### Forestry Board Okays Budget

TALLAHASSEE— The Florida Board of Forestry approved a \$12,415,000 two-year budget at its meeting here today. The proposed biennial budget is about two million dollars more than for the previous two years — a 16 per cent increase.

Only \$6,377,302 will be requested in state funds from the 1965 Florida Legislature for the two years. The rest are federal matching funds and other receipts, which are dependent on how much the state appropriates for fire control, forest management, and information and education activities.

Officers elected for the coming year were Euren E. Brice, Brown, president; Emmett B. Peter Jr., Leesburg, vice-president, and John Y. Humphreys, Tallahassee, secretary. The board also presented service awards to nine Florida Forest Service employees, for periods ranging from 15 to 25 years, totalling 182 years of dedicated service.

and 5 and their families participated. Skill games and races were held and humorous articles made by the cubs were on display.

Winners of the Space Derby were Steve Greenstein, first; Tommy Thompson, second, and Eddie Wright, third. Shoe race winners were Cliff Lockyer, first, and Richard Randall, second, and can race winner was William Thompson III.

Advancement awards were presented by Cubmaster Dave Waters with William Thompson receiving the Wolf Badge and Steve Jamison and Tommy Thompson their Bobcat pins.

The mothers took part in a relay race to see which team could drive nails in board first and the fathers reversed their usual role by competing in a race to put up clothes pins on a line and take them down again.

Baked goods and cold drinks were sold.

### Planning Meet

The Seminole County Juvenile Council annual meeting, slated for Oct. 12, has been delayed till 8 p.m., Oct. 28, in the County Courthouse.

Mrs. W. B. Shipley, office secretary at the Central Florida Experiment Station in Sanford, has on her desk a bouquet of beautiful pink to deep rose peach blossoms. That's right—peach blossoms. They were brought in from the station's farm on Celery Avenue by Dr. P. J. Westgate. Can you imagine? Peach blossoms in October!

The Herald's City Editor, Dottie Austin, was interviewed on Channel 2's feature program, "Opinion" Wednesday by Don Adams, program director. So was City Manager Pete Knowles, along with several other local citizens. The program is aired on Saturday and Sunday at 8:15 p.m. and 11 p.m. Cameraman for the television opinion poll was Sanford's Nick Pfeiff. Watch for it.

Mrs. Suzy Reno, local Navy wife who was involved in an automobile accident on Sept. 23 says she would like to find some way to thank two men who stopped to help her extricate herself and her young son from the car, which was upside down in the ditch on the Lake Mary Road. "Two cars went by and did not stop and then these two men came and helped me get out. I never did find out who they were nor have an opportunity to tell them how much I appreciate their assistance," said Mrs. Reno.

How brazen can you get? The Herald had a report Thursday that someone stopped a car on West First Street near the McRoberts Tire Shop and dumped out two little male puppies—right on the main street of town in the middle of the morning! If anyone wants a puppy, Mrs. Kathleen Reynolds took them and put them in the care of Dr. Raymond Bass, D.V.M.

Things we wouldn't know unless we got mail: "U. S. Pharmaceuticals Inc. has been marketing an internal disorder emulsion with an also base for the past six years."

### Chappell Blasts Foreign Policy

"We must fight the tide toward complete socialism," declared Rep. William V. Chappell, former speaker of Florida's House of Representatives, who addressed some 300 persons Thursday night at a meeting sponsored by the local Democratic For Goldwater organization.

Speaking at the Civic Center in Sanford, Chappell deplored the present administration's "lack of firmness in its foreign policy."

### C. Of C. Warns Of Book Cover Sales Racket

By Dottie Austin City Editor  
John Krider, manager of the Seminole County Chamber of Commerce, said today that advertising solicitors attempting to sell telephone book covers in the area are unauthorized. Krider's warning was backed up by Robert Shelden, manager of the local office of the Southern Bell Telephone Company, and Warren E. Knowles, Sanford city manager.

"Anyone who is approached by such advertising solicitors should contact city officials at once," Knowles said, adding that no such companies had obtained any solicitation permits from the local authorities.

Shelden said that such covers are in violation of the Southern Bell tariff regulations, which are approved by the Florida Public Utilities Commission. Shelden quoted tariff regulations which read, "No binder, holder, insertion or auxiliary cover or attachment of any kind, not furnished by the telephone company shall be attached to or used with the directories issued by the company."

### Third Attempt At Fire Probed

A third attempt to set fire to an apartment at Castle Brewer Court was investigated yesterday afternoon by police and fire officials. The police report said a rug had been set afire on the porch of an apartment. The previous day two other attempts at setting fires were thwarted and prompted the investigation which is continuing.

### Bank Seminar Open To Retail Merchants

A merchandising seminar, featuring three top speakers on various areas of retail selling, is being sponsored by the Florida State Bank of Sanford Tuesday. Programmed as a workshop session, where merchants and retailers of the Sanford area can take notes and ask questions, the seminar will be held at the bank from 5:30 p.m. to 9:45 p.m., including dinner. "Any merchant in the retailing field, selling a product, is invited to attend," according to T. E. Tucker, bank president and host of the affair. "As we are providing dinner for those attending, we would like those interested to call Mrs. Kay Gallagher at the bank and reserve a place."

### Cold Threatens Midwest Crops

United Press International  
A cold front that dropped temperatures into the low 20s today threatened a frosty death for late maturing mid-west farm crops. Snow fell in Upper Michigan early today and freezing drizzle pelted crops in some lower portions of the state. Low of 20 degrees were reported at Fargo, N. D., and Aberdeen, S. D.

The Weather Bureau issued a hard freeze warning for Iowa and Minnesota. High school students at Hammond, N. Y., were to be released from classes today to pick frost-threatened grape crop. A record heat wave continued to hold over the Southwest.

### Fire: The Killer--The Destroyer

Fire killed 11,800 Americans last year and the tragedy is emphasized even more by the fact that over half of them were victims in their own homes. Fire destroyed over \$1.75 billion worth of property last year in a total of some 2.2 million fires. To the thousands of people in this country who sustained loss and personal injury, even death, fire is not something that just happens to the other fellow. This is Fire Prevention Week and perhaps it's the best time for all of us to give heed to the warnings which are so often made by M. N. Cleveland Sr., chief of the Sanford Fire Department, and the chiefs of the volunteer fire departments in Seminole County. "Planning ahead for fire emergencies," says Chief Cleveland, "would save many of the lives which are lost yearly in home tragedies. He and other fire chiefs urge every family in Sanford and throughout Seminole county to follow these rules to avoid being trapped by fire:

1. Carefully figure out at least two routes to the outside from every room in the house.
2. Rehearse exit plans with every man of the family to make sure that everyone knows what to do.
3. Always keep exit routes clear. Don't place stoves or space heaters near doors, or tall furniture in front of windows. Make sure bedroom windows are large enough and low enough to serve as emergency exits.
4. Be sure that everyone—even the children—understands that once out, stay out. Re-entering a house where there is a fire is extremely dangerous.
5. When the house is clear of people, notify the fire department. Know how to do it quickly and correctly, from a neighbor's phone or a street alarm box.

Fire is no respecter of persons. Don't gamble with your life or the lives of your loved ones. America observes "many weeks" through the year. Perhaps, however, none can be so important to the preservation of life and property than to listen to fire department authorities and make an effort to do as they suggest. Fire prevention is everybody's business.

### U. S. Confirms Increase In Infiltration

SAIGON, Viet Nam (UPI)—Premier Nguyen Khanh threatened today to bomb Communist China and North Viet Nam if they continue their increased support to the Communist Viet Cong guerrillas. The only immediate reaction from the American Embassy was confirmation that Communist infiltration has increased. The United States supplies the bulk of South Viet Nam's armaments. The Johnson administration has always left open the possibility of extending the war. But in the recent past it has soft-pedaled Khanh's threats of a "march to the north."

The only concerted action against Communist North Viet Nam has been by the United States, in the series of air raids Aug. 4-5 against North Vietnamese torpedo bases in retaliation for attacks on U. S. destroyers in the Gulf of Tonkin. Khanh told a news conference today that a decision to extend the war would be "too loaded with diplomatic and political complications" to be taken hastily. "We have the capability of transporting one-ton, two-ton or three-ton bombs with our means into military installations and industrial installations of North Viet Nam or China," he said. "The thing is, we must do it in the right place and at the right time. This is the question."

Khanh said, "I cannot answer directly when we will do it and how we will do it but we have the capability of doing it."

Khanh made his declaration after reporters asked if he intended to retaliate against increased Communist infiltration which both he and American officials say is on the upswing.

### Courtesy Bus Rides Stay Six SNAS Men Plead Guilty

By Julian Sienstrom  
The Seminole County Board of Public Instruction Thursday refused again to do away completely with courtesy bus rides

for children who reside within two miles of the schools they attend. The action came as a result of a request by Mrs. Donald E. Lovelace of Casselberry who wanted to know why some children were given courtesy rides and others were not. She suggested that the board either provide courtesy rides for all children within the two-mile limit or provide none at all.

Mason Wharton, temporarily presiding, explained that the board had considered both suggestions time and time again but under the circumstances it was impossible for the board to decree that partially filled buses bypass children within the two-mile limit set by state laws.

Mrs. Lovelace was told that a facility survey team from the State Board of Education would be in Seminole County for a week beginning Nov. 16 to make its five-year survey

and that her recommendations would be presented to the members of the team. The Board purchased a van-type delivery truck from Strickland Morrison of Sanford on a low bid of \$5,969.91. It also awarded a contract to Comunitronics of Florida to provide central television antenna systems for county schools on a bid of \$12,770.

In other action, the Board authorized the purchase of a washer and dryer for Sanford Junior High, the providing of hand tools to various schools to enable janitors to do some jobs now being done by maintenance crews, approved the purchase of small industrial arts tools for Sanford Junior High, okayed the month's financial report, and agreed to close out the purchase of a 42-acre site in Oviedo adjoining John Courier Field where the proposed new Oviedo school will be located.

Pleas of guilty were entered by six Sanford Naval Air Station men charged with theft of tennis equipment from an Orlando country club Tuesday night.

The six, identified as Clinton and Quinton Holland, Robert D. Hall, Albert Thompson, Thomas Traynor and Mike Griffith, are all enlisted men.

They were allowed to post bond and were bound over for later court action.

### 200 Expected At Garden Meeting

More than 200 Garden Club members from a four-county area are expected here Tuesday at the Civic Center when District 7 of the Florida Federation of Garden Clubs meets.

Mrs. D. K. Dorman, meeting chairman, reports representatives will be here from Lake, Osceola, Orange and Seminole Counties.

A coffee hour will begin at 8:30 a. m. and the business session will get under way at 9:30. In charge of the coffee

### In Wallace's Alabama, The 'Heart Of Dixie'

## Democratic Presidential Candidate Can't Get Name On Ballot

MONTGOMERY, Ala. (UPI)—If irony made a presidential campaign, Alabama would have the best in history. For Democrats, there is little to recommend the "Heart of Dixie" in 1964. For Republicans and their newly-found Deep South friends, this is a banner year. Yet this was one of the most solid states of the once "Solid South."

Now the Democratic presidential candidate can't get his name on the Alabama ballot and it is practically impossible to write him in. Furthermore, Democrats loyal to the party and President Johnson don't want the president on the ballot. It would hurt the Democratic congressional candidates too much. If that's not enough, indications are that the Negro

bloc vote, assuming Negroes bother to vote this time, will go to a slate of unpledged anti-Johnson electors backed by Gov. George Wallace. The only other choice is Sen. Harry Goldwater. There's more. The white majority in all probability will vote against the unpledged electors of Wallace, their champion. They prefer Goldwater.

Wallace, himself, apparently is against his own electors. And the Wallace slate apparently is against itself. All this confusion came about quite simply. It was done by the voters themselves in the May Democratic primary, with a firm assist from Wallace. They overwhelmingly chose the slate of Wallace-backed electors who won't say who will get their votes if they

win Nov. 3. President Johnson's electors lost. Wallace then was running for president. But he dropped out shortly after Goldwater won the Republican nomination. This left the unpledged Democrats without a candidate. Since loyalist electors pledged to Johnson were defeated, there are no Johnson electors on the Alabama ballot. Thus Johnson can't get

any votes except these written in. In Alabama, this is next to impossible. For a voter to cast a written ballot for Johnson, he would have to list the names of 10 Democrats he knows. But if another voter would vote for the President, down a different slate of Johnson electors, the President would merely have two separate votes which would not be cumulative.

## Real Promises

One of the finest Christians I have ever known did many things that we all could follow and profit greatly by so doing. One of his "projects" was reading the Bible with a small tablet by his side. When he read a promise of God he would copy it in his tablet for future study and meditation. This man of God can read or repeat the words that have come to him from God's Holy Word and thereby receive peace that great numbers of people would give vast fortunes to have.

I hope that many of those who read this column will purchase a small memo book or tablet and begin reading some book of the Bible. Read until you feel God promising you something through His Word, stop there and copy it, including the reference, and then if you feel led to do so, reflect on the passage for awhile. If you do not feel led to remain with this promise, proceed in your reading and at a later time go back to your copy book and read it again. Start with any book that you feel led to start with but be sure and start. I would appreciate your dropping me a card concerning your efforts. Until we are willing to stand on God's promises we cannot prove Him in our lives. I do not mean by this that you will be blessed by simply tak-

ing your problems to the Lord. You may take them to Him and never lay them at His feet. If you continue to carry them on shoulders that are far too weak to meet the burdens of our day then you will remain just as weary and overburdened as if you had not been there. The thing to do in standing on God's promises is to take your burdens to the Lord and leave them. This is not to say that you will refuse to recognize realistically the fact that a problem exists, but you will realize a far greater fact. That fact is that God of all love and power exists, too, and that He is very much concerned with those who will recognize His Fatherhood and respond to His divine parental love.

If you will begin to hear and trust God's promises He will take up His abode in your heart and you will be a different person. So often we feel that we do not amount to much and that life does not have much to offer. Unless God is in our lives we do not have much to offer. All that glitters is not gold and all lives that look good are not. Our lives can become really worthwhile when God begins to use us. This is illustrated by a story that is very old but has not become outdated in the least. It concerns an old blind beggar.

This man stood on the streets of London night after night scraping some very poor music from a battered violin. His tin cup did not receive many coins but he did manage barely to live. One foggy night thousands of people were hurrying to their homes where they would find warm fires, nourishing food and loved ones. A well dressed man stopped and approached the beggar. He requested the beggar to let him play his violin but the beggar was very concerned lest the man would steal or destroy his means of livelihood no matter how poor it was. Finally he did yield to the plea of the stranger who then began to play.

He was not a stranger to the music world but was a famous musician who could bring from the cheap violin music that stopped large crowds. The listeners saw what was happening, so money filled not only the tin cup but the beggar's battered hat. The poor beggar had never dreamed of such wealth nor that the old violin could produce such fine music.

We are admittedly all sinners and we all need the Saviour, but only God can supply our needs. He promises to supply them until our lives produce no longer the scraping sounds of that which is shallow and insignificant but our lives will become a part of the grand symphony of God's design.

## Lutheran Women Meet Wednesday

The Eastern District Assembly for Lutheran Women will be held at the Reformation Church, 800 E. Michigan Avenue, Orlando, Wednesday from 10 a. m. to 3 p. m. The theme will be "Continue in what you have learned."

The Fall District Assembly will be highlighted by the presence of the Rev. Marcus T. Otterbein who is a member of the Board of Parish Education staff of LCA.

Take advantage of this opportunity to learn more about the Parish Education program of our church. During the afternoon session, there will be a business meeting and a skit entitled, "Are you puzzled?"

Each member attending is asked to bring a sandwich lunch. Beverage and dessert will be furnished by the Host Church.

## First Church Of Nazarene To Hold Revival

Revival services are scheduled at the First Church of the Nazarene, West Second Street and Maple Avenue, Monday through Oct. 18, 7:30 each evening. Special workers for the revival series are Reverend W. E. McCumber and Reverend and Mrs. Leon G. Cook.

Reverend McCumber has been a minister in the Church of the Nazarene since 1943. He held pastorates in Lake Wales, Ocala and Arcadia, Florida; Thomasville and Atlanta, Georgia. He is presently serving the Atlanta First Church of the Nazarene.

Educated at Miami, Thomasville and Atlanta, he is the author of "Our Sanctifying God," "Hollars in the Prayers of St. Paul," and "A Good Word," all published by Beacon Hill Press, Kansas City, Missouri. Mr. and Mrs. McCumber have five children.

Rev. Leon G. Cook, is a gifted tenor singer and sings solos as well as leads the congregational singing. Mrs. Cook is an alto singer and assists her husband in duets and plays the piano and organ. The Cooks are well known throughout the middle United States as evangelist and camp meeting singers.

The Reverend Paul Bicker, pastor of the local church, advises that there will be services each evening, including Saturday evening, and that the general public is welcome.

## Geneva Church Being Repaired

By JaAnn Hays  
The pastorian at the First Baptist church of Geneva is being renovated by people wearing old clothes and carrying all sorts of tools. The people are the members of the church and the tools which they carry are brushes, rollers, brooms, mops, etc.

The new pastor, Rev. W. M. Grogan, got the work started.

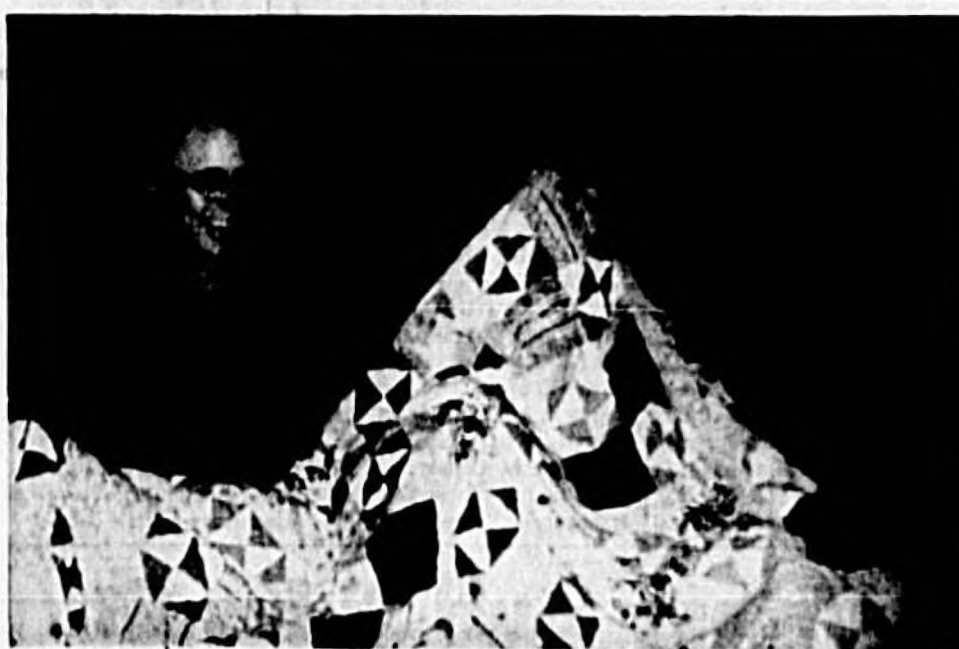

Rev. and Mrs. Grogan are there each day to do their share of the work. They will move in from Tennessee as soon as the work is completed.

OFFICERS INSTALLED by the Women of the St. Andrews Presbyterian Church of Bear Lake were, seated left to right, Mrs. L. C. Tinsley, president; Mrs. M. G. Lyerly, chairman of personal faith and family life; standing, left to right, Mrs. Hal W. Gettings, Christian community action; Mrs. W. A. Beer, installing officer; Mrs. Fred Erwin, Mission Haven; Mrs. H. A. Esalcks, ecumenical missions and relations and Miss Ann Poythress, Night Circle chairman.

ST. ANDREWS PRESBYTERIAN Churchwomen of Bear Lake recently installed officers following a covered dish supper. Among the officers installed were Mrs. Royce Ridgewell, vice president; Mrs. Hiram Woods, Day Circle Chairman; Mrs. Elizabeth Rose, Columbia Friendship Circle; Mrs. Edward Colbert, leadership and resources and Mrs. Ethel C. Webster, White Cross.

A SURPRISE birthday party was given Rev. E. Ruth Grant, (left) minister of the First Pentecostal Church of Longwood, following a joint meeting of the Men's Brotherhood and Ladies Auxiliary. Mrs. M. L. McDaniel, (right) president of the auxiliary presented her with this lovely handmade quilt made by the women. (Herald Photo)

## Birthday Party For Pastor At Longwood

By Donna Estre  
Rev. E. Ruth Grant, pastor of the First Pentecostal Church of Longwood, was honored with a surprise birthday party following the joint meeting of the Ladies Auxiliary and Men's Brotherhood of the church Monday evening.

She was presented with a hand made quilt, a card shower and many other gifts. The serving table which was overlaid with a lace cloth was centered with an arrangement of red roses. The white birthday cake was also decorated with red roses.

The 22 members present sang happy birthday and extended their good wishes. At the business meeting of the group, Mrs. M. L. McDaniel, president, announced that the current project of the Auxiliary to buy a stove for the kitchen has been accomplished. The stove will be delivered and installed next week.

The next regular meeting will be Nov. 2 with Rev. Grant as hostess.

Ted Michels, Grand Knight of St. Richard's Council 5357, Knights of Columbus, has announced that a Columbus Day address by Supreme Knight John W. McDevitt, head of the K. C., will be broadcast Monday at 8:45 p.m. over Station WTRR of Sanford.

The theme of Dr. McDevitt's Columbus Day address is "Christopher Columbus and the Eternal Challenge of Discovery" and it will be heard in the United States, Canada and Mexico.

Dr. McDevitt, a member of the Supreme Board of Directors of the Knights of Columbus since August, 1955, was appointed to the office of Deputy Supreme Knight by the Board of Directors in 1960, and to the office of Supreme Knight on Feb. 2, 1964.

Recipient of the honorary degree of Philosophy and Education in 1956 from St. Michael's College of Winoski, Vt., and the honorary degree of Doctor of Laws from St. Francis College, Biddford, Me., on June 7, 1964, Dr. McDevitt is well known for his outstanding record as a teacher, professional administrator and chairman and member of several boards and commissions in the public schools in Massachusetts.

He is a former chairman and present member of the Massachusetts State Board of Education.

# South Seminole 4-H Club Holds Program

**By Jane Casselberry**  
A program on 4-H Club work was presented by Howard Babbitt at the South Seminole Elementary School C.T.P. meeting held Tuesday night in the school auditorium.

He proudly announced that although the club was not organized until almost the end of school the members have undertaken many outstanding projects. A citrus project by 10-year-old Susan Mayer of Casselberry won her an award at the recent 4-H Achievement Night in Sanford, and certificates of achievement went to George Holder for rabbitry and Debbie Lamkin for plant propagation.

Mrs. Harold Drees, girls' leader, introduced four young members of the Seminole 4-H Club, Dawn Colburn, Vicki Cole, Cheryl Babbitt, Carolyn Drees and Marilyn Drees, who modeled cotton dresses which they made themselves.

An organizational meeting for the club will be held Oct. 20 at the school and a child must be at least 10 years old to join.

Mrs. Gerald McGinnis, president, presided at the meeting and membership chairman, Mrs. Ralph Moore announced that there are now over 418 paid up C.T.P. memberships.

Ways and Means chairman Mrs. William Eggers asked for donations of clothing or other items for the rummage sale scheduled for Oct. 23 and 24 at Fern Plaza. Volunteers are needed to help sort and sell. Members were asked to send in their favorite recipes to be included in the school cookbook, another C.T.P. project.

Mrs. Yvonne Smith, chairman, reported that 675 children had their eyes tested by clinic mothers with eye defects to be referred to the county nurse, 169 pupils have been treated in the clinic prior to Oct. 6.

Mrs. Mary E. Dnn, first grade teacher, volunteered to supervise a proposed nursery for small children during C.T.P. meetings.

C. M. Harp, principal, conducted a question and answer session with the subjects of safety, stray dogs, a full-time librarian and a physical education instructor being discussed.

## P. O. Exams Set At Lake Monroe

Applications for the civil service examination for the positions of substitute clerk and substitute carrier at the Lake Monroe Post Office are now being accepted, Postmaster Robert A. Mann announced Thursday.

Substitute delivery messenger positions will also be filled from the examination.

Minimum age limit for these positions is 18, 16 for high school graduates. They may be appointed when they reach their 16th birthday. However, persons under 18, said Mann, will not be appointed to positions requiring the operation of a motor vehicle.

Applications will be accepted from both men and women. Mann said that "All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin."

No experience is required. Further information, said Mann, can be obtained at the Post Office.

## Grace Men To Hold Retreat

Several members of the Grace Methodist Church Men's Club are planning to attend the Laymen's Retreat at the Methodist Youth Camp at Leesburg Friday, Saturday and Sunday.

The monthly meeting of the group will be held Sunday at 7 p. m. and Laymen's Day will be observed Sunday, Oct. 18 at Grace Methodist.

# SNAS Gets Needle--The Jet Age Model

Needles are a thing of the past when it comes to getting a shot in the arm as the men at Sanford Naval Air Station can testify after receiving injections Thursday from a needleless "hypo-spray jet injector."

Capt. Richard Anderson, senior medical officer at the station and one of the perfectors of the machine, gave more than 800 shots to the men of Reconnaissance Attack Squadron 9 in less than an hour. The squadron is expected to deploy in less than a month.

The doctor, who recently arrived in Sanford, has given more shots with the "gun" than anyone—more than 750,000 injections in various countries around the world.

How does this apparatus work? Capt. Anderson, who claims the machine will shoot anything from "Old Grand Dad to hot butter," explains it this way:

The machine, which operates on an electrically-driven hydraulic pump, ejects a stream of serum one and one-third as thick as a human hair in diameter into the skin at a speed faster than a .45 caliber bullet.

The doctor explained further that the serum penetrates the skin in .008 of a second and this is so fast the shot is hardly noticeable. He was quick to point out that some serums such as those used in typhus and flu shots burn due to the acid in the

PAINLESS INJECTIONS were given to 800 men of Reconnaissance Attack Squadron 9 Thursday with the use of a "hypo-spray jet injector," a new machine which greatly speeds the shots. Shown above is one of the inventors, Capt. Edward Anderson, as he "shoots" Ensign John Widdows of the squadron. (Herald Photo)

# Oviedo Junior Girls Hold Program

**By Evelyn Lundy**  
How would you like to be beautiful? This was the theme of the program brought to the Oviedo School Junior girls, during their activity period last Friday in the school auditorium. Mrs. Doris Ashwell, better known as Wendy Ward, was guest speaker for this very interesting program. She is fashion co-ordinator and teacher of the very popular modeling school from Montgomery Ward Department Store in Orlando.

An exuberant response was heard from the girls when asked "How would you like to be beautiful?" Mrs. Ashwell told the girls that they must consider the "inside you." She also told them there were two ways to become lovelier. First, is your attitude and second is habit.

They were told that of utmost importance is diet, rest, exercise and above all cleanliness. Mannerisms can do much to enhance or detract from a person, so more attractive mannerisms should be acquired.

Mrs. Ashwell stressed the importance of good posture. She showed the girls how to stand, to sit and what to do with their hands. They were told how to coordinate their wardrobe, and the correct attire for school.

On hair styling, she told them that for school a more simple hairdo was more appropriate.

Girls modeling, to show correct and incorrect dress for school, were: Beverly Faulk, Louise Carter, Anita Ostlwig, Barbara Bunch and Eleanor Hein.

# 'Killer Light' Tested In War On Insects

COLLEGE STATION, Tex. (UPI)—The lure that a flame has for a moth is well known. And many a suburbanite trying to relax at night in his backyard — or camper before a night fire—has wished the local insects didn't insist on swarming in clouds around any light.

But scientists at Texas A&M university are trying to put this built-in insect weakness to work—and develop a light that will lure insects to their deaths like an electric Lorelei.

University researchers and U. S. Department of Agriculture scientists are cooperating on the project. They have been testing all waves lengths of light, from "black light" — the invisible illumination used by photographers in the darkroom—to the equally invisible infra reds at the other end of the scale.

So far, they said, most night-flying insects tested seem to prefer the ultraviolet "black light." But the boll weevil, curse of the cotton fields, generally heads for blue-green light if given a choice.

Researchers are concerned primarily with destructive crop pests, but haven't forgotten the suburbanite and the camper.

Right now, insect traps built around the light bulb lures are rather inefficient.

But as their design is improved, said project leader Joe Hollingsworth, they should not only destroy fields full of crop nibblers, but prove perfect for "attracting insects away from outdoor recreation areas, buildings, and other places where bugs create a nuisance problem."

# Fall Luncheon Set Monday

The women of the Holy Cross Episcopal Church of Sanford will hold their fall luncheon in the Parish House Monday at 12:30 p. m.

The program will be presented by Miss Bonnie Moffat, Stetson University student who worked this summer in Canada teaching vacation church school and Sunday Schools among the Indians and other children at isolated missions.

She has some colored slides that should be most interesting, and all women of the church are urged to attend.

# Retired Folks Club Meets

# Hootenanny Held By MYF

**By Evelyn Lundy**  
Much fun was had Sunday afternoon when members of the Methodist M.Y.F. gathered in the back yard of the parsonage for a weiner roast. A very successful hootenanny was enjoyed by everyone. Billy Mikler, guest for the occasion brought his guitar and played for several favorite folk songs. "Blowing at the Wind" seemed to be the most popular. Bobby Lee also had his guitar.

During the afternoon, volleyball and other games were enjoyed. About thirty members enjoyed the weiner roast, which was provided by hosts, Mr. and Mrs. Thomas Moon. Also assisting were Rev. and Mrs. Cyrus Dawsey.

# Cadet Hoeller Wins Honor

Cadet Warren J. Hoeller, son of Cdr. and Mrs. Warren J. Hoeller, USNR, 1104 Cornell Dr., has been approved for membership in the Honor Society at Wentworth Military Academy in Lexington, Mo. Col. Lester B. Wikoff, superintendent, said today.

Admission to the society is granted only to cadets who are awarded superior ratings by scholastic, military, athletic and disciplinary departments at Wentworth at the end of the semester. Warren earned his right to membership for the second time by his outstanding performances in all phases of school life during the second semester last spring.

### About Sports Thinking Out Loud

By Julian Steward  
Herald Sports Editor

"I hate to take issue with your column of Sept. 29th," writes former Herald sports editor, Pete Schell, "in which you said that a Sanford football team waited 27 years to get revenge on an Orlando eleven."

First, Pete, we said it took 27 years for US to see a Sanford team win an Orlando school in Sanford.

"Seminole High," Pete continues, defeated Edgewater or Orlando by a 14 to 0 score in 1935 and I've got the game ball to prove it!"

Like we said, Pete, at that time we were in California and unfortunately didn't see the tilt.

"The game football was presented to me at the annual banquet during which Ross Hannun was announced as the winner of the 25th annual Schell trophy," says Pete, "for being the most valuable player."

"It was a moment I'll never forget," says Pete, "and it took place in the First Presbyterian Church dining room after one of the most spirited programs I'd ever attended, spirited because the youngsters and their dates were still excited over the tremendous upset win over Edgewater. The Seminoles had a 6-3-1 record in 1935."

"Under co-coaches Fred Ganas and the late Billy Fleming the 1954 Seminoles set their sights on a repeat win over Edgewater but the Nov. 20 game at Orlando just didn't turn out that way, and not until Sept. 25, 1964, did another Sanford team beat an Orlando team, this time Colonial High, and by a 18 to 6 score."

Hold it a minute Pete! What about Sanford's victory over Colonial at the Gretna field in 1963? The Seminoles grabbed that one!

"I've misplaced my book of clippings on the 1953 games and hope you'll find time soon to at least summarize that great 14 to 6 win," Pete declares.

At once as time permits, Pete, we'll do our best. We've heard it was a thriller.

Pete goes on: "In passing, as I look back over dozens of clippings of games since 1928, I cannot help but be struck by the fact that most of them fail to mention any other than the starting players with perhaps a few exceptions involving one or two players who got into the game."

"As a courtesy to the squad which sweats and strains for hours and hours before the season opens, and then puts out even harder in actual competition, can't you in the future close out all your game stories by listing the rest of the players who participated in the game?" he inquires.

Pete, now that we've got some help in covering those games — from David Higginbotham — we're going to do exactly that.

"As a reader of 16 Florida dailies and 40 weeklies, I can say that The Herald's sports pages of today are among the best in Florida. I commend you for I know that it's a real chore, remarkably well done," Pete concluded.

Thanks for "them" words, Pete. And we're doing our best because we know that no newspaper nor any individual can do for our Seminole county boys who play football what The Herald is trying to do for them. That's why we put in those extra hours.

School is your big chance. Stay in school.

# Tribe Faces Eagles In Metro Tilt Tonight

## Pigott: Victory Will Require Maximum Effort

By Julian Steward

Head Coach Jim Pigott wouldn't venture any predictions on the outcome of tonight's Metro Conference collision between the undefeated Edgewater Eagles of Orlando and his own unbeaten Seminoles of Sanford.

However, he did say: "It will take hard work, team play and a maximum effort on our part to leave the park with a victory."

The Eagles and Seminoles, along with the Boone Braves, are tied for the Metro Conference leadership as tonight's round of play gets under way.

A record crowd is expected to be on hand when the whistle for the opening kickoff sounds at 8 p. m. This means that 5,000 fans are estimated to be in the stadium — provided the weather is clear — that some 5,000 fans may jam the ball park.

JOE PURDY  
... Seminole guard

Meanwhile, in Orlando to night the Boone Braves tangle with the Colonial Grenadiers. A Seminole win coupled with a Colonial victory would put the locals on the top rung of the loop's ladder.

"The squad knows this," said assistant coach, Dick Williams, "and they realize the importance of this contest if they win it."

Seminole's co-captains, Joe Farless, David Noell and Ron Hinson, agreed that the squad was up for this one — mentally and physically.

Edgewater will go into the contest with an edge in offense.

BRAD PRUDEN  
... Defensive end

Statistics while the Seminoles will have a slight defensive margin. What will happen when a good offensive club meets a good defensive club — with a formidable offensive of its own — is anybody's guess but if the weather permits there will be plenty of fans there to see how the question is answered.

Eagle tailback Chris Conlon is not expected to see much action — if any — tonight. Conlon has a lame arm. However, the Eagles will still pack plenty of punch in Jim McConnell, Mike Rom, Harold Moore and Joe Schmidt. All have racked up respectable yardage.

Sanford fans will no doubt see Lee Sparkman, Sonny Messer, Buddy Burton, Ron Hinson, Chuck Scott and Frank Whigham in oodles of action tonight.

Pigott will probably start ends Mike Gray and Billy Kuykendall, tackles Earle Stevia and Dave Noell, guards Steve Harris and Joe Purdy, center Dave Howe, and any four of a host of backs.

Edgewater's probable starters are ends Eggert and Rizzo, tackles Deeb and Bazzo, guards Beat and Hamilton, center Shaver, quarterback Moore, halfbacks Schmidt and McConnell and fullback Rom.

## Lions Will Host Ocoee Cardinals

By Marshall Lange

The Ocoee Lions, basically an offensive ball club with a highly respectable defense, will attempt to use both tonight to stop the undefeated Ocoee High School Cardinals when the two clubs open in Ocoee.

With a record of two victories and a 6-4 tie with the strong Umatilla Bulldogs, Coach Arthur Scott and his aides will throw his virus-bitten Lions into the fray with the Birds in an effort in an effort to keep Ocoee's record unblemished as far as a defeat is concerned.

Ocoee, undefeated in three games with Apopka, Lyman and Florida Air also has stout offensive and defensive abilities and the occasion tonight should be a bang-up contest.

Both Ocoee and Lyman have top notch quarterbacks. Jim Courier of the Lions and the Cardinals' Dave Grant are rated two of the finest in Central Florida and this could be an aerial battle.

In addition to Grant, the Birds will show up with Johnny Stiles and Gerald Adkinson — two hard running backs. On the other hand, the Lions — if the virus bug permits — will

try to equalize the Birds' attack with the high-flying Ted Bellhorn.

Ocoee will probably start ends Hall and Murray, tackles Stimett and Murphy, guards Trowell and Aycock, center Dene, quarterback Grant, halfbacks Konantz and Adkinson, and Stiles at fullback.

Scott will counter with ends Beasley and Brooks, tackles Murphy and Adriatic, guards Cox and Lucas, center Charlie Beasley, quarterback Jim Courier, halfbacks Dowling and Mikler with Bellhorn at full. Game time is 8 p. m.

## SHS JayVees Start New String; Defeat Baby Grenadiers 7 To 0

By David Higginbotham

Seminole High's Baby Tribe resumed its winning ways Thursday night at Memorial Stadium when they posted a 7 to 0 decision over the Baby Grenadiers of Colonial.

After going 31 games without a loss, the Baby Seminoles were nosed out last week by

Boone's Little Braves but last night the tiny Tribe wasn't to be denied.

A hard-fought contest from the opening whistle, the Sanford eleven posted its only touchdown in the second period when young Ralph Stumpf alternated with halfback Terry Echols to give Seminole possession on Colonial's 30. At that point, Stumpf connected with Ron Dudley on a pass play that went the distance. Greg Schively booted the extra point and that was it.

Colonial started off like a bulldozer, ripping the Sanford line to shreds but a miscue was recovered by Chuck Pigott and that stopped the drive. Also in the first period, Greg Ganas outmaneuvered Colonial's safety on a 33-yard pass play from Truby Kinnard. But a Seminole fumbled halted that drive, too.

In the final stanza, Sanford mounted a threat when Stumpf completed a 22-yard pass play to Kinnard and a 16-yarder to Colonial's eight but Seminole got the ball right back on a Gretna miscue. But time ran out as Stumpf tried to crash through the line.

The Baby Seminoles' defense stood out like a spotlight in the second half, limiting Colonial to only 14 yards. Pigott led the defensive play with eight tackles and Ganas pulled down six.

Offensively, the little Tribesmen ground out 116 yards on the ground and 104 via the air-lines. Sanford completed six of a dozen shots and had two intercepted. Colonial registered 83 yards on the ground, tried three passes but none were completed.

## AFL's Eastern Clubs Choices This Weekend

By United Press International

The young men advised to go West by Horace Greely had better stay in the East if they want to win in the American Football League.

The circuit enters its fifth round tonight with San Diego playing at Boston and has been generally dominated by four Western entries through its first four years of existence.

But Eastern entries, headed by Boston and Buffalo, have run up a resounding 10-2-1 record over Western eleven this year. And Eastern clubs both are favored to win inter-sectional games this weekend.

The Patriots and Chargers will be staging a rematch of their 1963 championship game when they clash in Boston. The game has attracted the biggest advance sale in Patriot history. Soaring attendance figures are expected at New York Saturday night where the Jets host the Oakland Raiders in Shea Stadium which has attracted 92,500 customers in two games to date.

The odds-makers established Boston as a six-point choice and the Jets a three-point pick in the first two games of the weekend. Sunday's program includes a Kansas City invasion of Denver and a night collision with Buffalo at Houston.

## It's Now Put Up Or Shut Up For Bears, Giants

By United Press International

It's "put up or shut up" time for the Chicago Bears and the New York Giants.

The defending champion Bears gained their lone victory over Minnesota while losing to Green Bay, Baltimore (by a whopping 42-0) and San Francisco.

The Giants lost to Philadelphia, Pittsburgh and Detroit and were lucky to pull out a 13-10 victory over winless Washington.

The Bears entertain the Los Angeles Rams and the Giants visit the Dallas Cowboys.

Head Coach Willie Holt's hall club hits the road for Eatonville this evening to be guests of Hungerford High Bobcats of Winter Park in a non-Florida Big Nine North conference tilt.

Holt's charges will seek their third victory of the season. They have posted wins over Ocala and DeLand and suffered their only setback when they were downed by Lincoln High in Gainesville.

In previous years the Bobcats have always proved to be difficult for the Panthers to handle. Recalling previous contests, Holt and his aides have drilled the Panthers as much as possible this week in defending against passes.

Holt is determined to take full advantage of the passing arm of quarterback Andrew James and has spent the rest of his sessions this week having James work with his pass receivers on aerial patterns.

Perliman Brinson and Tyrone Henderson are fine receivers and running their patterns well, Holt hopes, will enable them to break free and latch on to more of James' passes.

David Patterson and Robert Alford are doubtful starters tonight. Both were injured in the Lincoln contest in Gainesville and are not yet up to par to see action.

## Harich Paces Grand Prix

By David Higginbotham

Elizabeth Harich showed them how in the Bill Hemphill Motorettes League this past week. She had high game of 170 and a 471 series to help Grand Prix take four from the Rivieras.

Linda Post had games of 162-169/467 to keep the Starlets in first place as they took three points from the Ramblerettes. Teammate Evelyn Mills had a 169 game. Liz Graham had a 168 for the LeSabres as they held onto second place. The Grand Prix and the Bonnevilles are still holding a third place tie.

Isabel Goshorn rolled the only turkey as she turned in a 170 game. Harriet Gazil bowled a 159 game for the Tempests. Two splits fell for Elaine Miller, the 5-4 and Harriet Gazil picked up the 4-5-7.

Sandra Eaton picked up the 2-7, Phyllis Kliner and June Gasman the 5-10, Mary Ann Kinsey and Georgia Hitchcock, the 5-7, Norma Mathison and Betty Bowes the 3-10 and Betty Richey got lucky and knocked down the 8-7 twice.

## Fair Weather For Olympics

By David Higginbotham

TOYKO (UPI) — Fair skies are forecast for Saturday when Emperor Hirohito opens the XVIII Olympiad in Tokyo's National Stadium before an expected throng of 75,000 spectators and nearly 7,000 athletes.

Chilly rains fell in this world's largest city Thursday and throughout the night. But the Japan Meteorological Agency forecast the rain front will move east, bringing a high pressure area from the west with clearing skies.

## Post Appeals

By David Higginbotham

ATLANTA (UPI) — A federal court tribunal has taken under advisement an appeal by the Curtis Publishing Co. for a retrial of the Wally Butts libel case.

## Lyman JayVees Whip DeLand's Baby Bulldogs

By Jim Beasman

Everybody knows Greyhounds can outrun Bulldogs — no matter how vicious the latter might be.

And that's what happened last night at Lyman Field when the Baby 'Hounds raced to a 13 to 0 victory over DeLand High's Baby Bulldogs.

It was an OBG junior varsity affair and the victory gave Head Coach Dick Silvers' squad a record of one victory to go with a scoreless tie in its other outing against New Smyrna.

The Baby Greyhounds were paced last night by halfback Larry Baker who rolled to 116 yards on the ground. He had plenty of help from Gary Smith who racked up 67 and Mike Warren who posted 77. All told, Lyman ground out 228 yards while DeLand got 112 on the ground and 38 in the air on four completions of 10 tries.

Plagued with fumbles in the opening period, the Bulldogs couldn't get going. Two fumbles were recovered by Russ Brandes and Danny Hall. In the second stanza, it was Lyman all the way. The Little 'Hounds took over on DeLand's 46 and Baker moved to the 32.

Gary Smith dashed to the 20, Baker went on to the 10. A five-yard penalty put the ball on the five and Bob Eldridge posted the TD.

Baker electrified the crowd with a 40-yard dash to DeLand's 20 just as the halftime gun sounded.

DeLand threatened in the third after Corky Howell raced 31 yards to the Lyman 12. The Bulldogs moved to the 24 yard line but the Little 'Hounds held.

In the final period, Lyman took over on its own six and moved 34 yards for a TD. Baker brought it out to his own 35, Smith went 34, another penalty put the ball on the five, and Baker went over for the score. Eldridge picked up the PAT on a run.

Silvers hailed his club on its win. "I think our boys played a tremendous game. They outbusted and outplayed DeLand. It was a team effort from the whistle."

Center Danny Hall and tackle Danny Overton stood out for the Baby Greyhounds in the Lyman line.

## Panthers Meet Bobcats Tonight At Eatonville

By Bob Thomas

The only Seminole County high school team to travel tonight will be the Crooms High Panthers.

Head Coach Willie Holt's hall club hits the road for Eatonville this evening to be guests of Hungerford High Bobcats of Winter Park in a non-Florida Big Nine North conference tilt.

Holt's charges will seek their third victory of the season. They have posted wins over Ocala and DeLand and suffered their only setback when they were downed by Lincoln High in Gainesville.

In previous years the Bobcats have always proved to be difficult for the Panthers to handle. Recalling previous contests, Holt and his aides have drilled the Panthers as much as possible this week in defending against passes.

Holt is determined to take full advantage of the passing arm of quarterback Andrew James and has spent the rest of his sessions this week having James work with his pass receivers on aerial patterns.

Perliman Brinson and Tyrone Henderson are fine receivers and running their patterns well, Holt hopes, will enable them to break free and latch on to more of James' passes.

David Patterson and Robert Alford are doubtful starters tonight. Both were injured in the Lincoln contest in Gainesville and are not yet up to par to see action.

## Sipley's 517 High In Loop

By David Higginbotham

The girls were really hitting the strike pocket, in the Scratch League with Pat Sipley taking high series honors with a 517. Close on her heels were Elaine Kostival and Mary Sterman with a couple of 512's.

Kostival turned-in one of the highest women's scratch scores for league play this year with a resounding 226. Others scores well above the women's national average of 130 were Mary Sterman's 193, Doris Schauttett's 191 and with one pin less was Sipley with her 180.

The first-place team, S.A.N., which represents the final initial of each girl's last name, swept three from the Lucky Stars.

Bowling for S.A.N. are Sipley, Donna Atkins and Joan Norris. Their log for the season is 18 wins and six losses. In second-place are the A.B.C.'s with 13 and 11. Tied for third are the Lucky Stars and the Drags with a record of 11 1/2 and 12 1/2.

Help your children become better citizens. Keep them in school.

## Greyhounds Meet Terriers Tonight

By Jim Beasman

Although the season is well under way, Lyman High's Greyhounds are finally getting around to raising the curtain on their home football slate when they host the Titusville Terriers at 8 p. m. at Longwood's Lyman Field.

It will be the third game for Head Coach Dick Copeland's this 'Hounds and they are still seeking their initial win of the season.

They dropped their opener to Ocoee and their initial Orange Belt Conference tilt last Friday night to Apopka.

But Copeland, after he wrapped up Thursday afternoon's

final drill, declared that he was well pleased with the Greyhound defense against Apopka, except — of course — for that last minute of play when the Lion Darters posted two of their three touchdowns.

Being satisfied with his club's defense, Copeland worked his club all week on offensive tactics. And there's little doubt but that they will need it tonight when they clash with the strong Terriers.

Titusville comes into the fray with the same veteran ball club that tied the Seminoles 13-13 in Sanford's opening contest of the year.

Copeland is expected to start ends Gene Winkler and John Stuart, tackles Ivan Rayita and Dave Matia, guards Jody Toole and Ron Green with Larry Chubb a possibility at either post, center Ronnie Lister, Jack Glaston at quarter, Phil Ferrault and either Al Canbro or Paul Lamber at the halves, and Austin Saville at fullback.

Titusville is expected to start ends Edwards and Zimmerman, tackles McBride and Glarrazne, guards Stancell and Stevick, center Woodward, quarterback Huggins, halfbacks Ward and Bain and Long at fullback.

## 'Angry' Cardinals Vow To Turn Tide Against Yankees Saturday

By Steve Sailer

UPI Sports Writer

NEW YORK (UPI) — An angry band of St. Louis Cardinals, all even after two games in the World Series and bitter about the "Joe Peppone incident," vowed today to turn the tide against the New York Yankees Saturday.

The Yankees went on to square the series with an 8-3 triumph.

"Bob Gibson and Tim Lincecum both heard the ball click against Peppone's bat," Kease charged.

Peppone insisted, "It brushed my right hip."

The disputed call put Peppone on first and moved Mickey Mantle to second. Mickey scored on a single by Tom Tresh and the Yankees shot into a lead they never surrendered.

The incident obviously aroused the Redbirds but the Yankees became a 2-10 favorite to win the series and 8-5 to win Saturday in the first of three games scheduled at Yankee Stadium.

Curt Simmons, the veteran left-hander who'll pitch that Saturday game for the Cardinals, echoed the sentiments of all his teammates with a vow to beat 'em at home.

## Honeycutt Rolls 656 City Series

By David Higginbotham

In the City League Gordon Honeycutt, rolling for the Rose & Wilks Restaurant, posted games of 228, 217 and 211 for a respectable 656 series. With Gordon's help, Rose & Wilks salvaged four points from Bob's Restaurant. Also rolling well for R & W was Bill Anderson with games of 208 and 205. Their opponents had Bob Combs high-man with his 558 series.

In other league matches, Jet Lanes held onto first-place by a slim one-point lead by collecting one point from the hard-fighting Post 53 Legionnaires. John Piarro rolled a 209 for the Legion and mate Harold Appleby bowled high series with a 529. Leading Jet Lanes was Neal Maxwell with a 203 and the series going to John Spolaki for his 658.

Lake Monroe Inn slipped by Cook's Corner with a three-point win to stay in second-place, tied with Rose and Wilks. Big gun for the Inn-men was Harry Pentecost who just missed 600 by one pin. Pentecost shot games of 303, 193 and 203. Mate John Kneeland had a 210. Rick Skelly was high for Cook's with a 537.

Pryor's Insurance, with the help of Jerry Farello's 523 series, was able to pick-up three points from Harry's Bar and Package. Harold (Doc) Ring was high for Harry's with 528 series and Jess (James) Cook not too many pines behind with 518.

Sanford Manufacturing and Wisdom Old Service came out with an even split of two wins and two defeats. Ed (Ole Gray Fox) Kirchhoff rolled a 202/587 for the manufacturers and L. R. (Roger) Jones was high for Wisdom's with 478.

## Ice Loop Opens

By David Higginbotham

ROCHESTER, N. Y. (UPI) — The American Hockey League opens its 29th season tonight with two games and then goes on to engage in a busy weekend with three contests each scheduled for Saturday and Sunday evening.

Play it cool. Stay in school.

## Cinema Books 'Sahara'

What happens when an alluring, loose-moraled woman suddenly falls among isolated, sex-starved men?

What happens is provocatively shown in "Station Six-Sahara," Allied Artists' roaring drama now playing at the Seminole Plaza Cinema in Casselberry.

Carroll Baker — "Baby Doll" herself, and now the love-interest of "The Carpetbaggers," too—is the star of "Station Six-Sahara." The men who watch her—and some of whom reach her—are Peter Van Eyck, Ian Bennet, Donholm Elliott, Jorg Felmy, Marie Adorf, Biff McGuire and Harry Baird.

The story is set in the bleak and burning Sahara. There a group of strained, morose men pile up savings by work at high wages to keep in operation an oil-pumping station. The money is good but the life is exasperating, deficient and boring. They have in common their dependency on one another for the sake of the station; their all-around contempt for each other; and the nagging need of a woman.

Into this tense situation, a woman—one as enticing as Carroll Baker—is thrust, literally by accident. The powerful car in which her failure of a husband intends to kill

her, and himself, tears into the station and crashes.

The woman is shaken up but unhurt, the husband is badly injured. Help cannot reach the station in less than three days. The woman is far from displeased at being roomed with the restless men, and her husband is unable to intervene.

The events of the ensuing three days make absorbing drama. Then the story reaches a brutal and appropriate climax.

"Station Six-Sahara" was written by Brian Clemens and Bryan Forbes. The latter is responsible for the script of "The L-Shaped Room," starring Leslie Caron. Seth Holt directed "Station Six-Sahara" and Victor Lyndon produced the picture at C.C.C. Films Brauner for Allied Artists release. The musical score was composed and conducted by Ron Grainer.

CARROLL BAKER plays the provocative beauty who upsets the delicate balance among the five men at "Station Six-Sahara," in the Allied Artists release now playing at the Seminole Plaza Cinema at Casselberry. The film was produced by Victor Lyndon and directed by Seth Holt.

By Dottie Austin  
Dom Patastucci of the Capri Restaurant knows a good thing when he sees it and he is holding the fabulous "Roberta and the Southwinds" over again for your entertainment. Don't fail to hear them this week or you will be sorry. No telling when they will get back again as they make a big hit wherever they go and are heavily booked. All kinds of delicious food at the Capri for your dining pleasure as well as your favorite beverages in the lounge or in the dining room. Don't say we didn't tell you.

While you are waiting for your lunch or dinner at Jim Spencer's you are invited to help yourself to the tasty snacks of meats, cheese and crackers under the "umbrella." One of the favorite spots

in the area for dining, known far and wide for delicious seafood and steaks and their just-right drinks, Doris and Jim Spencer invite you to join them.

Haven't you seen the sophisticated pictures with their clever gag captions at the Caribe Cocktail Lounge? It's time you did—they are so amusing and provide that touch that provides a different atmosphere when you drop in for lunch, after work for the happy hour, or for dinner in the evening. On Fridays all you have to do is punch a button to enjoy your favorite music on the record machine.

The Tradewinds Cafeteria is the only restaurant of its kind in Seminole County, and is enjoying an increasing popularity among residents of the area. The kind of dining they feature with all the tempting array of delicious foods right before your eyes cannot fail to be appealing. It's location is a convenience, too, with shopping and entertainment plus many services all within a few feet at the Seminole Plaza shopping center, Hwy. 17-92 at SR 434.

That elusive quality of "atmosphere" seems to have a great deal to do with the enjoyment of good food and you'll find no more delightful atmosphere than that at Freddie's Steak House in Fern Park. It is the feeling of graciousness, luxury and leisure, which is enhanced by the early American style in the Lamplighter Lounge and the new Gaslight Room. The cuisine is in keeping with this atmosphere, and it all adds up to the very best.

If you're a swinger, the place to really swing is at the Club Diamond, north of Sanford on Hwy. 17-92, just over the bridge. They are open daily except Monday, so if you want a place to go, this is the spot. There is dancing to the music of "The Vigilantes" band, a group of well-known lads from the Sanford Naval Air Station. No cover charge either, and of course a package store for those take-home purchases.

A Good old Southern-style fish fry is the specialty of the house at the Pinecrest Inn on Friday nights. They cook up just loads of that delicious fried fish for the long line of repeat customers who have discovered this delectable repast. The menu includes creamy cole slaw, french fries, delicious home-baked beans, tender hush puppies and the popular relish tray. Try it and you'll like it.

Delicious Italian food, prepared by experts and served in pleasant surroundings... that's why so many people dine out at Jean's Spaghetti House in Orange City. Jean and Rocco Moraglio have been at this location for over ten years and they invite all old and new friends to visit them. Parties and banquets can be held in areas apart from other diners, so plan your next meeting to be held at Jean's Spaghetti House.

Laura Stephens and her staff invite you to watch the World Series in living color on TV at George's Tavern. Meet your friends here and enjoy your favorite drinks in a convivial atmosphere. There's room for everyone and plenty of free parking. If you prefer to stay at home, visit their package store first and stock up your home bar.

## Gina At The Ritz

The United Artist release, "Woman of Straw," starring Gina Lollobrigida, Sean Connery and Ralph Richardson and opening Sunday at the Ritz Theatre is the first major film by the production team of Michael Relph and Basil Dearden to be offered American audiences. The feature will be shown through Wednesday night at the Ritz.

Both men, however, already have well established reputations in their native England and the Continent as unusually enterprising and skillful producers and directors of motion pictures. They are also said to be particularly adept at suspense-mystery and "Woman of Straw" is described as one of the best in that genre.

From the novel of the same name by Catherine Arley, "Woman of Straw" tells of a deadly and unremitting contest for the domination of a beautiful woman's mind by two fiercely determined men.

each for his own purpose. There is a fatal consequence and this provides the film with its unusual plot twists and surprise denouement.

Relph is a strictly up-from-the-ranks man, having served as an art director at a major British studio where he attracted such favorable notice that he was soon put in charge of production. Dearden was a sort of general factotum at the famed Ealing Studios until he got a chance to direct. He hit it off with his first effort.

Both men came together as producer and director in the highly successful British-made "Sapphire," and the happy association has continued ever since.

SEAN CONNERY and Gina Lollobrigida share stellar honors with Ralph Richardson in "Woman of Straw," suspense drama opening Sunday at the Ritz Theatre through United Artists release. The Relph-Dearden production is in Eastmancolor.

## 'Sam' Film Set

"Good Neighbor Sam" is scheduled for a three-day run at the Movieland Drive-In Theatre starting Sunday night and the management reports all persons showing proof their name is "Sam," "Samuel" or "Sammy" will be admitted free.

The movie stars Jack Lemmon and Romy Schneider and is sharing the billing with "Dr. Strangelove" which stars Peter Sellers. The two features run through Tuesday night.

Wednesday and Thursday brings "The Lions" in color and starring William Holden, Trevor Howard and Capucine. The same two nights will bring "The Wheeler Dealers" with James Garner and Lee Remick. This film is also in color.

A triple-feature is scheduled for Friday and Saturday nights, "Robinson Crusoe on Mars" stars Paul Mantze; "A Distant Trumpet," a first Sanford showing stars Troy Donahue and Diane McBain; "I Like Money" brings Peter Sellers to the local screen. The latter is also a first showing in Sanford.

Although "A Distant Trumpet" is his first boots-and-saddle effort, Donahue is no novice on a horse.

JACK LEMMON'S enthusiastic celebration of a promotion make it necessary for Dorothy Provine as his wife and Romy Schneider, right, as the girl next door, to come to his rescue. It's a scene from the David Swift production, "Good Neighbor Sam," now Columbia Pictures comedy release in color. Edward G. Robinson guest-stars.

# Sanford Woman's Club Begins Year

An autumn harvest theme was dominant at the Sanford Woman's Club Wednesday as the members gathered for their first meeting of the season in a fresh clean club house.

Two striking fall arrangements were on newly painted white tables, tinged with gold, in the foyer, which were donated by Mrs. C. P. Harkey and Mrs. Charles Kauffman. A clever pyramid of nuts and fruits adorned the freshly painted white mantle above the white fireplace.

The luncheon tables were arranged in three long rows, suitable for a wider conversation range. Centering the speaker's table was an arrangement of fruits and vegetables, spilling from a ceramic bowl. A delicious salad luncheon course, prepared by Mrs. Homer Little, was leisurely enjoyed by the members.

Mrs. Charles L. Swinney, chairman of the Civic Department, introduced Mrs. Camilla Bruce, Seminole County Supervisor of Registration, who spoke on the importance of voting. Since all the members are registered, they were most interested in Mrs. Bruce's oration. A question and answer period was highly informative to the group.

The president, Mrs. W. L. Merritt, expressed genuine gratitude to Mrs. Bruce for the enlightening program. She introduced as new members, Mrs. H. H. Fortner Jr., Mrs. J. L. Horton Jr., Mrs. Frank Schautut, Mrs. Charles E. Thomas, Mrs. Irene Watt, Mrs. John F. Wilson and Mrs.

A. C. Doudney. First vice president, Mrs. Fred Harris, discussed the proposed budget, and announced the fund raising projects will be a card party in February, and the selling of Florida Scene Cards.

Mrs. Al Hunt distributed the attractive new year books and Mrs. L. E. Spencer gave the treasurer's report. Mrs. Merritt read the list of building improvements completed during the summer, and graciously

thanked the individuals responsible. Mrs. DeWitt Mathews, chairman of the American Home Department, announced a change in the date of their Halloween buffet party from Oct. 24 to Oct. 22 at the home of Dr. and Mrs. A. W. Woodall. Husbands are invited and everyone is asked to wear a costume. Please call Mrs. Woodall for reservations.

Mrs. Charles C. Kauffman, secretary, read two recom-

mendations from the board. One was to charge 25 cents for each person attending the social department's card parties to help defray cost of refreshments and prizes.

The second recommendation was for the Sanford Woman's Club to sponsor the project, "Riddle of the Friendly Stranger." This is a film strip showing suggestions to protect young children from the unspeakable horror of sex deviates. Both of these recom-

mendations were endorsed by the club.

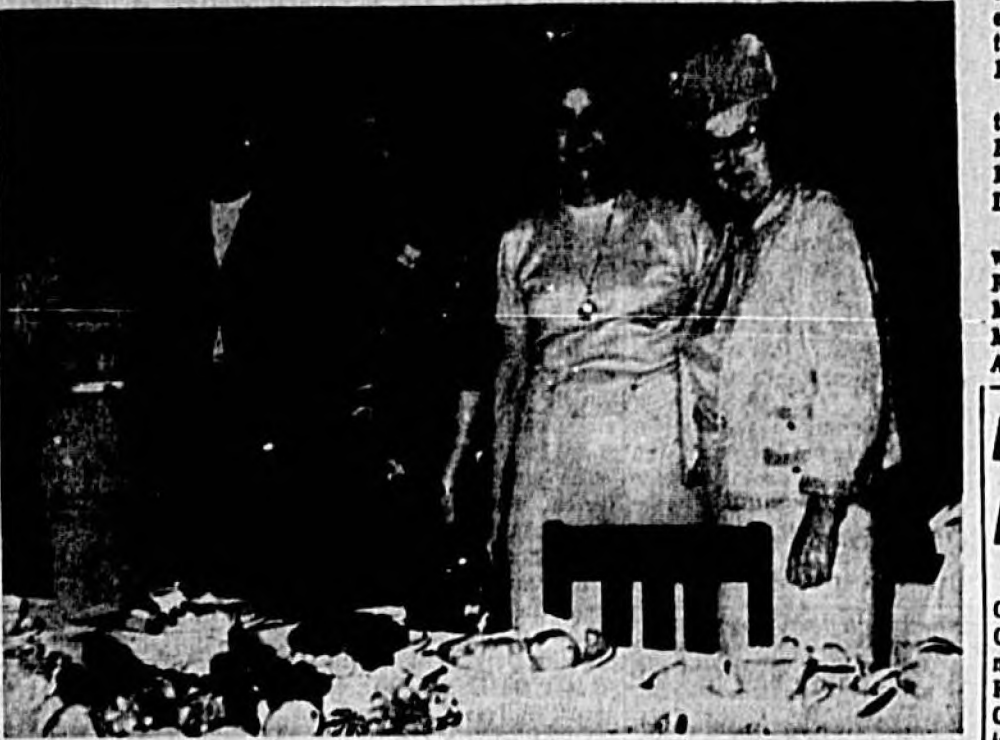

Mrs. W. L. Grambow, past president, reported on the state board meeting she attended in Cocoa.

Mrs. Roy Tillis, chairman of the Social Department, invited all members to attend the meeting Oct. 14 at 10 a.m. to place names on envelopes for T.B. Seals, followed by a covered dish luncheon and bridge and canasta.

Mrs. Fred Harris and Miss Edna Chittenden were elected to accompany Mrs. Merritt to the district seven tour in Eustis on Oct. 27.

Greeting the members at the door were Mrs. W. E. Brinson, Mrs. H. D. Rowland, Mrs. J. E. Baker and Mrs. W. L. Merritt.

Hostesses for the luncheon were Mrs. George Wells, Mrs. R. A. Smith, Mrs. Francis Meriwether, Mrs. John Eick, Mrs. E. M. Hoke and Mrs. E. A. Menforton.

MRS. W. L. (MARY) MERRITT, left, presides over the first meeting of the season of the Sanford Woman's Club. With the new president from the left are Mrs. Camilla Bruce, Seminole County Supervisor of Registration, who was guest speaker, and Mrs. Ruth Swinney, chairman of the Civic Department; Mrs. Mary Kauffman, general club secretary, and Mrs. Margaret Spencer, general club treasurer.

## Personals

Mr. and Mrs. B. E. Purcell have recently returned from New York, where they were on a buying trip for the Purcell Stores. While in New York, they saw all the sights, and report a wonderful trip.

Rev. Wm. E. Timms is now convalescing at his home following hospitalization in Seminole Memorial Hospital and Florida Sanitarium for four weeks. He wishes to thank all his friends for their love, prayers and kindness.

The newest for little girls: the blouse alp. The Carter creation is a knit jumper with a three-quarter sleeve blouse that continues on to become a petticoat. The ruffle of the petticoat sticks out at the hem of the jumper. The waist of the jumper is elasticized so the little miss doesn't have to fuss with a belt — or worry about losing it.

## Catholic Women Begin New Season With Social Meet

The Catholic Women's Club of All Souls Church recently had a business and social meeting at the Parish Hall. This was the first meeting of the new season, and was presided over by Mrs. Odette Durand, who succeeds Mrs. Gleason, who recently resigned from her office.

Mrs. Ted Michaels presented an enjoyable book review on the "Life of St. Theresa." Father Richard Lyons gave a most informative talk on the Ecumenical Council.

Mrs. Bridget Kolarik displayed the beautiful Altar Cloths donated by some of the parish members as a result of their group projects.

All the women in the parish are invited to participate in a bake sale to be held Sunday, Oct. 18, in the Parish Hall.

Members and guests enjoyed coffee and cake after the business meeting.

## Ethel Root Circle Honors Bride At Fellowship Meet

The Ethel Root Circle of the Congregational Christian Church recently held a business and social meeting at Fellowship Hall, with Mrs. Clyde Stinson as hostess. An impressive devotion was presented by Mrs. Bonner Carter, based upon "World Wide Communion Sunday."

The program for the evening was given by Mrs. E. T. Simpson, who spoke on the experiences of a social worker. Many interesting facets of this work were explained by the speaker, and an informative discussion period followed her talk.

Miss Ruby Booth led an inspiring prayer for the church expansion program.

Routine business was conducted by the president, Mrs. Walter Bethes, at which time members were reminded of the joint women's fellowship meeting to be held on Oct. 21 at 2 p.m. in Fellowship Hall.

The bake sale which was scheduled for this month has been postponed until November.

At the conclusion of the meeting a bridal shower was held for Mrs. John C. Noel III, the former Sandy Getman, whose marriage was an event of Sept. 7.

The lovely honoree was attired in a pale pink knitted sheath with matching appliqued duster. She wore white accessories and a corsage of balsam, which was presented to her by the circle.

The serving table was overlaid with an Irish linen cloth, and was centered with a lovely arrangement of roses, baby's breath and fernery, and flanked by pink tapers in crystal candelabra.

Punch was served by Mrs. Walter Allendar from an antique cut-glass bowl, and the cake was served by Mrs. Bonner Carter. Hors d'oeuvres, canapes, mints and nuts were served by Miss Eileen Carter.

The new bride received many lovely gifts, among which was a lace tablecloth, a gift of the circle.

Those attending were the Meses, Robert Getman, mother of the honoree, John C. Noel Jr., mother-in-law of the bride, T. A. Alford, Robert Beine, Walter Bethes, M. J. Corbett, Harold Herbst, Ralph Lassing, G. O. Nordgren, A. M. Remusat, Gus Schmah, E. T. Simpson, William West and Miss Ruby Booth. Not attending but sending a gift was Mrs. J. E. Woods.

## Mrs. A. H. Parker Is Hostess To Philathea Church Group

The Philathea Sunday School class of the First Presbyterian Church met Monday evening with Mrs. A. H. Parker in Sunland Estates. Mrs. C. C. Howard was co-hostess.

Mrs. Joel Field, president of the class, opened the meeting with prayer. Reports of the past year were read. The class sent young people to confer-

ence, sends money each month to a missionary in Mexico, supports a Korean orphan, assists an orphan in the Thornwell home and gives a monthly donation to the American Bible Society.

A letter was read from Michael Thomas, the boy from the Thornwell home, thanking the class for the monetary gift, also from the girls from the Beardall Chapel that attended conference.

Mrs. Grover Sewell gave the lesson and her subject was "Christian Attribute of Confidence." Using the following scripture, John 10: 27, 28; 1 Thessalonians 5: 24 and Romans 8: 1-4.

A social hour followed, enjoyed by Mrs. Sewell, Mrs. Field, Mrs. Fred Robb, Mrs. John Gillon, Mrs. John Wilson, Mrs. George Stein, Mrs. Selma Baker, Mrs. Wilson Newman, Mrs. Bertha Hardin, Miss Sara Burns, Mrs. C. C. Howard, Mrs. W. R. Anderson and Mrs. H. A. Swanson.

Also Mrs. C. L. Redding, Mrs. Annie Mae Rumbley, Mrs. Mildred Case, Mrs. Kirby Fite Sr., Mrs. Ietta, Mrs. L. G. Hunter, Mrs. P. T. Plety, Mrs. Clarence Snyder, Mrs. Margaret Greene, Mrs. Helen Stephenson, Mrs. Martha Walls, Mrs. Abbie Boyd and Mrs. Parker.

## Miss Bonnie Cox Betrothed

MISS BONNIE ANN COX

Mr. and Mrs. C. E. Jacobs of Sanford are announcing the engagement and approaching marriage of their daughter, Miss Bonnie Ann Cox, to Lt. Marion Richard Edwards, son of Mr. and Mrs. F. L. Edwards of New Smyrna Beach.

The popular bride-elect is a graduate of Loyola University, Curriculum of Dental Hygiene. She is presently practicing in the office of Dr. A. W. Eggs Jr.

Lt. Edwards is a graduate of Emory University and is now assigned to E-VAH-3 at the Sanford Naval Air Station.

The wedding will be an event of Oct. 31 at the First Methodist Church of Sanford.

After the luncheon, a card party will be featured with Mrs. C. L. Redding and Mrs. H. W. Rucker serving as hostesses.

A winner never quits and a quitter never wins. Don't be a school quitter.

## Social-Fine Arts Departments Plan Meet Wednesday

The Social and Fine Arts Department of the Sanford Woman's Club will meet on Wednesday, Oct. 14, at 10 a.m.

The ladies will engage in pasting addresses on envelopes for the T.B. Seals, followed by a covered dish luncheon at noon.

Hostesses for the luncheon will be Mrs. L. E. Spencer, Mrs. C. P. Harkey, Mrs. Durwood Walker and Mrs. Dwight Norman.

## Retired Teachers Convene For Enlightening Program

The Seminole County Retired Teacher's Association met recently at the First Federal Savings and Loan Building with the president, Lucy Smith, presiding.

Edna Chittenden gave a report on "Federal Legislation Today" from the NRTA Journal. Edna made the motion that the local organization support the national organization by writing the U. S. Senators at once stating they are in favor of the three amendments described: The Ribicoff Amendment, No. 1233, which offers free choice health insurance; the Scott Amendment, No. 1246, to permit earnings of \$2400 annually without loss of Social Security; and the Hartke Amendment, No. 1192, to blanket in for minimum benefits persons over the age of 72, not presently eligible.

The next regular meeting will be Tuesday, Nov. 10, at 3:30 p.m. at the First Federal Building.

Laura Hartley read the following memorial to Miss Laura Chittenden:

"With sorrow we members of the Seminole County Retired Teachers Association record the death on July 3, 1964, of Miss Laura Chittenden; and we extend heartfelt sympathy to her sister, Miss Edna Chittenden, and to her two brothers, Mr. L. P. Chittenden and Mr. E. A. Chittenden.

"Miss Laura taught in the Sanford public schools from 1912 until her retirement in June of 1949. During these years she was a continuous and active member of the Seminole County Teachers Association. She was a charter member of the Seminole County Retired Teachers Association.

"We love and honor Miss Laura for her personal charm and for her admirable qualities of courage, cheerfulness, friendliness, service, loyalty, devotion to her work, and a lifetime of work with adults as well as with young people."

# Satisfy Your 'Alter' Ego

By Jerry Sheehan  
 Newspaper Enterprise Assn.  
**NEW YORK (NEA)**—“Probably every new and eagerly expected garment ever put on since clothes came in,” said Charles Dickens, “fell a trifle short of the wearer’s expectations.”

No wonder. Clothes are made for Mr. John Q. Average. He does not exist save in the guise of wire forms in men’s wear factories.

All of which means that it is almost impossible for anybody to avoid a trip to the alteration department. That new suit or sports jacket you have just bought must—98 times in 100—be altered.

If you have chosen a garment well, and if the sales clerk has had your best interests at heart, you may escape with just a raising of the cuff or an inch trimmed from the waist. If the storeman tells you everything is perfect, be courteous but cautious.

If, after a day’s wear, you feel a little distressed with the garment, say, around the waist, make a trip to two or three tailor shops. Collect opinions on what should be done, how much it will cost. Then return to the store and make sure they follow through. Most stores usually do not charge for alterations on clothes they sell.

But make sure you explain your desires fully. Witness the case of a gent who recent-

ly approached his tailor to correct a sports jacket which gathered across the shoulders. The job was not one of simply lowering the collar. Major surgery was called for. The collar and shoulders both had to be opened and adjustments made in back.

He tried to explain this, but he may as well have asked the tailor to paint the

Brooklyn Bridge. The result, the jacket returned with only the collar lowered, doing little to solve the major problem—and the customer went off in search of another tailor.

In a sense it was the customer’s fault. He should have known that the price quoted was too low to do the job right.

“Of course it fits perfectly; this is the one I wore into the store!”

## The Doctor Says:

# Sunlight Combats Psoriasis

Wayne G. Brandstadt, M.D.,  
 Newspaper Enterprise Assn.  
 Although psoriasis affects several million people in the United States, it is more harmful to the pride than to the health. In a woman who must meet the public in her work, and especially to an actress, it can truly be a tragedy. Since the cause is unknown, no means of prevention is available.

The skin of the victims works overtime and produces shiny scales that are seen most commonly on the scalp, elbows, knees and hips. Spontaneous improvements may occur, especially in the summer since heat and sunlight help the condition. Some victims even move to a hot climate, but even though this may help, it will not cure the disease. Other means of controlling it are more readily available anyway.

Because sunlight helps the lesions they are not so common on the exposed parts. Persons who have the disease, however, usually do not like to take sun baths in public places. They can get the same beneficial result with an ultraviolet lamp at home.

Although a great variety of treatments have been used, no one treatment is equally effective for all victims. The old standbys for many years—the coal tar ointments—are still highly recommended.

Another new development is a cream that contains hormones related to cortisone, such as Synalar cream (obtainable only on a doctor’s prescription). After this ointment is applied, the lesions are covered with a plastic wrapping paper that shuts out the air and increases the ointment’s penetrating action. This treatment gives the best results when used in conjunction with other forms of treatment such as tar.

Following this treatment the remissions usually last much longer than when the tars alone are used. The hormone ointment should not, however, be used for more than two weeks at a time with a rest of at least four weeks between courses.

## Record Shop

# Enoch Light—A Perfectionist

By Joan Crosby  
 Newspaper Enterprise Assn.  
**NEW YORK (NEA)**—In the record industry, where the pressure never lets up, Enoch Light, the head of Command Records, is a refreshing beacon of calm.

He has recently signed two darlings of Broadway to contracts, Carol Channing and Tania O’Shea, but he says he is not anxious to sign too many other people.

“We couldn’t do too good a job with too many under contract,” he says.

Neither is he in a frantic rush to produce record after record.

“Ours is a hand-crafted business. We limit our output to about 20 albums a year, each one of them as technically perfect and easy to listen to as it is possible to make them.”

years ago, an agent from MCA (Music Corp. of America) came in to my office asking if I was interested in buying talent. I told him we didn’t need anyone, but he asked me to take a look at the list. I did, and just about everyone they handle was on it. I picked Carol Channing and Dick Van Dyke, and we signed them to contracts.

“At the time, she was on the road with one or eight stands, and never in one spot long enough to make a record. Finally she came to New York in ‘Hello, Dolly!’ but still hadn’t made a record for us—and her contract ran out.”

“She called to invite me to see the show. After she asked when we were going to make a record, I told her her contract had expired. ‘That doesn’t matter, I’ll sign a new one,’ she said. And remember, all the record companies were after her with fabulous offers.”

Carol has made a single for Command, a funny spoof of rock ‘n’ roll on one side, and a Louis Armstrong imitation on the other. It’s hilarious, as Light can attest. “I laughed so hard in the studio,” he smiles, “that I spoiled one recording.”

melodic and furious work takes up three sides of a two-record set. The fourth is devoted to excerpts from Berg’s dramatic, weird opera, “Wozzeck,” with soprano Phyllis Curtin extremely effective in the incantation-like recitative passages of the scene in which Marie reads the Bible to her son. This recording is a fine addition to any record library.

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** I was born six months and two days after my parents were married. When I first figured this out I was 16. I mentioned it to my mother and she became flustered and close to tears, so I never mentioned it again. Mother is from a good family and she and my father have been completely faithful to each other. They are tops as parents to me and my three brothers. I want to tell her that I don’t care if she DID have to get married. I love her just the same. Abby, you could help a lot of people who had to get married if you would tell them how to handle it when their children bring it up. Should they take refuge in silence? Should they lie about the date of their marriage? Or should they insist that the first baby was premature? What’s the best answer?

**UNENLIGHTENED:** The truth, while sometimes embarrassing, is always the best answer. But no couple HAS to get married. The man can deny paternity. He can also run off and leave the girl to face the problem alone. The girl can foolishly submit to

an illegal operation and do away with the baby. Or she can have the child and either give it up for adoption or keep it and defy society. The couple who marries when a baby is on the way—and makes a success of that marriage (and there are many) deserves the respect of all.

**DEAR ABBY:** For goodness sake, don’t print my name or say where this is from—just give me an answer before I go out of my mind. Is it possible for a woman who is 36 years of age to have a baby? I would ask my doctor but I am afraid he would laugh at me.

**FOOLISH:** Yes, it is possible. But see your doctor. I promise you he will not even crack a smile.

**DEAR ABBY:** Can I sue a woman who is trying desperately to break up my home? A year ago she called me and told me in detail about the affair she had with my husband. I talked to him about it and he said it was all over and done with. Then she accused him of fathering her child. She took him to

court and won, so now he has to give her support money for the baby. She told someone that the baby wasn’t even his, she just wanted him to get stuck for support money so his wife (me) and his family would have less. She swore that she was going to make me suffer in every way possible for not giving him a divorce so he could marry her. My husband tells me that he is through with her and I believe him. Have I grounds to sue?

**HURT BADLY:** If this woman actually “stuck” your husband for child support money for a child he did not father, you should see a lawyer. She sounds like the lowest kind of human being. Be careful. He who gets into a wrestling match with a skunk rarely comes out smelling like a rose.

**Troubled?** Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

# Is She An Old Grouch?

By Mrs. Muriel Lawrence  
 Newspaper Enterprise Assn.  
**DEAR MRS. LAWRENCE:** My husband has given our boy, 17, a new car and his own gas station check account. Instead of encouraging him to find a vacation job, he lets the boy spend his mornings sleeping after late dates and his afternoons playing golf. I am working at a full-time job to help pay the bills for this playing around but if I open my mouth to say one word against it, I am pushed aside as the “old grouch” by my husband and son. . . .

**ANSWER:** You could withdraw your cooperation with this “playing around.” The simple, opposing words are available: “As I dislike the way Bill is spending other people’s money, I am withdrawing my contribution to his bills.”

They can’t be spoken, can they?

I expect that you have been tolerating imposition by your husband and son for quite a while. It has made you incapable of simple resistance. You dare not risk it lest piled-up rage explode out of control, choking your words with bitter accusation of other hurts done by imposers.

The issue really is not your husband’s overindulgent treatment of Bill but his treatment of you. You are looking straight at the question: “Do I continue to take my husband’s disregard of me—or do I risk my marriage by refusing to take it?”

I can’t tell you to risk or not to risk your marriage. But I suggest that your fear of risking it is why your menfolk can you an “old grouch.”

Maybe you are one. We all become “old grouches” when

fear of the consequences of revolt against imposition makes it impossible for us to risk the dangerous, tumbled, furious, releasing words of the showdown.

Our fear of their passionate truthfulness compels us to deliver them in grouch, sagging little doses of surface criticism and chronic complaining. If this grouching got us anywhere, I’d be for it. But it doesn’t. It just tells the imposer that we are too scared of really offending him to risk any serious resistance to him—and invites him to continue to impose.

The showdown is always a hazardous thing. Sometimes it gives birth to a totally new closeness to the imposer. Sometimes it just ends our mutual pretense of affection. It’s always the big gamble and nobody can guarantee the jackpot. Which is why so many of us grouch.

# Keeping 'Em After School

By Susan Light  
 Newspaper Enterprise Assn.  
**DEAR MRS. LIGHT:** When children are late to school or absent we parents have to write an excuse. But what about teachers who keep our children after school?

I’m sure other mothers and fathers worry as much as we do when their children come home late. There were times last winter when our daughter was not home by dark, and her father had to go out to look for her. It turned out that she was still at school, and the teacher got very nasty with him when he complained.

**Do you think we are asking too much to know where our children are after school?—MOM AND DAD**

**ANSWER:** Certainly not! Parents should know where their children are after school. There may be occasions when it’s necessary to keep

children after school, either for extra help and make-up work or for punishment. However, these detention periods should ordinarily be scheduled in advance. If a child is kept late without prior notice, either the teacher or the office should call the parents.

I suggest you try to find out what the policy of your school is in regard to detention sessions. Then discuss the matter with the teacher when neither you nor she is immediately disturbed about it. If she knows how concerned you are, she will undoubtedly give you fair warning when your daughter must be kept after school.

If you receive no satisfaction from the teacher or the office, however, you might consider contacting other parents for united action. When several parents make an honest and legitimate complaint, the administration usually does something about it.

**DEAR MRS. LIGHT:** A letter from a teacher who believes in the new math was recently printed in your column. It mentioned two books to send for, one of which was “Goals for School Mathematics—the Report of the Cambridge Conference on School Math” (Nov. 1963) Houghton Mifflin, \$1.00. Could you tell me where to get it?—RETIRED TEACHER WHO LIKES TO KEEP INFORMED

**ANSWER:** Several readers have asked this question. Your local book store can order it or write directly to Houghton Mifflin, 2 Park Street, Boston. And good for you for wanting to keep informed!

Please send your school problems to Susan Light in care of The Sanford Herald. While she cannot answer each letter personally, letters of general interest will be answered in this column.

# Jacoby On Bridge By Oswald Jacoby

Charlton Wallace’s article in “Bridge Writers’ Choice 1964” shows a rubber bridge hand bid by Phillip and Albert Steiner of Cincinnati. The Steiner brothers, with Charles Hall and Richard Wildberg, also of Cincinnati, won the team championship of the United States in 1934 and promptly abandoned duplicate in favor of rubber bridge.

Charlton points out how they use cue bidding to reach a lay down spade slam with only 18 high card points in their combined hands.

West passed and Al’s six high card points began to look up. A cue bid in diamonds seemed appropriate.

# We The Women: By Ruth Millett

“My husband persists in making a fool of himself by playing the dashing Lothario at every party we attend. He paws all the women guests and, when I complain later, he says I’m jealous.”

These words are from a wife who is fed up with her husband’s juvenile antics. She is not jealous, just ashamed. He makes her look just as absurd as he is, since she has to put up with his foolishness or create a public scene.

Men of that type just seem to get worse and worse as time goes on. More and more, they need to assure themselves that they are irresistible to women. It’s just a question of whether his wife loves him enough to put up with him as is, or whether she doesn’t.

**DEAR POLLY:** We had trouble keeping the children’s school lunch boxes closed until we started to use neelium size safety pins as locks on the catches.—MRS. E. G. M.

**DEAR POLLY:** My husband complained that I spent too much money on can openers. I had to agree with him. After using one for a while it would stick and become hard to turn. I corrected this by holding the opener under hot running water for about ten seconds. This has saved time and money.—CINDY

to the article and put the garment on a rack by the sewing machine. On sewing day I can tell at a glance what needs to be done to each garment. I hang them in groups as “buttons missing,” “patches needed,” “ripped seams.” I repair each group with the proper machine attachment and do not have to change the attachments so often.—MRS. I. E. F.

**DEAR POLLY:** I have a large family so I cannot “repair sew” and iron on the same day. Sometimes it is several days before I can do this repair work. On ironing day I keep a scratch pad and pencil handy. When something that needs repair work is ironed, I jot it down on a scrap of paper, pin the paper

bottom can be left unattached.—DOROTHY.

**DEAR POLLY:** My hint will save time for those of us who often want to retouch their make-up in a hurry. A beautician once told me to forget about the upper lip when applying lipstick and apply a heavier coating to only the lower lip. Carefully and firmly compress the lips and the upper lip will be firmly outlined. I have not had a smeared mouth in years.—ETHEL

# Is It A Man's World?

By Helen Hennesey,  
 Newspaper Enterprise Assn.  
 Women’s Editor  
 It might be a man’s world, but the ladies are taking over bit by bit.

There’s no point any more in asking, “Who wears the pants in this family?” because the answer could so easily be “mom and pop.”

And now the executive with the cigar and the quiet man with the pipe have to share the scene with the gals.

The cigarette scene caused some women to stop smoking, but it drove other to pipes and cigars. And since women rarely do things halfway, there’s been a further feminine invasion into what once was a man’s world.

The smoking jacket, that gentlemanly badge of masculinity, is now designed in velvet and brocade for women. And so garbed, mom can slip into the easy chair at her side of the fireplace, fire up her vivid blue suede pipe and send the dog to fetch her matching slippers. For the gala today, there are matching pipe and slipper duos. A

man’s world? Dad may have to take his pipe to the office in his pocket but for mom there’s a pretty little pouch designed so that she doesn’t have to put that “dirty old pipe” into purse.

Pop puts a few cigars into his jacket for an evening out. Not mom. She has a diminutive jeweled cigar case for the new “lady-size” cigars.

Dad had to keep his tobacco in one jar in the den or maybe a corner of the living room. Mom didn’t want that “nasty stuff” all over the house. But for her there are decorative tobacco jars designed for use in the boudoir, living room and even the kitchen.

They can’t have it both ways. (Chie Chat)

Q: “I have an evening gown that I have worn only twice although it’s several years old. I intended to have it remade because it was very expensive. But now I read about the new length for evening that ends between the calf and ankle and this is exactly where the hem of my dress ends. Do you think I could wear it as is this season?”—ELSA J.

Dear Elsa J.—I would have to know what the style of the dress is before I could answer your question. You are right about the new length. Why don’t you study the fashion pictures of new evening gowns and if yours seems little different, perhaps just minor alterations would update it.

Please send your fashion problems to Helen Hennesey in care of The Herald. While she cannot answer each letter personally, letters of general interest will be answered in this column.

# Whys Of 'Wife' Insurance

Although women make up one-third of the U. S. labor force, the man is considered the breadwinner of a family. And the bulk of insurance coverage is upon his head, not his wife’s.

Most insurance specialists agree that a couple with children should increase the husband’s policy upward on a sliding scale according to his salary. This gives a cushion for her and for the children’s education.

However, a widower knows only too well how much it costs him to lose his wife. In many cases, it puts him in debt because there were no savings or insurance.

An economics professor estimates a 20-year-old bride has a lifetime worth of \$400,000—excluding romantic value.

With this in mind, here are some solid reasons for insuring your wife’s life. These were proposed by Alfred B. Hastings Jr., an insurance agent in Los Angeles, Calif., before an annual meeting of insurance super-salesmen.

Insurance helps a husband over financial problems resulting from the wife’s death by:

- Paying Real estate expenses
- Paying for increased estate taxes which may result if the wife dies first with the resulting loss of the marital deduction from federal estate taxes.
- Paying for increased income taxes that result from the husband’s return to single status.
- Helping pay for a housekeeper or nurse if there are young children.
- Providing for the wife’s favorite charities.
- Supplementing husband’s retirement income through use of options in the wife’s policy.
- Helping protect equity in a business in which the wife owns stock.
- Paying off mortgage of a home using joint ordinary life coverage on the wife.

## Bear Lake PTA Elementary Adopts Budget

By Maryann Miles  
A total budget for the year of \$680 was presented by Grant Mueller, Bear Lake Elementary School PTA treasurer, at a meeting of the group Tuesday night and it was adopted.

Items in the budget included administrative work, \$100; hospitality, \$100; Christmas and last day parties, \$75; beautification, \$75; clinic, \$115; year book, \$25; welfare, \$25; civil defense, \$20; program, \$15; publications, \$15; historian, \$5; and contingency fund, \$100.

The meeting was opened by the pledge of allegiance led by Miss Peggy Hoover and devotionals led by Fred Kelley, devotional chairman.

Mrs. Kay Viets, president, introduced members of the board and reminded those attending that this is the third and final year to reach the quota for the school library and \$1,000 is still needed. Donations would be greatly appreciated.

Cubmaster and Assistant Scoutmaster Bob Bunnell presented charters for the Bear Lake Boy Scout Troop and Cub Pack to Principal George Dabbs as the school sponsors these units.

Mrs. Katherine Grimm, who is in charge of the lunchroom, reported that National School Lunch Week will be observed starting Monday, Oct. 12.

Members will not have to donate cake or cookies for the social hour following PTA meetings this year as the board has voted to buy doughnuts and coffee from the treasury.

Mrs. Frances Fisher's fourth grade room won the box of candy given to the room having the most parents present. There were over 200 parents attending the meeting.

Principal Dabbs announced that Oct. 20 at 1:30 p. m. will be a teacher-parents conference time. Teachers were introduced to the PTA members and room visitation followed the meeting.

## Bake Sale To Follow Mass

By Donna Estes  
The Church of Nativity Catholic Women's Club will sponsor its monthly bake sale Sunday following the 8, 10, and 12 a. m. Masses. Mrs. John Kennedy, vice president of the club, chairman of the sale has urged the women of the parish to support the club's activities.

The monthly board meeting of the organization will take place Monday at 8 p. m. at the social hall.

Mrs. Gene Shannon, president who will conduct the meeting has announced that the parish fall festival held last Saturday was very successful. Awarded the trip to Nassau were Mr. and Mrs. R. T. Milwee, and Mr. and Mrs. Richard Forbes of Sunland were presented with the gift basket.

## Bible Contest

The Blue Team led by Mrs. Victoria Airey won the competition held during the September Young People's meetings at Longwood's First Pentecostal Church at the final meeting of the month last Friday. The defeated Red team's captain was Miss Sarah Pipkin.

## Business Briefs

Irving I. Pryor of Sanford has been cited for outstanding performance by State Farm Insurance Companies and will be honored at a three-day national convention for company agents and wives Oct. 26-28 at the Sheraton Park Hotel in Washington, D. C.

At a series of business meetings, Pryor will be briefed on company and industry affairs and will have opportunities to participate in round table discussions.

Other convention highlights will include a special luncheon for the ladies and a banquet honoring agents and their wives.

## Churchwomen To Meet Sunday

By Donna Estes  
The board of directors of the Episcopal Churchwomen of Longwood's Christ Episcopal Church will meet Sunday at 10:30 a. m. at the Parish house on Church St. The monthly meeting will be held Tuesday at 8 p. m. at the Parish House.

Mrs. Peggy Kuhn, president, will conduct the meeting and plans for the annual bazaar, scheduled for Oct. 23 and 24, will be discussed.

Mrs. Robert Hamilton, bazaar chairman said, a square dance will climax the two day event.

Plans will also be made for an Election Day Bean Supper Tuesday, Nov. 3.

Hostess for the meeting this Tuesday night will be Mrs. Virginia Bowersox.

The gymkhana is scheduled to get underway with the Grand Entry promptly set for 1:00 p. m. There will be 15 events, and the Dusty Booters decided to up the number of awards for each event from four ribbons to six ribbons. In addition, there will be a complete set of six ribbons given to the Juniors and another set of six ribbons for the Seniors in each event except the Sack Race and Musical Tires. The program also includes: Key Hole, Pole Bending, Western Pleasure, Flag Race, Cloverleaf and Pick-Up Race. The fifteenth event will be a horse race if darkness does not overtake the schedule. All riders under the age of 15 will be considered as "Juniors."

## Geneva Church Honors Laymen

By JoAnn Hays  
The Geneva Methodist Church will observe Laymen's Sunday. Walton M. Torres will deliver the message. He will be assisted in the service by Edward Yarborough, Jim Brown, and W. G. Kilbee.

Rev. W. E. Timms, pastor of the church, ill for several months, expects to attend. Sunday School is at 9:45 a. m. and morning worship at 11.

## Enters Seminary

Arthur J. DeYoung, son of Mr. and Mrs. A. DeYoung of Longwood, has entered Louisville Seminary to study for his bachelor of divinity degree. Earlier this year he received his B. A. degree from Presbyterian College at Clinton, S. C.

# Revival Begins Sunday At First Baptist

Revival services will be conducted nightly at 7:30 p. m. every day except Saturday from Sunday through Oct. 18 at the First Baptist Church of Sanford.

Rev. Fred B. Chance, pastor, will do the preaching and a talented husband and wife team, Al and Ivy Walsh, will have charge of the music.

Walsh will lead the singing, in which his musical ability and personality lend much to the spirit of the services. Mrs.

Walsh, a dramatic soprano, will serve as soloist, sing duets with her husband and serve as pianist in accompaniment to the congregational singing.

Both Mr. and Mrs. Walsh are natives of Canada, now naturalized American citizens, residing in the suburbs of Atlanta. They are members of the First Baptist Church, De-

catur, where they participate in its activities during the brief periods at home between appearances.

Since dedicating themselves to evangelistic work in 1953, they have sung at revivals in 17 states, and before the Southern Baptist Convention, on the Southern Baptist Pastor's Conference Program, at state conventions, and in evangelistic conferences.

Two long-play albums of their revival favorites have been received with widespread acceptance by appreciative audiences. Prior to devoting themselves to full-time Christian service they gained popularity as entertainers and concert artists on radio and in

personal appearances. They have worked together entertaining in veterans hospitals across the country. The public is cordially invited to attend all the services.

# Function Of A Newspaper

At a recent meeting of its directors, the California Newspaper Publishers Association claimed that determined campaigns are currently being waged—by both ultrarightists and far leftists—to coerce newspapers into falling in with their respective party lines.

Some of the intimidating methods the publishers have come up against, as reported in an article in Editor and Publisher magazine, include flooding the letters-to-the-editor department, boycotting or threatening to boycott advertisers, picketing, jamming classified advertising telephone lines, and midnight phone threats of bodily harm to newspaper personnel and their families.

These pressures, the publishers said, are being felt not only in California but all over the country.

All of this is a flattering tribute to the prestige and power of the press in America, but one which it could do without. There is proof enough of the importance of the press in the fact that it and religion are the only organized human endeavors singled out by the Constitution for specific protection.

The Constitution, however, protects only against governmental suppression of freedom of the press. It cannot prevent the destruction of a newspaper's integrity or economic health or the capture of its voice by a well-organized pressure group. Only the faithful support of a broad-based and moderate-minded readership can do that.

In recent years, unfortunately, there seems to have been a growing misunderstanding of the function of a community newspaper, especially during election campaigns, when emotions run high. Charges of newspaper bias against them by defeated candidates of both parties have contributed not a little to a mistrust and cynicism regarding the press on the part of the public.

First of all, a responsible newspaper brings its community the news

—as completely, as factually and as accurately as its facilities and employees' abilities permit. But a responsible newspaper also has an opinion—sometimes a courageous one—on the events that make up the news.

It takes an editorial standpoint, on a special page set aside for that purpose. It may also present a number of signed articles, possibly representing widely different shades of belief—even some opposed to the leanings of the newspaper ownership.

Editors today pride themselves on maintaining a wall of separation between fact and commentary.

Far too many readers, however, seem unaware of these two major functions of a newspaper. To them, an editorial or signed column is the same as a news story. If they disagree with the opinion expressed in the column, they may jump to the conclusion that the paper is biased and is deliberately distorting the "news."

Worse, they may be receptive to attempts by pressure groups to undermine a community's confidence in its newspaper or newspapers.

As one of the California publishers said, there is a difference between individual criticism of a newspaper and an organized attack on its life.

The first is always justified. It is nothing less than the exercise of free speech by a newspaper reader and is beneficial to both you, the reader, and we, your newspaper.

But the other is a danger not only to the existence of a particular newspaper but a basic pillar of American freedom.

## Dr. Crane's

# Worry Clinic

Roland is a victim of the "Ponce de Leon Complex."

At first glance it looks as if he is 100 per cent to blame but his stogy wife drove him into this sexual dilemma by her failure to wake up to the danger signs. So send for the sex booklet below and insure your marriage against divorce!

CASE T-495: Roland R., aged 45, is sexually scared.

"Dr. Crane," his grieving wife commented, "Roland has started chasing around with girls half his age."

"He seems to have a mania to date college coeds or even high school seniors."

"It is very humiliating to me and also to our two chil-

dren who are now in high school.

"What is wrong with Roland? Can he be losing his mind? For he is supposed to be a respectable business executive."

Ponce de Leon Complex. Roland is afflicted with the "Ponce de Leon Complex."

He is trying to push the calendar backward by 25 years.

Some men attempt this by using hair dye and even co-sets!

Others try to offset their gray hairs by fast driving on the automobile highways.

And one of the most common goals that drives such men as Roland into sexual affairs with women half their

age, is their secret panic about impotence.

Roland's wife admitted that their marriage had been platonic for 18 months.

Roland later confessed that he had been dreading the gradual lack of erotic excitement in their bedroom.

So he had tried to grow kittenish and get his wife to perk up in their love making. But she was like the usual stogy wife and said:

"Oh, Roland, act your age! Go to sleep!"

But Roland was in mankind's most dangerous state. He was "testing minded."

In short, he was testing his wife's ability to stimulate him.

Since she refused to cooperate in banishing his secret worry (for he was too humiliated to confess his dread), he then hit upon the next idea.

"Maybe Mother is too old and fat. If I were to make love to a sylph-like younger girl, maybe I'd react with my former ardor."

So he managed to wangle a date with a younger siren whose coquetry and perfume, slender figure and come-on laughter at his jokes thus made him feel young again.

"Dr. Crane," Roland conceded, "instead of feeling like a senile grandfather (as I feared I was fast becoming), I reacted as I did when I was still in college."

So Roland became interlarded with love—not with the young women he began dating.

His terrific dread of being a prematurely impotent old man had suddenly been demolished.

This case should be a warning to all you wives whose husbands have been growing even slightly platonic.

You may be glad, since you wives generally have little desire for such erotic indulgence.

But if you wish to prevent divorce and also protect your children from humiliation and a broken home, then you better snap to attention.

Send for the booklet "How To Prevent Platonic Marriage," enclosing a long stamped, return envelope, plus 20 cents.

It can checkmate the Ponce de Leon Complex! (Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

# Political Notebook

President Johnson and his political strategy board have some news for the Republican team of Harry Goldwater and William Miller that they may or may not choose to accept:

The President simply does not intend to be goaded into major error by their harsh, slashing attacks on either his foreign and domestic policies or his personal life—including his family finances.

Comments a high presidential assistant:

"These attacks are based on the notion the President is thin-skinned and thus, sooner or later, can be needled into responding in some way that will hurt him. It isn't going to happen."

This aide did not quite seem to be saying that the President is actually sensitive to criticism. His point is that Johnson is determined not to let anything shake him out of his established "above the battle" posture for the 1964 presidential campaign.

The White House view evidently is that Lyndon Johnson, or for that matter any presidential incumbent, benefits most from developing and maintaining a consistently affirmative position—"like an airplane wing's leading edge."

The President, privy to the highest governmental intelligence, able constantly to announce new programs, money grants, military advances, obviously can hold to the positive road more easily than can an opponent peering wistfully through the black iron fence around the White House.

Managed properly, this kind of tactic fits the old football notion that a "good offense is the best defense." Johnson is trying to play it this way.

On his five-state western swing—joined by this reporter—and his short shot to West Virginia, he never mentioned Goldwater or his charges. Yet he sought to reply to some of his complaints with offensive thrusts.

In West Virginia he discussed the state's enduring economic difficulties in a sympathetic manner clearly designed to serve at the same time as a slap at Goldwater for belittling the President's antipoverty program.

In California he announced defense breakthroughs without noting that Goldwater had said he had achieved none.

But says a Johnson strat-

egist who accompanied him westward, taking an essentially lofty course does not prevent him from getting in some lower-level jabs as "offshoots" of his affirmative utterances.

Talking cheerfully in Sacramento of the nation's economic abundance, the President slipping in this obvious thrust at some of Goldwater's right-wing backers:

"Our abundance will not produce arrogance. Success will not turn us into suspicion of one another. We will never trade the pursuit of happiness for the persecution of hate."

"If we have new prosperity in our pockets, we carry priceless values in our hearts."

In a similar verbal strike, he told Pacific Northwest businessmen concerned with power and resources development:

"Your work is a more powerful instrument of freedom than a thousand shouted threats and warnings."

If the president can go on with this business of main-thrust-plus side-pokes, Goldwater and Miller may find they have consumed precious campaigning time in blasting away at Johnson armor plate which will not even chip.

In the view of Johnson's strategists, the Republican challengers—in determining to assault the President heavily—may have made a grave miscalculation which may only make rockier their admittedly uphill fight for the White House.

This judgment tends to get reinforced from the testimony of potential 1964 voters in many areas and many social and economic categories. In interviews with newsmen and poll-takers across the country, they make it plain: The central issue in this campaign is not Lyndon Johnson, but Barry Goldwater and his mess-

aged Democrats. I wonder where all the good Americans have gone? They quote the authors of some smear books at facts. Have you ever tried to find out whether they are good Americans or Communists?

Read the records of the two men and compare them with out date and see which one looks good to you. The only thing Goldwater has said and not changed in the next day or two is that he wants to be president no matter how.

Anything that he can say or hint he will use to make suckers of the people to get there. He is too smart a man to believe half the things he is trying to make you good Americans believe.

Have you investigated the men he has in his organization as to what they are?

From maybe not a good, but a lifetime Democrat that votes for the best man and his record for the good old U.S.A.

## Letters

# To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 200 words will be given preference. Letters addressed to editors are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, Herald:

Read your article on police dogs being on the force and Chief Williams is to be complimented on this new addition to the Police Department.

We need this extra protection in our town as we are having too many break-ins and other troubles such as peeping Toms. I know as I have been one of the victims.

And I would like to mention the fact that dogs of this caliber are outstanding. Also the fact we here in Sanford are trying very hard to establish a Humane Society promptly to write this letter. After all, dogs are man's best friend.

R. T. Johnson, chairman  
Seminole Humane Society

Editor, Herald:

I know you were thrilled to get a personal note from interim President Johnson, however I think that if he gets to be president you will be more sorry than several busi-

ness men that just voted for Kennedy were. I could name a number of prominent men that saw... but too late. They, of course had not campaigned for, or endorsed him. Johnson has gone farther than Kennedy. Why will not people read up on the lives of candidates for high offices? If you have read of Johnson's political activities of the past, how could you endorse him? Then too, as chief of the armed forces, he is responsible for service men fighting and dying supposedly to clear the air over the world of communism, while tenderhearted Washington sells wheat to Communists that have shown a tenderheart toward us, so much so, that they promise to bury us!

Where is our better sense? Who was president while that deal was made? I had rather see a man like Goldwater in the saddle of state, for I'm sure he has America at heart. Voters, consider the future of your children and grandchildren. Don't sell your children's lives for a lot of empty promises of higher social security, Medicare etc.

One that believes in constitutional government, old fashioned as it is.

Rev. B. Wilmer Miller  
Osteen, Fla.

(We endorse President Johnson because we believe he already is a good President. We will be in the hands of a capable leader when he is re-elected.—Editor)

Horoscope Forecast

SAVANTH, OCT. 10, 1944. GENERAL FORECAST. This Saturday finds you able to get the good will of foreigners of importance who are willing to back you in any sort of projects you have that have been feasible more or less and which can greatly improve your lot in life. Don't neglect doggerel but get away from them quickly. ARIES (March 21 to April 19)—Steer clear of that busy co-worker who has a pack in the neck. Get out as fast as you can. You want to expand. This can be accomplished by being more broadminded, too. TAURUS (April 20 to May 20)—You want to have a good time but this is not the time if you are going to be contentious with others. Get duties out of the way quickly, efficiently. Dress nicely later and off to congenial pursuits. GEMINI (May 21 to June 21)—Forget about any creative or business affairs now and handle only pleasant personal matters. Relax completely. You have time to plan your activities for the future. CANCER (June 22 to July 22)—It is time to get into the work ahead of you instead of accepting hindrances. Take common sense. Personal problem. Postpone until later. Take care of health and diet. LEO (July 23 to August 23)—Having fun is fine, provided you first take care of your responsibilities. Be economical as possible. Start having a reserve that makes the future easier. VIRGO (August 24 to September 23)—While you wait assistance from him, you find that others are also equally helpful. You must strive to have more comfort in the future. Remember that faith can move mountains. LIBRA (September 24 to October 23)—Nothing could be worse than sitting at home and worrying, so make what your problems may be. If nothing else, do a favor for another. This all means a lot for you. SCORPIO (October 24 to November 23)—A determined endeavor to succeed can be expected to you. Be on the alert to accept opportunity. SAGITTARIUS (November 24 to December 23)—Any chance you take at this time to hurt your present position with those who count today. Concentrate upon improving your health. Stick to whatever is worthwhile. CAPRICORN (December 24 to January 23)—Stop worrying about anything that is beyond your control and get a new viewpoint. A whole new avenue of success can be opened to you. Be on the alert to accept opportunity. AQUARIUS (January 24 to February 23)—Financial affairs aren't half so important as the welfare of friends now. That's the way to succeed. This in turn also works to your benefit in the long run as well. PISCES (February 24 to March 23)—If you are gnawing at you persistently today, but you must take care not to make or act too impudently. This could cause accidents. Busy yourself with some pet project. IF YOUR CHILD BE BORN TODAY, he or she will be one of those very energetic persons who seem unable to rest and will always want to do more than it is humanly possible for one individual in the course of a day. Be that an energetic, channeled wisely and they you have a cracker-jack super-achiever. Politicians and bankers can be proud of in the family. "The time has come when you must make up your mind to do it." SUNDAY, OCTOBER 11, 1944. GENERAL FORECAST. A beautiful day and evening to adopt the philosophy of life and realize your own nature and character. You can find all sorts of opportunities to be more articulate and show others the long-range desires that are yours. ARIES (March 21 to April 19)—If you are affectionate toward kin and evening, life becomes more pleasant and satisfying. You have fine talents that should be put into operation now. Have a favorite hobby that will last. TAURUS (April 20 to May 20)—If you are more conscientious, you can come to fine understanding with individuals who are interested in your life. Be truly devoted to loved ones, associate. Advancement comes upon you wisely. GEMINI (May 21 to June 21)—Having aims, ideas, can be done best by not going into detail or using long words. Give others a chance to express views. Then true advice is reached with right persons. CANCER (June 22 to July 22)—If you are of an artistic nature in the right direction and much is accomplished. Be intelligent and you live more fruitfully. LEO (July 23 to August 23)—If you are affectionate toward kin and evening, life becomes more pleasant and satisfying. You have fine talents that should be put into operation now. Have a favorite hobby that will last. VIRGO (August 24 to September 23)—You know what will bring more harmony at home and should quickly do the things that are right in that direction. Get into recreation that you like. Please otherwise wisely. LIBRA (September 24 to October 23)—After church is a fine time to visit with friends, relations, business associates and reach more harmonious relations. Show you are affectionate. Plan to do a job during coming week. SCORPIO (October 24 to November 23)—Get your life organized better along the lines that you truly believe in. You have fine intuitive hunches. Use them to help you in dealing with all others. SAGITTARIUS (November 24 to December 23)—By showing some outside contact that you value his, or her ability, you reach a fine understanding. Impress your attributes charmingly dressed at all times. CAPRICORN (December 24 to January 23)—Think along lines of expansion on this free day, but do not outside in a (Continued on Page 2-A)

# Horoscope Forecast

(Continued From Page 2-A)

**AQUARIUS** (January 21 to February 18)—Don't just mope around the house—there are many good friends who would like to have your company today. Support them in their ideas. Then you deepen friendship.

**PISCES** (February 19 to March 20)—By cooperating with higher-ups in their own way you automatically make life more affluent for yourself. One in particular turns favors your way. Be charming.

**ARIES** (March 21 to April 19)—Keeping busy engaged in civic or other public duties is the best way to spend this day. Take pride in your American heritage. Show others that you are a model citizen.

**Taurus** (April 20 to May 20)—Those who are of a different cultural background than yours can be of practical assistance to you today. Those out-of-town give fine ideas. Contact them and make them profitable.

**GEMINI** (May 21 to June 21)—Begin week properly by getting all of your bills paid. Keeping promises made to others. Not on the good side of situations. Finish up at 5 p.m. is also very important. Do this.

**MOON CHILDREN** (June 22 to July 23)—Fine day to find out what your true position is with parents as well as opponents. Cooperate with all. Then your benefits will increase.

**LEO** (July 24 to August 23)—The date ahead of you are each an excellent opportunity for you to advance quickly. Look at them in such a light instead of feeling morose. You can be important—It's up to you.

**VIRGO** (August 24 to September 23)—Get projects in mind operating and don't be content about showing special capabilities. The desire to be alone has already cost you many. Seize opportunities before you.

**LIBRA** (September 24 to October 23)—You sleep and are so much, you find the kid will be more affectionate, expansive. Give them a chance to do favors now. You have been far too self-sacrificing.

**SCORPIO** (October 24 to November 23)—By assisting alone in the getting correspondence attended, being on time for appointments, you make this a profitable day. Make out reports. You have neglected such lately.

**SAGITTARIUS** (November 24 to December 23)—You must use initiative now to get assets increased if you are to be content about showing special for. Stake surroundings more charming. Let Lady Luck in.

**CAPRICORN** (December 24 to January 23)—Take the time to get a more modern wardrobe and you will see that greater happiness and success can come your way. Gad about where persons are essential. Be charming.

**AQUARIUS** (January 24 to February 23)—Getting right answers to puzzling questions means being some research and not being so adamant. Be of assistance to others. Follow your natural inclination.

**PISCES** (February 24 to March 23)—You have only to resist good friends to get them to cooperate with you in gaining your most cherished desires. Be clear in your mind. Give a fine culture at amusement in p.m.

**UP YOUR CHILDS IN BORN TODAY**, he or she will be a charming composite of a good-looking individual plus have the ability to be practical and able to live for himself or herself. Early point out that first comes the idea and then practical work. Give a positive fashion. Thinking is what makes the man or woman and you, as parent, should be the example. Give a college education.

**THE SIGN**, they do not seem. What you make of your life is largely up to YOU! Carroll Righters Individual Forecast for your sign for November is now ready. For your copy send your birthdate and \$1.00 to Carroll Righters, Box 1121, Hollywood 28, California.

## WATCH FOR THE SIGNS

Mike was lucky! He lost his way completely along the thickly-wooded roads during his vacation last summer until suddenly he came upon a small service station. The friendly attendant told him he was only a short distance from the lake. "Just watch for the signs," the man said.

It's easy to get lost... it could happen to anyone. At times, our lives get so confused that we don't know which way to turn, and we feel that nobody cares. When that happens, just watch for the signs.

What signs? Well, there's the fragrant beauty of a rose, the laugh of a child, the glory of sunrise, the sound of great music... signs all around that point to the constant presence of God who loves us.

The Christian Church is the most important of all... created solely to reveal a new and meaningful way of life to all who seek it.

**THE CHURCH FOR ALL - ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character - a good citizenship. It is a source of spiritual values. Without a church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible!

# Russia Orbits 3 Men In Space Ship

## Craft Is Reported Running Smoothly

MOSCOW (UPI) — Russia today launched the first passenger-carrying space ship. A pilot and two passengers—a scientist and a doctor—were aboard the craft launched at 3:30 a. m. (EDT). Moscow television said the space ship "Vostok" (sunrise) had gone into orbit and was operating smoothly.

The launching of the first space craft to carry more than one person came 3½ years after the Russians sent up Yuri Gagarin as the first man in space. The American two-man "Gemini" space shot is not expected until February at the earliest. The first three-man U. S. spaceship probably will not be launched for at least two years.

Soon after the start of Vos-

khod's flight, which was expected to last at least 24 hours, the Soviets hinted at an even more spectacular space feat. The official Soviet News Agency Tass quoted a visiting French space scientist as saying that one or two of the three Russians now in orbit may venture outside the space craft during the flight.

Tass said it had interviewed Jean Coulobme, chairman of France's National Center for Space Research, in Leningrad and quoted him as saying: "The fact that there are three spacemen in one ship will enable one or two of them to venture outside the ship."

Vostok was orbiting the earth every 90.1 minutes on a path taking it as far as 235.6 miles from the earth and as near as 112.5 miles.

The pilot and flight commander is Col. Vladimir M. Komarov, 37, whose hobby is strumming the guitar and playing folk music.

The engineering scientist is Konstantin Feoktistov, 38, who according to Tass, is not a Communist.

The doctor is Boris Yegorov, 27, who became a physician only three years ago.

Premier Nikita S. Khrushchev talked to the space ship by radio and promised the men an overwhelming welcome when they return to earth. The Soviet television carried the first transmission from aboard Vostok.

The flight was man's 12th journey into space.

How much will it cost this year to operate Seminole County's fleet of school buses? At least \$125,000. Of this amount, \$90,000 is provided by the state and \$35,000 by the county's tax payers. Of course, the \$90,000 comes from the taxpayers, too. The Board is spending \$45,000 more this year for new buses.

Lady at a school board meeting: "We've never had so many dissatisfied people." Reply from Dr. A. W. Epps, Jr., a board member: "We've never had so many people!"

The School Board has agreed to permit schools in the county to close one hour earlier than usual on Dec. 2, so that pupils can attend the Christmas Parade in Sanford.

Remember the three days the county's school children lost during Hurricane Dora? The School Board has decided to eliminate three scheduled conference days in order that the missed days can be made up and the term's closing date, June 4th, will remain the same.

By the way, we all know that the Naval Air Station has the largest monthly payroll in the county. Which has the second largest? Best we can figure is the Seminole County Board of Public Instruction. We understand the Navy's payroll runs about \$1 million a month. The school board's payroll hits \$300,000 a month.

Remember Thursday, October 15? This is the day the NAS Officers Wives are staging their gigantic Treasure Hunt, which will be held at the corner of Hiawatha and Highway 17-92 from 10 a. m. to 8 p. m. There will be bargains galore, and the profits will benefit the community through a charitable donation.

Today, Oct. 12, is Columbus Day. And, strange as it may seem, we recall that last week the United States government officially recognized Lief Eriksson as the discoverer of America.

Well, Christopher did pretty well. He held the honor from 1492 until 1954.

And, speaking of dates, our almanac tells us that the cornerstone for the White House was laid 172 years ago tomorrow. No wonder HST moved out during his administration so the structure could be rebuilt.

Many Sanford and Seminole County officials will be on hand Thursday when Florida's newest golf course will be dedicated in Deltona.

Among those from Sanford expected to "tee off" the new layout will be Mayor A. L. Wilson, County Chamber Manager John Krider and State Sen. Mack Cleveland.

**Program Tonight**  
Sanford's Starlight Promenaders square dance club and the city recreation department will be host to a Columbus Day Dance at 8 p. m. at the Civic Center tonight. All square dancers are invited. Caller for the occasion will be well-known New Orleans caller, Johnny Crael.

## UF Drive Off To Fast Start

"THE KICKOFF" of the 1964 United Fund Drive is symbolized by this football held by the campaign leaders who posed before a model of a football field at the Florida State Bank lounge today. In the center is President Paul Lewis, flanked at left and right by Campaign Co-Chairmen E. D. Kirchhoff and Troy Ray. Goal of the campaign is \$40,000. Advance pledges for \$3,524 were announced today. (Herald Photo)

Seminole County's 1964 United Fund drive got off to a fast start today with the announcement that \$3,524 in advance gifts had already been received.

The announcement was made by Chairman Troy Ray at a kick-off breakfast held at the Florida State Bank early today.

More than 60 division chairmen and captains gathered for the beginning of the drive were told by Ray:

"We have the people, we have the 'know how' and the material. All that remains is for each person to give that little 'extra something' that will make this drive a success and bring us to the goal-line for a touchdown."

Last year's president Loring Burgess and chairman Paul Lewis were presented with United Fund engraved plaques for their previous service.

President Lewis praised the work of Mrs. Margaret Ganas, secretary of the organization and said that without her the drive could not have been successful.

Ray introduced publicly chairman, Stafford Derby, who said that he was privileged to work with the leaders of the community who take part in the United Fund drive.

This year's campaign will cover all the communities in the county which have been individually organized with their own chairmen, captains and workers.

Also introduced at the breakfast was campaign co-chairman E. D. Kirchhoff. Other officers of the organization who greeted division workers were Mrs. Walter Glew and Bert Hollingsworth.

## Mrs. Reynolds Named By Democratic Club

Mrs. Kathleen Reynolds of Sanford was elected vice president of the Fifth Congressional District of Florida for the Democratic Women's Club at the state convention held in Miami last weekend.

Mrs. Reynolds, who is past president of the local Democratic Women's organization, is also state committeewoman and local precinct committeewoman.

Central Florida Democratic women swept the elections with Mrs. Ella DeBerard of DeLand being named president, Mrs. Eva Palm of New Smyrna, second vice president and Mrs. Fae Owles of Winter Park, secretary.

MRS. REYNOLDS

## City Hearing To Rezone Area On Agenda Tonight

Tonight's meeting of the Sanford City Commission will include a public hearing for consideration of proposed rezoning of an area north of East 24th St. which has been under discussion for several months.

Also slated for action is the recognition of John Abraham who recently retired after 40 years service with the city.

Commissioners will take under consideration requests for use of the municipal stadium for spring training by the Mets and that state laws be enforced requiring architect on all public or commercial buildings and on residences in excess of \$10,000 construction cost.

A discussion of the possibility of a bus operation in the city is slated, along with first and second reading of ordinances, authorization of bids for equipment and materials; consideration of the architects contract for proposed additional city recreational facilities and plans for the protection of the city's recently acquired police dogs.

Sanford City Commission will include a public hearing for consideration of proposed rezoning of an area north of East 24th St. which has been under discussion for several months.

## Education Plea

SAN ANTONIO, Tex. (UPI) — Virginia Gov. Elbert S. Harrison Jr. said today Southern states must continue increasing funds for higher education "if we are to gain the ground we lost so steadily for so long."

## 2 Boys Arrested In LBJ Threat

DENVER (UPI) — The Secret Service said today that two Wyoming teen-agers were arrested Sunday night for allegedly threatening to kill President Johnson, who is scheduled to campaign in Casper, Wyo., this afternoon.

Roland Osborne, special agent in charge of the Secret Service in Wyoming and Colorado and based in Denver, said that the boys, 16 and 17, as yet unnamed, were arrested in Casper. He said bond of \$25,000 each was set at a preliminary hearing.

## Sun Oil Bringing In Another Rig

FORT MYERS — Sun Oil Company Friday announced apparently successful completion of its Red Cattle No. 2 well at Felida, 25 miles east of here, which it hopes is the discovery well for the state's second oil field.

Testing will continue, but at 1 a. m. today the well was flowing at a rate of 111 barrels per day of 24.5 gravity crude oil on a 20/64th inch choke. Tubing pressure was 30 pounds and casing pressure 310 pounds. Production is from 11,472 feet to 11,485 feet.

Tom F. Hill of Dallas, Texas, manager of Sun's Southwest Production Division, announced that Sun plans to go ahead immediately with a drilling program to develop the new field, which the company will name the Sunoco Field. It expects to have at least one rig in the area for further drilling by Oct. 15.

The Sun discovery is in Hendry County, and is only about 20 miles north of Florida's only producing field, the Sunland, in Collier County. An earlier test, the Red Cattle No. 1, was drilled a mile and a quarter to the northwest of the No. 2. It encountered about 1,000 feet of oil but also about 8,400 feet of salt water on a drillstem test, which did not indicate a commercial well at that time.

Sun is a veteran in the hunt for oil in Florida. It has been active since the mid-30's and has been drilling since the mid-40's. Sun itself has drilled 34 wells and supported 38 more during the years. As a result of recent efforts, it now has a total of 108,516 acres under lease in the area around Felida, and a total of 115,162 acres in the state.

## Apportion Rehearing Rejected

WASHINGTON (UPI) — The U. S. Supreme Court refused today to reconsider its landmark decision of June 15 that both Houses of a state legislature must be based as nearly as possible on population.

A petition for reconsideration was filed by two participants from Alabama, one of six states involved in the ruling.

Re-hearing petitions were also filed by officials of Florida and Illinois, whose cases were handled briefly on June 22 on the strength of the decision.

Earlier controlling decision. These petitioners said their problems should have been considered separately.

In Florida a three-judge federal panel in Miami had approved apportionment revisions by an extraordinary session of the Legislature in 1962. The Supreme Court reversed this decision and returned the case there for further action.

A like disposition was made of the Illinois case, in which eight voters lost in lower court on a complaint that "downstate" areas got perpetual control of the state senate.

## Two SNAS Men Die In Crash

Two Sanford Naval Air Station men were killed Saturday night when the car which they were riding crashed into a tree on Route 427 near Elder Springs.

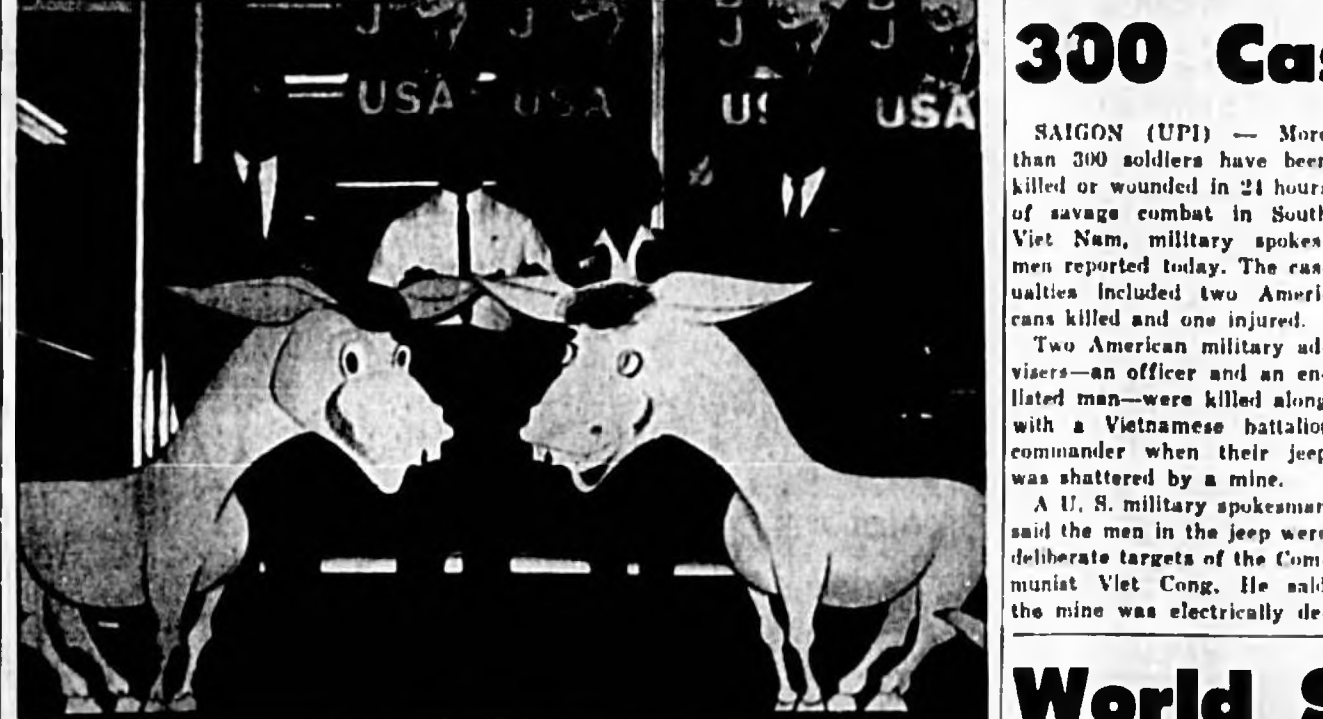

Dead on arrival at Seminole Memorial Hospital were men identified as ATN2 Jimmie Dean Pugh, 21, of Coffeeville, Kan., and AN Duane M. Duvall, 17, of Hammond, Ind.

Florida Highway Patrol Cpl. Bill Stringfield said the car was being driven at a high rate of speed when it went out of control and rammed the tree.

## Officer Tows In Disabled Boat

Police Lt. Ben Butler used the city rescue boat Sunday afternoon to pull a man and his boat to safety after the latter's boat motor conked out in the middle of Lake Monroe.

Saved was R. D. Connors of Orlando, Lt. Butler said.

FAMOUS DEMO DONKEYS seem to be enthusiastic about the opening of the local Lyndon B. Johnson-For-President headquarters office at the corner of Magnolia Ave. and First St. Friday. Posing with the national symbols are Campaign Chairman Dr. Vincent Roberts; Co-ordinator Bill Tanner; Mrs. Swofford and County Commission Candidate Lawrence Swofford of Altamonte Springs. ## 3 GIs Among 300 Casualties

SAIGON (UPI) — More than 300 soldiers have been killed or wounded in 24 hours of savage combat in South Viet Nam, military spokesmen reported today. The casualties included two Americans killed and one injured.

Two American military advisers—an officer and an enlisted man—were killed along with a Vietnamese battalion commander when their jeep was shattered by a mine.

A U. S. military spokesman said the men in the jeep were deliberate targets of the Communist Viet Cong. He said the mine was electrically detonated by a terrorist hiding by the road.

As the peak battle period closed early today, a U. S. Marine Corps officer was slightly injured in a helicopter crash 330 miles northeast of Saigon. The crash was blamed on mechanical failure.

The mine blast occurred on the fringes of a battle that turned out to be one of the biggest and bloodiest ever fought in the Saigon area. Government casualties in the battle were listed at 98 and the Vietnamese Defense Ministry said 150 Communists were killed.

## Meredith Unhappy

LAGOS, Nigeria (UPI) — James H. Meredith, the man who broke the color bar at the University of Mississippi, says he has been ignored since he arrived in Nigeria two months ago to accept a postgraduate fellowship.

## Court Says No

WASHINGTON (UPI) — The U. S. Supreme Court today refused to hear a complaint by Pennsylvania Supreme Court Justice Michael A. Musmanno that alleged errors in counting votes cost him the Democratic nomination for the U. S. Senate.

## Two Injured In 431 Accident

Two persons were injured, one seriously, Sunday afternoon at 4:30 when the car in which they were riding rammed a utility pole off State Road 431, south of Forest City.

Being treated at Florida Sanitarium and Hospital for a compound leg fracture and severe head cuts is Everett R. Rogers, 30, of Orlo Vista. He was a passenger in a car operated north on SR 431 by Kenneth Henderson of Orlando.

The car failed to negotiate a sharp turn, according to Florida Highway Patrol Cpl. Bill Stringfield, and hit the pole. The pole was cut in two by the impact, the corporal said. Henderson was not seriously hurt.

## Russian Lead 2 To 6 Years?

HOUSTON (UPI) — The Soviet Union now leads the United States by anywhere from two to six years in the manned conquest of space.

And from the American point of view, it could — and probably will — get worse before it gets better.

For all its billions of dollars, the U. S. space program can count precious few victories where manned flight is concerned. It started three years ago, when cosmonaut Yuri Gagarin beat astronaut Alan Shepard into space by 23 days.

It continued today when the Russians orbited the world's first multi-manned space ship four months ahead of America's plans to do the same thing.

The next U. S. representatives in space will be astronauts Virgil I. (Gus) Grissom and John Young, who will pilot a two-seater Gemini capsule three times around the earth after a blastoff from Cape Kennedy.

Grissom and Young, however, are grounded at least until next February. Their space transportation, originally scheduled for completion a year ago, is still in the assembly stage.

## Theft Probed

Theft of \$61 from the Carlton Grocery Store, 1303 S. Sanford Ave., is being investigated by city police. The thief tried a door open and took the money from a cash register, police said.
