wedding journey as the bride has recently been quite ill.

A lovely new bungalow for their home is to be built immediately, just west of the McDougal residence.

WATERWAYS CONVENTION TO MIAMI

SANFORD MAN ASSISTS MAGIC CITY AND ST. JOHNS RIVER

The next convention of the Rivers and Harbors and Inland Waterways convention next year thanks to the good work of our own C. R. Walker and other enthusiastic boosters from Florida who are attending the big meeting at Philadelphia this week. It is also certain that the St. Johns river will be made the inland waterway through Florida for while Mr. Walker does not say this in his telegram his friends here think that he will bring home the bacon. The Sanford Board of Trade has a most valuable chairman of the Inland Waterways in the person of C. R. Walker who knows his subject and never fails to impress his audience. His telegram received at The Herald office is given below: R. J. Holly, Herald, Sanford, Fla.: Good work begun by Florida delegation at Savannah last fall bearing fruit. Atlantic Deeper Waterways Association will come to Florida holding 1917 convention at Miami. The grand work being done by this association is far reaching in its benefits to entire Atlantic seaboard and especially Florida. C. R. Walker.

Kindergarten Opens At nine o'clock Monday morning, September 18th, in the Baptist Temple the Froebel Kindergarten will open for the winter season. The director, Miss Margaret Wight, graduate in June from one of the best training schools in the country and it is her intention to conduct the Kindergarten along the most modern and approved lines, using the best of materials for the children's work. She will be assisted by Miss Ruth McDaniel. Terms \$3.00 per month. Phone 328.

Will Attend Florida U. John Murrell, Frank Coates, Earl Paxton and Benjamin Whitner expect to leave Sunday night for Gainesville where they will enter the University of Florida. Sanford is proud of her boys who want a higher education and will watch their career with much interest.

NEW HOTEL LIVE TOPIC AT MEETING

SANFORD BOARD OF TRADE WILL FOSTER THE MOVEMENT

The Board of Governors of the Sanford Board of Trade met on Tuesday evening at the Hotel Carnes. Although the weather was anything but pleasant and the rain poured in torrents, enough of the board were present to compose a quorum and many matters of interest to the community were taken up, among which were the following:

A new commercial hotel for Sanford.

A good road from Geneva to Titusville, thereby making a through road from Leesburg to the East Coast directly through Seminole county.

The St. Johns River for the Inland Waterway.

Better incoming freight rates.

Invitation of the Wesley Brotherhood convention to Sanford in 1917.

The principal matter discussed was the hotel, of which more will be found in another part of this issue. A good strong working committee was organized for the purpose of raising \$25,000 by the sale of stock to start the project, and the Board has the assurance that the balance of the money necessary can be raised outside of Sanford.

Rev. Steinhilber and H. H. Peabody appeared before the Board relative to the invitation of the Wesley Brotherhood convention for Sanford in 1917. They were promised the hearty cooperation of the Board.

At the regular meeting of the Board of Trade held later in the evening the attendance was small on account of the weather but the matter of the hotel was taken up and plans outlined to push the work to raising the amount necessary to start the work. The campaign will close on Saturday night and it is expected that at that time the committee will be able to report that the \$25,000 of stock has been sold.

BAPTIST SERVICES SUNDAY

What People Think About in Hell 9:30 The Sunday School. 11:00 Preaching, subject, "How to Gain by Dying." 6:30 The B. Y. P. U. services. 7:30 Vesper services:

- Rally song Song Prayer Interlude Song Announcements Offering Offertory Special music Sermon, "What People Think About in Hell." Song After service Be sure to attend the services at the Baptist Temple on next Sunday. George Hyman, Pastor.

Presbyterian Services

There will be the usual services at the Presbyterian church Sunday. The Sunday school is growing each Sunday now and all the members of our congregation and others not in Sunday school are invited Sunday to help the increase to continue. The congregations at the night services are also growing each Sunday. Come Sunday night at 7:30.

Last Game Today

The last game of the "serious" between Sanford and Orlando will be played today in Orlando and then the boys will pull for their various homes all over the United States. Some of them are drafted for the big show next season and the fans here will watch for their appearance in the large leagues. It has been a good season and plenty of excitement.

Flake B. Y. P. U.

A very profitable hour was spent by the members of the Flake Union in their regular meeting Sunday evening. A large number of visitors also enjoyed the unusually well prepared program of which Miss Marian Gove was leader. Members from group "B" and "Y" presented a Bible study program, using as a basis the 10th chapter of Acts. A beautiful duet was sung by Miss Betts and Mrs. Ernest Betts.

Miss Edlet Stewart and Mr. F. E. Gatchel are preparing a doctrinal program for next Sunday evening. The members of their respective groups will assist in rendering the program. Whosoever will may come. R. S. G., Reporter.

Miss Lucca Chappell has resumed her school duties at Altamonte Springs.

Mr. and Mrs. W. A. Wiley of Clyde dined and visited Sunday at the J. P. Hickson home on Celery avenue.

#### ALLEN MAULL HERE

General Advertising Development Agent of A. C. L.

Appropos of the fall advertising for Florida a prominent figure in this line was here yesterday in the person of Allen Maull, General Advertising & Development Agent of the Atlantic Coast Line. Mr. Maull started in the railroad game in 1879 and in later years was connected with the advertising department of the Southern Pacific Railway in California when that road was spending millions for advertising. He knows the game perhaps better than any man in the southern territory today and while he has only been south for the past two years has in that period compiled and had printed a vast amount of good literature and promises the state of Florida his best efforts in this line the coming season. He has several projects that

## MUSTANG

For Sprains, Lameness, Sores, Cuts, Rheumatism Penetrates and Heals. Stops Pain At Once For Man and Beast 2c. 50c. \$1. At All Dealers.

## LINIMENT

will fill the state with tourists and homeseekers and is the kind of man that will cooperate heartily with the various trade bodies of the state along the lines of the Atlantic Coast Line Railway.

Mr. Maull stated that while he had not been in Sanford much on account of the press of business that he would give us more attention in the future and has promised the secretary of the Sanford Board of Trade to attend the meeting in October and address the body on the subject of "Advertising" from the standpoint of the railways. That Mr. Maull knows his business is apparent to anyone who holds conversation with him and Florida has in Mr. Maull a most valuable asset in the publicity game.

#### Reception to Bride

The reception given for Mrs. Allen Kent Rossetter on Friday afternoon last, at the Rossetter home on Celery avenue, from 3 to 5 was a very pleasant social affair. Mrs. A. T. Rossetter and Mrs. Allen Kent Rossetter, did the receiving. The spacious home is ideal for entertaining. The rooms were prettily decorated with red, hiplatus' banked on the parlor mantel and elsewhere, yellow almander in the living room and hall. Miss Lucca Chappell rendered several piano selections. Delicious refreshments of ice cream and cake were very daintily served by the Misses Ethel Hickson, Annie Cameron and Alice Vaughn. The other guests were Miss Isabelle Raynor, Mrs. B. A. Howard, Mrs. M. D. Gatchel, Mrs. Elizabeth McDonald, Mrs. Thrasher, Mrs. W. E. Sammis, Mrs. J. H. Hickson, Mrs. D. R. Brisson, Mrs. F. F. Dorner, Mrs. R. G. Hickson, Mrs. R. H. Muirhead, Mrs. B. M. Monroe, Mrs.

H. H. Chappell, Mrs. A. R. Chappell, Mrs. Clifford Bell, Mrs. J. C. Moore, Mrs. G. L. Flowers, Mrs. W. A. Raynor, Mrs. J. C. Vaughn, Mrs. G. C. McDougal, Mrs. N. N. Swanson, Mrs. Susie Squires, Mrs. B. H. Squires, Mrs. B. E. Squires, Mrs. E. M. Galloway, Mrs. C. B. Bell, Mrs. A. K. Powers, Mrs. Joe Cameron, Mrs. H. W. Chandler, Mrs. W. W. Miller, Mrs. G. C. Chamberlain and Mrs. J. C. Ellsworth. "A Celery Growers' Reception" as Mrs. A. T. Rossetter aptly named the very charming occasion, and indeed it was, with possibly one exception.

## DRINK GOOD HOPE MINERAL WATER

In Thirty Days Note The Difference in Health and Vitality

Science has proven that 80 per cent of chronic troubles are caused by improper diet and drinking impure water.

GOOD HOPE MINERAL WATER is a pure, natural, medicinal water, flowing from a subterranean spring, nearly one thousand feet deep. This water is never treated or doctored in any way, but is bottled direct from the mineral wells to the container, retaining all its natural gases and medicinal properties.

500.00 REWARD on proof and conviction of any one representing themselves as Good Hope Agents, unless duly authorized by the company, or any one refilling Good Hope containers and selling spurious water as Good Hope Mineral Water, or that the Good Hope Water Company ever offers for sale any water, except that which comes direct from the Good Hope Mineral Wells; also, if the Good Hope Water Company or its associates ever doctored or treated this water in any shape, manner or form; we will give the above reward.

ANOTHER 500.00 is offered in any case challenged, where we fail to prove that Good Hope Mineral Water has been very efficacious in many chronic troubles, such as stomach, kidney, bladder troubles and rheumatism.

TRY IT We solicit the patronage of Good Hope Mineral Water on its merits, and in any case where the user does not admit it is one of the finest waters he ever used, we will gladly refund money.

PRICES F. O. B. Jacksonville, \$5.00 five gallon demijohns F. O. B. Jacksonville, \$3.50 cases of half gallon bottles. Bought of agents through state 25c extra to cover freight charges. \$1.00 deposit required on containers.

SPECIAL This water is now being used in the largest hotels and sanitariums in the South. We are establishing local agencies all through the South. Read the analysis, made in the U. S. Chemical Laboratory.

# IN THE SPORTING WORLD

By "RED" DAVIS

## IN DEFEAT WE SMILE JUST THE SAME

ALL THE BOYS DESERVE CREDIT PLAYERS MAKE MANY FRIENDS FOR THEIR GENTLEMANLY CONDUCT ON AND OFF THE FIELD

BY "RED" DAVIS

With the series at an end and victory conceded to Orlando, in behalf of the readers the writer would like to say that never in the history of baseball has such a brand of ball ever been pulled off by any two teams in the state of Florida. Both teams were in the game all the time fighting every inch for the high honors which both clubs were after.

Starting off with a fairly good team and as the season gradually went on both clubs strengthened to where at the homeward stretch no one could possibly figure where such small cities as Sanford and Orlando could secure such star players as were secured by these two teams.

Great credit is due both clubs for their gentlemanly conduct which they displayed on the diamond. Some people seem to think because a ball club "stalls" for rain, that they are playing dirty ball, but such is not the case. In all parts of the country where any team is behind in runs and up above they see a cloud which looks like in a few minutes rain will break up the affair, they start right now and tie their shoe laces, forget about the gloves which they left on the bench and several other things which would necessarily delay the game. That's all in the game and the team that wouldn't do all of this is not worth a d— to their city which is employing them to win for them.

It is with sad regret that Orlando and Sanford both acted like babies in their squabbles over the umpire question. If any one was to come down here that knows anything about umpiring at all, and was to look over the umpires that have been working here, they would go right back and tell their friends that in all their tours around the world never before have they seen such disgusting teams to satisfy when it came to satisfying them with an umpire. Such stars in the umpire world as Billie Klem, Bill Evans, "Silk" O'Loughlin, Hank O'Day and many others would lose their laurels if they ever came down here to umpire. So much for that.

The attendance at these games was as good as any one could expect and bad weather paid a visit to both cities, cutting off a few dollars and cents that would have come in very handy right at the present time.

It is to be said again that the Sporting Editor of the Orlando Sentinel had to lose his head and start to calling names about the Sanford club. When a sport writer uses these tactics to try and prejudice the minds of the Orange county fans we can't speak much of his ability as a fair and impartial writer to be

employed on a newspaper. The writer of The Herald is not sore because Orlando won the series but at no time during this season has he used his page to call the opposing team names. We went so far as to use our page to give Decatur and Mosley both an individual write-up. Weller, another Orlando player was giving space for his brilliant work, Sikes was given his credit, and last but not least when our old "Friend" Mack Selph received his injury we turned over the entire page to this everlasting true sport who in his vain attempt to give the Orlando fans the best he had, lost his index finger in an automobile accident, did we stop for that? NO! Realizing this boy's fix the writer devoted all he possibly could to help him out in his time of need. If the Orlando papers have in any of their issues devoted one inch of space to a Sanford player they can mail us a few copies at our expense. The newspapers in Orlando should give space to their own players and not sit back and let another paper give their players credit. They cannot deny this, for they know outside of the stories of the games they have never published an article for one of their players. Though we went down in defeat, and it can be said that when it came to telling the facts about a ball game the Orlando paper had a "STREAK OF YELLOW" down their back a mile long the Sanford players this season secured 14 home runs Orlando papers all called them flukes. Orlando secured these homers on the local diamond and according to the way the lynotype machine set the article up they were all of the cleanest variety. None were flukes, and all were worthy of great mention in their papers. Is that what you call fair play?

As far as the directors of the Orlando base ball association are concerned the highest tribute that can be paid them they deserve. Messrs. Grey Rush, Rogers and Wright, the head men of the club are all true sports, and nowhere would you care to meet cleaner men than these three. As far as the series was concerned the old saying MAY THE BEST WIN is our same motto.

BILL PALMER

deserves more credit than any other player on either club Bill always willing to work proved his value to the club by winning 11 games, losing 3 and tying 4 in all, a good record as any pitcher in any league would care to have. Bill lost 2 of his 3 games by a score of 4 to 3. Another game was lost, 5 to 2 when his club secured 12 hits and the opposing team secured the small amount of 3 hits off his delivery. A few more Palmers and the tale would have been different.

"Biddy" Burdick

Gave the club sterling service and during the last week of play the most unheard of thing since the writer has been in the city was handed to this PEERLESS OUTFIELDER. This boy had already done enough for the club at least to hold him on for one more week. In more than one issue of the paper was his playing the outstanding feature of the game. Burdick saved many games by his fast fielding, and although he was not a 300 hitter he managed to stay around the two fifty mark. Good enough for any team. HIS VALUE WAS A LITTLE MORE THAN SOME THOUGHT.

PAUL COBB

Was the Captain of the club and "Fighting Paul" was always there when it came to looking after the interests of the club. Such things as Emery Balls and anything which was a violation of organized base ball Paul was there to let them know about it. As far as knowledge of the game was concerned Paul had no superior. A worthy player and a gentleman in every move that he made. His head was not swelled because he was the brother of the WORLD'S Greatest and in all his time in this city the name of TY COBB was never mentioned.

"Skeate" Brinson

As has already been said, this boy that has been playing first base for the local club was only surpassed by three men in the game, namely Joe Agler, Hal Chase and Jake Daubert, that is when it came to fielding. Brinson some how another failed to strike his stride this season when it came to batting. He has in the past been a 300 hitter in every league that he has played in. His hitting has been away above to what it has been here. But he never was able to strike his stride and his wonderful work around the first cushion was so brilliant that his hitting was never noticed by the local fans.

Fighting John Robinson

Here was a player that believed in the never say die spirit, always fighting for his club, John led the Sanford hitters this season and at

all stages of the game Robinson was in there battling them to a finish. His career as a ball player on the local diamond will never be forgotten. While his courage to stick up for his rights is not to be overlooked, Robinson played in the outfield and also worked in the pitchers box. In a notable pitching duel between him and Decatur during last month Robinson held the Orlando hitters at bay while they only secured one hit off his delivery. He had to engage in a fight and then go back and finish the game. But he won his game by a score of 2 to 1 and proved to the people that he was a versatile player.

RAY CHAPMAN

The "OLD RELIABLE" backstop for the local club was one of the most valuable players on the club. Chap was in the game when he should have been on the bench. With a crippled leg and a mashed-up hand he gave the best services that he had in store. His speed on the bases caused the placing of him at the head of the batting list and his deadly arm caught many would-be crooks during the series. Such fast men as Schuyler, Crowell, Hendon and Spitznagle found rough sailing when it came to pilfering bases on this sweet catcher of the local club.

Charley Bell

His ability to knock cover off the ball proved victory more than one game for the locals. Charley led the Sanford hitters as well as the Orlando hitters in home runs. At the close of the season Bell had seven of these choice hits to his credit. We mention the fact that Bell was off in his fielding, but he has been used to playing on fast diamonds and the local infield lacks a whole lot of being fast. When the book was written on a SLOW TRAIN THROUGH KANSAS the same writer should have written one on THE SLOW DIAMOND THROUGH SEMINOLE, which would have been very good reading matter for ball players.

"Slugging" Jim Moore

The only player on the club that had a perfect fielding average—not an error was charged against him this season. While his batting was one of the main factors which spelled victory for the local club this season Jim was dreaded more than any other player on the local club this season. When he came to bat, the Orlando outfielders played in the next county and in order to get a hit he had to place one just over the infield. He had the honor of placing one over the left field fence, a feat which is hard for any left handed batter to do.

N. R. Leon

Who played most of the season around the middle cushion was turned out during the last week of play. Leon had a record that was beyond comparison. At the bat his war club was his main factor. He managed to wield the old war club

and hit for a grand average of 389. When he was released Leon like Bell found fielding on the local diamond a hard job. He was always in the game and when he made an error he felt it, he let it get the best of him and instead of not worrying over his errors he played the whole season with the same feeling.

"Mutt" Wilson

The only twirler to have a no-hit-no-run game to his credit, "Mutt" started off very badly during the first three games, but from then on his control and speed was too much for the opposing team to move. Wilson was pitted against the over-estimated Burmeister on Labor Day and to compare the two players work Mutt had Burmy outclassed all through the game. The game ended up in a tie, but for errors made behind the local pitcher Mutt would have gotten away with his game.

Lee Crow

who was with the local club early in the season was secured at the close of the South Atlantic League to play for the locals on third base. Without a doubt this boy possesses the best throwing arm of any player in the state, and it was the general opinion of scribes around the South Atlantic Circuit that his arm was the best of any in that league. Lee makes errors but they are few and far apart.

Charley Fulton

The best bet of the Jacksonville pitching staff, and also awarded the diamond watch fob for being the most valuable player on the club was secured by the local club. Fulton has twirled two games for the locals and both have been against Fillingim. He lost one game and tied the other. Up until now there has not been an earned run made off his delivery.

Henry Purcell

Another star of the Jacksonville club gave the local club the best he had. Purcell also had a perfect fielding average while he was on the local club. In one game last week Purcell accepted five chances in the outfield without an error. While at the bat Purcell has already demonstrated as to what he can do. He was a 300 hitter in the Sally League and with the few games that he played here his average would meet the same mark.

"Dutch" Engman

The most flashy second sacker seen in this part of the country in quite awhile, Engman was selected for the All-Star team for his steady playing around the second sack. And although he was unable to gain his stride at the bat does not mean that he can't hit. TY COBB once

went eighteen games without a hit, so if Ty can go that long without a hit Engman can go four games without one.

"Pop" Wallace

Last but not least Pop has beat Orlando enough this season to give him a good record. Though years of hard work on the ball diamond was telling on Pop during the last few games he did come back in his last game that he worked in, for over at Daytona, when the Orlando and Sanford clubs were battling for a loving cup Wallace went in to try and grab the cup and for eight long innings he held the Orlando players in hand. Up until that time only

two hits were secured from his delivery. But the team blew and Wallace had to be contented to see the game go the other way. But this game was a credit to him, for it is doubtful if at any time during this season had he pitched a better game. Wallace was the playing managr during the season and his quiet manner on the ball diamond received him praise from "all sides."

## Speaking of Crop Profit

Net Return . . . \$1.00  
Cost to Produce . . . .20  
Your NET PROFIT \$ .80

You grow crops for net profit. A 700-crate crop grown on ONE acre costs less per crate and makes more net profit than 700 crates grown on TWO acres; you know that. Good commercial fertilizer, rightly used, usually makes the difference between 350 crates, or less, and 700 crates, or more, per acre—the fertilizer cuts down what it costs you to grow each crate!

The better your fertilizer, the more crates you get from each acre and the less each crate costs you. Armour Fertilizer, (the result of more than 30 years' manufacturing experience—25 years in Florida—careful study of crop needs by trained scientists, and the work of a nation-wide organization), makes most crates with biggest cash difference FOR YOU between cost and net return. Make Armour Fertilizer YOUR fertilizer. Booklets free.
