Officer's Action Averts Tragedy

Quick action by an off-duty Sanford policeman may have prevented the wounding or death of a Wekiva Springs Marina employee.

Seminole Deputy Charles Barker, in his morning report filed today, related that Patrolman Roy Williams' action in grabbing a .22 caliber rifle held by Jesse Ray Smith of Apopka caused a shot to strike the ceiling when the man entered the establishment after having been ejected earlier by Herbert Calhoun, marina manager, after a disagreement.

Barker reported Smith allegedly left after being ordered out by Calhoun, but returned minutes later with a rifle.

Williams, near the man, grabbed the gun as the man pressed the trigger with the bullet striking the ceiling.

Calhoun later took a warrant charging Smith with aggravated assault with a deadly weapon and Deputy Barker placed the man in county jail in lieu of \$2,500 bond.

A Marine home on leave and shot after a Sunday night altercation in the Jamestown section near Oviedo, died last night in a Winter Park hospital of wounds received after an argument with James Hall, 28, a Jamestown resident.

Kenneth Holleman died after receiving chest wounds inflicted by a shotgun, and Hall is being held in county jail after giving himself up on assault with intent to murder charges.

Bond has been set at \$5,000 and a hearing is expected before Peace Justice Jack Mahaffey sometime this week.

Thompson Closet Murder Possible News Control Seen

By BILL SCOTT
The defense attorney for a woman accused of shooting her husband and hiding his body in a clothes closet, this morning filed a motion in Circuit Court to control news coming out of the woman's trial expected to start Oct. 20, provided a motion to suppress evidence is not granted during a 1:30 p.m. hearing today.

Mack N. Cleveland Jr., Sanford lawyer, asked the court to forbid area newspapers, radio and television stations from publishing information to the public concerning the murder charges placed against Mable Frances Thompson, during the woman's trial unless the information is presented in open court during testimony.

Cleveland will ask Circuit Judge E. Thom Rumberger to day to prohibit the taking of photographs of Mrs. Thompson within the Seminole County Court House and from publishing photographs of the defendant in court during the trial, which because of a previous motion by Cleveland to suppress evidence taken in the investigation by authorities, may never be heard.

The suppress motion, if granted, would prohibit the use of certain evidence in the trial and could prevent Mrs. Thompson from ever being prosecuted.

Cleveland is maintaining that Sanford detectives Ralph Russell and Don Brunley illegally entered the Thompson home and took evidence at the time the missing firearm's body was covered under a pile of old clothes in a hall closet.

The motion to suppress evidence has so aroused the relatives of the slain man that they have requested help from President Richard M. Nixon and Governor Claude Kirk to insure that "justice will be done."

Dorothy Brooke and Evelyn McCleary, cousins of Thompson, Thursday mailed information requested by a spokesman for Nixon to Washington.

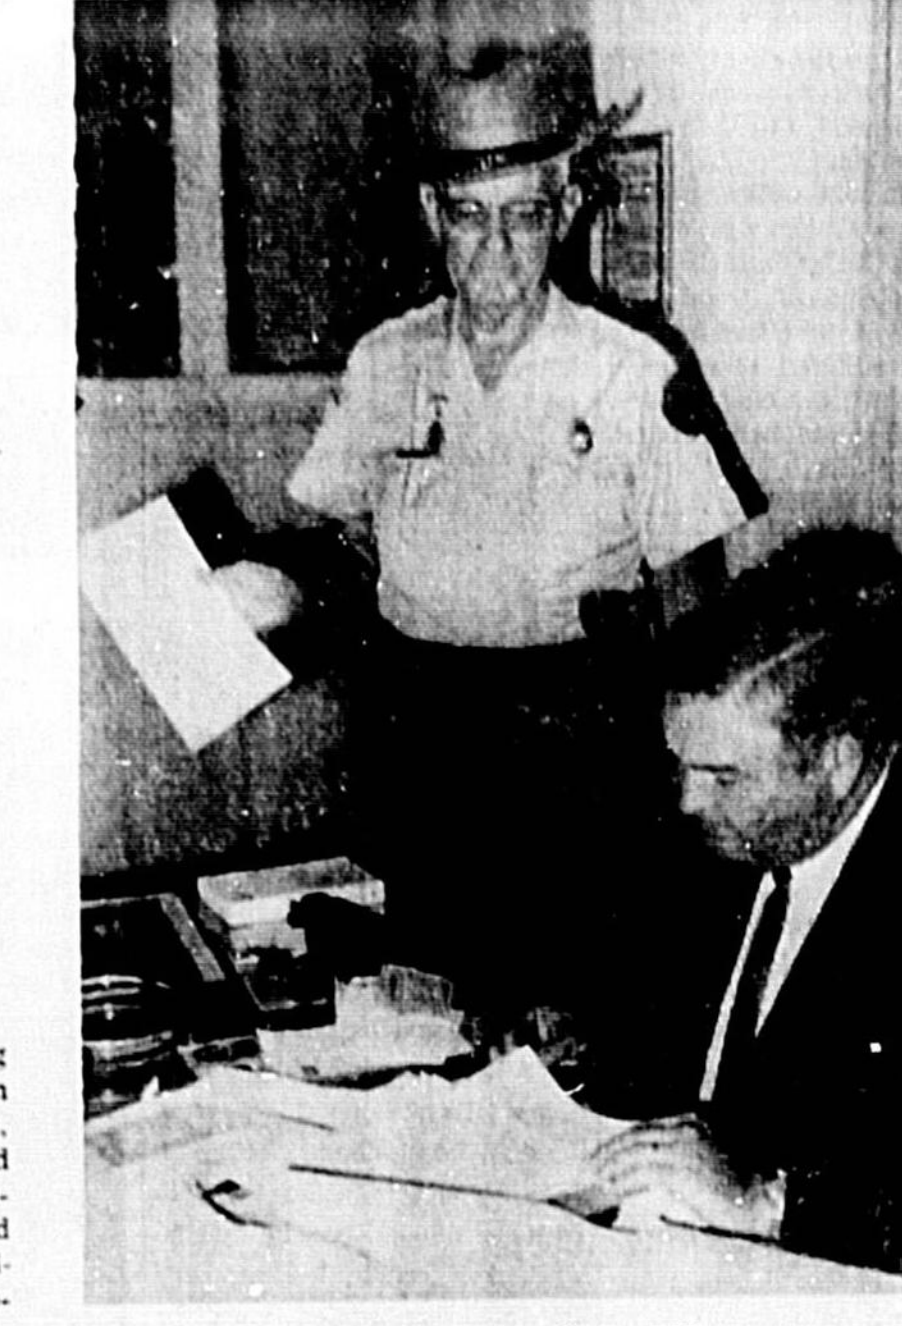

Cleveland, in his motion filed today, cited "extensive, pervasive and recurring publicity through the mass communication media and mentioned that members of the family of the deceased were being quoted in the press expressing their concern."

The attorney maintained this could prevent his client from receiving a fair trial "undiminished by inherently prejudicial publicity."

Cleveland asked the court to take any further actions as deemed necessary and proper to preserve to the defendant a right to a fair trial.

The attorney told The Herald the action was taken by him after stories appeared in the press alluding that certain people were trying to keep information from being brought out in court and this was hurting chances of his client receiving a fair trial.

Observers at press time today speculate the case will never be brought to trial, due to Cleveland's motion to suppress evidence, which he says was obtained by officers as the result of unreasonable search and seizure and in violation of Mrs. Thompson's constitutional rights.

HERE YOU ARE, SIR
CONSTABLE FRED GALLOWAY serves the injunction on water rates to Sanford Mayor Lee P. Moore.

Suit Halts Water Hike

A suit to enjoin the City of Sanford from increasing water and sewer rates has been filed in Circuit Court today by Fred Leone, attorney for a number of Sanford Estates residents opposed to the reported 200 per cent hike of utility rates to customers of city water and sewers living outside the city limits.

A copy of the injunction was served on Mayor Lee P. Moore minutes later by Constable Fred Galloway at Moore's office at Chase and Company.

The action will stop the city's intention to increase the utility rates with the October billing until a hearing to decide the legality of the increases.

Until then old rates will remain effective.

North Orlando 'Bombs' GAC

By MARION BETHEA
In the words of vice mayor, David Tilson, Gulf American Corporation was "rained out" at a meeting of North Orlando village council last night. The council, at the beginning of the meeting had a public hearing on rezoning of three plots of land at Northlando Woods from rural to residential, with no opposition. However, at the council meeting, Granville Brown objected to the classification because of the exception granted to GAC allowing open drainage ditches.

The "bomb" was dropped by chairman of the zoning board, Charles Kelley, who presented a letter to council stating that the plats submitted by GAC were sub-standard, and not in the best interest of North Orlando and its citizens. Corrections were submitted to subdivision ordinance 49 that all streets leading to or within a subdivision be paved and that no open drainage ditches be allowed.

GAC had stated at the September council meeting that piping was not feasible, and had also planned clay streets in the subdivision. (Continued on Page 2A, Col. 4)

Commission Tabs Publicity Board

By FRED VAN PELT
Expedition of the installation of railroad traffic signals on SR 436 east of SR 431 and on SR 431 east of 14 was requested today by the Seminole County Commission.

The request was addressed to the State Department of Transportation and the Seaboard Coastline Railroad. The work would be done by county secondary road funds by the county planning and zoning commission.

Members of this committee will advise the county commission on publicity and advertising and it was said will receive reports from the Seminole County Chamber of Commerce on its expenditures for publicity with county allocated funds.

Council Produces Action

North Orlando village council, and more specifically commissioner Robert Marshall, were the target for vituperation at last night's meeting.

A deluge of complaints was registered regarding the condition of roads in the village following recent rains. A letter signed by 23 residents stated that supplies would have to be dropped by "air lift" during the winter unless roads were improved. C. H. Hyatt, a resident of Bahama Drive, complained that only about \$1,000 had been spent on his street in the past ten years, and further stated that the main arterial road in the ranch section was washed out. Hyatt grimly stated that the residents were "sick and tired of back passing" and were looking to the mayor for a solution.

Mayor Clifford Jordan agreed with the complaints, saying that he was present when the barricade was erected on Hays Road and Shore Road was closed. He further stated that Edgemont with garbage was. Mrs. Lynn Jordan promised that he would insist upon the resignation of Marshall's complaints went unheeded further. Marshall was not present at the meeting.

Residents are still plagued with garbage woes. Julian Keller sided with the collector saying the conditions of roads would ruin the trucks.

Military Chiefs Don't See Eye-To-Eye With Sen. Scott

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — The chairman of the U.S. Joint Chiefs of Staff indicated today that he doesn't share Senate Republican Leader Hugh Scott's expectation that the war in Vietnam will be over soon.

The Pennsylvania senator said Monday there may be a breakthrough in the war in the next 60 to 90 days. He said the breakthrough could occur in either the diplomatic or military arena but he "would shade it a little toward the military."

Green Beret

PHOENIX, Ariz. (AP) — Green Beret Capt. John J. McCarthy Jr. says he is "acquainted" with the murder of a Cambodian aide in Vietnam, for which he spent nearly two years in confinement.

McCarthy started a month-long home leave with his family Monday after his release. He had been held at the disciplinary barracks at Ft. Leavenworth, Kan., since January 1968.

Asked whether the dropping of charges against eight other Green Berets accused of slaying a South Vietnamese agent might have led to his release, McCarthy said, "The only parallel is that we all belong to the same unit."

McCarthy, 36, flew to Phoenix and was met by his wife, his three children and his parents.

"It's good to be home," he said, "I've been assigned to Ft. Huachuca, in Arizona but I haven't been told yet what my duty station will be."

Justice Fight Rolls On

By H. L. SCHWARTZ III
Associated Press Writer
WASHINGTON (AP) — Judge Charles F. Haynsworth says he would be willing to put his financial holdings under a trusteeship to "avoid any further suggestion of conflict of interest" if the Senate approves his appointment to the Supreme Court.

This word from the White House Monday came as both supporters and critics of the nomination worked to ready reports on Haynsworth's fitness to sit on the high court.

Haynsworth's leading opponent, Sen. Birch Bayh, said a preliminary look at records had led him to actively fight the nomination.

On the other side, some backers had prepared their defense of Haynsworth's civil rights decisions while a judge on the 4th U.S. Court of Appeals.

In making the trust announcement, the White House said the idea came from the wealthy South Carolina jurist himself and not from President Nixon who is fighting to win Senate confirmation of the nomination.

Haynsworth, contacted in South Carolina, confirmed he had made suggestions to the administration last week. He said he had not thought out Turner's coverage and a "good damn fix" for allegedly blocking investigation into the affairs of Sergeant Major of the Army William O. Wooldridge.

Road Problems Aired At Oviedo

By LIZ MATHIEUX
Associated Press Writer
The oath of office was administered Monday night to Mayor C. D. Thompson of Oviedo and Councilmen Ed Kessel and Ray Beasley by Attorney G. Algren Spear.

A \$146,956.02 budget for the 1969-70 year was adopted by the council. The tax millage was raised from six to seven mills and anticipated revenue from city taxes will be \$30,421.

Among other sources are anticipated \$30,000 revenue from the water department, \$28,000 from cigarette tax and \$10,000 utility tax.

A total of \$26,472 will be allotted for salaries of city officials; \$15,700 for operating expenses; \$6,000 maintenance; \$27,247.02 general capital improvement; Department of Water Utility, \$26,000.

The problem of roads was prominent on the agenda. Charles Walls, Oviedo Jace president, presented to the council plans for a road improvement program being sponsored by the Jaycees. County commissioners are being asked to attend a public meeting at the city hall Monday at 7:30 p.m. to discuss road problems.

Mayor Thompson said, "Some of the roads are not only impassable, but impassable." Recent heavy rains having compounded the road situation, the council decided to bring in W. E. Heath, surveyor to recommend the best solution for drainage of the roads.

Roads mentioned as being in bad condition were SR 426, Franklin Street, Nursery Road, North Lake Jessup Rd., Doctors Drive, Mission Rd. and Avenues A and E.

Reappointments of all other city officials were confirmed and the hiring of Steve Garvin was approved.

A representative from Southern Underwriters Association was present to discuss re-evaluating the city for fire insurance rates due to the construction of the city water works.

Installation of two new street lights on Doctors Drive, one for Franklin Street, and two for Mead Manor. Installation of new street signs is pending delivery of posts.

Council authorized Councilman Jim Pearson to look into the purchase of a one ton flat bed pickup truck as the city maintenance truck has broken down.

It was pointed out that Oviedo has progressed from a class 4 town to a class 9 city based on the degree of development of government services.

General Named In Inquiry

By LAWRENCE L. KNUTSON
Associated Press Writer
WASHINGTON (AP) — The Army's former top military police man was called before a Senate subcommittee today to answer allegations he whitewashed a criminal conspiracy and sold confiscated guns for private profit.

Major Gen. Carl C. Turner, 56, who retired in 1968 as Army promotion marshal general, was summoned by the Senate investigations subcommittee which heard accusations against him last week and again Monday.

Turner, who was appointed chief U.S. marshal after his 23-year military career, resigned abruptly early last month from a new Justice Department position.

A subcommittee investigator testified Monday that Turner persuaded police chiefs in Chicago and Kansas City to give him hundreds of confiscated rifles, shotguns and handguns.

The investigator said many of the guns—some of which turned up in an illegal five-ton cache of weapons being sent to Cuba in Haiti—were sold by Turner for private gain, even though the officer had signed receipts stating they were to be used for Army training.

Witnesses last week accused Turner of a cover-up and a "good damn fix" for allegedly blocking investigation into the affairs of Sergeant Major of the Army William O. Wooldridge.

People In The News

Johnny Rivers
LOS ANGELES (AP) — Ballad singer Johnny Rivers filed a \$500,000 suit Thursday against Vidmar of Hollywood, charging the firm turned out a poor quality film of his charity concert in Santa Monica last Dec. 27.

The singer's Superior Court complaint said he had hired a production crew and special technicians in anticipation of obtaining a film of acceptable quality for commercial use on television that would gross more than \$250,000.

Frula Sets Off Season

"Frula," a troupe of 45 dancers, drummers, acrobats, singers and instrumentalists, will bring color, pageantry and dancing when the company opens the season of the Seminole Mutual Concert Association Saturday evening at the Civic Center.

The award-winning folk-dance ensemble will be the first of six entertaining attractions. The MCA has booked Guy Lombardo, one of the great bands, and the Preservation Hall Jazz Band featuring Billie and Dele Pierce. It is the last original jazz band direct from New Orleans, and will play the music that gave birth to Dixieland and all later jazz forms. It is back by popular demand.

Joining the Seminole Junior College, the MCA will co-sponsor three bonus attractions: The 100-voice Rollins Choir, featuring the Rollins Singers, who have toured not only the States, but Europe as well; the University of North Carolina's Men Glee Club and Seminole's own Junior College Chorus.

If the MCA membership drive goes over, a seventh surprise concert that will be exciting fare for the entire family will be booked, an MCA official declared.

Memberships are still available by calling membership chairman, 322-4724 or 322-2388 or writing the Association, Box 491, Sanford.

Newsman Makes Mark In Profession

By KATHRYN JOHNSON
Associated Press Writer
ATLANTA, Ga. (AP) — Patricia Nook LaFatte, the second woman ever elected president of the International Newspaper Promotion Association, is a 36-year-old woman tired of being asked how E. E. Clegg is being asked in a man's world.

The trim, self-assured brunette, whose newspaper background sparkles with accomplishments, says she is reminded of the time in zoology class when it was her task to cut up a frog.

"That long face, once floating around in formaldehyde, now epitomizes to me the great American woman. I do not know of any one creature whose privacy has been so violated, more probed, more examined and held up to the light to view in pieces for all to see—particularly those still with a high school intellect and attitude toward life."

Mrs. LaFatte, who rose from editor to picture editor of the Atlanta Journal, is also the first woman in the nearly 100-year history of the Journal and Atlanta Constitution to be named promotion manager.

She has held that post 15 years. Among her many honors is being named Woman of the Year in Business in Atlanta.

"What is newspaper promotion?"

60 Area Leaders Members Of Rotary

By CHAIRMAN LEONE
Sixty representatives of the community's business and professional leaders make up the local branches of the International Rotary Club.

"There are over 650,000 Rotarians in 146 countries. They aim to encourage and foster the ideal of service as a basis of life."

With the response of the faculty and with the campaign of the Student Government Association, it is believed that a reserve account will be maintained over and above the needs of Mr. Kossifos.

The recent illness and surgery of A. Tom Kossifos, Instructor of Humanities at S. J. C., precipitated this action on the part of the college community. Mr. Kossifos is presently recuperating from a splenectomy in New York City, and has been in need of a large supply of blood.

With the response of the faculty and with the campaign of the Student Government Association, it is believed that a reserve account will be maintained over and above the needs of Mr. Kossifos.

MUSIC, COLOR AND PAGEANTRY will invade Sanford Civic Center Saturday when "Frula," a troupe of 45 in lavish costumes, will be the first of six attractions during the 1969-70 season.

The Movers, Shakers Of Community

A Winter Park high school student is spending a year in Sweden while his counter-part from Sweden takes up residence in Winter Park as a result of the International Youth Project. Again the emphasis of youth is seen. All of the clubs have united to provide this unforgettable service to many impressionable students throughout the world.

An internal project, the Club Service, provides the local club members with a weekly newsletter to keep them informed and coordinated with the entire Rotary foundation and to promote attendance and membership.

The Vocational Service, one of this club's less active branches, emphasizes the employer-employee relationships and provides occupational information to youth.

Robert Bessinger is president of the club.

County's Garbage Fees Set

The Board of County Commissioners has adopted a revised schedule of increased rates for commercial users and garbage collection firms in the county's four land fill areas.

Commercial users pay garbage fees as follows: pickup truck loads, \$1.50; pickup to 10 cubic yard load, \$2.50; 10 to 15 yards, \$3.50; 15 to 20 yards, \$4.50; 20 to 30 yards, \$5.50; and above 30 yards, 25 cents per cubic yard.

There is no charge for private individuals unless they have again constituted an agency for individuals; collectors for business and commercial firms must pay \$1.00 for pickup loads and \$5.00 for dump and flat bed trucks.

The landfills will now be open seven days a week, from 8 a.m. to 5:30 p.m. There will be no charge to private users of the dump on Sunday. It has been anticipated that there would be a 50 cent fee. The board will establish which dumps will be open on holidays.

CHRIS SYKES (lying nearest camera), Pledge President of Delta Beta Pi at Seminole Junior College, does his part for the blood drive at the Jr. College. Also shown donating is Lou Strassel, a student at SJC.

Blood Request Answered At SJC

The faculty and students of Seminole Junior College have responded with unparalleled enthusiasm to the call for blood donations to the college account with the Central Florida Blood Bank. A mobile unit from the bank came to the campus yesterday and there was such a heavy influx of donors into the student center, a request for help was issued early in the morning for more staff from the bank. A total of 62 pints of blood was collected.

The recent illness and surgery of A. Tom Kossifos, Instructor of Humanities at S. J. C., precipitated this action on the part of the college community. Mr. Kossifos is presently recuperating from a splenectomy in New York City, and has been in need of a large supply of blood.

N. Orlando 'Bombs'

(Continued From Page 1)
subdivision, Dan Cooper, project director for GAC, had also indicated that if North Orlando did not accept their requests they (GAC) would "pick up their marbles and go home."

This is exactly what the representatives of GAC, Cooper, Tom Eversly and Robert Tester, did last night.

Councilman Charles Howell moved to rescind the policy decision upon Ordinance 33, granting the drainage easement to GAC, commenting that "I've made a few mistakes in my time and advancing open ditches was one of them." He agreed.

Councilman Julian Keller said that he had surveyed the effects of open ditches during the recent rains, and was even more against them than when he voted last month.

Cooper, after a hurried conference with Charles Howell of Brevard Engineering, withdrew all petitions for zoning and all plans for filing with the comment that council had been indecisive for one month to the next in its decisions although GAC had tried to cooperate.

Mayor Clifford Jordan verbally chastised council that their decision was poor and untimely and that no developer would

Linkletter Tragedy Sounds A Grave Warning

Shock waves have shaken households all over the nation following the tragic death of 20-year-old Diane Linkletter, daughter of TV personality Art Linkletter.

For this sensational event, death following a plunge from the sixth floor of her Hollywood apartment, has been defined by her father as "not suicide" but "murder."

Yet there are still those who would not recognize this evil threat to our young people, indeed to the very existence of the social order which has been basic to our nation's achievements.

Police responsibility now is not the simple function of finding the murderer of Diane Linkletter, for there is no one person to bear the blame. Nor can existing police facilities be expected to handle the threat which has now been exposed in such dramatic fashion.

We Applaud 4-H

Investment is a term heard a lot these days. Also demonstration. Many of today's headlines involve youths who demonstrate.

Well, this week — Oct. 5-11, more headlines will be highlighting stories of youths who are involved and who do demonstrate for what they believe in: 4-H.

This is National 4-H Week. It is observed by more than 3 million boys and girls from 9 to 19 years of age, and some 26 million men and women who once were 4-H members.

These 5 million youth represent every state and county in the United States. They are red, yellow, black and white. They are from Indian Reservations, ghettos, big cities, sprawling ranches, suburbs, hills and valleys, farms and small towns. When they are "joined" 4-H they agree to learn-by-doing the 4-H way. And they have.

Backstopping these future citizens and leaders of our country are several million parents, aunts, uncles, grandparents, volunteer leaders and the thousands of men and women employed by the Cooperative Extension Service who supervise and guide 4-H youth work.

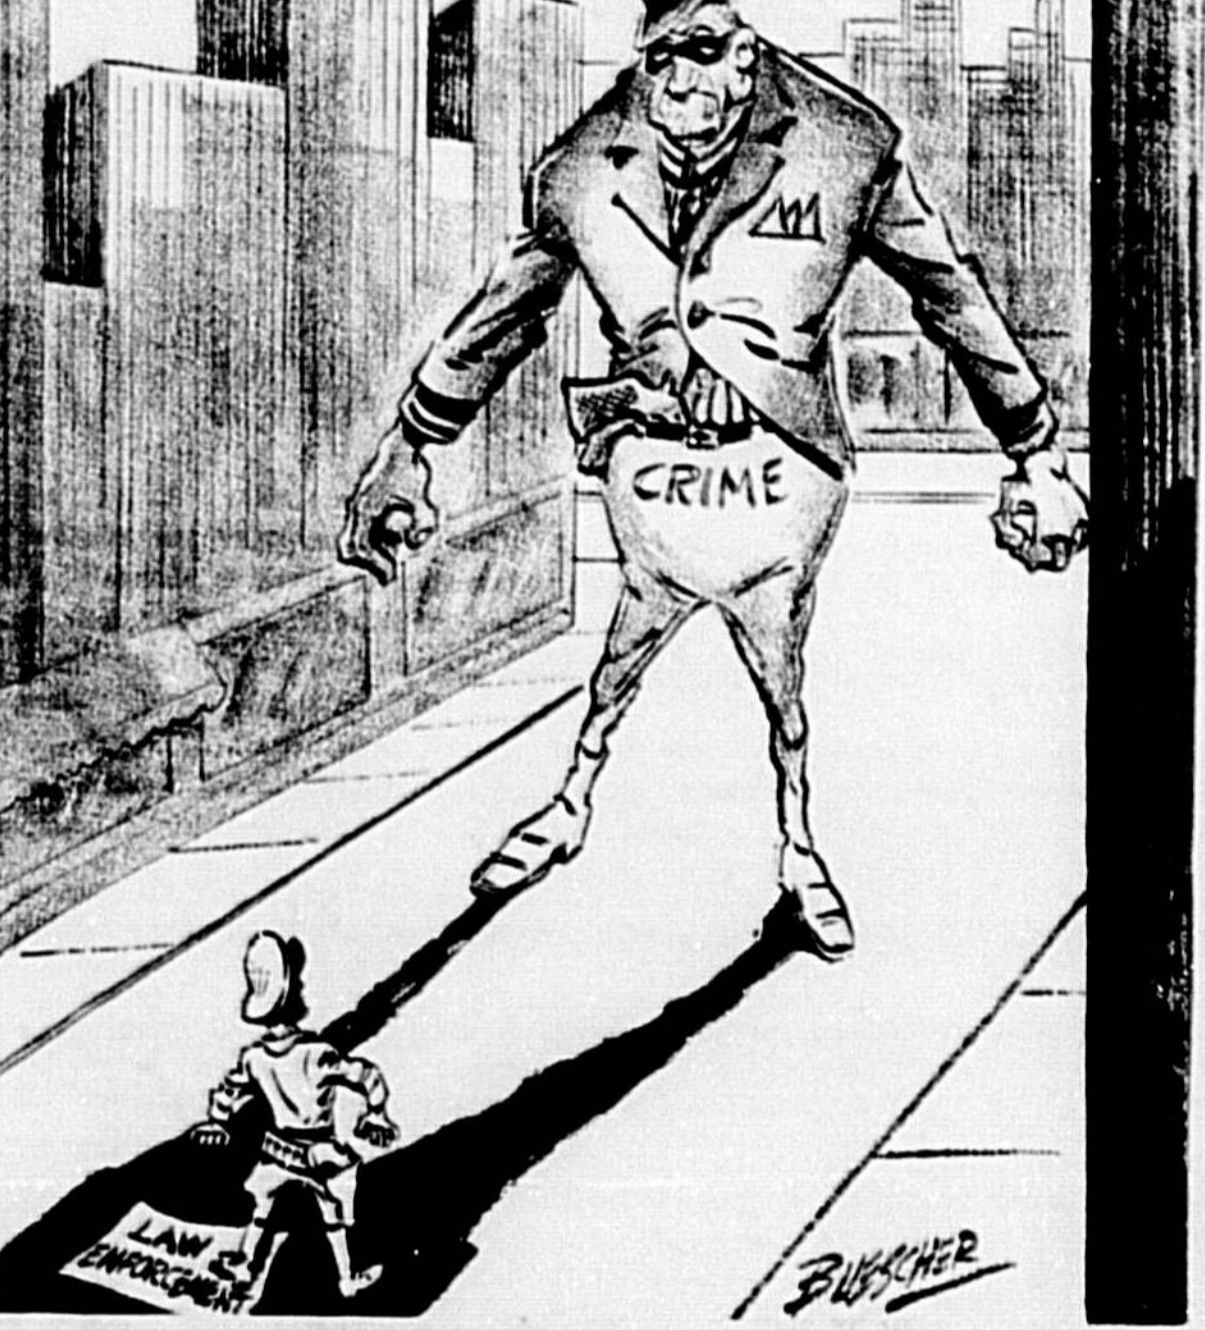

To them and to the boys and girls who have pledged:

"My Hand to clearer thinking, My Heart to greater loyalty, My Hands to larger service, and My Health to better living, for My club, my community, and my country," we extend our congratulations and sincere good wishes for their success in "learning by doing."

Mary Had An Ashtray

Mary had an ashtray Full of ashes white as snow And every time she drove her car The tray would overflow. She dumped it on the road one day Which was against the rule. The road is very ugly now 'Cause she was such a fool.

Private School Needs Cited Before Rotary

Dr. John Cummer, Orlando College president, told Sanford Rotarians meeting Monday the need for private educational institutions.

Citing the controls that come along with federal and state funds, Cummer stated there is more liberty of thought at a private school than those colleges where religious and secular views must be stifled in order for the schools to continue to receive tax money for operation.

WGA Classic Starts Here Friday; Top Pros On Hand

Final plans are being laid for the \$25,000 World Golfer's Association tournament scheduled for the Mayfair Country Club this weekend. A big Pro-Am tournament will get the action underway Friday as the amateurs vie for a berth in the big tournament. The top ten amateurs in Friday's competition will be invited to play in the tournament on Saturday and Sunday. Top players in the big tournament, the amateurs will receive prizes valued up to \$185.

Only the top ten amateurs will play in the big tournament, but the first 25 finishers will receive merchandise awards. The entry fee for amateurs is reasonable. Any amateur wishing information on entering the Pro-Am should contact Mike Whelchel at the Mayfair Country Club.

Prep Forecast

Hello there again my fine feathered football friends. It appears that my old crystal ball had some type of crack in it as I look at my predictions last week. I know what you are thinking, excuses, excuses. Well, you can't knock at a guy for trying, but I guarantee you, when I miss a prediction The Herald switch board is jammed with, "I told you so calls." If you only knew.

Well, after again missing on the Sanford Naval Academy, that's twice this year I've goofed on the Middles, my record for the season is now 8-2. Don't reverse those figures fans. This week fans will see a tough match between Crooms and Seminole at the Sanford Memorial Stadium Friday night. Crooms will be sky high for this match and should make a real run at the Seminoles, but the SNA aerial attack will be just too much for the Panthers to handle.

Powerful Lyman treks to Kissimmee Friday for another one of their home away from home games with the Ocoola Kowboys. Lyman is really starting to shape up and the Kowboys really would like to lasso the Greyhounds but they will probably have to wait until next year.

Look out fans, the Naval Academy will be back and I mean be back as they meet first year Trinity Prep Saturday. Bill Klem wasn't happy, was he? Well, I know what you are thinking, a perfect season for SNA has already skipped a beat. The Trinity Prep 11 will just have their hands full come Saturday and Randy Leader SNA's fine quarterback will keep his receivers busy.

SVANO appears to be recovering from their first game with Seminole High as they stopped a favored Naval Academy 11 last Friday night. The Lions are gaining experience and they will see plenty of experience when they go to Immokalee Friday. This game could go either way but the Lions want it their way. This is a toughie, but I see Immokalee.

Collier, whose share of the prize is \$1000, was accompanied on the trip by car-owner Harry Padgett. Collier, who has almost a detached driving style, is noted for his swift recoveries and lightning calculations at the intersection. He is 4th ranked "late model driver and sixth ranking figure 8 driver at the Pinellas County auto racing center. Collier's wife Camille and two children were jubilant about the victory.

WGA Action Set Here

World Golfer's Association \$25,000 tournament is scheduled for the Mayfair Country Club this weekend. Their initial tournament was held two weeks ago in Lakeland. In the right photo, Bob Barbarossa blasts his way out of a sand trap.

at the Lone Palm Country Club in Lakeland. In the right photo, Ken Doty prepares to sink a putt, while Joe Lopez, Sr. watches on. Lopez and Barbarossa will both play in the Sanford tournament. (WGA Photos)

Bill White president of the WGA had this to say about the Mayfair Country Club: "First of all Mayfair is not a typical flat Florida course. Situated in the rolling, hilly Central Florida area, you have blind shots in many instances, and here, tee and fairway placements become vital. Mayfair is a fair course, and a demanding one as well. A long drive will be rewarded, if you know where it will land. Just home one out, without direction, and you will be trapped or stymied, and most certainly frustrated. There are water holes which will yield birdies for the brave and able, and bogies or worse for the unfortunates who misjudge it otherwise go swimming. All in all, Mayfair will present an exciting and different course from Lone Palm. There are no Lakos, and isn't that what we want, after all!"

Tony Penn, Ivan Refram, Bob Barbarossa, Joe Lopez, Sr. and Skip Alexander have all signed up for the Sanford tournament. Bob Murphy, who competed in the Lakeland tournament but was unable to compete in Sanford.

Whelchel, local pro and owner of the Mayfair Country Club commented, "This is going to be a fantastic tournament. It will be one of the real great sports events that has ever happened to Sanford."

Hugh Whelchel Memorial Golf Tournney Set

Plans were announced yesterday for the second annual Hugh C. Whelchel Memorial Tournament to be held at the beautiful Mayfair Country Club November 1-2, preceded by a Pro-Am on Friday, October 31st.

Sponsored by the Sanford Men's Golf Association and the Mayfair Country Club, the tournament is an annual affair for all central Florida golfers. Consisting of 100 amateur players, it will be with full handicap, and having five flights of 20 players per flight. \$200.00 per flight will be awarded, with each flight divided into an A and B division after the first day play. There will be an entry fee which will include in addition to golf for the two days, a cocktail party and a barbecue on November 1st. There will also be a trophy for the low net as well as a permanent plaque for the clubhouse. The field will be limited, so those interested should get their entries in at an early date.

The tournament will be held in memory of Mr. Whelchel, who was an avid sports enthusiast and former owner of the Mayfair Country Club. Considered by many to be Sanford's greatest sportsman, he was an All American in football at the University of Georgia, played professional baseball, an avid hunter, and a golfer for over 30 years.

Mr. Whelchel moved to Sanford in 1925 and began farming. In 1926 and 27 he coached football for Seminole High and again in 1942. In those three years of coaching, without pay, he suffered only three defeats. His favorite saying was that when you play any game, including the game of life, you play to win. There was no such thing as second best.

The Men's Golf Association and the Mayfair Country Club, because of his love for golf and sports, feel it an honor to have this tournament in his memory.

Hall Of Fame ANN ARBOR, Mich. (AP)—The only two brothers in the National Football Foundation Hall of Fame played for Michigan. They are Francis (Whitey) Winters and Albert (Ox) Winters, both tackles. They played for the Wolverines in 1933 and 1942, respectively.

Tartan Turf CHICAGO (AP)—Michigan, Michigan State and Wisconsin have artificial turf in their football stadiums. It is called Tartan Turf.

Longest Run PASADENA, Calif. (AP)—The longest run from scrimmage in a Rose Bowl game was made in 1965 when Michigan fullback Mel Anthony went 81 yards against Oregon State.

Ohio State Leads COLUMBUS, Ohio (AP)—Ohio State has completed in the Rose Bowl game more times than any other Big Ten team. The Buckeyes visited Pasadena in 1921, 1929, 1935, 1938 and last January.

AMAZING METS MEET O'S

By THE ASSOCIATED PRESS
The Baltimore Orioles and the New York Mets met in a game that was as dramatic as any in the history of the sport. The Orioles, who had been leading the series 2-0, were down to their last game. The Mets, who had been trailing 0-2, were determined to win.

It will be the Mets and the Orioles Saturday when they walk to Orlando Cepeda that loaded the bases and preceded the game. The game was won by Ryan Cose in and stopped them without a run. Said Manager Gil Hodges, "I thought if it came down to hitting, we'd be the underdogs."

Hodges, however stressed that he got both the pitching he needed, from Ryan, and the hitting he needed, too.

United Daughters

The first meeting of the fall season for the Norman De Vere Howard Chapter of the United Daughters of the Confederacy was held at the home of Mrs.

New Members Invited To Join Deltona Gardeners

By MILDRED HANEY
Deltona Garden Club is initiating a special drive to gain new members, especially among the newcomers to the community who have come from other parts of the country and who are now establishing their homes and gardens in this area.

The membership of approximately 125 is divided into 11 circles with each circle endeavoring to restrict the size of the membership so that meetings may be held in individual homes without too much inconvenience.

House on Oak Avenue. Mrs. H. H. McCall presiding.

Approximately 100 members and guests attended the first luncheon and general business meeting of the Sanford Woman's Club, Wednesday at the Club House on Oak Avenue.

Members voted to pay the first year's rent on a building for the Mental Health Center.

During the business session, it was announced that the state convention would be held in Ft. Lauderdale, Oct. 14-16. Chapter members voted to send a generous gift of money to the state area of Harrisburg and Biloxi, Miss., where the Confederate Shrine and museum, "Hessauan" (last home of Jefferson Davis) was heavily damaged and Library Cottage was completely destroyed by Gamble Harrison.

Mrs. Rosamit announced that the date was Constitution Week and for all to be aware of the amendments it contained.

Mrs. M. H. Strickland reported that her daughter, Mrs. J. T. Bowden had become a new member of the Chapter.

Mrs. Green gave an interesting program by describing the General mansion of Elevation on the Manatee River which she visited recently. It is the only Confederate mansion in the state and was built between 1845 and 1850 by Major Robert Gambell. It is constructed of red brick and "Tudor" a combination of oyster shells, lime and sand. She stated that the Judith P. Benjamin DDC Chapter bought it in 1927 for \$22,000 and deeded it to the state.

Gambell mansion is an example of an ante-bellum plantation house and contains historic relics of that period. It is open to the public under the supervision of the Florida Park Service.

The hostess served delightful refreshments to two guests, Miss Margaret Roberts, a former member, and Mrs. Morris Spencer and the following members: Miss McCall, Green, Strickland, Taylor, Fred Harris, L. D. Hastings, W. B. Wallace, Alie Steenworth, C. E. McKee, David Campbell, W. H. Tyson, Martin Bran, Troy Ray, W. J. Kirby, Glen Wimsham and R. F. Roberson.

The average American couple now spends \$30 per day on travel, including motel, food, gasoline and entertainment.

Personals

Geneva
By LIZ MATHIEUX
A few members of the Thomas family gathered Sunday for a family reunion at the home of Mr. and Mrs. David Thomas on Buck Lake.

Other family members present were Mr. and Mrs. James L. Thomas, better and more affectionately known by their family as grandpa and granny Thomas and also Mr. and Mrs. Perry Thomas and their one year old little "dolly" Criss.

Also invited to attend were Mr. and Mrs. Paul Maxwell and Mrs. and Mrs. Jeffrey and Mrs. Jeffrey Jr. Bryan and sweet little Evelyn, 10 1/2, almost forgot, young master Billy Brent, Wendy and brand new baby sister were present, too.

Unless I miss my guess also present was much more delicious food than was really needed. But then all of these girls are grand cooks so why shouldn't it be true?

Altamonte
Mrs. Ann Sullivan and three children, Cathy (Cory) and Christopher, recently returned home after a three-week visit with her mother in Pennsylvania and friends in Rochester, N. Y.

"Grandmother Bliss" or to be more formal, Mrs. Phyllis Bliss revealed to me recently that daughter Jan (Mrs. James L. Alexander of Chulavita) will be a "mommy" real soon. This will make the first for the Alexanders and one would almost think the first for our Puyvis. She seems so excited. You know the feeling, only a grandchild can give you?

There are still a few vacancies in the choir for voices to help with our Christmas Cantata at First Baptist here about 11:30. We meet each Wednesday evening at 8:00 p. m. in the church sanctuary.

We are, here we go again! Last night the phone rang and a voice at the other end said:

We've got a Wild, Whimsical, Wonderful, Colorful, Capricious Collection of Outstanding Fashions.

Just Choose!

LoJoy

EASY WAY TO KILL ROACHES AND ANTS

Brush One—Lasts Months
Control roaches and ants the safe way—brush on Johnson's No-Roach. This colorless coating is effective for months, easy to use. Harmless to pets. No need to move dishes. Don't take chances...take No-Roach!

WINN-DIXIE

Teenagers
STUDENTS are enthusiastic fans and workers within the SMCA ranks. Gayle Sawyers, at left, reads a story about Fruita, the opening concert, in the Seminole High's newspaper, "The Seminole," which was written by its editor, Debbie Groce, right, who is helping Marvée White put up one of the SMCA's posters proclaiming the six concerts due in Sanford this year. Seminole students will usher at "Fruita" and interact members will work as stage hands prior to certain time at 8 p. m., Saturday.

Senior Citizens
FROM THE very young to the very young at heart actively support the Seminole Mutual Concert Association's activities and enjoy their attractions as well. Here know a leagable citizen, tells DeBary residents, Mr. and Mrs. Harry Shook, and Mrs. Derby, who is pictured at left, all about the six outstanding concerts scheduled for the 1969-70 season.

Garden Gate
By CAMELLIA CIRCLE
Annual flowering plants are the backbone of winter gardens in Florida. Properly selected, they can be had in bloom from January until spring. Seeds are sown from August to October.

The following, sown in August or in early September, flower in January: Sweet Peas, Sweet Alyssum, Baby's Breath, Browallia, Calceolaria, Conifer, Petunia, Lisianthus, Verbena and Snapdragon.

The following flower from February through March and April from seeds sown in September and October: California Poppy, Candytuft, Larkspur, Lupine, Portulaca, Phlox, Shirley Poppy, Menophila and Nasturtium.

Good vegetable combination: small green lima beans and cooked sliced or diced carrot.

Our Sincere Thanks to our many friends for their kindness, understanding, and helpfulness, after our recent tragedy.

Eleanor Holcomb and Family

Fashions Optional

A BASIC BLACK dress is all that Mrs. J. S. Cleveland needs to be set for the SMCA's concert this season, since she will change its styles with popular fashion scuffs and jewelry to meet the changing seasons.

Although the concert affords fashion-conscious members a chance to wear their lovely new frocks, the concert is for all music lovers.

Family Affair

MR. AND MRS. Robert McKee take time out with their children, Jeff, Lynne and Sandy, pictured left to right, to look up something about Yugoslavia since Fruita, a Yugoslavian folk-dance company of 45, will open the Seminole Mutual Concert Association's 1969-70 season this Saturday at the Civic Center. The entire McKee family has been concert-goers for many years.

The association's activities embrace all those who give of their time and talent. Many of the board of directors have worked for the continued growth of the association for 15 turbulent years. MCA has joined hands with Seminole Junior College to sponsor an expanded series that includes the student body.

An almost rebirth marked the MCA tenth anniversary when in 1964 many innovations were introduced. For the first time women's service groups were hostesses for receptions honoring the entire membership; art exhibits featuring local artists which include junior and high school students' work were

staged; interpretative flower shows by Isora Garden Club graced the Florida Symphony's appearance and young high school students worked backstage, served as trumpeters and as ushers. Thus participation was expanded.

Five years ago, the MCA presented the first annual Chamber Hall in a star-studded tent at Mayfair Country Club. The ball is now a tradition. Last spring, another dance was staged for the first time. Many hours of imaginative talent is given by citizens for these two social events. Proceeds for these benefits go for the betterment and enrichment of the concert series.

The MCA is supported by the community and exists for the community. It exists to present cultural opportunities for the enjoyment and benefit of everyone.

High Prices Are 'Out' At Nolls . . .

Are you tired of paying high prices for furniture? Well, why not go out to Noll's Furniture on Highway 17-92 and take a look at their large stock of freight damaged furniture, factory seconds, and close-outs. Noll's carries most name brands, and all at discount prices. In order to restore freight damaged pieces to their original condition, Noll's maintains its own repair and refinishing shop on the premises.

A discount is also given on special orders for custom furniture in your choice of colors, patterns and fabrics. In addition to the bargain furniture, a variety of new furniture in top condition is available.

The Casselberry outlet opened in March of 1969 and now has a staff of 14 to serve you. Robert Walker is the manager of the Casselberry store. Other stores in the chain are located in Orlando at 4021 E. Colonial and 541 N. Orange Avenue, and S. Highway 441 in Leesburg.

Open Monday through Friday, 8 a.m. till 8 p.m., Saturday, 8 a.m. till 6 p.m. and on Sundays from 12:00 p.m. Noll's has a staff of 14 employees to serve you.

Noll's also offers free delivery. A large parking lot is provided inside the store for the customer's convenience. Whether you are completely furnishing your home and need

bedroom, living room or dining room suite, or are just interested in occasional chairs, tables, or lamps to accent your present decor, you owe it to yourself to try Noll's first.

For budget minded people, Master Charge is available, as well as a payment plan.

NOLL'S FURNITURE has all types of furniture at discount prices for your home. Here, William Marshall readies a piece of furniture to be delivered for another happy customer.

DeLand City Officials Face 'Sunshine' Bill

DELAND (AP) — The entire city commission and the city manager of DeLand have been indicted by a Volusia County grand jury for alleged violation of Florida's Government-in-the-Sunshine Law.

Indicted were Mayor Sidney Smith, commissioners Walter Glatzau, Harry Appax, Hayward Eitson and Neil Daugherty, and City Manager Wayne Sanborn.

They are free on recognizance bonds pending a hearing Nov. 3 before County Judge Robert Durden. Warrants were served on the officials Tuesday.

The grand jury handed down sealed presentments Monday after hearing testimony from an Orlando reporter, Bernie Bishop.

He said he had been barred from a Sept. 12 commission meeting after he refused to agree not to publicize what transpired until given approval by city officials.

Bishop testified that the Sept. 12 meeting dealt with discovery of a shortage in general municipal funds.

Jurist Denies Defense Motion Fireman's Widow Faces Trial

Mabel Frances Thompson, widow of slain Sanford fireman Bobby W. Thompson, must stand trial for his death as a result of a judge's decision last night.

The defense maintained the house was occupied by the woman even though State Attorney Abbott M. Herring produced 19 witnesses whose testimony tended to show that all utilities, telephone service and other facilities had been cut off shortly after the fire.

TRAFFIC HAZARD ON 27th STREET

FORMAL PETITION bearing 4,000 signatures will be presented by the Pine Crest PTA to the Sanford City Commission requesting a sidewalk

be constructed on 27th Street for Pine Crest School pupils. Parents have been seeking the sidewalk for five years.

Judge Silences Court Aides

Efforts by a Sanford attorney to control news coverage coming from a scheduled Oct. 20 trial of a woman accused of killing her husband in a hall closet were only partly successful as a result of a decision by Circuit Judge E. Thom Rumberger.

Patrons for the county law collector's office benefitted while doing business in the second floor of the building.

County Commission approved a plan to install business windows in the wall between the lobby and the tax collector's office.

The jurist forbade taking photographs on court house property or adjacent to the courthouse during the trial.

The judge did not restrict all news coverage to only court testimony as sought by Cleveland but did say he hoped that the news media would handle the case in a responsible manner.

Someone to prevent the case from ever coming to trial and showed Rumberger several clippings from papers which kept his client from receiving a fair trial.

Someone to prevent the case from ever coming to trial and showed Rumberger several clippings from papers which kept his client from receiving a fair trial.

Hunt In 5th Day

CIVIL AIR PATROL, military and other private aircraft were continuing the search today for a downed Beechcraft with three passengers, missing since last Friday.
