## A Country Estate beyond reproach

Nothing approaches Loch Arbor in value when all things are considered. Right in the heart of the most beautiful lake section of the Sanford district. Surrounding the Sanford Country Club with all its amusements and pleasures. Loch Arbor is directly in the path of the great southern growth of the city and yet, prices are low enough to assure generous returns on an investment.

Improvements that are now well under way are of the highest character; paved streets, landscaped parkways and drives, white-ways through the development, these are some of the many improvements that are now being installed in Loch Arbor. Great progress is made daily in the development program.

Now is the time to investigate Loch Arbor while developments are being made. Definite announcement of the sale will be made in a few days. Reservations are being received by our representatives or at this office. We advise inspection that the development program can be unfolded to you in its entirety.

## Colonel William Mitchel

The suspension of Colonel William Mitchell from "rank,
command and duty" for five years because of his adverse command and duty" for five years because of his adverse
criticism of air service policies, marks the closing chapter of one of the most sensational court investigations in a nation where sensational court proceedings are common, and the final action of the court in returning a verdict in the case
opens a wide range of discussion, and a many-angled view of pens a wide range of discussion, and a

 Aside from who was right or, wrong, and apart from the sides, a fair and unbiased view of the entire proceedings
seems to show Colonel Mitchell still high in the opinion of
this nation and the one outstanding result of the battle lies in the illuminating light that has been focused on a an people that is of far grincental charact

Colonel Mitchell may have been absolutely wrong in ail o
his policies, but it is certain that he defended these policie in a manly and straight-forward manner that removes al
doubt of his sincerity, and we cannot concur with Major Alle Gullion's characterization of Mitchell's actions as soiling th
fair name of the army and "shattering the ideals and cor rupting the loyalty of young air officers." Certainly this country should stamp out bolshevism in al
of its forms, and revolt against constituted authority should
not be tolerated for an instant but manly not be tolerated for an instant, but manly, courageous an
unselfish agitation for principals actuated by a sincere de
sire to bencfit this country is certainly no shat vism, and in point of loyalty, young officers of the arme
would do well to model after Mitchell, who was, perhaps, too loyal for his own welfare.
Mitchell has a war record that does not permit his cour-
age or loyalty to be questioned, and in Major Gullion's bitter arraignment of the air officer is found a rank lack of ap-
preciation of the invaluable service that Coionel Mitchell renSo Mitchell goes out of the army, apparently not embit
tered by the treatment accorded him, evidently content the knowledge that it "matters not who won or lost, but how
you played the game."
TO FLORIDA BOTH men and money have come, the for-
mer by the thousands, the latter by the millions. The whether it be actual or artificial, is there, and it attracts.
That there is a large faith in the future of Florida is best attested by the character of the men who are building it up--
their entusiasm, and the convincing argument of the money
they have invested. The best summing up of the situation
I can give is Florida is Florida and there is nothing else like it. Her unfolding, the pioneering thitherwart, the feverish
activity prevalent, all mark one of the most interesting chapters of the many that go to make up the romance of Amer-
ican history.-Former Governor M. R. Patterson of Tenn-
