

**DISTINGUISHED PARTY**

**Group of Millionaires From New York To Visit Sanford**

Next Friday a private car containing several millionaires and inventors from New York will arrive in Sanford and expect to spend the day here inspecting our city and the Celery Delta. The Commercial Club and citizens generally will act as hosts and the party will be shown a taste of old time hospitality with a trip to Shell Mound and something good to eat.

At a meeting of the Commercial Club last Friday night all arrangements for their entertainment were made.

President Lake appointed on the reception committee the following gentlemen: Mayor, Spencer, Thomas K. Bates, G. H. Fernald, Frank P. Forster, S. O. Chase, Frank L. Woodruff, R. J. Holly, D. L. Thrasher, T. A. Neal, H. E. Tolar, H. R. Stevens, Mike Crown, A. P. Connelly, Thomas Emmett Wilson, Col. Powers. The committee on transportation are Walter Hand, N. H. Garner, B. A. Howard, W. J. Thigpen, Alderman Runge, Roy Symes, Edward Higgins.

The committee to prepare the feed is composed of D. A. Caldwell, C. H. Lefler, Dick Maxwell, H. O. Packard, C. R. Walker, W. L. Andrews. The finance committee is composed of D. D. Child, C. H. Lefler, and Robert Newman. The party will be taken in automobiles here and shown all there is to be seen in the city of Sanford and the entire Celery Delta. Then it will be taken to the fish fry where they will be met with power

boats and taken for a run around Lake Monroe and the St. Johns river. There will be fifty seven visitors in the party.

**Card of Thanks**

Who showed us in our time of sorrow their loving sympathy and many kindnesses this acknowledgment of our deep appreciation of the same.

Mrs. Geo. Armstrong and Sons

**Lend a Hand Club**

The Lend a Hand Club will meet at the residence of Mrs. Henry Wight Friday afternoon at 2:30 o'clock. It is requested that every member of the club attend the meeting.

**Music Club**

The regular meeting of the Music Club will be held at the residence of Mrs. F. L. Woodruff Saturday afternoon at 3:00 o'clock. All members are urged to be present. Mrs. Geo. L. Hoy leader.

**Cantata Practice**

The members of the Music Club Chorus are requested to come promptly at 3:30 o'clock Friday afternoon to the residence of Mrs. M. H. Howler, to practice for the cantata.

**West Side Boys Attention!**

The boys of the West Side are requested to meet in the West Side Park Saturday afternoon at 3 o'clock. Boys who are old enough to pick up a piece of paper to the boys who can help father cut the grass. There's a secret.

**Notice.**  
On account of the repairs now being made on the Presbyterian Church there will be no prayer meeting tomorrow evening as formerly announced. A very cordial invitation is extended to all those who wish to attend prayer meeting on tomorrow night.

**WANTS**

**\$2,000 HOWARD AUTOMOBILE GIVEN AWAY FREE**

**HOW TO SECURE THIS HANDSOME CAR**

We will issue trade coupons with every purchase made. These coupons are good for their face value in votes. The person securing the largest number of votes at the close of this contest, will receive this handsome car absolutely free of all cost. The coupons are transferable, so if you are not interested in securing this car for yourself, you can make some relative, friend or acquaintance happy by saving your coupons for them.

**EQUAL CHANCE FOR ALL**

No lucky number will win this car. Simply sign a nomination blank and have a particular number assigned to you, and then boost for your number among your relatives, friends and acquaintances. Have them patronize our store and save the coupons for you. The rules are simple. The chance costs you nothing. An opportunity for any hustling man, woman or child to secure a prize that will give lifelong joy and pleasure.

**OBEY THE IMPULSE**

**RECORDING DATES**

First day for recording votes will be Wednesday, March 19th. Hereafter, days for bringing in votes to be recorded will be Wednesday after 1st and 15th of each month. Don't forget these dates. If not convenient to bring in votes on these days, you can send them in or mail them.

**NO PUBLICITY**

Nomination blanks can be clipped from this advertisement, or can be obtained at our place of business. Upon receipt of your nomination, you will have a particular number assigned to you. The published bulletins of all contestants will be by number only, thus avoiding any publicity to your name. All votes received will at once be entered in a voting register, and immediately after the close of contest, the winner will be announced, and the prize awarded.

**SIGN BLANK-GET PARTICULARS**

**GETTING ACQUAINTED WITH NEW CUSTOMERS**

We do not expect to recover the expense of this contest through a greater per cent. of profit, but through a larger volume of business. We expect the larger volume of business to more than offset the cost, and it will be our earnest endeavor to give you even more for your money in the future than we have in the past. If you are not in the contest, make some relative, friend or acquaintance happy by saving your coupons for them. DON'T THROW THEM AWAY.

NOMINATION BLANK  
GOOD FOR TWO THOUSAND VOTES

Place to my credit 2,000 votes and notify me what my number will be.  
Also send me full particulars how I can win the Howard Automobile.

Name.....

Address.....

Cut Out and Mail

In case of a tie, a prize, identical in every respect with that tied for, will be awarded each tying contestant.

## RAILROAD ACROSS STATE

Rumors That Seaboard Will Swing The Deal

START HAS ALREADY BEEN MADE

Other Items of State Happenings That May or May Not Interest You.

Punta Gorda, Mar. 14.—The very great interest and natural excitement over the coming of the new railroad remain unabated in Punta Gorda and vicinity. With the surveyors at work on the line between Venice on the Gulf coast and the town of Charlotte Harbor across the bay from this city, and the publication of the Charlotte Harbor and East Coast Railway Company of its intention to apply to the city council for an easement over streets, the building of the road appears to be an assured event. The length of the road between Venice, which is now reached by the Seaboard Air Line, and the town of Charlotte Harbor, is thirty miles, and the line passes through a diversified country, consisting of hammock, pine, prairie and muck lands. The construction will not be difficult or costly, only one stream, the Miakka having to be crossed. At this end of the route the site for the depot, freight houses and other necessary buildings, has already been decided upon, and large quantities of land have been donated for the purpose. Rumors are rife that this latest road will be the Seaboard and that it will cross the southern peninsula from the Gulf to the Coast.

One of the largest deals ever consummated in Live Oak was put through a few days ago when The Engineering Securities Corporation of New York, holders for J. G. White & Co., purchased the Suwannee Electric Company's plant and Lyle & Edwards' ice plant, the consideration being \$50,000 and \$35,000 respectively. The new purchasers will in the near future make many improvements and it is probable that the two industries will be combined.

The appropriation of \$100,000 for the opening of St. Lucie inlet and making of it a harbor of refuge for ocean going vessels, has given a big impetus to the sale of property in the vicinity of Stuart, and at Port-Sewall, the new town that has been laid out by the Sewall's Point Land Company, just opposite Gilbert's bay.

The Marion County Fair Association, which has conducted a most creditable annual exhibit of the resources of Marion county for several years, has invited Alachua and Sumter counties to join in an Annual Tri-County Fair.

Plans for the further development of Jacksonville as the great convention city of the southeast through aggressive bid-dings for meetings of interstate importance resulted yesterday in the session of the conventions committees of the board of trade and the Hotel Men's Association going on record as in favor of a fund of \$30,000 rather than \$20,000 for entertainment and cost of getting such hordes of visitors.

Lakeland's Next Postmaster.  
Hon. J.-C. Brown, who resides at Lakeland but being a former resident of Sanford is still claimed by us, was in the city for a short stay yesterday, shaking hands with old friends. Mr. Brown is a well known engineer of the A. C. L. and has many friends over the state. Having been a staunch Democrat and party worker all his life he is in line for postmaster at Lakeland and has been strongly endorsed by many leading citizens of Lakeland and other cities in the state.

Last spring he had the additional honor placed upon him of being elected Representative from Polk county, a position which his intelligence, honesty and love for the people's rights peculiarly make him well qualified to fill with eminent satisfaction to his constituents.

Postmaster Suicides.  
Tavares, March 11.—J. H. Vander-haven, who had been postmaster here for four years, killed himself yesterday morning by cutting his throat from ear to ear with a razor. Mr. Vander-haven was quite popular among a large circle of friends. No cause has been given for his rash act.

## Party of Capitalists Here Today

### Some Fifty Financiers are Interested in Sanford for Investments of various Kinds.

#### Will Purchase Electric Light and Gas Plants, Water and Ice Plants and Build New Tourist Hotel.

A party of financiers are here today and their presence means much to this city. They expect to invest several million dollars in Florida in which Sanford will share as the light and water plant, and ice plant will be purchased and improved and a new tourist hotel erected.

A company is being formed under the laws of the State of Florida to be known as the Southern Utilities Company for the purpose of acquiring and operating a number of public utilities and ice manufacturing properties. The purchases already made are all in the State of Florida and it is probable that later on additional purchases will be made which will probably be beyond the confines of this State.

It is to provide for the growth, not only of plants acquired, but permitting the acquiring of additional plants with the large capitalization decided upon. The plants already acquired include: Arcadia Electric Light and Power and Ice Plants.

Bradentown (including Palmetto and Manatee) Electric Light and Power Plants.

Fernandina Ice Plant.

Fort Lauderdale Electric Light and Power and Ice Plants.

Fort Meyers Electric Light and Power and Ice Plants.

Lake City Ice Plant.

Live Oak Electric Light and Power and Ice Plants.

Miami Ice Plants.

Palatka Ice Plants.

Pensacola Ice Plants.

Punta Gorda Ice Plant.

St. Augustine Ice Plant and Steam Laundry.

Sanford Electric Light and Power, Gas, Ice Plant and Water Works.

Tarpon Springs Electric Light and Power and Ice Plants.

West Palm Beach Electric Light and Power and Ice Plants.

One of the benefits which has already accrued to the State of Florida is that most of the plants purchased have already been paid for in full in cash. This has brought a large amount of new investment money into the State and has according to leading bankers of Jacksonville and other cities to materially ease up the financial situation and give the local people, who have received, or are to receive, the funds for investment in other local enterprises.

It is intended that payments will be completed within the next thirty days for all those plants which have not already been fully paid for. This will bring still more cash into the State available for local investments, including the payments for all of the plants and the additions and extensions which are intended to be made. The entire operation means an investment in the vicinity of several million dollars.

This is the most convincing proof possible that Mr. White and his associates have great faith in the future of Florida, it being generally understood that they believe that this State will probably show at the next census the largest percentage of growth in the Union during the present decade. If this anticipated growth actually takes place it will surely be beneficial to the State to have so many properties which directly cater to the needs of the public in the hands of those who will be able to adequately finance all requirements to provide fully for the increased consumption and needs of the local community.

It is the general policy of those interested in the above properties, and such others as may be acquired, not to raise rates, but to lower them from time to time, as increased sales and as manufacturing costs may justify such lower prices, as the rates which have been in the past charged to the different plants are steady there may be some

equalization of rates, but the general policy will be to gradually lower, as may be justified by conditions.

One of the principal gains to the locality in which plants have been or may be acquired will be that the Southern Utilities Company will be able to raise ample funds whenever required to make extensions to the plants it owns or controls. It is the intention of those interested to add to all plants with such promptness and to make such additions of said capacity as will adequately care for the present needs and make reasonable provisions for the future of all communities in which the company has plants.

The improvements already approved and which are intended to be promptly carried out are estimated to cost more than \$300,000 cash and further improvements and additions will be authorized as rapidly as it can be shown that the sales and prospective growth of the respective communities justify such further extensions.

So far as the owners are concerned their principal gains from the control and management of a large number of properties are expected to be derived from the increased output which will be made possible partly by additions to the capacity of the various plants and partly by endeavoring to accommodate the public and also by energetically endeavoring to secure such new business in each community as may be available. By trying to accommodate the public, prompt attention to complaints regarding service, earnest endeavors to improve service and ample capacity for all requirements, it is believed that the business of the respective plants can be rapidly increased and this increase in output should add to the profits realized from the operation of the properties.

The direct management of all the properties will be under Mr. H. C. Adams, recently of West Palm Beach, who will be made general manager of the Southern Utilities Company. Rooms for the headquarters of this company have already been engaged in the Heard National Bank building, Jacksonville, and this will be general headquarters for the operating staff. Under Mr. Adams there will be competent, trained and experienced engineers, who have had experience in the management and operation of such properties as are being acquired. The staff will also include expert accountants and everything incident to an organization fitted to adequately supervise the operation of a large number of properties. Each property owned will be operated by a local company which will usually have the name which will include the name of the local city or town where the plant is located, or some other local well known name. Each local company will also have a board of directors which will include some of the leading business men of the community in which the plant is located. It is hoped that these directors will be able to assist in seeing that the respective plants are operated in such a way as will adequately care for the needs of the people served, and in such way as will result in the company having the sympathy and co-operation of the public.

The personnel of the local board of directors has not been determined, but information will be sent to the local papers regarding these local boards when their composition has been finally determined.

The general financing of the Southern Utilities Company is being arranged by the Engineering Securities Corporation of New York of which M. White is president.

White Engineering Corporation, which has taken a participation in the financing of the Southern Utilities Company and which will do the general engineering for and have the general supervision of such additions and extensions to plants as may be made. The second subsidiary company the J. G. White management corporation will have general supervision of the management of all properties and co-operate with the staff of the Jacksonville office in endeavoring to see that the management of each property is properly looked after. This corporation, as also the parent company, J. G. White Company, Inc., is participating in the financing of the enterprise, although as previously stated this financing is being done mostly by the Engineering Securities Corporation.

The party left St. Augustine Monday evening by special train, which includes two private cars and private dining car, in order to spend Tuesday, March 11th, at Fort Meyers and vicinity. Short stops being made at Arcadia, Punta Gorda, Wednesday, March 12th, is to be spent at Bradentown and vicinity, the party motoring to Sarasota, where the mayor and citizens have extended a hospitable invitation for the party to lunch. On Thursday, March 13th, the party is to leave Bradentown by early boat, spending the day at Pinellas Peninsula and having lunch at the Hotel Bellevue at Bel-air. Thursday night the party is to go by special train from Tampa to Sanford, where it will spend all of Friday and where the Commercial Club of Sanford has kindly extended a luncheon invitation to the party. Friday night the party will go by special train to Fellsmere where two days will be spent in going over the canal system and other large improvements which are being carried out on the Fellsmere tract of 120,000 acres, in which the Engineering Securities Company is largely interested, the large improvements which are being carried out being under the general supervision of the J. G. White Engineering Corporation. Sunday evening the party will leave by special train for Miami, where it will spend Monday, March 17th, and Tuesday, with headquarters at the Royal Palm Hotel. Tuesday evening the party will proceed to Palm Beach where it will be accommodated partly at the Royal Poinciana and partly at The Breakers. The party will spend Wednesday and Thursday at Palm Beach and leave Thursday evening for New York in special cars which will meanwhile remain at Palm Beach.

There will be a short stop at Jacksonville on Saturday morning, this visit being shorter than those in charge of the party desire in order that a number of the guests may be home before Easter. The present plan being that the party will reach New York Saturday evening, March 22nd.

Those in the party are: George D. Baker, W. H. Hutton, bankers, Cincinnati and New York; Frank Battles, Battles & Co., bankers, Philadelphia; Mrs. Frank Battles, Philadelphia; Commander C. B. Barnes, U. S. N., Philadelphia; Paul W. Cleveland, John Burnham & Co., bankers, Chicago; J. A. Clark, J. A. Clark & Co., bankers, New York; S. R. Dickey, president National Bank of Oxford, Oxford, Pa.; John A. Griswold, Jackson & Curtis, bankers, New York; A. B. Haring, president Union National Bank, Enghtown, N. J.; Col. Diamond Jones, capitalist, Reading, Pa.; R. Walter Leigh, Maitland, Coppell & Co., bankers, New York; Mrs. Walter R. Leigh, New York; James Marwich, Marwich, Mitchell, Peat & Co., accountants, New York; Marion McMillin, Emerson, McMillin & Co., bankers, New York; Dr. J. Townsend Russell, capitalist, Silver Lake, Susquehanna

## THE PANAMA EXPOSITION

### Will Be held in San Francisco in Two Years

#### FLORIDA SHOULD ALSO EXHIBIT

Other World News and Views Boiled Down for Busy Herald Readers

What Florida must do, when it comes to having proper representation at the great Panama canal exposition in 1915, in San Francisco, was indicated in an emphatic manner yesterday by H. E. Van Deman, of Washington, D. C., the distinguished horticulturist and authority, who has been identified prominently with the department of agriculture, Mr. Van Deman being a visitor to the city yesterday, while enroute from the lower East Coast of the state to Louisiana.

Mr. Van Deman said at this great exposition Florida should have an exhibit which should be complete in every detail, and which should show the great resources and possibilities of the state. The opportunity he pointed out was such a great one of incalculable benefit to the state, that plans should be started immediately in order to thoroughly and exhaustively give the state the representation which it deserves. x x x x x

Three thousand followers of Venustiano Carranza, rebel leader of Sonora, were surrounded in the vicinity of Lampazos, Nuevo Leon, by 4,000 federal troops, according to a statement by the war department this morning. A decisive engagement is expected within a few hours. General Aubert Blasquez and Davila, in command of the federal forces, arrived on the outskirts of Lampazos early today. They are not certain that Carranza is with his followers. x x x x x

President Wilson's statement of the attitude of the present administration toward the Latin-American affairs, made public yesterday afternoon, was considered by the Central and South American diplomats in the friendly spirit which was voiced in the declaration. The consensus of opinion among them was one of approval that the policy of his administration would be to discountenance lawless revolutions and at the same time to encourage the growth of the friendly relations. x x x x x

A despairing cry of "I can hold out only a week longer," was sent in cipher by wireless today from Shukri Pasha, Turkish commander of Adrianople, to his superior officers here, according to unofficial reports. Shukri, who has held out for many months against the hundreds of siege guns of the Bulgarians and Servians, is said to have informed the porte in his message that Adrianople is practically at the end of its supplies of food and ammunition, while there is much sickness, especially scurvy and intestinal disorders, which are ravaging the defenders' ranks.

**OUR BRICK ROADS**

**Commissioner Woodruff Saves The Tax Payers Big Sum**

Sanford's brick road project is now about in shape to have work commenced. The bonds amounting to \$200,000 were sold on a basis on 5 1/2 per cent interest at a slight premium. A Cincinnati firm took the entire issue which was in denomination of \$1,000. A great many bids were on file on a basis of 6 per cent, but County Commissioner Frank L. Woodruff, of Sanford, was not satisfied to pay so high rate of interest and held the matter of closing the sale over for a few days with the result that one-half of 1 per cent was saved, which will equal a saving of \$30,000 by the time redemption date arrives. Some of the workers against the creating of a new from the northern portion of Orange county, with Sanford as the county seat, made great capital of the fact that the bonds were not sold upon the data as advertised and spread the idea in some portions of the new county that the credit was so poor that it was impossible to dispose of the bonds, but Sanford's business men landed on top as usual, and exploded another very flimsy argument against county division, by selling the bonds at a saving of \$30,000 over what it was generally conceded would have to be paid in interest.

The contracts for purchasing the brick and doing the work on the roads are now pending and will in all probability be let within the next few days. Work will be commenced in as many different places as the supply of materials will justify. Five millions of brick will be used in the project. The culverts will be made of concrete and the work of laying the roads will be as good as money can secure. The H. S. Jaudon Engineering Company, of Savannah, Ga., has charge of the preliminary work, and will continue to act for the board until the contracts have been let. It is also probable that his concern will have supervision over the construction.—Bates, in T. U.

**Cleaning-Up Day**

At the regular meeting of the West Side Improvement Association last week it was unanimously agreed to set aside April 2nd for a cleaning-up day for that section. Mr. C. E. Wall suggested the movement for the West Side that is being received with so much enthusiasm not only in Sanford, but throughout these United States of ours. The movement is distinctly a woman's movement and wherever tried is meeting with wonderful success, notably in Wichita, Kansas, now known as the city beautiful. The merchants of the town contributed to the success of the enterprising women's clubs, by making a reduction on garden implements, seeds and plants, hammocks, flower pots, paints, etc., etc., on a certain day previous to cleaning-up day. Will our merchants be as generous? Already the cooperation of the street committee has been promised and "Cleaning-Up Day" is meeting with cordial support. Property owners and householders in the West Side are enthused in a way that promises to make the West Side blossom like the rose on April 2nd. Owners of unoccupied premises are asked to give their attention to this particular phase of the work. The children of the West Side are going to have a part in the work too. Lawns are going to be cut, flower pots painted, streets cleaned, sidewalks swept, trash burned up, garbage removed, all the enthusiastic cooperation of the people who live in and have property in this pretty section of Sanford. Already improvements are being made park walks which have recently been cut and flower beds seeded and planted. Much has been done by the West Side Improvement Association for the improvement of this end of town, but much more can be done by a "long pull, a strong pull and a pull altogether." Remember the date, April 2nd.

**Reciprocity**

Whenever the country newspapers and foreigners invading the field of the home merchants with good and merchandise and selling them to the farmers, they are asked to arise and whack the intruder and advise the farmers to buy their goods of the home merchants. And when foreign printing houses send their representatives among the merchants and business men, many of these same merchants give them their orders and get inferior work for their money. That's reciprocity.—Bradford Times.

Cut your grass! Sweep your walks April 2nd.

**GO TO CINCINNATI-LOUISVILLE**

TROUBLE WITH EXPRESS

Growers and Shippers Here Cannot Get Service

MATTER TO RECEIVE ATTENTION

People Here are Aroused to Action by Arrogant Methods of Alien Company

The Sanford growers and shippers of winter vegetables are having a lot of trouble with the express service given them at this point. Sanford is one of the largest originating shipping points in the whole of Florida. It is believed that this should be reason sufficient for the Express company to furnish such facilities and equipment as is necessary to guarantee the safe and proper handling of the vast volume of products offered for shipment from here.

five days, that they'd formed an association known as the "Forty Thieves" and if he, the nanny from Palatka, didn't like the treatment he might seek solace from any one of the other thirty-nine!

Sanford's Temperature.

Editor of The Herald: For publication in your paper I furnish herewith record of meteorological observations taken by the undersigned as a cooperative observer of the Weather Bureau of the U. S. Department of Agriculture during the week ending March 8th, 1918, at Sanford.

Table with 5 columns: Date, Highest, Lowest, Precipitation, Character of day. Rows for dates 3-2 to 3-8.

A. C. L. TIME TABLE

Table with 3 columns: Station, Arrive, Leave. Divided into North Bound and South Bound sections.

Episcopal Church

Services at the Church of the Holy Cross (Episcopal), until further notice will be as follows: Sunday school at 9:45 a. m. Morning Prayer with sermon at 11 o'clock, and Evening Prayer with short sermon at 7:30 every Sunday in the month.

Notice

Notice is hereby given that after sixty days from the date hereof we intend to have a bill introduced in the Florida Legislature at Tallahassee, asking for the division of Orange county on the township line dividing townships Twenty-one and Twenty-two.

Glenn's Sulphur Soap. No other toilet soap is as efficient in clearing the complexion of blemishes. The sulphur Purifies. Contains 30% Pure Sulphur.

Pure Bred Poultry. Highest type Black Minorca, White Leghorns, Cornish Game, White Orpington, R. I. Red, Japanese Silvers, White Mottos, and Mallard Ducks. High Class Breeding Stock.

C. H. DINGEE Plumbing and Gas Fitting. All Work Receives My Personal Attention And Best Efforts. Opposite City Hall Telephone No. 23.

For Loss of Hair. We will pay for what you use if Rexall "93" Hair Tonic does not promote the growth of your hair.

L. R. PHILLIPS & CO. There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Remedy for nearly every ordinary human ailment.

IDEAL FERTILIZERS BEST: Because of right sources, right proportion, and right combinations. CHEAPEST: Because of our large tonnage there is economy in buying, manufacturing, and selling, and our customers get the benefit. WILSON & TOOMER FERTILIZER CO. JACKSONVILLE, FLORIDA. Mr. R. C. Maxwell, Mgr. Sanford Branch

TEACHERS OF FLORIDA. Sixteen Open a Spring Normal Review Course March 26th to May 30th. Send for a Bulletin. A special low rate is given. The state test books are used.

Stubborn Case. "I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui. I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

Geo. H. Fernald Hardware Co. offer special inducements in Building Material. Doors, Sash, Blinds, Paints and Oils. Roofing & Plumbing Material. Out of town customers receive special attention. Orders for hardware of any description mailed promptly by Parcels Post.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY

R. J. HOLLY, Editor

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month.

Payments in advance must be made at office. Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

Sanford's celery shipping record is surpassing itself this year. Sanford is always surpassing her records.—Miami Metropolis.

The Orlando papers and the majority of the Orlando people have ceased to talk about county division. The Herald will also give the readers a surcease. Harney county is already made and there is an end to it.

J. Fred DeBarry is stirring up things in Washington these days and wants to be second assistant postmaster general. He is a well known Floridian and while he may not be successful in the general mob he ought to be able to pull down some other good office with the assistance of J. T. G. Crawford, what?

There is a woman in Tampa who is in a fair way to kill the suffragette movement. Because her husband wanted to smoke in the house she called the police and had him taken to the police station. The judge when he heard the evidence decided the man had received the limit when he married and turned the poor fellow loose. What would such a lady do if she had a vote?

Sanford's \$200,000 brick roads bond issue has been disposed of to a Cincinnati firm and it is pleasing to note that a premium was obtained on the bonds. The issue was voted by people of the Sanford road district in its county and will be used for the paving of a considerable number of miles of road with brick. Contracts for the brick and the labor will soon be advertised for and awarded. Times Union

Sanford gets her \$70,000 government building, new tourist hotel, county site and brick roads all in the space of a few days," remarks the Sanford Herald, "and yet there are people in Orlando who are still talking about county division." The accomplishment in two months of all that is claimed by the Herald is rather strong, but no doubt Sanford will get what it wants and the prospect for the hotel, the government building and the tourist hotel are splendid and almost certain. Times Union

In the Florida Growers News published in Sanford by Jas. F. McCombs the growers of Florida have a paper such as they have needed for many years. The News contains fullest market reports fresh from the wire every Friday. The News is fighting the battles of the growers of Florida in every particular. The News has already accomplished much in reducing freight rates and getting better service. The growers of Florida should patronize the paper that more nearly represents them than any other paper in the south.

Miami grows not only materially but spiritually. Not only do those energetic people believe in fine buildings for commercial purposes but they believe in fine buildings for religious purposes, and a movement is on foot for the building of a \$70,000 Methodist church, which when finished will be among the finest church edifices of the state. The Herald wishes to commend Miami upon the good work. In the daily scramble after the nimble nickel we should not allow our natures to be warped enough to lose sight of religion, and Miami or any other city will continue to prosper as long as they devote part of their time to God's work.

WILSON IS ALL RIGHT

President Woodrow Wilson's inaugural address—one of the shortest on record—is the utterance of a statesman and a scholar, and the pronouncement as well of a man who appreciates to their fullest extent the tremendous responsibilities of his great position.

President Wilson does not deal at length with the questions which are to be taken up for adjustment during his administration, reserving a more lengthy discussion of them probably for his message to congress, but from what he does say we may conclude that he thinks the following subjects, in the order named, should be immediately considered:

- The tariff
Banking and currency
Industrial independence
Agricultural development

Conservation of natural resources
These are five great subjects and are probably stated in their logical order of importance. Properly dealt with, the adjustment of the questions involved in these subjects will result in the greatest benefit to the nation that the world has ever seen.

The country's Democratic President has started well. He made no mistakes either during his campaign for the nomination or during the party's great fight for the presidency. His first official utterances and acts are in accord with his past good judgment. The country expects much of him and the country will not be disappointed.—Pensacola Journal.

WE WANT THE STATEMENT

Some time since the Oviedo Advance and the Sanford Herald and the Orlando Citizen asked for a statement of accounts of the Orange County Executive Committee, not that there were any discrepancies in the manner of handling the funds, but because the people who had entered the primaries were anxious to know the exact cost of holding an election in Orange county.

Secretary Ferris made a statement, but it was not a detailed statement, and this paper offered at that time to pay for an accountant to go over the books thoroughly and give every item in connection with a primary election. Such a statement has never been made, probably because weightier matters came up at the time and distracted the attention of those interested, but the Herald this week is in receipt of a communication from several office holders and one who is not an office holder who state that they want a detailed statement and entire cost of holding the primaries in the last election and preceding one.

The entire cost of inspection will be borne by this paper if the secretary does not wish to take this time from his labors and we certainly do not think that the secretary should do this on his own time unless the executive committee demands it. But in order to settle the question we would request Secretary Ferris to either render this statement himself or else give it to The Herald to print or if an itemized statement has never been made one should be made and we will bear the expense of the auditor and of printing the same in The Herald. At the time we asked for the last statement there was a loud clamor about the committee being able to do this work and that they would do so, but we wish to emphatically state that there is nothing to be hidden in the accounts and that Secretary Ferris is as anxious to have the accounts made public as any other party or should be and the only way to arrive at some conclusion of the cost of a primary election is to make public the receipts and expenditures and the above said officials are entitled to it and the public in general is entitled to it.

SANFORD'S BRICK ROADS

Sanford, in the celery delta, is a prosperous, progressive town. It has great resources drawn from the fertile lands which surround it and which are being developed at a most gratifying rate.

Sanford's prosperity is shown by the fact that it has just disposed of the bonds issued for the purpose of paving streets. There will be twenty-five miles of paving as a result of this bond issue and it will be all brick.

The value of this improvement to Sanford cannot be overestimated. That city desires, first of all, to establish better means of communication, between the town and the rich farming country round about it. The brick paving will accomplish this. Watch Sanford grow. Tampa Tribune.

We thank the Tribune for the above and would add a word to it. This twenty-five miles of brick roads are not exactly Sanford's, but the first road district which embraces a territory contiguous to Sanford for twenty-five miles. Sanford city with the brick paving about to commence on Ninth street to the new \$70,000 passenger station will have five miles of brick paved streets in the city limits. The bonds sold the other day above par were in our special road district, the first special district in the state and the first district to bond for brick roads.

When one stops to consider Sanford city and Sanford district in the matter of brick paving we really have the entire south tied to the post in the matter of brick paving and progressive methods.

our size cap approach within hailing distance. While other sections of Florida have been talking about good roads Sanford district has gone ahead and built them, and pardon us if we remark that we are slightly out of our class and about ten years ahead of the rest of the state.

And yet Orlando—but what's the use of rubbing it in?

Cooperate. Clean up, April 2nd.

Bridge Club

Mrs. R. J. Holly was the charming hostess of the Bridge Club last week. Three tables of bridge were played, two of the club members and the third a guest table. The highest score at the guest table was made by Mrs. H. B. Driver of Tampa, who won the prize, a pretty fancy cap. At the club table Mrs. M. Symes made the highest score, winning the club prize, a handsome deck of cards. After the games of cards were concluded stuffed pimentoes, sandwiches, olives and coffee were served.

Mrs. Holly's guests were Mrs. M. Symes, Mrs. C. O. McLaughlin, Mrs. B. A. Howard, Mrs. O. W. Brady, Mrs. H. P. Driver, Mrs. G. Keely, Mrs. C. C. Howard, Mrs. Deane Turner, Mrs. Kent Rossetter, Mrs. F. L. Woodruff, Miss Hawkins.

Presbyterian Church

The church will be ready for occupancy on the Sabbath. At the morning service the pastor will deliver the third sermon of the series on the book of Genesis. The subject will be, "Abraham, or the foundation of Redemption."

The night service will be evangelistic. We extend a most cordial invitation to all in the town who are not attendants upon the services of one of the other churches.

If you are oppressed by sorrow, come forget it in a glad song.

If you are burdened with cares, come, find strength in the Saviour.

If you are happy, come, mingle your voices with ours in glad song.

It is our hope that these services will be a means of inspiration and help to you in your efforts to live right.

Fancy Work Circle

Mrs. C. C. Woodruff delightfully entertained the Fancy Work Circle Thursday afternoon. The pleasant hours passed very quickly while the members of the circle and visitors who were present enjoyed their pretty fancy work and pleasant conversation.

The hostess served a delicious fruit salad with dainty wafers. Mrs. Woodruff's guests were Mrs. J. J. Purdie, Mrs. J. D. Roberts, Mrs. A. E. Hill, Mrs. T. S. Davis, Mrs. A. C. Caldwell, Mrs. H. H. Hill, Mrs. R. W. Hines, Mrs. W. T. Johns, Visitors, Mrs. Hanson, Mrs. E. Brady, Mrs. W. W. Long, Mrs. C. H. Dinger, Mrs. W. A. Rapson, Mrs. Eda Powell, Mrs. M. H. Bowler.

Methodist Church

Morning service subject, "Whom do men say that I am the son of man?" Evening service subject, "What must I do to be saved?"

Come and hear what God has to say to the man out of his word in under a railroad wreck.

DEPARTMENT OF THE INTERIOR
Land Office, Gainesville, Florida,
March 28, 1918.
Notice is hereby given that Frederick H. Hootch, of Geneva, Florida, who on June 26, 1907, made Homestead Entry, Serial No. 20,220, for 160 acres of land, Section 12, Township 28 South, Range 2 East, Tallahassee Meridian, has filed notice of his intention to make three year proof to establish claim to the land above described, before the Clerk of the Circuit Court, at Orlando, Florida, on the 16th day of April, 1918.

# NEWS from the COUNTY

## MOORE MOVEMENTS

Mrs. Kate Knight of New Smyrna was a visitor at the home of her nephew, W. A. Knight on Sunday.

Mr. and Mrs. Joe Cameron and family spent Sunday in Paola.

Mrs. J. F. McClelland and Miss Jennie attended church at Ebenezer and visited friends there on Sunday. Miss Minnie Winn returned home with them.

Misses Maud Cameron and Ladd Brooks spent Saturday very pleasantly with friends in Osteen.

Byrd Willis is at home from Geneva for a few days.

Harold Best, who has been clerking at the Geneva avenue grocery several months is on a week's fishing trip down the St. Johns, after which he will leave for his home in Chicago, via New York.

Miss Laura Fish will entertain the Beck Hammock Literary and Musical Club at her home, Sally Ray Farm on Thursday afternoon.

Mrs. McDougal's mother, Mrs. Weeks, her sister, Miss Weeks and two brothers of Georgia will reside at the Comprojet place.

Mesdames Edw. Repp and K. L. Britt visited Mrs. Babbitt of Mellonville avenue on Wednesday.

A. B. Cameron was unfortunate in losing another horse Sunday.

## GENEVA JOTTINGS

Mr. and Mrs. A. W. Davis are entertaining the latter's father and mother, Mr. and Mrs. J. L. Quisenberry of Rockville Center, Long Island.

Bert Pattishall spent Saturday and Sunday with home friends.

Mrs. David Speer gave a very enjoyable party for the young people of Geneva last Wednesday night.

Mrs. Pattishall, Mrs. Adams, Miss Blanche Pattishall and Bert Pattishall were a pleasant party motoring to Orlando Saturday.

R. Q. Gresham has gone to Tallahassee to attend the W. O. W. convention at that place.

Grady Helm, after spending the winter in Geneva returned to his home in North Carolina last Thursday.

Mrs. Claude Rauberson spent last Friday and Saturday in Orlando.

Mrs. G. A. Nicholson has gone to Sanford for a short visit.

Regular services at the Methodist church Sunday.

Mrs. Graddock of Jacksonville is visiting her daughter, Mrs. H. H. Pattishall.

Mr. and Mrs. J. W. Flint spent last Saturday in Sanford.

Mrs. Carlett, Miss Belle Eachner, Mr. Montgomery and Mr. Dooley were a jolly party fishing on Buck Lake last Friday. Not only fish, but bait stories follow.

Mrs. J. V. Wick has been called to Americus, Ga., by the serious illness of her sister, Mrs. Eggin of that place.

Mrs. George Matmex gave the Ruth school children a pleasant little party Monday afternoon.

## CHULUOTA SNAPSOTS

We are having plenty of rain now adays, but everyone is feeling relieved that the freezing time is over for this season.

Farmers are getting most of their crops planted, and are planning to gather cattle for their spring penning.

Mr. and Mrs. J. A. Prevatt have moved into their new home recently completed on their new grove in East Chuluota.

C. E. Davis of Valdosta, Ga., contractor on the new railroad, who has been confined to his bed at The Palm for the past two weeks has sufficiently recovered from an attack of erysipelas to leave for his home Wednesday morning.

Dr. Christ was out from Orlando Saturday night, being called in consultation with Drs. Nixon and Marshall in Mr. Davis' case.

Our public school will close Friday, the 14th inst. There will be an interesting program and picnic dinner. All are invited.

The Ladies' Missionary Society held its regular monthly meeting at the home of Mrs. M. E. Jacobs Friday night of last week. After the program and devotional exercises a Chinese social was held. All the young folks looked grand in their eastern kimono and queues. Quite a nice little sum was realized from the rice, tea, etc., refreshments.

W. E. Hodges and Miss Emma Deese were married Sunday, Mar. 2nd, at the

home of Mr. and Mrs. N. C. Jacobs. Rev. E. Lee Smith of Oviedo officiating. Miss Bertha Jacobs played the Wedding March and Miss Pearl Killce and Cleveland Jacobs were attending couple. Best wishes are extended to the happy pair.

C. D. Brumley left Monday for St. Augustine on a visit and business trip of about ten days' length.

Mrs. Dave Hart, who has been spending a few weeks with her mother, Mrs. F. M. Story left Monday for her home in Conway, taking back with her a fine baby boy, born while here. Her sister, Miss Nellie Story accompanied her home.

Mr. Manuel, one of the employes of the new railroad left with his bride Saturday for Mulberry, where they will reside in future.

Guests at The Palm the past week were: R. E. Waldrep, Jacksonville; A. Langford, Mr. and Mrs. C. E. Davis and Mr. Eason, Valdosta, Ga.; C. D. Brumley, St. Augustine; Mr. and Mrs. Wilkes, British, Montreal, Can.; Mrs. Minnie Lowe, Dade City, Fla.; Miss Helen Palmer, Orlando; Alex Brown, Leslie, Ga.; Mr. Holloway, Longwood, Fla.; W. White, Palm Beach; Chas. McIntosh, Orlando; Arthur Kendrick, Gainesville, I. J. Lang, Waycross, Ga.; Paine Daniel, Geneva; Mrs. A. S. Hickson, Apopka; J. Bergsteiner, Valdosta, Ga.; V. R. Phillips, Sardis, Ga.; J. B. Amory, San Antonio, Tex.; J. F. Nation, Lakeland, Fla.

## CAMERON CITY CLIPPINGS.

James McMillan and family are moving to Ft. Meyers.

Jacob Netting has purchased the McMillan property near Silver Lake.

Aileen Minnick went to Tampa Monday to spend a few weeks helping with the work in the Children's Home there under the management of Rev. Ensminger.

J. W. Powell and L. C. Rich spent Saturday in Orlando looking up tax and records at the court house.

Howard Swartz is expected here from Gainesville this week.

Mr. and Mrs. J. W. Powell spent part of Monday driving on the West Side.

Mrs. R. Washburn was here between cars on Monday.

It is fine to have our car running again and we do hope it is fixed for this time.

The Armour people are having trouble about their automobiles put in new order and our men are going to do some work on the street from the car to Pine Street improving the general appearance of things.

Among our out of town visitors this week were: Miss N. A. Bamber, Kansas City, Mo.; Mr. Chase Chatham, N. Y.; Mrs. M. M. Emerson and Mrs. Belle Stanley, Griffin, Ga.; Mrs. C. G. Bradberry, Sanford, Fla.; Mrs. H. A. Hadley, North Weymouth, N. H.; H. C. Brantington, Clinton, Ill.; E. H. East, Glenwood City, Wis.; Mrs. M. H. Waudy, New Canaan, Conn.; F. R. Cooper, Chicago, Ill.; Rev. and Mrs. Silas Cook, Early, Iowa; Anna B. Caughy, McKeesport, Pa.; Martha Caughy, McKeesport, Pa.; Mr. and Mrs. O. R. Cooke, Pittsburg, Pa.; Mrs. J. E. Walker, Chicago, Ill.; John J. Perrone, Chicago, Ill.; F. W. Wilson, Fruit Growers, Express.

## Express Company Craft

The Sanford Herald calls the Southern Express Company arrogant "grossly grasping," etc., but the proper appellation should be many degrees stronger. The parcel post may mitigate some of the existing evils but it will take time to produce results. A few days since a package was prepared for shipment to Jacksonville, the shipper calling the express office on the phone and requesting them to call and get the parcel. The express clerk curtly told the man that they did not pick up packages. He also stated that the delivery man had too much to do to look after the wants of the people in this line. The delivery wagon passes this place of business at least six times each day, but the methods of the Southern will not permit any courtesies to be extended to the public.

The other day a man shipped a gallon can of cane syrup to Pennsylvania. The package weighed ten pounds, the charges being \$1.35. A box of oranges weighing 80 pounds to the same place cost \$2.60. The oranges are bought here for \$2.25 and it takes 35 cents more than the cost to get the product to the northern market. A can of syrup comes at 75 cents, but it takes \$1.35 to express it.

Florida is handicapped in the rate line both to the north and west. Express companies and when the Interstate Commerce Commission gets a few licks at the Southern Express Company and the Florida steam roads, perhaps some relief will be had. Kissimmee Journal.

Everybody read about Cleaning Up Day.

THE POSTOFFICE SITE.

Government Making Plans to Choose Place for Postoffice. Postmaster Hopkins was requested by the Supervising Architect to send him the latest map of the city of Sanford, and City Clerk Lovell immediately mailed one to him at Washington. The new map has just been completed by City Engineer Reed Williams, and is most complete, giving all the lately annexed territory and the Supervising Architect will no doubt be greatly surprised at the wonderful panorama spread out before him in the big city of Sanford and suburban territory.

This request for the city map means that our city will soon have the government inspectors and architects here in reference to the site for the government building and it behooves the citizens to get busy at once and choose some lot that would be suitable for this fine building. There are several available lots and the only obstacle in the way of some of them will be the extortionate price that are usually placed on lots that the government expects to purchase.

Should a good lot be chosen and the price made right there will be more money left for the building. Every owner of property that would be suitable is expected to make a fair profit but the building should not be delayed any by jockeying for selfish purposes and the building will progress according to the speed made in locating the lot.

Nine Foot Brick Roads

Let the brick roads be nine feet wide. Make our \$200,000 cover every mile possible. Distance will pay a bigger dividend than width in this country of sand. Fourteen feet will not safely accommodate two moving automobiles, even in day time. Nine foot makes safe traveling all the time. Confined to nine feet, will give brick and not be missed to close up the ugly gap between Fifth and Tenth streets on Sanford avenue, making and perfecting the only brick belt driveway in Sanford. Let every tax payer say, Nine foot roads for me.

Now is the time, before the grading begins. A TAX PAYER.

Would be a Good Law

During the approaching session of the Legislature Hon. J. C. Brown, representative from Polk county, will introduce a bill to remedy an evil or deficiency in our election system in this state, which is generally acknowledged to be such, and yet no effort has been made to cure it by legislative enactment. Mr. Brown's bill will have for its purpose the removal of the legal disability of a large class of citizens to vote in our various city, county and state elections, merely because they are away from their home towns on that day and are prevented from their home towns and casting their votes by the nature of their business or calling. Such for instance, are railroad men, commercial travellers, students at college and others who have the same interest in voting that other classes have, but can't be at home on election day because kept away by the requirements of their work.

In the aggregate there is a large number of these voters and it is not right that they should be deprived of a constitutional privilege through no fault of their own. Mr. Brown's bill provides that such men, who are duly qualified voters, may, when they are necessarily away from home on election day, forward their ballots by mail to the proper election officers and have them counted when they are accompanied by the necessary authentication that the person sending such ballot is a duly registered and otherwise qualified voter.

As the law is now, this large class of citizens is practically disfranchised, and Mr. Brown's bill, which will cure this difficulty, ought to become law. Lake-land Telegram.

This bill is most meritorious in every way and is one that Sanford people can appreciate, giving as it does our railroad men the opportunity to exercise their franchise with the loss of no time. Mr. Brown is well known here and his good work is greatly appreciated by his many friends. Representative Brown will make good as a law maker.

Wednesday Club

A fine attendance of the members of the Wednesday Club were present at their regular meeting at the home of Mrs. Henry Wight Wednesday afternoon, Mrs. S. O. Chase leader.

The program was opened with a beautiful piano and violin selection by Mrs. O. W. Brady and daughter, Mrs. Irene which was delightfully rendered and thoroughly enjoyed by the club.

The meeting was presided over by the president, Mrs. G. L. Maria. After the reading of the minutes by the secretary, Mrs. S. O. Chase, the "Story of the Mexican War" was most interestingly and entertainingly given by Mrs. Chase, whose fine review of this notable his-

torical event was enjoyed by the club. Mrs. May Dickens gave a brief synopsis, in a very interesting way, of the "Controversy in the U. S. Senate" caused by the acquisition of Mexico territory, specifying some of the events which led to the controversy.

Mrs. C. C. Woodruff read a splendid sketch of Kit Carson, one of the most noted characters in Mexico and Texas during their pioneer days.

Mrs. L. R. Phillips concluded the fine program with two beautiful readings on "The Alamo" and the small band of Martyrs who died for the cause of freedom.

The members of the club who were present voted on the amalgamation of the clubs in the city. The vote for club unity was carried by a large majority.

Missionary Meeting

The regular business meeting of the Missionary Society of the Methodist church was held Tuesday afternoon in the church.

The president of the Missionary Society, Mrs. H. H. Chappell, presided over the meeting.

After the devotional exercises and the business of the society was transacted, the subject for the afternoon, "Woman in the Home and Young People's Work" was then considered. Several fine articles from the Missionary Voice were read by different members of the society. "Woman in the Home in Heatherlands" was read by Mrs. A. E. Phillips. "Biblical Ideas of Woman in the Home" was read by Mrs. Zachary. "Mexico's Greatest Problem" was read by Mrs. J. K. Mettinger and the "Work of our Schools in Mexico" was read by Mrs. Chappell.

After the announcement of the meeting of the Reading Circle at the home of Mrs. L. R. Phillips Tuesday afternoon of next week the meeting adjourned.

ALTAMONTE SPRINGS

March 10, 1913.

Editor Sanford Herald:

Your correspondent is heart and hand in favor of everything that tends to the upbuilding and advancement of grand old Orange county. Bonding the county for brick roads and trolley line railroads if necessary to advance the progressiveness of the most resourceful and the banner county of the state. But division Nit, for division would mean retrograde instead of progress. The advocates should consider if it was a pipe dream and should forget it, as it could not possibly benefit the people at large. And the citizens at large should not permit such an outrage to be fostered upon them to please a few ambitious men who desire to hold lucrative positions in a new county. The mass should think and reason for themselves and not be led astray by a few ambitious men. If any think that they are in the frying pan they should not make the fatal mistake of jumping out of the frying pan into the fire. In union is strength and in these progressive days we should avoid mistakes. The mass of the citizens should give this matter their sober thoughts and should they allow themselves to be led astray by a few ambitious men they will be sorry when they are sober. N. H. FOGG.

Knights in Kissimmee

The Grand Lodge Knights of Pythias, for the state of Florida met last Wednesday in Kissimmee in annual session, and Knights from every section of the commonwealth gathered at that point for the important occasion. Much interest is attached to this meeting and it is expected that the meeting will be quite large, both in delegates and visitors. Those attending from Sanford were Mr. and Mrs. Henry McLaulin, Mrs. Frank Woodruff, Mrs. M. Frank and Mrs. T. L. Davis.

More County Division

Punta Gorda, March 14.—The fight for the division of DeSoto county is now on in earnest. It will be waged without the slightest cessation until the final vote of the Legislature is recorded. This is not the first fight to be made for the division of this great county, but this is the one which, if signs, indications and assurances do not fail, will culminate in victory.

Charlotte county will be composed of four rows of townships lying at the south end of DeSoto and will include all the land south of the line dividing townships 38 and 39. The area of these four rows of townships is 1,500 square miles. Think of that—340 square miles larger than the state of Rhode Island. The whole of DeSoto has an area of 3,755 square miles and after the creation of Charlotte will still have but 2,255 square miles. So it will be seen that Charlotte is not taking the lion's share in the division, but is leaving Mother DeSoto a very considerable portion.

Charlotte county, as proposed, has now 968 voters and a population of 4,840. By the time the referendum election is held there will be 1,000 voters and 6,000 people.

BIG JOLLIFICATION MEETING

At Which County Division Will be Discussed Next Tuesday Night

Theatre next Tuesday evening, March 18th, when the citizens of Harney county and those of Orange county if they desire to come, will discuss the vital issues of the day and give a general outline of the work that is being done for county division and plans will be laid for the future in which government buildings, tourists' hotels and other interesting phenomena will be discussed. Several prominent speakers will be present to keep the audience from going to sleep and the Sanford Military Band will discourse sweet music. Every public spirited citizen in the new county limits should be present, for there will be something doing every minute. It will be more in the nature of a jollification for the many good things that have come or are coming our way and the meeting promises to be most interesting to every one. No admission will be charged and the doors will open at eight o'clock.

Music Club

The Music Club will meet Saturday afternoon, March 15th at the home of Mrs. F. L. Woodruff at 3 o'clock, Mrs. George L. Hoy leader.

For Dyspepsia

If you suffer Stomach Trouble, and you try our remedy, it won't cost you a cent if it fails.

To prove to you that indigestion and dyspepsia can be thoroughly relieved and that Rexall Dyspepsia Tablets will do it, we will furnish the medicine absolutely free if it fails to give you satisfaction.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been properly combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. Their proper combination makes a remedy invaluable for stomach relief.

We are so certain that there is nothing so good for stomach ills as Rexall Dyspepsia Tablets that we urge you to try them at our risk. Three sizes, 25 cents, 50 cents, and \$1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.

**TUCKER A REAL MAN.**

Although County Treasurer Believes Office a Sinecure.

County Treasurer J. H. Tucker was asked this morning by the Herald whether Governor Trammell's recommendation that the office of county treasurer be abolished. The Governor made such a recommendation recently, in a communication embodying the issues that he will urge before the legislature in his message to that body.

M. Tucker's reply was unusual, but it was just such a one as could be expected from a man that was so heartily supported at the polls last spring. He said that he agreed heartily with the Governor, that he voted for him and purposed to support him.

"And if the question of abolishing the office of county treasurer ever comes to a vote," said Mr. Tucker, "I will cast my ballot to abolish it. I consider that it is an expense that can be done away with."

"The Governor has recommended that the tax assessor assume the treasurer's duties. In all due difference to Governor Trammell, I think the tax collector is more in line to perform the duties than the assessor. In the first place, it is this office that gives the highest bond, and the funds come directly through his hands into the treasurer's."

"The treasurer's duties consist of taking over the money from the collector, and issuing cash for for warrants. Of course he keeps the records of income and expenditure. But with the assistance of a clerk the tax collector could easily assume these duties, and save the treasurer's income to the people."

The county treasurer is not paid by salary, but by fee commissions being drawn on warrants and collections.—Reporter-Star.

**FLORIDA'S NEW CONSTITUTION**

Constitutional Conventions in Other States and Birth

If the Legislature, convened at Tallahassee, should put the question of calling a Constitutional Convention to revise the state's outworn constitution up to the people and the people in their wisdom should decide to call one, Florida would be taking no radical or unusual step when compared with other southern states.

Of the fifteen distinctively southern states seven have written new constitutions since Florida revised hers in 1885. Such conservative states as Alabama, Mississippi, Virginia, South Carolina and Louisiana have held constitutional conventions and drawn new constitutions since the Florida constitution was made. The following table shows the birth years of the various southern state constitutions:

Georgia	1877
Arkansas	1874
Mississippi	1890
Oklahoma	1907
Texas	1876
Florida	1885
Kentucky	1890
Missouri	1875
South Carolina	1895
Virginia	1902
Alabama	1901
Louisiana	1898
North Carolina	1876
Tennessee	1870
West Virginia	1872

Seven states revised their constitutions in the decade between 1870 and 1880 while but one, Florida, chose the decade between 1880 and 1890 for revision. Since 1901 four southern states, Virginia among them, have made new constitutions. Mississippi and Texas are now striving for new constitutions. Florida will be in good company if she decides to have a new constitution in 1915, which is the earliest date a constitutional convention can sit if the Legislature permits the people to vote as it probably will. The present constitution will then be thirty years old.

The New Constitutional League, Judge Charles B. Parkhill, president, and J. E. Worthington, Tampa, secretary, is much pleased with the prospect that the Legislature will submit the matter to the people.

**Monday Last Day to Take Advantage of Splendid Offer**

**20,000 Extra Vote Proposition on New Subscriptions Expires This Evening at Six O'Clock**

**Remaining Days Count.**

If you want one of the prizes The Herald is going to give to the energetic people of Sanford, get to work right now. But don't think you haven't the time, for as a matter of fact, every day witnesses a waste of time that could be profitably spent securing the votes to win the prize of your choice. Effort will count more in votes this week than it will again during the contest.

Get into the race with seriousness. Now is the ripest time. The time for dreaming is over and real work must be the program from now until the close of the contest if you wish to be numbered among the winners.

This very hour is rich with opportunities, if contestants but realized it. The present moment is the only kind you are ever going to have, and if this hour's worth is disregarded, what is to prevent the wasting of the hour in which you have planned to do great things?

The contest is drawing to a close. Only a few more days in which to secure the votes to win the prize of your choice. Upon the effort of this week will depend largely whether you win the piano or a smaller prize.

Until Monday, March 17, noon, a bonus certificate for 20,000 extra votes, over the regular scale will be given for every club of four yearly subscriptions. Never again during this contest will efforts count for so many extra votes, and every candidate should take the fullest advantage of the opportunity.

The judges of the contest will be announced in next Tuesday's paper.

**Voting Power of Subscriptions**

Payments on all subscriptions will earn votes according to the following schedule. Renewals and back subscriptions count the same as new subscriptions:

1 year \$ 2.00	2,000 votes
2 years 4.00	7,000 votes
3 years 6.00	18,000 votes
4 years 8.00	25,000 votes
5 years 10.00	25,000 votes
10 years 20.00	75,000 votes

The list of candidates and their vote exhibit as counted up to noon Thursday Sanford, Fla.

Miss Ruth McDaniel	134,760
Mrs. R. L. Griffin	129,200
Mrs. R. A. Newman	123,650
Sanford, Fla., R. F. D. No. 1.	
Mrs. I. V. Stenstrom	117,600
Sanford, Fla., R. F. D. No. 2	
Miss Gladys Green	122,400
Sanford, Fla., R. F. D. No. 3.	
Miss Maud Cameron	157,700
Geneva, Fla.	
Mrs. David Spear	100,600

**No Change in Postoffice**

Congressman Frank Clark has written The Metropolis to the effect that all of the postmasters will hold office until their present terms shall have expired. This means that Postmaster Gerow, of this city, will remain in office for about another year. Mr. Clark had a conference with Postmaster General Albert Sydney Burleson this week, and the above information was given out. This will mean that those seeking the offices now held by the appointees of Taft will not be ousted.

The ruling of the new postmaster general will be a source of disappointment to many office-seekers, but it will mean better service in the department as the old men will be retained until the new men in other offices shall have been broken in. Several thousand offices in the country will be affected by this ruling.—Jacksonville Metropolis.

**Stetson Wins**

The ball game at DeLand yesterday resulted in a victory for Stetson over University of Florida, by score of 4 to 1. Our old favorite Lee pitched and it was simply a case of too much Lee. Lee would have had a shut out, but for Beardall's error of an easy grounder. Swink played first Stetson in jump up style.

**Silk Hosiery that Anyone can Afford**

THINK of genuine Silk Hose costing no more than cotton! That is just what we offer you in our new line of Phoenix Silk Hose at 50c a pair for men's and 75c for women's. No other silk hose at any price contain better silk or are better knitted. They have all the soft luster and "cling" of the very costliest hose—and they wear so finely that we will replace any pair that doesn't give good service. Come and see this remarkable hosiery—then you'll understand why we are so enthusiastic about it. All the popular colors are here. Just say "Phoenix" to our clerks.

**MEN'S PANAMAS**

**\$5 AND UP**

**"Real Silk? Sure!"**

And I only paid 50c for 'em, too." That's what you'll tell "the boys" after you've seen the new line of men's hosiery we are showing this week—Phoenix Silk Hose at 50c a pair. They cost no more than lisle, but every thread in them is pure, genuine silk. And they wear! We will replace any pair that doesn't. The toes and heels are reinforced by an exclusive process, and there are no seams to rip. The classic looking hose a man could wish for—and you can afford them for everyday wear. We carry the full line—all the new colors. Come in today and say "Phoenix" to our clerks.

Anything in Men's and Children's Hats, Caps, Etc.

SANFORD, FLORIDA, TUESDAY, MARCH 18, 1913

Volume V

## CAPITAL OF TEN MILLION

### Southern Utilities Company Formed at Kissimmee

### LOCAL MEN NAMED FOR OFFICERS

#### The Largest Corporation Formed in Florida For Many Months Other State News

Kissimmee, Fla., March 15.—The Southern Utilities Company, capital \$10,000,000, has just been chartered in Tallahassee. The officers of the new corporation are as follows: President, W. B. Crawford, Kissimmee; vice president, P. A. Vans Agnew, Kissimmee; secretary James Johnson, Kissimmee. D. C. Wagner, treasurer. The above officers together with E. G. Vans Agnew will form the directorate. This is the company headed by J. G. White and company of New York City. The executive headquarters for the first year will be in Kissimmee and only the auditing department and several minor departments in Jacksonville. P. A. Vans Agnew of the law firm of Vans Agnew & Crawford, was the leading organizer of this vast organization. Mr. Crawford, the president is a son of secretary of state H. C. Crawford of Tallahassee.

While these men represent the real holders it was mainly through their sagacity and genius that the project was realized. P. A. Vans Agnew negotiated for practically all the plants in the fifteen cities where ice, electric and gas properties have been purchased.

According to plans which the incorporators state are practically completed, Jacksonville will have a big industrial plant employing some five hundred hands, and turning out 800 tires per day, together with other automobile accessories in which rubber is used, to be known as the Seminole Rubber Company a concern with \$1,000,000 capital and these same plans, according to those directly interested in the corporation, provide for the construction of a large building and the actual operation of the factory within some ninety days.

News from Palmetto comes that during this season already about 3,000 cars loaded with vegetables have been shipped from there.

St. Petersburg is proposing to tax cats and the owners of Toms and Marlers are not pleased. The ordinance that is under consideration would make the felines wear tags and their owners come up with the money at the rate of several dollars each. The Independent says that the matter is serious and that the charges against the cats, as mid-night howlers and destroyers of birds, can be sustained.

Florida was well represented in the appropriations made by the last Congress. Half a dozen the government buildings were provided for in addition to the money appropriated for work on the rivers and harbors.

Charlotte Harbor's board of trade is taking an active part in the affairs of that town and at a meeting held recently discussed various things that could be done for the advancement of all interests. The promoter of the new railroad that is reaching into that section was heard and gave some good advice.

Last week at Brooksville a negro drayman, John Jackson, better known as Jack Boston, found a grip on the street containing two thousand dollars in paper money and the owner's bank book. Jack returned the grip and contents to the owner and received fifty dollars reward. The owner is a turpentine operator. Jack, who is also a policeman, claims he could not sleep the night before returning the grip for thinking whether to return it or keep it and he is glad he did not run the risk of getting caught. It is reported in town today that another snug little sum was found. It was just about this time last spring when Cicco Horace, his dog, a rabbit and a hollow log played such a prominent part in the ten thousand dollar mail robbery, for which J. J. Abbott, the mail clerk then, was tried in Tampa recently. Brooksville seems to be especially prosperous at this season of the year.

## SANFORD'S GREAT INDUSTRY

### Columbia Paper Company Was Bought By Several Cities

The Florida Grower has the following interesting item concerning the Crown Columbia Paper Co., which has decided to locate in Sanford:

The principles of cooperation, and the saving created thereby, are timely illustrated by the fact that we can announce with this issue that one of the largest lithographic concerns of the Pacific coast has been induced to install a plant in Florida, prepared to do wrapper and label printing, and to furnish wrapping paper at a much lower cost than the packers have been accustomed to paying in the past. This was only brought about by reason of the fact that more than three-quarters of the fruit shipped through the Florida Citrus Exchange, and all the fruit shipped by Chase & Co., agreed to contract for all the paper used by them for a certain period, this paper to be furnished at a much less price than now asked by other companies and to be furnished quickly. The Crown Columbia Paper Company have already contracted for presses and other machinery, and they will be in a position to furnish unlimited quantities of paper at short notice. It is probable that the new plant will be located at Sanford, but that altogether depends upon the inducements offered them by the Sanford people. Jacksonville and Tampa are also being considered as a site for the factory. Palatka and Lakeland are in the running, both being junction points. The use of this paper by the associations shipping through the Exchange means a uniform wrapper for all; yet with distinctive features whereby each may retain its individuality. The uniform print appears on another page, but each of the associations may have the distinctive brand name. The officials of the Exchange ask that each association send in their individual designs, so that cuts may be made; this service is cost nothing. Send them in promptly, so that the order will receive due care and consideration.

### Clerk-Carrier Examination

Place of Examination, Sanford, Fla. Date of Examination, April 12, 1913. The United States Civil Service Commission announces that on the date and at the place named above an examination will be held for the positions of clerk and city carrier in the post office at that place.

Applicants must have reached their eighteenth but not their forty-fifth birthday on the date of the examination. The age limits are waived, however, in the cases of persons honorably discharged from the United States military or naval service by reason of disability resulting from wounds or sickness incurred in the line of duty.

Male applicant for the Postoffice Service must be at least 5 feet 4 inches in height in bare feet, and 125 pounds in weight without overcoat and hat; otherwise their applications will be canceled. Female applicants are not required to be of any specific height or weight.

For Application Form 1871 and "Instructions to Applicants," address the secretary of the board of the United States civil service examiners at the post-office at the place named above, or the district secretary at the address below.

No application will be accepted unless properly executed and filed with the district secretary prior to the hour of closing business on April 5, 1913.

Sec'y Fifth Civil Service Dist., Atlanta, Ga. Issued March 12, 1913.

### Oviedo is Booming

E. A. Douglas, the booster of the eastern part of the county and Oviedo in general was in the city last week, greeting his many friends. "Doug" is busy in the lumber and vegetable business at Oviedo and thinks that Black Hammock lands are the best and most fertile in the state. Oviedo lately obtained drainage commission and the bonds are now advertised for sale. This great work will cost some \$60,000 expended in drainage for the new farming lands and one of the projects will be a deep canal from Jessup to Oviedo, giving that thriving city deep water communication with Jacksonville. The project is entirely feasible and will make Oviedo the center of a most populous community. We congratulate our sister city upon the bright prospects in store and hope Oviedo will have 6000 people in the next two years.

## WILL BETTER THE SERVICE

### Southern Utilities Corporation Will Help Sanford

### RATES FOR LIGHTS LOWERED

#### Many Improvements to be Made in the Light and Water Plants Here

The Southern Utilities Corporation recently formed in Florida have purchased the plants of the Sanford Light & Fuel Co., and the Sanford Ice & Water Co., and propose to spend large sums upon these plants putting them in first class shape and giving the people the best of service at a much lower rate.

At the water plant a standpipe will be placed and the water will be obtained from deep artesian wells instead of the lake where it has been pumped for many years. The water will be aerated and all the sulphur will be eliminated making it the finest water for household purposes that could be obtained in the south.

Two motor driven pumps will be installed, making four pumps in all and giving the finest kind of fire protection at all times.

At the electric light plant several changes will be made with the idea of centralizing the plants and making the producing cost much smaller. Instead of having the exorbitant minimum price of \$2.50 as formerly the new company will make the minimum electric light service \$1.50. The gas rate will be lowered materially as follows: The rate now is \$2.25 for combination cooking and lighting.

The new company will change this to \$2.00 rate for all uses of gas and this will materially reduce the high price of living.

The price of ice will also be reduced and the regular rate charged that now prevails in Florida. Sanford has been paying a higher rate for ice than other cities and the new company will give full ten pounds for five cents instead of seven pounds given by the former company.

In all Sanford people can welcome the advent of the new company, for they can be assured of much better service at better rates. Home people will be interested in the new company and Wesley Fry will be superintendent in charge, which insures the people of Sanford the best of service at all times.

If Sanford cannot have municipal ownership at the present time the advent of the Southern Utilities Co. is the best thing that could have happened, because we can be assured of good service and lower rate.

### Bridge Club

The Bridge Club was entertained by Miss Annie Hawkins of Celery avenue at the home of Mrs. B. A. Howard, Thursday afternoon. Three tables of bridge were played one being a guest table.

The club prize, a deck of cards, was won by Mrs. Kent Rosseter. At the guest table the prize was also a deck of cards, which was won by Mrs. Roy Symes.

After the conclusion of the pleasant games of cards, delicious chicken salad, wafers, olives and coffee were served.

Miss Hawkins guests were: Mrs. M. Symes, Mrs. C. O. McLaughlin, Mrs. Deane Turner, Mrs. B. A. Howard, Mrs. Kent Rosseter, Mrs. A. Fitts, Mrs. C. C. Howard, Mrs. G. Keely, Mrs. J. L. Hurt, Mrs. Roy Symes, Miss Mabel Anderson.

### "Garden of Flowers"

The beautiful flowers from a garden in the musical world will be offered in varied toned clusters, groups and in single glory and beauty for the pleasure and edification, if they so desire, of every man, woman and child in Sanford. Friday evening at the Imperial Theatre, by the chorus of the Sanford Music Club, assisted by some of the best talent in the city, who have had the pleasure of contributing to the pleasure of Sanford audiences in the musical feasts they have prepared for them on other occasions.

This club in their organization were not actuated solely by the desire for personal improvement and pleasure, but they are doing all they can in their limited way to help create and strengthen a musical standard in Sanford that cannot fail to uplift and benefit the people.

## SEARS GRAND CHANCELLOR

### Prominent Kissimmee Man Heads the State Knights of Pythias

At the meeting of the Grand Lodge Knights of Pythias at Kissimmee last week Hon. W. J. Sears was elected Grand Chancellor. Mr. Sears is Superintendent of Public Instruction of Osceola and a prominent attorney and has many friends in Sanford who will rejoice at his election to the highest office of the Order.

The following officers were elected for the year:

- S. L. Lowry, Tampa, Supreme Representative.
  - W. J. Sears, Kissimmee, Grand Chancellor.
  - Robert Davis, Gainesville, Grand Vice Chancellor.
  - Scott M. Lofton, Pensacola, Grand Prelate.
  - J. Roberts, Key West, Grand Master at Arms.
  - N. P. Yowell, Orlando, Grand Inner Guard.
  - R. H. Williams, Orlando, Outer Guard.
- The meeting was largely attended. Those who went down from Welcome Lodge, No. 9, were Supreme Representative William R. O'Neal, N. P. Yowell, T. O. Brown, George E. McCulloch, V. W. Eates and Eugene G. Duokworth. The next meeting will be held at Ocala.

### Music Club

The Music Club held their regular meeting at the home of Mrs. F. L. Woodruff Saturday at 3 o'clock, with a fine attendance of the members and several visitors present. Mrs. George L. Hoy leader.

Paderewski and Hoffman, two modern composers, were the soloists who were considered.

Some sketches of Paderewski and Hoffman, with references to several of their compositions, were given by Mrs. Hoy. "To a Water Lily" was delightfully rendered by Mrs. R. E. Tolar. The discussion, "What the Musical World Most Needs," was led by Mrs. Geo. L. Hoy, and participated in by the members, wafter which the club discussed and arranged some of the final details of their annual concert, which will be given Tuesday evening, March 25th, at the Imperial Theatre, when they hope to have the pleasure of entertaining with fine program every music lover in the city.

This Music Club earnestly desires the recognition of their certainly laudable enterprise by the people, and their appreciation of their efforts to do them good by their presence en masse at the concert which the club will give Tuesday evening at the Imperial Theatre.

### Kissimmee Primary

Much interest was manifested in the city primary which was held in Kissimmee last Friday to decide who should occupy the position of mayor and city marshal. In the first primary held some time ago no majority was received by the respective candidates and they had to run again and the result of the last contest is that James W. Liley was chosen mayor and Floyd Tyson received a majority for city marshal. The contest was waged with a vim, and the result seems to be satisfactory, although a surprise to many. Fred Bass, who was the high man in the first primary, received 155 votes, while James W. Liley had enough friends to roll up 263. Bass was known as the liberal candidate, while Liley is a conservative.

### Lady Burned to Death

Fort Meade, Mar. 17.—Mrs. Thomas Wooten is dead from the effects of horrible burns. About noon she was busy about preparing dinner on a gasoline stove, and in filling the tank some of the gasoline was spattered on her clothes, which became ignited. In her terror she rushed out of the house, screaming for help. Her neighbors were too far away and so started that by the time they reached her her clothes had been burned from her, and she was terribly injured. The physicians were called in, and everything that could be done to relieve her sufferings was quickly performed. They found that practically three-fourths of the skin was burned from the body, and that there was no hope of recovery. Under the influence of opiates to relieve the awful anguish of the burns, she lingered until shortly after midnight and passed away.—Lakeland Telegram.

## ENTERTAIN THE VISITORS

### Capitalists Were Shown The Southern Hospitality

### SPENT FRIDAY IN SANFORD

#### Taken Over The Celery Delta And Given Fish Fry And Big Time on Lake Monroe

The distinguished party of capitalists who were the guests of Sanford last Friday were given a taste of real, old fashioned Southern hospitality, probably the first real taste of outdoor life they have received in the state. The idea of giving them a fish fry in the woods was a good one and originated with Hon. J. N. Whitner, who rightly argued that these gentlemen and ladies would have a surfeit of hotels and banquets and the Commercial Club in discussing the matter were of the opinion that a touch of real Florida in the open would be a novelty and would be enjoyed.

Under the supervision of that veteran, C. H. Leffler, the committee on entertainment composed of D. A. Caldwell, R. C. Maxwell, H. O. Packard, C. R. Walker and W. I. Andrews were on the job early last Friday morning and assisted by James Hixon were enabled to get the fine speckled perch and have them all ready by the noon hour.

Mr. and Mrs. Andrews, the host and hostess of Shell Mound farm were busy as bees helping to put the tables in order and promptly at one o'clock arrived. The party had been over the celery delta and as far west as the home of William

Emmett Wilson, there being about fifteen automobiles in service filled with visitors and home folks and the trip was greatly enjoyed giving the capitalists a good view of the rich country that adds so much to Sanford. The party stopped at Shell Mound at one o'clock and here the long table spread under the oaks and close to the historic mound from whence the locality derives its name were fairly grouping under the weight of good things to eat. Fried chicken and fried fish, ham sandwiches, pickles, deviled eggs and many other good things were there in abundance, served with hot coffee and delicious orchards made from soft oranges.

Those good folks ate just as though they had never had a square meal before and there was no basketful of leaves or fishes after the luncheon.

The entire party assembled on the Mound after lunch and Photographer Phillips made several very fine views of the party. After a half hour's chat and general introductions to the party they again entered automobiles and were driven to the city dock where several teachers took them out upon the broad bosom of Lake Monroe and here they obtained a good view of Sanford and her fine location.

The rest of the afternoon was spent in sight seeing and business matters and the party left in their private car for the east coast about ten o'clock Friday night.

That every member of the party thoroughly enjoyed their visit to Sanford is attested by their many expressions of appreciation and Sanford's whole hearted welcome to these new citizens will bear fruit at some future date.

Sanford knows how to give them welcome.

"Orange groves throughout the county are heavy with bloom," says the Bronson Times-Democrat, "giving promise of the largest crop in eighteen years." The editor is, however, more than a materialist and the blooms appear to him in several ways. "The perfume of the orange blossoms fills the atmosphere with their fragrance," he says, "and we are sorry for the millions who can never know the joy of living in Florida."

### The executive committee of the Ponce

a permanent memorial to the great discoverer, in the form of a handsome and artistic coquina arch. This arch will bear a tablet including the name of the man impersonating Ponce de Leon commemorating the four hundredth anniversary.

Cut your grass Sweep your walks April 2nd.
