JAPAN HAS NO SOVIET HEAD WAR AIMS SAY NEW MINISTER SET FOR WAR

No Conflict Impending
Unless Carried To
Nippon By Russia,
Hayashi Tells Press

TOKIO, Feb. 1.—(A.P.)—
There will be no Russo-Japanese
war "unless the war is
carried to us by the other
side," General Benjuro Hayashi
told the Associated Press
today in his first interview
since he became war minister
succeeding General Sadato
Araki.

At the same time Hayashi
said he "was incapable of con-
ceiving any Japanese-American
differences justifying any belief
in a future Japanese-American
war."

"We are making no prepara-
tions for any war with Russia,"
the general said firmly. "Our illa-
gements in Manchuria are merely

New Orleans Mayor
Threatens To Whip
Huey Long On Sight

WASHINGTON, Feb. 1.—(A.P.)—
T. Semmes Walmsley, newly re-
elected mayor of New Orleans and
bitter political foe of Senator
Huey P. Long of Louisiana, said
upon his arrival here yesterday on
a business trip that if he can into
Long he would "beat him up."

Walmsley's re-election gave
New Orleans one of its most heat-
ing municipal election campaigns
during the course of which Walmsley
said in a speech that if Long did not retract certain state-
ments he had made "I'll go to
Washington and make them avail-
able to you."

Asked if he planned to see
Long while here, Walmsley said:
"I don't intend to place myself
in the position of a major player in
wait for a senator, but if I see
Long I'm going to beat him up."

Asked if it would make a point
of seeing Long if he failed to
meet him accidentally, the mayor
said:

"Well, I deliberately stopped in
the same hotel that he occupies.
He has a reputation for staying in
his room here—but I may run into
him in the lobby."

2 Rollins Students
Die When Auto Fails
To Negotiate Curve

ORLANDO, Feb. 1.—John Mc-
Nutt was instantly killed, Thomas
Trammell was fatally injured and
three men received lesser hurts
when the Packard car in which
they were driving crashed into a
fire plug at the 2000 block on
North Orange Avenue last night.

All were Rollins College stu-
dents.

Names of the others were Harry
Lord, "Rip" Parsons and Eddie
Butner.

The accident occurred when the
huge open car, driven by Tram-
mell, crashed into the fire plug
as it failed to make the curve at
that point. Witnesses said, the
car was being driven at a high
rate of speed.

Bouncing from the fire plug, the
car struck a telephone pole, tear-
ing loose high tension wires, and
rolled into the front yard of an
adjoining house.

Roosevelt Fixes Dollar Value At 59.06 Percent Of Former Equivalent In Gold; Change Seen Slight To Average Citizen

President Establishes
Price At \$35 Ounce
For International
Dealing In Metal

WASHINGTON, Feb. 1.—(A.P.)—
President Roosevelt yesterday de-
valued the dollar and gave the
world a standing offer to buy and
sell gold, according to the needs
of international trade, at a fixed
price in dollars, an action inter-
preted by treasury officials as
putting the country "on a mod-
ern gold standard."

The President fixed the value
of the dollar at 59.06 percent of
its former gold equivalent, and on
this basis a price of \$35 an ounce
was established for international
dealing in gold.

With the cut in the dollar's gold
content there was established
automatically a \$2,000,000,000
stabilization fund for the purpose
of regulating the foreign value of
the dollar, which officials said
might not have to be extensively
used, as they expected exchange
rates would be firmly pegged by
the price set on gold sales for ex-
port.

For the first time since last
March, the President made it pos-
sible to settle America's interna-

W.B. Lowels Buried In
Cemetery At Osteen

Funeral services for Wm. B.
Lowel, 21-year-old clogger who
had resided at Osteen for the past
16 years, were held from the
First Baptist Church at Osteen
and buried in the Osteen Cemetery
yesterday afternoon. G. Bassett
Smith of Sanford officiated, and the
Kirkland Funeral Home directed
arrangements.

Mr. Lowell was a native of Bald
win, Fla., where he was born on
Nov. 7, 1911. He had lived in the
Osteen area for 16 years and had
died Tuesday morning. Surviving him
are his daughter, Mrs. J. R. Elton, of
Sanford; three sons, C. T. Lowell,
of Venice, Fla.; W. H. Lowell of
Houston, Tex.; E. G. Lowell of
Orlando; three sisters, Miss T. H.
Roberts of New Smyrna, Miss;
Tom Shepherd of Palmetto, and
Mrs. J. O. Standiford of Canal
Point; three brothers, W. S. Lowell
and T. W. Lowell of Canal Point,
and D. O. Lowell of New Smyrna.

Those who want peace and
business relations with us always

respect all countries.

"Our foreign policy is to keep
peace and increase our trade
relations with all countries."

"The U. S. S. R. does not in-
tend to threaten or attack any
one, but we do not fear mea-
sures and we are ready to answer blow

2 Women Injured In
Head-On Collision
On Orlando Road

Two women tourists were in-
jured, one of them critically, and
five other persons were bruised
and shaken up when two automo-
biles collided head-on near the
B. W. Anderson estate on the
Sanford-Orlando highway south of
the city during the driving rain
yesterday morning.

The more seriously injured is
Mrs. H. W. Fels of Cleveland
Heights, Ohio, who suffered a
brain concussion, a badly lacer-
ated tongue, and other cuts and
bruises.

Mrs. Fels, and Mrs. J. P. Street-
er of Johnstown, N. Y., who re-
ceived a broken leg and cuts about
the head, were at the Fernand-
Lough Memorial Hospital this
afternoon, under treatment.

The accident happened at about
10:40 o'clock within the road area
that is bounded on both sides by
a wire guard railing, about four
feet high, which had been
knocked down by the Anderson property.

Mr. Street, driving his Ford coach
northward with Mrs. Fels as a
passenger, had just rounded a
slight curve in the roadway when
he felt the rear tires skidding.

Before he could bring the car
under control it had crashed head-
on into a heavy sedan being
driven southward by Mr. Streeter,
driving toward Orlando with Mrs.
Streeter and three other women
as passengers.

Damages to the two automobiles
will not exceed \$200, although both
were crushed and bent by the
impact which threw all passengers
forward in the cars. Mrs. Fels' head
struck the windshield of the couch,
while Mrs. Streeter's knee
is believed to have struck the
dashboard. Drivers of the cars
agreed on a settlement of the
damage.

If Plan Is Success
Dollar To Buy Less

WASHINGTON, Feb. 1.—(A.P.)—

The dollar in its new 59.06
percent dress will still make
as much change as before.

But if President Roosevelt's
managed currency plan succeeds,
it eventually will buy less

gold than it does today.

This is another way of ex-
pressing the theory that com-
modity prices follow gold
prices, that by making gold
more costly in terms of dollars,
other commodities will become
more costly and, correspond-
ingly, the farm population
will get more for what they sell.

Except as prices react, the
dollar's current roundabout
path won't change at all. It will
still contain 10 silver dimes, four quarters, 20 nickels

What President Roosevelt's
proclamation did was to reduce
the amount of gold in the gold
dollar as defined in the statute
books.

The old gold dollar was 59.8

cents of 1/10 fine-tenth fine

On that basis gold was worth

\$20.67 an ounce.

The new gold dollar contains

10 silver dimes, four quarters, 20 nickels

What President Roosevelt's
proclamation did was to reduce
the amount of gold in the gold
dollar as defined in the statute
books.

GREAT BRITAIN OKAYS ARMING OF GERMANY

10-Year Plan Proposed

Would Approve All
Reich Claims, Offer
Additional Security

LONDON, Feb. 1.—(A.P.)—The
British government last night
made public its latest disarmament
plan, calling on other nations
to agree to peace with the alternative
"non-aggression" race, the end
of which Britain can win.

The provisions of the armament
plan were published in a "White Paper" which said the pro-
posal was submitted during the
past few days to the powers concerned.

The note said that Great Brit-
ain recognized Germany's claim to

equity in the arms and emphasized
that the return of Germany to
Geneva and to the League of Na-
tions should be an essential condition
of an agreement.

The note said that Great Brit-
ain would not change its stand on
disarmament, the other nations
are to do the same.

To reach an agreement in a
spirit abandoning certain classes
of weapons by the most heavily
armed powers, the note said.

ROPER ANSWERS
ACCUSATIONS OF
DICTATORSHIP

Congress Approved All
Points Of Program
Now In Use, He Says

WASHINGTON, Feb. 1.—(A.P.)—

One of the Roosevelt Adminis-
tration's foremost spokesmen,
Secretary Roper, yesterday replied
to a public smear charge of Ogden L. Mills leveled at the recov-

er having a chance to do that.

The former South Dakota
rancher, turned desperado, was
taken in a northside barber shop.

He was unarmed and offered no

resistance.

In his clothing were found rev-
erberal poison pills, presumably
used for the purpose of ending
his own life in event of apprehension.

He was overpowered before
having a chance to do that.

In Sankey's apartment was
found a small, ornate two .38
caliber revolver, a sawed-off shotgun
and a large quantity of
ammunition. In a tin box was
found \$200 in \$10 bills, \$200 in
\$20 bills, and \$5 in \$1 bills. A
woman giving the name of Helen
Maurer was arrested at the apart-
ment. She denied knowing San-
key's true identity.

Months of tireless search by De-
partment of Justice agents ended
last night in the announcement
that Sankey had been arrested and
had confessed to participation in
the kidnapping of Charles E. Lind-
bergh and Haskell Bohn.

He denied, agents said, that he
had any part in the kidnapping of
William Hamm, Jr., wealthy
Paul Breuer, or Edward G. Breuer,
brother son of another \$800,000
baker and close friend of Presi-
dent Roosevelt. Breuer disappeared
Jan. 17 and is still missing.

Early Morning Fire
Destroys Valuable
Flock Of Chickens

First major fire loss in Sanford
for more than a year came this

morning when a three-story chick-
en house containing nearly 1200

White Leghorn hens and a large

quantity of valuable equipment

all belonging to Howard Walker,

destroyed by fire. The loss is

set at more than \$1000. Most of

the loss is covered by insurance.

The fire began at about 6:00

o'clock, said Mr. Walker, who

resides at 2010 Washington Ave-

nue, in Bel Air, subdivision south

of Melville Avenue at 20th

Street.

Mr. Walker stated that when he

first noticed the fire, he dashed

out the three-story chicken house

which stood to the north of his

home. Within a short time, the

fire had spread along with more

than 100 chickens and most of

them were burned.

He is believed to have

lived in a house on the corner

of 20th and 21st Streets.

The fire was the fourth during

the past 24 hours, although two

other three were gross

causing no damage, and the

loss was \$1000.

Mac Clelland stated.

JAPAN HAS NO WAR-AIMS SAYS NEW MINISTER

(Continued from Page One)
aided at fulfilling our treaty obligations to defend Manchukuo. We are out for peace."

He said that charges by Soviet leaders that Japan has designs on the Russian maritime province of Northern Saghalien are absurd.

The Japanese diet was advised yesterday that new Japanese auxiliary vessels will outrank those of the United States by 1937 and that if navy men of the two nations dictate programs in a coming navy conference "a rupture would be inevitable."

Kōkichi Yoshizawa, former foreign minister, told fellow members of the house of peers that "intensified naval competition, even if war is averted" will result from the domination of the 1934 navy parity by navy men, "if the pessimists' view is accepted."

"In view of these dangers," he declared, "perhaps it would be better to abandon the conference altogether unless preliminary negotiations should show the possibility of an agreement."

Admiral Mineo Osumi, minister of the navy, presented statistics to the House of representatives showing, he said, that at the end of 1934 Japan will have 140 under-age cruisers, destroyers and submarines compared to 100 such craft in the American navy.

Admiral Osumi's figures were confined to a comparison of the American and Japanese navies at the end of 1930 when the present naval treaties may expire unless renewed in a parity scheduled for next year.

They assumed completion of the current Japanese program, for which appropriations are now being considered in parliament, and the approved United States program, exclusive of the Vinson bill, which was passed by the American house of representatives Tuesday and which provided for replacements costing \$425,000,000.

The Vinson measure provides

for the building of 65 destroyers,

30 submarines, and one airplane carrier in a five-year period.

Dr. Miller Comments On Grain Alcohol Rule

A recent ruling of Attorney General Cary D. Landis, permitting legally registered and licensed physicians to prescribe grain alcohol in small amount in cases where such is necessary in the treatment of their patient, has prompted the following statement from Dr. Oliver J. Miller of the Seminole Pharmaceutical Co.

"This ruling is of great benefit to the aged residents of the country," Dr. Miller stated, "particularly because many of them require a small amount of this drug as a means of prolonging life inducing a more comfortable existence. It no longer is necessary to pay high prices for inferior and often harmful products of this nature."

The new statutes of the state,

he pointed out, permit physicians to prescribe not exceeding eight ounces of grain alcohol per day to the same patient. No druggist can fill a prescription, however, when the alcohol is to be used purely as a beverage.

MRS. PETRIE TO SPEAK

DOGTRACKHEADS DELAY RACES IN LONGWOOD OVAL

Officials Seek Permit
From State Board;
May Open On Feb. 10

Officials of the Sanford-Orlando Kennel Club, Inc., have filed a petition with the State Racing Commission for a new license which will give them permission to operate their track this season. It was stated today by Thomas M. Joyce, public relations counsel for the Club.

Pending the granting of the license, the track will tentatively open on Saturday night, Feb. 10 instead of Feb. 3. It was stated, and schooling races that were to have been held this week have been postponed until word has been received from Tallahassee.

In a statement which he released

yesterday Mr. Joyce said, "Pending further action on the part of the State Racing Commission with respect to the license and dog permit of the Sanford-Orlando Kennel Club, Inc., the dog races scheduled to open Saturday have been postponed."

The officials and attorneys of the Sanford-Orlando Kennel Club, Inc., are now negotiating with the State Racing Commission for reinstatement of the official permit to conduct this meeting.

"Subject to the subsequent approval of the State Racing Commission, the officials have set Saturday, Feb. 10 as a tentative date for the opening of the track at Longwood for a 40-day meeting."

Seminole High Will
Play At Leesburg
With Crippled Team

After a holiday of over a week, Coach Leonard McLucas' Seminole High School basketball squad will swing back into action in a game at Leesburg tomorrow night.

A crippled team will take the court to try and beat the one team which is really making a name for itself in Central Florida high school basketball play.

Coach McLucas has suspended Oliver Miller, regular center, for an infraction of training rules, while Stinson Kinlaw, veteran guard, sprained his right ankle while roller skating this week.

O. P. Herndon, Jr. and Leslie Harnage, rookie center and guard respectively, will be sent into the starting position replacing Miller and Kinlaw, it was learned today.

Saturday night, Seminole High must play a second game against Landon High School of Jacksonville, which comes to Sanford for the contest. Seminole High has won five and lost three games this season.

Crooms Academy Wins 2 Basketball Games

Crooms Academy's basketball team scored a 15 to 14 victory over the Hungerford girls on the Hungerford court near Winter Park yesterday afternoon after a fast game in which the lead changed hands eight times.

Captain Smith of Crooms was high scorer of the game. He turned in nine of his team's 16 points. Patrick and Berry also played well for Crooms, while H. Dixon and Jones were stars of the losing team.

Earlier in the afternoon, the Crooms Academy team beat the Hungerford girls, 6 to 0. All the scoring was done in the first half, and Dick was the outstanding Crooms girl player.

Head Of Prison Mission Is Visitor In County

Captain Dan McDonald, head of the Southern Prison Mission of Jacksonville, has been in Sanford for the past few days extending the work of the Mission to the jails and prison camps of this county. He will remain until Monday.

He stated this morning that his work will carry him to the 80 state and county prison camps before winter is over, and that he is a retired Baptist minister.

He lists as objectives of his tour and the work of his Mission, "The general betterment of prison conditions; promotion of religious service in jails; road camps, and prisons; distribution of Bibles and other Christian literature among prisoners; prevention of crime; the moral and physical uplift of the prisoner and the restoration of the offender to good citizenship."

The present agitation is for a special session of the grand jury which otherwise would not meet until May. Solicitor General Gross

has said the entire matter would

be laid before the grand jury in May and that he would summon Erskine Caldwell, southern author, who charged that the negroes had been killed by white men.

"Since the middle of November," said the commission's statement, "three negroes have been killed, two others have been severely beaten and a material witness to two of these affairs has been run out of town. The two who were beaten are now in jail, one of them under indictment for assault and battery. Meantime, though the identity of white participants in these affairs is well known, not one of them has been indicted or even put under arrest. In view of these facts, the sheriff is quite right in demanding an investigation and in offering to put evidence before the grand jury.

ATLANTA, Jan. 31.—(UPI)—The inter-racial commission said in a statement here yesterday that negroes in Jefferson county at Bartow "are living in a state of fear" following recent killings and beatings of members of their race.

The commission, which is composed of leading white and negro citizens of the South, joined in a demand for an inquiry it said, "after a careful investigation of the conditions in that community conducted by Dr. Arthur Raper, of the commission's research staff."

At Louisville, Ga., the county seat, Superior Court Judge Hardeman said yesterday he would follow any recommendations made by Solicitor General Gross.

The commission in its statement said "the sheriff of Jefferson county is wholly right in demanding an immediate investigation of recent killings and beatings of negroes in and around Bartow."

\$50 MILLION MORE FOR CWA WORK OK'EYED

Aproposi'tions Group Approves Request Made By Hopkins; House Action Asked

WASHINGTON, Feb. 2.—(A.P.)—The immediate appropriation of \$50,000,000 to carry on the Civil Works program and its 400,000 employees, and \$50,000,000 for direct relief was recommended to the House today by the Appropriations Committee.

House leaders quickly decided to postpone until Monday consideration of the \$100,000,000 CWA bill aggregation.

Simultaneously the committee released a report from Harry Hopkins, CWA and relief administrator that even with the Civil Works request \$100,000,000 more than originally intended is now impossible for the CWA program to last through May.

Hopkins urged immediate consideration of the measure, observing that unless action is taken now the \$100,000,000 emergency allotted to the CWA will be exhausted by Feb. 28.

Hopkins announced that 14 percent of the families in the United States were receiving relief from public funds in November, 1933. West Virginia led with 29 percent, and Florida was second with 22.

Meanwhile at Charleston, W. Va., an unorganized dragon, organized by CWA workers and supported by their leaders, demanded a legislative committee with complete authority of "disbursement and good treatment" from West Virginia's Civil Works Administration.

J. F. Shook, representing the group which claims 8000 members, submitted a sheet of 8000 names and then added his personal guarantee. He had to work on a CWA job 60 days later when the other men got \$1.10, he said.

The dragon called a strike this week, but CWA officials said it was the direction about that time the legislature ordered a state-wide investigation of complaints.

Explaining the status of his investigation, Shook said he had noted few cases of such poor members when they are working out a wage when they are not fully employed.

At the legislature Shook informed Shook a home base of conclude reached between him and went out for a ride yesterday, avoiding the hearing room, waiting to file their charges of discrimination.

A 65-year old man, who said his age barred him from regular employment, testified he could not get CWA work. His wife is ill and his home is gone for taxes, he said.

Another said he once had a \$10,000 credit rating but now is destitute and cannot get work because relatives still think him prosperous.

Applauding Herald On CWA Editorial, Sears, Fagg See Probable Extension Of Work

Belief that the needs of Floridians unemployed during the coming summer will be recognized and relieved, probably under an extension of CWA work, was expressed in letters received by the Herald today from Congressman W. J. Sears at Washington and Marcus C. Fagg, executive officer of the state CWA, at Tallahassee.

Commenting The Herald for its recent editorial on "The Importance of CWA," Congressman Sears expressed the opinion that "I feel satisfied that he who the President will make a further request" for CWA funds after May 1, the date on which the nation wide CWA is scheduled to be test.

The President is now asking Congress for an additional fund to carry on this work until next

May. Congressman Sears stated, and while I am not authorized to speak for the President, if conditions at that time are such as to justify carrying on this work, I feel satisfied he will make a further request."

"However," he added, "we are putting up taxes on the public and we are all hoping conditions will continue to improve and from now on will rapidly improve and we will soon be back to normality."

Mr. Fagg's comments on The Herald's editorial during a recent session for Florida during the summer, are expressed in the following paragraphs from his letter:

I have been concerned a good deal myself about the CWA pro-

HUEY LONG HITS CIRCUIT JUDGE PRESS REPORTER URGES JURY TO SEEK NEWS FIND LYNCHERS

Battle Between Kingfisher Murder Of Johnson Fish, Walmsley Has Yet To Be Promoted As Disgrace To Area

WASHINGTON, Feb. 2.—(A.P.)—Neither Huey P. Long nor Mayor T. Somers Walmsley of New Orleans, who accuse the kingfisher of killing his son yesterday, had a reply.

Ray McDaniel, employed by a Washington pressman, sought to ask the Louisiana senator a question after Long had claimed that his assassinate at the door of his hotel, and was picked on the arm with a cane. McDaniel claimed he was not hit and said he was not part of the plot.

Walmsley, recently promoted to the rank of major in the U.S. Cavalry, was in the face of Long's accusations, and Wednesday he insisted to make Long "feel responsible" for the murder of Robert Johnson, a negro who at T. M. Givens, a reportedly可靠地 reported, was beaten out of his home early Tuesday morning while being forced from one cell to another.
