Sanford Music Club

The Music Club had a very enjoyable meeting at the residence of Mrs. T. A. Neal, who was leader, Saturday afternoon. The violin was the subject considered. Miss Jessie Stumon read a very interesting paper on "The Evolution of the Violin," demonstrating with her violin the names of all the different parts of the instrument, the many materials used in making a violin and the various changes and improvements since the first violin was made.

A discussion followed, led by Mrs. Munson, on "Why Call the Violin King of Instruments." Miss Jessie Stumon on the violin, Miss Josie the flute, accompanied by Mrs. Munson on the piano, entertained the club with some delightful selections from "Il Trovatore," "Faust," and "Norma."

The roll was then called by Mrs. H. E. Tolar, the secretary. Two new names were proposed for membership in the club. Mrs. Neal, assisted by Mrs. E. B. Higgins, served delicious cake and tea. The club will meet in the studio of Mrs. Munson, December 14th.

The Sewing Circle

The members of the Circle met at the home of Miss Lillian Gibson, Friday evening. While the young ladies diligently plied their needles, an interesting book was read to them. They were also entertained by several musical selections on the piano. Miss Gibson served ambrosia and cake.

The next meeting will be held December 8th, at the Sirmo House, with Miss Hopson.

The members attending Friday evening were, Misses Emma and Estelle Beard, Alice and Lucy Whitner, Annie Lee Caldwell, Alberta Hopson, Lizzie Brain, Ruth Standiford, Mrs. J. C. Bennett, Miss Gail Moore.

Auction Bridge Party

Mrs. Samuel Puleston was the charming hostess of a very delightful auction bridge party, Saturday afternoon. Beautiful red roses made the pretty rooms very attractive. Four tables of bridge were played.

Mrs. A. W. Brown made the highest score and won the first prize, a beautiful glass and silver flagon sugar and cream set. The booby prize, a very pretty little picture, entitled "Play Bridge," was received by Mrs. R. J. Hoily.

When the cards were concluded, delicious refreshments, consisting of croquettes, green peas in timbales, potato chips, hot biscuits, olives and chocolate were served.

Mrs. Puleston's invited guests were, Mesdames O. W. Brady, A. W. Brown, A. P. Connolly, J. W. Dickson, C. E. Bell, A. P. Driver, W. D. Hadden, L. P. Hughes, B. W. Herndon, R. J. Holly, S. D. The KIPFOHEN CABINET

IN BEHIND and down below and up above all life there is one great unchanged purpose for good; every evil is a departure from that purpose. —Phillips Brooks.

TEMPTING THE CHILD TO EAT.

Any one who has the care of children knows how hard it is at times to get children to eat the food that is often necessary for their very existence. Diplomacy, tact and patience are needed to overcome the indifference of the child.

There are many devices used by patient mothers and many simple ways which will appeal to the child. One little boy who was steadily losing ground because of a poor appetite, was left for a month with his fond aunt, who being an ingenious woman, studied the problem, and decided that the youngster must be made to eat, so she started a game, using two spoons in a saucer of breakfast food and rich cream, each trying to keep the other from getting a spoonful, she, of course, seeing that he ate the most of it. At the end of a month the parents returned to find a happy, rosy boy, eating because he wanted to, and enjoying his food.

Another method has been tried and proven to be a success. It is to make pieces of bread and butter for friends and playmates. They become so interested in the game that the food is eaten before they realize it.

One mother who had difficulty in teaching her child to take milk from a glass, overcame the difficulty by putting a transfer picture on the bottom, which he would be rewarded by seeing when he had drunk the contents of the glass.

Pretty dishes, cutting food in the form of animals, and a story told will often help a meal to be taken, happily. Imagination is an essential in everybody's training, and a child often needs to have it developed.

Food must appeal to the eye of the child as well as to the adult.

A set of doll dishes used for a meal will often tempt a child to eat a large amount without realizing it.

Some children with food are like those of older growth, "the good that I would I do not, and the evil that I would not, that I do."

Nellie Maxwell.

THE CIRCUS

As Viewed by the Different Members of the Family and the Inevitable Conclusion Reached by all

Circus day is fast approaching and the small boy is on his best behavior. If it were not for the fact that his mother is wise to his methods his angelic goodness would give her some alarm. She knows that he is working to see "that circus." For that matter, mother wants to see it also. Father is non-committal, but it is the one best bet that he will be there if it is for no other reason than to take the boy. You see he has not forgotten when he was a little whaver himself.

Sparks' world's famous shows will soon be here and will then unfold its myriad of wonders gathered from all portions of the universe. The principal question presents itself, "Are you going to the circus?" The answer gives rise to the belief that show day will see the greatest outpouring of people from all parts of the county this city ever seen. There is every reason to expect this. The promises held forth are simply wonderful, and they come from an institution which in over a quarter of a century has never broken faith with the public or advertised things it did not have.

There is undoubted truth in the statement that the Sparks shows has reached in all its departments the highest perfection of excellence. It has ransacked Europe in its search for wonderful acts and feats. The performance is one of infinite variety, containing many acts, the mere description of which pales before its acts themselves.

Every regard is paid for the comfort of the people, and the show is a triumph. The tent is a masterpiece of the great waterproof art, and the magic touch seems to have been played over the entire circus city, and the parade, to be given at twelve o'clock noon, will furnish a glorious prelude to the circus itself, for it will display a thousand wonders. Magnificent chariots and floats will be drawn by handsome horses, beautiful open dens showing their ferocious inmates will be in evidence and there will be many comical features to make the youngsters about with glee. Thousands of visitors are expected to come from the surrounding country to see the parade and take in the exhibitions, and it will no doubt be a big day for this city.

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

For the purpose of building an immense power plant to develop electricity for the operation of an aluminum plant, the Aluminum Company of America, a Pennsylvania corporation capitalized at \$20,000,000, has purchased rights of way for a distance of forty miles along the Little Tennessee River in Blount county, Tennessee, and across the State line in North Carolina.

Seven dead, and eight injured, is the record of the hunting in Ohio, which began November 15 and closed yesterday. The records show that thirty persons throughout the country were killed in hunting accidents.

The supreme court of the United States today refused to grant a stay to the proceedings against the Chicago beef packers who have been indicted on several counts alleging criminal conspiracy in restraint of trade. This means that their trial must proceed at the time named by the United States district court at Chicago and is regarded as a considerable victory by the Federal prosecution.

"Not less than \$50,000" was the fee received by Clarence Darrow for his services in defending the McNamara brothers in the Los Angeles dynamiting case, according to a declaration made by Frank Morrison, secretary of the American Federation of Labor, and custodian of the McNamara defense fund.

Counting the returns of Tuesday's election in Los Angeles shows that the Socialists lost the majority by fully 40,000. Mayor George Alexander was re-elected over Job Harriman, Socialist, one of the attorneys for the McNamaras.

A storm has been blowing on Honduras coast for several days. There has been much damage to fruit and heavy rains have fallen. No loss of life has been reported. The storm has abated today.

An organized effort of the business men of St. Louis, headed by Secretary of Commerce of Labor Nagle, to get next year's Republican National Convention, is being made.

The stage is set for a Federal grand jury investigation of the alleged nationwide dynamiting conspiracy. Los Angeles is sore vexed by the startling ending of the McNamara case, and would gladly let go the entire affair, but this is considered impossible, as so many of those wanted for witnesses are there.

Prince Chunn, regent of the Chinese empire, and father of the child emperor, abdicated today. His place on the throne was taken by Shih Hsu, a Manchu prince, and Hsu Chih Cheng. This action followed the demands of leaders of the revolution.

A double fatality occurred at Fliey, near Scarborough, Yorkshire, England. Robert Oxley, an aviator, was instantly killed and his passenger, Robert Weiss, sustained injuries from which he died afterwards. They had ascended to a height of about 100 feet, when the aeroplane suddenly collapsed and they were hurled to instant death on the field below.

It is said that much of the spirit of revolution in China is due to students educated in foreign lands. China had to send young men abroad to keep step with other nations, and now the young men are endeavoring to make old China march along.

A woman deputy sheriff up in Pennsylvania gave up her job when she decided to get married. Evidently she captured the man who stole her heart and has given him life time unless a pardon is granted by the courts.

The ability of William J. Burns, the detective responsible for the arrest of the McNamaras is deserving of eulogy. It seems that he has a gift that makes him a near wizard. His further movements will doubtless be watched with trepidation by some of the dynamite assistants.

THE McNAMARAS SENTENCED

One Goes Up For Life, the Other For Fifteen Years

James B. McNamara, self-confessed murderer and dynamiter of the Los Angeles Times building, was on Tuesday sentenced by Judge Bordwell in the criminal court to life imprisonment.

J. J. McNamara, secretary-treasurer of the International Association of Bridge and Iron Structural Workers, was given a sentence of fifteen years in San Quentin prison for his part in the dynamiting exploits in Los Angeles.

John J. pleaded guilty to dynamiting the plant of the Llewellyn Iron Works company.

The following signed statement by Jas. B. McNamara has been made public: "On the night of September 30, 1910, at 5:45 p. m., I placed in the Times building, a portion of the Times building, a suitcase containing 16 sticks of dynamite, set to explode at 1 o'clock the next morning. It was my intention to injure the building and scare the owners. I did not intend to take the life of any one. I regret that the men lost their lives. If giving my life would bring them back, I would gladly give it. I have placed my life in the hands of the state."

This is probably the only written statement of the case that will ever be made by the writer or his brother, John J., who pleaded guilty of dynamiting the Llewellyn Iron Works.

It is believed by officials that the confessions of the McNamaras will give the grand jury valuable information concerning "men higher up" in a nation-wide dynamiting plot. The result of the investigation, in connection with that begun at Indianapolis, it is believed will constitute one of the greatest criminal problems ever undertaken.

Sheriff's Trial Postponed

The case of the State of Florida vs. Sheriff E. L. Smith of Volusia county charged with the murder of William C. McCaskell on Lake George a few weeks ago, and which was transferred from Putnam to Alachua county upon motion of the defense, took a sudden and surprising turn Wednesday morning, which resulted in the postponement of the case.

A special venire of fifty taxmen had been summoned from the body of the county and were in waiting, as was also the defendant and a large number of witnesses both for state and defense, when Prosecution Attorney A. V. Long announced at the opening of the court that he had come into possession of certain facts since the case was set for this date, but which could not be secured at this time; therefore the prosecuting attorney stated that he could not go to trial with the case with justice to the state, and requested a continuance, which was granted. The case may be called at the spring term of the circuit court.

Barney Oldfield In Sanford

Barney Oldfield is touring the south in his old racing Benz car and selling Firestone tires. According to the following interview in Jacksonville he will make Sanford in his itinerary:

"I am here both for pleasure and business. Unlike many of the ex-champions I have invested some of my money and now have an interest in the Firestone Tire Company. This has a great deal to do with my tours over the country.

"I shall be here several days and intend to go down the East Coast, visiting St. Augustine and Daytona, from which places I shall go to DeLand, Sanford and Tampa. At the latter place I will ship my machine to Mobile, going then to New Orleans and Galveston."

Out Goes The Hog

The hog was "awatted" this way by voters, according to the official count: Orlando gave a majority of 130, Winter Park 27, Sanford 53, Paola 12, Apopka 29, Zellwood 11 and Ray Ridge 6. The vote was a very tight one, and the commission soon counted it out. The total number of ballots cast in all the above precincts was 389—only 60 of which favored the hog.

SANFORD'S WHITE WAY

Better Illumination Should Be Slogan of Merchants

GOOD ADVERTISEMENT FOR CITY

Cost Would Be But A Trifle When The Benefits Derived Therefrom Are Considered

For some time The Herald contended that First street should be better lighted during the winter season and as yet the suggestion has not been acted upon either by the Commercial Club, the city council or any of the merchants.

The Sanford Light & Fuel Co. have expressed their willingness to cooperate and ~~at a very reasonable rate.~~ As the lights would only burn a few hours each night and until twelve o'clock on Saturday nights the extra cost would be but very little. As a prominent citizen suggested this week, all of the old gas lamps could be taken up and placed at short intervals along First street, just as Main street in Jacksonville and other cities have done. These gas lamps could be fitted up with three good burners and the pure white light makes a very fine effect in connection with the electric lights and the electric signs. Each business firm could be relied upon to assist in this movement and our city would attract the stranger as never before. There is nothing in the advertising line that attracts attention as much as a well lighted city.

SANFORD LETTUCE IS MOVING

About Fifty Cars Will Go Forward This Week

Lettuce is on the move now and bringing good prices, which is certainly joyful intelligence to all parties concerned. This week will break the 1911 record, as about fifty cars will go forward, according to estimates based upon the amount already gone.

Much of the lettuce has not been of good quality, but on account of the demand has brought very good prices. Some good stuff brought as high as \$5 per hamper in Chicago, and most of the lettuce shipped has netted the grower \$2 per basket, which is an excellent price. The later crop will soon be ready and the holiday trade ought to bolster up the market and make sharp prices.

The growers are well satisfied with prices so far, and the prospects for a good season are most flattering. The movement of vegetables will materially assist in putting a brighter complexion on trade generally.

City Election Returns

The city election passed off very quietly last Tuesday not even a dog fight marred the peaceful and even tenor of the day. But very little interest was manifested and only 209 votes were polled. The returns were as follows:

Played Joke On Parents

George Watson and Miss Carrie Abernathy accompanied Mrs. Heister on an auto trip to Orlando last Tuesday evening and upon their arrival there thought it would be a good joke to telephone Mr. and Mrs. Abernathy that they were married. Mr. Abernathy answered the phone and at the first words did not wait for an explanation but dropped the receiver in amazement.

The young folks returned later on and were surprised to receive congratulations of friends. They hastened to explain the situation to all parties concerned and the wedding presents are withheld.

ATTRACTIONS DURING THE WEEK

Sanford Had Something Doing Every Night

Theatre-goers and pleasure-seekers in Sanford did not have one dull moment this week. On Monday and Tuesday nights the Mabel Paige Co. held the boards at the Imperial. On Wednesday night the "Chorus Lady" was the main attraction, and on Thursday and Friday night Sparks' Circus was the main attraction for young and old.

The Mabel Paige Co. in "Billy," Tuesday night, fully justified their reputation as fun-makers, and there was not one idle moment from the time the curtain rose until the end. It was a screaming farce and every one of the characters were good. The work of Miss Paige and Sir Edward Lawrence, unusual, being above the average. The scene of "Billy" is laid on board the steamship Florida and the settings were all true to life. The work of the sailors and officers was especially good, and the audience did not have time to recover from one paroxysm of laughter before going into another. The Herald can recommend the Paige Co. in "The Lost Trail" and "Billy" to every other city in which this estimable company may cast their lot. Both plays are good and the Mabel Paige Co., as usual, is up to the standard.

Wednesday, "The Chorus Lady" held forth at the Imperial in all the glory and panoply of stage settings and theatrical glamour. "The Chorus Lady," played in a large opera house and by a better company would undoubtedly be a good play, but either a lack of patronage or lack of intelligence prevented a real presentation of the play. The only redeeming feature of the play was the part of Patricia, portrayed by Miss Dunne and as the Chorus Lady she was the real article.

"The Chorus Lady" is really a good play, with excellent moral lessons, and the company probably can play better than they did in this city, but whether the audience is large or small, when they give up a large iron dollar for a seat, they expect something in return.

Thursday was circus day, and every small boy in Sanford was awake on time that morning.

A number of people from near by towns were in the city and the parade drew every one to First street and then to the show grounds.

The performance was all that could be desired and was a clean show in every respect. Of course one does not expect to see any new thrills at a circus but the Sparks shows are better than the average circus, and is large enough to be interesting without the disagreeable features of the largest shows.

All the performers were good, the menagerie was good and old Mary the elephant is still the children's favorite. In all the Sparks show can be recommended highly and the management knows how to give the public a good show for little money.

Shaker Under Bond

Egbert Gillett, the Shaker colonist, who the Osceola County Grand Jury, just adjourned, failed to indict for the murder of Sister Sadie Marchant, was placed under \$7,500 bonds here late this afternoon upon an order from Circuit Judge W. H. Price. He immediately gave bond and went to his home at Ashton.

The action of the court followed a motion made by State's Attorney Jones, who expressed surprise that the Grand Jury had taken no cognizance of the admissions of Gillett that he had administered a powerful drug to Sister Sadie at the time when she was seriously ill. Strong sentiment favoring the abandonment of the charges against the Shakers is believed to be responsible for the failure of the Grand Jury to act.

State's Attorney Jones asked that Brother Gillette be held without benefit of bail until the convening of the next Grand Jury, but the court decided to allow him his freedom on bail. The case against Sister Elizabeth Sears has been dropped.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

The Salvation Army in Tampa is making a house-to-house canvass of the recalcitrant section of that city asking for donations for their annual Christmas dinner to be given to about 600 of Tampa's poor.

The seventh acceptance of a foreign government to participate in the Over-seas Celebration in Key West has been received from the Portuguese government. They will be represented by a minister and one of their largest warships.

The Baptists in St. Cloud have awarded the contract for the erection of a concrete block church.

The Kalamazoo council has awarded a contract to the Alabama Paving company of Birmingham, Ala., to pave one block on Emmett, three blocks on Broadway and one block on Dakin avenue with vitrified brick. The company have the men and tools on the ground and will begin work Monday morning.

Alderman Stephen Smith, E. C. Hibbard and John Thompson, of the Daytona Beach council, were arrested Thursday on a warrant sworn out by Clark G. Smith on a charge of defacing and falsifying the town tax books.

Pinellas county will have its official birth on the first day of January, 1912, according to report, and on that day the officials nominated in the primary and appointed by the governor will take charge of affairs. Clearwater will probably be the county seat.

Other counties are cultivating sugarcane for commercial purposes, and next year great quantities of that money-making crop will be planted. Wakulla county is a natural sugar-cane county, and the acreage should be greatly increased.

Coming into Tampa from Tarpon Springs Wednesday afternoon—Major Douglas Conoley and Archie Campbell saw two eagles of the "bald" species on their nest in the top of a tall pine. Major Conoley took his shotgun and fired at the male bird, bringing him down wounded. The major lassoed the bird and took him to the machine. The bird died later. Major Conoley will have it mounted. The bird is a splendid specimen, measuring six feet seven inches from tip to tip of its wings.

A chapter of crimes has occurred in Sumter county within the past week which is most deplorable. On last Friday morning, one Jim Knight, a negro man, killed his wife, and this morning Will Baxter, a young white man who lives at Okahumpke, shot and killed Prof. John A. Jones, late superintendent of public instruction of this county, the killing taking place at the home of Mr. Jones, three miles from Sumterville.

W. D. Barnett, the well-known banker of Jacksonville, has purchased the interest of Mr. W. M. Bostwick in the St. Johns Electric Light Company of St. Augustine, and will also succeed Mr. Bostwick as president of the company.

CAMERON CITY CLIPPINGS

Special Correspondence to The Herald:

Mr. and Mrs. Mitchell were Sunday callers at Cameron City.

A number of our young men went to Sanford Sunday afternoon to attend the Elk's Memorial services.

On Monday evening of this week some of our young people took a moonlight drive to Silver Lake and called on Mr. and Mrs. Herbert Maris of Philadelphia, are visiting their parents Prof. and Mrs. George Maris.

On Sunday November 26, Mr. and Mrs. Chas. Worthington, Mr. and Mrs. Justin Worthington, Mr. and Mrs. J. C. Rich and Miss Grace Rich were entertained at dinner at the home of Dr. and Mrs. Minnick.

A recent election of officers in our Sunday School resulted as follows: Supt., L. J. Hancock in place of Dr. Minnick, Assistant Supt. Mr. Hibbard in place of Mr. Haynes, Mr. John Shinn Secretary and Treasurer in place of Ed Gormly. The new officers took their places last Sunday. Mr. Hibbard acting for Mr. Hancock.

Miss Francis Dutton spent last Friday at Minnick place.

O. E. Aldrich and son have gone to Orlando for a time.

Mr. and Mrs. Chas. Worthington had as dinner guests last Sunday Mr. and Mrs. J. C. Ellsworth Jr., and Mr. and Mrs. Justin Worthington.

Sparks Circus will be in Sanford Thursday and many people in this vicinity will attend.

We notice among the game laws a fine of twenty five dollars for hunting on Sunday. There has been a great deal of shooting around this peaceful hamlet on some recent Sundays and somebody better look out—the law might be about.

We were to have Thanksgiving service at our church last Sunday morning but the cars were not running and Dr. Swartz could not get out. After an interesting Sunday school the congregation joined in a song service. Mr. Dutton kindly brought Dr. and Mrs. Swartz out in his auto but it was so late and no cars run-

ning and they decided to return with Mr. Dutton and the Thanksgiving sermon will be given next Sunday.

Mrs. R. Washburn spent Tuesday with Mrs. Minnick.

Mr. and Mrs. L. J. Hancock will entertain the Worthingtons and Ellsworths next Sunday.

Farmers Club met Tuesday evening and a very interesting evening was spent. The question box presented many topics for discussion—orange culture, sunburn and blackheart in lettuce, blight in celery and many things in regard to the work of the Association were discussed. New officers were elected. Chas. Worthington president; Mrs. Minnick, vice-president; Neva Gormly secretary; Mrs. Ellsworth, Miss Rich and John Shinn were appointed programme committee. Club meets again in two weeks.

A most enjoyable affair was our Thanksgiving dinner at the church. The table was loaded with good things to eat and the simple decorations of ferns, roses, nasturtiums, wild holly and Indian Pipes, the baskets of golden oranges and tangerines made it beautiful to look at, while a gay little turkey strutted in stately manner as a center piece reminding the merry company that for one day at least he was the bird of the nation. Mrs. J. C. Ellsworth went among the guests and had them write their names and birth places and has kindly loaned her list for publication.

It is as follows:

Rev. Joel Swartz, Virginia; Mrs. Joel Swartz, Ohio; J. A. Gormly, Pennsylvania; Mr. and Mrs. J. C. Rich, Pennsylvania; L. J. Hancock, Indiana; Mrs. L. J. Hancock, Illinois; Mr. and Mrs. J. A. Dressler, Ohio; Mr. and Mrs. Geo. L. Maris, Pennsylvania; Dr. Wm. A. Minnick, Indiana; Mrs. W. A. Minnick, Pennsylvania; C. C. Worthington, Ohio; Mr. and Mrs. W. W. Dresser, New York; Mr. and Mrs. R. ZELLWOOD NOTES

Special Correspondence to The Herald:

Zellwood is ringing with the sound of hammers and saws. Many buildings are going up at present. We will probably have to ask Tangetine to please move a little further on in order to give us room to spread. She will doubtless be contented or feeling proud of being the suburb of Zellwood.

A car load of people arrived last week from Texas. Let every one do what he can to make them feel welcome here, and make them proud they came to our town. Those who have had experience growing vegetables on the muck will be glad to advise with the newcomers and let them profit by their experience.

No merrier crowd gets together than met with Mr. and Mrs. A. R. King on last Saturday night. Standing room was at a premium. Everybody seemed to be glad they were living. The music furnished by the "Venson Band" was enjoyed by all. Mrs. L. S. Stewart and Mrs. C. Osborne were in Orlando recently.

C. Flakden is digging his Irish potatoes. Mrs. Griffith is visiting her daughter, Mrs. A. R. King. She will perhaps stay the greater part of the winter.

C. Fiskden, J. H. Jones and J. W. Jones went to Orlando on business Saturday.

Mrs. John Morton, one of the Texas party has been sick since she arrived. We are glad she is able to be up again.

Leon, Wallace and Ralph Osborne carried their father and mother to Orlando Tuesday of this week to let them see the animals.

MOORE'S STATION

Special Correspondence to The Herald:

There are a great many people, both here and elsewhere, who agree with what Saunterer said about our good friend, Dr. W. A. Minnick, in last week's "Curstone Gleanings." Only to know the doctor is enough to see that he is every man's friend.

Byrd and Frank Willis are working in a saw-mill in Geneva.

Old Stridge, who was cut and badly hurt while on duty on his car in Jacksonville, recently, is at home. Fortunately

he was not injured as badly as at first supposed. He carried accident policies; he will return to his position soon.

Mr. and Mrs. Thobe Johnson's young son John is quite sick. He is doing nicely, though, under Dr. Walker's care.

More than three car-loads of lettuce are being shipped from Harry Ward's Beard-all farm this week. Joe Cameron, W. W. Miller, J. F. McClelland and others are shipping lettuce.

We learn that our old neighbor, E. L. Craig, has resigned his position on the A. C. L. railroad, and is the "Man at the Wheel" for the Sanford Street Car Co.

Harry Ward purchased a nice mule team from Edgar Brown, of Geneva avenue, recently.

A fine big steer was killed by the street car at Moore's station, Sunday evening.

Mr. and Mrs. J. C. Ellsworth, Jr., enjoyed a fine turkey dinner Sunday, at the Worthington home, on the bank of beautiful Lake Onoro.

Mr. and Mrs. T. Johnson and children, Mr. and Mrs. J. C. Smith, Mr. Courtney and son, and Mr. and Mrs. J. C. Ellsworth, Jr., were at the Thanksgiving dinner at the Cameron City church.

Others who dined out were Miss Ingram and Mr. and Mrs. Morris and children, who took dinner with Mr. and Mrs. Guerry; Mr. and Mrs. W. W. Miller entertained Mr. and Mrs. I. D. Hart and daughter, of Geneva avenue; Mr. A. E. Gilbert and sons were at the J. O. Packard home in town.

MONROE MEANDERINGS

To the Editor of The Herald:

Our very efficient school teacher, Mrs. Stevens, spent Thanksgiving with her parents in Orlando. She is now back at her post.

It is reported that the ferry at this place will be ready for the travelling public Dec. 15th.

Mrs. J. W. Bell was visiting friends in Sanford this week.

Mr. Mann killed a razorback this week that weighed 239 lbs when dressed. The razorback is not so bad after all.

We are having a very interesting Sunday school at this place and everybody is invited to attend. Bible reading Sunday night; subject, "The Judgment."

A slightly exaggerated performance, but let it stand for those Plus Qualities to be found in all Diamond Edge Tools.

Those qualities that have to do with the "Class," with "Hang," with "Clean Chipping" and "Working Ease" in the eye. Such qualities appeal to the man who uses the axe because it means easier work, better work, and more of it.

Death of Mrs. Hall

Mrs. B. H. Hall died last Tuesday, after a short illness. The funeral occurred on Wednesday from the residence on Second street, Rev. Wildman officiating. Interment was made in Lakeview cemetery.

Her life was gentle, but like the still waters, it was deep in her heart of hearts she carried those she loved, and her hand was never weary, her step never failed in ministering unto, caring for, waiting upon those who were in any way dependent upon her.

Mrs. Hall had been a resident of Sanford for many years and her many friends sympathize with the grief-stricken family in their bereavement.

Women, Get Well! Enjoy Life!

No More Suffering or Weakness if You Use Reno's New Health. Sold Under Guarantee

"For ten years I suffered from troubles peculiar to my sex. I consulted the best physicians without the least help. I lost all hope of being cured at all until I heard about Reno's New Health. The first bottle gave me relief and now I feel as well as in the days of my youth."

This letter is only one of the thousands of testimonials that have been voluntarily given to Reno's New Health in the past few years.

Nothing ever approached this marvelous remedy in its power to build up weak women and cure their diseases. It is the one great restorer of all natural functions, supplying the system with vital force without which no woman can have health, strength and happiness.

Reno's New Health feeds every tissue of the body, strengthens the nervous system and surely and thoroughly relieves Scanty, Painful, Irregular or Suppressed Menstruation, Sickly Periods, Constant Weariness and Weakness, Depression, Cramps, Dizziness, Violent Headaches, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea and all Inflammations, Ulceration and Discharges of the Vagina and Uterus.

There is positive danger in allowing female trouble to go uncared for and there is almost as much danger in using the ordinary remedies which are recommended for such cases. Reno's New Health is the prescription of an eminent physician whose life was devoted to the care and treatment of woman's diseases. This marvelous remedy is so invariably successful in curing the diseases peculiar to the female sex that it is sold under an absolute guarantee of money refunded if it does not do all that is claimed for it. No other medicine for women was ever sold in this way as there would be so many requests for money back that the proprietors would soon be forced out of business.

Your druggist will sell you Reno's New Health with a guarantee to return your money on first bottle if it fails to relieve. You certainly can afford to use it on this guarantee.

The good people of Orlando had an apple paring bee in their midst this week. Now if they can just find a bee that will peel oranges, feed the chickens and milk the cow how happy they would be.

The young swans that recently left Lake Lucerne in Orlando, were seen near Santhe other day. They were recognized very easily as one of them looked like Charlie Lord and one of them like Mahlon Gore.

Gilbert Leah has returned to his first love and is now on the Tampa Tribune as city editor. Mr. Leah is well known in the Florida press gang and his return to journalism will be hailed with delight by his many friends.

Man in south Florida died from the bite of a white rat. After drinking some of that Jacksonville brand there have been several cases of people seeing white rats and red monkeys in Sanford but as yet no one has been bitten.

There have been five or six Herald's going through the mails to people of this city complimentary. As we now deliver these papers by carriers and delivery costs money we will be obliged to discontinue delivering these papers. If any of these good folks want the paper they can get it by calling at The Herald office.

Florida lettuce is now moving to market and bringing fine prices, according to the Sanford Herald. The first straight car of lettuce shipped from Sanford this season went out last week and sold at an average of \$3 per hamper, netting the shippers about \$2. Sanford raises other things than celery and makes money on the crops.—Times-Union.

The following are the announced candidates for congressman at large: Wm. H. Ellis of Tallahassee; J. Eld O'Brien of Pensacola; Claude L'Engle of Jacksonville; Geo. C. Martin of Brooksville; Thos. J. Lauri Brown of Tampa; Braxton Beacham of Orlando. It is evident that the victor will have to undergo the tribulations of a second primary.—Punta Gorda Herald

Brother Hetherington of the Lake's News is another Florida editor who has not received any game this season. From the selfish hunters who go out and slaughter hundreds of birds. Come to Sanford, brother, after the holidays and we will take a hunt for our own personal benefit. That sounds good coming from a newspaper man—our own personal benefit—what a blessing it would be to us for just one day to be like the rest of the sordid world and do something for our own personal benefit.

With the Orange county fair looming up in the distance and promising to be greater and better than ever before, the Orlando Reporter-Star publishes a front page, four-column view of the grandstand and race track and it looks very interesting. The Orange county fair is held at a time when the finest displays of citrus fruits and Florida vegetables and field products can be displayed, and it is always an event worth travelling miles to attend. Visitors from all over the United States will be presented during the coming fair and they will be well pleased with the showing made for Orange county.—Times-Union.

The city council deserves praise for passing an ordinance prohibiting the defacing of fences by bills and the sidewalk by chalk and paint signs. The appearance of the city will be greatly enhanced by this ordinance and every city, big or small, is taking up this matter. The boards have been condemned, and the vacant spaces have been a resting place for the defacing of the city. The ordinance will do it. The Herald commends the city upon their action.

NO IN SANFORD... the shopper... city in South... has purchased... and from the

smallest store to the largest the stocks are the best that money can buy. Every thing in the way of Christmas goods can be found in Sanford this year and for miles around the people will come to Sanford to trade. The Herald has anticipated this rush and in order to lay the goods and prices before the people, a large edition will be printed one week from Christmas in order to allow the merchants to give the goods and prices full display. Be sure and watch the Herald for the big edition and then come to Sanford. You can get any thing you want at the very lowest prices.

BEACHAM FOR CONGRESS

Hon. Braxton Beacham of Orlando, has finally consented to announce his name as a candidate for Congressman-at-Large. The following from the Reporter-Star is very much to the point:

Mr. Braxton Beacham will make the run for Congressman-at-Large.

The Reporter-Star makes this announcement after a comprehensive interview with Mr. Beacham today.

He has canvassed the field, and from the sentiments which have been expressed to him, feels justified in standing upon his record as a business man.

Now, it is up to the people of this city and this county to get together to boost Mr. Beacham.

He is a citizen that this town is, and should be, proud of.

His career is typically American. He rose from poverty to affluence, and he did it single handed and clean.

He is a conservative business man, of the type that is the backbone of the nation.

He is not a politician, but will go to Washington with the real interests of this section close at heart.

Orange county has assumed importance in the state's affairs. It is one of the greatest wealth-producing counties in the state. The opportunity is at hand for this section to reap the benefits of Federal representation, and it would be a deplorable circumstance if there were not a man in the county great enough to measure up to this opportunity.

Mr. Beacham is in the race to win, and let us do all in our power to see that he does win.

WHY THE COMMERCIAL CLUB

Since Secretary Bates has posted the cards in every business house in Sanford, calling the attention of the advertising fakirs to the fact that no contracts would be made without the endorsement of the Publicity Committee, the merchants have not been bothered by these smooth gentlemen.

Secretary Powell, of the Tampa Board of Trade, has the following regarding this method:

The usual horde of fakirs has invaded Florida and are overrunning it from Pensacola to Key West with every kind of advertising proposition. They are getting out room-cards for hotels, city guides, railroad time-cards, hotel directories, advertising clocks, and everything the novelty workers can conceive of.

The ploy of it is that these fellows can get business in a city, and from certain business men who don't believe in advertising, and who claim that advertising does not pay.

It is up to the commercial organizations of Florida to take drastic measures to rid the state of the kid-glove gentry, who live by their wits and persuasive powers.

Three years ago Tampa was a fertile field for their operations. They took from the city \$10,000 or more a year and left in return a lot of worthless trash and disgusted advertisers. The Board of Trade of Tampa has a membership of over 300 among its business men. Its publicity committee framed an order and caused it to be posted in these business houses, stating that no advertising proposition from a stranger would be considered without it had been endorsed by the Board of Trade. The placard further states that any merchant violating the order would be fined \$50.00, or his membership in the board relinquished. This order did the work. Today Tampa is on the black-list of the fakirs. It is no longer "good picking," but the directory says: "Tampa, Fla.—Keep away, nothing doing."

Discourage these fakirs every time they bob up—get Our Town off the "easy picking" list. Don't let these cheap skates poke fun at Our Town—work you for an ad, and then meet the next fakir and tell him that "Jayville fell to my fake like a duck takes to water. She's good for \$200 any day. Try her out—she'll eat out of your hand."

PAY A LICENSE

Every time a church organization, moving picture show or any other business man wants to print a pamphlet, program or hotel register, etc., for nothing they immediately solicit advertising from the merchants and get enough money in advance to pay for it. There is no rhyme or reason about this fake advertising stunt. There is only one chance in a thousand for the advertiser to get his money back and yet this money spent is

checked up against the advertising on the ledger and the business man at the end of the year tells the newspaper man that he has spent several hundred dollars in advertising during the year and received no returns.

The Herald pays a license to play in the advertising game. It is our stock in trade and the city council ought to pass an ordinance making every solicitor of advertising on these fake schemes pay a license.

If any individual or organization wants a book or pamphlet or program printed for nothing then let them go to the merchants and ask for the money direct. This is charity pure and simple and as the Herald solicits advertising on a strict business basis we do not care to be classed as charity people. The greatest drawback to Sanford today is the general idea of every man trying to attend to a side line with the result that most of the money goes out of the city that should remain here and the man who pays a license for doing business is forced into competition with the one who pays no license and has no expense to meet. This advertising question will never be settled until it is settled right and it will never be settled right until every solicitor is required to pay a license.

Extensive Use of Potash.

Potash enters into the making of glass, soap, bleaches, dyes, photographic chemicals, medicine, explosives, fertilizer and is used in gold mining and many other industrial processes.

Idea in Paper Manufacture.

It is proposed to manufacture paper from pulped blue-gum timber. Tests have been carried out at English paper mills and are said to give a product equal to that made from African esparto grass.

ASHAMED OF HER FACE

"I was ashamed of my face" writes Miss Pickard of North Carolina. "It was all full of pimples and sores, but after using D. D. D. Prescription for Eczema I can say that now there is no sign of that Eczema and that was three years ago." "This is but one of thousands of cases in which D. D. D. has simply washed away the skin trouble. D. D. D. cleanses the skin of the germs of Eczema, Psoriasis and other serious skin diseases; stops the itch instantly, and when used with D. D. D. soap the cures seem to be permanent. Nothing like D. D. D. for the complexion." Trial bottle 25 cents, enough to prove the merit of this wonderful remedy. We can also give you a full size bottle for \$1.00 on our absolute guarantee that if this very first bottle fails to give you relief it will cost you nothing. L. R. Phillips & Co.

There is a move on foot to have Sanford made a basing point in the matter of freight rate adjustments. RECORD BREAKING SALE

Vegetable Growers Association Gets Good Price For Lettuce

The Florida Vegetable Growers' Association sold in Philadelphia Tuesday Dec. 8th, a car of lettuce for \$1075.25 gross, which is undoubtedly the best sale of lettuce thus far this season, and considering the quality is a remarkable sale.

This netted the Growers after all charges for freight and has been deducted \$2.44 per ham, no bad price for poor stock. The following members of the Association participated in this sale: Jackson & McNeil, H. Mendenhall, J. W. Tipton, W. S. Thornton, R. H. Muirhead and R. M. Hamilton.

This sale was made by our regular salaried salesman, Mr. A. J. Dennis at Walnut & Dock Sts., who is one of the best in the business. The Association is shipping one or more cars daily and getting top notch market prices, but we naturally do not expect to equal the above sale very often for similar stock.

The civic program prepared by the We-laka Club for Thursday afternoon was an exceedingly interesting one. Mrs. Forrest Lake was leader and read an exceptionally fine paper on Civics. The subject in its entirety was most interesting and instructively treated. The paper, as read, will bear repetition before a larger meeting of the club. Mrs. M. Martin, president of the Sanford Improvement Association made a report of the work done by the association and the many efforts made by them in the attempted improvement of the town and the north and south parks.

Mrs. C. E. Walker made a report also of the very successful efforts of the West Side Improvement Association to care for and beautify their part of the city and West Side Park.

The committee appointed by the club to confer with the School Improvement Society made a preliminary report of the result of their conference. After a short discussion by the members present, on "The special needs of our city," the club adjourned. All those who were not present Thursday afternoon missed a fine program.

Rival For the Potato

Have you eaten a dasheen? No! Well, you will be calling for them soon if they are as good as President Taft and the National Geographic Society say they are.

In a word, dasheen is a tuber about as large as a potato, with a nutty flavor and double the protein of the Irish potato. The government has been experimenting with its cultivation since it was introduced here by George Campbell, of Kiaying, China, a little more than a year ago.

According to the Department of Agriculture, the most appetizing form of the plant is that grown in certain parts of Japan, and is known as the Trinidad. This dasheen yielded at the experimental station an average of seven pounds to the hill, or at the rate of fifteen tons to the acre.

It thrives best in the wet soil of the Gulf states, and its cultivation will enable farmers to utilize vast areas of hitherto useless land.

In time the dasheen may rival the potato.—Chicago Examiner.

Calvin Reasoner

Calvin Reasoner died at the home of his nephew, F. R. Reasoner on Colery avenue Tuesday at the advanced age of 81 years.

Mr. Reasoner came to Sanford several months ago in failing health and his death was not altogether unexpected. He was born at Adamsville, Ohio and was well known in literary and legal circles having held the position of Circuit Judge at Salt Lake City for many years. He was a college graduate and at various times had conferred upon him the degree of L. L. D. and Doctor of Laws and several other degrees of merit.

He resided for some time at Warrenburg, N. Y. from which place he removed to Sanford to spend his remaining years with his relatives.

The funeral occurred yesterday, Rev. J. W. Wildman, officiating. Interment was made at Lakeview cemetery.

Book Lovers' Club

The members of this club held their first meeting as a club, at the residence of Mrs. C. H. Dingee, on Sanford Heights.

After deciding on a name for their club to distinguish it from the Book Circle, Mrs. Dingee entertained the ladies with a very interesting guessing contest. A prize was offered to the member making the largest number of correct guesses. Mrs. Luke captured the prize, a very pretty hand painted cup and saucer.

After the contest was over, Mrs. Dingee served a delicious chicken salad course; with coffee and whipped cream. Mrs. R. L. Pock, was Mrs. Dingee's charming visitor. The club will meet next month with Mrs. Holly.

Prominent Visitors Here

J. E. Ingraham, vice-president of the East Coast Railway and Walter F. Coachman, president of the Consolidated Naval Stores Co., were in the city Wednesday, enroute to the Everglades and the new A. O. and G. Ry., that is building from Okeechabee east and west and part of the road is now building through Geneva to Maytown. Messrs. Ingraham and Coachman had a camping outfit and they will penetrate the wilds of the southern section and look into the possibilities of the new road.

Both gentlemen were greatly interested in the remarkable growth of the Sanford section and the many signs of thrift and progress.

Bridge Party For Miss Hayes
Miss Beale Schumpert, entertained at bridge in honor of Miss Dorothy I. Hayes, Monday evening. Three tables were played. Miss Hayes made highest score and captured the first prize, a pretty silver picture frame. The second prize was received by Miss Charlotte Keeler, a pair of silver embroidery scissors.

Mr. Jay Einstein, received the first prize for the gentlemen, a pretty silver pencil. R. R. Deas, drew the consolation prize, a deck of cards. After the conclusion of the games, refreshments of ice cream and cake were served.

Miss Schumpert's guests were Misses Dorothy Hayes, Charlotte Keeler, Mell Whitner, Rose Dickinson, Elizabeth McLaughlin, Vivian Yeiser, Messrs. Frank Miller, Braxton Perkins, R. K. Deas, Jay Einstein, Willie Leffler, W. J. Thigpen and Mr. Wallace.

The Wednesday Club
A very large attendance of the club members, with two visitors, were present at the meeting of the club Wednesday afternoon, at the residence of Mrs. L. R. Phillips. "Civic Topics" were the conversation of the afternoon.

After the reading of the minutes by the secretary, Mrs. Chase, the report of the committee, last Wednesday afternoon, on their selection of suitable colors, a flower and motto for the club was heard again. Their choice of purple and gold for the colors and the violet for the flower was unanimously adopted; but as there were five mottos from which to select, the choice of the club was decided by vote. "In All Thy Getting, Get Wisdom" (Bible), was the preference for motto, as decided by vote.

Mrs. A. D. Key then entertained the club, as only Mrs. Key can, with a very fine paper on "The Progress of the Peace Movement." Her cleverly selected subject matter, interspersed with judicious witticisms, made the entire paper very interesting.

Mrs. Henry Wight continued the topic with several excerpts from some fine talks it had been her pleasure to listen to on the universal subject—Peace. Also, extracts from noted writers about Peace.

Several good articles on the same subject, by prominent men, were read by different members of the club.

Mrs. L. R. Phillips read, "John Bright, the Hero of Peace," by James Russell Hayes; also, "The Peace Message," by Julia Ward Howe.

Miss Guild told the club of the great desire of the High School faculty to improve and beautify their grounds. She asked the interest and co-operation of the Wednesday club in the plans they were formulating; which request was most willingly received, and the president appointed a committee to confer with the faculty of the High School when they are ready to begin the contemplated work.

Hunting Party

Early Thanksgiving morning, a crowd of young people from Sanford drove out to Cassia to join a merry hunting party. The weather was ideal for this sport, and the efforts of the amateurs in learning the use of fire-arms provoked much laughter from the more experienced hunters. Although they did not bring back a deer, as they had confidently told their friends they intended to do, they managed to bag many birds and squirrels, which were proudly exhibited on their return Sunday morning.

Those comprising the party from Sanford were: Misses Kate Brown, Edith and Ruth Stewart; Messrs. Forrest Gatchel and Robert Walker, and Clinton Maas of Tampa.

No More Sidewalk Signs

The ladies who have been forced to drag their skirts over the signs on the sidewalks for some time will be glad to learn that this little stunt of advertising on the sidewalk has been nipped in the bud by an ordinance recently passed by the city council.

Nix On The Near Beer

The city council has revoked the license for selling near beer and same will go in effect next October when the present license expires. This means that the near beer will have to go.

Notice

The annual meeting of the stockholders of the Sanford Building and Loan Association will be held at its office, over the First National Bank, Sanford, Fla., at 7:30 p.m., Saturday, January 13th, 1912.

Fashions in Bulgaria.

Bulgaria believes in fringes, and they are over all with the rare exceptions where the undershirt, always of the best of white linen, may be scalloped at the bottom and even then the fringe effect is used in the over tunic. For the gathering of the many threads suggests to the wearer the numbers of their nation, as is their peculiar red dyed reminder of their blood, and the flowers, and grains, and fruits, embroidered on their gowns represent their industry.

FOR YOUR HAIR.

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

But, when the hair roots retain any life, we believe there is nothing that will so surely promote hair growth as will Rexall "98" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "98" Hair Tonic, should it not please you.

Rexall "98" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.

Rexall "98" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store—The Rexall Store.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

The thousands of ducks which have arrived and are now peacefully enjoying themselves in the waters of this sunny state show beyond question that cold weather has settled in the north, the arrival of the birds also furnishing good hunting for the sportsmen in this section of the country. The new duck shooting law says it is unlawful to shoot ducks in the waters of the Indian River North of Mosquito lagoon, except from the first of April, and no ducks can be shot before sunrise or after sundown. One person is allowed to kill 25 ducks in one day, but no ducks may be sold and no common carrier is permitted to transport ducks.

The board of county commissioners of Marion county leased the convicts for the coming year to Messrs. Buttgenbach & Co. Their bid was \$28 per month. The board reserved thirty able-bodied prisoners for road building and repair work; all other convicts to be leased out.

The State supreme court has decided that the act creating the new county of Pinellas is valid.

St. Lucie county's officials say that that county is going to construct the best good roads system on the East Coast highway and that it is going to be completed within the next twelve months.

Wauchula will soon have electric lights as the matter has practically been settled by the city council.

It is stated that the Postal Telegraph Company is soon to establish an office in St. Petersburg.

Active preparations are being made in Tampa for the erection of the new factory of the Tampa Brush and Specialty Company.

The body of Rev. Gaetano Barbarosa, an Italian preacher, was found in McFarlane Park, Tampa yesterday afternoon, a revolver with one chamber discharged, and a gaping wound in the head of the dead man, revealing the cause of death as suicide. Barbarosa had been despondent for some time on account of money matters and is said to have threatened to take his own life.

At a special meeting of the Automobile East Coast Association Friday night at the Daytona club house on the beach it was decided not to contribute financially toward the proposition laid before the association by Promoter E. A. Morosa for a series of racing meets and speedy trials on the beach during the months of January, February and March.

The first vessel ever to enter a Florida port from Iceland and possibly one of the few ever to come direct from that country to the gulf, arrived in Pensacola when the Norwegian schooner Penn came from Rindavics, one of the many unpromising ports. And she brought as cargo 300 tons of spoiled herring, which is billed in the manifest as herring guano.

The Palatka News last Friday, giving a detailed account of the big fire that destroyed the Wilson lumber mills, near that city, shows also a picture of the fire taken at some distance up the river.

Because it has outgrown its present quarters and feels the need of a modern and more commodious building the Kissimmee Valley Gazette is arranging to have a new office building. The orders have already been issued for a two story brick building of good size, to be constructed in Kissimmee on one of the principal streets, and the Gazette will move in as soon as the place is ready.

The growers who have egg plants ready for shipment now are reaping good returns from their crop. The prices are as good, if not better, than for some time past and the market is active, the demand being largely for the best grades and sizes, which this season are uncommonly good and even.

The celery crop in the east is very light this season, and it is believed this will be a banner year for the Florida grower.

J. J. Murray, who lives near Plant City, brought in several quarts of strawberries which were sold to Rolla Green for \$1.00 a quart. They were red, luscious and tempting in blood-red ripeness.

BIG DAY IN POLICE CIRCLES

Sanford Beats Row Down Molefacturers Yesterday

Monday was a busy day with the officers of Sanford, and although it was Blue Monday, there was plenty doing.

Marshall Smith was first to ring the bell and pulled a negro from the train who was wanted at Kissimmee for robbing cars.

When the Clyde Line boat came in the police were called there to take a man from the boat. He was charged with an attempt to break into a state-room occupied by two ladies. His intention was to get their valuables and decamp, according to the employees of the boat, but he will have a chance to explain his actions to the court.

Yesterday afternoon, as the train north bound came in, Hon. H. C. McRae, of Trilby, was helping his wife on the train when he felt a tugging at his hip pocket, and only having one arm he shoved the man who was directly behind him away. Looking around he told Flagman Brooks that the man had his pocket-book, which the stranger denied, and leaping on the train disappeared. Later Officer Sanford and Mr. Brooks started down the platform scanning each face for the man, and finally located him standing near the gate. As Brooks pointed him out the man started toward the waiting-room. Deputy Brady and Safford headed him off and arrested him. Before Judge Stringfellow he gave the name of Carson and denied the charge.

Solicitor DeCotte represented the county and Attorney Dickinson the defendant, and after weighing the evidence His Honor bound the prisoner over to the next term of the criminal court.

Lettuce is Moving

Sanford, Fla., Dec. 8.—The lettuce movement is now on and about eight cars daily are going out. The recent cold weather had a beneficial effect on the crop and while the stock cannot be classed as strictly fancy, that which was loaded this week was fairly well headed, and graded, good to choice. Indications are that the next ten days will wind up the fall crop when there will hardly be anything mature until after Jan. 1. Prices are good, sales on Monday and Tuesday being made at \$1.50 per hamper, which is satisfactory to the growers. Among those handling the lettuce movement the M. O. Coggins Co., of Pittsburg and Jacksonville shipped three cars out of the total movement of eight on Monday and expect to control at least half of the crop throughout the entire season. The concern has sales offices in the Welborne Block near the depot, with F. F. Dutton in charge. They will be heavy in celery, potatoes and tomatoes from this section.

It now looks as if there will be something doing until late in the spring. The growers are disposed to sell their products at a price which will permit of the buyer making a fair sized margin. This condition has not ruled in former years and especially last season buyers were discouraged and long before the height of the season only one or two could be found here.—Produce News.

Raised Big Potatoes

R. E. Wyoone, of the machinists' force of the Fernald Hardware Co., aside from his multitudinous duties during the day, finds time to raise a fine garden at his home on Oak avenue, Sanford Heights. His specialty in the garden line is sweet potatoes, and he has them in almost every month of the year. He brought an eight-pound potato to The Herald office this week, and stated that he had raised them as large as 15 pounds, and will make this season 40 bushels on one city lot, which demonstrates the fertility of the soil.

THE COMMERCIAL CLUB

Held An Enthusiastic Meeting Last Friday Night

TOPICS OF INTEREST DISCUSSED

Advertising The City Will Be Pushed This Winter—Orange County Fair Exhibits

A very enthusiastic meeting of the Sanford Commercial Club as a whole was held in the city hall Friday night and much important business of a public nature was handled. The publicity department of the club was instructed to investigate carefully every advertising proposition presented to our business men for support if said propositions had their origin other than Sanford. It was decided that those who solicited advertisements locally for local causes should not come under the ban of the club, but strangers must show that they have the real thing before any of Sanford's coin is annexed.

The club discussed the exhibit the celery delta and Sanford will make at the Orange county fair to be held the last of January. Sanford had a fine booth at the fair grounds equipped with one of the Sanford system of irrigation plants and this in connection with the free distribution of celery as a sample of the Sanford product, proved to be one of the greatest drawing cards last year, and it is figured that the hungry hordes of visitors will be fed some five tons of sample celery from the Sanford booth this year. The exhibit will be of a very comprehensive nature in so far as vegetable products are concerned and it will be found that this city will be right up at the front when it comes to making a noise like success.

The club also discussed the various lines of advertising that it is now working out, the periodicals that they are using and the quantity and quality of materials they will send out. It was decided that nothing but books and folders of the very best design and quality should be used and the wording is not to be long drawn out. Pictures will show exactly what Sanford has to offer the home buying public and it was decided by the club that they would have a certificate printed and send it out with each inquiry, said certificate offering a reward of \$500 for the establishment of the fact, that any of the literature carried a single statement that could not be verified in fact and truth. The truth about Sanford is amply sufficient, thus obviating the necessity of overdrawing in any way.

Pay a License

The Sanford Herald comes out in a strong editorial in an attempt to establish the fact that solicitors of advertising should be made to pay a license, just as the newspapers are forced to do. The state, or this portion of the state, is visited daily by glib hot air artists with subtle schemes for separating the unsophisticated from various and sundry dollars. If a general move was made by all incorporated cities in Florida, having for its purpose the forcing of the foreign advertiser to pay a tax of so much per day while he was mulching the public with printed trash, soon the state would be rid of this brand of winter guests.—Times-Union Cor.

An Appreciated Compliment

F. P. Forster, the genial cashier of the First National Bank dropped in at The Herald office at noon, the other day and afterward confided to the editor that The Herald office was not only the cleanest printing office he had ever seen but it was one of the cleanest business houses in Sanford. This compliment coming from Mr. Forster is greatly appreciated by every member of the large Herald family, for keeping the office clean is the special pride of every employee.

High Cost of Living

In a conversation with Manager Driver of the Sanford House he stated that butter was higher now than he had ever known before in all his experience. Potatoes also are going in for a balloon ascension and it begins to look like Sanford potato growers would realize a good profit in Irish potatoes this season.

Notice

The annual meeting of the stockholders of the First National Bank of Sanford, will be held at the office of the Bank, in Sanford, Florida, on the second Tuesday in January, 1912, at 10 o'clock a. m. F. P. Forster, Cashier. 18-1

OUR PUBLICITY CAMPAIGN

What Other Cities Think About Hustling Sanford

Sanford's Publicity Club is raising \$25,000 for advertising purposes—\$5,000 to be expended each year for a period of five years. Secretary Bates realized that a city which takes an advertising sport one year and does not advertise the following year is not getting full returns for the money expended. The value of advertising lies in keeping everlastingly at it—it accumulates value like a rolling snow ball accumulates snow.—Tampa Board of Trade.

Tallahassee and Leon county is expending about \$2,000 in advertising this winter through the New Era edition of the True Democrat which will be off the press this week. She could well afford to do as Sanford proposes and make it \$5,000 per year for five years. We confidently believe that such an expenditure would double the population of Leon county, for we have the best story on earth here to tell. And we would easily find the people to relate it to.—Tallahassee Democrat.

Tallahassee, which is looked on generally as a sleepy town, is raising \$2,000 for advertising purposes; the live town of Sanford is arranging to spend \$25,000—\$5,000 each year for the next five years. What is Lakeland going to do? We have the best town in the State, but if people don't know about it, they will go to some other point they have heard about. A certain number of people will stumble over Lakeland and discover us if we sit still and do nothing; a certain number will be influenced to come by our newspapers; but if anybody would help a little we could get something like our share of the great crowds that are coming to Florida.—Lakeland Telegram.

Our Holiday Edition

The Herald office was so busy this year that it was decided to cut out a Holiday edition of the paper, but so many of the subscribers and business men asked about it that the management decided to get it up regardless of the expense and let the world know that Sanford was still alive and kicking. Having such a short time to solicit advertising will not permit seeing everyone who wishes space and if our solicitor misses any one ring us up and give in the advertisement just the same. All of you know how much good The Herald can do you in the advertising line, so

"Come on, join the advertising band"

Big Times at The Boston

Again the famous Boston store will excite the bargain hunters of this vicinity by a great mark-down sale. This will be a Christmas gift sale, and the date will be December 14th to 23rd, just a good time to buy Xmas gifts, and the Boston certainly has them.

The greatest inducement about our Xmas gifts is that they are of the substantial kind and the prices put them within the reach of all. We have a full and most complete line of everything in dry goods, notions and ladies' ready-to-wear goods. Read the big ad. in today's Herald and save your money for the Boston sale.

Money Without Work

A gentleman moved to the west side of the celery delta a year ago this fall. He went home on a visit the first of July. Before leaving he planted an acre he had just cleared, but not tilled, to sweet potatoes; and during his absence allowed the crop to shift for itself. He has returned and gathered 320 bushels of potatoes from the single acre. The market price at the stores here is 90 cents per bushel cash, or \$1 per bushel in trade. The gross income from the crop will amount to \$288, the cost of production and selling being not more than \$50. Another gentleman gathered 600 bushels of sweet potatoes to the acre and got \$1 per bushel cash for them.

Christmas Post Cards

The Peoples Bank have a number of pretty Christmas Post Cards which they will distribute free to the children of Sanford, if they will call at the bank for them.

Thanksgiving strawberries at fifty cents a quart was a luxury afforded the residents of Lakeland, and the first of the season's berries disappeared almost as fast as they were placed on the local counters, so great was the demand. Miller Bros., growers, four miles north of Lakeland have already begun shipping berries north and a banner crop is predicted.

A "dust" explosion in the main mine of the Cross Mountain system near Briceville, Tenn., early Saturday entombed a large number of workers who had just entered for the day's work. The mine is usually manned by 200 men, but whether all had entered the mine shaft prior to the dust blast was not known.

Advocates of increased pensions for veterans of the Civil War battled on the floor of the House in the final stages of the fight to pass the Sherwood "dollar a day" pension bill. The debate will continue Tuesday with the deciding vote on the measure late Tuesday afternoon.

Pope Brown was a Statewide prohibitionist, Judge Russel a local opticianist, while "Little Joe" Brown said "Submit the liquor question to the people," and as Joe was nominated for Governor it is quite evident that the people of Georgia would like to vote upon the question.

Judge Gary, the head of the United States Steel Corporation, urges Federal control of large corporations by a board similar to the Interstate Commerce Commission. Such a remedy for the trust evil is no doubt preferable to enforcement of the Sherman anti-trust law.

The McNamara brothers, Sunday, entered San Quentin penitentiary, where James B. McNamara is condemned to spend the remainder of his life for his confessed crime of murder, and John J. McNamara, secretary of the International Association of Bridge and Structural Iron Workers, is sentenced to fifteen years' imprisonment for dynamiting.

"For the first time since 1883, the annual financial statement of the Postoffice Department shows a surplus instead of a deficit." This is the burden of the annual report of Postmaster-General Hitchcock, made public to day. He indicated that the placing of the postal savings bank on a self-sustaining basis meant an improvement and extension of facilities, and, at no distant date, once cent letter postage.

Ortie E. McManigal will be taken to Indianapolis within a few days to tell the Federal grand jury there what he knows of the alleged dynamiting conspiracy, the first chapter of which was closed today with the placing of James B. and John J. McNamara in the San Quentin penitentiary.

In his annual report to the President today, Secretary of War Stimson declared that the contingency of war with a first-class power would find the army of the United States practically unprepared. He attributed this largely to the fact that the army was "scattered out over the country" in too many posts, and to a lack of reserve. The army on the peace footing habitually maintained, with miniature companies and troops, he characterized as ineffective for any serious war service.

Taft, Roosevelt and La Follette—these three come prominently before the eyes of the nation as possibilities for the nomination by the Republican party. The meeting of the Republican national committee in Washington this week has occasioned no end of political gossip.
