Rio Delegates Call Special Meet In 1948

Cuba Demands Joint Hemisphere Action To Protect Economic Independence

QUINTANDINHA, Brazil, Aug. 21. (AP)—Tentative agreement was reached today among a majority of the delegations to the 20-nation Hemisphere Defense Conference to call a special Hemisphere Economic Conference in the second quarter of 1948, delegates disclosed.

QUINTANDINHA, Brazil, Aug. 21. (AP)—Cuba formally presented to the Inter-American Defense Conference today a demand for joint hemisphere action to protect what is called "the economic independence" of American states. Guillermo Belt, Cuban ambassador to Washington and assistant to his country's president, told the committee on aggression that "it is impossible to conceive of political independence unless a state also has economic independence."

Belt asked an immediate vote "to accelerate our labors," but the committee ignored the request and adopted a Chilean motion to adjourn until 9 A. M. EST tomorrow.

The presentation of the Cuban demand came after the apparent failure of a series of "coffee table conferences" arranged by Conference President Raul Fernandes, the Brazilian foreign minister, in an effort to avert an almost certain controversy between the United States and Cuba. The island republic's stand was against what is called "economic aggression" or "unilateral economic action."

Truman May Keep War, Navy Heads In Key Positions

WASHINGTON, Aug. 21. (AP)—President Truman, it was reported today, has decided to keep present War and Navy Department leaders at key posts in the new national defense staff.

High White House officials, asking not to be quoted by name, said that was the President's decision.

Presidential Press Secretary Charles C. Ross would not confirm the reports but did say the President will have an announcement on the new defense organization at 3:00 P. M. (EST), news conference.

Mr. Truman already has announced that James V. Forrestal will take over as secretary of national defense under new legislation putting the War and Navy Departments under a single cabinet officer.

As disclosed by White House officials, this will be the line-up in key posts under Forrestal.

John L. Sullivan, now undersecretary of the Navy, will replace Forrestal as secretary when the latter takes his oath as secretary of defense about Sept. 1.

W. Stuart Symington, now assistant secretary of the air force with independent status, will continue as secretary of war, although losing his cabinet status.

All will be given recess appointments, subject to confirmation when the Senate meets again.

Jaycees Report On Booth Funds Drive

Jaycees are still far from the \$5,000 goal which they have set for their tourist program and operation of the new Tourist Information Booth, it was today reported to members of the Sanford Junior Chamber of Commerce at their luncheon at the Mayfair Inn. The report was made by Karlisle Housholder.

Two of the members of the club were given prizes for their efforts in recently raising \$8,100 toward the drive. They were Walter Morgan and James Florida.

President J. Bradley Oltman urged the members to exert more effort to put the drive across, and stated that the Tourist Program being undertaken by the club was very definitely to the interest of Sanford.

Guests were Ralph Loring, Robert Luke and James Bowen.

LEGION IS HOPEFUL
NEW YORK, Aug. 21. (AP)—Donald G. Glasscock, national adjutant of the American Legion, said today there still was a possibility that President Truman would attend the opening session of the Legion's annual convention here next week if his schedule permits.

Tot Rescued From Creek By Vet

NONE THE WORSE for their dunking, Mary Ann O'Rosky, 2, and her pet kitten are shown after the little girl was rescued from a creek near her home in Penn. Pa. The vet was called in when she slipped into the water and the kitten was pulled out. The child and the kitten were rescued by a veterinarian.

Dutch To Resume Indonesia Action If UN Group Fails

THE HAGUE, Aug. 21. (AP)—A high source said today "there can be no doubt" that Dutch action in Indonesia will be resumed on a large scale "if the Security Council, in its meeting tomorrow, should refrain from ordering the Indonesian Republic to cease their present hostilities by which they violate the council's cease-fire order."

The source did not indicate what the direct objectives of military action would be, but a drive to Jogjakarta, the Republican capital, has been discussed in both the Netherlands and Indonesia.

Some political leaders expressed belief that resumption of military action might lead to a split in the Catholic-Labor coalition cabinet, possibly followed by formation of a national emergency cabinet. The powerful Catholic Party openly favors Dutch action on a large scale. The majority of the second cabinet is Catholic.

Truman Visits Hull and King In Hospital

WASHINGTON, Aug. 21. (AP)—President Truman went to the Navy Medical Center at Bethesda, Md., today and visited Cordell Hull and Fleet Admiral Ernest J. King who are in hospital.

The President took flowers to the White House gardens to the former secretary of state and the wartime chief of naval operations.

He also sent flowers to Mrs. Claude Swanson, widow of a former secretary of the navy and inquired about her health, although it wasn't convenient for him to visit with her at the time.

Hull has been a patient in the Navy hospital for several months. It was announced that he went there for rest.

King entered the hospital last week after suffering a mild stroke. A forehead hospital report said he rested fairly well last night and that his general condition remains unchanged.

French Agree On Indo-China Policy

PARIS, Aug. 21. (AP)—The French cabinet was reported to have reached complete agreement today on policy toward rebellious Indo-China.

Official comment was scarce, but the ministers were said to have agreed on negotiations High Commissioner Emile Bollaert is to conduct with unspecified Vietnamese leaders. A previous cabinet meeting rejected Bollaert's proposal to renew talks with President Ho Chi Minh, it was learned.

It was recalled that a spokesman for former Emperor Bao Dai of Annam said in Hong Kong yesterday that negotiations would be started between France and the Bao Dai-controlled "United Front" and not with Ho Chi Minh, who the spokesman said was trying to establish a Soviet domination in Indo-China, a French possession in southeast Asia.

Soviets Use Veto Power Twice At UN

Proposal For Italian And Austrian Membership Applications Rejected

LAKE SUCCESS, Aug. 21. (AP)—Russia today used the veto twice in rapid succession to block action on the applications of Italy and Austria for membership in the United Nations.

These were the sixth and seventh vetoes cast this week and they ran the Russian string to a total of 18 against majority decisions in the Security Council.

On both Italy and Austria, the vote was not the immediate decision, but on Australian proposal to leave the decision up to the General Assembly which meets in New York Sept. 16.

The vote on Austria was 8 to 1, with France and Poland abstaining.

The session also saw the applications of three other ex-enemy states, Hungary, Bulgaria, and Romania, rejected through failure to receive the required majority of seven affirmative votes, including those of the Big Five.

The United States, in a surprise move, then introduced a resolution to shift the whole question of applications over to the General Assembly.

The U. S. proposal requested the assembly to consider all the rejected applicants and recommended that the 55-member body admit all which it considered qualified.

Soviet Delegate Andrei A. Gromyko immediately attacked the U. S. proposal as "senseless."

The council rejected Romania's application 10 to 0, with an abstention. Only Syria was for admission.

Bulgaria applied for membership and was turned down.

Red Cross Sets Up 17 Disaster Units

LONDON, Aug. 21. (AP)—British delivered an ultimatum today to the 4,400 Jewish refugees off France; disembark by tomorrow afternoon or be transported to Germany.

The Jews are aboard three British ships which have been off Marseille for three weeks. They tried to land in Palestine a month ago from the immigrant ship "Exodus 1947."

The Jews will be taken to the Bergen-Belsen displaced persons camp if the ultimatum is ignored, a spokesman for the International Refugee Organization said at Hamburg, in the British zone of Germany.

A Jewish Agency spokesman in Jerusalem called the news "shocking." He said disembarking of these refugees at Hamburg would be "a crime against humanity."

The Jews said last night they would go on a hunger strike if they were not permitted to enter the Holy Land. They were placed aboard the three ships off Haifa after a battle with British boarding parties, and returned July 26 to France, where they began their voyage. They have 15-19 in Orlando.

U. S. To Negotiate Treaty With Italy

ROME, Aug. 21. (AP)—The United States embassy said today that negotiations would begin early next month for a treaty of "friendship, commerce and navigation" with Italy.

A spokesman said it would be not a commercial accord but a "statement of principles" between the two nations. The United States announced last week the cancellation of \$1,000,000,000 Italian debt.

The spokesman said that as suggested by the United States, the treaty would include the "most favored nation" clause for treatment of nationals and business.

China and Australia already have negotiated similar treaties with the United States, the embassy said, but the protective pact with Italy was believed to be the first of its kind in Europe since the war.

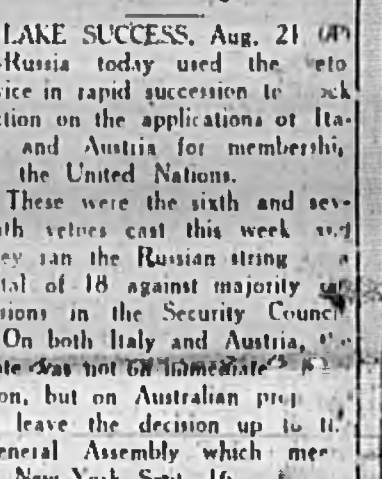

Train Passenger Is Arrested At Depot

Robert E. Cooper, of Tampa passenger on a north bound train, was arrested yesterday afternoon at 3:30 o'clock at the Sanford Depot on a charge of drunkenness and disorderly conduct. Cooper faces a charge of resisting Patrolman H. R. Billington, who made the arrest.

M. C. Glinder reported to police that the left front and rear fenders of his automobile had been damaged by a hit and run driver at 148 A. W. at the Monroe Bridge. He stated that he chased the driver nearly to DeLand before he lost track of him.

Dairen-Germany Subject Of U. S.-Russian Protest Notes

Rio Removes Poster Pictures Of Mrs. Peron

A LARGE poster picture of Eva Duarte Peron, wife of the President of Argentina, is removed (left) from a wall in Rio de Janeiro, Brazil, by order of municipal authorities prior to the arrival of Mrs. Peron to attend the Inter-American Conference. Above, the Argentine First Lady acknowledges the welcome of admirers at the airport, where she landed from Europe. She may join the Argentine delegation. (International)

WASHINGTON, Aug. 21. (AP)—The State Department disclosed today that Russia has protested against an American-British-French conference on increasing German industrial activities, but made it plain the talks will be held regardless of the Soviet objections.

MANCHESTER, N. H., Aug. 21. (AP)—U. S. Rep. Chester Merrow (D-N.H.) today urged President Truman to call a special session of Congress to deal with the tension in Europe and "the Soviet Union's aggressive foreign policy of expansion and ultimate world domination."

WASHINGTON, Aug. 21. (AP)—A United States protest today against the continued Soviet occupation of the Chinese port of Dairen was disclosed today by the State Department.

A note delivered to Moscow Aug. 14 said that this government "will of necessity hold the Soviet government responsible" for treatment accorded American interests in the port city while it is under Red army rule.

Under a 1945 treaty, Dairen was to be returned to Chinese administration and opened to world trade. Russia, however, has banned from the port all foreign ships, including American naval vessels taking mail and supplies to the U. S. consul general there.

WASHINGTON, Aug. 21. (AP)—Russia has protested the proposed American-British-French conference on raising the level of German industry.

Official United States sources acknowledged this today, but did not disclose the reasons the Soviets gave for their objection.

It is understood, however, that Russia claims the plans for the conference would nullify terms of the Potsdam Agreement held (Continued on Page Eight)

100 Entries Will Compete In Pony Races Labor Day

More than 100 entries from all over Seminole County are expected to compete for prizes totalling more than \$500 in value at the Pony Tournament and races which will be held on Labor Day at the east end of Millerville Park which is being put in good condition for the event, it was announced today by Deputy Sheriff Charles Beck, who is chairman of the program, and by Sheriff Percy Mero.

The deer stand at the east end of the field has been covered with clay and rolled with a tractor pulled by Roy and James Beeson of Longwood. This will provide for racing by eight horses abreast. Along the north side of the field, the narrow path for Tournament riders has also been cleared so that riders can spear the rings with more accuracy. A rope for a barrier to hold back the spectators has been provided by Steve Bonnis of the Sanford School of Aviation.

Many exciting races are promised, and there will be a barrel race in which the riders must dismount, crawl through barrels, then remount and ride to the finish. Deputy Beck raised \$200 of the prize money from donors, Frank Pavlick, \$100, and the County Commission, \$100, it was reported.

Russell Reports On Plant Lice Control

Jack Russell, who is engaged in research work for the agricultural chemicals division of the Pennsylvania Salt Manufacturing Company has recently returned from South Georgia and North Florida where he has been working in a project of combating aphid on tobacco.

These aphids or plant lice cannot be killed with nicotine he revealed. He has also made several trips during the past month to Greenville, Miss., where attempts are being made to combat aphid and boll-worms that attack cotton plants.

One chemical that shows promise in the fight against the aphid is Gamma X or benzene hexachloride which was used successfully by celery growers last year, he said. This insect is objectionable because it attacks tobacco but cannot be used on root crops because of its flavor.

Ultimatum Given Jewish Refugees Off French Coast

Disembarkation Or German DP Camp Ordered By Britain

The Jews will be taken to the Bergen-Belsen displaced persons camp if the ultimatum is ignored, a spokesman for the International Refugee Organization said at Hamburg, in the British zone of Germany.

A Jewish Agency spokesman in Jerusalem called the news "shocking." He said disembarking of these refugees at Hamburg would be "a crime against humanity."

The Jews said last night they would go on a hunger strike if they were not permitted to enter the Holy Land. They were placed aboard the three ships off Haifa after a battle with British boarding parties, and returned July 26 to France, where they began their voyage. They have 15-19 in Orlando.

Senator Bilbo Dies In Hospital

NEW ORLEANS, Aug. 21. (AP)—Senator Theodore G. Bilbo of Mississippi, master of bluster and sharp-tongued champion of white supremacy, died here today without ever taking his disputed seat in the 80th Congress.

Death of the 69-year-old Democrat left forever unanswered the question of whether he was entitled to his third term in the Senate, from which he was barred on bipartisan charges of unfitness when Congress convened last January.

The senator, who underwent one month operation for cancer here in August of 1946, returned for another last January and a third in June. He spent two weeks in July receiving treatment in a Veterans' Hospital and on Aug. 7 entered Foundation Hospital here for a complete physical check-up.

He developed a nerve inflammation which partially paralyzed him. Doctors said the inflammation, rather than the cancer, was the principal immediate cause of death.

John George Bender Died Early This A. M.

John George Bender, 73, died at his home on East Fourth Street this morning at 3:45 o'clock following a short illness.

A resident of Sanford for 23 years, Mr. Bender was born in New York City Oct. 14, 1873. He moved to Sanford from New Jersey and was engaged in farming here. He attended the Congregational Church and was a member of the local Elks Club.

Survivors include the widow Mrs. Caroline H. Bender of Sanford; one daughter, Mrs. Florence K. Pfeiffer of Fairlawn, N. J.; two sons, Frederick J. Bender of Sanford and Edward S. Bender of Decatur, Ga.; also five grandchildren.

Drivers Licenses To Go On Sale Sept. 2

Drivers licenses, which must be renewed on or before Oct. 1, will go on sale, Tuesday, Sept. 2, at the office of County Judge R. W. Ware in the Court House.

The holder of a 1947 license will only need to present the old license, either in person or by another for renewal, said Judge Ware.

The holders of a valid out-of-State license must present the valid license they hold, and make application for a Florida license, stating that their license has not been revoked or suspended. They must also affirm that they are still in good physical condition.

If a license is not renewed by Oct. 1, Judge Ware declared, the holder of a valid 1947 license can obtain a 1948 license by paying \$1.00 extra, or they can do as has been the rule during the past years, take an examination before the road patrolman, and in that event the extra \$1.00 is not charged.

Speed Record

WASHINGTON, Aug. 21. (AP)—Rear Admiral Alfred M. Pride said today the Navy anticipates that a speed of 678 miles an hour may be reached by the D-558-2 "Skystreak" in further tests. The jet plane set a world record of 640.7 an hour at Maroo, Calif., yesterday.

Midwest Heat Wave Causes 28 Deaths

By THE ASSOCIATED PRESS
At least 28 persons have died as a result of the Midwest's prolonged heat wave, and the hot weather continued today with no prospect of relief.

In Chicago, 24 persons were reported to have died of causes induced by heat since midnight Monday, while two such deaths were reported in Indiana and two others in Minnesota.

The Canadian cold air mass was stalled at the U. S. boundary, moving eastward but not southward.

Jap Treaty Talks Face Postponement

WASHINGTON, Aug. 21. (AP)—Nine nations which will participate in talks of a peace treaty for Japan have agreed generally with a United States suggestion that a two-thirds vote should govern conference decisions.

The State Department disclosed today amid indications that the conference itself will have to be put off until late fall or early next year. The U. S. originally hoped to hold it this month.

Lately, Throop Each Fined \$25 By Judge Herlong

After hearing the testimony of the Mayor, Ina the morning of John Genzel, Lou Bevil, Umpire Cooper, Umpire Lately, John Kridler, several Sanford spectators and members of the Sanford Police Department, Judge Sidney Herlong, president of the Florida State League, today fined \$25 each Umpire Lately and Rex Throop of the Orlando Senators for their actions in the Municipal Park in Sanford on the night of Aug. 9.

In a statement, President Herlong declared "The testimony was to the effect that Umpire Lately's cap was pulled on his head by player Throop of Orlando, Umpire Lately's testimony was to the effect that if this happened he was not aware of it. At any rate it was not in his report. There was no doubt in our mind that this incident did happen, and therefore should have been reported."

Throop's testimony was anyone, including Umpire Lately, anyone did tug Umpire Lately's cap, he did not see it, but that it could have happened. "In his report an umpire is required to advise the league president as to everything out (Continued on Page Eight)

Mrs. Yesley Improves Following Accident

Mrs. W. P. Yesley, who was bruised in an automobile accident Tuesday afternoon, is reported to be getting along nicely at Fernald-Laughton Memorial Hospital and will remain there a few days longer to recuperate.

Lewis Charles Cannaday, negro, who operates his own taxi cab, was the driver of the automobile which collided with the '38 Plymouth sedan driven by the Rev. W. P. Yesley at Ninth Street and Magnolia Avenue.

Plane In Class With U. S. Constellation Produced In Britain

By WILLIAM PHILLIPS
AP Newsfeatures

LONDON—Air Vice-Marshal Donald C. T. Bennett, executive vice-president of British South American Airways, has announced that British aircraft builders, for the first time since the war, had evolved a plane able to compete with American-made Constellations and Skymasters (Douglas DC-3) in transatlantic service.

The new craft, an improved 32-passenger version of the A. V. Roe Company's four-engine Tudor, showed "only minor troubles" on a recent 12,000-mile test flight to the Caribbean, Bennett said.

He said a second plane now building would make a "dress rehearsal" flight to Buenos Aires in mid-September, to be followed by the prototype and a third Tudor within a few weeks, and that the only "serious problem" remaining was to increase production.

Livingston Satterthwaite, American civil air attaché in London, described the original 12-passenger Tudor as "a great disappointment" in a report to Washington last July 3 which caused much comment in British aviation circles.

Bennett pictured the improved Tudor as an admitted stop-gap plane, pending development of larger British postwar models in the next two or three years, but said its performance left "not very much to choose" between it and Constellations now in use by Brit-

ish Overseas Airways Corporation on the North Atlantic.

"We have got an aircraft far more spacious than any British craft now in operation, which appears to have no difficulties. Therefore we are making them available for use on our routes as soon as deliveries allow," Bennett said.

Satterthwaite's principal criticism of the original Tudor was that its 12-passenger capacity, gasoline consumption and cruising speed of around 295 miles per hour were uneconomic.

BOAC, which turned it down, rejected the two-engine Tudor, swinging on takeoff and "falling" in the air.

Bennett said both these faults had been corrected and no others of serious nature had been noted, although some changes were found necessary in the pressurization system.

He said the new version, six feet longer than the original, which was 78 feet, six inches, and completely redesigned landing gear, would cruise at around 350 mph, and while its 32-passenger capacity, compared with 44 for Constellations, it had room for 3,000 pounds of freight, which he said was more than the American-made craft's capacity.

Overall weight remains unchanged at 80,000 pounds for takeoff, Bennett said, adding that while he could not disclose cost figures, that for the Tudor was "a fraction" of the Constellation's because of a tubular fuselage design to reduce the structural body of the other plane and also

A MEMBER OF THE SENATE War Investigating Committee, Sen. Harry Cain (R-Wash.), is shown with plane builder Howard Hughes (left), who took the Senator on an inspection tour of his plant at Terminal Island, Calif. After inspecting Hughes' \$10,000,000 flying boat, Cain said: "If it flies, it will have achieved the impossible in our lifetime. If we had something like this during the war, even on the ground, it would have scared the enemy to death." (International Soundphoto)

a mass-produced wing.

Satterthwaite is now in the United States on leave and his office said he had not yet prepared a report on the new Tudor.

To prolong the life of engines of canella, gardenia and stentipolis, place them in an igloo, completely covered with moist cotton.

Oldest Twins Want To Live To 100

AP Newsfeatures

OUND, Va.—At 87, Jane Mullen Stander and Mrs. Lila Jullena Hill may be the nation's oldest two sisters.

The aged mountain women are the daughters of Jack Hellen, a legendary figure known in this Virginia-Kentucky border area as Grand Jack's daughters, both 101 years old.

Grand Jack's daughters, both 101 years old, are Jane Mullen Stander and Mrs. Lila Jullena Hill. They are the only survivors of the century mark.

Say and active, they live on farms a few miles apart. Their years have been marked with little sickness. Mrs. Stander—"Aunt Jan"—is frugal and religious—hardly knows the taste of medicine.

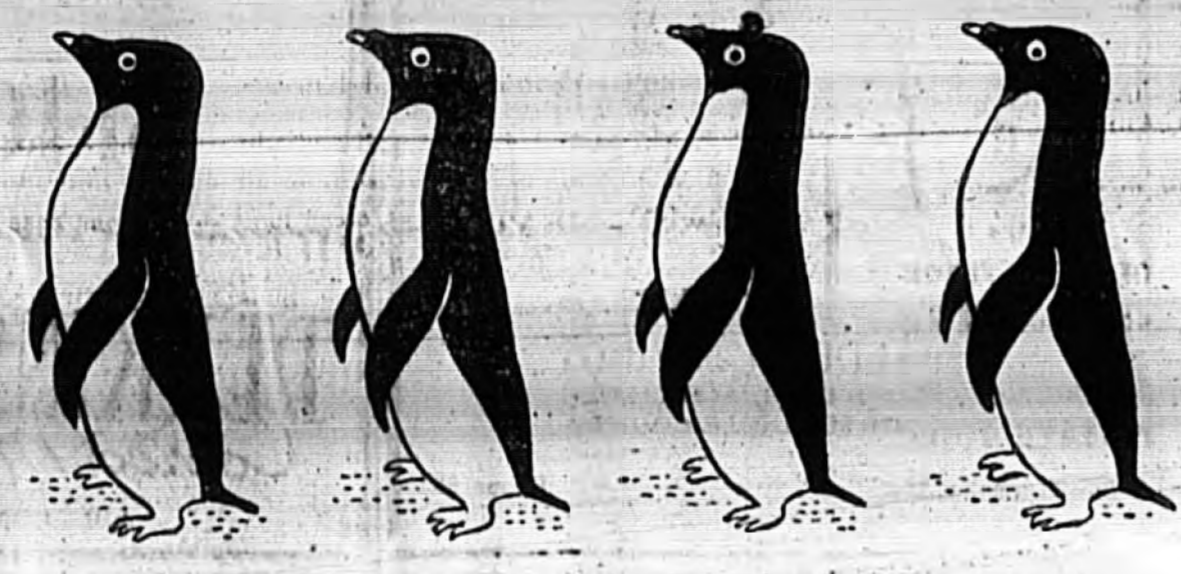

"I never needed it," she said. "because I was never sick, to say truly sick, in my life; only a few colds, and they are quite rare."

Mrs. Hill has "nothing whatever to complain about so far as health is concerned." She admits she has "called in one doctor in late years," but he indicated "there wasn't much wrong."

In her opinion, "the worst thing in life is being lonely." Since Mrs. Hill's husband died some 12 years ago, she has had little adult company.

The ancient name for pink was "cupa in wine," because its sticky pearls were used to flavor wine goblets.

HAVE YOU HEARD THE ONE ABOUT THE 4 PENGUINS?

They came up here from the Antarctic. And summers were quite a problem. How could they keep cool? The first penguin plumped for attic ventilation. And it worked wonders. He's written his agent to go ahead and sell the igloo. The second penguin installed a big air-cooling fan. He's wiring money to Mrs. P. and the kids to come on up and join him. The third penguin (who smokes a lot) figured he needed complete air conditioning. He sleeps like a kitten now. The fourth penguin bought himself a big new electric fan. It's been weeks since he even thought about the old home berg. Yes, each in his own different way solved his problem of how to keep cool in summer. And they all lived happily ever after.

Certainly Penguins aren't smarter than people!
SEE YOUR DEALER TODAY!

Brand new post-war cooling appliances are now available at your electric dealer. See him today and breeze through the hot weather. Convenient terms are available.

A Law Unto Themselves

From time immemorial, the gypsy tribes of Europe have lived a life of their own inside the framework of whatever country they happened to roam in. They have paid no attention to the law of the land, and have had their own rules which covered every contingency.

The gypsies of western Hungary, according to Theodore Andrieu, now have a king who wishes to come under the aegis of the local government and feels the need of its co-operation in solving some of his problems. His reform program covers several time-honored gypsy customs, and has met with bitter opposition from his subjects. He will permit new-born babies to be held over fire; he favors legal marriages instead of a bare announcement of intention; he would countenance legal divorces instead of permitting a husband to bite off the nose of his erring wife. He would equip his barbarian subjects with modern make each person adopt one legal name, instead of having several aliases.

This king's angry subjects are ready to get rid of him by the time-honored method of killing him, but their law does not allow them to do that as long as he stays at home. That is one gypsy law which the king favors, so he is sitting out the crisis.

The first step taken by the British government in dealing with the present crisis is to set up a group of employment agencies which will guide workers to essential jobs. Both men and women in the productive-age groups will come under these regulations. Those now engaged in essential industries may not shift to non-essential work, and all jobs applicants will be placed where they are considered most needed, without regard to personal preference.

The British working people, who are reported to be solidly back of their government, will now be put to an acid test. If they submit to this program and work with a will to increase production, they may be able to pull their country out of the slough. If they are convinced that only thus can it be accomplished, they may knuckle under, but in the absence of inspired leadership, and after so many years of suffering, it will not be wondered at if they rebel.

Do something that you'll never, never regret. SAVE FOR A HOME

Feds Meet A's Here Tonight; Drop Twin Bill To DeLand

Vitter Hits Safely In 26 Consecutive Tilts, Kettles & Kinnamon Hurlled Against Hats

High Land, Aug. 21 (Special) The defying DeLand Red Hats turned on the steam today to defeat the Sanford Celery Feds in a 2-0 margin in both contests.

The first game was an afternoon tilt, starting at 3:00 o'clock and the nightcap opened at 8:00 o'clock.

Tonight the Feds return to their own hunting grounds for a single tilt with the Palatka Azaleas.

The twin victory over the Feds moved the surging Hats within one game of the second place Gainesville G-Men who had their contest with the Azaleas rained out.

The Feds dropped four games behind the fourth place Orlando Senators, who were defeated by the cellar dwelling Daytona Beach Islanders.

Joe Vitter, Hat outfielder, hit safely in both contests to run his consecutive hitting streak to 26 games to tie the league record.

Ted Madjecki and Don Murray tangled in the first frame of the final tilt and were ejected from the contest by Plate Umpire Eddie Beall, after the runkus had quieted.

Carl Kettles opened on the hill for the Feds in the curtain raiser, but gave away to Johnny Tomant moon started the final tilt and was relieved in the sixth by Bill Stanton.

Juan Perez went the route for the university city nine in the first game and Ben-Bardin handled the mound duties in the final.

Sports Roundup

By BILL BECKER
LOS ANGELES, Aug. 21 (AP)—The Los Angeles Times, dominated with new talent to help the peerless passing combine of Waterfield-Benton, plus a new head man, Bob Snyder, figure to be one of football's most promising teams.

Snyder has lots of new running attack ideas to spring loose an improved Tom Harmon, Fred Gehke, Les Horvath, et al.

But Snyder pool-pools Jimmy Zornelmann remark that the Rams have "the best roster in pro-football, even more talent than the 1941 Chicago Bears." Says Snyder: "Jimmy doesn't have to look beyond his own Cards for top talent, and its younger than ours. The Cards are the team to beat in the Western Division (NFL)."

The rival Dyns of the All-America Conference may have come up with the worthy rival for Cleveland's Lou (the toe) Groza in Bob (the toeless) Ajanjanian. The American place-kicking specialist, who lost the toes on his field-kicking foot in a childhood accident, booted two conversions and a field goal for the winning points in the Donat 17-16 exhibition triumph over Brooklyn Sunday.

Ajanjanian was a standout with the Hollywood Bears off the Coast loop for several seasons. Like Groza, all he does is kick, but how.

Washington Redskins' Jack Jenkins was down at the heels. Now he's down in the mouth. The ex-Vandy fullback had been suffering from sore heels and trying everything to ease the ailment. The skins finally sent him to a dentist—ah, boom! Jenkins' holes' there's some connection.

There's a lot of Oregon Stat talk on the Pacific slope, but the Beavers will face their toughest hurdles, it's generally figured, in UCLA's defending PCC champions and a resurgent Southern California. Both Bruins and Trojans appear three deep, which may be more than the Beavers can muster.

UCLA's Don Paul and Tom Fears and Troy's John Ferraro will probably rate among the year's best college linemen. Jerry Shipkey, 215-pounder who moves like 175, may prove the Bruins' best back. USC has great hopes for Jay Roundy, spark of last year's undefeated Trojans.

For a sleeper, tab little Loyola (of L. A.), which is off the de-emphasis wagon, and hopes to ride again the gravy train with new Coach Bill Sargent. Loyola's supporters have corralled an uncommonly large share of leading Jay see players hereabouts, plus the prep prize. All Pollard, who won't be eligible for varsity until 1948.

But the lions may do quite a bit of roaring before then.

Bobby Locke, South African nonpareil, put his shot on display here Sunday. He'll meet with Earl Martin against veterans Olin Dutra and George Fazio at Ingleswood Country Club. It will be Locke's first California visit.

Personal nomination for Coast League Manager of the year: Portland's Jim Turner, the ex-Yankee, who has the Beavary almost unanimously consigned to the cellar at season's start, up there in the first division, with an outside chance to catch the leading Los Angeles.

When Fish Are Not Biting, Try Skishing

AP Newsfeatures
TULSA, Okla.—Skish is a game in which you can fish, catch nothing, and still have something to brag about.

It keeps the fisherman happy when the fish aren't biting and the angler's skill increases the angler's skill.

In this game, it's known in advance there are no fish to be caught. But the fisherman can play with rod and reel without the inconvenience and discomfort of long travel, mosquitoes, chiggers, etc.

Popular here some years ago the game has come back at Tulsa's Golf Patch, where casting teams have been formed for a revival of group rivalry.

The skish pond can be made available to the man who just wants to practice or to those who seek competition in their skills.

The game may be played on land or water, but at the Golf Patch it is played on water. In the pond are ten bicycle tires, painted various colors, which serve as targets placed at unmeasured distances from the platform on which the caster stands.

Only perfect casts landing in or on the rings are scored, and the targets are moved from time to time.

In team competition, the anglers line up on the platform and cast at designated targets. Five points are scored for a target hit on the first cast, three for a second and one for a third. Contestants rotate their positions and targets are changed as the game proceeds.

Under official rules of the game, sponsored by the American Wildlife Institute and the League of America, as many as ten casters may be in play at ten different spots, casting at ten different targets. Rules vary with bait and fly casting.

The Clubhouse

By FRANK ECK
AP Newsfeatures Sports Editor
NEW YORK—Alfonso Ramon Lopez, Cleveland Indian catcher who holds the record of having caught the most games in major league history, says Jerry Little did not believe the speed of a Bob Feller pitch and one thrown by Brooklyn's Dazzy Vance, star of almost 20 years ago.

Lopez, the popular Spanish catcher who almost blighted the managerial life of Billy Herman, has caught both Feller and Vance. "Dazzy Vance threw with a full overhand motion," says Lopez. "His ball really jumped as it came to the plate. But it's hard to say whether Vance was faster than Bob Feller. Bob has a greater assortment than Dazzy."

"When Feller throws his hard one it really comes in on a tight handed batter." Lopez, who has caught more than 1,900 games, was voted by Pittsburgh fans in a newspaper poll last season as the most logical man to succeed Frankie Frisch.

Lopez holds a number of major league records. He has caught 100 or more games a season 12 times. He did this eight years in succession to tie Gabby Hartnett for National League honors.

Lopez, who has caught more than 1,900 games, was voted by Pittsburgh fans in a newspaper poll last season as the most logical man to succeed Frankie Frisch.

Ultimatum

(Continued from Page One) refused ever since to disembark and have rejected a British offer of hospitality. The displaced persons camp to which they will be taken if they persist in their stand is less than half a mile from the site of the infamous Belsen concentration camp. The displaced persons camp, situated at Hohn, is the largest Jewish camp in the British zone. The Jewish Agency spokesman in Palestine characterized the latest British move as "a fateful political mistake." An unofficial Jewish source said it probably would provide new impetus for terrorists in the Holy Land. At the Palestine Commission and the Palestine Jewish Agency probably could persuade the refugees, most of them Poles, to land in France, but the agency spokesman in Palestine replied: "The Jewish Agency is unlikely to send a representative to Fort De Boven to try to encourage the refugees to land in France. These people will know what they are doing and the agency will not interfere." A Palestine government source said "It must be remembered that the decision to go to Germany was made by the Jews themselves, since they have elected to refuse France's offer of hospitality." The British foreign office announcement said that if the Jews declined to go ashore the ships would sail north and the passengers would be disembarked immediately upon reaching Germany.

U. S. - Russia Notes

(Continued from Page One) ing down German industrial productivity. The conference is scheduled to open in London Friday as part of a joint Anglo-American attempt to straighten out the economic affairs of the Western World to speed recovery. Even before this development, the United States apparently was ready to write off, in favor of a new approach, attempts to reach agreement with Russia on Korea and Austria provided in the Potsdam Pact of 1945. The protest, together with the deadlocks on Austria and Korea, lent emphasis to a Library of Congress summary of United States-Soviet relations as having deteriorated "dangerously." This summary was disclosed yesterday. In Berlin, General Lucius D. Clay said that any Russian protest against raising the level of industry in Western Germany would be without foundation, because the Russians have declined to treat Germany as an economic unit, as provided in the Potsdam Pact of 1945. On Germany, the situation in brief is this: Under the terms of the Potsdam agreement, production of metals, chemicals and machinery was ordered to be "rigidly controlled and restricted to Germany's peacetime needs." This level was fixed with a ceiling which United States authorities now deem too low to give Germany an export trade sufficiently high to pay for imports and at the same time play a necessary role in helping the rest of Europe rebuild. The Potsdam Declaration called for decentralization of the German economy "at the earliest practicable date" for the purpose of eliminating "excessive concentration of economic power." To some degree, this clause has been nullified partially by the year-old British-American economic arrangement for merging their occupation zones in the interest of economy and more efficient production. The Potsdam Agreement also called for living standards for the German people to be at a level not higher than those of the rest of Europe. There has been a growing feeling in Anglo-American quarters that this, too, cannot be adhered to rigidly because of the benefits of production which are being realized in heavy industrial production and mining to attain great production. Soviet Vetoes (Continued from Page One) ad down by a vote of 1 to 1, with nine abstaining. Earlier the application of Hungary was rejected by the same vote. The United States, which had advocated immediate admission of Italy, did not press for further action after the Soviet veto. The Australian resolution, instead of calling for admission now, left the question up to the general assembly. Soviet Delegate Andrei A. Gromyko argued that the resolution was a violation both of the Potsdam Agreement and of the U. N. charter. He said it "by passed the Security Council by giving to the assembly the right to make a decision which should be made by the council. He also argued that Italy, under the Potsdam agreement, could not be considered for membership until the peace treaty enters into force. This was Gromyko's sixth veto of the week and Russia's seventh in the history of the U. N. Earlier in the week Gromyko vetoed membership applications of Ireland, Portugal and Trans Jordan and used the veto twice on the same question. The council opened its session by a quick vote on Hungary which only Syria voted in favor of admitting the former Axis satellite. The United States cast the negative vote.

SCOTT'S SCRAP BOOK

By R. J. SCOTT SCRAPPS. Illustration of a man with a hat and a dog. Text: 100,000-MILE MOTOR GREASE INVENTED BY LOUIS DE ANGELIS, PRESCOTT, ARIZ. WHERE ARE ANGRYER AND BIGGER THAN RABBITS? WEST AFRICA. A SINGLE PAIR OF MEADOW MICE CAN HAVE A PROGENY OF A MILLION IN A SINGLE SEASON. 50 POUND LEG IRONS ARE PUT ON VENEZUELAN PRISONERS TO PREVENT THEM FROM ESCAPING. Copyright 1947, King Features Syndicate, Inc. World rights reserved.

Players Fined

(Continued from Page One) "It appears to us that this incident, having happened and having been seen by so many people, players, and fans, that it should not have gone unreported or unreported." "Player Throop is hereby fined \$25 for having engaged in the incident and Umpire Lavelly is fined \$25 for not reporting the same." President Herlong opened the meeting by stating that it had been called to fulfill a request by Manager John Kridler of the Sanford Celery Fed baseball club for an investigation of the incident which occurred at the Municipal Park in Sanford on Aug. 10. Immediately upon opening the meeting President Herlong placed under oath all those who were to give testimony. The first man to be questioned was Umpire Lavelly, who stated that he had nothing to add to his report. Umpire Cooper verified that he and Lavelly went to the Mayfair Inn after the contest and filled out the report to be sent to the league president and that it was true. Manager Lou Bevil of the Senators admitted that he bumped Umpire Lavelly, but qualified the statement by saying that he was excited and was unaware of what he was doing at the time. Chief of Police Roy Williams told President Herlong that he saw Umpire Lavelly was in trouble and immediately moved on to the field to be of assistance. Officer H. M. Young of the Sanford Police Department stated that Umpire Lavelly was in a pretty bad predicament for a while and that after taking a large amount of punishment from the Orlando players, called for him to take Bevil away. F. A. Palmer stated that Lavelly took a going over by the Senator Manager that he thought Lavelly was going down, but the police arrived in time to save him. Palmer stated that Lavelly was kneed, bumped, allowed and shaken up generally by the Orlando players. Mr. Palmer further stated that he had been a player and an umpire for many years and that he knew that all it took for a man to be suspended was for a man to have bodily contact with an um-

Loan Talks

(Continued from Page One) to pay for goods on order in the United States. One request for a \$150,000,000 withdrawal already has been made. Other requests for withdrawals in the same amount will be made Aug. 25 and 29, cutting the credit balance to \$400,000,000. Once the loan is down to the \$400,000,000 point the British withdrawals will cease pending arrangements at the Anglo-American financial conference here to control the flow of dollar-exchange from London. Treasury officials were described as convinced that the British have arrived at a genuine crisis and that only drastic emergency action, such as that taken yesterday, can avert a financial collapse. The Treasury was reported as believing that action does not violate the spirit of the loan agreement, even though that document obligates the British to exchange dollars for pounds freely when other countries request such payment. American officials hope that Britain's new regulation over the convertibility of pounds into dollars will reduce the demands of other nations to a manageable level. It is believed that it will be relatively easy to work out some solution to the "dollar crisis" in talks between Secretary of the Treasury Snyder, British Second Secretary of the Treasury Sir Wilfrid Eady and their staffs. However, if the "screening" of political independence of an American state. "I would like to insert only one word," Belt said. "I request that the Chilean text be amended to read political or economic independence." "If we add this word we can give the treaty ample understanding of aggression."

Rio Meet

(Continued from Page One) omic acts and threats." The Cuban proposal was presented despite an appeal by Senator Arthur H. Vandenberg (R-Mich.), a United States delegate, to "not define aggression too closely." Vandenberg urged the conference to stick by the Act of Chapultepec, created at the Inter-American Conference in Mexico in 1945, which defined aggression as "a violation of a nation's territory by the armed forces of another." The senator said there was a wide divergence of views on the definition and that the United States, anxious that the conference not bog down, wanted "the swiftest possible solidarity against aggression." Belt sought to get Cuba's plan on the record before the 8 P. M. deadline tonight for the admission of new proposals. He submitted it as an amendment to an original Chilean text defining aggression as "every attack against the integrity or inviolability of territory or against the sovereignty or

2 Britons Hurt In Palestine Mine Blast

JERUSALEM, Aug. 21 (AP)—Two British soldiers were wounded, one seriously, when an electrically detonated mine blasted their truck near Natanya today, and in Jerusalem an Arab store was demolished by a bomb which army sources said was tossed by an Arab "boycott patrol." Unofficial sources in the port city of Haifa said 40,000 was stolen from an Arab bank messenger during a transfer of funds. The Jerusalem store blast brought a general alarm, the second in 15 hours.

107 Retired Workers In Seminole Receive Social Security Pay

In Seminole County, 107 retired wage earners over 65 years of age receive a total of \$2,540 and individually \$22.80 a month, according to P. K. Weaver, manager of the Social Security Administration, of Orlando which handles these payments. In addition, 32 wives of retired wage earners receive a total of \$432 a month or \$13.50 each. Widows and children numbering 124 receive \$1,476 or \$11.50 each. Total payments in the county each month amount to \$4,488. This is an average payment of \$13.62 a month for 263 persons. The Social Security Act became law 12 years ago and is intended to provide a measure of financial security for old people of the nation through three principal channels: old-age and survivors insurance, formerly known as old-age insurance, unemployment insurance, and public assistance. There has been a resulting increase in number of claims payable as the result of death or retirement of the worker, and this has passed the two million mark in beneficiaries and \$1,250,000 a day in benefits. Persons desiring more detailed information on any or all of the three programs are advised by Mr. Weaver to direct inquiries on public assistance to the State Department of Public Welfare at Tallahassee, on unemployment insurance to the Florida Industrial Commission at Tallahassee and on old age survivors insurance to the Social Security Office at the Post Office Building in Orlando.

Indonesian Issue

(Continued from Page One) largest party, Labor, opposes this. H. J. Van Mook, the Netherlands' acting governor general of the East Indies, charged in Batavia yesterday that Japan's wartime commander in the southeast Asia theater, Marshal Count Juichi Terauchi, prompted the Indonesians to seek independence. He said Terauchi's instructions were given to Dr. Soekarno and Mohammed Hatta, now president and vice-president of the Indonesian Republic. A dispatch from Jogjakarta, today said Republican political leaders termed Van Mook's charge a Dutch excuse-in-advance for resuming on a full scale the military operations technically halted by cease-fire orders Aug. 4. The Netherlands army headquarters in Batavia reported Indonesian scorched earth tactics had destroyed the world's largest tea factory. This was identified as the Balimangan plant in the Siantar district of Sumatra. The White Cross agricultural colony at Salitiga, in central Java, which had cared for 1,500 Indonesians since 1902, also were burned by the Republicans, the Dutch charged. Both sides have reported repeated violations of the cease-fire orders, which were issued by direction of the security council. In Java the Indonesian News Agency, Antara, said today the Republican government had secured documents which proved the Dutch decided on military action against the Indonesians on May 30, two months before negotiations were suspended. The agency said the documents quoted Dutch Premier Louis J. M. Beel as telling Van Mook at Soerabaya that military operations offered the only means of settling the issue. The agency said the minutes of that meeting showed that Dutch businessmen agreed speedy action would be needed to forestall scorched earth tactics by the Indonesians in Java and Sumatra. No Dutch comment was available immediately.

Britain Plans Hike In Subsidies, And Prices

LONDON, Aug. 21 (AP)—Tom Williams, minister of agriculture, announced today substantial increases in subsidies and farm prices. He said the government hoped by the measure to help realize a 100,000,000-pound food production increase in four years and aid in closing the gap between Britain's food needs and the foodstuffs she no longer can afford from dollar areas. The British pound is worth \$4. The major new subsidies, which the government hopes will boost livestock and grazing areas, included a grant of 4-pound an acre for three-year-old grassland plowed up and returned to government approved grass mixture or crops; and 4-pound a head for steer calves and 3-pound a head for heifer calves of approved types born after today and reared to 12 months old. The government was expected later to announce financial details of a scheme to encourage grasslands conservation. Russia Silent Over Seizing U. S. Soldiers SEOUL, Aug. 21 (AP)—Two strong protests and repeated demands for explanation for the seizure of three American soldiers in north Korea remain unanswered by the Russians. Lieut. General John R. Hodge, American occupation commander, said he had made the protests over the arrests since they occurred Aug. 13 and that he was gravely concerned about the incident. Intelligence officers said daily queries by the U. S. Liaison officer at Soviet headquarters at Pyongyang were answered with "no information. General Korotkov (commander of the Russian occupation zone), is handling the case himself."

Cuban Demand For Economic Defense Defeated At Meet

Argentina Moves To Bar Joint Military Force Against War Inside Americas

QUITANDINHA, Brazil, Aug. 22 (AP)—Cuba was defeated today in her demand that provisions for protection of the "economic independence" of American nations be written into a hemisphere treaty.

The steering committee of the 20-nation Inter-American Defense Conference voted today the proposal. Fifteen nations voted against the measure, which the United States has opposed.

Argentina departed sharply from the provisions of the 1914 Act of Chapultepec by submitting a proposal for the hemisphere treaty, which would call for use of a common military force in the event of attack from outside the Americas.

Chile's Foreign Minister, German Vargas Donoso, said "Chile has her own proposal, which is not in accord with the proposal presented by Argentina."

Carraway Elected President Of New City Skeeet Club

The Sanford Skeeet Club held its initial organization meeting yesterday afternoon, elected officers then went to their skeet range at the Municipal Airport for their initial shoot.

Andrew Carraway was elected as president of the club, Police Chief Roy G. Williams as executive officer and Byrd J. Goods as secretary and treasurer. It was decided to hold a weekly shoot for skeet, rifle and pistols every Thursday afternoon at 4:00 o'clock. Two traps have been set for the following scores were made on the abbreviated skeet target of 16 birds each:

Andrew Carraway	14
H. Stanley	13
C. E. Smith	12
W. M. Williams	12
H. C. Wheeling	12
H. E. Wright	11
G. W. Spencer	11
W. A. Laffler	9
W. A. Patrick	9
W. A. Adams	9

The following scores were made on a pistol range: 897 X, 400 at slow fire.

James H. Howard 395
James Hardy 376
F. E. Rockett 354
C. E. Sparks 332

Obama in attendance were John Gallovey, H. B. Pope, Roy Williams, Dan Wright, R. K. Billingsley and George Smith.

2 Buildings Will Be Transferred To SHS

Seminole High School Principal Herman E. Morris was today advised by government authorities that two buildings at the Pine Castle Air Field are available for transfer to the school grounds.

Reds Reject U. S. Plea In Bulgarian Leader's Sentence

Possibility Ends For Allied Review Of Anti-Red's Case

WASHINGTON, Aug. 22 (AP)—The State Department said today it will protest directly to Bulgarian government leaders in a new effort to save the life of Nikola Petkov, top-ranking anti-Communist leader, under sentence of death.

SOFIA, Bulgaria, Aug. 22 (AP)—Russia's representative on the Allied Control Commission today rejected the United States demand for a review of the death sentence of Nikola Petkov, top-ranking anti-Communist leader.

Petkov was sentenced last Saturday to die as a conspirator against the Communist-dominated fatherland front government. No date has been announced for the hanging.

The United States announced his arrest and trial, and four days ago the United States and Britain sought a review of the sentence.

The American and British demands for a review were made in letters to Chervanov. The U. S. note, sent to Chervanov Monday, said Petkov's conviction "appears to be a gross miscarriage."

Around World Fliers Are Sick In Greenland

WASHINGTON, Aug. 22 (AP)—Families of Clifford V. Evans and George W. Truman, who are attempting a round the world flight, today said their planes received word today that two fliers are ill of influenza in Greenland.

The fliers began their trip from Teterboro, N. J., Aug. 9 and reached Greenland Aug. 13, making a series of stops enroute.

Midwest Slated For 3 More Days Of Heat

By the Associated Press
The Midwest heat wave and drought, now whittling away steadily at corn and other crops, still is anchored far at least three more days, the Chicago Weather Bureau said today.

There was nothing in sight to budge the searing blast before Sunday night, the forecaster said.

He predicted temperatures generally between 95 and 100 degrees again today for Illinois, Indiana, Iowa, the Dakotas, Nebraska and Kansas, where most of the soil already is parched from about four weeks of dry, hot weather, except for brief passing cool waves and light local thundershowers.

Some crop observers said that with too soil moisture exhausted or nearly so throughout the region the crop deterioration would become more rapid with each additional day of the heat and drought.

The death toll from causes inured by the heat was reported to have reached 33 in Chicago since Monday night and 80 since Aug. 1. There was one other death in the state since Monday night, 21 in Ohio, 2 in Indiana and 2 in Minnesota.

The Weather Bureau said that showers throughout New England, New York, Eastern Pennsylvania and Virginia yesterday had reduced temperature there to around 80 degrees and that clouds would hold them down today.

UN Order In Indonesia, Is Said Failure

Dutch Demand Council Send Forces Or Let Her Handle Situation Alone

LAKE SUCCESS, Aug. 22 (AP)—The Netherlands told the Security Council today that the United Nations cease-fire order had only increased bloodshed in Indonesia.

The Dutch then told the council that it must either "send troops or let the Netherlands alone take measures to restore order."

The announcement that both sides would comply with the council's cease-fire talks as of midnight Aug. 4 had been hailed as the council's greatest triumph to date in its peace-making efforts.

In a new appeal for the council to take its hands off the Indonesian question, Dr. Eelco N. Van Kleffens, Netherlands representative, declared:

"If you really want the fighting to stop, you must either send troops or allow us to bring about, together with freedom, that security for which millions there are yearning."

He branded the council's efforts a dismal failure and bitterly charged:

"Never was there such killing on the part of the Republic troops and bands since your cease-fire order. It is a strange and deadly paradox that your cease-fire order has had an effect diametrically opposed to your humane intentions."

Further discussion of the Indonesian case was put over until Monday to make way for the continued debate this afternoon on Egypt's complaint against Britain over withdrawal of troops and the future of the Sudan.

Meanwhile, the United States formally proposed that the Security Council tender its "good offices" to the Dutch and Indonesians as the next move in settling the dispute.

The new U. S. resolution provided that, if the two parties (Continued on Page Eight)

Explosion Racks City Hall In Philadelphia

PHILADELPHIA, Aug. 22 (AP)—An explosion believed caused by a bomb shook Philadelphia City Hall today and wrecked the first floor room of the detective bureau.

The explosion caused considerable damage. Glass partitions and doors were shattered.

Deputy Chief Engineer William Simler, among the first firemen to arrive on the scene, said "something exploded in a steel locker."

Nazi Doctor Guilty

ADOLF HITLER'S personal physician, Dr. Karl Brandt (above), and 14 other defendants were found guilty by a United States tribunal in Nuremberg, Germany. They were tried on charges of participation and responsibility for medical experiments on the inmates of concentration camps. (International)

Quillman Reports On Diphtheria In Seminole County

12 Cases Found During Month Does Not Mean Epidemic

Twelve cases of diphtheria have been reported in the county during the present month, it was announced today by Dr. Frank Quillman, director of the Seminole County Health Unit.

Although the incidence of diphtheria in Sanford and Seminole County has been somewhat above normal during the past few weeks, it has not reached the extent of an epidemic, he declared. Total cases since Jan. 1 are 18.

The disease is very infectious, but not contagious, he pointed out, and explained that infection means that a person must come in close contact with a case or carrier to develop the disease.

All persons who wish to avoid the disease, especially children under 10 years of age who make 90 percent of the cases, should avoid public and public gatherings, he said.

Every child from six months to one year of age should be immunized against diphtheria, Quillman advised. He also suggested that "booster shot" at the age of three, again when they start to school or at any time that the medical adviser deems it necessary. This service is available (Continued on Page Eight)

Byron Walker Dies Suddenly In Tampa

Byron Walker, 55, vice chairman for the general committee of adjustment of the Brotherhood of Locomotive Engineers for the Atlantic Coast line system and resident for a number of years died at his home in Tampa this morning after a brief illness.

He was born and reared in Port Tampa and in 1908 became an ACL employee and in 1916 was made an engineer. Until one year ago he served as local chairman of the Brotherhood of Engineers in Tampa.

Mr. Walker was a member of the Masonic Shrine. He is survived by the widow, a former Sanford resident, one sister, two brothers, and three nieces. Funeral arrangements have not yet been completed.

Paraguay Victory Over Rebels Foreseen

QUITANDINHA, Brazil, Aug. 22 (AP)—Two Paraguayan insurgent envoys to the Inter-American Defense Conference admitted today that the civil war "may soon be over" with a government victory.

But Justo Prieto, former foreign minister of Paraguay, and Juan Francisco Recalde, who fled the rebel capital of Concepcion just before its fall, added that President Higinio Morinigo's military victory will not mean the end of the revolution.

Korea Revolt Disclosed By U. S. General

Russian Protest Reveals Numerous Arrests Of Leftist Ringleaders

SEOUL, Aug. 22 (AP)—Arrest of numerous ringleaders in "wide-spread activity of a revolutionary nature" in southern Korea was announced by Lieut. General John R. Hodge today after the situation was disclosed by a public Russian protest.

Col. General Terenty F. Shitkov, chief of the Soviet delegation on the joint commission seeking to agree on a unified Korean government, issued a press statement charging that "many" of the Leftists in the past ten days was apparently aimed at disrupting the work of the commission.

Shitkov said he had made the same statement two days ago at a commission meeting and demanded "restoration of normal conditions." Subsequently, Hodge and Maj. General Albert E. Brown, chief of the American delegation, held press conferences.

Hodge, commander of the American occupation zone of southern Korea, said Korean authorities had arrested more than 100 persons in Seoul and an undetermined number in the provinces.

He said those arrested were charged with rioting, attacking police boxes and interfering with the government's rice-collecting program. He did not disclose the extent or location of the rioting.

Hodge said the situation began with the discovery in early August of a plot by Leftist employees of the Korean Broadcasting System to sabotage Rightist propaganda and indoctrination.

Hodge said many of those arrested belonged to organizations "led to directions from the north," but added, "I did not say from the Soviets but from the north." Northern Korea is Russian-occupied.

The American commander also said there is no political significance in the arrests. Some Rightists were arrested, too.

It was not clear what the general meant by lack of political significance, since he conceals (Continued on Page Eight)

Charles E. Ginn Died Suddenly At His Home Thursday

Charles Earl Ginn died suddenly yesterday afternoon at his home on Sanford Avenue. He was born at Sanford, O., and came to Sanford 10 years ago from Cincinnati. He was a member of the First Presbyterian Church.

Mr. Ginn is survived by the widow, Mrs. Clara T. Ginn, three adopted daughters and two sisters, Mrs. Newell E. Knapp of Sidney and Mrs. John Carson of Burbank, Calif.

Funeral services will be held Saturday morning at 10:00 o'clock at the Erickson Funeral Home with Rev. Douglas Charles officiating. Interment will be at a later date.

Moslems In India Attacked By Sikhs

JULLUNDUR, India, Aug. 22 (AP)—Fierce Sikh warriors, slaying by the thousands, were waging today what military authorities called a ruthless war of extermination against Moslems trapped east of the Pakistan border.

"Down With America" Shouted By Crowds In Cairo Demonstration

Just Before The Battle Started

THIS PICTURE WAS TAKEN moments before flying fists interrupted the Congressional investigation into Hollywood labor strife being held in Los Angeles, Calif. House committee counsel Irving G. McCann (left), is shown asking questions as Joseph A. Padway (right, foreground), a P. F. I. counsel, looks at his glasses (arrow). Remark by Padway to McCann that "I don't go for this Gestapo stuff" caused the latter to leap to his feet and strike Padway, breaking his glasses. (International)

Ford Is Unionized County Health

Prior To Deadline Program Outlined Of New Labor Act At Lions Meeting

The nation's labor unions set a new set of rules today, the Ford Motor Co. and only seconds before it went into effect at midnight 107,000 production workers and the Ford Motor Co. agreed to a contract clause for a union shop.

The United Automobile Workers (UAW) today bypassed a provision of the law making majority approval by a company's employees a requirement for a union shop.

Rumblings of a dock strike on the east coast, and a move by the long-organized printers to ignore the new rules to a large extent, were other accompaniments to the advent of the sharply-debated new law.

During the 60 days since the law's enactment by the 80th Congress over President Truman's veto, the UAW has been active in the Capitol.

WASHINGTON, Aug. 22 (AP)—Flags at the Capitol were flown at half staff today because of the death of Senator Theodore G. Bilbo (D-Miss.) and a committee of six Senators was named to attend the funeral.

Senator Vandenberg (R-Mich.), presiding officer of the Senate, authorized appointment of the funeral delegation in a cable message from Rio De Janeiro where he is attending the Inter-American conference.

The senators appointed are Eastland (D-Miss.), McCellar (D-Tenn.), Hill (D-Ala.), Overton (D-La.), Russell (D-Ga.) and Johnston (D-S.C.).

The seven Mississippi House members headed by the dean of the delegation, Rep. Rankin (D-Miss.), were appointed to represent that body.

Rioters Demand Evacuation Of British; Voice Dislike Of Trend Of UN Talks

LAKE SUCCESS, Aug. 22 (AP)—Egyptian Prime Minister Nokrashy Pasha told the United Nations Security Council today his country vigorously opposed an American-supported Brazilian resolution recommending that Britain and Egypt make a new attempt to settle their differences by direct negotiations.

Nokrashy Pasha declared the "draft" proposal "not only would serve no useful purpose" but added that it was "an evasion of the primary responsibility of the Security Council."

CAIRO, Aug. 22 (AP)—Thousands of riotous Egyptians, some shouting "Down with America," clashed with police in demonstration today against the trend of United Nations Security Council discussions on this nation's dispute with Britain. Police seized seven followers of the Muslim Brotherhood.

The acting Prime Minister, Ahmed Kasaba, broadcast an appeal "to every sincere patriot to help the government maintain order." The Prime Minister, Mah-houd Fahmy Nokrashy Pasha, is at Lake Success pressing for United Nations action.

The number of demonstrators reached about 5,000 at one time in Cairo. They reformed after (Continued on Page Eight)

Wedemeyer Hits Chinese Leaders For Present Crisis

NANKING, Aug. 22 (AP)—Chinese sources said today that General Albert C. Wedemeyer, at a meeting with the state council at Generalissimo Chiang Kai-Shek's home, had told the government top policy makers China lacks management, not raw materials or resources.

The American presidential envoy, attending the meeting at the government's request, was reported to have described candidly what he found during his month-long inspection of China but to have left no hint of the policy recommendations he would make to President Truman.

Chinese sources said the general had contrasted the situation in China with that in Europe. He was quoted as saying Europe is almost starting while China is comparatively rich in the essentials but apparently deficient in capable leaders to develop and properly use her resources.

The same sources said Wedemeyer was quoted as saying China had failed to use fully Chinese resources wisely and added "had that been done, your economic situation today would have been much less serious."

Chinese who attended the meeting said Chiang expressed China's appreciation for such frank criticism. U. S. Ambassador G. Leighton Stuart accompanied Wedemeyer to the meeting. Virtually all the top leaders in the national government participated.

A mission spokesman said Wedemeyer entertained high Chinese officials tonight at the American embassy, the only social function conducted by the fact-finding mission during its visit to China.

The mission leaves Sunday for Tokyo, preliminary to a 10-day inspection of Korea.

Teachers Report To Principals Monday

Teachers will report to principals of Seminole County schools on Monday. On Tuesday morning at 10:00 o'clock they will meet with superintendents and at the same time principals will meet with superintendents.

This early meeting of teachers is necessitated by the new state law that requires them to put in 10 months of service during the school year.

Parents are required to be in the county two weeks before school opening on Sept. 8, said Superintendent O. H. Lawrence. He said that unless they bring "doctor" certificates from the communities where they have been visiting which state that there have been no epidemics there.
