All enlisted men's wives of VAH-11 and Detachment 8 are invited to attend a meeting Wednesday at 10 a.m. in the NAS ballroom. The meeting has been called to organize a club for the wives.

Free baby sitting will be provided for those who need it at the Sunday School nursery. Wives planning to attend should call Mrs. Dottie Bergen at 322- or Mrs. Bonnie Jenkins at 322-3323 so that arrangements for the children can be completed.

A prize will be awarded to the person suggesting the best name for the new club. Coffee will be served to the ladies attending.

Nearly 50 ladies attended the first of many farewell activities in honor of Mrs. Lyle Sette, wife of the commanding officer of VAH-5, at the NAS ballroom Thursday.

Mrs. Bob Watson and Mrs. Jack Lillis were the hostesses for the elaborate bridge-coffee. They made and served a delicious variety of canapés, breads, tarts, cookies, small cakes and coffee.

The bridge was the beginning of the official functions held for Mrs. Sette, who will be leaving with her husband when he takes up his new duties aboard the USS Intrepid at Norfolk.

the men by Cdr. Roy Farmer. The ballroom was decorated with cartoons of each of the officers depicting their new lives. Flowers were on each of the tables and refreshments of sliced ham, roast beef, hot and cold hors d'oeuvres and beverages were served.

Music for dancing was provided by a local band. Officers of the Vigilante Navy Wives Club No. 211 were elected at the October meeting of the club Thursday.

Elected were Mrs. Barbara Driscoll, president; Mrs. Jo Brown, vice president; Mrs. Shirley Owens, corresponding secretary; Mrs. Alice Beauhieu, recording secretary; Mrs. Sue Mudd, treasurer, and Mrs. Maddy Sutton parliamentarian.

Installation of the officers will be held at a special luncheon during the first week in November. The new president, Mrs. Driscoll, is a former member of the Jacksonville Navy Wives Club No. 66. Her husband is presently aboard the USS Saratoga with VAH-8.

Mrs. Driscoll lives on Laurel Drive and has three children. Mrs. Sally Willis was welcomed as a new member. Hostesses for the meeting were Mrs. Sue Mudd and Mrs. Jo Brown. They served sandwiches, cake and punch to the ladies attending.

Plans for the homecoming celebration for members of VAH-8 were the main items of discussion at the squadron officers wives brunch Wednesday.

The brunch was held at the Capri restaurant; hostesses were Mrs. D. G. Tise and Mrs. M. J. Puopolo. A volunteer committee will meet Thursday at the home of Mrs. J. L. Shipman to work on the decorations. Plans for a welcome home dinner dance were also discussed.

Attending the meeting were Mrs. Shipman, Mrs. J. A. deQuabb, Mrs. J. P. Smyth, Mrs. D. F. Munday, Mrs. J. D. Durn, Mrs. T. E. Quillin, Mrs. J. J. Moynihan, Mrs. R. H. Cooke, Mrs. J. L. McCracken, Mrs. W. L. Lewis, Mrs. G. E. Thompson, Mrs. N. G. Marshall, Mrs. J. D. Moloney, Mrs. P. N. Rection, Mrs. H. A. Wing and Mrs. G. L. Atkinson.

Mrs. G. K. Morrow, whose husband just joined the squadron aboard the USS Saratoga, was also present. A guest of Mrs. Atkinson, Mrs. G. W. Lenox, of Jacksonville attending. Mrs. D. A. Turner was a guest.

**MRS. LYLE SETTE**, second from right, is presented with a memento of her days as a wife of a "Savage Son." Mrs. Dan Beard, right, who made the Indian dress, offers the gift, as Mrs. Jack Lillis, left, and Mrs. Bob Watson admire it.

## Rep. Herlong Reports

### Tax Bill Benefits Outlined

(Ed. note: The following article was written by U. S. Rep. A. B. Herlong Jr., who represents this district in Congress and who co-sponsored the \$11 billion tax reduction bill.)  
The House of Representatives has passed the largest tax reduction in the nation's history, more than 11 billion dollars. In 1964 and 1965 individuals will receive a total of almost nine billion dollars in rate-reductions and corporations a little more than two billion dollars — if the bill passes the Senate.

I voted for this reduction which passed the House by a vote of 271 to 153. The only major change on which the House could vote was a motion which would have denied the American people this tax reduction if the President submitted an estimated spending budget for 1964 in excess of 97 billion dollars and for 1965 in excess of 98 billion dollars. This motion was defeated by a vote of 228 to 199. I voted against this motion.

Many people have asked why, in view of my long-standing campaign for lower Federal spending, I voted against this motion. Some of these people have indicated that they think my vote was inconsistent with my sponsorship since 1957 of tax rate reform legislation, which called for postponement of some of the annual tax reductions unless Federal spending was brought under control. This legislation, known as the Herlong-Baker bill, has always had bipartisan support. My co-sponsor for the past six years has been my good friend and colleague on the ways and means committee, Congressman Howard Baker (R-Tenn.). In addition, other members of both parties have introduced identical bills in the House.

I do not believe that my vote against the motion on the current tax bill was inconsistent, for a number of reasons. The Herlong-Baker legislation and Mrs. Donaki Detrich. Decorations of small yellow and orange nuts carried out the fall theme.

Coordinator for the fashion show was Mrs. L. W. Spillars, and Miss Becky Hardwell and Mrs. Wilbur Welsh of Mt. Dora were models. Fashions included light, linen like wools, leopard trim, metallic fabrics and "frankly-fake" furs. Also shown were knits for both formal and informal wear. Decorations for the bombing derby and volunteers for birthday parties at the Good Samaritan home were discussed during the business meeting.

## Auxiliary To Meet

By Mrs. Adam Muller  
The Auxiliary of the DeBary Volunteer Fire Department will meet at 2 p.m. Thursday with Mrs. Charles Ulrich presiding.

**JOHN EVANS**, of Oviedo, is the newly elected president of the Florida Fruit and Vegetable Growers Association.

As long as I am a member of the Houseways and Means committee, I will continue to press for reduction of the range of tax rate progression in the middle income brackets, the major goal of the legislation which I have sponsored since 1957.

# Miss Pat Place Honored At Bridal Shower

Miss Pat Place, bride-elect of Ronald M. Sentell, was guest of honor at a recent miscellaneous shower given by Mrs. T. J. Fusani at her home, 124 Shannon Drive.

The honoree and her mother, Mrs. W. T. Place, were presented with corsages by the hostess.

The party rooms were decorated in a yellow and white color theme with a large yellow umbrella highlighting the gift table. Streamers were attached to the umbrella which was hung on the wall by the table. Each gift was attached to one end of a streamer. Mrs. Place was responsible for this unusual attractive arrangement.

The refreshment table was overlaid with a white cloth and centered with a "Love and Happiness" arrangement of permanent flowers in shades of green, yellow and gold. This was later given to Miss Place.

A lazy susan was filled with nuts and mints and held a miniature bride doll. Served with the nuts and mints were

wedding cookies, cake and punch. The hostess gave the honoree an eight piece place setting of china and the honoree and her mother gave the hostess a three piece set of orange and brown ash trays.

Games were played and prizes awarded to the winners, Mrs. Millie Myers, Mrs. Fran Wilson and Mrs. Drucilla Moore.

Others attending were Mrs. William Toews, Robert Grandenith, Helen Good-

speed, William Holcombe, Helen Lee, Bertie Monitte, Alice Dunn, Noah Booth, Chris Portewig, Alice Gebman, A. W. Woodall, Millie Meyers, Kathryn White. Also Mrs. Lois Falgione, Fran Toews, William Maliczowski, Elsie Hickson, Ann Tyner, I. F. Frazier, Lois Higginbotham, Ed Buckner, Violet Garver, Billy Burke, Louis Driscoll, Eloise Hickson and the Misses Sandy Getman, Margo Dunn and Lib Methvin.

## Bonny Celebrates Birthday

Fifteen youngsters helped Bonny Brazil celebrate her seventh birthday recently with a party given in her honor by her parents, Mr. and Mrs. James Brazil, of 31 N. Cortez Ave., North Orlando.

A play time was held out of doors and each guest received favors of noisemakers and balloons.

Birthday cake and all birthday trimmings were served in the dining area with crepe paper and balloons streaming from the ceiling to the center of the table.

Bonny actually had her birthday the week before with opening of presents held then. The party was delayed due to her mother's illness which took her to the hospital for a short while.

A second grader in Mrs. Peacock's room at Longwood Elementary School, Bonny was most excited about the doll she received. Helping with the celebration were brother, Riley, Mark and Cindy Sills, Gary, Freddy, Dania and David Brown, Mike Spalding, Susan Rhodes, Randy Singleton, Mike Blesky, Mike, Connie and Glen Greanya and Frankie Morris.

# Sooners Hold Top Grid Spot

NEW YORK (UPI) — Oklahoma maintained its grip on first place and Texas vaulted past Alabama into second spot among the nation's major collegiate football powers today in the weekly ratings of the United Press International board of coaches.

The Longhorns' advance suddenly made their meeting with the Sooners this Saturday at the Cotton Bowl in Dallas a clash between the two top rated college teams in the nation.

Pittsburgh, Navy and Ohio State also moved up inside the top 10 while upset victims Northwestern and Georgia Tech tumbled to the second ten. The Panthers jumped from eighth to fourth, Navy from sixth to fifth and Ohio State from a 10th place tie to seventh.

Wisconsin, idle last week, held its No. 5 position, Southern California remained No. 9 and Nebraska, tied with the Huskies for 10th last week, took over sole possession to complete the 10 elite.

for college football's biggest game of the young season Saturday. They received 21 of the 28 first place votes and totaled 222 points.

Texas trounced Oklahoma State 34-7 to gain the nod over Alabama by the 35-man board of coaches, although the Crimson Tide received seven first place votes to only two for the Longhorns. Bama defeated outclassed Vanderbilt, 21-6, but was unimpressive.

Amazing Roger Staubach navigated Navy up a notch with a 25-13 win over Michigan and received one first place vote. Pitt garnered two first place ballots and Ohio State the other.

In the 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 point distribution for votes from first to 10th places, totaling 257. Alabama had 251 points, Pitt 166 and Wisconsin 151.

Illinois, Arkansas, Oregon and Kansas broke into the top 20 for the first time this season. Mississippi headed the second 10 for the second week followed by the Illini, upset winners over Northwestern, Duke, Georgia Tech, Northwestern, Oregon State, Arkansas and Missouri. Oregon and Kansas tied for 19th.

Ohio State, No. 7, meets 12th ranked Illinois this weekend in the only other pairing of top 20 teams.

# Supervised Dove Hunt Draws 172

The supervised dove hunt Saturday at Leffler Field in Wagner attracted 172 hunters who bagged 1040 birds during the afternoon, according to Wildlife Officer Robert Johnson.

Johnson said today that during the hunt, held under the supervision of the Fresh Water Fish and Wildlife Commission, no one was injured and no one was arrested. "Everybody was very nice," Johnson added. He said that the first hunters on the field got the bag limit after only 45 minutes of hunting.

# Gators' Spirits Low After Slim Victory

By United Press International Coach Ray Graves indicated Monday his Florida football team was "feeling sorry for itself."

Graves didn't say whether the despondency was caused by the Gators' disappointing 1-1-1 record this season or because they have to play mighty Alabama next Saturday at Tuscaloosa, Ala. But, whatever the reason, Graves said, "they had better wake up to the realization that Alabama is better than any team we've played yet."

The flu and coaches hoped he would be ready for the Chattanooga game Saturday.

Tennessees worked on its kicking game and the Vols were told that their next opponent, Georgia Tech, was a "typical Bobby Dodd outfit." Coach Tommy O'Boyle said Tulane should be in good physical shape for Mississippi State this weekend. Louisiana State concentrated on stopping the passes of Miami's George Mira.

# British Rider Cup Team Young

ATLANTA (UPI) — John Fallon, non-playing captain of the British Ryder Cup team, indicated today he may gamble with youth in an effort to beat the Americans for the first time in this country.

In a surprise move Monday, Fallon teamed Welshman Brian Huggett and Scotsman George Will, a pair of 26-year-old golfers, making their first Ryder Cup appearances. Alternating with the same ball, they responded with an unofficial 67 on the par 78 East Lake Country Club Course.

# Daytime League Asks Members

An invitation from Fran Norton, Secretary of the only Women's Daytime Bowling League is offered to all women bowlers with averages of 130 or higher to join this Tuesday afternoon league. The league will have its

election of officers this coming Tuesday at Jet Lanes at 12:30. The league will function with three members to each team. It is anticipated that there will be six teams in the league.

# Lyman, SHS Tied For Top Grid Honors

## Strikes . . . Spares

By John A. Spolski

As the old saying goes, a funny thing happened to me the other day. It plays me just to think of it even today.

For the benefit of those who may not know, as a bowler your chances of ever rolling a sanctioned 300 game are very, very slight.

The same holds true for those rolling a 700 series. I got awfully lucky a week or two ago. This is how the story went.

A friend came in as I was rolling one of the few practice games I get the opportunity to bowl. Honest Injun, I was trying my darndest to get near that pocket but it was just one of those days when I couldn't hit the side of the barn.

Well, this friend wanted to know why "I wasn't rolling all strikes?"

(Trying to hide my embarrassment, I said that I was practicing shooting spares-to-ten) Hat Hat.

About through the fifth frame of the second game I had a respectable 95 and then this joker asks me if I wouldn't really try to roll a big, bag game as my third effort. I finished by striking out with a 230 game and he's still not impressed cause he wants to see a perfect game (anybody for tennis or golf or something?).

In the Tuesday Businessmen's Lg, Steve Mason turned the trick with a 224 game as Dick (Zuckie) Zuckerman almost hit the 600 series with his 591 set.

In this same league it was Sam Faron who continues to

## Oviedo Looks Up; Crooms Hits Stride

By Julian Stenstrom  
Herald Sports Editor

With about one-third of the current gridiron campaign completed for the four high school football teams in Seminole County, the Greyhounds of Lyman High in Longwood and the Seminoles of Sanford are running neck and neck for top honors thus far.

Both the Seminoles and the Greyhounds have posted three victories in as many outings to date and both appear to have a possibility of going all the way. That's an unlikely prediction for any football club since there's bound to be a bad night sooner or later for any team.

The Seminoles may have had their lead in their opening contest with the Terriers of Titusville when the two clubs clashed on the muddy turf at Sanford's Memorial Stadium. The Tribe had to battle its way to a last minute touchdown and convert a PAT in order to squeak by the Terriers 14 to 13.

Meanwhile, if there is to be a bad night for Lyman it'll have to come in the future for Lyman hasn't had one yet. The Greyhounds rolled over Oviedo, Ocoee and New Smyrna Beach.

The Oviedo Lions broke into the win column last week with their 25 to 7 win over the Umattilla Bulldogs after losses in their first two encounters, that one to Lyman and the heartbreaker they dropped to the Dunnellon Tigers.

Crooms' Panthers, after dropping their opener to Ocala, have now posted victories in their last pair of outings. They plastered Lincoln High of Gainesville and last Saturday night whipped their long time rival, Euclid High of Deland 14 to 7.

Despite Seminole's 59 points against the Blue Barbers, Lyman still tops the county's scoring department with a two point margin over the Tribe.

Defensively, Lyman is far ahead of the field. The Greyhounds have limited the opposition to only six points—a single touchdown scored on them in their opener by the Lions of Oviedo. Meanwhile, the Tribe has been hit for 29—13 each by Titusville and Orlando Colonial. The Panthers have given up one more point than they have scored—38, and the Lions have been hit for 67. But 41 of those were rolled up against them by the speedy Greyhounds.

In the junior high department, the Sanford Junior High Braves are far ahead of their two county opponents—South Seminole of Casselberry and Oviedo. In their two tilt, the Braves have posted 52 points and given up only 8.

In a class by itself is the Seminole junior varsity machine. The Jayvees have run into the toughest opposition of any county football team—Daytona Swabreeze, Leesburg and Titusville. In these three outings, the Jayvees have rolled up 40 points and have yet to give up a single point.

**HALFBACK WILBUR MOORE** of the New Smyrna Beach "Barracudas", number 12, is trying for yardage with the help of blockers Gene Rossner (11) and Terry Mason (21). Coming in on an angle is Lyman's Austin Saville (45), and Pete Carlson, at right, to nail the runner.

## About Sports Thinking Out Loud

BY JULIAN STENSTROM

If R. T. Milwee, Seminole County's school boss, wants to shout, let him shout! He has a reason.

The county's four high school football teams made it a unanimous weekend of victorious football. The Seminoles whitewashed Apopka 59 to 0, Lyman's Greyhounds shutout New Smyrna 20 to 0, Oviedo's Lions cracked into the win column by taking Umattilla 25 to 7, and Crooms' Panthers downed Deland's Euclid High 14 to 7.

Gabbling with a bunch of football fans the other night the question came up as to the finest Seminole football player ever to come out of Seminole High.

There were many fine ones. We can recall Johnny Courier, Hendrix Lyles, George and Leland McClelland, Billy and Brailey Odham, George and Robert Stoneoff, and numerous others. Of course there was a 13-year period when we didn't get a chance to watch some of the fine talent produced at Seminole.

But in thinking back over the years we find we'd have a difficult time in choosing between two of the best all-around football players of their respective eras.

One would be the late Darrell Ferguson. This fellow could kick, run, pass and play defense as no other Seminole athlete as far as football was concerned. Hitting from the tailback in Gene Kettle's double wing offensive formation, Anderson was by far the most explosive ball player you ever saw. Willis could punt with the best of them, he could throw, spin, handoff, block like a tank and run like a wounded deer despite the fact that he weighed in at more than 200.

Anderson could thrill any crowd, and frequently did several times during many a ball game, by taking a hand-off, exploding into the line, blasting through the secondary and he off to the races before the opposition knew what happened.

Anderson, unlike Ferguson, had a winning team backing him up in the late forties. And it is little wonder that Willis was almost an unanimous choice of sportswriters who named him to the first string high school all-Southwest eleven in his senior year.

When we recall the exploits of Ferguson and Anderson, it would be only a guess to choose between them.

## Mantle To Have Knee Surgery

NEW YORK (UPI)—Mickey Mantle, who has had more than a nodding acquaintance with doctors in the past, is expected to undergo surgery for removal of cartilage in his left knee next week.

Dr. Sidney Gaynor, the New York Yankees' club physician, plans to confer with Mantle later this week and set a date for the operation in a New York hospital.

Before returning to his home in Dallas Monday, Mantle said he would leave the decision on whether to operate entirely in Dr. Gaynor's hands.

"If surgery is necessary, I'll have it done within six weeks after the series," said Mantle before leaving Los Angeles.

## Sandy Koufax Unanimous All-Star Pick

NEW YORK (UPI)—Sandy Koufax, the Los Angeles Dodgers' 25-game winner and World Series pitching hero, was the only unanimous selection today on the United Press International's 1963 major league All-Star team.

The 27-year-old left-hander, who beat the New York Yankees twice in the World Series after a season during which he struck out 306 batters, pitched 11 shutouts and compiled a 1.88 earned run average, was named by all 24 experts who participated in the UPI's post-season survey.

## Dodgers Eye Talent To Strengthen Club

LOS ANGELES (UPI)—The four-game sweep of the World Series will not dull the Los Angeles Dodgers' interest in strengthening their team.

"This is the time for us to work harder than ever," he added. "A baseball club can't stand still. We have to keep trying to improve ourselves because if we don't we might slide backwards."

Bavasi, however, indicated that the Dodgers would use the 1963 team as the nucleus of their 1964 roster and try to strengthen it chiefly with the organization's own younger players.

"I don't think we can improve much of the pitching we got this year. It was great and our job will be to keep it up to this year's level. But youngsters like Dick Calmus, Joe Moeller and Phil Ortega will see their chance."

And we have players like Dick Nen, Al Ferrara, Nate Oliver and Roy Gleason who spent most of the season in the minors but are just about ready for the majors."

As the victorious Dodgers cleaned out their lockers at the stadium, the glow of their world's championship sweep still was with them. And most of the Dodgers looked ahead to vacations and to receiving their World Series check.

"The players receiving All Series shares will get around \$13,000, it was estimated by the club although the exact figure will await word from Commissioner Ford Frick's office."

## 11 Teams Tabbed By Gator Bowl

JACKSONVILLE (UPI)—Gator Bowl officials are watching the "eleven best" for the annual post-season football classic scheduled here Dec. 28.

Joe Sykora, selection committee chairman, and General Manager George Olsen listed the following 11 teams, all of which are eligible for participation in the Gator Bowl game:

Pittsburgh, Navy, Penn State, Texas, Alabama, Oklahoma, Auburn, LSU, Georgia Tech, Duke and Nebraska.

"We didn't include any Big 10 or Big Six, AAWU teams," Olsen said, "because they are tied up in the Rose Bowl. Of the others, these look like the 11 best to us at this time."

minor league rosters to see where the Dodgers could strengthen their team.

"This is the time for us to work harder than ever," he added. "A baseball club can't stand still. We have to keep trying to improve ourselves because if we don't we might slide backwards."

## Who's Golfing

By Doty Divo

Thirty-one members turned out for the Oct. 2 weekly tournament, which was best nine, one-half handicap. Winners for the week were Jimmie Livingston, Class A; Ida B. Wilson, Class B; Elaine Kerr and Class C, and Doris Spencer, Class D.

There were several bright new faces in the beginner's class last week. Pat Hutchinson dashed out in her snappy new convertible and was so inspired that she tied with Elsie Mero for top honors! Peggy Hardin and Marylou McDonald were concentrating on the art of pivoting and follow through. When Marylou arrived at the clubhouse some of the "gal golfers" surprised her with a birthday cake! I can faintly remember when I would admit to those things that come around each year — "ah sweet bird of youth."

Have you seen Cecile Heard's new golf shoes? No, not blue suede — a beautiful, champagne leather custom item. Understand that Cecile rents a car to ride her "feet" 'cause she doesn't want to soil the beauties.

In spite of "Howling Flora" and a thing called World Series a fine group turned out for the Mixed-Two-Ball Tournament. Dr. and Mrs. Fincher, Mrs. John Dickey and Frank Durso and Commander and Mrs. Russell Pearson put together the three top winning combinations.

Due to a limited amount of facilities being available at the Country Club the covered dish supper was born — and there was a question as to how successful this might prove. However, as the culinary experts began displaying their individual dishes of "goodies" an air of admiration and anticipation had the interest of everyone.

Upon generous sampling of the delicious meats, casseroles, salads and wonderful desserts it proved to taste as good as it looked—and that do make it nice. Our particular thanks to Jackie Crawford and Susie Dickey for all their efforts.

## INTRODUCING THE DEPENDABLES FOR '64

Compact families, if you've grown larger... Dart's for you

Something new in compacts! Family-size room. Family-size fun. Dart is a fresh new compact in the large economy size.

Dart's a little bigger outside, a lot roomier and more comfortable inside. A bigger engine under the hood, a lot more fun on the open road. And bringing up the rear? A whopping trunk with more usable luggage space than many full-size cars.

Yet Dart is a compact. You can tell by the great gas mileage. By the way it slips into skimpy parking spaces. And by its small compact price. In short, low compacts cost less than Dart. Not one gives you so much for the money. So head for your Dodge dealer and try Dart on your family for size. Three series, nine new models. With each, you get a 5-year, 50,000-mile warranty.

THE DEPENDABLE 3 YEAR 50,000 MILE WARRANTY — Chrysler Corporation stands behind you for 3 years or 50,000 miles, whichever comes first. It covers defects in materials and workmanship and will replace or repair at a Chrysler Motor Corporation Authorized Dealer's place of business, the engine, transmission, and drive shafts, and the main body parts, including the pump, transmission case and related parts (excluding optional clutch & torque converter drive shaft), suspension parts, rear axle and differential, and rear wheel bearing (if 1964 model), provided the dealer has the engine oil changed every 3 months at 1,000 mile intervals (unless more frequent oil changes are recommended by the manufacturer) and the engine oil is changed every 3 months at 1,000 mile intervals (unless more frequent oil changes are recommended by the manufacturer). This warranty is void where prohibited by law. It does not cover wear and tear, accident damage, or modifications. It is subject to certain limitations and conditions. See your dealer for full details of this warranty and (1) the car's three-year mileage.

# 4 NEW BUSINESSES PLAZA

JEOLA Cards & Gift Shop is slated to open Wednesday at Seminole Plaza.

The Sanford Herald  
Tues. Oct. 8, '63—Page 7

### J. Philip Shop Will Feature Fine Jewelry

J. Philip Jewelers opens Wednesday in Seminole Plaza Shopping Center at Casselberry under the ownership of James H. Sellars, a veteran of 20 years' experience in the jewelry business.

The store is named for Mr. Sellars' son, J. Philip, who will be associated with him in the business, coming here from Bradenton.

Sellars was stationed at Orlando AFB in 1942 and decided then he would like to locate in this area some day and is finally seeing this dream come true.

They plan to operate a high class dependable jewelry store offering the finest lines of watches and jewelry such as Bulova and Hamilton watches and Columbia and "Jewels of Joy" diamonds.

Other famous lines which they will feature are Spedel, watchbands, Jewels by Tri-fari, and Coro costume jewelry.

In addition to the lovely gift line, they offer watch and jewelry repair and custom mounting.

### Garden Circle Sets Meeting

By Shirley Wentworth  
Mrs. John D. Grathwol, president of the Orlando Garden Club, will be guest at the monthly meeting of the Bear Lake Garden Circle to be held at 8 p.m. Wednesday in the home of Mrs. William Massey, Lake Asher Circle, Bear Lake.

Mrs. Grathwol will outline and discuss activities of the Club for the coming year.

J. PHILIP JEWELERS staff includes, left to right, Pat Patterson, J. Philip Sellars and James H. Sellars.

# Advice To LIVE By

During Fire Prevention Week this week practically every newspaper will print articles, photos and sketches on fire safety, how to reduce the grim toll in lives and property. Yet, at year's end, the record will read something like this:

- About 1,500 homes destroyed or damaged by fire each day.
- More than \$1.5 billion in property losses during the year.
- Some 11,800 lives lost, one-third of them children.
- Disfigurement of thousands upon thousands of other fire victims.
- Countless payless pay days because fire wiped out or interrupted steady jobs.

These are the costs of negligence, carelessness or heedlessness. This need not be so.

The best advice that can be offered is: "Don't give fire a place to start."

Succinctly stated, this suggests that most fires are avoidable. The sheer waste and agony of fires can be curtailed by taking a hard look at our habits and removing the hazards which cause fires.

Why not resolve that now is a good time to safety-check your house to protect your most precious assets—your family and your homes?

## Hornet's Nest

The U. S. Supreme Court will get no respite from the field of major controversy in the 1963-64 term now beginning. New cases involving reapportionment of state legislatures and Negro sit-ins in public establishments will be high on the docket. The reasonably well-informed layman may ask: "Haven't those issues already been settled by the court?"

The answer is, only in part.

In the matter of sit-ins, the high court ruled last spring in a cluster of decisions that segregation practices which bar Negroes from lunch counters and similar places are unconstitutional—where it can be shown that state or city authority was used to enforce such practices.

Left unsettled was the question of whether the proprietor of a privately owned establishment, acting entirely on his own, can bar Negroes once he has declared his place open to the public.

Congress, of course, is right now embroiled in debate over this very issue as it mulls over President Kennedy's civil rights program. One proposal would bar racial discrimination in such establishments.

If this feature were adopted in law, the Supreme Court presumably would be powerfully influenced in its judgment on the matter. It might even consider that the decision had been made for it. If the measure dies, greater interest will surround the court's ruling.

The Supreme Court's 1962 decision in the Tennessee reapportionment case simply made the point that the federal courts have a right to speak in suits involving malapportioned legislatures—on the ground that the 14th Amendment's "equal protection of the laws" clause guards voters against such distortions in voting strength.

The court did not say, however, what it regards as fair and reasonable apportionment. It did not set standards which would enable lower courts to say: "This plan satisfies the requirements of equal protection, this one does not."

In the new term the high court will hear a number of cases from various states which go to that critical point. Lawyers, lawmakers and legislators all over the nation are waiting to learn its ruling.

The general public will be highly attentive to this decision, too, as it will to the outcome of the new sit-in cases.

For the Supreme Court, plainly, it is—once more—out of the swarm of bees and into a hornet's nest.

## Phil Newsom Says . . .

### A Peninsula Divided

LISBON, Portugal—Spain and Portugal, the nations which occupy the Iberian Peninsula, are going in opposite directions in Africa.

Generalissimo Francisco Franco, moving cautiously toward greater participation in world affairs and seeking to soften its image as a dictatorship before the world, is acting to improve its relations with the new nations of Africa.

As such it is talking autonomy for Spanish Guinea.

In contrast is the embattled Portuguese regime of Premier Antonio de Oliveira Salazar, determined to retain its holdings as the largest remaining European power in Africa.

Salazar has dismissed as of minor consequence either trade or diplomatic boycott of Portugal by independent African nations.

He has declared instead that Portugal will fight the last to retain its place in Africa.

Spain and Portugal have been bound in the Iberian Pact since 1939, but it pledges them to mutual defense only in the metropolitan areas of Africa.

Last May 14 and 15, Salazar and Franco met in the town of Merida.

In Portugal the subject of their conversations has been kept a close secret.

But in Spain it was widely believed Franco urged upon Salazar African reforms considerably more far-reaching than those in the new work code placing Negroes upon an equal footing with Portuguese workers and in the organic law giving Angolans a greater voice in their own affairs.

In Spain there also is concern lest the sudden loss of Portuguese overseas territories create a crisis and perhaps upheaval at home which would pose a threat on Spain's own borders.

Whatever the subject of the meeting, it seemed scarcely coincidental that a new wave of arrests followed in Portugal, most of them labeled Communist.

In any discussion of the Portuguese and Spanish attitudes toward Africa, the Portuguese are quick to point out that Portuguese problems are different.

And they are. Beyond Spanish Guinea, Spain also holds Ifni, a fishing enclave, the Spanish Sahara and the northern garrison towns of Ceuta and Melilla where 30,000 crack Spanish troops are stationed.

Spanish sources say Spain would fight to hold Ceuta and Melilla but otherwise has little interest.

For Portugal, the African overseas territories not only are a source of national pride. They also provide outlets for Portuguese exports and for Portugal's excess population. Through arrangements with Lisbon, they also are a source of foreign exchange.

And finally there is another worry. Said one Portuguese: "To have 450,000 settlers thrown back on Portugal would mean chaos."

Editor, The Herald:

It has been brought to my attention that there are those who may not quite understand the relationship between the Central Florida Council, Boy Scouts of America, and the Seminole County United Fund.

By way of a brief explanation there are actually five financial programs related to the Boy Scout program:

1. The Scouts own need for money to purchase a uniform, flashlight, hatchet or some other item of personal equipment.
2. The Scout unit needs funds to purchase tents, cooking gear, or other items used by the entire unit.
3. The parent organization must furnish a meeting place, thus utilities, etc. is paid by the Parent Organization.
4. The National Council with a headquarters office in New Brunswick, N. J., where about 600 people are employed to prepare program, help, training aids, etc. and to keep a personnel record of every registered individual and furnish a membership card and other credentials. The National Council, including the national office and 12 regional offices throughout America is operated on the 50 cent registration fee paid by each individual who registers as a member.
5. The money furnished by the citizens of the area through the United Fund is applied on the Central Florida

elaborate further on this, but if we review the facts it is obvious that 15 per cent of the membership being in our area should furnish about 15 per cent of the budget, or more than \$15,000.

If we, through Scout training are able to prevent even one boy from getting into serious trouble we have saved the taxpayers more than the above amount necessary to keep one individual in an institution of correction.

If you want silence ask a group of women which one is the eldest.

Speeders should be told that the average person has 24 ribs, none of which can safely be spared.

International tangles haven't a thing on little kids' clothes after they get undressed.

Turn to rubber at a pretty girl on the street and she's liable to bounce you one.

If you're a pleasant person you don't have to drink like a fish to keep in the swim.

## Dr. Crane's Worry Clinic

Martha's dread of germs did not involve typhoid or tuberculosis or polio, etc. When I quizzed her more definitely, she confessed her worry was about venereal infection, so scribble this case and send for the booklet below. In this clinical column we go to the heart of the problems!

CASE Q-468: Martha G., aged 44, is the wife who was described yesterday as being a victim of the handwashing complex.

When I later had a long interview with her, I found that Martha's main germ phobia did not pertain to tuberculosis or typhoid fever.

And she wasn't fearful of Asiatic flu or even polio.

So what kind of germs do you suppose were her main dread?

Venereal infection, such as syphilis and gonorrhea!

And those are the usual bacteria that are dreaded by people who have Lady Macbeth's handwashing complex.

Furthermore, many young people also suffer from this same phobia about germs and contamination. Why?

Well, you are not likely to worry about anything that doesn't come into your mind very often.

So why should such victims keep thinking excessively about sexual contamination, as shown by their dread of syphilis and gonorrhea germs?

The answer is often relatively simple. These people have been romantically starved.

And whenever we are hungry for anything, we tend to dwell at night about the fulfillment of such a basic appetite.

Thus, if we go to sleep on an empty stomach, we are very likely to dream of Thanksgiving banquets.

And if we go to bed thirsty for a drink of water, what is more natural than that our dreams deal with pools of cool water or mountain brooks or even ice cold soda pop?

Dr. Freud likewise has shown us that in our dreams, if we are romantically hungry but unsatisfied, then we are almost certain to dream about that which will satisfy our love appetite.

But in the case of sexual matters, we have been educated to view them as vulgar or debasing, so Dr. Freud says we will very likely disguise our sex dreams by use of fanciful erotic symbolism.

Just as we disguise sexual hungers while we are asleep by cloaking our erotic dreams in vague symbolism, so we find that patients will try to disguise daytime dreaming with similar symbolism.

Thus, Martha's handwashing obsession is based on her

secret fear of sexual contamination.

And her dream of the latter was based on the fact her marriage had grown platonic for the previous couple of years.

Because of her menopausal fears, too, her attention had been doubly focused on erotic matters, so her hunger for such stimulation had been increased.

On a few occasions, she had imitated the youngsters who indulge in auto erotic stimulation. That's why she felt her hands might be contaminated.

Thus, her great dread of germs was really a worry about venereal infection. And her focusing on venereal matters was due to her erotic hunger and guilty feelings concerning her own auto eroticism.

So such patients don't need shock treatment but a little medical "horse sense."

Send for the booklet "How to Prevent Platonic Marriage," enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** My sister and I have a problem with our father. He is 84 years of age. He has a "girl friend" about 65, and has been seeing her for about a year now. As he still drives his own car he has asked my sister (who lives out of town) if he and his "girl friend" can drive down to her place some Saturday and stay until Monday. My sister is a widow and she is very upset over the prospect of entertaining a woman she does not know. Father says he does not contemplate marriage—he is only a "girl friend." Yet he says, unless his "girl friend" is invited, he will not drive down alone any more. How should this be handled?

**SISTERS:** Tell your sister to put out the welcome mat and to do it with a smile. Your girls should be tickled pink that you aren't running to a nursing home with chicken soup every day.

**DEAR ABBY:** Please help me out of this mess I got myself into. I am 14, but I liked this life guard so much I told him I was 17 and he believed me. I told him a bunch of other lies about where I went to school and where I lived because I don't live in a very nice part of town and I didn't want him to know it. I gave him my telephone number. What will I do if he calls me up and wants to take me out? My parents are very strict and I can't date yet. Would it be terribly wrong to have him pick me up at my girl friend's house?

**IN A MESS:** DEAR MESS: Yes, it would be. If he calls you, tell him the truth. And DON'T tell any more fibs, or you'll find yourself in so deep that even a life guard can't save you.

**DEAR SISTERS:** Tell your sister to put out the welcome mat and to do it with a smile. Your girls should be tickled pink that you aren't running to a nursing home with chicken

# Jacoby On Bridge By Oswald Jacoby

Although most systems still play the jump to three of partner's suit by an unpassed hand as a game force, the examples are always in the major suits. Somehow or other no one really likes to play the minor suit jump as anything, but a strong invitation to further bidding. For years the western players have all played the bid this way and it is only with the majors that they are just coming around to playing limit bids.

It is necessary to have some way to handle the forcing raise of a major and after years of experimentation I have come around to using two no trump as this forcing raise by an unpassed hand. This means that the normal

might be as the forcing raise because it leaves lots of room for exploration below game.

In the Jacoby system the jump to four by an unpassed hand remains just as in other systems. A hand that should produce game and that has little defense against the opponents and little chance for a slam unless opener really has lots of control cards.

South has 11 high card points and a pretty good six card suit. Most any strong bid by North should suggest a slam, but not the jump to four spades.

South misses three aces and there is little chance that North will hold two of them, so South passes and settles for game.

# We The Women: By Ruth Millett

You'll always have good getting together. You aren't always looking for alights or taking offense when no offense was intended. You usually leave your friends feeling more pleased with themselves than before they saw you. You don't resent your friends having other friends they are as fond of as they are of you. You accept your friends' faults along with their good qualities—and mention only the latter when talking about them to others. You never betray a friend's confidence—even when you are asked to keep a bit of information to yourself, but when common sense tells you it shouldn't be passed along. Your friends know that you will be as happy at their good fortune as you are ready to help out in time of trouble. You do your full share of "keeping in touch" with friends, instead of waiting for them to make the plans for

# Dealers Pleased At Public's Reception Of 1964 Autos

STRICKLAND MORRISON'S manager Gary Hudgins demonstrates the 1964 Ford Galaxie.

"Terrific" is the word! This sums up succinctly the expression of area automobile dealers and salesmen as to the reception given the 1964 models now on display by the buying public.

Gary Hudgins, manager of Strickland Morrison, Inc., said the "reception is the best I've ever seen, and that is not sales talk. We have had the finest in buying response in our history. This year the driving public is buying new cars."

Bill Hemphill, owner of Bill Hemphill Motors, reported "the reception was the best recorded at announcement time. Deliveries are better and interest is higher. We are very pleased."

Spokesman for Brass Motors related "the public really likes our new models and, what's more, they are buying. Response has been wonderful."

"Very good and we're very pleased," said Don Bales, owner-manager of Sanford Motor Company. "Everybody likes the appearance of our new models. Sales are good."

Willie Hunt, owner of Hunt Lincoln-Mercury, joined in the overall report of "good reception to our new models by the buying public. It can be summed up in one word, 'terrific.'"

"Most gratifying" was the expression of Ben Howland, of Seminole County Motors, who added, "the response has been so great we've had to order more models already. It has been real fine."

David Tomlinson, new manager of Hunter Motor Sales, told of "exceptional reception for our 1964 models. We are very pleased. Business is great."

## AARP Chapter To Meet At DeBary Manor

By Mrs. Adam Muller  
The DeBary Chapter of the American Association of Retired Persons (AARP) will meet at 10 a.m. Friday at DeBary Manor, the new nursing, convalescent and retirement living facility on Highway 17-92 at Lake Susan which is expected to open on Nov. 1.

Program chairman Howard Middleton has announced that the speaker for Friday's meeting will be John Jenkins, administrator for the new home, who will outline plans for its operation. Jenkins also will answer questions concerning the facility and will conduct a tour of the home for those attending.

Interested persons from DeBary and surrounding communities have been invited to join the AARP group for this meeting by Mrs. Marge Ulrich, president. Parking facilities with entrance from Highway 17-92 will be available for those attending. The Chapter will conduct its annual business session during which three directors will be elected and reports of committees will be heard.

## Club To Meet

The DeBary Fishing Club will see the film, "Fabulous Fishing in Panama," at Wednesday's 7:30 p.m. meeting to be held in the Recreation Hall of the Fire Station. Residents of surrounding areas are invited to attend.

Columbia is the only South American country which fronts on both the Pacific and Atlantic Oceans.

## Child Safety Week Observed

This week is Child Safety Week.

Statistics compiled by the State Extension Service reveal that accidents cause more deaths among children between the ages of one and 14 years than the five leading childhood diseases combined. Last year in Florida there were 331 accidents among children from infancy through four years. Of these 15 involved motor vehicles, 10 were poisoning by solids and liquids at home, 12 were falls at home and 59 were fire explosions at home.

Among children from five to 14 years, there were 258 accidents last year. Of these 99 were from motor vehicles, one by poisoning at home, eight by falls and 29 from fire explosions.

## Missile Club To Hear Talk On Exposition

By Jane Casselberry

The South Seminole Junior High School Missile Club will receive an introduction to the Salute to Space Science Achievements Exposition to be held in Orlando Oct. 22-25 when Henry W. Ostermeyer, assistant director, speaks to the club on Thursday at 3:45 p.m. The meeting will be open to the public.

Ostermeyer will show a 15 minute film on the Paris Air Show and will brief club members on what they may expect to see at the exhibition which will be the largest ever put together by NASA.

Exhibits to be displayed are valued at \$10 million dollars and will be shown at the Ex-

position Park and the Municipal Auditorium.

Among the more interesting displays will be the original space capsule in which Scott Carpenter was launched and a 1913 replica of the Curtiss-Wright plane, "Space-mobile," an educational program will be shown in the auditorium and will be of interest to everyone.

Special arrangements are being made for school children from the seven counties participating to see the exhibit.

Following the program Thursday, officers for the general executive board of the missile club will be elected.

## When winter calls the signals, be ready!

When footballs fill the air and autumn leaves begin to fall, it's time to see your Standard Oil dealer for a Fall Certified Car-Check. He checks your car inside and out, winterproofs it from bumper to bumper to assure you trouble-free driving in the cold months ahead. Fall Certified Car-Check is another of the ways—

we take better care of your car!
