## Charter Review Commission seeks input

SANFORD — The Charter Review Commission invites the public to provide input and suggestions for changes to the Seminole County Home Rule Charter at 6 p.m. on Nov. 7 in Room 3024 of the County Services Building, 1101 E. First St., in Sanford.

Presenters will have three minutes to submit and share their ideas for consideration. Hard copy presentations are welcomed.

The commission is examining subjects in the Home Rule Charter that may include the make-up of the Board of County Commissioners, how they are elected as well as the members' powers, duties and length of service. The CRC is also reviewing the responsibilities of the county manager, constitutional officers, attorney, and procedures or putting items on the ballot, and provisions for recalls.

"This is an opportunity for citizens to provide their ideas on how Seminole County Government functions," says Ben Tucker, CRC Chair. "We look forward to hearing their suggestions."

Proposed amendments or revisions to the Seminole County Home Rule Charter will be presented to the Board of County Commissioners then placed on the November 2006 ballot for voter approval.

For more information, contact the county manager's office at [speters@seminolecountyfl.gov](mailto:speters@seminolecountyfl.gov).

## City police investigate hate crime

By Steve Paradis  
Herald Staff

SANFORD — A Sanford woman made the gruesome discovery Wednesday morning when she went outside for her daily commute.

A noose tied with yellow rope hung in the carport and parts of a skinned opossum soiled her van and her mailbox. Police investigating the incident think it may be retaliation, but there is the possibility of a hate crime as well because the victims are African American.

"I'm appalled that something like this could happen," said Lynn Terry, 38, of 131 Garrison Drive in Sanford.

When she notified her husband, William, who had already left for his postal job, he recalled seeing fur from an animal on the back of his car. It fell off and he thought nothing of it until his wife called, Lynn Terry said.

No arrests have been made in the case as of Friday, and Sanford Police Department spokeswoman Cleo Cohen said the investigation was expected to take several days.

Lynn Terry said a teenage neighbor across the street said she knew who cut the animal up and tied the noose.

Police believe the incident may have been retaliation because of what happened on a previous night.

Lynn Terry said she and her husband reported to police that they thought someone was trying to break into the home where the 16-year-old neighbor lives across the street. She said they saw this about 2 a.m. and found out the person outside the home was the girl's 15-year-old

## Chavez to oust Sanford mission

By Liane Edixon

SANFORD — Venezuelan President Hugo Chavez announced in a nationally televised speech Wednesday that he plans to expel New Tribes Mission missionaries from his country.

NTM is a worldwide missionary organization who helps indigenous tribes throughout the world find God. They are headquartered in Sanford on the lakefront, next to Fort Mellon Park.

A statement released from NTM said that the organization is aware of the statements made by Chavez and the implications the comments will have on NTM, but they state they welcome the opportunity to address Chavez's concerns and help him better understand their organization and their work in Venezuela.

Chavez accused NTM of having ties with the CIA, and accused them also of colonialism ideas and imperialist infiltration, as well as not obeying custom laws and setting up lavish camps next to their indigenous populations.

"New Tribes Mission is not, and has never been, connected in any way with any government agencies," the statement said.

NTM maintains that their primary concern is for the indigenous people of Venezuela that their missionaries serve. Besides spreading religion, NTM missionaries also aid in human-

## Lawsuit: Obstructed colon killed resident

By Steve Paradis  
Herald Staff

SANFORD — A wrongful death lawsuit filed against The Gables of Lake Mary assisted living facility Oct. 5 claims a former resident died after suffering from an impacted bowel for 22 days.

"One June 9, 2005, Stella Schwager died at The Gables of Lake Mary with over three pounds of impacted feces obstructing her colon and backing up into her throat," the lawsuit reads.

The suit was filed by Schwager's daughter, Joan Matonis, of Apopka.

Her attorney, Thomas S. Harmon of Davis and Harmon in Tampa, said The Gables has not handed over assisted living facility charts and other medical records requested in the lawsuit.

"They still have not to this very day provided it to us," Harmon said Thursday. The request was received by the facility on Aug. 18 and is supposed to be fulfilled within 10 days.

An attorney for The Gables told Harmon the company had no liability insurance for what happened to Schwager, Harmon said. He saw it as a possible attempt to get them to drop the suit because there wouldn't be a big payoff.

"I'm not going away and neither is my client," Harmon said. "I've advised her about the lack of insurance, but it sounds kind of cliché, but she said it is not about the money."

The civil lawsuit filed with the 18th Judicial Circuit Court in Sanford said Schwager suffered from a "pattern of abuse and neglect" that led to her death

at The Gables. An X-ray on May 18, the suit alleges, showed that the elderly woman suffered from a blocked colon.

"Over the next 22 days, Stella Schwager complained of severe pain as a result of her colon being increasingly impacted with feces," the lawsuit says. "Her complaints were ignored by the facility and she was never taken to the doctor or hospital."

A woman contacted a The Gables' parent company — Spring Hills Corporation of Woodbridge, N.J. — said a spokeswoman was out of town until late Friday and no one else at that office could answer questions about the case.

Harmon said Matonis did try to get help for her mom. She reported her mother's complaints to the nurses, he said. Nurses repeatedly told her that

Schwager is fine.

After Schwager's death, several employees notified the state, which launched a continuing investigation. The Lake Mary Police Department is also conducting an investigation, which is ongoing.

Deborah Brock of Deltona worked for The Gables at Lake Mary in its memory care unit. She often worked with Schwager and is listed in a police report as a witness to the allegations of abuse at The Gables.

She said Friday morning that she thinks the timeline listed in the lawsuit is wrong and should be even longer.

She remembers telling nurses and administrators about her concern for Schwager's condition. She was told the

## Deputies shoot man who tried to kill his wife

By Liane Edixon

SANFORD — Seminole County Sheriff's deputies fatally shot a man Wednesday night, after the suspect attempted to murder his estranged wife earlier that day.

The man, Jose Hernandez, 37, of Oviedo, showed up at his wife, Andrea Hernandez's workplace, at the Wal-Mart photo center in Casselberry, and pulled the trigger of an automatic firearm pointed at her.

The gun did not fire, and Hernandez fled the

store. It was later learned that the suspect also shot into the victim's vehicle in the parking lot after officers recovered shell casings from the area and rounds shot into the vehicle, a preliminary investigation revealed.

Casselberry police officers tried to stop Hernandez in a pursuit, but it was called off near Goldenrod Road and University Road when the suspect began driving on the wrong side of the street.

Officers took down the make of the vehicle, a white Pontiac Grand

## City manager begins 'exciting' new opportunity

By Liane Edixon

SANFORD — New city manager Sherman Yehl finished his first week on the job and he said it's true that Sanford is "booming".

"And, it is [booming], in many, many ways," Yehl commented.

Yehl moved to Sanford from Texas to take the position left open early this year, when former city manager Al Grieshaber Jr. resigned.

Interim city manager Gene Miller promised the city and the commission members a quality candidate, and commissioners picked Yehl, who earned the second highest votes by commission members last month.

Their first pick, Rick White, requested "too many add-ons" to a pre-determined

## A GLANCE AROUND OUR COUNTY

**Pachyderm pride:** Those who know me frequently tease me about my picture that accompanies this column. My hairstyle is radically different. I wear a goatee instead of a beard and I traded the contact lens for a snappy pair of spectacles. Not long ago I was introduced to a loyal reader who offered me this back-handed compliment: "Your picture in the paper is horrible. You're much better looking in person." I wasn't sure how to respond, so I just said "Thanks." The picture will be updated soon, though the new photo won't be the exact look one of Sanford's leading business proprietors was hoping for.

I'm a graduate of the University of Alabama and, of course, a Crimson Tide football fan. It's been years since I hung up the cleats, but the competitive juices still flow. I made a modest wager with the aforementioned business proprietor, a gullible - er, I mean knowledgeable Florida Gator fan. If the Gators beat the Tide, I agreed to wear an orange and blue wig for a photograph to be published next to my column for the remainder of the football season. If Alabama were to win, this gentleman (who happens to distribute the official beverage of the

city of Sanford) would be required to don the mask of the mighty pachyderm and be photographed for publication in The Herald.

The Gator fans know what happened. Tradition-rich Alabama exposed the Florida team and its coach as nothing more than an urban legend. My prognosticating partner was crushed by the defeat but continued to trash-talk like he was the king of jeers. Like a true bud, however, he upheld his end of the bet. He was even Johnny-on-the-spot in handing out the traditional victory cigars.

He did ask that I not reveal his name, lest the University of Florida revoke his ticket privileges. I thought he was reneging and almost gave up on the plan. But wiser thoughts prevailed. Why not let the readers guess the identity of the new elephant man? Take a close look at the picture below. If you can identify the man behind the mask, e-mail me at [dping@seminoleherald.com](mailto:dping@seminoleherald.com). Type the words "Elephant Man" in the subject line. The first person to e-mail me with the correct identity will win a \$25 gift certificate to Willow Tree Restaurant.

Am. and were able to get the tag numbers. They later traced Hernandez to a relative's house at 378 Notre Dame Drive, in unincorporated Altamonte Springs.

The Seminole County Sheriff's Office took over from there to follow up. The suspect's car was in the driveway of the residence around 7 p.m. Wednesday night.

Deputies were given permission to enter the residence, and found Hernandez on his knees behind a futon couch. He was attempting to load an automatic pistol.

The deputies tried using a taser, but Hernandez continued to load the weapon, a Sheriff's Office press release said.

The deputies used lethal force to stop him from loading and using the weapon, and he was shot dead.

On Friday, the Sheriff's Office met with representatives of the Florida Department of Law Enforcement, which found no outstanding issues with regard to the shooting.

The findings are preliminary, but the four deputies involved either are, or will be cleared to return to duty in the next few days, a Sheriff's spokesman said. The FDLE investigation continues.

The Sheriff's Office released Thursday, an incident report from Oct. 1, 2005, when Andrea Hernandez, 29, called police when Jose Hernandez was at her apartment getting his belongings.

Apparently, the suspect thought that his wife was having an affair, and while collecting his things, he poured bleach on his wife's clothes and began cutting up her undergarments with scissors. Andrea Hernandez also claimed her husband threw her on the floor.

The wife was given a State

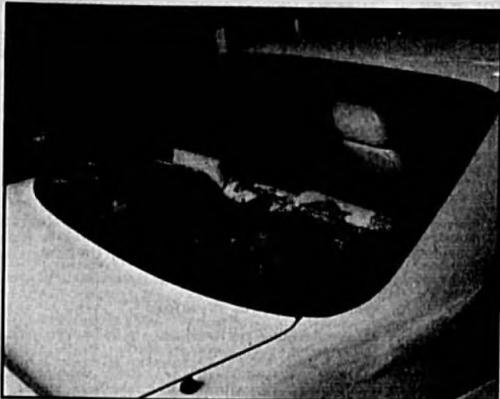

Photo from Seminole County Sheriff's Office

This is what's left of the rear window of Andrea Hernandez's car after her estranged husband, Jose, fired a gun into the vehicle. Sheriff's deputies later shot and killed Jose Hernandez.

Attorney's Office appointment date of Oct. 5, 2005, but she was a no-show, according to the incident reports.

Hernandez claimed that her husband had approximately 20 past incidents of violence, but on Oct. 11, 2005, just a day before her husband tried to kill her, she told deputies that she was not in fear of Jose, she just didn't want to deal with him if he stopped by her house again.

On Wednesday, the day of the shootings, a deputy was on a routine patrol of the area when he saw Jose Hernandez standing in front of his wife's apartment door. The deputy approached and Hernandez explained that everything was okay between he and his wife. He had spoken with the Sheriff's office once before when he called to find out if he had a warrant out for his arrest, because of the Oct. 1 incident. Because Andrea Hernandez did not file an injunction against her husband, the deputy had a "consensual encounter" with the

subject and continued his patrol of the area.

The Florida Department of Law Enforcement is still looking into the shooting, the Sheriff's office said.

Friday, Sheriff's spokesman Steve Olson, said that FDLE preliminary investigation has showed no wrongdoing on the deputies involved in the shooting of Hernandez.

There were four Sheriff's deputies on the scene when the shooting occurred. Sgt. Carey Manuel deployed her taser at Hernandez as he was loading the gun behind the futon, and it was determined that one prong hit and one prong did not. Hernandez continued loading, and deputy Will Christensen fired five shots at Hernandez with four hitting the suspect.

So far, Olson said, the FDLE does not have any problems with the dynamics of the shooting.

"All of these deputies are in good standing with the Sheriff's department," Olson said Friday.

boyfriend, who had snuck out of the girl's bedroom.

"He rides around on his bike with his confederate flag," Lynn Terry said Thursday. The 15-year-old said he would "shoot up" the side of the street where all the black families live, but he used a racial epithet. Terry said three African-American families live on her side of the street.

The police report said a lot of glass bottles were broken in the Terry's driveway the next day. Then on Wednesday, they found the rope and animal parts.

"To wake up and find a noose, I'm just in total disbelief," Terry said. "This is something you see in old movies. These are teenagers and their whole attitude is just so nonchalant."

According to the police report, the opossum's head was found just before 7 p.m. Wednesday in a mailbox of another home on Mayfair Circle, not far from Garrison Drive. That family did not want to talk with reporters, but they have a Hispanic last name, according to police.

Pending charges, police reports said, include cruelty to animals during a possible hate crime and intimidation from the Garrison Drive incident. Blood damaged the Mayfair mailbox, so a property damage charge may result.

Lynn Terry works in State Attorney Norm Wolfinger's office. She said they have lived in the home on Garrison Drive for 11 years.

"I want whoever it was prosecuted," Terry said Thursday. "We've never had

any instances like this before." Her next-door neighbor saw the noose first, Terry said. The neighbor, who commutes to work with Terry, told her not to come outside, but she eventually told Terry why. Terry also said the 16-year-old girl is the niece of this neighbor's husband.

When the neighbors went to talk with the teenage niece across the street, she said right away that she knew who did it.

"To see this child's reaction as if it was nothing just floored me even more," Terry said. She is originally from New Jersey in an area known as the Melting Pot, but she wondered why it isn't the same here.

"I've never had the racial conflict before like there is here," she said.

# Natural Disasters Abound

These past 10 days have been among the most tragic in the history of the world, in so far as natural disasters are concerned.

Nick Pfeifauf

In Pakistan, (as well as India and Afghanistan), the death toll of the earthquake is now estimated at 40,000, with approximately 2.5 million people without homes.

In Guatemala, flooding and landslides have produced over 1,000 deaths, with probably more to be uncovered in the dirt which, in places, was 20 feet deep.

Although not as extensive, heavy rains caused flooding from Maine to North Carolina recently. While only a few deaths have been reported, hundreds have been left homeless.

In the United States, several months ago, we had two hurricanes hit in the northern Gulf of Mexico, and again, the death toll has been extremely high.

None of these was caused by humans. There was no advance warning, although now, after the tragic events are past, some people claim the

disasters could have been expected. (a kind of "Monday Morning Quarterback" as far as I'm concerned).

Pakistan is on the other side of the world from us. Guatemala is a long distance to the south. In both cases, it may be difficult to have feelings for their plight as we had for the New Orleans and north Gulf areas. But take some time and think of what they are going through - especially in Pakistan.

This is a case where the earth, some say six miles underground, shook so intensely that it caused disaster on the surface. In a hurricane, some folks may have safe-zones at which they can get away from the winds and flooding. I think of the bomb shelters in World War II when people would be safe even though thousand-pound bombs were falling.

In an earthquake, there is NO safe zone. Everything shakes - almost everything collapses; schools, homes, businesses, roads, everything. There is no way you can escape.

The worst earthquake in history, 8.2 on the Richter scale, hit Tangshan, China on July 28, 1976. The death toll there was 750,000. Since 1990, there were 50,000 deaths along the shore of the Caspian Sea near Iraq, and 30,000 deaths in Bombay, India on Sept. 29, 1993. The earliest

recorded earthquake was on May 20, 526 AD in Antioch, Turkey, with 250,000 deaths. Since 1935, there have been four major earthquakes in Pakistan and four in Afghanistan. The death tolls were extremely high in each case.

It's too early to tell what help will be given to the people in Pakistan, India, Afghanistan, Guatemala, or other disaster areas. No doubt, the United States will give assistance. I hope other nations will also lend a hand.

Pakistan, according to some sources, is where the top leaders of the Taliban terrorist activities around the world have been hiding. Some have already said we'll lend them aid if they turn over these people. Afghanistan is a known terrorist stronghold, and why should we help them.

But the people who are now homeless, who have lost many family members, who have absolutely nothing, are, in my mind, in need of our help and help from the people of the world. Perhaps there will be some efforts to lend them assistance, and it would behoove all of us to do what we can. We still need to help the homeless and destitute in the New Orleans and surrounding areas, but natural disasters have struck our Earth, and we, as people of the Earth, are needed.

## Discover the world of bugs at new zoo attraction

SANFORD — Massey Services announced recently a new attraction at the Central Florida Zoo in Sanford, with the official opening of the Massey Services Insect Zoo, located in the new Wayne M. Densch Discovery Center.

This exhibit has been in the planning stages for years, under construction for more than 10 months and will open on Oct. 18 with a special ribbon cutting and reception at 10:30 a.m.

Almost 99 percent of all species on earth are invertebrates, or animals without

backbones. Visitors can discover this amazing world when they venture into the Massey Services Insect Zoo.

This exhibit gallery will feature fascinating walking sticks from Australia, along with some of the incredible species we have right here in Florida, such as praying mantises and colorful lubber grasshoppers. Others on display include tarantulas, centipedes, scorpions and giant snails. A beehive will allow guests to watch bees busy at work making honey.

A touch screen computer will test knowledge of all kinds of insects. Mounted specimens from all over the world will provide insight into the diversity of these phenomenal creatures.

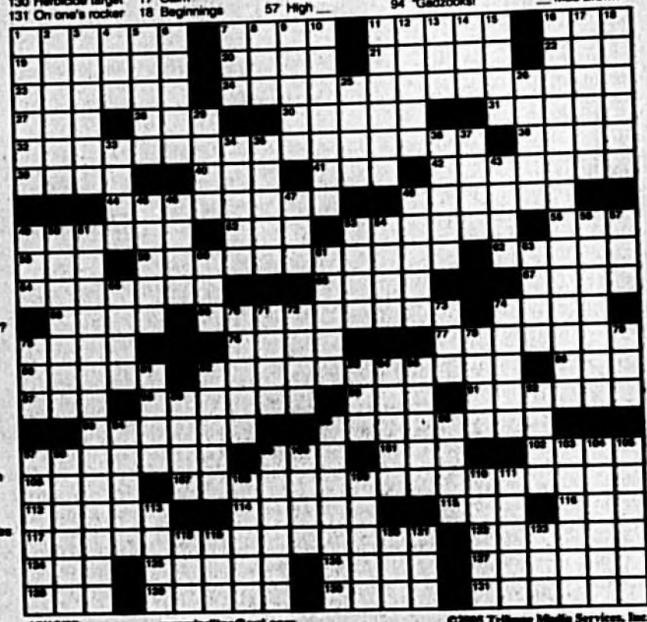

Young explorers will find hands-on puzzles, puppets, books, magnifying glasses and more to help them discover the world of the tiny, but mighty, invertebrates.

The Zoo is open daily from 9:00 a.m. to 5:00 p.m. and located at 3755 NW Highway 17-92 in Sanford. For more information, please call 407-323-4450.

elderly woman would have an X-ray on a pay day before Brock was hospitalized herself on May 8 for a mini stroke. She figured the day she was told Schwager would have an X-ray was on or before May 6. Brock said Schwager had hollered in pain for two days up to that date.

"She had been screaming, 'Oh God, it hurts' and 'Oh God, I'm dying,'" Brock recalled. "For two days, she was hurting and fussing and upset."

Brock said she told nursing staff and administrators Schwager needed to go to the hospital. After returning to work following the stroke, she was amazed that the elderly woman was not taken to a doctor or the hospital.

Brock said Schwager hardly ate anything and after another absence for

medical reasons, she found nothing other than a laxative cocktail had been given to Schwager.

At one point, Schwager hollered so loudly that Brock could hear her upstairs, she said.

Paramedics on the scene June 9 found Schwager vomiting feces, according to Harmon.

Brock said she doesn't doubt it and that when she saw the elderly woman's body the next day it had feces coming out the ears, nose and mouth.

"It was a sight I will never forget," Brock said Friday. She has refused to quit, but was informed that she still was an employee. She has not gone to work because of health problems, she said.

She also said she is not surprised that the facility

has not forwarded charts and other medical records.

Those charts would show her bowel movements, when she saw a doctor, when medicines were given and if she's eating.

"That's what the chart's supposed to show," she said. Harmon said this is one of the worst cases in which he has been involved.

"It's just a horrible case," he said. "I've seen several wrongful death cases, but this one is about as aggravating a case as I've ever heard of."

The lawsuit seeks damages of more than \$15,000, but Harmon could not say what that figure will be.

"I will say this. We intend to seek both compensatory damages for her suffering and punitive damages," Harmon said.

**The Way We Were:**

# Continuing temple story

This is a continuation of information taken from the Dec. 24, 1920, edition of *The Sanford Herald*, telling of the new First Baptist Church building which would have its first service on Sunday, Dec. 26. The building at that time was called the Baptist Temple.

Grace Marie Stinecpher

**Temple Book Room**

A book room has been opened at the temple, and is run on a co-operative basis, the books being sold at the lowest possible price, based on Sunday School Board, Nashville, Tenn. Miss Allie Trafford has charge of the book room. A fine line of Bibles are carried at all times. They would make excellent Christmas presents.

**Temple Rest Room**

The Temple rest room is being equipped by the ladies of the Euzellan Class and is to be used as a drop-in place for people going to and from the business district. Also visitors and tourists in Sanford will be given a real welcome here.

**Reading Room and Library**

The reading room and library of the Temple is open every Friday evening from seven to nine. There are over six hundred books and some of the best magazines are there for reading. Miss Carrie Stanley is the director of this part of the work.

**Gymnasium**

There is being erected an open-air gymnasium on a lot held by trustees for the church. The lot is just to the rear of the pastor's home. A combination tennis, basketball and indoor baseball ground is there. In the spring a swimming pool will be erected. Also swinging rings and walking ladders with traps.

(This is my favorite item. Of course, the gymnasium was never built).

**The W.M.U.**

In September, the W.M.U. was organized to work on a large scale. The one hundred and eighty six members were divided into eight circles, each having a chairman, secretary and treasurer. These officers have to report to the four general officers. The circles meet at the different homes once a month. Every quarter there is a general meeting of all the circles together at the Baptist Temple where an interesting program is rendered. Each circle carries out the monthly missionary program and a free-will offering is taken at each meeting, the money to be used as the general officers direct.

There are no dues but every member is expected to contribute to missions each Sunday, through the envelope system into the Church treasury.

The following general officers were elected: Mrs. E.M. Carroll, president; Mrs. Loring, vice-president; Mrs. Savage Scott, secretary; Mrs. John Abrams, treasurer.

The general officers see that the work is carried out, introducing the personal service work and study classes. Following are the groups and chairmen: Philo Fox Circle, Mrs. Chas. Marshall; Jeannie Spalding Circle, Mrs. Lossing; Kathleen Mallory Circle, Mrs. DeCoursey; Mattie Guynn Circle, Mrs. Gatchel; Nellie Turner Circle, Mrs. Gelger; Peelman Circle, Mrs. Houston; the Business Women's Circle, Mrs. David Spear; the Y.W.A., Mrs. Hyman and Mrs. Ryan.

We hope to accomplish great things for the Lord during the next year.

## 'A Karing Act' visits Good Sam

By Marva Hawkins  
Herald Correspondent

The Kappa Sigma Omega chapter of Alpha Kappa Sorority, Inc., of Sanford, has instituted a standing program entitled "A Karing Act". This program is aligned with Alpha Kappa Alpha's signature programs, economics, the Black Family and Connection.

Sunday, Oct. 2, a group of Alpha Kappa Alpha Sorority members visited the Good Samaritan Home to deliver 13 bags of personal items. The bags contained socks, toiletries and stationary for the use of the home's residents. It is the goal of Alpha Kappa Alpha Sorority to connect and provide service to the Sanford community.

# International Day

Herald photos by Steve Paradi

Members of the Mars Hill Seventh Day Adventist Church, left, in Sanford carry in flags representing nations from where members of the congregation originated. Flags represented members from such Caribbean nations such as Jamaica, Haiti and St. Lucia; African and South and Central American nations such as Angola, Venezuela and Costa Rica. England, Bermuda, and other island nations were also represented as well as the United States. The congregation gave a special tribute to Sanford Mayor Linda Kuhn, below left. Lillian Henry gives her flowers in a special presentation of unity and support for the mayor and the city of Sanford. Head Elder Hollis Henry said this could be an annual event, and Kuhn agreed. She said the city needs its faith-based communities to help respond to needs, especially following natural disasters such as hurricanes. Henry said the church has "one common purpose" to make the church and city better.

## Stetson's Corner If you've got your health

Most people know that October is Breast Cancer Awareness Month, but I discovered that it is known for a couple of dozen other health related topics as well. Starting at the beginning of life, October is awareness month for Pregnancy and Infants, Healthier Babies, Child Health, and SIDS (Sudden Infant Death Syndrome). Florida Hospital Orlando will be holding What to Expect When You're Expecting, a free monthly seminar on Thursday Oct 13. Call 407-303-1444 Option B for details to register. Unfortunately another birth defect is Spina bifida which affects one out of every 1,000 newborns and affects more babies than cystic fibrosis, muscular dystrophy, and multiple sclerosis combined. It is the most frequently occurring, permanently disabling birth defect - October is Spina Bifida awareness month. Cystic Fibrosis is a national focus the second week of October.

AIDS Awareness Month is also a national focus, and the Hispanic Community in Florida will be holding AIDS testing and Health Fairs throughout the month. Contact Pastor Maritza Gonzalez for details at medv2004@earthlink.net. The next Health Fair will be held October 15th at 1950 Lee Road Suite 123, Winter Park at MedV, Inc. October 15th will be National Latino Awareness Day for HIV/AIDS, supporting the commitment of ending the epidemic and ensuring quality of life to those with it regardless of Spanish speaking country of origin or immigration status. In

the autoimmune category, October is also national Lupus awareness month. An important medical concern going into fall is cold and flu season. October showcases both Flu & Pneumonia awareness month as well as Adult Immunization Awareness Week. Especially if you are elderly or have children, the flu shots are important. Families are given focus in October with Family Health, Family History, and Family Sexual Education, while Physical Therapy and American Pharmacy month are featured in October as well.

The eyes have it this month with Glaucoma Awareness and Blindness Awareness as well as October 15th which was designated "White Cane Safety Day" dedicated to improved safety and elimination of barriers for the disabled. October is also Disability Employment Awareness Month and Disability Awareness month.

Finally October is also Brain Injury, Spinal Health, Healthy Lung, and Mental Illness Awareness Month. There are several weeks of medical and health related topics: The second week of October is Healthcare Quality, Emergency Nurses, and Nephrology (Kidney) Technologist awareness. The third week of October is Infection Control and Health Education Week.

Food, it turns out, is a big deal in October featuring some of my personal favorites: Pasta, Pizza, Pickled Peppers, Poppin' Popcorn, Pretzels, Seafood, Apple, Seafood, Caramel, Dessert, and Vegetarian month. Whew, I'm hungry now. And speaking of great food, October is also Polish American, German American, and Hispanic (Sept 15-Oct 15) Heritage Month.

We celebrate several professions in October: Clergy/Pastor Appreciation, Cosmetology, Crime Prevention, Medical

Librarians, American Pharmacy, and Fire Prevention. And finally we end on a light note with the following hobbies and interests: Stamp Collecting, Drum, Country Music, Kitchen & Bath, Book, Computer Learning, Magazine, Rollerskating, Car Care, Auto Battery Safety (is it the positive or negative terminal?), Dinosaur, Sarcastic Awareness, and Adopt a Shelter Dog.

Boy, a little awareness goes a long way! If this makes you curious what is going on in a different month check out [www.butlerwebs.com/holidays](http://www.butlerwebs.com/holidays) and see famous events and birthdays. For example Thursday October 13th is Navy Day, celebrating the establishment of the US Navy in 1775. October 14th, Winnie the Pooh was published in 1926, and Chuck Yeager broke the sound barrier in 1947. Theodore Roosevelt was shot by a saloon keeper on October 14, 1912 in a failed assassination attempt. The bullet lodged in his chest was considered too dangerous to remove and stayed in Roosevelt until he died over 6 years later.

So let's all be careful out there, and remember what your parents always told you, "When you've got your health, you've got everything."

P.S. Don't forget the Geneva Citizens Association will be meeting on Monday October 17 with Seminole County Commissioner Brenda Cany addressing the audience, speaking about the East Rural Lands Study. This is a general meeting, open to all Geneva residents at the Community Center at 7 p.m. Please attend if you can.

We need you to tell us what you know that is good about Geneva! Please share your information, ideas and comments by calling 407-221-7002, via e-mail at [karenmphilips@bellsouth.net](mailto:karenmphilips@bellsouth.net), (please put "Stetson's Corner" in the subject line), or with a fax to 407-349-2800. Thanks!

Trans-Life Center Director Dr. Robert Mezger shares the joy of 30 years of his single transplant patient Mary Guess Holt.

## True story starts in 1969 New York City

This true story began in 1969 when Mary Guess Holt was living in New York. Ms. Holt was having a physical to apply for a job, when the medical doctor told her that she had high blood pressure and needed to get it under control or it could lead to an early death.

After a decision to return to Sanford and apply for a job at the Sanford Hospital in 1973, she says she became ill and the doctors said her kidneys had shut down and all of her body functions had also begun to shut down.

Ms. Holt was sent to Gainesville Medical Hospital where she was stabilized and sent to Orlando, under the care of Dr. Robert Mezger of the Orlando Kidney Center, where she was placed, three times a week, on the kidney machine where he mother, Venus Guess and her son, Chucky Guess saw that she made every appointment.

Ms. Holt said in 1975, Dr. Mezger told her a transplant would be possible after testing many of her family members. It was determined that her father, Ernest Bellamy was a perfect match for the transplant operation.

Ms. Holt's father says Dr. Mezger had three kidneys. Yes, it was as if God knew he would have to share one with her, she said.

The miracle for Mary Holt is that she has celebrated 30 years of being the longest transplant patient with one single transplant, under the direction of Trans Life Center and Dr. Robert Mezger.

Dr. Mezger shared the evening of celebration with his patient Mary Holt, who gives all of the glory to God for the good health she now enjoys. With a big smile on her face and joy in her voice, she enjoyed the celebration planned by her son Chucky, with her sisters, family and friends. Rev. Robert Whitaker, pastor of Mt. Zion Primitive Baptist Church gave the blessing of the evening.

contract that all candidates said they felt okay with, so commissioners reneged their offer to White and went with Yehl, who was happy to oblige.

Yehl has been working in the public sector since 1972. His latest job was as the general manager for The Woodlands, a high growth, master-planned community of more than 80,000 residents in Texas.

Before Woodlands, he was the city manager for West University Place in Texas, and he also served as the assistant city manager of Des Moines, Iowa.

Yehl said he's always been focused on his career in government. In the 8th grade he knew he wanted to work in government, and by the time he was a sophomore, he knew he wanted to be a city manager.

"I've enjoyed 95 percent of it," Yehl said.

Yehl moved to Sanford with his two rescued Beagles De Shadow and Margo. In Houston, Yehl was a foster parent for Lost and Wayward Beagles. He said he enjoyed fostering eight or nine Beagles.

"The first time it was tough giving the Beagle away, [but] you feel a little better knowing they are going to a good home," Yehl said.

The first week on the job Yehl worked on important issues facing the city right now, such as development issues, internal issues with the city, such as the police and fire union negotiations, and getting up to speed on the possi-

ble voter referendum for a new public safety complex that would house both Sanford Police Department and Fire Department.

"It's actually pretty exciting," Yehl said.

Right now, he's getting acclimated and trying to get as much face-time with Mayor Linda Kuhn, the commissioners, and the department directors. He said the first commission meeting he attended Monday night went well.

But, Yehl admits that Sanford is in a critical state right now because of growth. Sanford is going from a position of 'any growth is good', to 'let's get quality growth', Yehl explained. He explained the difficulty growth brings to the community, both to the residents and the developers, because they all have expectations.

"A city changes once it hits 50,000 [residents]," Yehl said.

Yehl wants to create a 5-year staffing and budgeting plan, so that they can be ready for the growth and the changes that will bring. He said he wants the city to be ready on a staffing level.

As for Sanford's new public safety complex, which will be on the commission's agenda next meeting, he said the focus right now is on the size, how much the city's willing to spend, and how to go about informing the public.

Commissioners discussed Monday the possibility of having a voter referendum for a general bond issue to the tune of approximately \$15 million.

"Voter referendums are always a cost factor," Yehl

said. Especially when the city is talking about an increase in property taxes, he added.

Yehl said that it is easy to be against something, especially when it comes to taxes, but he toured the current police station and said it is apparent that there is a need for a new complex. He said the building is now leaking, and the police department building is currently over capacitated.

rently over capacitated.

"It affects morale; it affects accreditation," Yehl said.

He noted that the city needed to make the best use of the land they have, and that developing one site for both the police and fire departments is a great plan.

"I'm real impressed by the way the Chiefs [Brian Toohey and Jerry Ransom] have been willing to do this together," Yehl said.

On Wednesday, Yehl said that after three days on the

job, he's exhausted. He said he's glad for that though, because he likes to work hard, especially with two daughters in college.

Both daughters are going to school in the Chicago area, one is a senior studying English literature and journalism, and the other is a freshman who is thinking about studying early childhood development.

"There's just plenty to do, and I'll be busy for awhile," Yehl ended.

### MLB CHAMPIONSHIP SERIES CONTINUE

The Major League Baseball Championship Series' were both tied at one win apiece heading into Friday night's American League Championship Series game between the Chicago White Sox and Los Angeles Angels at Anaheim.

Sanford's David Eckstein had a big night on Wednesday as the St. Louis Cardinals defeated the Houston Astros, 5-3, in Game 1 of the National League Championship Series. Eckstein was 2-for-4 with two runs scored and an RBI.

But on Thursday the Seminole High grad was 0-for-3 with a walk as the Cardinals fell to the Astros 4-1.

Both series will be in action today (Saturday) and tomorrow with St. Louis in Houston at 3 p.m. and the White Sox in Anaheim at 7:30 p.m. both days.

Game 5 of the NL series will be played on Monday at 7 p.m.

If neither series has a winner by that time, the AL will play on Tuesday at 7 p.m. and Wednesday at 8 p.m. back in Chicago, while Games 6 and 7, if necessary, will be in St. Louis on Wednesday, 8 p.m., and Thursday.

The World Series will open in the AL Champions city next Saturday.

## Lyman clinches third straight playoff spot

By Dean Smith  
 Herald Staff

The Lyman Greyhounds clinched their third straight trip to the playoffs with a 41-0 whitewashing of Pine Ridge in Class 5A-District 3 play Friday night.

With wins over Lake Howell and Pine Ridge, the Greyhounds, 4-2 overall and 2-0 in 5A-3, will finish no worse than second no matter what happens again Mainland, which eliminated the Silver Hawks with a 48-6 victory Friday at Richard L. Evans Field.

## The Master's Academy gets win and Lake Mary Prep finally scores

Lake Howell was playing inspired football, but still had to have heavy hearts, as they tried to win in memory of senior tight end/linebacker Gil McLain, who was killed in a motorcycle accident on his way to school Friday morning. McLain was playing his first season with the Silver Hawks after transferring from Lyman this year. Winter Springs tuned up for a run at

a playoff spot by edging Timber Creek, 21-13. The Bears are 4-3 overall and 1-1 in Class 6A-District 2 with a home game against Seminole next week and then a road trip to face Oviedo. The Lions are unbeaten in district play, but hosts fellow unbeaten Lake Brantley in a monster game next Friday.

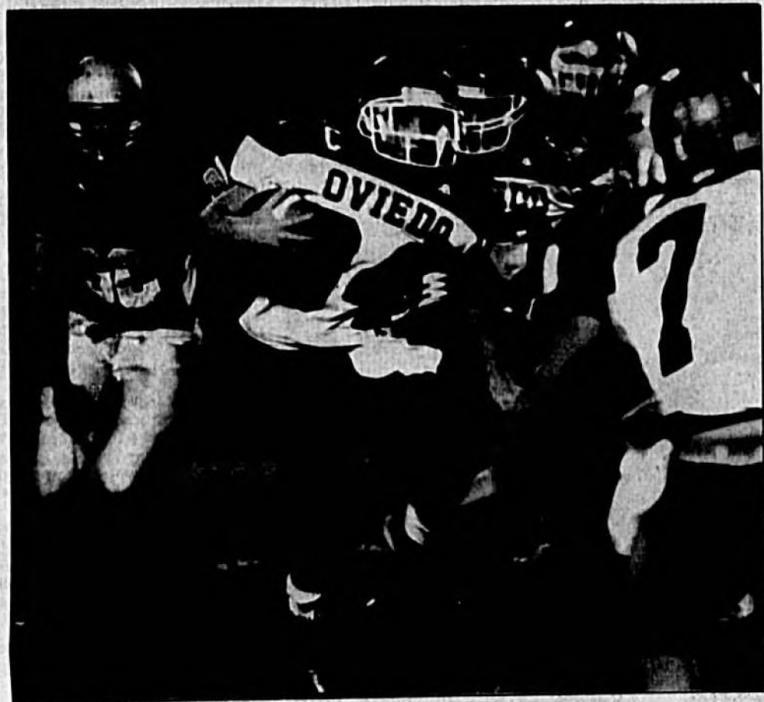

The Master's Academy got its first victory of the season, but Lake Mary

Prep got a win of sorts, also, as the Griffins finally scored their first points of the season in a 51-6 defeat at the hands of the Eagles.

Trinity Prep continues to struggle after a fast start, getting blown out, 42-14, by Pierson-Taylor High School in a district game on Friday.

Orangewood Christian put a big scare into Deltona-Trinity Christian on Thursday, but Trinity was able to score a touchdown with 40 seconds left to edge the Rams, 14-7, in a crucial Class 1B-District 4 game Thursday night.

## Oviedo shuts down Rams

## Lions hold off Lake Mary to set up showdown with Lake Brantley in 6A-2

By Tony DeSormier  
 Special to the Herald

LAKE MARY — It may be the same old song, but Coach Greg Register and his Oviedo Lions never get tired of it.

"Defense wins championships," said Register. "That's what we've always preached and that's how we play. Our defense stepped up tonight and did a great job against a good offensive team."

With the Lion defense keeping Lake Mary quarterback Sean Connolly and the Rams out of the end zone for most of the night, Austin Watson and Oviedo offense gathered enough points to nail down a 27-13 win in the 6A-District 2 battle Friday night.

Watson, who rushed for 176 yards on 13 carries, did most of his damage in the game's final 3:20 when he gained 129 yards and scored two touchdowns on four carries.

"That was fun to watch, wasn't it?" said Register. "That's going to happen when the defense is bunched up, trying to stop the short gains and get the ball back. I would have done the same thing in their position and the same thing could have happened."

Two of Watson's last four carries went for 59 yards each. On both plays, Watson took a quick pitch, cut through line, juke past a defensive back, and had plenty of open space in front of him.

"It's a great feeling to get the ball when the game's on the line," said Watson. "I want to have the ball in that situation. When the offensive line makes the blocks, I feel I can make the plays to help us win."

Oviedo dominated much of the first half, building a 14-0 lead while limiting Lake Mary to minus 2 yards on the Rams' first 12 offensive plays.

Jordan Dalrymple put the Lions on the board at 5:20 of

the first quarter with a 2-yard touchdown run that capped a seven-play, 80-yard drive. Charlie Koepsell patted the lead with a 71-yard punt return for a touchdown with 4:34 remaining in the half.

That's when Lake Mary coach Scott Perry put the game in the hands of Connolly, who nearly engineered a comeback of John Elway-like proportions.

After completing one of three passes on the Rams, first four possessions, Connolly spent most of the rest of the night running the Lake Mary attack out of the shotgun, often going without a huddle to try to disrupt the Oviedo defense.

It nearly worked. Connolly ended up completing 20 of 36 passes for 262 yards and a touchdown, a 34-yard toss to Mark Layton (eight catches, 106 yards). He also scored the Rams, first touchdown on a 1-yard sneak with 2:27 left in the first half.

"We had a chance to win it," said Lake Mary coach Scott Perry. "If we had had a little more time, we might have been able to do something there at the end and pull out a win."

Oviedo (6-1 and 2-0 in district play) will host Lake Brantley (5-2 and also 2-0 in the district) in a critical 6A-District 2 contest next Friday night while Lake Mary (3-4, 1-2) will play Lake Howell in a Seminole Athletic Conference game. Both games will begin at 7 p.m.

Oviedo's Austin Watson (No. 34, above) ran for 176 yards on 13 carries, most coming in the final 3:20 when he ran for 129 yards on just four carries and scored two touchdowns, to deny a Lake Mary rally led by quarterback Sean Connolly (No. 18, left), who completed 20-of-36 passes for 262 yards and a touchdown to Mark Layton Jr. and also scored the other Rams' touchdown on a quarterback sneak as he picked up the slack with star running back Kashif Valiot hobbled with a bad ankle, as the Lions remained unbeaten in Class 6A-District 2 play with a 27-13 victory at Don T. Reynolds Stadium Friday night.

## Patriots power past Tribe

By Dean Smith  
 Herald Staff

SANFORD — Local fans got an opportunity to see the difference between a talented team going good and an equally talented team that is struggling.

Lake Brantley quarterback Bryan Bearden had another outstanding all-around game and the defense was solid as always as the Patriots did their part in setting up next week's district showdown with Oviedo by blanking Seminole, 29-0, in a Class 6A-District 2 game at Thomas E. Whigham Stadium Friday night.

Bearden ran for one touchdown and threw for two others to emerging star junior Rhett Hamrick, all in the first half, and Bill Pigozzi boomed through three field goals and added a pair of extra points as Lake Brantley improved to 5-2 overall and 2-0 in 6A-2.

The Fighting Seminoles, which fell to 1-6 overall and 0-3 in district play, got some good plays from quarterback Travis Goodine and running back Julian Brown and defensively Arthur Sippio had several tackles for losses, but every time the Tribe seemed to have something going, they would shoot themselves in the foot with a turnover or needless penalty.

Bearden got the Patriots on the board in the first quarter with a 27-yard touchdown run and the visitors increased the advantage to 13-0 early in the second quarter on a Bearden 44-yard pass to Hamrick, a 6-foot-5 junior who was just too much for Seminole to handle. The extra point was blocked this time.

The Tribe had a chance to cut into the lead midway through the second period when an

interception and return by Michael Tanner gave Seminole the ball at the 50. The hosts looked very good at that point as they moved the ball 35 yards on four plays to the 15.

But then the gremlins kicked in, an incomplete pass, a two-yard loss, a personal foul, a complete pass for a two-yard loss and an incomplete pass gave the ball back to Lake Brantley at the 32.

The Patriots took advantage on the strength of the passing combo of Bearden to Hamrick.

Four times the duo hooked up on the 68-yard drive, the first for 19 yards, the second for 23, the third for 24 and a first down at the four with 27.7-seconds left in the half and finally a 5-yard touchdown. Pigozzi added the extra point and the score was 20-0 at halftime.

Both teams were plagued with a rash of penalties in the second half and Seminole made a couple of big turnovers.

Pigozzi was the recipient of the breaks as he nailed field goals of 31, 27 and 47 yards, into a cross wind, for all of the points in the second half.

A microcosm of the Tribe's problems could be seen in their last possession as freshman Ray Ray Armstrong came off the bench to play quarterback and had two potential touchdown passes dropped by wide open receivers in the end zone.

The two teams will play in the two most important games next Friday as Lake Brantley will be at Oviedo to take on the fellow district unbeaten Lions in a 7 p.m. game at John Courier Field, while Seminole will be at Winter Springs' A.W. Epps Sports Complex to take on the Bears, who ran their record to 4-3 with a non-district win at Timber Creek on Friday. That game too will begin at 7 p.m.

 Lake Brantley senior quarterback Bryan Bearden (No. 4) had another big all-around game, running for one touchdown and throwing for two more, leading the Patriots to a 29-0 victory over Seminole at Thomas E. Whigham Stadium Friday night.

# Geneva's Gunderson to represent the United States

Special to the Herald

GENEVA — USA Tennis Florida's Dr. Belmar Gunderson of Geneva will be part of the American contingent that will represent the United States at the 2005 Senior World Tennis Championships which get underway this week in Antalya, Turkey.

Gunderson, recognized as one of the world's best players in her age group, was selected by the United States Tennis Association (USTA) to play for the U.S. Alliea Gibson Cup Women's 70 team in the International Tennis Federation (ITF) sponsored event that runs from Oct. 17-22.

Gunderson was one of two USA Tennis Florida seniors to make the U.S.

team. Sarasota's Clem Hopp, who was on last year's squad, will compete on the U.S. Betsy Grant Cup team for men 75 and over.

The 71-year-old Gunderson, who shows no signs of slowing down, brings a wealth of experience and a champion's pedigree to this year's U.S. team.

Although Gunderson excelled in many sports as a kid, including hockey and football, tennis was her destiny. She started playing tennis at 12 and during her storied career she had competed in 10 U.S. Championships, three Wimbledon Championships and one French Open Championship. One of her more satisfying moments included celebrating her 21st birthday with a win over Wimbledon champion Louise

Brough at Forest Hills in 1955. Since 1994 she has won 11 national doubles titles in three different senior age groups since 1994.

While Gunderson accomplished much on the tennis court, she may have distinguished herself more off the court, particularly as an advocate for women's intercollegiate sports in the 1960s and '70s. She was the catalyst in the development of women's programs in the 1970s at both the University of North Carolina-Greensboro (as a student) and the University of Minnesota (as a faculty member), helping lay the foundation for today's intercollegiate women's programs.

At Minnesota she was called the "mother of women's intercollegiate

sports." As the women's Athletic Director, she started 10 women's varsity sports and established a separate annual operating budget of \$330,000 when she left the school in 1977. She also was responsible for establishing the Patty Berg Scholarship Fund (in 1976) named after legendary golfer Patty Berg.

Her contributions to the sport of tennis and to women's sports have earned Gunderson recognition, admiration and respect. She was inducted into the Northern Tennis Hall of Fame, the University of Minnesota Hall of Fame, the charter class of UNC-Greensboro's Athletics Hall of Fame, the Intercollegiate Tennis Association Hall of Fame and last year the ITF Hall of Fame.

# Fall Prep postseason hits fever pitch this week

By Dean Smith  
Herald Staff

In a weird set of circumstances, the Fall Prep postseason will shrink and grow at the same time this week.

The golf teams have already narrowed its field of teams and players after holding their district tournaments last Monday and Tuesday and the linksters will get down to the nitty-gritty when they decide who advances to state when regional tournaments are held on Monday and Tuesday.

The Seminole Athletic Conference Slowpitch Softball League will enter the postsea-

son on Monday and close on Tuesday with its Championship Tournament, while most of the volleyball district tournaments will open on Monday and Tuesday and the swimming and diving district meets will be held next Thursday and Friday.

There was almost an upset right off the bat in boys' golf as defending Class 2A State Champion Lake Mary, the odds on favorite to repeat, barely made it out of district by the slimmest of margins, placing third by one stroke in the Class 2A-District 5 Tournament at New Smyrna Beach Golf Club. Spruce Creek, the only team

to beat the Rams in the regular season, cruised to the district title, posting a 290 to win by 16 strokes over Seminole, with a 306, and Lake Mary, which shot a 307 to edge Seabreeze and New Smyrna Beach, which both shot 308's.

That the Rams even earned the spot in the regionals was amazing as two of their top three players did not play in the district.

The Fighting Seminoles were led by Brian Mulvin with a 68 and Joe Bynum with a 75. Griffin (80) and Virgee (83) rounded out the Tribe team scoring.

Lake Mary's Raj Nahal tied

Mulvin for second overall with a 68, while Paul Moxen posted a 76, Chris Wilson an 80 and Cody Bass an 83 for the Rams.

Spruce Creek and Seminole will join host Lake Mary on Tuesday for the Class 2A-Region 2 Tournament at Timacuan Golf & Country Club on Tuesday starting at 10 a.m.

The roles were reversed a little in the Class 2A-District 7 Boys' Tournament at Oviedo's Twin Rivers Golf Club as the host Lions were the only local team to advance to the regional.

Winter Park (306) and Edgewater (311) finished ahead of Oviedo (317) with Lake

Howell (321), Winter Springs (324), Lake Brantley (328) and Lyman (353) finishing out of the money in fourth, fifth, sixth and eighth, respectively.

The Lions, which were led by Adam Kipi's 77, will be the host team again for the Class 2A-Region 3 Tournament, but this time it will be held at Black Bear Country Club in Eustis on Tuesday at 9 a.m.

Seminole County private schools swept in the Class 1A-District 10 Boys' Tournament at the Daytona Beach Municipal Golf Club with Trinity Prep (293) winning by 14 strokes over Lake Mary Prep (307). The Master's Academy shot a 336 to earn the third spot over Matanzas (341).

Orangewood Christian (357) tied for fifth, Hagerty (372) was seventh and Crooms Academy (399) finished ninth.

Joe Schrader of the Saints won medalist honors by edging the Griffins' Camden Parks in a playoff. Both shot 70's in regulation.

Orlando's Circle Christian will be the host school for the Class 1A-Region 4 Tournament, but it will be played on Monday at Tusawilla Country Club in Winter Springs.

In girls' tournaments: Lake Mary finished third behind favored Flagler Palm Coast and Seabreeze in the Class 2A-District 2 Tournament at the New Smyrna Beach Municipal Golf Club.

The Rams quartet of Kathryn Conner (80), Krystal Bounleutay (86), Nicole Agnello (87) and Melody Williams (87) shot a combined 340 to advance to Monday's Class 2A-Region 2 Tournament at Palm Harbor Golf Course in Palm Coast.

In the Class 2A-District 7 Tournament, defending individual state champion Jessica Yaloczek shot a 68 as Lake Howell dominated at the Winter Springs Golf Club.

The Silver Hawks' Jordan Hage (74) and Melissa Magdor (76) finished second and third, with Jordan Lazenby coming home fifth with an 82 as Lake Howell shot a 300 to win by a whopping 59 strokes over Lake Brantley. Winter Park shot a 366 to top the host Bears (409).

Edgewater (427) and Oviedo (474) for the final regional bid.

Winter Springs' Kaitlyn Edwards finished fourth individually with an 80 to also earn a spot in the regionals.

The Class 2A-Region 3 Tournament will be held on Tuesday at Sebring Municipal Golf Club.

In the Class 1A-District 10 Tournament at Hidden Lakes Golf Club in New Smyrna Beach, Trinity Prep shot a 484 to finish second behind Port Orange-Atlantic (337). Lake Mary Prep's Sherlyn Popelka won medalist honors, and a spot in the regionals, with a 68.

The Class 1A-Region 4 Tournament will be held at the Cocoa Beach Country Club on Monday.

The Top 3 finishing teams and Top 3 individual scorers, if not on the top three teams, will advance to the FHSAA Finals to be held on Tuesday and Wednesday, Oct. 25-26, in the Fort Pierce area.

The Class 2A boys will play at Hammock Creek Golf Course, the 2A girls at Pointe West Golf Course, the 1A boys at Fairwinds Golf Course and the 1A girls at The Saints' Golf Course.

Defending champion Seminole completed a perfect 14-0 regular season in the Seminole Athletic Conference Slowpitch Softball League by edging Lake Mary, 3-1, and Oviedo, 5-4, on Tuesday.

The Fighting Seminoles have now won 33 straight games heading into the SAC Tournament on Monday.

The opening round will be held at Oviedo's Hagerty High School with No. 2 seed Lake Brantley (11-3) taking on No. 7 Lyman (3-11) at 4:30 p.m.; No. 3 Winter Springs (10-5) facing No. 6 Lake Mary (5-9) at 5:30 p.m.; No. 4 Oviedo (8-6) battling No. 5 Lake Howell (6-8) at 6:30 p.m.; and the No. 1 Tribe (14-0) meeting the No. 8 Huskies (0-14) at 7:30 p.m.

The semifinals and Championship Game will be played at Lyman's Carlton D. Henley Sports Complex on Tuesday.

# UCF at Southern Miss for a C-USA matchup

Special to the Herald

The UCF Golden Knights (3-2, 2-0 C-USA), who have claimed three victories in a row, travel to Hattiesburg, Mississippi today (Saturday) to face the Golden Eagles of Southern Miss.

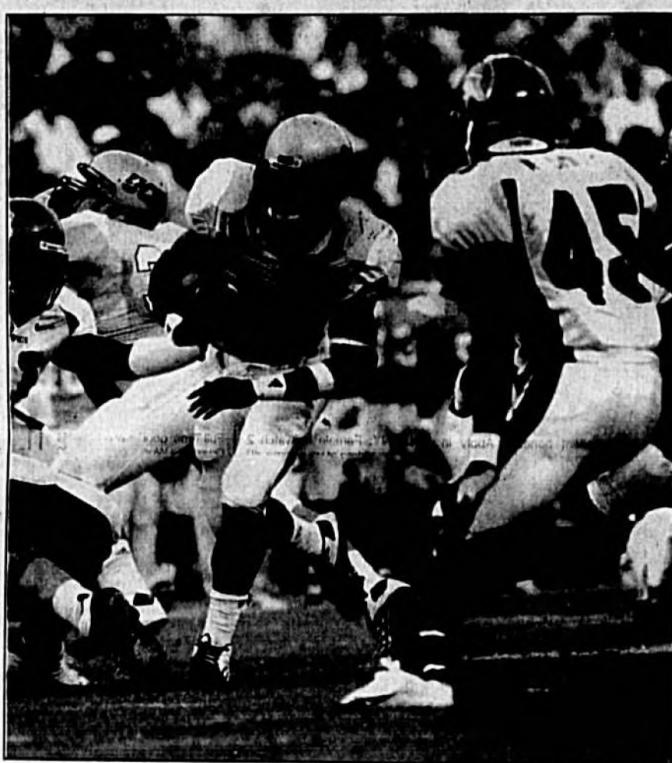

UCF is coming off perhaps its most impressive win of the season, a 38-17 victory over Memphis last week. The Golden Knights now stand alone atop Conference USA's East Division. UCF is also only the third team in NCAA history to win three games in a row after going 0-11 the previous season. Kickoff is set for 7 p.m. ET at M.M. Roberts Stadium.

The game will be broadcast as part of CSTV's "All-Access" package. Digital cable subscribers can call 888-SPORTS-IN or contact their local cable operator. In Orlando, the game is available on Bright House Networks channel 505 on a pay-per-view basis. The game will not be carried on DISH Network this week.

The UCF ISP Network and its flagship station 740-The Team AM (WQTM) will broadcast the game live. Marc Daniels will once again have the call with Gary Parris. Jerry O'Neill will handle the sideline duties. Network affiliates include WMMV-1350 in Cocoa, WDCF-1350 Dade City, WRDD-1340 in Daytona Beach and WMMB-1240 Melbourne.

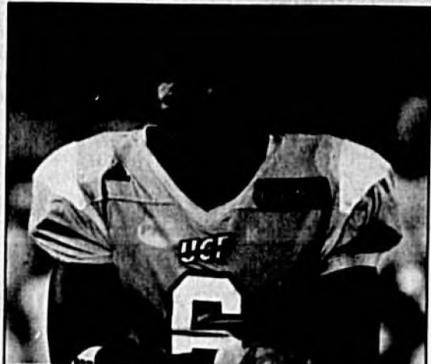

Fans looking for a more extensive preview and UCF head coach George O'Leary's thoughts on Southern Miss, should tune into "The George O'Leary Show," which will air today at 1 p.m. on

True freshman Kevin Smith (No. 24, above) has rushed for over 100 yards in back-to-back games, including carrying the ball 31 times for 164 yards and one touchdown last week against Memphis, while senior wide receiver Brandon Marshall from Lake Howell (right), who had four catches for 137 yards and two touchdowns against the Tigers, has caught 28 catches for 420 yards and six touchdowns in the first five games this season.

# More Sanford Baseball History

Compiled by Nick Pfeiffert  
Herald Staff

Last week I wrote about the history of organized baseball in Sanford, beginning in the 1890's, and running through 1950 when the original ballpark in Sanford was condemned.

Let's continue that historical listing, prepared through the cooperation of the Sanford Museum.

1951 - Sanford Naval Air Station is reactivated for the Korean War. The New York Giants approach the Sanford city Commission to provide a facility for their team. A new municipal stadium is planned to house the local ball club and to provide facilities for spring training games for New York Giants farm system.

May, 1951 - New Municipal Stadium under construction. Dedicated to the war dead of World Wars I and II. The stadium is designed by Sanford architect Elton J. Moughton. It seats 2,362 people. Construction was by Jarco Construction Company. The original colors were silver and black.

May, 1952 - Sanford Memorial Stadium is completed at a cost of over \$180,000.

1950's - Hall of Famers

Willie McCovey, Juan Marichal and Orlando Cepeda are among the hundreds of baseball stars who play at the Sanford Memorial Stadium while at spring training with the Giants farm system.

Feb. 1957 - The dormitory for Giants' farm teams was constructed on the corner of Mellonville and Celery Avenues, the former site of the municipal ballpark.

1960's - Ken Harrelson went on to a major league career after playing with Sanford's Florida State League team at the Sanford Memorial Stadium.

1975-77 - Tim Raines Sr. plays many games at Sanford Memorial Stadium while playing for Seminole High School and American Legion Post #53. He will go on to steal more than 800 bases and become one of the top players in major league baseball.

1980's - The Miami Amigos of the newly former Inter-American League hold spring training at the Sanford Memorial Stadium under manager Davey Johnson.

That's as far as the historical document from the Sanford Museum goes. From that point, I leave the Sports News to Dean Smith at the Sanford Herald.

NOTICE

The St. Johns River Water Management District has received the application(s) for Environmental Resource Permit(s) from:

Christopher J. Edebohn, 1191 Stanley St., Longwood, FL 32750, application #40-117-101580-1. The project is located in Seminole County, Section 09, Township 21 South, Range 30 East. The ERP application is for construction of a surface water management system for a 1.01-acre development known as the Edebohn Warehouse.

GW Partners, 2070 S. Orange Blossom Trail, Apopka, FL 32703, application #40-117-101803-1. The project is located in Seminole County, Section 16, Township 21 South, Range 29 East. The ERP application is for construction of a surface water management system for a 0.73-acre, commercial development known as Florida Choice Bank Atlanta.

The file(s) containing each of the above-listed application(s) are available for inspection Monday through Friday except for legal holidays, 8:00 a.m. to 5:00 p.m. at the St. Johns River Water Management District Headquarters or the appropriate Florida Administrative Code. Persons may choose to pursue mediation as an alternative remedy under section 120.573, Florida Statutes, before the deadline for filing a petition. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for pursuing mediation are set forth in section 120.573, Florida Statutes, and rules 28-108.111 and 28-108.401-404 Florida Administrative Code. Petitions must comply with the requirements of Florida Administrative Code Chapter 28-106 and be filed with (received by) the District Clerk located at District Headquarters, Highway 100 West, Palatka, FL 32177. Petitions for administrative hearing on the above application(s) must be filed within twenty-one (21) days of publication of this notice or within twenty-six (26) days of the District depositing notice of this intent in the mail for those persons to whom the District mails actual notice. Failure to file a petition within this time period shall constitute a waiver of any right(s) such person(s) may have to request an administrative determination (hearing) under sections 120.569 and 120.57, F.S., concerning the subject permit. Petitions that are not filed in accordance with the above provisions are subject to dismissal.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the District's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the District on the applicant have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for pursuing mediation are set forth in section 120.573, Florida Statutes, and rules 28-108.111 and 28-108.401-404 Florida Administrative Code. Petitions must comply with the requirements of Florida Administrative Code Chapter 28-106 and be filed with (received by) the District Clerk located at District Headquarters, Highway 100 West, Palatka, FL 32177. Petitions for administrative hearing on the above application(s) must be filed within twenty-one (21) days of publication of this notice or within twenty-six (26) days of the District depositing notice of this intent in the mail for those persons to whom the District mails actual notice. Failure to file a petition within this time period shall constitute a waiver of any right(s) such person(s) may have to request an administrative determination (hearing) under sections 120.569 and 120.57, F.S., concerning the subject permit. Petitions that are not filed in accordance with the above provisions are subject to dismissal.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the District's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the District on the applicant have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

NOTICE OF AGENCY ACTION TAKEN BY THE ST. JOHNS RIVER WATER MANAGEMENT DISTRICT

Notice is given that a permit modification was issued by letter on May 18, 2004.

BANFORD AIRPORT AUTHORITY, 1200 Red Cleveland Boulevard, Sanford, FL 32773, Letter Modification of Permit #4-117-22192-28. The project is located in Seminole County, Section 8, Township 20 South, Range 31 East. The Letter Modification authorizes the modification of a surface water management system known as THE ORLANDO SANFORD AIRPORT SOUTHWEST BASIN (Permit No. 4-117-22192-28). The modification consists of the PLACEMENT OF 41,842 SQUARE FEET OF IMPERVIOUS SURFACE TO CONSTRUCT A SERVICE FACILITY FOR AVIS RENT-A-CAR. The receiving waterbody is ST. JOHNS RIVER.

The file(s) containing the application for the above listed modification is available for inspection Monday through Friday except for legal holidays, 8:00 a.m. to 5:00 p.m. at the St. Johns River Water Management District (District) Headquarters, 4049 Reid Street, Palatka, FL 32178-1429. A person whose substantial interests are affected by the District permitting decision may petition for an administrative hearing in accordance with sections 120.569 and 120.57, Florida Statutes, or may choose to pursue mediation as an alternative remedy under section 120.573, Florida Statutes, before the deadline for filing a petition. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. ### ABOUT SOUTHERN MISS

Southern Miss (2-2, 1-1 C-USA) is coming off a rare home loss, a 34-17 defeat at the hands of Tulsa. The Golden Eagles are currently ranked 39th in the nation in scoring offense at an average of 29.7 points per game. The offense is led by quarterback Dustin Almond, who has completed 64-of-115 passes and has thrown for six touchdowns this year. Two weeks ago against East Carolina, he completed 23-of-34 passes for 324 yards and two touchdowns, good for the seventh-best passing performance in school history.

Southern Miss has never lost two consecutive C-USA games at home. The Golden Eagles are also one of the better

defensive teams in the country. They are currently ranked 44th in scoring defense, surrendering just 22.7 points per game. The defense is led by All-America cornerback John Eubanks. The senior is currently on the Jim Thorpe Award watch list, which is given annually to the nation's best defensive back.

"I think defensively, they (Southern Miss) are a contact defense," said O'Leary. "They get off blocks quickly and they run to the ball extremely well. I think sustaining blocks, moving your feet and getting to the second level is going to be critical for any success on offense."

Southern Miss wide receiver Antwon Courington ranks among the all-time leaders school history in consecutive games with at least one catch. The senior had two catches for 33 yards last week to extend his streak to 26 games with at least one reception.

### ABOUT UCF

UCF has now won three games in a row, the

longest winning streak in C-USA, and O'Leary feels like his players are coming off their most complete game of the year.

"From a total game standpoint, offense, defense and special teams, they all played well," said O'Leary. "Obviously, we could have played better in some areas (against Memphis), but we played well."

The Golden Knights offense had its most dominant performance of the season in which it racked up 551 yards of total offense. Of those 551 yards, 261 came on the ground. The performance marked the first 200-plus yard game on the ground for UCF in over a year.

Freshmen Kevin Smith led the ground attack with his second straight 100-plus yard game. Against Memphis, Smith carried the ball 31 times for 164 yards and one touchdown. The 164 yards for Smith was the fifth best showing by a true freshman tailback in UCF history.

Junior quarterback Steven Moffett continues to improve during his breakthrough season. For the second straight game, Moffett opened the first quarter perfectly, completing 5-of-5 passes for 89 yards and one touchdown. Moffett finished the game 14-of-21 passing for 290 yards and three touchdowns.

Wide receivers Brandon Marshall and Mike Walker each produced 100-yard receiving games for the second time this season. Walker finished the day with a career-best 10 catches for 157 yards and one touchdown, while Marshall had four catches for 137 yards and two touchdowns.

On the defensive side of the football, UCF continues to limit the opposition's offense. The Golden Knights are currently tied for first in C-USA in scoring defense, allowing just 21.2 points per game. Against Memphis, the Golden Knights surrendered just 17 points, and only three in the second half.
