Two arrested in throat-slashing case

By Bill Kerns Staff Writer

that turned violent.

SANFORD - Investigators with the Seminole County Sheriff's Office made two arrests Wednesday in connection with the attempted murder and kidnapping of an Orlando woman, whose throat was slashed in an apparent love-triangle

Andre Henley, 28, is accused of attempted first-degree murder of his exEx-girlfriend walks to safety after being left for dead

girlfriend, 24-year-old Jennifer Meagan Forehand. He is also charged with kidnapping, aggravated battery, and grand theft auto.

Desiree Vega, 28, Henley's current girl-

friend, is accused of being an accessory after the fact on the charges. Both are being held in the Seminole County Jail without bond.

Forehand, an Orlando resident, was

left for dead with her throat slashed Tuesday night near the entrance to the Seminole County Public Schools Environmental Education property, just outside of Winter Springs.

She was transported to Orlando Regional Medical Center where she underwent emergency surgery after losing three pints of blood. Her prognosis is good and hospital officials expect her to recover from her injuries, according to See Slashing, Page 4A

Pan Am begins flight service Chicago area

Afternoon flights offered six days per week

By Bill Kerns Staff Writer

SANFORD — Pan American Airways began service between Sanford and Chicago on Wednesday, expanding the Orlando Sanford Airport's first scheduled domestic service.

Pan Am now offers daily service between Sanford and the Gary-Chicago Airport six days per week, in addition to service between the Orlando Sanford Airport and Portsmouth, N.H., which is 50 miles outside of Boston.

Service between the Gary-Chicago Airport and Portsmouth begins today, linking service between the three cities.

"We've started service now at three special airports," said Tim Mellon, CEO of Pan Am, who flew the inaugural flight from

Chicago to Sanford. "The reason we're at all three cities is the people and the community."

Flights from the Chicago-Gary Airport will arrive in Sanford at 12:20 p.m. every day except Tuesdays. The flight will depart Sanford for Gary-Chicago at 2:20 p.m.

Gary, Ind., a city of 117,000 people, is located 20 miles outside of Chicago on the southern tip of Lake Michigan. There are 500,000 people in the metropolitan area of Gary.

Pan Am's service in Sanford began in October with flights six days per week between Sanford and Portsmouth. The first scheduled passenger flight for Pan Am since February 1998 provided Sanford's airport with its first regularly scheduled domestic service.

Next year, the airline is considering adding service from Sanford to perhaps four more cities. Among the cities Pan Am is considering for expansion are Atlanta, St. Louis, Philadelphia, Pittsburgh, San Juan and Aguadilla, Puerto Rico, and See Pan Am

Donations for the Ritz

Renovations at the Ritz Theater, in background, are nearing completion and donations continue to come in. The Sanford Lakeside Lions Club donated \$570 to the project. Those on hand for the donation include Joyce Fitzgerald, Lions Club board member; Lynda Batdorff, new Lions Club member; David Hall, president of the Lions Club; and Helen Stairs, president of the Ritz Community Theater Project Inc. The Ritz will formally open in January, but there will be a gala reception to kick-off the Sanford Historical Trust's Tour of Homes on Dec. 4.

Novice Conley to challenge Rep. Feeney for state house position

By Russ White

Staff Writer

OVIEDO - A 63-year-old Oviedo property manager, Chamber of Commerce president and grandmother who has never run for public office, has decided to challenge the District 33 seat of Florida House of Representatives

Designate Tom Feeney.

Glenda Conley, a Democrat, said she will file Year 2000 election papers in Sanford today.

"I realize that Tom Feeney has all the support in Tallahassee he was Jeb Bush's running mate in 1994 — but I'm determined to give this a go," Conley said.

"I know I'm not your typical Speaker political candidate," Conley

said. "I'm just a Southern Democrat, pro choice, conservative and active in my community and ready to go to bat against Mr. Feeney. The Democrats here are behind me. So why not try?"

Feeney, 41, has been a state representative since 1996. He has Seminole County support from conservative Christian voters See Conley, Page 5A

Sanford firefighters host gospel sing

By Nicole King Herald Intern

SANFORD - The Sanford Fire Department will host its 44th annual Gospel Sing 7 p.m.,

Nov. 26 at the Sanford Civic The Gospel Sing raises funds for the Firemen's Benefit Fund and other charities. Mark James,

firefighter/paramedic for Sanford, is the coordinator of the The Firemen's Benefit Fund was set up 45 years ago so firefighters could draw from the

fund to help them with medical expenses not covered by insurance. Recently, the fund has donated money to the Arnold Palmer Children's Hospital and Shands Hospital.

James said the event is not only for a worthy cause, but is a lot of fun for participants and the audience. It's a tradition at James' fire station that rookie

Interstate 4 is history, prepare your skymobiles

Orange County Chairman Mel Martinez can do anything he wants to Interstate 4. Widen it. Barrier it. Car pool it. Pave it. with vellow bricks. Paint it orange & blue. Get a second ET

Ban 18-wheelers. Anything, I still won't like 1-4. Never have. Never will

It's too big, already. Too busy. Too dangerous. I used to think the Northway from Albany to Glens Falls in New York was America's worst highway. It is the most dangerous in winter, but for 12 months every year 1-4 is scari er than the Northway.

Russ

White

Spending \$2 billion for the next 25 years on I-4 is about the goofiest idea imaginable. By 2025, there won't be any need for interstate highways. Everyone will be gadding about on monorail systems if not in personal flying machines -Skymobiles.

The prediction here is that Florida will become America's first "Car Free" state - light rail years ahead of the other 49 states. Remember where you read it. Florida - America's

billboard. Charge tolls. first "Car Free" State. By 2035, the only cars left will be in muse-

> Robert Frost's poem - the one about the road not taken - will be appropriate in a decade or so. By 2025, it'll be the roads not taken. The only people on roads will be walking or biking or on horseback. People will like home so much, they'll stick

close to it. Or engage their skymobiles.

Do you really think we can gone on the way we are? How many near misses have you had in your car the last week? The last 24 hours? See much road rage? See anyone try to race through a train warning? See anybody using a turn signal.

See anyone yield? See anyone smiling at a stop light? See what I mean?

Chairman Martinez, forget Interstate 4. Get your Orange County commissioners to concentrate on Light Rail. That's where we'll be in 2025. Light rail or in our skymobiles. Leave I-4 the way it is. The Road with No Future could be a landing pad for skymobiles or we could run the Light Rail system through it.

Anyone who can't envision an entirely futuristic mode of transportation in 2025 probably has season tickets to Arena Football or thinks Daisy Fuentes is a real blond. By 2025, no one will remember Arena Football, and Miss Daisy will be 58. Geeks will be asking her out by then. Regis Philbin, too.

To all governments listening to overtures from Mel Martinez to sink money into Interstate 4, please, think skymobiles. Think light rail. That's your answer.

Russ White's column appears Tuesday through Sunday in the Seminole Herald.

Students participate in 'Nearly-New, Barely-Used Shoe Drive'

From Staff Reports

SANFORD - Fourteen schools in Seminole and Orange counties are participating in the second annual "Nearly-New, Barely-Used Shoe Drive" to benefit the less fortunate, sponsored by a local orthodontist.

As shoes are donated, the "mercury" in the "shoemometer" displayed at the Altamonte Springs office of Dr. Barry Levin will continually rise to show the total number of pairs collected.

Upon completion of the Shoe Drive on Dec. 21, all shoes will be donated to the Mustard Seed of Central Florida, a local, nonprofit organization which annually helps thousands of homeless people and people who are victims of despair or tragedy.

Twelve public schools and one private school in Seminole County are participating in the Shoe Drive.

Last year's goal for the shoe drive was 500 pairs of shoes, and the final total was 4,128.

"The Shoe Drive is an opportunity to fill a dire need not usually considered during the holiday season," Levin said. "And, in an era in which we keep hearing terrible news about students and school incidents, the Shoe Drive is a program that rallies them together for a very worthwhile cause."

Levin credits much of last year's success to the enthusiastic participation of the students of area schools.

"The final resu whelmingly more than we ever imagined," Levin said. "It will be challenging to break our

said the benefit is a chance to listen to seldom-played Southern Gospel music.

"There isn't really a platform for the music," Littleton said, "unless you find a store that sells the cassettes or CDs, or come listen to a live group. There isn't one radio station for it."

Darren Roberts, music minister at Westview Baptist Church, is also a member of the Quartet and agreed with Littleton that the event provides a unique venue for the music.

"I don't know of any other place where you can listen to Southern Gospel music," he said.

Refreshing, uplifting, and encouraging is how Littleton describes the Southern Gospel sound.

"First we get the ear, then we get the heart," he said. "It's very attractive to the listener. We've found that people from all age groups who aren't really religious enjoy this kind of music."

Roberts said the best part of the evening for him is seeing the different groups come together.

"It's also good for the audience to hear all the varieties of groups who come," he said.

Littleton, Roberts, and the rest of the Quartet see the event as an evening of clean family fun.

"It seems we have a lot of negatives in the world," Littleton said. "There isn't any place you can go where there isn't risqué jokes, bad language or people worried about what their children will hear or see.

"This is an opportunity to enjoy a wonderful evening of wholesome entertainment," he

SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS NOTICE OF PUBLIC HEARING NOVEMBER 23, 1999 1:30 PM

Notice is hereby given that the Seminole County Board of County Commissioners will conduct a public hearing on November 23, 1999, beginning at 1:30 p.m., or as soon thereafter as possible, in the County Services Building, 1101 East First Street, Sanford, Florida, Room 1028 (Board Chambers). The purpose of this public hearing is to amend Resolution Number 99-R-132, by adjusting Fiscal Year 1999/00 budgeted revenues and expenditures to reestablish previously approved grants for operating and capital projects within the Community Development Division.

Additional information regarding the proposed amended resolution is available for public reviewing at 1101 East First Street, Sanford, FL 32771, Room 3325, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, excluding holidays. Persons with disabilities needing assistance to participate in any of these proceedings should contact the Human Resources Department ADA Coordinator 48 hours in advance of the meetinn at (407) 665-7941. Persons are advised that of they decide to appeal any decisions made at this hearing, they will need to ensure a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based (Florida Statutes, Section 288.0105).

Police recover \$18,000 worth of narcotics in Winter Springs

Suspect believed to be involved in international **Ecstasy ring**

By Bill Kerns Staff Writer

SANFORD — A Winter Park man has been arrested for importing the drug Ecstasy into the United States as part of a drug trafficking organization.

Drug agents gathered information about Robert Stoyanov, 25, as part of an ongoing investigation into an organization involved in the distribution of the controlled substance MDMA, otherwise known as Ecstasy.

Investigators said Stoyanov was apparently one of several of individuals involved in an organization that would travel overseas to Amsterdam, capital of the Netherlands, to arrange the purchase and shipment of large amounts of the drug to the

Earlier this month, agents intercepted a shipment of 864 doses of Ecstasy mailed to Stoyanov's home at 2772 Howell Branch Road in Winter Park. The recipient was listed as Bob Stoi, an alias being used by Stoyanov. Agents used the drugs they seized for a controlled delivery on Tuesday.

Agents observed Stoyanov pick up the shipment and take it into his residence. Then, agents executed a search warrant of his home and found the shipment next to the door with the words "Return to Sender" on it. Inside a bedroom, agents

found cocaine residue and some marijuana.

According to investigators, members of the organization would have the drugs shipped to their mailing address and use a name similar, but not identical, to their own. When the shipment arrived, the person receiving the shipment marked "Return to Sender."

They would then leave the shipment in plain view near the front door area and not open it for three or more days, believing that by doing this they could escape prosecution. Investigators are not releasing information on how extensive the organization is.

The value of the MDMA seized at Stoyanov's home is estimated by drug agents at nearly \$18,000.

Stoyanov faces charges of possession of drug paraphernalia and possession of a controlled substance with intent to distribute. He is being held at the John E. Polk Correctional

Pamela Stoyanov, Robert's 21year-old sister who lived in his home, was also arrested on Tuesday on charges of possession of cocaine, possession of marijuana, and possession of drug paraphernalia. She was taken to the Seminole County

After a number of years, the

Pan Am

Continued from Page 1A Montreal, Toronto and Halifax, Canada. However, no decision has been made on which cities will be added, and Pan Am has not announced a timetable for

expansion. "Right now we're wanting to take a deep breath and put what we have on the plate in order," said Dave Fink, President of Pan Am. "The worst thing we can do is move too fast. We're going from smaller airports just out-

side metro areas, which is some-

thing that has never been done

before." Fink said that Pan Am will expand into smaller airports such as the Chicago-Gary airport and the Orlando Sanford Airport, where passengers will

face less commuter traffic. "We're here for the long run," Fink said. "We're not here for the short run."

In preparation for the flights, the construction on the \$24.5

million, seven gate domestic terminal expansion will begin in December. It is expected to be completed in January of 2001.

Sanford's airport handled 1.2 million passengers in 1998, primarily from British charter flights. This represents fastpaced growth from the 50,000 passengers served in 1996, when regular international service began. This year, despite the loss of several charter carriers, the airport is expected to serve 1 million passengers.

The airport served as a Naval Air Station from 1942 to 1946, and 1951 to 1968.

The success of Pan Am is key to efforts by airport and Sanford officials to attract additional domestic service.

Pan Am began local service in October with flights departing Portsmouth at 8:30 a.m. and arriving in Sanford at 1:10 p.m. The flight then departs Sanford at 1:20 p.m., and arrive in

Portsmouth at 4 p.m. Fares to Portsmouth begin at \$84. Fares to Chicago also start at \$84.

Pan Am established a maintenance facility at Sanford's air-

port in March. The airline's Clipper Class flights are reconfigured 727's with the total number of seats reduced from 173 to 149.

The Pan Am service at Gary-Chicago marks the return to scheduled passenger service at the airport, and is expected to help usher in the expansion of facilities and increased passenger flight. The expansion effort is part of a regional agreement designed to address congestion at the O'Hare and Midway facilities and provide service to the Northern Indiana region.

Improvements currently

underway at the Gary-Chicago Airport include terminal renovations, new emergency equipment, snow removal equipment,

and other air field improvements.

> Pan Am, founded in the 1920's by Juan Trippe, is owned by Guilford Transportation

Industries, a New England railroad operator and owner of paper mills.

The original Pan Am filed for bankruptcy in 1991, and the second Pan Am also filed for bankruptcy. This is the third incarnation of the airline.

For one year after acquiring Pan Am in June of 1998 and relocating the headquarters from Ft. Lauderdale to Portsmouth, Guilford Transportation operated Pan Am as a charter service.

Mock accident designed to show dangers of drinking and driving

Staff Writer

SANFORD — Two students were critically injured, and one died in a mock drinking-and-driving accident staged at Seminole High School on Wednesday in a morning assembly for the school's 11th- and 12th-grade students at Thomas E. Whigham Stadium.

During the remainder of the school day, a red rose was placed at the vacant desk of 17-year-old senior Kim Nelson in every class that she normally attends. Her death was simulated in the crash.

"I started crying (with a friend)," Kim said. "I don't even know why. I'm just glad it's not real for any of my friends."

sponsored by the Seminole County Community Traffic Team, made up of volunteers from public and private agencies. The participants in the simulation included school drama students, the Seminole County Fire Department's Emergency Management Services, paramedics, and law enforcement

This is the second year that the mock crashes are being staged at high schools in Seminole County.

There were mock crashes at four high schools last school year, and so far this year two have been staged. A mock crash was performed at Lyman High School in October, and plans are underway for another mock

The mock DUI crash was crash in the spring at Lake Brantley High School.

Lt. Jerry Riggins of the Seminole County Sheriff's Office Is the uncle of Kim Nelson. He said that watching the mock accident was painful.

"To see part of your family lying there is just devastating," Riggins said. "She was made up so well that it seemed real."

Garrett Goldsmith, a senior who is the starting quarterback for the school's football team, was airlifted to South Seminole Hospital by paramedics following the crash. The drunken driver in the mock crash was uninjured, and placed under arrest.

"I thought I was really injured," sald Goldsmith, who had a simulated head injury. "Everyone was looking at me

when I got up."

Lake Mary Police Chief Richard Beary said that the mock crashes are difficult for law enforcement officers who have dealt with fatal DUI accidents.

"It brings back a lot of bad memories of death notifications and the young peoples' hands I've held when they died," Beary said. "You never get over

From January through September of this year, the Florida Highway Patrol reports that there have been five DUI fatalities in Seminole County.

Thanksgiving Christmas approaching, law enforcement officers want to raise the student's awareness to the dangers of drinking and dri-

Cesar Silva, an 18-year-old, 11th-grade student, suffered a broken wrist in 1992 when the Chevy Blazer he was a passenger in was struck by a drunk driver. No one was seriously

"My mother was driving, and I was sleeping in the back seat," Silva sald. "No one was injured, except me. I had a broken wrist and some glass in my skin. I was very lucky. I think about how precious life is every day."

Silva said that the mock crash provides a wake-up call.

"It was mind boggling," Silva said. "I've been in a lot of accidents, but I've never been airlifted. Seeing that was scary."

Military News

Air Force Airman 1st Class Robert L. Pasquarelli has graduated from basic military training at Lackland Air Force Base, San Antonio, Texas.

During the six week s of training, the airman studied the Air Force mission, organization, and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Pasquarelli is the son of Olga G. Pasquarelli & Bob F. Pasquarelli, both Casselberry.

The airman is a 1998 graduate of Lyman High School, Longwood.

Army National Guard Pfc. Erik J. Jackson has entered basic military training at Fort Jackson, Columbia, S.C.

During the eight weeks of training, the soldier will study the Army mission and will receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, physical fitness, first aid, Army history and traditions, and special training in human relations.

Jackson is the son of Larry L. and Virginia A. Jackson, Sanford.

He is a 1995 graduate of Seminole High School, Sanford.

Air Force Alrman Wallace H. Bagwell Jr. graduated from the munitions systems material apprentice course at Sheppard Air Force Base in Wichita Falls,

Bagwell's training included conventional and nuclear ordnance inventory management and accounting systems.

He is the son of Wallace H. and Pat S. Bagwell, Deltona.

Christina M. Callin graduated from the Army Reserve Officer Training Corps (ROTC) Camp Challenge at Fort Knox,

The training included fundamental military skills, basic rifle marksmanship, drill and ceremonies, small arms tactics, and communications.

Callin is a 1999 graduate of Oviedo High School and is currently a student at Marion Military Institute, Ala. She is the daughter of David M. and Anna T. Callin, Chuluota.

Navy Seaman Apprentice Alex R. Jacot recently completed U.S. Navy basic training at Recruit Training Command in Great Lakes, Ill.

The eight-week program focused on practical instruction on naval customs, first aid, fire fighting, water safety and survival, and shipboard and aircraft safety. Physical fitness and classroom study was also emphasized.

Jacot is a 1998 graduate of Seminole High School.

The Psychic Shop You Will Be Amazed

CENTRAL FLORIDA SOCIETY FOR HISTORICAL PRESERVATION

Historical Awareness for Seminole County Students, a community service project of the Central Florida Society for Historical Preservation is now scheduling tours for the 1999-2000 school term. The Society's program will provide transportation cost for Seminole County students to tour the historic Bradice-McIntyre House Museum. Costumed docents and artisans conduct the tours creating the ambiance of the late Victorian Period. The program meets the requirements of the Sunshine

State Standards that elementary students have a complete overview of American History before graduation to middle school. The program can be adapted to meet the needs of all Seminole County students. The project is funded in part by the Seminole Cultural Arts Council, Inc.

For High Schools, an architect gives a lesson on the unique architecture of the house. To schedule a tour call Carolyn Bistline, Education Committee Chair, at 830-9459 or 834-9508.

Longwood Arts & Crafts Festival

"Always The Weekend Before Thanksgiving"

The Longwood Arts & Crafts Festival is held in the Longwood Historic District, the focal point of most of the boutiques, gift shops etc. for which Longwood is known. The streets, closed to vehicular traffic for that weekend are devoted to the festival and afford both the exhibitor and visitor alike a wonderful atmosphere for the weekend. As an added bonus, all of the shops are open for business. Local restaurants and outside vendors cater to every taste. Besides attracting visitors from greater Orlando, the old Florida ambiance, and the central location of Longwood, lure festival goers from near and far. The Festival is a family-oriented show for speciators of all ages. As a reasonable projection, we can expect upwards of 30,000 visitors to

Christmas In Old Longwood

A special holiday program, "Christmas in Old Longwood," is being sponsored by the Central Florida Society for Historical Preservation. The evening begins at 7:00 pm at Christ Episcopal Church, the oldest church in continuous use in Seminole County. Readings by Father David Knox and carols by Lake Mary High School chotr, directed by Mrs. Alice Nielson.

Following will be a holiday dinner at the Bradlee-McIntyre House. This c 1885 3-story 13-room Queen Ann Style Victorian House, decorated for the holiday season is the perfect setting to enjoy a delicious holiday dinner.

Tickets are \$20.00 per person, limited to 50 guests each evening. The dates are Monday, Tuesday, Wednesday, December 6, 7, 8. Tickets are available at select shops in the Longwood Historic District, Call 407-831-3688 or 407-834-7220 for tickets and information.

BRADLEE/MCINTYRE HOUSE

Bradlee-McIntyre Annual Christmas Open House

Experience a Victorian Christmas with a tour of the c1885 Queen Ann Style Victorian House.

December 12th 1:00-4:00 • December 15th 11:00-4:00 December 22nd 11:00-4:00 Brief History Of The Bradlee/McIntyre House

The recorded history of the Bradlee/Mcintyre house begins with the creation of the Bouth Florida Railroad which was completed from Sanford to oriando in 1880. With the railroad the area was opened up for tourists who came to spend the winter. The Altamonte Land, Hotel, and Navigation Company was formed by a group of Boston business men in 1882 to build a "Florida Boston Town" The corporation was formed for the purpose of selling building lots, operating a hotel, and hopefully connecting Lake Orienta wit the St. Johns river by constructing a canal to the Little Wekiva river. The first hotel was opened in Feb. of 1883 located on Lake Orienta at what is now the southwest corner of SR 436 and Maitland Ave. Shortly thereafter, Nathan Bradlee, one of the leading architects of Boston, was brought in to build several "cottages" on lots on the east side of maitland Avenue, near Boston Avenue on the west side of the hotel and north of hotel just west of Lake Adelaide. This house, built by mr. Bradlee for himself was on the north side of SR 436 and stood near Massachusetts Avenue and Park Place. Unique to these homes were the lack of kitchens since meals were generally taken at the hotel, or if entertaining at home, by food brought to the house by the hotel.

Mr. Bradlee lived in the house until his death in 1888. After that time it was sold several times until in 1904 it was bought by Mr. & Mrs. McIntyre, who wished to live in Altamonte Springs year round. Since the hotel was not open year around the McIntyre's added a summer kitchen connected by a breezeway on the back of the house. After Mrs. McIntrye's death in 1946 the house was resold many times.

Since the house is expensive to keep in repair and no means was found to make the house economically self sufficient the house went through a number of owners becoming more run down with each owner until it was abandoned. The town of Altamonte Springs, wishing to have the land for the hospital, decided to self the house for \$1.00 with the provision that it be moved from its site. If no buyer was found they would allow the city fire department to the city for highest provided that the "Cottage" represervation, realizing the heritage that the "Cottage" repre-

The Central Florida Society for Historic Preservation, realizing the heritage that the "Cottage" represented to the early tourism industry of the area and it's unique Queen Anne style architecture, took on the house as its first project. Unable to find a suitable location in Altamonte Springs and having land offered in the Longwood Historical District by Mr. & Mrs. Robert Bradford, the house was moved to this site in 1973. The house was placed on the National Register of Historic Places.

The Society took on the restoration of the building with a grant from the state which repaired the building and installed central heating and cooling, the furnishing of the house in the style of the late victorian period has been accomplished by gifts of furniture of this period to the house and selective purchases where pieces were needed to fill out the Victorian decor.

The house is maintained today as a late Victorian atyle House Museum furnished as it might have been during the time the Bradlees lived here.

Seminole Herald, Sanford, Florida - Thursday, November 18,1999 - 18

Hunting season is here

Special to the Herald

OCALA - in the state's Central Zone, which includes most of central and northeast Florida, general gun season for antiered deer and wild hog began last Saturday, Nov. 13, and will continue through Jan.

Fall turkey season (gobblers only) also began on Nov. 13 and will run through Jan. 9, and gray squirrel and quail season (small game) began on Nov. 13 and will continue through March 5.

The statewide waterfowi season will open this Sat-urday, Nov. 20, and continues through Jan. 18, with a special Youth Waterfowl hunt day on Jan.

While some people hunt on private lands, many hunters take advantage of Florida's extensive wildlife management area (WMA) system - public lands managed by the Florida Fish and Wildlife Conservation Commission (FWC) to provide good hunting opportunities for a variety of wildlife species.

There are 31 WMAs in the FWC's 12-county central region that are open at various times during general gun or modern gun, waterfowl, turkey, 'and squirrel and quall seasons.

They are: Baird Unit of Richlourn WMA (Sumter). Bull Creek WMA (Osceola). Caravelle WMA (Putnam). Citrus WMA (Citrus), Dexter/Mary Forms Unit of Lake George WMA (Volusia). Etontah (Putnam), Flying Eagle WMA (Citrus) and Fort McCoy WMA (Marion).

Also. Georgia-Pacific WMA (Putnam), Guana River WMA (St. Johns), Half Moon WMA (Sumter), Homosassa WMA (Citrus), Creek (Sumter), Kilbee Unit of Little Big Econlockhatchee (Seminole), Lake George WMA (Putnam and Volusia), Lake Panasoffkee WMA (Sumter), Mlami Corporation WMA (Brevard and Volusia), Ocala WMA (Lake, Marion and Putnam), Potts WMA (Citrus), Prairie Lakes Unit of Three Lakes WMA (Osceola), Relay WMA (Flagler), Ross Prairie WMA (Marion), Richloam WMA (Lake, Sumter, Pasco and Hernando), Rima Ridge Unit of Tiger Bay WMA (Volusia) and Rook Springs Run WMA (Lake and Orange).

Others include, Seminole Forest WMA (Lake), Seminole Ranch WMA (Orange), Lakes Three (Osceola), Tiger Bay WMA (Volusia). Tosohatchee WMA (Orange) and Triple N Ranch WMA (Osceola).

Hunters should note that a quota hunt permit is required for hunting in some of these areas, while others require only a valid Florida hunting License and a valid wildlife management area stamp. Not all areas offer all hunting opportunities.

For specifics, hunters should refer to the hunt map for the particular WMA they are interested in. They should also obtain a copy of the Florida Hunting Handbook and Regulations Summary for statewide

regulations. These publications are available at county tax collectors, from the FWC's regional office in Ocala, or can be viewed or downloaded from the FWC's

website http://www.state.fl.us/fwc/ and then clicking on the

Hunting tab. State law requires that anyone hunting deer in Florida during the gun season must wear a minimum of 500 square inches of daylight fluorescent-orange material as an outer garment, such as a Jacket or

It's a whole new ballgame

SAC quartet begin search for a state football championship

By Dean Smith SPORIS EDITOR

LAKE MARY - It's back to square one now.

Records, winning streaks, a tough schedule, playing in a good conference or strong district. None of that will mean a District 2 champion and has thing when the Lake Brantley, Lake Mary, Oviedo and Semi- cluding huge wins over Oviedo nole football teams step on the and Lake Brantley, and has not Reld Friday night.

Now it's back to sports in its most basic form, single elimi-nation. You win, you keep back admirably from a loss to playing. You lose, and your Lake Mary with crushing victoseason is over.

The 1999 Florida High School Activities Association finish second in 6A-2. (FIISAA) Football Champion- The Patriots' domin

ships get underway with the the Bulldogs was especially four Seminole Athletic Conferimpressive as it came on the ence squads looking for the heals of the loss to the Rams gold at the end of the rainbow.

All four teams come into the playoffs on an up-beat. Lake Mary (9-1) was the Class 6Awon nine games in a row, inlost since a season-opening setback to Seminole.

ries over DeLand on the road and a talented Lyman team to

The Patriots' domination of

and came against a team that had won four district games in a row and appeared ready to storm into the playoffs. Oviedo (7-3) looked to be all

but out of the playoff race when it fell to 3-3 with all three losses coming to district foes (Lake Brantley, Lake Mary and

DeLand) by a total 12 points.

But the Lions have won four in a row to earn an At-Large bid and have been playing outstanding football on both sides of the line of scrimmage.

Seminole (8-2) has also bounced back well from a tough Class 5A-District 4 loss to

champion Spruce Creek with victories over an always tough Merritt Island team (which is in the 4A playoffs) and a romp over a Winter Springs team that had won four games in a row and could have knocked the Tribe out of the playoffs.

In the games this Friday: Lake Mary hosts Orange Park (8-2), which has only losses against Tallahassee-Lincoln and undefeated Palatka, but has not played as tough a schedule as the Rams,

at Don T. Reynolds Stadium. Lake Brantley hosts Dr. Phillips (7-3), which has won five of its last six games and has losses to teams that have a combined 29-1 record, at Tom

Story Field.

This game will have the added motivation of revenge for the Patriots as the Panthers ousted undefeated Lake Brantley in the first round of the playoffs last year.

 Oviedo travels to Winter Garden to take on West Orange (9-1) team that has racked up over 350 yards of offense per game and won the tough 6A-4 Orlando district.

 Seminole has to make the longest trip, heading to Palm Beach Gardens to take on Dwyer (5-4), which won its district in a three-way Kansas tie-breaker.

All of the games are set for 7:30 p.m. starts.

SANFORD - Sometimes talent is enough. Playing like a team that had been idle for a week, the Seminole Community College women's basketball team stumbled and bumbled through most of the game before its constant defensive pressure finally wore Palm Beach Community College down as the Raiders improved to 4-0 with an 82-59 victory at the SCC Health and Physical Education Center Wednesday evening.

The game was the first for SCC since clobbering St. Petersburg Junior College 107-37 last Tuesday and the layoff showed

with 242 points.

The Patriot girls won by wider

We're elated with the re-

said Seminole head

margin over the Rams, 564-

473, with Oviedo third (222)

coach Tony Ackerson. "These

are the same teams that we

swam at the conference meet

two weeks ago and we felt

pretty good about that meet

"Ill guarantee you no one out-

side of our kids thought that we

could pull this off. We just have

a small group of overachievers

that work their tails off and do

finish for Seminole in recent

memory, which is amazing con-

sidering the Tribe was moved

up into a tougher district this

This was the highest district

what they're asked to do "

(Boys fourth and girls fifth).

and Seminole fourth (214).

as the normally sure-handed Raiders' timing seemed to be off, having several potential defensive interceptions go right through their hands and also overthrowing open players on the fast break.

The SCC players were probably at least partially distracted as their thoughts were with their coach, Ken Patrick, who missed the game because his father passed away on Monday.

But despite all of its troubles, however, SCC never trailed as its superior talent and physical conditioning paid off against a talented and big Panthers squad.

The contest started well as sophomore forward Satu Raimesalo from Lahti, Finland

Seminole surprises in district swimming

year, after a pair of fifth place

finishes last year, and had lost

a state champion (Lori Thomas,

now at the University of Hawaii)

Based on the seed times

coming into district, the boys

ANNIE

MOH, DEAR! 1 MUST, SINCE YOU KNOW ME. HOW RUDE

Horoscopes

Your Birthday Friday, Nov. 19, 1999

If things have been going smoothly for you, you should continue to operate on the same plane in the year ahead. Stick-to-litveness is what will bring you success and fulfillment

MTYP HIL

SCORPIO (Oct. 24-Nov. 22) There is a strong possibility that you might gain in some manner from a situation that has been engineered by another. This will make for a rather exciting time today. Astro-Graph year ahead predictions make great Xmas stocking stuffers for all signs of the Zodiac. Mail \$2 for each to Astro-Graph, c/o this newspaper, P.O. Box 1758, Murray Hill Station, New York, NY 10158. Be sure to state the Zodiac signs you desire. SAGITTARIUS (Nov. 23-Dec. 21)

Wherever you go and whatever you do today, your charisma will be operating at full throttle and friends will find you extremely charming and pleasing. It should be a nice day for you. CAPRICORN (Dec. 22-Jan. 19) Turn away from the use of tradi-

tional tactics today and a rather unique goal you've established for yourself can be achieved. Let your ingenuity devise the plan of action. AQUARIUS (Jan. 20-Feb. 19) Telling it like it is will be the most

effective tool you possess today, so don't hesitate to speak or write what is on your mind. Frills will not be required to make your points. PISCES |Feb. 20-March 20| Even though there are no visible ways at this time to achieve something material you want, unforeseen circumstances could intervene today and help you fulfill this desire. ARIES (March 21-April 19) Listen carefully to what others have to say today, but don't discredit your own findings. Your judgment is likely to be a trifle keener than that of someone with whom you'll be asso-

TAURUS (April 20-May 20) A matter you've had to handle solely on your own up until now may get the assistance today you've been hoping for. Things could speed up considerably for you.

GEMINI (May 21-June 20) Be extra careful that your concepts are

well thought out before you present them to associates. Others are apt to act on your thoughts, and you won't want to be embarrassingly

CANCER (June 21-July 22) You're well-equipped to take on a leadership role today, so don't be refuctant to assume the responsibility when asked. People will be depending on you for guidance. LEO (July 23-Aug. 22) There's a good chance you could meet someone today with whom you'll have much in common. However, this person may be hidden among a crowd you don't like, so be nice to

VIRGO (Aug. 25-Sept. 22) Several loose ends that have been left dangling concerning a financial matter that is important to you could be tied down today through an unexpected occurrence. Be on your toes. LIBRA (Sept. 23-Oct. 23) Don't hesitate to offer guidance today to a friend who lacks your imagination and experience. You are the right candidate for helping your pal get back on track.

Win at Bridge

Turning four into two

It is possible to telescope two losers into one if both opponents win trick 13. Does that sound paradoxical? Well, what really happens is that one defender ruffs his part-

ner's side-suit winner. But have you seen a deal in which four losers are condensed into two? If not, read on, Macduff! Over South's one-spade opening, West used the Unusual No-Trump, showing at least 5-5 in the minors. After North mentioned his heart suit. South bid three no-trump because he had both minor-suit stoppers yet only of a sort in clubs. North did well to correct to four spades; three no-trump would

surely have failed. Not that four

South ducked the diamond-king lead, won the diamond-queen continuation, and cashed his two top trumps, getting the not unexpected

bad news. Then he played off dummy's two heart winners, ruffed a heart in hand, trumped a diamond in the dummy, ruffed a heart in hand, played a club to dummy's ace, and trumped the last heart in hand. Have you been counting? Of course you have - so you know that that was South's 10th trick: two spades, two hearts, one diamond, one club. three heart ruffs in hand and one diamond ruff in the dummy.

What happened to the defenders' four remaining winners? Well, at tricks 12 and 13, West's winning jack and king of clubs are ruffed by East's two

Doctor Gott

Artificial insemination usually safe

DEAR DR GOTT: Because of my husband's low sperm count, both our children were conceived by artificial insemination with donor sperm. Now I'd like a third child but am concerned

spades looks like a bargain with the

lose two spades, one diamond and two clubs, yet he managed to extract

10 tricks.

bad breaks. Declarer seems about to

bank assures me that the specimens are sold by medical students who have been screened genetically and physically, are of good moral character and intelligence, and enjoy excellent health. Should I be con-

about AIDS. The sperm

cerned? DEAR READER: The AIDS virus is spread by transmission of body fluids, primarily blood and semen.

Therefore, there is a risk of AIDS during artificial insemination. On the other hand, banked sperm is carefully checked and is considered safe because of meticulous screening. Nonetheless, no medical test is perfect and, in theory, no semen sample can be absolutely guaranteed free of HIV.

no matter how fastidious the donors and the testing procedures are. However, I believe that you are safe in conceiving another child, providing the sperm comes from a

reputable agency and the procedure is completed under competent medical supervision. DEAR DR. GOTT: Is it possible to diagnose heart and

lung disorders without the use of X-ray tests? DEAR READER: X-rays are simply tools that help doctors diagnose a variety of disorders, especially those causing lung congestion and inflammation. Other methods can accomplish

the same goal, but they are often cumbersome and more expensive than X-

rays. For example, MRI scans (which do not involve X-rays) are of great value in diagnosing heart and lung ailments. However, MRI testing is far more expensive than most X-ray exams. For the average patient, X-ray films are a safe way to obtain the most information in the shortest time.

Remember, too, that cardiograms and ultrasound are also tnexpensive and valuable tests for heart function and do not involve X-rays. DEAR DR. GOTT: As an expertenced teacher, I am concerned about the length of the lunch pertod in my school. The students are given only 20 minutes to eat. Doesn't this encourage bad eating habits and stomach problems? DEAR READER: I agree that a 20minute lunch break is inadequate for school children and could foster both bad eating habits and maldigestion.

I suggest that you discuss your concerns with the school principal or administrator. I'll bet that he or she takes more than 20 minutes for lunch and would be willing to alter the students' schedules to allow for a more civilized eating period. If this person refuses, suggest a 20minute limit on his or her lunchtime. I hope you have tenure.

Doctor Peter Gott, a syndicated columnist for Newspaper Enterprise Association, can be written to at P.O. Box 91369, Cleveland, OH 44101-

Department of Children and Families investigators must offer voluntary services

flee; (3) A child died as a result

of abuse or neglect; (4) A child is

a victim of aggravated child

abuse; or (5) A child is a victim

of sexual battery or of sexual

abuse; the investigator must

immediately communicate that

information to the county sher-

iff's office or local police depart-

ment that is jurisdictionally

In conclusion, an investiga-

tor's role in a case alleging

abuse, abandonment, or neglect

of a child includes gathering

whether certain services are nec-

essary to safeguard and ensure

the child's well-being and devel-

opment and, under certain cir-

cumstances, reporting his or her

findings to the appropriate

agency. In the coming weeks we

will discuss the Family Builders

Program as well as other topics

Seminals County and a member of the Florida Ser Association. His solumn is for

related to juvenile law.

determining

responsible.

information,

In past articles we have discussed what happens after a report of abuse, abandonment, or neglect of a child is made to the central abuse registry and what information is usually gathered at the investigation

The investigator's role, however, does not consist solely of

Manny Acevedo

necessary to safeguard and ensure the child's wellbeing and development.

rative ser-

vices

If the investigator determines that a child requires services such as: (1) Medical or other health care; (2) Homemaker care, day care, protective supervision, or other services to stabilize the home environment, including intensive family preservation services through the Family Builders Program, the Intensive Crisis Counseling Program, or both; or (3) Foster care, shelter care, or other substitute care to remove the child from the parents' custody; such services must first be offered for the voluntary acceptance of the parents or other person responsible for the child's welfare.

At the time the such services are offered, the investigator must inform the parents or other person responsible for the child's welfare of the right to refuse services as well as the responsibility of the department to protect the child regardless of the acceptance or refusal of services. However, if the services are refused or the department deems that the child's need for protection so requires, the department shall take the child into protective custody or petition the court as provided by

In addition to determining whether protective' treatment, and ameliorative services are necessary and regardless of whether the services are voluntarily accepted, the investigator is required to make a report to the state attorney and the appropriate law enforcement agency under certain circumstances.

For example, if the investigator learns during the course of an investigation that a child received an observable injury or medically diagnosed internal injury as a result of child abuse or neglect, the investigator must notify the state attorney and the appropriate law enforcement agency. Furthermore, if the investigator learns during the course of an investigation that: (1) The immediate safety or well-being of a child is endangered; (2) The family is likely to

Sweet Water Oaks Garden Club meets on Mondays

The Sweetwater Oaks Garden Club, Inc. meets at the Sweetwater Community Center, 810 Fox Valley Drive, at 9:30 a.m. on the second Monday of each month.

The club is a member of the Florida Federation of Garden Clubs, Inc., and there are 73 members.

Anyone wishing to become a member may call 814-1069 for

Smoker's reluctance to quit frustrates family

DEAR ABBY: My husband's mother has been diagnosed with emphysema and deteriorating lungs. Last April, the doctor's prognosis was that she would die within the year. We decided to move to her hometown to be

with and family during time of cri-We have discovered that she still

her oxygen as often as she should. Her doctor ordered her to quit working, so now she is home all day, and all she does is complain and talk about dying. Abby, if she's so worried about dying, why won't she quit smoking and try to make herself better? She is not that old.

She has four wonderful grandchildren to watch grow up, and my husband and I would like her to be around when WE have children. I feel like I'm hitting my head against a brick wall when-

ever I try to talk to her and give her words of encouragement. She refuses to go to another doctor for a second opinion, which I feel she needs to do.

Abby, what can the family and I do to help her see the light? I'm hopeful that if she sees this letter in the paper, she'll understand what we are going through.

CONCERNED **DAUGHTER-IN-LAW**

DEAR CONCERNED: Your mother-in-law probably has not stopped smoking because she is hopelessly addicted to cigarettes and feels that because she is terminal, it's useless to fight a battle she has been told she will lose anyway.

Your suggestion that she seek a second medical opinion was excellent. No one should accept a death sentence without seeking a second opinion - or even a third. Your husband and the other members of the family should schedule an appointment for Mom and see that she keeps it. Where there is life, there is hope.

Your letter is a timely one, because today marks the 23rd annual Great American Smokeout. For those who may not know about it, the Smokeout is an upbeat, goodhumored, one-day campaign to encourage smokers to quit smoking for 24 hours — just to prove to themselves they can do

In 1998, 19 percent of smokers (approximately 8,930,000 people) participated in the Great American Smokeout. Of those participating, 10 percent more than 890,000 adults reported that they were smoking less or not at all one to five days later.

While "cold turkey" is the most difficult way to quit, I'm told it is also the most effective way to rid oneself of the habit. Those who need help or want more information about the effects of tobacco may call their local chapter of the American Cancer Society or (800) ACS-

DEAR ABBY: Every year our family gathers at the home of "Aunt Dottle and Uncle Joe" for Christmas dinner. This includes us, our parents, aunts, uncles, cousins and their children. Aunt Dottie and Uncle Joe used to charge only the adults — the children ate free - and the adults

also brought along bottles of alcohol. Now the charge is per person, so everyone pays.

Abby, we have no choice in the menu. Aunt Dottle and Uncle Joe plan the meal. If they serve something we don't like, or if we can't stay for the whole meal, don't you think we should get at least a partial refund? Shouldn't we have a say in the menu since we pay for our meals? They don't need the money, but they never offer a refund if we eat little or leave carly.

I think a better plan would be for all of us to meet in a restaurant for Christmas dinner, so we'd have a choice. What do you think?

FED UP IN NEW JERSEY

DEAR FED UP: It's unrealistic to expect your aunt and uncle to refund the money for the uneaten food, and having a "committee" create the menu might be more of a hasele for your aunt and uncle than they're willing to accept. Since all of you pay for your own dinner anyway, your suggestion is practical. Mention it to your relatives and see how they react. More than a few may "second" the motion.

per month for digital service.

Digital Nokia 5120

Features: Alarm clock, 3 games, 30 ringing tones, weighs only 6 oz., rapid charger, 4-6 day battery.
