

BIG BARBECUE AND PICNIC WILL BE GIVEN IN SANFORD THURSDAY, SEPTEMBER 29

Horse Racing, Tournament Riding, Ball Games, Etc.

MERCHANTS' DAY

SPECIAL SALES WILL BE PUT ON AND BIG PRIZES GIVEN AWAY

The Trade Extension Committee of the Sanford Chamber of Commerce at a meeting yesterday decided to foster a big celebration here on Thursday, September 29th at which time there will be a big free barbecue, tournament riding, horse races, ball games and a big street dance at night.

This will also be demonstrated on the big carnival day in September when all the merchants will offer special bargains and will also give away hundreds of dollars worth of free prizes at a big drawing to be held here that morning.

The tournament races and horse racing will draw people from all the adjoining territory and the prizes of \$50 in gold for the first prize and \$25 in gold for the second prizes in those races and tournament will make it worth while for the rough riders to bring their horses to Sanford and compete in the races.

The big free barbecue and basket picnic will be held on the lake front, if possible, and as there is plenty of shade here and it is in the heart of the city it should attract a big crowd from the country and prove an excellent get-together meeting for the people of Sanford and neighboring cities to get together and talk about subjects that are of importance to the people of Sanford and the folks from other places.

Last year one of these affairs was pulled off here and it was the most successful from every standpoint and it was said at that time that it should be made an annual affair. The Trade Extension Committee thought there could be nothing better accomplished in their line than to wind up the campaign by inviting everybody to come to Sanford the last of September, the merchants could put on special sales and it could be made a big celebration for the home folks and their visitors.

The affair will be wound up by a big street dance and ought to be an occasion that will be long remembered.

A more detailed account of the many events will be given in a later edition of the Herald.

F. A. MILTIMORE LIVED HERE FOR SOME TIME

MAN KILLED AT ORLANDO ALSO WROTE TO LENA CLARKE FROM THIS PLACE

F. A. Miltimore, who was killed at a hotel in Orlando last week and for which killing Miss Lena Clarke is now in the Orange county jail, lived at Sanford for several months and had charge of the restaurant at the A. C. L. station. He made many friends while here who all say that he was of a quiet and retiring disposition and attended strictly to his own business. It seems that Miss Clarke also had friends here if the following letter published in the Jacksonville Metropolis can be taken as a proof as it was alleged to have been written by Miltimore while he was living here:

"Dear 'ZZ', received your letter so long ago. Intended to answer many times, but? Well just did not get to it. Have been a very busy boy since I came back to Florida last Feb. Yes, I saw your friend at Sanford. He came in and had dinner. Did not have time to talk to him. I left the last of March. Came here and bought this place. Have been doing good business. That is considering the time of year. Expect to do fine this season, perhaps get rich and return and spend the rest of my days 'swimming.' Yes, I may go to Coronado Beach the 4th of July. Great doings there and at New Smyrna. Very sorry to hear of the badness caused you by the death of Paul. Where do you spend your 4th?"

"Would be glad to hear from you again any time and will be more punctual in answering in the future. YOURS AND ETC."

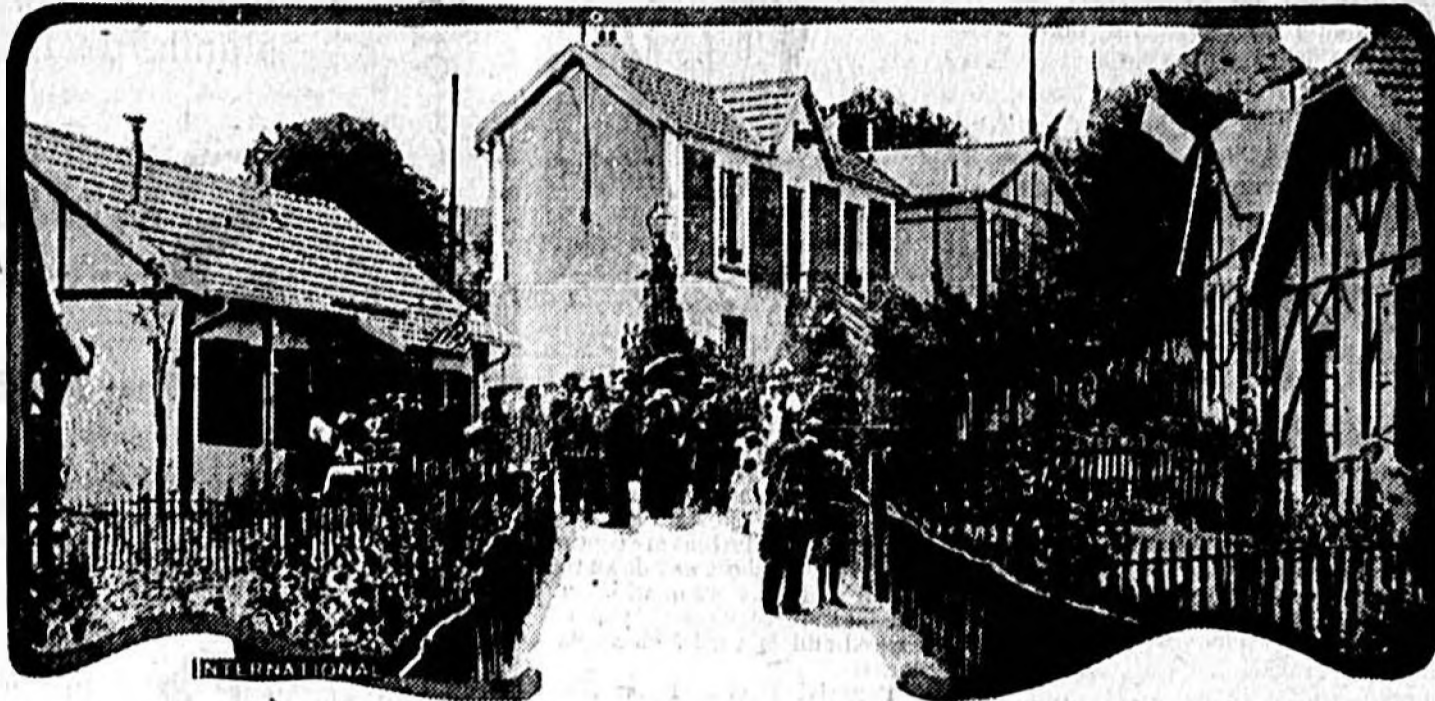

The "ZZ" at the beginning of the letter is the pen name of Miss Clarke and used in connection with her poems.

SCHOONER IS SEIZED.

PHILADELPHIA, Aug. 11.—The two-masted American fishing schooner Thomaston, from the Bahama Islands for Atlantic City was seized here today by customs officers on suspicion of violating the customs regulations. In announcing the seizure the customs office would neither deny nor confirm that the Thomaston was suspected of bringing liquor ashore.

REPORTER-STAR OF ORLANDO, SUED FOR LIBEL

T. T. REESE, OF WEST PALM BEACH BROUGHT INTO CLARKE CASE

Two suits of \$50,000 each were filed Saturday against the Reporter-Star and J. C. Brossier and R. B. Brossier, editors, and the Metropolis Publishing Company and S. Bobo Dean, editor, of Miami, by T. T. Reese, president of the Farmers Bank and Trust Company of West Palm Beach.

Mr. Reese charges libel in an article printed in the two newspapers last Thursday, in which it was stated that Reese was absent from the city. The article also rehearsed the fact that several months ago he (Reese) was sued for \$50,000 by Miltimore.

An affidavit of good faith accompanied the filing of the suits. When asked this morning what steps he intended taking regarding the suit, Mr. J. Clement Brossier, managing editor of the Reporter-Star, he only smiled and said, "my attorneys will do my talking."

This remark was perhaps not original, as it has been made to Mr. Brossier so often the past week when endeavoring to secure information from the principals in the Miltimore murder case, he seemed to enjoy the humor of it thoroughly.

Reese is being sued for libel by his wife, Mrs. Belle Reese, the suit having been filed first on April 27, 1920, but was later withdrawn. On January 18 last the judge ordered the case reopened, and L. R. Baker, who was made special examiner of the case, has completed the examination but is not quite ready to file the testimony.—Orlando Reporter-Star.

MASKED MOB BREAKS JAIL AT AUGUSTA

Looking for Murderers of Taxi Driver of Columbia, S. C.

PRISONERS GONE

HAD BEEN SPIRITED AWAY TO SAVANNAH JAIL BY THE SHERIFF

(By The Associated Press) AUGUSTA, Ga., Aug. 11.—A mob of masked men from South Carolina points, estimated at one hundred or more, traveling in twenty-five automobiles, made an unsuccessful raid upon the Richmond county jail and the county stockade here between 4 and 5 o'clock this morning, their purpose being to secure C. O. Fox and Jesse Gappins, charged with the murder of William Brasell, 19-year-old taxi driver and college student of Columbia, South Carolina. Sheriff Plunkett outwitted the mob. A meager report of men gathering in South Carolina points filtered through in the early part of the night and at 10:30 last night the sheriff placed the prisoners in an automobile and rushed them to the jail in Savannah. After searching the stockade, outside of the city, the mob visited the jail where the committee searched the premises to verify a statement of the jailer that the prisoners were not there.

CATHOLIC PRIEST WAS MURDERED IN CALIFORNIA

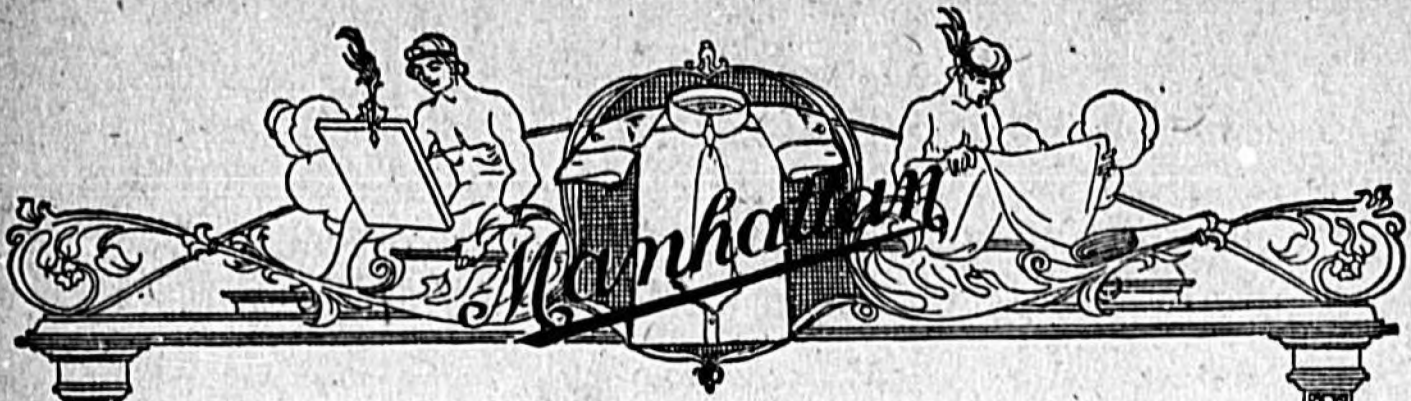

BY UNKNOWN PARTIES AND HIS BODY BURIED IN RAVINE

(By The Associated Press) SAN FRANCISCO, Aug. 11.—The body of Father Patrick E. Heslin, missing Catholic priest, who disappeared from his parish, Holy Angels church at Colma, the night of August two, was found buried at the bottom of a sand cliff near Salada Beach on the Pacific coast about twenty miles north of San Francisco. Father Heslin was murdered as there was a bullet hole through his heart and head, the latter shot having torn away part of his skull. The body was exhumed last night.

The party which exhumed the body last San Francisco late last night, acting on a tip given by William A. Hightower, who discovered the grave, and the body was exhumed by the light of a lantern. Hightower was later held by the police pending further investigation. Hightower, according to police, said he acted upon a clue given him by Dolly Mason, whom he previously had known in Salt Lake City. The woman, he said, told him Sunday night she had met a man who appeared to be a foreigner Friday and who on becoming intoxicated had made a broken revelation to her. The police are searching for Dolly Mason. At times the foreigner, the woman told Hightower, expressed hatred for the Catholic church.

Archbishop Hanna, of San Francisco last August 3rd received an anonymous letter demanding \$5,000 for the safe return of Father Heslin and yesterday the Archbishop received another letter demanding \$15,000 ransom. Father Heslin was last seen alive about 9 o'clock the evening of August 2nd when a stranger drove up to the parochial residence at Colma in an automobile, under the pretense that he wanted the priest to deliver the last sacrament to a dying relative he succeed in getting Father Heslin to accompany him.

American goods are being returned in quantities from South American countries because they cannot compete with German and Belgian products which are offered from 20 to 75 per cent lower than ours. Must our glowing prospects of South American trade be sacrificed to the sacred shibboleth of "protection?"

### SPURGIN CAUGHT CHIHUAHUA CITY MEX. POLICE

EL PASO, Tex., Aug. 10.—Warren C. Spurgin, missing Chicago banker, charged with embezzlement, is under arrest at Chihuahua City, Mexico.

Chief of Police Hermosillo of Chihuahua yesterday wired police authorities in Juarez that he had Spurgin in custody and would bring him to the border is guaranteed \$200 for expenses.

Spurgin was arrested at a ranch a few miles from Chihuahua City.

A wire was sent yesterday to President Obregon asking an order for the expulsion of the banker from Mexico as a "pernicious foreigner."

A Mexican secret service officer who was at Ojinaga, Chihuahua, when Spurgin crossed there from the United States, said the banker attracted attention by his size and the large tips he gave for small services.

According to the officer, Spurgin was not suspected of being the missing Chicago banker until after he had left Ojinaga for the south.

Spurgin had several pieces of baggage with him, the officer said, and appeared particularly careful of a large suitcase. Spurgin told a customs official that the bag contained money with which he intended to buy a ranch in Mexico. Examination by the officer disclosed that the suitcase was filled with American bank notes.

#### Message Denied

(By The Associated Press)  
EL PASO, Aug. 10.—A telegram received today signed by the chief of police of Chihuahua city denied Warren C. Spurgin, the missing Chicago banker was in jail at that place. The message stated that Spurgin is near Chihuahua City but has not been apprehended.

### Federal Regulation of Grain Exchanges is Believed Assured

WASHINGTON, Aug. 10.—Federal regulation of the big grain exchanges—the dream of American farmers for a quarter of a century—appeared today to be virtually assured when the senate took up the Capper-Tincher future trading bill with the senatorial agricultural "boe" lined up to put it through within a day or two.

The bill has been amended by the senate agricultural committee with a view to eliminating much of the opposition to its passage without destroying its effectiveness. Senator Capper, Republican of Kansas, who conceived the plan of using the taxing power of congress to regulate trading in grain, expressed the belief today that the bill would encounter little specific opposition. Objections will come, however, from the conservatives of the senate who are opposed to any control or regulation of business by the federal government. President Harding is said to have indicated a desire for the speedy disposition of the bill, and is expected to approve the measure when it is finally agreed to by the senate and house.

The secretary of agriculture is charged with the enforcement of the act under the terms of the bill, and a commission, consisting of the secretary of agriculture, the secretary of commerce, and the attorney general is created and given authority to suspend or revoke the licenses of grain markets which fail to comply with the requirements of the law.

### MUTINY IN AUSTRIA PENITENTIARY RESULTS IN KILLING OF FOUR.

(By The Associated Press)

### WEST PALM BEACH EXTENDS CITY LIMITS

WEST PALM BEACH, Aug. 10.—West Palm Beach yesterday adopted a new city charter by a vote of 206 to 120, whereby the city is extended five miles south, three miles north and two miles west, with an added population of 800. The present commission form of government is changed to the borough system by the new charter.

### GENERAL ROBLES KILLED BY GANG IN MEXICO CITY

MEXICO CITY, Aug. 10.—General Jose Alessio Robles, brother of the Mexican minister to Spain and to the editor of the newspaper El Democra, was shot and killed last evening as he drove in his automobile through one of the main streets in the residence section of this city. Five armed men took part in the attack which ended in the death of General Robles. Following the tragedy, General Jacinto Trevino, director of the federal commission revising army service records, placed himself at the disposal of the police and is said to have been held upon his own recognizance.

The cause of the attack upon General Robles is declared to have been a declaration purporting to have been made by him published yesterday morning in which he criticized General Trevino, who has been bitterly attacked by the newspaper El Universal for several days. This newspaper's charges against General Trevino, caused him to threaten Felix F. Pavicini, editor of the Journal, who retaliated by printing many interviews with prominent Mexicans sustaining his right to criticize public officials. General Robles was among those quoted this morning. He not only assailed General Trevino as an official, but declared General Trevino had refused to fight a duel with him.

A close guard was placed over the plant of El Universal last night, and entrance to the building was obtained only after proper identification.

### Mother and Daughter Drowned at Mt. Dora, Case Was Accidental

Second Lieut. F. H. Lossing also served in France, where he lost a brother in action. He started as a private and won his commission while with the A. E. F. He is a successful business man of Sanford.—Jacksonville Metropolis.

## A BACHELOR'S PRAYER.

Backward, turn backward, O Time in your flight. Give us a maiden with skirts not so tight; Give us a girl whose charms, many or few, Are not so exposed by much peek-a-boo; Give us a maiden, no matter what age, Who won't use the street for a vaudeville stage; Give us a girl not so sharply in view; Dress her in skirts that the sun won't shine through. Then give us the dances of days gone by; With plenty of clothes and steps not so high; Oust turkey-trot capers and butter-milk glides. The hurdy-gurdy twist and the wiggletail slide. Then let us feast our tired optics once more On a genuine woman as sweet as of yore, Yes, Time, please turn backward and grant our request For God's richest blessing—but not one undressed. We were much surprised and pleased to receive a call Monday from Chas. Cramer, who it will be remembered spent the winter here some five years or more ago at the home of his aunt, Mrs. V. C. Collier in Sanford. He came through with his wife and two little sons from Nashville, Tenn., bringing with them a party of four others as far as Gainesville. It rained steadily for two days in Georgia. He was so pleased with Florida when he was here before that they hope to make their home here. They are spending a day or so at the home of Mrs. Westerdick.

The line men have been busy of late out our way, moving back the posts and renewing them, if necessary, adding new wires and extension rods for the service.

Mrs. Nance is having a number of improvements made on their cottage among them a new roof for the kitchen and a nice new fence in front.

### WINS PRIX DE ROME

The story of Frank Schwartz, twenty-six-year-old artist of Greenwich village, New York city, reads more like a novel or play than a real true account. For Schwartz, who was penniless and about to be dispossessed from his \$12-a-month "studio," is today the most talked of person in the world of art. He has won the most coveted of art awards, the Prix de Rome, which is a three-year fellowship in the American Academy of Art in Rome, carrying with it transportation expenses and an annuity of \$1,000 during the three-year course. Schwartz won the award with his painting "A Tribute to Heroism." He is a native of Chicago and studied art there, working in cheap restaurants in order to earn his meals and a dollar or two for lodgings. He is a war veteran, having served in France as a member of the camouflage section.

### Use of Tea Frequent in Japan.

In Japan, tea is partaken of not only at meal time, but also at intervals throughout the day. The cups are very small, and neither milk nor sugar is used. The Japanese tea, unlike Ceylon or other teas, must not be made with boiling water or it will become very bitter, and the finer the quality of the tea the more attention must be paid to the temperature of the water used. In serving good tea the Japanese put a tablespoonful of tea in a small tea pot and pour hot (not boiling) water over it. It is then served in small cups. When the water in the pot is exhausted, more hot water is poured in, and in this way the tea can be used several times.

**TALLAHASSEE.**—The Southern Construction Co., of Pensacola, has been awarded the contract for the completion of buildings now under construction at the Florida Agricultural and Mechanical College for negroes at Tallahassee by the State Board of Control. The Pensacola firm gave a figure of \$18,755 for the work. G. W. Hessler, of Jacksonville, whose bid was \$19,065, was given the contract for the completion of the primary building for the School of the Deaf and Blind, at St. Augustine. The board took under advisement bids for various improvements to be made at the State College for Women at Tallahassee and the University of Florida at Gainesville. These contracts which will involve approximately \$180,000 and \$90,000 respectively, are expected to be awarded in October.

**GAINESVILLE.**—E. L. Lord, graduate of Cornell University, has been named as assistant professor of botany and horticulture at the University of Florida, according to announcement made at the agricultural college here. Professor Lord has had twelve years experience in this work in Texas and Louisiana, and following his graduation from Cornell, underwent a post-graduate course. He is a native of New York state, and received his early training in the grade and high schools of Syracuse. He also studied under Dr. J. H. Webber, well known educator throughout the country. Professor Lord has been in the south since 1909, when he went to Texas, and it is understood he plans to make his future home in this state.

## TOO MANY AND LESS EFFECTIVE HURLERS

Former Spitball King Comments on Pitching of Today.

Clubs in Big Show Carry Too Many Twirlers and They Do Not Receive Sufficient Work—Batters Do Not Hit Harder.

Ed Walsh, once the spitball king of the big leagues, now manager of the Oneonta (N. Y.) semi-professionals, found time to comment on the baseball of today in the big shows as it strikes him. Along this line Walsh said: "The pitchers of today are not as effective as they were years ago, because the clubs carry too many hurlers and the curvers do not receive sufficient work. "The batsmen of today are no better than they were when I was in the big show, but are helped by new pitching rules and the use of a livelier ball. "Years ago in the major leagues," continued Walsh, "every pitcher worked in his turn every four or five days. As a result they retained control. Now, there are many pitchers

Ed Walsh.

who start games only once in every ten days, with the result that when they do get on the mound they have trouble locating the plate.

"The game today has its Ruth, Hornsby, Storer and a few other heavy hitters, but at that I don't think the batsmen are a bit more dangerous at the present time than when the Sox won the pennant and the world's championship."

Walsh is playing the outfield for Oneonta in addition to managing the club.

KEEP THE BUSINESS COMING.

Sanford is enjoying one of the most active and prosperous summers in the history of the city. This is due to the fact that building operations are growing apace and also that the merchants of this city have not taken their customary vacations and allowed business to drag.

All of these affairs are good for business. All of these affairs are good for the people of Sanford. It gets them out of the old rut of waiting for business.

We should keep them coming to Sanford all the time. It puts this city on the map as being a live one. It keeps all of us alive and prevents us from taking that summer siesta that we would take if we did not have these affairs and special drives and special sales to keep us busy.

WHEN DEATH COMES.

near when death comes. As terrible as the going away of a loved one proves at any time, in any place or under any conditions, there seems to be a different sort of sympathy abounding in the smaller town, a different kind of an atmosphere in which to mourn.

The big city has its multitude of troubles. The struggle for existence is more strenuous and men and women have not the time, or they do not take the time to cultivate acquaintances and friendships as deep-rooted as we find in the smaller towns and in the rural communities.

In the small town when a loved one passes away there is outstretched from all sides the hand of fellowship, of help, of genuine love and sincere sorrow. There is no cold formality, there is instead an atmosphere of love which brings the whole community into closer touch.

POOR OLD MAN

The professional beggar is arriving early in Florida this season. Some of them have never left the state, finding the soft hearted, gullible dear public so easy to milk even in summer.

There were some hard words thrown at Tampa about a year ago for not letting a "poor family" sleep in the park. Said poor family having been ejected supposedly for lack of rent paying.

Now comes The Tourist, printed in St. Petersburg, with the story of another poor old man, a "newsie" during the winter months when the thousands throng the Sunshine City.

"Poor old man! He tramps the pavements from day to day selling newspapers from the streets of St. Petersburg—and the Tourist News.

"Last winter he'd buy ten copies at a time in the Tourist News office, go out and sell them, and then come back and buy ten more.

"Many a time he has come into a restaurant where I have been eating, and called in a soft, half-pleading voice, 'Tourist News.' I'd buy from him and say 'Keep the change!' He'd bow and with dimmed eyes pass on his way.

"It's a hard grind, this walking, walking the streets. Only a small percentage of pedestrians buy newspapers. One must be persistent. One must have health, strength and youth in the newsie game.

"Considerably past sixty, he is on the job today. He is perhaps the oldest newsboy in Florida. During the summer he sells only during the shady morning hours. Afternoons he rests. Along in the cool of the evening he comes forth again to sell the news.

"A few days ago I was calling on my friend Bourton of the realty firm Bourton & Cermak. The old man came in while I was there. Bourton handed him a bunch of legal looking papers and said: 'Everything's closed up. Here they are. Good luck to you.' The old man took the package and hobbled out into the street to peddle his papers.

"He had just purchased, for cash, one of the finest homes in St. Petersburg.

"Poor old man!"—Tampa Tribune.

We cannot expect to export our surplus products if we refuse to import from those European countries which have nothing to pay with except the products of their labor. The Fordney tariff is designed to restrict imports, and so far as it succeeds will hinder the export trade. Is it worth while?

POTASH AND POLITICS.

Very few of the United States representatives and senators are farmers, especially the republican branch of the houses. They therefore care little about the tax they put on the farmer or his goods.

Just what part of the Fordney tariff will play in effecting the crops of the nation can be seen in the following article given the Reporter-Star by W. A. McRae, Commissioner of Agriculture.

The farmers of the United States use seven million tons of fertilizer annually. One of the essential ingredients of a complete fertilizer is potash.

The decrease in the number of live stock in the country is alarming. At the same time we will be on a vegetarian diet in a few years, all due to the fact that it does not pay to raise cattle at present cost of production and sell them at present prices.

Members of congress voted for this bill, with the schedules as they were, in blind obedience to a pet party theory unmixing with the saving grace of common sense.

If the senate follows the lead of the house it is to be hoped that President Harding will veto the bill in the interest of the oppressed farmers and halt an effort to fine him (the farmer) in his effort to produce.—Orlando Reporter-Star.

FOR THE BOYS.

One of the most important phases of Rotary Club work throughout the country is the boy problem. Almost every club in the United States and Canada devotes some time through a special boy work committee to boy welfare.

The names of these boys have been obtained and assignments made among Rotarians with the purpose in view of interviewing the lads and securing their promise to continue their studies in high school. An effort is to be made to induce these boys not to stop with a grammar school education but to be satisfied with nothing short of the high school course.

Lakeland needs good citizens; the boys who are with us today will be the governing power of this municipality tomorrow. The ideals formed today will afford the incentive for what is done tomorrow. Thence the reason for desiring to have our boys reared in such manner as to fit them to assume life's obligations intelligently, hopefully and manfully.

The problems that we today consider so vastly important, will have long ago been solved by the new generation who in turn will be called on to measure up to still greater requirements. Education can be made an effective aid in this direction.—Lakeland Telegram.

See that fine stationery that has been marked way down below cost of the Herald office. We must get rid of it before the larger stocks arrive. Big bargains in all kinds of stationery.

Many of the Sanford sports attended the Gun Club shoot at Oviedo today. This paper will give you the scores tomorrow. Oviedo sportsmen are making this weekly shoot a big thing. Sanford could do the same thing for very little money.

It is rumored that a prominent Sanford couple has consented to get married in front of the court house on the evening of Friday, August 20. The bride will receive a free lot from Hon. E. A. Douglass. See the Herald for further particulars.

# Bathing Suits

There has been more than one who has said that our line of BATHING SUITS were the snappiest in town. And now we have reduced the prices to close them out.

## IF YOU NEED ONE

The logical time to buy is now and the logical place is at "The Store that is Different." We still have a few ladies' bathing shoes left that we are closing out.

## LENA MAKES A STATEMENT

WEST PALM BEACH, Aug. 11.—Miss Lena Clarke, former postmistress here, has furnished the Post a complete itemized statement showing disposition she made of the \$32,000 she took from two registered packages in the postoffice here July 26. The statement is written by Miss Clarke and signed by her, reads as follows: "I remitted in drafts drawn on West Palm Beach banks the following amounts to Jacksonville: \$6,500, \$1,500, \$3,500 (two \$4,500 remittances), \$2,100, \$2,500. "\$1,600 was transferred to the war savings stamp department; \$945 to box rent; \$1,400 placed to money order account; \$1,2665 to c. o. d. tags; \$5,700 found in the house of J. E. Chambers, and \$1,000 taken to Orlando." This accounting, the postal inspectors say, clears up the differences in checks and to the best of their knowledge is an accurate statement of how the "stolen" money was disposed.

## IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT, ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. —Adv.

### Confer on Plans for Tick Eradication; Stock Raisers Meet

TALLAHASSEE, Aug. 11.—Preparatory to revising its rules and regulations, the State Livestock Sanitary Board held a conference here Tuesday afternoon with Dr. W. B. McKeller, federal inspector in charge of tick eradication work throughout Georgia and Florida, with headquarters in Atlanta. Dr. McKeller reached the Capital City Tuesday afternoon, and conferred during the day with Dr. J. W. DeMilly, state livestock sanitary inspector, regarding tick eradication work throughout this section.

In formation gained from Dr. McKeller's visit was related by Dr. DeMilly to a large group of Leon county stock raisers at a mass meeting held here Wednesday morning which was called for the purpose of pushing the campaign against tick infected cattle throughout this community. This task is being fostered by the board of county commissioners of Leon county, who recently authorized an appropriation for carrying out the work in this county.

The people of DeLand are preparing a very interesting program for the entertainment of the delegates representing the Associated Dailies of Florida when they assemble in "The Athens of Florida" on the 13th inst.

# Hupmobile

There are four real questions when you buy a car—What will it cost to run? Will repairs be heavy? How long will it last? What will it bring when sold?

If you get the same answers as the man who buys the Hupmobile, you can be sure you have not paid too much. Hupmobile running economy is known to be truly exceptional.

Owners will tell you their repair bills are unusually light. It is a fact that many Hupmobiles serve three or four long-time owners before they wear out.

Used car dealers all know the car commands a price above the average.

These things are true of the Hupmobile because it is built to last and to keep going on a minimum of outlay; and because they are true, the car is worth what it costs.
