serve personnel become eligible

for medicare. This does not hind. er their right to receive medical attention at military facilities on a space available basis. Q. You stated before that a 100 per cent service connected disabled veteran was entitled to commissary and base privileges. What about his wife? C. S. M. A. If the veteran is so d

abled he cannot handle his own affairs he may have another nember of his family designated to obtain these base privileges for him. These base and commissary benefits cease at the death of the veteran, so his widow or other dependents would not be entitled to them. Men who are retired from the service, or who die on active duty, are in a different category and these benefits do continue for their widows and dependents. Q. If I cannot find an eligible veteran to buy my G.I. home how can I get relieved of the responsibility of the loan? M. H. A. The buyer of your home does not have to be a veteran. Anyone who has good credit and can qualify with VA to purchase your home would be approved and of course VA will

Q. Is it true that I as a veteran can get financial assistance with my burial and also a free headstone? How do I go about applying for these things? C. R. A. Yes. Both of these benefits are easily obtained. Your funeral director, or this office, can help your relatives apply. All you can do now to help is to make sure of those who will be handling

or some other federal agency? cases. in dealing with V.A. No federal it has.

Talk On Crime To Be Given In Forest City

ford, Fla. 32771.

By MARYANN MILES A discussion on crime complacency in Seminole County will be presented by County Prosecutor Kenneth McIntosh at the meeting of Forest City Community Association at 8 p. m. Wednesday in the Bear Lake In business of the meeting,

the nominating committee made up of J. Ken Evans, chairman, and C. M. Hunter, Al Krenzer, Murray Long and Mrs. Allen Forward will present a new slate of officers. lead discussion on plans for completing the association's new community clubhouse now under construction in Lake Harriet Estates. The public is invited to at-

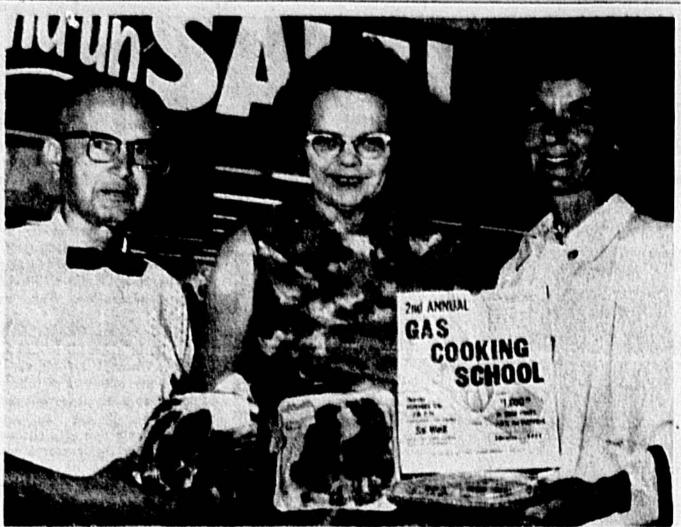

tend the meeting. Nursing Council Annual meeting of the Home Nursing Council will be at 4 p. m. Wednesday at the Seminole County Health Center in Sanford. The president, Kenneth

Its new look is just one nice thing about the '67 Chevy pickup

THERE ARE LOTS OF OTHERS.

For instance, new durability: New sheet metal construction discourages rust. Eliminates exposed joints on cargo box and tailgate. Provides self-washing wheelhousings with special splash shields. Inner cab is specially treated against rust.

Also, added comfort, safety and convenience: Improved visibility all around. Dual master cylinder brake system. Telescoping lower steering shaft. Energy-absorbing instrument panel. Interior color-keyed to go with exterior paint. One-hand tailgate latch.

And extra strength: Full-depth double-wall side panels (Fleetside models). Double-wall steel in cab roof and other important areas.

Plus famous Chevrolet truck features: Independent Front Suspension that gives a smooth ride-like a car. The most popular truck 6's and V8's. (And there are lots more, as your Chevrolet dealer will show you.)

See the brand new breed of Chevy pickups at your Chevrolet dealer's

On Birds

birds, including slides, was presented by James Milton Thomas, professor at Orlando Junior College, at the November meeting of the Altamonte Springs Garden Club. Birds are Thomas' hobby and he stated that parakeets and canaries kept in captivity have

distinctive personalities and

can bring much pleasure in the

while others will sing. He showed slides of many beautiful birds, soft bills and hard bills. The hard bills are best in captivity as they can crack their own seeds and are easier to care for. Flamingos are the most expensive and difficult to handle. Australia and India furnish the United States with the unusual birds. The Kikie bird from Africa is a beautiful bird, very in telligent and also very expen-

Near Miss Elstad was sitting in his farm home Sunday when a stray bullet - apparently fired by a deer hunter — ripped through the outside wall of the home. The bullet went through an interior wall, then hit Elstad's belt. He received a severe bruise but was not hospitalized, the sheriff's office reported.
