

Real Mercedes' Be Shown Here

Hitler's personal armor-car, the "Great Mercedes," will be shown here at the annual tour of America, and will be presented in Sanford Thursday, Feb. 16 by Disabled American Veterans, Chapter No. 30.

Following the custom of dictating Hitler demanded the biggest and best for himself. The actual cost of building this car is incalculable, as the Mercedes-Benz plant in Stuttgart, Germany, at that time, used slave labor. In fact, it is a monstrosity, but mechanically a beauty. It is twenty feet long and weighs ten thousand pounds which includes two thousand pounds of one-half inch armor plate, and one-fourth inch bullet proof glass windows and windshield. The doors weigh five thousand each. Cruising speed is 30 miles per hour, and with the powercharger it will do better than 100 mph. The capacity of the fuel tank is 55 gallons and the car gets three to four miles per gallon of gasoline.

Compared to styles in this country today, the car is in the freak class, and must be seen to be appreciated. It was the pride and joy of "Der Fuehrer" and was the official State car for special occasions, such as the entry into a conquered city. Since he had to receive the "heils," it was made with a convertible top, and with the right front seat, which he used, folding back out of the way. The floor boards on the right front side are higher than the boards in the rest of the car. This gave Hitler the appearance of a taller man.

Fate has deemed that the very object of Hitler's folly is now used by people he hoped to conquer, to raise funds for useful purposes, and not for conquest.

The exhibit will be located at Cornet 1st St. and Magnolia Ave. open to the public from 10 a. m. to 8 p. m.

Teachers are invited to bring classes at any time during these hours. No admission is charged but voluntary donations are accepted.

4 Youths Do Part In Palsy Drive

Four Sanford youngsters did their part in helping the Central Florida Cerebral Palsy drive go over the top.

Al Goddard, who lives in the Wynwood Section, saw portions of the WDBO Television and watched children bring donations to Orlando's Municipal Auditorium. He decided that it was time that something be done here "for the wonderful cause."

Al, along with three of his friends, Kenneth Hamilton, Larry Singletary and Tom Brown got together and canvassed their neighborhood collecting a total of \$20 which will be turned over to officials of the drive.

Legal Notice

IN THE COURT OF THE COUNTY OF SEMINOLE, FLORIDA, IN PROBATE.
M. E. ESTEY, Plaintiff.
GERTRUDE H. LOCKE, Deceased.

DISTRIBUTOR WANTED

Tremendous Income yearly possible

National Company, the largest manufacturer of their particular food products affords opportunity to ambitious men for local business dealing in essential, nationally advertised products. Can be handled in spare hours at start if desired. Weekly application and demonstration more important than past experience. Our liberal credit plan enables rapid expansion. This is a business opportunity on a high plane for high type men of character.

Applicants must have approximately \$3500.00 creditable, and references will be furnished by company and expected applicant. A car is necessary. Externally high weekly income is immediately possible with rapid increase as business is expanded. Greater applicants aspiring a eventual earnings of \$10,000.00 yearly. All that is required is the willingness and a desire to follow simple field instructions. If you can do this, the necessary cash can be obtained. For C. W. Sanford Herald, Sanford, Florida, and phone number.

Complaints Heard Of Rubbish Thrown Along 20th Street

Residents of the Country Club road area of Seminole County are beginning to complain about garbage being thrown out along the highway causing unsightly appearances as well as unsanitary conditions.

The complaints reached a climax Saturday morning when several sacks of garbage were stacked up along the side of 20th St. Country Club Road with papers, cartons, and tin cans scattered in various places.

Unsanitary conditions have existed in several areas on occasions. In several instances, investigations were made and evidence of the persons throwing the trash onto the road sides unearthed.

Citizens were required, it was reported, to clean up the trash and garbage and dispose of it in dumps provided for the purpose.

Speaker

(Continued from Page One)

\$7 or \$8 billion compared with \$12 billion in each of the four preceding years. In the same year home mortgage loans outstanding increased by \$12 billion, an unprecedented amount. While probably over simplifying the problem, there is the answer to the relative shortage of home mortgage funds in late 1955.

"Where did the balance of the money come from? There was some switching by insurance companies, and savings banks out of government bonds and other investments. Into home mortgages. This provided a small portion of the balance. For the balance the principal home financing institutions arranged commercial bank credit on a wholesale basis.

"Meanwhile, however, business and industry was also expanding and also requiring bank credit in record proportions. Pressed for credit from all sides banks, too, approached the peak of their lending capacity unless the Federal Reserve System chose to exercise its power to create more money. This the Federal Reserve declined to do contending that the economy was already producing at the peak of its capacity and that to make more money and credit available would only result in pushing up prices. Undoubtedly, the Federal Reserve and other cooperating federal agencies in housing have saved potential home buyers millions of dollars in price increases by restricting credit terms. The Federal Reserve has not veered from this policy by early February.

"Will money available for credit remain in relative short supply? The pendulum generally swings far in both directions and the worst is probably over. Future developments in the money market depend on: (1) continued overall demand for credit from all sources; (2) the trend of savings of the people; and (3) policy of the Federal Reserve System and other federal agencies related specifically to the field of housing.

"Even though home building and auto production may be down in 1955 this gap, it appears, will be more than filled by continued industrial expansion; increased public expenditures for highway, schools, hospitals, etc. The demand for credit in 1956 will probably exceed 1955. Savings of individuals appear to be increasing but will probably not equal the 1950-54 rate in 1956. Few expect the Federal Reserve to change its restrictive policy unless there is a noticeable reversal in the business trend. Many expect this to occur during the last half of 1956. Congressmen are pressing the various federal agencies in the housing field to relax credit terms. This is, of course, politics and not necessarily sound money policy.

"On balance, by mid-year the

J. Galloway Says 8,470 Tags Sold

John L. Galloway, Tax Collector, who acts as Agent for the Motor Vehicle Commissioner, states that only 8,470 automobile license tags have been sold to date, which is far behind the total sold last year.

Galloway warned that the 1956 tags will expire midnight February 29 and any one with a 1956 tag on his car after that date will be violating the law.

He said a last minute rush is expected and in order to avoid standing in line during the last few days motorists are urged to get their tags now while they can do so in a matter of seconds.

Galloway further stated the tag office will be open noon hour on Saturday, February 18 and remain open during the noon hour on Monday, February 20.

All that is needed by a local resident who purchased a 1956 tag in Seminole County is the number of that tag. Mr. Galloway said. But he said those buying tags here for the first time must present their registration cards and out-of-state residents must present a title or other necessary documents of ownership and must personally inspect their vehicles and know the engine and serial numbers as an affidavit to that effect must be executed.

Mr. Galloway also said every person who works in Florida or has children in school in this State must have a Florida tag on their car.

Resident's Father Dies In Georgia

Gurdon R. Foster, father of Mrs. Victor Greene of Sanford, died Saturday at 2 p. m. in the John Archibald Hospital in Thomasville, Ga. after a long illness.

Born in Chambers County, Ala. in 1865 he had made his home in Monticello since 1917. He was superintendent of the Presbyterian Orphanage of Synod of Alabama at Talladega for a number of years. Survivors include his widow, Mrs. G. R. Foster; one daughter, Mrs. Victor M. Greene; three sons, Henry B. Foster, Alfred Foster, Monticello; and Gurdon R. Foster Jr., of Louisville, Ky. Also seven grandchildren and two great grandchildren. He was the brother of the late Alfred Foster.

Mr. and Mrs. Victor Greene left Sunday and Mr. and Mrs. Alfred Greene left this morning to attend the funeral which was held at 3 p. m. in Monticello today.

When Hitler reached the climax of a speech, he would often crush his glasses in his hand, although he refused to wear the glasses in public.

Three Hospitalized Following Accident

Three negro women were hospitalized Saturday night at midnight following a crash of a 1955 Ford car on the Markham-Longwood Road.

Sheriff Denver Cordell said that Willie B. Evans, driver of the car, lost control of his automobile on a curve, skidded 215 feet, hit a power pole and then crashed into a tree.

The car, said the Sheriff, was a total loss.

Three women, whose names were not immediately available, were carried to a hospital. One, Sheriff Cordell said, had a possible broken hip, one with broken ribs, and the other was injured but nature of the injuries not available.

Evans was charged with reckless driving willful and wanton driving while licensed revoked, and displaying a revoked license.

U. S. population at more than 165 million has increased more than 10 per cent since 1950.

CLYDE BEATTY, 55, famed animal trainer, gives a show before to circus, a four-year-old baby lion who clawed him during a performance of the Marine Circus in Detroit. Beatty was taking up his 20 lions and tigers for their act when Beatty leaped at him, knocking the chair from the trainer's hand. Snarling off the scratches on his arm, Beatty commented: "I guess I must be getting real old."

Four-Car Accident In Midway Reported

A four-car accident in Midway, on Church St., caused apparently by one car out of control caused property damage estimated at nearly a thousand dollars, Saturday night about 9:45 p. m.

Deputy Sheriff Ed Pratt, who investigated the accident, said that a car driven by 37-year-old Sylvester Randall smashed into three other cars before coming to a stop.

Randall, after crashing into the left front fender, bumper, grill and axle of the third car, jumped and ran from the scene. He later gave himself up at the Sheriff's office and admitted driving the car which caused the damage. He is a mail carrier at the guided missile base at Cocoa.

Randall first hit a car driven by Henry Allen Floyd of Sarasota, then crashed into a car owned by Willie Cummings, and finally smashed into a car owned by Albert Thompson.

Officers investigating the accident included Pratt, Sheriff Cordell, Deputy Sheriff Cotton Brown and Constable J. Q. Galloway.

Women Involved In Flim-Flam Game Are Being Sought

Two negro women involved in a flim-flam game are being sought, said Seminole County Sheriff Denver Cordell, this morning.

Sheriff Cordell said that two negro women, one a stout woman and the other thin and dark, have been working in both the Georgetown and Lockhart areas, Saturday morning.

One of the women would alight from the car, a light green one, according to witnesses, and offer the "guaranteed cuba number" for one dollar. Locating money, hidden by those offering to buy the number from the woman, they would return and ransack the house.

One woman lost \$2,000 to the flim-flam artists who are apparently going from one settlement to the other.

Geneva News

By ADDIE PREVATT

Mrs. Frances Phillips and son Steve, Mrs. Dan Dreggora, and son Edward, and Mrs. Sidney Harper are spending a few days in Key West.

Mr. and Mrs. Fredrick Walbour of Dunedin, N. Y., are spending the winter months here at the Mathieux cottage.

Mr. and Mrs. Frank Sellers had as their dinner guests Sunday evening, Mr. and Mrs. Alvin Allen, Mr. and Mrs. Henry Walcott of Oviedo, Mr. and Mrs. Pete Ward and family and Mrs. David Speer of Winter Park, and Mr. and Mrs. Harry Rogers of Rest Haven.

Mr. and Mrs. George Arthur had as their guests last week for a few days, Mr. and Mrs. John Vagarty of Long Island, N. Y.

Mrs. T. W. Prevatt had as her guests Sunday afternoon, her daughter Valleen and Mr. and Mrs. Kenny Tighe and daughter Terry of Orlando.

The many friends of Clotus Geiger will be sorry to learn that he underwent an eye operation Monday in Orlando. He is recuperating at the home of his brother, Mr. and Mrs. Billy Geiger in Orlando and is reported doing well.

Miss Annie Scherer and Harry Scherer of Long Island, N. Y., are spending the winter months here with Howard Scherer and his father.

Mr. and Mrs. Cader Hart and Mrs. T. W. Prevatt visited Mrs. Prevatt's daughter Valleen in Orlando Thursday.

The Garden Club held its annual birthday dinner at the Community Hall Monday evening, with Hall Tennis, the executive director of the Florida Audubon Society as guest speaker. His topic was "Birds and Conservation."

Movie were also shown.

The Citizens' Association held a meeting at the Community Hall Saturday evening. D. M. Ladd, retired FBI agent, talked on "Communism in the U. S. A."

The Baptist WMU held a meeting at the Church Saturday afternoon with Mrs. Jettie Shuler as speaker who gave a very inspiring talk on Indians.

Bribery

(Continued from Page One)

nole County Grand Jury came as a result of an investigation made over a period of several months by State's Attorney Murray Overstreet after several complaints were received.

Two negroes involved in the selling of moonshine in the Oviedo area are alleged to have given bribes to Constable-Police Chief Kelsey. However, names of the negroes were not revealed.

It is expected that Governor Leroy Collins will suspend Kelsey pending the outcome of the indictments against him. However, no word has yet been received from the Governor's office as to action on the suspension.

Kelsey said Friday night, "I will ask the City Council of Oviedo to give me a leave of absence until this thing can be cleared up."

Gay Will Speak At Lions Club

Clarence M. Gay, former Comptroller of Florida, and President of The Citizens National Bank of Orlando, will be the guest speaker at the regular meeting of the Sanford Lions Club on Tuesday, Feb. 14. All Lions are urged to attend and visitors who wish to hear Mr. Gay are invited.

The hardy kittiwake is sometimes called the frost or winter gull because it is able to stand severe cold.

would return and ransack the house.

One woman lost \$2,000 to the flim-flam artists who are apparently going from one settlement to the other.

Personal

A/SC Frank C. Mills is visiting his parents, Mr. and Mrs. B. F. Mills Sr. for two weeks. He is stationed in California.

Mr. and Mrs. Don Snyder of New Spring Field, Ohio are visiting his parents, Mr. and Mrs. Clarence Snyder in Osteen.

Mrs. Eunice J. Sharron and Mr. and Mrs. Guy R. Sharron and two children and her father, Clifton Parker, of Gardner, Mass. are visiting Mrs. E. C. Kuhn.

VFW Auxiliary Is Giving Tea Feb. 15

Mayor F. D. Scott and City Manager Warren E. Knowles will be guest speakers at the VFW Auxiliary Valentine Tea Feb. 15 in the American Legion Hut.

Starting at 5 p. m., entertainment along with fun for everyone is planned. No admission will be charged but donations to the building fund for the VFW hut on 17-82 will be taken. Chairman of the event is Mrs. H. C. Disbrow.

New Brownie Troop Holds Investiture

The newly chartered Brownie Troop No. 2 of Lake Mary held its investiture service in the school auditorium Tuesday, Feb. 7 at 3:30 p. m.

Five Brownie transfers took part in the program welcoming the new Brownies. They are Janice Dunlap, Diane Wilson, Peggy Miller, Jean Parker and Elizabeth Ogden.

Mrs. Woodrow Wilson, Troop Leader, awarded pins to the following: Ellen Lewis, Bertha Taber, Sondra Humphrey, Jeannene Humphrey, Sonja Wester, Donna Beard, Nancy Goad, Becky Mills, Melanie Williams, Cathy Gher, Patricia Willie, Caroline Keene and Linda Green.

Refreshments were served in the cafeteria after the program. Mrs. Lucian Scott and Mrs. Frank Evans, Girl Scout committees, Mrs. Lewis and Hugh Carleton, Brownie committees, were present.

Mrs. Woodrow Wilson, Troop Leader assisted by Mrs. Floyd Dunlap and Mrs. Leon Taylor.

Kelsey Accuses Hobby At Trial

Laboratory Fixed In Casselberry By Chemical Co.

CASSELBERRY—A research laboratory for the study of Nematodes in relation to the spreading decline of citrus and, to develop new and better ways of using soil fumigants has been established here by the Dow Chemical Co., of Midland, Mich.

The laboratory, under the direction of Dr. C. E. Dieter, assisted by Barrett L. Collier, R. M. A. and several other specialists, has spent two weeks in field research.

Dr. Dieter, a specialist in Nematode problems received his doctorate in plant pathology at the University of Wisconsin in 1940 and, in that same year became associated with the Dow Chemical Co., in its agricultural research laboratory at Midland.

From 1946 to 1953 Dieter was stationed at Dow's Field Research Laboratory, in South Haven, Mich., from where he made several field trips to Virginia, the Carolinas, Georgia, Mississippi and Arkansas, and only recently Dieter returned from California, where he spent two weeks in field research.

Much of the work at present in the laboratory here is in the field of soil fumigants Dieter said but, it is planned to broaden the scope of operations to include a complete agricultural line.

Collier, formerly on the staff of the Agronomy Dept. of A. P. I., at Auburn, Ala., from where he received his Masters in 1946, specialized in soil fertility work in forage crops and agricultural liming problems. Collier joined Dow in 1949, as Agricultural Field Specialist, Department of Agricultural Chemical Development.

Collier, a link between the research and field departments spends much of his time in helping to develop new chemicals and in field work in their application, as well as searching for new uses for established chemicals for agriculture.

Directors Urged To Attend Meeting

The Board of Directors of the Seminole County Chamber of Commerce will meet tonight at 8 o'clock in the Educational Building of the Seminole County Board of Education on Commercial Ave. to hear five important committee reports.

George Touhy, president of the Seminole County Chamber of Commerce has urged the attendance of every director.

The agenda for tonight's meeting includes a Legislative and National Affairs Committee report on the Federal Highway Bill; an Industrial Committee report on the Sanford Manufacturing project; the French Ave. Dedication Committee report; a Central Florida Exposition Committee report; and a report from the County Coordinator.

Nation's Weather Cold, Warm Today

The nation's weather blew cold and warm today.

Strong winds whipped cold air into the Northern Plains, blowing and drifting light falls of fresh snow. Temperatures dropped as much as 35 degrees and below zero readings prevailed in most of the storm belt.

At the same time, warm moist air from the Gulf of Mexico moved northward to the Ohio Valley and the southern Great Lakes region. Temperatures were more than 20 degrees higher in Texas and up to 15 degrees in Illinois and Indiana compared with 24 hours earlier.

Some thunderstorms were reported in the lower Mississippi valley and the Ohio Valley during the night and early morning.

Snowfall was light in most of Iowa and South Dakota as the west-moving cold front moved northeast from the Rockies.

The trial of suspended Sheriff Justin Luther Hobby got under way this morning at 9:30 o'clock in the Federal Court room in Orlando before Judge William J. Barker.

Only a slim crowd was in the court room to hear the proceedings. A jury of 12 men was chosen from the 30 prospective jurors who were selected for the petit jury returns at Orlando this morning.

Those hearing the trial of Hobby are, Charles P. Jerome, Orlando; Donald Lancaster, Pine Castle; Ernest S. Coats, Orlando; James R. Liles, Orlando; Clyde L. Leach, Orlando; Ford Gardner, Orlando; Louis Castor, Orlando; B. L. Rogers, Orlando; Edward J. Edwards, Orlando; J. E. Lupter Jr., Kissimmee; Robert O. Lockhart, Orlando; and Harry D. Loucks of Winter Park. John F. Daily of Winter Park is alternate juror.

Representing Hobby are attorneys, William W. Judge of Daytona Beach; George E. Adams of Orlando; and Mack M. Cleveland Jr., Sanford. Also charged and implicated by indictments handed down by a federal grand jury in Tampa are Dwight D. Valington, former beverage department agent; James Smith and Jerry Martin, Negro tavern operators; A. E. Evans, former deputy sheriff of Hobby; and Willis R. Brown former Negro deputy under Hobby.

Before the trial began this morning, Judge Barker read to the jury six separate recitations of the indictments charging Hobby and the others with conspiracy and accepting bribes. Also pointed out to the jury were 16 dates on which the alleged offenses were committed.

The first witness called by government attorneys, L. David Rosen and Joseph P. McNulty, was George A. Kelsey, chief of police in Orlando and suspended constable in that district. Kelsey stated at the beginning of his testimony, "Mr. Hobby asked me how much the City paid me, how much money I was making, how much I made as constable and would I consider going to work for him. Hobby told me that he would guarantee to double my salary if I would work for him. There's plenty of business here. We could line up the bootleggers and gamblers."

Kelsey denied taking part in an active political campaign for former Sheriff Percy Moro in 1952. He said, "I worked hard for Hobby." Kelsey also denied that there was mutual distrust between himself and Hobby. In cross examination Orlando police chief Kelsey admitted knowing the Long boys, Leland and Leroy. When asked whether he had personal association with the two brothers he replied, "Yes sir, I was born and raised with them."

In cross examination by defense attorney, William W. Judge, Kelsey said that he couldn't find moonshine stills in his district even though he worked night and day trying to locate them. When asked whether he was the present constable of his district, Kelsey replied, "I am," and on further questioning when asked if he had been suspended by the Governor, Kelsey's answer was "I have received no word."

The next witness to be called to the stand by government attorneys was Roland Thomas Long, who told the court that he is now in custody of the U. S. Marshall for having operated a moonshine still.

The court adjourned for lunch shortly after noon. The trial got under way again at 2 p. m. and it is expected it will continue for a period of three days.

Lawyers' Views On Collins' Suit To Be Heard Soon

TALLAHASSEE (AP)—The Florida Supreme Court will hear lawyers' arguments in the Collins' eligibility suit Tuesday, Feb. 14.

This is seven days after the non-jury trial of the two-week period during which candidates for governor and other state offices must qualify with the secretary of state.

But it will give the court seven days before the March 8 deadline of the qualifying lists in which to determine whether Gov. Collins lawfully may seek re-election this year.

Collins is serving the last two years of the unexpired term of the late Gov. Dan McCarry.

AT FIRST GLANCE, one would think that the former fire truck is chained to the parking meter hitching post to keep it still should a fire alarm be sounded. The real reason for the chains, however, is that the old truck, used by the Sanford Fire Department for many years is used to straighten bent posts on which parking meters are placed. (Staff Photo)

Board Authorizes Check For Planned Library, Museum

A program report was given the Board of Sanford City Commissioners last night on the General Sanford Memorial Library and Museum.

Randall Chase told the Board that "Specifications and plans for the proposed building are about ready to be advertised for bids."

Cost of the building, said Chase, is estimated at between \$15,000 and \$18,000.

Speaking for Gen. Joseph C. Hutchison, Chase requested that the Board of Sanford City Commissioners provide the funds for construction of the building to house the valuable library and museum could get underway as soon as possible after the awarding of the contract.

A check for \$1,500 was authorized to be delivered to the General Sanford Memorial Library and Museum Committee with another check of the same amount to be turned over to the organization in about 90 days.

Chase asked that the City Commission pledge another \$2,000 to match the funds pledged by the Seminole County Board of Commissioners.

The request was referred to City Manager Warren E. Knowles for possible inclusion in the budget for the fiscal year 1956-57.

Rockets Featured In Army Exhibit At Legion Fair

Among the interesting exhibits at the American Legion Seminole County Fair is the Third Army Mobile Recruiting Exhibit, currently featuring an Ordnance Corps exhibit, which recently left Fort McPherson for a tour of the Third Army Area.

Featured are scale-size models of various rockets which include the Nike, Hermes, Honest John, Corporal and V-2. The Nike launching ramp and trailer are also on display. A few of the other interesting devices are metal-working projects completed by Welding and Machinist students at the Ordnance Automotive School, Atlanta General Depot, Atlanta, Ga.

Colorful photographs arranged throughout pictorially portray the various skills taught by that school. Plastic models of various automotive parts such as distributor, carburetor, and oil pump are also on show.

Democratic Women Gather In Nashville

"How to win friends and influence votes" might have been the slogan for the Regional Conference for Democratic Women at Nashville, Tenn. Feb. 10 and 11, said Mrs. Ralph Austin Smith, State Democratic Committee woman, of Sanford who attended the meeting.

Women from 11 states, said Mrs. Smith, were invited by Mrs. Katherine Louchheim, Director of Women's Activities, Democratic National Committee, to participate.

Florida had the largest number in attendance with 13 at the meeting including the wife of Congressman Haley, Sarasota, Mrs. Janet Thomas, Ft. Myers, Vice Chairman, State Democratic Executive Committee, and Margaret Bloeker, National Vice Chairman of the Young Democrats.

Mrs. Smith said that they were met at the airport by a former Floridian now living in Tennessee. Each delegate was presented with a souvenir donkey.

Reported Mrs. Smith, at the dinner Mrs. Alice Hostetter, President of the Woman's National Democratic Club, the "Principal speaker, spoke on 'The State of the Union as a Democrat Sees It.' She held her audience."

She was on the brink of winning an election." Adding fun to the evening was a brief singing of a parody on "16 Tons" with this theme: "You raise 16 hogs and what'd you get. Another day older and deeper in debt."

Saturday morning, said the State Democratic Committee woman from Sanford, was devoted to panel discussions. At noon Tennessee Governor Frank Clement, the youngest Governor in the United States, addressed the group, telling them, "the fate of the future is in women's hands."

Also heard on the program was Congressman Iris Blitch of Georgia, who said, "Republicans have consistently built their hope around one man - Eisenhower" and predicted that he would not be a candidate again.

Mrs. Dorothy Vredenburg, Alabama, Secretary, Democratic National Committee, said the Democratic Party was the first to recognize women in party councils and the (the Republicans are entering the campaign on the defensive."

Merchant's Assn. Appeals For Help To Pay Obligation

The president of the Sanford Merchants Association appeared before the Board of Sanford City Commissioners last night appealing for help from the City to pay a \$900 obligation for the wiring of the overhead electrical system for Christmas lights.

R. J. Bauman told the Commissioners that the Merchants Association has already paid \$100 of a \$1,610 obligation and now needed help in paying the balance due.

Commissioner Jack Hatigan said, "The matter you speak of affects the City of Sanford for the next 30 years. The City Commission would think seriously before taking any steps."

The only comment from the City Commissioners came from Mayor F. D. Scott when he answered, "The matter you speak of affects the City of Sanford for the next 30 years. The City Commission would think seriously before taking any steps."

Commissioner Jack Hatigan, in requesting Commissioner Gatchell to withdraw his original motion, proposed that the City Manager be instructed to submit a report to the Board of Commissioners, or a recommendation, for fire protection outside the City limits based on the mileage a fire truck has to travel.

Hatigan said, "It was never the intent of the City Commission to withdraw fire protection from residents of the county."

Commissioner Kridler referred to the equipment of the Sanford Fire Department and called attention to equipment with wood wheels. "Actually, I'm ashamed of it," he said.

Discussion centered, by each of the commissioners, on the need of new and adequate equipment for the fire protection of the City of Sanford, most of them terming the present equipment as obsolete and inadequate.

Fire Department Chief Mack N. Cleveland, Jr. explained that there are 20-million dollars worth of property and 18,000 people to protect in Sanford. "We don't have the equipment and according to standards we should have six to eight more men," he said.

"If we could arrange fires to suit ourselves," Chief Cleveland said, "there would be no problem."

Commissioner Gatchell said, "I withdraw my motion - instructing the City Manager to look into any plan that might taken into consideration within the next 90 days."

Fringe Residents Continue To Get Fire Protection

J. W. Hall Offers Views On Purchase Of Electric System

J. W. Hall told the Board of Sanford City Commissioners last night "It is my understanding that there has been some discussion as to the feasibility of whether or not the City should purchase the electric distribution system."

Hall, a local realtor, said, "Gentlemen, this is a vital question. I have been approached by a number of people on the question and there is about a ten to one balance against the City entering into such an agreement."

"I realize that you can issue revenue certificates to be paid out of the light bills—but that is not all of it," he said, "where in the world would we get the money to continue the expense?"

Hall told the commissioners, "We are getting excellent service, I think, from the present company. And he explained, if we need to expand, they can furnish the money."

The Florida Power and Light Company has agreed, said Mr. Hall, that in consideration for a franchise, they, in turn, would rebate to the City six per cent of their gross income, less taxes, which amounts to an excess of \$30,000.

Hall, concluding his statement to the Board of Sanford City Commissioners last night, said, "There should be some serious consideration given this matter before taking any action."

The only comment from the City Commissioners came from Mayor F. D. Scott when he answered, "The matter you speak of affects the City of Sanford for the next 30 years. The City Commission would think seriously before taking any steps."

Contract Awarded To Paving Company

A contract for the surfacing of a number of Sanford streets was awarded last night to the Orlando Paving Company.

The contract awarded last night by the Board of Sanford City Commissioners is to be a \$21,881 portion of the street paving program. Streets will be paved on a priority basis as set up in a schedule prepared by City Manager Warren E. Knowles. The priority is based on the immediate need for the paving of streets in the schedule.

The Orlando Paving Company, in receiving the contract would also have first refusal for the completion of the Sanford street paving program which is estimated in the neighborhood of \$41,600.

The contract was awarded at the bid price of \$7.22 per ton for 2,800 tons and the first refusal, for a period of one year, would be at the same price.

The contract was awarded at the bid price of \$7.22 per ton for 2,800 tons and the first refusal, for a period of one year, would be at the same price.

Adequate Equipment Discussed

"We are going to continue to give fire protection outside of the Sanford City limits," Mayor F. D. Scott told a City Commission room audience last night as lengthy discussions revolved around a motion by Commissioner David Gatchell at a previous meeting.

"There has been no change in policy," said Mayor Scott, as he referred to the fact that the Sanford Fire Department has not been instructed to discontinue service and answer alarms outside of the Sanford corporate limits.

Commissioner John Kridler opened the discussion by stating that "I favor continuing the service outside of the City limits if the City can be reimbursed for the service by way of insurance or other methods."

Commissioner Earl Higginbotham said that, "I think we can work out a fair and equitable program with the insurance companies so that we can be reimbursed. I would never say that we would go up to a certain line and then stop our fire Department."

J. Brailley Odham told the commissioners "If we do anything in Sanford we're going to have growth—sound growth. But that type of action (discontinuing fire protection outside of the City limits) can do more to impede the growth of Sanford than anything else. If you give the citizens outside of the City limits of Sanford the machinery, they will serve themselves."

Commissioner Jack Hatigan, in requesting Commissioner Gatchell to withdraw his original motion, proposed that the City Manager be instructed to submit a report to the Board of Commissioners, or a recommendation, for fire protection outside the City limits based on the mileage a fire truck has to travel.

Hatigan said, "It was never the intent of the City Commission to withdraw fire protection from residents of the county."

Commissioner Kridler referred to the equipment of the Sanford Fire Department and called attention to equipment with wood wheels. "Actually, I'm ashamed of it," he said.

Discussion centered, by each of the commissioners, on the need of new and adequate equipment for the fire protection of the City of Sanford, most of them terming the present equipment as obsolete and inadequate.

Fire Department Chief Mack N. Cleveland, Jr. explained that there are 20-million dollars worth of property and 18,000 people to protect in Sanford. "We don't have the equipment and according to standards we should have six to eight more men," he said.

"If we could arrange fires to suit ourselves," Chief Cleveland said, "there would be no problem."

Commissioner Gatchell said, "I withdraw my motion - instructing the City Manager to look into any plan that might taken into consideration within the next 90 days."

Recommendation Is Approved By Board For Rezoning Area

The Board of Sanford City Commissioners, last night, approved the recommendations of the Zoning and Planning Commission for the rezoning of an area south of 23rd Street proposed for the location of a 20,000 square foot national super market.

The recommendations from the Zoning and Planning Commission also included the rezoning of an area on Laurel Ave. from 8th to 13th Streets.

The Board of Sanford City Commissioners set a public hearing for the two areas for February 28 and authorized the advertising of the hearing.

Parties interested in the rezoning of the two areas appeared at the commission meeting last night; C. H. Robertson, of the Therm-O-Tane Gas and Appliances Company who proposes a modern display and showroom at the corner of 8th and Laurel, and Walter born Phillips, representing the national grocery chain.

Christian Service Men's Center May Be Organized Here

The possibility of establishing a Christian Service Men's Center in Sanford will be explored when pastors and representatives of men's organizations of local churches meet Monday, 8 p. m. at the School Administration Bldg.

A preliminary meeting, with Dr. W. P. Brooks Jr., as moderator, was held Monday at the First Baptist Church at the behest of Don Mott, Orlando Insurance man. Mott explained that certain SNAAS personnel approached him as a member of the Orlando Christian Business Men's Committee, seeking a sponsor for a center in Sanford. C. P. O. Jack R. Brooks related his experience in such centers near other Naval stations, and spoke of the need and desire for one here.

It was explained that the speakers usually provide a downtown room equipped with piano, music counter, shuffleboard, table, games and comfortable chairs. The center becomes a wholesome gathering place for service men in their off-hours. Local churches furnish coffee and doughnuts, while recreation is afforded, the main motivation is evangelistic to win service men to Christ and align them with the church of their choice. Laymen from the churches of the city assist Christian service men in personal evangelism among other service men who frequent the center.

At the meeting Monday Brooks, ADJ Joe Coggeshall, and other local Navy men interested in the project will be present.

Meeting Postponed
John L. Galloway, Chief de Gave, Voltaire 478 advised that reunion Promenade for Thursday, Feb. 15 has been postponed until Thursday, March 15 because of the Legion Fair being held that week.

Many items of importance on the agenda for this meeting and it is hoped there will be a good attendance upon hold March 15.

12 facts stand Out In Politics

In that wonderful and often topsy-turvy world of presidential politics, 12 facts stand out: 1. Nearly every President has moaned and groaned about the incredibly hard job he has, and 2. Nearly every president, once he has got his foot in the White House door, has decided that duty impelled him to stick around for another term.

Las Vegas Pays 20 Million Dollars For Entertainment

LAS VEGAS, Nev. (AP)—Last year Las Vegas paid between 18 and 20 million dollars for entertainment that would have cost 3 million in New York or San Francisco or 4 million in another gambling city like Reno. That's the report of Herb McDonald, manager of the Las Vegas Chamber of Commerce. He is among those who view the booming talent prices as a danger to the boom town's economy. "The three hotels that closed recently would still be open if they had had a realistic attitude toward entertainment costs," he declared. He cited the fact that a star like Lena Horne would earn \$22,500 a week at The Sands here, then open a few days later at the Coconut Grove in Los Angeles at \$1,750 weekly. McDougall, formerly with two local hotels, is a 10-year veteran of Las Vegas (anyone who has been here more than five years is a pioneer). He recalls paying Kay Starr \$150 a week to sing in 1946; she now gets \$25,000. Peggy Lee left Benny Goodman's band that year and played El Rancho Vegas

at \$350. She now draws \$12,500. Other top-and-nod salaries: Sammy Davis Jr., \$450-\$25,000; Liberace \$600-\$45,000. "Salaries for entertainers have become ridiculous," McDonald claims. "The only sensible way to operate is to establish a system like professional football, with a draft system and bonus picks. "If talent prices were sensible, there would be prosperity for all. But the present system of trying to outbid each other for stars can be ruinous." However, Jack Entratter, big gun of The Sands, doubts if the hotels will ever band together. "They tried it back in 1950," he says. "It lasted about four months. The established hotels might stick together, but the new ones will bid up prices because they need the talent." Sahara boss Milton Prell feels that Las Vegas is "getting back to reality." "I think the events of the last

three months did this town a lot of good," he says. "New operators failed because they didn't know the gambling, hotel or entertainment business. I feel salaries will become more reasonable and Las Vegas can look forward to an unlimited future." The monumental salaries were largely paid to stars who were playing Las Vegas for the first time. Nearly all such possibilities are now exhausted. "There are only a few big names left who could command stratospheric prices," said one operator. "Bob Hope, Bing Crosby, Danny Kaye and Judy Garland are the ones who are most sought after. But for one reason or another they aren't available." Some of these stars, as well as and Kate Smith, will not play Las Vegas on moral grounds. They feel that they have built up family audiences that would be offended to learn of their favorites appearing at gambling establishments.

Veterans Corner

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families: Q: I am going to school less than half-time under the Korean GI Bill. What will be the amount of my monthly GI allowance payments? A: You may receive either (1) the established charges for tuition and fees paid by non-veterans for the course, or (2) a pro-rated amount based on \$110 a month for a full-time course—whichever is less. Q: How much money may I borrow on my permanent GI insurance policy? It has been in force for more than one year. A: You may borrow up to 91 percent of the reserve value of your policy. Any VA office can determine the exact amount for you. Q: I am drawing VA disability compensation payments. If I move is it possible for my checks to be forwarded to my new address? A: No. Under the law, VA benefit checks may not be forwarded from one address to another. So if you are planning to move, be sure to notify VA—and give both new and old address, full name and "number." Q: I am receiving a monthly pension from VA. Recently, a relative sold me a small piece of undeveloped land. Must I consider the value of this land as income? A: The land will not be considered as income until it is converted into cash, by selling or renting it. And even then, you may deduct whatever money you had in put Orlando.

News Of Men

In Service

FORT CAMPBELL, Ky.—Pfc. Warren C. Jackman, 21, son of Mr. Irvin W. Jackman, Enterprise, is scheduled to leave the U. S. for Germany this month as part of Operation Gyroscope, the Army's unit rotation plan. Jackman's unit, the 11th Airborne Division, now stationed at Fort Campbell, Ky., is replacing the 5th Infantry Division in Europe. A clerk-typist in Service Company of the division's 31th Regiment, Jackman entered the Army in July 1951 and was last stationed at Fort Jackson, S. C. His father, the Rev. Lorenza C. Jackman, lives in Hague, N. Y. FORT CAMPBELL, Ky.—Pfc. George R. Crow, 19, son of Mr. and Mrs. John H. Crow, 1315 Melville Ave., is scheduled to leave the U. S. for Germany this month as part of Operation Gyroscope, the Army's unit rotation plan. Private First Class Crow's unit, the 11th Airborne Division, now stationed at Fort Campbell, Ky., is replacing the 5th Infantry Division in Europe. Crow, a rifleman in the 31th Regiment's Company I, entered the Army in July 1953 and received basic training at Fort Jackson, S. C. He attended Seminole High School. FORT LEWIS, Wash.—Army Capt. Harry A. Steinmeyer, son of Mrs. H. A. Steinmeyer Sr., Rt. 2, recently arrived at Fort Lewis, Wash., and is now a member of the 2d Infantry Division. He was graduated in 1949 from Seminole High School. His wife, Evelyn, is with him at Fort Lewis. Wynn, Cleveland pitcher and co-sponsor of the tourney which is for charity, finished with a .214. CLOUDBURST DROWNS 10 PEOPLE ALEGRE, Brazil (UPI)—A cloudburst drowned 10 persons today near Pelotas, a port of 80,000 population in south Brazil. The Pelotas River burst its dikes and flooded hundreds of crops. About 300 passengers were marooned on trains.

4 KILLED IN CANTEN

TUNIS (AP)—A hand grenade thrown into the canteen of the Redeyef phosphate mine in central Tunisia last night killed 4 Germans and wounded 11. Among the dead were a French lieutenant and an Italian mine supervisor. Police arrested a young Moslem, identified as an Algerian, who admitted throwing the grenade. Police in Tunis announced the arrest of 10 other men suspected of terrorist activities.

NICOSIA IS OUT OF BOUNDS

NICOSIA, Cyprus (AP)—Strife-torn Nicosia today was declared out of bounds for British troops except for those on duty. The order followed the most violent weekend since terrorism broke out in this Mediterranean island colony 10 months ago. During the weekend two British airmen were shot to death, a third was critically wounded and the wife of a British sergeant lost her right foot in a bombing incident in Larnaca.

Valuable combat experience obtained in Korea by the "Indian-head" division is utilized in the vigorous training of the adjutant general in the Headquarters, entered the Army in 1910 and holds the World War II Victory Medal and the Korean Service Medal.

He was graduated in 1949 from Seminole High School. His wife, Evelyn, is with him at Fort Lewis.

Neglecting Tot's Cold Can Lead To Trouble

By NERMAN W. BUNDELM, M.D. A COLD can be a big problem for a little tot. Temperature may soar as high as 104 degrees, and the infant may be irritable and cry frequently. He may vomit and suffer diarrhea, though the latter is uncommon. Will Sleep More Unless his nose is stuffed—and it might be—he will sleep more than usual. Your doctor might recommend one-half grain of aspirin every four hours for no longer than two days to help bring down a fever of 103 or more. If the fever continues longer than this, or returns after it has subsided, he will probably administer antibiotics. This will go a long way toward preventing serious complications such as pneumonia. Lungs Examined Still, pneumonia and bronchitis might be overlooked. That is why the doctor examines the tot's lungs frequently. Children between the ages of two and six are very susceptible to colds. However, they seldom get a high fever unless complications are present. If your youngster refuses to drink, it may be an indication of a sore throat, often one of the first symptoms of a cold. Pain in the abdomen is also a frequent early symptom. Easing Sore Throat To ease the sore throat, you might apply either an ice bag or a hot water bottle to the child's neck. Do not give him any citrus juices, and make sure all foods are soft. For infants, however, frequent tiny sips of fruit juices might be just the thing. Your doctor may advise sips of citrus juices or boiled water containing three tablespoons of cane sugar and one-half teaspoon of salt per quart. Don't force liquids on him, however. Raising the foot of the baby's crib about ten degrees—you can use books—will help drain the mucus from his nose and mouth. This is important, because you do not want him to swallow it or suck it into his lungs. Generally, children tend to outgrow their early tendency toward colds by the time they are six or seven. QUESTION AND ANSWER C. B. A.: Will a spinal fluid test show if a person had tuberculosis? Answer: A spinal fluid test would show only that a person had a tuberculosis infection affecting the brain and spinal cord. Tuberculosis of the lungs is diagnosed by X-ray of the chest and physical examination.

Lets Keep Telling Story Of Our Progress, Economic Stability

The Florida Sales Tax tells a story for Seminole County!

There is no one who can deny that the story revealed in the figures released by State Comptroller Ray E. Green is one of the brightest and most assuring messages of the year.

Regardless of the rumors that one might hear, such as "business is terrible these days" or "we're not doing near so well as we did last year," or "I'm losing money every day I'm in business," the sales tax story reveals a different picture.

Constantly the figure of sales taxes collected in Seminole County keeps climbing.

The last report issued by State Comptroller Ray E. Green stated that sales tax collected in December 1955 was nearly 25% greater than the tax collected during the same month of the previous year.

Right here in our own county a total of \$97,935.25 in sales taxes were collected during the last month of 1955, which was an increase of \$9,733.32 over the same month the year before.

Green said in his report, a statement which we should particularly watch carefully, that "it should be evident from this report that Florida's economy is sounder than ever and that, based on the December report, this year's tourist season may well break all previous records. The big tourist months are still ahead, and retail sales during these months will undoubtedly exceed even December's high totals."

The amount of sales tax collected can reflect the fact that sales in Seminole County amounted to well over one and a quarter

million dollars during last December, and our future is even brighter.

What must be realized is the growing popularity of Seminole County in the eyes of visitors coming here. Hardly a day goes by but what permanent residents are added to our list of growing community populations. With the surrounding areas growing with equal rapidity, Sanford and Seminole County is fast becoming a mecca for shoppers from a wide selection of communities.

Our growth is represented in the figures released in the Sales Tax Story. The popularity of the Seminole County shopping area is also reflected in these figures.

It stands to reason that as long as we make our stores, shopping centers and shops attractive to the buyer, the sales tax story will be a new one every month that it is issued.

We must admit that Seminole County is growing. We must admit that the Sales Tax Story cannot be denied: More and more money is going through the tills of our merchants and businessmen.

We must continue telling our story of progress and economic stability to those who don't believe or at least view our growth with skepticism.

Thursday Is Orphan's Day

It's Fair Week in Seminole County as the Seminole County American Legion Fair gets underway.

The American Legion has arranged another grand week of fun, frolic, and education for the citizens of Seminole County as they stage six full days of accomplishment by various organizations in Seminole County along with bringing here a fine midway to entertain the youngsters and adults alike.

The American Legion Fair Association, has this year added another feature to their week of fun and frolic.

They are celebrating Thursday afternoon as Orphan's Day when youngsters from three institutions will be "given the works" free of charge and "on the house". This, we think, is a wonderful gesture. All of the kids from these three institutions will be brought to the fair and a whole afternoon turned over to them. At this time they will enjoy the rides, shows and exhibits to their hearts content.

Of course, the American Legion Fair Association has not overlooked the annual "Kid's Day" when school children throughout the county will be allowed to leave school at 1:30 to attend the fair.

The tradition of the fair continues and we sincerely hope that Seminole County will turn out en masse to demonstrate their faith in the American Legion and its annual American Legion Seminole County Fair.

No doubt this week, set aside as thousands upon thousands of weeks for time immemorial have been set aside, will continue to grow in popularity. With the continued interest of the American Legion the Fair will continue to grow in interest and popularity.

Why worry about tomorrow? Today, which is not half bad, is the tomorrow you were worrying about yesterday.

A word of wisdom to husbands coming home from work: Better not tell the little woman what you had for lunch until you check what she's got for supper! And then eat it and like it.

Some people face many more temptations than others—perhaps because they know where to look for them.

Plan now to attend the French Avenue dedication ceremony Friday afternoon March 9. Show your appreciation for this major project in Seminole County, the first in 20 years.

Serious Situation

There is a serious situation outside of the city limits along Seminole County's beautiful roads, a situation about which something should be done.

Not only is this situation one that will breed disease and filth, but it is one that will breed disease and filth, but it is one that degrades the beauty of the area.

Saturday morning, the Country Club Road (20th Street extension) was a literal dumping ground for bags of garbage stacked up by folks who have hauled their trash, garbage and filth through a beautiful area and shoved it out along the roadside and pavement.

The road is littered with papers, cans, cardboard boxes, and every other type of trash thrown into garbage cans and disposed of.

Many counties which take pride in their roads have signs erected warning citizens that "No Dumping is Allowed - \$50 Fines".

Why folks should scatter their garbage and trash along the roadside is beyond us. There should be enough civic pride to keep such violations from happening. Certainly no one would want these piles of garbage and trash dumped in their front yards and along their lawns.

If garbage is to be dumped, it should be dumped in places provided for that purpose.

"O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are His judgments, and His ways past finding out."—Romans 11:33.

Love Getting Business Today

By SAM DAWSON

NEW YORK (AP)—Love gets the business. It's been more than six weeks since Christmas. And merchants think it's time again for you to give someone something.

As retailers, manufacturers, florists, telegraph companies, candy makers and greeting card writers have been reminding you constantly of Valentine's Day.

And they didn't overlook the added tip that last year you can give the business. One manufacturer or has studded a gift belt with a watch which "warns this is the year to leap."

Merchants concentrate most on male shoppers for Valentine's Day. Although gifts are plugged for both sexes and all ages.

"More men buy greeting cards than Valentine's Day than at any other time of the year, including Christmas," says Frank Shaw, manager of Best City's Greeting Cards, Dedham, Mass. But so many that last year cards are proving to be excellent sellers.

Cards come in all sizes and shapes, including a 30 cent, a large

red satin heart with a pearl bracelet and a heart charm attached.

The Florist Telegraph Delivery Assn. hopes for a record business today. The Jewelry Industry Council

Editor, The Sanford Herald
I wish it were possible for us to personally express our appreciation for your terrific interest

oil has been plugging gift giving as "purely from the heart, inspired wholly by affection."

Candy makers are out in force, with hearts all over the place, including one chocolate valentine card you can eat.

If you want something you may not have given before, merchants are full of helpful hints. One advertises "perfume on a soft hearted pleasurable." Another suggests, "Love Forever—our own short nightie, sets hearts aflutter." Along the same line is a "His Pajamas," a gift with a gleam of romance," and suggested for "lovers with a sense of humor."

and enthusiasm for the recent Florida Products Festival. It was a resounding success by every standard and in every phase of its activity.

Because of your interest, hundreds of our Florida citizens are better acquainted with Florida goods, products and services. There is no doubt that in the future, if we can retain this enthusiasm, that many economic bene-

War Between Sexes Reaches Climax

By MAL BOYLE

NEW YORK (AP)—The war between the sexes reaches a kind of climax on Valentine's Day.

This is the one day of the year that separates the men from the boys when it comes to the matter of dealing with the feminine gender.

Women, generally the stern realists of the human race, seem to come apart at the seams at this time of moonbeams. Their usual whims of iron become whims of molasses. They are alternately demanding and placating, wistful and petulant.

"What gets into women around Valentine anyway?" the ordinary man grumbles. "What do they want?"

The part of the problem is simple. A child may believe in Santa Clause all year round, but it is the present it finds under the tree at Christmas that confirms its belief.

Women are like that about love. Through most of the year a man can talk them into believing he loves them dearly, but at Valentine they want something more in the way of proof than conversation.

The age or size of the present you give them isn't so important. Often a small sprig of old diamonds will please them as much as a big heavy new mink coat. The main thing is that you remember them in a special way.

The bachelor, of course, is in special peril at this time. He may find that the box of candy he buys a girl at Valentine will wind up by June into a honeymoon he has to pay for on the installment plan.

How can the eager bachelor please his girl at Valentine and still not commit himself unalterably?

Here is a good sound tip: present her with an Irish sweepstakes ticket. If her horse wins, she'll have enough money to set him up in business. If her horse loses, he can then tell her, "See how, kid, it's been nice knowing you, but I gave you your chance. You can't expect an ambitious guy like me to tie himself up for life to a hard luck dame like you."

What about the married man? Well, oddly enough, Valentine's day is no longer merely a single girl's racket. Wives have muscled into it on a wholesale scale.

A wife expects something extra from her husband on this day dedicated to love, even if she has to chivy her forgetful mate into

presenting her with a black eye.

But such is the understanding nature of most wives, however, that it isn't really difficult to please them, bless their gentle souls.

Here are a few suggestions on how to surprise your wife on Valentine's Day and still remain solvent:

1. Send her the biggest, mushiest, oat red ribbon bedecked card you can find, but remember not to use your business signature. If she ever called you by a pet name, sign this. Statistics show that more husbands than single men buy the sentimental three buck Valentines.
2. Are you a do-it-yourself fan? Carve up one of your kids' old yo-yos into a heart shape and box it with a card reading: "No other girl in the world could string me along but you, baby."
3. If you're a real cheapskate and want to save dough, buy a

goody dime card, and sign it with one of your wife's old high school lovers. When she proudly shows it to you, throw a real jealous fit. That'll put her on the defensive.

On the other hand, if she doesn't show it to you, you may have something to worry about a lot more serious than Valentine's Day.

4. If you loaf at home while your wife goes to work, at least put into her lunchbox a sandwich tied with a bit of old lace and a cloth forgotten.

5. Should you want to give her a real present, don't give any thing sensible like an automatic dish washer. Make it something romantic but impractical, such as a giraffe the same size she wore when you first married her.

But, above all, restrain any urge to be comic. I know of a husband who 10 years ago sent his wife a get-well card on St. Valentine's Day—and he's still paying alimony today.

Good Gained From Long Sentences

By BILL DELINGHAM
British prison officials believe that more good can be gained from longer prison sentences served in comparative freedom than from short sentences with a complete loss of liberty.

At the Warfield jail in Britain the first step of an experiment is under way which may lead to wide application of the theory.

Inmates live in a local boarding house and commute daily to regular jobs. Their clothing in no way reveals them as prisoners, and their employers and friends do not know of the men's status. The boarding house is under supervision of the state prison, but no guards are present. A "house father" maintains an office that stresses social guidance.

The prisoners turn over their wages to the state. Part is applied for room and board, part given to the men for spending money. The balance is saved as a "nest egg" for the men when released.

Behind the experiment is the conviction that prisoners have a

much better chance for readjustment if leading some semblance to a normal life. Most psychologists agree that prisoners in their present form never made anyone a better citizen.

Another factor is that prisoners, by paying board and room, help considerably to defray expenses otherwise paid by the state.

Because it is only in the first stages of trial, the effectiveness

of this plan cannot be judged yet. Optimistic Horfield officials, however, see it as the beginning of widespread reform. So, rather than short sentences with the disadvantages of isolation from normal society, the coming thing in England may well be longer sentences, with the advantages of regular, though supervised, social contact.

Puts you in the Big Time for only \$2829.80

Why hold back from the fun and thrill and pride of boasting a Buick—when you can boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen.

If you can afford any new car, you can afford this brawny Buick Special Sedan—for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars—and actually costs less than some models of those very same cars. (The price we show here proves that.)

Want more proof? For two years in a row now, Buick has outlasted every

other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story—not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling, freshness and distinction—more snap and ginger and power thrill—more comfort and luxury—more ride stability and steadiness—and more structural solidity and pure automobile than the same money buys elsewhere.

Delivered locally!

*2-Door, 6-Passenger Buick Special Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

So if you want to move into the big-car travel world at a small-car price—if you want to have the time of your motoring life with the lift and lift and pride and prestige of a beautiful new Buick as your very own—what's holding you back?

Drop in on us right quick—tomorrow, maybe?—and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

Best Buick yet

DEAR VALENTINE... I Love You. (Staff Photo)

Valentine's Day Most Romantic, Sentimental Occasion In Year

By RANDRA BERG
Herald Society Editor

"If I could wish upon a star... And have my wish come true, I'd wish that I might find the words to tell... All my love for you... But since I can't, I'll send instead this special Valentine, To tell you, Sweetheart, once again, how glad I am you're mine."

The above inscription is, as most of you have already guessed, a modern day Valentine. Tuesday, Feb. 14, which is today, will probably be the most sentimental occasion in all the year for most people.

Have you ever stopped to wonder about when and how it got started? The source of information says that cupid and Cupid's alike, helped Dan Cupid to weave "a web of romantic customs and historical controversies around the origin of St. Valentine's Day."

Since 1956, you lucky single gals, in Leap Year, the "romantic customs," I imagine, will be the best of interest.

Most "learned scholars" agree that St. Valentine's Day was named for a young priest who refused to accept the traditional gods of Rome.

"According to the expert, St. Valentine was killed for his faith in Christianity while in jail he cured the keeper's daughter of blindness but was beheaded soon afterwards. Following the execution which took place Feb. 14, A. D., it was learned that he had thoughtfully written a letter to console the child, signed 'From Your Valentine'."

The romantic souls of people everywhere were fired and tokens of friendship, which did not at any time imply a flattery heart, were still exchanged 1000 years later, then Dan Cupid took over. The good old Romans had, actually, lavishly celebrated this

Thinking Day To Be Celebrated By Local Girl Scouts Feb. 22

Girl Scout Thinking Day is observed around the world Feb. 22. This day celebrates the founding of the World Association of Girl Scouts, Scouts and Guides. Banquets, programs and campfires will be held in the member countries.

Troop Nine, Mrs. Fred Robb leader, is having a campfire at the public beach at Lake Mary. They have invited all the Brownie and Girl Scout Troops in Sanford to attend.

Each troop will represent a country in the association by a song, folk dance, or skit.

The following troops will take part in the International Friendship Campfire: Girl Scout Troop One, Miss Frances Cobb leader, will represent Ireland; Brownie Troop Two, Mrs. Dot Butler leader, France; Brownie Troop Three, Mrs. Alice Grant, leader, United States; Brownie Troop Four, Miss Frances Cobb leader, Brazil; Brownie Troop Five, Mrs. Jean Norris leader, Girl Scout Troop, Mrs. Muriel Scott leader, America; Brownie Troop Eight, Mrs. Dee Herschel leader, Girl Scout

During the Revolutionary War the Americans got into the picture. Records show that colonial sweethearts improvised and made their simple pen-and-ink Valentines as best they could. This continued until 1840 when Esther Howland designed and printed a batch of them for her classmates at Mt. Holyoke College for women.

"It was Leap Year—just 25 Leap Years ago, in fact—and the unexpected demand encouraged her to open shop, she later became the head of a firm specializing in Valentines."

By 1858 humorous verses and designs, were as popular as the sentimental ones and other greeting cards were making way. But the custom which began in Rome almost 1700 years ago, was "The granddaddy of them all."

DID YOU KNOW: lace comes from a Latin word meaning "snare" or "nose" (hum); that "when a knight rode away to battle, he gave his lady fair a silk ribbon to wear in her hair... meaning she was 'tied up'."

DID YOU KNOW: that years ago toasting a rose at someone's feet meant you'd like to be in his or her arms as well... "a fan has been used for ages to keep a man guessing"... "flirting emotion" (hum); "attract a shrew's attention, Arabian girls tie love knots in his riding whip"... Dutch swains began courting by publicly snatching a girl's raincoat and hat off!

DID YOU KNOW: that in early England, Valentine's day was some what like our Halloween... candy faces and all; during the middle ages "a beau hid his message of love in a hollow of a tree"... 100 years ago a popular Valentine "contained a mirror surrounded by lace paper in which a flattered young lady saw herself as someone's 'Heart's Desire' and that the first Valentine was carved on a stone by the cave man"

Troop Nine, Mrs. Evaras Robb leader, Mexico; and two new girl scout troops, under the leadership of Mrs. Robert Berg and Mrs. Russell Speer. Mrs. Speer will take Germany.

The Lake Mary Brownie Troop, Mrs. Taylor leader, will take Hawaii and Lake Mary Girl Scout Troop Miss Dot Teilo leader.

The ceremony will start at 7 p.m. and the public is cordially invited to attend.

10-Year-Old Feted By Parents Recently With Birthday Party

Mr. and Mrs. Clifford Johnson entertained Saturday afternoon at their home, 1408 Bel Air Blvd. with a party in honor of their daughter, Janet, who was celebrating her 10th birthday.

The guests began arriving at 3 p.m. and gathered in the home where games were enjoyed with the going to Diane Smith and Ethel Ann Steinmeyer. Movies were taken of Janet and her friends during the afternoon.

The dining table was overlaid with a lace cloth and was centered with a chocolate birthday cake, iced in pink and white, bearing 10 candles. The honoree was presented with many lovely gifts and then she blew out the candles while "Happy Birthday" was sung.

Favors of bracelets were given to each guest. Refreshments of cake, ice cream, candies and punch were served by the hostess to the guests.

Those attending were the honoree, Donna Peters, Maria Rowland, Valeria Atkinson, Judy Carroll, Judy Lavender, Brenda Brown, Pat Raabun, Diane Movies, Caroline Baggerly, Sandy Wiggins, Marilyn Spears, Joy Tripp, Susan Hiers, Carolyn Nolan, Ethel Ann Steinmeyer, Jill Pennington, Cheryl Johnson.

Also Mr. and Mrs. W. L. Hiers, Janet's grandparents; Mrs. Harold Hiers, Mrs. W. O. Nolan and Mrs. Ralph Peters.

Woman's Society Of Local Church Have Recent Meet

The Woman's Society of Christian Service of the First Methodist Church met recently at McKinley Hall.

Mrs. W. A. Hunter, president, opened the meeting by reading the "Purpose of the Society."

Special attention was called to the following: a luncheon to be given March 6 honoring the new members; the mission study to be given Feb. 16 at McKinley Hall. The subject as announced by Mrs. R. F. Cole to be "To combine our Efforts For Lasting Peace," a covered dish supper to follow; and the district meeting to be March 9 at College Park Methodist Church in Orlando.

A committee was appointed to mail indicator cards to all mem-

Nematodes Subject Of Talk Given By Jack Russell

Jack Russell of Orlando, formerly of Sanford, was guest speaker at the Palm Circle meeting Thursday morning at the home of Mrs. B. E. Ratliff, with Mrs. Robert Bauman as co-hostess.

The subject of Russell's talk was announced by him as highly unglamorous: the Nematode. The infinitesimal threadlike marauder belonging to the same class as hookworm lives free in the soil, he said, and attaches itself to the root and feeds on its juices, causing it to swell into root knots. It can penetrate seed coverings and kill the seed before germination can set in; its salivary juices poison our citrus.

After years of experimentation and soil analysis several insecticides have been evolved that are efficacious in treating grass, shrubbery and citrus. In one experiment, Russell said, snapdragon plants well fertilized and drenched with nematode destroyer grew almost shoulder high as contrasted with snapdragons which had been untreated and were short and weak in stem.

Mrs. Garner, chairman, announced that the Annual club luncheon would be held at the Mayfair at noon of Feb. 14 and took reservations for the same.

Refreshments were served at the social hour following.

Committees Hold Important Session In F. Deame Home

A meeting was held recently for the Program, Refreshments, Decoration and Publicity committees of the E. M. Wives Club in the home of Mrs. Frank Deame.

Ideas for the pre-Easter fashion show were presented by Mrs. Bill Finnegan, president. Further discussion of the show will be given at the coming meetings.

It was announced that the show will be staged in the Ritz Theatre March 15 at 10 a.m. Clothes will be furnished by the Hollywood Shop. Tickets will be on sale soon.

Plans were also revealed and voted upon for the Valentine Dance slated for tonight in the E. M. Club. Members and their husbands are invited to attend this affair. Light refreshments will be served and dancing will start at 8 p.m.

Routine Business Meeting Is Held In Baptist Chapel

The TFL Class of the First Baptist Church met in the chapel Thursday with Mrs. E. M. Carroll presiding.

The meeting opened with members singing softly accompanied by Mrs. Carroll at the piano. Devotional was given by Mrs. E. H. Bepple and reports were given by the secretary and group captains.

The session closed in prayer by Mrs. S. C. Ray. Refreshments were served by Mrs. Ellen Shadin and her group.

Those attending were Mrs. P. Bines, Mrs. C. E. Benton, Mrs. Lillian Vickers, Mrs. A. K. Ross, Mrs. Martha Marshall, Mrs. M. S. Nelson, Mrs. L. A. Smith, Mrs. F. L. Humiston, Mrs. W. L. Whiddon, Mrs. S. L. Price, Mrs. W. B. Stovall, Miss Marie Stewart, Mrs. Carroll, Mrs. Ray, Mrs. Shadin and Mrs. Bepple.

THE NEW AND THE OLD... Modern day dresses blended with those of colonial days at the DAN Colonial Silver Tea held recently in the home of Mrs. L. P. Hagan. (Photo By Jameson)

Mrs. H. Russell Elected Leader, Azalea Group

Mrs. Henry Russell was elected as chairman for the new year of the Azalea Circle of the Sanford Garden Club at a recent meeting. Serving with her are Mrs. E. Anderson, vice chairman; Mrs. Henry M. McLaughlin Jr., secretary and Mrs. L. E. Spencer, treasurer.

Mrs. H. A. Morland presented the program to the circle and showed the members beautiful charts of formulas for house plants. Many varieties of potted plants were also shown.

It was announced that all members are hoping for writings of their meeting in the newspapers so that they may be used in a garden club scrapbook.

The circle met at the home of Mrs. E. C. Harper with Mrs. W. P. Vesley as co-hostess.

The circle's next session will be held in the Garden Center.

Horticulture Round Table Is Conducted By Mrs. A. W. Epps

The Rose Circle of the Sanford Garden Club met at the home of Mrs. W. B. Shippy, Friday Feb. 10 at 9:45 a.m.

Four new members, Mrs. Gordon D. Stouley and H. M. Weir of Sanford and Mrs. Donald Atwood and Mrs. Charles L. Campbell of Geneva were welcomed into the circle.

After the business meeting a horticulture round table was conducted by Mrs. A. W. Epps. It proved to be one of the most interesting meetings held. Ideas were exchanged and discussed along with the answering of questions.

Members present were Mrs. G. W. Bailey, Mrs. B. R. Beck, Mrs. Charles Brumley, Mrs. Charles Cole, Mrs. A. W. Epps, Mrs. Claude Herr, Mrs. D. M. Ladd, Mrs. Ed Lane, Mrs. Charles Meriwether, Mrs. W. A. Morrison, Mrs. Charles Park, Mrs. Henry A. Simpson, Mrs. W. E. Watson, Mrs. J. D. Woodruff and Mrs. D. H. Mathers.

Benefit Bridge, Canasta Slated

Members of the Sanford Woman's Club and other interested persons are asked to remember the Woman's Club Hospital Benefit Dessert, Bridge and Canasta Party slated for Monday, Feb. 20.

Tickets may be obtained from Mrs. Willis Heacock or any member. The affair will start at 8 p.m.

Mrs. W. C. Wiley and Mrs. Mel Starke are chairmen for the event.

County Council, To Meet In Geneva

Seminole County Council P.P.A. will meet in Geneva Wednesday morning at 10 a.m.

Mrs. J. B. St. John urges all members to be present as "this is a very important meeting."

She asks that all delegates from each school along with each president, "please come."

Mrs. D. Hale Jackson of District 6 will be present and the self evaluation sheet for each school will be worked on.

Additional Society Calendar

TUESDAY

The Friendship League of the Congregational Church will have a Valentine Supper at 6 p. m. Everyone is invited to attend. The ladies will make a box supper.

The Gleaners Class of the First Baptist Church will meet with Mrs. Berta Correll, 3008 Sanford Ave., at 7:30 p. m.

The Unity Class will meet in the Valdes Hotel at 7:45 p. m. with the Rev. Carolyn Parsons as teacher. The public is invited.

The Sanford Tourist and Shufboard Club will meet at 7 p. m. A Valentine Party will be held and a program presented. Bring a valentine for an exchange gift.

The W.A.A.'s of the First Baptist Church will meet at 7 p. m.

The Association of Training Union members will be held at the Ovidio First Baptist Church at 8 p. m.

The American Home Department of the Sanford Women's Club will meet at 8 p. m. Election of officers will be held and a musical program is planned. Hostesses are Mrs. A. O. Roberts, Mrs. James Ebern, Mrs. Roger Harris and Mrs. Thomas Hatcher.

The CPD Wives club will meet for a Valentine meeting in the CPD club at 8 p. m.

The Pilot Club of Sanford will hold its regular meeting at the yacht club. Board meeting is slated at 7:30 p. m. and a regular business meeting at 8 p. m. Election of officers will be held at this time.

WEDNESDAY

The Civic and Fine Arts Departments will meet at 12:30 p. m. for a covered dish luncheon. A program will be presented on "Patriotism" with R. T. Milwee as guest speaker. The Fine Arts Department will then present a Bible program.

Dr. Brooks will lead the mid-week prayer service at the First Baptist Church at 7:30 p. m.

The training union executive committee will meet at the First Baptist Church at 8:15 p. m.

The Department of Fine Arts of the Woman's Club will meet at 8 p. m. and election of officers will be held. A special Bible program will be held and hostesses are Mrs. J. E. Courler and Mrs. Blanche Terfort.

The Seminole County Council P-TA will meet in Geneva at 10 a. m.

Seminole County School Food Service Association will meet in Southside School at 3:30 p. m. Mrs. Pensinger, Food Association Consultant for Aluminum Cooking Utensil Co. will demonstrate selection and care of small utensils.

THURSDAY

The Ladies Aid of the Lutheran Church of the Redeemer will meet at the home of Mrs. Joe Melisch on W. First Street at 7:30 p. m.

The Intermediate Choir rehearsal will be held at 7 p. m. in the First Baptist Church.

The Adult Choir rehearsal will be held at 8 p. m. in the First Baptist Church.

The regular meeting of Seminole Chapter No. 2 OES will be held at the Masonic Temple at 8 p. m. All Past Masters and Past Patrons will be honored at this time.

The Sanford Tourist and Shufboard club will meet at 7 p. m. for a special game night party. The Variety show that was slated this week is postponed until Feb. 28.

The Woman's Society of Christian Service will have a study class in McKinley Hall. It will begin at 10 a. m. and close with a covered dish luncheon. The subject is "To Combine Our Efforts For Lasting Peace." All members are urged to attend. Visitors are welcomed and there will be a nursery.

Magnolia Circle Hears Reports On Pest Control

The Magnolia Circle of the Sanford Garden Club met Thursday morning at the garden center with Mrs. J. E. Nichols as hostess.

Chairman, Mrs. Charles Meeks, presided over the business session. An announcement was made that the annual Florida State Flower Show will be held in Daytona Beach from March 2 to March 4.

Several members plan to attend the show. Homer Osborne, guest speaker, gave a very interesting and informative discussion on pest control.

The following members were present: Mrs. Dick Elam, Mrs. Albert Hardesty, Mrs. A. H. Harris, Mrs. F. D. Lisak, Mrs. Charles Meeks, Mrs. J. E. Nichols, Mrs. Bralley Odham, Mrs. H. B. Odham Sr., Mrs. Fred Perkins, Mrs. H. K. Ring, Mrs. Harold Whitliver and Mrs. J. J. Webber.

HAVING A GOOD TIME! Shown above is part of the crowd attending the Anna Miller Circle's Valentine dinner and dance held in the Elks Club Saturday at 6:30 p. m. (Photo By Jameson)

Try and Stop Me

By BENNETT CERF

GAL FROM AN OFFICE—the athletic type—went up to a highly publicized ski lodge for a weekend of risking life and limb on the glistening slopes. The morning after her arrival she complained to the manager that twice during the night she had to get dressed and go to the lobby for a carafe of ice water.

"My dear young lady," said the manager. "Why didn't you simply press the buzzer beside your bed?"

"The buzzer!" exclaimed the girl. "The bellboy told me that was the fire alarm!"

A weary executive handed a report to his beautiful secretary. "Make a dozen copies of this," he ordered, "and circulate the one with the fewest mistakes."

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

ONE of former President Truman's lifelong hobbies, it's revealed, has been weather predicting. Political as well as otherwise?

!!!

Most motor cars in use are four years old, statistics show. Maybe they just look that way after the owners visit the auto show.

!!!

To be happier people should argue more, a college president advises. That's O. K. if we're sure of winning.

!!!

Latest estimate of star gazing scientists is that the universe is five-and-a-half billion years old.

!!!

The FBI has 70 million fingerprints on file, we read. You gotta admit that's a handfull!

!!!

A new hollow, glass-reinforced, laminated telephone pole now being tested is said to be more durable. This sounds like a direct challenge to some auto drivers we could mention.

C. Abernath Will Run On Old Age Benefits Platform

JACKSONVILLE (AP)—Carl Abernath, Jacksonville office machine mechanic, said yesterday he will run for governor on a platform calling for increased old age benefits.

He said he plans no campaign speeches in public places "and making a lot of promises I cannot fulfill. I'm not a politician or lawyer; I'm just a little guy who came up the hard way."

He is 54 years old, a lifelong resident of Emory University. He gave this platform:

No mudslinging, no interference in labor disputes against organized labor; increased old age pensions and lowering pension age to 50 years for disabled persons; increased pay for school teachers; more sports and better recreational facilities to help the tourist business.

Dartmouth's first football score was made by C. W. Oakes, grandfather of Abner Oakes III, Dartmouth's current hockey captain. C. W. Oakes has a taley in 1881 against Amherst.

George Is Opposed To Sending Troops Into Middle East

WASHINGTON (AP)—Sen. George (D-Ga.) said today he is opposed to sending troops into the tense Middle East but Russia seizes the action as an excuse to move in its own armies.

George, chairman of the Senate Foreign Relations Committee, added that he knows of no British American plans along that line, as the Russians charged yesterday. The Soviets warned against Middle East without prior agreement and United Nations approval.

Referring to a statement issued by President Eisenhower and British Prime Minister Eden, to which the Russian alluded, George said he does not recall that the state department announced anything specific other than that they would confer with the French on steps to preserve peace.

Talks among the three powers started last week. As far as is known, no decisions have been reached. In a 1950 declaration the three nations pledged to act jointly to quell any outbreak of war in the Middle East.

George added that the Communists, through Czechoslovakia, have shipped arms to Egypt and "if we become involved in any war in the Middle East, Russia will intervene, indirectly at first, and then directly."

Parakeet Pudgie True 'Smoke Eater'

OMAHA (AP)—There's a parakeet named Pudgie who is a pet at a signal of danger to a fireman, as it is in Pudgie.

You just can't smoke in the station recreation room with Pudgie around. To disabblers the firemen say "go ahead and light up a cigar." She lands on it and she pecks it into two parts. No one is allowed to smoke in her face, either. She's a true "smoke eater" like her owners.

Gus Bell of the Cincinnati Reds is the best home run hitter under lights. At least he was in 1933. In 68 night games he hit 11 homers, one more than his teammate Ted Kluszewski.

Blood transfusion for all horses is a common practice at Hialeah. The usual horse transfusion involves a gallon of blood from a pony.

Bob Powell, young bonus outfielder with the Chicago White Sox, holds mechanical engineering degree from Michigan State University.

Jim Francis, 6 feet 8, is the tallest player on Dartmouth's basketball team. He is from Brighton, Mass.

PERSONALS

Mrs. M. C. Stone returned Sunday from New York City where she was on a buying trip for the B. E. Purcell Co.

Mr. and Mrs. L. P. Chittenden from Falls Church, Va., are visiting Miss Laura and Miss Edna Chittenden.

Mrs. Joe Chittenden and Mrs. Frank Bunn of Arlington, Va., are staying at the former's home for a short time on Carvea Drive.

Clubs To Convene

CASSELBERRY—The quarterly meeting of the Seminole County Federation of Women's Clubs will be held at Woman's School man's Club Building, Thursday, Feb. 23, according to Mrs. C. K. Fisher, county federation president.

The meeting will open at 10:30 a. m. and a covered dish luncheon will be served at noon.

Legal Notice

IN THE COURT OF THE COUNTY JUDGE, IN AND FOR SEMINOLE COUNTY, STATE OF FLORIDA, IN PROBATE NO. ...

NOTICE OF ENTRY OF ORDER OF ADMINISTRATION UNDECEASED.

All persons having claims or demands against the Estate of A. H. Moore, the above-named decedent, are hereby notified that an Order of Administration Undeceased has been entered by the Honorable Ernest Houshouser, County Judge, that the total cash value of said estate is approximately \$1,000.00; that the names and addresses of those to whom said estate has been assigned by such order are as follows: Clyde W. Moore, his widow, 723 Oak Avenue, Orlando, Florida; Claire Campbell, a daughter, 115 Calhoun Ave., Yauco City, Mississippi.

of Clyde W. Moore, Administrator of the Estate of A. H. Moore, Deceased.

NOTICE OF SUIT

STATE OF FLORIDA TO: HAZEN, if alive, and their respective unknown spouses if married, and if dead, the respective unknown heirs, devisees, grantees, assignees,

What we'd like to know is whether that, astronomically speaking, is a venerable age or ridiculously young.

Distance between antagonists in pistol dueling varies from 10 to 20 paces—Factographs. Depending on how mad they are?

!!!

The FBI has 70 million fingerprints on file, we read. You gotta admit that's a handfull!

!!!

A new hollow, glass-reinforced, laminated telephone pole now being tested is said to be more durable. This sounds like a direct challenge to some auto drivers we could mention.

Two bright young men who cut their wisdom teeth on the program in years past guide its destinies today. They are Howard G. Barnes, CBS radio vice president

Columbia Shop Revived On Radio

NEW YORK (AP)—Away back in 1936 Columbia Workshop, an experimental series of radio dramas, gave CBS radio a reputation for originality, daring and showmanship. Now, many years and one invention (television) later, Columbia Workshop has been revived on radio. Again it promises to give CBS radio a reputation for originality, daring and showmanship.

There is nothing on the TV set on Friday evening at 8:30 p. m. (Eastern time) that compares with it in stimulating entertainment value. Revived two weeks ago tonight, it has presented in two parts a dramatization of Aldous Huxley's novel "Brave New World," a satire on a perfect scientific society of the future.

Tonight it presents a dramatization of George Stewart's "Storm," an excellent novel whose protagonist actually is a storm itself. Unfortunately the pressures of sponsored time on CBS confine Columbia Workshop to half an hour.

Two bright young men who cut their wisdom teeth on the program in years past guide its destinies today. They are Howard G. Barnes, CBS radio vice president

Cohen Is Square With Law Again

PALM SPRINGS, Calif. (AP)—Mickey Cohen, who recently completed a federal prison term for income tax evasion, is square with the law again after pleading guilty to two misdemeanor charges and paying \$15 in fines.

Police Chief August Kellman said Cohen stayed at the El Mirador Hotel under a fictitious registration and also failed to register as an ex-convict.

Municipal Judge Eugene Theriau fined Cohen \$100 with a choice of 10 days in jail on each count, but he suspended \$50 of one count and \$15 of the other, with the proviso Cohen not violate the law for one year. Cohen paid the fines in cash.

Legal Notice

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE, IN RE: ESTATE OF ...

TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You and each of you are hereby notified and required to present your claims and demands with proof of their validity to the undersigned, the County Judge of Seminole County, Florida, at his office in the court house of said County of Sanford, Florida, within eight months from the time of the first publication of this notice. Each claim or demand shall be in writing and shall state the place of residence and most office address of the claimant, and shall be accompanied by the instrument, receipt of money and any such claim or demand not so filed shall be void.

As Administrator of the Estate of ...

Walter H. Haines, Attorney at Law, Winter Park, Florida. First publication Feb. 11, 1956.

Seminola Rebekah Lodge Has Session

Seminola Rebekah Lodge met Thursday night in the IOOF Hall with noble grand, Mrs. Nellie Fuell presiding.

Routine business was attended and a "table" sum of money was obtained for the polo fund by Mrs. Essie Cole.

Dismissal was held in duet form with 20 members and three visitors present.

Tree Donated

At a recent Arbor Day program held in Pinecrest school local garden circles donated trees to the school.

The Rose Circle gave a live oak tree, the Hibiscus Circle a magnolia and the Dirt Gardeners Circle a Koeleria tree.

The oak was planted during the Arbor Day exercises in honor of Mrs. Rosal Carner, a former teacher. Mrs. Reynolds, principal, spoke on the care and value of trees.

'56 DODGE Coronet

it's your King Size Buy!

Luxurious new '56 DODGE CORONET is bigger by far than other medium-priced cars! Bigger in size, comfort, performance, style! Yet it is priced right down with the lowest-priced cars. A big Dodge Coronet V-8 Lancer hardtop costs only 95 cents a week more than "hardtops" in the small-car field!

Size it up with others in the medium price field	Price it against small cars in the "low price field"
Car "B" Dodge is 4.9 inches longer	Car "C" Dodge is 14.5 inches longer
Car "M" Dodge is 5.6 inches longer	Car "F" Dodge is 13.5 inches longer
Car "O" Dodge is 7.7 inches longer	
Car "P" Dodge is 8.4 inches longer	

Yet Dodge costs only \$4.11 a month more less than 95 cents a week!

Push-button driving and record-breaking performance! At a touch of your finger, you command the greatest performance car on the road today—Dodge! The new '56 Dodge shattered every record in the book—including world records held by expensive foreign models—in its sensational 14-day official run on the Bonneville Salt Flats. The '56 Dodge V-8 holds more performance records than all other American cars combined.

Why settle for a small car, when a new '56 Dodge Coronet costs you so much more for so little more? Here's big-car ride and roominess, big-car luxury and looks in a full ton of King Size Dodge Coronet, priced right down with the small car!

Respective prices of Dodge Coronet V-8 Lancer hardtop extra price of same body style of the three sizes \$2,700, \$2,800, \$2,900. Dealer price. Tax, license, title, etc. extra.

Dodge Dealers present: Denny Thomas in "Make Room for Daddy," Bert Parks in "Break the Bank," The Lawrence Wolf Show—all on ABC-TV.

More Enthusiasm Urged For French Ave. Dedication, Banquet

Long States Paying Protection Money On Three Occasions

Only five witnesses were brought to the stand yesterday to testify in the conspiracy trial of suspended Sheriff Judson L. Hobby, 35-year-old railroad engineer turned sheriff.

Accused in a Federal indictment handed down in Tampa in November last year, other than Hobby are: Andy E. Evans, deputy sheriff for Hobby; Dwight D. Yelvington, former beverage agent for the State; Willie R. Brown, a former negro deputy for Hobby; and Jerry Martin and James Smith, negro tavern operators.

Kelsey, under cross examination by defense attorney W. W. Judge of Daytona Beach, said that suspended sheriff Hobby told him early in January, 1953, "There's enough business in Seminole County to justify your salary, and if that isn't sufficient you can line up the bootleggers and gamblers."

A tense moment in the trial came early when Attorney Judge asked, "Line up the bootleggers and gamblers for what?"

Kelsey's answer was, "I don't know sir."

Leon Thomas Long, 35-year-old admitted moonshiner and bootlegger, in custody of the U. S. Marshall due to a sentence for possession of moonshine whiskey, surprised the less than 50 spectators in the Orlando Federal courtroom by testifying that he paid protection money to Constable Felling, Chief George Kelsey on three occasions.

Elsewhere in Long's testimony, he stated that "Justice of the Peace Hugh Duncan was in Hobby's car when Hobby, Duncan and a man named Smitty came to my house and wanted to control all of the moonshine in Seminole and Orange Counties."

"I was to make the moonshine at \$10 a jug and they were to handle it," Long said, "and I turned it down because we couldn't make any money at \$10 a jug."

Justice of the Peace Hugh Duncan told The Herald this morning in regard to Long's statement, "All I know about is what the newspaper carried, and if true as carried in the paper, Long's statement is a lie and most ridiculous. I do not know him or where he lives. I only know of his long criminal record."

Other witnesses yesterday for the government were Mrs. Melba Long, wife of the admitted moonshiner; Lela W. Long and Mrs. Ruby L. McNeil of Jacksonville, sister of Leon and Leroy Long, former Sanford Ave. notions store operator William Howard Duskin, now an insurance agent in Huntsville, Ala., told the Federal jury and court that "I intended to go into the moonshine business and made arrangements to get protection."

"I was to give Hobby \$50 a week to operate the still," Duskin said. In later testimony, Duskin said that "I did not get to sell any whiskey and under the circumstances I told Hobby I could not afford to pay him but \$12.50 a week."

"My still was raided before I could get the first batch run off. I never gave the sheriff a penny or a drop of whiskey," said Duskin.

"I don't know too much about the whiskey business," Duskin admitted. "I just got familiar enough with it to get some time at the Tallahassee and Atlanta Federal penitentiaries."

Trial resumed this morning at 9:30.

Neighborhood Fight Ends In Shooting; 2 Women Wounded

MIAMI (UP)—A year-long neighborhood squabble boiled over last night when a 22-year-old man went berserk and shot up a housing development, wounding two housewives and then turning the gun on himself.

Sgt. Floyd Alsbury of the Criminal Bureau of Investigation, said Burton Julian Herndon terrorized the neighborhood before wounding himself in the chest. His condition is critical.

In serious condition is Mrs. Norma Egan Mullinix, 23, shot four times in the stomach, chest and arm. Mrs. Helen Cole, 35, is in fair condition with a bullet wound in the left hip.

Alsbury said a two-block section in the vicinity of the Herndon home was in a state of panic for more than an hour as Herndon loaded his .22 caliber revolver again and again, blasting away at cars, houses and people.

Herndon went back to load his gun again as three motorcycle officers arrived. Sgt. Joe Balough and Patrolman Robert Reinheimer and Robert Duncan ducked behind a parked car and exchanged shots with Herndon.

They shot out the lights in the living room and on the porch of the Herndon house. They rushed the house but Herndon had shot himself when they broke in.

Herndon, a roofer by trade, was in a psychiatric ward at Veterans Hospital for a short time about three months ago, Alsbury said.

Student Loans Offered

State Superintendent Bailey has designated Tuesday, March 27, as the date for holding competitive examinations for the purpose of awarding State Nursing Scholarship Loans.

High school seniors, high school graduates, or students already enrolled in nursing school who desire to train for a nursing career in Florida are eligible to compete if they have earned at least one high school unit in each biological and physical science, have been a resident of Florida for one year (if applicant is under 21 years of age, his parents must be residents of Florida) and planning to enroll in an approved school of nursing in Florida this fall. Applicants for practical nursing scholarship loans are not required to have the two units in science. Each person who is awarded a State Nursing Scholarship Loan must agree in writing to begin practicing nursing in Florida immediately upon graduation or completion of course and continue to practice nursing for the period specified for the type nursing scholarship he received.

Applicants must register with High School Principal, Director of School of Nursing, or County Superintendent by Feb. 22.

High school seniors who plan to take the scholarship examination March 27, must register with their high school principal; students already enrolled in a school of nursing must register with Director of School of Nursing by Feb. 22. High School Graduates may register with the County School Superintendent.

Application forms should be secured at time of registration and should be completed and turned in to the person who is in charge of the scholarship examination where the applicant reports to take the test March 27.

The examinations for white applicants of Seminole County will be held in the conference room of the School Administration Building on Commercial St. Those for the negro applicants will be held at Croome Academy.

Examinations to fill vacancies for \$400-a-year Scholarship Loan for the preparation of teachers will be held March 27, in the County School Administration building on Commercial St. for white applicants and at Croome Academy for negro applicants.

High school seniors, high school graduates, and college students who desire to train for a teaching career in Florida elementary or secondary schools are eligible to compete if they have been residents of Florida for at least one year (if applicant is under 21 years of age, his parent must be resident of Florida) and are planning to register in the school.

Galloway Accused In Moonshine Acts

Appreciation Of New Hospital Displayed

The urgent need for the modern facilities of the Seminole Memorial Hospital, as it was pointed out prior to the completion of the new building, is dramatically demonstrated by the patient census now—less than two weeks after the doors were opened. For half of this time there have been 50 or more adult patients in the new hospital, Administrator Harry Weir said.

The old Fernald Lighthouse Memorial Hospital had a 22 bed capacity.

The staff at the new East First street institution has been quickly adjusting to the work load as well as to the new equipment and routines with which they are working, according to the executive officer, who commended them for their willingness.

The doctors have been loud in their praise of the nurses, the patient care and the improved opportunities to treat those who are ill. The modern equipment, the ready availability of pharmacy, X-ray and other diagnostic aids are continuously impressing the medical men with the great strides that were taken as the new hospital opened.

Mothers have been delighted with the type care provided for their new offspring. Weir said, and added that from the mothers' standpoint the thoughtful provisions for their cherished babies are well worth all the planning that went into the nursery.

People visiting loved ones who are ill have commented on the quality of care being taken of them and have been impressed by it, nursing officials here said. Many have been impressed with the Women's Auxiliary members who have shown courtesy and consideration beyond that so often found in large hospitals. It was added.

Special Agents Revealed Tape Recordings Are Presented

Conflicting testimony was given to a Federal jury this morning in the second day of the trial of suspended sheriff Judson L. Hobby; former deputy, Andy E. Evans; former beverage agent, Dwight Yelvington; former Negro deputy Willie Brown; tavern operator Jerry Martin and James Smith before Judge William J. Barker. Constable J. Q. Galloway was also named by a Negro undercover agent employed by the State Beverage Department, as one allowing moonshine operation in his Seminole County district.

Sanford Police Department Patrolmen, Carl C. Dodson and Joe Hickson were the first two witnesses called in succession today. Dodson stated that as the result of a conference with Seminole County Prosecutor, Karlisle Housholder; former assistant State's Attorney, Hubert Griggs; and State Attorney, Murray Overstreet, Griggs and Housholder took the two officers, Dodson and Hickson, to Tallahassee to appear before the Governor for their appointment as special Beverage Department investigators, without pay.

However, Dodson said they were reimbursed for expenses such as mileage, travel, employing of buyers and other expenses.

It was revealed that two tape recordings were made of conversations between Marcell and Johnnie Gaines, employed as buyers and acting under the instruction of the two police officers and both Willie Brown and James Smith. The two tape recordings had not been played in court or before the jury up until noon today.

Hickson stated that three recordings were made and always kept in his possession or in the safe at the Sanford Police Department. However, he admitted that one of the recordings had been lost or could not be found.

Clinton Sneed, a supervisor employed by the State Beverage Department, admitted working undercover and with the two Sanford Police Department officers, Carl C. Dodson, Sanford patrolman, said the first meeting between the county prosecutor, State's Attorney, assistant State's Attorney, Patrolmen Hickson and himself was held in the month of September 1953.

Dodson told the Federal jury, on cross examination, that all reports and playing of the tape were made before the county prosecutor and other State officials. He also stated that another informer, Martha Lee Drivers, was employed and used to contact and get information from Willie R. Brown, the former Negro deputy. Dodson also told the Federal jury, on cross examination, that the undercover operator, Clinton Sneed, bought the Silver Moon, a Bookertown tavern, with State's money and took James Smith in with him to operate it.

Dodson, in his testimony and on cross examination, stated that no State prosecution was made from evidence gathered in their investigation. Questioning Dodson about the number of hours worked for the State in wide-spread investigations during 1953-55, he said "We were working in the City of Sanford, Fla. as patrolmen." He further stated that the City paid him for the eight hours he worked. "The late paid us our expenses, mileage and money we had to put out on buys." Investigations were made on their own free time, he said. He told the jury, on cross examination, "To my knowledge there has been none prosecuted (investigation)."

Patrolman Joe Hickson followed Dodson as the witness stand and revealed that he also was empowered as a special beverage supervisor to make the wide-spread Seminole County investigation. Hickson brought with him to the courtroom two tape recordings which were marked, Government Exhibits, No. One and No. Two. The first tape recording, Hickson said, was made Jan. 5, 1954, at the residence of Johnnie and Maybelle Gaines on W. Eighth St. in Sanford. The second tape recording, he said, "was made April 28, 1954."

Efforts To Finance Building Program For Firm Advancing

Progress is being made in efforts to finance a new building construction program for Sanford Industries, according to a report made to the directors of the Seminole County Chamber of Commerce last night.

Plans and specifications are now being completed, Chamber Manager Forrest Beckenridge told the directors as they reviewed the Industrial Committee's program to aid in the expansion of one of Sanford's fast growing plants.

A. R. Peterson Jr., a member of the Seminole County Chamber of Commerce Industrial Committee, reporting for the committee's chairman, Don E. Ball, revealed that the appraised value of the new building to house more than double their present capacity of employees, would be \$61,000.

A report on the Federal Highway Program poll, according to Senator Douglas Stansbury, chairman of the Legislative and National Affairs Committee of the Chamber, shows the mounting nationwide interest in the proposed program now before Congress.

Based on additional taxes for a pay-as-you-go program, Stansbury told the chamber of Commerce Directors, the Federal Highway Bill, proposing 40,000 miles of new highways across the nation, will probably go through.

Chamber of Commerce President George Touhy, presiding at last night's meeting, revealed that the Florida Power & Light Company has offered the use of their expert in the making of a revised study of the Industrial Survey.

"We are greatly in need of up-to-date information to furnish prospective investors in locating their industries here," Touhy said.

The expert, proposed to make the revised study, will meet with the Chamber's Industrial Committee and further meet with the Board of Directors at its next regularly scheduled meeting.

Lake Mary Pioneer Night Set March 6

The 31st Annual Pioneer Night has been set for Tuesday night, March 6, said Frank Evans, of Lake Mary, last night.

"All of us are going to these old ages where we feel lonely," said Evans as he told of plans for the special event held for those over 60 years of age each year in Lake Mary.

"There's one lady who comes down from Georgia each year for Pioneer Night," Frank Evans said as he recalled the events in years past.

"We have had a number of notable people attending our annual get-together and there's a lot of sentiment about Pioneer Night out in Lake Mary," Evans said.

"Everyone should make plans to invite someone over 60 to attend the 31st annual Pioneer Night and bring them along to enjoy one of the finest evenings and events of the year," said Evans.

9-Year-Old Boy's Bravery Backfires

ALTA DENA, Calif. (AP)—The gallantry of 9-year-old Dennis Butte backfired. He became wedged in a chimney when he tried to go down it and open the front door for his friend, who had been locked out.

Dennis says he has climbed down his own chimney several times "but ours is bigger and I never got stuck before." He got just above the damper over the fireplace in Patty Wilson's house and discovered he couldn't go any farther—up or down.

Patty's parents, Mr. and Mrs. Paul Wilson, were away from home, but she summoned firemen, who used ropes to pull Dennis up, sooty but unharmed.

Asked about his friend, Dennis answered: "She's my second girl friend. I don't think I want any more."

Two Communities Struck By Storms

MORRILLTON, Ark. (AP)—Tornado-like storms struck two communities near here early today, killing at least one person and injuring two.

The storms destroyed or severely damaged eight houses—four at Cleveland and four at Sardinia—and demolished many farm buildings. At Cleveland, 18 miles north of here, a 67-year-old Negro, Verne Ashford, was killed when wind smashed his home in splinters. His 3-year-old wife, Ethel, suffered multiple injuries.

One person was reported injured at Sardinia, about four miles south of here, and four houses were reported damaged.

Sheriff Martin Hawkins said the storm at Cleveland, population about 60, cut a swath 300 yards wide, knocking houses and buildings off their foundations.

Playboy Pleads Guilty To Swindle

NEW YORK (AP)—Robert H. Schlesinger, 30-year-old playboy son of a millionaire mother, pleaded guilty yesterday to an oil stock swindle.

He had used \$132,000 of the proceeds from a shaky Louisiana oil promotion to buy jewelry for actress Linda Christian.

The shabby, unmarried Schlesinger faces a possible maximum sentence of 10 to 30 years. He might get off with less by making restitution to the three men he duped in the oil deal.

General Sessions Judge John A. Miller scheduled sentencing for March 14.

Harris R. Steinberg, Schlesinger's lawyer, told the court: "He realizes the foolishness of his past acts and as a first step towards straightening out his life he has to realize that he has wronged other people and to make whatever redress is possible."

Steinberg said Schlesinger, an Air Force veteran, now has a steady job as a pilot and flight instructor.

Schlesinger's mother, the former Anna Williams, inherited 12 million dollars in 1925 from her second husband, Harrison Williams. She is now married in Court Alberg Edward, Bismarck. She has long been rated one of the world's best dressed women.

Ohio Legion Post Thinks Tokyo Rose Should Be Forgiven

SPRINGFIELD, Ohio (AP)—Tokyo Rose should be forgiven for her World War II broadcasts to United States servicemen in the South Pacific, members of the Gullies-Ward American Legion post resolved last night.

The resolution asks that Mrs. Iwan Ikinaka Tanori of Agulon be restored her United States citizenship. It states: "There is no record that Tokyo Rose ever convinced a single fighting man of a single statement she made, but rather, was a source of entertainment to hundreds of thousands of those fighting men" and did not impede the progress of the Pacific war in any manner.

Tokyo Rose, who was released from the federal reformatory for women in Anderson, W. Va., in January after serving six years, has paid her debt to society, the resolution states.

Casselberry Group Approves Rezoning

CASSELBERRY—Rezoning of the west side of Lake Dr., from Seminole Blvd., to Quintuplet Dr., the north and south sides of Quintuplet Dr., to lot 54, excluding trailers and to block G and 3 lots to the east, on Seminole Blvd., from residential and commercial to residential only, was approved by the council Monday night.

In the changes, submitted by the zoning board, it was recommended that present trailers in the area concerned would not be affected for a period of two years, after which time a house would be required. The proposal also provided that use of trailers applied only to present owners and did not extend in event ownership was transferred during the two-year period.

Graham Wilson, secretary of the zoning board suggested that parking regulations be instituted on the circle fronting the Evans Bldg., in which the post office is located. The proposal was referred to alderman Iva Evans, who with his brother Miller, Evans own the real estate involved.

Town Clerk Frances Allen reported a balance of \$1,001.90 in the street lighting fund, \$2,368 in the escrow lighting fund, The State cigarette tax refund which maintains the street lights, for January amounted to \$184.86.

Dr. P. D. White Slated To Appear On Television

BOSTON (AP)—Dr. Paul Dudley White, the Boston heart specialist who told the world about President Eisenhower's heart yesterday, is scheduled to go on television tonight, but only other doctors will see and hear. He will be one of six physicians to discuss a phase of heart disease on a closed circuit television program broadcast to medical gatherings in 10 major cities from the New England Medical Center here. The program cannot be seen in the home.

No Relief In Sight From Cold Wave

LONDON (AP)—Europe's relentless cold wave had claimed at least 40 dead today after 2 1/2 weeks. Relief still was not in sight.

Subfreezing temperatures spread across the Continent. St. Tropez on the French Riviera playground had a 16-inch snowfall, heaviest in memory.

Icepacks slowly forced the 1,900-ton Swedish cargo ship Matilda on to Sweden's rocky Baltic coast. Helicopters stood by to rescue the crew of 20.

The ice that threatened the last open sea lane between eastern and western Denmark.

People in hundreds of isolated villages in Italy and on lonely Baltic islands ran short of food and fuel.

By countries, these deaths were recorded from cold, fire, storms, avalanches and accidents attributed to the freezeup:

France 107, Yugoslavia 65, Italy 63, Britain 45, Greece 30, Denmark 27, Germany 25, Turkey 41, Austria 17, Netherlands 15, Portugal 14, Spain 12, Switzerland 11, Sweden 6, Belgium 5, Poland 4 and Libya 2.

Resolution Passed By Association

LAKELAND (AP)—A resolution asking Lakeland schools to allow children to take an elective course in dancing was passed yesterday by the Lakeland Ministerial Assn.

At present school children must take rhythmic dancing as part of their physical education course unless they have an excuse from their pastor.

Some children say it causes them embarrassment to get such an excuse. Some say other children make fun of them if they object to the dancing.

Ike Able To Serve 2nd Term

WASHINGTON (AP)—President Eisenhower's doctors say he is physically able to serve a second term. They go further and say that from a medical standpoint he appears fit for "another 10 to 15 years" in the presidency.

That is the optimistic report Eisenhower takes with him when he flies today to Thessalonika, Ga., for about a week's vacation at the estate of the Secretary of the Treasury Humphreys. There he quite likely will reach a final decision on whether to seek re-election—if he has not already done so.

"The choice (regarding a second term) is his, not ours," said Dr. Paul Dudley White, Boston heart specialist, in telling a news conference about the medical report he and his colleagues gave Eisenhower.

The President's six doctors said in a prepared statement Eisenhower "has made a good recovery" from the heart attack he suffered Sept. 24, and his health "continues to be satisfactory."

Eisenhower undoubtedly will give the physicians' report careful consideration before he makes his announcement, which he has indicated will come around March 1. But he told a news conference a week ago today:

"I think I will probably trust my own feelings more than I will the doctors' report."

Nevertheless, the medical appraisal was a cause for much jubilation among political supporters' opponent in 1952, said in Eisenhower will bid for another four years in the White House if he is physically able.

Sen. Carlson (R-Kan.), one of the original Eisenhower-for-president boosters, summed it up in saying:

"It's the best news the people of the United States and the world have had since the President was stricken. This gives added hope and assurance he will serve for another four years."

Adlai E. Stevenson, Eisenhower's opponent in 1952, said in Seattle that "like all Americans I am of course delighted at the favorable report . . ."

At the outset of the physicians' news conference, attended by about 100 newsmen, Maj. Gen. Howard M. Snyder read a statement in which the six doctors declared Eisenhower "has made a good recovery." Snyder is Eisenhower's personal physician.

The first question put to Snyder was whether Eisenhower could serve "another four years in the White House without any damage to himself." Snyder replied:

"We believe he can serve four or five years or longer in a very active position of great responsibility."

Opera Knowledge Wins Contestant \$64,000 Jackpot

NEW YORK (AP)—Michael Della Rocca—with a bit of counseling from fellow gambler Gino Prato—has hit the \$64,000 jackpot by answering questions about opera on a television quiz show.

Della Rocca, a 54-year-old Italian immigrant, plans to use part of his winnings to improve the amateur opera he stages as a hobby at the high school in Baldwin on Long Island, where he lives.

He answered a 14-part question on grand opera last night on the CBS TV program "The \$64,000 Question." Income taxes will take about half the money.

He could have quit and taken the \$32,000 he won last week on his fourth appearance on the show. Only two other contestants had won the grand prize.

Exercising his prerogative of taking an expert adviser into the isolation booth with him, he chose Prato of the Bronx, who won \$32,000 in the opera category on the show last Aug. 9 and quit.

The two shoemakers—both born the same year in Italy, both U. S. citizens and both lovers of opera—could be seen conferring at points with light fixtures through the window of the isolation booth.
