Attorney Protests Teacher Removal

Edwin Williams, Seminole High School teacher ordered suspended by the School Board Friday pending a Dec. 18 hearing, replied to the board's action through his attorney, Kenneth M. Leffler.

A statement released by Leffler said: "Mr. Williams and I regret very much the attitude taken by the School Board in presenting their case against Mr. Williams in the newspapers, and the effort to hide the real issues involved by resort to religious and patriotic emotionalism."

"Since his removal as physics teacher on Oct. 30, 1959, Mr. Williams continued to teach four classes in Freshman general science at Seminole High School un-

til his suspension today. On Dec. 2, 1959, in a letter to Mr. R. T. Milwee, (county school superintendent) Mr. Williams requested a public hearing on why he was removed as physics teacher. We had hoped that at the proposed hearing we would be able to get at the real reasons for Mr. Williams' removal as physics teacher and why, if the charges placed against him by Mr. Bracken (Seminole High principal) were as serious as alleged, Mr. Williams was not removed from teaching all of his classes.

"It is our opinion that the reasons for Mr. Williams' removal are deeper rooted than the public might be led to believe, and we still hope that he will be given a

fair opportunity to show what these reasons are at the public hearing on Dec. 18, 1959."

Leffler's Dec. 8 letter to Milwee said that Leffler understood through talking with school board attorney Douglas Stenstrom that the county school trustees had decided not to recommend Williams suspension, "and took no action to reinstate him as physics teacher."

The trustees advise county school officials and recommend employment or dismissal of school instructional staff. They are a different group than the five-man school board.

Leffler asked that Williams be given an opportunity to reply to "13 separate charges of misconduct" made against the teacher by Bracken.

Navy Man Robbed By 2 Hitchhikers

Two hitchhikers robbed Lcdr. Edmund Sheppard of more than \$200 near Sunland Estates at 8:50 a. m. today, and then fled in their own car.

Sheppard picked up the two men on route 17-92, the Sheriff's office reported. After one got in the back seat the man in the front threatened the Navy officer with a black-

jack, ordering Sheppard to turn over his wallet. Removing the cash, the robber threw the wallet back in the car. Both men then got into a 1954 or 1957 black Buick sedan driven by a woman and drove north on 17-92.

Both robbers were about 30-35 years old and wore hats, Sheppard said. One wore a dark coat and carried a brief case; the other wore a light coat, Sheppard said. Both were well dressed.

The Sheriff's office has put out an all station call for the car to Central Florida law enforcement agencies. The only letters Sheppard remembered from the Florida license plate were the beginning "1Q".

Tax Board Set To Meet Again

The Board of Equalization will reconvene again tomorrow afternoon to consider the 150 complaints they received at testimony hearings last week.

Chairman John Krider said today the board may reach a decision on all the complaints by tomorrow afternoon.

The board of equalization met for two and a half days last week to hear complaints from property owners.

The board will meet for the regular county commission meeting tomorrow morning until noon.

Oviedo Election Slated Tomorrow

Some 300 eligible voters are expected to turn out to vote in Oviedo's mayoral election tomorrow.

Opponents in the mayor's election are incumbent M. L. Gary and Doner D. Daniel.

The polls will open at 8 a. m. and close at 7 p. m.

Two new councilmen are running unopposed in the election. They are Ben Jones and Ron Ward Jr.

The Sanford Herald

WEATHER: Fair and cold today and tonight. High today, 54-60. Low tonight, 32-42.

VOL. XLIX United Press Leased Wire Established 1908 MONDAY, DECEMBER 7, 1959 SANFORD, FLORIDA NO. 579

A DIRECT HIT on a western target in the all-Navy weapons competition at Yuma, Ariz., is celebrated by Keith "Eagle Eye" Tourney, right, bombardier, and the pilot, Lcdr. Henry Dement, of VAH-11. This crew also will compete in the Bombing Derby this week at Sanford Naval Air Station. (Navy Photo)

Five Navy Squadrons Open Derby Competition

Heavy Attack Wing One started its Bombing Derby at the Sanford Naval Air Station today with bombing competition between five squadrons.

The 20-man crews are trying to see who can do the best job of leading simulated atomic weapons into A3D Skywarrior jet bombers.

Attempts are being made to get VAH-11 into the loading competition, public information officer Jack Langford said. The "check-estate" are still returning from recent Yuma, Ariz., competition.

Two jet bombers from each NAN squadron will join in left bombing over Lake George starting at 4 a. m. tomorrow. Approaching the target at a low level, each plane will release its bomb, then turn over and fly away in the same direction from which it came.

Simulated bombing missions Wednesday, and a left bombing contest between a fighter and a bomber Thursday, will precede the public air show scheduled for Saturday.

News Briefs

Heavy Traffic Toll — At least eight persons lost their lives in traffic accidents on Florida roads and highways during the weekend, the State Patrol reported today.

Settlement Pressure — WASHINGTON (UPI) — New pressure for an early settlement of the steel strike was exerted on union and management negotiators today by federal mediators and members of Congress.

Refugees Kidnaped — MEXICO CITY (UPI) — At least two and perhaps as many as 14 Venezuelan refugees were kidnaped from their homes here last week by unidentified gunmen, it was reported today. The wives of ex-Cole. Jose Pacheco Gutierrez and Edgar Trujillo Recheverria told police their husbands were seized Wednesday night and have not been heard from since.

Learning Lesson — PEARL HARBOR (UPI) — U. S. Pacific Commander Adm. Harry D. Felt said today on the 10th anniversary of the Japanese bombing of Pearl Harbor that he hoped the attack taught the American people "never again to allow weakness to invite disaster." Adm. Herbert C. Hopwood, Pacific Fleet commander in chief, said no enemy ever again would take the fleet by such a fatal surprise.

Get Tough Campaign — WASHINGTON (UPI) — FBI Director J. Edgar Hoover today urged local law officers to launch a "tough, unapologetic campaign" against careless drivers during Christmas season. Hoover said in the FBI law enforcement bulletin that policemen and the courts normally are expected to have "good will toward all men." But, he said, "this Christmas time spirit must not extend to our potential highway killers."

Enterprise Drive Collects \$45

The first muscular dystrophy drive ever held in Enterprise was completed last week with approximately \$45 collected.

Collectors were Mrs. Marian Braddock, Mrs. Ecow Snodgrass, Mrs. Lois Barker, Mrs. Catherine Sellers, Mrs. Mary Welch, Mrs. Marie Ray, Mrs. Ruby Roddenberry, Mrs. Ruth Oglesby, Rev. Bill Swygert, Mrs. Annie Lee Cain, Mrs. Pauline Polen and Robert Poole, with Miss Helen Snodgrass as chairman.

Oviedo Gets Frost; Snow Covers Dixie

Frost was reported in the Oviedo area and temperatures fell to the 30s early as the first real cold of the season arrived early this morning.

First reports showed little damage to vegetable or citrus crops, County Agent Cecil Tucker said.

Cold weather is forecast again tonight with temperatures as low as 32-42 around the county.

United Press International re-

ported snow throughout most of Dixie today. The covering ranged from 10 inches in the Great Smoky Mountain regions of East Tennessee to a few flurries in Alabama.

A heavy snowfall also blanketed the western section of North Carolina, and southwest Virginia reported up to two inches. Georgia recorded a light fall into its central section.

Roads in many portions of Vir-

ginia, North Carolina and Tennessee were covered with ice, and police warned motorists to drive with caution, particularly in the mountain areas.

Florida experienced frost and freezing temperatures in its north portion early this morning and the weatherman predicted the new cold wave would stab further south into the state.

In most other sections of the South, a warming trend is expected. The Weather Bureau said warmer weather is beginning to move out of the Texas region and likely would reach the Gulf states by Tuesday.

The Great Lakes and Pennsylvania looked for snow today with parts of the Keystone State told to expect accumulations of six inches. Heavy snow was reported today near South Bend, Ind., where truckers said visibility was zero. Cooler weather was forecast in the Northeast and in scattered areas of the mid-Atlantic states. A warming trend was expected in the central portion of the country from border to border.

Ike Gets Giant Pakistan Welcome

KARACHI, Pakistan (UPI) — President Eisenhower carried his peace campaign into Asia today and received such a tumultuous welcome from one million Pakistanis that mounted police had to charge the crowds to keep them from engulfing the presidential procession.

Eisenhower, on the first trip by an American president to Communist-threatened Asia, pledged that the United States and Pakistan would work for a just peace for all mankind. A flight of U. S. donated Sabrejet fighters flew overhead as he spoke.

After the brief airport ceremonies the presidential motorcade headed in Karachi along 14 miles of roads jammed with Pakistanis who shouted "Welcome Ike" and "good morning."

Once in Karachi the crowds became so thick that progress became almost impossible. The president had changed from a convertible to a Victorian state carriage drawn by six horses when the crowds became unmanageable.

The mounted police did their work and the open carriage driven by a scarlet-clad coachman moved safely through the crowd and reached the house of Pakistani President Mohammed Ayub Khan through the flag-waving, cheering welcome.

Eisenhower was deeply moved by the welcome, the greatest by far ever given a visitor to Pakistan. Many of the shouts were in Arabic but through the tumult there came the "Ike, Ike, Ike" he has heard in every country — this time pronounced as in America.

In Turkey, where Eisenhower gave President Celal Bayar guarantees the West will not go soft in its eagerness to relax the cold war, crowds of 500,000 cheered Ike in Rome, where he reached a new Italy-American accord and was received Sunday by Pope John XXIII, rain held the crowds to a few thousands.

Eisenhower emphasized the peaceful nature of his mission but he was expected while here to renew pledges of U. S. support against Chinese Communist threats. He also was expected to use his good offices to improve relations between Pakistan and India.

'M' Night Service To Be At DeLand

The Training Union Department of the Seminole Baptist Association will hold "M" Night services at the First Baptist Church of DeLand at 8 p. m. today.

The speaker will be Dr. H. Allen West of Nashville, Tenn. There will be special music, highlights of 1959 and spotlights of 1960. The public is invited to attend.

All Stars

Six Seminole High School grid stars were named to the 1959 Orange Bowl Conference football team. The six are Ray Landquist, John Lavelle, Terry Christensen, Jimmy Gracey, Charles Bogan and Neely Ross. For the complete story of the OBC selections see Jerry Covington's column on the sports page.

Atlantic Gale Batters Ship

LONDON (UPI) — A piercing Atlantic gale shrieked in off the ocean today and wadded the European coast with waves up to 80 feet high.

Large and small craft were battered by icy winds and mountainous waves. The liner Queen Elizabeth, en route from New York was several hours late at Southampton and officials said it would be a day late arriving at Cherbourg, France.

The liner was due to leave for New York Thursday, but it was likely the would be at least 24 hours late.

STAR OF THE CHRISTMAS PARADE was Santa Claus, shown greeting his 25,000 admirers who turned out to see him in the Jaycee "Christmas Dreams" parade. The Herald tomorrow will have pictures of all the prize winning floats on a special page.

THAT UNCERTAIN FEELING comes to Sherri Sires as she waits to get her polio shot from registered nurse Grace Fisher. Susan Henton could afford that confident smile at the Jaycee's polio inoculations Saturday. She was just along for the ride. In this second Jaycee inoculation session 594 persons received shots. (Staff Photo)

Study Indicates Waste Declining In Lake Monroe

Lake Monroe's chlorides, an indication of industrial waste, have dropped to half the number present in 1951, pollution chemist Jim North said today.

Lake Monroe's alkalinity is also less than in 1951, but a two foot rise in the lake over the past eight years could account for both these changes, Smith said. The Thornton Laboratories chemists, Smith and George Schubert have made 60 of the 104 tests to be made on lake water samples.

They are now finding the dissolved oxygen content of the water to compare this with later findings on how much oxygen lake bacteria use. The chemists lake about 10 samples per day, Smith said.

The technicians take some samples to Tampa every day to test them. Smith said he expects to gather the last samples Dec. 21 and submit a final report to the city about Jan. 1. Sanford's city commissioners ordered the lake tests to see how much the pollution has changed since the 1951 findings.

Chamber Warns Beware Of Photo Registry Scheme

The Chamber of Commerce today warned all residents to beware of a "photo registry scheme."

Chamber manager John Krider said that photo registry or "mug book" promoters are fishing thousands of dollars from "gullible" parents who are led to believe that a photo or snapshot of their child may earn \$500 or more for use in advertising.

These "phony" companies solicit the submission of photos for approval, and then congratulate the parents on the photogenic quality of their children, Krider said. The National Better Business Bureau, according to Krider, has issued a report that national advertisers do not use these services.

Lake Mary Fire Group To Meet

A special meeting of the Lake Mary Volunteer Fire Department will be held at the fire house Tuesday at 8 p. m.

Officers will be elected for the coming year. A very active year is anticipated and all members are urged to attend and vote in the election.

GI School Bill Certificates Due

Florida veterans in school under the G. I. bill should have their November certifications of training in the St. Petersburg VA regional office today to get their December VA money before Christmas vacation.

New FSU Coach

TALLAHASSEE (UPI) — Bill Peterson, assistant coach at Louisiana State University, today was named head football coach at Florida State University. Peterson, 30, accepted a four-year contract at a salary of \$14,000 a year.

Drug Men Warned Of High Prices

WASHINGTON (UPI) — Sen. Estes Kefauver (D-Tenn.) served notice on drug manufacturers today that he would prescribe a new legislative remedy if he found they were setting prices too high.

He issued the warning in a statement prepared for the opening of an extensive investigation by his Senate antitrust subcommittee into the drug industry's pricing policies.

"While this country has the best drugs in the world," Kefauver said, "it would appear from the great number of letters which the subcommittee has received that many of our citizens are experiencing difficulty in being able to purchase them."

"It is our purpose to inquire into the question of whether the drug manufacturers are setting their prices at an excessive level as the writers of the letters contend."

Kefauver said "I am appalled if precious drugs are not obtainable by citizens who need them to sustain their very lives." He said the subcommittee intends "to determine whether the antitrust laws as applied to this industry are ade-

quate, and, if not, to devise specific remedial legislation."

The first phase of the inquiry, scheduled to run for a week, will involve the so-called steroid hormones — cortisone and its derivatives — widely used in the treatment of rheumatic diseases.

Kefauver said the sales of these drugs this year are estimated at 120 million dollars at the manufacturers' level. Representatives of the three largest manufacturers — Merck, Schering and Upjohn — will be among the first witnesses.

Policeman Critical After Gun Battle

MOUNT DORA (UPI) — A 61-year-old police officer remained in critical condition today after a gun battle Saturday in which another officer and a Negro man were killed.

Hospital authorities in Orlando said George Hall, 61, was in a recovery room Sunday night, but his condition was unchanged.

The shooting began when a Negro landlady tried to evict John Henderson, 70, from his rented room and he threatened to kill her. The woman, Mamie Lee Floyd, called police.

Officer Clinton Jack Hyde, 37, who answered the call, was killed by a double-barreled shotgun blast when he stepped from his car.

Minutes later Police Chief James C. Orr and Hall arrived at the scene and Hall was wounded. Another policeman, T. L. Ledford, who drove up and joined the battle, was shot and killed Henderson.

Authorities said the Negro man had been arrested several times on drunk charges, but it was not known if he had been drinking before the shooting.

Union To Vote On Pulp Strike

PALATKA (UPI) — Members of seven striking union locals were expected to vote today and Tuesday on whether to end a month-long walkout at the huge Hudson Pulp and Paper Mill Corp. plant here.

Management made a new wage offer Saturday after negotiation sessions with a federal mediator. The offer must be voted on individually by each of the seven locals.

The balloting was expected to be complete by Tuesday night.

Some 1,900 pulp and papermill workers have been on strike at the \$5 million dollar plant since Nov. 7. If the contract settlement is reached, its benefits would be retroactive to last June 1, when the old contract expired.

The latest offer called for a 2 per cent increase or seven cents minimum the first year and a 4 per cent hike or eight cents minimum the next.

Other proposals were an insurance program with major medical benefits and a new base pay scale.

2 Fires, False Alarm Reported

A grass fire, smoking car brakes and a false alarm brought out Sanford firemen over the weekend. A grass fire at 2816 S. French Ave. Friday afternoon was the first reported, according to Fire Chief Mack Cleveland Sr. There was a false alarm at 1412 Valencia Dr., at 4:52 p. m. Saturday. Smoking brakes on A. D. Denmark's car brought a fire truck to 222 First St. the same afternoon.

Democrats Open 1960 Campaign With Stinging Attack On Ike

NEW YORK (UPI) — Democrats blasted open the 1960 campaign today with a stinging attack on President Eisenhower and a display of seven of their top presidential contenders.

The Democratic Advisory Council charged the Republican administration with a "second-rate, second-best" defense job that "could cost us more in freedom and national security than can possibly be measured in money."

Adlai Stevenson questioned Eisenhower's current good-will tour and said it would be a "grave mistake" to mimic Nikita Khrushchev and convert the presidency into the role of "traveling salesman."

Tonight Stevenson and six other presidential prospects speak from

the same platform at a dinner honoring Mrs. Eleanor Roosevelt. They include Sen. John Kennedy of Massachusetts, Gov. Edmund G. Brown of California, Gov. G. Mennen Williams of Michigan, Gov. Robert F. Meyer of New Jersey, Sen. Hubert H. Humphrey of Minnesota and Sen. Stuart Symington of Missouri.

Along with former President Truman, former Secretary of State Dean Acheson and other leading Democrats, they endorsed the council's statement of principles hitting the Republicans on 21 issues ranging from inflation to the missile gap.

The document said all Americans hoped for the success of Eisenhower's present mission, but then it lashed out at seven years of Republican foreign policy concluding that Eisenhower had been forced against his will into a path of negotiation with Russia with no clear idea on how to achieve peace with justice.

Stevenson said on a television program that he had "some misgivings" about Eisenhower's trip to a president that should only be applied in the future in cases of "real emergency."

"I think it would be a great mistake if we converted the office of the President, the chief executive of this country, the most powerful secular office on earth, which has more to do than any human being can manage, into a traveling salesman for the United States," Stevenson said.

FRANCE'S WORST TRAGEDY IN YEARS—At top is a helicopter view of the broken Malpasset Dam after water had inundated the town of Frejus in northern France. Latest government figures set the toll of France's worst tragedy in years at 270 dead, 50 missing and about 100 injured. At bottom, men stand amid wreckage of a pier at Ste. Maxims, 20 miles from Frejus, following the bursting of the nearby Malpasset Dam.

Counties Participating In Surplus Program

TALLAHASSEE (UPI) — All 67 Florida counties are participating this year in the booming federal surplus program which provides surplus supplies almost anything from a blacksmith anvil to fire engines.

To take part, the counties must, in addition, educational institutions must be tax-supported or free from federal income taxation, and they must be full accredited.

Health agencies must meet the first two qualifications, and be licensed by the State Board of Health.

And the civil defense program must be incorporated with the State Civil Defense program and be approved by the State Director of Civil Defense.

Harley McCully, administrative assistant in the Development Com. mission's office of surplus property, said most counties have picked up surplus fire engines and other equipment for their civil defense programs.

Training Films Shown By Church

Leadership Training films for Sunday School workers will be shown tonight at The Alliance Church. The first two filmstrips in a series of eight produced by Moody Bible Institute were shown yesterday afternoon at the church. The same two will be repeated tonight for the benefit of those who missed the first showing, beginning at 7:00 p. m.

Two more filmstrips will be shown at 8:30 Wednesday evening and repeated next Sunday afternoon at 2:30.

These are excellent training aids for those who are working as teachers. The meetings are open to anyone who would like to gain the valuable instruction afforded by the filmstrip lessons and the discussions held in connection with them. The lesson period will be about an hour long.

New Catholic School Opens

The All Souls Catholic Church new school building opened to 110 pupils last week.

Students in grades 7-10 are now in the new school at Oak Ave. at Eighth St. Grades 1-6 will remain in the older school, Rev. Richard Lyons, pastor, said.

The new building soon will be dedicated by the diocesan archbishop, Father Lyons said.

Camera Club Meet

The Sanford Camera Club will meet Tuesday at 7:30 p. m. at the Civic Center to show color slides entitled "Making Pictures People Like"

Shop For Christmas At **Cowan's** 214 E. 1st

Quotable Quotes

United Press International
NEW YORK—Adlai E. Stevenson, expressing concern that President Eisenhower's current 11-nation tour might establish a precedent:

"I think it would be a great mistake if we converted the office of the president . . . into a traveling salesman."

WASHINGTON — Sen. Alexander Wiley (R-Wis.), dismissing fears that President Eisenhower's strenuous trip might endanger his health:

"You know, getting away from conditions in this country may be a real health tonic."

NEW YORK — Democratic National Chairman Paul W. Butler, stating that no discussions of personalities in the coming campaign went on during the week-end meetings of the Democratic Advisory Council:

"Of course, I suppose there may have been just a little politicking over cups of coffee and a beverage which was made legal under a Democratic administration and Congress."

Versatile Dog In Schooling Race

A versatile Greyhound all set to school when the preliminary tests start at the Sanford-Orlando Kennel Club Tuesday night in preparation for the track's December 19 opening, is Walter Bowser's Rocky Mac Duff, a 1957 son of Rocky Mac Imp—Mink Coat.

The Bowser Kennel is a new comer but Rocky Mac Duff became very popular here last season when running for Jack Herold. While here he attained a national S-2 rating but he upped that to A-1 at Raynham and Taunton, Mass.

At Raynham he demonstrated his versatility by tying his owner with two other kennels in the \$10,000 Raynham Medley. This medley consists of three races over courses of varying lengths and Bowser was one of the few kennel owners to use the same dog in each round.

Rocky Mac Duff finished second in the 3/16ths mile dash. He won over the 1/4 mile distance and ran fourth in the 7/16ths mile marathon. He also finished second in the Raynham Inaugural and triumphed in the Gold Collar Championship at Taunton.

Rocky Mac Duff, also had the honor of being selected to compete in Taunton's American Derby, that offers a \$25,000 purse, the richest in greyhound racing. In the Derby eliminations the talented dark brindle met the fastest speedsters from all parts of the country and turned in a creditable first, third and fifth.

The public is invited to watch the schooling events which will continue nightly, except Sunday, from Tuesday through Wednesday, Dec. 16.

Happiness Through Health
(By DR. F. LEO KERWIN)

Elbert Hubbard On Health

The late Elbert Hubbard, one of the most brilliant writers of recent times, personally investigated the claims of Chiropractic. He wrote in his book, "THE SCIENCE OF KEEPING WELL": "Above all things, a good chiropractor has faith in nature that heals. All the chiropractor can do is to put his patient in line with the healing forces of nature. Chiropractic never brings an adverse result. The chiropractor does not pin his faith in any single panacea. He simply knows the physical fact that a pressure of a bone on the nerve brings about the right relationship and proper adjustment. He finds the cause and removes it. Chiropractors are not doctors of medicine. They are doctors of health. From them we get a new science which is adding greatly to the happiness and welfare of the world."

Are you a Chiropractic case? One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 301 S. French Ave. and his telephone number is FAirfax 2-7442.

Plan To Assist State's Building Fund Outlined

TALLAHASSEE (UPI) — State Sen. Fred Dickinson outlined a plan Sunday to give the state road building program an additional 69 million dollars annually.

The West Palm Beach senator, an unannounced candidate for governor, proposed the money be diverted from general revenue funds. It would come from that part of the automobile license tax revenue not already set aside for welfare and school construction.

Dickinson also told a television panel the state's intangible tax on stocks and bonds could be cut in half without new taxation.

Dickinson sponsored such a bill in the last Legislature but it failed to pass. The program would cost the state an estimated 20 million dollars a year, but Dickinson said the loss could be made up by more economy in government at all levels.

He added, however, if additional revenue was needed, he would advocate an extension to the state sales tax—presumably to cover groceries. He said he would oppose any sales tax on medicine.

The senator said he had no magic plan for legislative reapportionment, but would never support a plan to give any county more than one senator.

He blasted as a "political gimmick" a proposal by gubernatorial candidate John McCarty to give two senators to populous Dade County.

On the racial issue, Dickinson said he was against any plan to close public schools to give integration. He said events at Little Rock and in the state of Virginia convinced him this was not the answer.

He said he supported a school closing proposal in 1957 at the urging of Atty. Gen. Richard Erwin, but opposed such measures in 1958.

"The destruction of our school system would be put into the hands of the NAACP by making them martyrs," he said.

LAKE MARY FIRE CHIEF Harvey Pugh surveys the remains of the burned out Dawson Teston home on 25th and Lake Mary Blvd. (Staff Photo)

Lake Mary Fire Dept. Not Alerted To Blaze

The Lake Mary Fire Department didn't fight flames which destroyed the Dawson Teston home Friday because the volunteer firefighters were never told of the blaze, Lake Mary Fire Chief Harvey Pugh said Saturday.

The Teston home at 25th and Lake Mary Blvd. was definitely within the five mile radius covered by the Lake Mary volunteers, but no phone calls to fight the fire got to the town firemen, Pugh said. He urged all residents within five miles of Lake Mary to write down these numbers and call them in case of fire: Homer Gleason at FA 2-3808, Harvey Pugh at FA 2-2710, Otis Sjoblom at FA 2-2125 and Ed Zimmerman at FA 2-4068.

Lake Mary's Fire Department also belongs to the Seminole County Firemen's Association whose members pledge mutual aid in case they are called in to help by another fire department, Pugh said. If the Lake Mary Department had known about the fire, they could have called in the Sanford firemen, Pugh explained.

Sanford firemen stopped at the city limit sign because of regulations which do not allow them to fight fires outside the limit unless called upon in emergencies by another fire department under the county association pact.

Dawson Teston said that if he had been home when the fire broke out he would have known to call Gleason or Pugh. Mrs. Teston, who has recently returned from the hospital didn't know the Lake Mary volunteer numbers. Teston, who works for the county road department says his property was partially insured.

Changing Trend In Tags Noted

The kind of auto tags issued and the prices paid for them have changed a lot since 1940, according to county tax collector John L. Galloway.

Seminole county auto tags averaged about \$22 in 1958 against \$13.77 in 1940. The county collected \$466,397.73 from selling auto tags last year. In 1940, \$75,166.33 came from selling 5,496 tags.

The largest sales increase in recent years has been in the "W" series tag required on automobiles weighing 3,501-4,500 pounds. Now, as in 1940, the largest number of autos registered are in the 2,000-3,000 pound class. They carry a "plain" tag, with no letter after the county "17".

The big change is in the different kinds of tags now issued. Last year "T" tags were issued for automobiles weighing up to 2,000 pounds, "D" tags for those 2,001-2,500 pounds, "plain" tags for autos 2,501-3,000 pounds, "W" tags for those 3,001-4,500 pounds and "WW" tags for the big carriers, 4,501 pounds and up.

All tag sale revenue goes to the state Motor Vehicle Commissioner for distribution in accordance with the law, Galloway explained.

Parents Night
Parents night at the Lake Mary School will be held tomorrow at 7:30 p. m. A Christmas program will be the highlight of the meeting.

**Yule Party Set
By Bethany Circle**
The Bethany Circle of the First Methodist Church of Oviedo will have their monthly meeting and Christmas party on Thursday, Dec. 10, at 7 p. m. at the home of Mrs. William H. Martin with Mrs. Milford Calhoun as co-hostess.

The members of the circle will enjoy a covered dish supper, preceding the exchange of gifts and the business meeting.

Some Cruelty Just Defies Description

A Sanford woman has sent us a report that she wrote of an act that was so cruel that it defies description and at the same time so sad that it also defies suitable comment. We decided to let it speak for itself. She titled it "Bowlett's Story" and it'll make you cry. She wrote:

"I am just a little black and brown dog—a boy's dog and my family loves me because I am sweet and gentle and I never bother anyone or fight. I am well mannered and sit up for my dinner.

"I sometimes am called 'Chester' for fun because I have a stiff head leg. I was hit by a car and had to spend a long time in the hospital and then had to wear a cast. I got well, but now I am back in the hospital.

"This is my sad story. I am telling it so maybe it will not happen to another little dog—or maybe worse—to some little helpless boy or girl. Anyone who would do a thing like this to a dog would be capable of doing something terrible to a human.

"Dec. 1, a boy, or boys, with a gun held me and put the gun at my rear end and pulled the trigger. I got home somehow, part of my insides and lots of my blood trailing behind. It was a terrible sight and I could hardly stand the pain. My family rushed me to the hospital and the doctor is taking good care of me. I hope I will someday be able to sit up again for my dinner if I live through this.

"Do you think this terrible deed happened in a slum or run down section of town? It didn't. It was in one of Sanford's nicest home areas."

Bowlett

Concert Tickets

The Sanford-DeBary Entertainment Assn. has decided to extend its series ticket sale effort through this month. After selling 700 tickets, the association is having difficulty getting the other 300 members needed to insure financial success for the concert series.

At the opening concert by the Stetson Glee Club, Donald Thompson, ticket sale chairman, asked members, and others present, to try to sell one ticket each to fill the quota. Subsequent sales total 60, he reports, leaving quite a few more to be sold.

About 500 people attended the Stetson concert and praised the program highly. This type of entertainment is not just needed here, it is important. Future concerts in the proposed series include the Florida Symphony, Jose Greco and other really good, outstanding presentations.

Only 250 tickets were sold last year for the concert and if a hard working group of association members can sell more than 700 this season, they deserve the added interest of more citizens to underwrite the series. Support of this type of activity must come.

Memberships are available at the Chamber of Commerce or by mailing or taking applications and \$5 for each ticket to "Concert" in care of the Sanford Atlantic or Florida State Banks.

Builds His Own \$5,000 Automobile

SUNNYVALE, Calif. (UPI)—H. Gordon Hansen of Sunnyvale really believes in do-it-yourself — to the extent of building his own automobile.

The 43-year-old engineer, who designs missile components for a living, decided to build his sleek-tailed vehicle because "I like to do things differently."

And his "Gordon Diamond" is different! Its four wheels are arranged in a diamond with two parallel in the middle and one in the rear. The aluminum shell body tapers from a bullet nose in front to a slim tail in the rear.

Hansen began building his car after World War II and completed it in 1948 with a few special modifications since then. So far, he said, the project has been a success. It has held up for 13,000 miles. It has used up 13,000

LOVE ME, LOVE MY DRAGON

Assignment Washington

By ED YTERBA

WASHINGTON — I had my moment of glory at the 14th annual meeting of the American Rocket Society. I wandered into one of the back rooms of the Sheraton Park Hotel, where the rocketeers are conventioning, and somebody almost stole me. They thought I was an engineer.

What I blundered into was one of the greatest waves of mass kidnapping in industrial history. It's legal kidnapping—some folks call it embezzlement or body snatching — but it's enough to put some employment managers into a horrid orbit.

Out in the lobby, in the open, our great space acers from every part of the country cooperatively exchanged ideas and swapped pleasantries. Out there in the lobby by they don't talk about the "back rooms."

But you detect subtle hints, like glaring little cards dropped carefully in front of you at the lobby telephones that state: "Would you like to make \$20,000 a year? Then come see us."

There are subtler approaches like RCA's pamphlet that reads: "Visitors are invited to visit our suite." Above are listed the jobs available at RCA.

The cutest hint of all is a sheet of canary yellow sheets dropped around the convention floor announcing: "Who's Recruiting Where?"

The basic idea is for the up-and-coming companies to steal an engineer or scientist from the next guy, but to make it look like a voluntary divorce.

And in the back rooms they wait, usually in pairs, for the restless fly in quest of sweeter honey in greener pastures.

The instant I slipped into this one particular recruiting room I was king. "Have a cigar?" "What can we fix you to drink?" "Dinner tonight?"

I replied happily, "Gee, thanks, fellows, yes, I will. I'm a newspaperman." And you should have seen their jaws drop. One of them said woefully, "Is there anything we can do for you?" My moment of glory shattered like an aborted rocket.

Some recruiters, frankly, are frank about their main problem: they can't find enough men to fill jobs paying from \$10,000-a-year and up.

David Potter, Scientific Placement Manager of the Glenn L. Martin plant in Denver, said he could hire 35 to 40 men right now to work on the Titan missile. Applied research scientists, he called them, with salaries ranging up to \$17,000 a year. Pickins were slim. A few years before Sputnik went up, this type of scientist was scratching around for a job paying 250 a month.

Ed Wright, recruiter for the Arma Division of the American Bosch Arma Corp., of Garden City, L. I., said his company employs 1,500 engineers and scientists. They make things like guidance systems for the Atlas missile. But they're looking for 300 more at salaries averaging \$10,000 a year. (A kid fresh out of engineering college starts at \$6,100.)

Recruiters are trusted men. Their job is to make their firm's grass look greener to the other fellow. But sometimes this big talk works both ways. One company president was telling me about his luck in recruiting last year.

"We didn't do too bad," he said. "Picked up three engineers and lost two recruiters."

Letters To The Editor

Editor:

The interest you have shown in the Sanford Art Assn., the generous publicity you have given us and the remarkable coverage of our exhibit and tea last Sunday have been important to our growth and the success of our first show. We do thank you and the radio station which gave us time.

We appreciate the privilege we enjoy as part of the Sanford Recreation program through which we are able to have our meetings and hold our exhibits in our beautiful Civic Center.

We are grateful to the trades people, the civic clubs and the individuals who loaned us the necessary items with which to offer hospitality to our visitors.

We were delighted to welcome the hundreds of people who came to enjoy the paintings done by the artists of our community and to cast their votes for their favorite picture.

We are indebted to the members who entered their works and to the officers and committees as well as the non-members of the association who worked so enthusiastically in arranging the show, making it possible to offer our community an exhibition of paintings of which the citizens can be justly proud.

It is impossible to express adequately my personal thanks to all of you.

Helen P. DeWitt,
 President, Sanford Art Assn.

Local Youth Wins Top Cadet Honors

Cadet Colonel Robert H. Reely of 701 Mellonville Ave. has been designated a "Distinguished AFROTC Cadet". The Florida State University senior was given the designation for his leadership ability, moral character and academic standing. The son of Mr. and Mrs. Robert H. Reely, the cadet plans to apply for a regular Air Force Commission after his graduation.

The world's longest undersea power cable carries 25,000 volts of electricity from the State of Washington to the San Juan Islands seven and a half miles off the coast.

Inez Robb Says

By INEZ ROBB

In 1906 a determined redhead invaded the Boston publishing firm of Little, Brown and Company with a basket full of recipes and a fantastic proposition. She asked the firm to publish the recipes in a cookbook, an absurd business venture of which Little, Brown wanted no part until the redhead offered to pay for the first edition of 3,000 out of her own slim pocket.

The redhead was Fanny Farmer and the book, "The Fanny Farmer Boston Cooking School Cookbook," today, ten editions, 3,300,000 copies and millions of dollars later, the old publishing firm has the grace to blush for its little feck. The volume has been the equivalent of a license to steal.

Miss Farmer died in 1918, but her book goes marching triumphantly on, an all-time, any-time best-seller. Now, on the occasion of the publication of the tenth edition (initial printing: 75,000!), I lift my voice in praise of Fanny, whose masterpiece has been a stout staff in Ches Robb for 30 years.

Yes, there have been two editions since Fanny departed this life, convinced that Boston and the kitchen are equal centers of the universe. But, redheaded Fanny dominates the book now as she did in 1906, and the first person cheerfully to admit the fact is Fanny's niece-in-law, Wilma Lord Perkins, the current editor.

Since 1906, Mrs. Perkins has edited six editions comprising 1,000,000 copies of Fanny's book. "I came in at the top," Mrs.

German Anti-Semitism: Is It Rife Or Rare?

FRANKFURT, Germany (UPI)—The courtroom was hushed as the charges were read. All eyes were on the defendants, 11 German men, one a policeman. And while the prosecutors droned on, a ghost seemed to arise — the ghost of terrible past crimes.

The charges were anti-Semitism — the persecution of a Jewish family.

The trial was just the latest of many such proceedings this year. And the question inevitably follows: "Is anti-Semitism growing again in Germany?"

He said he came "with a very heavy heart." But when he left, he said he was inclined to smile with Heuss.

Both men agreed that one of the best ways to combat anti-Semitism would be to have modern history taught in German schools. Now, history ends in the classroom with the beginning of Hitler's bloody rise to power.

Hans Galinski, chairman of Germany's Central Council of Jews, says: "Anti-Jewish acts are symptomatic of a revival of the forces of calamitous past. There is a tendency in Germany to ignore Nazi atrocities."

"The government is not taking appropriate measures against anti-Semitism," the government said in Parliament have paid too little attention to anti-Semitic acts."

Locomotive Bell Goes To Church

CLEVELAND, Ohio. (UPI) — The Chesapeake and Ohio Railway has given an iron horse back to the Indians.

It's not an entire iron horse, but the part that made much of the noise — the bell.

The C. & O. heard that the Presbyterian Mission in Pensacola, N. M., was seeking a locomotive bell to be used to call its congregation to worship but was not having any luck. The mission serves 3,000 Indians through a medical clinic, a community program and a church.

Although the mission is more than 2,000 miles from the nearest point on the C. & O., the railroad offered the Rev. and Mrs. Julius Duran, resident missionaries, one of its old steam locomotive bells. The offer was accepted.

Miss Margaret Lawson, W. H. Huckel Married In Ceremony In Winter Park

The Sanford Herald

Mon. Dec. 7, 1936—Page 8

The wedding of Miss Margaret Jane Lawson, daughter of Mr. and Mrs. Samuel Claiborne Lawson, Stone Island, Enterprise, and William Hamer Huckel, son of Mr. and Mrs. Haldane Johnson Huckel of Orlando, was solemnized Saturday, Dec. 5 at 3 p. m. at All Saints Episcopal Church in Winter Park. The Rev. Donald Stuart officiated at the double-ring candlelight ceremony. The altar was decorated with chrysanthemums and winter greens.

Carl Harmaling, soloist and Miss Emily Hood, organist, both of Winter Park, presented a program of wedding music.

Miss Linda Haselden, Jackson-

ville and cousin of the bride was the only attendant. She served as maid of honor.

The groom's father served as best man and ushers were William Hamer Milligan and Jon B. Beardall, Orlando, cousins of the groom. Given in marriage by her father, the bride was radiant in a gown of pure silk organza over tulle. A yoke of hand clipped Chantilly lace formed the bateau neckline on the pointed bodice. With brief sleeves. Lace appliques circled the very full skirt that terminated in a chapel train. A half cap of lace, outlined and embroidered with pearls, held her fingertip veil of pure silk illusion. She carried a bridal bouquet of Stephanotis.

The maid of honor wore a ballerina length dress of royal blue. The fitted bodice, with portrait neckline, featured matching medallions at the waistline. The skirt was bouffant, with complementary accessories completing her outfit. She carried a bouquet of blended blue flowers.

The bride's mother chose a street length costume dress of Dior blue silk crepe, with bodice of matching lace. The short jacket featured three quarter length sleeves. She wore matching accessories and corsage of blended blue flowers.

The groom's mother wore a

street length dress of cerise silk Peau de Sole. Designed sheath style, with fringed tie side drape. She wore matching accessories and a corsage of bluish pink roses.

Following the ceremony, a light buffet supper was served to the wedding party and families at the Dubadroad Country Club in Orlando.

The club was decorated in an all white color scheme, including a variety of white blossoms, greenery and silver candelabra.

The bride's table was centered with a three tiered wedding cake, decorated with pale blue flowers, white icing and topped with white wedding bells.

Miss Sally Huckel, sister of the groom, kept the bride's book. Mrs. Lionel Martocchia, of Daytona Beach, Mrs. W. Garland Spencer, Lakeland and Mrs. Richard Hawes Twichell, Orlando, sister-in-law of the bride, assisted with the serving of the wedding cake and punch.

Mrs. Huckel chose for her going away outfit, an olive green shantung suit, with short fitted jacket and three quarter length sleeves. She wore brown accessories and a corsage of green cymbidium orchids.

After a wedding trip to the West Coast, the couple will reside at 713 South Main Street, Orlando, where the groom is associated in business with his father.

Out of town guests included Mr. and Mrs. Charles O. Conrad, Harrisonburg, Va., aunt and uncle of the bride and their son, Charles O. Conrad Jr., of East Orange, N. J. and Mr. and Mrs. Joseph S. Haselden, and son, Master Jimmy Haselden, of Jacksonville, another aunt and uncle of the bride.

Osteen Youths Enjoy Outing

BY MRS. CLARENCE SNYDER
The young people of the Osteen Baptist Church enjoyed a winter roast and hay ride, Friday evening. They met at the Church and went to Hosacks Lake, where the winter roast was held.

Later they took a hay ride to Lemon Bluff and Oak Hill, Chaparrones were Gerald Hosack, Mr. and Mrs. David Hosack and Mrs. Lois Brooke.

Those attending were, Jean Masera, Janette Clark, Donna Stowell, Linda Tyler, Penny Nixon, Robert Brooke, Tommy Lemon, Hutch Shivers, Jack Boone.

Donald Harvey, Larry Hirt, John Peterson, Kenneth Hosack, Dennis Neal, Herman Allman, Joe German, Tom Brooke and Joe Frank Tarr.

S.S. Class Holds Christmas Program

The Daughters of Wesley Sunday School class of the First Methodist Church, met in McKinley Hall for the December meeting. Hostesses were Mrs. Donald Dunn, Mrs. Claude Herndon, Mrs. W. L. Wright, Mrs. Clark Leonard, Mrs. C. H. Winn, Mrs. S. J. Hartman, Mrs. Charles Meriwether and Mrs. Ben Monroe.

The meeting began with members singing, "Joy to The World."

Gleaner's Class Holds Party

The Gleaner's Sunday School class of the First Baptist Church held their annual Christmas party Tuesday night at the church annex.

Each member brought a covered dish and a turkey dinner with all the trimmings was enjoyed. Mrs. R. L. Beard, vice president, presided at the business session.

Mrs. J. M. Mose gave the devotion service, using as her subject, "The Christmas Story." Officers gave monthly reports. Members sang Christmas carols, accompanied on the piano by Mrs. Willie Pippin.

The room and tables were decorated with poinsettias, berries, greenery, candles and a large Christmas tree. Gifts for exchange were placed under the tree.

Those attending were Mrs. Fred Myers, Mrs. Thelma Steele, Mrs. Azzalee Barreau, Mrs. L. H. Harvey, Mrs. J. M. Mose, Mrs. W. McLellan, Mrs. Robert A. Williams, Mrs. E. A. Covington, Mrs. Alice Borsdorf, Mrs. R. L. Thomas, Mrs. C. A. Anderson Jr., Mrs. A. J. Peterson, Mrs. Helen Carter, Mrs. Homer Little, Mrs. H. J. Hutchison, Mrs. W. H. Duncan, Mrs. M. D. Bumgarner, Mrs. H. W. Rucker, Mrs. Earl Bronson, Mrs. Willie Pippin, Mrs. W. B. Harrison, Mrs. N. J. Stearns, Mrs. C. W. Brown, Mrs. Myron Smith, Mrs. H. A. Moreland, Mrs. A. B. Maddox, Mrs. V. G. Hasty, Mrs. John Fox and Mrs. Berie Cottrell.

Church Calendar

MONDAY

Joint Meeting Of Club Women

The Sanford Woman's Club will have a combined meeting of all departments, Wednesday at the club building. A luncheon will be served at 12:30 p. m., followed by the program.

Members are requested to bring a shower gift for the Children's home in Jacksonville.

Due to the absence of the regular reservation chairman, Mrs. Clyde Ramsey will take reservations for the luncheon. Call her at FA 2-0786 not later than noon tomorrow.

Personals

BY MRS. CLARENCE SNYDER
Frank Patricia of Deland was a visitor at the home of Mrs. Harry Osteen, Monday.

Mrs. John Jurs and Mrs. Albert Pell gave a party for the children of the first, second and third grades, Wednesday afternoon. Mrs. Jurs told the stories of "The Candy Cane" and "The Little Round House" to the group. Refreshments of cookies and punch were served to the children.

Personals

Friends of Miss Grace Marie Stinecoper will be glad to know that she is much improved from her recent illness. She is in The Florida Sanitarium and Hospital in Orlando.

Mrs. Gertrude Gilbert, finance officer in the county superintendent's office, left last week for Miami. There she joined a group of other finance secretaries from over the state. They took a plane for Mexico and are now enjoying a three week conducted tour of the country.

A poem submitted by Gary Baker in his English class at Seaside College, was selected to represent the Freshman class with the National Poetry association of Los Angeles, Calif. Gary's poem was one of the 300 chosen to be printed in the annual "Anthology of College Poetry," a book published annually by the association and selected from colleges from every state in the country.

Jaycees Wives Meet Tonight

The Jaycees Wives will hold the December meeting at the home of Mrs. Stuart Weston, 150 Lakeview Dr., Little Venice, tonight at 8 p. m., with Mrs. Jack Erickson, as co-hostess.

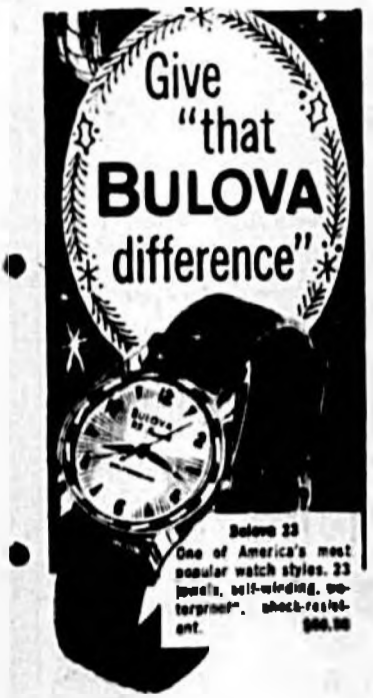

Preceding the regular business and program, the executive board will meet at 7:15 p. m.

Lottie Moon Christmas Program Presented By Central Baptist

The W. M. U. of the Central Baptist Church, presented their annual "Little Moon" Christmas program at the December meeting of the Church.

The program entitled, "O, God We Pray For All Mankind", emphasized foreign missions. It was directed by Mrs. Gail Smith, assisted by Mrs. Jack Owens, Mrs. Ben Bullard and Mrs. Milton Brown.

Readers of the story were the Rev. Gail Smith and Jack Owens. Taking part in the first scene, presenting a family at prayer, were Charles D. Maybelle and Clyde Hayes and Robbie Owens.

In the second and third scenes were Denver Hayes, Jane Bridges, Linda Spears, Gene Bullard, Dilton Harker, Arlene Bullock, Mrs. E. Benton, Harriett Wilcox, Eunice Wiggins, Winnie Weaver, Edna Giles and Violet Bass.

In the final scene letters from missionaries were delivered by postman Milton Brown to Mary Cameron, Roberta Keith, Joyce Burton, Ruby Bridges, Grace Adams and Georgia Maple.

Background music for the entire program was presented by the junior choir, under the direction of Winnie Messer and Dol Benton and the adult choir, under the direction of W. L. Harmon.

A film strip on Africa, was shown by J. A. Bullock. A free will offering was given to the foreign mission program. Organist was Mrs. Shirley Greene and John Smith was in charge of special lighting.

PTO Meets Tomorrow

Wilson School PTO will meet Tuesday (Dec. 8) at 7:30 p. m. in the school auditorium in Paola.

A guest speaker from the county department will present the program.

Lutheran Women Meet Tomorrow

The United Lutheran Church women of Good Shepherd Lutheran Church, will meet tomorrow at 7:30 p. m. at the home of Mrs. Olea Hattfield, in Ravenna Park.

Mrs. Virginia Brissett will be co-hostess and a program entitled, "He Born in Us Today" will be presented by Joyce Crutchfield.

Seminole Quint Opens Cage Season Tomorrow

By JERRY COVINGTON
The Seminole quint will open their 1959-60 basketball season here tomorrow at the high school gymnasium against Lyman. It will be a twin affair with the junior varsity club meeting at 7 p. m. in a preliminary game and the varsity contest following.

Coach Bud Lyster has not set his starting lineup as yet but he probably will go along with George Perides and Ray Lundquist at the guards, Terry Christensen and Jimmy Gracey at the forwards and Charles Ovravats or Mike Tammy at center. The big question mark in the starting lineup is the center position. Both Tammy and Ovravats are inexperienced although Ovravats saw some action last season on the varsity.

Little George Perides is a newcomer to the squad and he will be ready to have a big season if he continues to display the talent that he has for the past two years on the junior varsity. He averaged all scoring marks for a Seminole JV player last season and made his plays in practically every contest.

Veteran OBC guard Ray Lundquist will be back at his regular spot this season. The small youngster has been very impressive in preseason drills and this should be his greatest year. Ray has been playing as a regular since his freshman year at BHS and has amassed every one in the OBC with his great drive and ability on the court. As a sophomore he took home All-OBC honors after the season and if the Seminoles are able to reach the state tournaments this season, he should be a leading candidate for All-State honors.

High scoring Jimmy Gracey already has picked up his shooting ends after tucking away the football pads and should be set to pour them through the nets again this season. In an intra-squad game last Friday night, Jim led the No. 1 squad in scoring with 21 points. He holds every school scoring record as a junior and should be set to shatter his own this season. Although Jim is a proven point guard or he still has to come a long way in the rebounding and defense department.

Senior Terry Christensen has made a fine showing at the other forward and shouldn't have to take a back seat to anyone on the squad. Terry didn't get a shot at a starting position until the season was well under way last year but when he did he was in there to stay. Terry is a very smart thinker on the court and

lettermen from last year is still a contender for a starting spot and could well do the job. He will see plenty of action here tomorrow night. Newcomers Mike Roberts, John Taylor, Eddie Fuhrman, John Marsh, and letterman John Allred are also expected to see plenty of action.

Although things point to this combination as the starting squad, Coach Lyster will be trying all combinations in the first few games to come up with the right combination. Alex McKibbin, a

Giants, Fans Give Browns Tough Sunday Afternoon

United Press International
Warning to the Baltimore Colts and other interested parties: The New York Giants are tough—but avoid their fans at all cost.

The Giants clinched the National Football League's Eastern Division title Sunday for the second straight year when they clobbered the Browns, 48-7. The Giants almost blew the Browns out of Yankee Stadium and their fans completed the job.

Hundreds swarmed on the field with less than two minutes to go, sending Coach Paul Brown and his Browns scurrying to the locker room for protection. While Coach Jim Lee Howell's Giants wondered if the officials might forfeit the game to Cleveland, the fans tore down one set of goal posts and were working on the other when special police details restored order 20 minutes later.

"I never gave a thought to asking that the game be forfeited," Brown said after his men returned to the field and finished out the second worst defeat in their history. "I just left the field to keep from getting beat up and my kids followed me. My players had the right to protect themselves. That's a league rule."

Baltimore, victors over New York at Yankee Stadium last year in the league's first overtime championship game, clinched at least a tie for the Western title Saturday by downing the Forty-Niners at San Francisco, 34-14. John Unitas passed for three touchdowns and ran for another to lead Baltimore to its first victory at San Francisco in 12 games in two leagues.

If the Colts defeat or tie the Rams Saturday at Los Angeles, they'll qualify to play last in the Giants in the championship game Dec. 27. Then the Colts, who also showed some high-octane fans in New York when they won the 1958

championships, can start preparing for the invasion of the Giants and their rambunctious rooters.

The Chicago Bears, with Rick Casares plunging for four touchdowns, kept their slim Western hopes alive Sunday by downing the Pittsburgh Steelers, 27-21. The Forty-Niners play host to the Green Bay Packers and the Bears entertain the Detroit Lions in next Sunday's regular season windups. The Forty-Niners and Bears can tie for the Western title and force playoff games if they win, providing the Rams upset the Colts.

Green Bay whipped the Rams, 36-20; the Philadelphia Eagles defeated the Washington Redskins, 34-14, and the Lions whipped the Chicago Cardinals, 45-21, in Sunday's other games.

While the fans tried to get into the act, the Giants posted the most one-sided victory they ever scored against the Browns and the most points they ever collected against the team that won Eastern honors seven of the past 10 seasons.

Charlie Conerly, New York's 38-year-old quarterback, fired early and often and sometimes his receivers caught passes with an Cleveland man within 10 yards of them.

The Standings:
Eastern Division
W L T Pct.
New York 9 2 0 .818
Philadelphia 7 4 0 .636
Cleveland 6 5 0 .545
Pittsburgh 5 5 1 .500
Washington 3 8 0 .273
Chicago Cards 2 9 0 .182
Western Division
W L T Pct.
Baltimore 8 3 0 .727
San Francisco 7 4 0 .636
Chicago Bears 7 4 0 .636
Green Bay 6 5 0 .545

Los Angeles 2 9 0 .182

AN ENLARGED PICTURE of the Seminole High coaches was presented to Principal A. J. Bracken by Gordon Bradley of the Boosters Club at their Barbecue Wednesday night. Bradley quipped that instead of "hanging the coaches in effigy they could be hung on the wall of the high school." The gesture was in appreciation of the fine job the coaches have done with the football team this year. (Staff Photo)

Minnie Minozo Back With White Sox Again

MIAMI BEACH (UPI)—Minnie Minozo came back to the White Sox today and promptly made them the No. 1 choice to win the pennant again among a majority of baseball men.

Minozo was one of 11 players traded within a matter of minutes Sunday night when the White Sox completed a seven-man deal with the Indians and then, while both clubs still were congratulating themselves, the Reds and Cubs, followed with a four-man swap revolving around big Frank Thomas.

Here's how the flurry wound up: The White Sox got back Minozo, their old leftfielder whom they traded to Cleveland two years ago, plus catcher Dick Brown and left-handed pitcher Don Ferrarese and Jack Striker in exchange for third baseman-outfielder Bubba Phillips, catcher John Romano and first baseman-outfielder Norm Cash.

Cincinnati sent Thomas to the Cubs for southpaw reliever Bill Henry and outfielders Lee Walls and Lou Jackson.

The deal for the 31-year-old Minozo cause some eyebrows lifting among those who recalled the White Sox let him go to the Indians for Early Wynn and Al Smith on Dec. 4, 1957, because they felt he was "slowing up."

"If Minozo has slowed up, I'll take a half dozen like him," commented Baltimore Manager Paul Richards. "Last year, the White Sox had only two-thirds of an outfield: With Minozo they now have a complete one. They've added dash as they've added spirit, and I congratulate them."

Key man in the deal between St. Louis, which beat National Invitation Tournament champion St. John's of New York in its previous game, handed Kansas State, the nation's No. 1 team last season, its first home loss in two seasons, 68-58. Bob Nordmann, 6-10, 210-pound center, scored 23 points and grabbed 15 rebounds to lead both teams in each department.

Nordmann will get his chance to "hit the headlines" big Thursday night when St. Louis plays Ohio State at St. Louis. Ohio State is led by Jerry Lucas, a 6-7, 225-pound center who is the most heralded college player since Walt Chamberlain went to Kansas.

Covington Covers Sports

By JERRY COVINGTON

At the Orange Belt Conference meeting in Sanford the All-OBC team was named for the 1959 football season, and as it has been for the last three years, the Seminoles dominated the squad.

Halfbacks Ray Lundquist and John Lovelace were unanimous choices, along with ends Terry Christensen and Jimmy Gracey and tackles Charles Hogan and Neely Ross. To me these were very fine choices because they were the lads who paced the team all year.

Lundquist was the leading ground gainer this season and threw several passes good for touchdowns. He also was a great part of the defensive unit as a halfback. Although he was great in the ball carrying department, think how much greater he would have been if he had been able to sit out the defensive portion of the game. He was truly the workhorse of the team.

Lovelace was injured in the early part of the season and missed three games but he was still just a little behind Lundquist in the rushing department. He was probably the hardest runner on the squad and, like Lundquist, he was capable of throwing the pass. His great drive and speed made him a very important part of the offensive and if he had been in the

lineup those three games it's a cinch that the record would have been even better.

There was no way for Christensen and Gracey to be left from the all-star squad. These two were probably the finest receivers around the state and their talent for catching passes accounted for three-fourths of the Seminole offense. In personal performances, they both had seven touchdowns, but Terry held the edge in total points with the 18 extra points he added with his toe.

The amazing thing about Gracey was that this was his very first season of football.

Enough can't be said for Ross and Hogan. Playing in a line composed mostly of juniors, these two big lads led the charge all the way. Hogan was one of the key blockers on offense and Ross was the stopper on defense. Ross played middle linebacker all season and got better every game. He usually had the opposing center wondering when he was going to give him a break.

All of these youngsters have a storehouse of natural ability, but I am sure that they always will give credit for the honor to their fine coaching by Jim Pigott and Dave Laude.

Congratulations, boys.

Date Change

Due to conflicting dates of the Bishop Moore game for Tuesday night and the local P-T-O meeting night, Coach Harry Melsell's A and B Oviedo squads have consented to change the date of the game to tonight at the local gymnasium. Coach Carlton Henley's B squad will meet the powerful Bishop Moore B team at 7:15 p. m.

Mixed Bowling Loop Race Tight

With the bottom team just eight and a half games out of first place in the Thursday night Mixed League, it looks like this will be a good, close race all the way to the season's end. B. Edwards Builders Supplies, still in the lead, has a total of 28½ wins, 13½ losses, and right behind them is Steinmeyer Hooping with 22½ wins. Furniture Estates, 19, Florida State Bank 18, and South Pinecrest with 18 wins.

This week's action saw the bankers helping Pinecrest into the basement, by winning two games from the subdivision people. Any other week, the tale would have been different, as Pinecrest turned in a high scratch series, and most of the team were bowling above their average, but this was the time the bankers were really hot, piling up one game that took high scratch and handicap money, ending with a scratch series of 2,301 to take that money spot also.

New on the scene was George Rwan, who rolled a 513, in his first night as a Florida State regular. Team-mate Gordon Senari also had a 507 series to put the interest in the bank. Ed Callan rolled high for Pinecrest, making the 57 split along the way.

B. Edwards Builders Supplies proved they were camera happy as they racked up a whopping score in their battle with The Furniture Center. This lasted just for one game, or just as long as the news photographer was present snapping pictures, but when the lights quit winking, they let down on their follow through, and lost the next two to the furniture team, jumping that team into third spot. Wallace Wood turned in the high series for Edwards, and Jim Mackey was top man on the opposition. Denny Phares made the 3-10, and Jesse Carrathers topped the 3-8-10 split.

Sunland Estates gave Steinmeyer rooting their come-uppence on five and six, as all three matches ended in upsets this week.

Nation's Top Ranked Cage Teams Take Heavy Beating In Week's Play

United Press International

The nation's top-ranked college basketball teams took quite a beating in the first week of the season — and there may be more mayhem to come this week.

Kentucky, Kansas State and Louisville, all ranked among the top 10, were beaten last Saturday and Cincinnati, Ohio State, St. Louis and North Carolina may soon join them in singing the blues.

Cincinnati, with two easy victories to its credit, will protect its No. 1 rating in a real tough one against St. Joseph's of Philadelphia. St. Louis plays both Ohio State and Kentucky and North Carolina faces Kansas and Kansas State on successive nights in the feature games of the week's program.

Kentucky was the biggest loser and St. Louis the biggest winner in week-end action that may cause a major upheave in rankings.

Coach Adolph Rupp's Wildcats tried the major job of winning

two straight road games on the West Coast. They squeezed past UCLA by two points Friday night but were whipped soundly by Southern California, 87-73, Saturday night. The Trojans had lost their first two games of the season but took advantage of Kentucky's excessive fouling and poor free throw shooting to spring the inajor upset.

St. Louis, which beat National Invitation Tournament champion St. John's of New York in its previous game, handed Kansas State, the nation's No. 1 team last season, its first home loss in two seasons, 68-58. Bob Nordmann, 6-10, 210-pound center, scored 23 points and grabbed 15 rebounds to lead both teams in each department.

Nordmann will get his chance to "hit the headlines" big Thursday night when St. Louis plays Ohio State at St. Louis. Ohio State is led by Jerry Lucas, a 6-7, 225-pound center who is the most heralded college player since Walt Chamberlain went to Kansas.

Talented Violinist To Appear At Christmas Music Service

The talented violinist, Mrs. Robert Anderson, will be guest artist for the all music candlelight service of Christmas music presented by the Chancel choir—with a string assist from the Girls Intermediate choir—of the First Presbyterian Church at 3 p. m. Dec. 13.

Tenors—Andrew Bracken, E. H. Case, Walter Gielow, George Touhy, Harry Weir; basses—Warren Adams, J. A. Bistline, Robert Crumley, Donald Howard, Clifford McKibbin, James Meriwether, Charles Morrison.

An invitation is extended by the church to all who wish to share the spirit of Christmas and who enjoy music.

Big CBS Party Proves Entertaining TV Show

NEW YORK (UPI)—“The Big Party,” or big potpourri, achieves the impossible. It manages to be entertaining and exasperating at the same time.

The 90-minute special started its run on CBS-TV this season as an exciting reproduction of an extra-special party. The guests used to engage in shop talk and tell jokes. The cameras kept moving among them to heighten the spontaneous mood. The guests smoked and sipped drinks. They moved.

Since that auspicious start, the party has slipped. Thursday night, for example, each act came on, did a bit, made room for a commercial, and this procedure was repeated for the full 90 minutes. The guests performed with hand microphones, floor mikes, spotlights, a chorus line and Danny Thomas' routine featured an orchestra on the floor behind him. Some “party”!

Incidentally, since this party was supposed to take place in Douglas Fairbanks' 10th floor apartment in New York City, I could only think of what his 9th floor neighbors were going through while Greco and the boys were stomping around.

Individually, most of Thursday night's guests offered good entertainment: Danny Thomas' routine about his childhood; the NBC chimes at Fairbanks' apartment; Nancy Walker's sparkling lines; Fairbanks' poetry recitations before the music and girls sneaked in; Johnny Mercer singing; Mike Nichols and Elaine May; the community sing at the end. All fine stuff. Bobby Darin also ap-

peared. I think now that he has been on every TV show he can take a long vacation.

As I said before, it was good entertainment most of the time. I'm just sore because they've given up the delightful “big party” concept and settled back into a slick variety show but with the emphasis on stand-up comedy.

Those Jack Paar-Mickey Rooney exchanges have raised a few questions:—Paar said he thought Rooney was “putting him on” and then said it was the first time he ever got a hangover just by listening. Which is it? The two don't add up.

—Paar said the newspapers created the fuss because it is “their job” to blow things out of proportion. How would Paar have felt if the papers completely ignored the Rooney episode?

—Assuming Paar didn't know Rooney was out celebrating before the show, where were Paar's production aides and network officials? Who decided the show—and Rooney—had to go on as scheduled?

Paar has done a lot of kidding about the episode but he still hasn't explained it.

BIG LEAGUE HUNTER is James Larry Wilborn, 15, of Enterprise, who bagged this giant bobcat in the Wekiva area recently.

Famed Newspaper Executive Dies

HUNTINGTON, N. Y. (UPI)—Fred S. Ferguson, retired president of NEA Service, the world's largest news-feature distributor, died at a nursing home here Sunday after a lengthy illness. He was 72.

Services will be held at the Frank E. Campbell funeral home in New York City Wednesday.

Ferguson was one of the handful of men who contributed

much during the past half century to making America's newspapers exciting, interesting and reliable.

CRC To Probe Justice Abuses

NEW YORK (UPI)—The Civil Rights Commission will expand the scope of its inquiries to probe shocking abuses in the administration of justice, Chairman John A. Hannah said Sunday.

He said however that the group would continue to devote the majority of its efforts to voting, education and housing.

Hannah, who also is president of Michigan State University, told the Anti-Defamation League of B'nai B'rith that he was encouraged by America's “lively national conscience.”

“In time our people will come to believe as one that when a synagogue is bombed, no Christian church is safe; when one school is bombed, no school is steady on its foundations; when one man is lynched, the security of each of us is diminished by so much; when one man is denied the right to vote, our own freedom of decision is compromised,” he said.

The Civil Rights Commission was established in 1957. Its life was extended two years by the recent session of Congress.

In discussing the “shocking” situation in the administration of justice, Hannah referred to the lynching in April of Negro Mack Charles Parker, at Poplarville, Miss. A grand jury last month failed to bring any indictment in the case. According to Hannah, local authorities had enough evidence to justify an indictment.

At the closing session of its 46th annual meeting, the Anti-Defamation League re-elected as chairman Henry Edward Schultz of New York and elected Paul H. Sampner chairman of the national executive committee and Benjamin Greenberg national treasurer.

Former Star Dies
MOUNT HOLLY, N. J. (UPI)—William (Wild) Conroy, former third baseman-outfielder with four major league teams, died Sunday at Burlington County Hospital, Conroy, 81, had a lifetime batting average of .230 with Milwaukee, Pittsburgh, Washington and the old New York Highlanders.

There were nine bank failures in the United States in 1958, the largest number since 1912.

Kennedy Group Planning Steel Strike Study

WASHINGTON (UPI) — Sen. John F. Kennedy's Senate labor subcommittee is quietly planning congressional hearings on the steel strike next month, informed sources disclosed today.

On Capitol Hill, informants said that even if the long labor dispute has been settled by the time Congress reconvenes, the hearings will proceed anyway. In that event, the subcommittee will study ways of settling future strikes which create national emergencies.

Although no dates for the hearings have been set, current plans call for a start about Jan. 6—the Wednesday when Congress reconvenes.

By that time, many political strategists now believe, Kennedy will have become an avowed, rather than an acknowledged, candidate for the Democratic presidential nomination in 1960.

Just the scheduling of the hearings could provoke some contro-

versy. Senate Republican Leader Everett M. Dirksen III, a member of the subcommittee, has indicated he does not favor steel hearings during the period immediately after Jan. 6.

Under the Taft-Hartley Law timetable, which sent steelworkers back to work for 90 days under a court order, the workers' last offer soon after Congress comes back. Dirksen believes congressional hearings might be improper at that time.

Supreme Court Opens Session

WASHINGTON (UPI) — The Supreme Court starts its December sessions today facing a new batch of racial cases, including a lower court order banning the Civil Rights Commission from Louisiana.

The justices meet today to hand down opinions and orders before starting to hear arguments the rest of the week.

The racial cases include a challenge to segregation in restaurants of interstate bus terminals; integration problems in Arkansas and Tennessee schools; and a complaint of discrimination in a Gadsden, Ala. urban redevelopment program.

Food Fair Store Widens Driveway

Sanford's Food Fair has widened its driveway onto 25th St. and has eliminated the southernmost driveway on Oak Ave.

They also have built a new driveway onto 25th St. Delivery trucks going to and from Food Fair from Oak Ave. recently led to complaints to the city commission by Oak Ave. residents. No complaints have come from residents since the driveway alterations started according to Sanford's city manager.

VAH-7 bomb loading team in action arming A3D Skywarrior

Bombing Runs Highlight NAS Competition

Sanford based A3D bombers are lobbying artificial blockbusters into Lake George today in the second event of the Naval Air stations bombing derby.

Judges were still busy early this afternoon figuring which squadron crew won yesterday's simulated atomic weapon loading drill.

The Heavy Attack Wing One A3D bombers are invading the light aircraft domain by using the low altitude loft bombing maneuvers. Having one public information officer, Lt. J. D. Langford said, the 40,000 pound planes have previously concentrated on high altitude bombing rather than the low flight loft technique. Two A3D's from each of the five NAS squadrons will be in the Lake George maneuver until late this afternoon.

The Atlantic Fleet Light Attack Bombing Champions, HAWKING 12 of Jacksonville, will have their prestige challenged Friday when Cmdr. Ken Rowell of NAS VAH-7 flies an A3D against Cmdr. Bill Barrow of VAH-12 in loft bombing competition. Barrow will be in the smallest type jet carrier ever flown.

Simulated bombing missions, will be held at the station tomorrow. Artificial storms and mechanical troubles inside a closed grounded cockpit will test how a pilot reacts before he is given charge of a real plane.

Navy Jet Regains Altitude Record

EDWARDS AFB, Calif. (UPI) — The Navy said today one of its jet planes has regained the world altitude record for aircraft from Russia by flying to an unofficial height of 98,560 feet.

Vice Adm. Clarence E. Ekstrom, commander of the air forces of the Pacific Fleet, said Cmdr. Lawrence K. Flint Jr., 38, made the flight Sunday in a McDonnell Phantom II jet. The Russian mark was 94,658 feet.

Flint was awarded the Distinguished Flying Cross by Ekstrom for his record flight. Flint said he flew to 47,000 feet, opened up the throttle till the twin jet plane was going 1,550 miles an hour and then pulled the craft into a 45-degree climb. In the thin air at 90,000 feet he cut the jets and the craft coasted up to its record height of 98,560 feet.

Traffic Safety Survey To Be Asked By County

The County Commission will ask the State Road Department to conduct a traffic safety study over the county to designate proper warning signs and center lining on all county roads.

The decision came after Commissioner Lawrence Swafford told the board of the need for center lining in his district and proper designation of traffic signs.

"I can't think of any county road that has a center line on it," Swafford said. In asking the SRD for the study, the board also authorized Attorney Mack Cleveland Jr. to write to the department asking for the cost of such a program.

In other business during the session, the board adopted a resolution to abandon a portion of Onora

\$25 Reward

Mrs. W. B. Thornton, 306 Magnolia Ave., today offered a \$25 reward to anyone who can find the person who shot "Bowitz" and have the shooter's name published in The Herald. "Bowitz's Story" appeared on the editorial page of yesterday's Herald.

Ike Promises Pakistan Aid

KARACHI, Pakistan (UPI) — President Eisenhower promised new military and economic aid to Communist-threatened Pakistan to bolster "a loyal people who love peace but put justice and freedom above all."

He had conferred for 80 minutes this morning on diplomatic matters with Pakistani President Mohammed Ayub Khan, and he told a cheering crowd jammed on a sunbaked polo field:

"My conversations with President Ayub are on the basis that we are two nations with common interests and goals and the desire to cooperate for mutual security."

Eisenhower appeared with Ayub at an official welcome by the citizens of Karachi who gave him another of the tumultuous "I like Ike" receptions that have marked every stop on his 11-nation peace mission.

He hailed Pakistan as a courageous ally and thanked the crowd of 15,000 for the great reception Monday when more than a million persons thronged the streets to greet him with shouts of "Zindabad Ike" — long live Ike.

A 40-word communique summing up talks between the two presidents said they "reviewed generally world wide political questions and in particular the problems of relations between the free world and the Sino-Soviet bloc."

"They were in full agreement as to the essentially of cooperation among members of the family of free nations in the interests of their mutual security," the communique said.

Tonight, Eisenhower honored Ayub at a dinner at the residence of U.S. Ambassador William Houston and a reception in the residence garden.

Wednesday morning the two presidents got together by helicopter to Mauritipur airport where, after brief ceremonies, Eisenhower is scheduled to depart for Kabul, Afghanistan, next stop on his 11-nation world peace tour.

Two Sentenced

PINAR DEL RIO, Cuba (UPI) — Two American soldiers of fortune charged with plotting against the Castro regime received stiff prison terms today. Austin Young, 38, Miami, was sentenced to 20 years imprisonment while Peter John Lambton, 24, got 20 years.

Mitchell said these procedures would meet approval of President Eisenhower who appealed to both sides to reach an agreement by collective bargaining before he returns from his overseas goodwill tour on Dec. 22.

Gray Denies He'll Resign

TALLAHASSEE (UPI) — Retiring Secretary of State R. A. Gray has angrily denied rumors he is being pressured to resign before his term ends in Jan., 1961. Gray has said he will serve out his term unless his health prevents it. There were reports he was being asked to resign so Gov. LeRoy Collins could appoint State Hotel Commissioner Richard Edgerton to the post.

"The governor has never mentioned such a thing to me, nor has anyone acting in his behalf," Gray said Monday.

20 'Dangerous' Convicts Escape Carolina Jail

YANCEYVILLE, N. C. (UPI) — Twenty dangerous convicts seized control of North Carolina's maximum security prison early today and fled with a collection of 17 weapons, including a submachine gun.

They left in a prison truck but were believed to have stolen two cars in Caswell County before heading for the Virginia state line only a few miles north of here. The FBI announced in Washington it was sending agents in to work on the case because of the theory that they had crossed into Virginia.

Prison officials sent bloodhounds out shortly before noon to search for a man, thought to have been one of the prisoners, who was seen about seven miles from here.

Leading the break was Charles (Yank) Stewart, a long-term "troublemaker" who had been returned to the 1st Bluff prison camp only a few weeks earlier after an escape from the infirmary at Central Prison in Raleigh. With him was James Edward Christy, his companion in the Raleigh escape.

Stewart led a band of 11 white convicts and six Negroes that included six hit men, two convicted of burglary, two of murder, one of kidnapping and one of rape. All were described as hardened criminals, misfits who could not be housed in the state's other prison units.

About 15 prisoners, also described by officers as hardened criminals, stayed behind when the escapees opened the gates with keys they had stolen from the guard's control room in the one-story lock building.

The prisoners' band about a three-hour head start on officers who did not learn about the break until about dawn.

Several of the prisoners were dressed in "pepper-colored" men's dress suits used to designate men in solitary confinement or segregation units. The others were wearing the standard brown uniforms.

Two Hospitalized In Auto Mishaps

Two women were hospitalized and a truck turned over in Seminole County accidents yesterday.

A car driven by 19-year-old Mrs. Harriet G. Norris of Winter Park hit another auto at the intersection of routes 17-92 and 436. Highway Patrol Trooper J. L. Sikes said Mrs. Vera E. Nesbitt of Jacksonville was driving south on 17-92 when Mrs. Norris' car struck her after pulling onto 17-92 from 436. Sikes said Mrs. Nesbitt was taken to Florida Sanitarium, Orlando, with knee, face and arm injuries. Mrs. Norris was taken to Winter Park Hospital with a gash on her head and possible neck injury. Mrs. Norris was charged with failure to yield the right-of-way.

Spun around by a collision, a pickup truck turned over at the Sanford Ave. and old Orlando Highway intersection yesterday afternoon. Robert E. Grant Sr., 62 was driving south on Sanford Ave. and didn't stop at the fork in the road, Sikes said.

Theodore D. Morlang Jr., of the Sanford Naval Air Station was coming north on the old Orlando Highway when he hit Grant's truck and tumbled it over. Grant, a Route 2, Sanford resident, was charged with failure to yield right-of-way.

News Briefs

Highway Gets Okay
TALLAHASSEE (UPI) — The State Board of Administration today approved the financial soundness of a proposed \$35,000,000 bond issue to finance acquisition of right-of-way to complete the four-lane of U. S. Highway 1 through Bradford County.

Blimp Lands Safely
LAKEHURST, N. J. (UPI) — A Navy blimp with 19 airmen aboard landed safely today after being forced by high winds to remain aloft for nearly two days. The blimp was moored to its mast after failing in two earlier attempts when ground escort vehicles failed to catch her trailing cables.

Ike Names Board
WASHINGTON (UPI) — The White House announced today that President Eisenhower had named 20 members of a new commission on intergovernmental relations to study problems involving the federal, state and local governments. The new commission will make recommendations for allocating functions and tax revenues to the various levels of government.

Pleads Innocent
BUFFALO, N. Y. (UPI) — A former Teamster Union local leader in Buffalo and Miami, Fla., pleaded innocent Monday to a charge of income tax evasion. Ernest G. Belles, a resident of OpaLocka, Fla., was arraigned before Federal Judge John O. Henderson. He had surrendered to Florida authorities shortly after his indictment in early November.

Link Completed
MIAMI (UPI) — Top state and local officials will participate Saturday in opening the 36th St. Causeway to Miami Beach, first completed link in a planned \$108,000,000 interstate expressway system for the Miami area. Eventually, the causeway will connect with Miami's multi-million dollar north-south expressway by pass at the 36th St. interchange already being built.

Ambassador Cheered
MIAMI (UPI) — A crowd of Cuban political exiles cheered and waved banners Monday when U.S. ambassador to Cuba Philip W. Bush stepped here briefly. A spokesman for the group said the demonstration was in "congratulation" of Bush for the work he has done in Cuba. The spokesman identified the estimated 100 persons who met at Miami International Airport as enemies of Premier Fidel Castro.

Hospital Architect To Be Considered

Seminole Memorial Hospital trustees will discuss choosing an architect for the \$500,000 hospital addition at their meeting tonight. Letters received from several architects will be given due consideration, board chairman A. B. Peterson Sr. said today. Trustees for the project are Sanford, Andrew Carraway, John Schirard and Peterson of Sanford, John Evans of Oviedo and Robert Bradford of Altamonte Springs will hold the 8 p. m. meeting at the hospital.

Atlanta Joins Continental Loop

MIAMI BEACH (UPI) — Branch Hickey announced today that Atlanta has become the sixth member of the Continental League. But he said his circuit may never be completed so long as the major leagues maintain "absolute monopoly of players and territories."

Ben Evans and Lytle E. Swope were elected alternates. Evans had 296 votes and Swope 285. Defeated candidates on the alternate ballot were Lester K. Britton, who polled 146 votes and George Howard, who received 126. Evans and Swope will each serve two years.

Basketball

The Seminole High School cagers open the 1959-60 basketball season here tonight against Lyman, starting at 8 p.m. The Jayvee game will be played at 7 p.m.

Ten Die As Winds, Snow Cover Coast

South Has Freezes

United Press International
A deadly winter storm swirled through New England today, leaving the East Coast clogged with snow and the South shivered in sub-freezing temperatures.

Gale-force winds powered the near-blizzard out of the Appalachians Monday through Pennsylvania and New York State and South as far as Virginia and North Carolina.

Officials blamed the storm for seven deaths by fire, auto accidents or asphyxiation in the South. In the North, a woman and her two granddaughters were killed in a fire near Liberty, Maine.

The storm dropped the mercury below freezing as far south as Orlando and Ocala, in Central Florida, but the Weather Bureau predicted a general warming trend. More snow flurries were expected today in Virginia, North Carolina, Tennessee and Georgia as the storm center moved slowly up the St. Lawrence Valley toward Canada.

Nineteen school buses carrying scores of children were trapped in six-foot drifts in Pennsylvania and New York. Snow plows fought for hours before reaching the stranded students.

The storm, which sent 70-mile-an-hour winds whistling a destructive path through New York City, centered over Syracuse, N. Y. early today and lashed that city with four inches of snow blown by 45-mile-an-hour gusts.

Schools by the dozen closed their doors along the Atlantic coast. Snow drifts up to five feet deep kept students home in Virginia and North Carolina and blocked mountain highways in Georgia, Tennessee and North Carolina.

In New York 70-mile-an-hour winds tore between skyscrapers, ripping canopies, smashing store windows and shredding umbrellas. The wind yanked small boats from their Long Island Sound fairs.

Ocean liners, including the supraliner United States, were delayed in arriving by high seas and then held up in docking by the stiff winds.

Clear skies and sunny, warmer weather were expected in Florida later today after an early morning cold snap which dropped temperatures below freezing in northern Florida and caused frost throughout most of the state.

The mercury dipped to 27 at Cross City before dawn today, Tallahassee shivered at the 28 degree mark and Jacksonville recorded 29.

Readings in the high 30s and middle 40s were registered in the state's central portion and Miami had a low of 30 degrees. Key West, southernmost point in the continental U.S., recorded a chilly 60 degrees.

The U.S. Weather Bureau here blamed the cold spell on a high pressure area in the Gulf of Mexico which was moving eastward toward Florida this morning. Weather will warm up as the pressure wave moves toward land, the bureau said.

Director Gets Car

TALLAHASSEE (UPI) — The Cabinet today authorized State Development Commission Director H. R. Fuller Jr. to buy a plush new automobile for his own use at a cost of \$3000.

Benson Defeats Bryant In Casselberry Election

Casselberry Mayor William M. Benson defeated challenger Joseph H. Bryant 266-152 yesterday in the Casselberry mayoral race. Benson will serve for a year. He was appointed mayor in October after Donald Wilson gave up the post to become acting Casselberry postmaster.

Ben Evans and Lytle E. Swope were elected alternates. Evans had 296 votes and Swope 285. Defeated candidates on the alternate ballot were Lester K. Britton, who polled 146 votes and George Howard, who received 126. Evans and Swope will each serve two years.

PLAYHOUSE NAVY's presentation of "Bell, Hook and Candle" is in rehearsal, with Bill Weston showing directing Charlene Goldman, who plays the leading female role. Weston, of Winter Park, also acts in the play, which will be staged at the Civic Center Jan. 8 and 9 by the Navy theater group.

Jail Facility Cost 'Too High', Board Told

A former county official and Sanford attorney today urged the County Commission to set up a special committee of taxpayers to study the need for new jail facilities as early estimates for a new jail "were too high and a burden for the county."

George A. Speer Jr., who was county prosecutor for 17 years, said that the \$200,000 figure for a new jail was too high and would affect the future growth of the county as "it would load us with heavy debt service."

Speer, who said he was appearing before the board as an "interested taxpayer," continued the commission to seriously consider additions to the present jail and set up a committee of taxpayers "who really know the problem and will study it."

He said in Brevard County a new jail was built at a cost of only \$325,000 and cited Brevard growth as larger than this county's.

However, both Chairman John Krider and Commissioner Lawrence Swafford angrily labeled Speer's appearance as a publicity stunt to get his name in the paper.

"If you are going to paint a picture, paint a true picture," Swafford said.

Krider said that Brevard County has two holding jail facilities

to take care of prisoners at each end of that county. He said the commission plans to survey other counties before bringing back any recommendations on what a new jail would cost.

"We hope to build the most economical jail possible," Krider said, "and I doubt there is anyone in the county who doesn't realize the need for a new facility."

Speer also blasted the current assessment "roll as unequal and 'ridiculous'."

Swafford lashed out at Speer had been against any kind of progress in the county and said that if he had taken a progressive attitude when he was a county official "we wouldn't have to worry about a new jail now."

European Coast Hit By Gale; 60 Believed Dead

LONDON (UPI) — Gales swept the North Atlantic and parts of Europe for the second day today, leaving at least 60 dead and bringing the threat of new floods to the ravaged French Riviera town of Frejus.

Twenty-one persons died when a ferryboat was swamped and capsized on Lake Megdova, near Karitsa in Greece. Another 17 drowned in the sinking of a tug off northern Portugal and 12 were lost from a trawler that foundered on rocks just 30 yards from the coast of Scotland. Still others died in storm-caused accidents throughout Europe.

Flood-devastated Frejus, hit by a mountain of water last Wednesday when the Reynan River collapsed in the Malpasse Dam six miles inland, was tormented by heavy rain today. There were fears the Reynan River would swell over its banks and bring more flooding and misery to the people of Frejus, still busy looking for bodies in the tangled flood debris and digging graves for the 370 corpses already found.
