

## Boston Hurler, Jim Tobin, Hits 3 Homers In Tilt

### Sets New Record For Pitchers As Cubs Are Beaten, 6-5

BOSTON, May 14. (AP)—Jim Tobin, the veteran righthander, set a new major league home-run slugging record for pitchers yesterday by blasting out three consecutive circuit drives for a total of four runs while hurling the Boston Braves to a 6-5 victory over the Chicago Cubs.

Tobin, who lost two of his seven previous starts because his teams were unable to hit behind him, won his own game in the eighth by homering after Paul Waner had singled. He opened the fifth and seventh frames for the Braves by clearing the left field fence.

Ernie Lombardi gave the Braves their first round by clubbing a four-bagger in the fourth inning and Eddie Miller cleared the center field wall with two

out and none on in the seventh.

While duplicating a feat that, as far as the record books reveal, was performed only by Pitcher Guy Hecker for the Louisville American Association club back in 1888, Tobin hit four homers in his last five turns at bat.

He poled out his second of the season as a pinch-hitter against the Cubs Tuesday.

As a result of yesterday's prodigious clubbing, Jim, rated as Casey Stengel's ace moundman, became the manager's top hitter with an average of .407 for his 27 turns at the plate.

Curt Davis Holds

Reds To Two Blows

BROOKLYN, May 14. (AP)—Curt Davis, 35-year-old righthander, yesterday delivered to Tues-

day's one hit pitching performance by Gene Thompson of the Cincin-

nati Reds, the lost two of his seven previous starts because his teams were unable to hit behind him, won his own game in the eighth by homering after Paul Waner had singled. He opened the fifth and seventh frames for the Braves by clearing the left field fence.

Ernie Lombardi gave the Braves their first round by clubbing a four-bagger in the fourth inning and Eddie Miller cleared the center field wall with two

## Class D Florida East Coast Ball Loop Will Fold

MIAMI, May 14. (AP)—Plagued by war-time difficulties, the Class D Florida East Coast Baseball League will fold at the end of the duration after today's games.

Directors, who overcome one

problem after another to keep the

circuit in operation since April 11,

voted 4 to 2 for suspension yes-

terday at a special meeting at Ft. Pierce.

President J. B. Lemon sorrow-

fully announced the end in a long

distance telephone conversation.

The three-year-old league was

hampered by a ban on night base-

ball in coastal cities, and faced

serious transportation problem

because of the rationing of tires

and gasoline.

Attendance was off in all

cities except Miami and Miami

Beach, and only the directors of

those two clubs voted yesterday

to end the trying experiment.

All clubs except DeLand were

represented at the session, and

John Gensel of Orlando cast De-

Land's proxy vote for following

the Florida State League to the

sidelines.

The directors decided that the

club at the top of the standings

after final games today will be

declared champion. Orlando held

a one-game edge over Miami

Beach after Tuesday night's en-

gagements.

The reduced schedule for clos-

ing day will bring Miami Beach

to Miami for two games, West

Palm Beach to Port Pierce for

two, and DeLand to Orlando for

one.

### JAPS STAGE RIOT

VANCOUVER, B. C., May 14. (AP)—Japanese under detention at the immigration building here staged a riotous demonstration yesterday, smashing windows or the upper floor on which they are held and turning a firehouse on people in the street below.

of wildness that helped the

Dodgers score all their runs in

the first four frames and finally

brought big Paul Derringer to

the mound in a relief role.

## 2 Warships Of U.S. Reported Sunk In Arctic

Destroyer, Cruiser, Escorting Convoy, Are Reported Destroyed By Germans

(AP) A German communiqué claimed today Nazi warplanes blasted a United States cruiser and a destroyer to the bottom of the Arctic off the northern Norway coast yesterday in an attack on an American squadron escorting a convoy.

The Nazi high command also announced the destruction of a 5,000-ton icebreaker and a 2,000-ton merchant vessel. It said the cruiser was of the 9,100-ton Pensacola class (which normally carries 662 men) and identified the Naval formation as the first indication of United States Naval power operating so deeply on the supply route to Archangel.

German assaults in Crimes are beginning of a general offensive and the Russians fortified their coast and all increasing numbers of Allied war materials are generally confident of withstanding the blow, diplomatic quarters reported today.

Information in Turkish quarters was that 1,500 tons of Allied war materials reached Russia over the Arctic route during the winter, while an average of 30 truckloads a day plus rail shipments crossed the frontier from Iran. The volume over both routes is said to be swelling.

## Women Are Urged To Invest In War Savings Program

The women of America will influence \$50 million dollars of the billion dollar a month quota set for war bonds, since they are the most active in buying them, 40 percent of them nation's "lockbook." V. A. Speer, chairman of the Seminole County Committee for the sale of War Bonds and Stamps, stated today as he urged that women in the county do their full share in the purchase of the securities.

"Many women have invested already in War Bonds but many still live, think and spend in pre-war manner, buying bonds only occasionally as their share," Mr. Speer added. He emphasized the importance of the country reaching its prescribed quota of \$41,500 for May.

"Women must spend less and help their state meet its quota each month," he said. "Not only does the government need the money for production, but as we supply our supplies decrease women will buy less if the demand continues. And it is the women, who major purchasers, who early buy up against ration prices and keep the prices down," he declared.

Women everywhere are recognizing, though somewhat reluctantly, that future security for themselves and for their country rests on the success of the War Bond campaign, it was advised.

American women are asked to do without needed food and clothing, but luxuries should be set for the duration.

## Local Carpenters Get Union Charter

About 200 carpenters met with local officials and labor leaders of Indianapolis and Western Indiana and received their charter in Sanford as a local carpenter's union, headed by W. H. Gandy, executive director.

It was revealed that the new union will be known as the carpenters and joiners at the meeting of char-

## Trip Will Be Made Concerning Pipeline

Secretary of War Harry Hopkins has been informed that the Army Corps of Engineers will be派往 to inspect the proposed pipeline from the Gulf of Mexico to the Atlantic Ocean.

(AP) The War Finance Committee has decided to extend maturity dates of loans to companies engaged in the manufacture of aircraft, ships, planes, tanks and other war equipment.

## Old Dobbin Helps Stamp Drive

## Mr. Average Motorist Must Have Ration Card To Get Gas

### Operators Are Selling Gas By "Unit System"

Sanford filling station operators are issuing gas by the "unit system" today as the government's gas rationing program went into effect.

It is estimated that about 3,500 signed up in Seminole County during the three-day registration, ending yesterday, for obtaining of gasoline rationing cards, which contain units that must be presented when buying gasoline.

Each unit will allow the purchase of three gallons of the restricted fuel, and the various A and B type cards range from 7 to 19, according to the needs of the motorist.

Drivers had one of their biggest days yesterday as motorists lined up to obtain their cards at the start of the ration program today. One operator predicted there were more "fill it up" orders yesterday than ever before in Sanford history.

When a person presents his card, he should check to make sure there are sufficient unused and undamaged units remaining to support his purchase," dealers have been instructed by the government. "Detached units, except when detached in your present car, should be honored. Those who have virtually checked for the A card to co-operate with the government.

Regarding this situation, some local officials have suggested that the A card is a badge of true patriotism, and some of those holding high B type cards may be investigated by Federal representatives in order to determine if they deserve such cards.

Peter Peterson, secretary of the Ration Board, revealed this morning that E. M. Newald, assistant State fuel administrator, now is in Sanford in his capacity as an advisor.

Mr. Peterson also disclosed a suggestion that has been made to the board that names of all motorists be published plus the types of cars they drive. The board has expressed its opposition, especially to teachers, who now are required to fill out a certificate form.

War Restrictions Face Truck Owners

JACKSONVILLE, May 15—(AP) Florida truck owners will go under full wartime restrictions. L. H. McDaniel, field manager of the Office of Defense Transportation, said yesterday.

On that date, said four generals, drivers of freight trucks will go into effect. He urged truck owners to obtain copies of the orders and study them thoroughly.

McDaniel asked the general public to cooperate in maintaining standards of service, which many trucking companies made necessary in order to conserve space, tire and equipment in the war program.

Powers Is Sent To Georgia Army Camp

A. K. Powers of the United States Army has been transferred from Camp Blanding to Camp Wheeler, Ga., it was reported yesterday.

Mrs. Powers is an infantry division, Camp Wheeler is a Reserve Training Center.

Maturity Dates On Loans To Be Extended

### Japs' Strength On New Guinea Is Said Greater

### 35 Planes Take Part In One Of 2 Raids On Port Moresby

ALLIED HEADQUARTERS—May 15—(AP) A notable increase in the Japanese land-based air strength on New Guinea, New Britain, was indicated today with the disclosure that 35 planes participated in one of two raids on Port Moresby yesterday and that Allied attacks on Japanese bases are meeting considerably stronger opposition.

Allied bombers carried out a bombing raid against Japanese ships in the Dutch East Indies harbor of Amboina by daylight Wednesday, creating panic among the enemy in this important port 600 miles north of Australia.

The leader of the attacking squad told of the raid through an R.A.F. spokesman yesterday.

"We could see the terrific Japs run in all directions on the ships," he said. "They didn't have time to man the guns until after the bombs were dropped."

"Over the bay we saw hundreds

### Gassing A U. S. Flying Fortress in Australia

Working under a hot sun, American and Australian ground crew soldiers refuel a huge U.S. Flying Fortress at the Alice Spring Airfield. It is one of the last photos of its kind to be received from the interior of the land down under. Planes and other material of war are racing Australia along with a vast reserve of manpower, said to be ready to meet any attack that might come.

### Registrants In 3-A Group Will Be Reclassified

### Men Engaged In War Production Will Be Placed In 3-B

AMID somewhat conflicting reports from Washington, the Selective Draft Board has received on contracts from the government for reclassification of men now in the 3-A group. Lt. Col. George Rogers, chief of the board, disclosed this morning.

Several drafters are regarded

as reliable, others as less

so, and the board is applying rules to justify its

recommendations.

Men in the 3-A group

are considered to be

engaged in work essential to

the war effort will be placed in 3-B. Men who are now in 3-A because of marriage after their dates of registration will be put in the first group subject to call in any time.

This reclassification, which is to continue further, the nation-wide effort will affect 800 Seminole County men in the first registration and 1,000 in the second.

Figures are not available on the third group although it is expected that most of the 1,399 men who signed in this registration have dependents.

All told, 1,200 are on the lists of the Nas 1 Friedman Basic Board. New equipment is being installed in some cases.

The program afforded by the various states to complying with the national registration of men in 3-A, however, depends upon the cooperation of the State Health Department with independent who are engaged in work essential to the war effort will be placed in 3-B. Men who are now in 3-A because of marriage after their dates of registration will be put in the first group subject to call in any time.

BIBLE VERSE FOR TODAY

IT TAKES TWO TO MAKE  
A BARGAIN, BUT BE YOU  
NOT RESPONSIBLE FOR HAT-  
REDS AND REVENGE; Follow  
after peace with all men.—He-  
brews 12:14.

**THE MIDDLE-AGED WOMAN  
TO THE PRIGGISH YOUNG  
MAN**

(From The New Statesman and  
Nation)

YOU reason stands  
absolutely well-bred  
Without a flaw,  
But even Gods' self-satisfied are  
dead.  
Although Olympian-born;  
And I am sad for you.

But if I saw  
you drop by catastrophic rob-  
bing torn,  
And black bowed head,  
and saw your hands  
Meet a forbidden door until they  
bied.  
I should be glad for you.

FRANCES CORNFORD.

Gas is Alotted to Car, not In-  
dustrial. OPA warns—Headline.  
They didn't think we wanted to  
drive it, did they?

**News**  
Sign in a service station: "No  
smoking near gas pumps. Maybe  
ever life isn't worth saving, but  
gasoline is." Exchange.

Under the present schedule of  
gas as proposed in the House,  
some privates would receive big  
more pay than second lieutenants  
who have no dependents.

One gas rationing official in  
Massachusetts makes the remarkable  
statement that the rationing system  
is producing a nation of  
scrooges. Our experience with pro-  
hibition should have taught us  
everything.

Something of the difficulties  
of worldwide warfare is indicated  
by the statement that the  
American Ambassador to  
Madagascar was taken three  
months before the landing was  
made.

We wouldn't say that gasoline  
rationing is making us a nation  
of lars. Ninety-nine percent are  
perfectly honest about their gaso-  
line requirements; the rest were  
there before gasoline rationing  
was ever heard of.

Miss Falkenberg is doing her bit  
as best she can. She gives a kiss to  
every man who buys a pony  
ticket. Now that they seem like  
a good idea, let's remember that  
we have to take care of all others  
and you ever look in the mirror?

**REALLY DRINK**  
"Are you positive that the  
drinking is over?"

"Yes," growled Officer

"I saw him put a pony  
ticket in his pocket before school  
this morning."

### Average Motorist Must Have Ration Card To Get Gas

(Continued from Page One)

only added in acting as registrars, the gas program, but also in the sugar registration. Mr. Lawrence superintended of public instruction has announced that schools will close Monday in order that the principals and teachers may have a day of rest.

The board also expressed gratitude to volunteer registrants, who helped the signing at the Armory. "It wasn't anticipated that anyone would register at the Armory," Mr. Peterson said, "but they started coming in and we were forced to add 700 more hours. We want to express our appreciation to Glenn Lingle, Rev. Milton Sackett, W. A. Patrick, Ralph B. Wright and M. S. Wiggin for the many hours they voluntarily put in at the Armory."

Any motorist who failed to register during the three-day period should apply to the Rationing Board for a card.

(By Associated Press)  
All the fuss and furor about how much gasoline individuals ought to get under Federal rationing blew up yesterday into a back-to-your-local-board movement to exchange previously obtained liberal allowances for smaller allotments.

On the final day of rationing registration in 17 Eastern states, the situation was marked by thick main.

Almost in every section of the restricted areas rationing boards reported citizens returning voluntarily to turn in cards which would have permitted anywhere from liberal to unlimited supplies for the lesser variety. Most of these cases were attributed to honest mistakes.

2. Petroleum Coordinator has announced that expansion of rationing areas hinged upon whether he could be satisfied in his mind to save rubber and that there was no need of breaking restricted areas from the gasoline point of view.

3. Mrs. Franklin D. Roosevelt took out a minimum 24-gallon "A" card for her own car.

4. A Baltimore southerner conducted gasoline rationing and much up a lot of children in ranges and probably quite a lot of other families.

5. The Senate Select Committee on Small Business has been asked to investigate the amount of gasoline bootlegging.

Registrants In 3-A Group Will Be Reclassified

(Continued from Page One)  
reasons for preserving established families, and added he would like to see legislation "that would make the public believe there is no question of dependency any more."

By an established family, the general indicated that he meant one formed since the outbreak of the war and one in which there was a large degree of dependence.

He said that more single men who have been given occupational deferments, and more married men with working wives, would may find themselves wearing Uncle Sam's khaki.

being conducted in the Assembly at any moment detected and punished. Truth is calm, serene; its judgment is so high, so kingly, that it goes out of the chamber of assembly.

## Dodgers Increase Lead In Triumph Over Pittsburgh

BROOKLYN May 15—(AP)—The Brooklyn Dodgers, the leaders of the National League, continued violently yesterday in the first installment of their important three-game series and the Dodger hammering their way to a 7-4 triumph.

This increased the 1941 champions' first place margin to 3½ games and averted any possibility of the Pirates wresting the league leadership from Brooklyn during the series.

Eight of the game's 11 runs were passed into the first three innings, in both half-highs of the Dodgers and Lefty Aldon Wilkie of the Bucaneers were driven to shelter to the accompaniment of cheers and boos from the big week day crowd of 17,500 paying customers.

The Dodgers, who had lost four out of their last five games to the lowly Chicago White Sox and the Athletics, popped right out with two runs in the first inning and drove Herbie Newsmire, the starting Sox hurler, to the third. He was replaced by Mac Brown, who yielded only two hits before going out for a pinch batter in the sixth. Dominick Riva gave up three hits and ran in the last three frames.

Defense Shop News

ALEX R. JOHNSON

Plans for a new class in automobile mechanics have gone to Tallahassee for approval. It is hoped to be able to start this new class on the 25th of the month. Frank L. Barnum, who has been employed by Ross for a long period of time as the instructor, Mr. Barnum has not only given the trainees in this class practical working experience but has been instrumental in obtaining text books and helping each trainee so that they might pass the written examination. The equipment in the shop is in good condition. Before final class trainees have been steadily being fitted by the men.

Persons interested in taking this type training and wishing to enter the new class are asked to contact the office as soon as possible in order to get the necessary papers filled out. All defense classes have a limited number of trainees and a person entering the course of training should place his name on the waiting list and not wait until he is ready to start the training and then expect to be immediately placed.

## Dodgers Increase Lead In Triumph Over Pittsburgh

BROOKLYN, May 15 (UPI)—The Brooklyn Dodgers and Pittsburgh Pirates, the two leaders of the National League, collided yesterday, Saturday, the first installment of their important three-game series and the Dodger hammering their way to a 7 to 4 triumph.

This increased the 1941 champions' first place margin to 3½ games and exerted any possibility of the Pirates wresting the league leadership from Brooklyn during the series.

Fight of the game's 11 runs were packed into the first three innings, as both Ruth, High of the Dodgers, and Lefty, Eddie Wilkie of the Buccaneers, were driven to shelter to the accompaniment of cheers and boos from the big week day crowd of 17,311 paying customers.

The Pirates, raised High for Ruth in the first inning, won consecutive doubles by two Brooklyn outcasts—Jim Winstell and the Phelps, and they finished "Highble" with two more tallies in the third. John Barrett beat out an infield hit and when Winstell ground out, Dolph Camilli, also High, Barrett went to another home as High, overthrew Ruth, followed with his third homer of the year and Hol-Elliott collected his fourth round-trip of the season off Hugh Bailey in the ninth.

## Browns Pull Out Of Tailspin To Win, 6-3

ST. LOUIS, May 15 (UPI)—The up-and-down St. Louis Browns pulled out of a tailspin yesterday to defeat the fourth-place Cardinals, 6 to 3, behind the 10th best pitching of John V. Niegel.

Three of the six blows off the old knuckle baller were by Hobby Doerr, the leading batter in the American League, and accounted for two of the team's runs.

The Browns, who had lost four out of their last five games to the lowly Chicago White Sox and the Athletics, popped right out with two runs in the first inning and drove Herbert Newcombe, the starting St. Louis hurler, to the showers. The Browns were out in the third. He was relieved only by Mac Brown, who yielded only a pinch batter before going out for a pinch batter in the sixth. Dominic Ryk gave up three hits and ran out in the last three frames.

## Defense Shop News

ALEX R. JOHNSON

Plans for a new class in auto mobile mechanics have gone to Tallahassee for approval. It is hoped to add it to start this summer. Frank L. Baughman, who was employed by Baughman for a period of time as an instructor, Mr. Baughman has not only given the trainees in this class practical working experience but has been instrumental in obtaining text books and helping each trainee to make that they might pass the final service examination. The equipment in the shop is now in fact and will be available as soon as the new class is ready to be placed.

Persons interested in taking this type training and wishing to enter the new class are asked to contact the office as soon as possible in order to get the necessary papers filled out. All defense classes have a limited number of trainees and a person entering a certain type of training must place his name on the waiting list until he is sure just how he is ready to start the course and then expect to be placed in it.

**STRATEGIC QUILTS**

ELKHORN, Kan., May 15 (UPI)—Marty Stratton, who has been buying pelting ever since he got short by a hunting accident in 1938, has found a new hunting field too tough for him and attempted suicide. He was found hanging from a mesquite tree in the hills above Elkhorn, about 10 miles from New Mexico Class D league club.

This is the tenth time in his life, a man with two good legs, he's alone for a one-legged man—said Stratton who in addition to managing the club three times inserted himself as relief pitcher during the last game.

**GIANTS SMASH REDS**

NEW YORK, May 15 (UPI)—The New York Giants passed the Cincinnati Reds a share of their own medicine yesterday as they battered across Fenway Park, eighty coming more than straight, 96.600 more than the Reds.

The Reds scored 12 runs in one inning against the Giants on the New York's recent Western tour. Today the Reds were sailing along with a 6-2 lead, built up in the first three innings on the strength of home runs by Jimmie Foxx and Ray Chapman.

## EXPECT ARMY

BOCA RATON, May 15 (UPI)—This entire East Coast region is facing the future like Rock Bottom may be in the air.

Florida delegates to Congress have announced what Department authors have been contracted for construction of an air corps radio technical training school here and officials of the village and yesterday they expected the entire community to be taken over.

SYDNEY DIX, JR.

## Nips Are Said Within 4 Miles Of India Border

Chinese On West Side Of Salween River Say Area Has Been Cleared Of Enemy

(By Associated Press) The Japanese drive on China and India rolled forward with the Japanese forces in west Burma now within four miles of the Indian frontier, Tokyo reported today.

Chungking reported the western bank of the Salween River in northeast Lungling has been cleared of Japanese, indicating the threat to the Burma road city of Paahsan has been removed. The Chinese were reported advancing in this region of the country province.

The Chinese have administered a series of resounding defeats to Japanese columns probing northward of the Burma Road on the west side of the Salween River. In Burma, the Chinese announced yesterday as attacks by the American Flying Tigers indicated a new threat may be developing from the south in French Indo-China.

A communiqué said the column which had moved northeast of Lungling on the Burma Road had been driven all the way back to the highway with half of its original strength wiped out.

At the same time the Chinese Central News said the Japanese who had captured Tengyueh, 25 miles west of the Salween and 25 miles northeast of Lungling, had then advanced against Shuangtou, 10 miles west of Tengyueh, in another major thrust in the south.

The British radio said the Japanese had made a further advance to Kengting, 60 miles inside the Burma frontier from Thailand.

Allies Destroy 10 Enemy Planes In Guinea Fight

(By Associated Press) The Allied air force destroyed 10 Japanese planes and damaged three more over the weekend in an exchange of aerial blows with the enemy over New Guinea, and the Louisville airfield.

Nine Japanese planes were destroyed in three attacks at Lae, New Guinea, and a tenth was damaged in the Delboyne Islands in four destructive raids by bombers with mixed American and Australian crews. One American and one Australian pilot were killed.

"Numerous fires were started" in three attacks at Lae, machine-bombed enemy invasion spring-board to the northeast of Australia, the communiqué said. Eight bombers were destroyed on the ground and a Zero fighter was shot down in flames.

Hits were registered on the ground, runways and buildings at Lae, a seaplane base and strategic Delboyne Islands, the Louisiade Archipelago, the northern coast of New Guinea, and the southern entrance of the Coral Sea where a Japanese fleet was reported in destruction after earlier this month.

The Allied air force apparently was battering away at recently reinforced Japanese air strength in the region to insure another aerial victory, planned the enemy forces on both sides of the waters bordering the South Pacific.

Group Recommends Airport Program

(WASHINGTON, May 18, AP)—The Senate Select Committee on Expenditures in the Armed Forces recommended \$100,000,000 for airports and \$100,000,000 for seaplane bases in the South Pacific.
