Governors Confer With President On Peace And Security

First Parley Held Behind Closed Doors

WASHINGTON (AP)—Governors of the states and territories conferred with President Eisenhower and other federal officials today in what the President termed consultations "on the overriding question of the peace and security of our country."

The first session, bringing together the executives of 45 states and five territories, were behind closed doors at the State Department but the White House made public a partial transcript of Eisenhower's opening remarks. It said: "As chief executives of the states and of the nation, you are to have a tremendous responsibility for the security and welfare of our people. It is fitting, it seems to me, that we should consult on the overriding question of the peace and security of our country."

"The conduct of foreign affairs and the business of war and peace are under our Constitution the responsibility of the federal government. But in times like ours the danger to our country involves the civilian population in the cities and towns and on the farms of our states. The responsibility of all local governments is immense."

"Quite beyond the matter of responsibility is the matter of common sense and judgment. All political wisdom does not reside in the White House, nor in the executive branch nor in Washington itself. It comes from the minds and hearts of sincere and devoted men, wherever they live, who are concerned with the federal, state and local government or in private life."

"The purpose of these sessions is to share with you some of the information we have and some of the plans we are making in the area of national security."

"It is our firm belief that in that way we can take a long step toward the goal of a united people determined to defend its way of life, to prove worthy of the leadership of the free world."

The White House said 45 state governors are on hand, together with governors of Hawaii, Alaska, Puerto Rico, Guam and the Virgin Islands, Gov. Dan McCarry of Florida and Gov. William B. Upmound of North Carolina were unable to attend because of illness, and Gov. Gordon Persons of Alabama sent a representative (Continued on page 5)

Karl Lehmann, secretary of the Lake County Chamber of Commerce, was the principal speaker at the Rotary Club luncheon today presenting a talk on "Americanism."

Lehmann Speaks On Americanism At Rotary Meet

With all of its imperfections America is the weakest and poorest of all nations any other country in all the history of the world at its best," Karl Lehmann, secretary of the Lake County Chamber of Commerce, told the Rotary Club today in a talk on "Americanism."

Declaring that he is not nearly so much worried about the possible indoctrination with Communism of American citizens held as prisoners of war in Korea as he is about some in America who enjoy all the opportunities this country has to offer but who are not as enthusiastic about it as they should be, Lehmann urged that those who do not like America and the democratic way of life should go back to Russia or to some other country where they can find all the Communism they want.

Patriotism is not just being able to sing the "Star Spangled Banner," or to doff your hat as the flag goes by, Mr. Lehmann said. It is something far deeper and more significant than that and is evidenced largely by the things which a person does as a citizen. Two of these important tasks of the citizen were identified by Mr. Lehmann as the exercise of the right to vote, and jury duty.

Commenting on the excuses people often give to escape jury duty, Mr. Lehmann asked how would you like to be tried by the type of jury we often get because other men refuse to serve on juries. There is only one way to improve the quality of American juries, he said, and that is by everyone accepting jury duty when called.

Pointing out the importance of voting, Mr. Lehmann said that Thomas Jefferson was elected president by one vote in the Electoral College. So was John Quincy Adams. Rutherford B. Hayes was also elected by one vote cast by a congressman from Illinois who in turn was elected by one vote and that cast by a sick man who insisted on being carried to the polls (Continued on page 5)

High Tribunal Rules Against Election Plan

Court Holds Negroes Illegally Barred

WASHINGTON (AP)—The Supreme Court today struck down an election plan which it said illegally denied Negroes an effective voice in picking Democratic candidates in Ft. Bend County, Texas.

The court's action was taken on an appeal by a group of Negroes protesting against primaries conducted by the Jaybird Democratic Association.

The association has conducted unofficial primaries for the nomination of county and precinct officers since 1880. Association membership is restricted to white persons.

The association plan was to hold a primary election and run off primary a few weeks before the time set by state law for official primaries. The uniqueness of the "Jaybird primaries" were then put on the ballots in the Democratic official primaries without opposition. The Negroes said the same general dates were then put on the election ballot, without opposition.

Attorneys for the association said its balloting was "merely a straw vote" which entailed no legal consequences.

But the high tribunal disagreed. In other actions today, the Supreme Court:

- Upheld 53 Tennessee's right to tax the Esso Standard Oil Company more than a million dollars on its business of storing government-owned gasoline during World War II. The government will have to pay the tax under terms of the storage contract.
- Doomed gambler Mickey Cohen at Los Angeles a review of his conviction on federal tax evasion charges.
- Agreed to review a decision that television technicians who distributed leaflets criticizing the quality of their employer's TV programs were protected by the Taft-Hartley labor law. The suit was by the District of Columbia applied specifically to nine employees of station WBTB in Charlotte, N. C. The station fired them for passing out the leaflets during a dispute over a collective bargaining contract.
- Agreed to review an Interstate Commerce Commission plan for a merger of the Florida East Coast Railway with the Atlantic Coast Line.

PRESIDENT Dwight D. Eisenhower is escorted by Mrs. Rae Ashton, national president of the American Legion Women's Auxiliary, with the first Buddy Poppy of 1953. The White House ceremony opens the annual drive for funds to help disabled veterans. (Continued on page 5)

INDIA MAY ACCEPT

Nehru Says His Nation May Receive Prisoners Refusing To Return Home

Jax Man Added To FBI List Of '10 Most Wanted'

WASHINGTON (AP)—Sen. George C. Wall and Sparkman (D-Mo.) said today the U. S. must stand pat against Communist demands that prisoners who don't want to go home be transported to detention camps outside Korea. But Sen. Mundt (R-Md.) said the American view on keeping these prisoners in Korea might not be allowed to stand in the way of a Korean truce if they could be sent to an "honestly neutral" country. The communists have named four nations—India, Pakistan, Burma and Indonesia—as possible candidates but Mundt said he thinks any country in Asia "too close to the theater of war to be desirable."

The United Nations Command nominated Pakistan as the neutral nation and, in effect, told the Reds to take it or leave it.

WASHINGTON (AP)—Prime Minister Jawaharlal Nehru said today that India would "consider" a request that she take custody of Korean prisoners refusing to go home "when it comes before us."

India is one of four Asian nations the Red negotiators at Panmunjom said they would like to see as a neutral participant for POWs not wanting repatriation. The others are Pakistan, Burma and Indonesia.

The U. S. Atlas nominated Pakistan as their choice yesterday but there has been no reaction from Karachi as yet.

In Jakarta today a high official source said the Indonesian would accept any such request if it were offered because the country's own untried internal condition still required the government's chief attention.

PANMUNJOM (AP)—The Atlas nominated Pakistan today as a neutral caretaker on war prisoners who won't go home, and warned the apparently surprised Reds. Time is "fast running out" in the Korean truce talks.

Although Pakistan was one of the nations named by the U. S. (Continued on page 5)

Action On Bill To Cut Dog Track Income Is Held Up For 24 Hours

PLAYING IT BOTH WAYS

Witness Says 19 Ship Owners Are Getting Money From U. S. And Reds

Boat Capsizes In Lake Drowning Nine Celebrants

HELENA, Mont. (AP)—A lightning bolt, thought only to be a celebration outting, last night flipped time of its 10 occupants into watery graves. Eight of the bachelors were recovered today.

Recovery workers said it was the worst water disaster for Montana in three memory.

The screams of a mother whose Helena family was with out brought two boys and a girl on the remote scene thinking the screams those of a cougar. The two boys were rescued and the girl was rescued by the mother. Mrs. Akins, 38, had clung to the side of the overturned boat more than two hours.

The screams of a mother whose Helena family was with out brought two boys and a girl on the remote scene thinking the screams those of a cougar. The two boys were rescued and the girl was rescued by the mother. Mrs. Akins, 38, had clung to the side of the overturned boat more than two hours.

Her father-in-law, John Akins, 70, of Townsend had also held on in the frigid muddy waters until shortly before the rescue. He finally passed.

"I can't hang on any longer," he said, she saw the body of his wife go earlier.

Otherwise, she said, when the boat capsized, she never again saw her husband, Edward, 35, a smelter worker; her five children, and a nephew, Edward Burns, a 10-year-old mechanic.

Her children were Pete, Dolores, Doris and Darlene, 14, 11, 10 and 8, respectively, and a son by a previous marriage, Burdette, 19, of Great Falls, Mont.

They were celebrating May's return by the picknicking and boat riding on the lake.

The boat, powered by a small motor, the neighbor brought along, capsized in Hauser Lake, formed by the Missouri River.

WASHINGTON (AP)—An investigation for a Senate committee today had today that 19 owners of 82 ships flying the flag of Western allies of the U. S. are taking money from Communist China with one hand and from the United States with the other.

And a government spokesman today took expert testimony that there is no official policy to limit business with such firms although the National Security Council may come up with one soon.

Robert J. Kennedy, assistant counsel of the Senate investigating committee, said today that the "final trade agreement chart" drawn up by the U. S. and China in conceivably the most reasonable thing I've ever heard of."

Kennedy said he had spoken to a witness that 19 Western ships were trading with Communist China last year more than half of them British and that no ship was in trade between ports of the United States and Europe.

Yet 19 firms, including 45 provable voyages, had been in contact with Communist China last year and that he believed the total was about 100 voyages.

He said he had spoken to a witness that 19 Western ships were trading with Communist China last year more than half of them British and that no ship was in trade between ports of the United States and Europe.

Sponsors Of Measure Reveal Confidence

TALLAHASSEE (AP)—Sponsors of the administration bill to take some of the profits away from Florida dog race tracks today got the House to hold up its consideration for 24 hours.

Rep. Okell, Dale County, opposing delay, said "I think they don't feel their dog track bill has any chance of passing this morning and they want a little time to do some more canvassing."

However, Speaker Bryant, one of the sponsors of the measure, said the final vote will prove he's right. "Other sponsors of the bill said the delay was requested by members of a small county line who held a caucus Sunday night on the measure."

There was speculation that supporters would work against the bill had it cast in doubt their ability to get the necessary two-thirds vote to waive the rules and shove it through second and third reading for final action in a single session.

Kennedy said he had spoken to a witness that 19 Western ships were trading with Communist China last year more than half of them British and that no ship was in trade between ports of the United States and Europe.

Meeting Called For Armed Forces Day

A special meeting in connection with Armed Forces Day has been called for tomorrow afternoon at 4:30 o'clock in the Commissioners Room at City Hall by John Pierson, chairman of the committee.

Mr. Pierson requested that one or more representatives from the following groups be present at this important session: churches, educational, patriotic, military, veterans, civic, and business and professional organizations.

Final plans will be made for the special observance, and every organization is requested to submit to the chairman its plans for Armed Forces Day.

Last Minute Appeal Made For Donations

Mrs. Harold Appleby, Seminole County chairman for the central Florida chapter of the crippled Children's Association, was hopeful today of finding "a few good Samaritans" who would boost the Easter Seal collection mark to \$1,000 after the campaign which officially ended Thursday stopped \$144.40 shy of that amount.

Although the drive was officially over, members of the Pep Squad of Seminole High School sponsored tables in the downtown area Saturday.

Originally, Mrs. Appleby hoped to reach the \$1,000 mark in contributions since 4,000 envelopes containing seals were sent out to County residents. However, she is still hopeful of receiving enough last minute donations to reach at least one-fourth of the goal.

Hancock Elected DAV Commander

E. G. Hancock of Orlando yesterday was elected Sixth District commander of the Disabled American Veterans at a district quarterly meeting in Melbourne.

Attending the session from Sanford were Louis Rotundo, second junior vice commander of the state; Gaylord Muffley, present commander of local post 30, and Charles Volodip, past district commander.

It was the final district meeting before the State convention at Pensacola, and the representatives endorsed James McLoughlin of Daytona Beach, the retiring district commander, for the position of State commander. If elected, he would be the first commander ever named from this district.

Mr. Rotundo declared Orlando is putting in a bid for next year's State convention.

TH GROUP TO MEET

The last Seminole County Tuberculosis Association meeting until next September will be held tomorrow night at 8:00 o'clock in the Commissioners Room at City Hall.

Mrs. Clara Jobe, executive secretary, said that committee would be appointed for next year's work and that other business would be transacted at the session.

Goodrich Named JC President

WARREN GOODRICH OF Bradenton as president. He became the Jaycees leader when his opponent, Lloyd Phillips of Clearwater, conceded during a roll call of 750 delegates.

The Sanford Junior Chamber of Commerce was first place winner in two categories in Group Two for cities between 2,000 and 50,000 population. The local organization placed the field in public affairs, and tourist and trade promotion. West Palm Beach and Pensacola took the prize in that classification with six first place titles each.

Volis Williams Jr. was elected fourth district vice president. The district comprises 13 clubs in the Central Florida area.

Judge Douglas Stenstrom, Sanford Junior Chamber of Commerce president, said today that the tourist and trade promotion program along with the Christmas activities program will be entered in national competition for cities under 25,000 population.

Judge Stenstrom was very elated that the Sanford group was able to come through with winners in the stiff competition as there were 50 other clubs in the 2,000 to 50,000 population.

The Sanford group also came through in second place in youth activities.

Those who attended from this city included the following: Mrs. Charles Atkinson, Forrest Breckenridge, Don Hilder, Tom Lennon, (Continued on page 5)

Boots Moore Places Third In Contest

Miss Frances (Boots) Moore, who earlier in the day had seen her underwater ballet specialty eliminated when the tank in which she was to have been given suddenly exploded, showed she was a real trooper Friday night at Daytona Beach by going in third in the Miss Florida competition.

The beauty queen competition was a feature of the state convention of the Florida Junior Chamber of Commerce which ended yesterday with the election of Warren Goodrich of Bradenton as president. He became the Jaycees leader when his opponent, Lloyd Phillips of Clearwater, conceded during a roll call of 750 delegates.

Working under a serious handicap of having had her aquatic net eliminated earlier in the day, Frances "Boots" Moore still managed to come in third in the Miss Florida Pageant at the Jaycees State Convention in Daytona Beach on Friday night. Miss Moore is shown above posing at the Shalimar Hotel just prior to the collapse of the large tank in which she was to have performed her underwater ballet.

School Students Are Ready To Take Over County

Students from three Seminole County high schools are all set to take over the administration of the County whenever William M. O'Connell, Jr., and Ovidio P. Rocco, Gov. Dan McCarry of Florida and Gov. William B. Upmound of North Carolina were unable to attend because of illness, and Gov. Gordon Persons of Alabama sent a representative (Continued on page 5)

COMMISSION TO MEET

Both the City and County Commission have meetings scheduled within the next 24 hours.

Tonight City Commissioners will sit in special informal session with Jacksonville auditors who handled the City's affairs. Tomorrow morning at 9:30 o'clock, County Commissioners will convene for a regular meeting.

Special Meet Set By Merchant Group

Every business man in Sanford is urged to attend, or to send a representative, to a special meeting of the Sanford Merchants Association to be held tomorrow afternoon in the City Commission room of the City Hall at 3:30 o'clock.

The meeting will be held, according to A. W. Moore, president of the Association, for the purpose of planning a plan to help the city in the event of a disaster. The plan would be to have a meeting of all the business men in Sanford and neighboring counties at once.

Bisbee Is Named Pool Life Guard

Hamilton J. Bisbee Jr. will serve as lifeguard at the Municipal swimming pool until June 11, when a replacement will be named. Ed Johnson, City sanitary officer, announced Saturday.

The pool opened for the season yesterday at 2:00 p. m. after a complete repainting job.

Real Estate Ed Lane had "the coolest house in town" on for sale Saturday at the corner of First Street and Magnolia Avenue, but the hot afternoon sun finally spelled his gag. The Hunter Ice and Pool Company at Thirteenth Street and Holly Avenue, at Mr. Lane's request, froze a cake of ice around a display of flowers and the picture of a house. The picture shows Harry Hood, the exhibit while the sidewalk underneath shimmered in the heat. But by mid-afternoon only a sodden mass of flowers and paper remained.

All Florida Folk Festival Will Be Held On May 8-10

WHITE SPRINGS, (Special)—Plans were well under way for the Stephen Foster Memorial All-Florida Folk Festival this week as Mrs. J. L. McMullen, president, announced details of the program planned for May 8-10.

Director of the event is Miss Sarah Gertrude Knott of St. Louis, who recently staged the National Festival in her home city. She has produced the national events over a period of several years.

Jointly sponsored by the Stephen Foster Memorial Commission and the Florida Federation of Music Clubs, the festival is planned as a three-day program packed with a wide variety of folk songs, dances, story-telling and other authentic "folk" practices.

Miss Knott said that special emphasis is to be placed on songs, music, dances and expressions by the descendants of early settlers and the indigenous folk creations which have sprung up in Florida. She said she expected that the folk legacies of the Indians, French, Spanish, German, English, Scottish, Irish, Welsh and Negro groups would be placed on the program. She urged that any group wishing to make a contribution, contact her or Mrs. McMullen here.

Gov. Dan McCarly has designated the week May 4-11, including the festival dates as "All-Florida Folk Festival Week" and urged public participation in the program.

The sale of memberships in the festival and association is being promoted to help finance the program.

Hal Boyle's Column

NEW YORK (AP)—Most men spend their lives trying to learn to do one thing well.

Sherman Frank "Big Red" Crise, who broke his back in Burma for Uncle Sam, doesn't fit in any simple pigeonhole. It is hard to figure something this gusty, six foot, 230-pounder hasn't tried — and done well.

"I guess racing has been my real business," he said. "The things I love are speed, money and machinery."

"I like playing with an engine more than anything else in the world, but you can't make real money getting your fingers dirty, so I turned to promoting."

"Big Red" is one of the first two men to pioneer midwest car racing in America and at 37 is one of the key figures in the nation's auto racing industry.

"Of course, it's fast and dangerous," he said, grinning. "But I have promoted more than 500 races since the war—and there hasn't been a driver killed in one yet."

"Big Red" has always enjoyed living life at full throttle. He trained as a Navy flier at Pensacola, studied banking, engineering and economics. He went into Wall Street, made a fast buck, and got out before the 1929 boom fell apart.

Then he became a speedboat, hydroplane and airplane racer and set a few records.

"In 1933 I started promoting midwest car racing in the Bronx," he recalled ruefully. "and in two years I dropped \$150,000."

But "Big Red" always seemed to know where the greenbacks grow. By 1942, when he volunteered for war service, he was bossing 14 racing tracks.

"They shut down the tracks in turned me down as a flier, so I walked across the street and signed up with the Army Air Corps."

As a photographic pilot, Crise flew in every war theater from Klaka in Burma, helped map Brazilian jungles, and air-scouted beaches for the African and Sicilian invasions. While flying "The Hump" in 1945 he ran out of gas, parachuted and broke three vertebrae. It took 12 days for the rescue party to get him back to his base.

"I walked the first nine days," he said, "but I couldn't stay on my feet the last three."

During a 17-week recovery period in a hospital near Miami, while awaiting discharge, he had a yacht basin built.

Today "Big Red" owns the yacht

Instructor Course In Square Dancing Will Be Held Soon

Plans are under way for a square dance instructors' course covering 48 hours in two weeks to be held in one of the Orlando school buildings immediately following the close of the spring term, Jimmy Clossin, square dance caller announced today.

The course will be open to all school teachers, recreation, church, YWCA, YMCA, boy and girl scout leaders, and others interested in the promotion of square and folk dancing in their communities.

It will consist of 48 actual hours of instruction, designed particularly for those who conduct children's activities from both educational and recreational standpoint. Class will start with the fundamentals of both square and folk dancing, and will carry through to as high a level as the group as a whole can go. It will cover various types of dancing: squares, quadrilles, circle dances, circle mixer dances, line and contra dances, progressive dances, and couple dancing suitable for grade and high school ages.

Instruction will also cover the calling of square dances, phrasing of calls and setting to music; how to interpret calls and dance patterns; how to arrange various dance movements into patterns and routines; and to set calls to them.

basin, a spark plug business, a 65-foot yacht, auto racing tracks at Allentown, Pa., and Washington, D. C.,—and other oddities. He has logged more than 15,000 miles in the air, but no longer will take a plane up, and prefers to drive his \$10,000 Jaguar sports car.

"I can fly any airplane in the world except the jets," he said. "But I stopped flying more than a year ago. Just scared stiff. Quit cold. Lost too many friends over the 28 years I flew."

"Now I'm just an old man who likes to live quietly in the country and take it easy on a 145-mile-an-hour sports car. And I'm getting so cautious I've only had it up to 120."

"Big Red" has two promotional dreams left. Next June he plans to pit 25 American stock cars against 25 foreign cars in a 200-mile race in a closed mile dirt track at the Langhorne Speedway near Philadelphia.

"I think the foreign sports car

Fund Campaign For Mental Health Is Begun In Sanford

ORLANDO (Special)—The fund campaign for Central Florida Mental Health Association got under way in Sanford early this week when cardboard canisters made their appearance in stores and public buildings.

This is Mental Health Week not only in Florida but throughout the nation and everywhere donations are being received for improvement of the care and treatment of the mentally ill.

The Sanford drive, like that throughout the nation, was launched Sunday when the mental health bell was rung in Baltimore. This specially-cast bell, symbol of a new era of hope for the mentally ill, was cast from old hand-cuffs, ankle-chains and other irons, formerly used to restrain mental patients.

The donation canisters on Sanford counters and desks bear an imprint of the mental health bell and the slogan, "Ring the Bell for Mental Health."

M. McDowell Brackett, Orlando architect who is chairman of the first mental health drive started in Central Florida, said that in communities scattered throughout the area. The quota for the Central Florida chapter is \$10,000.

Mrs. Merritt Britt of Winter Park, president of the sponsoring mental health group, said that funds will be utilized to promote the cause of mental health through a three-point program aimed at education, a preventative expansion of child guidance clinics and mental health facilities.

"It will be our job to help eliminate the stigma attached to mental illness, as well as to work for provision of better facilities for those needing curative treatment," Mrs. Britt said.

boys are turning into stuffed shirts," he said. "I'd like to see what they can do against Detroit stock models in a real race."

The other dream of "Big Red" is to build a non-profit "museum of speed" at Daytona Beach, where record-breaking vehicles of all kinds can be permanently exhibited. For this purpose he bought the late Sir Malcolm Campbell's famous five-ton "Bluebird" racer.

"I also want to put in the museum an engine that will run forever," he said. "It never has been

CROWN NAVALCADE
PREDECESSORS ELIZABETH II
No. 8, 14th St. Ruled England 1199-1216.

Born: 1167, youngest of six sons of Henry II and Eleanor of Aquitaine. Not John, but his nephew, Arthur of Brittany, should have followed Richard I to the throne. John prevented this by having Arthur imprisoned during an uprising. Arthur vanished and it is assumed that John had him murdered. John was always in some kind of trouble—war with France, a quarrel with the Pope, endless disputes with the English barons, difficulties with the Scotch and Irish. Results were the loss of Normandy by the Plantagenets after a century of joint rule with England, and the forced submission by John to the barons under the terms of the Magna Carta. The latter is frequently stated to have been the keystone of English civil liberties, but this interpretation is debatable. John's reign came to an end in a civil war during which Prince Louis of France invaded England. Englishmen loyally rose and defeated Louis at Lincoln. Loss of the royal treasure (including the crown itself), which fell into the sea when being moved for safety's sake, so overcame John that he died within a few days. In the war with France, England's navy won its first notable victory.

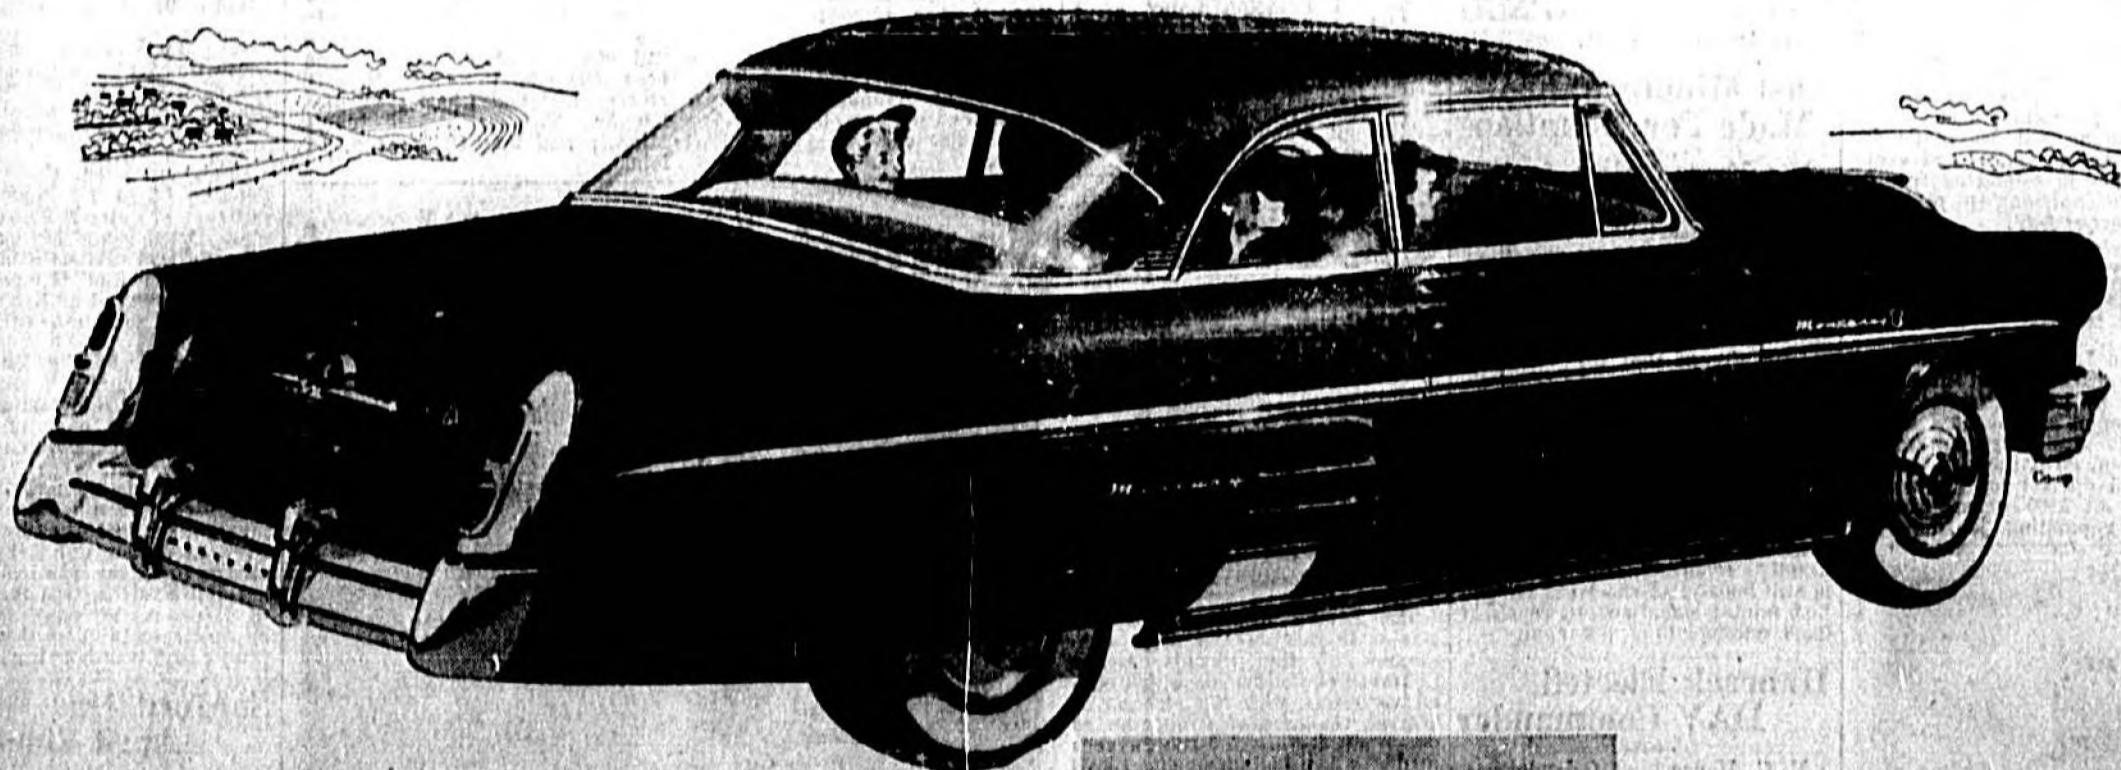

Great seal of John, Facsimile (—) of opening lines of the Magna Carta, or Great Charter, which John was forced to sign in 1215. The document granted certain rights to each of the three classes—clergy, baronage, people. It underwent many modifications in following reigns.

TOMORROW, Henry III

Editor, The Sunbeam Democrat
LIVE OAK (Special) — Florida's folk festival will be held in White Springs from May 8, 9 and 10. The festival will be held in White Springs from May 8, 9 and 10. The festival will be held in White Springs from May 8, 9 and 10.

Among the presentations are the presentation of Old St. Augustine and the Easter customs of the Minorans from whom many present day citizens of the nation's oldest city have descended. "Cracker" folklore will share the limelight with square dances, singing games, British and indigenous ballad and folk songs which have been carried on in Florida since early days. Fiddle, banjo, harmonica and guitar tunes will be on programs originating from Tampa, Jasper, St. Petersburg, New Port Richey, Gainesville, Perry, Tallahassee, Grand Ridge, Live Oak, White Springs and many other sections of the state.

W. A. "Bill" Kratzert Joins Universal Co.

W. A. "Bill" Kratzert, veteran Florida assistant state highway engineer, has joined Universal Concrete Pipe Co. as State Engineer. He will serve the network of Universal plants and offices in Florida, which include Miami (Dade), St. Petersburg, Tampa, Tallahassee and the affiliated Florida Concrete Pipe Co. at Ocala.

Meet de mob! Broderick Crawford and Claire Trevor are greeted by Charlie Connor, Joe Vitale and Sheldon Leonard in Warner Bros' new Warner color comedy, "Stop, You're Killing Me," which opens at the Uitz Theatre on Tuesday and is from a play by Damon Runyon and Howard Lindsay.

Wonder Gadget of Electronics Powers Hearing Aid

Many changes have taken place during the last ten years in hearing aids but by far the most important is the new transistor hearing aid. This new hearing aid is a small, portable, battery-operated device which completely eliminates the need for a transformer and the bulky, cumbersome apparatus of the old hearing aid. It is a simple, lightweight, and portable device which can be worn in the ear or on the head. It is a hearing aid that is truly a wonder gadget of electronics.

Carchoislovakian singers and dancers will come from Mississippi, Louisiana, and other sections of the Greek and Jewish dances, as well as religious music. An old fashion quilting bee will bring together the different parts of a program which has been assembled by Mrs. Lucille Hamiter, Perry, President of the State Senior Home Demonstration Council. A former slave, who will play the accordion, is expected on one program.

Isn't it wonderful to be this happy? Wouldn't you like to have a part in the joy expressed by these two youngsters?

Your contributions of money and other useful and useful things will play an important part in providing security, good health and happiness for the homeless dependent children of Florida entrusted to your Children's Home Society.

PREACHER EXCHANGE OVIDO (Special)

During the month of April the preachers of the Methodist Churches of Florida will hold services in the Georgia Churches. In reciprocation the pastors of the Georgia Methodist Churches are holding services in the Florida Methodist Churches this month.

METHODIST CIRCLES OVIDO (Special)

The Chapel Guild Circle of the Methodist Church circle will meet Tuesday afternoon at 3:30 p. m. with Mrs. M. Mary Martha Circle at 3:30 p. m. L. Gary.

The Sunday festival program will be made up of religious traditional music and customs.

The programs for Friday and Saturday will open at 1:30 p. m. and the Sunday matinee will begin at 2 o'clock. The evening gatherings will start at 8 o'clock. There is only one performance on Sunday.

TODAY'S BIBLE VERSE

Even tho we could fool all the
 people, we cannot deceive our
 own conscience, nor escape our
 own memory. Memory is eternal.
 He that speaketh lies shall
 not escape.—Pr. 12:5

An 84-page bill revising the
 State's banking laws passed in the
 lower house of the Legislature the
 other day by 79 to 5. We wonder
 how many of the legislators read
 it.

John Temple Graves is not
 worried that Winston Churchill's
 head will swell because he has
 been dubbed Sir Knight. "To call
 Churchill 'Sir' is to put a
 pink ribbon around Gibraltar."

According to Herbert Bayer of
 the Times-Union, Volie Williams,
 Jr. is being mentioned in Tallahassee
 as a 1956 candidate for secretary
 of state. Seminole County's
 representative is making a name
 for himself up there in the red clay
 hills.

President Eisenhower evidently
 thinks a couple of good fighter jets
 and a bombing squadron in the air
 are better security for national
 defense than \$1 billion dollars lying
 idle in the federal treasury. So he
 ruthlessly knocks \$1 billion off
 former President Truman's defense
 spending program and says the
 country will be safer without it
 than it would be with it. In spite
 of his long practice in spending
 other people's money the Truman
 administration had appropriated \$1
 billion for national defense which
 it had been unable to spend.

The new president of the United
 States Chamber of Commerce is
 not the idle rich, did not get
 his present job on a silver platter.
 He came up the hard way. Thirty
 years ago he was a trapper boy in
 a West Virginia coal mine. He
 could have stayed home and lived
 off his mother who was wealthy
 enough, but he was convinced that
 the only way to get to the top was
 to start at the bottom. So he did.
 And today he is president of the
 Sprague Steamship Co. as well as
 the U. S. C. of C.

Another grade crossing accident
 occurs in Winter Park at the
 Sterling Avenue crossing and an
 elderly couple is killed. This is the
 second fatal accident at this same
 crossing within three months. One
 wonders how many people will
 have to be killed there before
 something is done about it. One
 wonders how many more people
 will have to be killed before all
 grade crossings are prohibited
 over the country. It is the height
 of folly to continue allowing motorists
 to compete with railroad trains
 for the same crossing.

That Charles Tom Henderson,
 son of Mrs. E. M. Carroll of this
 city, may run for attorney general
 in 1956 was indicated the other
 day by Herbert Bayer in the Times-
 Union who said: "A line of bill-
 drafting chief Charles Tom Henderson,
 once a Volusia legislator, are
 talking him up for attorney general
 should Richard W. Ervin decide to
 run next time for governor. Henderson's
 force occupies a strategic political
 spot, being in constant contact
 with the many legislators for
 whom they write proposed bills
 more than a thousand already
 this season."

A stricter policy toward the pay-
 ment of jobless benefits has
 resulted in a saving of \$395,607 to
 employers during 1952, Chairman
 James T. Vocelle reveals. This
 was when an employee could get
 paid and quit his job, and no matter
 how much he was urged to stay
 on and work for his living, he
 could collect unemployment
 compensation for three months be-
 cause he was out of a job "through
 no fault of his own." And how
 the phrase was used: "But last
 of the 707 persons eligible for com-
 pensation, not entitled to it, and
 were turned down and 80 of them
 were considered for appeal."

Mexico, Foe And Friend

One old enemy of the United States has forgiven our
 past offenses. This is Mexico, whose past and present at-
 titudes toward this country have been recorded by Howard
 F. Cline in his "The United States and Mexico."
 Mexico's former hostility to us derives from the Mexi-
 can War, which no less an authority than Abraham Lincoln
 thought we provoked. Having started it, we used our
 superior strength to deprive the loser of California and, by
 a later purchase to which Mexico agreed under pressure, of
 New Mexico and Arizona.
 The conspiracy to acquire more territory in which
 slavery could be established, made the United States greatly
 feared by the Mexicans. Later came exploitation of Mexican
 natural resources, notably oil, by American interests. Had a
 president less opposed to aggression than Woodrow Wilson
 been in the White House 40 years ago, we might easily have
 drifted into war and forcible annexation of all or part of our
 Southern neighbor's territory.
 Wilson's refusal to use our superior strength and the
 Good Neighbor policy of the last 20 years have borne fruit.
 Mexico is no longer fearful of our designs upon her inde-
 pendence. Prosperity has increased, and the country is less
 dependent upon American capital. In World War II Mexico's
 friendliness was definitely helpful to our war effort.
 May the friendship continue to increase!

Migrant Beaver

Canada has sent several beavers from her quiet streams
 to make new homes for themselves along the foreign shores
 of the Rhine in Germany. The beavers were sent as a ges-
 ture of goodwill, and they will be placed in secluded spots
 along the river where they will be allowed to breed and multi-
 ply.
 Americans hope that they will not emulate other wild
 creatures which were moved to new homes from their native
 habitats. The English sparrows, for instance, were consid-
 ered likable little birds when they first came to America.
 But, away from the menace of their natural enemies, they
 multiplied too rapidly and they are now considered a nuisance.
 It would be too bad if this happened to the beaver. He is
 an industrious little fellow and amusing to watch with his
 paddle tail and constant activity. May he prosper in his new
 home, build dams which will do harm to no one and never
 wear out his welcome.

Alaskan Newsprint

The Forest Service of the Department of Agriculture
 tells Congress that Alaska is already to be turned into a
 major newsprint producing area. If so, it should not be done
 at government expense. The southern pine forests of Texas,
 Louisiana, Alabama, and other states are the most acces-
 sible sources of additional newsprint under the American
 flag. The first plant, that of the Southland Paper Mills at
 Lufkin, proved the point several years ago. A second large
 plant is now making newsprint in Alabama. Both enter-
 prises are privately owned and operated. Neither is sub-
 sidized by the federal or any other government.

The southern newsprint industry, now in its infancy,
 must expect to meet world competition, of course. It does so
 now in the case of Canadian Paper mills, which supply most
 of the newsprint used in this country. But private produc-
 ers, both here and in Canada, should not be asked to face
 government-subsidized competition from Alaska. This
 merits study because the Forest Service suggests using the
 Tongass national forest in Southeastern Alaska as the
 source of wood pulp and calls for an initial appropriation by
 Congress of \$10,000,000 to build pulp-hauling roads in that
 forest.—The Dallas News.

Congressman Herlong Reports
 By SID HERLONG

This has been one of those
 weeks which has had everything
 in it, from gaiety to deep grief,
 with the House sessions, the plod-
 ding committee work, and the
 routine of the office work provid-
 ing an undercurrent of normalcy.
 The pleasantest activity of the
 week was the annual Florida Din-
 ner in connection with the meet-
 ing of the United States Chamber
 of Commerce. This was a wonder-
 ful gathering, with a big crowd,
 and with the entire Florida Con-
 gressional delegation in attend-
 ance. Among those from our Dis-
 trict with whom I had the pleasure
 of chatting were Earl Brown of
 DeLand, who emceed the proceed-
 ings; Harold Cole, the executive
 officer of the Florida Chamber of
 Commerce; G. G. Ware of Lees-
 burg, a past president; Harold
 Goforth and Byron Craig of Ocala;
 and Mr. and Mrs. M. L. Miles of
 Daytona Beach. An interesting
 feature of the program was the
 introduction, and induction into
 honorary Florida citizenship, of
 Mrs. Ivy Baker Priest, the Treas-
 urer of the United States, whose
 anticipated occupation of a home
 in St. Augustine makes her a dis-
 tinguished future resident of the
 Fifth District.

Overshadowing all the joys of
 the week has been the sorrow oc-
 casioned by the sudden death of
 a very dear friend whom many of
 you know, Robert M. Hayes, Bob
 and his wife and daughter were
 next-door neighbors of ours when
 we lived in Chevy Chase, and our
 two families were almost like one

SHORTHORN FIELD DAY
 Ocala—The second annual
 shorthorn field day will be held
 here Wednesday. Sponsored by the
 Florida Shorthorn Breeders Assn.,
 the program is scheduled at the
 Bell Rock Farms, two miles west
 of Ocala.
 Annual meeting of the Florida
 association will wind up the event
 in mid-afternoon.

Patchwork In The Nation's Parks
 New York Herald Tribune

Washington Parkway, which has
 a defense priority.
 The budgetary difficulty is un-
 derstandable, although Congress-
 sional sentiment was never more
 favorable toward the national
 parks program than it is today.
 All branches of government
 must accept budget slashes. Yet
 it is necessary to face the fact
 that maintenance of the nation's
 great parks simply cannot be con-
 tinued indefinitely by a patch-
 work policy. More than mere in-
 convenience is entailed, a threat
 of irrevocable loss begins to loom.
 The national parks director
 speaks not only for us but for
 children's children in warning of
 the danger.

SHAW AT NEWPORT
 NEWPORT, R. I.—High rank-
 ing Navy personnel have arrived
 here for a "patch" strategy confer-
 ence at the Naval War College.
 They were aboard the 68,000-ton
 battleship Wisconsin which an-
 chored in Narragansett Bay yester-
 day.

From McKinley National Park
 in Alaska to Everglades National
 Park in Florida, from the Statue
 of Liberty in New York Harbor to
 the primeval rain forest of Olym-
 pic Peninsula on the Pacific, the
 custodians of the nation's parks
 and monuments stand bereft for
 the greatest tourist invasion in
 history this summer. More than
 4,000,000 Americans visited these
 attractions last year and the num-
 ber increases each succeeding
 year. And no wonder, considering
 the diversity of the attractions.

The Liberty Bell lures the West-
 erner to Philadelphia; the mem-
 orials of Yellowstone pull the East-
 erner westward. A prehistoric
 Indian pueblo village in New
 Mexico, a historic plantation in
 the South, an ancient restored
 fort on the tip of Manhattan Is-
 land, a stretch of unspoiled beach
 on Cape Hatteras, an active vol-
 cano in Hawaii, a Civil War bat-

THE WORLD TODAY
 By JAMES MARLOW

WASHINGTON—The little
 man was beginning to feel a little
 more at ease. For a while there
 after Stalin's death he had been
 excited.

That was the time of the grand
 guessing game, when everyone
 seemed sure the new mob in the
 Kremlin would use the commoner's
 throat in no time.

Everybody had a theory. Malen-
 kov was on shaky ground. Beria
 was low man on the totem pole.
 Pretty soon, the guessing went
 there'd be an awful struggle for
 power and maybe Russia would fly
 apart.

The little man really didn't ex-
 pect that but it was the kind of
 thing he wanted to hear. He ate
 it up. But it didn't happen. Re-
 flecting on the idea that maybe it won't
 happen and that Russia and the
 Communists may be here for a
 long time, that made him start thinking.
 He was paying higher taxes on
 account of the Russians. He felt
 it was about time he found out
 something about these people who
 were costing him so much money.

He got a book on Russia. Every
 night after supper he sat on the
 sofa, tilted the lampshade just
 right and for at least an hour
 read some of the history out loud
 so his wife could learn at the same
 time.

She was polite about it. She'd
 rather see a TV program. But this
 was an hour she felt she was
 spending in a good cause: giving
 her husband something to do.
 She knew it he wasn't reading
 out loud he might be watching the
 TV program every five minutes
 and then she wouldn't be able to
 watch one all the way through
 anyway.

One hour of reading about took
 some of the bounce out of him.
 And maybe for an hour after the
 reading she could watch one pro-
 gram all the way through, till he
 got his bounce back.

He had a hard time getting
 started because it was the Com-
 munist who interested him. But
 he knew he might understand just
 the Russian communists better if he
 knew something about the Rus-
 sians before the Communists after
 all, the Communists were Johnny
 come-lately in Russian history.

But going back to the very be-
 ginning was painful and embar-
 rassing. He couldn't pronounce
 some of the names of those early
 Russian tribes which kept shifting
 around.

After a while everything straight-
 ened out and instead of the Rus-
 sians moving every which way,
 they seemed to be moving in a
 straight line at last: they had a
 government.

They really didn't have anything
 to do with picking the government.
 Even in those early days, any more
 than later on when the Commu-
 nists came in and set up shop.

Pretty soon he was reading about
 Ivan the Great, born in the 15th
 century, and his endless war on
 Poland. He ran across a passage
 where Ivan said:

There could never be any real
 peace with Poland, only "truces
 in order to catch the breath."

He didn't think much of it while
 reading it. Later, lying awake in

**Does Your Heart
 Plead For Rest?**

By
 W. V. Hitting
 Touchign Drug Co.

A shortness of breath, the
 general feeling of tiredness,
 nervous twitches now and then,
 or nervous twitches you never
 noticed before... these are
 all signs perhaps that you are
 overtaxing your heart.

No better way of detecting
 heart trouble, or the signs that
 foretell trouble in the near fu-
 ture, than an examination by
 your physician.

Once a year checkups should
 be routine with every person,
 young or old.

Never consider anything but
 the best in medicine... get a
 prescription from your doctor.
 They have the finest "heart-
 drugs."

It's your move, Mister — and you sure can make it!

You've probably heard the news by now.
 About the dazzling getaway and performance of
 this 1953 Buick SPECIAL.

About its new record-high horsepower and com-
 pression — its more velvety Million Dollar Ride —
 its bettered handling — its luxurious new comfort,
 trim, appointments.

But have you heard the happiest part of the story?
 You can step into this rich, roomy, robust-powered
 Buick for just a few dollars more than you pay for
 the "low-priced" cars.

That's fact — and we show our delivered price to
 prove it.

But look beyond the extra room and comfort and
 power and thrill you get for the money in this
 Buick, and you discover something else:

You find a whole of a lot of important little things
 are provided here as standard equipment that most
 other cars of similar price charge as extras—things
 like direction signals, oil-bath air cleaner, full-
 flow oil filter, dual map lights, trip-mileage
 indicator, automatic glove-box light.

So—it's up to you, good sir.
 It's up to you to look into this terrific, thrill-packed
 1953 Buick SPECIAL.

It's up to you to try it — compare it — and see for
 yourself it's a buy you can't deny. Why not drop
 in this week?

Only \$2487.00

High School Band Will Give Concert In Daytona Beach

The Seminole High School band under the direction of Ernest Coyne will present a concert in Daytona Beach Thursday night starting at 8:00 o'clock as a part of National Music Week.

East night this week a high school band from Florida or Georgia will present a program at the Daytona Beach bandshell.

Saturday night a large group of Sanford students returning from West Palm Beach where they participated in the 13th annual State High School Band Contest.

Approximately 4,500 high school musicians including members of orchestras, ensembles and other groups in addition to soloists took part.

Honors went to Ronnie Anderson who received a superior rating for student conducting and the brass sextet composed of Gene Wilkinson, Marvin McKinley, Phillip Toney, Jimmy Owen, Bob Morris and Peter J. Baker.

Other students who left at 7:00 o'clock Friday morning and returned at 10:30 p.m. Saturday included Mary Ann Baker, Fred Colvin, Colleen Engstrom, Joe Fisher, Rosemary Garner, Doris Jones, Ernie Morris, Janie Oglesby, Nancy Rountree, Bob Healy, Grace Marie Sliney, Henry Tooke, June Vance, and Marvin Goeml.

Peter Paul Buker, intern with the band, along with Mrs. W. L. Vance and Peter J. Baker accompanied the band as chaperones.

One of the features of the trip, according to Mr. Coyne, was the chance for the students to see a new three-dimensional moving picture.

The band concluded a busy week-end by presenting their final home concert on the lawn adjoining the Court House yesterday.

However, the full program will be given Thursday at Daytona Beach when for the seventh consecutive year a concert will be staged.

The program will range from marches to overtures with specialities including a trumpet solo, "Debutante," by Band Captain Gene Wilkinson, accompanied by the band. The sextette will play a Stephen Foster selection.

Guest conductor Peter J. Buker will lead "The Klaxon March," "Battle Hymn of the Republic," and "The Myrtle Land of Egypt" other members on the program will include Caesar Frank's tone poem "Psyche et Eros," "Romantic Overture," "The Camarero," "Heaven Is Like Dixie After All," the trombone novelty "Lasius Trombone," "Sib A March," "On the Mall March," "Band of the Overland," "The Officer of the March," a Grieg selection, and the popular swing number, "Stratewing."

Rotary Club
(Continued from Page One)
Mr. Lehmann was introduced by Charles Morrison who had charge of the program. President Bob Harris announced that the Rotary Club's annual corn roast will be held on Wednesday, May 13, at Lemon Bluff and that there will be no meeting of the club next Monday.

George Lane announced that the final game of the Rotary Junior baseball league will be played at the Stadium Thursday night at 7:00 o'clock and urged all Rotarians to be present. The picnic for the boys will be held at Santalito Springs on Saturday.

Visitors introduced by Mr. Morrison included Fred Sawwell of Hudson, O., L. P. Davis, D. H. Anderson, Ed Fishback of Orlando, Dr. Frank Knight, and Al Gaede of Deland, and L. A. Anderson of Lakeland, John Bridges of Moorehead city, and Fred Williams and Forrest Breckenridge of Sanford.

WOMAN'S CLUB
OVIEDO (Special) The members of the Oviedo Women's Club all gathered together Tuesday evening at Sweetwater Park for a "Fun Night." Mrs. George C. Adams, social chairman of the club, was in charge of the affair, with her mother, Mrs. R. F. King, and Miss Ruth Davidson assisting with the decorations and arrangements.

The picnic tables were prettier than ever. They were covered with paper cloths, with flower designs and centers with one of Mrs. Adams' own creations, twelve candles, all in yellow, surrounded with greenery, paper butterflies and ribbons.

Among those enjoying this affair in addition to the committee were Misses J. M. Staley, president; T. L. Linger, Harvey Kelsey; Mrs. George C. Adams; Mrs. J. H. Daniels; George Morgan; Oregon B. Smith; Charles T. Niblack; J. B. Jones, Jr.; James W. Wilson; John G. Jones, Jr.; Joe J. Beasley; J. H. Anderson; T. L. Linger; J. H. Brookshire; James P. H. Don Ulrey; R. W. Estes; Alex. L. L. Little; Phil Peckard; Mrs. E. F. Smith; H. R. about a mile offshore. Sinking vertically into its back was a harpoon.

John Pierson, John Kader, Cliff Ables, Bill Hershel, Bill Hutchison, John Williams Jr., Clarence Collins, Bralder and Alvin Odham, and Judge Stenstrom.

Chet Cold of Miami, Robert Carlton of Tampa, and Charles Johnson of Jacksonville were elected national directors.

In the beauty queen competition, Marjorie Jeanette Simmons, 18-year-old blond from Tampa, was named Miss Florida following an unusual afternoon accident which injured six persons including three contestants one of whom was Miss Orlando, Shirley Marlene Buscher.

A large glass tank being reached for Miss Moore's use in the pageant collapsed during a rehearsal and the flying glass sent the girls and stage hands scrambling for cover.

In addition to Miss Buscher, the injured who were taken to a Daytona hospital for treatment included Gay Nell Hall, Panama City school teacher; Frances Eugenia Benedum, Miami; Fred Freeman, Bandman; Harry S. Marshay and C. T. stage electricians.

Their cuts were not considered serious although both Miss Buscher and Miss Benedum required several stitches to close foot wounds. They competed Friday night, but Miss Hall, the most seriously injured, did not participate.

Turning second to Miss Florida was Miss Fort Lauderdale, Elizabeth D. Fretay, who came to Fort Lauderdale from Paris, France, only two years ago.

Patrolman Karl Lutz of the Daytona Beach police force said the 10,000 gallon tank on the Peabody Auditorium stage was about three-fourths full of water when it burst. M. E. Forsythe, superintendent of the electricians, said: "It exploded like a bomb. The water washed the girls from out of the curtain and into the orchestra pit. One observer said it was just like a tidal wave."

With her act suddenly ruined, Miss Moore went on to tell the judges how she would have performed her specialty but for the unfortunate accident.

The bathing suit for Miss Moore was furnished by "Yowell's" and judges how she would have performed her specialty but for the unfortunate accident.

Sanford came in first in the float contest of the convention parade as the Naval Reserve Station float with Miss Moore in her Navy white proved to be the outstanding attraction.

Other crew members were Storekeeper First Class H. L. Jinks and Boatswain Mate First Class Robert Williamson.

Delegates yesterday asked the Legislature to provide for a complete, impartial state-wide survey of educational television. The resolution was one of seven adopted.

Others asked for more liberal non-resident fishing licenses, action on hydraulic cranes, a state diagnostic laboratory for livestock diseases, and development of the state's water resources.

Saturday night Senator George J. Brown, D., made a speech in the Senate against the admission of Hawaii as the 49th state. He pointed out to the delegates whether it is wise for the United States to embark upon a program of empire-building throughout the world.

India
(Continued from Page One)
The four Asian nations listed by the Reds as acceptable neutrals, the Communists sat mum.

Without even mentioning the Allied choice, the Reds asked to receive a recess until 11 a. m. tomorrow, possibly to consult higher Red officials.

Lt. Gen. William K. Harrison J. chief of the delegate, nominated Pakistan at the beginning of the meeting and then told the Reds: "We are obliged to tell you once again that we will not engage in protracted and fruitless negotiations during the current negotiations, which began April 25."

The Communists Saturday suggested Pakistan, Burma, India and Indonesia as acceptable hosts for the 48,000 Red prisoners who won't go home.

Pakistan was the third nation nominated by the United Nations. First was Switzerland, which the Reds opposed. Then Sweden. The Communists insisted on an Asian nation. They want the reluctant POWs shipped to the neutral country for screening after an armistice is agreed upon. The Allies want a neutral country to assume control of them in Korea.

Harrison said no time limit has been set for the armistice talks, but twice inside the conference but delivered an implied warning that he would end the talks again if the Reds did not begin to produce.

67 Cases Are Tried In Municipal Court On Traffic Charges

Since City Judge John Leonard's crackdown on traffic violations, 67 cases have been tried in court during the past nine days with 23 more scheduled for hearing at this afternoon's session. Chief of Police Roy G. Williams.

"With our new equipment and renewed efforts to cut down traffic accidents, we have made 30 arrests in the past 10 days," Chief Williams pointed out.

"I sincerely feel that our concentration on traffic violations has lowered the number of accidents in the City recently. I would also like to compliment City Judge Leonard for his fine job of bearing down on violators and hearing nearly 200 cases since being appointed last month."

One traffic accident was reported Sunday afternoon near the corner of French Avenue and Seminole Boulevard. A 20-year-old Negro youth stopped his car suddenly as the signal light changed and another car behind plowed into the rear end of the youth's car.

Scott Brown, DeLand, who was driving north when he made the sudden stop, had \$25 damages to his car while James M. Stenstrom, 33-year-old of Palm Beach, sustained \$60 damages to his vehicle. There was no arrest.

Cases Disposed Of In Circuit Court

Two cases were disposed of Friday when the criminal side of the spring term of Circuit Court concluded.

In one case, the prosecution witness, Anna Bogie, failed to appear at the time set for the trial whereupon the state made a motion that a nolle prosequi (no prosecution) be entered. The motion was granted by the court.

In the second, James Gordon, colored, charged with desertion and without support from his wife and family, was ordered by Judge M. B. Smith to pay to the welfare board \$15 per week if he earned as much as \$45 and \$10 in any case.

OVIEDO BAPTISTS
OVIEDO (Special) The circles of the Oviedo Baptist Church will meet Monday evening as follows: the Mary Lawton Circle at the church with Mrs. Gertrude Hull as hostess; the Nettie Farnell at the home of Mrs. G. W. Alford; the Katie-Sue at the church with Mrs. Etta Gammage as hostess; the Pearl Martin with Mrs. T. H. Daniel, Jr., their chairman.

The Sunbeam Band and the Junior GA's and I.A.'s will meet Monday afternoon at 3:30 p. m. at the Oviedo Methodist Church, Wednesday evening service at the Oviedo Baptist Church is cancelled off. All please attend the services at the Methodist Church.

PLANE CLUBS SEIZED
BUENOS AIRES (Special) The government seized control today of 13 airplane clubs suspected of using amateur fliers to smuggle explosives into the country from neighboring Uruguay.

This came on the heels of the arrest of 29 members of the opposition Radical, Socialist and Communist parties yesterday on charges of rumor peddling and distributing literature against President Juan D. Peron.

Peron said in a May Day speech to Congress that explosives used in recent bombings came from Uruguay.

TELEPHONE AND TELEGRAPH COMPANY

Legislature

(Continued from Page One)
Committee revise the strategy of how to get the dog track bill passed. They chose their strategy. Now let them stick with it," he declared.

TALLAHASSEE (Special) The House Committee on Agriculture today offered a bill to amend the constitution of insectsicides sold in the state with the commissioner of agriculture.

TALLAHASSEE (Special) Gov. McCarty today signed the bill raising Florida A. and M. College for Negroes to the status of a university and changing its name.

The measure, effective Sept. 1, makes the state-supported institution here Florida Agricultural and Mechanical University.

It was the first of McCarty's recommendations to become law. President George W. Gore Jr. said the new name and status would make much real difference.

A few directors of academic divisions will become deans but the courses of study won't be affected.

TALLAHASSEE (Special) House members came to the aid of freshman Rep. Elliott of Palm Beach County today, yanked a bill to put the proposed South Florida mental hospital in his county from committee and put it on the calendar.

When it reached the House today, Zelmowitz of Okeechobee County said his honesty and integrity were attacked in the process an aid to the house he thought the action was "stopping pretty well."

Rep. Elliott of Palm Beach County said he didn't believe the Okeechobee lawmaker got "fair consideration" in Burwell's committee. He said Zelmowitz was allowed to speak only five minutes on his bill when it came before the Committee.

On the other hand, said Elliott, Burwell spoke for 22 minutes on his own bill which would authorize the cabinet to select a location for the hospital anywhere in Dade, Broward or Palm Beach Counties.

After hearing Elliott, the House voted 6 to 1 in favor of a motion by Rep. Darby of Escambia County to put the Senate bill directly on the calendar without sending it to any committee.

Burwell, speaking after the vote, denied he had spoken for 22 minutes. He said he had been a House member for 14 years and this is the first time a member has questioned his honesty and integrity.

TALLAHASSEE (Special) All three members of the Dade County House delegation joined today in moving for passage of a bill paving the way for consolidation of the Dade County of Miami Government.

The delegation was split on the measure last week. With Reps. Okell and Fawcett opposed to requiring a referendum on the question and Rep. Floyd in favor of a vote of the people. The referendum was approved.

The bill was included in a general roll call on passage of a number of local bills. Usually only one measure of a local bill moves for passage of a local bill but Speaker Bryant permitted all three of the Dade legislators to join in the motion.

The bill abolishes the Miami city charter. It already has been passed by the Senate but must return to the upper branch for concurrence in the referendum amendment.

The bill which actually consolidates the city and county governments has not yet been introduced.

Mrs. Florence Cook Dies At Age Of 86
Mrs. Florence V. Cook, 86, died in a Sanford hospital yesterday afternoon at 1:00 p. m. following a week's illness. She had made her home for the past seven years with her daughter, Mrs. Ellis L. Locke of Longwood.

She had been a member of the Christian Church of Oconee, Ga. for the past 70 years.

Survivors include three daughters, Mrs. Locke, Mrs. Sally M. Boone of Tombsboro, Ga. and Mrs. Alice Boone of Longwood; a son, Ernest Reese of Miami; 11 grandchildren; 13 great grandchildren; and one sister, Mrs. W. A. Colson of Oconee, Ga.

Remains will be sent to Oconee, Ga. for the funeral and interment.

LABOR RIOT COSTLY
TAIPEI, Formosa (Special) A Nationalist news agency said today 1,000 laborers rioted for two days at Fushun coal mines east of Mukden in Communist Manchuria, killing 500 guards and destroying installations.

The interior ministry's Ta Tao agency, which claims mainland news sources said about half the laborers died in the huge open-air mines.

It said the revolt was caused by "inhuman working conditions."

Orlando Boy Wins 24-County Section Spelling Contest

A 12-year-old Orlando boy outdistanced the field in the 24-county spelling bee which was conducted at the Seminole County Sportsman's Association at City Hill.

The property was deeded to the Association a year ago by the County Federation of Women's Clubs and during the past two months has been about half cleared.

The Seminole County group intends to build a beach, a boating, picnic tables and eventually a club house on the property, which with its river frontage promises to be one of the County's finest spots. Once completed, it will be open for public use.

Although no fund drive is being conducted, those who wish to contribute may mail checks to either Mrs. James S. Ekern, secretary, John Metcalf, treasurer, or R. Z. Johnson Jr., president.

A number of contributions have already been received to further the work.

In other business taken up at the meeting: Mr. Johnson was named president of the Association succeeding Forrest Gatchel, whose recent death created the vacant post. Election of officers was scheduled in other business taken up at a fish fry was planned for June with the following committee handling details: George Maffett, James Ekern, Marion Rabara, John Galloway, and Mrs. Metcalf. The next meeting was set for May 21.

Competition in the contest was sharp with the winner coming out of the crowd by spelling correctly the words "physiognomy" and "larynx."

Rites Held Today For Mrs. Cecilia Landress
Funeral services for Mrs. Cecilia L. Landress who died Saturday at the home of her son-in-law and daughter, Mr. and Mrs. Joe C. Thomas on Sprita Avenue, were held at 3:30 p. m. today at the Church of God at French Avenue and Twenty-second Street.

Mrs. Landress was born July 11, 1879 in Lake Butler and had lived in Sanford for the past 30 years. She was the widow of the late D. L. Landress. Surviving besides Mrs. Thomas are three other daughters, Mrs. C. W. Kerce of Rockford, Ill.; Mrs. W. H. Hilliard of Orlando; and Mrs. P. G. Richmond of Miami; four sons, O. D. Landress of Sanford; Donald and Raymond L. of Fernandina Beach; Ga. Nov. 10, 1917.

Other survivors include two sisters, Mrs. W. G. Pryor of Marysville, Tenn. and Mrs. V. H. Berry of Abbeville, Ala.; another nephew, C. W. Farmer of Macon, Ga.

Funeral services will be held at 11:00 a. m. tomorrow at Brison Funeral Home with Rev. W. P. Brooks, Jr. officiating. Interment will follow in Evergreen Cemetery.

Eisenhower Meeting
(Continued from Page One)
word that state business would keep him at home.

After Eisenhower's brief remarks, the program called for Vice President Nixon to present Gen. J. Lawton Collins, Army chief of staff, for a report on the military situation, and Allen W. Dulles, chief of the Central Intelligence Agency.

Ships Owners
(Continued from Page One)
rect that from the beginning of the Korean War up to this moment there has been, as the senator put it, no government policy to refrain from aiding shipping companies that are aiding the enemy."

Cards' Leonard Ranks 3rd In FSL Batting Race With Briggs, Zuccate

Thomas "Tommy" Leonard, rampaging Sanford Cardinal outfielder, is now in the throes of a three-way race for the Florida State League batting title, this week's official averages released by Peter Schaal revealed. For games through last Thursday night, Leonard stands third in the circuit with a .438 average.

Clyde Briggs of Jax Beach is the league's leading hitter with an astronomical .467 mark, which was a drop of 33 points since his average was released last week. Standing in second place is Mike Zuccate, Daytona Beach outfielder, with a .418. Zuccate plummeted 28 points from his .471 percentage of one week ago.

In the averages through last Thursday, both Leonard and Briggs had hitting streaks going. Briggs had made at least one hit in every one of the 17 games played by the Sea Birds through Thursday. And Friday night he cracked out one more hit in five trips to extend his consecutive hitting skin to 18. Leonard had hit in 11 games when the loop averages were released and extended it to 12 in Cocca game Friday to break last year's Sanford hitting streak of 11 set by Johnny Imbra.

By banging out two hits in four tries at Cocca Friday night, Leonard hiked his season's average to .441. During his 12-game swing binge, the Paul Warner-like southpaw batter has been maintaining a torrid .500 pace with 26 hits in 53 at bats.

Sea Bird Manager Red Traxway got through 16 straight before being stopped in Cocca, while Glen Prescott of Deland had a 14

straight game string unbroken as of midnight Thursday.

Meanwhile the Cardinals dropped from their second place ranking in team average to fifth with a drop of seven points from .278 to .271. The Jax Beach average shrank from a lofty .303 to .291 to lead the circuit.

Individually, Sanford had a first place rating with Bill Silverthorne leading the rookies with a .356 average. Shortstop Bill Batty is fourth among the recruits with a .322 mark. Manager J. C. Dunn fell off his earlier pace to a fifth spot ranking among veterans with a .266 average.

Faced by Manager Carvel Rowell, who has long since qualified as one of the Class D Florida State League's "One Man Gangs", the surprising Cocca Indians continued their merry early season pace thru Thursday night, April 30, and, with 12 wins in 17 contests, stood atop the standings a full game ahead of Jacksonville Beach.

Rowell is the man who is leading the way for the former major leaguer not only has the unique distinction of having four games without defeat as a relief hurler in four tilts, but, boosting his average from .268 to .376 for the week ending Thursday night, he holds leadership in four departments.

The ace in stolen bases with nine to eight for Skeeter Baller of Daytona in runs batted in with 23 to 22 for Foster of Jax Beach; in homers with three, although here he is tied with Pirtle and Docker of Palatka and Boyd of Leesburg.

The Indians put together a six game winning streak for an

all-time record for their club during its two year stay in the cellar. Winning five out of seven during the week, they matched the effort of the defending champions, the Deland Red Hats, and the 1933 runners-up, the Jax Beach Sea Birds. The week was unusual in that it failed to produce either a new record in any department, or a tie of an old record.

Hughes of Cocca had scored the most runs, 22, and Briggs the most hits, 35 in 17 games. Zuccate of Daytona and Ramsey and Dunbar of Leesburg were tied with eight doubles each, while Penza of Deland was leading in triples with three.

The week produced the first fines of the season when President Jack Dempsey ordered Raoul Fundora of Leesburg to pay a \$25 fine for kicking in the door of the umpires' dressing room at Cocca the night of April 21. Umpire-in-chief Bill Leits, and umpire John Eich also fined Palatka hurler Billy Hoss \$5 for using the wrong kind of language on umpire Tom Williams in Palatka's April 23.

Among the hurlers, the veteran Don Urquhart of Leesburg had scored five straight wins without a loss. Rowell had four without loss, although in a relief role in each instance. Craumer of Daytona and Angel of Jax Beach each were undefeated with four wins; Britt and Hason of Jax Beach had three wins; a piece as did Frazer of Cocca, while Nisnard of Cocca had won four of five decisions.

Craumer fanned 13 men to hold leadership in that department

for a single game, while Jim Vickery of Deland, although loser of two of four games, had fanned 42 men in 37 innings of hurling. Surprisingly, one of the league's 14 active veterans had dropped four games—Bill Phillips of Leesburg—while winning one.

Sanford Opens Battle For 7th Place In Orlando Tonight

Cards End 7-Game Losing Streak; Split With Jax Beach, 11-4, 5-4 SHS Rocks Mainland, 12-3, For 5th Win In Last 7

By KENT CHETLAIN

Tonight the Sanford Cardinals, sporting a humbling 1-3 record in the last nine games, will invade Tinker Field in Orlando to battle the Senators for seventh place. Lou Calvetti, refuge outfielder, has been nominated to make his first appearance on the mound this year for the Redbirds by Manager J. C. Dunn.

Calvetti, who began his career on the hill, posted an impressive 12-12 record with a low 2.22 earned run average playing for Goldboro of the Coastal Plains loop last year. The blonde 20-year-old pitcher handed started in the outfield for Sanford this year and began hitting the ball at a torrid clip only to tamper off. Calvetti swatted the first Cardinal homer of the year but his attack work and erratic throwing arm fell off almost immediately after the big blow.

The outfield-pitcher from Clun, Pa., is playing his third year in organized ball. He hit over the .300 mark most of the season until recently when he went 21 times at bat making but one hit to plummet his batting mark to the .231 point.

Meanwhile, skipper Dunn has tentatively listed Murray Irvy, winner of two and loser of one, for tomorrow night's game here in Sanford with the Orlando Senators. Following on Wednesday night will be a doubleheader in the Memorial Stadium between the Palatka Asatras, Dunn's hurling choices go to Clarence Ingram and Ernie Palmieri.

Ingram hurled one of his best games last Saturday in defeat, losing Jax Beach, 11-4 to end Sanford's ignominious seven-game losing streak. The night before, the Red Birds lost to the Indians in Cocca, 7-5. Lefty Paul McKurray was tagged with the loss, hurling the first inning and part of the second before retiring for David Leonard, who has not yet blossomed out in to quite a pitcher.

Tommy Leonard extended his 11-game hitting skin to 12 straight in Cocca, Friday night, with a pair of blinges. Leonard, however, had his batting string unbroken in his bid for 13 in a row during Saturday night's Jax Beach victory. Leonard failed to connect in four times at bat, drawing only one walk.

Ingram had a six-hit skunk with one out in the eighth inning Saturday night against Jax Beach until Sea Bird Manager Red Traxway slammed a mile-a-minute liner off Ingram's mitt and head for a single to score Clyde Reinert.

Ingram was carried from the field, but sustained only a large lump on the noggin which stunned him. The Birds have not to score three more runs before the finish of the carnage.

Sunday the Sea Birds eked out a 4-4 revenge over Sanford in Jacksonville Beach. Ernie Palmieri started on the rubber, but his usual effectiveness was not with him. Leonard finished up after the Birds pounded Palmieri for five runs on eight hits.

Sanford got maximum mileage out of its two hits, scoring four times. Price Westbrook, rookie first baseman for Sanford, injured his leg badly in an clash. Westbrook and Dunn were the only holders of hits off the combined slants of Kitchin and Joe

Mel Fleischer Wins 4th Game Of Year

Seminole High School finished its regularly scheduled baseball season last Friday afternoon in Daytona Beach with a rousing 12-3 carnage of Mainland High. Mighty Mel Fleischer fashioned his fourth victory in five decisions on a sterling seven-hitter.

The victory gave the Feds a 6-5 season's record to carry into the Southern East Florida Conference diamond tournament in Daytona Beach on Wednesday.

While Fleischer was snaring the headlines on the mound, Terry Cordell and Junior Metts were starring at the plate. Both players pounded out three hits in four appearances. Cordell drove home two runs with his blows. Metts' feat was of particular note, since the normally swinging right-handed batter had to switch to the left side of the bat for the first time in his life.

Not to be outdone in Sanford's clean sweep over the Mainlanders was the performance of Bubba Hisey, classy fielding Fed Gate-keeper. The lanky lefty smashed a tremendous bases loaded triple in the seventh to clear the sacks. Ed McCall got into the act by driving in three runners on a double.

Frank Stafford continued his hitting skin with a bing in three trips to the plate. The late starting Sanford has been the most consistent Sanford hitter in the last half dozen games.

The Mainland triumph capped a late season winning spurge by the Seminole Braves. Sanford won five of its last six games to vindicate its lofty pre-season ranking. The Bill Fleming coached nine wound up with a 3-3 EFC record and is still very much in the running for the conference title and the state high school championship.

Sanford will open the EFC meet in Daytona Wednesday. It will play for the Southern title in the conference. If the players weather the competition they will go on to play the winner in the northern sector in a single game championship playoff.

No matter what the Seminoles do in Daytona, Sanford will be entered in the state prep championship sub-tourney on May 14 at either New Smyrna or Daytona.

By KENT CHETLAIN

Bernard "Buddy" Lake, Sanford's baseball immortal and local service station operation, was named president of the newly formed Sanford Men's Softball League at a meeting in the City Hall Friday night. The new six-team league official drew the rules and designated May 10 as the opening of the first half of a split season.

The six teams are Wilson-Mailer and Robson Sporting Goods, two holdovers from last year; VC-9 and FARRON 51 from the Sanford Naval Auxiliary Air Station; Salvation Army and the National Guard unit of Company I of the 121st Inf. Division.

The six-team loop will play on Tuesday, Wednesday and Friday night at the Lakefront Diamond. There will be doubleheaders each evening with the first game starting at 7:30 o'clock and the nightcap at 9:00 p. m.

The six manager of the loop selected Lake president, who agreed to accept earlier if chosen. His job will be to settle all disputes and supervise the operations of the league scorekeepers.

The officials scorers will probably be staff members of the City's summer recreational program. Tommy Stringer—director, Fred Ganas and Howdie Gordie, though this is not official.

Umpires will be paid this year. Each team will have to pay \$10 for officiating fees. An elaborate set of rules governing the rosters and released players were drawn at the Friday night meeting presided over by Stringer.

Players who jump clubs will be banned from play for at least

30 days and may not play without obtaining acceptance from Lake. Released players have to procure a letter of release from their former managers and have the loop proxy approve transfer of the player to another team. A five-day period must elapse between player transactions.

The first half begins on May 19 and winds up on July 3. The second half will begin two weeks after the end of the initial phase of the season on July 21.

Each team will be allowed to carry 15 players on its roster with the exception of the two Navy teams which will be allowed to have a 25-player roster because of Navy transfers which may cut the teams up during the summer.

Each manager must submit a list of his six reserves and with his lineup to the official scorer before the game begins. If the scorer finds a player who is not on the roster in the lineup, the team violating the new rule will automatically forfeit the game.

The official schedule will be drawn at the next meeting on May 16 at a place yet to be announced.

Ingram Is All Right After Being Beated

The condition of Clarence Ingram, who was hit on the head by a line smash off the bat of Fredway last Saturday night, was described as fine. Ingram was only stunned and received a large bump on the head. The Albany, Georgian had a six-hit skunk going until the eighth when Traxway sent a cannon-like shot back to the mound that deflected off Ingram's glove striking his head and coronning 65 feet into right field for a hit, holding his head. After a preliminary examination by Dr. J. C. Boye, Ingram was pronounced all right and only stunned. Ingram was credited with the 11-4 Sanford victory which ended the local's seven-game losing streak. The control ball specialist now has a 2-3 season's record.

Dempsey Fines Dunn, Smith And Skelton

Manager J. C. Dunn, Paul Smith, and Bob Skelton—the three Sanford Cardinal players ejected from the Daytona Beach game last Thursday night in Daytona were fined a total of \$25 by Florida State League President Jack Dempsey last Saturday night. Dunn and Smith were tossed out by Tommy Williamson and each received a \$10 fine. Skelton, who was banished by Joe Toneroff, received a \$5 fine.

Card First Baseman Breaks Leg In Slide

Price Westbrook, 20-year-old rookie first baseman who assigned to Sanford only five days ago, broke his leg while sliding into second base in the sixth inning of the Sanford-Leech game at Jacksonville Beach yesterday. The job is a foot-3 1/2 gateway guardian was
