Arabs detailed charges of terrorist acts between March, 1943, and March, 1946. The accusations included bombings, assassinations and kidnappings.
The Arabs also charged that: 1. "The Zionists have incited the Jews of Europe to migrate to Palestine, and to that end have been the real obstacle in the way of the settlement of the ter-

fugees and displaced persons problem.
2. "The Zionist setup in Palestine is totalitarian. Their youth movement and their system of education have inculcated a generation of Jewish fanatics. Their methods have been equalled only by the Nazis."
The document said "the most dastardly outrages have been committed in Palestine by the Jewish illegal organizations". It added: "Although the perpetrators of

these crimes are so-called terrorist organizations, they are directed, supervised and financed by the Jewish Agency, or its subsidiary organs or collaborators."
TRIES TO ESCAPE
FERNANDINA, Mar. 12 (AP)—Sheriff H. J. Youngblood of Nassau County today said Flem Griffith, 28, of Jacksonville, under death sentence for murder, tried to saw his way out of jail here this week.

Fruit Canners

(Continued from Page One)
Bordo Products Co., Winter Haven, Fla., said putting the citrus canners under the marketing agreements act "would merely increase the costs to consumers."
McDaniel said grower cooperative groups are the only ones in Texas who favor the proposed legislation. He added: "All others in the state in the

citrus business just want to be left alone and get the industry on a sound basis. No program that stifles individual initiative should be enacted."
He said a previous marketing agreement "just did not work out." It was abandoned in 1938.
C. L. Skaggs, president of the Borden Packing Co., Westaco, Tex., testified growers will need the canners "more and more in the years to come."
Production of citrus in Texas at present is "only 50 per cent

of what it will be when newly planted trees come into production," Skaggs said.
BURMA MOBS
RANGOON, Burma, Mar. 12 (AP)—Mobs numbering more than 5,000 upset three newspaper offices today.
The mobs were reported dominated by members of the all Burma Workers' Union. Both are affiliated with the anti-Fascist Peoples Freedom League, the prevailing government party.

Unity Sought By Big Powers On Palestine

United States Will Oppose Elimination Of Veto Power; Prague Gets Agent

NEW YORK, Mar. 15 (AP)—The big powers today called on Arab and Jews to agree on a truce for Palestine. Both the Jewish Agency and the Arab Higher Committee for Palestine were asked in writing to answer by tomorrow whether they would enter into a cease-fire pact. The big powers also decided to call on the six Arab countries in the United Nations to agree to cooperate in effecting the truce. Meanwhile the United States declared it is opposed to the complete elimination of the veto in the United Nations Security Council. The U. S. position was outlined by Philip C. Jessup, American representative in the U. N. Little Assembly. Jessup said this country wants use of the veto drastically restricted by agreement among the big powers, but does not want to abolish the veto. He told the Little Assembly the United States feels unanimity of the big powers "is a necessity" in decisions involving enforcement of U. N. decisions. He said the veto "corresponds to the political realities of the international situation." The Prague government named a new delegate to the United Nations today, but his anti-Communist predecessor refused to give up the delegation office. This new complication came as the United States and Russia headed toward a major clash Wednesday afternoon in the Security Council over the Czechoslovak Communist question.

Federal Income Is 5 Billion Dollars Over U.S. Expenses

WASHINGTON, Mar. 15 (AP)—The government's budget surplus climbed to \$5,070,454,000 today. It was the first time in history that government income has exceeded its spending by \$5,000,000,000, even for a temporary period. The surplus is set only two thirds as large as President Truman predicts it will be when this fiscal year ends June 30. Chief reason for the big surplus is the record flow of tax collections. These reach a climax at mid-night tonight, the deadline for \$5,000,000 taxpayers to file final 1917 tax returns. It also is the deadline for several million of these taxpayers to pay the first installment on 1918 income tax. Also responsible for the heavy surplus is a decrease in government spending. For the fiscal year, which ended with an excess of \$754,000,000. The record surplus figure for a full fiscal year is about \$1,155,000,000. It was set 21 years ago in the Coolidge administration. For the current fiscal year, budget receipts were \$29,225,000,000, compared with \$28,000,000,000 at this point in the last fiscal year. Spending on far this fiscal year was \$24,154,500,000 against \$27,030,000,000 last fiscal year. The over-\$5,000,000,000 budget surplus at this time is almost four times as great as the \$1,307,430,888 which prevailed at this point last fiscal year. The government overran its income in the closing months last fiscal year, but is expected to reverse that course this year. Surplus funds are being applied to debt reduction as they accumulate. The debt now stands at \$24,000,227,493 compared with \$26,761,556,718 a year ago.

High Court Reverses Negroes' Sentences

WASHINGTON, Mar. 15 (AP)—The Supreme Court today overturned the convictions of nine negroes tried on various charges after disorders during a laundry worker's strike in Winston-Salem, N. C. Attorneys for the negroes appealed their convictions on the ground that negroes had been arbitrarily excluded from jury service during the trials. A brief order—without opinion—by the court directed reversal of the convictions. The order cited many precedents holding that excluding members of negroes from juries invalidated their verdicts.

Millers To Meet Senators Here In "Babe Ruth Day" Benefit Game

By ARTHUR BECKWITH, JR.
Herald Sports Editor
The Minneapolis Millers will meet the Washington Senators at the Municipal Baseball Park in a "Babe Ruth Day" benefit game on Wednesday with the proceeds to be given to the Fernald Laughlin Memorial Hospital as a part of the 1918 drive for funds. Sid Hudson and Early Wynn are scheduled to pitch in the game. It was announced by Clark Griffith, owner of the Washington Senators. The game will start at 4:00 o'clock and "The Babe" will enter the park soon after the contest has started. He will drive in the west gate and will stop in front of the bleachers to greet the children. He will then proceed to the home plate, where he will be welcomed by Mayor R. A. Williams, Carl Hubbell, director of the New York Giants farm club, and E. G. Kilpatrick, Jr., president of the Seminole County Chamber of Commerce. All school children of the county have been invited to attend the contest and will be admitted free. The children at the Methodist Children's Home at Enterprise have also been invited to attend the contest. Ruth will be escorted from Orlando by O. K. Goff, brother-in-law of James Chapman, public relations director of the Ford Motor Company, the organization which is sponsoring the tour to the many training camps around the state, and W. A. Morrison, president of the Sanford Merchants Association. "The Babe" will occupy a box seat in the stands, where he will witness the contest. After the game he has been invited to inspect the Giants' base at the Municipal Airport and will be the honor guest at a banquet to be given by Carl Hubbell at the private dining room in the former Junior Officers' Quarters, which is now housing the Giants farm club teams. Mayor Williams will issue a proclamation requesting all schools and business establishments of the county to close at 3:00 o'clock Wednesday afternoon. Ticket sales for the benefit game will be handled by the students and the student selling the largest number of tickets from each school in the county will be awarded a baseball, autographed by Babe Ruth, T. W. Lawton, Herman Morris and Coach Fred Gorman, who agreed to handle the ticket sales. Manager Edward Higgins of the Sanford Chamber of Commerce stated that invitations have been extended to all schools in the county. (Continued on Page Eight)

Costa Rica Tries To Stem Revolt Sweeping Nation

SAN JOSE, Costa Rica, Mar. 15 (AP)—A desperate Costa Rican government tried today to stem a revolution sweeping the nation. The opposition has virtually isolated the capital. Seventy-five percent of San Jose's power plants have been blown up and opposition forces said they were trying to cut the remainder last night. The city's industry is at a virtual standstill. A general sit-down strike has been called for today. Underground sources say the government has appealed to General Anastasio Somoza, former president of Nicaragua, to send help as soon as possible. Three Nicaraguan planes are here at the Sabana airport with their wings insignia painted out with yellow paint. Jose Figueres, leader of the revolutionary forces, said over the underground radio he had wiped out half of the mobile unit sent to force him from his hidden mountain stronghold south of Cartago. This unit had been trained by the U. S. Army. Government troops earlier reported the capture of 11 men at Figueres' stronghold. President Teodoro Picado Michalski declared martial law Saturday. Fighting began Mar. 11 when Congress annulled the election of Otilio Ulate Blanco, opposition candidate for president. Ulate and 42 followers are reported to have reached Guatemala. The underground radio, which calls itself "Voice of Freedom" and broadcasts at 6510 kilocycles, said army troops sent by water from Puntarenas to flank Figueres from the Pacific side of his hideout were cut to pieces yesterday. The radio said 20 (Continued on Page Eight)

Registration Of Seminole County Voters Climbs To Total Of 9,016

Registrations of Seminole County voters to date total 9,016, of whom 8,708 are registered as Democrats as compared to 308 registered as Republicans and Independents, Mrs. Louvina A. Beal, Supervisor of Registration, announced today. New registrations this year through Saturday total 1,146, said Mrs. Beal. Of this number 507 are Negroes, of whom 476 registered as Democrats and 31 as Republicans. A total of 868 white persons have registered as Democrats to date and 41 as Republicans. A party of 12 persons changed their party affiliation from Republican to Democrat. No one has registered for any other party to date, stated Mrs. Beal. The expiration date for changing party affiliation was Mar. 4. The registration books will remain open in the office of the supervisor in The Sanford Herald building through Saturday, Apr. 17. These include the books for the 15 county precincts and persons who were ineligible for any reason to register while the books were out in the various precincts, still have an opportunity to do so. The Herald office. Mrs. Beal urged those who have reached the age of 21 years, or who have established a legal voting residence by residing in the State for 12 months and in the county for six months to register before the books close on Apr. 17. She also pointed out it is necessary for citizens who have changed from one precinct to another to call at her office for a certificate of transfer. Persons who have married since registration are asked to have their names changed on the books in order to eliminate confusion on election day.

Taft Escapes Injuries In Plane Crash

Sen. Brewster And Pilot Also Escape As Airplane Plun- ges Into Icy River

VASSALBORO, Me. Mar. 15 (AP)—A plane carrying U. S. Senator Robert A. Taft (R-Ohio) on a campaign swing through Maine crashed today on the ice-covered Kennebec River but the Republican presidential candidate escaped without injury. Two others with Taft in the single motorized Stinson—Senator Owen Brewster (R-Me.) and Pilot John T. Clark—were not hurt. Governor Horace A. Hildreth said the plane's engine quit five minutes after the takeoff from the Augusta airport, about 10 miles distant. The plane was slightly damaged. Senator Brewster said Clark, director of the Maine Aeronautics Commission, "did a great job" in landing the ship. Taft, Brewster and Clark walked about half a mile with some difficulty through deep snow to the Augusta-Waterfalls Highway. Brewster then telephoned Hildreth. He said the plane came down about seven miles south of Waterfalls. Mrs. Taft and Mrs. Brewster were on their way to Bangor, where Taft had a speaking engagement. In Governor Hildreth's automobile. Efforts were being made, Hildreth said, to intercept them so that the men would continue their trip with their wives. Hildreth said the senators were making the 20-mile trip by air to inspect the abutment airport, 15 miles of Bangor. The Army's Dow Field is being closed to civilian traffic, he said, and Taft and Brewster were interested in the alternate field because of Senate action due on it soon.

Senator Shands To Speak In Sanford On Wednesday Nite

State Senator W. A. (Bill) Shands, business-man candidate for governor, will bring his campaign to Sanford in a major speech here at 8 P. M. Wednesday. He is expected to explain to the people of this city the details of his 17-point platform pledging "more business and less politics in Florida government." Shands has been enthusiastically received in all sections where he has spoken and is considered by many political leaders as certain to be in the runoff primary of May 25. Shands advocates long-range programs of reforestation, improvement of educational facilities in all public schools, connecting networks of highways and rural farm-to-market roads, harmony between labor and management, development of better marketing systems for farmers, electric power, ships, canners and packers, a return of a fair and proportionate share of the millions of dollars in tax money to municipalities from which it is derived, and expansion of the state health program. "Florida has done well in matching Federal revenues with federal funds for old age assistance in the past 15 years," Shands says, "but not well enough. We must reach the peak and cheerfully and proudly provide our aged with as much money as we can afford." Shands asserts that Florida should cooperate fully with the federal government in providing low-cost housing projects for veterans and give every aid in helping established them in gainful occupations.

Alabama Voters To Get Their Choice

WASHINGTON, Mar. 15 (AP)—The question of support or rejection of President Truman's bid for nomination to a four-year term will be placed before Alabama's rank and file Democrats in May primaries. They'll have a clear-cut choice. Governor James E. Folsom has urged a "yes" vote on the proposition to Mr. Truman who are seeking to become delegates to the party's July convention in Philadelphia. Senator Lister Hill (D-Ala.) is among state-at-large candidates for president. He has endorsed President Truman and advocated that Democrats settle their differences within the party.

Gen. Meyers Sentenced To Prison Term

Former Army Officer Draws 20 Months To Five Years For Sec- ond Degree Perjury

WASHINGTON, Mar. 15 (AP)—Major General Bennett E. Meyers today was sentenced to 20 months to five years in prison. A federal jury convicted him last Friday on three counts of inducing a former business associate to be under oath to a Senate committee. Judge Alexander Holtzoff, when imposing sentence, said the 52-year-old retired general was guilty of a "very grave and serious offense." The maximum sentence he could have imposed was 30 years. Meyers stood erect and apparently unmoved, as Judge Holtzoff told him: "Bennett E. Meyers, it is the judgment of this court that you be imprisoned in an institution to be designated by the Attorney General of the United States for a term of not less than 20 months and not more than 5 years." Meyers was immediately led from the court room by federal marshals after the jury retired last week, attorneys for the wartime air force deputy purchasing chief had announced they would appeal the verdict. Holtzoff at that time said he would not allow bail while the case was being appealed. Just before Holtzoff passed sentence, Robert T. Bushnell, attorney for Meyers, pleaded that the court consider Meyers' "outstanding" war record. Bushnell said the punishment this man has already gone through—by being pilloried from coast to coast like a Benedict Arnold—is a punishment greater than it is in this court's power to impose. The formal accusation against Meyers was "subornation of perjury." He was charged with persuading Herbert Lamorre to lie to Senate investigators and cover up Meyers' wartime operation of which the government alleged that Meyers received more than \$100,000. Lamorre was the president of the company, but later said he was only a "dummy" for Meyers. Meyers arrived at the court (Continued on Page Eight)

Boston Steele To Run For Board Of County Commission

Boston Steele, who served as a county clerk from 1924 and 1934, and who has lived on Boardall Avenue for the past 20 years, today announced his candidacy for County Commissioner in District No. 1, Precinct 3. Mr. Steele was born and educated in Virginia, is married and is affiliated with one of his five sons in farming on the East Side. In Virginia he was engaged in dairy, pig and farming. Building of good roads is one of the main planks of Mr. Steele's platform as a candidate. He today pointed out that while he is serving on the Commission in 1935, the people of Seminole County voted \$1,500,000 in bonds for the building of roads in every district and the issue of bonds were cleared by a good majority of voters. Construction of the roads, he pointed out, was agreed upon by mutual consent of the Commission and citizens representing each district of the county. The roads were built over a period of three years.

Mrs. Emma Matthews Funeral Tuesday P.M.

Mrs. Emma Matthews, 61, died at the local hospital Sunday afternoon at 2:35 o'clock after an illness of more than a year. Born in Tar Heel, N. C. Mar. 12, 1884, Mrs. Matthews had been a resident of Sanford for 27 years. She resided at 815 Elm Avenue. She was a member of Holy Cross Episcopal Church. Survivors include her husband, C. L. Matthews, Sanford; three daughters, Mrs. Frank Akers and Miss Harriett Matthews, both of Sanford and Mrs. Letty Lantinger of Atlanta, Ga.; four sons, James P. Holtsclaw, Sanford; Charles F. Holtsclaw, Palm Bay; Richard H. Holtsclaw, New York City; and Britt B. Holtsclaw, Elizabeth City, N. C.; and one sister, Mrs. Carrie Draper, Sanford. Funeral services will be held at 2:30 P. M. Tuesday at the Episcopal Funeral Home with Father Mark T. Carpenter officiating. Interment will be made in Lake View Cemetery.

Marshall Warns Of Need To Continue Greek Assistance

Filling Of Lake Front Terminal Area Expected To Begin Tomorrow

Work on pumping approximately 45,000 cubic yards of sand from the bottom of Lake Monroe to the land area west of French Avenue facing Semnole Boulevard, is due to start at 4:00 o'clock Tuesday afternoon, J. D. Wells, superintendent of the Hill Dredging Company, announced this morning. After the sand is pumped in, bulldozers will be required to level the more than 50 acres of ground which will serve as the site of Sanford's waterfront freight terminal and industries that may be attracted to the area by reason of port facilities from Sanford to Trenton, N. J., via inland waterways. The big dredge has now cut the 12-foot channel from the Municipal Pier to the Enterprise channel, forming one side of the triangular cut, one side of which will parallel the shore line for feet from the bulkhead, and will extend west from the pier. The northwest cut from the pier just completed required the pumping of 31,504 cubic yards of excavation, and Mr. Wells stated that the right of the big dredges, the pontoons carrying the 22-inch pipe, and the cat walk along which the men walk has greatly interested local citizens, many of whom have viewed operations from the shore line lately by boatmen. Aid To Italy To Be Discontinued If Communists Win In Coming Elections

PARIS, Mar. 15 (AP)—The 16-nation European conference was asked today to include Western Germany in the reconstruction plan for the continent. British Foreign Secretary Ernest Bevin made the proposal. French Foreign Minister Georges Bidault had told the delegates that Europe's "division has become aggravated today in a manner as fearsome as it is unfortunate." Indications here that Portugal would propose that Spain also be included under the Marshall Plan for European recovery. HELSINKI, Finland, Mar. 15 (AP)—Finnish President Risto R. Paasikivi has informed Prime Minister Stalin that while the Finns are willing to negotiate a treaty with Russia they hope to stay out of international conflicts. Groups in the Finnish Parliament have expressed doubt concerning the conclusion of an agreement of a military character, the President said. Paasikivi, in a letter to Stalin, emphasized that any Finnish-Russian treaty requires the approval of the Finnish parliament.

Soft Coal Strike Sanford Market Supporting Miner Sales Of Produce Pensions Begins Gain 56 Percent

PITTSBURGH, Mar. 15 (AP)—Nearly half of the nation's 100,000 soft coal miners laid strike today in support of John L. Lewis' demand for mine pensions. The United Mine Workers' walkout rapidly gained major proportions as reports came in from the leading coal producing states. West Virginia, No. 1 coal producer in the country, counted 60,000 of its 105,000 miners idle. Kentucky was second with 45,000 and Pennsylvania third with 32,000. Birmingham, Ala., Mar. 15 (AP)—Nearly half of Alabama's 21,000 coal miners quit work today in support of union demands for pensions. The Alabama Mining Institute, an operators group, estimated more than 10,000 were idle. Eleven of the 16 mines supplying major industries here were down. The other five operated with less than normal crews. PITTSBURGH, Mar. 15 (AP)—A soft coal work stoppage supporting John L. Lewis' demand for mine pensions got under way today. Spearhead of the move was in western Pennsylvania, where early surveys indicated nearly one-half of 56,000 miners walked out. The U. S. Steel Corp. reported nine of its 14 western Pennsylvania mines were closed, with 7,000 miners idle. The corporation expected its coal output would drop today to about 20,000 tons, or one-third of capacity. The Jones & Laughlin Steel Corp. reported all its Pennsylvania and West Virginia mines were closed, and 4,600 miners idle. Republic was another steel corporation affected, with three Pennsylvania mines down. The output of steel company-owned pipe is used in making fuel for steel mills. Commercial mines, too, whose (Continued on Page Eight)

Washington State Sales Of Produce Gain 56 Percent

WASHINGTON, Mar. 15 (AP)—Secretary of State Marshall told Senators today that if the United States stops aid to Greece the consequences will be "swift and tragic." Marshall testified for two hours before the Senate Foreign Relations Committee on the Administration's request for \$275,000,000 additional military aid for Greece and Turkey. Marshall said what he had to tell the senators behind closed doors. But after the session the committee released a statement he had given it. In it, Marshall said that "serious as it is, the Greek situation is not without hope." "The danger remains that the Communist-organized countries of Europe will increase their pressure on Greece just as they have in other directions in Europe. It is the belief of the totalitarian leaders that democracies are incapable of standing up to their might."

Four Are Killed In Big Explosion At Harvester Plant

LOUISVILLE, Ky., Mar. 15 (AP)—An explosion at the plant of the International Harvester Company here today killed at least four persons, injured about 25 and trapped 25 others in debris, company officials reported. Police and firemen, aided by volunteers, dug desperately in the ruins of the 50 by 75-foot brick and steel engine test building to rescue the trapped. Rescue work was hampered by intense heat from a waste which broke out shortly after the explosion. This was extinguished by city and county firemen. The explosion occurred as the night shift was leaving and the day shift reporting. Normally about 60 persons work in the building, which joins the main plant in the rear. No official word was available but some workers said they believed that two 5,000-gallon fuel tanks underneath the building exploded. At least half of the walls and a large part of the roof caved in with the blast, which shook a large area of the city. R. C. Almyren, industrial relations manager at the plant, said all motors produced there are tested in the building which exploded.

Farmers To Get More In First 3 Months

WASHINGTON, Mar. 15 (AP)—Farmers will get 6 per cent more for their products during the first three months of this year than last. The Agriculture Department made this forecast in a report which said farm income would have been higher had many prices not dropped recently. It dropped livestock and livestock products probably will yield \$1,100,000,000, or nearly 10 per cent above the first quarter of last year. Crop receipts may be around \$2,300,000,000, or about the same as last year.

CARDS FOR IKE

NEW YORK, Mar. 15 (AP)—Formation of a "people for Eisenhower" organization was announced today by Torrey Stearns, former New York City advertising executive. General Dwight D. Eisenhower recently resigned as chief of staff to become president of Columbia University. He declared he would not accept the presidential nomination even if it were tendered to him. Stearns said he was inviting the public to mail postcards stating they want Eisenhower for President.

3 Power Company Employees Awarded Long Service Pins

Three local employees of the Florida Power and Light Company were recently presented service pins in recognition of long and faithful service by J. A. Young, superintendent of the company's Lake Monroe plant. It was announced today by H. H. Coleman, district manager.

Harold L. Glasey of Paula, a line foreman in the electric transmission department, was given a 20-year service pin. Prior to joining the company on Mar. 2, 1928, he had been associated with electric companies in Guatemala and Texas. He is a veteran of World War I and a member of the Punta Gorda Masonic Lodge.

R. E. King of Lake Monroe, a betterment engineer at the company's Lake Monroe steam electric generating plant, received a 10-year service pin. He was previously stationed at the company's Miami Beach plant and is a graduate of the University of Florida with a B. S. A. degree. Mr. King has been active in community affairs, is a member of the Sanford Masonic Lodge, and of the First Baptist Church. He and Mrs. King have two daughters, Miss Roberta King of Miami and Miss Mary Louise King of Temple University, Philadelphia.

William H. Glisey of Lake Monroe received a five-year service pin. He is a condenser operator at the Lake Monroe electric plant and joined the Florida Power and Light Company in 1943.

Young Matrons Club Has Weekly Meeting

The weekly meeting of the Young Matrons Club of the First Shiloh M. B. Church was held recently at the home of the president, Mrs. Ethel Smith. Three new members were welcomed to the group, Mrs. Florence Randolph, Mrs. Marie Jackson and Mrs. Doris Patterson. Routine business was conducted and gifts were presented to Mrs. Inez Mayo in honor of her birthday.

Following the business meeting refreshments were served by the hostess, Mrs. Smith. Announcement was made that the next meeting will be held on Wednesday night at the home of Mrs. Christine Fielder on West Twelfth Street at 8:00 P. M.

MORE MONEY NEEDED

TALLAHASSEE, Mar. 15 (Special)—Tax collections are running down, surplus funds are running out, and it is up to the people of Florida—including candidates for office—to face this situation realistically, said State Senator W. A. (Bill) Shands, businessman candidate for Governor, here today.

"We cannot have more roads, better schools, or even improved health conditions without paying for them," he warned. "Yet right now beverage taxes are down 5.81 per cent and racing taxes are 8.33 per cent lower, the Comptroller's office informs me."

Wonder how many "suicides"
 there will be in connection with
 the forthcoming Finnish "putsch".

The National Institute of Dis-
 aster Service will convene on Mar.
 18 in St. Petersburg, the Sun-
 shine City. Enough said.

The nation's farmers are among
 our most enlightened groups, and
 a poll by Successful Farming
 Magazine shows that 72 percent
 are familiar with the Marshall
 Plan. But 28 percent of them
 had never heard of it.

The President of Boston Uni-
 versity denounces public officials
 and others who employ the ser-
 vices of "ghost writers" to pre-
 pare their speeches for them. "It
 is morally dishonest," he insists.
 "The man who palms off as his
 own the speeches and articles
 written by others is a deceiver."
 Yes, but what would Truman do
 without them?

As people file their income tax
 returns today, it would be well
 for them to recall the vote-catch-
 ing phrases of politicians of the
 past few years who have promised
 to "give" them "social security",
 relief for this and that, and jobs
 for the unemployed. Every dol-
 lar spent in our state in the past
 few years has been matched by
 many other dollars which have
 been sent to Washington, either
 in the form of taxes or bonds.
 The average man 15 years ago
 paid \$10 to the federal govern-
 ment, \$100 for local government.
 He still pays for his local govern-
 ment \$100, or a little less, but
 he pays \$1,000 to the federal
 government. You may not get
 what you pay for in this world,
 but you certainly pay for what
 you get.

"What do you put all that
 stuff in the paper for?" asks an
 irate reader referring to the news
 from Czechoslovakia, London,
 Washington, speaking as one who
 is far more interested in the
 comics. How often did we hear
 that question asked back there
 in the '30s when Mussolini was
 parading through Ethiopia, Hitler
 was marching his legions into Aus-
 tria and Czechoslovakia, and the
 Spanish civil war was proving a
 testing ground for the titanic
 struggle yet to come! "These
 things do not concern us. Give
 us more local news", said one
 of them to us once, who only a
 few years later was participating
 in the Normandy invasion where
 he suffered such hardships and
 emotional strains that he was in-
 valided home from the Army and
 died a few months later.

There will be more negro voters
 in the May 4 primary than ever
 before in the history of Florida,
 and already there are ugly rum-
 ors floating around that they are
 being "lined up" for this candi-
 date or that. One of them is
 supposed to be paying \$2 a head
 for votes, but the most insidious
 report is that agents from New
 York will give the word indicat-
 ing whom the negroes should vote
 for. We do not know how much
 truth there is to any of these
 stories, but of one thing we can
 be sure that the negro's future
 depends upon the knowl-
 edge which he himself possesses
 as to the various candidates' qual-
 ifications, his ability to decide
 for himself how to vote, and his
 determination to conduct himself
 as a free American individual who
 refuses to be controlled either by
 machine politics or outside agents.

Advice To Laertes

We were a little bit surprised the other day when an
 unusually intelligent young lady of our acquaintance told
 us she had never heard of Polonius' Advice to Laertes.
 Perhaps the young people of today do not read Shakespeare
 as much as they used to. If so, it is all the more the pity,
 for they do not know what they are missing.

Let there be others who are not familiar with the
 sage counsel of a father to his son about to embark for
 school in Paris, we have decided to publish it. So here it
 is, Polonius' Advice To Laertes from Shakespeare's Hamlet,
 all the wisdom of the world wrapped up in 22 short lines,
 as follows:

Give thy thoughts no tongue,
 Nor any unproportion'd thought his act.
 Be thou familiar, but by no means vulgar.
 Those friends thou hast, and their adoption tried,
 Grapple them to thy soul with hoops of steel;
 But do not dull thy palm with entertainment
 Of each new-hatch'd, unfledg'd comrade. Beware
 Of entrance to a quarrel, but, being in,
 Bear't that the opposed may beware of thee.
 Give every man thy ear, but few thy voice;
 Take each man's censure, but reserve thy judgment.
 Costly thy habit as thy purse can buy,
 But not express'd in fancy; rich, not gaudy;
 For the apparel oft proclaims the man,
 And they in France of the best rank and station
 Are most select and generous, chief in that.
 Neither a borrower nor a lender be;
 For loan oft loses both itself and friend,
 And borrowing dulls the edge of husbandry.
 This above all: to thine own self be true,
 And it must follow, as the night the day,
 Thou canst not then be false to any man.

Humanities In The Navy

The United States Naval Academy is reorganizing its
 curriculum in line with present day trends in higher educa-
 tion. Annapolis students are to have less specialization in
 technical subjects, more of the liberal arts.

Rear Admiral James L. Holloway, Jr., appointed super-
 intendent last year, wants his midshipmen grounded in
 scientific and social studies. More time is to be spent on
 history, government, economics, English is to receive much
 more attention so that officers will be able to express their
 ideas both orally and in written form to their men and will
 have background knowledge of their mother tongue.

The course of study will include six instead of two
 foreign languages, one of them Russian. The naval officer
 of tomorrow is to be able not only to command a ship, but
 to handle diplomatic matters. He will be at home in any
 foreign port.

Behind the new system at Annapolis is the conviction
 that education for life in the present complex world must
 be as broad and comprehensive as possible. Specialization
 can come only after the student has had a foundation of
 culture. The humanities for a time were neglected in favor
 of purely scientific subjects. They are coming into their
 own again not only at the naval academy but at most col-
 leges and technical schools throughout the country.

International Students

After Dunkirk, 136 wives and children of Oxford Uni-
 versity dons crossed the Atlantic to live with the families of
 Yale University faculty members, alumni and friends.
 The refugees could bring only a limited amount of money
 for their support.

Now Oxford is beginning to pay back its debt. Ten
 Yale students will study this summer at Oxford, supported
 by a fund equivalent to \$100,000 accumulated largely from
 contributions from the families cared for by Yale during
 the war.

International student visiting has been carried out
 with a number of unions. It is an exceedingly important
 bit of international business, and with great profit could
 be extended to include exchange scholarships with all coun-
 tries, including, if it were only possible, the U.S.S.R.

Youth is impressionable, flexible, and as a rule toler-
 ant. College days are the time to develop receptivity to
 other nations' ways and attitudes. We should do well to
 send as many as possible of our young people abroad to
 study, and bring to American universities youth from every
 land under the sun.

REACTION IN THE SOUTH

President Truman's announce-
 ment that he is a candidate in-
 tensified the revolt of Southern
 Democrats against him. Instead of
 cooling off, they are getting hot-
 ter and hotter.

The Virginia House of Delegates
 passed the bill urged by Governor
 Tuck to keep the names of candi-
 dates for President and Vice
 President off the ticket in that
 state, which will have the effect
 of permitting the election of un-
 instructed electors, hostile to Tru-
 man. The purpose is to keep the
 state's 11 electoral votes out of
 the Truman column.

Southern party leaders have
 gone so far as to consider estab-
 lishing an opposition convention
 headquarters in Philadelphia, while
 the regular national convention is
 in session, so that Southern dele-
 gates could bolt the nomination

and hold a convention of their
 own, naming another candidate.
 The difficulty in this process is,
 obviously, finding another nominee
 who would be satisfactory to the
 anti-Truman Democrats.

A Virginia legislator talked of
 "secession," with the Negro ques-
 tion the issue as it was in 1861.
 That, of course, is just "hot air."

Governor McCord, of Tennessee,
 meanwhile called on the Demo-
 crats of the South to nominate a
 candidate for President who would
 be acceptable to them and to the
 country at large—not Mr. Truman.

Whatever effect the Southern
 resentment may have on the ac-
 tion of the national convention, it
 is sure that the Democratic Party
 in the South is in a highly
 inflammatory condition, which
 threatens party unity and pros-
 pects of success at the polls in
 November.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Eamon de Valera undoubtedly
 was voicing the burning hope of
 his people when he predicted in
 New York the other day that
 Eire and Northern Ireland ulti-
 mately would be united into one
 nation.

His prediction also was pleasing
 to the ears of most of the Irish
 Americans who welcomed him back
 to the city of his birth. The
 fighting Irishman, who lost the
 prime ministership of Eire as the
 result of the recent general elec-
 tion, after holding that position
 16 years, declared the day will
 arrive when an Irish leader will
 come to the United States and
 announce that Ireland "from sea to
 sea is now completely free."

"I admit," he added, "that I
 would like to be that person."
 I've known Mr. De Valera a
 long time and have so much re-
 spect for his acumen that I cer-
 tainly wouldn't challenge his
 forecast. However, I note that he
 didn't place any time limit on
 the prediction and is rather in
 the position of the Scotsman who
 was charged with breach of prom-
 ise. The judge asked him:

"Sandy, did you promise to
 marry this girl?"

"Yes, my lord," replied the de-
 fendent, "but I didn't say when."

De Valera doesn't say how soon
 he expects the union of Eire and
 Northern Ireland to take place.
 Of course, time heals a lot of
 wounds but, having studied that
 situation at close range for many
 years, I should say that chances
 of an early union are rather
 slim.

It's hard to believe it possible
 that there could be such a clash
 of interests between two sections
 of a tight little island like the
 land of silver lakes and the sham-
 rock. But the bitterness of the
 differences has been recorded in
 blood many times through the
 generations.

The chief difficulty has been
 religious—Northern Ireland—
 "Ulster," as the old timers like
 to call it—is preponderantly
 Protestant while Eire is largely
 Catholic. Many heads have been
 cracked with shilleghs in that
 argument.

However, there are other differ-
 ences. Northern Ireland of course
 is a part of the United Kingdom
 —a very important part which
 England can't afford to loose.
 Many of the people are of Scotch,
 Welsh and English descent, so that
 the racial element enters into the
 situation. Then, too, Northern Ire-
 land is comparatively rich with
 its ship-building and linen manu-
 facturing, and many of its citi-
 zens maintain that if they joined
 the less prosperous south they
 would have to carry the burden
 of taxation for the whole coun-
 try. That argument—since it hits
 the pocket-book—is a powerful
 one.

The division between the two
 sections often has been demon-
 strated in astonishing ways. I
 used to fish for trout and salmon
 in waters right on the border be-
 tween the two states, and the
 constant spontaneous combustion
 had to be seen to be believed.
 Raids and retaliations were com-
 mon, frequently resulting in de-
 struction of boats and cottages,
 which often resulted in physical
 encounters.

That's the atmosphere which
 has hung over the two countries
 for generations. Workers for peace
 constantly have tried to bring the
 two peoples together, but if there
 has been progress, it hasn't regis-
 tered heavily. I should say the
 what it was some fifteen years
 position at the moment is about
 ago when I broached the subject
 during a chat with the late Lord
 Craigavon, then prime minister
 of Northern Ireland. A huge man

who towered far above six feet,
 he was leaning against the mantel
 in his office, as he exploded:
 "Union with Southern Ireland—
 never, never! never! And when I
 am gone there are other leaders
 who will take up the fight."
 He punctuated this by slamming
 a fist as big as a ham into the
 palm of his other hand. It's my
 guess that were he alive today,
 the answer would be the same.

BALTIMORE—(AP)—Under a
 Maryland law recently tested in

 ting practices on private lands

Guard Against Whooping Cough
 By W. V. Biting
 Touchton Drug Co.
 Too many mothers regard
 whooping cough as nothing to
 worry about. Perhaps they do
 not realize that this childhood
 disease causes more deaths
 than diphtheria, scarlet fever,
 measles, and polio combined.
 One out of every ten children
 under one year of age who are
 stricken with whooping cough
 die. The remaining nine often
 suffer serious after effects.
 Three months is not too
 young to begin immunization.
 Your doctor urges this protec-
 tion for your children as early
 as possible. If your child
 should contract the disease be-
 fore he is immunized, take him
 to the doctor at once. He can
 administer shots that help to
 reduce the severity of the ill-
 ness. A reliable drugist can
 supply your doctor with the
 serum.

Miss Betty Thurmond Honored With Party

Entertaining in honor of Miss Betty Thurmond, bride-elect, Mrs. Tom Williams and Mrs. P. A. Rowland were hostesses at a party and miscellaneous shower at the home of Mrs. Rowland on Elm Avenue Friday evening.
The rooms of the Rowland home were attractively decorated with white gladioluses and fern to form a color scheme of green and white in keeping with the St. Patrick's Day theme. Small green Irish flags were also used to decorate the party rooms.
For excelling in the guessing contest Mrs. Laurine Beal and Mrs. J. Brodie Williams were presented with prizes. A large assortment of gifts, beautifully wrapped, were presented to the honoree, after which refreshments further carrying out the chosen color scheme, were served.
Those invited to be with the honoree and hostesses were: Mrs. J. P. Thurmond, Mrs. R. A. Furtrell, Mrs. J. H. Anderson, Jr., Mrs. D. K. McNab, Mrs. J. B. Crawford, Mrs. Maude Williams, Mrs. H. E. Whitten, Mrs. Brodie Williams, Mrs. Laurine Beal, Mrs. C. Lynn, Mrs. W. L. Stouder, Mrs. Frank L. Woodruff, Jr., Mrs. Bart Galletta, Mrs. Turner Lodge, Mrs. Alvin Odham, Mrs. Hubert Smith, J. V. Jones, Mrs. A. D. Rountree and Miss Saide Williams.

Seminole Rebekahs Meet Thursday Night

Mrs. Fred Myers, district deputy president of District 10 of the Rebekah Lodge, presided at the meeting of District 10, which was held in conjunction with the regular meeting of the Seminole Rebekah Lodge No. 43, held in the L. O. O. F. Hall on Thursday evening.
The meeting was opened by Mrs. H. L. Moore, Noble Grand of Seminole Rebekah Lodge. The biblical story of Rebekah was given by Mrs. Loretta Heltz of Orlando Lodge No. 42. A drill was given by Lucerne Lodge No. 36. Readings were given by Mrs. Cleith Carnes of Benevolence Lodge No. 23, St. Cloud, and Mrs. W. D. Thornton of the local chapter.
The hall was decorated for the occasion with flowers in the colors of green and white to emphasize the St. Patrick's Day theme. Refreshments also carried out the color theme of green and white. Mrs. J. Brodie Williams presided at the punch-bowl during the refreshment hours.
There were 31 visitors present. Members from Sanford included: Mrs. Myers, Mrs. Moore, Mrs. Ann Ribow, Mrs. F. R. Jones, Mrs. W. C. Lynn, Mrs. E. H. Cordell, Mrs. Joe Kuke, Mrs. Elizabeth Hannum, Mrs. George Ewan, Mrs. Charles Cole, Mrs. Thornton, Mrs. H. B. Burnett, Mrs. W. B. Beecher, Mrs. Williams and Mrs. D. C. Howard.

Longwood By A. PIERPONT MENICK

The musical evangelists, Rev. and Mrs. Clarence Batts, were a delightful feature at the Baptist Church Wednesday night. Their music and addresses went straight to the hearts of the audience. Vibes, harp, sleigh bells, musical saw and marimba were brought to town in house trailer and truck. The speakers were entertained at a dinner by Deacon and Mrs. B. R. Gray.

Schools To Have Poetry Contest

Elementary students in Florida schools, either public or private, are invited to compete for a poetry prize of \$15 in a contest sponsored by the Laramore-Readers Poetry Group of Miami. This contest is being offered for the purpose of stimulating interest throughout the state in Florida Poetry Day and encouraging the creative ability of the young people of Florida.
The \$15 prize is offered for the best original and unpublished poem of 20 lines or less, written by an elementary school student enrolled in one of the first eight grades. Entries must bear the name, address, school and grade of the author and must be mailed to Mrs. Ruth S. Lopez, 1609 South West Tenth Street, not later than April 1. The author should keep a copy of his poem.
The prize money is provided by the student publication of the new Melrose School of Miami. Awards will be made on Florida Poetry Day on May 28 and several of the high-ranking poems will be read during the traditional Florida Poetry Day radio broadcast given by Mrs. Vivian Laramore Reader, the poet laureate for the state of Florida.

Seminole Hit By BOBBY PARK

The students mustered all possible strength and cautiously assembled in the auditorium. The evidence that the Student Council had gathered concerning the Sadie Hawkins day venture. It was worse than expected. Mr. Tyler with his camera had actually taken movies of the major events of the day and nearly every student was being photographed by her Sadie Hawkins' Day outfit.
After promises by the Student Council that the films would be kept out of the hands of unscrupulous characters who might attempt blackmail, the rush for the cameras subsided and by the end of the film everyone was enjoying the picture despite numerous whippers. "That can't be me!" "Do I really look like THAT?"
A film on the football boys was shown, but the real highlight of the film came when Mr. Tyler's camera's watchful eye caught the scandal of the century. In an attempt to beat the seniors and sophomores in the tug of war the unprincipled juniors and freshmen tied their end of the rope to the horn of a saddle, which by mere chance was upon a very live horse. Since it is quite clear that the dignity of the seniors still stands tall and proud next to her sister class, the sophomores, there will probably be another tug of war.
In a sixth period Friday the Navy showed a film concerning the defeat of the Japanese. The picture was highly educational and explained the principles of naval tactics and the necessity of a strong armed force. Because the students were attentive and because of the thoroughness of the narrator the film should have proved beneficial to every student who was able to attend the showing.

Frances Mahoney To Wed Hazel B. Henley

Mr. and Mrs. Andrew R. Mahoney announced today the engagement and approaching marriage of their daughter, Frances Elizabeth, to Hazel B. Henley, son of the late Mr. and Mrs. H. B. Henley of Arlington, Ky., and nephew of the late L. C. Page of Leesburg.
Miss Mahoney is a native of Sanford and received her early education in Sanford schools after which she attended St. Joseph's Academy in St. Augustine. She also attended the Massoy Business College in Jacksonville after which she was employed by the First National Bank in Orlando. For the past several months she has been working with Central Florida Foods, Inc.
Mr. Henley attended schools in Arlington and following his graduation from the Adolphus High School he resided in Leesburg where he was associated with the Page-Thomas Funeral Home with his uncle. During the recent war he served with the Army Engineers for five years. Three years of which were spent in the Aleutian Islands and Alaska. He came to Sanford about a year ago and is associated with the Central Florida Production Credit Association.
The wedding will be an event of April 7 and will be performed by Father William Nachtrab at the All Soul's Catholic Church rectory.

FASHION NOTES BY DOROTHY ROE

Associated Press Fashion Editor
There's more to a suit than just a skirt and jacket. An important part of the picture is the blouse, chosen to harmonize or contrast, to supply a softening foil or accent the severity of a tailored line. One New York designer feels so strongly on the subject of mismatched suits and blouses that she refuses to sell a suit without a blouse designed especially to go with it.
This spring the blouse picture is varied. Biggest selling item is the simple blouse in white rayon crepe, both because of its low cost and the ease with which it may be laundered. Rayon crepe stays white after many launderings—and this is important, too. Another popular blouse fabric is one-dollar spun rayon, which looks like handkerchief linen and launders just as simply. This spring the versatile fabric is being shown in gay prints, which supply a note of color to neutral-toned spring suits.
In the fully department there are georgettes, chiffons and organzas, in white and pastels, usually lace-trimmed and befrilled. These supply a dainty finishing to a simple suit dress it up for such occasions as the Easter Parade.
You'll be seeing blouses of taffeta, faille and rayon jersey this year, too, all in the dressy category, and often in overblouse

Miller And White Kennels Lead Way At Sanford Track

The J. E. Miller and Floyd White kennels continued to top the list in greyhound victories at the Sanford-Orlando Kennel Club. It was announced today by Wm. B. Manderson, publicity director. At the conclusion of 19 weeks of running the Miller and White kennels were deadlocked with a total of 42 wins each.

Rounding out the top bracket in order were Ed Willard, Leonard Hallert, V. P. Spradling, H. B. Williams, R. J. Crouch, and Bob Skelton.

Tonight's program of 10 events will complete two-thirds of the 1948 season which is scheduled to close Apr. 19.

Featured in tonight's "hot box" which event will be Grand Red and Jess Greenleaf, the two greyhounds that ran one-two last Friday night to return a quiniela payoff of \$272.60, the largest combination refund last week.

The call to post for the opening event will be sounded at 8 P. M.

Stetson President Says Football Can Remain Vital Part Of School

DELAND, Mar. 15 (Special)—Intercollegiate football can remain a colorful spectacle and a vital part of the physical education program without subsidizing the sport, J. Bill Edmunds, president of Stetson University, told the Deland Quarterback Club this week.

President Edmunds based his statement on observations made last week in Birmingham when he and W. S. Cowell, Stetson director of physical education, attended a meeting of nine southern colleges which are seeking to establish a conference to maintain intercollegiate athletics on a non-subsidized basis.

"I believe the action taken at Birmingham reveals a growing sentiment among educators of the South that intercollegiate football can be made a vital and colorful part of the education program without the problems that arise by reason of subsidizing football," President Edmunds said.

14 New Players Are On Hand For First Drills, No Hold-over Players Here

By ARTHUR BROWWITZ, JR., Herald Sports Editor

Fourteen players selected by Manager Hal Gruber as he called the first spring drill of the 1948 season for the Sanford Giants entry in the Florida State League at the New York Giants farm club training base at the local Municipal Airport site this morning.

Gruber has not heard from any of the 1947 hold-overs on the squad at the beginning of the week this morning, but was hopeful that a few of them would turn up for the afternoon session.

Two right-handed hurlers, two left-handed pitchers, one catcher, two infielders and four outfielders have reported and were ready to get down to the grind of the early conditioning work. All players reporting were signed from the Giants baseball school held at the Airport last month.

Gruber reported there are several fellows here on a try-out basis and that they will be given a good opportunity to show what they can do.

The Sanford skipper stated that a meeting at the field each morning at 10:00 o'clock, lunch on the field at noon, with practice lasting until 3:00 o'clock or "possibly a little later" in the afternoons.

"The men will be allowed to have free time until 11:00 o'clock at night and lights will go out in the quarters at 11:30 o'clock for the day."

"We have a lot of work to do to get ready for the season, because I realize that we are going to have a group of young inexperienced players to open the season. I also know that most of the other teams will have fairly experienced ball clubs, that will mean trouble for us at first," Gruber stated.

"I can tell you one thing. We are only going to have fellows here who want to play ball, there is going to be none of this half-in business. We are here to do a job, and we are expecting our men to give their best. I want a hustling club, and if possible, that is just what we are going to have in Sanford for the 1948 season," he added.

"Right now, I cannot say a thing about the club. We do not know enough about any of the boys to make any kind of prediction. We will probably have to await the opening of the regular season to see how the boys react under fire before we will settle our starting nine," he added.

Bill Steinecke, manager of the Deland Red Hats, was in town Saturday looking around and stopped by the office to chat with us for a while.

Bill said that he has purchased a part interest in the Suffolk entry in the Class B Virginia League.

"I'm not looking around for several players for the team," he said.

When asked if he has any prospects for the coming season he said, "Yes, quite a few."

Bill stated that Cleveland has several of their farm clubs training at the former Suffolk Naval Air Station, and that they are expecting to get a good bit of help from the Indians.

Steinecke has just completed a tour of the country with the House of David basketball quintet. He stated that he played his last game with them on Feb. 28 in Nashville.

Steinecke was in Sanford looking for Dave Hride, 1947 center fielder for the Sanford Celery Feds. Hride is now a free agent, Steinecke stated.

"I was down in Ft. Lauderdale yesterday and picked up a couple of good-looking prospects," Bill added.

"I would have liked to have gotten the Sanford club last year, but I couldn't," he asserted.

"I had a man to buy the club. He was worth a cool million bucks, too," he added.

"Sanford would have done well if they could have had that man last year," he declared. "But, I guess you are as well off with the Giants taking over the club as you would have been if my man had," he added.

The Florida State League will miss the girations of the fabulous Steinecke this year. We will all remember the 1947 contest over the left field wall by sending

Training Camp Notes

By ASSOCIATED PRESS

ST. PETERSBURG, Mar. 15 (AP)—The New York Yankees have the baseball experts second guessing themselves today.

Before the start of spring training the experts figured the Boston Red Sox as shoo-ins to capture the American League pennant due to the acquisition of some grade A talent from the St. Louis Browns.

However, the Yanks are burning up the Grapefruit League while the Sox are stumbling along. The Yankee pitching is especially hot.

Yesterday the Yanks met the favored Red Sox for the first time and took them into camp, 5-2, in ten innings with Joe DiMaggio's 350-foot three run homer breaking up the game.

It was the first time that Joe McCarthy, former Yankee boss and New Red Sox mentor, master-minded against his old club.

WEST PALM BEACH, Mar. 15 (AP)—In order to make room for another pitcher, Manager Connie Mack of the Philadelphia Athletics says he is "seriously considering" transforming Carl Schiefel into an outfielder. The A's boss said such a move would increase competition among the farmhands to fill the mound spot.

CLEARWATER, Mar. 15 (AP)—Curly Simmons, the Philadelphia Phillies' young pitcher, gave such an impressive performance yesterday in the Phils' 9-1 victory over the Detroit Tigers he had the opposition "shaking" and "shaking."

ST. PETERSBURG, Mar. 15 (AP)—The Detroit Tigers called on Lefty Hal Newhouse today, hopeful of getting back over the .500 mark in the Grapefruit League at the expense of the St. Louis Cardinals.

PASADENA, Calif., Mar. 15 (AP)—Manager Ted Lyons says Rookie Outfielder Gerry Scala has a good chance to stick with the Chicago White Sox.

ORLANDO, Mar. 15 (AP)—The Washington Senators have a new pitching hopeful in 19-year-old Ramon Garcia, a Cuban who can't speak English. He handcuffed the Philadelphia Athletics for five innings in his debut yesterday. He gave up no runs, surrendered only one hit and walked only one man.

CIUDAD, Trujillo, D. R., Mar. 15 (AP)—Rookie outfielder Dick Whitman's hustle has impressed Brooklyn Dodger President Branch Rickey.

PASADENA, Calif., Mar. 15 (AP)—Pittsburgh's veteran left-hander Fritz Ostermuller, was scheduled to make his first start today when the Pirates play the Chicago White Sox.

Sports Roundup

By HUGH FULLERTON, JR.

BRADENTON, Mar. 15 (AP)—When the Boston Braves opened spring training here, the local newspaper made quite a splash about it, including a big picture of manager Billy Southworth.

Earl Torgerson, the solemn-looking, bespectacled first baseman took one look and walked over to Southworth and offered congratulations.

"Kid," he said, "to his 55-year-old boss, 'you're coming along all right. I think maybe you'll make the grade.'"

"Of course, when you've been in the game as long as I have, you'll be used to such things, but that's pretty good for a youngster."

"How long have you been in baseball, Torgy?" inquired a teammate.

"Four years," Torgerson replied. "Torgy" who calls himself "the last of the ping bodies," is the Braves' semiofficial comedian and pepper-upper.

His easy, natural way of getting off cracks keeps his teammates in a pleasant mood, and even if he couldn't field and hit, he probably would be worth his salary.

A Howard Coward

The Braves have another fair comedian, pitcher Red Barrett, but as a Boston writer explained: "Red is good some and dance man; Torgy is natural." Barrett worked for a few weeks once as M.C. at a Boston night spot, then received a \$500 weekly offer to appear at the old Howard theater, Boston's famous burlesque house.

Red turned it down flat with this explanation: "If I worked there, all next season the fans would be hollering, 'Take it off, take it off, take it off!'"

The Braves' Tommy Holmes, who has been pretty much a punch hitter the past two seasons, is swinging for the fences again this year.

When Rudy York, whose neglected cigarette caused a fire last summer, appeared the Athletics clubhouse, the other A's presented him a hand fire extinguisher.

Dick Wakefield has been running around Lakeland with a "for sale" sign on his hip, with a car. "After the pay cut I took, I can't afford to keep it," Dick explains.

After watching the Braves' Alvin Dark round first base and take off for second in an exhibition game the other day, Hank Sawyer of the Reds commented: "I know what I got my hands on the ball out there. I'm not going to wait, I'll get it in as fast as I can."

White salt made from rock salt is usually classified as boiled or fine, table, lump, stove, lump, superfine, basket, butter and cheese salt, unboiled and common chemical, fishery, extra fishery, double extra fishery and hay salt.

Cage Tourneys Reach Peak In Next Six Days

NEW YORK, March 15 (AP)—Basketball tournament activity reaches its peak during the next six days. By Saturday night the U. S. Olympic tryout field will be completed.

Around 60 games will be played on such scattered fronts as New York, Kansas City, Brooklyn, Denver and Berkeley, Calif.

The University of Louisville won the grueling 32-team NAIT Tournament in Kansas City Saturday night to become the first quintet to qualify for the Olympic tryouts in New York, March 27, 29 and 31.

The winner of the National Invitational Tournament in New York Wednesday night will become the second team. And then on Saturday night the final six clubs will be determined. Three will come from the National A.A.U. Tournament in Denver, and one each from the Western N.C.A.A. playoffs in Kansas City, the Eastern N.C.A.A. playoffs in New York, and the National Y.M.C.A. Tournament in Brooklyn.

It has been estimated that at any given time one in every four Americans needs some kind of medical attention.

Bill Steinecke, manager of the Deland Red Hats, was in town Saturday looking around and stopped by the office to chat with us for a while.

Bill said that he has purchased a part interest in the Suffolk entry in the Class B Virginia League.

"I'm not looking around for several players for the team," he said.

When asked if he has any prospects for the coming season he said, "Yes, quite a few."

Bill stated that Cleveland has several of their farm clubs training at the former Suffolk Naval Air Station, and that they are expecting to get a good bit of help from the Indians.

Steinecke has just completed a tour of the country with the House of David basketball quintet. He stated that he played his last game with them on Feb. 28 in Nashville.

Steinecke was in Sanford looking for Dave Hride, 1947 center fielder for the Sanford Celery Feds. Hride is now a free agent, Steinecke stated.

"I was down in Ft. Lauderdale yesterday and picked up a couple of good-looking prospects," Bill added.

"I would have liked to have gotten the Sanford club last year, but I couldn't," he asserted.

"I had a man to buy the club. He was worth a cool million bucks, too," he added.

"Sanford would have done well if they could have had that man last year," he declared. "But, I guess you are as well off with the Giants taking over the club as you would have been if my man had," he added.

The Florida State League will miss the girations of the fabulous Steinecke this year. We will all remember the 1947 contest over the left field wall by sending

Folds Open Mart Features Variety Of Fresh Produce

"Always Fresh" is the motto of the Folds Open Air Produce Market, located at the corner of Magnolia and Third Street, and operated by Harris Folds. The Frigidist Air Cooled vegetable stand, where a large variety of vegetables are attractively displayed, is the only one of its kind in Sanford. At intervals ice water is automatically sprayed over the vegetables, keeping them fresh and crisp at all times.

Mr. Folds, who purchased the market from Mr. Stacy about nine months ago, is assisted in the business by Frank Wireman. Occupying a space 80 feet long and approximately 20 feet deep, large graduated stands run the full length where fruits and vegetables form a colorful array.

In addition to fruits and vegetables, local poultry and eggs are also sold. Locally grown products direct from farm to market are sold year round. Mr. Folds does his own hauling and buying, often visiting out of state markets to assure a large assortment of fresh fruits and vegetables at all times.

of timely and decisive action. "Should we fail to continue our efforts, the consequences would be swift and tragic and they would not be confined to Greece."

Meanwhile the State Department said that if Italy goes Communist she will get no further economic aid from the United States. A statement emphasized that this means the Italian Communist Party would be the one to decide whether to shut Italy off from American aid.

Italy has been receiving help under the Emergency Foreign Aid Program and is down for aid under the so-called Marshall Plan. Michael McDermott, press officer, made the announcement on what will happen if Italy goes Communist in the elections next month. He said Senate debate on the \$5,300,000,000 European Recovery Program made it clear the Senate opposes aid to any Communist-dominated country.

"The Communists in Italy have said they don't want the European Recovery Program," McDermott added. "If the Communists should win—which we can't believe will be the case, knowing the spirit and feeling of the Italians—there would be no further question of assistance from the United States."

The following Sanfordites have been appointed on committees completing arrangements for the game: Charles Morrison and Roy Holler, tickets; George Touhy, negotiations with the Senators for a Washington team; R. L. Dean and Arthur Beckwith, publicity; Lester Tharpe and Dr. L. T. Doss, press and public relations; A. L. Lyons, civic clubs; B. F. Ganas, Lyons, civic clubs; Andrew Stine and Randall Chase, Rotary Club, and John Krider, Kiwanis Club. Julian Stenstrom will announce the game on the public address system at the park.

City Manager H. N. Sayer and Superintendent of Parks Sidney Richard have agreed to arrange seats and to rope off sections of the Municipal Park. Police Chief Roy Williams and Sheriff P. A. Mero have offered the assistance of their departments.

"We are indebted to Mr. Goff, who has done a wonderful job in assisting in securing Ruth's appearance here," Mr. Higgins stated. "We also want to thank Jimmie Chapman and the Ford Motor Company for adding this stop to their itinerary."

Coal Strike

production is sold on the open market, began to shut. The giant Pittsburgh coal company reported at least nine or 10 mines closed. Owners of some independent mines expected the movement to spread.

Walkouts started in other leading coal states—West Virginia, Ohio, Kentucky, and Illinois. An early check showed at least 5,000 miners estimated 25,000 united mine workers idle. Miners said the walkouts backed up demand of Lewis, president of the United Mine Workers, for \$100 monthly pensions for miners.

Two hundred and ten miners reported this morning to a Frick pit at nearby Bridgeville but returned home. The firm's mine at Muse, Pa., a few miles distant, did not open. The Bridgeville pit produces about 1,800 tons daily; the Muse operation about 5,000 tons.

The Bridgeville diggers milled around the mine lamp house but made no attempt to obtain their working lights.

Music Box Affords Variety Of Sheet Music And Records

Music lovers in Sanford do not have far to go to find an assortment of sheet music and their favorite records, for the Music Box at 119 West First Street is well stocked at all times with these items. The store is a favorite spot with the younger set, for they can go there and play the piano, listen to the radio or play their favorite records, always sure of a warm welcome from Mr. and Mrs. Billy Winn, owners.

Mr. and Mrs. Winn are assisted in running the store by two employees. A radio repair department connected with the store is operated by Emerson Brown, who is also chief engineer for Station WTRR. Admiral and Arvin radios are sold at the Music Box, which also specializes in 4-conditioned pianos.

Agents for the Wilcox-Gay Record, the Music Box carries a complete line of accessories for musical instruments, recording supplies, blank records, recording needles and play back needles.

Mr. and Mrs. Winn came to Sanford from Orlando and opened the Music Box in the Princess Theater Building in June, 1945. They moved to their present location about a year ago. Mr. Winn served with the U. S. Army for four years.

Downtown studios for Station WTRR are in the Music Box, broadcasting directly from the store a regular scheduled program every Saturday afternoon from 2:00 to 3:00 o'clock. It is planned to add other programs in the near future, stated Mr. Winn.

Cauliflower at a \$2.72 crate average returned \$5,943. Grapefruit at \$1.73 brought \$7,153. Iceberg lettuce at \$3.66 a crate returned \$7,389. Peppers soared to \$7.46 a bushel hamper but only 938 hampers were sold. Eggplant, with 132 hampers sold brought a \$6.77 average. Cucumbers were up to \$8.00 a hamper average with only 160 units sold. New York potatoes were the biggest import with 404 of the 100 pound sacks selling for \$4.29 a unit. Total imports were valued at \$1,249.

Sec. Forrestal Says Defenses Are In Accord

Branches Of Armed Services Arrive At Agreement On Duties, Functions

WASHINGTON, Mar. 16 (AP)—Secretary Forrestal announced today the general accord of the Army, Navy and the Air Force chiefs for national defense. As stated by Secretary Forrestal at a press conference last Wednesday, the points discussed (at Key West) were subjects in an area of disagreement between the armed services upon which the joint chiefs of staff had not been able to reach a determination. Secretary Forrestal said that a general accord was reached in all these areas and a number of basic decisions affecting the assigned functions, duties, and responsibilities of the three services were reached during the meetings. The substance of these decisions, which affect the long-term development of procurement programs for the Army, Navy, and Air Force will be made public when they have been formalized and expressed in specific language and approved by the President.

Forrestal's aides said that the phrase "procurement program" means aircraft, weapons, and other equipment. They said it does not include the question of allocating manpower between the three forces. This may have been a subject of discussion on past nights.

Anxious Congress Awaits Truman's Report On Affairs

LONDON, Mar. 16 (AP)—Diplomats and newspaper forecasters tonight said President Truman would give Russia a plain and positive warning tomorrow in his Communist expansion. Belief was expressed that the chief executive would extend his policy of combatting the spread of Communist influence and that the extension would go beyond the present limits of economic aid for shaky democracies.

WASHINGTON, Mar. 16 (AP)—A troubled Congress awaits President Truman's report tomorrow on world conditions amid speculation of stepped-up Russian pressure on non-Communist Europe. The chief executive has his own counsel. He did not say what caused his sudden decision to address a joint session of the Senate and House at 12:30 P. M. on St. Patrick's Day. The White House simply announced that Mr. Truman will discuss the "foreign situation."

General Hutchison Urges Preparedness

Brig. General J. C. Hutchison was the guest speaker last night at a meeting of Group Two, 36th Organized Reserve Composite Group, at the Tourist Center and urged an awareness on the part of the American people to the necessity of proceeding the priceless heritage of liberty and the freedoms that have made this a great country. The meeting was in charge of Major Alexander S. Wright of DeLand, with Major Bolton S. Pierce, Unit Instructor, assisting.

The assembly of enlisted men and officers of the unit was held in the prominent Sanford general store to discuss the trends in world affairs from 1939 to Pearl Harbor and say that the country today is far less prepared than it was then. "In 1939 when I pointed out the hazards involved in our unpreparedness and urged their correction," General Hutchison said, "I was called a war-monger, and I suppose that those of us who are still interested in seeing our country maintain sufficient strength to preclude the possibility of another Pearl Harbor episode will again be called war-mongers. None of us likes war, but experience should have taught us that the best way to avoid it is to be prepared for it."

REN. SHANDS TALK Senator W. A. Shands will speak in Sanford at 7:30 P. M. Wednesday instead of 8:00 P. M. as previously announced. It was learned here today. The meeting will be held on the corner at First Street and Hamilton Avenue and all citizens of Hamilton County are invited to hear his address.

Man Who Fired On Catholics Is Committed To Mental Hospital

NEW YORK, Mar. 16 (AP)—Bubly-haired Marko L. Markovich stared unmoved today as he was committed to Bellevue Hospital for observation for firing into a crowd of parochial school students yesterday, killing one boy and wounding six others.

Handcuffed and guarded by two detectives and two uniformed policemen, the tall, thin Markovich gripped a grey fedora hat with a bullet hole in the crown as he was led before Chief Magistrate Edgar Bromberger in felony court.

He listened intently as a short affidavit charging him with homicide was read. The 44-year-old prisoner displayed no emotion as the prosecutor asked for a Bellevue Hospital psychiatric examination and to have a court physician who examined Markovich last night found him a psychopath. The man's black hair, graying at the temples, was ruffled. His grey suit was badly wrinkled and his blue shirt was faded.

"He has no remorse, apparently, for what he did, and he feels he did the right thing," Assistant District Attorney Henry N. Whitney said after the arraignment.

Markovich, who is Serbian-born, told authorities after his capture that he became imbued with a wild urge to "kill Catholics."

"They killed my son. They killed my son," he told police. The attack, which plunged the busy Columbus Circle area into an uproar, took place shortly before 3:00 P. M. outside an armory where Catholic students of Power Memorial Academy were rehearsing for tomorrow's St. Patrick's Day parade.

James Wright Is Elected Head Of American Legion

John Sauls And J. O. Galloway Named As Vice Commanders

James Wright, executive of the Ox Fibre Brush Company, was elected commander of Campbell-Lossing Post 53 of the American Legion last evening to succeed James Singletary, who declined to run again. Retiring Commander Singletary was commended by H. B. Pope as having been "a very good commander" and was given a rousing vote of thanks.

In a noisy session marked with much good natured heckling and motions and counter motions, John Sauls was elected as first vice-commander and James Q. Galloway as second vice-commander. Efforts to name an "honorary" third vice-commander failed, due to the fact that no such official is named in the Post's by-laws.

R. W. "Bob" Deane was re-elected as finance officer and Capt. Earle T. Loucks as historian. The Rev. Douglas Charles of the First Presbyterian Church was elected chaplain and Frank Takach as sergeant-at-arms.

An executive committee was elected and included: R. A. Cobb, J. Q. Galloway, Pat Johnson, John Pope and Chester Miller.

Ned Smith expressed confidence that Sanford will be named as the site for a permanent Legion Department memorial building, and read a brief which will be presented by the local posts delegation at the coming State Legion convention at Panama City, outlining the geographical and other advantages of Sanford as a site for the headquarters. He also reviewed the offer of the City to the Legion of the 240 by 375 foot site now occupied by the softball diamond on the (Continued on Page Three)

AIRLINER FOUND RIO DE JANEIRO, Mar. 16 (AP)—Wreckage of an airliner lost since Saturday was found today near Juqueri with all six persons aboard dead.

One of the two passengers was Albert Binder, of Brooklyn, N. Y. who had been in business here several years. The other four were crewmen.

A PROCLAMATION BY THE MAYOR OF THE CITY OF SANFORD DESIGNATING "BABE RUTH DAY" IN THE CITY OF SANFORD, FLORIDA.

Whereas, the city of Sanford will be honored on Mar. 17, 1948 by a visit by Babe Ruth, who is affectionately known to millions of baseball fans as "KING OF SWAT" and on said date the Washington Senators will play a game of baseball at the Municipal Ball Park with the Minnesota Millers, who are training in Sanford, the game to be called at 4 P. M., and the net proceeds will be given to the Fernald-Laughton Memorial Hospital.

Therefore, I, Robert A. Williams, as Mayor of Sanford, Florida, do hereby, proclaim Wednesday, Mar. 17, 1948 as "BABE RUTH DAY," and do hereby request the places of business in the City of Sanford to close at 8 P. M., on said day and all of the people of the City of Sanford to attend said ball game.

U. N. Report Expects Chaos In Holy Land

Security Council Is Warned Of Strife When British Leave; Czech Probe Slated

NEW YORK, Mar. 16 (AP)—The United States, Russia and France agreed in principle today that a threat to peace exists in Palestine. The big powers did not reach a final agreement on recommendations to the United Nations Security Council, however, because China had some reservations on the wording of a proposed resolution.

NEW YORK, Mar. 16 (AP)—The United Nations Palestine Commission today predicted strife, bloodshed and chaos in the Holy Land this spring.

The five-nation commission charged with carrying out partition of the Holy Land sounded this warning in its second monthly report to the Security Council, released here and at Lake Success.

The document was circulated to delegates at the big powers staked their hopes for peace in Palestine on Jewish and Arab acceptance of true proposals. After 10 days of apparent fruitless consultations, the big nations yesterday appealed to both sides to lay down their arms pending new effort to solve the Holy Land's troubles. Conditions are steadily deteriorating on Page Three

Monroe H. Smith Offers Candidacy For County Board

Monroe H. Smith, county superintendent of the County Home, today announced his candidacy for the County Commission from District No. 1. Mr. Smith has been a resident of the County Home for approximately 27 years, and was superintendent of the County Home for 10 years. A native of Delaware, he came here in 1932 from Georgia, where he lived a number of years. He is a member of the Methodist Church and the Chamber of Commerce and has never before sought any elective office. He lives with his wife at his home at 201 East Eighteenth Street.

In making his announcement he said: "I have been a resident of Sanford County for approximately 27 years and for 10 of these years I have served the county as superintendent of the County Home. During all of that time there was no unfavorable criticism of my administration of that position."

"I have kept in close touch with county affairs and their administration by the County Commissioners and I know the problems of the County and feel that I can contribute to their proper solution. I will favor economy in the administration of County affairs and the expenditure of the public funds. I believe that by economy we can effect a reduction in taxes, and I will work to that end. "I will appreciate your support of my candidacy."

Funeral Rites Held For Mrs. Matthews

Funeral services for Mrs. Emma Matthews, 64, resident of Sanford for the past 27 years, who died Sunday after a one year illness, were held this afternoon at 3:30 o'clock at the Erickson Funeral Home with the Rev. Mark Carpenter officiating. Interment was in Lake View Cemetery.

Survivors include the husband, C. L. Matthews, Sanford; three daughters, Mrs. Frank Akers and Miss Harriet Matthews, both of Sanford and Mrs. Lety Tastinger of Atlanta, Ga.; four sons, James P. Holtzclaw, Sanford; Charles E. Holtzclaw, Palmetto; Richard H. Holtzclaw, New York City, and Britt S. Holtzclaw, Elizabeth City, N. C.; five sisters, Mrs. Carrie Draper, Mrs. L. S. Harkey, Mrs. Mable Alexander, Mrs. E. G. Simpson and Mrs. R. F. Cole of Sanford and one brother, Philip J. Allen.

NO HEAT FOR KING LONDON, Mar. 16 (AP)—Strikers deprived the King, Queen and Dowager Queen Mary of central heating and running hot water today for the second day in a row.

NORWAY DEFENSES OSLO, Norway, Mar. 16 (AP)—Parliament voted 100,000,000 kroner (\$20,000,000) today to strengthen Norway's military and civil preparedness. Only 11 Communist and one Laborist opposed the bill.

Oleo Tax Bill Is Shelved By House Group

GOP Launches Drive To Pass Local Option Rent Control; Debate On Tax Cut

WASHINGTON, Mar. 16 (AP)—The House defeated 117 to 29 today a proposal to roll back to June 30, 1939, and roll back many increased rents to their wartime OPA levels.

WASHINGTON, Mar. 16 (AP)—The House Judiciary Committee approved a proposed constitutional amendment to permit election of the President and the Vice President by popular vote. The proposal is in the form of a resolution introduced by Rep. Gossett (D-Tex.). It must be approved by the House and the Senate and be ratified by at least 36 states before becoming effective.

WASHINGTON, Mar. 16 (AP)—The House Agriculture Committee voted 16 to 10 today to shelve all legislation to repeal federal taxes on oleomargarine.

Chairman Hope (R-Kans.) said: "This bill legislation to repeal these taxes at this session of Congress."

What it means is that the committee won't send any repeal bills to the floor where House members could vote on them. Some members favoring repeal indicate, however, they will try to get a bill to the floor by a discharge petition. This would require signatures of 218 House members. Whether their signatures can be obtained is doubtful.

Meanwhile, Republicans lined up to ram through the House a "local option" rent control bill. Assailed by Democratic opponents as a control measure "in name only," the bill would take the power to raise rents or lift ceilings away from Washington and give it to local boards nominated by the governors.

Republicans contended that local problems are better understood locally, and they can best handle tenant-landlord problems. Fees of the bill claimed some (Continued on Page Three)

Reds Seek To Change Czech School System

PRAGUE, Mar. 16 (AP)—Czechoslovakia's Communist controlled government set out today to change the Czechoslovak school system with a work or study rule for 15-year-olds. The Communist Education Minister Zdenek Nejedlik announced the new program last night at the present time in Brno. He said religious schools will not be affected.

Nejedlik said there will be compulsory kindergarten for children from five to six; a lower grade school for the age of 11 and a state high school for those up to 15. At 15, those who cannot pass strict scholastic tests will have to go to work in trades or industry. Those who pass will continue to higher education, the minister said.

BOOKIES OPERATE MIAMI, Mar. 16 (AP)—Bookies were operating "underground" here today. Date County Sheriff Jimmy Sullivan sent his men out to William Watson, secretary of the State Racing Commission, arrived on the scene.

WATSON said he provided the sheriff with a list of names and addresses of 35 known bookies two weeks ago, and declared up until the present time, none of them had been raided.

Seven men were reported arrested in Miami and one in Miami Beach on bookmaking charges yesterday.

LOTTERY ARREST Bond of \$201 put up by Jean Harden, operator of a grocery at Fifth Street and Cypress Avenue, following arrest Saturday on a charge of possession of lottery tickets, was extracted in City court Monday.

CHILD BRIDE ASHLAND CITY, Tenn. Mar. 16 (AP)—Tennessee has a new 12-year-old child bride, it was disclosed today. She is Mrs. Cosette Morris Boyd, pretty, seventh-grade grammar school student who eloped 11 days ago with Elmer Boyd, 20-year-old farm hand.

Steel Industries Will Be First To Feel Effects Of Coal Strike

PITTSBURGH, Mar. 16 (AP)—The flow of coal to this capital came to a dead stop today as thousands more bituminous miners joined the "pensions walkout" of the United Mine Workers. More than 250,000 miners, or 65 per cent of the nation's 400,000 soft coal diggers, were idle in the two-day coal stoppage. They seek \$100 monthly pensions for veteran miners.

NEW YORK, Mar. 16 (AP)—Steel enterprises probably will be the first industry to feel the effects of the soft coal walkout. There is a possibility that some mills may have to curtail production within 10 days. Others are in a position to operate normally for several weeks.

R. E. Hesse, president of Appalachian Coal, Inc., estimated at Cincinnati that an average of about 45 days' coal for industry purposes on hand. Appalachian House said it is about for 50 coal producers and sells 10,000,000 tons of high volatile fuel annually.

The extent to which the walkout spreads, the length of time it lasts, the size of the stock piles at the mills, and the gauges of the effect the "holiday" will have. When soft coal stops flowing to the coke ovens of the steel mills, the job is left to automobile producers, home appliance manufacturers, building contractors and innumerable other industries.

The need for steel runs from the products of hospitals to the manufacturer of hair pins and razor blades.

Almost half the nation's soft coal miners quit yesterday to back John L. Lewis' demand for pensions. They laid down their picks and shovels at about a half a time for the steel industry just yesterday. The steel industry just yesterday announced to back out for itself another post-war production record for this week. Demand for steel is increasing. If the European Recovery Plan becomes law, the evening up of supply and demand will be delayed for months.

An industry spokesman gave a very general idea of coal stocks at the steel mills. Stock piles, he said, are perhaps not as hefty as during pre-war peacetime operations. But, he added, there is a little better than during some recent coal strikes. Normal procedure for the steel mills during a coal strike is to attempt an estimate of the length of the mine shutdown.

They have two courses open. They can run full blast and use a chance that the strike will be over before their coal supplies are exhausted. Or they can slow down production and stretch out their supplies.

There is no indication yet of what the steel mills may do in the current situation.

Danger Is Seen In Turkish Situation

WASHINGTON, Mar. 16 (AP)—American officials turned wary eyes toward Turkey today for signs of renewed Russian pressure. They read this meaning into an announcement that Moscow had named a new ambassador to Ankara but picked a young and vigorous Communist official for the post.

He is Alexander Lavrishev, known as a Kremlin trouble-shooter in the Balkans. A former ambassador to Bulgaria, Lavrishev recently was chief of the Soviet delegation on the United Nations Greek Border Commission.

TO THE SUPREME COURT WASHINGTON, Mar. 16 (AP)—A district court decision holding invalid the Taft-Hartley Act ban on union political spending headed today toward an early Supreme Court review.

The Justice Department said it will appeal directly to the high tribunal "as promptly as possible." There is scant opportunity when the Supreme Court's summer recess in June. Confident the lower court will be upheld, they said they hope the decision will come in time for unions to go ahead with 1948 campaign plans.

RAILROAD NEEDS CHICAGO, Mar. 16 (AP)—A railroad association executive said today that railroads must "plug back a sizable share of their earnings into improvements" to be prepared for national emergencies.

James H. Aydelott of Washington, vice-president of the association of American Railroads, said: "There is scant opportunity when a national emergency arises for the railroads to make any material progress toward the strengthening and expansion of their facilities."

West Germany Is Slated For Marshall Aid

Spanish Leaders Ask Spain Be Left Out Of Europe Plan Until Franco Ousted

PARIS, Mar. 16 (AP)—The European recovery conference voted unanimously today to include western Germany in the scope of the Marshall Plan.

Portugal's foreign minister, Jose Caires de Matos, proposed before the second and final general session of the conference this afternoon that Generalissimo Franco's Spain be included. He praised Spain as having made a great contribution to European culture and mentioned her "considerable agricultural resources." He approved the invitation to German representatives.

Meanwhile Spanish Republican leaders urged that Spain be kept out of the Marshall aid plan for Europe until a democratic regime displaces the Franco government.

Jose Maura, Washington representative of the called Republicans, filed the request with Secretary Marshall at the State Department.

Maura and Jaime Miravittles, Republican information director in New York, also urged that American private bankers turn down bids for loans to Franco Spain.

Maura told reporters he is confident Franco and France could reject a proposal by Portugal that Spain be brought into the European Recovery Program. Miravittles estimated Spain will need possibly \$3,000,000,000 to restore her economy.

Italy Adds 30,000 Army Men To Build Up Public Security

WASHINGTON, Mar. 16 (AP)—The Justice Department said today that Italian Communists Party never will be permitted to participate in the United States. It was passed by Congress Oct. 16, 1947, bars anyone from coming to the U. S. who believes in "overthrow by force or violence of the American government."

ROME, Mar. 16 (AP)—Italy has added 30,000 army men to public security forces and "can break any illegal attempt from the left" to seize power, Vice Premier Ferruccio Parri said today.

In the critical period which will follow the national elections of Apr. 18, the government will be in an even better position to meet any attempted revolt," said Paolucci, who is chief of the cabinet's public order committee.

In that period, the new government must be formed on the basis of the elections. Paolucci predicted the Communist-led popular front will not get a majority.

He said the coalition which now makes up the government will be continued to the post-election assembly. Communists do not participate in the present government of Premier Alcide De Gasperi, a Christian Democrat.

Troops, "moderately armed, trained in street fighting and rationally disposed about the country with due regard to danger areas," will aid police in guarding against rebellion from the left, Paolucci said.

Some observers said Communists had suffered a severe blow from the United States announcement that Marshall Plan aid will stop if Italy goes Communist in April.

KIWANIS SPEAKER H. R. KETZEL OF THE STATE REHABILITATION OFFICE WILL GIVE AN EDUCATIONAL PROGRAM AT THE KIWANIS LUNCHEON TOMORROW AT THE TOURIST CENTER ON RESTORING HANDICAPPED INDIVIDUALS TO USEFULNESS. Colored sound movies will be shown in connection with his talk, according to Earl Higgenbotham, Kiwanis chairman in charge of the program.

ALABAMA TORNADO FLORENCE, Ala., Mar. 16 (AP)—Approximately 75 houses were destroyed or badly damaged early today when a tornado struck East Florence. Clyde Anderson, business man, said 200 or more persons were homeless in the suburb and that property damage would exceed \$500,000.

PARTITION HURT JERUSALEM, Mar. 16 (AP)—Poles announced John Partiton was wounded here today in the Arab-Jewish fighting over partition of the Holy Land. They said Partiton is an Armenian, aged 76.
