Public Works Bill May Provide Windfall

Federal Funds May Aid Downtown Sanford

By AUDIE MURPHY
Herald Staff Writer

The Sanford City Commission held a special meeting today to discuss a public works bill in Congress that may provide the city with a multi-million-dollar windfall.

Commissioners unanimously passed a motion directing City Manager W. E. Knowles to work with Seminole County officials to get the county designated an economically distressed area under the criteria of the Economic Development Administration; and a motion that formally calls for the city to proceed with plans to build a new city hall.

A site for the new city hall was not designated in the motion.

In discussing projects that may be subjects of grant applications, commissioners suggested the new city hall, a municipal drainage project, and Downtown redevelopment, although differences of opinion arose on which projects should have top priority.

According to Knowles, other projects that could be funded under the public works bill include regional detention facilities, sewer treatment facilities, low-cost housing, regional sewer treatment facilities and street paving.

Mayor Lee P. Moore said Wednesday, the grants will be distributed on a "first-come-first-served basis," and the purpose of today's meeting was "to get our house in order so we can get in line for our share."

The bill, HR 5247, which has been passed by both houses of Congress, provides up to \$6 billion for public works projects, according to Jeno Paulucci, a prominent Sanford property owner.

Contacted in Duluth, Minn., today, Paulucci said, "I believe that if Sanford puts together a plan and we can set up a liaison with Washington, we might well influence the Department of Commerce to set aside funds for Sanford."

According to Paulucci, the bill is expected to be voted by President Ford, but an override of veto also is expected.

Paulucci said projects that could be funded under the bill's provisions include a new city hall and parking facilities, as well as other public facilities.

"The bill provides the funds for areas where unemployment is at least ten per cent, but I understand unemployment in the Sanford area is considerably higher than that."

Paulucci said, in applying for the funds, city and county officials could use the redevelopment plan drawn up by the Downtown Development Council.

The DDC plan, drawn up by Sara Jacobson and Mrs. Shirley Moak, calls for restoring Sanford's Downtown buildings to their original Victorian design, as well as recruiting programs to draw new businesses to the Central Business District, and training programs for businessmen.

"In December, I was urging the (Seminole county) commissioners to apply for Economic Development Administration grants," Paulucci said. "But those were 50 per cent grants. Now, with this new bill, I'd rather they go for the 100 per cent grants."

Terrorist Arrest Expected

By DONNA ESTER
Herald Staff Writer

LONGWOOD — An arrest of the person responsible for firing gunshots into the home of Mr. and Mrs. Linton King Tuesday night is imminent, Police Sgt. Greg Manning said today.

Manning said the shots fired into the 310 E. Church St. home of the King couple was the latest in a series of harassment of the family that included other incidents of guns being fired at the frame house and a firebombing.

Processing of evidence in the case at the state crime laboratory in Sanford was to be completed today.

Linton and Julia King, Tuesday night, told the story of the terror in which they have lived for the past five months since they reported to police in September about 30 carloads of young people nightly visited and left a neighboring home in the early morning hours in a noisy manner.

Their home was hit by chunks of concrete, BB's, a "Molotov cocktail" and two separate incidents of gunshots fired into the house from outside.

The Kings said they have feared for their lives.

Meanwhile, Charles Edward Jones, 22, of 374 E. Warren, Longwood, who faces trial next week on an arson charge stemming from a Nov. 10 firebombing at the King residence, was in county jail today in lieu of \$10,000 bond on forgery charges.

JDC AWARDS PRESENTATION

Pictured above, from left, Bureau of Detention Superintendent Tom Fay presents Outstanding Youth Service awards to Sanford Optimist Club President Dale Coppock, V.F.W. Auxiliary President Josephine Lee, and Lois Martin, Man Power Planning at an open house held Wednesday night at the Juvenile Detention Center. In the photo at the left, Ed Heath, youth services intake counselor (left), presents outstanding service award to special guest Judge Virgil R. Conkling, chief judge of 18th Circuit and judge of 18th circuit juvenile division for Seminole County. Also receiving awards at the ceremony were Detention Center staff workers Steve Sweet, Rick Galloway and Mike Galloway; and members of the Detention Center Auxiliary Board. She Gets Probation - If She Moves Out

By BOB LLOYD
Herald Staff Writer

Circuit Court Judge A. J. Hosemann Jr. said today he hopes he's put an end to a five-year-old neighborhood "feud" broken at her home, she pleaded guilty to a lesser and included offense from a woman on trial for aggravated assault in connection with an Oct. 23 incident in which she allegedly threatened to shoot a neighbor with a shotgun.

Mrs. Alan C. Lee, 43, of 522 Foothill Way East, pleaded guilty to attempted aggravated assault after Assistant State Atty. Claude Van Hook rested the state's case in Mrs. Lee's two-day jury trial.

Judge Hosemann discharged the six-member jury after accepting Mrs. Lee's plea and waiver of continuing the trial.

Van Hook said the prosecution negotiated the plea with the understanding that if Mrs. Lee gets probation on the misdemeanor plea she will move away from the Casselberry neighborhood as soon as possible.

In entering the guilty plea, Mrs. Lee agreed with Judge Hosemann that there have been "serious problems" between herself and neighbors.

She claimed she'd been continually harassed by neighbors since she moved into the neighborhood in August 1971. "I've tried to be friendly but I haven't been accepted," she told the court.

During the aborted trial there was testimony that neighbors had "socialized" with Mrs. Lee for several months after she moved to the neighborhood but this ended after a dispute concerning a window that was broken at her home.

Richard Lee Adams, who lives across the street from Mrs. Lee, testified in the trial Wednesday that on the morning of Oct. 23 when he was walking to his truck, parked at the curb in front of his house, with his 10-year-old son, John, that Mrs. Lee, dressed in a "hot pink" cap and bathrobe, pointed a shotgun at him and said twice, "I'm going to blow your head off."

John Adams, Mrs. Sandra Adams and a 13-year-old neighbor, Jeffrey Hardy, testified that they too heard Mrs. Lee threaten to shoot Adams.

The jury wasn't allowed to hear a Casselberry policeman's testimony that a week after the Oct. 23 incident that he responded to a report of a woman with a gun and that Mrs. Lee told him she had a gun "and would use it if it was necessary."

Today, while entering her plea, Mrs. Lee denied that she has a gun. She claimed her husband, who is on a Mediterranean cruise with the U.S. Navy, had a gun but sold it to a hunter "about a year ago."

There was testimony in the trial that Mrs. Lee had displayed a butcher knife in her front yard.

Defense attorney J. Thomas Bowden gave the court documents showing Mrs. Lee is on the waiting list for on-base housing at the Mayport Naval Air Station at Jacksonville.

Mrs. Lee said she wants to sell the house as soon as her husband returns from the cruise in August. "I can't take any more in that neighborhood," she said.

Affidavits for those wishing to become delegates to the 5th district caucus will be at Palatka Junior College in Palatka while the 9th district caucus will be at Palatka Comprehensive High School in Dade City. Four delegates will be elected from each of these districts, Mrs. Reynolds said.

Mrs. Reynolds also noted that the party is conducting a training school for precinct workers at 8 p.m. next Wednesday in Courtroom A at the Seminole County courthouse. Greg Farmer, administrative aide to Ann Cramer, chairman of the state Democratic committee, will teach organization of precincts at the training school.

Mrs. Reynolds said anyone interested in becoming involved in Democratic party affairs is invited to attend.

Party Delegates Sought

The 4th and 5th congressional districts will be having district caucuses to select delegates to the national convention beginning at 12 noon on March 27.

The caucus for the 4th district will be held at Palatka Junior

Until Sidewalks Can Be Built Seminole School Busing Continued At Sterling Park

By SCOTT ABRAHAM
Herald Staff Writer

Following a detailed explanation of future construction scheduled for Sterling Park subdivision, Seminole County school board members approved Wednesday night a motion to continue courtesy busing for students living within two miles of Sterling Park Elementary School.

Parents requested the busing be continued because sidewalks — referred to also as bicycle paths during the discussion — had not yet been built.

The busing will be continued for the entire year, or until such time as the board takes further county-wide action on the proposed courtesy busing policy the board is currently studying.

Sterling Park Elementary has undeveloped area surrounding it at the moment, but temporary sidewalks from the east end of Eagle Circle to the school should be in place within "four or five months," according to the developer.

Heavy construction equipment in the area in the coming months will also make courtesy busing advisable, sidewalks or no sidewalks, the board was told.

With no capital outlay projects to approve and no risk manager discussion, the board members zipped through the agenda in record time.

The light agenda included presentations by Don Bobo on the progress of studies in the Grove School in a Harmonie Springs, and a presentation by Robert Carlton, director of the county's autistic child program.

Bobo reported a survey revealed that 81 per cent of the students completing the program at the Grove School were presently "copying in the drug-free manner."

The Grove School provides an alternative school environment for Seminole County students who find themselves in drug-related difficulties. It is funded in part by the school system and the federal government, with most of the money being supplied by the federal program.

After his report, Bobo requested that the board give future consideration to continue funding a teaching position at the school through the 1976-77 school year. He said continued federal funding is expected to keep the school open.

Carlton was joined in his presentation to the board by two parents of autistic children, who

stated they felt the program had helped their children immensely and who stated their gratitude to the board for its support of the Grove School.

Autistic children are not retarded, Carlton explained, but if they exhibit the normal range of intelligence expected in any population sample. Extreme behavior difficulties mask the intelligence, he said.

The Seminole County program is one of only three in the state. Orange County and Duval County also have the program.

Six students are currently enrolled in the program, Carlton said. The school center is located at Woodlands Elementary School in Longwood.

The students in the program, aged 5-13, have made significant progress this year in the areas of feeding themselves, toilet skills, controlling temper tantrums, individual academic skills and social interaction skills, Carlton said.

In other action, the board directed purchasing agent Don Coleman to bid a purchase order for gym lockers at Sanford Middle School to include built-in lockers.

Coleman had wanted the board to approve a low bid that included external padlocks instead of the built-in variety. The bid rejected by the board would have required additional negotiations to include the built-in lockers.

Assistant superintendent for business and finance Roger Harris reported that a committee meeting had been scheduled for Monday at 4:00 p.m. to discuss recommendations to be made to the board regarding the hiring of a risk manager to administer the county's insurance contracts.

NATION IN BRIEF

Bank Manager To Testify As Patty Hearst Trial Begins

SAN FRANCISCO (AP) — The government plans to reconstruct the bank robbery it says is symbolic of Patricia Hearst's conversion to terrorism — the same holding the defense portrays as her ultimate struggle for survival.

Jim Smith, manager of the Hibernia Bank held up by the Symbionese Liberation Army April 15, 1974, was lined up as the trial's first witness today. Miss Hearst held a submachine gun during the robbery.

A jury of seven women and five men was sworn on Wednesday and heard chief prosecutor James L. Browning Jr. describe the 21-year-old newspaper heiress as a willing and profane bandit.

Her chief defense counsel, F. Lee Galley, in his opening statement, called the pale defendant "a prize pig" tortured by a convict self-taught in the rudiments of mind control and determined to have Miss Hearst branded an outlaw.

Storm Drenches California

LOS ANGELES (AP) — It got so dry even the cactus started puckering, but California is finally getting some miserable weather and everyone — well almost everyone — is thankful.

First some sprinkles of rain came up from Mexico's Baja California, leaving a light dusting of moisture to officially end Southern California's worst dry spell in 72 years.

Then what the weather people termed a "deepening" — a cold with a low pressure system" brought the rain, snow and freezing temperatures up and down the state Wednesday.

Doctors End Slowdown

LOS ANGELES (AP) — Physicians protesting huge increases in their malpractice insurance premiums have ended a 3-day slowdown and say they'll go back to work as usual starting today.

But the doctors warned that unless the state legislature acts quickly to resolve the problem, "next time everyone will go out."

Late Wednesday, The United Physicians of California, which spearheaded the protest, voted to end the slowdown even though all major issues in the controversy remain unresolved.

CB Radios Still A Favorite Target

Deputies Investigating Area Thefts

By BOB LLOYD
 Herald Staff Writer

Sheriff's deputies today were investigating reported thefts of cash, citizens band radios, fishing and camping equipment and an auto engine.

Donald Ray Duncan, Route One, Lake Drive, Sanford, told deputy Donald Dragos that \$450 cash was stolen from a bank bag in a bedroom at his residence, according to sheriff's reports.

Ewing's vehicle was parked at Forest Lake Academy, Forest City, when it was broken into and that Gray's car was parked at 5310 Pineview Way.

Geraldine Whitmore, 545 Land Ave., Longwood, reported \$111 in fishing and camping equipment was taken in a burglary of a pickup truck-camper while the vehicle was parked at Sprague Electronics, U.S. 17-92, Longwood, deputies said.

Sheriff's detective R.E. Winger reported a \$185 chain saw was missing after a storage shed at the residence of Frederick J. Parent, 710 Oweela, Sanford, was burglarized.

Richard Gregory Williams, 18, of 590 Wayman St., Longwood, was being held in county jail today in lieu of \$10,000 bond on charges of burglary of an auto and attempted grand larceny.

County jail records indicated that Williams was arrested by deputies on a circuit court warrant charging grand larceny.

Sanford Optimists Present Awards

The Sanford Optimist Club Ladies Appreciation Night at the Capri Restaurant was highlighted by the presentation of three state-wide Optimist awards and film-lecture by retired White House photographer-author, Cecil Stoughton.

Dale Coppock, club president, attached two banner patches from the Optimist district governor for outstanding achievements in the past year in youth activities and publicity. Youth Activities chairman is Tom E. Fay and publicity chairman are Bob

Hasty and Gene Eiseldin. Cecil Stoughton, now living in Merritt Island, showed an hour-long film of footage he shot as official White House photographer for the late presidents Kennedy and Johnson. After retiring from government service in 1973,

Stoughton published "The Memories of J.F.K." Delbert Abney, Chase and Co. comptroller and immediate past Secretary-Treasurer of the local Optimist unit was presented with a citation for outstanding service in his office.

Police Seek Motive In Orange Grove Murders

PLYMOUTH (AP) — Police are trying to piece together a motive for the murders of two young men whose bullet-riddled bodies were found in an orange grove. Investigators say they were unsure of the identities of the two, both of whom were shot several times in the head. The bodies were found Wednesday by a grove worker.

"The victims are young men, possibly grove workers," said sheriff's Capt. Bruce Churchill. "But the grove manager didn't recognize them as any of his employees."

Republicans In Squabble

ORLANDO (AP) Rival Republican supporters of President Ford and Ronald Reagan are engaging in a heated fight here over lagging ticket sales for an upcoming Lincoln Day dinner.

The squabble broke into the open Wednesday when Dr. Lou Earle, Reagan's Orange County campaign chairman, publicly accused Ford supporters of "foot dragging" in selling tickets for the Feb. 14 dinner at which Reagan is to speak.

"I would say foot dragging is an understatement," said Earle. "The facts bear me out."

Drug Force Chief Muzzled

ORLANDO (AP) — The ousted chief of the Central Florida Task Force of the Federal Drug Enforcement Administration says he would like to tell his side in a dispute with local police officials, but can't.

"I've been ordered not to say anything to the press," John LaFore said Wednesday.

However, asked if he thought his removal Tuesday represented a concession to Central Florida law enforcement leaders, LaFore said, "only obviously."

Lewis Claims Cover-Up

TALLAHASSEE (AP) — The state Land Sales Division director lied to cover his failure to protect Florida investors from companies that deal in fraud and should be fired, Comptroller Gerald Lewis says.

Lewis asked Wednesday that Gov. Reubin Askew get rid of the director and other land sales officials.

Official Announcement Monday

Vihlen To Run For Congress

Seminole County Commissioner Sidney Vihlen Jr. has scheduled a press conference Monday in Orlando to announce his candidacy for the U.S. Congress, a Vihlen aide confirmed today.

Vihlen aide Louis Rotundo said the Monday conference will be held at Howard Johnson's at Interstate 4 and SR 50 in Orlando.

Earlier last month Vihlen announced his intention to seek the seat presently occupied by Rep. Richard Kelly, a Republican from Holiday.

At that time Vihlen, a Democrat, promised a decision by mid-February. And Rotundo says now the conference is set for 10:30 a.m.

Vihlen, a former county commission chairman, says he believes Kelly is vulnerable and that he has been arrogant as a congressman.

Rotundo and Vihlen have been visiting the news media in Hillsborough and Pinellas Counties in anticipation of the race. Of the contest, Rotundo said, "I think we can beat him (Kelly), but if not we're going to scare the daylight out of him."

In Vihlen's earlier pre-campaign statement he said he will attempt to unseat Kelly by campaigning on such matters as the economy, big government and other political issues under scrutiny by private citizens.

Last year Vihlen was considering a race for the state legislature. He said he was eyeing the seat held by Rep. Vince Fechtel, a Republican from Leesburg.

But Vihlen and his supporters felt Fechtel occupies too strong a position, and the commissioner opted instead for a race for U.S. Congress.

Vihlen came under fire last year when he switched party affiliation. Part of the criticism came because for Vihlen it was the second switch of his political career. As a Democrat Vihlen made an unsuccessful bid for the county commission in 1968.

Then Vihlen switched parties and was subsequently appointed a vacant county commission seat in 1969 by then Florida Governor Claude Kirk, a Republican.

Vihlen was appointed commission chairman last year, a position presently occupied by another Democrat, Michael Hattaway.

Some Secrecy A Necessity

Prolonged congressional investigations of the Central Intelligence Agency are beginning to produce recommendations, but the most evident conclusion of all probably will not appear in writing.

It is that the behavior and record of the committee headed by Sen. Frank Church and Rep. Otis Pike clearly demonstrate why the role of Congress in directing or controlling the activities of the CIA should be subordinate to that of the executive branch.

The high drama of the hearings is over. There are no more dart guns to wave before TV cameras, no more veils of esoteric poison to capture the public imagination and no more James Bond-type of cloak and dagger activities to titillate the American fancy.

It is obvious that the committees are fatigued, mired in bureaucracy and statistics, and visibly happy that the ends of their charters are in sight. And, they produced little more in the way of facts than was dug up by the CIA's investigation of itself in 1973.

And long before the final reports are in it is clear that Congress is reaching the same conclusions that the nation's media and citizens reached some time ago.

The first is that the CIA did operate illegally within the United States. However, its significant excesses were committed at the direct orders of responsible officers in the National Security Council — or the White House itself.

Another emerging consensus is that the CIA, as authorized by the Security Act of 1949, is still a valid concept. The gathering of intelligence and so-called special operations are necessary if a United States is to remain secure.

And finally, it also is apparent that the CIA and the other intelligence agencies cannot execute their missions if they have to operate in full public view.

CIA Director William E. Colby was right on the mark when he told the Senate Government Operations committee that the present procedures for overseeing covert operations won't work.

"Every one of the new projects that were subjected to this process has leaked into the public domain. I believe it is essential to repeal that procedure..." he declared.

At the present time, eight committees of Congress are busy converting operations. Mr. Colby proposes that the function be performed by a single committee. He also believes that stiff penalties should be levied against the committee's members or staff who reveal information that should be kept secret.

What should be kept confidential and what should not, if there is a dispute, could be resolved by the courts. It is simply unacceptable for a committee to make itself the final arbiter of what constitutes a national secret as the House Intelligence Committee insists.

When the CIA was first debated in Congress in 1947, members worried about a "domestic Gestapo." They wanted to be absolutely sure that the new organization would not have the "rights and privileges" of the people of the United States.

The CIA did not become a Gestapo, not by a long shot. It did do some damage to the "rights and privileges" of American citizens. But the important point is that the excesses did not result from the fact that the CIA was a clandestine organization which it must be by its nature and mission.

Responsible officials in Congress and/or the administration had all of the information that they needed at any time to curb the CIA. These institutions should not now punish the CIA for their own sins.

The Clock

Hang onto your hats, folks 'cause the Deltona Open is just one week away.

Last year, this very worthy tournament contributed over \$10,000 to the Central Florida Zoo fund. This year's contributions will benefit several worthy charities in the Seminole-Volusia-Orange County areas.

Gold Sponsors, those who fork over \$300 apiece, will have the benefit of playing in a "Sandtrap Squirt" on Saturday, Feb. 7, with a shotgun start at high noon.

All Gold Sponsors who are playing in the tournament are asked to be at the Deltona Country Club at 11 a.m. on Saturday.

A cocktail party for all gold sponsors will be held Saturday beginning at 5 p.m. with hors d'oeuvres. A

Flagship U.S. Bank of Seminole at Zayre Plaza, will have a ribbon-cutting for its new Central Bookkeeping Department on Friday (Feb. 6) at 10 a.m., according to Wayne Albert, executive vice president of the facility.

The entire public is invited to attend the ceremony.

There's quite an impressive list of guest speakers lined up for the Saturday Rotary Club this month, including the entire Board of County Commissioners (Feb. 9), Rep. Vince Fectel (Feb. 16) and Florida Senators John Vogt and Lori Wilson (Feb. 23).

According to John Spolaki, program chairman, these speakers are to select a bill or subject which they wish to elaborate and inform the constituents. So, if you want to be well-informed, at least from one point of view, on such as the Comptroller Bill, school busing, financing in various Florida legislative committees, etc., plan on attending this month's meetings of the Rotary.

And, as Spolaki says, if you're a Rotarian and don't make it, it's your fault.

Visit one of the three locations and have your blood pressure checked. You might be glad you did.

COLLEEN, N.H. — Some years ago a farmer phoned Herbert Gifford, M.D., to complain about an injured horse. "It's got a big cut over the eye, Doc, and I can't get no veterinarian way out here — will you come?" No problem. For more than 30 years in the practice of family medicine, Doc Gifford has been making both house and stable calls over some 1,200 square miles of Canadian country; a horse, he explains, is part of the family.

Called Mr. Bones by the children to whom he shows his closest affection, and Mr. Berle by the adults who must suffer his grief, Gifford is a wonderful remnant from an American past when physicians were more than healers, they were friends. Stubby, drool, his eyebrows sticking out from his head like lazy exclamation points, he is just short of legendary in these parts. "There ain't none like him," says a patient, "he's the damndest best-bearded man I know."

One has to be good natured, perhaps, to survive family practice in an area where as many as 10,000 people are served by fewer than a half dozen physicians. Until recently, the region did not even have a hospital, and as Gifford says you can't expect people just to get sick in your office. "Winter snows here drift to 30-foot banks, the temperature sinks often to 20-30 below, but Doc Gifford is ever available. He flew a plane 60 miles, by the way, to treat that horse."

His loyalty to his patients is returned in kind. Locals who talk of the times Gifford has cut their bills when things were hard, or recall his gentle advice in hours of social stress, say they will wait for the Doc for days rather than go immediately to another physician. Last year an elderly woman refused advice to see someone else while Gifford was away; she was dead when he returned to town.

"When I was young," says the Doc, "I noticed there were two kinds of medical people: those who were strictly professional, polite but not intimate, and those who weren't. I decided to be one of those who weren't. I just can't put a certain between myself and my patients; these are not just bodies, they are my friends." Friends indeed; Doc Gifford has delivered 7,000 babies over the decades, and the word is he remembers every name, and perhaps birth-thanks as well.

He says the intimacy can be risky. Familiarity can breed a lack of respect, and all of those who weren't, I just can't put a certain between myself and my patients; these are not just bodies, they are my friends." Friends indeed; Doc Gifford has delivered 7,000 babies over the decades, and the word is he remembers every name, and perhaps birth-thanks as well.

Then, too, there is the grief of personal affliction: "I remember a young girl named Jo who had a rheumatic heart. She asked me one day if I'd tell her the truth about her condition. I tried to avoid it but she pressed me. Finally, I told her as gently as possible that she wouldn't see another Christmas. And you know what she said? She said don't tell her ma because she had enough troubles already. God, I'll never forget that child."

Nor will Gifford forget many of the patients lost over the years to the absence of proper medical facilities.

—Bill Currie

"When I was young," says the Doc, "I noticed there were two kinds of medical people: those who were strictly professional, polite but not intimate, and those who weren't. I decided to be one of those who weren't. I just can't put a certain between myself and my patients; these are not just bodies, they are my friends." Friends indeed; Doc Gifford has delivered 7,000 babies over the decades, and the word is he remembers every name, and perhaps birth-thanks as well.

He says the intimacy can be risky. Familiarity can breed a lack of respect, and all of those who weren't, I just can't put a certain between myself and my patients; these are not just bodies, they are my friends." Friends indeed; Doc Gifford has delivered 7,000 babies over the decades, and the word is he remembers every name, and perhaps birth-thanks as well.

Then, too, there is the grief of personal affliction: "I remember a young girl named Jo who had a rheumatic heart. She asked me one day if I'd tell her the truth about her condition. I tried to avoid it but she pressed me. Finally, I told her as gently as possible that she wouldn't see another Christmas. And you know what she said? She said don't tell her ma because she had enough troubles already. God, I'll never forget that child."

Nor will Gifford forget many of the patients lost over the years to the absence of proper medical facilities.

—Bill Currie

COLEBROOK, N.H. — Some years ago a farmer phoned Herbert Gifford, M.D., to complain about an injured horse. "It's got a big cut over the eye, Doc, and I can't get no veterinarian way out here — will you come?" No problem. For more than 30 years in the practice of family medicine, Doc Gifford has been making both house and stable calls over some 1,200 square miles of Canadian country; a horse, he explains, is part of the family.

Called Mr. Bones by the children to whom he shows his closest affection, and Mr. Berle by the adults who must suffer his grief, Gifford is a wonderful remnant from an American past when physicians were more than healers, they were friends. Stubby, drool, his eyebrows sticking out from his head like lazy exclamation points, he is just short of legendary in these parts. "There ain't

Marsh, King Engaged

Mr. and Mrs. Jesse H. Marsh, 9 Lenape Dr., Miami Springs announce the engagement of their daughter, Charlene Ann, to John Richard King Jr., of Orlando, son of Mr. and Mrs. John R. King Sr. 9601 N.W. 5th St., Pembroke Pines.

The bride-elect is a former teacher at Sanford Christian School. Her fiancé is employed at Haskins and Sells, C.P.A.s in Orlando.

The wedding will be an event of June 5 at 7 p.m. at First Baptist Church of Hialeah.

The bride-elect graduated from Dade Christian School in Hialeah and later from Miami Christian University.

Her fiancé graduated from Dade Christian School and John Brown University, Siloam Springs, Ark.

About 70 guests helped Mr. and Mrs. O.R. Smith Sr., of Sanford, celebrate their 45th wedding anniversary at a reception Feb. 1.

Mr. & Mrs. O.R. Smith Sr. Celebrate Anniversary

A reception honoring Mr. and Mrs. O.R. Smith Sr., 904 Elm Ave., Sanford, on their 45th wedding anniversary was held Feb. 1, at the home of Mr. and Mrs. Terry Smith, 403 Lake Blvd., Sanford.

Approximately 70 guests called during the appointed hours. Mr. and Mrs. Smith were married on Feb. 2, 1931 in Sanford.

Mrs. Wayne Albert served at the refreshment table, where the color scheme of yellow and green was carried out in the centerpiece and refreshments.

The couple has two children. Col. O.R. Smith is chief of ophthalmology, USAF Academy Hospital, Colorado Springs, Colo. Mrs. Terry Smith lives in Sanford.

They have three grandchildren, Raurdje and Hans Smith in Colorado Springs, and Kevin Smith in Sanford.

Happenings:

Swedish Settlers Honored

The descendants of the Swedish settlers who came to Sanford in 1871 and 1872 with General Henry S. Sanford, and others who came later, will be honored Sunday when the trustees of Gen. Henry S. Sanford Museum and Library, 520 E. First St., will commemorate the founding of the city of Sanford.

The program, planned by Mrs. F.E. Roumillat, will begin at 3 p.m. The public is invited to attend.

Eye Bank Hosts Silver Tea

A Silver Tea will be hosted by SHEBA (Seminole Hospital Eye Bank Assn.) in the Seminole Memorial Hospital Auditorium on Sunday, Feb. 15 from 2-4 p.m. The public is invited.

During the tea, at 3 p.m., Lions Foundation District Chairman Ammon McMansels of Ocala will show a new film depicting eye bank work, "A Helping Hand."

For persons interested in finding out more about SHEBA, literature will be on display and SHEBA members will be available to answer questions.

SHEBA, supported by the Seminole Memorial Hospital Auxiliary (Pink Ladies) provides information for persons wishing to donate their eyes to medical science. The association also facilitates the storage of eyes and transportation to the central eye bank in Gainesville.

SHEBA also attempts to raise \$50 annually to donate to the Eye Foundation and send a child to camp each summer.

Club Notes

Deltona B&PW Plan Card Party

The Business and Professional Women of Deltona will sponsor a card party Saturday at 7:30 p.m. at the Deltona Community Center. Tickets are available at the door for \$1.25 with all proceeds going to the local Bicentennial Fund.

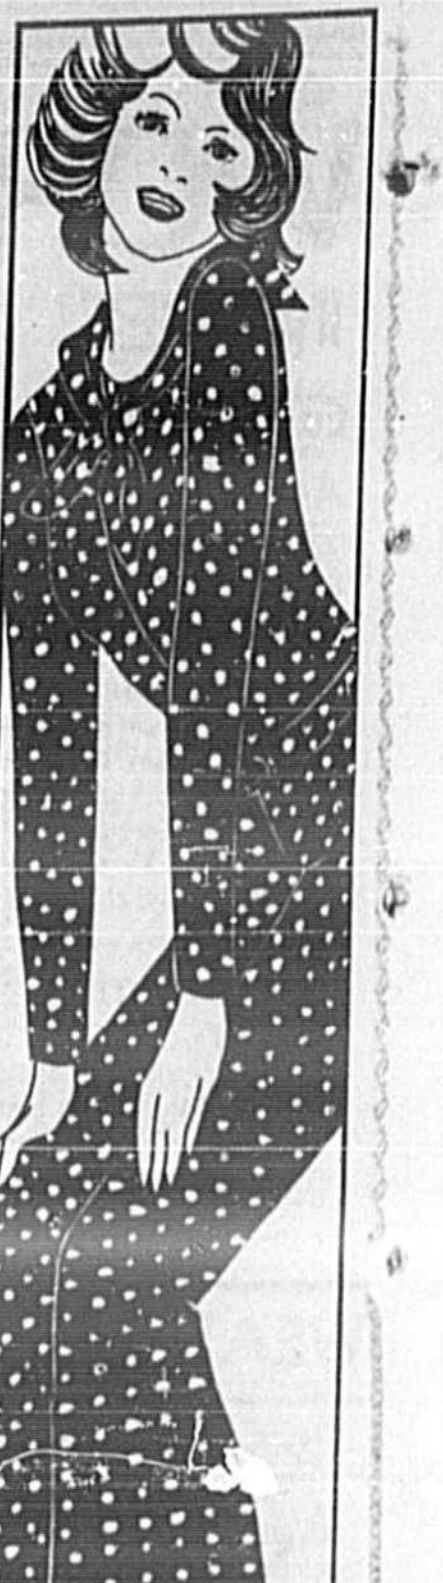

Bake Sale Set

The Women's Auxiliary to the Winter Springs Volunteer Fire Department will hold a bake sale beginning at 9 a.m., at the Longwood Flea Market.

On Feb. 19 at 7:30 p.m., the auxiliary will meet in the ready room at the fire station followed by Bingo and carus.

Pilot Club Meets

Next regular meeting of the Sanford Pilot Club executive board will be at 7 p.m.; business meeting 8 p.m. at the Flagship Bank of Sanford, Tuesday.

Hearing Problem Falls On Deaf Ears

By ABIGAIL VAN BUREN

DEAR ABBY: I wonder how many other people have my problem. I have suffered a 75 per cent hearing loss. You wouldn't believe the amount of money I have spent on hearing aids and therapy. All were useless because my loss is due to nerve damage, which can't be helped.

Abby, everyone shows so much kindness and compassion for a blind or crippled person, but if you happen to be hard of hearing, you are on your own!

If I ask people to please repeat what they've said, they either turn away and ignore me, or say, "Oh, forget it," or "Never mind." Believe me, there is no greater insult to a deaf person than to be told that you are hard of hearing. All they need to do is speak distinctly and raise their voices just a little. Thank you very much.

DEAF AND DISCOURAGED

DEAR DEAF: All right, here's your letter. READERS, CAN YOU HEAR ME OUT THERE?

DEAR ABBY: Concerning the elderly Florida couple who were "shacking up." There is nothing immoral about a couple living together without a so-called marriage license. Remember, Joseph and Mary lived together and were not married until after Jesus was born.

DEAR IRVING: According to Jewish customs of Biblical times, Joseph and Mary were "betrothed" — a commitment so binding that if Joseph were to die before taking Mary under his own roof, Mary would become a widow. Or if Joseph backed out, he and Mary would require a legal divorce.

Although Mary and Joseph indeed shared one house, according to Matthew 1:25, "He did not know her (have sexual relations) until she brought forth her first-born son." This means that even though Joseph and Mary lived together, they did not have relations up to the birth of Jesus.

DEAR ABBY: Our daughter has been sexually active for a number of years with quite a few partners.

Now that she is in her middle 20s she is marrying one of those partners who probably knows about the rest.

We are happy for her and approve of the marriage, but she wants a white gown and veil!

We are shocked at her dishonesty and bad taste. So many of our friends and

Audrey Bolger ready on firing line

Bowling

By MARY JOHNSON

Audrey Bolger's 230 Keys Kennedy Tractor Bowlers

Audrey Bolger had high game in the Shooting Stars league for the Kennedy Tractor team with a scintillating 230. Mrs. Bolger, whose husband is retired after 27 years in the Navy, has been in the league for six years and spends part of her time driving a school bus and reading.

It was a fine morning for this first year league as Alice Hendricks, Susan Roberts and Dot Burton all rolled top sets for the morning. High: Hendricks 21-475, Roberts 20-410 and Burton 20-336.

Converted spilt by Dot Ralston as she spared the 5-5, Marzee 5-7, Phyllis Marczon 5-7, Butts 4-9 and Wanda Hubbard picked up the 5-7 split.

Turkeys fell for Mabel Vogel, Joy Walters and Hubbard. Polly Price rolled the high for the women as she was nearing the 600 mark with games of 204-199 and 186 for the high 589 series.

The high fell for the men for Bobby Hawn 210-581. Other high: Larry Daublo 181-661, Bill Clark 221, Marvin McVint 198-550, Barbara Knessel 174-644, Jesse Cook 125-641, Bob Jackson 121-529, Marge Jackson 181-529, Marge Jackson 173-481, Phil Varner 190-518, Bill Varner 186-547, Bob Stralbridge 206, Hal Rich 200-199-552 and Mike Alpine 184-587. Helen Garbour spared the 3-7-10 split.

FLAGSHIP BANK MIXED "Star of the Week" goes to Andy Patrick with 59 over his average. His high was 217-672. Other high for the evening: Jim Meyer 237-196, Joy Walters 208-186 and Jesse Cook 191-191 for a 561 set.

BARBOUR & COMPANY MIXED Bob Locke was the big man of the night as he rolled a high 257 game and a 609 series. Other 200 games fell for Harrison Jackson 218, Robert Gilbo 213-560 and Jim Johnson 213-569. Chuck Stineley 198-531, Polly Price 186-525, Kristie Johnson 185, Dot Lee 196-500, R.B. Putman 199-884, Buck Burton 186-533, J.W. Dunlap 8, 198-515, Nadine Putman 185-517 and Joyce Wagner 180.

T.G.L.F. MATCH POINT "Star of the Week" is Jim Trail with plus 93 pins. Team High series No. 15 was Breewood Park Homes' 2488 for 234 Team High Game — No. 4 Thompson Toner's 864 for 816. High Series — tie between Jim Trail and Jim Johnson, 663, for 83. High game was by Bob Stralbridge-554 for 87.

Other high for the evening: Jackson 603 (all these scores are scratch), Kit Johnson 592, John Doyle 575, Dorie MacKester 559, Bob Stralbridge 551, and Jim Trail 552.

WASHDAY DROP OUTS MIXED Gil Filgar rolled a 219-664 for the high all around. Joe Weick was second with his 208-531. Don Burbenne 189, Larry Valente 187, Walter Denny 183-501, and Jim Johnson 213-569. Frank Greco both rolled 181. High for the ladies was Gladys Gramman 170 and Dorothy Burton 168.

Converted spilt: G. Gramman 4-7-9, 5-8-10 and 5-9, Bob Wilson 6-10 and Lloyd Harris 5.

ROLL-A-BOULTS MIXED "Star of the Week" for the week is Kit Johnson with plus 100 pins. He rolled the high of 191-196-236 for a 613 series, for his team Captain Jim. Roland's Haverling's Shannon Corsi 204-331. Plus Tire Supply: Polly Price 181-529, Jim Starr 188-511, Jimmy Marz 205-543.

Coppy's Cashier: John Corwell 204-499, Bob Kirkland 176-610, Jaws: Tom Holland 226-529, P.T.D. team: Kathy Norton 183 and Joy Walters 183. Norton spared the 3-8-10 split. Charlie Gross Trucking: Susan Hardee was 97 pins over her average. She is carrying a 30 average and bowled a 129-125-137. Fleetline Hosee team: Norma Sharp spared the 3-4-7-10.

By the Associated Press. The dangerous men's downhill, in which racers hit speeds estimated at more than 80 miles per hour, will highlight tonight's television coverage of the Winter Olympic Games. ABC-TV will show highlights of today's action from 9:30 p.m. to 11 p.m. EST.

The featured attraction is the downhill, the longest and fastest of the Alpine skiing events. The racers will go down the course once each, passing through 25 gates along the trail that is just over two miles long. The fastest skier will win a medal.

ECG Patterns Can Change

By Lawrence E. Lamb, M.D. DEAR DR. LAMB — My husband is 33 years old and very active. He works as an athletic director and plays basketball three times a week.

Recently he had an electrocardiogram (ECG) and a large number of men who have had heart attacks and have been rehabilitated have even competed in the Boston Marathon.

My husband had the bad teeth removed and another ECG was done. It was the same. My husband had asthma and a rheumatic fever when he was a child. Last year an ECG was performed and the doctor said that was O.K. At this point we are at a standstill. Surely a man couldn't be as active as my husband if he'd had an attack.

My husband had the bad teeth removed and another ECG was done. It was the same. My husband had asthma and a rheumatic fever when he was a child. Last year an ECG was performed and the doctor said that was O.K. At this point we are at a standstill. Surely a man couldn't be as active as my husband if he'd had an attack.

HOROSCOPE

By BERNICE BEDEOSCI. For Friday, February 6, 1976. ARIES (March 21-April 19) Yesterday you were forceful and bold, today you'll start out shy and retiring. Later you'll be back to your take-charge self.

TAURUS (April 20-May 20) Don't anticipate negative events. Chances are, most of the things you're worried about will never take place. GEMINI (May 21-June 20) This is a good day to remember the names of friends before you make a decision.

CANCER (June 21-July 21) Make the most of what you have at your disposal today. It may even surprise you how far you can make it stretch. LEO (July 22-Aug. 22) Usually you have the courage of your convictions. Today, however, it may require the counsel of friends before you make a decision.

VIRGO (Aug. 23-Sept. 22) Avoid attempting to borrow from friends or even requesting favors. Chances are they won't be in the most compliant mood. LIBRA (Sept. 23-Oct. 23) Your tendency today is to anticipate the worst. This leads to indecisiveness. Remember: Every coin has two sides.
